Fancy Dress Ball

Invitations have been issued for
the Grand Fancy Dress Ball to be
given by the lately formed Alexan-
dra Orchestra, in the City Hall on
May 6th.

On account of the difficulty in com-
piling the list of guests, it is re-
quested that anyone desirous of at-
tending the ball, who has not re-
ceived an invitation, will communi-
cate with the director, Mrs. Wil-
loughby-Gilbert.

Fancy costumes will not be com-
pulsory, though to add to the amuse-
ment of the evening, it is desirable
that as many guests as possible dis-
guise themselves.

Tickets are now on sale at Jolly's
Drug Store.

PROVINCIAL LEGISLATORS ASSEMBLE AFTER RECESS

Several Returns Brought Down—Municipal Legisla- tion Introduced—The Book Contract Information.

The assembly met yesterday after-
noon after the Easter recess.

The bill respecting the department
of municipal commissioners was read
a second time and referred to a com-
mittee comprising all of the mem-
bers of the House. The premier stated
that on Thursday he expected to be
able to make a statement covering
all municipal bills which were being
introduced.

The bill respecting cities and the
bill respecting corrupt practices at
elections were also read a second
time and referred to the same com-
mittee.

A bill to declare Ernest Laycock a
barrister of the Supreme Court was
read a second time.

The estimates were submitted in a
message brought down by the provin-
cial treasurer from the adminis-
trator.

The House will go into supply on
Thursday to consider a resolution
providing for raising funds required for
telephone purposes.

The House spent some time in
committee of the whole on the Sur-
rogate Courts Act and the Assign-
ment Act.

A return was brought down showing
that under the Wolf Bounty Act the
following were destroyed, 2,633
Coyotes, 15 wolf pups and two tim-
ber wolves.

The return asked for re Land Titles
offices shows the amounts collected
by the provincial treasurer on ac-
count of fees received during the fiscal
year 1907-8 (thirteen months)
collections in Regina, Prince Albert
and Battleford offices) as follows:
Regina fees, \$107,384.50, assurance
fund \$45,006.85, total \$152,391.35.
Prince Albert fees \$24,551.50, assu-
rance fund \$9,906.35, total \$34,457.85.
Battleford fees, \$7,228.95, assurance
fund \$3,320.49, total \$10,549.44. York-
ton (from September only) fees, \$4,
359.05, assurance fund, \$1,931.85, to-
tal \$6,290.90. Total fees \$143,224;
assurance fund \$60,165.54; together
with \$1,735.17 interest amounting in
all to \$205,727.71.

Expenses of maintenance and op-
eration during the year: Regina, sal-
aries, \$53,135.55; maintenance, \$1,
189.95; total \$54,325.50. Prince Al-
bert, salaries, \$8,724.62; maintenance
\$798.20; total \$9,522.82. Battle-
ford, salaries, \$4,247.36; maintenance,
\$272.67; total \$4,519.93. Yorkton,
salaries, \$1,100; maintenance, \$208;
total, \$1,308. Total salaries, \$68,
557.43; total maintenance, \$2,336.82,
amounting in all to \$71,084.25, to

which must be added for stationery
and printing supplied to all offices,
\$8,750, making a grand total of \$77,
834.25.

BOOK CONTRACT

The information regarding the
school book contract, brought down
shows that the set of school readers
comprises five volumes, a primer and
the first to fourth readers. The pub-
lisher (the Macara Educational Com-
pany, Limited) has the exclusive
right to print the books for ten
years from January 1st, 1906. The
books are to be according to samples
deposited with the commissioner ex-
cept in so far as variations are au-
thorized by the commissioner. The
publisher shall make such changes in
the text and manufacture of the read-
ers as may from time to time be
required by the commissioner. The
retail price shall be marked on the
title page and the publisher shall
shipper free of charge. The
commissioner shall not interfere with
the use of the readers in the schools
of the province during the period of
ten years. The price to the commis-
sioners are: Primer 14.4 cents, first
reader 17.4 c., second reader 18.3c.,
third reader 25.0c., fourth reader 28.
8 cents.

The retail prices are: Primer 30c.,
first reader 25c., second reader 35c.,
third reader 45c., fourth reader 50c.

To the trade, the primer 30c.; in
lots of 5000 copies, primer 16c., first
reader 19.5c., second reader 27.5c.,
third reader 35.5c., fourth reader
39.5c. In lots of more than 5000 the
prices to the trade are: Primer 14.4
cents, first reader 17.5c., second read-
er 21.7c., third reader 31.5c., fourth
reader 34.8c.

The arrangement may be renewed
at the expiration of ten years for a
further term of ten years if the
commissioners shall so decide.

The number of primers ordered on
February 1st, 1908, was 20,900; first
book 13,000; second book 13,000;
third book 13,000, and fourth book,
8,000.

According to a return issued the
government purchased the site for
the Moose Jaw court house from R.
Snowdy for \$7,000.

In reply to a question by the lead-
er of the opposition, Mr. Calder said
that he had no recollection of having
stated at any time to any person,
delegation or deputations that when
the capital question had been settled
no other institution except those in-
cidental to the Capitol would be lo-
cated in the same place.

HAMLET WIPED OUT

Landslide Destroys Hamlet in Quebec—Thirty-four Killed

Buckingham, Que., April 27.—A
terrible disaster occurred at Notre
Dame de Sallette, a hamlet 18 miles
from here.

This hamlet lay at the foot of the
mountain and about five o'clock
while the inhabitants were still in
bed the whole village was instan-
taneously wiped out by a landslide.
Enormous quantities of earth and
stones hid the spot where the ham-
let stood. The scene was on the
bank of the Lievre river which was
at the time swollen by the melting
snow.

On the west side were two houses
near the water's edge, and which
were respectively the telephone offi-
ce and the post office, occupied by
Camille Lepointe. Opposite this
point the bank slipped down to the
water and swept across the stream,
destroying the buildings on the other
side and careering on for a distance
of 150 yards. It dammed the river
and cut off the escape of the villag-
ers. Thirty four are known to be
killed and the entire village is des-
troyed. Among the dead are: Mrs.
C. Laporte, five children and grand-
mother; Mrs. Paul Desjardins, hotel
proprietor, two sons and two un-
known guests; Cleophas des Laurier
and wife; Mrs. J. Murray and five
children and Adela Murray.

The names of the others are not
known and it is proposed the toll list
will be ascertained until the buildings
are dug out. It is now known that
seven houses were destroyed and the
occupants killed.

The face of the hill to a height of
60 feet and for a stretch of half a
mile fell across the river to a dis-
tance of 500 feet beyond covering ev-
erything.

The horror was accentuated by the
hour when everyone was in bed and
escape impossible.

The community is French Canadian

PARISH MEETING

St. Paul's Parishioners Hold Annual Meeting—Officers for Year Appointed.

The annual parishioners meeting of
St. Paul's parish was held in the
basement of the church on Monday
evening. There was a fair atten-
dance.

The rector read his annual address
which on motion of Mr. H. F. Myl-
ton is to be printed and distributed
to the members and adherents of the
church.

The financial statement presented
by the treasurer and wardens was
read and thoroughly discussed. It
shows marked improvement in the
finances of the church since last Easter.

The rector announced that Mr. H.
F. Mylton would be his warden for
the coming year.

The officers elected are as follows:
People's warden, B. Hutchinson;
Vestry, J. C. Abbot, A. Covington,
H. V. Bigelow, Dr. Whitmore, B.
Carter, Spencer Page, F. W. Tanner,
W. Rigby, J. H. Cunningham, A. T.
Hunter, J. R. Peverett and C. M.
Clarke.

Auditors, Mr. Cummings and P. H.
Gordon.

Delegates to Synod, S. S. Page
and B. Hutchinson.

Alternates, J. H. Young and
J. R. Peverett.

Arrangements were also made for
ushering in the church, fourteen of
the members present having volun-
teered to act.

Votes of thanks were passed to the
Sunday School teachers, Women's
Auxiliary, Brotherhood of St. An-
drew, Instructor of the Church Boys'
Brigade, Chancel Guild, Junior Wo-
men's Auxiliary, the choir, the au-
ditors and the church wardens.

For the Housewife!

IF YOU ARE WISE—ALWAYS USE

"YOUNG TOM"

FOR WASHING DISHES—Dissolve a tea-
spoonful of "YOUNG TOM" in boiling
water and then add the solution to basin of
hot water. Cleansing in this way is simple
and the dishes are more easily washed. Be-
ware of soap.

FOR MAKING SOFT SOAP—Take about
two ounces of "YOUNG TOM" to a quart
of boiling water, using like proportions for
larger quantities. When cool you have a
beautiful, white, firm-soft soap.

For Sale at all Up-to-Date Stores.

