The Four Gunmen Went To Death In Early Morning Sued Now For \$1,830 By The Lynch Estate

Current Cut Short Statement By One Of Them NONE LEFT CONFESSION

All Weak and Pallid as Trying Hour Diew Near — Rabbi Doubts Justice of Verdict and Thinks Dago Frank Was Not at Scene of Murder — Becker Keenly Interested But Silent

(Canadian Press) Sing Sing Prison, N. Y., April 13—The four gunmen convicted of the murder of Herman Rosenthal, a New York gambler, died in the electric chair at Sing Sing prison at the break of dawn, this Easter Monday. None confessed his guilt, and none mentioned the names of Charles Becker, a former police lieutenant, found guilty of the murder, but saved by court of appeal reversal.

Death Cuts Statement Short The second who died, Frank Seidenshner, "Whitey Lewis," made the only statement. Even he did not deny his innocence.

"Gentlemen," he mumbled as they strapped him in the chair, "I did not shoot at Rosenthal. Then who said I did was perjurer. For the sake of justice, gentlemen, I say I did not. The witness Stanislaus..."

"Whitey" did not finish the sentence. The harness had been adjusted and the current shot his body forward in the chair.

He probably had meant to say that Stanislaus, a waiter and a witness at the murder trial, had lied; but death intervened.

Seidenshner was the second man to die "Dago Frank" (Frank Chiffo) came first "Gyp the Blood" (Harry Horowitz), was third and "Lefty Louie" (Louis Rosenberg), last. In forty minutes all four were despatched. This time would have been shortened had it not been for the overcrowding of newspaper reporters. Their numbers necessitated a shifting of witnesses for each execution.

Their was no more incident throughout the procedure. All walked quietly to their doom and only their quaking knees and the sickly green pallor of their faces, attested that the realization of death was upon them.

Rev. William E. Cashin, Catholic chaplain of the prison, accompanied "Dago Frank" to the chair. With "Whitey Lewis" and "Gyp the Blood" was Rabbi Joseph Goldstein of New York. Rabbi Mayer Koffstein, long the pious adviser of the Rosenberg family, stood by "Lefty Louie." Priest and rabbi alike averted their drawn faces from the chair of death, meanings struggling to control their choking throats as they intoned a prayer for the dying.

Rabbi Doubts Justice of Conviction "Gentlemen," said Rabbi Goldstein, as he left the death chamber, "if you ask me whether the Jewish boys were guilty, I will say I do not know. They do not confess to me. As for the Italian, I do not believe he was at the scene of the crime. I do not think any of them should have been convicted on the testimony of a 'fed'."

Down was just creeping over the hills when the witnesses were admitted to the bare court yard of the death house. Many were aghast faced and trembling. From a printed list a clerk read off the names of those who were to see the first man die. A moment more and the door of the death chamber had closed behind them. Warden Underhill had announced that "Gyp the Blood" would die first, followed by "Lefty Louie," "Dago Frank," and "Whitey Lewis," but as it transpired the man who was to see the first through the little iron door at the right was "Dago Frank." He had shown signs of collapsing and it was deemed expedient to shield him from the ordeal of waiting.

"Let him make his statement," said the warden. "Whitey's" lips continued to move and in the brief interval before death, he had made his declaration that he had not shot at Rosenthal. A current of 1,920 volts, with a slightly high-

Puts Check For Half Million In Easter Collection Box

New York, April 12—The Easter collection at the Cathedral of St. John the Divine, included a check for \$500,000 from Frederick Bourne, president of the Singer Manufacturing Company.

The contribution is to be placed in the endowment fund of the choir school of the cathedral. This means that the choir is placed upon a permanent independent basis. The only condition to the gift was that Mr. Bourne should be elected a member of the cathedral choir. This was done immediately.

ST. JOHN AID ASKED FOR THOSE STRICKEN BY SEALING DISASTER

Matter To Go Before Common Council on Receipt of Official Word—There May Have Been Another Vessel Lost

A committee representing the natives of Newfoundland residing in this city, waited upon Mayor Frink this morning to ask the city to make a grant of money towards the relief of the sufferers in the recent sealing disaster, and their families.

His worship heard their request with marked interest. He explained that, before the common council could take any official action, it would be necessary for them to have an authoritative statement from some public official regarding the need for help and the extent of the disaster. The delegation assured the mayor that they would be glad to lay the matter before the council as soon as the official communication arrived.

The members of the committee point to the facts in the press despatches as evidence of the need for outside assistance. Of the crew of the ill-fated Bonaventure many were lost and of those who reached shore alive not one will ever be able to support himself again. Some lost arms, some had their legs lacerated and some unfortunately lost both arms and legs. Not one of the survivors escaped without being crippled, in addition to the survivors and their families and the families of those who are known to be lost, there are also the families of the crew of the Southern Cross which is now given up for lost with all hands.

One of the worst features of the disaster is the fact that out of the thousands of dependants many of them are residents of small settlements which have been robbed of every bread winner and in whose whole village there will not be a man left to work for the support of the others. As it is not merely a question of relieving the immediate necessities of the sufferers but of supporting the cripples, the aged and infirm and the little children for a long time to come the sum needed will be large.

It is probable that, in addition to the grant which will be asked for, subscription lists will be opened for the gifts of private individuals.

Newfoundlanders in Victoria, B. C., have subscribed \$376 to the sealers' relief fund.

Of the four he died the easiest. He had intended making a statement, but his mental processes had failed him. A new lot of witnesses filed in. Through the little door presently came "Whitey Lewis." He was garbed in a black suit of death as "Dago Frank" had been. The statement that he never finished was on his lips as he entered. The attendants, fearing a shocking spectacle of hysteria, cried "Sh, sh," and sought to soothe him.

The only relatives of the gunman who were in the prison at the time of the execution were "Dago Frank's" mother, sister and brother, John and Paul, and "Whitey Lewis' brothers, formal and Louis. All the bodies of the gunmen will be claimed by relatives.

COULD NOT COME TO A DECISION

Royalist Plot in Portugal to Put Foreign Prince on Throne Becomes Public

(Canadian Press) New York, April 12—A cable to the Tribune from Lisbon says: A well organized royalist conspiracy has been discovered, according to semi-official reports. It appears that the Royalists, disheartened by lack of support received from Portugal, have decided to turn to the House of Braganza, desiring to find foreign support and to place a foreign prince at the head of the monarchy.

The plot was carefully planned, but opinions were divided as to the person to be asked to accept the throne. One faction wanted a British prince, another an Italian duke. The Braganza at last gave no better than the plot leaked out. Several arrests have been made.

CLARKE NEW PREMIER, BAXTER TO GOVERNMENT

Street Talk Today in That Town Have it All Arranged

While his opponents are disposed to give Premier Manning the credit for the victory, they are not without their own theories as to what will be the result of the election. It is held that the victory will be won by the attorney general, Hon. George J. Clarke. The victory in the government caused by Mr. Clarke's address to the House of Commons on Tuesday will be filled, they say, by the appointment of J. B. M. Baxter, M. L. A., as attorney general.

