REGULAR MEETING TOWN COUNCIL

The regular monthly meeting of the Town Council was held in the Town Office on Thursday, Sept. 21st at 8 o'clock p. m.

Present, Mayor Fish, Ald. Atkinson, Doyle, Mackay, and McGrath.

A letter from Messrs. McDade and Barry was read, in which they stated that they were acting for Mrs. Wm. Curtis in a claim for damages resulting from injury caused by falling into a hole in the highway in 1921. The communication was received and placed on file. A request from the Fire Company for refund of rentals of Town Hall on Sept 20th was referred to the Public Works Committee for report.

The following accounts were passed and ordered paid.

Can. Gen. Electric Co., Ltd ..	78.93
Northern Electric Co., Ltd. ..	\$2.82

Ald. Mackay reported that acting on the instructions of the Council, the Mayor with the L. & W. Com. had held a meeting in Nelson on Sept. 18th, to discuss with the Nelson people the proposal to extend our electric light service to that place. The meeting had been well attended and the proposal favorably received. The Nelson people had arranged to hold a meeting on Sept. 25th to discuss the matter among themselves after which they would present their conclusions to the Council.—The probabilities were that they would request an extension of our lines.

Ald. Atkinson stated that he had received complaints regarding a horse, which the owner allowed to run at large even after it had been impounded a number of times. It was decided to instruct the hogreeve to take more drastic action if the nuisance was allowed to continue. He also reported complaints from property owners owing to careless driving of cattle to and from pastures, the cattle being allowed to damage lawns and trees along their way; and stated that unless more care was exercised in future it was the intention of the committee to bring in more stringent bye-laws governing the matter, which might require cattle to be led to and from pasture.

Adjourned.

CHURCH UNION GOES TO COURTS

Toronto, Sept. 24—The proposed act and bills for incorporation of the United Church of Canada have been approved by the joint committee on church union with but a few minor amendments.

The decision now goes to the Supreme Courts of the three churches—Methodist, Presbyterian and Congregationalist.

The number of delegates to the first general council of the United Church will be 350. Of these the Presbyterians and Methodist will each send 150, the Congregationalists 40 and 10 from the Council of Union Churches. The first meeting will be held on or before the sixth Wednesday after the act of incorporation receives the sanction of the government.

Most of the amendments suggested were confined to verbal framing.

After a lengthy discussion it was decided to give every congregation voting to remain outside the union the full benefits of sharing in the property rights as provided for by the ruling of a specially appointed commission.

A slight change was made in the model trust deed, which, in the original provided that any trustee could be removed by a two-thirds vote of a congregation. The change provides that any trustee under bond for personal debts shall be protected.

The meeting also suggested that, after the bill is approved by the various church courts, another committee be appointed to incorporate new suggestions and whip it into its final form for presentation to parliament and the provincial legislatures. Objection having been taken to the use of the word "dissenters" it was recommended that some other word be used to designate those who refused to enter the United Church. No word was decided and it was left in the hands of the law and legislation committee which was empowered to carry, to find one and substitute it.

MARITIME WEEKLY PRESS ASSOCIATED ORGANIZED

Truro, Sept. 20—The Maritime Weekly Press Association was organized here yesterday with the following officers:

President—Don Fraser, New Glasgow.

Vice-President—C.C. Avar, Sackville, N. B. Lewis Taylor, Summerside, P.E.I., R. M. Fielding, Windsor, N. S.

Secretary-Treasurer—H. B. Anslow, Campbellton, N. B.

Executive Committee—D. Lawson, Yarmouth; H. H. Anslow, Windsor; G. F. McWilliam, Newcastle; S. R. Arenburg, Lunenburg. Mr. F. W. Robertson, General Passenger Agent C. N. R., was present at the meeting to complete arrangements for the tour of the Western Canadian Weekly Newspapermen to the Maritime Provinces during the early summer of 1923.

Mr. E. Roy Sayles, Manager of the C.N.W.A., and Mr. L. S. Gowe, manager of the Maritime Selected Weeklies, both of Toronto were also in attendance.

The declared object of the new association is to keep the weekly publishers of the Maritime Provinces in touch with one another for their general benefit.

The Maritime Selected Weeklies also met here and selected John A. Fisher, Pictou, president, H. B. Anslow, Campbellton, secretary-treasurer.

ROYAL BANK PAYS \$150 PER SQUARE MILE

There was lively bidding at the Crown Land Office Wednesday for a timber berth of two square miles at the head of the Northwest Miramichi River. The applicant was J. P. Burchill ex-M. P. P. of Nelson. The successful bidder was the Royal Bank of Canada represented by R. W. McLellan of Fredericton who bid \$150 per square mile. The upset price was twenty dollars per square mile. The price is considered a good one.

FIFTH TRIAL OF PARIS

The fifth trial of John Paris, of Truro, N. S. for the murder of Sadie McAuley, in St. John, in August 1921 will be taken up today at the circuit court sitting in St. John.

Paris, Sept. 24—The return of Turkey to Europe was assured last night when Great Britain, France and Italy at the final session of the Allied conference unanimously agreed to concede all the nationalist peace terms. The Turkish claims to Eastern Thrace to the Maritza River and including the ancient capital of Adrianople were approved as peace terms that can be supported by France, Great Britain and Italy in a joint invitation sent to Mustapha Kemal Pasha, the Nationalist leader, to a peace conference to be held at Venice at the earliest possible date.

The Kemalists must agree in return not to enter the present neutral zone along the straits nor make any crossing elsewhere and must accept complete freedom of the Dardanelles, the Sea of Marmora and the Bosphorus, preferably under the League of Nations. The invitation, which was cabled last night by M. Poincare to Kemal Pasha personally urges an immediate meeting of the Allied and Turkish and Greek generals at Mudania to formulate terms of an armistice, pending the confer-

ence. It is regarded as virtually certain that Kemal will accept the conditions and a reply is expected from Smyrna in a day or two. In addition to other concessions, Turkey is promised the support of the three Allies for admission to the League of Nations and also withdrawal of all the Allied troops from Constantinople as soon as peace becomes effective.

Partridge are said to be very plentiful again this year. The season for securing them opens on Oct. 31st. Each hunter is allowed a maximum of six birds per day and twenty for the season.

FARM BUILDINGS ARE DESTROYED

The residence of William Hare, Whitneyville, together with all out-buildings, barns etc., were totally destroyed by fire Friday, afternoon. The origin of the blaze is unknown but the fire started in the house and after consuming that, spread to the barns, and before anything could be removed, had razed all the buildings on the premises. The loss includes the season's hay and grain crop, farm machinery, wagons and harness. No insurance. The loss is a heavy one.

