## SOCIETIES ACTIVE AT PARADISE

Men's Bible Class Entertain Philatheas at Parsonage.—Sec. Women's Institute for N. S. will visit.—Acadia Forward Movement.—B. Y. P. U. Social.

Paradise.—Following a heavy cold and an attack of appendicitis, which resulted in the appendix bursting during a severe coughing spell, Mr. Harding Layte was rushed to the Middleton Hospital, Thursday evening, Oct. 27th, and at time of writing is still dangerously ill. Mr. and Mrs. Layte have many friends who though shocked at the suddenness of Mr. Layte's severe illness are uniting in a strong hope for his recovery.

Rev. Osgood Morse, St. John, Editor of the Maritime Baptist, visited this community, Oct. 26th in the interests of this well known denominational paper. Mr. Morse preached at Clarence and West Paradise during the day but because of an engagement at Middleton it was impossible for him to address the Paradise congregation on Sunday evening.

Miss Alice Longley accompanied by her sister-in-law Mrs. Albert E. Longley of Washington, left for Boston, Oct. 28th. Miss Longley is a graduate of Acadia Ladies Seminary in Household Science and will continue her studies, taking the Dietitian's course at the Newton Hospital.

Mr. and Mrs. Lewis G. Martin, Rutherford, N. J., are guests at the home of Mr. and Mrs. Aubrey Freeman.

Mr. Ernest Shaw has had excellent results this year from his small apary and has been offering for sale a very excellent grade of honey.

Mr. and Mrs. Aubrey Bohner and family are now nicely settled in their home, which was vacated through the summer months during the making, by local carpenters, of extensive repairs and alterations. The Bohner home is now one of the most attractive residences of this community.

Miss Helen McDougall, Supt for Nova Scotia of the Women's Institutes, will be in Paradise, Oct. 30th, and will address the meeting of that date at the home of Mrs. F. W. Bishop. A very cordial invitation to be present is extended to every lady of the community.

The Men's Bible Class entertained the Philatheas Class at the parsonage on the evening of Oct. 18th. A musical programme was given by Mr. H. W. Longley, Mr. E. G. Morse, Mrs. Norman Longley, Mrs. Ralph Williams and Miss Marjorie Morse. Short talks relative to Sunday School work were given by Mrs. W. H. Robinson, teacher of the Ladies Class. By Mr. J. S. Longley, S. S. Supt. and by the pastor, teacher of the Men's Class, Rev. W. H. Robinson gave a reading from the Psalms. During the refreshment hour Edison music was furnished by Mr. Henry Sandford. Several similar adult class societies are being planned for the coming winter.

Mrs. Vernon C. Morse with her daughters, the Misses Marjorie and Marion Morse spent the week-end in Clarence at Mrs. Morse's former home.

Miss Elsie Whynot visited at her home in Albany for the week-end. A cordial welcome is extended by this community and church to Mr. and Mrs. Thomas Miner and family of Westmoreland Co., N. B. Mr. and Mrs. Miner have purchased the property owned by Mr. and Mrs. Ralph Berry, West Paradise. During the summer they were guests here at the home of Mr. and Mrs. Norman Longley, when their interest in Valley farming and orcharding terminated in their locating in this vicinity.

Acadia students now located in Paradise and West Paradise met on Saturday evening at the home of Mr.

and Mrs. J. S. Longley (convenor of the local Acadia committee) and spent an evening of pleasure and profit while developing a plan to help the committee and community raise, on behalf of Acadia College, the Paradise and West Paradise, allocation of \$225.00.

A B. Y. P. U. social will be held on Thursday evening at the home of the president, Mr. Robert Longley. A delightful social evening awaits all the members and guests who may attend. An entertainment furnished by local talent including an original play entitled "The Lure of Acadia," written by Mrs. Ritchie Elliott will be given in the Paradise church vestry early in November. The above entertainment will be put on by the local Acadia Drive Committee. Please see posters for date and further particulars.

Mr. and Mrs. Floyd Banks of Morristown, spent the week-end with Mr. and Mrs. G. N. Banks.

Mr. and Mrs. DeLacy Foster of Middleton, were recent guests at the home of Mr. Wallace Rumsey, "Bellevue Farm."

CENTRAL CLARENCE.  
Mr. and Mrs. W. L. Messenger, Mr. and Mrs. Grant Messenger and Mrs. C. H. Jackson spent Saturday last with Mrs. E. H. Marshall of Falkland Ridge.

V. B. Messenger motored to Liverpool on Saturday, accompanied by Mrs. Chester Bartheaux and Mrs. Ralph Williams, expecting to return on Tuesday.

Mr. and Mrs. Sable McNinch and Guy McNinch were guests on Sunday at C. H. Jackson's.

Mr. James White has returned from Wilmot and is now working on Roy Whitman's house at Paradise.

Mrs. M. Kelly won the radio set third prize in the contest.

Mr. and Mrs. Harry Vets went to Kentville on Saturday last to remain for an indefinite time.

Mrs. John Taylor of Arlington, who was operated on at Memorial Hospital, Middleton, is now at the home of V. B. Leonard until she is able to return to her own home.

Rev. R. Osgood Morse occupied our pulpit on Sunday, Oct. 26th.

Mrs. Harrison spent the week-end in Wolfville with her son Arthur, who is attending Acadia this year.

A Halloween Social will be held at the Ventry on Friday evening next. A programme will be given and refreshments served.

## NURSING CLASS IS PROJECTED

Women's Institute Has Matter in Hand.—Address by Miss Brownie, Director of Home Nursing Under Provincial Red Cross.  
The executive of the Women's Institute had a meeting Friday afternoon addressed by Miss E. O. R. Browne, Director of Home Nursing under the Provincial Red Cross. Miss Brownie in a very pleasant way explained the purpose of the meeting, which was to form a class for instruction in Home Nursing, the course to consist of 12 lectures, three by local doctors and 9 by trained nurses, the last lecture to be a review of the whole course.

## MISS. PIGGOTT WON 2nd PRIZE

In addition to the apple shipments a large amount of general cargo is also being shipped.—(Chronicle.)

