MAIL ORDERS

We solicit out of Town orders, which receive
our personal attention. The length of time tak-
ing to fill orders is governed very largely by how
busy we are in the department of our factory in
which the particular goods are made. While
we have exceptional facilities for promptly
turning out goods, it is important to place or-
ders as far ahead as possible. Orders are filled
by us in the rotation in which they are received,
and customers can always depend on our doing
everything in reason to give prompt despatch.

BASEBALL NOTES AND JOTTINGS

**Vics Score Over the I.C.R. on
Monday Assisted by Mr.
Errors**

The game at the bawlyard on
Monday evening could be best
described as a "swat fest" and a
"comedy of errors," when the Vics
and I.C.R. battled for the bigger
end of the gate receipts. The en-
counter was viewed by a good at-
tendance of the youth and beauty
of the town, newly-weds, moneyed
magnates, and the general public.
The evening was all that could be
desired, and many beautiful costumes
were shown, the latter fact might
interest some who have not
yet paid the price of admission
to the expensive seats in the stand
beside the aforesaid magnates and
is given as information absolutely
free.

The I.C.R. took the field and
Delaney opened the Vics innings.
He and Roy who followed, swung
three death-dealing swings at a
Blau's pill which like the Irish-
man's flea was in two places at the
same time, then Stewart got an in-
field hit. With Pond up Stewart
stole second went to 3rd on Lavoie's
error, and then Hedley promptly
struck out leaving Stewart without
visible means of support on third.
For the I.C.R. Mersereau hit to
right, Shirley advanced Mersereau
to second, where he was out after
Duncan's catch of Keith's fly. Le
Blanc struck out, Shirley dying at
first.

In the second innings the Vics
got a good connection with the ball,
getting five hits and assisted by a
few errors tallied six runs. Fraser
first up hit through third. Mat-
thews had safe hit and got to second
scoring Fraser. Mowat got to first
on Shirley's error, and with McLean
up both effected a steal. Matthews
scored and Mowat brought up on
third on passed ball by Mer-
sereau, then McLean struck out.
Mowat score on a passed ball,
and Duncan fanned. Delaney got
to first on Mersereau's bad throw,
then Roy hit to left field for three
bases scoring Delaney. Roy follow-
ed on Stewart's hit to centre for two
bases, Stewart stealing third with
Pond at bat, whose single scored
Stewart. Fraser fled out to Roy
leaving Pond on first. Six runs.
Some innings.

The Railway Boys, Woods, Davis,
and Malcolm were out at first in
in consecutive order (i.e. one after
the other).
The Vics got McLean to first where
he died, and the Railway boys then
gave up thinking about "Jack's Wife"
and the Vics took a hand in dream-
ing of the glorious creature. To
begin with Lavoie fanned. Roy got
to first on Duncan's error, and with
Matthew's continuing the good work
by fumbling Mersereau pulled up on
first. Shirley hit to centre filling
the bases. Keith with a timely
single scored Roy then Mersereau
stole home, LeBlanc's hit again
filled the sacks with one out, and
Woods hit for two bases scored
Shirley and Keith. Woods was
out at third and LeBlanc tallied,
while Davis struck out. Total
five runs.

In the fourth for the Vics, De-
laney was out at first, Roy hit
through 3rd base and stole second.
Stewart's walloped scored Roy. Pond
safe on infield hit, Stewart being
tagged out on second. Fraser
punched out a two bagger, and Pond
came home on Mersereau's bad
throw. Fraser died on third when
Matthew's struck out. The I.C.R.'s
tale, Malcolm struck out, Lavoie
struck out Roy at out first.

Lavoie went into the box in the
fifth and heralded his appearance
by an error giving Mowat first base.
McLean got free ticket both advan-
cing on passed ball by Mersereau,
Duncan out at first. Delaney struck
out. With Roy at bat, Mowat and
McLean scored on bad throw by
Mersereau. Roy struck out.

In the Railway half, Mersereau
hit to left field. Shirley safe, going to
second and Mersereau to third on
Mowat's error. Keith fled out to
Duncan. Mersereau scored on Le-
Blanc's out at first. Woods hit to
left scored Shirley, Woods dying on
first when Davies struck out.

COUNCIL MEETING TUESDAY EVENING

**Assessment for this Year
Fixed a \$36,000—A Slight
Increase.**

The Town Council met on Tues-
day evening in the Council Cham-
bers, His Worship Mayor Andrew
presiding. There were present
councillors Alexander, Miller,
White, Quinn and Pinault.
The minutes of last weeks meet-
ing were read and confirmed.
Communication was read from
the Canada General Electric Co.,
with regard to the account for the
new street lighting plant was re-
ferred to Electric Light committee.
Communication was read from
Mr. J. W. McCready, secretary of
Union of New Brunswick Muni-
cipalities asking if there were any
names to be forwarded as delegates
for the convention of municipali-
ties at Saskatoon in July. Letter
read on table.