Why the Hudson Bay Railway Has Not Been Built

Parliament has just witnessed a demonstration in favor of the Hudson Bay railway by the western members who support the government. These gentlemen describe the routes by the northern sea as perfectly feasible, and add that if built the line will assure the western farmer reduced rates on his cattle and grain. The road is so excellent a proposition that it is difficult to understand why it was not built years ago. How does it come that the government which these politicians support has not taken the first step towards the building of this boon?

On this point Mr. M. S. McCarthy, the member for Calgary, throws the light. It appears that when the Laurier administration took office it found the machinery at hand for the building of the road. The question of the navigability of the Hudson's Bay had been settled by an expedition which had made an examination of the route, and a company had been chartered, and a land grant offered. In 1895 the subsidy for the road was actually defined. The allowance was 6,400 acres per mile within Manitoba and 12,800 a mile in the Territories. After the Laurier administration came in, and Mr. Sifton was placed in charge of the Interior Department, the policy on this question was changed. Instead of pressing for the construction of the Hudson Bay road, the government bent its efforts towards the construction of a line to Prince Albert by a route which is noted for what is termed "subsidy curves" or elongations of the line to increase the land grant. The road

authorized by Clifford Sifton is an important railway, but it is not the Hudson Bay road. Yet it is to land subsidy voted for the Hudson Bay line was turned over. Of the grant made towards the building of the road to Hudson's Bay no less than 2,180,928 acres were diverted to the line to Prince Albert, which was built by the Canadian Northern. It is sometimes said that the present government never gave land to a railway. In this case it not only gave land to a railway, but gave it to a railway to which it had not been intended, thus interfering with the Hudson's Bay project. If the people of the west want to know why the Hudson Bay railway is not their reach. The land grant was given to another proposition instead.

Why did the western Liberals who make speeches, and propound resolutions once a year, in favor of the Hudson's Bay scheme, permit this diversion of the land grant to take place? Why did they sit idly by while the Hudson's Bay project was being slaughtered? Why again do they permit the resources of the country to be wasted on such projects as the second Intercolonial from Quebec to Moncton? If the land belonging to the country were not wastefully distributed, and if the money of the country were not thrown away in graft, or in the duplication of public services that ought not to be so treated, or in the putting up of bridges and towers that fall down, the Hudson Bay railway would not be difficult to build. Mail and Empire.

PROTECT YOURSELVES FROM WHEAT BUYERS FINED FOR NOT HAVING A LICENSE OR BEING BONDED

Saskatoon, April 26.—A case of far-reaching importance occupied the attention of Magistrate Turner at the police court last Friday. This was a complaint by Matthew Snow, assistant warehouse commissioner, against W. G. Hitching of Saskatoon. The information laid was to the effect that on or about October 30th last the defendant did unlawfully carry on the business of truck buyer without first having obtained a license to do so from the commission, and also without entering the necessary bond. Mr. Hitching is also charged with buying a carload of wheat from G. Krumpelman without paying to the latter the full purchase price.

Hitching admitted the offence, but sought to make some explanatory statement. The case was called at 10 o'clock but was adjourned to enable the parties interested to come to a settlement if possible. This, however, Hitching announced had not been done. Hitching on the stand admitted that he had neither license or bond. He likewise admitted to owing Krumpelman \$215 on a car of wheat, but announced that he had not the money to pay for it. F. McDermid appeared for Krumpelman, and in view of the unsatisfactory position taken by Hitching, asked the magistrate to impose the full penalty of the law. Mr. Turner read the section, which provides for a penalty from \$10 to a \$1000, or imprisonment for not less than one month or more than one year for trespass, or more than one year for trespass, or more than one year for trespass.

Following is a list of fairs and dates arranged for the coming summer and fall. Keep this list for reference:

Churchill Defeated

Manchester, Eng., April 21.—The Northwest Division of Manchester by the heaviest poll cast in twenty years, today reversed its verdict of 1906 by a majority of 428 votes and unseated as its member of parliament Winston Spencer Churchill, who has just been made president of the board of trade in the new Asquith cabinet and who that year so brilliantly won the seat from John-Hicks, his chief opponent of today.

Three candidates stood for election and the result was as follows:—Mr. Johnson Hicks, Unionist, 5,417; Winston Spencer Churchill, 4,988; Mr. Irving, Socialist, 376. The defeat of Mr. Churchill is a crushing blow to the prestige of the government and the young and confident minister, which is bound to have a marked influence in several other impending by-elections.

There will be no difficulty in finding for Mr. Churchill a safe seat elsewhere.

S. O. E. BANQUET

St. George's Day Fittingly Celebrated in Regina-Grand Dinner and Lengthy Toast List.

The Englishmen of Regina were strikingly in evidence last Thursday, as April 23rd is the day of their patron saint, St. George. A number of flags were flying in the city in honor of the day and a number of the sons of Merrie England were to be seen around the city wearing red and white roses.

The occasion of the day, however, was the banquet in the evening, at which about four hundred of the Sons of England, their wives and invited guests sat down to a splendid dinner.

The following was the menu:

- Spring Canope a la St. George
- Roast Beef Boiled Ham Ox Tongue
- Boiled Round of Beef
- Roast Turkey Cranberry Jelly
- Potato Salad
- English Pork Pies
- Lobster Salad in Mayonnaise
- Assorted Cakes
- Lemon Jelly
- Strawberry Jelly
- Orange Jelly with Whipped Cream
- Mince Pies
- Apple Pies
- Raisin Pies
- Crackers and Cheese
- Celery in Branches
- Assorted Mixed Fruits
- Mixed Nuts
- Tea
- Coffee
- Lemonade

There were five large tables at the centre of which presided Mr. A. E. Chivers, president of the local lodge S.O.E.

Those who presided at the other tables were H. W. Laird, S. S. Scott, Dr. H. M. Stevens and C. H. Wakefield.

At intervals during the evening the Regina Excelsior Band supplied excellent music. Other musical items were supplied by Mr. Perring Taylor, Miss Munro, and Messrs. G. Dunstan, Wesley, Batten, Cowell, Hole and Dry, while Mrs. Willoughby Gilbert presided at the piano.

The toast list was as follows:

The King, proposed by the president.

St. George and Merrie England.—Proposed by Bro. S. S. Scott.

Canada and Our Province. Proposed by H. W. Laird, responded to by Hon. Walter Scott, and Hon. F. W. G. Haultain.

Regina, Our Canadian Home. Proposed by Bro. Dr. H. M. Stevens, responded to by His Worship the Mayor.

Our Guests. Proposed by Bro. C. H. Wakefield, responded to by J. F. Bole, M.L.A., G. E. Langley, W.L.A., and J. K. McInnis.

Our Army and Navy. Proposed by Bro. A. McDonald, responded to by Bro. H. Richards.

The Learned Professions. Proposed by Bro. P. Shelton, responded to by Rev. G. C. Hill, W. M. Martin, Bro. Dr. W. R. Coles.

Our Sister Societies. Proposed by Bro. A. Bannister, responded to by

P. O. DEPT. DISCUSSED

Member for East Lambton Criticises Record and Advocates Rural Free Delivery.

Ottawa, Ont., April 27.—Hon. Rodolphe Lemieux's department was the subject of severe criticism at the hands of J. E. Armstrong (East Lambton) on motion to go into committee of supply. Mr. Armstrong made his first point in the present position of the post office department with regard to the weekly papers of the Dominion. The minister, he said, had been forced to back down in the case of daily papers at a cost to the country of many thousands of dollars, and now he appeared to be backing down in relation to the weekly papers.

"What the minister should do," said Mr. Armstrong, "is to come out manfully and acknowledge that he has made a serious blunder."

The purchase of the steamer "Lady Evelyn" for transferring the coming mails from Atlantic liners to Rimouski was strongly criticized by Mr. Armstrong. The steamer he said, cost sixty thousand dollars, and entails an annual expenditure of thirty thousand dollars to do the work, which heretofore, under private contract cost but four thousand dollars per year. It was further alleged that

Gas is liable to puff out of any door at any time.

Mr. Armstrong asked if the weight of mails was under proper supervision. One million six hundred thousand dollars was paid the Canadian railways yearly for this service. He had received that seventy million dollars had been wasted by the false United States charges for postage increased from \$17,000,000 to \$27,000,000 and a postal revenue of \$9,000,000, and the United States having \$2,000,000,000. He declared revenue of the country, but he was sure that the western farmers would never be convinced that they should pay for some of the annual expenditure of the United States for this purpose had increased from a few thousand dollars to \$17,000,000.

Mr. Armstrong closed with brief reference to the rural free mail delivery which he declared would be found the producer of a revenue and not a deficit.

Mr. Lemieux, in reply, said that the changed postal rates had been found effective in keeping out undesirable publications from the United States.