BUSY AT CITY HALL

The Day Before the Election For Commissioners

The common hall was the busiest place in City Hall today. From the time the doors opened his offices were crowded with returning officers securing their ballot boxes and papers for tomorrow's primary election, scrutineers, constables, clerks and other officials securing instructions in their duties and numerous clerks inquiring whether their names were on the lists and in what ward they are to vote. Mr. Wardroper had his hands full today.

In addition to these duties the common clerk, and every other official answering questions regarding the number of candidates for which an elector may cast his ballot. Rumors of the statement made in the Standard that each elector may vote for six men at the primary election, seem to have spread beyond the bounds of that paper's circulation, with the result that many voters, who have overlooked the correction, which has been made, are still at sea with regard to the matter. It should be borne in mind that each voter may vote for only three candidates, and that any ballots on which more than three names are left unscanned will be thrown out.

The polls will open tomorrow morning at eight o'clock a.m. and close at seven o'clock p.m.

(Special to Times) Fredericton, N. B., April 12—The body of Mrs. Patterson, wife of Dr. Frank Patterson of Hope College, Holland, Michigan, was brought here today and interred at Nashwaakias. She was formerly Miss Hoyt of Prince William. Her husband is a graduate of the U. N. B.

Supreme Court Writ Issued by F. B. Carvell on April 9—Served on Teed Saturday—Has Proof Money was Paid, Says Carvell, and is Going To Get it Back

(Special to Times) Woodstock, April 13—A Supreme Court writ has been issued against James K. Flemming, premier of New Brunswick, Wm. H. Berry, and Edgar R. Teed, on behalf of Timothy Lynch & Co., Ltd., for the recovery of \$1,830 and costs in connection with the payment of money by the Lynch estate in the matter of the timber bonus scandal.

This action is taken by F. B. Carvell, K. C., M. P., who is solicitor for the Lynch Company.

The writ was served on E. R. Teed on last Friday and it was expected that it would be served on Mr. Flemming on Saturday or to-day.

The basis of this writ is information in the possession of Mr. Carvell to the effect that the Lynch Company, without the knowledge and consent of a sufficient number of its directors, paid over \$1,830, amounting to \$15 a square mile of its timber limits, as blackmail in connection with the timber bonus.

Mr. Carvell says that the serving of the writ at this time is due to the fact that he has heard that one of the defendants contemplates a journey out of New Brunswick for his health and that the serving of the writ will inform him of the fact that his presence in this province is highly necessary during the immediate future.

"I have absolute proof that the Lynch Company paid the money, and I believe that as a matter of law that I can recover it," said Mr. Carvell. "Anybody can go to try."

The writ, or the essential part of it, is as follows: "To James K. Flemming of the Town of Woodstock in the County of Carleton, William H. Berry of the City of Fredericton in the County of York, and Edgar R. Teed of the said Town of Woodstock: We command you, that within ten days after the service of this writ on you, inclusive of the day of such service, you do cause an appearance to be entered for you in the action at the suit of Timothy Lynch and Company, Limited, a corporation duly incorporated under the laws of New Brunswick, John Stock Companies; And take notice that in default of your so doing the plaintiff may proceed therein and judgment may be given in your absence."

"Witness the Honorable Bench of the Supreme Court of the Province of New Brunswick in the year of our Lord one thousand nine hundred and fourteen. (Signed) FRANK B. CARVELL, Plaintiff's Solicitor."

"Statement of claim: The plaintiff's claim is for money payable by the defendants to the plaintiff for money paid by the plaintiff for the defendants at their request; and also for money payable by the defendants to the plaintiff for money received by the defendants for the use of the plaintiff."

The writ will be returnable within ten days from April 9.

There were some sneering statements in the Conservative press a few days ago to the effect that no proceedings were likely for the recovery of this \$1,830. Mr. Carvell's action is a sufficient comment upon that.

FIRST BASEBALL FATALITY

New York Bay Struck on Head With Ball Thrown to First Base

New York, April 12—The first death due to baseball, so far reported in New York and vicinity this season, occurred yesterday. John Nelson, Jr., eighteen years old, was injured in a game on Saturday. He was playing first base, when a ball thrown to that base struck him in the temple, stunning him. Yesterday he complained of severe pains in his head. Death was caused by the bursting of a blood vessel in his forehead.

QUEEN MARY GIVES TIP WHIST TO CHECK GAMBLING BY WOMEN

London, April 12—The gambling craze is more prevalent in London society than ever, and this is why it was said today that Queen Mary has given up whist. Keenest of all players of women, and greatest plunger, and even quite young girls now know all about "spotting" winners. Girls say they have to do a little betting because it is expected of them.

TOWN PLANNING, BETTER HOUSING, WIDER USE OF SCHOOL BUILDINGS

Striking Address on Social Problems Given by J. S. Woodworth, Welfare League Secretary

Few men in Canada are as well qualified to discuss social problems in this country as J. S. Woodworth of Winnipeg, secretary of the Welfare League of Canada, who addressed the German street and Centenary brotherhoods and members of other men's organizations in the German street institute yesterday afternoon.

Mr. Woodworth, by the use of charts, showed the proportion of the different nationalities among the immigrants pouring into Canada at the rate of nearly half a million a year, showing that the proportion of non-English speaking persons is steadily increasing. He dwelt forcibly upon the responsibility resting upon the Canadian people in view of the changing conditions which last year set down in Canada enough people to make Quebec a city of 1,000,000.

GOOD RESULTS FOR THE TUBERCULIN TREATMENT

Annual Report of Royal Edward Institute in Montreal

(Montreal Gazette) The fourth annual report of the Royal Edward Institute, which has just been issued, contains much interesting and important information about the work being done by this institution for the study, prevention and cure of tuberculosis. Much of the material found in the report was published at the time of the annual meeting in November of last year, but to those interested in the welfare of the public, the report will be welcome for the completeness and compactness of the information which it contains.

As Better at Work "At first the treatment was to keep the patients as much as possible at rest, in accordance with sanatorium methods, and to limit the exercise as much as possible," says Doctor Harding, "During the last year the method has been changed, and the exercise of the patient is increased as rapidly as possible as long as the temperature remains below 100 degrees being able to take four to five hours' exercise walking without any appreciable effect on the condition of the patient, he is advised to get some suitable work preferably something out-of-doors, but if not, an effort is made to get him back to his own trade. In the case of girls, they are advised to begin housework in the same way. The results with these working have been very satisfactory, as only in one or two instances has the work had to be stopped. The reason of the good results is that mentally and physically a man is healthier speaking than when lying. The laboring classes are not adapted for a long rest treatment at a sanatorium and give very poor results. I believe that much better results can be obtained under dispensary and tuberculin treatment. The ideal condition for such patients would be sleeping camps on the outskirts of the city, where the patients could spend the nights in a suitable atmosphere, and return to work in the morning.