## EXTRA RAILS PUT IN TO IMPROVE D. A. R. CROSSING.

The D. A. R. Railway crossing by the station has been much improved by the placing of extra rails. This matter was taken up some time ago by Councilor Harry McKenzie in communication with the company and in this regard met with the approval of the Bridgetown Town Council. In all some seventy-three or more rails have been laid between the various tracks, and the net effect is to lessen to a minimum the jar caused to vehicles in crossing.

The ordinary railway crossing is a very small affair but so close are the rails that their length is laid out in a straight line would be nearly half a mile. Crossings at Kentville and Waterville have been put in on the same plan as now adopted at Bridgetown and are reported as being very satisfactory.

## MARSHALL SAUNDERS DISTINGUISHED AUTHOR PRESENTS COPY OF LATEST WORK TO BRIDGETOWN PUBLIC LIBRARY.

The Bridgetown Public Library has just received a copy of "Gold-Coast Jimmy" Marshall Saunders' latest book, a gift given by the author with this inscription: "I hope that the readers of the Bridgetown Library may like this book by their fellow-country woman, Marshall Saunders." This generous writer, a Nova Scotian, is one of the most widely-read Canadian authors the world over. Her books have been translated into nearly every known language, including Chinese and Czechoslovakian. One book alone has sold over a million copies.

## Baron Westerholt

From Holland, stowed away on the U. S. Battleship Texas. After fourteen days he was discovered and a court-martial was held. It was then revealed that he had lived on chocolates during the time of his concealment.

## FOXES STOLEN FROM FEINDELL RANCH.

Parties whose present identity is unknown broke the padlock off the gate at Rodger Feindel's fox ranch at Beaconfield Thursday night and stole three silver black-cases. They apparently made a get away with two but one believed to be the third missing animal was seen this morning in the bush near by but was not caught at time of writing, some months ago twelve foxes were stolen from Armour's ranch at Middleton.

## HOME NURSING CLASS ORGANIZED

Committee of Management Appointed.—Work Under Auspices of Red Cross Society.—Social and Personal Notes.

Annapolis Royal.—An interesting special meeting was held by Fort Anne Chapter, I. O. D. E., at the Assembly Room on Wednesday afternoon, when Miss Elizabeth Browne, of the Provincial Red Cross, addressed the members on the subject of Home Nursing Classes. After an explanation of this important work and its methods, it was decided to organize a class, and a committee was appointed comprising Mrs. C. C. King (Convenor), Mrs. F. W. Harris and Mrs. E. W. Robinson. This work was first brought to the attention of the I. O. D. E. in February, when Dr. S. T. Walker, Red Cross Commissioner for Scotia, in a lecture in the Town Hall, strongly urged the local chapter to take up some branch of Welfare work.

He subsequently explained the work of the nursing classes by letters, and in June, the ladies met Miss Browne and Miss Davidson of the Canadian Red Cross, and the matter being thoroughly discussed, it was then decided to have Miss Browne address a meeting in October. These classes which are being formed throughout Canada under the auspices of the Canadian Red Cross are carried on for the improvement of health, the prevention of disease and the mitigation of suffering throughout the world. The course includes twelve important subjects—three of which are lectured on by a physician—and the others taught by a local graduate nurse. The manual used in connection with the lessons, contains the most recent and reliable information on nursing and hygiene. The following is the outline of the course: I. The Bedroom in Health and Sickness. II. The Signs of Sickness. III. The Care of the Patient. IV. Feeding the Sick. V. Treatments. VI. Communicable Diseases. VII. Emergencies and Slight Ailments. VIII. Health in the Home. IX. Maternity Nursing. X. Care of Infants. XI. Feeding of Infants and Children. XII. Review.

Mr. and Mrs. Gordon Winter of St. John's, Nfld., were in town on Tuesday. Mrs. Winter is well remembered here, where she spent her girlhood as Miss "Gilly" Arnaud.

Mrs. E. Potter spent the week-end with Miss Minnie Wiswell at Wilmot, having motored up with Mr. and Mrs. George Robertson, who also took Miss Florence Rutherford as far as Kings-ton, while on their way to Aylesford.

Mr. and Mrs. W. R. Perkins have closed the Hillsdale House for the winter, after a very successful season, and will later take a trip to Florida.

Mr. F. C. Gilliat has returned from Wolfville, where he spent the summer and has resumed his work at the local Entomological Laboratory.

The Misses Pickup of Granville Ferry entertained at Bridge on Tuesday evening, in honor of their guests, Dr. and Mrs. Crowe of Truro. A number from town were present and two of the prizes were won by Mr. and Mrs. T. R. Hanington.

Miss Annie Lynch has returned from Aylesford, where she had been the guest of Mr. and Mrs. S. Hicks.

Mr. L. M. Fortier has been the guest of his daughter, Mrs. C. W. Jefferson, at Bear River.

Mrs. A. E. Atlee is spending a short time in Wellesey, Mass., the guest of her daughter, Mrs. Robert Sproule.

Miss Ethel McCormick, who has spent the past three weeks in Halifax, returned home on Monday.

Miss Lillian Johnson, a former resident of Annapolis Royal, who has spent the summer with relatives in Greenville, left on Monday for New Windsor, Maryland, where she will be the guest of her sister, Mrs. Baile.

Mrs. Charles Whitman of Round Hill, has charge of the Western Union Telegraph office, during the absence of Miss Marjorie Merriam in St. John.

Miss Kathleen DeVaney spent the week-end with her friend Miss Louise Chipman at Tupperville.

Mrs. James Kerr of Middleton, with her daughters the Misses Louise and Harriet, motored to town on Monday and spent the day with friends.

Mrs. H. Marshall of Bear River, has been the guest of her niece, Mrs. L. B. Braine.

Miss Agatha Stewart, of Digby, has been spending a few days with her aunt, Mrs. George E. Corbett.

## OBITUARY.

Mrs. J. Abner Phinney.