Mr. Bennett—"What about that great family journal, the Calgary Eye-Opener?"

Mr. Lemieux—"I never read undesirable, and I hope my friend never will again."

Referring to the carriage of mails, the minister explained that the payment to railways in Canada is based on mileage, not upon weight. The one cent drop letter rate for cities was under consideration, and, personally, his sympathies were strongly in favor of it. The policy of the department he declared, was one of expansion, and had reduced the distances required between post offices. The purchase of "Lady Evelyn" was in response to representations made by the board of trade and shipping federation of Montreal, and Canada, he declared, now had the finest mail tender on the continent. He denied that "Lady Evelyn" had been used for any pleasure trips.

Dealing with the rural free mail delivery, Mr. Lemieux said that comparisons between Canada and the United States were hardly fair, Canada having a population of 7,300,000.

Strayed from the premises of M. H. Love (W. 34-10-2072) Regina, since December 30th, 1907, Dark Brown Mare, white face, about eight years old, six years old, weight about 1000 pounds; Grey Gelding, seven years old, weight about 800 pounds; Brown Mare, three years old, weight about 1000 pounds; Colts, rising three years old and branded 17 on the right thigh with the above mentioned horses will receive \$35.00 reward. Any information regarding return of the above mentioned horses will receive \$35.00 reward. M. H. LOVE, Regina, P. O.

FEDERAL BUSINESS COLLEGE Bank of Ottawa Bldg., Regina

One month's salary pays the entire cost

It is not necessary, nor is it wise for young people to spend years of the best portion of their lives in preparing for professions which are not so remunerative as is the work for which they may prepare in a few months. The majority of our graduates receive as much for their services in one month as would pay the total amount of their college fees. Our courses form a short cut to business success. During the last six months the Regina Federal Business College has placed more than sixty students in excellent situations; with initial salaries ranging from \$50 to \$60 per month. Every capable student is guaranteed a good situation upon graduation. The Federal Schools are open the year round and students may enter for instruction at any time. Free catalogue. Write today

GEO. S. HOUSTON, Manager

"A Kingly Gift"

EARL GREY'S APPEAL

On behalf of Needy Consumptives

Strong words of Canada's Governor-General

At the official opening of the King Edward Sanatorium for Consumptives, near Toronto, His Excellency delivered an address that must have an important bearing on the future of the sanatorium movement in Canada. We quote:—

"The proceedings this afternoon commenced with a beautiful and reverent prayer from your old friend, Dr. Potts. He prayed that the light of the Lord might shine upon us. That prayer is abundantly answered. He also prayed that the White Plague might be removed. Well, whether that prayer will be answered or not depends upon yourselves."

"Is it not a standing shame and reproach to the governments and individuals that there is not more care taken by the people of Canada to protect themselves against the curse of consumption?"

On his way out to the King Edward Sanatorium, so named by permission of His Majesty King Edward VII—the Governor-General's car was stopped in its progress outside the Canada Cycle & Motor Co. by a large crowd of its employees. A contribution of one hundred dollars was handed the Governor-General, a donation to the Toronto Free Hospital for Consumptives.

"'Twas a kingly gift" said His Excellency in making acknowledgment. "I will tell the King."

Addressing the large audience that attended these opening exercises, referring to this event, Earl Grey said:

"Ladies and gentlemen, when the workmen of Canada are setting an example of this character, I hope you will not be slow to follow, and I trust that the example of the Canada Cycle & Motor Co. may be followed, as I am sure it will, in every factory and manufacturing industry throughout the land."

We carry these words to the people of Canada in our appeal to-day on behalf of the

Muskoka Free Hospital for Consumptives

An institution that has never refused a single applicant admission, because of his or her inability to pay.

Seventy-five patients can be cared for to-day. Accommodation could be provided for three hundred if the required money were forthcoming.

To make this possible, our appeal is for \$50,000, to be used in extension of buildings and maintenance of patients.

Where will your money do more good? Every community and every individual is interested.

His Excellency Earl Grey has shown his interest and sympathy in the work at Muskoka for needy consumptives, by accepting the position of Honorary President of the National Sanitarium Association.

Contributions may be sent to Sir Wm. R. Meredith, Kt., Chief Justice, Osgoode Hall, Toronto; W. J. Gage, Esq., 94 Spadina Ave., or J. S. Robertson, Sec'y-Treas., National Sanitarium Association, 347 King Street West, Toronto, Canada.

Discouraging Honesty

The Regina Leader discourages honesty in public expression through snide treatment of those who want to be fair where fairness from opponents is merited.

In our last issue we endorsed the attitude of the federal government in considering the deepening of the Canadian waterways to place our national trade artery on even footing with the American route. The local government organ says we are not sincere unless we endorse all the Laurier government has done not only in the public works department but in every other department of the public service.

We believe that we are supported by the majority of the intelligent electors of this province when we condemn such expenditures by this government as the recent Civil Service Commission so severely criticised, and whether we are credited or not by the Leader with being sincere in the matter we deem it the right of any government to expect us to say what we think when we think they deserve commendation.

Editorial Notes

The people of Saskatchewan have a moral interest in the great fight which the Conservative party backed by the Manitoba government and the Winnipeg Telegram are putting up against the Aylesworth Election Act.

A New Orleans woman was thin.

Because she did not extract sufficient nourishment from her food. She took Scott's Emulsion. Result: She gained a pound a day in weight.

ALL DRUGGISTS: 50c. AND \$1.00

body and must have a sufficiently high sounding name to impress the country with its dignity. But if Mr. C. A. Young removed the bushel and uncovered the light, it is the Public Accounts committee at Ottawa that now directs more special attention to Mr. Kearns. It seems that in 1905 he entered into an agreement to buy some land in St. Boniface for a total price of \$75,000, and though he neglected to register his agreement, or to take any steps to have his name recorded as the owner—on account of his innate modesty, of course—Mr. C. A. Young one of the railway commissioners, heard of Mr. Kearns and hunted him up, and would you believe it, actually insisted on obtaining this particular piece of land for the G.T.P. shops at a price which gave Mr. Kearns a net profit of \$122,000 on the transaction, which, considering the high cost of living in the west, is a fairly remunerative deal to make in less than a year.

There is nothing small or mean about the National Transcontinental Railway commission. The job will not last forever and if someone does not make hay while the sun shines, there may come a day when it is too late. But in this particular transaction Mr. Kearns' friends are intensely annoyed that because of his modesty he should have done so very poorly in the deal. If he had only haggled and struggled over the price a little longer Mr. C. A. Young might have sent him on a trip to Quebec to see how things are done there. By the time he got back, the value of the property would doubtless have increased very considerably, for it was evidently going up by leaps and bounds, and the cruel disregard for the National Railway Commission in forcing Mr. Kearns to sell out so early in the game, evidently cost him quite a penny.

CYCLONES VISIT STATES.

Lives Lost Towns Wrecked, and Many Buildings Destroyed in Middle States.

New Orleans, April 24.—Two cyclones travelling in opposite directions spread death and destruction over a wide area in Louisiana, Alabama and Mississippi today. The known casualties are 130 dead, 300 injured, besides unverified reports. The first cyclone appeared in the vicinity of Shreveport about midnight, where several buildings were destroyed and three persons injured. From thence it travelled to Lamourie, where a negro church, a dozen cabins and several dwellings were destroyed. The death toll here being five, and twenty-six injured. Vidalia was visited next, many houses and cabins being demolished. Mrs. Devereaux Shields a society woman of Natchez is among the killed; J. H. Lamkin, a wealthy planter is fatally injured.

Sweeping across the river into Mississippi, the cyclone devastated the towns of Pineridge, Rodney and Church point, causing 73 known deaths, and 40 seriously injured. In Texas 18 were killed and 30 injured. Communications are impossible with Hattiesburg, where it is reported that nine persons are killed and the town of Wynnegan wiped out. At Vidalia, Mrs. John Mincoko and child were killed and John Mincoko fatally hurt. The cyclone seems to have gone into Alabama, where it caused death and destruction at Albertville, Bergon and Warrior. This afternoon another cyclone travelling westward hit the town of Winchester in Mississippi, demolishing every building in it and killing two people. Further west it hit Baxterville, wiping out the town and killing the Rayburn family. It then hit Purvis where the famous Sullivan Kilrane prize fight trial was held, and practically wiped the town off the map, killing twelve people, and injuring one hundred more.

Coming over into Louisiana, it struck Angle, near the state line, demolishing a store and a score of buildings. No lives were lost here. In the surrounding country out of twenty-five dwellings in its path only two remain. Two people were killed and fifty injured. At Franklin, twenty buildings were demolished, and several persons injured. Continuing westward the full force of the cyclone hit Amite city, destroying every church in the town and fifty dwellings, every building in the place was damaged. Ten people were killed and 150 injured.