"TEN NIGHTS IN A BARROOM"

Churches are acclaiming this picture, so are ex-liquor dealers, et al. One of the most remarkable features accompanying the presentation of this great picture, "Ten Nights in a Barroom," which will be shown at the Empress Theatre on Wednesday and Thursday is the interest which it has aroused amongst religious teachers all over the United States of America. It appears they agreed to forget their differences and tell the people to go and see "Ten Nights" and what it did in the past; what it would continue to do in the present if the old condition of things which led to the passage of the Eighteenth Amendment remained in force.

People may argue and haggle over the wisdom of the general cause but no one in any grade of society should be in doubt of the wisdom of abolishing the saloon; that hideous sore-spot of every town; that unspeakable vile den in which so much of the sin and misery of the world has been plotted and committed. Whether or not "Ten Nights in a Barroom" as a novel and as a play had anything to do with the closing of the saloon, at any rate, in the picture you see what the saloon was at its worst.

There isn't a city on the face of the globe that has not been cursed by the saloon; there isn't a man over twenty-five or thirty, if he was speaking the truth, but could give a volume of evidence against those dens of villainy; there isn't a country that has not suffered from them. And if "Ten Nights" was responsible for abolishing these places, then is the more credit to "Ten Nights."

All the same, the picture "Ten Nights in a Barroom" does not preach. It tells a very fine heart-interest story. And it is not a gloomy picture. There is a great deal of humor in it; a great deal of human nature at its best and at its worst; a great deal of pathos, tragedy and action.

The more particular you are in matters of dress, the more critical of style and workmanship—the more you demand for money you invest in wearables, that much more enthusiastic will you be about these new coats just arrived. It's hard to see how they could be more comfortable, more luxurious looking. Some have big, snuggling fur collars that are so effective, some have dressy embroideries and ornamentations. Many have the wide sleeve that is so stylish this fall.

Originality and becomingness are universal as you shall see when you come. They are ready for your inspection. And the prices are remarkably low—lower by far than coats of the same quality and styles regularly sell for

MANY HUNTERS NOW IN WOODS

Reports from different sections of the Province are to the effect that large numbers of non-resident game hunters are this year taking advantage of the special hunting licenses which give them the privilege of going after moose caribou and deer fifteen days ahead of the regular opening of the season. Several parties arrived in town and went into the woods just as soon as they could secure these licenses, which were issued by the official vendor, from and after Sept. 15th.

R. B. ANGUS, PAST PRESIDENT B OF M DEAD AT MONTREAL
Montreal, Sept. 17—Richard R. B. Angus, past-president of the Bank of Montreal, a director of that institution, of the Canadian Pacific Railway and many other large corporations, died early this evening at his country home at Senneville, near Montreal, in his 82nd year.

Railway News

Montreal.—The Canadian Pacific line announces several appointments to positions in the British Isles and Europe. They are as follows: William Stewart, to be Glasgow passenger agent, with his office at 23 Bothwell Street, Glasgow; J. H. Webb, destined for the post of passenger agent at Southampton, and A. L. Rawlinson, slated for Antwerp, where he will take charge of the passenger offices.

Sudbury.—Tuesday, August 8th, was the dawn of a new day in Northern Ontario railroading, when between seventy-five and eighty officers and employees of the C. P. R. gathered in Sudbury and organized what will be known as the Algoma District Employees' Association of the Canadian Pacific Railway. Every branch of the service, from general superintendent down, was represented. The object of the new association is to meet at regular intervals to discuss all subjects vital to the better serving of the public, and thereby be of greater service to Canada, and naturally, the Canadian Pacific Railway.

Banff.—The American Bar Association, travelling east from its recent convention at San Francisco, spent two days in the Canadian Rockies. The party travelled in two special trains over the Canadian Pacific and Soo Line to Chicago, where it dissolved.

Several notable citizens of the United States were among the party, there being Vice-President Coolidge, his wife and two sons; John V. Davis, former ambassador to Great Britain, and John W. Whitman, former governor of New York State. The party expressed delight at the wonderful grandeur of Banff and Lake Louise, where two days were spent.

Montreal.—Despite warnings and the efforts of the railways to prevent them, accidents are occurring at railway crossings. If automobile drivers were a little more cautious they would save themselves a great deal of trouble and save their cars from a great deal of damage. Of course there are some cases where it is difficult to avoid accidents, but most accidents that happen are avoidable. Particulars have just come to hand of an occurrence in New Brunswick.

An Overland automobile, License 12,717 N. B., owned by F. L. Jones, of Perth Junction, and driven by E. Anderson, also of Perth Junction, ran into C. P. R. train No. 152 at the crossing just north of Andover Bridge, N.B. The engine had already passed over the crossing and the auto struck the side of the train. Mr. Anderson claimed that he did not see or hear the train in time to stop, although his car was going very slowly. The car was considerably damaged, but happily nobody was hurt.

Quebec.—All records were broken at the Chateau Frontenac recently, the hotel being filled to capacity and many a single room being vacant. Many of the passengers who arrived from New York, had to remain on board the steamer for lack of room at the hotel. Tourists from all parts of the States and Canada arrived by motor and the parking ground in front of the Chateau was lined with rows and rows of cars. The lobby of the hotel was crowded with visitors anxiously waiting for accommodation and in the evening the crowd was greater than ever. The new wing of the Chateau when completed, will undoubtedly be a boon to the city as the additional accommodation thus obtained will satisfy the large demand made on the hotel.

With the advent of the August tourists traffic conditions in Quebec have taken on a new aspect, which has necessitated an extension in the service of the traffic policemen.

Pembroke.—The Canadian Forestry Association's Forest Products Exhibit Car came to Pembroke on the civic holiday under the management of Mr. Gerald Blyth, assistant secretary of the association, and was visited at its berth in the Canadian Pacific Railway station yard by a large number of interested citizens. The exhibit car contains many novel and interesting models calculated to demonstrate the correct and incorrect method of logging, the result of deforesting the hills, and what happens when camp fires are neglected or burning matches are carelessly thrown away in the dry woods.

One exhibit showing ladies' blouses, stockings and other silk wear made from sulphite pulp attracted considerable attention, and another which interested the visitors greatly showed the various stages in the making of matches. A sign over the latter exhibit pointed out that one tree will make a million matches, but that one match can destroy a million trees. Perhaps the most interesting and attractive model on the car is a large model of a heavily timbered country and a small town close by. When a lever is turned there is a complete transformation. The light goes out and by an arrangement of screens the forest and town are seen to be on fire. This model cost about \$1,000 to construct. Another model shows how deforestation causes rivers to flood in spring and dry up in the summer. There is a sprinkler arrangement attached to this.

