

COL. CAMPBELL RESIGNED BUT CHANGED DECISION

Pressure Brought to Bear on the Popular Head of the Seventh Regiment Induced Him to Remain in the Corps for the Present—Is Very Busy, and Would Like a Little Rest.

Lt.-Col. A. A. Campbell, of the Seventh Regiment, tendered his resignation the other day, but at the solicitation of the officers, he has withdrawn it, and will continue to head the popular local regiment for some time to come at least.

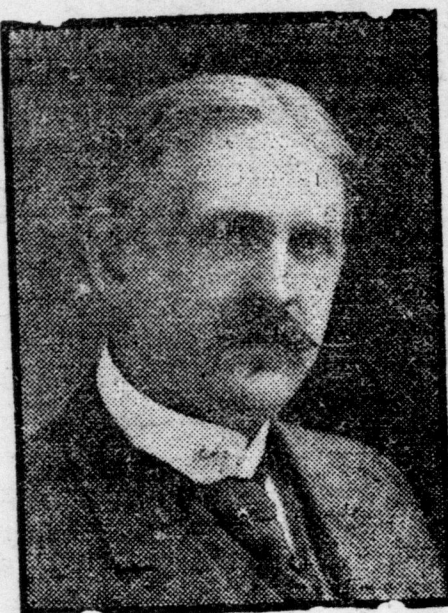

For some time Col. Campbell has desired to retire. His many duties make it almost impossible to devote to the regiment the attention he feels it requires, and on several occasions he has contemplated retiring into private life.

At a banquet tendered by himself to the officers of the regiment at the kennels on Saturday evening, Col. Campbell surprised them by making the official announcement of his retirement.

Don't Want to Lose Him.

The sentiment of those present was unanimous in requesting him to retain the position for the time being, and after much pressure was brought to bear, Col. Campbell was induced to withdraw the resignation, and this was done today.

He has given distinguished service to the regiment. He was an enthusiastic junior officer, and

since promoted to head the Seventh, he has brought the same energy to bear for the good of the corps. As a result, the regiment is in good condition, financially and otherwise. Major H. Campbell Becher, for the colonelcy, is next in line, having been recently promoted to the majorship.

CHAS. L. ELLIOTT DIED SUDDENLY

Albany Man Was Son of Late John Elliott, of the Phoenix Foundry.

LEFT LONDON YEARS AGO

Seized With an Attack of Pneumonia, He Passed Away in American City on Sunday.

[Special to The Advertiser.] Albany, N. Y., Feb. 3.—Charles L. Elliott, formerly general agent of the International Harvester Company in Albany, and for the past two years sales manager of the Lovejoy Plow Company, died of pneumonia on Sunday morning at 6 o'clock at his home at 43 South Lake avenue, after an illness of only four days.

Born in London, Ont., 47 years ago, Mr. Elliott arrived in Albany seventeen

CHARLES L. ELLIOTT.

years ago to accept the general agency for the Deering Harvester Company, and when the latter was merged with other companies in 1912, he was retained as general agent.

Mr. Elliott was a 32nd degree Mason, a member of the Commandery, of Cyprus Temple of the Shriners, and of Capital City Chapter, 242. He also was a member of the Albany Lodge of Elks.

The funeral will take place tomorrow from his home, and later at the Masonic Temple, in charge of the Shriners. Mr. Elliott is survived by his wife and one son.

The late Mr. Elliott was a son of the late John Elliott, at one time an extensive manufacturer of implements in this city, being the proprietor of the firm of John Elliott & Sons, of the Phoenix Foundry, on Bathurst street. He is survived by his mother, now residing with her daughter, Mrs. Edmundson, of Winnipeg; Mrs. J. K. Hall, of Vancouver, and two brothers, William and Corson, of Minneapolis and Windsor. Mr. Elliott left London nearly 20 years ago.

CONDUCTOR DOUGLAS HAS BEEN PENSIONED

Conductor F. Broad Is in Charge of Stratford Train.

Conductor F. Broad, of the Grand Trunk Railway, has been placed in charge of the accommodation train running from London to Stratford and from London to Sarnia alternately. He took charge today, succeeding Conductor A. Douglass, who reached the age limit recently and has been pensioned. Conductor Jack McCullough, the last of the men to be reinstated, takes Conductor Broad's former run to Hamilton.

WAR SITUATION IS ONCE MORE TENSE GUNS ARE BOOMING

Combined Bulgarian and Serbian Strength To Be Hurdled at Adrianople.

BULGARS AGREE TO SLIGHT CONCESSION

Last Hour Efforts Being Made to Prevent a Resumption of War in Balkans.

[Canadian Press.]

London, Feb. 3.—The war between Turkey and Bulgaria, Serbia and Montenegro will begin at 7 o'clock this evening, according to schedule, unless the efforts of the European powers to prevent a resumption of the fighting should succeed or turn the tide at the 11th hour to surrender to the allies.

It has even been decided who shall fire the first shot, and Turkey has stated that she will allow her adversaries to do that.

The immediate object of the armies of the allied Balkan nations is believed to be the capture of the fortress of Adrianople, which has hitherto presented such a firm front to all the efforts of the besiegers. Upon this fortress the combined Bulgarian and Serbian armies, well supplied with powerful siege armory, will concentrate their efforts.

For the present at any rate the Bulgarian generals will simply try to hold the large forces of Turkish troops concentrated behind the line of fortifications at Tchataldja for the defence of Constantinople.

Nicholas Takes Field.

King Nicholas of Montenegro has already started again for the Turkish fortress of Scutari, which also has hitherto held out bravely against every assault. The king will himself take the direction of a renewed attack in the hope that by capturing the city, and thus establishing an accomplished fact, Montenegro will obtain a better chance of keeping definite possession of it when peace finally comes.

In the western Turkish Province of Epirus, which touches the Grecian border, the Greek troops under command of Crown Prince Constantine, assert that they have great hopes of breaking down the splendid defence which the Turkish army has thus far offered. The Serbian armies alone of the Balkan allies have completed their campaign, and have placed many of their troops at the disposal of their comrades in the field. Some, however, must be kept in Albania, where, according to Italian advice, a rising against the invaders has been organized already.

Albanians Revolt.

It is declared that the Albanians with 8,000 rifles, under the command of Austrian officers, are taking the field, and it is stated that they have fought a battle at Dibra, where the Serbians lost heavily. The Albanians are said to be greatly irritated by the wholesale arrests of those among them who are suspected of being interested in the provisional government.

While the possible renewal of the war may put a strain upon the co-operation of the European powers they have thus far worked in harmony, and the departure of Prince Waldenburg Schillingsturn from Vienna with an autograph letter from Emperor Francis Joseph to Emperor Nicholas of Russia gives additional hope that they will do so until the end.

The Turkish Government, like that of Bulgaria, announces that it will not allow newspaper correspondents to accompany the army in the field.

Mahmoud Sherif Pasha, the grand vizier, stated emphatically in the course of an interview today that he would not allow any of them within 20 miles of the lines.

Bulgaria made a small concession today when she consented to the proposition. (Continued on Page Eleven.)

SOUTH LONDON MAY FORM A BOOSTER ASSOCIATION

Organization Meeting Will Be Held on Thursday Night.

South London residents for some weeks past have been talking of forming themselves into a Progressive Association to advance the municipal interests of their part of the city in a similar manner to the East and West London associations. Their wishes in this respect have come to a head, and they are holding an organization meeting in Shaw's Hall, South London, on Thursday night, when officers will be elected, and a constitution will be drawn up. Mr. Joseph Lawrence is one of the principal movers in the matter, and states that a great many of the prominent residents will join the society.

Weather Notes.

There are indications that an important disturbance will now develop near the middle Atlantic coast, and that the very pronounced cold wave now covering the Western Provinces will spread eastward across Ontario and Quebec.

Storm signals are displayed along the Atlantic coast.

"The Bear" Saw His Shadow

"The bear" if there is one in this vicinity, saw his shadow yesterday, and if the ancient belief is correct, there will be six weeks more winter of rather a strenuous variety in London.

Sunday was Candlemas Day, when all perfectly good bears are supposed to cease sucking their paws and come forth to view the world. If Old Sol is doing business, the bears have a sigh and go back to abstract the nourishment remaining in the sadly-shrunken paw.

Of late, bears have been rather scarce in this vicinity, and weather prognosticators have had to substitute groundhogs for the above purpose. The latter have not been as successful as regular bears, but it is presumed that they have at least been moderately so.

In any event, whether it be groundhog, chipmunk or bear, he or they saw a shadow on the Sabbath.

MAJOR BEATTIE DENIES RESPONSIBILITY IN CASE

Claims He Had Nothing To Do With the Dismissal of Dr. Campbell.

Major Thomas Beattie, M. P., disclaims all responsibility for the dismissal of Dr. C. T. Campbell, formerly postoffice inspector. He stated today that it was done without consulting him, or without asking him his opinion regarding it.

"I had absolutely nothing to do with it," he declared. "In fact, I did not know that he had been dismissed until after he was relieved of his duties."

It was done without my knowledge or consent. It seems that charges had been made against Dr. Campbell by members from the London district, I was informed afterwards, and his removal was on this account.

No information could be obtained as to the nature of the charges made by these outside members, but it is understood that they desired things done in an irregular way, and as Dr. Campbell refused to do things in the way they suggested, his job was taken from him.

"I am sorry for Dr. Campbell," added Major Beattie. "I had nothing to do with his dismissal."

BOY FELL THROUGH TRAP DOOR AND WAS VERY BADLY INJURED

George Willox, of 49 Evergreen Ave., in Serious Condition at Victoria Hospital.

George Willox, the 9-year-old son of William Willox, 49 Evergreen avenue, fell through a trapdoor at his home on Saturday afternoon, sustaining injuries of a very serious nature. He was removed to Victoria Hospital, where his life was despaired of for a time. He spent a comfortable night, however, and this morning hopes of his recovery are entertained.

The little fellow was playing about the house, and in running around the kitchen, rushed into the pantry. A trapdoor had been left open, and the lad not noticing it, fell to the basement 9 feet below, alighting on his head and shoulders. He was rendered unconscious, and his condition was apparently very serious. Dr. James D. Wilson was summoned, and ordered the patient removed to Victoria Hospital. When he reached there he was suffering from convulsions, and the medical men were afraid that he would not recover. Sunday, he suffered greatly, but towards evening he rallied, and is this morning much better.

It is expected that he will recover now.

VICTIM OF WRECK ON G. T. R. DIED AS RESULT OF INJURIES

James O'Neil, of Lucan, Succumbed to Pneumonia Following Operation.

James O'Neil, of Lucan, the cattle-dealer, who was badly injured in the collision of Wabash freight trains at Glencoe on Jan. 12, died on Saturday evening at Victoria Hospital from pneumonia. He had been confined to that institution ever since his injury.

On the night of the accident Mr. O'Neil was rushed to Victoria Hospital. He was severely injured, his right arm being broken, and he was badly shaken up. It was thought that he would recover, but gangrene developed in his arm, and it was necessary to amputate it, which was done last week.

SUBNORMAL CHILDREN ARE VERY NUMEROUS IN LONDON

Problem of Dealing With Such Cases Is Matter of Much Concern.

Sheriff Cameron stated to The Advertiser this morning that the number of sub-normal children in the city of London is a source of much anxiety, and the best method of dealing with the cases is a matter of much concern to the members of the Children's Aid Society.

"Heretofore," said the sheriff, "the Orillia Asylum has afforded shelter for the vast majority of the cases, and is now taxed to the utmost, and also a large waiting list. But even the provisions made at Orillia fail to meet the cases of children who are capable of being developed into self-supporting citizens, although lacking the mental endowments which make them proficient at school."

Matter Investigated.

"The Children's Aid Society of this city," he continued, "had occasion to look into the question from the point of view of their obligations to the abandoned and deserted children of the city, and had concluded that the industrial schools at Mimico or East Toronto were the only available institutions for the maintenance of such under conditions that would develop their latent powers. But at the meeting of the last week of these schools, held in Toronto last week, Principal Ferrier of the Victoria Industrial school at Mimico, stated that his institution has been made a dumping ground for mentally deficient

PROSPECTS ARE BRIGHT FOR NEW INDUSTRIES

Mr. J. Grant Henderson Hopes to Land Some Factories.

Mr. J. Grant Henderson, commissioner of industries, is hopeful that during the next few months he will obtain a number of industries for the city. At the present time he is negotiating with several, with the possibilities of success very bright.

THE WHITNEY GOVERNMENT IS BADLY FRIGHTENED

Attempting Through Organs to Becloud the Issue of Tax Reform by Misrepresenting Views of Liberal Leader—Local Option in Taxation Is Mr. Rowell's Proposal.

[Special to The Advertiser.] Toronto, Feb. 3.—It is not difficult to see that the Government is badly frightened over the tax reform problem. Mr. Rowell's tour has focussed attention on the subject throughout the province, and has definitely revealed the fact that the great majority of all classes of the population in cities and country districts alike are demanding tax reform, and are opposed to the reactionary stand of Sir James Whitney. To effect this movement, the Government organs are making what is evidently a preconcerted effort to becloud the issue. Within one day both the Mail and Empire and the News have had leading editorials going on the assumption that Mr. Rowell favors single tax, and arguing that increased assessment on land would be a hindrance not a benefit to the farmer. They point out the dissimilarity of conditions in cities and rural districts, and paint a pathetically lugubrious picture of the woes that would fall on the farming communities.

Raising a Bogey. Of course, these papers are only raising a bogey with which to scare their readers. Mr. Rowell is not defending single tax. He is simply contending (1) for a general reduction of the tax on improvements as compared with the land, and (2) for the right of municipalities to make a further reduction if they see fit.

He realizes, as do the Conservative organs, that conditions in the country are different from those in the city, and that is the very reason why municipalities should be given local option. They could adopt the basis of taxation best suited for their own particular circumstances. As Mr. Rowell pointed out in his Princeton speech, and as was also emphasized at the last sitting of the taxation committee of the Legislature, the checker board system so executed by Sir James is already in operation in a large number of municipalities, where the percentage of taxation levied to give all municipalities the legal right to do what many of them are doing now.

STRATHROY MAN, AGED 99, FELL DEAD FROM HIS CHAIR

William Rundell Leaves a Large Fortune, But as Far as Can Be Learned, Has Not a Relative in the World.

[Special to The Advertiser.] Strathroy, Feb. 3.—William Rundell, aged 99, fell over dead while sitting in his chair in front of the fire at his home here last evening. It was Mr. Rundell's boast that he had never been sick a day in his life, and also that he had never missed attending church every Sunday for over 75 years. Death came without a moment's warning. Mr. Rundell simply fell over in his chair, and was dead when his housekeeper, Miss Allan, reached him.

USE SICKNESS AS AN EXCUSE TO STAY AWAY FROM SCHOOL

Many Children Do This, and the Sheriff Says They Walk the Streets.

On Saturday Sheriff Cameron received a communication from a well-known lady of the city in which she indicated the impediments placed in the way to prevent children of the school age from attending school. The writer stated that in a large number of cases mentioned the parents gave as the reason for the non-attendance of their children the fact that there were some members of the family afflicted with contagious diseases, and she states that this excuse has been made use of for a year.

The sheriff mentioned one case in particular where the parents have taken an apparent dislike to the public school system, and have by means of the above excuse made it possible for their children to remain away from school. The children are very young, being only 8 or 9 years of age, and no reasons can be ascertained other than the one cited why the children are not allowed to attend school. It is altogether probable that the Children's Aid Society will investigate the circumstances mentioned by the sheriff's correspondent.

A RATHER SPEEDY MARRIAGE IN POLICE COURT OF LONDON

The record for short engagements and speedy marriages in this city was broken this morning, when two natives of Poland, Miss Zenia Bucaka and Sedar Hootnick, were married by Canon Tucker, of St. Paul's Cathedral.

Hootnick, along with John Lastzky, was committed for trial by Police Magistrate Judd on Jan. 22, on a charge of committing an assault, the victim being the bride of today. The two men appeared before Judge Elliott last week, and elected to be tried by him, and the trial was entered for Monday.

Before the court opened this morning the bride and groom-to-be had a talk, and decided to get married immediately.

Upon giving this information to the court, the trial was adjourned until 12:15, and Crown Attorney McKillop did all possible to assist the couple in their desire for married life. He arranged with Ald. E. H. Johnston for the marriage license, and also tried to get Rev. T. B. Clarke to perform the ceremony, as the couple desired that this clergyman officiate. Rev. Mr. Clark was out of town, and Rev. Canon Tucker was secured to do the knot.