Teachers Institutes

By direction of the Commissioner of Education, Mr. Perret, principal of the Normal School, and Mr. Fenwick, assistant principal, will conduct Teachers' Institutes as follows: Humboldt, May 4th and 5th. Yorkton, May 7 and 8. Gainsboro, May 12 and 13. Estevan, May 14 and 15. Hanley, May 20. North Battleford, May 28 and 29. Melfort, June 2 and 3. Swift Current, June 8 and 9. Topics of educational interest will be dealt with and discussed. Teachers who desire to attend the institutes shall have the right to do so, and every district whose teacher attends the institute shall be entitled to the government grant for such teaching days as the teacher was present. To all sessions of the institute a

cordial invitation is extended to the public to be present.

Baby's Teething Time Is a Troublesome Time.

When baby is teething the whole household is upset. The tender little gums are inflamed and swollen; the poor little child suffers and often cries day and night, wasting the mother out and keeping the rest of the family on edge. In the homes where Baby's Own Tablets are used there is no such worry. The Tablets allay the inflammation, soothe the irritation and bring the teeth through painlessly. Mrs. S. Williams, St. Joseph, Ont., says: "My first baby suffered terribly when cutting her teeth and the doctor could do nothing for her. I got a box of Baby's Own Tablets and they did her so much good that I cannot say enough in their favor. You may be sure that I always keep the Tablets in the house now." Sold by all medicine dealers or by mail at 25c a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Souvenir Album

A fine souvenir album is to be issued for the Quebec Ter-centenary celebration. It will be published in both languages, and will contain a life of Champlain, some historical papers relating to the foundation of the pioneer city of Canada, an article on the battle of the plains, etc. It will be illustrated with rare portraits and prints and the cover will be lithographed and printed in several colors. Should our readers wish to secure a copy of this publication, we advise them to order it at once, as the edition will be limited. Price 35 cents post paid. Copies can be had from the editor, Mr. Raoul Renaud, Quebec, Canada.

J. KELSO HUNTER, J. W. SMITH City Clerk Mayor.

NOTICE The above is a true copy of the proposed By-law which has been introduced by the Council of the City of Regina, and which may be finally passed by the Council (in the event of the assent of the Burgesses being obtained thereto) within four weeks of the voting thereon and that upon the day and at the places fixed by the said By-law for taking the votes of the Burgesses, the voting thereon will be held between the hours of Nine a.m. and Five p.m. Dated this 22nd day of April, 1908. J. KELSO HUNTER, Returning Officer.

WESTERN SOLDIERS The Militia of Canada to be Strengthened by Additions from Western Canada.

Ottawa, April 24.—Militia orders promulgated on Thursday contain authority for the organization of several new regimental units, and a number of additional companies and squadrons to strengthen the militia. The new infantry corps are as follows: 88th (Kenora district), 99th (Brandon district), 100th (Morden, Man.), 101st (Edmonton), 102nd (Nelson, B.C.).

The new cavalry corps are the 20th Mounted Rifles, (Estevan, Sask.), 21st Alberta Rangers (Macleod), 23rd Mounted Rifles (Medicine Hat). Independent squadrons are to be raised at Kamloops and Vernon in British Columbia, and also at Red Deer, Alberta.

In western Ontario two companies are to be added to the 19th (St. Catharines), making it a six company regiment. The 27th regiment, (Algoma), is increased from a four to an eight company regiment, one of these being an independent company at New Liskeard.

In North-Western Ontario the 80th regiment is given two new companies at Port Arthur, and Fort William.

THE GREAT VOYAGE The Cruise of the U.S. Fleet and What It Has Accomplished.

Politically, the much advertised voyage of the United States fleet has been a failure, though, in other respects it should be productive of much good. Two main ideas were in the heads of the Washington government when the long trip was decided upon—one being to allay an unfriendly feeling on the Pacific coast, where the inhabitants felt themselves too much exposed to a sudden hostile attack on the part of Japan; the other to promote a sentiment of general enthusiasm over the country at large, in order that Roosevelt's ambitious naval program might be carried out. The effort to draw on a burst of jingoism that would sweep the construction of a fleet of new battleships has failed; and yesterday's paper announced that the House of Representatives had agreed to the construction of only two new battleships.

The westerners who at first hailed with delight the news that the fleet would travel half round the world as a sort of guarantee of their protection, and who greeted its appearance the other day with hysterical delight must have felt somewhat foolish when Japan sent an invitation for the ships to visit some of its fortifications as though an American bluff had cracked out at a suspicious crack; only to be patting half-contemptuously on the head. Being abundantly endowed with a sense of humor, the people of the United States who considered the voyage as a dignified warning to Japan must have felt slightly abused. It is not too much to say therefore, that the voyage has not been a success in thrilling the country into a huge naval expenditure, nor in filling the Japs with awe.

But of more paramount importance to the prestige of the United States is the effect the voyage will have on the other American republics. South America dwells in the shadow of the Monroe doctrine, for without the support of the United States the lesser republics would be in a state of constant fear lest some powerful European should commit aggressions in South America. But for years South America has had no visible proof of the strength of its northern protector. A United States ship of a United States flag is rarely seen. Even the most important mails from the United States to Brazil and Argentina are carried by Europe. Of the 2,000 ships that entered and cleared at the great Argentine port of Buenos Ayres in 1907 only six small sailing vessels were American. Not a single American steamship of any kind runs to either coast of South America beyond the latitude of the Orinoco River.

"During the past summer," said Secretary Root on his return from

THERE IS ENVY A MONG men who see their fellows clothed as we clothe men. The jealousy isn't confined to looks—we shame others as to prices. How are you going to know beyond this bold statement, fact as it is? Come in here the first day you're this way. BURTON BROS. THE TAILORS SCARATH STREET

PROVINCIAL NEWS

One of the cells at the police station has two rather unusual occupants. They are an old woman and a young girl, dark of skin and poorly clothed. At the cell door lies a faithful dog that will not desert his friends even when they are behind iron bars. The two women are Spanish and the older one cannot speak English. The younger one who is twelve years of age claims that her companion is her mother, and that she is seventy years old.

The two were found by the mounted police living with Indians in the vicinity of Wood Mountain. They were absolutely destitute and were living with Indians because they were forced to in order to live at all. The two claim to have walked all the way from Spokane, Wash., and to have taken 100 days for the trip. Their object in coming here was to take up a homestead. The police, however, fail to appreciate their ability to make use of a homestead even if they could get one, and are holding them as undesirable. The immigration department has been notified and as soon as possible the pair will be sent back whence they came. It seems rather hard treatment for them for, if ever anyone earned a homestead, they did by this thousand mile tramp. They claim that two other sisters are on their way to Canada now.—Moose Jaw Times.

John Vanderburg, a brother of Harry Vanderberg, who was recently sentenced to four years at Edmonton for grain stealing, attempted suicide at the home of W. Thurber at River View on Sunday. He made a deep cut in his arm and inserted strychnine, and to make the deed doubly certain took a quantity of rat poison.

Fortunately he was not successful and local aid given until Dr. Craig of Davidson arrived, and the doctors services, drove the self-summoned death away. When the doctor left for town his patient was out of danger. It is believed that the arrest and conviction of his brother a few weeks ago worried him so that he became temporarily insane and determined to kill himself to be relieved from his troubles and disgrace.

The C.P.R. have a gang of men here at present making a water test at the spring a short distance east of the station. The work of two days has furnished sufficient proof that the quantity of water available was abundant enough to supply any

demand. The material for a new tank has already been placed on the ground and the work of erecting it will in all probability be gone on with at once. The quality of water will be much superior than that at any other point so that Whitewood is likely soon to become an important watering point for all trains. The fact that good water has been located here will also prove a valuable asset should the company ever undertake the work of building a line across country.—Whitewood Herald.

The ratepayers of Whitewood vote tomorrow on a bylaw to raise \$15,000 to build a new school. The libel suit of Aid, Willoughby against the editor of the Saskatoon Phoenix has been settled out of court.

The Herald has interviewed a number of the settlers in the Gap country and many of them will leave the district when they complete their homestead duties if railway facilities are not forthcoming. If the C.P.R. refuse to build this line at once they are injuring as fine a country and settlement as can be found in the province.—Weyburn Herald.

Moose Jaw, Sask., April 26.—The four lads who were found guilty of numerous burglaries in the city and of obtaining money on worthless cheques were sentenced this morning by police magistrate Lemon. The ringleader, Herman Mortenson, aged 13 years, was given 30 days in the Regina jail; John O'Brien, aged 13, was given 15 days, and the two other lads aged 12 and 10 were fined \$10 and \$5 each.