The following reports of com-
mittees recommending payment of
accounts were received and adopt-
ed, viz councillor White, Police
and License committee, \$94.50;
White, Fire protection, \$90.89;
Miller, Finance, \$46.03; Alexan-
der, Water and Sewerage, \$5.51.

Before the Finance report was
adopted which included a bill for
Graphic printing and advertising,
Councillor Pinault said that there
were two printing establishments in
this town and he did not see why
Mr. C. S. O. Crockett should
not receive some of the printing
orders of the town. He also
questioned the amount paid out
for advertising Dog Taxes and the
purchase of dog tags, the sum paid
out nearly amounting to the total
amount received from dog taxes
last year which was \$15.00.
Councillor Pinault was informed
that the latter question was in the
magistrates hands, not the council.
In reply to the first question re-
garding printing matter. His
Worship informed councillor Pin-
ault that personally he had always
found that the Graphic charged
only about half of what the other
man did, and no doubt that would
be taken into account when print-
ing orders were placed. The mat-
ter then dropped.

Councillor Pinault presented to
the council a new proposed grade
on Roseberry Street from Minto to
the subway, which after discussion
was accepted by the council. This
will call for the raising of the
street level about 2ft 7in at its low-
est point.

Councillor Quinn brought before
the notice of the council the con-
dition of the basement of the house
occupied by Mrs. Allen C. Miller,
which had been flooded by sewer-
age for nearly a month. Councillor
Alexander informed the council
that the matter had been
brought to his notice, but the
break and stoppage of the sewer
pipe was on the property and could
not be repaired by the town. It
was a matter for the proprietor of
the house to attend to. After further
discussion the matter was left in
the hands of the Board of Health.

The council then went into com-
mittee of the whole to deal with
the assessment for the year 1913.
Deputy Mayor White was chosen
chairman. After due considera-
tion the following assessment was
recommended to be imposed, and
adopted by the council.

ASSESSMENT FOR 1913
Public Property and Streets—
\$7000.
Street Lighting—\$1250.
Schools—\$6800.

\$2000.
Sinking Fund—\$7500.
Interest on School Bonds—\$1200
Water and Sewerage—\$2300.
Total \$36,000.
The assessment for last year was
\$33,500, divided as follows:
Public Property and Streets,
\$5750.
Street Lighting, \$1250.
Schools, \$6500.
Fire Protection, \$4000.
Board of Health, \$500.
Maintenance of Police Force,
\$3200.
Salaries and Contingencies,
\$3600.

GOOD PLAY SHOWN AT OPERA HOUSE

**Large Crowd Greeted Mr. T. H.
Bird and Company of
Amateurs**

Since the advent of Mr. Theodore
H. Bird in our midst, all classes
have been looking forward to the
performances of "Jack's Wife" in
which so many of our young people
were taking part. A goodly crowd
gathered to see the first performance
last evening and on all sides noth-
ing is heard but praise for the excel-
lence of the entertainment. It says
much for our local talent and a great
deal for Mr. Bird, that such an en-
tertainment as given last night,
could be worked up in such a short
time.

The work of the principals in the
cast was of the best, Miss McLatch-
ey making a splendid lead and the
other ladies working to their parts
whole heartedly.

The male members were also very
good, Mr. Mersereau and Mr. Sar-
gent being best in their parts. Al-
though Mr. Harry Ferguson did his
part well some people thought he
was a little stiff, but then Harry is
not old, and the spirit of youth is
bounding in his veins. Mr. Wal-
lace as the lover was very good, but
will improve with a little experience.

Taken all over the specialties were
in a class by themselves, and a good
house is assured for this evening.
A matinee will be given on Saturday
afternoon.
The full cast is as follows:
Jean McLatchey as Mercy Baxter,
Jack's Wife; Muriel Mowat as Edie Hen-
derson, Harry's sweetheart; Lucy Mc-
Lennan as Emma Watson, looking for a
husband; Mona McLennan as Mrs. Hen-
derson, Jack's mother; Harry Ferguson
as Jethro Baxter, a rough diamond; C.
R. Mersereau as Prof. Philander Potts,
looking for a wife; Geo. Wallace as
Harry Woodthorpe, in love with Edie;
Edmund Sargent as Wally Henderson, a
college boy; Burgess as Jakes; Jakes
Baxter, a rube; Theodore H. Bird as
Jack Henderson, a man of the world.
Act I.—Henderson Camp near New
York City, "The Proposal."
Act II.—Home of Jethro Baxter, "The
Wedding Day."
Act III.—Jack Henderson's Bungalow,
"The Awakening."
Act IV.—A fancy dress reception at
the Henderson Home, 5th Avenue, New
York City, "The Meeting."
Specialty between Acts I and II—"The
Trail of the Lonesome Pine." Solo by
Mr. George Myles, assisted by Irene
Murray, Hazel Mowat, Florine Nelson,
Bertha Ferguson, Isabel Cameron, Nellie
Annett, Kathleen Dickie, Greta Metzler,
Jennie Shields, Helen Davidson, Jean
Henderson, Margaret McLennan, Lena
McLean, Ethel Murray, Estelle McKen-
zie, Lou Gilker, Rena Murray, Ruth
Cameron, M. Gallagher, and Mrs. J. B.
Sowerby, Messrs. H. Conrad, B. Dodge,
O. Mowat, H. C. Shirley, F. W. Kelly,
L. L. Dawson, R. J. Lavoie, C. B. Farrar,
E. B. McLatchey, R. Malcolm, W. P.

