The copy filmed here has been reproduced thanks to the generosity of:

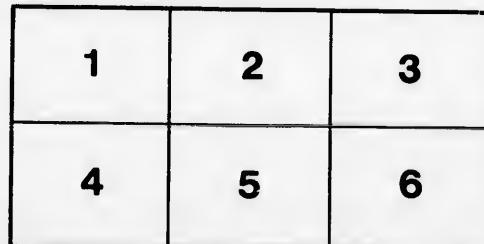

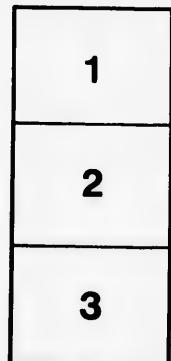

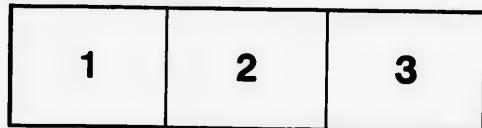

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canad

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

NOTICE.

The Board of Directors beg to announce that the eleventh of the series of Reports, containing articles on the cultivation of Fruits, Flowers, Vegetables, &c., suitable to this climate, will be issued at an early date. These Reports contain a large amount of valuable information of the greatest use to all who are in any way interested in matters pertaining to Gardening and Fruit Growing, but especially to those resident in this Province. The want of reliable information on these subjects has long been felt, and very gratifying evidence of the appreciation of the Society's efforts in this direction are being constantly received.

All Subscribers of \$2.50 Annually will, in addition to their Tickets, receive from the Provincial Government a copy of the "Illustrated Agricultural Journal," published in French and English Monthly; and from the Society a copy of its Report, published Annually.

Rules and Regulations.

1. All specimens *entered in competition for premiums must be bona fide grown by the competitor himself*; and, if proved not to be such, the competitor to be disqualified from receiving any premium whatever at the Exhibition.
2. All plants, flowers, fruits and vegetables must be carefully labelled with their proper names. Botanical names to be added as far as possible.
3. In awarding premiums on plants in pots, special reference will be had to the beauty of the specimens, profusion of bloom and evidence of superior cultivation.
4. The term "Dissimilar" shall in every instance be held to mean distinct varieties or species of any plant.
5. Any deviation, more or less, from the exact quantities or numbers specified in the schedule, will disqualify a competitor.
6. All exhibitors in the classes for bouquets must have them of such a size that they can be shown in the vases provided by the Society. No other vases will be permitted to be used.
7. Pot-plants must have been grown in pots at least two months previous to the Exhibition, and have been also the property of the Exhibitor for a similar period. If proved not to be such they will be disqualified.
8. Cards corresponding with the entries will be furnished the exhibitors, who alone will be responsible for the placing of them, and are requested to satisfy themselves that the cards correctly describe the objects exhibited. The Society cannot be responsible for any mistake arising from the non-observance of this or any other rule.
9. In order to allot the space required in each section, all entries must be made in writing, and subscriptions paid not later than the Tuesday previous to the opening of the Exhibition, after which date no entries will be received.
10. The Secretary shall not be *obliged* to receive any entries not made in writing, blank forms for which will be furnished on application. Parties living at a distance may send their entries by mail.
11. All articles to be exhibited for premiums must be in the building by noon on the day of the opening of the Exhibition, at which hour the door will be closed, and no further exhibits admitted. One hour will be given thereafter for Exhibitors to finish placing and ticketing their articles, at the close of which time they must be prepared to leave the building, in order that the Judges may make their awards. Exhibitors are requested to second the efforts of the Association in enforcing this rule.
12. The Judges shall have the discretionary power of withholding premiums, if, in their opinion, the articles exhibited do not merit them; and they are particularly requested to keep this rule in mind.

13. **Gratuities** may be awarded by the Judges for any new or rare fruits, flowers, plants or other objects of particular interest, for which no special premium has been offered.

14. The Judges shall not be competitors in that class for which they are to award premiums.

15. On recommendation of the Judges, or of a committee appointed by the Society, the Directors may award a diploma for exceptional excellence, if in their opinion it is deemed advisable.

16. The decision of the Judges, as regards the premiums, must be considered final.

17. No individual, except the Judges, will be allowed to touch or handle any fruit, flower, or other article exhibited, and any Exhibitor proved guilty of having tampered with any article on exhibition, or section cards, will be liable to be deprived of all premiums he may have been awarded, at the option of the Committee.

18. While the Judges are making their awards, no person shall be present except parties not in any way interested, who must be appointed by the Directors.

19. Committees will be appointed by the Society to assist in naming fruits and plants about which Exhibitors may be doubtful, but the Society does not assume any responsibility in the matter.

20. The Society will not be responsible for damage done to plants during or after the Exhibition, but all ordinary care will be taken of them.

21. Parties will not be allowed to compete for more than one prize in the same section, and no article which has already been awarded a prize will be entitled to another.

22. The Society will, under no circumstances, pay cartage on plants sent for competition. Cartage, however, may be paid if deemed advisable on plants sent for Exhibition only.

23. All articles exhibited shall remain in the building until the close of the Exhibition, when they will be delivered to the contributors, unless otherwise directed.

24. Any person residing in the Province of Quebec may become a member of the Society on payment of an annual membership fee of two dollars, for which payment he will receive a ticket of admission to the Exhibition for his own use, and four single admission-tickets. He will also receive a copy of any reports published by the Society, and will be permitted the use of any of the books of reference in the Society's library.

25. Any person residing outside the Island of Montreal, but in the Province of Quebec, will be permitted to compete for any of the prizes offered by the Society, on payment of an entrance fee of one dollar. A ticket of admission to the Exhibition for his own use, and four single admission-tickets will be furnished free; also, a copy of Fruit Report.

26. Prize Lists and all other information may be obtained by applying to the Secretary; and all persons interested in Horticulture are invited to contribute articles for exhibition.

SPECIAL COUNTY PRIZE.			
<i>A Committee will be appointed by the Society to assist in naming Fruits about which Exhibitors may be doubtful, but the Society does not assume any responsibility in the matter.</i>			
The commercial value of the Fruits exhibited in the two following Sections, will be considered by the Judges in awarding the Prizes.			
Exhibitors are specially cautioned against exhibiting more than one plate of the same variety in any collection, and each must be named. All apples only locally known should, as far as possible, have a statement of their probable origin written on the card with the name. The Secretary may receive an entry from more than one person in the same County, but only one prize will be awarded, which will be given to the best collection on Exhibition grown within the limits of the County. Crab Apples will not be admitted in Collections of apples, except in the case of County Collections.