Do Diamonds Grow?

Diamond Rings. Less than five years ago we started in business with one diamond. To day we are showing the finest diamond stock in the city. We Carry Diamond Rings from \$8.00 right up to \$750.00. We have a large stock of UNMOUNTED DIAMONDS, PEARLS, EMERALDS, ORIENTAL RUBIES, ORIENTAL SAPPHIRES and SEMI-PRECIOUS STONES. From these we can omit any selection to your order, make up any combination, or give you any size of stones. We believe our method of doing business has helped to our success more than anything else. IT'S THE BIGGEST VALUES, AND ONE PRICE. We believe we are the only ONE-PRICED DIAMOND HOUSE IN THE CITY. That means if you pay the marked price in a store that will cut prices, YOU ARE PAYING TOO MUCH.

ALLAN GUNDRY 79 King Street. USE THE WANT AD. WAY

Even in the west, however, slum conditions arise, chiefly because of high rents and the high cost of living, and in the growing disposition of men to herd in the town rather than settle themselves upon the land. While Mr. Woodsworth did not discuss taxation, it was perfectly clear that he regards tax-reform as one of the urgent needs of the time, and we in the east could not do better than follow the example of the west in placing a larger proportion of the tax upon land and removing some of the burden from the fruits of individual industry and thrift.

An ardent single tax advocate who was in the audience yesterday, declared that in his view the greatest means of overcoming the undesirable conditions so clearly set forth by the speaker would be to adopt the single-tax, which he said would have the dual effect of fairly adjusting taxation, bringing down the actual price of land, and thus help to bring about that desirable condition to which Mr. Woodsworth referred, under which it would be possible for the majority of the people to own little homes of their own.

Possibly the single tax advocate expects from the adoption of that system more than it would produce, but there can be no doubt such a system of land taxation as would relieve improvements and at the same time discourage real estate speculation would go far toward bringing about better living conditions for the average citizen.

It may be hoped that the addresses which Mr. Woodsworth has delivered and will deliver in this city will have the effect of directing public attention more seriously to the great question of social service and the need there is to coordinate all the forces of all the organizations of a religious and benevolent character to secure in this city the adoption of a town-planning scheme, a better housing movement, and the use of the school buildings as social centres. The trained social worker is one of the great needs of the time.

WORDS OF CHEER

Hon. Mr. Hazen and Hon. John E. Wilson did their best on Saturday evening to cheer the drooping spirits of the St. John Conservative Club. Mr. Hazen talked about the National Transcontinental and the tariff changes, and we are told he was heartily cheered. So far as the Standard's report reveals, while Mr. Hazen vigorously defended the Gutelius report on the Transcontinental, he had nothing to say about the Gutelius agreement which withdrew the Empress steamships from St. John, and sacrificed the interests of this port and those of the local patrons of the Intercolonial Railway. Perhaps he will take another occasion to express his views on that point, and also with regard to the St. John Valley Railway, and other matters which are just now of greater interest to the people of this city and province than the Gutelius-Stanton report, which even his friend the St. John Globe has described as a campaign document whose chief service was to provide two gentlemen with a lucrative job.

Hon. Mr. Wilson described the routing of the Transcontinental Railway to Montreal as a crime. He thus condemns

It is gratifying to note that the London Times regards the financial showing made by the city of St. John at the end of the last year as comparing most favorably with that of any city in North America, and the great London Journal very properly suggests that it would be well to make the English public more familiar with the fine financial position of this city. It is also a gratifying fact that the municipality of the city and county of St. John has floated a loan at a relatively high figure, and much higher than has been secured of late for the bonds of many other municipalities.

The execution of the four gunmen who murdered Hermann Rosenthal, the New York gambler, should have a salutary effect upon the very large number of their class who are to be found in that city. The farewell message of "Lefty Louie" to his companions, whether there be any truth in the assertion that he was not guilty of this crime, should certainly impress his old companions. He says: "I had the best father and mother a boy ever had, but I was not a good son to them—I went the wrong way." Too many boys in every city are going "the wrong way," and the pity of it is that they do not realize that it is not necessary to come to the electric chair to pay the penalty. Those who escape legal punishment pay the penalty just as surely as those on whom the hand of the law descends. The loss of character is a far greater calamity than even the loss of life.

SUCCESS DOUBTFUL

Collapse of Railroad Men's Strike in Italy Indicated. Rome, Italy, April 12.—That section of the Italian roadmen which hitherto has been irreconcilable on the question of the men's demands, appears to be beginning to harbor doubt as to the success of the general strike which it was proposed to start on next Wednesday according to information obtained in official quarters. It is understood that an indirect effort has been made by some of the leaders to open negotiations with the government to obtain even a slight increase in the concessions offered by the government, so as to enable the strike leaders to cover their retreat.

SCHOONERS DRIVEN ASHORE DURING SATURDAY'S GALE

"Conrad S." May be Total Wreck at Black Point After Escape From Grand Manan—Crew Have Hard Fight For Life—"Roger Pettis" Grounded in Courtenay Bay

The tern schooner Conrad S. is hard and fast on the rocks at Black Point where she was driven by the gale on Saturday, and Captain Hagan and his crew are safe after a thrilling battle against the wind and sea in a small gasoline dory. The Conrad S. was on her way here from Jackson, Florida, with a cargo of hard pine for J. A. Likely. At Three Islands, Grand Manan, last Thursday she lost her keel and damaged her hull and rudder, and was taken to Seal Harbor, where she was taken to tow by the tug Wabson, from this port.

SPRING SICKNESS COMES TO EVERYONE

Spring sickness comes in some degree to every man, woman and child in our climate. It is that run-down condition of the system that results from impure impoverished, devitalized blood. It is marked by loss of appetite and that tired feeling, and in many cases by some form of eruption.

The best way to treat spring sickness is to take Hoag's Sarsaparilla. Ask your druggist for this all-year-round medicine. It purifies, enriches and revitalizes the blood.

ing so listed sharply throwing one of the firemen, named Thibideau, heavily against the pumps, breaking his arm. The Wabson then started to the inner harbor for help and later Mrs. Hogan and the injured fireman at the North Wharf. The Lord Kitchener consented to go to the rescue, but was unable to locate the schooner and after a trying battle returned to the harbor. The captain and crew of the Conrad S. endeavored to save the schooner and succeeded in working her up as far as Partridge Island before she became unmanageable. She was in the breakers at Black Point before the men started to look to their own safety. With great difficulty their small boat was launched and after an hour's struggle in which the men were drenched to the skin, the boat reached Market Slip.

