PROTECTION OF SMALLER NATIONS PUT UP TO US.

DIFFICULT TASKS ARE FACING EBERT'S MEN

As German National Assembly Date Approaches

WILL GO TO ANY LENGTH TO STABILIZE COUNTRY.

WEIMAR, Germany, Feb. 4. (By Frank J. Taylor.)—The fate of Germany nationally and internationally hangs on the results accomplished by the National Assembly, which formally opens here Thursday.

The assembly, which really is the first congress of the new republic, must untangle the intricate maze of problems brought about by the war, a group consisting largely of farmers, mechanics and other everyday people must undo the work of Germany's former rulers, the warlords and the Junker supporters.

A minority of disgruntled radicals has already opened a campaign of political sabotage to prevent the assembly from accomplishing its purposes but the government, with the vast majority of the people behind it, is determined that nothing shall interfere with the stabilization of political and economic conditions and is prepared to go to any extreme to protect the assembly.

Weimar was actually the capital of Germany today, through the presence of Chancellor Ebert, his cabinet and their entire staff, who have arrived here from Berlin. Ebert himself will open the assembly Thursday with an address to the various bureaus, each of which has some particular phase of reconstruction to work into concrete form for presentation to the delegates as a whole.

Philip Scheidemann is scheduled to begin the political debates on Saturday. There are many cross currents in the

assembly work, any one of which might disrupt the proceedings. There is the contest between the Prussians and the South Germans for domination of the new republic. There is the campaign to remove the capital from Berlin, preferably to Weimar. There are the political jealousies which will arise when the various factions unite in coalitions.

Probably the most serious situation confronting the assembly is the breakdown of transportation; the shortage of raw materials and depletion of national funds; all of which combine to render social, as well as economic reconstruction, most difficult.

Every public utility, and most private industries are on the verge of collapse, owing to the financial strain of war conditions. The treasury has \$3,000,000 gold reserve which to pay \$25,000,000 in notes. The railroads and factories have been without adequate repairs for several years. There is a lack of raw materials and a want of outlet for the manufactured products that are on hand.

The workers have demanded better wages. In numerous cases they were refused. They then seized the factories and divided the money in the vaults, taking millions of dollars on the pretext of "Communism." This atmosphere is breeding the communist and spartan spirits. Aside from isolated outbreaks there is a temporary calm but the radicals claim they lost the national elections only through lack of organization.

ZURICH, Feb. 5.—Fighting is under way in Bremen, where the Spartans have been besieged by Government troops under Gen. Gerstenberger, according to dispatches received here today. There have been numerous casualties it was reported.

Soldiers Councils Seized Telephones

IN THE WEIMAR REGION. BERLIN, Feb. 4.—The first direct attempt to interfere with the National Assembly, which convenes in Weimar on Thursday, has apparently been taken by the soldiers councils in that region. Reports were received here today that the soldiers' council in Erfurt (15 miles west of Weimar) had seized the telephones offices there and ordered censorship of all governmental and assembly telegrams from Weimar. The telegraph officials protested but were powerless. At the same time similar action was taken by the soldiers' council in Eisenach (45 miles west of Weimar). The government is declaring a state of siege in Weimar if such a step is found necessary to protect the assembly.

British & U.S. Cruisers Going to Hamburg

TO PROTECT FOOD STEAMERS. BERLIN, Feb. 4.—Four British and American cruisers have entered the Elbe, enroute to Hamburg, to protect steamers loaded with foodstuffs, it was reported here today. Several large steamers have left Koenigsberg, bound for London. Hamburg is expected to be the central distribution point for food supplied to Germany by the allies. Spartans' uprisings have been reported there recently. Recent dispatches said that dock workers in Koenigsberg had refused to permit the departure of ships until they had received certain concessions.

Majority Socialists Win Saxon Election

ALSO HOLD SWAY IN PRUSSIA. BERLIN, Feb. 4.—Majority Socialists won a plurality in the state elections in Saxony, according to complete returns made public today. The delegates to the Saxon council were apportioned as follows: Majority Socialists, 40; Democrats, 25; Independent Socialists, 15; Conservatives-Stresemann party, 3.

The Majority Socialists now have a plurality in the Saxon and Prussian state councils as well as in the National Assembly.

Committee is Making Progress on Draft

ON DRAFT OF LEAGUE OF NATIONS PLAN.

PARIS, Feb. 5.—The special committee, which is drawing up the constitution for the league of nations agreed provisionally last night to the preamble and two of the articles; it was officially announced today. Satisfactory progress is being made on other parts of

Civic Guard Mooted To Protect London's

PUBLIC SERVICE UTILITIES. LONDON, Feb. 5.—Plans for the formation of a civic guard, to maintain and protect public service, have been submitted to the authorities, according to the London Mail which says that a similar plan had been successfully employed in Switzerland, Holland and Australia. That newspaper states that should the actions of strikers warrant such a course, citizens may be asked to form a guard to maintain transport, lighting and food supply services, and also to guard power stations at four mills.

Intervention By Allies In Russia Is Unlikely

PEACE MAKERS HASTENING WORK. PARIS, Feb. 5.—"Military intervention in Russia on a large scale is not to be thought of," declared Hon. Arthur J. Balfour, British Foreign Secretary, in closing an interview. The Great Powers were doing everything they considered could be done, he said, in dealing with what he characterized as "a most disquieting situation."

As to the general work of the peace conference, the Foreign Secretary declared the peace-making body was making all possible haste to settle on peace terms.

Ministry of Labor in Britain May Intervene

FOR THE PROTECTION OF SOCIETY. LONDON, Feb. 5.—The Ministry of Labor will intervene in the strikes which are spreading throughout Great Britain and Ireland if union officials fail to gain control of the situation. The United Press was authorized to make the following statement today: "The government regards the labor situation as a fight between regular labor union leaders and rebels. If the regular leaders are unable to gain control the government will then intervene for the protection of society."

New York City is to be the meeting place today of the first in a series of conferences to be held in the larger cities to stimulate public opinion in support of establishing a league of nations at the peace conference. Governors of many States, heads of commercial bodies and specialists on transportation from every section of the United States are to assemble in Washington today for the fourteenth annual meeting of the National Rivers and Harbors Congress.

WILLIAM KIRKPATRICK McNAUGHT, C.M.G., president and general manager of the American Watch Case Company, of Toronto, member of the Ontario Hydro-Electric Commission, former president of the Canadian Manufacturers' Association, and the Canadian National Exhibition, and a member of the Ontario Legislature from 1906 to 1914, who passed away Sunday morning at his late residence, 614 Huron St., Toronto, in his 74th year.

CABLE NEWS In Tabloid Form

NORWEGIAN CABINET HAS RESIGNED

CHRISTIANIA, Feb. 5.—The Norwegian cabinet, headed by Gunnar Kjesbu, has resigned. It has ceased to maintain control of parliament. Its resignation was accepted by the King. The present Norwegian cabinet, headed by Gunnar Kjesbu, was formed on Jan. 29, 1913. It had rather a stormy career.

THOUSANDS OF PERSONS HUNGRY IN AUSTRIA.

VIENNA, Feb. 4.—Thousands of persons are hungry in Linz (100 miles west of Vienna), according to advices received here today. Food shops have been plundered and other depredations committed. Disturbances are continuing.

No Improvement Today in London Situation

MAJORITY OF STREET RAILWAYS IDLE. LONDON, Feb. 5.—There was no improvement today in the strike situation in London. All tubes and underground lines, with the exception of the Metropolitan, which has one line running into the city, were still tied up.

Hotels and restaurants while able to replace a few of their servants were still offering only meager imitations of their regular menus. Thousands of people again had to trudge long distances to work, unfortunately through slush as much as an inch deep, caused by a sudden thaw followed by rain during the night.

Today will decide whether the staffs of electrical power stations will join the strikers. The electrical power engineers association has promised to keep the stations in operation. More men returned to work today in Glasgow while the presence of Lord Pirrie, controller of merchant shipbuilding in Belfast gives some hope of a settlement there.

Simon E. Baldwin, former governor of Connecticut and at one time considered a Democratic presidential possibility enters upon his 80th years today.

UNITED STATES WILL HAVE A BIG GODFATHER'S TASK

In Protecting the Interests of Small Nations.

JAPAN IS FALLING INTO LINE WITH ALLIES.

PARIS, Feb. 5. (By Robert J. Bender.)—The impression was growing today that the United States must willingly or unwillingly assume the role of godfather to many of the small countries and communities if the league of nations is to accomplish all that is intended. Not only have these peoples begun to look to America as a protector, but the big powers are showing a disposition to regard America as the one nation which can exercise a mandatory over certain territories without engendering international jealousies.

The attitude of the larger nations in this regard was indicated in an interview given the United Press yesterday by Major-General Frederick Maurice, former military director of the British general staff, in which he handed out that America should finance reconstruction in the minor countries and provide a large navy to cooperate with the British fleet as an international police force. President Wilson appreciates that one of his largest tasks would be to

FIRST STEPS FOR A TECHNICAL SCHOOL

Dr. Merchant Requested To Meet Advisory Industrial Committee

The inaugural meeting of the Advisory Industrial Committee for the year was held last evening.

The meeting was opened with an informal discussion concerning the manual training and Industrial Education needs of this community and of the ways and means which might best be followed to provide such a training especially to youths employed in our manufacturing. The consensus of opinion was that the time is now opportune for the establishment of an Industrial Day School even though commenced on a very small scale.

Mr. John A. Lang was appointed chairman of the Committee on the motion of Mr. A. S. Capwell and Mr. A. Welker.

Mr. Capwell appointed vice chairman on the motion of Mr. Welker and Mr. Baez.