The Bridal Party.

A cab was called, and the couple, accompanied by Mr. and Mrs. J. Harris and Gregory Arliff, went to the rectory. Upon their return to the court house, Mr. and Mrs. Hootnick walked from the street to the court room hand in hand, and even when her husband was called to the front, Mrs. Hootnick accompanied him. Mr. McKillop stated that in view of the circumstances, he had no evidence to offer, and therefore both men were discharged.

Mr. E. Meredith, counsel for the

two accused men, stated that the couple had intended to get married, but not for some time, and he thought that the charge had been brought against the men through jealousy on the girl's part.

WOMEN CRUSHED TO DEATH FOLLOWING CRY OF FIRE

Two Dead and Eleven Injured in Desperate Struggle on Steps, Where Parents and Children Were in Heaps—Fire Was Quickly Extinguished.

New York, Feb. 2.—A boy's cry of "Fire!" and the smoke from an exploded reel of a moving picture machine in an east side theatre tonight resulted in a panic among the audience of four hundred persons and a rush for the exits, in which two women were killed, and eleven other persons were so badly injured that they had to be sent to the hospital.

Trampled to Death. The panic occurred in one of the most densely populated sections of the east side, and the thousands who poured in East Houston street, in front of the theatre, and rushed to the doors, added to the confusion and to the number of injured. The two women, who have not been identified, were trampled to death in the crush of the crowd to reach the doors. The operator of the machine soon extinguished the burning film, and the flames did not spread beyond the fire-proof cage in which he worked.

But One Exit.

With the exception of one rear exit

door, the only means of escape from the theatre were through the main vestibule, and it was here in a narrow space that most of the injured were found. The two women who were killed were picked up in the main section of the theatre, where they had been trampled underfoot.

Piled Into Heaps. Steep steps lead from the sidewalk to the theatre entrance, and down these hundreds fell while those behind piled on top. Children became separated from their parents, and frantic searches for friends or relatives mingled with the panic-stricken audience. It was more than an hour after the theatre had been cleared that the police were able definitely to say that only two had met death.

In the panic clothes were torn from the backs of their wearers, and the police gathered up a great pile of hats, coats, shoes, eyeglasses, and even pocketbooks. A few rings and watches were among the salvage taken to a police station for identification.

NOTHING IN CHARGES AGAINST TREASURER

E. L. Sutherland, of West Zorra, Was Not Short \$3,000.

Woodstock, Feb. 2.—Although no public announcement has been made by West Zorra men, who charged Mr. E. L. Sutherland, ex-treasurer of the township, with having failed to account for over \$3,000 of township money, that the charge was a mistake, it seems that this is the case, as at a large gathering held in Embro last night to congratulate Mr. Sutherland on the clearing of his name, it was stated repeatedly from the platform that the lawyer for the prosecution had admitted his mistake and acknowledged that all was correct. Mr. Sutherland has entered a libel suit against the men said to be responsible for causing the publication of a summary of the auditor's report, which said that he should account for the amount mentioned, the amount claimed being \$20,000. About 550 of Mr. Sutherland's friends, male and female, gathered to express confidence in him at the Embro meeting.

PICKED THE LOCK

Tilbury Lads Soon Freed Themselves From Town Lockup.

[Special to The Advertiser.] Windsor, Feb. 2.—County officers are searching in the vicinity of Tilbury for two 14-year-old lads who picked the lock in the town jail, where they had been confined for alleged theft, and gained their freedom. One of the youthful offenders released himself a few hours after he was arrested, and repeated the act after he had been captured and again locked up.

PLUMBERS STRIKE

St. Catharines Employers Offer Forty Cents an Hour All Year.

St. Catharines, Feb. 1.—The journeymen plumbers of St. Catharines went out on strike today, completely tying up all plumbing work in this city. About 40 men are involved, and unless a speedy settlement is brought about, much suffering will be felt in this district, as the sudden cold snap has created a great demand for work of this kind.

The men, who now receive a minimum of 35 cents per hour, are asking for an immediate increase to 40 cents, and an additional advance to 45 cents on Aug. 1. The master plumbers have offered 40 cents for the year round, but this has been refused by the journeymen.

RICH CARGO IN PERIL

Bringing Disabled Steamer Into Halifax Harbor a Difficult Task.

[Canadian Press.] Montreal, Feb. 1.—That the Devonian is going to have a difficult task to bring the steamer Mexico and her \$1,000,000 cargo to Halifax is indicated by a radiogram from the latter vessel received at the office of the Marconi Company here this morning. The message mentions that a southwest gale was blowing at 8 a.m. today, which was increasing in force, while a heavy sea was running. At the time the radiogram was dispatched the two ships were 210 miles from Halifax, the Devonian "holding on well."

DYNAMITE CHIEF RELEASED

President Ryan, of Ironworkers, Gets Liberty on \$70,000 Bail.

Leavenworth, Kan., Feb. 2.—Frank M. Ryan, president of the International Ironworkers' Union, serving a sentence on conviction of conspiracy to transport dynamite in interstate commerce, was released from the Federal Penitentiary here on \$70,000 bond this afternoon. He took an evening train for Chicago. Ryan is the seventh man of the 33 convicted at Indianapolis to be released on bond.

BADLY BURNED

Stove Exploded When Children Were in the House Alone.

[Special to The Advertiser.] Windsor, Feb. 2.—Left alone in the living rooms above Pate & Rochelle's butcher shop in Sandwich while the mother went below on an errand, the two infant children of Mr. and Mrs. Fred Rochelle narrowly escaped being burned to death yesterday when fire broke out in an adjoining room. The fire, which is believed to have been caused by an explosion in the stove, destroyed Mr. Rochelle's furniture and damaged the building owned by Arthur Pate to the extent of \$2,500.

The mother, when the blaze was discovered, rushed to the second floor and carried the children, aged 4 years and 15 months, downstairs, but not before the youngest had suffered severe burns about the body. The fire brigade was considerably hampered by insufficient water pressure.

STEAMER MANITOU DESTROYED BY FIRE

Dominion Transportation Line Boat Lies at the Bottom of the Harbor.

[Special to The Advertiser.] Owen Sound, Feb. 2.—The steamer Manitou, of the Dominion Transportation Company's fleet, lies sunk at her moorings in the harbor as the result of a fire of unknown origin which broke out aboard her this afternoon. The blaze was a most difficult one for the firemen to handle, and owing to the density of the smoke they were unable to effect an entrance between decks. Two lines of hose were piled for three hours, and the Manitou went down aft until the stern rested on the harbor bottom. Gradually the whole vessel settled, and the rush of water quenched the fire, which was in the neighborhood of the engine-room. The Manitou was a wooden vessel of three hundred tons, built in 1903, at Goderich. She was in charge of Capt. McCoy, of Owen Sound, last season.

HON. JAMES YOUNG BURIED AT GALT

Funeral Was Attended By Hundreds From All Over the District.

[Special to The Advertiser.] Galt, Feb. 1.—The funeral of Hon. James Young, held this afternoon from his late residence, "Thornhill," to Mount View Cemetery, was attended by hundreds, irrespective of their political convictions, for the deceased was universally respected as a man of fine qualities, true-hearted and fair in his dealings to all men. There were a large number of beautiful floral offerings. The Central Church bell, which was presented by Mr. Young, was tolled during the funeral hour, and flags from the town hall, Gore Insurance Company's building and Trinity Church flew at half-mast. The service was conducted by Rev. Hugh MacPherson, of Toronto, assisted by Rev. Canon Ridley and Rev. Mr. Pettigrew, of Paris. The pallbearers were: Hugh McCullough, C. R. H. Wainwright, R. Robertson, Wm. Philip and J. N. Mackendrick, of Galt, and Charles McNaught, of Toronto.

JOHN BROCKBANK IS DEAD AT PARIS

Well-Known Currier and Ex-Warden of Brant County.

[Special to The Advertiser.] Paris, Feb. 1.—The death occurred here today of John Brockbank. He was a native of Scotland, and for about half a century had been actively identified with the interests of the town as alderman, school trustee, waterworks inspector, deputy reeve and reeve. Last year he was unanimously elected warden of Brant County, but could not serve on account of ill-health. He was in his 75th year, and was noted for his church and philanthropic activities. As a currier he was one of the most noted votaries of the game in Ontario. One daughter, Miss Brockbank, survives. The Paris council and the county council will attend the funeral in a body.

FOUND DEAD IN BED

Robert Patterson Was Stricken Suddenly With Heart Failure.

[Special to The Advertiser.] Galt, Feb. 2.—Robert Patterson, aged 55, was yesterday found dead in his bed at his residence, the old toll gate, at the corner of the town. On Friday evening he visited his brother, ex-Mayor Thomas Patterson, and appeared to be in good health, but his demise must have occurred during the night. Heart failure was the cause. Deceased was a bachelor, and was a well-known farmer of Beverley Township. For the last few years he had lived retired in Galt.

MADE WRONG RETURN

Returning Officer at Clinton Admits Putting in False Figures.

Clinton, Feb. 2.—The deputy returning officer for St. John's ward, the ward which is supposed to have caused all the trouble in the local opinion contest, has admitted that he made a wrong return in the votes cast for ex-Councillor Fred Jackson. The official return was 40, and the scrutineers counted 48. This brings Mr. Jackson up to within two votes of the lowest councillor elected.

Had Pimples on Face

And Back Was Literally Covered With Them.

Bad blood is the direct cause of pimples breaking out on the face and body, and it is impossible to get rid of them unless you cleanse the blood of all its impurities.

Burdock Blood Bitters is without a doubt, the very best medicine for this purpose.

This old and reliable remedy has been used for over thirty-five years, and has a reputation unequalled by any other for purifying the blood.

Mr. Peter La Pierre, Assistant Postmaster, Touchwood Hills, Sask., writes: "The fall before last, I was very much troubled with pimples on my face and back. My back was literally covered with them, and I could not lie on it at night, they were so painful. One day my sister advised me to use Burdock Blood Bitters, so I got two bottles, and before I had taken all the first one, the pimples had nearly disappeared, and now I am completely cured."

Queen Bound Canadian's Ankle

Rome, Feb. 2.—Paul Getichard, of Quebec, a student for the priesthood at the Canadian College here, sprained his ankle while playing football on Saturday. Dowager Queen Margherita happened to be passing by in her automobile at the time, and assisted in bandaging the injured tendon. She left her auto and had the young man carried back to the college, while she stood in the rain and waited half an hour for the return of the machine.

The rector of the Canadian College has written a letter to the Dowager Queen thanking her for her action.

GERMAN EMPRESS UNWELL.

Berlin, Feb. 1.—The German Empress is to proceed to Bad Nauheim to make a lengthy sojourn, according to a report current in court circles. Her Majesty, whose health of recent years has been somewhat precarious, stayed at Bad Nauheim for eight weeks in the spring of last year. Later in the year, while at Wilhelmshoehe Castle in August, she was for a considerable time under the care of physicians.

KILLED BY TRAIN.

[Special to The Advertiser.] Arthur, Feb. 2.—While he was endeavoring to remove a handcar from the track at Keenlworth a westbound freight train killed T. White, section man of that district.

POPE'S HEART WEAK.

New York, Feb. 3.—A London cable to the Tribune says Rome advises state that the health of the Pope is again causing some anxiety at the Vatican. The recent damp weather has increased the gouty symptoms, and the condition of the heart is not satisfactory.

LIMPS INTO PORT

Lumber Ship, Many Weeks Overdue, Reaches Australian Port.

[Canadian Press.] Melbourne, Australia, Feb. 1.—Many weeks overdue, the steamer Ikala, lumber laden from Astoria, Oregon, to Melbourne, limped into port today with cabin fixtures blazing under the boilers and the crew all but starved. The oil-burning apparatus failed early in the voyage, and the steamer fought its way across the Pacific on the small coal supply and by burning fixtures. The boat averaged less than half speed, and her stores gave out entirely before she made port. Only a few of her crew were strong enough for duty when she arrived.

BROKE HER PROPELLER.

Manila, Juan, Feb. 1.—The United States cruiser Cincinnati, of the Asiatic fleet, was ordered out today to search for the British steamer Yingchow, reported lying helpless off the Island of Luzon with 200 passengers on board. The Yingchow, which belongs to the China Navigation Company, broke her propeller during a recent storm.

WAS 97 YEARS OLD.

[Special to The Advertiser.] Galt, Feb. 2.—Mrs. Helen Stewart Grant, for over forty years a resident of Galt and vicinity, died today in her 97th year.

QUININE? NO! PAPE'S BEST FOR BAD COLD

First Dose of Pape's Cold Compound Relieves All Misery From a Cold or the Grippe.

It is a positive fact that Pape's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs. It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges. Get a 25-cent package of "Pape's Cold Compound" from your druggist and take it with the knowledge that it will positively and promptly cure your cold and end all the gripple misery; without any assistance or bad after-effects and that it contains no quinine—don't accept something else said to be just as good. Tastes nice—acts gently.

GIFT FROM BISHOP.

Kingston, Ont., Feb. 1.—His Lordship Bishop Mills yesterday made a contribution of \$2,000 to the episcopal fund of the Ontario Diocese.

SLASHED WITH RAZOR.

[Special to The Advertiser.] St. Catharines, Feb. 2.—Albert Smith, a canal laborer, residing with his mother in North street in this city, attempted to commit suicide this evening by slashing his throat with a razor. He was removed to the hospital, where he will probably recover.

LONDON, MONDAY, FEB. 3.

THE AMAZING EFFRONTERY OF MR. CROTHERS.

"Minister of Labor Tells of Carrying Out of Pre-Election Pledges."
This is a headline in our local contemporary's account of the Conservative meeting at Aylmer. The shamelessness of the 1911 campaign against Laurier still has its echoes. To deepen the irony of a person like Mr. Crothers boasting of pre-election promises kept, the journal which reported those promises of his, and now approves his boast, shows his portrait over his words. Somehow you must believe what he says when his picture goes with it, barefaced. It looks like a guarantee. And yet, sad to say, the victims of the Farmers' Bank know that a certain promise of Mr. Crothers has not been kept.

In the House of Commons, on Dec. 4, 1911, Mr. Murphy asked the following question:

"Was any promise made by the present Minister of Labor, or other Government supporters, in the Province of Ontario, during the recent election campaign, to the effect that if the Conservative party were returned to power, all those who lost money through the failure of the Farmers' Bank would be reimbursed by the Government?"

The Right Honorable Premier Borden answered: "No such promise was made by the Minister of Labor. The Government has no information as to promises made by other Government supporters."

Again on Feb. 15, 1912, Mr. Murphy asked:

"1. Has the attention of the Government been directed to a speech delivered by Hon. T. W. Crothers, Minister of Labor, at Kewwood, Ont., on Sept. 1, 1911, in which he is reported by the London Free Press of Sept. 2, 1911, to have said:

"I am in favor of indemnifying every man who lost a dollar by the operations of the management of the Farmers' Bank. Some people have said that the depositors only should have their losses made good, but I hold that others are in the same position as the depositors. We intend to see that every man who lost will be recompensed."

"2. Has the attention of the Government been directed to a further speech delivered by said Minister of Labor at Fingal, Ont., on Sept. 4, 1911, in which he is reported by the St. Thomas Times of Sept. 5, 1911, to have said:

"I am in favor, etc.—word for word as in the London Free Press of Sept. 2, except that for 'will be recompensed,' at the close, read 'shall be reimbursed.'"

Mr. Borden did not answer this time that "no such promise was made by the Minister of Labor," according to "information" received. He refused to answer at all.

The Minister of Labor offered a party bribe to the farmers who held shares or had deposits in the ill-fated bank. And now he tries to deny the bribe. That is about as bad as a betting character who does not pay the debts which the code of "honor" in his class calls to be paid. And yet Mr. Crothers has, literally, the face to talk about promises kept. You can see his face in the Free Press, on the front page, right under that paper's headline indorsement of his "inexhaustible."

SIX YEARS FOR PRESIDENT.

The United States Senate has approved by a two-thirds majority the proposal to extend the Presidential term to six years, and restrict the President to one term. As a constitutional amendment, the bill will require a two-thirds majority in the House of Representatives, and the approval of three-fourths of the states of the Union, through their legislatures, or through conventions.