The Conrad S. was built in 1908, is owned by S. J. Soley, of Parraboro, and is 187 feet in length and of 289 tons register. She is said to be valued at \$35,000 and is insured for half that amount with A. W. Adams. An attempt to pull the schooner off the rocks yesterday by the tugs Wabson, Kitchener, and Alice, R., failed. Late last night it was said that the schooner was in grave danger and the tug G. K. King was sent to her assistance.

The two master schooner Roger Pettis, of Boston, laden with hard pine, ran ashore on the western side of Courtenay Bay Saturday night while racing for shelter before the gale. She is damaged to the extent of a broken main boom, torn sails and loss of rudder and is badly strained.

Breakwater Destroyed. Much damage was done on Saturday by the heavy gale about the harbor. The end of North wharf was smashed in by the waves, and the I. C. R. breakwater at the foot of Orange street in Courtenay Bay was seriously damaged, in fact almost entirely wrecked. The breakwater was repaired a couple of years ago and had withstood some severe storms. With the exception of about thirty or thirty-five feet it was entirely washed away by the storm of Saturday.

ALGONQUIN HOTEL IS COMPLETELY DESTROYED; LOSS \$750,000

St. Andrews, N. B., April 12.—The Algonquin hotel after the fire of Saturday is a heap of ruins, with nothing remaining except the concrete additions made within the last five years. The loss is estimated at about \$750,000. The hotel had a capacity of 600 guests. It was opened in 1899 with F. A. Jones, of St. John, as its first manager, and passed into the hands of the C. P. R. some years later. It is believed that the concrete additions, which passed through the fire can be used in the restoration of the building, which will be probably replaced by a more modern and more beautiful structure.

Good Shooting of Cadets. Quebec, April 12.—The local test match for the selection of the two cadets, which will sail for England on May 7, to take part in the annual rifle meet of the Imperial Cadet Association, was held on the range of the Quebec Military Rifle Club Saturday. Cadet J. Roy made a total of 230 points out of a possible 280, Cadet Giroux being second with 246. Three others made more than 240.

ELECTION CARDS

To The Electors of The City of St. John

Ladies and Gentlemen—The majority of our citizens are dissatisfied with the present system of taxation, feeling that the burden bears too heavily upon those who are doing the most in the building up and improving of our city. I have given a great deal of time and attention to the studying of the principals of taxation as levied here and in other Canadian cities and find that in all places where the majority of revenue is raised for city purposes upon income, personal property and improvements, the progress of

such cities is very slow, whereas cities that have adopted the more modern system are advancing rapidly. Vancouver in 1895 had a population of 17,000 and under a gradual scale of reduction of taxes on improvements starting with 25% and in 12 years abolished the entire taxes on improvements, increased the population from 17,000 to 100,000 and the amount of money spent on improvements from 1895 to 1909 they were \$4,317,680 in 1909 increased to \$24,405,210. The largest increase being from 1907 when the entire improve-

ment tax was abolished in 1909 when the increase in building operations was over \$3,000,000 in the two years. Today there are more homes owned by the working people of Vancouver than any other city in Canada. Now, I feel the citizens are deeply interested in this question and as I am the only candidate seeking your suffrage who has placed before you a bona fide platform, I would be pleased if every citizen would carefully consider this very important question and VOTE FOR F. L. POTTS for COMMISSIONER.

ELECTION CARD

To the Electors of the City of St. John: Ladies and Gentlemen,—In offering as a candidate for Commissioner at the suggestion of friends in every division of the city, and in soliciting the support of all voters, I desire to present to you some of the reasons why I ask for your votes:

I am in favor of the Open Door—wide open—at City Hall. I am in favor of a strong, independent stand by the Mayor and Commissioners when the interests of the city are being endangered by outside influences. No hedging.

I am in favor of a general revision of the assessment law, which in its present application bears too heavily and unjustly upon the citizen of limited income.

I am in favor of reduced ferry tolls until a harbor bridge has been built, as a matter of fair play to taxpayers in all sections of the city.

I will strenuously oppose all transportation agreements that discriminate against the port of St. John.

I am also in favor of any other measures that will tend to make St. John a bigger and more prosperous city and a better one for the average man to live in.

I respectfully solicit your support. CLARENCE W. DEFOREST.

ELECTION CARD

To the Electors of the City of St. John: Ladies and Gentlemen—In coming before you for your support in the approaching campaign for the office of commissioner I desire to call your attention to the fact that for some years I served as a member of the Common Council and for a time held office in that body as chairman of the appeals committee. But apart from this I believe that my strongest qualification for the office of commissioner is that I am a successful practical mechanic and have had a lifetime's experience in construction work of different kinds. The building of streets, water and sewerage works of similar undertakings are all more or less familiar to me and I can bring to the administration of civic affairs a close personal knowledge of a technical nature which I believe will be of value to the community. I favor the principle of the open door, believing that the fullest publicity in civic matters is beneficial. With regard to paying, I am in favor of permanent construction, the cost to be borne by general revenue on capital account rather than individual property assessment. Trusting that you will honor me with your support.

As I have found it impossible to see each voter personally, I take this opportunity of soliciting your support in the coming elections.

Yours respectfully, JAMES SPROUL.

ELECTION CARD

*EXPOSITIONS NEEDED. To the Editor of The Times: Sir,—I believe that the single tax appeals to every citizen who has given the matter consideration as the only way of dealing with the taxation question and that it must come sooner or later, just as sure as the sun is to rise. If this is the case the sooner we have exponents of the single tax in our civic affairs the better. It is of no use putting off when we realize the only way; the only thing to do is to act upon it. Thanking you for the space in your paper,

I am yours truly, F. W. DANIEL.

"DO YOU BELIEVE IN ST. JOHN?" Vote for POTTS and TAX REFORM.

ELECTION CARD

At the solicitation of a large number of electors, I will be a candidate for Commissioner at the coming civic elections, and beg to solicit the support of the citizens generally. JAMES V. RUSSELL.

FOR MORE HOUSES IN SUSSEX

(Sussex Record.) That the housing problem in Sussex is a very serious one has been in evidence for several years. Sussex is being deprived of many desirable citizens simply because there are no houses here in which to locate them. The need of homes was never more seriously felt than this spring. A score of residents of good financial standing can be brought here permanently if they can get a place to sleep.

THE GRAND FALLS EXTENSION

Fredericton Mail—Premier Flemming in his speech on the Valley Railway bill in the legislature on Tuesday evening laid particular emphasis upon the statement that the road was to be built to Grand Falls. He forgot to state, however, that the federal subsidy for this portion of the road has been withdrawn. This practically means that if the Valley Railway goes to Grand Falls it will go over the rails of the Canadian Pacific.

ELECTION CARD

I beg respectfully to inform the Electors of St. John (not overlooking the lady voters) that, in response to requests from citizens in the north, south and west sections of the City, I have decided to enter the field as a candidate for the office of Commissioner at the ensuing Civic election.