On the motion of Mr. Capwell and Mr. Welker it was decided to request Dr. Merchant, Director of Industrial Education, to meet with the Committee on such a date as is convenient to him preferably in the next two weeks for the purpose of arriving at a plan of procedure and that two representatives of each of the following bodies be invited to attend the meeting:

Councils of Kitchener and Waterloo, Public School Boards of the two towns, the two Separate School Boards, the Boards of Trade and the Trades and Labor Councils of each center. It was also decided that the Advisory Industrial Committee be arranged in four groups of two members each whose duty it shall be to inspect the evening classes during a certain week each month.

The members present were Messrs. Lang, W. H. Halliwell, A. H. Welker, A. S. Capwell, J. H. Baez and H. P. Becker. Messrs. J. Walters, E. D. Lang and O. R. Pongelley were also present at the invitation of the Committee.

Mexico Has Recognized The Ebert Government

ACCEPTS VON MAGNUS AS CHARGE

MEXICO CITY, Feb. 5.—Ernesto Garza Ponce, Sub secretary in charge at the Mexican Foreign Office, stated today that the Mexican government has recognized Arthur von Magnus as Charge d'Affairs for the German government.

Von Magnus was formerly employed at the German legation by Von Eckardt, the late German minister. This is looked upon as recognition of the Ebert government.

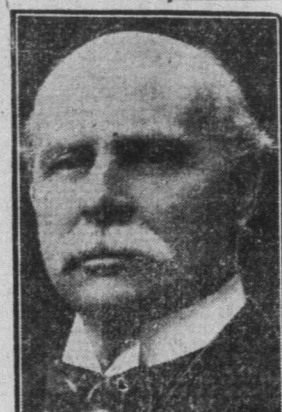

Players Entertained Last Evening

The executive of the senior hockey team entertained the All-Star players, and locals at Gettas and Gettas, after the game last evening, a royal meal was provided to the well-deserving bunch of boys.

Mr. George Lang provided supper to the stars on their arrival in the city yesterday and their visit was made an enjoyable one as is evidenced by the fact that Jerry LaFlamme and George Donohue missed the Toronto train this morning.

McCarthy and Roach of Hamilton returned even the expenses of their trip. Without doubt the game drew together some of Ontario's finest sportsmen.

Spokane—Western Pine Manufacturers' Association.

LORD DEVONPORT, former Food Controller in Britain, who is one of the leaders in the movement in Britain to resist continued Government control of business.

Germany Desires to Retain Her Colonies

SAYS SECRETARY ERZBERGER.

BERNE, Feb. 4.—Settlement of the German colonial problem "On the basis of right" will determine whether there will be a real world peace "or merely an armistice," Matthias Erzberger, leader of the Christian Peoples party, declared today in an address before the German Colonial Offices.

Secretary Erzberger said that Germany has the right to retain her colonies as she is over-populated and needs them for expansion. The meeting was called to protest against a partition of German colonies among the Allies.

Portugal's Troubles Are Still Unsettled

GOVERNMENT PROCLAIMS A BLOKADE.

MADRID, Feb. 5.—The Portuguese government has proclaimed a blockade of all ports between Aveiro and Comina, a dispatch from Lisbon reported today.

Foreign ships now in these harbors will be permitted to sail. It was also reported that no ships will sail from Oporto, which is controlled by the Monarchists, through fear of interference by Republican warships concentrated off that city.

British Government is To Investigate Packers

AMERICAN MEAT TRUST PROBE

LONDON, Feb. 5.—According to plans today the inquiry into the activities of the American meat packers in this country will be short but effective. It is not proposed to attempt to call any of the American packers or their representatives as witnesses, unless they voluntarily offer to testify.

The investigating committee will be formed of representatives from the Board of Trade and the Food and Agricultural Ministries.

"Their investigation," so a high official of the Board of Agriculture told the United Press will be informal.

The American packers will, if they wish it, be given an opportunity to "Read in" corrections of the American commission's report but this will not mean that the committee will accept the "Correction."

The findings will be submitted to the departmental heads, who will formally submit a joint report with recommendations to parliament as to what action is advisable. Parliament may then act.

Spartans at Bremen Handing Over Arms

TO ASSOCIATES IN OTHER CITIES

BERLIN, Feb. 5.—Spartans in Bremen have decided to deliver their arms to Hamburg and Bremerhaven troops, instead of to the government forces sent against them from Berlin, according to advices received here today.

Workmen at Hamburg held a demonstration in sympathy with the Spartans insurgents. Armed workmen have garrisoned the Vulkan shipyards in Hamburg and work is at a standstill.

Though they have control of the municipal government in Bremen, the Spartans offered to surrender to avoid destruction of the city. An unconfirmed dispatch from Copenhagen yesterday reported that Spartans and Government troops were fighting in the outskirts of Bremen.

PAYMASTER SENTENCED FOUR YEARS

TORONTO, Feb. 5.—Four years penitentiary was the sentence imposed on Captain C. P. Fisher, Army Medical Corps paymaster, convicted of stealing \$15,000 from the government.

WHAT FORM OF FORCE WILL LEAGUE OF NATIONS EMPLOY?

The Plan Which Presently Finds Most Favor

HOME ARMIES LIKELY TO BE SMALL.

PARIS, Feb. 5. (By Fred S. Ferguson.)—The peace delegates were working today on the most difficult problem involved in the creation of the league of nations, namely, the force with which the league will make its decisions effective.

Opinion seemed to be divided as to whether this force should be moral or physical. Many plans had been submitted ranging from complete abolition of armament to organization of an international military and naval police under a single commander.

The plan finding the greatest support among responsible delegates, however, provides for no such radical departure. It proposes merely the reduction in each nation's armament to a point consistent with the maintenance of domestic tranquility.

The league itself is to be the ultimate judge as to the size of the army and navy to be needed by each member nation.

The manner of raising armies would be left to the individual countries. Great Britain and the United States almost certainly would rely on volunteers, attracted by good pay. France and Italy would possibly return to conscription, on the ground that they could not pay the wages corresponding to those in the British and American armies. But whereas France had a conscript army of 800,000 before the war, it possibly would need only about

20 or 25 per cent of that number under the league.

In the case of Great Britain and the United States, the number of soldiers would approximate their former standing armies (320,000 for the British and 75,000 for the Americans).

When the Central powers were taken into membership, the league would fix the size of their armies. Only Great Empires would be likely to call such armies to distant points. In the event of trouble on the American continent, the United States would be directed by the league to take action. Similarly European troubles would be settled by the utilization of the armies nearest to the district affected.

It is believed this plan will meet with the readiest approval of all countries, since it means the least change in present methods and overcomes the natural prejudice, which is felt by other countries, as well as America, against sending troops to distant lands, except in the case of the greatest provocation.

Interchanges of views by the various powers indicate that one feature of the new "Freedom of the Seas" laws will be the prohibition of floating mines and prohibiting of all mines outside territorial waters. Such mines would have to be anchored and designated so they would be rendered non-explosive if they broke free. The three-mile limit to territorial waters possibly will be extended however, due to the fact that modern guns, both land and naval, have a great range.

New Industry Has Decided to Establish Factory in This City

The Gem Crib and Cradle Company of Canada, Will Manufacture Children's Furniture. Another Industry May Build a New Factory.

One more industry has been added to the city's roll. The Gem Crib and Cradle Company of Canada has been formed and will begin manufacturing operations immediately. The manager will be Mr. F. C. Brandt, manager of the Lloyd Manufacturing Company.

The company will manufacture a high class of children's furniture, including cribs, cradles, baby-walkers, both in wood and steel. They will begin operations in the Queen block North Queen Street. The company also have leased the Bernhardt building on the same street.

The establishment of the industry in this city followed the visit of Mr. C. H. Hedstrom of Gardner, Mass., here this week, referred to in these columns two days ago, who returned to the American city yesterday. The company consists of three Massachusetts gentlemen and will be a branch of the parent plant in Gardner. Realizing the possibilities for a big Canadian trade they decided to open a Canadian factory. The company have many Canadian orders on hand and this fact coupled with the survey they have made of the Canadian field indicates that they will build up an extensive business. Mr. Brandt, who is the best possible.

The Valuable Stock is Also Being Sold

On Farm Recently Sold By Mr. H. Knell.

Regarding the sale of Mr. Hy. Knell's valuable farm near Bridgeport to Mr. Henry Schmidt of Lexington as announced in the Record some days ago, Mr. Knell stated that his future intentions are not decided as yet, and there is no truth in the report that he will leave shortly for California.

Mr. Schmidt who takes possession of the property on March the first is a well known cattle raiser, having owned several up-to-date farms in this district.

The farm, which comprises 120 acres is in exceptionally good condition, having been in experienced hands for the past five years.

Stock and implements are being sold privately and Mr. Knell stated that no trouble is being experienced in the disposing of anything. Buyers are coming from all parts.

The cattle comprise fifteen head of brown Swiss cows, the leading breed of its kind in Canada and a flock of pure bred Shropshire sheep, unique in this country; pure bred hogs and horses are also going.

The Knell farm has been a mecca for those interested in cattle and farming, for the past five years, as many as 150 people visiting there in one day. The best wishes for future success go to Mr. Schmidt.

League of Nations Will Not Affect Alliance

SAYS HON. MR. BALFOUR

PARIS Feb. 5.—Alliances between various nations will not be affected by the existence of the society of nations now in process of formation, it was declared by Arthur J. Balfour to newspaper interviewers here last night. The British Foreign Secretary was asked the direct question as to whether the formation of a world society would involve the abrogation of alliances.

Under the auspices of the Dutch Women's Suffrage Association a notable celebration is to be held in Holland today in honor of the twenty-fifth anniversary of the organization of the first suffrage association at Amsterdam. Conventions Opening Today.

Huntington W. Va.—West Virginia Lumber and Builders' Supply Dealers' Association.