It is improbable that the bill will run the gauntlet of 36 states, even if it passes the lower branch of Congress. Its retroactive provisions, obviously aimed at Mr. Roosevelt, may appeal to Democratic and Republican state legislatures—the Progressives have none—but the amendment would add to the anomalies which public opinion is trying to sweep from the constitution.

The wheels of government have been often blocked by the coincidence of a Republican President and a Democratic Congress, and vice-versa, or the opposition of the two Houses. A six years' term for the President would aggravate these defects. It would have been a mockery of democratic institutions if, for instance, President Taft had two more years at the White House, after the Democratic landslide of last November. He had vetoed tariff bills passed by the present Congress; he would be bound to veto tariff bills sent up to him by the new Congress, with the result that action on the tariff would be suspended until his retirement, thereby prolonging the period of business uncertainty, with perhaps disastrous consequences.

The hostility to a second or third Presidential term contrasts with the British practice. In Great Britain the party leader is usually a leader for life, and as often as his party is in office.

Experience is regarded there as a qualification in statesmanship, as in other business. The manipulation of patronage by the average President in his effort to secure re-nomination is an abuse, but at least he has to face the country. Roosevelt's ambition has conjured up the spectre of a dictatorship, but the American people have the matter in their own hands. There can be no second or third term president without their consent. Why should they be afraid of themselves?

AN UNTAPPED SOURCE OF REVENUE.

The Assessment Commissioner of Toronto records an increase of over \$2,000,000 on the assessment of 1912. More than 66 per cent. of this increase is in land values. The Commissioner says the city should take some of this.

Sixty-six per cent. of \$2,000,000 is over \$54,000,000, every cent of which has gone into private pockets—not a cent of it earned.

The increment of \$54,000,000 has been ground out automatically for the owners of land in Toronto by the growth of the city, which in turn is contributed to by the whole country. People are pouring into Toronto; they want houses, factories, warehouses and offices; there must be sites for these premises and the demand raises the price and value of land. The holders of land have nothing to do but collect this unearned increment—unearned by themselves; earned by society.

The case for an increment tax is irresistible in logic. The German cities, which have a large degree of local autonomy, applied it years ago. The British Government has followed, dividing the proceeds equally between the state and the municipality. The Assessment Commissioner of Toronto says that the city should levy on increment, but Sir James Whitney forbids a system of local option in taxation by which municipalities could adapt their assessments to such conditions.

The Assessment Commissioner is wrong if he thinks the City of Toronto should have the whole of any tax imposed on the increment of land values. Part of it would belong to the state, which, under our federal system, would be the province itself. Toronto is not lifting itself by its bootstraps; it is drawing its strength from the country. A fraction of the unearned increment in that city in recent years would have halved the city's taxation and put millions into the provincial coffers.

A French critic flays Mr. Bernard Shaw, which is exactly what Mr. Shaw loves.

The British Unionists dropped food taxes because the electors would not stomach them.

German cities are free to choose their own tax systems. But Germany has only a Kaiser, not a Sir James Whitney.

East Elgin Conservatives on Saturday honored the head of the canning combine, whom they send to Parliament.

Great Britain is "suffering" from a labor shortage, but this sort of suffering is easier to bear than that caused by a labor surplus.

It is said that the land reformers in Great Britain will aim in the proposed legislation to give every farm laborer a plot of land. The wider distribution of land and other property would widen the conservative basis of society; but probably the British Conservatives will fight the new measure tooth and nail, because it emanates from Mr. Lloyd George.

"The futility of Mr. Rowell's banish-the-bar campaign is made clear in the contest in Manitoulin. The Liberal leader's policy is unnecessary, since there is legislation already upon the statutes of Ontario, which not only banish the bar but the shop as well, and upon a simple majority."—London Free Press.

The Free Press is evidently unaware that the Scott Act can be invoked only in the provisional judicial districts of Northern Ontario. If the simple majority is a good thing in New Ontario, why not in Old Ontario?

CHOIRS INVINCIBLE.

[St. Louis Republic.]
She (whispering in church)—Listen! Isn't it ridiculous? The choir is shouting, "Shall We Know One Another Over There?"

He—What's funny about that?
She—They are all so jealous of one another, even the pastor can't bring them to speaking terms.

SPRING CLEANING.

[Boston Post.]
Jimson—I do spring cleaning at all seasons of the year.
Jackson—How's that?
Jimson—I'm a watchmaker.

MERCENARY MOB.

[Washington Star.]
"What did the crowd do when you told them you had never paid a dollar for a vote?"
"A few cheered, but most of them seemed to lose interest."

QUERULOUS.

[Judge.]
That every dog should have his day. We all admit is right; But is there any reason, pray? To give each cat her night?

PASSING IT ON.

[Judge.]
When little Bob bumped his head, Uncle Jim gathered the youngster in his arms and said: "There I'll kiss it, and the pain will be all gone."

MANITOBA'S SHAME.

[Brandon, Man., News.]
No, we are not living in the dark ages, when a man could be flung into

prison without trial. We are living, instead, in the twentieth century and may be thankful to know that Manitoba is the only place in any civilized country where such things happen.

WHAT MIGHT HAVE BEEN.

[Brantford Expositor.]
But for the persistent obstruction offered by the Conservatives and Nationalists, Canada's navy would today be as far advanced as that of Australia, seeing that even under a severe handicap so much progress was made.

THOSE AWFUL DIAGRAMS.

[Guelph Mercury.]
If Sir James Whitney refuses to budge on the question of tax reform, some of the enterprising Toronto papers will soon be running a sketch of the Ontario legislative pile with the words: "Dotted line indicates the course taken by Sir James."

TRYING TO PLEASE.

[Washington Star.]
"What makes you so sure that man is going to propose to Gladys?" asked Gladys' mother.
"I have told him the same story five times," replied Gladys' father, "and he laughs at it every time."

HYPOCHONDRIASIS.

[Youth's Companion.]
"Good-morning, Mrs. McCarty," said Mrs. Ryan as the friends met at the market. "How's all the folks getting along?"
"They be all doing well," replied Mrs. McCarty, "except my old man. He's been enjoyin' good health for some time, but this mornin' he complained of feelin' better."

NOWADAYS.

[Lippincott's.]
"I'm going to leave, mum," said the maid.
"Alas!" cried Mrs. Grey. "I've done all the work myself. So why will you not stay?"
Then Bridget up and made reply, "Thus ending the dispute."
"Indeed, I'll let you know just why—The work's not done to suit!"

NEIGHBORLY COMMENT.

[St. Louis Globe-Democrat.]
"Mrs. Bobbs is always complaining of what might have been."
"Yes; she has wasted enough time crying over spilled milk to buy a couple of cows."

WINNIPEG'S EARLY SPRING.

Dibbs—Not if his specialties are giving advice and taking offence.

CARELESS.

[Philadelphia Record.]
Mr. Buggins—I lost my umbrella today.
Mrs. Buggins—That's just like you, John Henry Buggins, I told you this morning to take one of the borrowed ones.

COLLECTING ANTIQUITIES.

[Cleveland Plain Dealer.]
Slopay received a card on which was engraved: "Professor Brace, Antiquarian."
He knew no such person, so his curiosity led him to receive him.

"What is your business, professor?" he asked, politely.
"I am a collector of antiquities," answered the old man.
"So I imagined. And how can I serve you?"

"By paying a deposit on this little bill you have owed for more than three years."

NOT NECESSARY.

[Harper's Weekly.]
"Do you carry burglar insurance on your home, Bildad?" asked Wiggle.
"I used to, but since the twins came I've given it up," said Bildad. "Nobody sleeps at our house after dark, so what's the use?"

HELPFUL IDEA.

[Kansas City Journal.]
"Do you think we ought to have women on the police force?"
"Yes; I believe it would be a good thing. Then a woman stranger in town would know where to borrow a pin."

FINISHING.

[The Christian Register.]
Tom—"I understand that Mabel has been sent to a 'finishing school.'"
Dick—"So I've heard. Say, what do they teach girls in a school like that, anyway?"

Tom—"Oh, they have a general course in civil engineering, I suppose."

INCURABLE.

[Birmingham Herald.]
"Mrs. Codgers is dreadfully afraid of embolpnoit," remarked Mrs. Gadsley.
"Is that so?" chirped Mrs. Wopper.
"My favorite awnt had it, and the poor thing just wasted away!"

ST. PETER'S CHURCH IS FREE FROM DEBT

Many Important Improvements Have Been Made to Goderich Church. [Special to The Advertiser.]
Goderich, Feb. 3.—It was announced at the Roman Catholic Church yesterday by Rev. Father McRae that St. Peter's Church is now out of debt.

A couple of years ago this church was badly damaged by fire, and the main altar, with a number of valuable sacramentals and statuary was a complete loss. The church has been beautifully decorated by contractors from Detroit, and a magnificent new altar placed therein and several new statues.

Twice the amount of money that was received from the insurance after the fire has been expended. Father McRae has spent during the last summer about a thousand dollars enlarging the vestry, which is now nearing completion.

The next move anticipated by the Roman Catholics here will be to install a new steam system of heating and a new organ to replace the one destroyed in the fire. The presbytery is to be rebuilt in the near future, as the present building is very old.

BAPTIST PASTOR DEAD.

St. Catharines, Feb. 3.—Rev. W. J. McGregor, pastor of the Virgin and St. David's Baptist Churches, died suddenly at the parsonage at the former place on Sunday. He had been out shopping on Saturday and retired apparently in good health. At an early hour yesterday morning he was found dead in bed. He was about 60 years of age, and formerly resided in Ottawa, where his remains will be taken.

What Browning Owed to His Father and Mother

[By Special Arrangement With the Winnipeg Telegram.]

Henry Ward Beecher once said that the wisest thing he ever did was the discrimination he showed in the choice of his parents. Whenever I read a new life of the poet, Browning, I am reminded of Beecher's witty remark, for Robert Browning was certainly wonderfully favored by heredity. The new-fangled scientists who teach eugenics, should turn to Lillian Whitling's new volume, "The Brownings: Their Life and Art" (Hodder & Stoughton, London), for an admirable illustration of what heredity and environment will do for a child. From his mother Browning inherited strains of Scotch and German blood; she was a woman of great sensibility with a natural skill in music and a religious temperament. The poet's father was a clerk in the Bank of England. But was there ever a more wonderful bank clerk than he? There is only one banker in Canada with whom I can compare him, and that is Sir Byron E. Wailes. The elder Browning was not only an efficient financier, but he was also a man of scholarly culture and literary attainments. He was well up in the classics, mediæval literature, French, Spanish, Italian and English, and the history of art. He wrote verse, and was a very clever amateur actor. He was a collector of rare books and prints. It is said that he knew his books so well that he could go in the dark to the shelves and select some particular one to which reference had been made in conversation.

Naturally this lover of books was saturated in the classics of Greece and Rome. He knew by heart the first book of the Iliad and the Odes of Horace, and there is a legend to the effect that he often soothed his little Robert to sleep by humming to him an ode of Anacreon. One of the first tasks that he set his boy to do was to recast in English the Odes of Horace. When the boy was very small his father adopted highly original plans in order to teach him "who was who and what was what" in classic story. Browning has himself described one of his early games in his poem entitled "Development," one of the last poems he wrote:

"My father was a scholar and knew Greek.
When I was five years old, I asked him once
'What do you read about?'
The Siege of Troy."
'What is a siege, and what is Troy?'

Whereat
He piled up chairs and tables for a town.
Set me a-top for Priam, called our cat
Helen, enticed away from home (he said)
By wicked Paris, who couched somewhere close
Under the footstool. . . .

This taught me who was who and what was what.
So far I rightly understood the case
At five years old; a huge delight it proved.
And still proves—thanks to that instructor sage
My Father. . . .

Here is a fine hint for Canadian fathers. Much can be done for our five-year-olds by introducing the Trojan or Arthurian wars into their games, but more still by surrounding them during the years of early and later childhood with great books. Some of the finest things in Browning's poetry, such poems as "Paracelsus," "Rabbi Ben Ezra," and hints for his art poems, can be directly traced to the books in his father's library and to the stories which his father told him in childhood.

It is interesting to note that the first book of his own purchase was a copy of Ossian's poems. As a boy he read Junius, Voltaire, Walpole's Letters, the "Emblems" of Quarles, one of the quaintest products of the seventeenth century, and Mandeville's "Fable of the Bees." This was rather heavy food for a growing boy, but Browning digested it all right. His full fatherhood lived in a day when fathers had not only leisure enough to improve their own minds, but what is quite as important, the time and inclination to shape the plastic minds of their children.

SOUTH LONDON LADY DIED, AGED 90 YEARS

Was Formerly a Well-Known Lady of Langarth Street.

Mrs. Sarah Elliott, for over 60 years a resident of London, and who formerly resided at 133 Langarth street, died at the advanced age of 90 years. The relatives are Mrs. Nelson Hayes, a daughter, residing in Halifax, N. S., and a brother, Mr. Richard Gray, of Orangeville.

The funeral will take place Tuesday afternoon from the residence of Mr. W. M. Gray, 133 Langarth street, at 2:30 o'clock, and interment will be made in Mount Pleasant Cemetery, at 3 o'clock. Rev. W. H. Harvey, pastor of Askin Street Methodist Church, officiating.

Prediction for tomorrow: Either war will be imminent in the Balkans, or peace will be about to be fixed up in the far east.

We haven't decided to predict that

It's winter now—remove the shredded hay
And other breakfast foods of lighter weight;
Such airy stuff is wholly out of date;
Bring on the steaming mush to start the day.
Then, when I have THAT nicely stewed away,
With steak and fried potatoes fill my plate,
Or ham and eggs—oh, say, it's SIMPLY GREAT
To see such vittles smoking on the tray!

And then—the buckwheat cakes! Oh, I can eat
Such fare as THAT as long as it will come;
Tingling with joy from palate down to feet.
I pour the syrup out and then—yum, yum!
On grub like that I'd fight a foreign fleet,
And put a health food army on the bum!

Sweet Dreams.
He had a dream, a joyous dream,
That thrilled him to the soul;
He stood, with a receptive bill,
And watched a row of wagons fill
His cellar full of coal.

He dreamed again, a pleasant dream;
His smile was great to view.
His snoring struck a tuneful note,
Because he thought his overcoat
Was just as good as new.

He dreamed once more, a wondrous dream;
It brought a mental glow.
He dreamed that for a price dirt cheap
A neighbor had agreed to keep
His sidewalk free from snow.

Again he dreamed, a dreamy dream;
Then shook in violent glee.
A missive on the table lay
Which said his spouse had gone away
For a week or two, maybe.

He had a dream, a flickering dream;
It filled his soul with woe;
He sat within a music hall,
And saw a gentle maiden fall
Into the bald-head row.

Those who made the prediction that winter was spent will have a month or two to think it over.

Pros and Cons for Gloves

Decidedly long white Suede gloves are luxuries not to be indulged in by women of limited income. They are lovely; they are most desirable; but what an evening's wear will do to them! Their distinctive attraction—that soft, creamy, mat surface—is the very thing that renders them prohibitive to many of us. This surface catches flecks of dust or chance soot, and would slip off a glove easily. Dark evening cloaks or fur that has been long in use is fatal to the daintiness of white Suede gloves. As for putting them into a muff that has been a couple of seasons' use one might as well use them for dusters! By the way, muffs soil gloves abominably, and should be refined or have a removable white silk lining put in at the beginning of each winter. But to return to our gloves. Suede gloves are not so durable as glove gloves. Here and there one finds wear places in them that we never found in glove, and these thin places are usually exactly in parts of the glove upon which there is most strain. I have just been mending a pair that cost \$3.50—a really appalling price for a single ephemeral article to a woman with little to spend upon her dress—and I found in both gloves that the skin was poor and thin at these points. The rough surface hides a defect like this which in a glove would be instantly detected. Had I had the forethought, when buying the gloves, to go over all the parts that hitherto I had found poor, I should not have come into possession of so wretched a bargain. It is what I shall do in future.

But after all one need not feel aggrieved to be limited to white glove gloves. They are always correct, always smart, and always pretty rippling up the arms to the elbows or to the short sleeves of the evening gown. With a little care, they may be worn several times, and if one is so disposed one may clean them one's self. Gasoline and naphtha are malodorous things, and one does so dislike the clinging smell that has been on the glove. But that smell may be completely destroyed if warm air is used in the drying process as well as cold air. If gloves after cleaning and having been hung in the open air, are brought in, spread upon a towel which has been laid upon a fairly hot radiator, and left there all night, there

Young Fellow, Watch Angle at Which She
Wears Her Tam o'Shanter This Spring

Probably the most popular early to your sweetheart's eyes, young man, spring hats for the young girl and youthful matron will be the Tam o'Shanter.