At her home at Melvern Square, on October 16th, Anna Martha, beloved wife of J. Abner Phinney passed away after weary months of suffering aged fifty-three years.

Stricken some months ago with an incurable disease, she bore her sufferings with great patience and fortitude, her brave optimistic nature bearing her up to the end.

An exemplary wife and mother, she will be sadly missed in her home, but her quiet christian influence will be felt for years to come.

Very early in life she united with the Melvern Methodist church, and for many years served faithfully in that church as organist, Sabbath School teacher, and church worker—one of the faithful few, always willing to do her part to aid in her Master's cause.

She leaves to mourn, her husband, a husband, two sons and a little daughter, eight years of age, also two nieces and a nephew, in Florida.

The funeral service was conducted at her home by her former pastor, Rev. Mr. Hockin, assisted by the present pastor, Rev. Mr. Distant, and was largely attended by sorrowing neighbors and friends.

Appropriate music was furnished by the Melvern choir, the old familiar hymns being used, and interment was made at the Melvern Square Presbyterian cemetery.

She has been called from pain, and hurt, and strife, from all the ills which fall to flesh and clay.

She has been raised unto an ampler life.

Nor should we mourn who still may stay.

The floral tributes were beautiful and appropriate. Pillow of roses and carnations, from husband and children; Spray of carnations, Mother, Sadie, and Harry; Spray, Methodist church and Sabbath School; Spray, Scout Master and Scouts, Troop No. 1 Melvern Square.

Other beautiful floral pieces were from Obed and Dellie, Forrest and Lillian, Will, Nan and Mina, Mr. and Mrs. I. C. Banks, Mr. and Mrs. A. B. Morris, Mr. and Mrs. Archibald, Mr. and Mrs. Avery Patterson, Laura and Verna Warner.

## OLDER BOYS' CONFERENCE.

Will be held Friday, Saturday and Sunday of This Week.

At the Boys' Work Board Monday afternoon the different committees reported progress regarding the Older Boys Conference to be held Friday, Saturday and Sunday of this week.

While the Baptist Church is the place of meeting, the United Church having been used the last time, it should be borne in mind that this Conference embraces all the churches and any boy in his fifteenth year or up is privileged to attend. Any who would like the privilege of attending the sessions, including the Banquet Saturday evening, should register at once with Principal Archibald who is the Conference Secretary. There will be three sessions on Sunday, Tuesday and Wednesday. The evening meeting which will be held at the close of the evening services in town will be conducted by the Boys themselves. Any friends willing to entertain one or two boys please communicate with your Pastor.

## McAULIFFE-TAYLOR PLAYERS.

The McAuliffe-Taylor Company played here in the Primrose Theatre on Wednesday and Thursday evenings last week, presenting on Wednesday "Over the Hills to the Poor House" and on Thursday, "The Minister's Sweetheart." Both plays were well put on and the acting in general was above that of most companies coming here during the past two years. There was inimitable in comedy and song Taylor gave a splendid impersonation and the various members of the cast made a good impression with the audience. A number of amusing specialties were put on between the acts.

Mr. C. F. Bond of the National Cash Register Company gave a most interesting talk on Monday evening to the Merchants Club at a special meeting held in the Board of Trade Rooms. His subject was "Retail Salesmanship" and he illustrated his remarks with charts and diagrams in a very effective manner.

## NOTES AND NEWS OF LAWRENCETOWN

Personal and Social Items of Interest From Our Sister Town.—Property Transfers.

Lawrencetown.—Mrs. Chase, of Port Williams, was a recent visitor at the home of her mother, Mrs. Joseph Bancroft, Main Street.

Rev. J. H. Freestone of Bridgetown, gave missionary addresses at Inglisville and Lawrencetown Methodist churches last week.

## OBSEQUES OF MRS. J. E. LLOYD.

Funeral Services in Baptist Church Largely Attended.—Pastor Spoke Feelingly and Choir Rendered Favorite Hymns of Deceased.

The funeral of Mrs. J. E. Lloyd took place on Wednesday afternoon last and was very largely attended.

A short service with the family was held at the house and a service very generally attended by residents of the town was held in the Baptist church conducted by Rev. P. R. Hayden, assisted by Rev. J. H. Freestone and Rev. Dr. Jost.

Mr. Hayden spoke feelingly from the text "Jesus Wept" and in the course of his address made mention of the many good qualities of the late Mrs. Lloyd, qualities which endeared her to a very wide circle of friends.

The choir of the Baptist church assisted by Rev. J. H. Freestone rendered feelingly favorite hymns of the deceased, "Abide With Me," "Lead Kindly Light," "Peace Perfect Peace" and at the close of the service "Good Night."

Interment took place in Riverside Cemetery and there was laid to rest on the Resurrection Day one of the finest and most highly esteemed ladies who have ever resided in Bridgetown.

## CARD OF THANKS.

We wish to take this opportunity of thanking our dear friends and relatives for the kindness shown us during the recent bereavement of our beloved wife and daughter, also for the many beautiful floral tributes. All have our heartfelt thanks.  
KENNETH L. WHITMAN,  
MRS. JOHN E. BANKS.

## DAINGEROUS TENDENCES

The results of the first trial in the Bevis murder case in Halifax calls attention to a tendency which is sapling at the foundations of justice and fair retribution for crimes committed. It is the question of the disagreement of juries when evidence produced appears very sufficiently conclusive. Jury disagreements, legal technicalities etc. have rendered the United States of America the safest civilized country in the world for a criminal to operate. The rapid increase of crime must be very largely laid to such causes. We are accustomed to look upon some countries in Europe as the most dangerous of civilized lands in which to live. Statistics, however, prove that our preconceived ideas are utterly wrong. We have in our Great Neighbor to the South more law and less observance than is to be found in the countries of the old world.

This state of affairs has not yet been nearly approximated in Canada, but reflex influence is not without its effect. It is amply demonstrated that the safety of democracy does not lie in a multiplication of laws. The situation becomes more complicated and complex as time goes on. Regulations of various kinds are so numerous that they cannot be kept track of and many are so futile and ridiculous that they tend to bring the whole structure into disrepute.