MRS. BAKER WAS BORN & IN YEAR OF WATERLOO

Wingham Feb. 5.—Mrs. Katherine Baker died at Belmore on Saturday in her 104th year. She was born in 1815, and married when 16 years of age. She has 10 children and 500 grandchildren and a number of whom she outlived. Some of her children survive at ages ranging from 75 to 86.

WATERLOO NEWS RECORD

Born at Tuesday Feb 4th to Mr. and Mrs. F. Perschbacher, Young St. a daughter.

Two more cars of wood have arrived bringing the number so far received up to eight. This is about half the amount ordered.

At the rink on Monday night the Rosebuds whitewashed another local team the score being nine to nothing.

Mr. A. Smithers of Toronto was a business visitor in town yesterday.

Zieles have a few pairs of men's shoes in most styles. Odd pairs that were \$4.50 \$5.00 and \$6.00 a pair, to clear quickly \$2.49.

The W.M.S. Band held a good rehearsal last night the attendance of members being large. Two new musicians were out and the boys are showing marked improvement under the tuition of Mr. Sheppard of Galt.

Second of a series of lectures will be given in St. Saviour's Parish Hall, Thursday evening. The lecturer will be Colonel Grahm D.S.C. of London. His subject will be "The Battle of Arras".

Local Boy Writes Interesting Letter

(Dated Cologne Germany Dec 30.) The following letter has been received by Miss Bruce from Arthur Mueller who previous to enlisting was employed at the Waterloo Garage and it will be read with very much interest by his many friends in town.

Cologne Germany Dec 30 1918. Dear Miss Bruce.

Just a few lines to let you know that I have received the parcel which was sent to me by the Waterloo Patriotic League, and that I thank you all very much for your kindness.

No doubt you have heard of our march to the Rhine and of our Christmas dinner in Cologne. We had quite a feast on Christmas day—a few days before we were told that turkeys were on the road here but somehow they didn't come, so pork roasts had to be taken instead.

Our dinner was held in a hotel. This first of all made the day look a bit brighter than usually. The first course consisted of roast pork, apple sauce, turnips potatoes and two kinds of salad. The second course was mince pie which was very good indeed. The third course was carrot pudding with rum sauce. This also was very good, and after that came tea, coffee, beer, rum, punch, maple sugar, oranges, cigarettes and many other good things.

After dinner we danced and sang songs until the evening. The German people here seem to be quite friendly with us as a whole. I have been attached to Battalion Headquarters since we reached this country. There is very little work for me to do at times and I get quite a bit of time to go out sight seeing. There were only a few boys in the battalion who could read and write German so they gave me the job of interpreting. I think this is about all I have to say for this time, so I will close thanking you all for your Christmas gift.

Yours sincerely, Arthur Mueller.

World League To Have Two Branches

Legislative and Executive Divisions With Representation by Large and Small Nations

Paris Feb 3—President Wilson tonight presided over the commission of the society of nations which had before it the completed project for constitution of the league discussing its article by article. While there is no authoritative information concerning the details of the project, the presentation of printed drafts among the members has disclosed the main features, and these can be summarized as follows:

Two main plans have been presented which the members of the commission regard as embodying the American views though both plans are composite, containing the best features from various sources—American, French, British, and Italian.

Both plans are to be considered together. In its original form the first plan is generally considered more democratic and, therefore, more acceptable to the small powers, whereas the revised plan is not as acceptable to the small powers as it eliminates them from the executive branch of the proposed organization, and is a long step toward the creation of an international supreme court with a fundamental basis of codified international law.

Three Main Features. The first plan had three main features: First—A legislative branch on which the great and small nations were equally represented each as a unit. Second—An executive branch consisting of two members from each of the great powers—United States, Great Britain, France, Italy and Japan, and nine members chosen from the small powers. This gave the executive body a total membership of 19 of which 10

represented the great powers and nine represented the small powers.

Third—Arbitration was provided for the determination of international issues. In case of a dispute between two nations, each nation named arbitrators and also two selected a third arbitrator. The three arbitrators thus chosen constituted a tribunal for determining the issues.

The foregoing on broad lines is the project which meets with most favor among the small nations as they would be represented both on the legislative and executive branches.

Like Peace Conference. It is to be noted that such an organization would follow somewhat the lines of that of the present peace conference, as the legislative branch is analogous to the plenary session of the conference which the executive branch is similar to the council of the great powers now holding daily sessions.

The revised plan makes several important changes. The legislative branch remains the same, with the great and small nations represented. The executive branch is modified, however so as to consist chiefly of the great powers as a tribunal for judging international issues analogous to the international supreme court which is to be the two latter features which are regarded by the small powers as tending to concentrate the executive and judicial branches in the hands of the great powers whereas the small powers prefer the plan giving them a status on the executive branch and arbitration as a means of judicial determination instead of a tribunal of the great powers.

The question now before the commission is one largely between the great and small powers. Several of the small powers are understood to be preparing amendments to the revised plan with a view to giving them representatives on all branches of the organization and it is said that the tendency among the great powers is to give every reasonable consideration to these desires while preserving to the major powers such voice as their larger interests and responsibilities warrant.

In future when any of the boys come home from overseas, and our sisters of merey too, the town bell will ring out a welcome. In the past boys have come home and no mention has been made of it for the simple reason that no one knew they were expected in some cases not even the parents knowing until they entered the home. However when any of our returned heroes land at Kitchener the fact will be immediately telephoned to the fire hall and the town bell will be rung for at least 15 minutes. Yesterday was the first time this was done in honor of Lieut. J. Kuntz and as the public were not aware of his arrival the ringing of the bell was a means of heralding and welcoming her back home.

represented the great powers and nine represented the small powers.

Two St. Thomas Women Struck By Engine

MISS PURSEL DIES IN HOSPITAL; MISS DEACON MAY SUCCEED; LEGS CUT OFF

ST. THOMAS, Feb. 4.—Miss C. Purcell, 16-year-old daughter of C. A. Purcell, 27 Fourth avenue, is dead, and Miss Mary Deacon, daughter of Mrs. George Thompson, of Chatham, may die as the results of being run down by an engine at the Center Street Pere Marquette crossing this afternoon.

Miss Deacon is in a serious condition at Amasa Wood Hospital. As the young girls were approaching the Y.M.C.A. at Moore and Center Streets, a train was coming around from the M.C.R. yards, and both ran to get over the crossing, but miscalculated the speed of the train. The engine caught both girls and the wheels passed over a limb of each, crushing their legs, and the impact of the locomotive as well injured both internally. They were taken to the hospital and a couple of hours later, Miss Purcell succumbed.

Miss Purcell was a daughter of C. A. Purcell, an M.C.R. engineer. She was employed at Dr. Burn's office. Miss Deacon resided at 42 Maple Street and was the office assistant of Dr. Savage.

The girls were first seen by the head brakeman of the train and he yelled to Engineer Elliott, who put on the emergency brakes and blew his whistle, but the engine was over them before the train was stopped.

TWO SOUVENIRS

Mr. Jacob Conrad has received two very interesting souvenirs from Otto Altmann at present in Germany which are real interesting. One is a gas mask and the other a paper towel used

PREMIER'S QUEER GARB.—You might not recognize him, but this is a picture of Premier Clemenceau of France, as he appeared recently while spending a holiday before the meeting of the Peace Conference.

He secured quarters in a fisherman's home by the seashore and pottered around in a slicker just like an old man of the sea.

at the front. Otto is some artist and has painted on the towel a picture of a German soldier. Both souvenirs are worth seeing and Mr. Conrad has been requested to display them in his show window.

Seeking Trade Orders In European Lands

GO OVER SITUATION WITH OLD COUNTRY LEADERS

Paris Feb 4.—The Canadian ministers are kept busy here. There is a daily meeting of the ministers. Sir George Foster and Mr. Doherty have had a conference with representatives of the French Government and with the delegates of Roumania at the peace conference.

Sir Robert Borden had a conference with Sir George Riddell, who is head of the British press section here, about the proposed imperial press conference in Canada next September. Mr. Lloyd Harris and Dr. Robertson arrived from London on Friday and have discussed with the Canadian ministers the situation respecting the exportation and marketing of Canadian food and manufactured products in Great Britain and on the continent. Conferences also took place with Sir John Beal and further discussion of the whole question was held to-day with Lord Reading and Sir John Beal.

Mr. Sifton Active. Hon. Mr. Sifton is engrossed by his duties as representative with Sir Hubert Smith of the British Empire upon one of the most important committees of the conference to decide what transportation avenues and facilities require to be internationalized in the interests of world peace.

The Canadian ministers attended the closing ceremonies of the Canadian army hospital at St. Cloud. Mr. Mounier of the French medical service said that more than 5,000 French wounded had been treated in this hospital and on behalf of the French Government he thanked the Canadian doctors for their devotion. Sir Robert Borden, who responded in English and French, paid a tribute to the heroism of the French soldiers and of his Canadian brothers-in-arms and hoped that the joint victory would bind the allies still closer and insure the peace of the world.

France To Annul Canadian Trade Pacts

GIVES CANADA NOTICE OF DESIRE, SAYS SIR GEO. FOSTER

PARIS, Feb. 4.—Sir George Foster, Dominion minister of trade and commerce, interviewed by the newspaper, Excelsior, said that France had informed Canada of her desire to denounce the 1895 treaty as well as all other commercial treaties. Pending fresh agreements traffic of goods

would continue under the old conditions.

Continuing, Sir George said that the future clauses would naturally depend on the attitude of the two countries, in accordance with their customs arrangements. Last summer he had sent a commercial delegation to France, which had visited French towns and had come into contact with commercial business.

Canadian business men had already taken advantage of this information and placed themselves at the disposal of French firms. One consequence was that 50 stalls had been taken up for the next Lyons fair. Canada was ready if French business men only asked to assist France in every way if the French administration would inform them how help could be given in the most useful way.

Sir George Foster complained that he had received but few commercial offers or applications and emphasized the necessity of French business men doing something without loss of time.