It has been worming itself into the good graces of femininity all through the winter, and Easter will probably see it in all its glory. The athletic will wear it in knitted wool, or very light straw and the girl who will do it up with roses as pink as her cheeks and some of them will even place a lace frill on the inside to fall over their faces, and shade the sparkle of their eyes. There never was a hat made that could be more rakish or coquettish than a Tam o'Shanter. But under no condition can it be dignified; therefore women over 39, beware!

The Tam reflects the mood of every girl who wears it and if it becomes as popular as fashion designers seem to think it will, you won't have to look in-

ABOUT TAM O'SHANTER.

Robert Burns tells us that his doughty hero Tam o'Shanter, wore a head covering which Burns calls "his gude blue bonnet". It was the Scotch cotter's hat, but the modern Tam o'Shanter cap is always dented in peculiar angles, for Tam had "rearing swats, that drank divinely" the night that he danced his famous turn with the warlocks and witches. It is in Burns' famous Tam o'Shanter that the oft-quoted stanza appears:

But pleasures are like poppies spread,
You seize the flower, its bloom is shed;
Or like the snowfall in the river,
A moment white—then melts forever.

Dutch Silver

Holland sends the quaintest pieces of this pretty silver. The designs are cleverly wrought out of the metal—with that Old World taste which results in such beautiful wares. There are exquisite pieces suitable for cabinets—give one of them to your friend who is collecting unique and unusual pieces—there are many to be found.

Or there are any number of useful pieces for the maid or matron who takes pleasure in this kind of silverware. There are very handsome three-piece breakfast sets, which run up to three figures for their cost. Or one may choose flower or fruit, or other little baskets. Very fascinating are the candlesticks, in many and different designs. Tea caddies may be purchased quite inexpensively.

Then there are mayonnaise sets, sugar and cream sets, the old and familiar cow cream pitchers and flower vases as well as trinket boxes and pepper mills.

The Out-Door Diary

Two women who have acquired the winter tramping habit keep diaries of the great outdoors. Each writes in her book an account of the long walks they take together, and they derive much pleasure from looking over past entries and also from exchanging their books and noting how differently the same things have impressed them. Sometimes one account of a walk is full of funny happenings on the trail, while the other gives with sky tints and nature's winter garb. Their books are of the loose leaf sort, so that they are always complete, and yet always ready for another chapter. Occasionally the girls paste in the midst of a story of a hike a striking picture taken with their pocket camera or the bill of fare of a quaint tea house, where they have stopped for a meal.

All their friends are eager to see the latest pages when they call, and some of them are starting a diary of the great outdoors for themselves. It is a fine idea, for it takes the girls out of their overheated homes into the fresh air, whether for a stroll or a cross-country tramp with a party.

The Birthday Calendar

February 3

IF THIS IS YOUR BIRTHDAY
Avoid disputes and legal processes. Think over everything carefully before giving your decision and advance with caution. Those born today will be rash and headstrong and continually in trouble from their ill-considered actions. As early as their first steps they should be taught that they alone are responsible for these misfortunes.

Inquirer: I should think you would be able to obtain a position of the kind you mention in London. Why not insert an advertisement on page 3 of this journal? One way to get a start in this kind of work would be to introduce yourself to one or two local doctors, telling them your qualifications. Quite possibly they might know of cases where such help would be gladly paid for.

Face Too Plump.

Dear Miss Grey: I do think your solving of problems for all of the girls is lovely. Will you please help me out? I have an exceptionally fat face. Is there any way to make it thinner?

Thanking you in anticipation, your devoted reader of The Advertiser, MARGARET.

A—Many thanks for your appreciative remarks. I only wish I could be more real help to the girls who write me. Now, in your case, I fear that I have no suggestion to make in particular. The only way to make the face thinner would be to put yourself on a starvation diet, which is a very unhappy process, and would also reduce your body to a mere husk. I really think it would be wiser to be satisfied with Nature's handiwork and let well enough alone.

Fudge Recipes.

Dear Miss Grey: Would you kindly answer the following questions?

1. Is water bad for the hair?
2. How long should a girl of sixteen wear her skirts?
3. A recipe for fudge?

Thanking you in advance, I remain, SWEET SIXTEEN.

A—1. No. If the hair and scalp are very oily they will require cleansing often with soap and water. 2. To her shoe tops. 3. Fudge: Two cups granulated sugar, 2-3 cup milk, 1 heaping teaspoonful butter, 1 small teaspoonful vanilla. Mix sugar and milk, place on stove, and put butter in at once. Stir constantly until it comes to a boil; boil hard for ten minutes, testing the fudge by dropping a little into a cup of cold water. When it sticks together in a soft ball, remove from the fire, add vanilla and beat several minutes until the candy becomes quite smooth. Quickly pour into a buttered tin and set away to cool. For variety you may use yellow sugar in place of granulated, or chopped nut meats may be added; and for chocolate fudge, a dessert-spoonful of cocoa stirred into the milk and sugar makes a toothsome sweet.

Suitable Floor-Covering.

Dear Miss Grey: In our new house we have a beautiful hardwood floor. Would you cover this floor with linoleum, providing rough work was done in basement? What preparation could

MOTHER and BABY and Doctor Helen MacMurphy

BILLY STEVENS.
His Story II—
Billy Was to Die.
(Copyright.)

Yes, Mrs. Katchpang left Billy at the hospital front door and departed, leaving him more than half dead. Billy was suffering from the dreadful "summer complaint"—which seldom attacks the baby nursed by the mother, but is so frequent and so fatal to the poor baby from whom Death or Disease or the Greed of Man or the Inevitable Ignorance of the Human Race has snatched that one great security and Life Insurance of the baby—nursing at the mother's breast till it is nine months old.

Everybody—all the nurses in the Sky Ward—the head nurse and the senior nurse and the junior nurse and the probationers—said that Billy could not live it was only a matter of days or more likely hours. Everybody—all the doctors—the chief, and the senior assistant and the junior assistant and the junior house physician and the junior house physician said that Billy would die it was only a matter of days or more likely hours.

Everybody—all the Sky Ward patients—who know more than all the doctors and all the nurses put together—said that Billy would die and they would live to see it. There they were—a strange group—the victims of certain uncurable diseases, looked at Billy. Young middle-aged and old-alcoholic and chronic—wholly and partially disabled, with parchment skin and bleary eye, and shaking hand—and many whose story was not so old nor so plain—but alas, it is to be feared that it will be much the same in the end. They all looked at Billy and knew that he would die.

Decorations in The Dining-Room

Our very health is dependent upon right surroundings in the dining-room. A dark, depressing room checks the appetite just as a bright, stimulating room whets it. As Wordsworth says: "Their colors and forms were then to me an appetite." Truly color plays a more important part than is generally realized. Too often we give less attention to the dining-room than to the other rooms. We are tempted to feel we must conform to regulations. For this reason the dining-room is frequently

commonplace and conventional, and lacking in individuality.

Since originality is almost impossible in the necessary furniture of a dining-room, it is all the more important to give a distinctive touch to the room through the treatment of the walls. The position of the dining-room is generally such that comparatively little light enters the room. For this reason dark papers should be avoided, for light in a dining-room is essential. Since the heavy furniture and the doors and windows occupy a considerable amount of room, the decoration of the walls must be concentrated upon the space above the eye level. A plate-rail tastefully arranged with quaint or striking China gives a pleasing effect. Plain or neutral walls make a good background for such treatment. Unless plates have a distinct decorative value, they are meaningless, and it is better to substitute a simple picture or a piece of paper above the rail.

There are not, as a rule, pictures, books, photographs, etc., to give interest to the dining-room, and the walls have, therefore an added responsibility. Since the furniture is apt to be massive, it is necessary to give the impression of strength to the walls above the furniture level so that a correct neutral weight of the room may not seem to rest about one's feet. It is well to infuse the spirit of "livableness" into the dining-room, for the homemaker must realize that she has to meet competition in the public cafes and restaurants, which are daily adding patrons to their numbers at the expense of the home table.

Household Tips

Never allow the firebox of the range to be more than half full. When full, the draft is checked, a large amount of fuel is consumed and much heat is lost.

When mica or nickel needs cleaning, use vinegar, and if you add a little salt it will also clean brass very nicely.

Baked potatoes will be dry and more fluffy if you put a fork at least twice into each potato to let the steam escape.

Salt, after being dried for the table, should not be put into the cellar until it has cooled, or it will harden into a lump.

Fastry and pies should be kept in a dry place or they will lose their flaky texture. Never put them in the refrigerator.

Bean and Celery Salad.
One can of plain baked beans, one half cupful of finely minced crisp celery, one minced green pepper (optional), one-half cupful of boiled salad dressing. Mix all ingredients well with two forks without mashing beans, serve on lettuce leaves or plain. Other quick salads can be made of canned wax beans or canned asparagus by following above method.

Chicken on Toast.
Take the meat from the bones of any left-over roast or boiled chicken. Cut it into small cubes. Then boil together half a tablespoonful of flour, one tablespoonful of butter and half a pint of milk. Stir these ingredients to a smooth cream and then add the pieces of chicken. Season with salt. When thoroughly warm, spread on slices of lightly buttered toast.

SUNDAY IN THE CHURCHES OF LONDON

WOMEN HAVE A REAL GRIEVANCE

Mr. Fred W. Dale's Address on "Labor and the Golden Rule."

BURDENS ON THE PEOPLE

Mr. Daly Pointed Out Three of Them as Rent, Interest and Profit.

A large number of the members of the Men's League of Askin Street Methodist Church heard a very able address on "Labor and the Golden Rule" delivered by Mr. Fred W. Dale on Sunday morning.

Mr. Daly spoke at some length on the present women's franchise discussion in England, and endeavored to show that an explanation of the occurrence could only be given on the grounds of an economic reason back of it.

Some fifty years ago a large amount of work was done in the home, but after the invention of machinery it was impossible for the workers in the home to compete with the products of the new machinery. The struggle became one of flesh and blood against iron and steel and finally the latter combination became supreme. The women, as well as the men, followed the successful machinery, and so we find them in the factories in large numbers. The women became workers in the factory instead of in the home, and the old cry of woman's proper place being in the home is hardly applicable today. The women feel that some of the wrongs with the prevailing conditions, and wish to have a vote.

Burdens on the People. Some of the burdens that are resting on the people today, and which are not in harmony with Christian principles are the system of rent, interest and profit. All profit charged the people over and above the service actually rendered was classified as robbery by Mr. Daly. The charging of rent, interest, but these three systems are not based on that idea.

Mr. Daly also dealt with some of the modern methods of high finance by means of which the people are robbed on a wholesale basis. He referred to several articles in Everybody's Magazine written by Thomas Lawson, the great authority on financial matters, in which he made the statement as an expert that during the last 15 or 20 years some \$40,000,000 worth of watered stock, which had no intrinsic value, has been sold to the people. He also made the startling statement that 50 per cent of this amount, equaling \$20,000,000,000 must be paid by somebody, and is paid by the consumer.

Farm Mortgages. The whole wheat crop of the United States is required to pay the interest on farm mortgages every year, and the rate of interest is generally from 8 to 10 per cent. This must be an important factor in the present high cost of living.

"In fact," said Mr. Daly in concluding, "all these items, rent, interest, and profit are paid by the consumer, and the way these are manipulated in high finance circles is not at all according to Christian principles."

CHURCH HAS SPREAD LIKE MUSTARD SEED

Christianity Now Covers Three of the Five Continents.

The expansive and intensive powers of Christianity, as referred to by Christ in the parables of the mustard seed and the leaven related in Matthew xiii, 31-33, was the subject of the sermon preached by Rev. Canon Tucker in St. Paul's Cathedral on Sunday morning.

"The Christian church," said Canon Tucker, "like the mustard seed, has spread from the smallest possible beginning until it now covers three of the five continents of the globe. It is the commands the allegiance of many of the best intellects and characters of the present age, and aims eventually at covering the whole earth. The native churches established in Japan, China, India and Africa are as strong, relatively, as the Christian Church was at the end of the first century, and a couple of centuries it will undoubtedly be the dominating influence in heathen lands, as it had become in the days of Constantine."

Got Rid of Bronchitis

The worst feature of bronchitis is the tendency to return year after year until the system is worn out and gives way to consumption, or other ravaging disease.

Dr. Chase's Syrup of Linseed and Turpentine owes much of its great popularity to the fact that it positively cures bronchitis, and this is about as severe a test as can be made of a medicine of this kind.

Mr. W. H. Walker, Calmar, Alta., writes: "I am pleased to say that Dr. Chase's Syrup of Linseed and Turpentine has done much good to myself, wife and children. My eldest girl, 7 years, had bronchitis, and the doctor who attended her did not seem to do much good. We got Dr. Chase's Syrup of Linseed and Turpentine for her, and she soon got well. We always keep this medicine in the house now ready for use, and find that it soon cures coughs and colds."

In fighting the battle in the throat and lungs half the battle is in having Dr. Chase's Syrup of Linseed and Turpentine at hand, to be used promptly. This is why many people prefer to buy the large family size bottle.

due to its influence. What is the secret of this wonderful power? It is to be found in the spirit of Christ, its founder, as imparted to his disciples, the spirit of personal holiness and unselfish service."

A SERMON ON PRAYER

Rev. S. S. Hardy's Interesting Subject at the Church of the Redeemer.

Rev. S. S. Hardy, of the Church of the Redeemer, Adelaide street north, preached last evening on the subject "Prayer," and used as his text Matthew xvi, 41, "Watch and pray, that ye enter not into temptation."

Rev. Mr. Hardy traced the history of prayer, which also involves the history of religion, as all religions, with the one exception of Buddhism, are founded on prayer. The speaker referred to prehistoric man, who, by means of amulets, mystic symbols and talismans endeavored to bend God's will to man's will. As civilization advanced and men learned more of God they fell in adoration at his feet, and man learned to bend his will to God's.

ST. PAUL'S CHURCH NOW STANDS ALONE

Komoka and Hyde Park Presbyterian Churches Will Now Have Another Pastor.

St. Paul's Presbyterian Church, West London, and the Presbyterian churches at Komoka and Hyde Park, all of which were formerly in charge of Rev. Dr. Nixon, who accepted the call to Kamloops, have been separated and formed into two parts and will in the future be presided over by different ministers. St. Paul's, in West London, now stands alone, and since the congregation is not strong enough to be self-sustaining, it is known as a mission, and any deficit in the general expenses of the church will be made up from the funds of the presbytery.

Mr. Charles Evans, a Knox College student, preached very acceptable sermons at the Sunday services.

FIRST CHURCH PULPIT WAS DECLARED VACANT

Rev. W. M. Martin, Moderator of the Presbytery, Preached at Both Services.

The pulpit of the First Presbyterian Church was officially declared vacant on Sunday by Rev. W. M. Martin, moderator of the London Presbytery, who preached at both services. Until a successor to Rev. Mr. Inkster is chosen the pulpit will be supplied by well-known ministers, yet he became poor for our sake; he went about doing good, and therefore teaching us that the unselfish life is the highest form of life; because he died, the just for the unjust, to bring to God, because he now lives for ever more, and lastly because he is coming again. These five reasons were enforced by illustrations from modern life.

Rev. Mr. Martin in his sermon on Sunday evening declared that Christ should be pre-eminent in the Christian church, in preaching the sermon, the minister should be fully conscious of the fact. During the singing, the fact should almost be foremost in the minds of the choir and congregation. In the religious textbook, also, the thoughts contained should have but one direction. The spirit of Christ should dominate everything connected with the church."

UNSELFISH LIFE IS HIGHEST FORM

Rev. James H. Boyd's Sermon in Adelaide Street Church.

A large congregation at Adelaide Street Church was present last evening by the pastor, Rev. James H. Boyd, on the subject "Paul's Exhortation to Philippi."

In introducing the subject, the preacher referred to the circumstances of the writer at the time the letter was written and his great love for Timothy, and gave reasons why such an explanation was necessary at the time. In his discourse he stated that there were five reasons why all men should remember Jesus Christ, as advised to do by Paul. The reasons were, because, although he was poor, yet he became poor for our sake; he went about doing good, and therefore teaching us that the unselfish life is the highest form of life; because he died, the just for the unjust, to bring to God, because he now lives for ever more, and lastly because he is coming again. These five reasons were enforced by illustrations from modern life.