"We need less law and more justice. In Britain the question of petty technicality is brushed aside, and the wrong doer is certain of swift and adequate punishment. The mawkish sentiment which has grown up in America is there practically non-existent and the fact may be accounted for partly, at least, because there is no multiplication of ridiculous legislation, but rather a sincere desire for justice in preference to technical evasions which have for their object the release of criminals. Too often in this country portions of juries are swayed by mawkish sentiment and consider the interests of the confessed criminal or non-confessed as the case may be, rather than the interests of society as a whole. There can be only one end to this procedure and that end is a menace to democracy."

## NOVA SCOTIA'S GOOD SHOWING IN APPLE GROWING

We are accustomed, and rightly so, to regard Nova Scotia as one of the greatest apple growing countries of the world and even this year, when the crop in the Valley is considered rather light this Province leads all others of the Dominion by a wide margin and its production is exceeded by only five states in the American Union and is led to any material extent by only two, New York and Washington. This is distinctly a splendid showing for Nova Scotia especially when we consider the fact that nearly all of this large amount is raised in a restricted part of three counties, Annapolis, Hants and Kings the Valley area. Even here there is yet much land not brought in that would be very satisfactory for the raising of fruit.

Results go to show that there is no great danger of over production, though many appear to think so. It is amply demonstrated that first class fruit well handled and honestly packed will always bring good

returns to the grower. The situation as a whole is distinctly encouraging and with factories such as those projected to take full care of inferior fruit at reasonable prices the future looks full of promise.

The results, over a period of years, are largely what growers, handling and packing organizations make them. Regarding production all over American estimates below are interesting for 1924.

The figures are given out by the Dominion Fruit Branch at Ottawa.	
Nova Scotia	1,274,742
Ontario	913,080
New Brunswick	86,615

## BEAUTY, THE CIVILIZER.

Boston Globe: Beauty is the universal heritage. If we deprive great masses of people of this their divine birthright we find that in so doing we deprive ourselves, and that the whole range of existence grows poor and mean. Suppose we filled our lives with the simple sights and sounds of natural beauty, with good books, good music and high standards of dealing with our fellow men; how long would we then tolerate ugly suburbs, slums, vulgar amusements and coarse manners?

## THE ANGLO-RUSSIAN TREATY

Singapore Free Press: The matter of the loan remains absolutely in the hands of Parliament and not in the hands of Government, and the Premier has been most emphatic in his assurances that the House will have every opportunity of turning down the Government's propositions if it wishes to do so. In fact, Mr. MacDonald has displayed a political ingenuity which his opponents probably never imagined that he possessed, for he has very neatly gained for his party any international or Russian kudos there may be available and has left the Opposition to do the dirty work.

## NO COMPLAINTS.

Detroit Free Press: (Since the return of Hertzog to power in South Africa, there has been no further talk of secession). The Boers are a hard-headed folk, and while some of them may at times become impatient under British domination, they understand that the easy, tolerant hand of Britain in their affairs is much to be preferred to the thing that would happen if that hand and the protection which goes with it, were to be withdrawn.

## AN UNHOLY ALLIANCE.

London Times: It is clear that the Hindu-Muslim Alliance which was formed by Mr. Gandhi is at an end. Formed by an apostle of non-violence and universal brotherhood on a basis of hatred of the British

Administration in India, reinforced in the case of its Moslem adherents by the belief inspired by lying agitators that the British Government was about to destroy the Turkish Caliphate of Islam, it died when the "God fearing Turks" of Mr. Gandhi's disciples, left to themselves repudiated the Turkish Caliphate and expelled the Caliph with every circumstance of insult and contumely.

## BUYING OFF FOES.

London Morning Post: The connection between Germany and the Egyptian Nationalist movement has long been known; it is not merely a coincidence that the most hostile of all the Egyptian intelligentsia have their headquarters in Berlin. The Bolsheviks also have their finger in the pie; it is not long since a Communist conspiracy was disclosed in Lower Egypt, and the Zaghloul Government was markedly reluctant to take action against the plotters. We shall not be lending money to the enemy when we buy off their hostility, any more than we have bought off the hostility of Zaghloul and his followers by granting independence to Egypt.

## ARBITRATION AND SECURITY.

Manchester Guardian: There is enormous scope for the development of arbitration between States. If we cannot agree to submit all justifiable disputes automatically to the League Court, how can we be expected, as the Draft-Treaty suggests, to submit far more delicate questions, involving responsibility for war, to the Council of the League as at present constituted? Until the great nations of the world have shown that they are ready to rely implicitly upon the machinery for peace which the League has already established there is very little chance of their relying upon its machinery for war, which it has not established and which it would not, at least at present, be particularly well fitted to control.

## GERMANY "SHAMS DEAD."

National Review: National clauses were inserted in the Treaty of Versailles making a pretext of holding the aggressor responsible, her American and other friends saw to it that the burdens devolved on the Allies, and British politicians have labored ceaselessly, as though it was a labor of love, to drill holes in any provisions calculated to financially hamper Germany, who seconded the efforts of her powerful friends on both sides of the Atlantic by "shaming dead," by threatening to "turn Bolshevik," and depreciating her currency in order to defraud creditors. It is a tedious and painful story—this conversion of German defeat into victory and of Allied victory into defeat, culminating last month in the London Conference dominated by International Socialists and International Financiers who jointly drafted the London Agreement, adopting the so-called Dawes Report.

## KENTVILLE BAND ENDS BEST YEAR.

After Buying New Instruments, and Paying All Expenses, Starts New Year With Surplus.

Kentville.—The most successful year's work of the Kentville Citizens' Band since its organization five years ago, came to a close with the holding of the annual meeting in the band's club rooms last week. In the unavoidable absence of the President, W. B. Moore, Vice-President Reginald Redden, Sr., presided.

That the band's financial affairs were in good condition was shown by the excellent report, presented by the Secretary-Treasurer, Harry Bishop. During the past year a number of new instruments have been brought in, all have been paid for, and there is a surplus of cash to start the new year with. Mr. Bishop's report also showed all the money collected and paid out since the band was organized.