FALL WHEAT UP Rosthern, Sask., April 22.—The first wheat of the season is above the ground, and Rosthern district claims the honor. The wheat which may be seen above the ground, however, is not the ordinary spring variety, but the fall wheat which is so extensively sown throughout Alberta. This year a start has been made by farmers near and the results thus far amply justify the experiment. The grain is coming along well and should prove good for early cutting. The wheat mentioned is located between Osler and Hague on the Regina-Prince Albert branch. It is owned by F. Schmidt, and is his first attempt. The grain was planted last fall beside a field which it was intended should this year be sown with Red Fife. It is an experimental plot and was planted with a view to seeing with what success fall wheat could be cultivated in this

province. Yesterday the grain was well above ground and was quite visible to the naked eye. It is coming along well and should no yield back occur it promises a good yield.

W. C. R. Garriock has commenced the publication of a paper at Nokomis called the Nokomis Times. At a meeting of the executive committee of the Progressive Association of Moose Jaw, the following resolution was adopted: "Resolved, that the population and commercial importance of Moose Jaw demand that it be included within the scheme of the Grand Trunk Pacific branch lines, and that Senator Ross and W. E. Knowles, M.P., be requested to present the city's claims before the Dominion government."

The matter will also be discussed at the general meeting of the association, which will be held this week, when the proposal to open communications with the G.T.P. company will be introduced. The efforts of the agricultural society to introduce a fair that will be truly representative of the local industrial and agricultural interests was endorsed by the following resolution moved by H. M. Deroche, seconded by W. C. Denison: "Resolved, that the Moose Jaw Progressive Association endorse the Agricultural association in promoting the annual fair, and is of the opinion that every encouragement should be given them by the members of this association and the citizens at large."

The Moosomin papers announce that a lengthy docket is expected at the first regular sitting of the Supreme Court of the judicial district of Moosomin, which will commence on April 28th. This district includes the Wolsley district on the west to the boundary line on the east, a distance of over 100 miles. "Within this district, sittings of the district court are held at several places, including Wolsley, but according to present regulations, at one place will sittings of the Supreme Court be held, viz., Moosomin. At this court will be tried all criminal cases, and all civil cases in which the amount sought for exceeds \$300. This is an injustice to the people of this district. Supposing two citizens of Wolsley are involved in a case, in which one sues the other for \$300. They each have five witnesses (a low estimate) and the case is the last on the list and the court lasts a week. The man who loses has to pay all costs and the witnesses expenses alone for seven days will amount to \$190—ten witnesses at \$2.

a day each and railroad fare at \$5 each. Then there are the personal expenses of the plaintiff and defendant, not to speak of the fees of the solicitors for both. The expenses alone would be more than the amount involved in the suit. The residents of this part of the judicial district of Moosomin should act together and demand a sitting of the Supreme court in a town in the western half. The council and boards of road could start the movement.—Wolsley News. Steps are being taken towards having Radisson incorporated as a town.

Fort William, April 27.—Nineteen Doukhobors, who have recently been in jail at Port Arthur and fifty-eight others left in Fort William were last night at midnight loaded into a C.P.R. coach bound for the west, and attached to 97 this morning. Preparations for this coup have been progressing some time, and have been kept very quiet until all was ready. The Doukhobors finally expressed a willingness to take the train for the west and there was no coercion at all. They were supplied with an interpreter and sufficient fruit to last them to their destination, which is said to be Yorkton.

MORTGAGE ON HOMESTEAD VOID.

Decision has been given by Judge Lamont in the supreme court in the case of the Watrous Engine Works Co. vs. Weaver. This was an action for recovery of notes on a contract for the purchase of a threshing outfit. By the contract, which was the usual printed form used by the company, plaintiff gave a mortgage on his lands. Failing payments he repudiated the contract, but was at the time of hearing ordered to pay the amount of notes which had been given when he failed to make payments on the engine when they became due. At the time the contract was given the plaintiff had not received his patents for his homestead and under these circumstances the judge ruled that the mortgage was void.—Melfort Moon.

W. H. Dickinson, secretary treasurer of the associated boards of trade of the Soo line and Moose Jaw has written to the press complaining of the new mail service just inaugurated on the Soo line. The mail is carried by a fast express which only stops regularly at three towns between Moose Jaw and the border, and give a limited service at Weyburn and Yellow Grass. The other towns, eleven in all, receive the mail as the train is passing through

and the outgoing mail is caught by a crane. This service, Secretary Dickinson points out, is detrimental to business interests, as it is dangerous to mail packets of value owing to the frequency with which mail bags are caught under the train and destroyed. The matter has been reported to the postal authorities.

ADOLPHE CARON One of the Old Conservative Guard Passes Away.

Sir Adolphe Caron, K.C., M.G., passed away with tragic suddenness on Monday, April 20th, afternoon. He had been in failing health for a long time, suffering from various complaints, including cancer of the larynx but although it was recognized that he was in feeble health, no immediate termination was imagined. He was around as usual with friends on Friday last, but on Saturday became very ill, and rapidly became worse, having a severe cold, which he was unable to shake off, and was in a serious condition. He was taken to the Royal Victoria Hospital on Monday at two o'clock, but his weakened constitution proved unable to respond to the treatment, and he passed away at 4.30. Lady Caron and his daughter, Miss Caron, were attending him to the last.

Sir Adolphe Caron was one of the old guard of the Conservative party during the days of Sir John Macdonald. He represented various constituencies in the province of Quebec. He was one of those who escaped the landslide of 1896, but retired after the session of 1904. He was minister of militia in the Macdonald government for some years, afterwards taking the post master generalship.

Fort William Hospital Paper

The Woman's Hospital Aid of Fort William has issued an edition of the Daily Times-Journal of that city, a copy of which reached us recently. It is one of the best editions of its kind that we have seen. It is in five sections of eight pages each. Each section contains cuts and a moderate amount of advertising, besides well written articles. The edition contains an article from the pen of Jena Macfarlane, (Mrs. Bennett) of Regina, headed "Is Life Worth Living?" The issue throughout is readable from page 1 to 42, and is a great credit to its editors. The profits accruing are to be devoted to hospital work in that city.

RICHARD WAUGH

Well Known Agricultural Writer Died in Winnipeg.

Winnipeg, April 28.—Death yesterday removed one of Winnipeg's prominent old time residents in the person of Richard Waugh, whose long connection with agricultural journalism has made him widely known. A few days ago he suffered a fainting spell and since that time has been confined to his bed at the residence of his daughter Mrs. (Judge) Mathers on Edmonton street. As his condition had not improved he was Sunday afternoon removed to the general hospital where death took place about 8.15 last evening. The immediate cause was heart failure. The deceased was 78 years old. He is survived by four sons and two daughters, his wife having predeceased him. The sons are James, of 103 Lewis street; William of Bird's Hill, Man.; Richard D., of the firm of Waugh & Beattie; John C., of Brydges & Waugh Ltd. The daughters are Mrs.

F. W. Ritchie, of Edinburgh, Scotland, and Mrs. (Judge) Mathers, of Winnipeg. The funeral will be held on Wednesday and interment will be made in St. John's cemetery.

Fraser-Smith

The wedding of Miss M. Smith, daughter of Mr. and Mrs. Smith of Foxleigh, to Mr. Hugh Fraser, of Kelowna, B.C., and formerly of Indian Head, took place in Regina last Wednesday afternoon, at the residence of the bride's sister, Mrs. T. Watt. Only the immediate relatives and friends were present. The bridal couple took the evening train for the east to spend their honeymoon in Ontario.

Jack Simpson has returned to Regina after spending part of the winter in Ontario.

The funeral of Frank Novak, aged five years was held from the residence of his uncle, Frank Baker, Osler street to the Regina cemetery yesterday.

FARMERS! What's the use of sending away for your Wall Paper when it can be had just as cheap in Regina and a wider range to choose from. All papers trimmed free of charge, and all rolls left over taken back. F. M. Crapper DECORATOR 1735 SCARTH ST. - REGINA

Boys Not Wanted 1000 for Lantern Special Prices for

Ottawa.—During the past session the copy of the Commissioner's report on the vice, and with it the notes and agenda by which Messrs. F. Bazin—the two Liberal members—justify their charges against the marine department. Some charges are that work, lumbering, haphazard work, constant blundering and that there is no "sign of a head or intelligent purpose" in spending as much "as possible," that there is "no conscience" that officers assisting the trader to "get out of the government" can get anywhere else, "some officials are serving their term."

The commissioners find statement that \$25,000 cost in the Quebec agency at change of methods. They find ordered that were not required officers uncertain whether were received. A substance leather belts was supplied agent introduced to the of the minister of justice and of the minister of marine youth unloaded so much good agency that the department find use for them, so that instructed the agent "to get rid of them to the best advantage." (Page 77.)

