

### THREAT BY NORRIS CAUSES A STORM

#### Manitoba Premier Declares He Was Misunderstood—Opponents Undaunted.

Winnipeg, Feb. 23.—Premier T. C. Norris told the legislature this afternoon that he had not the authority of the lieutenant-governor to precipitate a general election, and declared that on Tuesday he did not intend any such thing.

"I laid a clear statement of existing conditions before the house," the premier said, "and if a deadlock occurs there is no other course than an appeal to the people. It may not be this government which would make the appeal, but, if not, it would be some other administration."

Are Taking Up Glove.

Hon. Joseph Bernier, at Boniface, Independent, asserted that the Norris government had tried to frighten the members with threats of an election, and that the members of the opposition had no intention of doing so. The premier had thrown down the glove, Mr. Bernier stated, and it should be taken up, if not today, then during the session some time.

Mr. Bernier devoted most of his speech to advocating the teaching of religion and French in the public schools, and charged Premier Norris with having failed to live up to promises made in a letter written before he became first minister that he would adhere to the school legislation established in 1917.

### SCENE DRAMATIC IN COURT ROOM

be tolerated and that spectators guilty of such conduct were ejected.

Mr. Spracklin in the Stand.

When court was resumed, Mr. Spracklin was called to the stand. His appearance in the box excited the audience, murmurs and hums of the court room, and during the two hours, speeches were made in answer to Mr. Spracklin's original charges. The pastor-in-charge of the town of Sandwich, the pastor-in-charge of the town of Windsor, and the pastor-in-charge of the town of Sandwich, were called to the stand.

Mr. Spracklin related the incident at the Dominion House in the third week of September, his recollection being that he had been in the house at the time that given by Mr. Ballantyne at the hearing.

Continuing, he stated that the time he was in the car at the Chappell House, after seeing a truck load of beer delivered to the house, he saw Mr. Trumble's car, accompanied by Mrs. Trumble, drive into the backyard.

Refused to Give Car.

"I went over to Mr. Trumble," said the witness, "to search his car."

"I told him I did not need a warrant to search his car, which he refused to give me. He said he would not let me search his car, and I left the house."

Mr. Spracklin stated that he had driven past the Chappell House four times on the night of November 6, and on the last occasion he had seen his situation directed by Heaton to a man lying on the lawn. The man was wearing a white coat and a hat, and followed by two men. They were talking to each other.

Entered Chappell House.

Witness, continuing with his testimony, stated that, with his men, he had gone to the front door of the Chappell House, and, after explaining that they were officers, asked admission. Men inside the house, one of whom, he said, was Heaton, one of whom, he said, was Heaton, one of whom, he said, was Heaton.

Mr. Spracklin, I'll get you yet."

AURA LEE DEFEAT BOSTON ATHLETICS

Boston, Feb. 23.—The Aura, Lee hockey team of Toronto defeated the Boston Athletic Association sextet at the new Boston arena again last night, winning 4 to 1. The Canadians outlasted the local team, which evidently found it hard to recover from the visitors' 2 to 1 victory of last night.

DEB'S IS DISCIPLINED FOR ATTACK ON WILSON

Washington, Feb. 23.—Visiting and member of the federal senate at Atlanta, Ga., have been temporarily suspended as a disciplinary measure because of an interview he gave to the press, in which the president of the United States was attacked. It probably will be lifted within a week, unless a ten years' sentence for violation of the espionage laws, and President Wilson has twice refused to commute his sentence or grant a pardon.

### NEW ATTRACTIONS AT LOCAL THEATRES

#### 'Way Down East' at the Royal—'The Storm' for Princesses.

Announced as the most remarkable production with which the name of David W. Griffith has yet been associated, his "Way Down East," made from the famous stage play of the same name, will be shown in this city for the first time at the Royal Alexandra Theatre, beginning Monday evening, with matinee daily thereafter.

As is expected, the usual Griffith effects and embellishments are said to be found in this latest work in abundance. He has introduced into his "Way Down East," a new series of color schemes an array of elaborate gowns and accessories of the most fashionable of the day.

At the end will come the famous "The Frontiers of the Stars," to be shown at the Royal Alexandra Theatre next week. It is a charming story from the pen of Albert Payson Terhune and tells of a little crippled girl who lay upon her back on the roof of a house in a hotel room.

Mr. Griffith has set for himself such a pace and a standard that he must needs supply the most wonderful in spectacle and the most finished in production. However, there are those who in anticipation of such things, overlook the greatest achievements of this master artist in his "Way Down East."

"The Storm" for Princesses.

The sale of seats opens today for "The Storm," the attraction at the Princess Theatre next week. This is a George Broadhurst production and has been written by Langford McCormick with the thrilling forest fire which is said to be the most dramatic yet there are more than the usual share of delightful humorous situations throughout the play.

"The Maple Leafs" Continue.

There are several wonderful "series" among the latest attractions of the theatre, and the "Maple Leafs" are no exception. The series is a collection of short stories, each of which is a masterpiece of the old-time professionals, as proved by the fact that the members of the "Maple Leafs" have been so popular in London musical show circuits, that they have been brought to this city.

Wedding Bells at Shea's.

Ernest Evans, a merry, unselfish actor, is going to be present at "Wedding Bells," as joyous a bit of comedy as his name at Shea's Theatre, the next week. He is what Mr. Klee calls his act, but it is a great deal more than that, and it is a great deal more than that, and it is a great deal more than that.

Step Lively Girls at Gayety.