The election of officers for the coming year resulted as follows:

President, Dr. W. B. Moore; Vice-President, Hugh Sloan; Secretary-Treasurer, Harry Bishop; Band Leader, Roy R. Walsh; Treasurer for Band Instrument Fund, Miss Cora M. Walsh; Managing Committee—Harry Wyman, Norris Margeson, H. D. Thompson, Horace Bishop and F. E. Wade; Band Trustees—George C. McDougall, R. Y. Eaton, N. Margeson, F. E. Wade, Clarence Haystead.

## SEES BUSINESS REVIVAL COMING IN DOMINION

View of Prominent Banker.

R. A. Rumsey, of Canadian Bank of Commerce, Optimistic Over Canadian Outlook.

"It is my opinion that we are about to see a moderate revival which will go a long way towards improving the spirit of industry," said R. A. Rumsey, General Supervisor of the Canadian Bank of Commerce, attached to the head office, Toronto, when interviewed in Halifax Wednesday. "In practically all the provinces the output of natural products has been good and prices satisfactory."

## FRUIT TREATMENT HEALS KIDNEYS

Concentrated Fruit Juices Give Astonishing Results

Anyone who has suffered with Weak or Irritated Kidneys—with the accompanying miseries of pain in the back, splitting headaches, swollen hands and feet, rheumatism and constipation—ought to try the Fruit Treatment for their trouble.

To those who use intensified fruit juices—"Fruit-a-tives"—for the first time, it seems almost impossible that the juices of apples, oranges, figs and prunes combined with tonics, could relieve Kidney Trouble. But a short treatment of "Fruit-a-tives" gives quick relief and the regular use of these intensified fruit juices or "Fruit Liver Tablets" prove their marvellous virtues. Get "Fruit-a-tives" today and begin the Fruit Treatment. At all dealers 25c and 50c. Sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

Mr. Rumsey added. "In matters of trade the conditions of the Southern portion of the Maritimes compare favorably with those of the Eastern Canadian provinces."

While he had not, as yet, visited Cape Breton, Mr. Rumsey said that he was given to understand that times were rather slow in this district, which practically depends on the mining and steel industries. Manufacturers throughout Canada were not working their plants to full capacity at present, but in view of the trade revival that is predicted, prospects were brighter.

He pointed out as an indication of the commencing of the revival, that business is showing a slight increase already, this being apparent in the reports of bank clearings from the various sections of the Dominion. "What has impressed me during my trip through the southern portion of Nova Scotia," he said, "is the splendid automobile highway from Yarmouth to Halifax and the evidence of great productivity and fertility of the soil along the road throughout the Valley section. That road should do much to open the eyes of outsiders, especially Americans—to the real potential assets of this country."—Herald.

## MARITIME TROUBLES.

(Toronto Globe).

It is evident from some of the newspapers published in the Maritime provinces that much serious consideration is being given to industrial conditions there. Some days ago The Globe carried from a declaration by Hon. F. B. McCurdy, who held a portfolio in Mr. Meighen's Cabinet, in which he indulged in plain talk to the effect that the National Policy really built up a tariff wall between the Central Provinces, Ontario and Quebec, and the Maritimes. Mr. McCurdy stated that the people down by the sea were forced by the manufactured products of Ontario and Quebec, and at the same time were unable to sell their goods in return.

The voice of Mr. McCurdy was not as one crying in the wilderness, nor is his opinion an isolated one. Because Maritime Province politics are, as a rule, so replete with what we look upon as extreme partisanship, there was the danger that Mr. McCurdy's utterances might be mistaken for the wallings of a disappointed politician. However, there is no evidence that Mr. McCurdy was thinking primarily of politics. One can understand his complaint that Quebec and Ontario manufacturers exported and imported through Portland, Maine, instead of through Halifax or St. John.

As a matter of fact the Maritime Provinces seem to be thinking of stocktaking with the idea of finding out the best methods of dealing with their resources. The Sydney Post, for instance, is really trying to gain public support for certain constructive measures which, it thinks, will result in some benefit. One suggestion from The Post reads:

Let there be a chosen committee of three or five men of high character of business ability proved by success in their own affairs. Charge that committee with the duty of making an industrial survey of these Provinces. The banks and financial houses might justifiably contribute to the expense of this survey. The Governments could give the services as needed of their technicians and experts. This Maritime Industrial Survey would examine from the practical standpoint every district and its

industrial opportunities. When we say practical we mean such as have chances of immediate business success, a prospect of a fair return for money invested in the expansion of established industry or the founding of a new one. When we say money invested we mean that every dollar of capital stock of a company approved by them would represent a dollar in actual money, or actual appraised money's worth. The capitalization of prospective profits by issuing common stock at ten or fifteen cents on the dollar has been a millstone fastened on great enterprises when they were swimming in a sea of inevitable troubles.

In the opinion of The Post the remedy for the existing stagnant state of affairs lies in the multitude of diversified enterprises, and not a few very great ones. These, it claims, should come from the utilization of materials at hand. The plea is made for the production of commodities of special excellence, because they bring steady markets, top prices, and are least of all affected by tariffs. As examples, are quoted the market for Canadian hard wheat in the United States and the demand for Alberta butter in Chicago and Philadelphia. Summing up, The Post claims that the materials are waiting in the Maritime Provinces, and only leadership is lacking for the present.

## GOOD ADVERTISING FOR NOVA SCOTIA.

English Publication Gives Province Place of Honor in Canadian Edition.

On his recent visit to England Premier Armstrong arranged with "The Empire Mail and Overseas Trade," an influential journal published by The British Commonwealth Trade Press, London, for the publication of a comprehensive review of the industries of this Province. The result is seen in a very fine Canadian Number of that magazine which has just come to hand and where Nova Scotia is given the place of honor.