WILLIAM PITTMAN KILLED AT BUCKLEY MILL, TUESDAY

William Pittman of Douglastown, an employee of the D. J. Lackley mill at French Fort Cove, near Newcastle, was killed last Tuesday morning about 8 o'clock, while at work in the mill yard, his head coming in violent collision with an overhead deal tramway.

Mr. Pittman was driving a cart loaded with laths from the mill yard above the road to the wharf where the British schooner James William was being loaded. The tramway carrying deals from the mill crosses this road way and while of sufficient clearance for a person to walk beneath, is three inches too low for anyone seated on a cart. The drivers always duck their head when passing with their carts. Pittman's horse on this particular trip to the wharf became frightened for some reason just as it was going under the tramway and in his effort to control the animal the unfortunate man either forgot to lower his head or the plunge of the cart threw him up from his seat for the top of his head struck against the beam above and he collapsed on his load of laths. The driver of the cart immediately behind and others in the vicinity sprang to his aid and he was taken from the cart in an unconscious condition.

A doctor was immediately summoned but the injured man died in about fifteen minutes without regaining consciousness. He was 66 years of age and had been engaged in mill work for forty years, first working with Ald. Chas Reinsborough of Chatham, in the latter's water power saw mill at Bay du Vin. He had been working at the Buckley mill for two or three years past and had been with them off and on this summer, having started work again with them just three days before the fatal morning. An additionally sad feature is the fact that a son, Chas, died just two weeks ago.

Mr. Pittman is survived by his wife, two sons, William of Douglastown and Vincent of Halifax, and five daughters, Mrs. Hurdman Wood, Mrs. Herbert Sullivan, Mrs. Harry Spencer, Miss Margaret of New York but at present in Douglastown and Kate at home. Also one sister, Mrs. Leaman of Bermuda.

The funeral was held Thursday morning at 8:30 o'clock to St. Samuel's Church.

SEEKING HIS LOST MASTER

"Billy," Quebec's tramp dog, is still seeking his lost soldier master. When the boys came back on the "Empress of France" he and "Billy" became separated and "Billy" has been looking for him ever since. He meets the "Empress" each time she arrives at Quebec, sniffs at the passengers who come down the gangway, walks away with an air of disappointment and then waits for the next passenger ship. Everybody's friend but no man's dog for long, "Billy" has as many names as he has friends, answering with a wag of his tail to "Bum," "Tramp," "Bijou," "Rags," "Paddy," etc. Now and then an admirer takes "Billy" home, but in a few days the little wire-haired terrier is nobody's dog again—nobody's but the lost master's—and is back on the docks once more to meet the ships and him.

How "Billy" knows when a passenger ship is due is a mystery of the Quebec water front, but know he does. He is as regular and prompt as the customs' men, greets the incoming steamer with joyous barking, and after he has bossed the job of placing the great hawser which moor her alongside the pier, he dashes to the gangway and looks for a once familiar figure, khaki-clad. Perhaps some day the lost master will return. And if he does, faithful "Billy" will be there.

RELIGIONS IN THE COMMONS

The 1922 Parliamentary Guide, just issued, contains in the preface a comment by Col. Chambers that one result of the recent Federal Election is the introduction of no less than 136 new biographical sketches into the House of Commons section of the Guide. In the matter of members, religious affiliation it is noted that Quebec, which returned a solid bloc of Liberals, is almost equally unanimous as to church denomination. There are 67 Roman Catholics in a House of 235. Two of these are Progressives, one styled as Independent, and one a Conservative; the remaining 63 are Quebec members. That is to say, of 67 Roman Catholics in the Commons, only four sit on the Opposition side. No less than 70 members own the Presbyterian faith, including all three party leaders. Methodists are next with 38, and Anglicans follow, with 31. There are a half dozen Baptist M.P.'s, including the Minister of Finance, and three Congregationalists. Five are classified only as Protestants, and in the case of five, the religion is not stated, S.W. Jacobs, K.C., Jacques Cartier, is the single Hebrew, and Miss Macphail sole representative of the Latter Day Saints.

SEVEN MILLIONS FROM STAMP TAX

Large Increase in The Federal Revenue

Ottawa—There have already been heavy returns from the increases in the sales and the stamp taxes imposed by the Fielding budget of last session. Stamp tax returns are not easy to compute exactly as inland revenue or postage stamps may be used. For the fiscal year ended last March the total revenue from the sales tax averaged about five million dollars a month. The increase in revenue is about proportionate to the percentage of increase in the tax. During the past three months the increase in returns has been usually heavy

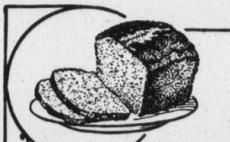

LUMBER OUTLOOK GROWING BRIGHTER

Cut In Canadian Forests Expected To Be Larger

The lumber outlook is growing brighter, according to conditions reflected in various interviews with representative operators which appear in the annual number of the "Canada Lumberman." While it is a little too early to speak with authority regarding logging activities in many sections there is no doubt that the cut in the bush during the coming season will be considerably larger than it was a year ago. There is a shortage of labor and wages have advanced to \$35.00 and even \$40.00 a month, with board. This will mean a higher priced product next year. There is a well defined impression that in several grades lumber may be rather scarce next spring as dry stocks have been pretty well moved out. The cut during the past season has not been any too heavy to satisfy existing operations in all the larger centres.

A. E. Clarke of Toronto, president of the Canadian Lumbermen's Association, in a general review of conditions in the "Canada Lumberman," says:—"With respect to the business barometer, I feel that the present is a period of revival, following recovery and readjustment, and a more stable and satisfactory state of affairs will prevail from this out. There is a little need to review con-

being over twenty-two millions or over one-third of the total collections during the whole of last year. If it should continue at this rate for the remainder of the year the total would be over nine million dollars.

Inland revenue stamps on cheques, playing cards and matches brought a revenue of over two and a quarter millions last year. The tax on cheques was increased by the April budget and the returns in the five months since that time have been \$1,617,229. The August receipts have been double those of July and four times those of April. The total for the year from stamp taxes should be about seven million dollars.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Food are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. ditions as they have obtained up to the present time. With what has taken place, we are all more or less familiar and have had a somewhat painful experience. The lumber industry, in common with other great activities, has suffered considerably by reason of the disquieting foreign conditions, railway freight exactions excessive business tax, price cutting propaganda and the general exactions of labor. Some of these handicaps have or are now being removed but labor is still inimical in its attitude, and through its various gatherings and organizations demands that wages shall be maintained at as high a level as during the war.