The new council will have to deal with some very important subjects, including the routing of the Valley Railway, the completion of the paving of Main street, the paving of some other streets on which the traffic is heavy, the care and maintenance of all of the streets, the providing of a more equitable system of taxation and the improving of the ferry service in Carleton by utilizing a slip extending to Union street, if the change should be found to be a practicable one.

In these and in several other important matters, as well as in departmental work, I should hope, if elected, to be of service to the City, and I would advocate the "open door" at City Hall and the taking of a plebiscite at an early date on a number of public questions not requiring expert knowledge for their decision.

ELECTION CARD

As I am not in favor of promises But in Doing, I again ask your liberal support in this coming election for commissioner, and if elected I will carry out your wish as far as your money will allow.

Yours obedient, WALTER W. ALLINGHAM, 4-18.

EVANGELISTIC

The Carleton Services—A Presentation—Gypsy Smith in Exmouth Street Church

Yesterday was a big day with the Carleton churches engaged in the special evangelistic services. Doctor Burrows occupied the pulpit of the Charlotte street Baptist church, in the morning, with 14 Van Home in the Ludlow street Baptist list both morning and evening. One of the most noticeable results of the revival work is the great increase in the morning and evening attendance at the various churches. The pastors are highly pleased with the work of Doctor Burrows and his assistant, Mr. Van Home. Both men are indefatigable in their efforts to promote righteousness and the cause of Christ and His mission in the world. The pastors join in saying that they have never in their experience been associated with evangelists who threw themselves so unreservedly into their work.

Doctor Burrows spoke to men only yesterday afternoon on "The Sinner's Detective." Many men decided to give up their sins. In the evening Doctor Burrows spoke to a mixed audience on the topic "Hell." This sermon was the most powerful appeal yet given to the unsaved. At the close many persons signified that they would like to become Christians.

Miss Gregory and Mr. Lanyon sang a duet in a very pleasing manner and their selection was highly appreciated. The work of the choir under the direction of Mr. Van Home shows marked improvement, and last evening they sang "Crown Him" in a gratifying manner. Mr. Van Horn sang "Someone's Last Call" with a setting from Il Trovatore in a way that made it the most powerful appeal given in song in a long time in this section. When asked why he did not do more of that kind of work, he replied "Modesty forbids."

One of the pleasant features of the evening was the presentation of two large bouquets of carnations to Doctors Burrows and Mr. Van Home by Alfred Burley in behalf of the choir and pastors.

Count the Potatoes You Throw Away

They amount, generally to one in five, or one in four, which means that you are losing from 20 to 25 cents on every dollar you pay for potatoes, thus making your good ones very expensive.

The Sanitary Potato Way is much the Best and Always Cheapest. We bring potatoes which are selected and hand-packed, in One Peck Packages (or larger quantities), right to the kitchen door, and guarantee them good, for what you Now Pay, but they're cheaper, because you throw none away.

In various parts of the United States and Canada anti-suffragists are preparing for their big annual rally, which this year will surpass any other. It will be held on April 19 at the Biltmore Hotel, New York, under the auspices of the New York State Association Opposed to Woman Suffrage. More than one thousand members are expected to be at the luncheon, which will be followed by addresses by leading sympathizers with the opposition to votes for women. Among the speakers will be Mrs. Frances S. Bang and Mrs. K. B. Lapham.

MOUNTED POLICEMEN RIDE DOWN I. W. W. RIOTERS IN NEW YORK.

ALEXANDER BERKMAN ADDRESSING THE UNEMPLOYED IN UNION SQUARE.

At a recent demonstration of I. W. W. agitators in New York mounted police charged a menacing crowd, hurling several benches their horses' heads and driving the hissing, hooting mob in every direction. The action of the police brought a swift termination to an ugly movement on the part of the rioters, whose ring-leaders were placed under arrest.

Alexander Berkman, the man who attempted to assassinate Henry C. Frick in Pittsburgh in 1892 was one of the speakers. He delivered an address, in the course of which he attacked the police and the "capitalized class." He was greeted with loud cheers from a portion of the crowd of five thousand.

FORMER FREDERICTON MAN IN DIVORCE COURT

Wife Had to Sell \$4,000 Pet Dog in Frisco Paper's Statement

(Glasgow)

San Francisco papers tell of the commencement of a suit by Mrs. Fred M. Fenwick, one of the leaders in the Pacific coast city's social set, for an absolute divorce from her husband.

Mr. Fenwick is a son of George Fenwick, formerly a teacher in the old Fredericton Grammar School in the days when Dr. George B. Parkin was principal and the school building was located opposite Christchurch Cathedral. Mr. Fenwick and his family removed to the western states more than twenty-five years ago.

The grounds on which Mrs. Fenwick is asking a divorce include mental cruelty; she declares she has had to use her own money in keeping up their expensive household and had to sell her \$4,000 prize pet dog. Some time ago Mr. Fenwick was mentioned in another divorce case which stirred San Francisco's social set. The San Francisco Examiner contains a large picture of Mrs. Fenwick wearing elaborate gowns.

NO CHANCE TO SALVE SCHOONER CARGO TODAY

J. Willard Smith, to whom the schooner Conrad S. was consigned, drove this morning to Negro Point where the vessel is ashore. The schooner, he said, was jammed hard and fast on the rocks on shore and the sea was still breaking heavily around her. There would be no possibility of her cargo being transferred to lighters today anyway, on account of the rough seas. Mr. Smith said that from what he could see of the vessel her hull was very badly damaged.

Gray Hairs a Source Of Discontent

Every woman wishes to look young always. Gray hairs mean the passing of youth's charm. They are the source of many a heartache to many and many a woman. But they need not be. Hay's Hair-Health restores gray hair to its natural color. It is not a dye.

By its tonic qualities, by promoting a new vigorous, healthy growth of the hair, by removing dandruff, by furnishing to the scalp and the hair roots a new life it brings back the real color and lustre of the hair.

What Tories Are Most Afraid Of

There was sufficient reason without this for insisting that Valley railway legislation, which would involve the repeal of the provisions of another \$2,000,000 should be delayed—delayed until the air was cleared of the rumors of graft and overcharges in connection with the work. I venture the assertion that today the Tory party, and particularly the Tory leaders are far more afraid of what the Valley railway investigation will show in connection with other charges preferred later by Mr. Dugal than they are of what may happen to Premier Fleming. There are too many politicians—big and little—involved in Valley railway transactions, while only one man—his leader—bears the brunt of timber bonus charges.

I said that the charges came as a bolt from the blue. That is so true that even today with a week to think them over, with all the press comments favorable and unfavorable to the premier, and in the face of some facts, since revealed, that were known to prominent Conservatives even before the charges were made, the great majority of men on both sides of politics can hardly credit their truth, and this, it may be said, speaks well not only for party loyalty but for the belief of the people in the man whom they placed at the head of their affairs in this province.