The Nova Scotia section opens with a brief message from the Governor and a review by Premier Armstrong of the resources of this Province. This is followed by an account of how the natural wealth of Nova Scotia is being developed. A third article deals with Nova Scotia's attractions and why they should be more widely known. A fourth deals with the port of Halifax, and is entitled "Canada's Atlantic Gateway—Its Facilities and Equipment." The material for this article was furnished by Premier Armstrong by the Secretary of the Halifax Board of Trade. These articles cover six pages and are illustrated with seven photographs.

In an editorial comment the remark is made that the up-to-date accounts given of the resources of Nova Scotia and their development show that "the Province is displaying remarkable enterprise in exploiting the valuable material with which nature has endowed it."—(Herald.)

## BRITISHERS HELD UP BY QUOTA.

American Immigration Regulations Retard Entry By "Back Door" Route.

Ottawa.—The operation of the new quota law of the United States is having an effect upon immigration to Canada, according to reports to the Immigration Department, Heretofore British subjects resident in Canada for a certain period have not been subject to the restrictions and experience demonstrates that many who came to this country, ostensibly with the purpose of remaining, soon pulled up stakes and moved to the States. The new regulations limiting immigration to the United States to a certain specified quota of population of any particular nationality, is found to operate not only as an obstacle to the migration of Britishers from Canada but as a discouragement.

The same effect is reported to the Department as regard outgoing Canadians. In addition to the ordinary head tax of \$8 they now have to contribute \$10 as a consular fee for the certification of their entry to the States and this is found to act as an impediment. The identification exacted of tourists to the States is also an obstacle to traffic in that direction.

Although generally speaking Canada and Canadians are not aimed at in the restrictive provisions of the American immigration laws the experience shows a lessening movement in that direction from all the provinces and, particularly, a tendency to hold in Canada immigrants whose ultimate design was to go into the States by the back door of this Dominion.

## CANADA DECIDES FOR OPEN WEMBLEY AGAIN NEXT YEAR.

Ottawa.—The Cabinet today had before it the question of continuing next year the Canadian Exhibit at Wembley and decided to go ahead with it. The provinces have been consulted, and most of them have agreed to continue their exhibits. It is found that the cost will be much less than this year and is estimated at \$150,000.

Washington.—More than 177,000 arrests for violations of the Volstead Law have been made by the federal authorities during the past three years and violators have been sentenced in federal courts in that period to serve an aggregate of nearly 7,000 years, according to an announcement made today by federal prohibition Commissioner Roy A. Haynes. The number of stills seized in that time has been more than 400,000 and the amount of liquor seized has been about 39,600,000 gallons, and 11,077 automobiles and 44 boats and launches have been captured by the federal authorities in their campaign against violations of the law amendment.

The fines imposed have aggregated more than \$18,000,000 at which \$12,300,000 has been actually collected and converted into the United States Treasury. More than 4,000 padlock injunction cases have been instituted and the heaviest penalty ever imposed in any one case for conspiracy to violate the law was a fine of \$21,000 and a sentence of 20 years in jail.

**FAITHFUL TO DEATH.**

In contrast to the present unrest in India comes a story of the fidelity of Indian troops in the Great War, contributed to Blackwoods Magazine by Major-General Sir George Macleod, who won the D. S. O. for service at the Dardanelles and the Mesopotamia. The story was told to him, during a trip up the Nile, by Professor James Brestead, of Chicago University, who had it from a Turkish officer, and it has been confirmed by the writer of the article.

The defence of the Suez Canal was entrusted in part to Indian troops. One day, after the failure of the Turkish attack, a party of nine Mohammedans from the Punjab, under a havildar, or native sergeant, set out on a reconnoitring expedition. They never returned, and it was supposed that they had lost their way in the desert and perished of starvation. The real story of their end is heroic. They were captured by the Turks and taken before a German officer at Beersheba. "How is it," demanded the German, "that you Indian Mohammedans are engaged in fighting your compatriots? Surely you are aware that a holy war against the English and their allies has been declared from the mosques of Islam." The havildar replied that it was a political and not a religious war. The German said that he would give them five minutes to put on the Turkish uniform. The havildar asked to speak alone with his men, and almost immediately turned and said, "Tell the Kaptan we are ready." The party drew up, clicked their heels, and there rang out: "Three cheers for King George!"

The German officer ordered those out and shot, but the story of the lads cheering for the King and marching to the firing line is one of magnificent heroism contrasted with ruthless cruelty.

**GAS ECONOMY.**

There are ten rules for saving gasoline and obedience to all of them ought to result in cutting gasoline bills. The rules are:

1. Keep tires well inflated.  
2. Keep the valves properly adjusted.  
3. Use the proper oil and grade.  
4. See that the battery is well charged.  
5. Be sure connecting rod bearings are not too tight and are well lubricated.  
6. Keep engine cylinders free from carbon.  
7. Adjust the spark plug points to .025 of an inch apart.  
8. Coast wherever possible. Keep the foot off the accelerator as much as possible.  
9. Adjust the carburetor to a mixture in the ratio of 15 parts of air by weight to one quart of gasoline.

**POPPY DAY.**

In Flanders fields the poppies blow  
Between the crosses, row on row.

The distribution of Vetract Poppies as the "Flower of Remembrance" this year on Armistice Day will assume proportions far in excess of any year since the institution of the custom. Orders received by the Dominion Command of the G.W.V.A., which act as distributing agent for Vetract Poppies, are now in excess of the total distribution last year by several hundred thousand. Approximately a million poppies were worn by Canadians last Armistice Day. This year it is estimated that the total distribution will exceed a million and three-quarters.

Vetract poppies are the emblems by which thousands of Canadians will pay homage to the memory of our Living Dead on Armistice Day, Nov. 11th.

Made by your disabled comrades in Vetract and Red Cross workshops in the principal cities across Canada, Vetract Poppies enable them to overcome vocational handicaps, and assist them in earning an independent livelihood.

The distribution of Vetract Poppies provides a fitting means of creating funds to assist the needy and the dependent. Commercial competition may offer poppy replicas at lower prices than the disabled veterans can make them for, but the commercially-made poppy is only a tag, while the Vetract Poppy is a living emblem of those sacred sentiments associated with the commemoration of Armistice Day.