"On the other hand, we have the consuming public clamoring for a reduction in the price of all requisites and maintaining that values are inflated. It is difficult to reconcile the diametrically opposite positions of the labor element and the public, and unless the former is willing to adopt a broader and more reasonable stand the outlook is not bright for a decrease in the price of commodities.

"Up to the last few weeks, lumber, generally speaking, had been disposed of at a loss. It could not be logged, towed, manufactured and marketed at a figure which has been paid for the finished product. Building activity in the larger centres has helped develop the volume of business in softwoods and dry stocks apparently have been well moved out and the way cleared for an enlarged production during 1923.

"I believe that the coming year will be one of solidity, expansion and profit if we are all go-getters and peptomists. All the artificial and speculative elements which characterized the general lumber situation in the early part of 1920 have been eliminated and no one wants to see a return of that so-called boom period which ended in a boomerang."

ALLAN CAMERON GOES TO ORIENT

Popular C.P.R. Official Receives New and Important Post.

A joint circular issued by the Canadian Pacific Railway and Canadian Pacific Steamships, Limited, announces that Mr. Allan Cameron has been appointed Oriental Manager, with office at Hong Kong to take up his duties on October 1st.

An Improved Gasoline at the Same Price

Starts even more quickly than Gasolines which cost more and is a better all round Motor Fuel —

Many gasoline users in the Maritime Provinces have been paying much more than they should for gasoline due to the fact that they have bought it on the basis of quick starting ability regardless of price or the loss of power and mileage which invariably attends the use of such a gasoline.

Realizing this, our experts have been working for years to produce a motor fuel which would at least equal higher priced gasolines in quick-starting ability and at the same time embody the other qualities of a perfect motor fuel which these gasolines have lacked.

The new Imperial Premier Gasoline, now being made at our Imperoyal Refinery, is the result of this research and experiment. It starts even more quickly than Queen Gasoline which some engine owners have been using in spite of the fact that Queen Gasoline was a special lighting plant fuel and never entirely suited to motor use.

The new Imperial Premier Gasoline is a properly balanced motor fuel. It is full of "pep" and power. Every fuel charge burns clean in the combustion chambers. There are no heavy ends which might remain behind to cause pre-ignition or hasten carbon formation. Every drop of the new Imperial Premier Gasoline vaporizes completely and is easily converted into power and mileage.

The new Imperial Premier Gasoline is now available throughout the Maritime Provinces. Believing as we do that this is the best gasoline we can possibly make for motor use we have discontinued the manufacture and sale of all other grades. Stop at the Red Ball sign and fill with this new improved gasoline. You will find it even more satisfactory than other gasolines which may cost up to 5 cents more per gallon.

This test will convince you;—after your tank has been filled with the new Imperial Premier Gasoline have your carbureter adjusted to use this fuel properly. You will find you can run on a leaner mixture and avoid operating trouble and get better results from your car in every way at a lower cost per mile than ever before.

MUSIC NEXT

Our Public School is now teaching Manuel Training and Domestic Science, which is an advanced step in the right direction. Both of these studies are most essential in an institution such as Harkins Academy, and the School Board of Trustees is to be congratulated in arranging to have a teacher to instruct the students. There is yet a very important study, which up to the present has been neglected, namely—Music in the School. We have been pounding away for the past three years, endeavoring to arouse the public to the necessity of teaching music in the schools, and are glad to be in a position to announce that we have been very successful indeed, although the services of a teacher have not yet been procured, nor music is not yet taught in the school. However, we are daily receiving calls from interested parties, who like ourselves, feel that music should be taught, and these callers are ready and willing to do any and everything in their power to bring about the teaching of music in Harkins Academy.

It is a pleasure to know that this matter is rapidly coming to a head and about all that is necessary now,

is for some one to take the initiative and within a very short time it, no doubt, would become a certainty. It is stated that a number of persons, who are interested in this matter, will shortly hold a meeting, at which it will be decided to circulate a petition for signatures, requesting the School Board to look into the matter and make arrangements to have a music teacher procured.

The expense would be practically nothing and considering the vast amount of good, which could result, the community will be repaid a thousand fold for the small expenditure.

We sincerely hope that this matter will be proceeded with and can assure the public, that we are in hearty sympathy with the movement and are prepared to do all we possibly can to bring about its accomplishment.

OBITUARY

JAMES F. McLAUGHLIN
The death of James F. McLaughlin occurred at the Miramichi Hospital on Tuesday morning, after an illness of several days due to stomach trouble.

Mr. McLaughlin was a son of the late Mr. and Mrs. Wm. McLaughlin, of Chatham, in which town he was born and where he lived for a number of years previous to moving to Newcastle. Since coming here, about ten years ago, Mr. McLaughlin has been one of its most esteemed citizens. He was of a genial disposition and was liked and respected by everybody.

He is survived by a widow, two sons, Vincent at home and Arthur in Binscarth, Man., and one daughter, Cleora at home, to whom the sincere sympathy of the community is extended. Also surviving are seven brothers and three sisters.

The funeral, which was largely attended was held at 2 o'clock Wednesday afternoon from his late residence, proceeding to Chatham, where interment was made in St. Michael's cemetery.

To The Editor of The Advocate
Sir:—

In the passing of the late Col. Mersereau the Independent Order of Foresters have lost a prominent and useful member, and the Community an energetic, helpful and loyal citizen. The loved and loving brother, husband, father and friend died when manhoods evening almost touched the golden beams of the setting sun, while the lengthening shadows were falling towards the east. He had not passed on life's highway the milestone that marks the farthest point, but being weary he lay down by the wayside and fell into that dreamless sleep that presses the eyelids down and steepens the senses in forgetfulness. While yet in love with life and raptured with humanity he passed painlessly away from friends and kindred and loving care to silence and the dust.

It was Col. Mersereau's good fortune to live out almost this allotted span of life and to die full of years and full of honors. While others just in the happiest and the sunniest hour of all the voyage when gentle winds were kissing every sail, have dashed against the sunken rocks, he was destined to reach the haven before night-fall while the western sky was all aglow with crimson and gold.

His brave and loving soul in all the storms and vicissitudes of life was oak and adamant, but in the sunshine it was vine flower. He ever looked on the brighter side of life. Climbing the heights he left the valleys far below, while on his brow there fell the dawn of a bright day. He loved truth for its own sake. In every contest he stood with the right and the weak. In him the poor found a faithful friend.