The sermon was listened to with deep interest, and at the close a large company remained for the communion service, at which eleven new members were received into the fellowship of Adelaide Street Church.

REV. W. L. STEEVES GIVEN HIS RELEASE

Pastor of Egerton Street Baptist Church Will Go to New York Shortly.

ARE SORRY TO LOSE HIM

But He Has Accepted a Call Tendered Him by a Baptist Congregation Across the Line.

At a meeting of the congregation of the Egerton Street Baptist Church, following the regular Sunday evening service, it was decided to tender to Rev. W. L. Steeves his desired release, and place no barrier in the way of his intended departure for Philadelphia, in the State of New York, where he has accepted a call. A general spirit of reluctance in letting the popular pastor go was manifest, as the bonds of friendship are very strong between the pastor and his congregation. Mr. Steeves appreciates the kindness of his flock in giving him his release. He will remain another week as pastor of the Egerton Street Church.

Mr. Steeves' Address. "The Redeeming of Our Reputation" was the theme which Mr. Steeves chose for his discourse on Sunday evening. "The persistent qualities of our humanity makes every person want to leave a favorable reputation behind him in the world," said the preacher. "Many will strive to do great deeds and build up memories which will live in view. But great deeds were not always found by God in what men call great things. Not a day passes over the earth but men and women of little note unintentionally do great things, think noble thoughts, and perform heroic acts."

"Christ always had praise for people who did their duty," continued the speaker. "In all work while a certain amount of self-sacrifice must be involved, and it is necessary to build up a good reputation. Self-sacrifice and self-forgetfulness are the fundamentals of true character-building. Those who generally find fault with others are generally the ones who perform the least good in the world."

LIFE OF LIVINGSTONE HELD UP AS EXAMPLE

Centenary of the Birth of the African Missionary Marked in London.

The centenary of the birth of David Livingstone, the celebrated African missionary, was marked in some of the Presbyterian churches of London by special services. The churches for young people on Sunday. The services were well attended by the younger members and adherents of the congregations. The exemplary character of Livingstone was one of the chief points of comment, and high tributes were paid to his Christian devotion and of his work as a missionary.

Young People's Day in the King Street Presbyterian Church was a great success. The story of David Livingstone formed the basis of an instructive and interesting sermon, which Rev. W. R. McIntosh preached to the younger members of his congregation.

The minister stated that this was the kind of character which ministers should preach from their pulpits today, and emphasized the fact that Livingstone was also the character which people should strive to emulate in their daily life. The people of today, he considered, were given to much to a life of comfort, luxury, and self-indulgence, while Livingstone was a life of hardship and endurance in the heart of the dark continent. The contrast was a remarkable one.

Mr. McIntosh classified the intrepid African missionary as second only to

Stop Sneezing Quit Sniffeling Cure Your Cold

The Soothing Vapors of Catarrh-ozone Bring Instantaneous Relief.

Thousands of Testimonials Prove That Catarrh-ozone Cures Permanently.

When germs attack the lining of the nose, make you sneeze and gag—when later on they infect the bronchial tubes—how can you follow them with a cough syrup?

You can't do it—that's all. Cough syrup goes to the stomach—that's why they fail.

But Catarrh-ozone goes everywhere—reaches right after the germs—kills them—keeps the soreness—cures the inflammation—makes Catarrh disappear. "Nothing I have ever used gives the warm, soothing sensation of Catarrh-ozone," writes Isabel Fry, of Seguin Falls, Ont. "I was in a frightful way with catarrh of the nose and throat—had droppings, hard breathing, bad breath and indignation. Catarrh-ozone relieved it once and cured me thoroughly. It is invaluable in colds, sore throat and bronchial trouble." Not difficult for Catarrh-ozone to cure, because it contains the essences of pine balsams and other antiseptics that simply mean death to catarrh. Large size costs \$1 and contains two months' treatment, smaller sizes 25c and 50c, all druggists and storekeepers, or The Catarrh-ozone Company, Buffalo, N. Y., and Kingston, Canada.

Abraham Lincoln in the achievement of illustrious immortality in the nineteenth century.

The preacher gave a graphic account of Livingstone's early life as a boy in the Scottish Highlands. His career in Africa was also told in addition to the meeting with the explorer Stanley, who went to Africa in search of Livingstone.

The story of Stanley was an interesting part of the sermon, as Mr. McIntosh was an auditor when the distinguished explorer spoke on the subject in Toronto in 1888.

The minister also praised the loyalty of the black race in Africa, who, when Livingstone died, carried his body embalmed for nine months to reach the coast, where a British ship was to convey the remains to England.

MEN'S MASS MEETING IN BAPTIST CHURCH

Rev. Dr. Troy Spoke on the Parable of the Prodigal Son in Talbot St. Edifice.

The well-known parable of the prodigal son was the basis of a telling address delivered by Dr. W. F. Troy to a large mass meeting of men held in Talbot Street Baptist Church on Sunday afternoon.

Similar to the two paths which were open by the characters in the parable, the speaker explained that the same paths were opened to men in the world today. These paths were governed by two powers, notably the Christ power, which sets man free, and the satanic power, which enslaves man. There was no alternative offered, and there could be no deviation from either of the paths onto a possible third. Either the Christ power or the other would dominate in the life of every man.

Dr. Troy told his audience that it was a privilege to be given liberty from the enslaving satanic power, which engulfs so many. He knew many men in the audience who were living in sin while it was their privilege to possess the glories of the Christian power. It was an open fact, he stated, that God gave every man his desires when they were reasonable, and yet mankind often repaid this heavenly generosity by directly opposing the Creator's goodness and choosing a dark path.

In the appeal that followed, many men signed their intention of choosing the Christ power and leading a clearer life. During his discourse, Dr. Troy disclosed the fact that only 5 per cent. of the people of York were church-going people, and stated that the great American metropolis would be an entirely godless city within a few years' time.

NOT CREED OR CHURCH

The True Testimony For Christianity Is the Christian Himself.

"We have this treasure in earthen vessels," is a verse in the fourth chapter of II. Corinthians, was the text chosen by Rev. H. D. Whitmore, pastor of the First Congregational Church, for his Sunday evening sermon.

The question, "Why put the heavenly treasure in such mean and unimportant vessels?" inaugurated the discourse, and in explaining that the vessel referred to was the life of man, the minister stated that the excellency of the power must be of God and not of man. He said that the true testimony for Christianity was the Christian himself, and not mere creed or church.

Church Notes. At the evening service in the First Methodist Church Mr. Robert Habbeshaw sang Barnaby's "The Soft Southern Breeze" in an artistic manner, and greatly pleased the large audience.

The choir of the Adelaide Street Baptist Church will come to the Stratford, where they will join with the Centre Street Methodist Church choir in a special musical program to be rendered tonight. Later the Stratford choir will come to London for a return visit to the Adelaide Street congregation.

COTTAGE AND PLOT OF LAND FOR THE COUNTRY LABORER

Lloyd George's Land Scheme To Make the Agricultural Toiler Independent of Either the Farmer or Landlord—A Minimum Wage of a Pound a Week.

London, Feb. 2.—Arising out of David Lloyd George's speech on the land problem on Friday, The Daily News' parliamentary correspondent now outlines some of the main features of the Chancellor's policy for the regeneration of rural and urban life. The Acland committee, appointed to investigate the problem, are now preparing the report, and according to the Daily News, have abundant evidence available to justify the following forecast of the reform scheme:

The statutory establishment of a minimum wage of at least one pound weekly for agricultural laborers.

Every laborer who requires a cottage shall have one with a plot of land independent of the farmer or landlord.

As a consequence these reforms in farming have to be placed on a scientific basis, including the extension of the co-operative principle.

For urban conditions rating reform on a large scale must be tackled when the present departmental inquiry into the relations between the imperial and local finances is concluded.

WHITE HOUSE TERM IS MADE SIX YEARS

United States Senate Resolution Bars Taft, Roosevelt and Wilson From Another Presidential Term—Wilson's Stay Would Be Extended Two Years.

Washington, Feb. 2.—The first step has been taken toward the adoption of a constitutional amendment fixing the term of President of the United States at six years and making the chief executive ineligible to succeed himself. By a vote of 47 to 23 the Senate today adopted the resolution. The resolution now goes to the House of Representatives, and the likelihood is that it will be passed by that body by a more decisive vote than resulted in the Senate.

MR. CROTHERS FORGOT TO MENTION FARMERS' BANK

Much Comment Over Failure of Labor Minister To Make Good His Pre-Election Pledges to the Electors of East Elgin.

[Special to The Advertiser.]
Aylmer, Feb. 1.—The failure of Hon. T. W. Crothers, minister of labor, at today's meeting, to say one word in regard to either the Farmers' Bank or his pledge given to the voters of West Elgin, that he would work hard in Parliament to see that depositors were recompensed, is occasioning no little comment all through the district.

During his election campaign, Mr. Crothers was profuse in his promises regarding what he would do to help the Farmers' Bank depositors. So far none of those who lost have been helped in any way.

Mr. Crothers dwelt upon the reciprocity question at some length, and with the navy idea, upholding the contribution to the British navy by the Borden Government. The Minister of Labor claimed all through his speech that the Liberal Government did not live up to its promises to the people. Mr. Crothers said that the fortifications at Esquimaux and at Halifax were going to wreck and ruin when the Borden Government assumed office.

CONDUCTOR MORRIS FATALLY CRUSHED

Was To Have Been Pallbearer at His Friend's Funeral.

[Special to The Advertiser.]

Windsor, Feb. 2.—Less than 48 hours from the time Ernest S. Royal, Michigan Central yard conductor, was killed in the company's yards just out of Windsor, Patrick Morris, aged 55, conductor, and the first man to drive an engine through the Detroit River tunnel, met the same fate. The accident happened on Saturday afternoon. Conductor Morris was to have been a pall-bearer at Conductor Royal's funeral.

According to Roy Bell, a brakeman, and the only witness of the accident, he and Conductor Morris were working between two freight cars repairing a broken coupling, when suddenly and without warning the cars were shunted, squeezing Morris between the bumpers. He was dead when picked up.

Mr. Morris lived within sight of Conductor Royal, and the two were fast friends. Leaving home Saturday morning Morris talked with his family concerning his old friend's sudden fate. "It makes me feel blue to lose Ernest in such a shocking manner," he said to his wife.

Morris had lived in Windsor 22 years, coming here from Amherstburg. He was one of the oldest employees in point of service with the company. He is survived by his widow, three children, three brothers, Frank, of Wallaceburg, Harry, of Walkerville, and Hugh, Morris of Courtwright—the latter two Michigan Central trainmen—and two sisters. His parents reside at Courtwright.

DYNAMITE EXPLODES IN A HARDWARE STORE

Eleven People Killed and More Than One Hundred Injured in Cuban Town.

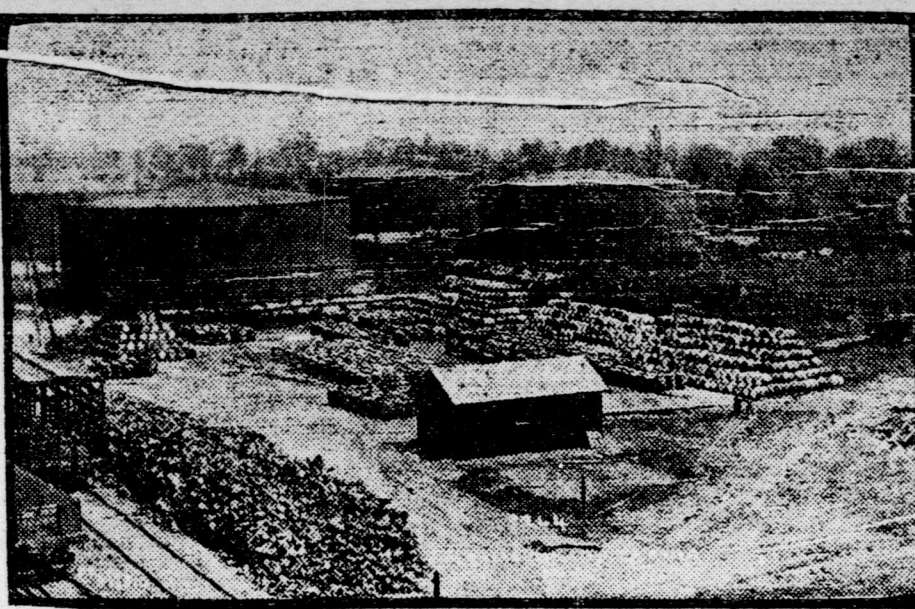

Havana, Feb. 2.—Eleven persons were killed outright and more than a hundred persons were injured by an explosion of dynamite in a hardware store at Cienfuegos today. A number of the injured will die—the store was wrecked and the ruins are being searched for other bodies. Among the injured who will probably die are Robert Edgar, manager of the cable office adjoining the hardware store, and two employees, H. Todd and Bradley, all Americans.

The owner of the hardware store, Jose Mayo, a Spaniard, is too badly injured to tell the cause of the explosion, which is unknown. It seems probable that an unlawfully large amount of the explosives was kept in the store. The shock was felt for twenty miles, and the damage is estimated at \$500,000.

COL. M'CALMONT DEAD

Was Deputy Grand Master of Orange-men of Ireland.

London, Feb. 2.—Colonel James Martin McAlmont, member of Parliament for the eastern division of Antrim, died today. He was deputy grand master of the Orangemen of Ireland, and a member of Parliament since 1885. He was born in 1847, served as aide-de-camp to both the Duke of Marlborough and Earl Cowper while they were viceroys of Ireland. This creates another vacancy in the representation from Ulster in Parliament, but it is not thought that the Irish Nationalists will contest the seat as they did the one from Londonderry.

TANKS OF THE IMPERIAL OIL COMPANY AT SARNIA.

SARNIA TO BE CENTRE FOR ENORMOUS PLANT

Lambton's County Seat Has Developed by Bounds Since Imperial Oil Started Operations—What the Increase Means in an Industrial Way.

The importance of the Imperial Oil announcement from an industrial standpoint to Ontario, in particular, and the Dominion, in general, can scarcely be overestimated.

Just as Canada is a country of great railways, great banking systems, so it promises to become a nation of great industries, and the Imperial Oil expansion, since it first exploited the Canadian field by placing some of its chief lieutenants in the field, and moving a large section of its American executive staff to Sarnia, has indicated the development of a continent-wide movement.

Sarnia's Prosperity.

Sarnia has prospered to a great degree since the oil company began its progress in the last few years. The company has invested several million dollars at the Tunnel City, the last year having seen the erection of a colony of new buildings. Real estate has advanced by leaps, and now the fathers of the town are thanking those who had the original faith to put Sarnia where it is, and complimenting themselves on their continued optimism, for they have all believed that Sarnia must come to greater things. The new era has dawned for them.

Huge Sums Expended.

The latest expansion of the Imperial Oil Company has its expression in a half-million-dollar office building, to accommodate a small army of organizers and directors and managers and accountants and clerks. It is said that a large portion of the companion company's business in the United States will be directed from the Canadian offices. Sarnia will be the headquarters for the fleets of oil steamers, for the tank lines, likely to be increased from the Petrolia field. Vast refineries will be built and there will be a whole community of great buildings, boilers, tanks and storerooms. Several steamers have been fitted up within the last year, and more will be built within a short space of time. The allied industries, many of them manufacturing concerns, are likely to be located at the tunnel.

To Be a Great City.

"Within a year or two Sarnia will be a city of considerable size," said a financial man, who has watched the development. "There is no doubt but that the oil company will begin greater development at once. They have many acres of land and they did not secure it for nothing. With Windsor advancing one may look for the time when these places will be great lake port rivals. Both have been given a start by big industries, the steel company in the one, and the oil company in the other. It will be interesting to watch the race. And London will not fail to benefit. Its business should be greatly enhanced, and radial railways are required as soon as possible.

ONLY CREAM SKIMMED FROM THE PETROLEA OIL FIELD?

Imperial Company Likely To Undertake Great Development Throughout Famous District—Modern Appliances and Capital Needed.

Well-informed business men are of the opinion that the Imperial Oil Company contemplates extensive operations in the Petrolia field.