The miser is as much in want of what he has as of what he has not.

**ROADS "SAFE FOR DEMOCRACY."**

During the present season altogether too many automobile fatalities have occurred in spite of constant warnings regarding carelessness and other causes of danger. Hardly a day passes without adding a victim to the blacklist of the road. The road is generally held responsible for these casualties, but, in most cases, they should be charged to imprudence, ignorance or contempt of the law.

Numerous are the opportunities for accidents; a complete enumeration of them is impossible. They are well known to the public. Railway crossings are responsible each year for the loss of thousands of lives; curves, bridge approaches, road and street intersections; excessive speed also takes a large toll. Automobiles are not always to blame for these accidents. In many cases, however, they are, and in many cases can be avoided by using the required caution.

Valid excuses for accidents were never so few as at present. The speed limit is clearly indicated on the highways, whether automobile travel in open country, in a town or in a village; timely notice is given of curves, bridges, and railroads; appropriate danger signals are placed where needed; all posters, or other commercial advertisements liable to confuse with official signs and mislead the public are removed from the limits of the roads; no improvement liable to do away with some possible danger is omitted on the highways.

No efforts to make the highway safe can succeed without the help of the travelling public, and the lives of automobilists cannot be saved against their will. It is pointed out that the motoring public should never forget that the law is made for their collective and individual benefit, and that its object is not to collect fines, limit their liberty or needlessly annoy them.

The crew for the run to New York will be signed on this week and upon the arrival of the ship there will be placed under American registry. The Canada, formerly a cruiser, was built at Barrow-in-Furness, G. B., in 1904, and is 411 tons gross, 185 net.

**LIPTON WILL CHALLENGE AGAIN**

New York—Sir Thomas Lipton, arriving here Wednesday, reiterated his intention of challenging for the America's Cup in 1925, premier yachting prize of the world. He pointed out that he would not challenge for a race this year as a ten month's notice is required.

Sir Thomas was met at quarantine by Police Commissioner Enright and a group of prominent men on the yacht Florida and conveyed directly to the Columbia Yacht Club on the Hudson.

**TRUNK, ONLY, OF OLD "WHIPPING TREE" LEFT**

Annapolis Royal.—The well-known "Whipping Tree," an ancient willow, which has stood at the corner between the old cemetery and Court House Square for generations, has been partially demolished, owing to the ravages of a recent gale. The limbs were badly cracked, and being a menace to passers-by, were removed, so all that is left of this interesting landmark is the huge trunk.

The tree was given this name on account of the tradition that prisoners sentenced to be lashed received their punishment while fastened to its trunk.

Victor Marshall left on Friday for Maine, where he intends to remain the winter.  
Mrs. Hattie Sanford, who has been spending a week at the home of Mr. and Mrs. Alfred Marshall, returned home on Sunday.  
Mrs. Wm. Morse, Upper Granville, is spending a few days with her mother, Mrs. Albert Marshall.  
Inspector Foster of Bridgetown made an official visit to the school here on Friday, Oct. 24th.  
Mrs. Chester Hall, St. Croix, spent Tuesday with her friend, Mrs. Lester Hines.

**ONLY ONCE.**

"Do people often die here?" asked a visitor to one of Devon's beauty spots, "Only once, mum," said the old roadman as he filled his pipe with the thickest twist the village store supplies.

Special mention should be made of Mrs. Fred Parker of Port Wade, who gave during the evening, two very excellent readings.  
The President gave an address setting forth in a clear and convincing manner Acadia's need, our obligation and opportunity.  
All numbers were well received by a large and appreciative audience composed of people from Stony Beach, Island, Karsdale and Port Wade.  
Organist for the evening was Mrs. James L. Thorne, Acadia graduate.  
A collection was taken which will go toward making up the allotment for Acadia's campaign.

**EASILY FATIGUED AND DESPONDENT**

A Condition Known as General Debility Due to Watery Blood.

General debility is a term used to describe a weak and run down condition of the system. Debility may come from a number of causes. The after-effects of acute illness, lack of nourishment due to poor digestion, overwork or worry, or anything that makes the blood thin, thereby preventing it from carrying nourishment and health to the tissues of the body. The symptoms of debility vary, but weakness is always present, often a tendency to be easily fatigued, spots passing before the eyes, weak back, dizziness, wakefulness caused by inability to stop thinking, and unrefreshing sleep.

Mr. Lorenzo L. Gamache, Rockland, Ont., was a severe sufferer from this trouble and tells how he found release. He says:—"Two years ago I was in that condition which medical men call general debility. I made periodical visits to Montreal for fourteen months to undergo electric treatment. At the end of this time I was feeling well and thought with proper care I would continue in good health. But in the course of a month or so the symptoms came back more acute than ever. I lost appetite and could hardly sleep during the night, and what sleep I had was disturbed with nightmares. I had headaches and the least effort was telling on my nerves. I always felt pains somewhere, and had to lose much time. After suffering for three months, trying various things without good results, I was terribly depressed and disheartened. One day I met a friend who noted how pale and thin I was and he so strongly recommended Dr. Williams' Pink Pills, that I determined to give them a fair trial. I got six boxes and began the treatment at once. After I had taken four boxes I began to notice an improvement in my health. I could sleep better, and I scarcely had a headache. Since that time my health has been steadily improving and now I feel just as well as ever. I have gained twenty pounds since I began the treatment. Now I would not be without Dr. Williams' Pink Pills in the home, and strongly recommend them to all who suffer from a depressed system and the aches that follow."

You can get these pills through any medicine dealer, or by mail at 50 cts. a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

#### MAITLAND BRIDGE.

Rev. Mr. Spidell of Liverpool, occupied the pulpit in the Baptist church here on Sunday last, it being the annual Harvest Thanksgiving service, the church was beautifully decorated with Autumn leaves, ferns and potted plants and with the abundance of vegetables, fruit, jellies, preserves, butter and etc, the fact that the pastor, Rev. Mr. Puddington is highly esteemed by his congregation, was plainly in evidence.