Interest on School Bonds, \$1200.
Sinking Fund, \$7500.
Total \$33,500.
Showing an increase of \$2500.
Council then adjourned.

GRAPHIC CONTEST OFF WITH A SWING

**Six Candidates Now in the
Field and Some Votes
Cast**

The Graphic's "most popular
Railroad or Steamboat man" con-
test is off with a swing, six men
being entered and all are very pop-
ular in their division. The candi-
dates are:

Charles Johnson of the I.N.R.
Robert Orchard, Conductor on
West Local, I.C.R.
James Patterson, retired track-
master, I.C.R.
Capt. F. J. Allard, of Dalhousie,
Maguasha ferry.
John McCormick, Driver
Quebec Oriental Railway.
Fred Renault, Purser of S. S.
Canada.

Now pick out your favorite and
send in coupons to the Contest
Editor. Every new subscriber and
those renewing subscription are
entitled to votes as per a list pub-
lished elsewhere.

A number of coupons have been
handed in for candidates, but the
standing will not be given until
next week.

Give your favorite an early start
as sometimes this means the win-
ning.

It is not too late to nominate a
candidate. The Atlantic Quebec
Western should have a representa-
tive and some from down the I.C.R.
should try for honors.

Read the rules as published on
another page.
The prize is a handsome leather
upholstered Morris chair.
The contest ends Wednesday,
July 23rd.

Thomson, I. F. Champron, F. M. Gray,
C. B. Fairley, J. A. Mowat and Harry
Mackess.

Specialty between Acts II and III—
"My Hero." Solo by Miss Lou Gilker
and Mrs. Sowerby, assisted by 12 young
men.

R. J. Lavoie, assisted by Miss Florine
Nelson and 5 young ladies.
Specialty introduced in Act IV—"A
Gotta Quit Kickin' My Dog Around."
Solo by Mr. H. Conrad, "Send the
Paint." Solo by Miss Hazel Mowat, as-
sisted by entire company.

The patrons might note that the
regular time for starting the show is
8:15 and they would confer a favor
on all by being in their places by
that time.

The management of the Opera
House is sorry that there was any
dissatisfaction to the patrons owing
to the plan of seats being changed
from the box office.

In future for all plays the plan of
seats will be on view at the Opera
House.

There is no real need of anyone being
troubled with constipation. Chamberlain's
Tablets will cause an agreeable movement of
the bowels without any unpleasant effect.
Give them a trial. For sale by all dealers.

To the Editor of the Graphic:

Dear Sir:— In Mr. Shannon's letter of April 17th he charges me with lack of knowledge of the English language. Coming from him that seems rather funny. The people where he came from call everything she, except a man's wife and they call that he. They call "dis dai" and "dat dis." The strange thing about Mr. Shannon's letter is he never means what he says. He writes a letter advising the sale or lease of the I. C. R. and complains that he is called the man who wants to sell the I. C. R. In his next letter he wants to sell the I. C. R. In his next he wants the I. C. R. to take over the branch lines. Now, Sir, there was a strong delegation sent from the counties of Gaspe and Bonaventure to Ottawa last winter to ask the Government to take over the Bay de Chaleur and Gaspe Railway. If those men instead of at once laying their case before the Government would begin to advocate the sale or lease of the I. C. R., what would their people at home think of them? Why, Sir, they would call them lunatics. They would not dare to show themselves back.

When he states that I said New Brunswick was all bog, he is far from the truth as he is many other charges. I simply refer to the bog land between Moncton and Bathurst and the mountains along the Metapedia River. Mr. Shannon does not appear to understand the meaning of the word "Metapedia," or where it begins or ends, and thinks J. Fenderson's farm is on the Metapedia River. It was not all bog either. J. Fenderson's mill and farm is on the Saybec River. I was called to Saybec in 1896, to build furnaces, and since that time have been there at all seasons doing similar work. At the place was rather lonely I spent much of my time in the evenings and Sundays with J. Fenderson. Long before he cleared an acre of his farm, I can well remember the toads and frogs furnishing the music for the mosquitoes to bore holes in our skin. J. Fenderson cleared the said bog more to get rid of the pests than any profit. He was three dollars out for one in, but being a wealthy mill owner he did not mind. They had horses and farm machinery, and sawdust, and means which poor a man could not have.