STANDARDIZING BUSINESS.

War has left an impress on industry. The cooperation in production, exercised during the last four years, produced results that would have been impossible without coordination of effort. The physical and trade tests which were applied to the individual entering the army to secure the right man for the right job will hereafter be applied to a large extent in industrial undertakings. In essence it is a recognition that talents differ. Some are best suited to do one thing. Others who are more mentally alert produce the best results where they can employ their grey matter and assume responsibilities. Grading may now come.

Every big industrial nation is alert to secure export trade. It is foreseen that to secure this, it will become a contest of wits, in which efficiency will play the leading role.

How one world-trading nation is coping with the new industrial situation is illustrated by a paragraph from the speech of Edward Morris, head of the Morris Packing concern, before the United States Senate Committee on Agriculture.

I am informed that the British government since the war cooperates with the various industries of that country on an entirely different basis from anything heard of in this country. It is striving for efficiency to the point that if two companies in the same line of business do not produce the manufactured article at the same cost, the government through experts, studies conditions at both plants to ascertain the reason for the difference and to bring the plant with the least efficiency up to the standard of the other company, so that there will be the lowest possible cost in both plants.

In the past, the aim of the manufacturer has generally been to secure the best methods in his own plant and to get a lead on his home competitor. From the foregoing statement it appears that a standardization of processes is to be sought without the sacrifice of individuality, and having for its aim the securing of the benefits of the highest efficiency and of co-operation in selling in world markets. It is a novel experiment but one which has its appealing features.

THE TURK STREET CROSSING.

It is presently costing the city more than \$35 per month to maintain a watchman at the Turk Street crossing, or in excess \$1,000 a year.

In view of its not being a "busy" crossing, not nearly as much so as others which have no watchman, the Council has decided to ask the Dominion Railway Commission to revise its order. That which it will probably recommend is that an electrically operated bell, such as is used where the G.T.R. crosses Lancaster street, be installed. This has thus far operated satisfactorily.

In a sentence, the "MeAdoo" award has made a watchman at Turk street a costly matter.

FORTY YEARS A PUBLISHER.

In W. B. Burgoyne, editor and publisher of the Standard, St. Catharines has a useful citizen. His activities have not been confined to his own city. He is a member of the Hydro Electric Association Executive and a supporter of the St. Lawrence Waterway project. He is generally found promoting all measures which will advance the social and material welfare of his native city and of his country.

The reason for this reference to his career is that he recently completed forty years of service to the public as editor and publisher. Few there are who have been able to weather the storms incidental to small-city newspaper work for four decades. His record is thus unique both for its quantity and quality.

His 40th anniversary in harness fell on Saturday Feb. 1. He marked it by sending the Mayor of St. Catharines a cheque for \$1,000, with which to provide a rose garden for his city.

He will be commended for this deed, and others, who have to a greater extent than he accumulated coupon-bearing certificates, may be led to emulate his example and assist in civic beautification.

The gift is an indication that the spirit of public service, inculcated during the war, will not subside nor cease functioning in the forthcoming era of peace. Men will, according to their means, delight in furthering social betterment.

Their efforts may differ as widely as their ways of thinking differ but assurances are not wanting that men of middle age and upward, who have succeeded in life, will hereafter exhibit less concern in providing shafts to perpetuate their memories and more towards performing services for their communities and fellows, which will cause their lifetimes to be as sweetly odored as Burgoyne's prospective rose garden.

The publisher of the Standard has turned over a new furrow and is to be congratulated on his venture into philanthropy, hitherto considered closed to the fraternity of publishers. His action may result in the Canadian Press Association sending a Committee to investigate.

Wide the wonder trucks.
That that printer
Has been a sprinter
And saved a thousand bucks.

COMMUNITY FARMING CENTERS.

Good news for the man whose heart has turned back to the land is contained in the latest messages from the Department of Soldiers' Settlement.

The work of establishing competent and fully qualified men in every province, who will look after the best interests of the returned men in the matter of choice of land, location, suitability, etc., has been carefully planned and at the present time this organization has been completed and the Board is getting into action upon the work of placement. The men in charge of these centres will be returned men who have themselves technically qualified for farm life.

The necessary organization required to select and appraise the land, which will be taken over by the Board as soon as full power is obtained, is also being completed so that any veteran already qualified to engage in farming and desirous of doing so next spring may be enabled to select his future home and engage in farming operations as soon as the land is ready for cultivation.

There have been some questions as to the policy of establishing community farming centres, many people, including The Record, having the conviction that this would be the happiest plan of settling returned men on the land. To such questions, W. G. Black, Superintendent of the Land Settlement Board, says, "It is anticipated that those who are desirous of settling in community fashion will have every opportunity of doing so. This Board intends to offer every encouragement to the soldier settler and the organization is co-operating with every possible institution that may prove helpful to the work, in order to reap the best advantages for the returned men."

BY THE WAY.
Old February is apparently carrying on the winter reform movement.

Winnipeg's city council may ask its ratepayers to vote on a \$3,000,000 pulp and paper mill project, as a means of establishing permanent industries in Winnipeg.

An ancient story has it that when a man, who considered himself IT, returned to his native town and told of his success, his former fellow townsmen "only smiled." This was not the experience of Mr. Beatty, president of the C.P.R. On revisiting his birthplace, Thorold, Ont., the residents gave him the best rocker in the parlor.

EXTRACT OF EXCHANGE WHO PAYS FOR GOOD ROADS?

Toronto Globe.—Hon. G. H. Henry, Minister of Agriculture, in appealing to a rural constituency for support for the Government, says that more than half of the \$1,220,000 collected for auto licenses was paid by people in urban municipalities, that it was all spent on country roads, and not one dollar of it on city roads or streets. This sounds like robbing Peter to pay Paul.

MR. WILSON'S TROUSER LEGS

Manchester Guardian.—President Wilson exercised a manifold attraction during his visit. Everybody has been charmed by his homely personality; some by his oratorical skill, others by his good humor, and still more by the high moral resolve by which he is animated. It was left, however, almost to the last minute of his stay for the most intimate revelation of his character. Who, looking on the group photographed in Wednesday's Manchester Guardian will doubt this? That the man who can stand between a King and a Queen to be photographed with one trouser leg at full length whilst the other is turned up a couple of inches is above all things else—human.

Everett W. Lord, Massachusetts State Director of Employment, born at Surry, Maine, 48 years ago to-day.
Zane Grey, one of the most successful of the younger American novelists, born at Zanesville, O., 44 years ago to-day.

ST. VALENTINE'S GOLF AT PINEHURST

Pinehurst, N.C., Feb. 3.—Play was started to-day in the fifteenth annual St. Valentine's golf tournament on the links of the Pinehurst Country Club, and the usually large and prominent field of amateur golfers lined up to take part in the qualifying round. The qualifying and final rounds will be at 18 holes of play. The tournament is to be conducted under the well-known Pinehurst system and there will be a consolation tournament as in the midwinter tourney. Play will continue through the entire week.

SOCIETY OF AUTOMOBILE ENGINEERS

New York, Feb. 3.—From all parts of the country, delegates are arriving in the city to attend the annual winter meeting of the Society of Automobile Engineers. The meeting, which will open to-morrow and continue in session for several days, will be the occasion of illuminating technical sessions on the different automobiles and on fuel for internal combustion engines. A whole half-day session will be devoted to consideration of gasoline, kerosene, benzol and other fuels. Representatives of the Government will present their latest data as to supplies and the results of recent intensive research of a startling nature. Men of acknowledged authority will discuss this matter from the standpoint of engine design. Many other timely subjects are slated to receive attention. Members returned from the European war front will relate their experiences, and particulars never before made public concerning war automotive apparatus will be given in papers by members and other in Government service. The sessions will conclude with a "Victory" dinner at the Hotel Astor, at which the speakers will include numerous men of international prominence.

SMILE OR TWO

What's The Inference?
Mrs. Flatbush—"Is your husband a good golfer?"
Mrs. Bensonhurst—"Well, he doesn't swear, if that's what you mean."

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting hard of hearing and fear Catarrh of the Ears, go to your druggist and get 1 ounce of Parmit (double strength) and add to it 1 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.
This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrh trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.

CURES DIZZINESS PREVENTS HEADACHES INSURES HEALTH

Puts Vim, Snap, Vitality and Briskness Into Run-down Men and Women

You who are nervous, tired and played out can quickly get back the best of health by purifying and enervating the blood with Dr. Hamilton's Pills. This wonderful medicine will make you feel better the first day. A real assistant to nature, full of purifying qualities, rich in blood-cleansing principles in Dr. Hamilton's Pills that accomplish so much good. Four live will work right if taken with Dr. Hamilton's Pills. The bowels will move out of the system all wastes and impurities. Your stomach will be put in order, digestion will be perfect and as a result your health is bound to be permanently improved.

To be always in good spirits, to enjoy your meals, to sleep well and have lots of energy to work with, use Dr. Hamilton's Pills regularly. No medicine for general family use so good, sold every where in 25c boxes.

Letters to NewsRecord

THE CEMETERY QUESTION

To the Editor.
Having read in your paper last evening regarding the choice of Cemetery grounds, I, who have watched this city of ours grow from its infancy to its present dimensions cannot refrain from expressing my views on so important a matter.

First let us consider the fact that our present burying grounds are already totally occupied and that prompt action in securing new grounds is not only feasible but very necessary. I may not even be far wrong in judging that the first burials in the new cemetery will be made during the present year. As one who pays respect to the memory of the dead by an occasional visit to their last resting place, I resent the idea of depriving the majority of citizens of this privilege and hold that a new plot should not be located at a distance where the man who owns a motor car will be the only one to enjoy such privileges. It should be made convenient enough so that the mothers and sisters, wives and daughters who after all are the frequent visitors, should have easy access to it and not make it necessary for them to hire a conveyance for the occasion.