To equal the latest developing girl show of the Broadway managers, and to give the audience a new opportunity to see the attraction at the Gayety Theatre, the "Step Lively Girls" will be presented at the Gayety Theatre, the next week.

The Hippodrome at the Hippodrome.

The Hippodrome next week is presenting Mr. George Arliss in "The Devil." In the fullest sense of the word, "The Devil" is a photographic triumph—an inspired screen masterpiece, it marks the photoplay of Mr. George Arliss who has hitherto steadfastly refused to appear before the camera. It presents him in his greatest role and one that is the sensation of two continents. Grippe, tense and dynamic is the story, vivid colorful and highly visionary is the production. Sensational and bizarre is the Devil's ball masque at which one of his little diversions is a dance of the "Hippodrome" and beautiful lithe and graceful dancers. In addition, there is the excellent Fonda Trio, the Brighton Two, Rossias and Clarke and Verdi.

New Pipe Organ at Pantages.

Next week's program at Pantages Theatre will be marked by a number of specialties, chief of which is the opening of the magnificent new \$40,000 pipe organ. This beautiful instrument has required months to install and is considered one of the finest theatre organs on the continent. It embraces every feature of the instrument, and the organist has been enabled to bring into play many unusual effects. There will be six splendid vaudeville acts headlined by three of the greatest vaudeville acts of our day. "Little Cinderella" presented by William Brandeis will be a reminiscent

### B.C. LIQUOR BILL IS BROUGHT DOWN

#### Jail for Those Who Sell Illegally—No Drinking in Public Places.

Government Stores Open for Eight Hours Daily—Tax on Private Sales.

Victoria, B.C., Feb. 23.—(By Canadian Press)—Attorney-General J. W. B. Farris introduced the Government liquor control bill in the legislature this afternoon. The new act is fairly "liberal," but the promised rigid enforcement of the law, its supporters expect, will promote a higher degree of temperance under government control than has existed under the prohibition act.

All spirituous and malt liquors will be sold by the government. There is no provision made for the licensed sale of any intoxicating beverage by private parties.

However, it is understood that the act is subject to the most revolutionary fiscal policy, which provides the probability of the addition of sections to the act allowing the sale of beer and light wines by agencies other than the government liquor stores.

No Drinking in Public.

There will be no drinking in any public place and drunkenness in any place will constitute a punishable offence.

Two quarts is the probable limit of any single purchase, and uniform prices will prevail thru British Columbia. Consumption of intoxicants will be allowed in hotel rooms. Permanent residence permits may be obtained for a fee of \$5, and non-residents will be required to pay \$5 for a thirty-day permit.

Government stores will be open eight hours daily and will be closed on Sundays and election days. There will be no display of signs bearing the words "bar," "beer room," "beer parlor," etc. A tax of \$2.50 per quart on all liquor to be imposed on all liquor not purchased from the government. All existing private stocks are to be marked by a government seal, and sealed packages may mean anything from a bottle to a barrel.

All warehouses are required to pay a license fee of \$500 annually.

Must Sign All Orders.

In buying, the purchaser must write out his order and sign it, stating on the order the serial number of his license, the nature and quantity of the liquor purchased.

Limited sale of liquor by druggists is permitted, but only in cases where liquor is prescribed by a physician for medical purposes. Even then, the druggist must sell the liquor in the original sealed packages as obtained from the government.

Severe penalties are provided for infringement of the act. A first offence may mean a fine of not less than \$1,000 and not more than \$2,000, and a second offence may mean a term of imprisonment with hard labor. A second offence may mean a term of imprisonment with hard labor. If the offender is a corporation, a fine of \$1,000 shall be levied for a first offence, with a second offence leaving the offender in the hands of the law for not less than \$2,000 and not more than \$3,000.

Charge Two with Whitworth Crime.

Hamilton, Feb. 23.—Wilfred Meharg and E. Dickenson, charged with the murder of Dr. E. J. Whitworth of Binbrook on the night of Dec. 23, were committed for trial this afternoon, when the preliminary hearing was concluded before Magistrate J. F. Vaneck. The case was started this morning. This afternoon the evidence of the police was given, but the prisoners were not heard.

Signed Statement.

What is considered the most important bit of evidence for the crown is a signed statement handed John Miller, provincial detective, by Dickenson and Dickenson, which was read in court, is to the effect that Meharg had an appointment to meet him at the top of the John street road, and he was to be there in an automobile.

Gasoline was needed, so the men stopped at the store of the late Dr. Whitworth, and Dickenson asked for some gasoline. When the murdered man refused to make change, Meharg came rushing in with a revolver and ordered Dickenson to get the money.

Says Meharg Shot Doctor.

He said and when he grabbed the bills, Dickenson took hold of him, Meharg shot the doctor and he let go of Dickenson, and the men returned to the automobile. Dickenson said that a man, they called over the road to Brantford, and Meharg kept his revolver in his hand during the drive. The document filed with the statement, that Meharg told the five men there that if any of them said anything he would "get" them. The money received was divided and the men got \$2 each, it was stated in the letter signed by Dickenson.

POLISH MINISTER TO RESIGN PORTFOLIO

Paris, Feb. 23.—Prince Sapieha, the Polish foreign minister, who now is in Paris, has decided to tender his resignation to President Pilsudski of Poland immediately upon his return to Warsaw, says The Temps today.

Resignation is a result of the decision taken by the allied conference in London recently that all the votes in the plebiscite in Upper Silesia, to determine whether the district taken by the allied conference should be held on one day, the newspaper says. The Poles hold that the decision favors the Germans.