Now, Sir, as to what he says about my farm, I can tell you I have made more money from my woodland, expenses counted, than I have ever done from my cleared land. I did not say my money was the view of making money. At that time there was no real estate agents, no potato bugs, nor brown tail moths. I bought as an emergency, if other things should fail. The emergency was like Borden's emergency, it never matured. I think that Mr. Borden would like today that said a word never spoken in the English language. I have let much of my stump land grow to wood and can now cut fairly good logs where my predecessors cut but some fifty years ago. But does Mr. Shannon compare my land or land anywhere on the sea shore to land in the interior of New Brunswick? The land in question, I stated in my letter that I thought that successful farming could be done in New Brunswick along its sea board and take shovels, but not the interior. Mr. Shannon says he has done more for the lumbermen than I have. Now, Sir, I have attended to the land that class seven counties in New Brunswick and Quebec. I am sure the lumbermen could not do without me or some one in my place. I never heard of any man for Mr. Shannon or any other real estate agent, but let me tell him that there was one of my most worthy and respected neighbors once assisted to be a lumberman. He got a man that had travelled very extensively in the West, and was hailed from place to place as a "lumberman," and so on. This is as I got it. Anyway the poor man lost his house and farm and mill and died broken hearted. That certainly is more than I ever did for the lumbermen. Now, Sir, Mr. Shannon says I can not tell him that a crop of trees in every thirty or thirty-five years is as good as a crop every year. He thinks a crop of trees in a year of buckwheat, all grown at once, all ready to cut the same time. Suppose I have one hundred and fifty acres of woodland, with myself, a man and a team, I can cut the logs off ten acres every year. That gives me fifteen years to cut over my woodland. In this way I can have a continuous cut of lumber. So could every lease holder if this method of cutting was carried out. No country need go to the expense and delay of reforesting. It is only shortsighted people of the Shannon type who think it better than their forefathers, need be caught that way. I would ask Mr. Shannon if cleared land is more valuable than timber land. Why does he say the railway companies have taken the land in reforestation. Can Mr. Shannon point to one deserted farm in New Brunswick or anywhere else that is well stocked with lumber? He can not do it. These are stubborn facts for Shannon. You can find men up the International Railway settled on wooded farms who have left more than I ever did for the lumbermen. Just as good farms simply because there was no wood on them. As to settling fifty thousand people in New Brunswick without interfering with the lumbermen is simply bosh. Has Mr. Shannon forgotten what took place up the International Railway last fall? And have I not heard Fenderson's time and again complain that the farmers were ruining his limits, and that they were coming to him starving and asking for work? He moved his winter mill twelve miles from the Railway in hope of getting clear of the pests, but in a short time they burned his mill. He cannot farm lumber in the same locality. What has Campbellton gained by the selling of land in the Tobique and Seven Mile Ridges? Now I think this a serious question and one that involves much, and on which depends the welfare of all our Towns and every village in Campbellton. We all know that the lumber industry is the mainstay of this Country, not only the Towns but the farmers as well. I have been in and out of the Tobique Road many times and I never saw a bag of potatoes or oats coming out to town. It was all the other way; always hauling feed for man and beast. I concluded that the more farmers, the more would have to be imported into the Country, but where was the money to come from to pay for this food? It surely had to come from the wood, and if there was no wood and all farms and farmers, what then? I could go on and tell what I saw many times, of fields of grain to poor to gather, but space will not permit. Those poor people have to resort to all means to get a dollar and we cannot blame them. They kill moose and deer the whole year round. They get the Lions share of the Road money — when a general election comes on —

CAMPBELLTON LADIES AT MONCTON

Ladies' Auxiliary to B. of L. E. Entertained by Moncton Ladies

The officers of the Restigouche Division Ladies Auxiliary to the Brotherhood of Locomotive Engineers paid a visit to Moncton last Friday and were entertained during the afternoon and evening by the ladies of Moncton Division.

The afternoon meeting was a joint secret session of the lodges, but in the evening a general entertainment was given at which the local division had as its guests, the Campbellton ladies several Campbellton engineers, the Moncton Order of Railway Conductor and the ladies of its auxiliary, as well as the local engineers who were "in" at the time.

The Campbellton ladies were paying a return visit, the members of the local lodge having made a trip to Campbellton during the past winter.

In the evening other guests were entertained, as mentioned above, at a social in the Oddfellows' Hall, V. M. C. A. building at which the following enjoyable programme was carried out:

Address—Mrs. Alex. Donald, local president.
 Piano Duett—Misses Hazel and Bessie Carson.

Reading—Mr. John Stultz.
 Vocal Solo—Miss Olive Morton.
 Reading—Miss Helen Jefferson.
 Vocal Solo—Miss Mary Copeland.
 Vocal Solo—Mrs. R. C. Colpitts.
 Piano Solo—Miss McFarlane.
 Vocal Solo—Miss Irene Morton.
 Reading—Miss Roberta Cool.
 Vocal Solo—Miss Irene Morton.
 Vocal Solo—Miss Kelsie Manning.

Short addresses were made by members of the conductors' and engineers' local divisions.