Our city in the past has not spread out in such great proportions as to warrant our imagining that it will soon be crowded to the limit. The new Bridgeport-Waterloo road in the near future. My candid opinion that the Schaefer property at the end of Wilmet Street is the easiest accessible and the nearest and most suitable for the purpose.

Our Band has started something which should be continued, namely public decorations day and day of respect to the dead. Will those who are advocating Chippewa Heights as a cemetery accompany the Band on their 13 mile route march when such occasion demands?

My advice to the Council is to pay no heed to the prejudiced advice of land speculators, and use their own best judgment, and I am sure they will choose a spot which will serve to please the majority of our citizens. In the case of Chippewa Heights, though, would happen to be buried there in the next fifty years will surely have cause to exclaim—"Forsaken, forsaken, forsaken am I!"

AN OLD CITIZEN.

NEW GERMANY.

There is considerable activity in Real Estate at present. Four farms were sold and some more deals are being negotiated the details of which will be reported later on.

On Tuesday morning, Mr. Theodore Brohman of Waterloo Township was united in marriage at the Chapel, by Rev. Father Forster, to Miss Laura Bruder of Guelph Township. The young couple will reside on the farm of the bride's father, Mr. John Bruder. Mr. Ed. Scherrer assisted the groom and Miss Pearl Bruder the bride. Our best wishes to the young couple.
Miss Ada Hummel and Miss Carrie Klopfer of Guelph spent Sunday at home with their parents.

Eyes Strained?

If your eyes are work-strained or tired; if your vision is dim or blurred; if it bothers you to read; if your eyes burn or itch or ache; if you wear glasses, get a bottle of Ben-Opto tablets from your druggist, dissolve one in a fourth of a glass of water and use from two to four times a day to bathe the eyes. Ben-Opto has brought comfort and relief to thousands and thousands.

Note: Doctors say Ben-Opto strengthens eye muscles.

Preferred to Metal Pulleys

We guarantee immediate shipment of all orders for Dodge Wood-Split Pulleys from four inches up to six feet in diameter. There is no telling how long you may have to wait for metal pulleys. The United States Government won't allow steel to be released for their manufacture except for war orders. Dodge Wood-Split Pulleys cost less to buy than metal pulleys, yet provide fifty per cent. greater returns in horsepower value, because their surface provides greater adhesion, consequently there is less belt slip; and because, being lighter and better balanced, there is less weight friction.

All Furs are Going at Sacrifice This Month

This is your great opportunity. for Furs are Soaring.

Furs next year will be, indeed, a luxury. The conditions of the fur market, right now, and the prices of raw furs (which are from 20 per cent. to 60 per cent. higher) make that a certainty.

This, then, is surely all the more reason why you should take advantage of our great 20 per cent. Discount Sale—which applies to every beautiful fur in our possession.

On a \$200 garment you can save \$40. Think of it! Then come in and examine at your leisure the exquisite furs which can be yours at so great a saving.

And note this—Feldman designs and makes all the furs shown in this big store; with the result that every piece is correct in style and superior in workmanship and materials.

A Broken Wedding Ring By Bertha M. Clay

"Not one," she replied. "I shall know when I meet my ideal; my heart shall speak and tell me. I have not met him yet."

"When you do, my dear, I prophesy—Well, I will not prophesy; I will only tell you that a grand passion brings more pain than pleasure, and that if you want to be happy you must avoid the terrible fever that men call love."

Chapter XV.

The Duke and Duchess of Roedene had become very much attached to Leah, and when the season ended they begged the general and her to come to pay them a long visit at Dene Abbey. They were to remain there during the autumn and winter. Sir Arthur did not quite like the idea, and a compromise was made. The whole party were to visit Brentwood first, and remain there for six weeks; then they were to go to Dene Abbey and stay there as long as Sir Arthur wished—an arrangement which pleased every one. Leah by this time had grown to love the duchess so much that she never liked to be separated from her for long together.

Brentwood was looking its best at the end of July. The lovely month was as fair as it could be—not too warm, but with all the glory of sunlight, the song of birds, the bloom of flowers, the beauty of spreading trees and singing brooks. There are few counties in England so charming as Warwickshire. Shady woods, green hills, clear, deep streams, meadows on which the great white water-lilies sleep valleys full of ferns and wild flowers, render it a beautiful county; and Brentwood was one of the most beautiful places in it. The mansion was built on rising ground overlooking the river Brent—a deep, clear stream, full of lights and shadows, that meandered through the fairest woodland and seemed to sing as it wandered, of the scenes it had left behind it. Of arches formed by the green willow trees beside it, of dark, cold, shadowy nooks of laughing hillside which glowed in the sun, of green fields, of white swans that sailed down it, of reeds and sedges through which the wind made music, of pretty rustic bridges that spanned it, of lovers that whispered sweet words on its banks—of all these the river seemed to murmur.

The grounds of the mansion extended to the very bank of the river. There was a picturesque old boat-house haunted, rumor said, by the spirit of a jealous, unhappy lady who had drowned herself in the stream, and whose dead body had drifted into the cool, silent shadows of the boat-house, where it was found one day.

The Brent woods were as beautiful as a dream—a fair, green kingdom, inhabited by the most musical of birds, by shy rabbits, by saucy squirrels, by a thousand living things known only to ardent students of Nature. In the woods were avenues like great cathedral aisles, full of gleaming lights, half-green, half gold; lovely shady "clearings," where the flowers grew so that they formed a carpet—butter-cups and daisies, meadow-sweet and columbine, wild hyacinths and blue-bells, flowers enough to send a poet or artist into raptures. Hidden in the woods, too, were numerous little brooks, tributaries of the river Brent.

As the mansion stood on the slope of a great green hill, its appearance was very striking. From the back-ground there seemed to arise a forest of green; on either side stretched smiling woodlands, and in front the beautiful terraces and grounds sloped down to the brimming river.

The general had invited several guests to Brentwood, and the party promised to be a very pleasant one.

"At some future day you will be sole mistress of this beautiful place, Leah," said the duchess, as they were walking one morning on the great terrace.

"I suppose so," she replied; "but I never like to think of the time. I wish that my uncle could live as long as, if not longer than, I shall."

She seemed anxious not to continue the conversation, for soon afterward she clasped her hands in delight. "O, duchess!" she said, "what quantities of my favorite passion-flowers! And what colors—purple, scarlet, and blue! What rich clusters! I must gather some; they are like the faces of old friends smiling at me."

"You have brought passion-flowers into fashion," the duchess said smiling; "I never saw you without them. Why do you like them better than any other flower, Leah?"

"I do not know. I think it is because they are mystical flowers; they are full of mystery and passion and sorrow."

"You ought to like red roses, best," said the duchess, "they suit you."

"No," returned Leah; "give me scarlet passion-flowers; they seem to me choicest of all."

"I suppose," laughed the duchess, "that when the ideal 'he' comes it will be discovered that his favorite flower is the passion-flower?"

"I should not be surprised," replied Leah.

"That will be one of the signs of which you will know him," said the duchess, mockingly; but afterward the words came back to her, and she marvelled at them.

What the duchess had said was true—Leah had brought the passion-flower into fashion. It was her favorite. If in a fashionable crowd one saw the gleam of scarlet passion-flowers, it was certain that beautiful Leah Hatton was there. This fancy of hers was well-

WHY ABOUT YOUR INCOME?

The elements comprising the body are constantly wearing out and must be renewed daily, else the outgo of strength exceeds the income.

SCOTT'S EMULSION

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

You Can't Find Any Dandruff, And Hair Stops Coming Out

Try this! Your Hair gets Wavy, glossy, and abundant at once

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderine now for a few cents—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and sure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few minutes—a delightful surprise waits everyone who tries this.

At the Walper House on Thursday, Feb. 6th Dorenwends of Toronto

A full attendance of the SHAREHOLDERS is requested, and a cordial invitation is also extended to the Company's DEPOSITORS and DEBENTURE-HOLDERS to be present at the meeting.

P. V. WILSON,
MANAGER.

HERE'S WHAT PEOPLE SAY ABOUT TANLAC

"I Feel Like Going From House to House and Telling Everybody About It," Says A. J. Livingston—People from All Walks of Life Praise Medicine That Has Helped Them.

"I just feel like going from house to house and telling the people about Tanlac,"—A. J. Livingston, Ashland, Ky.

"This is really the first medicine I have ever taken that does what they say it will do,"—J. F. Holley, Lexington, Ky.

"I would not take one thousand dollars for what this wonderful medicine Tanlac has done for me!"—Mrs. Mattie Lutes—Lexington, Ky.

"We have sold 1,180 bottles of Tanlac and have never had a dissatisfied customer!"—Smiser Drug Co., Columbia, Tenn.

"For two years before taking Tanlac I had rheumatism so bad I couldn't raise my left hand to my head. I now feel like a new man!"—J. B. Woodward, Lexington, Ky.

"I feel so good after taking Tanlac that I told my hands the other day I believed I could beat any of them shucking corn. I meant it, and believe I could beat 'em all!"—J. A. White, R. F. D., Lexington, Ky.

"In my thirty years of active practice as a physician I have never seen anything to equal Tanlac as a medicine to produce results!"—Dr. J. T. Edwards, Fayetteville, Ga.

"I would certainly like to shake the hand of the man who discovered Tanlac and tell him the good it has done my wife!"—R. L. Winter, Macon, Ga.

"I wouldn't take a hundred acres of the best land in Georgia for the good Tanlac has done me!"—Z. T. Moody, Greensboro, Ga.

"This medicine is worth its weight in gold, and if the price was fifty dollars

a bottle instead of one dollar I would buy it just the same if I had the money!"—Robert Young, Knoxville, Tenn.

"Four bottles of Tanlac helped me more than fifteen years of medical treatment that cost me an average of \$100 a year!"—R. B. Hall, Fountain City, Tenn.