CHARGE VAGRANCY.

Hamilton, Feb. 23.—Jack May, 43 Central avenue, was held by the police on a charge of vagrancy.

### STARTS A FARMERS' PARTY IN SENATE

#### Cross-Benches for J. G. Turritt—Rufus Pope Has Hot-Shot for Cramer.

Ottawa, Feb. 23.—(Can. Press)—Senator Turritt, Assiniboia, and Senator Rufus Pope continued the debate in reply to the speech from the throne in the senate this afternoon.

Senator J. C. Turritt, Liberal senator from Assiniboia, Sask., continuing, announced himself as a supporter of the National Progressive party and left the government side of the house for the cross benches. He took this course because he did not agree with the government's tariff that is fiscal policy, which provides the probability of the addition of sections to the act allowing the sale of beer and light wines by agencies other than the government liquor stores.

Coming to the Fordney Bill Senator Turritt believed it would be vetoed by President Wilson. If it did not come into effect it would be the fault of those, who in 1911, talked about the diabolical of trading with the Yankees.

Says Cramer "Hired Man."

Senator Rufus Pope criticized Senator Turritt for his inauguration of the Farmers' party in the senate, and said that if the manufacturers were permitted to make profits of the co-operative grain associations of the west they would be worth many more millions. These organizations robbed the farmers, Hon. T. A. Cramer was the hired man to purchase from the grain associations at \$15,000 per annum and of the people of Canada at \$4,000 per annum. If he wished to represent Canada, he should cancel his \$15,000 cheque. An investigation, commission should be appointed. If it did not show the grossest wrong to farmers, he would leave the senate.

Claims Grainers' Role.

The grain organizations of the west have stolen millions of bushels of wheat from the farmers. The wheat for a sample market was held up by the grain organizations. At that time the Farmers' Guide was made a deal that they would finance the market. A sample market would have given the farmers four value for their wheat. Nobody spoke of the farmers as a menace, nor would they unless they permitted class selfishness to isolate them from the rest of the people.

The present leader of the Liberal party in the house of commons was Rockefeller's man, while his associate, Hon. T. A. Cramer, was the hired man of American western associations.

When the senate in 1911, the Senate took the oath of office and his seat.

**SINN FEIN WARNS DUBLIN EDITORS**

Death to Follow Publication of Certain Details of Rebel Executions.

Dublin, Feb. 23.—The newspaper editors of Dublin today were notified by the "Irish republican army" that publication of certain prohibited details of the executions of Sinn Fein leaders by the crown forces will be punished with death. The notice reads: "The editor is hereby warned that any exploiting for vulgar pandering to sensation, or mongering, in reports of executions of the above will be punished with death within 24 hours of publication. Particular reference is directed to the following: "Firstly: No descriptive details of the arrival of hangers-on, their assistants or the mode of procedure, or any gruesome details are to be published. "Secondly: No descriptions of weeping clergymen leaving the precincts of a prison are to appear. "Thirdly: The name of any statement that these men died for Ireland will convey to the Irish republic all they wish to know of those incidents. "Fourthly: In the case of Kevin Barry, (a medical student executed Nov. 1 last for taking part in an attack on a military escort in Dublin last summer, in which two British soldiers were killed), the details were thrashed out to the most extreme annoyance and bitter resentment of his friends and relatives. "The above warning is given in due time and its strict observance is recommended. (Signed: Grand Headquarters "Irish Republican Army.")

(Continued From Page 1.) clude industrial workers. The Socialist deal, Mr. Macbride thought, was a great mistake, as was also the government's failure to introduce an eight-hour day bill.

There were signs that the revenue from the O.T.A. would greatly decrease this year. If that were the case the minister of education should be instructed to use his blackboard on the heads of the bond brokers and secure a goldsmith for treasurer of the province, because gold and lots of it was needed by the present administration.

Dr. Forbes Godfrey (Conservative, West York), who followed, made a vigorous defence on behalf of Conservative Leader Ferguson. That gentleman had had his conduct as a former minister of the crown under investigation by a commission of judges. Nothing could be found against him. With all respect to the members of the judiciary, the moment they accepted money for acting as commissioners they were liable to criticism.

Called to Order. Attorney-General Haney objected as the timber inquiry was proceeding matters which had not yet been determined. Godfrey was accusing the commission of partisanship.

The speaker warned Dr. Godfrey that he was on thin ice and must not transgress the rules of the house. Proceeding, Dr. Godfrey told how when Mr. Ferguson had left town prior to the opening of the timber probe he had called Judge Riddell expressing his anxiety to be heard, and when Judge Riddell did not make that public he had not done the decent thing.

The Attorney-General: When Dr. Godfrey says that he can say no greater disrespect to the judge, The speaker called Dr. Godfrey to order. The words were offensive.

Revelation. Dr. Godfrey grew mysterious at this point and, directing his remarks directly to the attorney-general, told that gentleman that in modern production a startling nature would soon be made that would make him set up and pay attention. Just what these revelations would be, Dr. Godfrey did not say.

The Attorney-General: I have been wondering all along when these revelations would be made. Why all the delay? Dr. Godfrey: They will be made in good time.

New York Expert on Business Training Methods Is Chief Speaker.