At the close of the programme refreshments were served and dancing was indulged in until after midnight. A vote of thanks to the ladies of the local B. of L. E. auxiliary was moved by Mr. Aulie Matthews, B. L. E., Campbellton, and was seconded by Messrs. Wilbur, O.R.C., Moncton and Geo. Anderson, B. of L. E., Moncton.

Mr. F. Milton Doherty of Campbellton was also among those present from this town.

Miss Kelsie Manning presided at the piano during the evening.

The following officers of "Restigouche Division" came down from Campbellton: Mrs. J. A. Gilker (president), Mrs. M. R. Baird, Mrs. D. C. Gallon, Mrs. T. W. Henry, Mrs. T. M. Doherty, Mrs. George Lutz, Mrs. E. Thomas, Mrs. J. Smith, Mrs. E. Shirley, Mrs. A. Matthews and Miss A. Pincus.—Transcript.

WILL SHIP LARGE QUANTITIES OF ORE

Bright Outlook for the County of Gloucester. Large Shipments Are Ready

"Our company will ship 150,000 tons of iron ore, during the summer," said J. J. Drummond, proprietor of the Drummond Iron areas near Bathurst, yesterday. Up to the present time our shipments have been practically experimental but now we have regular contracts and hope to increase the output each year. The ore is sent to Philadelphia where the business is on a sound basis."

Mr. Drummond said that the company had about 30,000,000 tons of ore in their holdings "we have three vessels under continuous charter for carrying the ore" he continued "and these are loaded at Newcastle. The whole northern part of the province has advanced greatly within the last few years."

The government has thrown open a large track of land for settlement and farmers are taking up land in all directions. Dredges are at work deepening the Bathurst harbor, and there will be twenty-five feet at low water at the different docks. We expect soon to have a large pulp mill established there.

Accompanying Mr. Drummond were W. F. C. Parsons, of Middleton (N. S. J.), and general manager of the company, and G. G. Fulton, who had charge of the operations at the mines.

ANOTHER VIEW

Bathurst, June 16.—The interview published above from the St. John Standard of this date referring to dredging at Bathurst harbor by J. J. Drummond, is very misleading. While it may be true that the Maritime Dredging Company has the contract for the inner harbor work, it is not true that they have the "matter now well in hand." Not an hour's work has yet been done by this company either inside of or outside Bathurst harbor. They have no large suction dredge at work, nor any scows here yet.

The suction dredge at work is a government dredge placed at work on outer harbor by the late Liberal government through the efforts of Mr. Turgeon, M. P. The outer harbor work is not yet completed, but is progressing favorably. Mr. Drummond "pays a high compliment to the dominion government," says the Standard. The Liberal government deserves this credit by beginning this important work in 1910. The present government ordered the government dredge away from Bathurst in April last, and it was only after a strong delegation composed of Conservatives and Liberals, had gone to Ottawa that Hon. Mr. Bowers was induced to leave the suction dredge at work on the outer harbor and call for tenders for inside work.

If Mr. Drummond is no more accurate touching his opinions on the construction of Drednoughts in Canada than is in his interview touching Bathurst harbor, not much reliance can attach to his "emergency" interview.

BODY WRAPPED IN SUFFRAGIST BANNER

Imposing Funeral Procession Through London Planned

London, June 10—It has been decided that Miss Emily Wilding Davison, the militant suffragette who died from her injuries received while interfering with the running of the Derby, shall be buried at her home, Longhorsley, Northumberland, on Saturday. The body has been wrapped in a suffragist banner and a suffragist badge has been placed in her coffin.

The Women's Social and Political Union is arranging an imposing ceremonial procession across London and a memorial service to be held at the headquarters of the militant organization when the body is placed on the train to be sent to Northumberland.

At the weekly meeting of the suffragettes held in a music hall in London to-day most of the women wore mourning. A telegram was read which had been dispatched to King George in the following words:

"Constitutional methods of approaching our king having failed and Miss Emily Wilding Davison having given her life to call attention to the women's passionate demands for the franchise, we ask the king to give serious attention to this appeal of womanhood!"

TWO STEAMERS COLLIDE AT SEA

Six of Crew of Hinrich are Missing and May be Lost

Cuxhaven, Germany, June 9—The British steamer Adenahale, while putting out to sea yesterday, collided with the Hamburg fishing steamer, Johann Hinrich, which was sunk. Four of the crew were saved and six are missing. It is believed they were drowned.

EFFORT TO PREVENT ANOTHER OUTBREAK

London, June 10—The great powers are exerting every effort to prevent the Balkan states from flying at each other's throats, and reports from Vienna indicate, with some success. Russia and Germany, particularly, are busy counseling peace and moderation, and the French government is supporting them, and as the principals creditor, is giving both Servia and Bulgaria clear warning that in the event of war no financial assistance will be forthcoming either before or after hostilities.