EASTER SUNDAY IN THE CHURCHES

Appropriate Sermons; Special Music

BEAUTIFUL DECORATIONS

Many New Members Received in Several Churches—Prayers For Ireland—Rev. P. R. Hayward Called to Fairville Church

The Easter services in the churches yesterday were marked by appropriate sermons and special music. Many of the churches were tastefully decorated with beautiful flowers.

In the West street Baptist church yesterday morning three candidates were baptized by the pastor Rev. Wellington Camp and twenty-four persons were admitted to fellowship in the church in the evening. Dr. Edwin Crowell preached at the evening service.

In the West street Baptist church yesterday morning twenty-eight candidates were baptized. Rev. Dr. Hutchinson officiated and preached on the importance of baptism, and in the evening special Easter music was rendered by the choir. Solos were sung by Mrs. B. L. Gerow and Miss Audrey Mullin. Miss Fay Scowen and Harry Shaw sang a duet. Miss Bessie Farmer presided at the organ.

Rev. Wilfred Gaetz preached at the morning service in Queen's square Methodist church dealing with the lesson and the purpose of the celebration of Easter. One candidate was baptized in the evening and thirteen persons were received into the church.

In St. John's (Stone) church music of a high order was rendered at the morning and evening services. Solos were sung by Miss Olive Murray, C. A. Munro and A. G. Burnham. J. M. Gibson sang with great effect Hosanna by Oranier. D. Arnold Fox proved a very efficient soloist in the new organ.

St. David's church was prettily decorated with palms, cut flowers and potted plants. Special Easter programmes were given by the choir. The choir was directed by John S. Bullock. Easter was observed as "Go-To-Church-Sunday" in Queen's square Methodist church and large numbers attended morning and evening services. In the evening thirteen candidates were received into the church.

In the evening Rev. W. H. Barradough was the speaker at both services, and special music was given. D. B. Pidgeon sang a sacred solo in St. Woodworth's church. Rev. B. Haughton delivered a sermon on Easter in the Congregational church last evening when fourteen people were received into the church.

At a special Sunday school service yesterday afternoon \$10 was collected for missionary purposes.

Rev. J. A. Morison spoke at the close of his congregation in the Carleton Presbyterian church.

John member who represents various large interests. Nephew Rampant.

"This, although but little of the whole has been told, will give a fair idea of how a member, and particularly a legal member, can use his position in the legislature to advance his own interests. The independence of Parliament Acts has not been respected by many of the representatives of the people since they came into power. Nephew has resigned supreme, and the relatives of government members and government supporters have flourished as never before; needless officials and beavers throng the rooms of the legislature and the departments; the salaries of the executive beginning with the premier have been increased beyond reason for the services rendered, and all the important plagues of the House of Commons which so appealed to the people in 1904, have been broken.

"I wonder how many of the people who were so taken with that platform, remember its planks? Just at this moment the first four of them, and the most important four of them, are worth quoting:

(1) "If returned to power we will put all public works to public tender, and award the contracts for the same to the lowest tender."

(2) "We will conduct and carry on a government free from all party lines, political bias and prejudice."

(3) "We will enact a new law in its place, which will vest the management of the roads and the appointment of all officials, absolutely in the county councils."

(4) "We will have a survey and a valuation of our crown lands made, so that this valuable asset may be conserved."

"The last of these planks will certainly appeal to the public mind at the present moment. The crown lands do seem to have been conserved, but for whose benefit, the investigation to be held in the near future will no doubt determine.

Promises Flouted.

"Hon. Mr. Morison has openly repudiated 'The public works by public tender' plank, and the people may fairly be allowed to judge as to the affairs of the government being conducted free from political bias and prejudice. As to the road law as at present constituted, it is simply a cog in the Tory political machine. The parish supervisors have all anxiously over the roads, and they are appointed by the members of the legislature for the county wherein they are located. All control of the roads that the county council ever had has been taken away from them."

"An referring to these broken pledges simply to prove how lightly the members and supporters of this government seem to regard their responsibilities to the people who placed them in power. That same carelessness of responsibility has paved the way for abuses of a grosser nature, for trifling with the good name and honor of the province and has given rise to such irregularities as have made the serious charges of Mr. Dugal possible."

HAD INDIGESTION. Almost Despaired of Ever Getting Well.

When your food has not been properly digested, your body has not received the benefit it should. The exertions of the gastric juice have been confined entirely to removing the unassimilated, undigested portions of food, which they cannot properly digest as speedily as possible from the body, therefore only giving the blood a small percentage of nourishment with which to feed the tissues. No wonder then that indigestion and dyspepsia attack the stomach. No medicine can surpass Burdock Blood Bitters as a cure for this particular disease. It regulates the bowels, promotes perfect digestion, and thus restores perfect health to the debilitated system.

Mrs. Mary MacKay, Hunter's Mountain, N.S., writes: "I was troubled with indigestion for more than ten years. I tried several Doctor's medicines claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. After taking two bottles I was completely cured. It is so good, and I can eat most everything without any disagreeable feelings. I can strongly recommend B.B.B. to anyone suffering from indigestion."

Use "The Want Ad Way" AFTER GRIPPE

Made Strong By Vinol

John C. Pittman of Clifton, Pa., says: "After a very severe attack of the grippe my system was left weakened, nervous and run-down condition. I had no appetite at all. I was obliged to continue with my work, and nothing seemed to help me until a friend induced me to use Vinol. I began to note good results from the first bottle. I continued its use and am now sound and well as ever."

In health one cannot realize how dependent a person may become upon the one remedy after another without benefit for such a condition as Mr. Pittman was in, or what a relief it is to find one that restores to health and strength.

It is the combined action of the medicinal curative element of cod liver oil, without the greasy oil, added by blood-making, and strength-creating properties of tonic iron, that makes Vinol so efficient in building up the weakened run-down system.

I guarantee Vinol to give you perfect satisfaction. -Wasson's Drug Store.

terian church last evening on Home Rule for Ireland. Dr. Morison also prayed that peace and unity might be maintained in the province by the leaders of the church in the British Isles for the prayers of the people that the question of the treaty, already signed by Miss Rutt, deaconess of the Presbyterian church in Canada, addressed a meeting of ladies and girls in Calvin club, yesterday afternoon on social work. Mrs. James Ross presided.

Rev. P. R. Hayward of Germantown, Pa., has been invited by the congregation of Fairville Baptist church to succeed Rev. H. R. Boyer who has lately been appointed divisional secretary of the Canadian Bible Society. Mr. Hayward is a former resident in Carleton county. It is expected that he will accept. Dr. W. C. Kleistead of Fredericton preached at both services yesterday. Ten persons were baptized at the close of the morning service by Rev. H. R. Boyer. Mr. Boyer also extended the right hand of fellowship to four others who were baptized at the evening service.

In the Tabernacle Baptist Church four candidates were baptized by the pastor, Rev. J. D. Wetmore, in the morning and the right hand of fellowship was extended to them in the evening. Special Easter anthems were sung by the choir.