It was found that the department was buying goods at one a value of \$10,000 worth from at extremely high retail price comparison by the director Sorel shipyard between prices at Quebec and those for goods were supplied at the works reveal the fact that every case those bought to were one hundred per cent more than those for Sorel, while instances the deficiencies amount to three and four hundred per cent.

In 1904-5 the department inania for buying chemical apparatus, and paid \$8,000 heavy order, of which \$4,000 to Quebec and a large quantity in Montreal. This supply gotten and next year one result was selling extinguishers the department at Quebec constructed from Ottawa to him. It bought heavily. The result was taken into the and the Quebec chief officer that Perreault "has a lot of extinguishers on hand, which like to sell to the department is a poor man with a face added that "the late lame poster was Perreault's friend." He recognized the worthless and extinguishers." So were bought. Afterwards a great struggle to disperse the accumulation piled up in Sorel and Quebec. (Page 77.)

Since the beginning of 1900 to the International Marine Company, formerly T. M. of Ottawa. This concern sells acetylene gas buoys, department has bought in numbers, discarding expensive serviceable appliances. Sioners Fyische and Bazin plainly their belief that ment bought these goods reasons that the good of it was offered for test in Am Only two months later ment decided that these would now be forty-six cost less than forty-six cost were immediately ordered, son was allowed to import a free of duty. The cetera say:

"This was a good by Mr. Wilson, and with the facilities extended to him a department he has not been better it. It may seem ing up with the new idea and so suddenly the departed hardly acting with the required by the contract are not apt to reach a development all at once, an ordinary consideration to have called for more. The commission sarsat serves that the official was in July 1905, put in record for \$360,000, some buoys some at \$8,500, some at commissioners assert that ordered before the officials they were going to do. They find Wilson address and fisheries agent a "if the latter was a his own." (Page 155.)

The large orders were buoys of a class never before the 360,000 contract was out authority of council while the department at the officers on the spot and tains were continually their defects and trying learn how to handle the tain of the Lady Law the department not to more of them, as they able, but the commiss the department "p misunderstand. (Page 16)

UNMISTAKABLE GRAFT IN MARINE DEPARTMENT

Buoys Not Wanted but Still More Were Bought--\$20,000 for Lanterns for Half a Dozen Light Houses--Special Prices for Certain Contractors.

Ottawa.—During the past week we received the copy of the royal commissioner's report on the civil service, and with it the notes and memoranda by which Messrs. Fyche and Bazin—the two Liberal commissioners—justify their charges against the marine department. Some of the charges are that work proceeds in a lumbering, haphazard way, with "constant blundering and confusion" that there is no "sign of a directing head or intelligent purpose except at of spending as much money as possible," that there is a lack of "ascendancy," that officers must be assisting the trader to get better prices from the government than he can get anywhere else, and that some officials are serving two masters.

The commissioners find an official statement that \$25,000 could be saved in the Quebec agency alone by a change of methods. They find supplies ordered that were not required, and officers uncertain whether the goods were received. A substance used on leather belts was supplied by an agent introduced to the officials by the minister of justice and commended by the minister of marine. This youth unloaded so much goods on the agency that the department could not find use for them, so the minister instructed the agent "to try and get rid of them to the best advantage." (Page 77.)

It was found that the department was buying goods at one agency, including \$10,000 worth from one firm at extremely high retail prices. A comparison by the director of the Sorel shipyard between prices paid at Quebec and those for which the goods were supplied at the Sorel works reveal the fact that in almost every case those bought for Quebec were one hundred per cent. higher than those for Sorel, while in many instances the differences amounted to three and four hundred per cent.

In 1904-5 the department had a mania for buying chemical fire extinguishers, and paid \$9,000 for a heavy order, of which 142 were sent to Quebec, and a large quantity stored in Montreal. This supply was forgotten and next year one Mr. Perreault was selling extinguishers, and the department at Quebec was instructed from Ottawa to buy from him. It bought heavily. Then Perreault was taken into the service, and the Quebec chief officer wrote that Perreault "has a lot of fire extinguishers on hand, which he would like to sell to the department, as he is a poor man with a family." It added that "the late lamented minister was Perreault's friend and fellow agent recognized the worthiness of said extinguishers." So the goods were bought. Afterwards there was a great struggle to dispose of the vast accumulation piled up in Montreal and Quebec. (Page 76.)

Since the beginning of 1905 the department of marine has paid \$1,000,000 to the International Marine Signal Company, formerly T. L. Willson of Ottawa. This concern makes and sells acetylene gas buoys, which the department has bought in prodigious numbers, discarding expensive and serviceable appliances. Commissioners Fyche and Bazin show very plainly their belief that the department bought these goods for other reasons than the good of the service. They point out that the first sample was offered for test in August, 1904. Only two months later the department decided that these gas buoys would now be used exclusively. No less than forty-six, costing \$148,000, were immediately ordered, and Willson was allowed to import the material free of duty. The commissioners say:

"This was a good beginning for Mr. Willson, and with the splendid facilities extended to him by the department he has not been slow to better it. It may seem that in taking up with the new idea so largely and so suddenly the department was hardly acting with the prudence required by the circumstances. New are not apt to reach a perfect development all at once, and the most ordinary consideration would seem to have called for more caution."

The commission sarcastically observes that the official was "animated by very progressive ideas," and in July 1905, put in recommendation for \$360,000, some buoys at \$15,000 some at \$8,500, some at \$3,900. The commissioners assert that these were ordered before the officials knew what they were going to do with them. They find Willson addressing the marine and fisheries agent at Quebec as "if the latter was an employee of his own." (Page 155.) They charge the large orders were made for buoys of a class never tested. That the 360,000 contract was made without authority of council, and that while the department at Ottawa was always satisfied with the goods, the officers on the spot and the sea captains were continually pointing out their defects and trying in vain to learn how to handle them. The captain of the Lady Laurier besought the department not to send out any more of them, as they were unsuitable, but the commissioners allege that the department "pretended" to understand. (Page 159.)

From east and west the agents of the department began to represent that they had not the room to store the buoys as fast as they came, while the department at Ottawa kept insisting that there should be numerous spare buoys at the stations. The British Columbia agent hoped no more buoys would be shipped to the coast until we are in a position to handle them." Nevertheless more were sent, as, to quote from the royal commissioner report, "the department is evidently determined to make the B.C. agency the dumping ground for all the buoys Willson can wheedle them into buying, whether they are wanted or not." (page 163.)

Meanwhile some buoys were going adrift, some were out of order, and some were lying at the depot. At one time the Victoria agent had six of Willson's gas beacons and four of his buoys on a C.P.R. boat with only one steamer to handle them, and begged that no more be sent. (Page 162.) Yet seven days later nine more beacons were forwarded. In another three months orders were given to ship ten more at \$5,000 each. The department paid \$9,550 for a buoy which was sent to Prescott and remained there apparently for a year. Willson then had an order from Brazil for one of that type and had none ready. The department kindly traded off this one for two \$5,000 buoys which Willson had on hand, and paid him the difference. The commissioners say that the government got neither value or honor from this deal and adds "the eagerness of some of the officials of the department to serve the company in this matter without consideration for the government was quite remarkable." (Page 165.) By June 13th, 1907, the department had paid \$325,850 to Willson's company for 201 gas and whistling buoys, and \$27,000 additional for 18 beacons, with other payments for materials, and numerous orders ahead. "It would almost look," say the commissioners, "as if the I. M. S. Company was regarded by the department as a branch of the department of marine, and a favored one at that."

The officials had recommended Willson's apparatus to the British and United States governments as highly satisfactory at the same time that they were receiving protests and complaints from officials all along the line.

There is a long account of proceedings respecting Morin Shoal. The shipping Federation asked for a light ship, but an acetylene buoy, with bell and whistle attachment, was bought from T. L. Willson and placed on the spot. As the matter was urgent Mr. Willson was to have the buoy ready in thirty days. It was delivered in four months. From October 9th to November 20th the local superintendent had reported it as unsuitable before it was purchased. There were many complaints afterwards, and after six weeks' work the department decided to replace it with a lightship.

A similar story is told of the handling and repairs of the Anticosti lightship, which cost \$368,000 in three years and was in hospital most of the time. The commissioners say that this is a conspicuous case of "how not to do it."

Our old friend, Merwin does not figure by name extensively in this report, but it is shown that Chief Engineer Anderson has strenuously protested against throwing out efficient light house equipment and replacing it with costly imported apparatus recommended by the department. The engineer plainly suggests that the very agencies that the Canadian light houses have been raised by makers of lanterns "simply so that they could supply their own more expensive style of manufacture." The particular order against which he protested was for about \$20,000 worth of lanterns for half a dozen light houses. It should be recalled that Mr. Merwin's firms have been paid fully a million dollars by the marine department for buoys, lights and other equipments.