Since Servia has definitely declared that she will avoid all provocations toward Bulgaria, even should the latter refuse revision of the treaty of alliance, and will wait before proclaiming annexation of the occupied territories, and since Bulgaria has also expressed readiness to do everything possible to maintain peace, it is still hoped the war may be averted.

NEW YORK'S HOTTEST DAY OF THE YEAR

New York, June 17—Yesterday was the hottest day of the year in New York city. There were a large number of heat prostrations, but no fatalities. The mercury reached a maximum of 91 degrees on the skyscraper where the official Weather Bureau is located. The thermometers at the street levels recorded as high as 102 degrees. The temperature had dropped eleven degrees last night.

When your child has whooping cough be careful to keep the cough loose and expectoration easy by giving Chamberlain's Cough Remedy as may be required. This remedy will also liquify the tough mucus and make it easier to expectorate. It has been used successfully in many epidemics and is safe and sure. For sale by all dealers.

TARIFF CHANGES NEXT SESSION

Finance Minister to Study Conditions in the West

Ottawa, June 9—A revision of the general tariff of Canada will be elaborated this summer. Representations are being obtained from recognized representatives of the industries of the Dominion including the banks and the railways. They will be carefully considered when the schedules are dealt with. It is expected that next session will be largely devoted to the tariff. Finance Minister White is leaving for the West within a few days for the purpose of securing at first hand information of the industrial conditions on the prairies and in British Columbia. In tariff matters the views of the west and east have always differed. The west has frequently demanded free admission of agricultural implements and other articles which it uses largely. The east has stood for protection. The pinch of comparative hard times has made the west rather more insistent than in the past when money was easy. In view of this fact and because the financial situation of the west is worth looking into just now Hon. Mr. White proposes to spend a part of his summer in Manitoba, Saskatchewan, Alberta and British Columbia. The extent to which the tariff will be revised next session will depend largely upon what Mr. White learns this summer.

DECLARES WAR ON LIQUOR TRAFFIC

Toronto, June 5.—At the close of the Presbyterian Pre-assembly Conference yesterday afternoon, a resolution calling for a demonstration act to prohibit the manufacture, importation and sale of intoxicating liquors was carried with great enthusiasm. It was presented by Dr. A. S. Grant.

Dr. Grant is not given to emotion but there was a glint of moisture in his eye as he spoke to the audience.

'God will not save Canada,' he said, 'until Christian men look to the liquor traffic and say: "Get off the mat." My soul is pained within me because the young men are going down. I want the congress of this church to give an expression on the drink question. I am looking for vengeance, and I want it, said he, amid a torrent of applause.

He deprecated all the talk about the budget when it came before the assembly committee. The Presbyterian Church has committed itself in theory, but you are afraid to take your stand, you are afraid of the vested interests. What right has a British man to deal out poison to people in this country? He asked, amid a frantic outburst of cheering.

Cut out this business and you cut out the nerve of the evil that is demoralizing the land. If you are going to build up the kingdom of God in Canada, we must root it out.'

The enthusiasm broke loose right here. Men got upon their seats and yelled, women and men waved their handkerchiefs, and the place was pandemonium for some minutes.

Quietly and with a dignity of his own this strange man who has consecrated his life to doing good for others, read the following resolution:

1.—Whereas, recent scientific investigation has revealed that alcohol is a poison and injurious to life, even when taken in small quantities; and,

2.—Whereas, the liquor traffic has become a great economic burden; and,

3.—Whereas, the enemy of all social progress, and the cause of much social distress in efficiency, poverty, insanity, crime, and death; and,

4.—Whereas, the highest development of individual and national life demands the suppression of the liquor traffic; and,

5.—Whereas, the progress of the kingdom of God is greatly hindered through the traffic in intoxicating liquors:

Be it therefore resolved,—

1.—That in the opinion of this congress, consisting of all the ministers and representative laymen from all the congregations of the Presbyterian Church in Canada, the time has come when legislation should be secured in Canada, prohibiting the manufacture, importation and sale of intoxicating liquor for beverage purposes.

2.—That this resolution be forwarded to the general assembly for action.

3.—That it be a suggestion to the assembly to invite all other religious bodies and temperance organizations to co-operate in a work having for its object the total suppression of the liquor traffic in Canada.

There was another demonstration at its close, and the place simmered with excitement. All the champions of temperance were gathered there, and one of them said, with a ring in his voice:

'War has been declared!'

That was the note of the end of the meeting.

NEW CARLISLE

The Rev. I. N. Kerr, Inspector of Schools conducted the service of Sunday the 15th at St. Andrew's Episcopal Church.

Miss Laura Kempfer who for the past year has been training at McDonald College is home again visiting her parents.

The exams of the New Carlisle Academy began Tuesday the 12th, and the pupils are anxiously studying and waiting for the results.

The re-building of the New Carlisle Academy will commence in the near future and men are anxiously waiting for the summer's work.

Rev. G. P. Tattre and wife and Mr. J. O. Shear returned home on Tuesday, from attending the great Presbyterian Congress.