"I don't know how to tell the good this Tanlac has done for me!"—Ex-Sheriff Archie Anderson, Houston, Texas.

"Tanlac has certainly helped me and I recommend it to others for the good it has done me!"—Ex-Sheriff C. W. Mangum, Atlanta, Ga.

"I would spend the last dollar I had on earth for Tanlac! I have gained nine and a half pounds on one bottle and feel just like a new man!"—J. T. Andrews, Memphis, Tenn.

"If the people of this town only knew the good Tanlac did me you wouldn't be able to make it fast enough to supply the demand!"—Mrs. Mattie C. Bond, Memphis, Tenn.

"Yes, Sir, I gained twenty five pounds by taking Tanlac, and it has been a long time since I felt as well as I do now!"—Capt. Jeff D. Riggs, Vicksburg, Miss.

"Before I took Tanlac I would gladly have given a thousand dollars to have been able to eat the supper I've just finished!"—John Farrell, Nashville, Tenn.

"Tanlac is sold in Kitchener by E. O. Ritz & Co., in Galt by R. W. McKelhan, in Hespeler by J. R. Plun, in New Hamburg by W. B. Boule, in Milbank by R. B. Hamilton, in West Montrose by A. E. Richert & Co., in Preston by H. L. Fries, in Waterloo by A. B. Lear, in Doon by L. C. Bullock."

Workmen Ask For Stronger Beer

WANT RESTRICTIONS IMPOSED AS WAR MEASURE LIFTED
Ottawa Feb. 4.—That the laboring man who is worthy of his hire is also worthy of his beer will be the doctrine to be preached before the acting prime minister to-morrow morning by a small but representative delegation of the Trades and Labor Congress. They came to Ottawa to-night.

Not much so far has been said in opposition to the draft towards home brew legislation, but it will be defended by the delegation that there is such a thing as a half-way house between the open bar, selling all sorts and sundries liquors and absolute prohibition.

A compromise brew is being sought. In the old days when men could stand at bars and quaff to the content of their hearts and stomachs, the al-

coholic content of beer was from 6 to 10 per cent. The prohibitionists, however, clean backwards to the 2 per cent variety.

The labor delegation will ask for beer from somewhere between these two extremes—stronger than 2 per cent and milder than the maximum of the old days—from 4 to 6 per cent would satisfy the taste.

It will be represented that if the Dominion should permit of the manufacture of this variety the provinces would raise the standard accordingly. The contention will also be put forth that beer of the kind mentioned is essentially temperance. Allusion will be made to the fact that the restrictions were imposed as a war measure and now the war is over. Anything that is done will come under the head of social legislation.

It is understood that the Government has decided or practically decided, to validate the prohibition for 12 months at least, but it will be argued that to elevate slightly the alcohol standard of beer will not nullify the act or submerge the movement for social uplift which brought it about.

Incidentally the thirst of the workman—and others—will be assuaged.

Factories Must Run on Full Time

TO HELP SOLVE LABOR PROBLEM SAY JOHN WILLIAMSON
Ingersoll Feb. 4.—Before the Canadian Club at the Ingersoll Inn to-night, Sir John Williamson of Toronto, delivered an able and impressive address on "National Reconstruction."

Sir John went thoroughly into after the post-war conditions, saying that factories must run at full time just as during the war to meet the demands of labor. The development of natural resources if entered into with the proper spirit would also do much to help.

He advocated closer contact between employers and employees so that a better understanding in regard to wages, as well as working conditions might be secured. In this way, more than all else, less strife and greater harmony could be brought about. There was a large attendance.

Room 1.

That Bungalow

you've dreamed of, the suburban home you've planned or the house you thought would be a good investment I have for you. On my Real Estate lists right now are many desirable properties that can be bought right. Among them:

Solid brick home on Queen Street, North. Has reception hall, living room, dining room, kitchen and pantry downstairs. Three nice bedrooms, large hall and bath-room upstairs. Hot water heating, three piece bath, and electric lights. Fine large verandah facing east.

Owner would consider taking vacant lots or small car in part payment. Price..... \$3500

Want a Bungalow

Six-roomed red pressed brick bungalow. Is a very pretty design, nearly new, decorated and in good condition. Has hot air furnace, electric light and three piece bath. The rooms are unusually large and the place has a fine large verandah with brick piers. Small garden. Price..... \$2700

Perhaps a farm would interest you.

Owner has just listed with me 180 acres in the Township of Woolich, one-quarter mile from school and church. The soil is unusually productive and in a high state of cultivation. Good water and fine up-to-date bank barn. Good house of eight rooms, orchard, and twenty acres of good bush. Owner short of help and has decided to sacrifice. Will accept town home in part payment. Price per acre..... \$70

Many others to choose from. Come in and talk it over.

MINARD'S
"KING OF PAIN"
LINIMENT

The old reliable remedy for rheumatism, neuralgia, sore throat and sprains.

Best Liniment Made
Mr. A. E. LAUNDY, Edmonston, writes: "I fell from a building and received what the doctor called a very bad sprained ankle, and told me I must not walk on it for three weeks. I got MINARD'S LINIMENT and in six days I was out to work again. I think it the best Liniment made."

Minard's Liniment always gives satisfaction. For any ache or pain, it gives instant relief.

Minard's Liniment Co., Limited
Yarmouth, N.S.

Do you suffer from Kidney or Bladder troubles? If so—suffer no longer. Use GIN PILLS, the proven remedy.

Eddie May vs. Kate Hartley, 8 rounds, at Trenton N.J.

ELMIRA EVENTS
Another successful carnival was held here on Friday evening in the rink. The building was crowded with visitors and the ice was filled with those who love to skate and enjoy themselves in this one Canadian winter sport. Those who were fortunate in carrying away the prizes were best dressed lady: 1st, Miss Marie Weichel, Nurse; 2nd, Miss Margaret Schroder, Indian girl; best gent: Albert Kell, 2nd, Harvey Hohn; girls under 15 yrs: 1st, Miss Ethel, Japanese; 2nd, Miss Moser, Nurse; best dressed boy: 1st, Pat Bolton, Charlie Chaplain; 2nd, St. Schuetz; best dressed couple: 1st, Albert Kell and Miss Lehnar; best National: 1st, Mr. Tanner, Belgium; 2nd, Hattie Ruppel, allies; Ftace, Men's, single: Norman Ruppel, H. Soehner; Couple: Race, H. Soehner, Miss Bricker; N. Ruppel, Mrs. Long; Boys' Race, Harold Ruppel, A. Schuetz; Girls' Race: M. Jarvis.
A. Winger and A. Noxon acted as judges but owing to many in dress not staying on the ice all the time it was difficult to judge.
When we look back only a few years ago Elmira had fences around our homes and even grass was allowed to grow with an abundance of weeds along our roadsides and back yards. Many may ask why is Elmira such a nice town and why are the people generally sociable? Because we have learned to love flowers and beauty so much that our fences have been removed, and in places where weeds and rubbish had accumulated we not let the sun in and are growing flowers which please the passerby as well as the eye. One of the greatest divine educations is when we work in nature near to flowers and shrubbery and in order to draw us nearer to God, we create not only a love for our garden but also a love for those who dwell therein. Let us as a united people create a greater love still in this work, let us make our town and country one of the finest in the world, not as a pride but to show our love to God. We are not living in a new spirit only the real old spirit needs revival and in order to attain this life real we must learn to love rightly by cultivating a habit nearer to nature and why not start with flowers in choosing our speech. Let us start right now as horticulturists in swelling the numbers in our societies. Let our societies wake up to the fact that much has been neglected since the war and that now is the time to prepare for a vast improvement in making our towns what they should be. See that meetings are called and get everybody interested in selecting NOW for the coming year. Many, and only the best seeds and plants to prove that we are living in the right spirit and by so doing we can make our lot here a life sweeter and better. Oh, if we could only grasp that sense of feeling which tells us that flowers speak to us and that the beauty of God in the Heaven is measured by what we see in His flowers and the beautiful earth which we dwell. Life is not made up of what we make but what we take out of it. 'Tis our nature that is proud That neither fears nor sees that shroud Wherein our body will be placed And carried to that resting place. The-
And thus spirit is, good Grant us to love YOU more than gold. Then we will be blessed rightly tenfold. In each and every town there are many places that are unpleasant to the eye let each and everyone of us with the aid of our town fathers unite with a little effort and expense in reconstruction by cleaning up these unsightly spots and in place beauty with flowers and shrubs. Now is the time of the year when we should order our seeds and flowers and thus start off right in the spring. Don't be satisfied with so called seeds but study the best varieties by testing them from year to year. Don't look at price but choose quality, and lastly may what has been said bring forth results and better understanding.
Mrs. Alf. Jeannerote was a visitor to Kitchener on Wednesday.
Mrs. Fred Selinger and Mrs. Otto Schmidt were visitors to Kitchener with Mrs. Bert Jackson on Wednesday.
Mrs. L. A. Boppe and children were visitors here over Sunday with her father Mr. Aug. Voison.
Rev. Webster was a visitor to Kitchener on Friday.
Mr. Earl Latz who has served in France during the war is here at present visiting with Mr. and Mrs. Sol. Laschinger. Earl was wounded and after being in the hospital for some time returned back to Canada where his old friends are glad to see him. While in England Earl went to see Oscar Weichel and also met Ernie Otto in England at one of the stations.
The funeral of the late George Schneider was held here from his late residence on Monday at 2 p.m. The remains were taken to the St. James Lutheran Church where Rev. Strempfer preached a very consoling sermon. The body was then taken to the Elmira cemetery for burial. The deceased was 76 years, 4 months and 18 days old, and in looking up old records the family found that his father died at the same age to the day. Deceased was a citizen here for quite a number of years and made many friends while in our midst. Was a kind loving father and neighbor and in his passing Elmira loses a citizen who was a staunch christian citizen with such qualities and habits to be commended upon. To those who mourn his loss we extend our sympathy. May they, and we who labor here in the Lord's Vineyard have that Faith and Hope that "someday" we will again meet never to part.
Miss Minnie Burdeaux of Waterloo was a visitor here over Sunday with Miss Irene Miller.
Mr. Will. Allemang while attending service in the St. Paul's Lutheran church on Sunday morning was overtaken with a slight stroke of paralysis. His many friends wish him speedy recovery.
Miss Alma Allemang has secured a position here in the post office as one of the assistants.
Misses Kattio and Bertha Ohliger of Kitchener were visitors here a few days with their sister Mrs. Jno. Schierholtz.
Grand Rapids—Michigan Retail Lumber Dealers' Association.
Waterbury, S.B.—South Dakota Corn and Grain Growers' Association.
Oklahoma City—Southwestern Threebremen's Association.
Trotting—Annual meeting of stewards of Michigan Short Ship Circuit, at Mt. Clemens.
Boxing—Battling Ortega vs. Tommy Robson, 12 rounds, at Boston.
Frankie Britt vs. Matt Brock, 10 rounds, at Minneapolis.