Hamilton, Feb. 23.—There was a large attendance at the banquet in the Y. M. C. A. tonight arranged in connection with the first course in modern production methods. C. F. Taylor of New York was the speaker. He is head of the Business Training Corporation here. During the evening diplomas were presented to 27 men, who are engaged at eight local industries, and who have passed recent examinations. Rankin's orchestra was in attendance and gave several numbers. Vernon Carey was in charge of community singing, which added greatly to the interest of the evening. George Allen and Ernest Barrett contributed enjoyable musical numbers to the program.

This view was expressed by Secretary of State Coby.

**MADE ALTIMERE RECORD FOR PARACHUTE JUMP**

Fort Sill, Ark., Feb. 23.—What is believed by aerial officers here to be a world's altitude record for a parachute jump was established yesterday when Sergeant Edward C. Chambers landed six miles from his take-off.

**FRUIT RING HURTS ONTARIO GROWERS**

(Continued From Page 1.) arrangements for transportation. As for the high price charged in Britain for had the effect of restricting the sale. The fruit trade in Britain was controlled by a powerful ring, which only thing for Canadian growers to do was to organize along co-operative lines and fight the ring. British growers had already done this. Liberal Leader Dewar suggested that a committee to consider the whole question should sit during the recess, and this was embodied in Mr. Bragg's motion, which was carried.

The provincial secretary, Hon. H. C. Nixon, told the house the accounts of the fire at the Hamilton Asylum were exaggerated. The top storey of the part of the institution had been destroyed by water. There were no casualties.

Conservative Leader Ferguson thought there was something wrong with marketing conditions when United Fruit (Paradise) groves, perhaps three thousand miles away, were sold on the Toronto market in competition with home-grown fruit. "Strong co-operative organization would probably remedy this state of affairs. As for the British market, Mr. Ferguson thought Ontario growers would be better off by devoting their efforts to marketing their apples locally instead of shipping overseas.

Col. Price (Paradise) urged stricter supervision in picking and packing apples. He believed Ontario had an apple ring which should be broken if Ontario growers were to get their fruit on the market.

Facilitate Street Widening. In deference to the attorney-general Col. Price (Paradise) withdrew for the time being his bill placing trustees of property in the same position as individuals. The measure is designed to facilitate the widening of streets and is as follows:

- 1. A person who holds land or a charge or claim against it or has control of the legal title, upon any trust or for a specified or particular purpose, may dedicate or sell, or join in dedicating or selling, to the corporation of the municipality within which it is situated, any portion of the land required by the corporation for the work of establishing, extending, widening or diverting a street, and he shall not be personally liable for damages by reason thereof if it appears that he acted on the honest and reasonable belief that it would not have the effect of defeating or seriously affecting the substantial objects or intent of the trust or purpose.
- 2. Double Platoon System. W. A. Crockett's bill to provide for the adoption of the double platoon system in all permanent fire brigades was referred to the municipal committee, but the premier made it clear that the measure did not have the government's blessing.

Hon. Walter Rollo wanted it to go to the labor committee. "What is the use of having a labor committee if you don't refer bills of this kind to it?" he complained. The bill of H. H. Hill (West-ottawa), prohibiting the sale of beef slaughtered elsewhere than in an abattoir, was not given a second reading. For the last three or four sessions of the house efforts have been made to secure its passage, but it has always been rejected.

**REFUSE MEETING FOR MASSEY HALL**

Board of Control Recall Unpleasant Experience Over Recent Gathering.

**REQUEST OF LABOR**

Deputation Desired Pressure on Proposal to Build Cars in Toronto.

The board of control yesterday refused the request of the unemployed committees of the trades and labor council to call a public meeting in Massey Hall to discuss labor problems. The recent fiasco in Massey Hall made the controllers wary. John Doggett of the building trades council said that the two governments had not undertaken any work to relieve the unemployment situation, and it was desired to bring pressure to bear on them to do so. "Our experience in calling meetings," said Acting Mayor Maguire, "is anything but pleasant." Members of the deputation thought it was unfair to them for the board to be influenced by its decision by the recent Massey Hall meeting. Members of the board replied that it might be difficult to control the proposed meeting, so they turned down the request.

A member of the deputation, Mr. Worthington, wanted the board of control to bring pressure to bear on the transportation commission to build steel cars in Toronto. "While sympathetic towards this appeal, Con. Hiltz pointed out that the commission was in charge of transportation and the board could not dictate to them. The deputation was assured, however, that a conference would be held between the controllers, the commission and members of the district labor council in the near future on the question.

Early Closing Request. The Retail Merchants' Association asked that an amendment to the Curfew bill be drafted by the city solicitor, providing that only stores and shops selling fresh fruits and vegetables should be permitted to remain open under the early closing law. As it stands, shops where the chief business is fruits and vegetables remain open.

An application for a grant of \$5,000 was received from Secretary Lewis of the Canadian Deep Waterways Association, and consideration was deferred. The board rejected the application for a grant of \$5,000 to be expended as unemployment relief. This way they had hoped to get a lot of painting and repair work done. "Let them put in their request for a regular way," said Controller Hiltz. A grant of \$400 was made to the entertainment fund of the Ontario Good Roads Association, which will hold a convention here shortly.

Dr. Andrew G. Grant, secretary of the Ontario Referendum Committee, urged all workers for the cause of temperance to forget any difference between the two parties. "We every individual may not see eye to eye, there is absolutely no hostility," he said. Rev. W. D. Magee of Essex County, O.T.A. in Essex County and the Detroit run-running against the Detroit license department and the attorney-general. **SEPARATE SCHOOLS REQUEST MORE MONEY**

Minister of Education Promises Deputation All Possible Assistance.