Wells which have been played out apparently will be sunk deeper, and the oil men of the country state that with modern methods and unlimited capital the Petrolia field will show a renewed activity that will astonish the country. Others are not so optimistic, but Petrolia residents are hopeful for great things from the Imperial Oil Company.

The whole oil belt is likely to be gone over in a manner so thorough as to confirm or condemn every prospect that has ever been heard of. Some people think that the cream of the Petrolia field has only been skimmed.

Old oil men say that there is oil in many parts of the county of Lambton and adjoining counties that has never been properly developed. At Wyoming at the present time wells are being drilled and in many other localities there are claims that the owners affirm only need development.

At any rate, Petrolia people are confident that the Imperial Oil expansion means that the Petrolia field will be utilized as never before, and that there will be a boom within a year that will set all others in the background. Business men are renewing their hope in the locality, and hundreds of the original oil men have never left the district—a fact to indicate that there is something behind the hope that kept them from other inviting fields. Petrolia is known the world over as an oil territory. It attracted thousands in the boom days, and the old residents can spin stories of rough romance that make one think of the forty-niners. There is feeling of great optimism in the town that has thrived as few others in the country have, even though the first fruits of prosperity were not so easily gathered in later years. The announcement of the Imperial's expansion will

come as welcome news, for much of the company's stock is said to be owned in the locality.

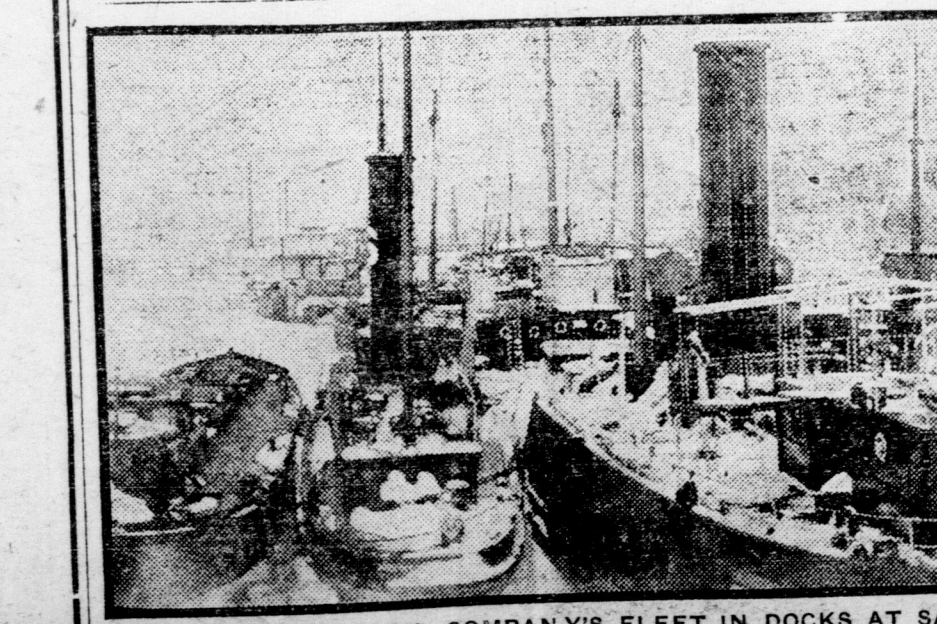

WATER SUPPLY IS STOPPED BY FIELD ICE

Effort Will be Made to Open the Intake With Steam.

[Special to The Advertiser.]

Sarnia, Feb. 3.—Sarnia's water supply was very low yesterday and today as a result of the large quantities of field ice in the St. Clair.

With the return of cold weather, the ice drifted around the intake and soon froze into a solid jam. It was soon

Story of Another Successful Year

THE thirty-two years of North American Life history have been years of uninterrupted growth. But in 1912 more substantial gains than ever were registered all along the line. New Policies in 1912 ran 25 per cent. in excess of those for 1911. Assets increased by nearly one million dollars and Net Surplus by 21 per cent. Policies in Force now total nearly fifty millions. The swing of success is with the

SARNIA AGOG OVER NEWS OF IMPERIAL OIL PLANS

Real Estate Steadily Advancing as Result of Big Development of Projects—Oil People Reported To Have Options on Miles of Trackage.

SARNIA BRANCH OFFICE, 209 Front Street.

Office hours, 9 a.m. to 9:30 a.m.; 3:30 p.m. to 5:00 p.m.

[Special to The Advertiser.]

Sarnia, Feb. 3.—The exclusive announcement in The Advertiser of Saturday to its Sarnia readers that the Imperial Oil Company planned an increase of its capital stock from \$6,000,000 to \$15,000,000 was received here as the most important news the community had heard for months.

There is a degree of excitement in the conversations that are heard. Sarnia people had heard whispers of the

big plan of the Imperial, but until Saturday they had no idea of the vast proportions which the enterprise was about to assume.

The Imperial Oil Company at the present time holds a large acreage of land in Sarnia and vicinity. It is said to have options on miles and miles of trackage.

The lines of development to be followed by the company will be watched with interest. Some people believe that the Petrolia field will be developed to a great extent, while others do not believe this to be the intention.

Real estate is likely to have an advance as a result of the proposed activities of the company, and Sarnia has the faith that it will advance greatly as a result of the expansion.

A DAY IN THE SPORTING WORLD

SIDE LIGHTS ON
MANY SPORTSVARSITY'S STRONG FINISH
TO MUCH FOR THE MEDSLocal Students Beaten out in O.B.A. Inter-collegiate Fixture
After Leading at Half Time—Collegiate Girls Win From
Normal School Young Ladies.

It really looked at half-time as if the Meds would win, but Varsity in the O. B. A. inter-collegiate fixture at the Y. M. C. A. Saturday night. When the first period was over the local students were leading by the score of 14 to 9, and their opponents outclassed in every department. But the second half resulted in a different story. The locals were beaten out before the final whistle and the game ended 26 to 13 in favor of Varsity. It was a remarkable reversal, and in the opinion of many fans the Meds brought it on themselves by their rough tactics, which gave the visitors numerous fouls. Varsity players were not slow to take advantage of this, and by confining themselves to a clean game, they made the Meds look like second-raters in the final period.

A Good Exhibition of basketball was given by the two teams. Varsity played a good combination, Varsity excelling in this in the last half, when they played around their opponents. In the first half the Meds played a fast, hard game, and they kept up the methods of play they used in the first period during the latter part of the game they would have won with little trouble.

Two of the Toronto players, Cooke and Zimmerman, were forced to retire in the second half owing to injuries. Cooke was playing a star game up to the time he was hurt and his absence weakened the visitors noticeably. Zimmerman replaced him, but he was hurt also a few minutes later.

For the visitors, Cooke, Levy and Fawcett played the best game, while Baines, Brereton and McKay were the pick of the local team.

A. T. Taylor, who was in charge, handled the game in a capable manner. The teams were:

TIGERS AND MEDS WINNERS
IN CITY BASKETBALL LEAGUEBankers and Arts Defeated—
Both Games Were Good
Exhibitions.

The City League basketball games played at the Y. M. C. A. Saturday afternoon resulted in a win for the Tigers over the Arts by a 33 to 20 score, and the Meds handed the Bankers a 17 to 9 defeat.

The First Game.
The first game between the Tigers and the Bankers was a very evenly-matched contest, although the former were leading at half-time by the score of 20 to 10. The Tigers, however, lost their lead in the second half, and the Bankers played a brilliant combination game, and had the students completely baffled in the second half, the resuming play in the latter was curiously, and succeeded in overcoming the Tigers' 10-point lead, and they ran in the winning points just before the final whistle blew, ending the game with a score of 26 to 13 in favor of the Bankers. The Arts played a brilliant game, and the students completely baffled in the second half, the resuming play in the latter was curiously, and succeeded in overcoming the Tigers' 10-point lead, and they ran in the winning points just before the final whistle blew, ending the game with a score of 26 to 13 in favor of the Bankers.

Peterboro Seniors Lost O. H. A. Fixture in Toronto Saturday Afternoon by 7 to 6 Score.

Toronto, Feb. 3.—Pete Spratt and his Peterboro Seniors O. H. A. team succumbed to University of Toronto by 7 to 6 in an association game at the Arena on Saturday afternoon. With a little more accuracy in their shooting there is no doubt but that they would have beaten the collegians.

Neither had any chance for the group honors, but both were after second place. On their great showing against St. Michaels at Peterboro a week ago, many looked for the Life Lock boys to pull out a victory which they almost did in the first half. The collegians had the better half of the play in the first half and at half-time the score was 3 to 1. In the second half, the locals nothing the odd tally and winning the game.

The teams:
University of Toronto—Goal, Parker; point, German; cover-point, Caldwell; rover, McDougall; center, Webster; right wing, Sinclair; left wing, Strome.
Peterboro—Goal, Dwyer; point, Spratt; cover-point, Groat; rover, Groat; right wing, Kelly; left wing, Kelly; right wing, Armstrong.
Referee—Harvey Sproule, of Toronto.

THE WORLD'S WORK DEPENDS
ON THE WORLD'S DIGESTION

From the captain of industry to the hod carrier—from milady in the auto to the woman with the scrubbing brush—the accomplishments of every one of us depend absolutely on the accomplishments of our stomachs. Backed by a good digestion, a man can give the best that is in him. When his stomach fails, he becomes a weakling.

To this loss of power no one need submit. Right habits of eating, drinking, sleeping and exercise, aided by Na-Dru-Co Dyspepsia Tablets, will restore and maintain the full efficiency of the human mind and body.

Na-Dru-Co Dyspepsia Tablets contain the active principles needed for the digestion of every kind of food. They go to the assistance of the weakened stomach, and enable the sufferer, right from the start, to assimilate and get the benefit of the food eaten. With this assistance, the digestive organs regain their tone, and soon the use of the tablets is no longer necessary.

If your stomach is not working properly, try Na-Dru-Co Dyspepsia Tablets, sold at your druggists'. National Drug and Chemical Co. of Canada, Limited, Montreal.

A preliminary game of basketball was played between two girls' teams, one from the London Collegiate Institute and one from the Normal school. The game resulted in a win for the C. I. girls by the score of 4 to 2.

The young ladies gave an interesting exhibition of the game as it is played by the gentler sex, and although they were a trifle weak on shooting goals, they understood the first principles of the game, and they witnessed the match, and each team had a number of rosters.

At half-time the score was tied, each side having scored one goal. In the second period the C. I. girls scored another goal, while the Normal school maidens, by the score of 3 to 1, won the game.

The Normal school girls—Forwards, Miss Bennett; guards, Miss McPhail, Miss Simpson.
C. I. girls—Forwards, Miss Meek, Miss McDougall; guards, Miss Howard, Miss Simpson.

An indoor baseball game, of the girls' match, a game of indoor baseball was played between the Y. M. C. A. and the Normal school, of the A. M. C. and Battery teams, of the Army League, while Smith and for the Y. M. C. A. the game ending 5 to 3 in favor of the Y. M. C. A.

The final game between the Meds and Bankers was much rougher than the first contest, and numerous fouls were made by both teams, the Bankers being the chief offenders. The game, although out of the regular time, succeeded in trimming the fast Bankers by the score of 17 to 9.

Telfer, of the Meds, although a new man on the team, played a fine defense game, and held steady, the Bankers' attack, however, was too strong for him. The teams were:

Meds (left)—Aiken, right forward; Wilson, left forward; Sorrenson, centre; B. A. junior players played a brilliant combination game, and had the students completely baffled in the second half, the resuming play in the latter was curiously, and succeeded in overcoming the Tigers' 10-point lead, and they ran in the winning points just before the final whistle blew, ending the game with a score of 26 to 13 in favor of the Bankers.

The standing of the City League is as follows:
Meds 2 0 1,000
Bankers 1 1 500
Arts 0 2 500
Next Saturday afternoon the Bankers will play the Arts in the first game, while the Tigers hook up with the Meds in the final contest.

GIANTS AND WHITE SOX
WILL TOUR THE WORLD

Big Trip Planned For Baseball Teams
Next Winter—Will Visit England
and Ireland.

New York, Feb. 3.—Plans were completed yesterday for a world's baseball tour by the New York National and the Chicago American baseball clubs next winter. The two teams will start their trip immediately after the world's series in October, and will end it in Dublin, Ireland, on Washington's birthday, 1914, according to present plans.

Ted Sullivan, the scout of the White Sox, and personal agent for President Comiskey, held conference with Manager McGraw of the Giants. After his talk with McGraw, Sullivan said he was prepared to make the official announcement that the tour would be made by the two teams next winter. Manager McGraw made a similar statement.

Sullivan will be advance agent for the trip, and will leave for the Orient next August.

The countries visited will be Hawaii, Japan, China, the Philippines, Australia, Tasmania, New Zealand, Egypt, France, England and Ireland. The players will return to New York about March 1.

THORPE'S TROPHIES
SHIPPED TO SWEDEN

Were Handed in to A. A. W. and Are
Now on Their Way.

New York, Feb. 1.—All discussion as to the power of the A. A. W. to force James Thorpe to give up the trophies he won at the Olympic games ended today with the announcement that the trophies had been packed in boxes and shipped to the secretary of the Swedish Olympic committee. When the American liner New York sails today, the trophies will be on board.

The bronze medal of King Gustav of Sweden, and the silver Viking ship, which Thorpe won in the Pentathlon and Decathlon, were received at the offices of Jas. E. Sullivan, secretary of the A. A. W., and immediately packed up and shipped to the secretary of the Swedish Olympic committee.

Thorpe also turned over to the A. A. W. the medal for the all-around championship won on Labor Day.

Bad Ice Prevented Card From Being
Run Off.

Ottawa, Feb. 1.—Owing to the condition of the track, the Saturday card at the Hull Driving Club's meet had to be postponed until Monday. The horses broke through the shell ice when they began to score down for the first heat, and then refused to start. The entire card was carried over. Monday's card will be the 22nd meeting of the season, and will be a named race. Royal Grattan will start in the 2:35.

Charleston Results

Charleston, Feb. 1.—Caught Hill, second choice, won the handicap today, with Carlton G. second and the favorite, Lochiel, third. Summary:

Wanderers—Goal, Boyes; point, Ross; cover, Clegghorn; rover, Hyland; centre, Whittier; right guard, Edgar; left guard, Robertson; goal, Holmes; point, Marshall; cover, Cameron; rover, Neighbour; centre, Wilson; rover, McElfien; wing, Dargatzis; full back, 3.
Referee, Johnny Brennan; assistant, Dave Powers.

Ottawa, Feb. 2.—Ottawa took the closest game of the season from the Canadiens last night, winning by 2 to 1. The Canadiens were first played under the seven-man game, and play was very fast throughout. The checking was hard and close, and so much so that it was not a spectacular hockey, and there was little combination on either side. The teams:

Ottawa—Goal, Benoit; point, Merrill; cover, Lake; rover, Ronan; centre, Denison; right wing, Broadbent; left wing, Dargatzis.
Canadiens—Goal, Vezeina; point, DuBeau; cover, Lavolette; rover, Payan; centre, Smith; right wing, Pitre; left wing, Berliquet.

Referee, Riley Hearn; judge of play, Harry Westwick.

THORPE WILL NOT TELL

Secret of Other Players.

New York, Feb. 1.—"Jim" Thorpe, the Indian athletic marvel, affixed his signature this afternoon to a contract calling for his services with the New York National League baseball club during the season of 1913. He will report to the club Feb. 18.

Having become an out-and-out professional, Thorpe has resolved not to reveal the names of the college men who, he says, played professional ball with him some years back. He had promised to give these names to Secretary Sullivan, the Amateur Athletic Union, but now declines to keep his promise.

CHAMPION BEATEN ON SUNDAY.

AMERICAN BUYS PACK
OF FINE ENGLISH DOGS

All the Best Bulls To Be Had in Old
Country Brought to America.

[Canadian Press.]
New York, Feb. 3.—Six English bulldogs, including a champion, which Arnold Lawson, son of Thomas W. Lawson, of Boston, brought to America from England yesterday, are said to make up the finest and most costly pack of bulldogs ever imported into this country. The dogs were housed during the trip across the Atlantic in a tiny cottage on board the steamer America. The collection includes champion Centaur, 4½ years old, which has taken twelve championships, and has beaten every lightweight bulldog in England, according to Mr. Lawson. Champion Beaulieu Bluebottle and Irish Blue are two noted heavyweights in the collection.