They report having a grand time, one or two of the main subjects brought up and enlarged upon by the congress and assembly was the grand stand they took on church union and the temperance question, the latter being unanimous, that all would endeavor to work and pray for the stamping out of the great curse, strong drink, as a body would endeavor to secure government support.

Upwards of 9000 ministers and their wives and elders attended the congress and assembly from all over Canada. There was a great feeling of brotherly love and christian spirit manifested such as was never known before and will surely have a lasting influence on all who had the high honor of being present.

On Saturday the 10th, the city of Toronto gave to all the delegates a warm reception. The Mayor gave the address of welcome, about 6000 were present on the beautiful University grounds.

One of the great features was the grand band and the Highland pipes all dressed in uniform (the kilts). All street cars in the city gave free fare to all delegates during the whole congress.

Rev. G. P. Tattre preached his farewell sermon, Sunday evening the 15th to a large congregation. Taking his text from the 13th of Cor. 58 verse and exhorted his people to be steadfast, unmovable in the work of the Lord.

There is a strong feeling of regret over the whole congregation an account of his departure and his many friends wish him and his good wife God speed in their new field of labour. Mr. Tattre expects to leave here by train the 17th for his new field in Tabachnick, N. B.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. OPENING OF CANAL

New York, June 9.—By January 1, 1915, anything that floats can pass through the Panama Canal between the Atlantic and Pacific Oceans," declared Col. George W. Goethals, chief engineer of the canal zone, who arrived here tonight on the steamer Pastores, from Colon.

"I shall send a vessel through the canal just as soon as we get water into it," continued the chief engineer. "I promised that the Fram, used by Amundsen, in discovering the South Pole, should go first, but the initial passage will probably be made by a smaller craft."

Of the frequent landslides reported along the canal, Colonel Goethals said such slips are to be expected until the high banks become eroded to a gradient sufficient to overcome gravity.

Apr. 18-10ins.

NEW RICHMOND

Rev. W. B. and Mrs. McCallum have returned from Toronto. They speak highly of their trip to the great gathering in that city.

We are pleased to learn that Miss Robertson who has been quite ill, is somewhat improved. We wish her a speedy recovery.

We regret very much to hear of the illness of Miss Ruby Fallow, but hope for a speedy recovery.

Much sympathy is felt for Mr. and Mrs. George Hardy in the death of their 10 year old son, Archibald, which occurred on Friday, the boy being drowned in a brook on his way home from school. Mr. and Mrs. Hardy reside about four miles up the east side of the Little Cascapedia River.

Mr. Henry is putting up a fine residence and no doubt when completed will add much to the appearance of our charming little town.

We have in our harbour at present a steamer taking a cargo of laths for Montgomery & Son's, two barges loading lumber for the Cascapedia Mfg & Trading Co., also a large steamer was cleared on Wednesday the 11th with a large cargo of deal shipped by Montgomery & Son's for the English market.

Mrs. R. H. Montgomery left on Tuesday for Reston, N. B., to attend the Presbyterian. She is accompanied by Mrs. J. C. Fair of Black Cape.

It is now well known that not more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by all dealers.

BLACK CAPE

The Dr. Wardrop Mission Band held an ice cream social at the home of Mrs. J. C. Fair on Wednesday evening, and notwithstanding the weather it was well attended. The proceeds amounted to \$11.

Mr. Hugh Johnston has returned from Toronto. He reports of having a pleasant trip.

Mrs. J. H. West has gone on a trip to Port Daniel.

Mr. and Mrs. John Hall Kelly, accompanied by a lady friend while passing through here on Saturday evening by automobile, met with an accident to their car by breaking one of the axles of the car. This is a sample of our good roads.

Mrs. J. C. Fair left on Tuesday for Reston, N. B., to attend the Presbyterian which takes place there this week.

LINE BLOCKED BY WRECK AT BATHURST

Early Thursday evening, June 5th No. 10 way freight, east bound from Newcastle, side-swiped McKenzies west bound special on the east switch at Bathurst station, with the result that the line was blocked for some time and the west bound Maritime express (33) was delayed for about three hours. Apart from the delay the accident was a slight one, and the damage to the rolling stock and roadbed did not amount to much. The way-freight which ran into the was special in charge of Conductor Steve Nickerson of Moncton and Engineer Orville Gilker, of the town.

The accident was caused primarily by the short siding at Bathurst which was not long enough to contain the whole of McKenzies special. The special had a cross on the way freight, at Bathurst, and the only way in which the cross could be accomplished under the circumstances was for the special to pull up through the siding to the west switch let the freight pull down the main line until clear of the switch and then for the special to pull out for Campbellton and thus clear the east switch and main line beyond and thus allow the freight to proceed.

The wayfreight in carrying out the above manoeuvre failed to stop before the east switch was clear, with the result that her engine side swiped the special, smashing a car loaded with lime which was situated about ten cars from the van. No one was injured in the collision.