Have You Heard of the
World's Greatest Show?

Out of the travail and suffering of the Civil War D. W. GRIFFITH reared an epic which won universal admiration and told the true story of the reconstruction period for the first time in Stage History.

The wonderful returns from this great success, "THE BIRTH OF A NATION," provided the producer with the necessary funds to present his astounding creation.

D. W. GRIFFITH

INTOLERANCE OR
Love's Struggle Throughout the Ages

THIS COLOSSAL SPECTACLE has achieved a triumph of art which has changed the outlook of humanity. It is the condensation of a thousand centuries of evolution

ROMA THEATRE FEBRUARY 6-7-8.
Admission:--Lower floor, 35c.; Balcony, 25c.; Gallery, 15c.

OLD BILL SAYS; "If you can find a better 'Ole than The Allen, go to it."

The Cinema Sensation
"THE BETTER 'OLE"

ADAPTED FROM THE LONDON, ENG., AND NEW YORK CURRENT STAGE SUCCESS.
BY CAPTAIN BRUCE BAIRNSFATHER AND ARTHUR ELIOT.

This most wonderful cinema production has been running continuously for five months in Toronto; and is still playing to capacity houses daily at two of the big theatres.

The film that comes to Kitchener has just arrived from Great Britain. This is a British picture out and out; in conception, sentiment, production and presentation.

What Returned Men at Whitby Military Hospital Think of "THE BETTER 'OLE"

A SERGEANT: A darn good picture. The best I ever saw.

A CORPORAL: The most realistic version of life at the front that I have ever seen.

A GUNNER: Great! The last word in war plays, and I have seen nearly all war pictures produced.

A PRIVATE: Seen it twice, want to see it again. This is the picture for anyone that had a relative at the front.

AN OFFICER: Never thought that it was possible to reproduce on the screen life as you see it at the front. "The Better 'Ole" has accomplished this.

A NURSING SISTER: Wonderful! It will give the public an inside view of the life of our wonderful men. Advise everyone to see it.

A PRIVATE: Liked it for many reasons better than any picture I have ever seen. It is not a gloom dispenser, but a gloom chaser. This is the real dope. No camouflage to this picture. One of the best points is that this picture is British from start to finish. Full of pep. The greatest ever.

February
Furniture Sale

The hour has struck for all who wish to renovate the furniture in their homes. This is an event in the Anna's of Home Furnishings.

In addition to our regular stock of Furniture for every room in the home, from kitchen to summer porch, we include in this sale those unique and attention-compelling exhibits that were displayed here in the recent Furniture Exhibition.

Many of the choice upholstered pieces are our own manufacture and carry our unqualified guarantee of high quality materials and workmanship. Even though you may not be immediately wanting furniture come in and look around. You will be welcome.

Parliamentary Notice

Friday, the seventh day of March next, will be the last day for presenting Petitions for Private Bills.

Friday, the fourteenth day of March next, will be the last day for introducing Private Bills.

Thursday, the twenty-seventh day of March next, will be the last day for receiving Reports of Committees on Private Bills.

ARTHUR H. SYDERE, Clerk of the Legislative Assembly, Toronto, January 23rd., 1919.

Furs are cheaper

Here than anywhere else in Canada, quality for quality. I personally select every pelt, cut and make every fur piece sold in my store, know the materials, linings and workmanship are the very best. I am away from the high rent and high expense district and can sell at a lower margin of profit than that any one else in the business.

You will need furs for three months this season yet.

J. GRAF.

Parliamentary Notice

Friday, the seventh day of March next, will be the last day for presenting Petitions for Private Bills.

Friday, the fourteenth day of March next, will be the last day for introducing Private Bills.

Thursday, the twenty-seventh day of March next, will be the last day for receiving Reports of Committees on Private Bills.

ARTHUR H. SYDERE, Clerk of the Legislative Assembly, Toronto, January 23rd, 1919.

Furs are cheaper

Here than anywhere else in Canada, quality for quality. I personally select every pelt, out and make every fur piece sold in my store, know the materials, linings and workmanship are the very best. I am away from the high rent and big expense district and can sell at a lower margin of profit than any one else in the business.

You will need furs for three months this season yet.

Real Lather

Ivory Soap lathers instantly in hot or cold, hard or soft water. Ivory's lather is thick, copious, lively. It is velvety, soft and soothing to your skin. You can spread it easily over face and body. It neither runs nor dries quickly. Forming quickly, and in abundance, Ivory's lather speeds up the bath and toilet imparting a joy to them which is denied to those acquainted only with the thin, dead, liquid lather of ordinary soaps.

IT'S NOT SO MUCH 'WHAT' YOU START WITH AS 'WHEN' YOU START

The amount you start a savings account with is of secondary importance; the chief thing is to make a commencement and cultivate the habit of thrift. The value of a Savings Account not only grows in dollars with increasing deposits, it as well builds up a sturdy character in the owner of such an account. Commence to-day! \$1.00 will open it.

CITY AND DISTRICT

ALL THE LATEST LOCAL AND DISTRICT NEWS

To look into Matter of Insurance.
The special committee of the County Council appointed to look into the matter of insurance on the County buildings will meet this week.

Fine Deer Head Mounted.
Adorning Chief O'Neill's office is a fine head of deer. The animal was shot by the Chief on his hunting trip last fall, he surrendering on Armistice Day.
The head has been mounted and this morning it was put on the office walls. Case adjourned for a week.
The charge of criminal negligence following the auto accident last week on Frederick street when a little girl was knocked down was not proceeded with in Police Court today. The case was adjourned for a week.

Interesting Post Card View.
An interesting post card view of Switzerland was seen by the Record this morning. It is the possession of Mr. Paul Pequegnat and shows the building in which he learned his trade in Switzerland.

S.A. Campaign Now \$1800.00.
The Salvation Army Campaign has now reached a total of \$1800.00 returns from factories however are not yet in.

Subscription lists are being mailed to every factory in town and from this source together with the Tap-day, Saturday is expected to bring the objective well within sight.

License All Insurance Agents.
J. Groves Smith, representing the Commission of Conservation Ottawa, addressed a meeting of citizens at Brantford. He advocated licensing of all insurance agents and inspection of every property before insurance was placed. Uniformity of building construction under a central bureau at Ottawa and amendments to the Criminal Code to prevent carelessness were also urged as necessary measures to keep down the tremendous fire waste of the country. E. C. Tench presided at the meeting for the local Fire Prevention League branch.

Action Approved Of.
A citizen today remarked to the Record:
"The resolution of the City Council re-Sunday cars and the G. P. & H. Railway is calling forth many commendatory comments and they all say the sooner the better."

It would be a real boon to the man who works all day through the week to be able to take his family out on Sunday afternoon for that is really his only day with them.
More to the soldiers at the sanatorium it would mean much and many of them have often wished for this added R. R. accommodation."

330 Operating Stockings.

Discovery May Save The Lives of Babies

CAUSE OF TEETHING TROUBLES LEARNED BY RESEARCH
OTTAWA, Feb. 4.—A discovery of far-reaching importance has been reported to the headquarters of the Canadian Army Dental Corps here by Major F. M. Wells, who has just returned from England where he has been engaged for the last three years in research work for the corps at the Lister Institute of Preventive Medicine in London.
Major Wells' research work disclosed the fact that food deficient in its "vitamines" prevents the hardening of the teeth as well as seriously impairs the general health and structure of bone formation. Through his discovery it will now be possible to eliminate most of the ills consequent upon decaying tooth conditions through a system of proper dieting.
Through the latter it will now be possible to bring children through the difficult period known as "teething" without the usual distress and suffering, eliminating in a large measure the heavy infant toll from convulsions, dysentery and other ailments, incidental to teething.

A PROVEN FAVOURITE
is our domestic Coal for this sort of weather. Can be used in stove of furnace and only \$9.00 per ton.
A. Lookhart & Co., Limited,
22 Queen, South.

Economical Annual.
The Annual Meeting of the Members of the Economical Mutual Fire Insurance Company will be held at the Head Office of the Company on Friday, February 7th, 1919, at two o'clock p.m.
W. H. Schmalz, Manager.

Brown's Market Branch.
S. Brown & Son of the East End Mill have opened a Market Branch in the building formerly known as Westola's Shoe Store, opposite the Market. This will greatly convenience their up town patrons and the firm themselves who now have ample room for displaying their merchandise.

In their retail branch they will specialize on Seeds, Feed, Flour, Grain, Poultry Supplies, Hay and Straw. In their mill they will run their usual line of business, i.e., chopping, rolling and farmer's trade besides using it for store-house room for their wholemeal of Apples, Potatoes, Salt, Oatmeal, Cereals and Grain. 4-2ts.