Every Joint In His Body Sore And Stiff

"When I started taking Tanlac I had been laid up with rheumatism for three months, and was so bad for a month that I couldn't even walk. I had had it for a year and spent nearly a hundred dollars, but kept getting worse instead of better," is the statement made, recently by Wallace Corey Lowe, a prosperous farmer, living at Head of Amherst, Nova Scotia.

"Every joint in my body was stiff and swollen and I suffered terrible pain all over. My legs and arms were swollen to twice their natural size and it would take me an hour to get out of bed and on my feet in the mornings. I hadn't the strength of an infant, couldn't lift a pound weight and was in pain day and night.

"I had dropped down from one hundred and fifty-six pounds to one hundred and twenty-one. My stomach was all knocked out by the strong rheumatism medicines so that nothing agreed with me. In a few weeks after I began taking Tanlac I was back to my normal weight and feeling as fine as I ever did in my life. It certainly is astonishing what Tanlac will do."

Tanlac is sold by all good druggists

A worshiper of civil and religious liberty he extended to all that freedom and toleration which he claimed for himself, being a helper to all, particularly the oppressed he thus added to the sum of human happiness. Were everyone to whom he did some loving thing, to bring a blossom to his grave he would sleep tonight beneath a wilderness of flowers.

As a citizen he discharged all his public duties faithfully and well, animated by love of Country, and actuated by devotion to duty. Though deeply interested in public affairs he seldom entered into political contests, when he did so his demeanour and bearing towards opponents was such that factious hatred, which in the long run tires out every other passion could find no occasion to cast reproach on his conduct, or fling obloquy on his name.

His private life was blameless. Every part of it will bear the most minute examination, without detracting from its worth. There were no dark subways, no subterranean passages where we must tread softly lest we stir the ghost of a buried crime. His life was an open book known and read of all men.

Col. Mersereau regarded with a true perspective. He did not look on life as a narrow vale, cooped and cabined in between the cold and barren peaks of two eternities—the one before, and the one behind. He strove to look beyond the heights, to realize the dawn of a grander day. From the voiceless lips of the unreplaying dead there comes indeed no word, but with the eye of faith he could see a star, and his listening love could hear the rustle of a wing.

No man in the community will be more missed, and none more mourned. But many words cannot assuage grief. All that we can do is to regret his passing and to pay a fitting tribute to his memory and his worth.

Respectfully Yours
THOMAS PARKER

J. D. O'CONNELL CAPTAINED AT ST. JOHN FOR ICE CREAM BILL

"The Children's Friend" Refused to Pay for Ice Cream Ordered from St. John Firm for Havelock Picnic and Which He Alleges Was Not Fit to Eat.

St. John, N. B. Sept. 25—J. D. O'Connell multi-millionaire sugar planter of Cuba and known throughout the Maritime Provinces and in eastern United States as the "Orphan's Friend" was arrested here this evening by High Sheriff Wilson for debt. He was lodged in the county jail but was able later on to make arrangements for his release. His story is that he ordered ice cream from a local ice cream company for a picnic he was giving in Havelock. He says that part of the ice cream was not fit for human consumption and when he was presented with the bill refused to pay. As a result a capias was issued for his arrest and he was taken into custody this evening at the Royal Hotel. He says he will stay in St. John and fight the case to a finish.

DELEGATES HOME FROM CONVENTION

J. L. Stewart, editor of the Chatham World, was a visitor to St. John yesterday enroute to his home after attending the sessions of the Sovereign Grand Lodge, I. O. O. F. which met this year in Detroit, Mich. Members of the order from all parts of Canada and the United States were present and in the big parade which was held no less than 40,000 persons took part, and it required 45 hands to provide music for the occasion. The sum of \$9,000 had been put up in prizes for this parade and over a third of the amount \$3,500 was won by Canadians.

It was a great session, the Commodore said, and one which will be long remembered by all who were privileged to be there, and the people of Detroit gave the visitors a very warm welcome to their city.

JUDGE CHANDLER WEDS IN ENGLAND

Press despatches from London contained the information that Hon. Judge Chandler of the Court of Kings Bench of New Brunswick was married at Oxford, England, on Monday last to Mrs. Coster nee Hazen. The bride is the widow of George Coster of St. John, barrister, and is a daughter of Mrs. Robert Morris Hazen. Her first husband was a son of Rev. Dr. Coster, clergyman in the Church of England.

McGRAW'S GIANTS CAPTURE PENNANT

New York, Sept. 25—The New York Giants clinched the 1922 National League championship today by defeating St. Louis 5 to 4 in ten innings. The Giants can now lose all of the remaining seven games and still finish in the lead, even if Pittsburgh wins its remaining three games. In that event the final standing would be as follows:

Team	Won	Lost	P. C.
New York	89	65	.578
Pittsburgh	88	66	.571

Needing one more game to win the American League pennant the issue with the St. Louis Browns before Thursday when they play the Red Sox at Boston.

The Yankees have four more games on their schedule, three with Boston and one with Washington. The Browns have three games to play with the Chicago White Sox, beginning Friday, and defeat in any one of them would eliminate the St. Louis Club from the race, even if the Yankees lost all of their remaining games.

Calgary.—Ronald W. Greene, of Winnipeg, who was recently appointed assistant general agent of the Canadian Pacific Railway ocean traffic, with headquarters here, has arrived in the city to take over his duties here. Mr. Green will have offices in the C. P. R. depot and will handle all Atlantic and Pacific steamship business in the Province of Alberta.

W. C. Casey, general agent of the passenger department of the C.P.R. ocean traffic recently arrived in the city. While discussing ocean traffic, Mr. Casey said that the addition of the two new steamships, the "Empress of Canada" and the "Empress of Australia" on the Pacific coast run, has ensured a 25-day service between Hong Kong and London and Paris. He said that Orient passenger traffic was reasonably fair at the present time and believed that traffic would be very heavy in the fall, both to and from the Orient.

Friday and Saturday—WILLIAM FARNUM in "His Great Sacrifice"

A GRAVE SITUATION

Too many of us are inclined to give the Greek the laugh for having received a drubbing at the hands of the Turks in Asia Minor, then forget the thing.

Nothing could be a bigger mistake. The Turks looked for trouble certainly, and they found it. King Tino asked for a licking, and he got it. In all of which we concur, BUT—

The Turkish victory is not the end of a perfect day but only the beginning of an unpleasant one—rather the continuation of one—just one more episode in the European tragedy now going on. The episode however, may have stupendous repercussions later on.

Mustapha Kemal is friendly with Soviet Russia, Russia is now virtually the ally of Germany. Let us not forget that, nor that the Turkish victory over the Greeks will not go unnoticed anywhere in the Mussulman world.