"Anything that we can do we will do," Hon. R. H. Grant, minister of education, yesterday told a deputation from the separate school board, who asked that something be done to help them get more revenue to carry on their educational work. Their deficit of \$10,000 in 1917 had grown to \$112,000 this year.

Mr. Ferguson, one of the deputation, declared they had reached the end of their tether and added, "We cannot issue debentures or borrow money." He suggested something might be done towards taxing corporation and public utilities as is done in Quebec. He pointed out that twenty per cent. of those attending the separate schools were foreign children of poor parents from whom little money was obtained. After hearing other members of the deputation Hon. Mr. Grant pointed out that 20,000 Roman Catholic children were attending the public schools. He realized the situation as well as the justice of the claims put forward, and promised that anything that could be done they would do.

**LONELY AGED MAN FOUND DEAD IN BED**

William Crawford, aged 77, 17 Soho street, was found dead in bed in his room at 11.10 a.m. yesterday morning by P.C. Crowley, who had to break down the door to gain admittance. Gas escaping from a two-burner gas stove filled the room. The police have been unable to locate any relatives of the dead man. His wife and two daughters had predeceased him, it was learned. Crawford leaves an estate of over \$5,000 in cash in three different banks. The body was removed to the morgue in the police ambulance. An inquest will be held.

SCORES MECHANISM IN JUVENILE COURT

Speaker Thinks Too Much is Now Left to Judge and Probation.

Federation for Community Service as represented by day nurseries and boards of settlement workers

in children, listened to a very helpful address by C. C. Carstens, director of the Child Welfare League

of America, at federation headquarters yesterday afternoon. After fourteen years' experience as secretary in child welfare movements, the speaker

classified them as being divided into four groups.

First, that which was started in the fitting and which might be described as being a childless home for every

homeless child. The leader of this, Chas. Lorenz-Brace, thought of all children as normal and most homes as

of the same type. This, however, did not cover the whole situation. Then

came the second activity, which recognized the needs of the distinctive

largest of the juvenile court. The first movement is that which worked for child

protection as does the Children's Aid. This and last movement men-

tioned was the juvenile court, which started about 20 years ago and was

really a movement to humanize the child. With all of these the speaker

expressed a good deal of sympathy, but pointed out that the protective

movement should be in co-operation with the things of the juvenile court.

With reference to the juvenile court, Mr. Carstens stated what may come

as a surprise to many. "Disillusionment has come over the juvenile court,"

was his description of results. "I am not against the court," he said,

"but ten years ago we thought if we had a juvenile court delinquents would

almost disappear, but today the work-ers feel that the court is not filling

its responsibilities. There is too much of a juvenile court delinquency would

almost disappear, but today the work-ers feel that the court is not filling

its responsibilities. There is too much of a juvenile court delinquency would

MRS. W. F. BAKER, of Milwaukee, Oregon, who says she has been restored to perfect health by Tanlac after having suffered for twenty years. Her statement is remarkable.

For the last twenty years I have suffered from stomach trouble in its worst form. I took a drink of coffee or milk or even water, it would cause me to belch and gas. In fact, absolutely nothing would digest in my stomach. I always had an awful burning sensation in the pit of my stomach. I believe I have taken almost a wagon load of soda for stomach trouble. I would have to take it night and day. Gas would build me up so badly I couldn't fasten my clothes. At times my heart would palpitate and flutter so badly I would nearly smother and I would have to raise it up to my head. I thought I had heart trouble. "I was very fond of cheese and the least bite would throw me right into spasms. It was also very fond of onions, but they would upset me terribly.

"My whole system was out of shape and I was also bothered with rheumatism and neuritis. Pains in my arms and other joints were almost unbearable. I had to carry one of my arms in a sling and my right hand was in a sling and for a long time I was in just an awful condition.

I told my husband I guessed I would have to give up and die, as the doctors' medicines and other things I had taken had done me no good. Then he got me some Tanlac and said I had to take it. Well, before I finished one bottle I found the things I would eat did not bother me so much. I was gradually getting better and finally after taking five bottles, my trouble was entirely relieved. I can now eat, drink, and sleep as well as I ever did. In fact, I am in perfect health in every way. My neuritis and rheumatism have also been cured. My weight is a long way from what it was. I am now a hundred pounds more than I was when I started. The above remarkable statement was made by Mrs. W. F. Baker, whose address is Milwaukee, Oregon, R. F. D. No. 2.

Tanlac is sold in Toronto by Tamplin Drug Stores and by an established agency in every town.

DEMAND FOR NEW DICTIONARY GREAT

Distribution Uniformly Heavy in All Parts of City.

"From the way the people are crowding in here to get these dictionaries, I venture to predict this town is destined before long to become the intellectual centre of the province." The speaker was a woman employed at one of the counters from which The New Universities Dictionary, being offered by Tanlac to its readers, is being distributed.

She had no time for further comment, as a number of persons were waiting to purchase the dictionary. The demand for the book has been phenomenal, large numbers having been distributed within the past week, and the publisher has been called upon repeatedly to replenish the fast vanishing supply. The dictionary has been heavily advertised in the World, giving its readers, at a nominal cost, an opportunity to satisfy a long-felt want.

KEATS' CENTENARY HONORED IN TORONTO

John Keats, the centenary of whose death occurred yesterday, was remembered by literary Toronto in a gathering in Hart House Theatre at which Sir Robert Falconer presided and a program commemorating the poet was presented.