There are no good bulls left in England, and Mr. Lawson says "I have all of them with me." A two per cent duty was required on the dogs, but Mr. Lawson hopes to have this reduced on the ground that the dogs have been brought here for improving the native breed.

CURLING NOTES

The London city bonspiel opens at
the local curling rinks tomorrow.
The weather has been perfect for ice-making during the past two or three days, and all the local rinks boast of splendid sheets. Secretary Tillson stated this morning that all the arrangements had been completed, and the committee were looking forward to a successful event. The entry list will not be as large this year owing to the extreme mildness of January. In many places the tankard and district cup games are being played this week, while in Oxford County, Harriston and other places they are holding bonspiels. Cards have been received from a number of outside curlers, who expect to come to the Canadian League Club, that they are in their own town, which will prevent. However a number of entries from outside rinks have been received, and many more are expected today.

Many of the curlers received letters and cards from all over Western Ontario, and he believes that from 15 to 20 outside rinks will be present tomorrow, when the first games are played. The local clubs have entered a number of rinks, so it is hoped that from 40 to 50 rinks will take part.

The London Thistle Club has decided to hold weekly bonspiels or progressive euchre parties every Friday night during the next few weeks. If the weather does not permit curling, card-playing will be in order, but otherwise the stones will be gotten out and the curlers indulge in the grand old game. Prizes will be donated each week and if they are not won on the ice they will be won over the card tables.

Skating Championships Run Off at
Montreal Saturday—McLean,
Chicago, Won Two Titles.

Montreal, Feb. 2.—The Canadian outdoor speed skating championships were held here this afternoon over the keenest possible kind of ice, and notwithstanding the high wind prevailing the skaters were in for a fair time.

The championships were well divided, the Canadians holding their own against the Americans, although, over Chicago, was the only competitor to win two championships. The results:

CC a la Grace CORSETS

A-525

And Two Very Important Points

Two very important points in choosing a corset are these: To select not only the right make of corsets, but also just the right model of that make for the individual figure. C C a la Grace Corsets reflect both these requirements; C C a la Grace Corsets always stand for the final word in corsetry, producing to perfection the fashionable lines of the prevailing vogue (this season the modish low bust, the very long hip and back so long sought after). C C a la Grace Corsets are guaranteed not to rust, not to break or tear with reasonable wear. Among the unlimited models designed for all figures you will find just the right model for your figure. CHARLES M'DONALD DIED AT WYOMING

Resided Near London for a Number of Years.

[Special to The Advertiser.]
Wyoming, Feb. 3.—The funeral of Mr. Charles McDonald, held from the family residence on the Wyoming side-road north, on Sunday afternoon, was very largely attended. An impressive ceremony was conducted by Rev. J. A. Ross, of the Presbyterian Church, of which Mr. McDonald was a lifelong member.

Mr. McDonald had been in delicate health for some months through hardening of the arteries. He was 63 years old, and a native of Scotland. He came to Canada to work in the employ of the late Mr. James McLaren, farmer, about two miles from London, where he made his home for several years, and where he was married.

Later he moved to the present homestead, Wyoming, where he had

sterling character, standing ever for what was best, and uplifting.

A widow and four daughters and one son survive him. One son died from injuries sustained by a fall from the top of a silo two years ago, and his death was a severe blow to the father, even then in poor health.

BALKED THE MILITANTS

London Public Institutions and Royal Palaces Have Been Closed.

[Canadian Press.]
New York, Feb. 3.—A London cable says: In consequence of the smashing of the glass, showcases in the jewel house of the Tower of London on Saturday, it has been decided to close the jewel house temporarily. Special precautions against suffragette outrages are being taken at the British Museum, the National Gallery and other public buildings. The number of police at the Guildhall has been increased.

The suffragettes had openly threatened to do damage in certain of the royal palaces, and the official announcement that Kensington, Hampton Court, Kew, and Holyrood are to remain closed to the

public until further notice leaves them with a gap in their program that may require a day or two to fill up.

SEINE RISING RAPIDLY

Repetition of Disastrous Inundation of Last Year Is Feared.

[Canadian Press.]
Paris, Feb. 3.—Fears of the repetition of the disastrous inundations which occurred in Paris during the winter of 1910-11 have been aroused by the rapid rising of the Seine. The water is mounting today about two inches every hour.

In the low-lying quarters of the city, especially in the southwestern district of Bercy, the water has overflowed into some of the streets. The Rue Watt, near the Tolbiac bridge, was the first to be flooded. It is now several inches under water and consternation reigns among the occupants of adjacent houses.

Rain ceased this morning in Paris itself, but it continues to fall heavily in the up-country reaches.

MENELIK AGAIN REPORTED DEAD

One of His Grandsons Said To Have Succeeded to Abyssinian Throne.

REPORT IS UNOFFICIAL

New Emperor, Who Was Selected By Dead Monarch, Is Only Seventeen Years of Age.

[Canadian Press.]
London, Feb. 3.—King Menelik of Abyssinia is dead, according to a special dispatch received here from Addis-Abeba today. His successor, Prince Lidj Jeassu, one of his grandsons, entered the capital on Sunday with great pomp.

No official confirmation has been received here of the death of Menelik, who had on several previous occasions been reported dead.

Prince Lidj Jeassu, who is said to have entered the Abyssinian capital as the new emperor, is only about seventeen years old. He was selected some years ago by Menelik himself as his successor. He is a youth of great intelligence, and is the son of Ras Michael, a powerful prince and governor of three Abyssinian provinces, whose wife was Menelik's daughter. Lidj Jeassu speaks English, French and German, and has been instructed by European tutors.

Reported Before.

There have been many rumors during the past five years of Menelik's death, and it was reported at one time that he was being suppressed and that the Empress was conducting the affairs of the Abyssinian Kingdom until Lidj Jeassu was old enough to take the government into his own hands. This was denied officially, and at the beginning of last year Menelik was reported to be paralyzed below the waist, and uncertainty has since reigned as to the situation.

GAYNOR'S ASSAILANT DEAD

Man Who Shot New York's Mayor a Victim of Paresis.

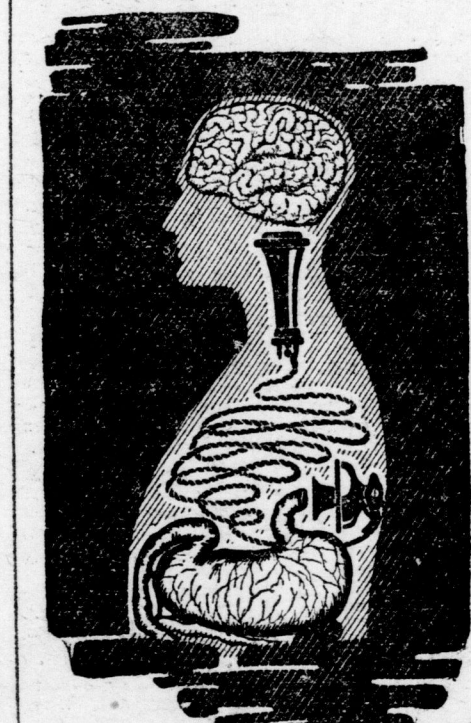

[Canadian Press.]
Trenton, N. J., Feb. 3.—Jas. J. Gallagher, the man who shot Mayor Gaynor of New York, nearly two years ago at Hoboken, N. J., died here today at the New Jersey State Hospital for the Insane in this city. Death was due to paresis. He had been at the state hospital since Jan. 18, 1912, having been transferred there from the New Jersey State Prison, where he had been sentenced to serve 12 years on a charge of assault upon Street Commissioner Wm. Edwards, of New York city, who was with Mayor Gaynor at the time. Gallagher was never prosecuted for shooting the mayor. This was at Mayor Gaynor's request.

DIED AT STRATHROY

Aaron Gill Never Recovered From Effects of Paralytic Stroke.

[Special to The Advertiser.]
Strathroy, Feb. 3.—The death occurred here yesterday after a long illness, following a stroke of paralysis, of Aaron Gill. Deceased was 61 years old, and besides his wife, who is seriously ill at the present time, leaves two sons, Charles and Fred, and three daughters, Mrs. Cooper, Misses Edith and Minnie, all of Strathroy.

Thousands of people who hadn't really enjoyed a meal for years have given their stomach a new lease of life through the wonder-workers, Stuart's Dyspepsia Tablets. They promptly put an end to flatulency, heartburn, indigestion, sick headache, dyspepsia, burning sensation, brash, fermentation and the other ills attendant upon a disordered stomach.

The Stomach Sends a Message to the Brain the Instant There is Trouble.

In this day and age of known facts, there is absolutely no excuse for anyone to suffer with stomach trouble, indigestion, sour risings, catarrh of the stomach, gas formations, etc.

Stuart's Dyspepsia Tablets are composed of known and approved digestants that help out the gastric juices of the stomach. They are Nature's digestives, the same kind the stomach uses when it is in good health.

Stuart's Dyspepsia Tablets do not merely aid digestion—they actually digest the food themselves. All the hard work is thus taken off the stomach and it gets a chance to rest and recuperate. The undigested food, which formerly produced nauseating gases in the stomach becomes thoroughly digested and as a result provides new brain and brawn and nerve cells to replace natural waste always going on.

Stuart's Dyspepsia Tablets act quickly, safely and naturally, just like Nature herself. They are a familiar and standard part of the stock of every properly equipped drug store and are sold at 50c a box.

Those who once try Stuart's Dyspepsia Tablets are never at a loss to know how to overcome any form of indigestion or stomach trouble.

TWO BOYS FOUND DEAD AND MOTHERS ARRESTED

East St. Louis Police Investigating a Mysterious Double Tragedy.

[Canadian Press.]
East St. Louis, Ill., Feb. 3.—Mrs. Pearl Belle Stebbins and Mrs. Nellie Carpenter, mothers of two boys who were found dead of gas asphyxiation in the same bed Sunday, are under arrest here.

The boys, George Stebbins, 12 years old, and Ralph Carpenter, six, were discovered dead when Mrs. Carpenter returned to her home in the morning in a three-fourth night Mrs. Stebbins, who at one time had been connected to a gas range, was the source of the fumes which caused the boys' deaths. There was no cap on the pipe, and none was found on the floor. There the company of a man, it was testified at the coroner's inquest. The other woman was away from home all night, being found by the police shortly before noon.

At the inquest last night it was testified that late Saturday night Mrs. Stebbins was seen to enter the house in which the boys were sleeping and that a man and a woman waited her reappearance on the sidewalk in front.

DOCTOR ISSUES WRIT: TROUBLE OVER PRACTICE

Agreement Made at Elmira Alleged To Have Been Broken.

Mr. J. F. Pauls, barrister, of this city, has issued a writ upon the instructions of Dr. Robert W. Pauls, of Elmira, Waterloo County, against John H. Ratz, in which the plaintiff claims unstated damages for breach of an agreement under seal, and also for an injunction restraining the defendant from practicing his profession within 25 miles of Elmira. The plaintiff in his statement of claim alleges that he purchased the practice of Dr. Ratz, and that an agreement was made whereby the latter was not to practice within 25 miles of Elmira. Since the date of the agreement defendant has commenced practice in Preston.

WYOMING WEDDING

Miss Millie Westland Becomes Bride of William Rawson.

[Special to The Advertiser.]

Wyoming, Feb. 3.—A very quiet home wedding took place here on Wednesday, when Miss Millie Westland became the bride of Mr. Wm. Rawson. The marriage took place at the home of Mrs. A. Westland, where a dainty wedding breakfast was served, after which the happy couple motored to Sarnia, leaving there for Pasadena, Cal.

BERNARD SHAW OFFENSIVE

Noted French Critic Takes a Slam at the English Dramatist.

Paris, Feb. 2.—Bernard Shaw, the adaptation of whose play, "You Never Can Tell," just produced in Paris, has been having a hot time at the hands of the French critics. Abel Hermant, the distinguished writer and critic, after tracing a certain relationship between British humor and French humor, expresses the following opinion: "He is immature, he is sought, he is dry. The great fault with this author which renders his words sarcasm irritating to the last degree is that his cruelty is disproportionate to the persons and the object. Shaw has no sense of proportion whatever, and he thinks that his pieces have an influence, and a portee, He thinks he is a prophet and a precursor, and that he is shaking society to the foundations because he has toppled over a few lies of the social order. When one sees how even revolutions change so slightly the face of the world one can hardly help smiling at his poor perspective. I would not like to grieve Shaw by saying things that will surely be most disagreeable in his ears, but I am obliged to. Mr. Bernard Shaw is in the offensive."

MAIL CARRIERS ARE UP IN ARMS

Those Running Out of Woodstock Say They Have Not Been Paid.

[Special to The Advertiser.]
Woodstock, Feb. 3.—Mail carriers on the rural routes from Woodstock are up in arms against the Conservative Government because they are not being paid in contract time. One stated today that the contract calls for their salary to be paid every three months, but allows the Government 20 days more in which to get the checks out. He said that under the Liberal Government the money was always on hand ten or twelve days after, but during last year the cash was not continued, and no money has been received for October, November, December or January, and the contract has been broken without a word of explanation.

TRAGEDY AT BRIGHTON

Quarrel Between Father and Son Said To Have Caused Death.

[Canadian Press.]
Brighton, Feb. 3.—Reuben Flindall, of Murray Township, near the upper bridge of the canal here, died Sunday night as the result of a fractured skull. It is alleged that the injury was due to Flindall's son, Bruce Flindall, in a quarrel, striking his father on the head with a sleigh stake. The coroner will open an inquest tonight at 8 o'clock. Reuben Flindall was 55 years old; his son 27.

MOUNTED POLICE HEAD DIES OF HIS WOUNDS

Shot a Week While Attempting Capture of a Galician Wife-Deserter.

[Canadian Press.]
Dauphin, Man., Feb. 3.—Charles Rooke, of the Manitoba Mounted Police, and police magistrate, died in the hospital here at 1 o'clock this morning after having made a hard but hopeless fight for life since Sunday week, when he was shot through the lungs while trying to arrest John Baran, a Galician home-steader, wanted for wife-desertion. Anne Chiswick, the woman who was living with Baran, and who claims she did the shooting, made an ante-mortem statement today in attempting to capture Baran after Rooke was shot, the posse fired at the house, and besides fatally injuring the woman, killed her babe, only to find Baran was not within, though he was arrested later on.

Rooke was born at Red Hill, Surrey, England, May 5, 1876, being the son of Inspector General Rooke, of the Indian army, and was educated at Wellington College. He came to Western Canada in 1895, and served five years with the Northwest Mounted Police. In 1905, the Manitoba Government gave him the job of organizing the Manitoba Mounted Police, a body whose efforts were mainly directed to the suppression of lawlessness along the international boundary line.

He made his name a terror to horse thieves, rogues and smugglers, and soon made the frontier as safe as any other part of the province. Latterly his headquarters have been here, where he acted as police magistrate with jurisdiction over much of the north country. He leaves a wife and one son. A brother, E. G. Rooke, news editor of the Nelson News, and former publisher of Port Hope, (Ont.) Times, is looking after the funeral arrangements.

COURT DISMISSES APPEAL OF JOHNSON

Washington, Feb. 3.—The supreme court today dismissed the appeal of Jack Johnson, the negro pugilist champion, indicted in Chicago on a charge of violation of the federal white slave act, from the decision of the federal court of Northern Illinois.

HARD ON CALGARY

A Chicago Detective Says Vice Is Rampant in Western City.

[Canadian Press.]
Calgary, Feb. 3.—Isabelle Ernest, a Pinkerton detective, who came here to locate a young girl who ran away from her home in Oklahoma with a young Calgarian, and who took the girl away with her, gave out an interview in which she said:

"Though I have been in a good many cities, I can safely say that I have found none the size of Calgary that can compare with it in regard to girls living partly vicious lives."

"Your blocks are full of them, and my search for this girl I discovered the fact that girls have sold themselves to obtain the bare necessities of life, because of paucity of their wages."

"If these girls did not sell themselves occasionally to obtain what they need to live the life they are forced to live in the city, they could not afford any longer to live and sleep in comfort, or dress themselves in accordance with the demands of the establishments where they are employed."

"Briefly, if they were good, they could not afford to work for the wages they are receiving. Some of these girls are living with men, who are enrolled on the church membership rolls of your city."

"In your blocks you have hundreds of these girls. Some of them are really bad and started bad young, but there are others just like the girl I am taking away, who are of good families of Canada and the United States, and their mothers believe they are working hard and living on the wages they say they earn."