Europe is still a bubbling cauldron of opposing interests, of conflicting ambitions. Hatreds are still at the boiling point. Poverty and hunger are the driving forces of certain of the nations, and almost daily we are hearing open threats of this country making common cause with that country in the event another country attempts thus and so.

The military "comeback" of Turkey in Asia Minor has set Constantinople mad with joy, according to the cables.

Will Turkey long keep to herself the dissatisfaction she so keenly feels over her situation in Europe? England has opposed Turkey—Turkey lies between England and India—what view will London now take of the matter?

France has been friendly with Turkey. What will Paris say. Turkey can make trouble for England in India and Egypt. Will she make demands on Great Britain?

Poetic justice maybe, but assuredly there is nothing to laugh over in the Greek debacle. The re-entry into the arena of a powerful fighting force—and no one can save those who have never come in contact with the Turks deny they can be a powerful fighting force—merely serves to render an already grave situation more critical still.

COMPENSATION BOARD WON IMPORTANT SUIT

Judgment for \$20,852 was given for the Workmen's Compensation Board against the Bathurst Co., Ltd., by Mr. Justice Barry Thursday morning. The case was tried before Mr. Justice Barry without a jury, on a claim against the company for a balance remaining unpaid on their 1920 assessment after about \$17,000 had been paid by them. The defense raised thirteen points of law and fact, all of which were decided against them, and a counterclaim for a balance which they claimed should be allowed them for their 1919 assessment was disallowed. Mr. Justice Barry decided that the provincial act was good law and intra vires of the New Brunswick legislature regarding methods of taxation which the company claimed were indirect and consequently fell within the jurisdiction of the federal parliament. He also held that board allowed to workmen could properly be classed as wages. He directed that judgment for the full amount be entered for the plaintiffs, the defendants to pay the costs of the suit. Dr. W.B. Wallace, K. C., appeared for the board in the action, and M. G. Teed, K. C., and George Gilbert, K. C., Bathurst, for the company.

The Kidneys

The office man and the outdoor worker suffer alike from derangements of the kidneys.

Backaches and headaches are among the symptoms. In some cases Bright's disease soon develops, others suffer from high blood pressure until hardening of the arteries sets in.

In order to forestall painful and fatal diseases prompt action should be taken at the first sign of trouble.

Mr. A. D. MacKinnon, Kirkwood, Inverness county, N.S., writes:

"I can highly recommend Dr. Chase's Kidney-Liver Pills to all suffering from weak kidneys. I suffered from kidney disease for a long time. I may also say that for three years I was nearly always troubled with headaches, and no treatment seemed to do more than afford temporary relief. I was finally told of Dr. Chase's Kidney-Liver Pills, and after using a few boxes was completely relieved. I have also used Dr. Chase's Ointment with the best results, and never fail to recommend these wonderful remedies."

PEACE CONFERENCE TO BE CALLED

Paris, Sept. 20.—Definite assurance that there will be no war in the Near East and the calling of a peace conference for the settlement of the Turkist problem were the chief results of the Allied meeting this afternoon. Premier Poincare, Lord Curzon and Count Sforza were the participants in the conference. The eight interested powers including the Angora government will gather around the peace table within three weeks, probably at Rome or Venice, and make a new treaty with Turkey to take the place of the Treaty of Sevres.

The eight nations called together are Great Britain, France, Italy, Japan, Turkey, Greece, Roumania and Jugo-Slavia. Japan's inclusion at the last minute came as a considerable surprise. It was due to Lord Curzon's insistence. The British Foreign Secretary told Premier Poincare that his government frankly feared the close connection which it had reason to believe exists between Moscow and Angora and Japan's presence was desired to offset this Bolshevik influence. It was also explained that Japan was a signatory of the Treaty of Sevres, which is to be abandoned for the new agreement and was therefore entitled to be present for that reason. It is remarked in French circles, however, that the participation of Japan insures votes for British policy in any issue which may arise in the conference. M. Poincare in consenting to the presence of Japan, demanded also the presence of Roumania and Jugo-Slavia.

SIR MONTAGU ALLAN MUST STAND TRIAL

Date Set For September 21 But Believed Adjournment Will be Made

Montreal—The trial of Sir H. Montagu Allan, former president of the Merchants Bank of Canada, was this morning fixed pro forma for September 21, but that is only a temporary date to enable counsel for both sides to consult with the chief judge of sessions as to when the trial shall proceed.

Sir Montague was released on his personal parole, Chief Judge Decarie remarking "some people may well afford to lose even a big amount of money and could not afford to lose their word."

Dutch Farmers May Settle In Canada

An immigration commission agriculturalists from Holland to Canada is likely, according to Baron J. C. Sandburg, who left Ottawa for Toronto, after interviewing Hon. Charles Stewart, Minister of the Interior and other members of the Government. Baron Sandburg was in Ottawa representing the government of Holland, which proposes a scheme of assisted emigration of farmers and agricultural laborers and their families.

Reported Mulcahy And De Valera Met

A report was circulated in Dublin recently that Eamon De Valera had had a conference with General Mulcahy, commander of the Free State Army, according to advices from Dublin to the Evening Standard. General Mulcahy is reported to have told Mr. De Valera that there would be no peace until after the surrender of arms.

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 26th August, 1922.

W. S. FIELDING,
Minister of Finance.

MOTHER SAVES DAUGHTER'S HEALTH

Lydia E. Pinkham's Vegetable Compound Helped Both Mother and Daughter
 Lumsden, Saskatchewan.—"My mother had taken Lydia E. Pinkham's Vegetable Compound and when I needed something for my periods I took it and got good results. I recommend it to women with any female troubles and I know other women who have been helped by it and do the same."—Mrs. Max Rietz, Lumsden, Saskatchewan.
 Many cases like this come to our notice. Lydia E. Pinkham's Vegetable Compound is often recommended by the mother and the grandmother too, for fear in mind, it has been helping women for nearly fifty years.

Women Tell Each Other
 In your own neighborhood are women who know the value of this wonderful medicine and they talk to one another about it. So if you are troubled with pains and irregularities, a tired feeling, nervous and sleepless spells, or have other annoying symptoms caused by some female trouble, you have only to ask some neighbor what she thinks of your taking Lydia E. Pinkham's Vegetable Compound.

EXECUTIONER IS NOT AN OFFICIAL

At the present time, Canada has no official executioner especially recognized as such. Arthur Ellis has been recognized as conducting executions, but not, it is announced, as an employee of the Department of Justice.

This curious situation is brought to light by the delayed execution of Benny Swim, who was to have been hanged at Woodstock, N. B., last Friday.

At the Department of Justice it was stated that the execution of convicted murderers is a provincial and not a federal matter and that the department has never employed an executioner.