Duncan Campbell Scott came from Ottawa to present the coupons and ode in honor of Keats. Poems were read by Prof. W. J. Alexander and two songs by Keats, "To Sleep," to which music had been set by Healey William, and "La Belle Dame," music by Stanford, were sung by Campbell McInnis.

Prof. Pelham Edgar contributed to the program by reading Keats' "Ode." About six hundred were present, the program being very much appreciated.

RESIDENTS DESIRE LAND SET ASIDE FOR PARK

Application has been made to the city by residents of the district set aside as a park, the 3.49 acres of Bathurst street, extending over to Wells Hill avenue. The assessment commissioner puts a value of \$113,000 on the block. This land was purchased by the city in connection with the St. Clair avenue widening for \$123,150, and quite a lot of the original block has been used for roads and for widening St. Clair, and a corner was also sold for \$27,000.

THE TORONTO WORLD

member for Chambly-Verchères. In the house today, "has no mandate to make love to Quebec."

Mr. Archambault's speech came in further debate on the address, a debate which members now are generally following with apathy.

He had spoken on declarations from the government side of the house, urging the need for greater harmony.

Between Quebec and the rest of the Dominion. In 1917, Mr. Archambault said Quebec was the "contaminated black sheep," the "ignorant, prejudiced, priest-ridden province."

Now, those who had slandered Quebec wanted her favor. "If you don't want the isolation of Quebec," said Mr. Archambault, Liberals cheering, "have an election."

You will find that it is not Quebec but the government that is "isolated." And, relating the old fable of LaFontaine on the ox and the goat, Mr. Archambault declared that Quebec was not going to be a goat and that "foxy" prime minister run up its back to get out of the well.

"Quebec," Mr. Archambault added, "does not forget."

From government benches, C. R. Harrison, the Labor-Unionist member from Nipissing, advocated the necessary unemployment insurance; R. K. Anderson (Huron) attacked Mr. King's attitude on the tariff was like Santa Claus—it promised something for everybody, and Dr. Sheard (Toronto South) said Mr. King did nothing where he stood.

On the other hand, Joseph Demers, Liberal member for St. John's-Berwick, took the view that the present was the first government of usurpers Canada had ever had.

Dr. Sheard (South Toronto) quoted Lord Beaconsfield's speech at Manchester, England, in April 1872, when the Liberal party was accused of having tried to disintegrate the empire for forty years. Dr. Sheard took it that the same question—the union of the colonies—would come up at the imperial conference next year. He declared that Quebec isolated itself when Sir William Laurier opposed conscription and that was not the fault of the present government.

The tariff was going to be the big issue at the next election, despite the fact that Mr. King did not want the fact that Mr. King did not have any policy on nationalization of railways, nor on the tariff unless that on the latter he had one for every day in the year, rain or shine.

Reverting to railways, he said Toronto and Ontario were generally in favor of nationalization, but because of the maladministration of former governments. Dr. Sheard caused much laughter when he said the only man on the government side last year who stood with Mr. King's idea was Joe Burnham. "He tried the experiment of going to the people and now he is at home, where he is likely to stay."

King Accepts Bill. The motion to suspend debate on the address pending consideration of the bill to amend the Dominion election act so far as the Ontario prohibition plebiscite is concerned, before the house. But the expected cheer passed quietly. Mr. King accepted the motion, although he had no understanding that he did so to prevent unnecessary expenditure in the revision of list. So the bill received second reading and will be brought to the stage which will be continued later.

Mr. King stated that the opposition would consent to the suspension of the bill by which the debate on the address should be given precedence only on the distinct understanding that they would not be taken into consideration if the bill was not passed. He said that the bill would be taken into consideration if it was not passed. He said that the bill would be taken into consideration if it was not passed.

BULL POOLS ARE NOT ATTRACTING SUPPORT

Tentative Operations in Tobaccos, Leathers and Textiles Do Not Receive Much Encouragement - Rails Respond Little to Good News.

New York, Feb. 23.—Resumption of business on the stock exchange today was characterized by a continuance of the recent dullness and reactionary price changes. A few of the investment shares were steady to firm, but many speculative issues experienced renewed depression.

Bull pools operated tentatively in tobaccos, leathers and textiles, but failed to entice more than a moderate degree of outside support. Motor specialties and chemicals gave way to adverse trade reports and Sears-Roebuck was weakest of the unclassified issues, recording a net loss of 4 1/2 points on unusually large offerings.

Atlantic and the West Indies, the storm centre of the early week, receded as the flow of oils, motors, copers and numerous miscellaneous specialties was uncertain until the final hour, when short covering effected irregular improvement.

PAPERS DECLINE AGAIN WHEN BROKERS FAIL

Another failure on the Montreal Stock Exchange brought a further smash in the paper stocks on the Canadian markets yesterday, with Abitibi and Brompton the principal sufferers. Spanish River and the other papers were also weak, but not to quite the same extent as the two mentioned.

Money is now plentiful for uses, but the Toronto Exchange brokers are unable to avail themselves of offerings because of the steady decline in business from the investment business.

SAVINGS DEPOSITS HIGHER; COMMERCIAL LOANS DOWN

Ottawa, Feb. 23.—Business slackness is reflected in the statement of the Canadian banks for January, available by the finance department today. The statement shows heavy declines during the month in current loans, both in and outfall also in call loans.

ANOTHER BROKER FAILS ON MONTREAL EXCHANGE

Montreal, Feb. 23.—It was announced this morning that the firm of McDonald, Bro., has failed on the Montreal exchange. The firm had been in business for some time, but had been in a state of liquidation for some time.