Died at 103 Years of Age
Mrs. Katherine Baker died at Belmont near Wingham Saturday in her one hundred and fourth year. She was born in 1815 married when sixteen years of age; she has had ten children and five hundred grandchildren and great-grandchildren the greater number of whom she had outlived. Some of her children survive at ages ranging from seventy-five to eighty-five.

Guelph Will Pay Damages
After dragging along the courts for nearly three years the Guelph City Council at a lengthy session decided to settle the suit for damages brought against the city of Guelph by ex-Mayor Harry Mahoney and to pay him \$1,800 in full settlement of all claims and costs.

At the first trial the city won the case. Mr. Mahoney appealed, and the Appellate Court awarded him \$1,800 and costs. The city declined to accept this as final, and took the matter to the Supreme Court of Canada, and the case was to have been heard this month. The new Council, however, decided to start the new system of civic government with a clean slate, and the first thing it did was to wipe this off.

Mr. Mahoney had his leg broken in 1916, while he was Mayor of the city, at the blowing up of a dam in the river, and as the Council took no action toward making any offer to settle he brought action. The total cost to the city will be about \$2,500.

An extensive street paving program is in contemplation for Galt, on instructions from the Galt City Council. City Engineer Fairchild notified the Bell Telephone Co., the Dominion Natural Gas Co. and the Public Utilities Commission to have all proposed underground work on West Main Street from Queen Street, Galt, to the south end on Water Street from the macadamized road to Concession Street on Concession Street from the G.T.R. tracks to the bridge, on Wellington Street from Main to Dickson, on Queen's Square, done as soon as possible, as the paving of these streets is under consideration. The streets mentioned aggregate about two miles and are all important thoroughfares.

Kink in the Back

You bend over and can scarcely get straightened up again. This comes on you so suddenly you can't understand it.
This is lumbago. Like backache and rheumatism, it is the result of poisons in the blood. The kidneys are deranged, but the use of Dr. Chase's Kidney-Liver Pills will soon set them right. The pains and aches will disappear with the poisons when the kidneys do their work properly.

Over the top

Have you made up your mind to prepare for business and so go "over the top"?
An Euler School graduate has the advantage over the others—in fact is "over the top" when he starts.
Educate yourself now along lines that pay by taking a course with us.

Champions Win 5-4 From The All Stars

Kitchener Makes Splendid Finish.

About fifteen hundred fans were delighted last evening with one of the cleanest exhibitions of hockey ever played in this city, when the local Allan Cup winners met the All-Star sextette.

"Solly" must feel quite honored, both by the exhibition of hockey and the goodly number of fans who witnessed the game.

The first period opened with a complete walkover for the All-Star team, they scoring three goals before half of the period had elapsed, this, however had the awakening effect of the local boys and they closed the period with a score of 3-3.

The second phase saw three-quarters of the game on the All-Star ice, although for fifteen minutes the play was as keen as a knife, when Parke, with a pass from Trushinski, who had brought the puck up alone, netted a fourth for the locals, finishing the second period with a score of 4-3 in the local favour.

The third period proved the fact that hockey can be fast and furious, and at the same time clean, for when Jerry Laflamme netted for the Stars from one of his old-time rushes, the game showed some real "pep" and it was here where the local showed their superiority. Hiller netted the winning goal with six minutes to play.

From then on both teams worked hard but failed to change the score before the gong sounded.

The line-up was as follows:
All-Stars—Goal, Collett (Newman Hall); right defense, Heffernan (St. Pat's); left defense, Laflamme (New-

man Hall); centre, Roach (Tigers); right wing, McCarthy (Hamilton). Substitutes—Ingoldby (St. Pat's), Farlow (Veterans).
Kitchener—Goal, Hainsworth; right defense, Trushinski; left defense, Morrick; centre, Hiller; left wing, Hillman; right wing, Parke. Substitutes—Karges and Masters.
Referee—"Toad" Edmunds, Stratford.

Seen or Heard On And Off The Ice

Jerry Laflamme was given a great ovation last evening, he seems to have a "warm corner" with every fan in Ontario.

Hiller again played in true form and the way he beat Jerry Laflamme in the third period when the return was right on the local net with the puck, was as much of a miracle to the fans as it was clever play.

Solly threw the puck, he managed to get along with the aid of a stick. What a difference to the manner in which he moved last season?

Although somewhat sticky, the ice was in far better shape than anticipated yesterday morning, nature gave a hand in the last couple of hours and saved the evening.

ARENAS WIN FROM CANADIENS

Toronto.—In a rather listless exhibition Arenas last night defeated Canadiens by the score of 6 to 3. Arenas secured a commanding lead in the initial period, and thereafter were not forced to extend themselves to gain the verdict. The visitors used their regular line-up, with the exception of Hall, who is suffering from an injury to his leg.

Arenas showed good form and had a distinct edge in speed. Randall proved effective and his grand rushing enlivened proceedings. Noble also played a nice game, despite the fact that he was the victim of a nasty slash from Lalonde. The incident happened in the first period, and for his part in the affair Lalonde drew a major penalty.

Arenas—Goal, Lindsay; defense, Randall; right wing, Skinner; left wing, Crawford; centre, Noble. Substitutes—Meeking, Adams, Dennyman and Mummery.
Canadiens—Goal, Vesina; defense, Corbeu and Lalonde; left wing, Coutin; right wing, Pitre; centre, Cleghorn. Substitutes—Berlaquette and McDonald.
Officials—S. Vair and L. Marsh.

WOODSTOCK OUTCLASS LONDON JUNIORS

London.—Woodstock's fast junior hockey aggregation easily disposed of the London juniors in a scheduled O.H.A. fixture by 11 to 3, before a big crowd at the Jubilee Rink last night. Sticky ice did not seem to slow up the group winners as it did the locals, though much of the Woodstock team's superiority was most noticeable in the second period. The locals led at the end of the first period by 3 to 2, but faded in the second spasm, while Woodstock secured seven. The visitors secured the only goal in the final period, and did not disclose a condition that might be expected after a gruelling battle the night before at Ingersoll.

Willie Carson showed London fans more hockey during the hour's play than has been seen in these parts in some time. Woodstock's chances, under the coaching of Breen to go farther in the race for the junior title, are brilliant. The visitors played their game without Breen's presence, as their coach had gone to Toronto to secure an exhibition game for Friday night. The only fault to find with the Woodstock team is lack of experience in strong defensive tactics, and it is here that their attack greatly excels over the other, but as long as they get more goals than their opponents they will continue.

Gillies and Hynd were the only local stalwarts to compare favorably with any of the Woodstock squad, Gillies

made many rushes up the ice, cleverly evading every one only to miss the nets, while Hynd stopped "a million" shots.

GOLF IN FEBRUARY ON THE GALT LINKS.

Galt, Feb. 4.—Newspapers have featured bowling and golf matches in January as record dates for games, but on Monday afternoon a party of local golfers had a noon party on the links at the Waterloo Gold and Country Club and played over the full course.

The links were in splendid shape and the day an ideal one.

JACK TO GET \$27,500 AND THIRD OF MOVIE RIGHTS AS HIS SHARE.

NEW YORK, Feb. 4.—Jack Kearns, manager for Jack Dempsey, to-night reached an oral agreement with Tex Rickard, whereby he matched Dempsey to meet Jess Willard for \$27,500 and one-third of the motion picture rights. The time and place of the match were not fixed. Both Kearns and Rickard agreed to post \$5,000 when the agreement is signed on Dempsey's arrival here from Salt Lake City. Rickard will post 25 per cent. of Dempsey's share 60 days before the bout.

KNOTTY LEE IN MICHIGAN

Brantford Feb. 3.—President T. J. Nelson returned from a trip to Lansing Mich., this morning. There he was engaged with Knotty Lee in looking over the situation in regard to the reorganization of the Canadian League. Lee is remaining for a few days on ground. Mr. Nelson stated that he was well pleased with the outlook. There was a fine possibility of securing Flint, Grand Rapids and Muskegon for the new circuit and he found Michigan particularly impressed with the idea of getting their cities represented in the league which would give them considerable advertising in this part of Ontario. It was too early to state just what the definite outcome of the trip would be and Knotty Lee will report back here in a few days after he has gone around and had person interviews. In Lansing there were certain difficulties over grounds, but the Chamber of Commerce men there would consider taking the initiative and providing new grounds.

Quarried as to the possibility of getting in Brantford the use of Agricultural Park for all dates Mr. Nelson stated that if the club could not get dates here, there was no use proceeding further with the proposition. The local men, who were in it, were out to keep the name of Brantford in the limelight and from past experience it could not be shown that there was any money for anyone in the proposition. However, this matter will likely be threshed out before the park board in due time.

Cooper Killed in Action.
While in Lansing Mr. T.J. Nelson learned that Johnnie Cooper one of the most popular idols who ever played the most popular team had made the supreme sacrifice while fighting with the United States army in October last. Cooper was the catcher of the Brantford team in 1916 and he was probably the best man on the team.

To Referee Big Game Here on Friday Night

Record Attendance Expected.

Munro of London and Vair of Toronto will referee the big game here on Friday when the Seniors will meet St. Pat's, in what, without doubt, will prove the most hotly contested game ever staged in this city.

To the locals the game means their very existence and to keep the Allan Cup in view they've got to pull the margin.

Head ice undoubtedly will favor the champions but no matter in what condition it may be the fans are due to witness "SOME" game, and it's not prophesying to say so.

For the benefit of holders of tickets for the first gallery, an entrance will be made at the rear end of the building, these will be tickets of 80 cents and \$1.10.

A large crowd of Toronto fans are expected and the attendance will easily surpass that of any previous games in this city.

A good game of hockey was witnessed by a large number of spectators last evening when the "Mystic Seven" beat a local Waterloo team by 4 goals to 2.

The game was fast right through but the "Mystic" boys had the edge on the locals.