Arthur Ellis made a request, some time ago, that he should be appointed official executioner, but the request was refused.

N. B. SEVENTH IN MINERAL PRODUCTS IN THE DOMINION

Ottawa, Sept. 29.—That the recovery in the mining industry which made its appearance in the early months of the year has gained momentum is evidenced by statistics covering production during the first six months of 1922, says the Dominion Bureau of Statistics. Available data collected from various sections of the industry show a gradual increase from the decline of 1921.

Partially offsetting this was a decline in the output of coal and decreases in the production of copper and nickel. The iron and steel industry, although much below the 1921 record for the first quarter, had commenced to show improvement towards the end of the period. The coal strike and the tie-up of the railroads in the United States have proved unfavorable factors in the Canadian production of iron and steel. But for the stoppage in coal mining in British Columbia and Alberta and greatly decreased shipments from Nova Scotia, the total value of the mineral production would have been considerably increased.

The total estimated value of the mineral production during the first six months of 1922 was \$57,682,544 in which \$26,475,544 represented the value of the metal production and \$31,207,000 the non-metals. As compared with the same period in 1921 the value of the metals is seen to have increased about two million dollars or 9.1 per cent.

On the sea of matrimony many a man is satisfied to miss the boat.

Railway News

New Westminster.—According to Mr. Grant Hall, vice-president of the C. P. R., Messrs. C. Murphy, general manager of western lines; George Allen, K.C., of South Winnipeg; F. W. Peters, general superintendent for B. C., and Mr. Ed. Goulet, local agent, who met Mayor J. J. Johnston, Mr. W. G. McQuarrie, P. P., and members of the council and board of trade, recently, in the mayor's office, the C. P. R. will adhere to its promise made some years ago to establish a union depot, joint trackage and wharf facilities in the Royal City, with the Canadian National Railway, formerly the Canadian Northern Railway Company.

Winnipeg.—"We hope to have the missing link in the Estevan-Lethbridge line closed up in plenty of time to haul wheat out of that section this fall by the new route," said D. C. Coleman, vice-president of the C. P. R. western lines, recently.

A local passenger service, he added, would be installed there for the present. There are thirty-seven miles over which no service is being given in the broken link. Eighteen miles of this distance have rails laid. Nineteen miles must be constructed to link up the long-protected new line through Southern Alberta to Lethbridge connecting with the Crow's Nest Pass line. Mr. Coleman said conditions through the West were looking better, according to his reports.

Hamilton.—Announcement was made recently by Jas. Lahey, manager of the local office of the C.P.R. Telegraph Co., that in future, the head office here will remain open all night for the transmission and receiving of messages. Telegraph offices are considered the business and industrial barometers of any community, so that it is significant that an all-night service has been found necessary.

"It has been evident to us for some time that business conditions were rapidly returning to normal," said Mr. Lahey. "There has been a noticeable increase in the volume of business in our office."

A "Careful Crossing" campaign is now going on in the United States. The public are advised to stop, look and listen at railroad crossings. An article by J. W. Ludden in St. Paul Pioneer Press says:

"Virtually all accidents at grade crossings could be averted if the public using the highways would exercise reasonable care, the engineers contend.

"The railroads are doing all they can to prevent these accidents. They believe that co-operation of the public is necessary.

"Automobiles were involved in 76 per cent of the 1920 crossing accidents; 1,791 persons were killed, 6,077 were injured, of whom 116 died subsequently."

While deaths from railway crossing accidents in Canada are not so numerous as in the United States there have been too many. Some auto drivers thinking they can beat a train to a crossing beat it to eternity.

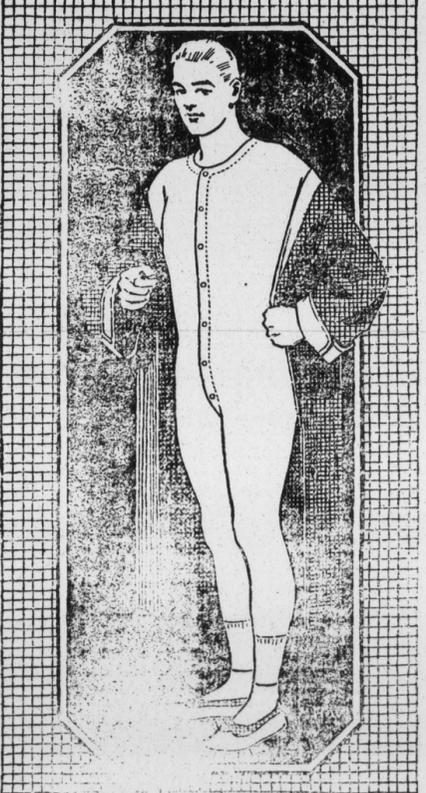

Montreal.—Not only does the Canadian Pacific Railway recognize acts of bravery by its own employees, but it acknowledges them when performed by those outside its service. This was shown when the Canadian Pacific recently applied to the Canadian Royal Humane Society for recognition for Samuel J. Dixon, of Pendleton, Ontario, for his gallantry in saving Miss Amelia Boudreau, of St. Pauscal, Ontario, from serious injury or probable death.

At the suggestion of Mr. A. D. MacTier, vice-president, C.P.R., several affidavits from witnesses of the incident and others bearing on the courage and presence of mind displayed by Mr. Dixon were supplied to the Royal Humane Society, and as a result the society has decided to grant a medal for bravery to him.

The incident happened at 6.30 p.m. on February 11th last, when Miss Boudreau, who was late for the train, ran after it as it was leaving Pendleton station, and in attempting to board it fell between the end of the platform and the train wheels.

Affidavits of several witnesses pay a tribute to the pluck displayed by Mr. Dixon. They show that as he was walking on the platform he noticed the young lady clinging to the bars of a coach. Just as he reached her she released her hold and fell, her head striking the oil waste box of the car truck. This swung her around with her feet on the rail. Part of the train hit her, throwing her head and shoulders across the rail. At this instant Mr. Dixon grabbed her and pulled her clear of the moving train wheels. While holding her until the train passed out, Mr. Dixon himself was hit on the head by a coach step. The injured woman was taken to the C.P.R. agent's residence and attended by the local doctor. She recovered soon afterwards, and admitted that there was no one to blame for the occurrence but herself.

RECALL PETITION FILED
The Mayor of St. John recall petition was filed last Saturday morning with 1500 names thereon. The number required by law is 1147. The Common Clerk is now engaged checking the names and if found correct will so report to the council, and that body will order the election, which cannot be held within 30 days, but must be held within 40 days.