BRITISH RAILWAY SHARES LOWEST EVER KNOWN

London, Feb. 23.—A severe slump has occurred in the last few days in British railway bonds and stocks, despite the fact that the selling is inspired by an unpropitious report by a parliamentary committee regarding the railway.

NEW YORK CURB

New York, Feb. 23.—Price movements on the New York curb were irregular, but the maturity of the more active issues scored small gains. Inter-Continental Rubber was active and advanced 4 1/2 points to 10 1/2, while, on the other hand, Perfection Tire betterment was probably in sympathy with the weakness in Goodrich and Keystones on the curb.

CRUDE OIL DOWN

Pittsburg, Pa., Feb. 23.—The principal oil purchasing agencies here today announced a reduction of 35 cents in the price of coming crude oil. The new price, effective immediately, is \$1.90 a barrel.

MONEY MARKETS

London, Feb. 23.—Bar silver, 32 1/2. Bar gold, 105 1/2. Money, 5 1/2 per cent. Discount rate: Short bills, 7 1/2 per cent. Three-month bills, 12 1/2 per cent.

LA ROSE LOSSES MONEY

Cobalt, Feb. 23.—Silver production of the La Rose Consolidated Mines last year was 510,000 ounces. On the original La Rose, a profit of \$1000 is understood to have been made. On the University a net loss of \$6000 was incurred, leaving a net loss of \$4000 for the year.

# GOOD ROADS TO DOUBLE CROWDS AT EXHIBITION

### Minister of Public Works Predicts Big Results From His Program—Says Toronto Fair Has Warm Place in Heart of Government—Increased Grant Likely—Dundas Street On Provincial Roads Map—Directors Report Show Has Definitely Entered Million Attendance Stage.

Addressing the directors of the Canadian National Exhibition at luncheon yesterday, following the annual meeting, Hon. F. C. Biggs, minister of public works, predicted that the good roads program of the provincial government would result in the doubling of the attendance at the annual exhibition within the next ten years. The minister spoke of the high railway fares prevailing, but thought they would not be material factors after the highways leading to Toronto had been put into good condition. The farmers were all getting motor cars, and they would soon find motoring to the exhibition thoroughly enjoyable. The president, Robt. Fleming, presided, and there were about one hundred directors and friends present.

The exhibition, said Mr. Biggs, held a warm place in the heart of the Ontario government who wished for its continued success. He hoped that the minister of agriculture would double the provincial grant to the exhibition this year, and he would support him. The minister spoke of the splendid work being done by the exhibition in improving the grade of roads.

Dundas street, he said, was on the provincial roads map. They hoped to bring the Dundas road in on Bloor street and go east on Danforth avenue.

The Hamilton highway, said Mr. Biggs, was becoming overcrowded, and with the Dundas road permanently improved this would be the main road to Toronto from London, Woodstock, Galt and other western Ontario cities. A contract had been given for a permanent top from the Humber to Toronto from London, Woodstock, Galt and other western Ontario cities. Plans have been prepared for the addition of another storey to the registry building on Chesnut street to provide the additional courtroom needed, and these will be submitted to the board of control by the property commissioner in a few days. The space now occupied by the courts in the city hall is required for other departments and the question of providing room for the courts has been a live one for some time.

Directors' Meeting. At the annual meeting, held earlier in the day, the 24 directors were re-elected by acclamation. Chairman Sam McBride of the finance committee, said the total receipts last year had been \$705,000. The expenditures were reported to be \$581,854, there being a balance on hand of \$123,146.

At the request of a deputation of 100 strong of the shipyard workers, the board of control consented yesterday to support them in another appeal to the federal cabinet to modify the conditions under which the two government ships are being constructed in the Toronto yards of the Dominion Shipbuilding Company by the Collingwood Shipbuilding Company. The board decided to send two representatives of the board, Controllers Nesbitt and Gibbons, to Ottawa to confer with the federal cabinet, and a telegram was sent to Premier Meighen by Acting Mayor Maguire asking for a conference with the cabinet late last night. The deputation will ask that only Toronto men be employed on the boats and also that the union scale of wages be authorized.

## MEN YOU HEAR OF Seen as Their Friends Know Them

MR. A. MARTIN, high court secretary of the Ancient Order of Foresters, born in Hamilton and educated in the public high schools there, was for 30 years with The Hamilton Times, and has held his present position for the past four years. He is a member of the Masonic order as well as of the A.O.F., and is an ardent baseball fan.

## WILL SUPPORT ANOTHER SHIPYARD DEPUTATION

At the request of a deputation of 100 strong of the shipyard workers, the board of control consented yesterday to support them in another appeal to the federal cabinet to modify the conditions under which the two government ships are being constructed in the Toronto yards of the Dominion Shipbuilding Company by the Collingwood Shipbuilding Company. ## COMMUNISTS IN ITALY ATTEMPT FORCE DISPLAY

London, Feb. 23.—Communists attempted a display of all their forces in Italy on Monday during the Nationalist demonstrations which occurred during the day, says a Central News despatch from Rome. At Bari, a city on the east coast of Italy, two communist deputes were wounded by the Nationalists, and a general strike was declared.

## RESTRICTIONS ON LIBERTY MUST CONTENT EX-KAISER

The Hague, Feb. 23.—Replying to a question in parliament today as to the present status of former Emperor crown prince, Foreign Minister Van Karnebeek announced that J. B. Kanari, secretary-general of Dutch governmental affairs, had been instructed to carry out the regulations now in force which might be taken to restrict the liberties of the Hohenzollerns. Both the former emperor and his wife, said the foreign minister, were considered as foreigners, because of the positions they held, most of themselves with restrictions placed on their liberty.