Thin Weak, Nervous Headaches, Indigestion

Was Easily Worried and Excited, and Generally Run Down—Marked Benefit From Use of Dr. Chase's Nerve Food.

Thinness and nervousness usually go together and arise from the same cause. The thin, watery blood. The digestive system is failing to supply the required nourishment to the tissues and the nerve cells.

A concentrated, easily digested tonic treatment such as Dr. Chase's Nerve Food is necessary in order to get the required nutrition into the blood stream. It is truly wonderful what this great restorative will do for thin, weak nervous men and women.

Mr. Fred Carstens, farmer, Laird, Sask., writes: "I was continually growing worse, decided to give Dr. Chase's Nerve Food a trial. I would suffer from headaches and indigestion, was easily worried and excited and felt generally run down. The benefit obtained from

ITALIAN RAILWAY STRIKE MAY TIE UP TRAFFIC

Rome, April 11.—Both the railway men and the government are preparing for the struggle which it is anticipated will begin next Wednesday if the railroad employees carry out their threat to begin a general strike. The railroad men are keeping their plans for the contemplated walk-out secret.

The government has ordered all the prefects in the kingdom to return to their posts, and also is organizing a service along the coast and will put it into operation in case the strike is called. Warships will be used in this service, but principally for carrying the mails. Should the strike be declared April 16 it will prove a most inopportune time for tourists, as on that date commences the forty per cent reduction in all railroad fares to Rome for the horse racing season. During this season a quarter of a million persons visit the capital.

ALBERT HICKMAN'S BOAT THAT RIDES ON THE WATERS

Speedy and Unique Craft, Invented by Man Well Known Here, is Described

(Montreal Star.)

Since the first cave man who thought about it, took his hatchet of stone and followed out a log, experimented for a while, and finally took his family out on Saturday afternoons for a paddle down the river, there really hasn't been much improvement in his conception.

Noah, when he built the Ark, took the hollow log for a model, and, with some slight variations, such as putting a keel on it and fastening it up a little, the men who built the Imperator went back to the prehistoric creature with the bit of skin about his legs for their main idea.

Knapp, the man who built the roller boat, managed to tear loose from the tradition of those old years, but the roller boat was nothing more than a magnificent theory. It failed, and people went back to building boats that were designed, roughly, on the lines of the log of the first man.

When the first wheel was discovered and set running down a lane of uncut-lathed rollers, every one wondered why he had not thought of it, instead of the rather shy little man who had built it, and who now stood in the hall of the first boat, with pride at his achievement.

And so it is thousands of years later, which brings it to today. We have with us the man who has invented the boat that rides on top of the water instead of through it. And as people see it and read of this wonderful new boat they say: "When was one that of that sort? It's so simple and yet so feasible."

Really New Idea.

The man who got the idea was Albert Hickman, a Canadian, who is at present at the Windsor Hotel. He calls the new boat the "sea sled" or "water sled" and says that he has not yet caught him at the right moment, he will tell you how the idea came to him. Nobody in the world before, perhaps, took the log of the first man, and cut it up and sank them and forgot all about them and then started out to find a way to build a boat that would beat all the boats ever built.

But it must be remembered that he forgot all about how every other boat was built, and that he had not a hint of how to build on building, but by starting all over and using some of the knowledge that gave him a B. Sc. degree, he built a boat that has not been built out a log did not have.

Hickman cut his boat in two, B-sections. He reversed it and put it together on books on building, but by starting all over and using some of the knowledge that gave him a B. Sc. degree, he built a boat that has not been built out a log did not have.

What "V" Does.

Now this invented "V" in the middle is the real secret of the speed which has been attained and of the statement by the inventor that he can make sixty miles an hour in a thirty-four foot boat without spray or roughness. The "V" inverted, gathers the spray under the boat and the spray is air drawn in form a cushion on which the boat rides. It is on, not in, water all the time.

The propeller is a new feature also. It is what is known as a "surface propeller." By the old type, to get the propeller under water there was a long shaft making downward from the rear of the boat. The friction of this shaft, when a boat got to a high speed was terrific. The water at the stem of a boat is travelling at thirty miles an hour has much the same intensity as steel. Mr. Hickman has invented a propeller that cuts into the water from the surface and shows the boat along at a wonderful speed.

Who Invented It.

Mr. Hickman, who is only about thirty-five years old and has attained no little prominence in the "blue nose country," was born in Pictou, N. S., and graduating from the local schools, entered Harvard at the age of seventeen. After receiving his degree he entered the writing field and not long afterwards published his first novel, "The Sacrifice of the Shapton." He also contributed articles and stories to the Century Magazine.

Then, in 1901, he was sent to Great Britain by the Canadian and New Brunswick governments, as a sort of educator of investors. He lectured and wrote about Canada, and finally was offered a riding. He did not fancy the contest, however, and coming back to Canada, began to work on his invention.

Meanwhile he has written another novel which the Century Company will publish. His engagement to Miss Esther Fox, daughter of ex-Governor Fox, of Massachusetts, was recently announced.

IF CATARRH KEEPS YOU HAWKING USE "CATARRHZONE"—THE QUICKEST CURE

Nothing Known So Sure for Throat Weakness, Bronchial Trouble, etc.

No doctor attempts today to cure a genuine case of catarrh or bronchitis except by the inhalation method. Stomach loss has been discarded because useless medicine so taken affects only the stomach—never reaches the seat of catarrh.

The advanced physician recognizes that only air can be sent into the lungs and bronchial tubes. Fill this air with healing medicaments and you solve the problem. No combination of antiseptics is so successful as Catarrhzone. It contains the richest pine-solans and the greatest healers known.

One breath of Catarrhzone instantly circulates over the area that is afflicted with catarrh. Relief is instant—suffering stops at once—germs are destroyed—every taint of disease is removed. Think it over seriously. Here is a remedy that cleans the throat, relieves hoarseness, coughing and bad breath. Irritating phlegm is cleared out, inflamed bronchial tubes are healed, throat and voice are strengthened.

Catarrhzone is pleasant and certain. You breathe Catarrhzone—you don't take it. Large \$1.00 size is guaranteed, smaller size 50c, and trial size 25c at all dealers everywhere.

A Splendid Showing of New Floor Coverings

Not the least important a consideration for you in changing to a new season is the new coverings that you will wish to place upon your home floor.

No matter what room floor you may desire to cover, the kitchen with oilcloth, the outside hall with linoleum, the main hall with a runner, or your rooms with a rug, you will find a most interesting variety here.

We have taken quite a little effort in securing for you this season the latest ideas in floor coverings. And in order that you may see them, and really be convinced of the superior efficiency of our store, we are doubly anxious for you to attend this exhibition.