AUCTIONS
Entrons of auctions were kept busy last week attending the auctions of the Miramichi Manufacturing Co., Ltd. and the John Morrissy Furniture Co., Ltd. Each auction was well patronized and ready buyers were found for the articles placed on sale. Good prices in some instances were procured, while many articles were sold at bargain prices. Considering everything both were successful and looked upon as average auctions. The plant of the Miramichi Manufacturing Co., Ltd., was not disposed of.

DEMAND FOR LATHS ACTIVE
The demand for laths continues very active. There is a strong objection by the fire prevention boards of many cities in the United States to the use of steel lathing on account of the difficulty of breaking through in case of fire, which, no doubt is responsible for the growing demand for the product of our mills.

WEDDINGS

BEAZLEY—MULLIN
The marriage of Miss Hildred Mullin, eldest daughter of Mr. and Mrs. Amos Mullin, Trout Brook, and Robert Beazley, son of Mr. and Mrs. James Beazley, of Weyerton, took place Wednesday morning, Sept 20th.

UNDERHILL—WALLS
The marriage of Miss Ruby Kathleen Walls, daughter of Mr. and Mrs. Benjamin Walls of Blackville, N. B. to Mr. Herbert British Underhill, son of Mr. and Mrs. B. N. Underhill of Blackville, N. B. was solemnized in St. Andrew's Church, Newcastle, N. B. on Friday Sept. 15th. The Rev. W. J. Bate, rector of St. Andrew's Church performed the ceremony.

BEAL—RUSSELL
A wedding of much interest in Portland, Maine, was that of Miss Clara M. Russell and Forrest C. Beal which was solemnized recently at the People's M. E. Parsonage on Broadway. Rev. Frederick Otsen performed the ceremony.

Mr. Beal is the son of Mr. and Mrs. N. I. Beal of Millbridge, and a graduate of the University of Maine. The bride is a daughter of Mr. and Mrs. Allan Russell of Newcastle, N. B. She trained at Dr. Files Hospital and has been assistant supt. there for some time.

Mr. and Mrs. Beal left by automobile for Mountaintop N. H. where they will spend their honeymoon, after which they will go to Millbridge for a few months. They expect to make their home permanently in Portland, Maine.

ALLEN—ULLOCK
Wednesday afternoon at 3 o'clock Rev. C. J. Markham, of St. Paul's Church, Chatham Head, united in marriage Miss Rita M. Ullock, daughter of Mr. and Mrs. James A. Ullock, and Harry H. Allen, son of Mr. and Mrs. A. C. Allen, of Newcastle. The bride entered the church to the strains of Lohengrin's wedding march, rendered by Mrs. Chas. Sargeant. The bride, who was given in marriage by her father, and was unattended looked coquettish in a suit of taupe velour, beaver chocker taupe panne velvet hat with ostrich trimmings and carried a bouquet of pink carnations. Appropriate music was sung by the choir during the ceremony.

Both the bride and groom are very popular. The bride was the recipient of many useful gifts in silver, cut glass, etc., including a Pyrex pie plate from St. Paul's choir of which she was a member. A reception was held at the home of the bride after the ceremony, the reception room being tastefully decorated with autumn leaves and cut flowers, in pink and white. Following the reception the happy couple left by car on their honeymoon, which is being spent in the Miramichi woods. On their return they will reside in Newcastle.

Among out-of-town guests at the wedding were Mrs. A. P. Metcalf and Mr. Tom Allen, of Moncton, and Mrs. Thomas White of Boston.

RALLY DAY
Rally Day in St. James' Presbyterian Church on Sunday was fittingly observed. The exercises were delightfully carried out and a large number of the scholars and their parents were in attendance. The classes for the year were graded and everything is now in shape for the carrying out of this year's work.

"TEN NIGHTS" IN CHURCH
When it was announced in Rhode Island that "Ten Nights" was to be shown at a local theatre, those in charge of exploitation received a letter from a man who signed himself H. E. Moore, Sterling, Conn., who said, having read of the picture coming into New England, he announced it at the morning service of his church and recommended his congregation to be sure and see it. No doubt the congregation took the preacher at his word and helped to swell the record attendances which crowded the theatre all the two weeks' remarkable showing.

EPIDEMIC OF TYPHOID FEVER

An epidemic of typhoid fever has broken out at Kouchibouguac Beach, Kent County, and eight patients are in a temporary hospital under the care of four nurses who are being continually kept busy. Others are falling ill almost daily.

The temporary hospital, which is in charge of Miss Meiklejohn, of the department of public health, Fredericton, is built of boards and tarpaper. It contains ten beds. The nurses have a large tent as their living quarters.

It is suggested that food, clothing material, toys and books be sent to the nurses from outside points.

THE WAY TO BE WELL

Good Health Maintained Through Rich Red Blood

There are many men and women who, every few weeks, have spells of weakness, during which time they are little better than invalids; yet at other times they feel very well. Why does their health fluctuate so?

In the case of men worry and overstrained nerves are usually responsible for this state of unfitness and inability to face the anxieties of daily life.

As for women, her back aches, she is dizzy with sick headaches, and often has stabbing pains in the side.

The only real health is all-the-year-round health; and the secret of it is good, red blood and plenty of it. One way to keep the blood in good condition is to take Dr. Williams' Pink Pills. There is scarcely a nook or corner in Canada where someone will not be found who will tell you the benefit they have had through the use of these pills. And the reason is that through the improved condition of the blood they strengthen and tone up the nerves of worried, enfeebled men and women, and at the same time have given new vigor to pale, delicate girls and thin, weakly boys. The value of these pills in all run down conditions is shown by the statement of Mrs. Lawrence Brown, Walton, N. S., who says:—

"When I began taking Dr. Williams' Pink Pills I was in a weak, bloodless and nervous, condition suffering from all the depressing symptoms that accompany this run down state of health. I had taken much medicine but it did not do me any good, and as I had a family of small children, I was much discouraged. Then reading about Dr. Williams' Pink Pills I decided to try them, and I can honestly say that I feel these pills have saved me from prolonged misery. My health is now good, and we now keep the pills in the house for use as a family medicine."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

A CLOSE CALL
Mrs. John S. Johnson, of Chatham Head, had a close call on Saturday evening while on her way to town. While walking on the approach to the Morrissy Bridge on the Chatham Head side of the bridge, the report of a rifle or revolver from the direction of the Maloney road caused her to turn her head while in the act of adjusting her hat, this action probably saving her life as the bullet just grazed her finger severing some trimmings from the hat. A second bullet followed at higher angle. A number of people coming from Newcastle at the time were near enough to be alarmed at the shots.