FRILLS-FADS AGAIN  
Girls Taught Sewing While Boys Look at Pictures, Trustee Declares.

Rev. F. E. Powell started a sensational debate at the management committee of the board of education yesterday afternoon over "dubs" classes.

A report had been presented for adoption by Chief Inspector R. H. Cowley, asking for the opening of an auxiliary class at Clinton Street, Hughes, Givens Street, Carlton, Shirley Street and two at Glenholme schools.

Trustee Powell said that it was a serious matter, as many parents objected to their children being classed as dubs, and such was what the auxiliary classes were regarded as.

## RADIAL OPPONENTS' INNINGS AT INQUIRY

### Witness Declines to Commit Himself as Opposed to Public Ownership.

"Anti" Day was held by the Radial Commission before Justice Sutherland at Osgoode Hall yesterday. Those opposed to the radial projects were given an innings of their own arguments and many of their own arguments turned out to be really more favorable to the Hydro enterprises than against them. They went to convert the commission to the doctrine of private ownership and looked more like converts for public ownership under the cross-examination of Hydro counsel.

Chas. B. Watts, secretary of the Dominion Millers' Association, would not commit himself as opposed to public ownership, but said his interest in the matter was a hope that the great service given by the Hydro Commission in light and power might not be impaired by an adventure in radial, which, in his opinion, could not be other than a failure.

The people of Canada own three of the four roads between Toronto and Montreal now, including the double-tracked G.T.R., said Mr. Watts. "For the people of Ontario to guarantee the bonds for a fifth railroad would, I think, be putting a knife to their own throats and result in applications for higher rates."

## MORMON TEACHER GIVES SATISFACTION

### Board of Education Will Make Further Investigation Into Question of Belief.

Mormonism was before the management committee of the board of education yesterday afternoon in relation to the appointment of Ben. H. Hewitt to the public school teachers' staff. He has been on trial since January 4, and during work approved by the inspectors. He is listed as a Latter Day Saint.

## TORONTO WOMAN LEAVES BIG ESTATE

Ross and Harold McIntosh have been granted probate of the will of their mother, Mary McIntosh, widow of Adam K. McIntosh, who died Jan. 27, leaving \$21,532. Equities are held as follows: \$2,820, 708 and 710 Bathurst street, \$2,300; \$31, 538, 545 and 537 Dufferin street, \$4,600; 75 Sussex avenue, \$2,200; and 43 and 45 Darling avenue, \$2,200; and 2 to 20 Claremont place, \$3,500.

## OPPOSE BUILDING CAR LINES ON LOCAL IMPROVEMENT PLAN

The city officials who were asked to bring in a report on the request of the transportation commission that legislation be secured authorizing the building of car lines on the local improvement system, have advised against such a course. The committee, consisting of the commissioners of works and assessment and the city solicitor, reported as follows: "It is patent that the traffic was that the commission should finance its operation from tolls or taxes collected from actual users of the railway."

## MARKED DECLINE IN RELIEF REQUESTS

### Applications for Employment Dropping by Nearly Hundred Daily.

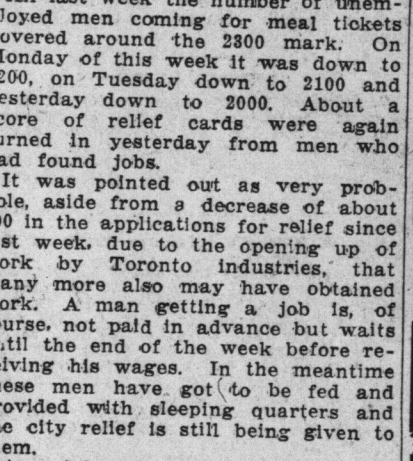

"If the situation keeps on improving the way it is now we will soon be able to close up," said Brig.-Gen. Fraser to The World yesterday in describing the remarkable decrease manifested in the daily applications for relief.

All last week the number of unemployed men coming for meat tickets hovered around the 2300 mark. On Monday of this week it was down to 2200, on Tuesday down to 2100 and yesterday down to 2000. About a score of relief cards were again had found jobs.

It was pointed out as very probable, aside from a decrease of about 300 in the applications for relief since last week, due to the opening up of work by Toronto industries, that many more also may have obtained relief by getting a job, is, of course, not paid in advance but waits until the end of the week before receiving his wages. In the meantime these men have got to be fed and provided with sleeping quarters and the city relief is still being given to them.

## KIWANIS CLUB TO HELP DEFECTIVES

### Opportunity to Assist Thousands in Canada Into Channels for Good.

An urgent appeal to all Kiwanians to insure the success of the 5,000 clubs of the Canadian National Committee of Mental Hygiene was made at the weekly Kiwanian luncheon yesterday by Kiwanian Jno. O'Connor, who stated that 1,500 members were expected from Toronto.

There were 120,000 cases of mental delinquency in Canada, said he, engaged in the meshes of they knew not what, and if taken in charge by this club there was a very great opportunity to turn their abilities into channels that would react on the country for good.

The city architect's department issued the following building permits yesterday. A. Ball, two-family dwelling, Stacey street and Drayton ave., \$3,000; C. W. Dunthorne, addition to front of dwelling, to be occupied by two families, 8 Redwood avenue, \$3,000; G. H.