E. A. Walberg, better known in connection with the railway contracts, is represented by the commission as having things much his own way with the department of marine. He secured contracts without competition for several concrete towers, three of them because he was the only person able to do the work that season. Not one of these were finished until the following year. He has a habit of writing personally to the officers of the department asking consideration of his tenders. He tried to get into his contracts a special allowance, or royalty, on his method of construction, and secured the consent of all the authorities until Chief Engineer Anderson again interposed with the statement that there was no patent, and that Walberg's method had long prevailed in concrete buildings. But for this protest, the royalty would have been added to the cost of the numerous towers which Walberg seems likely to build.

HUDSON'S BAY ROAD
The government claims that it has given no land subsidies in the west for railway construction, but in a discussion last week on the Hudson

Makes the Biscuit and Cake lighter, finer flavored, more nutritious and wholesome

DR. PRICE'S

CREAM BAKING POWDER

Made from pure Grape Cream of Tartar
No alum—No lime phosphate

Bay railway question, Mr. McCarthy and other western Conservatives showed the fallacy of this plea. A quarter of a century ago, when land in the west had little value, the late government offered a large subsidy for a line running straight for Hudson's Bay from a point in Manitoba the grant to be 6,400 per mile for the Manitoba portion, and 12,800 acres for the remainder. These subsidies would have lapsed long since, but were renewed over and over again by the present government, notwithstanding the great increase in land values. The Canadian Northern railway acquired these subsidies rights, and has now a title to 2,180,000 acres of land for 320 miles of road, of which 170 miles were at the rate of 12,800 acres per mile.

Now, three things are shown. First that as the subsidies were outdated and the land had increased in value the government could have made land for the settler.

Second, the present government changed the conditions by allowing the contractor to select lands outside of the area originally defined, and they are selected in the best farming regions of the west, where the grant is worth at least six dollars per acre.

Third, while the company has received these land subsidies on 320 miles of railway, supposed to be towards Hudson's Bay, the place reached is only 150 miles nearer Port Churchill than the starting point. The contracting company is simply authorized to use these subsidies for construction of its line towards Prince Albert, so that most of the mileage is not in the direction of Hudson's Bay. The land subsidy in the Territories is \$76,800 per mile, and this prairie railway could be built for one-third of this sum. With this inducement to build the longest possible line, and with a government ready to give such magnificent subsidies for roads running in every direction except towards Hudson Bay, the company has obtained these immense land grants, and the Hudson Bay railway is still to be built.

SIMPLE HOME RECIPES.
Mix This Simple, Helpful Recipe at Home and Try It, Anyway.

Get from any prescription pharmacist the following:
Fluid Extract Dandelion, one-half ounce, Compound Kargon, one ounce, Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some people who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home, when asked said that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

C. P. R. MAN PASSES AWAY
Secretary Drinkwater, One of the Oldest C. P. R. Family Dies after a Few Days' Illness.

Montreal, April 23.—The Canadian Pacific has lost one of its oldest officials this evening, when Charles Drinkwater passed away at his residence in this city, after an illness of only a few days. Mr. Drinkwater recently caught a severe cold, which he was unable to shake off, and which developed into double pneumonia. Mr. Drinkwater's death will be a distinct loss to the company, which he served faithfully for so many years. He has been a member of what the older officials call the "C.P.R. family," from the very first inception of the company, in fact, with the inception of E. G. Ogden, the third vice president, he was the only survivor of the small body of officials who witnessed the birth of the Canadian Pacific, and has stayed in its service until the present day. Mr. Drinkwater was, perhaps, better known in Ottawa, than in Montreal, as he had been in charge of the parliamentary work of the Canadian Pacific Railway from the very beginning. For the past twenty years he has been a familiar figure at the meeting of the railway commission, where he took charge of every project of law connected with the work of the company. He had been secretary of the company from the beginning, and added to this, his parliamentary work. It was only on March 1st last that the growing work of the company, and his advancing years, compelled him to resign as secretary, and devote himself entirely to parliamentary sphere.

Mr. Drinkwater was a veteran railway man, in fact, had he lived, he would have next year celebrated his fiftieth year since he entered railway work. He was an Englishman, having been born at Ashton-under-Lyne, in 1843. He came to Canada in 1864 and was for many years secretary to John Macdonald. He joined the Canadian Pacific in 1881.

DEATH OF PREMIER "C. B."
Some Events in the Life of the Deceased British Statesman—Always Doing Something.

London, Eng., April 22.—Sir Henry Campbell-Bannerman, Ex-Premier Minister of Great Britain, died at his home, 29 Belgrave Square, S.W., this morning.

The death of the ex-Premier was not unexpected; in fact, he had hovered between life and death for several weeks.

The personal popularity of the statesman is evidenced by the manifestations of sorrow seen on every hand today.

King Edward, when informed of the sad event, was greatly moved, and spoke in terms of the highest appreciation of the character of the deceased.

In Scotland, and in fact, throughout the British Isles, there is one sentiment expressed, that the nation has lost one of its ablest sons, and one of the old school that is being superseded by a more dashing, yet less competent brand of statesman.

HIS LIFE
The Right Hon. Sir Henry Campbell-Bannerman, G.C.B., P.C., D.C.L., M.A., LL.D., D.L., J.P., was Prime Minister of Great Britain and First Lord of the Treasury since M.P. for Stirling district since 1868; Leader of the Liberal party in the House of Commons since February 1899. He was born on Sept. 7th, 1836, was the youngest son of Sir James Campbell, Strauchro, Forfarshire, and assumed the additional name of Bannerman under the will of a maternal uncle, the late Henry Bannerman, Hunter Court, Kent. In 1860 he married Charlotte, a daughter of the late General Sir Charles Bruce, K.C.B., and she died in 1906. He received his education at Glasgow University and Trinity College, Cambridge. From 1871 to 1874 he occupied the position of financial secretary to the War Office. From 1880 to '92 he again occupied this position. He was secretary to the admiralty 1882-4; Chief Secretary to Ireland, 1884-5; Secretary to the State for war, 1888, 1892-5. He resided at 29, Belgrave Square, S.W. Belmont Castle, Meigs, Scotland, and was a member of the Athenaeum, Brooks, Reform, Oxford and Cambridge clubs.

work of leader honorably, patiently, consistently, and fearlessly, and he is recognized as leader by all true Liberals, English, Scotch and Welsh; and he has never fallen away in the slightest degree from the principles of Gladstone where home rule and the other just claims of the Irish people are concerned. . . . Increasing responsibility has only developed in his new capacity to maintain the responsible place. . . . When he first became leader of the Liberal party in the House of Commons, he might almost have seemed the leader of a lost cause, but he fought the fight bravely and will see the victory before long."

Sydney Brooks, writing in Harpers Weekly in December 1903, says of "C. B." "After all no man who was not a pachyderm, could have stood what 'C. B.' had to stand. The hopelessness of it all would have killed a man with any pretensions to sensitiveness. But to C. B. it never seemed to matter in the least how often he was defeated or by how large a majority, what was being said of him by the press, the people or his own party, or whether his nominal followers were really following. Whatever happened, there he was day after day, in his seat in the House of Commons, holding forth by the hour a level, oily flow of criticism, always cheerful, always ready to remember that as leader of the opposition it was his business to oppose. There was no fire in his speeches, no real conviction, no trenchancy, no point—just obvious, well meaning platitudes fluently turned. . . . He was always doing something. He seemed to be always plugging away, yet never betrayed the expectancy of results. . . . Lord Rosebery was once heard to exclaim: 'I wish I had a dozen C. B.'s in my cabinet.'"

Weak women get prompt and lasting help by using Dr. Shoop's Night Cure. These soothing, healing, antiseptic suppositories with full information how to proceed are intricately folded in my new book, "No. 1 For Women." The book and strict confidential medical advice is entirely free. Simply write Dr. Shoop Racine, Wis., for my book No. 4 Sold by Regina Pharmacy Stores.

LUTHERANS FOR SASK.
German Lutherans from Middle States Settling Near Tramping Lake.

A dispatch from Chicago last week reads as follows:

"Impelled much as the Mormons were when they fought their way across the 'great American desert' to the valleys of the Utah, and as the Dunkards were when they migrated from Ohio to California, hundreds of German Lutherans from the United States are preparing for an exodus to Saskatchewan. Their church leaders are encouraging the movement and the German Lutherans association has bought a great tract of land—30,000 acres, in the Tramping Lake District of Saskatchewan Province, which the Canadian Northern railway is linking to Hudson Bay and Liverpool beyond.

"Religious faith has impelled many negiras within the United States, but his removal of the German lutheran principally from Nebraska, Iowa and Kansas to Canada, is unique in the manner of the going. The Mormons 'trekked across the plains in moving wagons and encountered danger at every step of the way. But these German Lutherans will ride in Pullman's, eat three meals a day, in the dining cars and enjoy all the comforts of modern travel. It will be a begira de luxe.