- Linoleum—(3 and 4 yards wide) 60c. and 75c. Sq. Yd. Linoleum—(2 yards wide) 48c. and 60c. Sq. Yd. Oilcloth—(1, 1 1/2 and 2 yards wide) 30c. Sq. Yd. LOCAL NEWS

NEW SOCIETY. A new organization—the Tabernacle Society—is being formed in connection with St. John the Baptist Church, Broad street. It is really the re-organization of the Altar Society, but membership will include both the women and men. The object is to provide particularly for the care of the altar.

THE A. O. H. J. C. Barry of Fredericton, A. D. Francis of Sydney, M. F. Haley of Chatham, and W. P. Hayden of Halifax, provincial officers of the A. O. H. arrived in the city today for the provincial convention. Members of the scholarships board will arrive this evening. One feature of the gathering will be a public meeting to be addressed by the provincial officers.

"ENTIRELY UNTRUE." Regarding a report concerning a young man employed in a local business house to the effect that he had left the city hurriedly with between \$8,000 and \$10,000 in his possession, the general manager of the company said today that was entirely untrue. The young man had left to take another position which had seemed to offer better chances of promotion.

CHAMPLAIN IS HOME. The steamer Champlain came across from Meteghan on Saturday and went through the falls on Saturday to her wharf at Indiantown. Captain Wasson, who was in charge of the steamer coming across the bay, reports a very rough trip, but the boat stood it well. The Champlain has been newly painted besides undergoing extensive repairs and she now presents a fine appearance. She is all ready for the Bellisle route as soon as the river opens.

IN THE HOSPITAL. The commissioners of the general public hospital are greatly indebted to several persons who contributed toward the Easter cheer of the inmates of the institution yesterday. Mrs. Thomas Walker, Miss Jack and Mrs. Bothwell, on behalf of the Church of England Institute, sent to the hospital yesterday and distributed fruit to the patients. They also sent some home-made bread and cake. A box of oranges was also received from E. A. Goodwin, and cut flowers from Mrs. Charles Peters.

A NEIGHBOR'S QUARREL. Mr. and Mrs. David Clifton, both Russians, and Mrs. Mary Truscott, a Hebrew, were in the police court this morning. The families with others live at 25 Acadia street. Mr. and Mrs. Clifton were summoned upon a warrant charging them with assaulting Mrs. Truscott on last Wednesday evening. The complainant has several marks on her face and scratched on her neck, which, she says, were inflicted by the defendants, both of whom are alleged to have attacked her. The case will be tried this afternoon.

MR. WOODSWORTH'S ADDRESSES. Last evening in Portland Methodist church J. S. Woodworth, an interesting and very interesting address on immigration and the effect upon Canada of the influx of foreign peoples, a growing proportion of whom do not speak the English language or cherish the traditions of the British race. This afternoon Mr. Woodworth addressed representatives of the board of trade, Associated Chambers, Playgrounds Association and other organizations on Civic Welfare.

POLICE COURT. Nine prisoners were before Magistrate Ritchie in the police court this morning. One man arrested on Thursday evening charged with being drunk, and two others who were arrested on Friday charged with drunkenness and being frequenters of a house of ill-fame in Sheffield street, were brought in from the jail. All pleaded guilty, six of those with drunkenness were fined \$5 each or two months in all. The others were remanded. Jeremiah Daly and Charles Patterson were arrested in Sheffield street by Policemen Shortliffe and Ward about eight o'clock on Friday evening.

TAX REFORM IS GAINING GROUND

James R. Brown, the tax reform advocate, spent Easter in the city, and goes to Woodstock to deliver an address tomorrow. He will also speak at an early date in Fredericton, Campbellton and probably in other parts of the province. He has just returned from Nova Scotia. He addressed four or five meetings in Halifax, and had a very successful meeting in Amherst, where the tax reform movement is making great headway. Mr. Brown spoke twice in Moncton, and a Tax Reform League has been organized there. He also had a very interesting meeting in Sussex, where members of the town council, as well as business men, heard his address with confidence that in New Brunswick, as well as in Nova Scotia, reform in the system of taxation is becoming one of the most live questions before the people.

THIS IS HOLY WEEK IN THE GREEK CHURCH

Ninety-two years ago yesterday the independence of Greece from the control of Turkey was asserted, and yesterday in that far eastern land there was a renewal of the annual celebration. The members of the Greek colony in St. John did not observe the day with any special celebration, largely because they have as yet no large meeting place. With members of the Greek church yesterday marked the beginning of Holy Week. Good Friday will be observed on next Friday and next Sunday will be Easter with the members of that church.

THE NEW BOSTON AND ST. JOHN SUNDAY TRAIN

Much interest has been shown in the announcement that another Sunday train is to be put in service here, with Boston connection. It will reach here on Sunday mornings at 11:40 the same as on other days, and leave at 6:45 on Sunday evenings as during the week. This will make two C. P. R. trains leaving and arriving on Sunday as well as through the week.

ELEVEN BELOW FREEZING MARK

Here is a Cheerful Spring Day—Winter Wants it All

It would seem that winter is trying to establish itself as an all-year-round season, at least that was the impression this morning when, with a stiff breeze blowing, the thermometer stood at twenty-one degrees above zero, or eleven degrees below freezing. The highest registered all day yesterday was thirty-seven, but after a slight shower of rain last night, the mercury started to shrink, and it reached its lowest point early this morning. At noon it was still eight degrees below freezing.

THREE MATTERS IN PROBATE

In the probate court the will of Mrs. Helen M. Gray, wife of William G. Gray, of St. John, engineer, was proved. She appoints per se Roy C. Gray, machinist, executor, and he was sworn in as such. She directs him, after the death of her husband, to divide her property into two equal shares, one of which she gives to her daughter, Helen M. Gray, on her attaining the age of twenty-one years, the remaining share to her daughter, Hazel M. Gray, on her attaining the like age. There is no real estate; personally, including a leasehold in Cannon street, \$4,000. T. P. Regan is proctor.

In the matter of the estate of Miss Ann Gallagher, of St. John, Henry Gallagher, merchant, the administration, filed his accounts and asked for passing them and for an order for distribution. A citation was issued returnable on Monday, May 18 at 11 a.m. Daniel Mullin, K.C. is proctor.

In the matter of the estate of Margaret L. Spencer, widow of Albert L. Spencer, professor of dancing, there was return of a citation to pass the accounts of John J. Sherwood, of Hammond, Kings county, the executor. The accounts as filed were passed and allowed. James H. MacFadden is proctor.

EASTER

It was a glorious Easter morning and the churches of the city were well filled for the special services of the festival. Saturday night had not given good promise but the sun shone brightly on Easter morn. In the afternoon a brisk wind sprang up and at night came rain. Business men report a big Easter trade and the rush in the stores on Saturday night bore out their assertion. There was a great demand for Easter flowers.

HOME NEXT MONTH

Wm. Downie, former superintendent of the Atlantic division of the C. P. R., who has been traveling in the old country with Mrs. Downie, is expected home sometime next month. The last word received from them was from Switzerland.