Each age of our lives has its joys. Old people should be happy, and they will if Chamberlain's Tablets are taken to strengthen the digestion and keep the bowels regular. These tablets are mild and gentle in their action and especially suitable for people of middle age and older. For sale by all dealers.

WOMAN SICK FOR YEARS

Wants Other Women to Know How She was Finally Restored to Health.

Hammond, Ont. — "I am passing through the Change of Life and for two years had hot flushes very bad, headaches, soreness in the back of head, was constipated, and had weak, nervous feelings. The doctor who attended me for a number of years did not help me, but I have been entirely relieved of the above symptoms by Lydia E. Pinkham's Vegetable Compound, Blood Purifier and Liver Pills, and give you permission to publish my testimonial." — Mrs. LOUIS BRIDGEMAN, Sr., Hammond, Ont., Canada.

New Brunswick, Canada. — "I can highly recommend Lydia E. Pinkham's Vegetable Compound to any suffering woman. I have taken it for female weakness and painful menstruation and it cured me." — Mrs. DEVERE BARBOUR, Harvey Bank, New Brunswick, Canada.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

DALHOUSIE

A very pretty wedding took place in the R. C. Church here on Wednesday morning at 9 a.m. when Rev. A. A. Boucher united in marriage Miss Lumina Mercier, daughter of Mr. and Mrs. Geo. E. Mercier, and Henri E. Trudelle of Edmontou. The ceremony was performed in the presence of a large number of friends and relatives. The bride who was given away by her father, looked charming in a cream serge suit and large picture hat trimmed with uncarved ostrich plumes and carried a bouquet of roses and carnations. Mr. Ed. Trudelle, of Quebec supported the groom. At the conclusion of the service a bounteous wedding repast was served at the home of the bride. Mr. and Mrs. Trudelle will reside in Edmontou, Alberta. The large number of beautiful presents which the young couple received was ample testimony of their popularity. Before leaving Edmontou the groom was presented by his friends there with a magnificent cutlery service and a handsome clock. The happy couple amid showers of rice and good wishes left for Gaspé in the afternoon by S.S. Canada. After returning to Dalhousie to spend a couple of weeks they will visit Quebec, Montreal, Ottawa, Winnipeg and Regina. The bride's travelling costumes was a navy blue tailored suit, with hat trimmed with American beauty roses.

The largest audience ever seen at an entertainment in Dalhousie greeted the pupils of our public school and their friends Friday

evening in the new temperance hall which was taxed to its fullest capacity. The following programme was successfully carried out:

- 1 Chorus, "Anchors", School Girls.
- 2 "Dot entertains Big Sister's Beau".
- 3 "Flag Drill with Patriotic Song".
- 4 Reading, "The Soul of the Violin".
- 5 Solo, "Beautiful land of Nod", Miss Haddow accompanied by Miss Stella McKenzie, Piano and Miss Rosalind Ferguson, Violin.
- 6 Hoop Drill, girls of Intermediate Dept.
- 7 Solo, "The Maid of the Mill", Mrs. H. A. Hilyard.
- 8 "The Indian Huntresses" a fancy dress drill. Girls of Int. Dept.
- 9 Song by Billy Stewart.
- 10 "Whiskers", Comic Drama in one act by pupils of advanced department.

Proceeds, \$91.50 go towards equipment which will aid in giving better facilities such as science, music, blackboards etc., in the Superior School.

Mr. L. D. Jones, Principal, Misses Vera McLennan, Kouza, Hilda Stewart three assistants are justly proud of the success of the pupils.

On Saturday afternoon the inauguration of the young people's Tennis Club took place. The grounds were beautifully decorated for the occasion. Arrangements were made that after the game supper would be served on the grounds. The inclemency of the weather prevented and refreshments were served on the veranda of the handsome residence of Mr. Geo. E. Mercier. Those present were Mr. and Mrs. J. B. H. Storer, Mr. and Mrs. R. L. Leppox, Mrs. Coleman, Mrs. H. A. Hilyard, Mrs. P. H. Sheehan, Mrs. Geo. E. Mercier, Mrs. John Baldwin, Miss Alma LaBilios, Miss Margaret Baldwin, Miss Etta Coleman, The Misses Mercier, Miss Audrey Froy, The Misses Sheehan and Messrs. Walter Amy, John Middley, Clinton Johnson, Henri Trudelle and George LaBilios.

Rev. George Fisher of Vancouver who was the pastor of St. John's Presbyterian church Dalhousie during twelve years before he moved to California and ultimately to Vancouver, supplied in St. John's church on Sunday and preached an eloquent sermon to a very large congregation. On Wednesday evening the Victorias continued their winning streak, defeating the I.C.R. by 10 to 8. The game was viewed by a goodly congregation, including the peerless president, railroad magnates and members of the legal and medical profession and a fair representation of "Jack's Wife's" family.

There were heard loud cheers from the standites when Alf. Gibbs made a brilliant catch of a foul fly in the third, and loud groans when