"These people have been in a ferment of excitement for weeks. Last fall one of the elders who went to Canada to inspect the tract which later was purchased, wrote a letter which was published in a Nebraska paper and aroused so much interest among 'is people that they talked of little else but this new promised land. The minister has been quoted as saying that 'Canada, Canada,' all the time and complained that he could 'not get them to talk of Christ at all.' 'His congregation determined to move to the new land in time to raise a crop this season, and finally, to satisfy them, the minister and two prominent members of the church were selected as delegates to look at the land. The sequel was the purchase of 30,000 acres from an American, J. F. Luse, of St. Paul, Minn., and now the exodus is at hand.

COUGH CAUTION
Ideal Meat Market

Never, positively never poison your lungs. If you cough—ever from a simple cold only—you should take Dr. Shoop's Cough Cure. It is the most effective cough medicine. Don't blindly suppose it with a sniffing poison. It's a safe, non-toxic, and actually comes about. For twenty years Dr. Shoop has constantly warned people not to take any mixture or prescription containing Opium, Chloroform or similar poisons. And now, little else than Opium is used for coughs. If you are in your Cough Mixture, 'Good Bye' to your lungs. For the very reason, and others, should insist on having Dr. Shoop's Cough Cure. No poison enters there. You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison enters there. You can always be on the safe side by demanding Dr. Shoop's Cough Cure. The Regina Pharmacy Stores.

Local and General

F. Fry went north this morning on business.

S. S. Scott left on Friday evening for the old country.

Ald. J. R. Peverett returned from his trip east on Sunday.

The roller rink was opened for the season last Friday evening.

B. Friel has sold his grist mill at Melfort to the former owners.

T. W. Peart left on Sunday evening for eastern wholesale centres.

The Regina Philharmonic Society will produce "Elijah" on May 28th.

Senator Jas. Ross and Senator T. O. Davis were in the city this week.

The case against Mack Sing has been adjourned for another eight days.

C. C. Castle, warehouse commissioner of Winnipeg, was in the city on Sunday.

J. N. Payne and W. Fife are inmates of the Victoria hospital down with typhoid fever.

Premier Scott, Senator T. O. Davis and others addressed the North Side Liberal Club last evening.

Dr. Shearer has been in the city this week in the interests of the moral and social reform movement.

Moose Jaw will not hold a fair this year as the agricultural society did not obtain a grant from the city.

The Creelman Gazette made its appearance today in the progressive town of Creelman on the Arcoola branch.

"Negro Lou" Williams, the oldest man in the United States, died recently in the Grand Forks poor house aged 127.

Field Bros., real estate agents and farmers, have put in a large crop this year on their farms in the Regina district.

Rev. E. A. Henry preached in Weyburn last Sunday. On Monday evening in the same town he gave a lecture on "Some Girls."

Dr. Hopkins, of Ottawa, is in the city taking the place of Dr. Hilton, provincial veterinarian, who is at present out of the province.

The expenditure of the province in hail insurance last year was \$179,172.14, whereas it was estimated the outlay would not exceed \$65,000.

Senator Parley of Wolsley is recovering from the bursting of a blood vessel which occurred to him while fighting a prairie fire last week.

The first rain of the season fell last week and was succeeded on Saturday by a snow storm which covered the ground with several inches of the beautiful.

E. B. Andros, secretary of the Exhibition Association is at present down on his farm near Tyvan, but will return in about ten days to devote most of his time to exhibition work.

C. C. Smith of Carnduff, the Conservative candidate for Assiniboia, was in the city for a couple of days this week. Mr. Smith will begin an active campaign in his constituency at once.

Dr. Seymour addressed members of the Canadian Club of Regina after luncheon last Saturday afternoon, taking as the subject of his remarks, "Tuberculosis."

The Regina Excelsior Band hold their last dance of the season in the auditorium of the city hall tonight. Tickets 75c. Refreshments served. The proceeds will be applied towards the new uniform fund.

It is probable that the conference of the premiers of the prairie provinces will be held in Regina on Monday next to receive the deputation chosen from the Grain Growers Associations of the three provinces.

F. W. Peters, assistant to Second Vice President Whyte of the C.P.R. with J. A. M. Aikens, solicitor for the company, were in the city last Saturday and had a conference with members of the provincial government.

J. K. McInnis has donated a cup valued at \$100 to be competed for by competitors from any and all parts of the province on Dominion Day. The event will be a road race, and the winner besides getting the cup, wins the championship as long distance runner of Saskatchewan.

The Star Provision Co., Ltd., will commence doing business on a cash basis on and after May 1st. They have a splendid stock of fresh goods and invite inspection. Their bakery business in bread alone has grown to about seven hundred loaves a day. Their bakery department is one of the most complete in the west.

By the request of numerous friends the Easter Cantata which was given in St. James' church on Easter Monday evening, will be repeated instead of the regular service on Sunday afternoon, May 3rd at 3 o'clock. Rev. Mr. Simpson will deliver an address in harmony with the cantata.

Mr. H. Wooster will also render a solo suitable to the occasion.

M. Snow, assistant warehouse commissioner of Winnipeg, was a guest at the King's yesterday. Discussing the seed grain question, Mr. Snow said that he was at a loss to know how dirty seed could possibly have got distributed among the farmers, knowing as he does the precautions taken to insure clean seed being sent out.

Gratton Separate School will erect a new school building this year from plans prepared by Hutchinson & McLaughlin. The building is to be put up on the property on the corner of Scarth street and Victoria avenue, which the board purchased from the Oblate Fathers.

A deputation representing nearly all the loan companies operating in Saskatchewan waited on the members of the provincial government last Friday to ask for amendments to the land titles act to make the procedure more simple and less costly. They also discussed the subject of government liens for seed.

From information produced in the assembly yesterday, the cost of printing and publishing the Supplementary Revenue Act bulletin, was as follows: In English, Leader Publishing Co., \$748.78, 45,000 copies; in German, Saskatchewan Courier, \$155.80, 5,000 copies; in Ruthenian, Canada North-West Publishing Co., 5,000 copies \$180, and insertion in newspaper \$60, total \$220. Cost of translating into German, Saskatchewan Courier Co., \$27; into Ruthenian, Canada Northwest Publishing Co., \$25.

Chas. Truscott has been appointed clerk of the court at Moosomin. He recently passed his law exam, and is a full fledged barrister. Mr. Truscott is a graduate of the law firm of Lamont and Turgeon, and was an active political worker in Prince Albert where he resided until he received his appointment.

The 1908 Edition is out of that most useful booklet, "5,000 Facts about Canada," compiled by Frank Veigh of Toronto, who is widely known throughout the Dominion as an authority on things Canadian. Nearly 25,000 copies were sold in 1907, the demand coming from every part of this continent and the British Empire. The idea worked out, that a concrete fact in a sentence, is an excellent one, the date being arranged under such self-indexing titles as area, agriculture, banking, commerce, fisheries, mining, railways, wheatfields, etc. The wealth of material contained in small space is a revelation to even a well-informed Canadian of the standing and resources of the country. The book is published at 25 cents a copy by the Canadian Facts Publishing Co., 667 Spadina Avenue, Toronto, Canada, or may be had from newsdealers.

That languid lifeless feeling that comes with spring and early summer can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative.

The Restorative is a genuine tonic to tired, rundown nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days' rest will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by Regina Pharmacy Stores.

It is probable that the conference of the premiers of the prairie provinces will be held in Regina on Monday next to receive the deputation chosen from the Grain Growers Associations of the three provinces.

F. W. Peters, assistant to Second Vice President Whyte of the C.P.R. with J. A. M. Aikens, solicitor for the company, were in the city last Saturday and had a conference with members of the provincial government.

J. K. McInnis has donated a cup valued at \$100 to be competed for by competitors from any and all parts of the province on Dominion Day. The event will be a road race, and the winner besides getting the cup, wins the championship as long distance runner of Saskatchewan.

The Star Provision Co., Ltd., will commence doing business on a cash basis on and after May 1st. They have a splendid stock of fresh goods and invite inspection. Their bakery business in bread alone has grown to about seven hundred loaves a day. Their bakery department is one of the most complete in the west.

By the request of numerous friends the Easter Cantata which was given in St. James' church on Easter Monday evening, will be repeated instead of the regular service on Sunday afternoon, May 3rd at 3 o'clock. Rev. Mr. Simpson will deliver an address in harmony with the cantata.

STOCK FOODS

In the Drug Department

The time for toning up your stock is the spring. After the big feeding and little work of the winter they need something to put them into shape for the heavy spring work.

OUR "International" Stock Foods