"Your city has Chicago beat in this respect."

STRATHROY TO VOTE ON FACTORY BYLAW

Ratepayers May Loan Auto Company Fifty Thousand Dollars.

[Special to The Advertiser.]
Strathroy, Feb. 3.—The automobile factory bylaw goes to the ratepayers of Strathroy for their ratification on Thursday, Feb. 20. The prospects for carrying it are very bright, although the law requires that two-thirds of the vote be polled in favor of the bylaw. J. B. Sutherland has purchased the old brewery property from R. M. Pincombe, for a consideration of \$1,900. Mr. Sutherland intends remodeling the red brick portion into a sales and feed stable for horses.

The First Methodist choir of London will give a recital in the Strathroy Methodist Church on Feb. 4.

Organizer John Berdan is somewhat improved in health.

A Valentine social will be held in the Presbyterian Church on the evening of Feb. 11 under the auspices of the Mission Band.

WINGHAM MEETING

High School Program Was Greatly Enjoyed By Large Audience.

[Special to The Advertiser.]
Wingham, Feb. 3.—The regular meeting of the High School Literary Society, held in the assembly hall, was a great success. President A. Shaw was in the chair, and the program included an address by Mr. Percy, science master, solos by Miss Mabel Isard, and addresses by Messrs. C. McLean, A. McBurney, F. Capeland, and the president. All were thoroughly enjoyed.

The local police so far have been unable to run down the parties who have been poisoning dogs. Over twenty animals were killed, among them several which were very valuable.

HIGHLY HONORED

Mr. and Mrs. William Hogg Celebrated Their Wedding Anniversary.

[Special to The Advertiser.]
Thamesford, Feb. 3.—Mr. and Mrs. William W. Hogg, of Thamesford, celebrated the first anniversary of their marriage recently. The gathering was attended by the nearest relatives and a few friends, and all had a most enjoyable time. In proposing the health of Mr. and Mrs. Hogg, Rev. W. S. Galbraith remarked that, although their host and hostess were married in Scotland, they were now enjoying the Canadian edition of Scottish wedding, and while the friends round the table hoped they would enjoy every temporal and spiritual blessing, there was also a large circle of friends in the community who sincerely sympathized with every good wish expressed on this occasion.

Mr. Hogg's reputation as a farmer has gone far and near and he has done a great deal to improve the Clydesdale horses and Shorthorn cattle of this district. He owns at the present time one of the best Clydesdale mares in the world—the invincible Royalette, which he imported last year from Scotland. Mr. Hogg has begun to build a red brick house—a two-story villa—and intends making his home here permanently.

CRITICALLY ILL.
[Special to The Advertiser.]
Wingham, Feb. 3.—Dr. J. Wilson, V.S., is still so critically ill at his home here that little hope is held out for his recovery.

FINANCIAL AND COMMERCIAL

HOG SUPPLY IS SCARCE

IN THE LOCAL DISTRICT

Shipment Today Was Small
Despite an Increase in the Price.

Although Monday is not a regular market day, there was a fairly large attendance on the local square today. Some ten or twelve loads of hogs were sold at prices ranging from \$11.50 to \$13.00 per ton. The average selling price about \$12.75 per ton. No straw or wheat was offered, and one load of oats was sold for \$11.00 per cwt.

The shipment of hogs was about the same size as that of last Monday, despite the increase of 25 cents in the price. It is stated that the number of hogs in the country is considerably smaller than it was a month ago, and it is expected that the prices will remain about the same for some time. Butcher was also slightly scarce this morning, the prices being 25c per pound for crock and 25c for rolls. Store lots were slightly firmer, the price for strictly fresh eggs being from 25 to 27 cents per dozen.

Dressed hogs were quoted at prices from \$11.50 to \$12 per cwt. The sales being made at \$11.75 in the majority of cases.

The prices of the three different classes of hides dropped half a cent per pound.

The prices were:

DETECTIVES AND DRAGOONS RIDE WITH ROYAL PARTY

Special Guard Ordered To Protect King and Queen From the Suffragettes.

[Special To The Advertiser.]

London, Feb. 3.—Have the militant suffragettes decided to subject royalty to their attacks and demonstrations to more startlingly call attention to their demands?

Today King George and Queen Mary motored from Windsor Castle for pre-lenten court at Buckingham Palace, a distance of 21 miles. A pilot filled with Scotland Yard detectives preceded the royal motor, and another one brought up the rear.

In addition, a squadron of dragoons, ostensibly out for an exercise ride, galloped along beside the royal party.

through the woods just outside of Windsor, to guard against possible assaults among trees of that district. Every inch of the road was carefully inspected to guard against broken glass puncturing the tires of the royal vehicle.

Another unusual circumstance was that detectives were right in the car containing their majesties. The authorities generally satisfy themselves with placing officers in other cars.

It was learned also today that guardsmen of the King have been especially on the alert since the attempted assassination of Lord Hardinge in Delhi. It was thought these malcontents might inspire an attempt on royalty on the journey today. Their majesties went to Buckingham to take part in the yearly levees, which will be especially brilliant this year.

**INCREASE IN MISSIONS FUND
WILL BE ABOUT FORTY PER CENT**

Presbyterians in Canada Will Soon Know the Result of the Million Dollar Fund.

The Presbyterians of Canada will soon know whether the million-dollar fund for missions for 1912 has been completely successful. The books at the head office in Toronto will not be closed until the 28th inst., and at that date the total amount raised by the Presbyterians of Canada during the year will be known.

In an interview with The Advertiser, Rev. Dr. McCrae, the representative of the General Assembly's Missionary Department, said that the fund had been completely successful. The books at the head office in Toronto will not be closed until the 28th inst., and at that date the total amount raised by the Presbyterians of Canada during the year will be known.

There had been a splendid increase in the fund, and the total amount raised was about 300 per cent. He ventured the prediction that the increase would be about 40 per cent.

A New Thing.
The missionary budget was yet a new thing, and many people did not yet grasp the vastness of the work undertaken by the Presbyterian Church in social service, moral reform, church extension and missionary work at home and abroad. The budget adopted by the General Assembly for 1912, Dr. McCrae said, was larger still, being one million, two hundred thousand dollars. He was certain the church would raise this amount in full, Dr. Grant, who is at the head of this work, is one of the largest and ablest men in Canada. He is visiting the towns and cities of Canada, and everywhere the more prosperous businessmen are giving, in addition to their contributions through the churches, sums ranging from \$500 to \$5,000 for church extension, missionary and educational purposes. Regina has already raised \$65,000 in this way, and Edmonton businessmen will raise \$60,000. All the cities will be visited, and the work pushed. Dr. Grant will likely visit London in the early autumn.

What Dyspeptics Should Eat

A PHYSICIAN'S ADVICE.

"Indigestion and practically all forms of
stomach trouble, nine times out of
ten, due to acidity; therefore stomach
sufferers should, whenever possible, avoid
eating food that is acid in its nature, or
which by chemical action in the stomach,
develops acidity. Unfortunately, such a
rule eliminates most foods which are
pleasant to the taste, as well as those
which are rich in blood, flesh and nerve-
building properties. This is the reason
why dyspeptics and stomach sufferers are
usually so thin, emaciated and lacking in
that vital energy which can only come
from a well-fed body. For the benefit of
those sufferers who have been obliged to
exclude from their diet all starchy, sweet
or fatty food, and are trying to keep up a
miserable existence on gluten products, I
would suggest that you should try a meal
of any food or foods which you may like,
in moderate amount, taking immediately
afterwards a half teaspoonful of Bismarck
Magnesia in a little hot or cold water.
This will neutralize any acid which may
be present, or which may be formed, and
instead of the usual feeling of uneasiness
and fullness, you will find that your food
agrees with you perfectly. Bismarck
Magnesia is doubtless the best food re-
cursive and antacid known. It is not a
medicine, and has no direct action on the
stomach; but by neutralizing the acidity
of the food contents, and thus removing
the source of the acid irritation which in-
flames the delicate stomach lining, it does
more than could possibly be done by any
drug or medicine. As a physician I be-
lieve in the use of medicine whenever
necessary, but I must confess that I never
see the sense of dosing an inflamed and
irritated stomach with drugs instead of
getting rid of the acid, and thus removing
the cause of the trouble. Get a little Bismarck
Magnesia from your druggist, eat what you
want at your next meal, take some of the
Bismarck Magnesia, as directed above,
and see if I'm not right."

was not received until today.

G. T. R. Changes.

Hamilton Herald: The changes which
make Hamilton a G. T. R. divisional
point go into effect today. J. H. Gor-
don, of Toronto, became superintend-
ent. John Gray succeeded him as
agent in Toronto, and A. N. Adams,
of Toronto, took over Mr. Gray's position.
H. R. McLennan, of London,
came here as chief dispatcher, and was
accompanied by six assistants. William
Hall, formerly assistant trainmaster
here under W. R. Davidson, of London,
became trainmaster for the new divi-
sion.

A Successful Year

Attention is called to the very satis-
factory year's operation of the North
American Life Assurance Company, a
summary of which appears elsewhere
in this issue. In point of amount of
new business issued, 1912 easily ranks
first in the company's long history of
thirty-two years. New policies amount-
ed to \$7,630,336, an increase of \$1,500,-
910 over those for 1911. The volume of
policies on the company's books now
runs close to \$50,000,000. During the
year \$420,000 was paid to beneficiaries
of deceased policyholders, bringing up
the total death claim payments since
organization to the large sum of \$4,-
983,220. In the matter of profits to
policyholders, payments made by the
company during the year is stated to
compare favorably with those made by
many of the other companies operating
in Canada. The amount thus disbursed
during the year 1912 was \$166,000.

HOW TO MAKE FAIRS A SUCCESS

Mr. J. Lockie Wilson Addressed
District Fairs' Association
on the Subject.

KEEP BOYS ON THE FARM

Success of the Agricultural Communi-
ties is at Stake, Said the Speaker
—Some Suggestions.

The annual meeting of district num-
ber 8, District Fairs' Association, was
held in the county council chambers on
Saturday afternoon, and the representa-
tive to the annual meeting in Toron-
to on Friday, was appointed, Mr. Wm.
McKenzie, of Mitchell, was elected as
the representative of this district,
which includes all the township fairs
in Middlesex and a number of the ad-
joining counties.

Mr. D. A. Graham, of Hyde Park, the
representative at the last annual meet-
ing, acted as chairman, and also pre-
sented his report.

Fairs a Success.

Mr. J. Lockie Wilson, superintendent
of agricultural societies in Ontario, was
a speaker at the meeting, and he gave
those present a number of valuable
suggestions towards making the rural
fairs a greater success than in past
years. He advised the directors to cut
the sideshows and other attractions of
this nature, and confine the exhibits
to those of an agricultural nature. He
also stated that by means of trim-
ming the trees and erecting seats on
the fair grounds the fairs would be
more attractive, and thus bring in
greater returns.

He was strongly in favor of co-opera-
tion among the farmers, and said that
the Government had decided to give
demonstrations throughout the country
showing the value of co-operation.

Keep to the Farm.

Mr. Wilson told the representatives
present that the success of the agri-
cultural communities depended upon
whether the boys and young men could
be kept on the farm. He suggested
that stock judging contests be held,
and that at the country fairs, after the
judges had completed the award of
prizes, the young men be shown the
reasons for the awarding of prizes to
the different exhibits.

Those Present.

Over thirty directors of township
fairs were present, among them being
Messrs. D. A. Graham, Hyde Park; Jas.

ing, Thorndale; James Venning, Moss-

FORMER LONDON PASTOR ANSWERS SIR RODMOND

Rev. D. S. Hamilton Refused
To Be "Bluffed" by Premier
of Manitoba.

Rev. D. S. Hamilton, formerly pastor
of the First Congregational Church, of
this city, together with Ralph Connor,
took an active part in the by-election
in MacDonald, Man. Both strongly re-
sented the Cossack methods of Sir
Rodmond Roblin and his party in the
contest. When the matter was brought
up in the Legislature, the Premier de-
voted some time to Mr. Hamilton and
Ralph Connor, and used some rather
startling language in his abuse of these
gentlemen.

Sir Rodmond, in one of these wild
moments, of which he is so capable,
charged Mr. Hamilton and Ralph Con-
nor with canonizing election crooks and
criminals, with assisting in the de-
bauching of the people with whiskey
and money, and with other such fearful
acts.

Mr. Hamilton wrote an open letter
to Sir Rodmond, challenging him to
come out from behind the privileged
position of the Legislature, and debate
these great questions on the platform
with him. Mr. Hamilton denied ab-
solutely all the charges made, and twits
the Premier regarding his position on
the temperance cause. He charges him
with being instrumental in organizing
a brewery, and of championing the
cause of the bar and the treating sys-
tem.

A Warm Retort.

The concluding paragraph of Mr.
Hamilton's letter summarizes the Pre-
mier's attitude, and gives a direct re-
ply to it, as follows:

"In conclusion, let me say, that the
bluster you indulged in on the floor of
the House will not deceive any right-
thinking man, nor will it divert atten-
tion from the real issue. Do not imag-
ine that you can throw dust on the
eyes of the people, or blind them to
the facts of the case—facts which
prove that respectable citizens were in-
timidated and innocent workers were
arrested, jailed, ill-treated and denied
fair trial. The real issue is the lib-
erty of the subject, and the right to de-
mand fair trial if arrested. No czar
nor autocrat can with impunity de-
prive fullgrown men of their just rights.
I believe that I voice the sentiments of
the independent manhood of Manitoba
when I say to you, Sir Rodmond, we
will not cringe before your presumptu-
ous claims; we refuse to be cowed by
your impudent threats; we repul-
sate your base insinuations against men
of pure motives; we despise every cow-
ardly attempt made to besmear the

The Twinges of Lumbago

There is nothing like Dr. Chase's
Kidney-Liver Pills to rid the uric acid
from the blood, and so remove the
cause of lumbago and rheumatism.

Mr. John M. Frank, farmer, Mink
Lake, Alta., writes: "For two years I
suffered from lumbago. Sharp pains
would dart through the back and sides
or come on suddenly when bending or
twisting the body. I could not do any
work for months of each year, was
often confined to the bed, unable to
sit or stand."

"Since using Dr. Chase's Kidney-
Liver Pills, I have not lost any time,
and have been very greatly benefited.
Though I still have slight attacks, this
treatment seems to be driving the dis-
ease out of the system."

"I have been entirely cured of an-
noying, itching piles of three years'
standing by use of Dr. Chase's Ointment."

character of honorable citizens, who
stand head and shoulders above their
traders; and we counsel the Govern-
ment to warn its miserable, middle-
some minions to confine their attention
to real criminals and to keep out of
the pathway of free-born Britishers
and Canadians who exercise the
honest rights of conscientious citizen-
ship. Do not allow yourself to be de-
luded by the idea that you can bully
into silence conscientious men or
synods, who have a right to speak, and
a will to work for the promotion of the
public good. Such men and such
synods, I submit, are much more com-
petent to represent the moral and
Christian sentiment of the community
than are prating politicians, who play
the game by 'speaking politically'."

LATE JOHN BRUNTON

Funeral of Westminister Man Was
Largely Attended.

The funeral of the late John Brun-
ton, Westminister Township, was very
largely attended. He was one of the
pioneers of the county and was well
and widely known.
Deceased was born in Edinburgh,
Scotland, in 1824. When he became older,
he was apprenticed as a coach-
builder in the Caledonia Railway shops
at Greenwich, where he was employed
for a number of years. In 1854 he mar-
ried Miss Isabella Nichol, a most es-
timable lady, daughter of the late Adam
Nichol, who formerly taught school at
Fond Mills. Shortly after the marriage

Mr. and Mrs. Brunton came to Canada,
and directly to London.

Mr. Brunton took a position with the
Great Western Railway, and built the
first snowplow ever operated in Ont-
ario. In 1858 he purchased lot 6, con-
7, Westminister Township, on which he
lived until December last, when he re-
moved to Belmont. He was married
twice, his first wife dying 24 years ago,
and his second some time later.

The late Mr. Brunton was a very
powerful man, standing over six feet
four inches in height, and in his ear-
lier days was considered one of the
strongest men in the Province. At log-
ging bees and barn-raising he was
much in demand. Prior to coming to
Canada he served in the Household
Guards in Glasgow and was for a time
excise officer.
The late Mr. Brunton was the last

DIED IN THE WEST.