Miss Ada Rowter who has been visiting her brother, Mr. Robert Rowter at Inglewille, Annapolis Co., has returned home.

Miss Edna Minard, who is teaching school at Upper Clements, Miss Jean Lohnes, teaching at Northfield and Miss Esther Merry teaching at Kempt spent the week-end with their parents here.

Mr. Simon Ringer and Miss Irene Martin are visiting in Boston.

Mrs. Margaret Blakney, who has sold her home in Seattle, Wash., and who plans to remain the winter with her sister, Mrs. A. D. Thomas of the Miller House, spent a few days here last week visiting relatives and calling upon old friends.

Little Miss Etta Rowter, although improving, is still at patient at the Dawson Memorial Hospital, Bridgewater.

Among those from a distance, who attended service in the Baptist church here on Sunday were: Mr. and Mrs. Fred Kempt, Kempt; Mr. and Mrs. J. W. Rawdwin, Northfield; Mr. and Mrs. Guy DeLong, New Albany; and Mrs. Enos Gorman and Charles Cushing, Caledonia, and Mr. and Mrs. A. J. Willis, Annapolis Royal.

Mr. and Mrs. Judson Lewis motored to Wolfville on Thursday returning on Sunday. During their absence Mr. Lewis purchased a new Studebaker car.

Mr. Yetton Munro is the guest of Mr. and Mrs. A. M. King of Annapolis Royal at their mining camp, near Brookfield, Queens Co.

Mr. and Mrs. Bertice Freeman of Bear River, have been visiting relatives here during the past week.

Much sympathy is extended to Mr. and Mrs. Isaac Lohnes, who are passing through many anxious moments, because of the illness with diphtheria of their only daughter, Miss Hilda Lohnes at Waverley, Mass.

Mrs. Isalah Munro of Forest View House, Lake Munro, spent Thursday with her daughter, Mrs. Walter Duke-shire.

Mr. Peter Christensen who has been in Lynn, Mass., for the past two years is expected home today.

We were in receipt last week of a few notes from Clementsport which would have been published but for the fact that the senders signature did not accompany them and part of the matter sent was plain advertising in the guise of news.

#### Evening Session.

Evening session opened at 7.30 by song "Land of our Birth." Rev. Mr. Gibson (Baptist minister) from Annapolis Royal was then introduced. He thanked the Institute for the invitation to be present at this exhibition and said it reflected great credit on both those who arranged and those who contributed to it. His topic was education and gave a number of definitions for the word education. Day schools, night schools, book lectures, libraries are available to all, no one is really educated, who does not study the Bible. Do not neglect the Bible Radio broadcast lectures. There are 400 colleges and institutions and these are second only to Evangelism.

Mrs. Fred Parker gave several readings, "A Silver Teapot," "Intensely Utter," which were loudly applauded, and for encore gave a humorous selection "Injun Boy."

Mr. Arthur Kelsell of the laboratory was the next speaker and after making some humorous remarks, spoke to the children about selecting fruit and vegetables for exhibits. To exhibit only those uniform in shape and normal in size. He told about the origin of the Bordeaux mixture and about spraying of fruit, etc., and gave much information to the fruit growers.

Schools rose and sang "My Own

Canadian Home." Mr. Fortier showed interesting maps. He stated that the Annapolis River had been known by five different names: Tayowpskiki? Lequille (san-see), Dauphin (Crown Prince), British River and the Annapolis River. He told of the early history of this very locality and congratulated the boys and girls on living in a district so rich in history. It was here that De Monts first landed, grist where the cairn was erected this summer.

A number of tableaux were given between the speeches. "Brushing Teeth," little Tommy Tucker, "Food" and "Going to Bed." In the public speaking contest two responded viz: Marjory Johnson and Albertine Angers. Mrs. H. M. Johnson, Secretary of Institute moved that a vote of thanks be extended to Rev. Mr. Thomas and Rev. Mr. Gibson, Messrs Fortier, Kelsall, Messdames Smith, Parker, Lord, Winchester, Thomas, Miss Balcom, judges, teachers, scholars, decorators, Mr. Anthony and Mr. Deane, who exhibited tables of fruit and vegetables, and to all who assisted in any way in making this occasion a success. This was seconded by Mrs. Frank Covert, convener of the School Committee and presented by the President.

The High School girls sang "Farewell to Thee" accompanist Miss Ruth McNeil.

## ASK THIS HALIFAX NURSE

She Is Willing to Answer Letters from Women Asking About Lydia E. Pinkham's Vegetable Compound

Halifax, Nova Scotia.—"I am a maternity nurse and have recommended Lydia E. Pinkham's Vegetable Compound to many women who were childless, also to women who need a good tonic. I am English and my husband is American, and he told me of Lydia E. Pinkham while in England. I would appreciate a copy of two of your little books on women's ailments. I have one which I keep to read. I will willingly answer letters from any woman asking about the Vegetable Compound."—Mrs. S. M. COLEMAN, 24 Uniacke Street, Halifax, Nova Scotia.

Could Not Sleep Nights  
Dublin, Ontario.—"I was weak and irregular, with pains and headaches, and could not sleep nights. I learned about Lydia E. Pinkham's Vegetable Compound by reading the letters in the newspapers and tried it because I wanted to get better. I have got good results from it and I feel a lot stronger and am not troubled with such bad headaches as I used to be and am more regular. I am gaining in weight all the time and I tell my friends what kind of medicine I am taking. You may use my letter as a help to others."—Mrs. JAMES RACHO, Box 12, Dublin, Ontario.

Sorry to report Mrs. Anthony Ellis on the sick list. We wish her a speedy recovery.

Burton Everett visited his parents, Mr. and Mrs. Amos Everett on Sunday. He was accompanied by Mr. and Mrs. F. M. Smith of Clarence.

Replying to a correspondent, the Boston Globe said:

The Flying Cloud, built in 1851 by Donald McKay for Enoch Train and purchased by Grinnell, Minturn & Co., of New York was an angel on the wing with a trumpet in her hand. The Flying Cloud sailed from New York to San Francisco in 1851 in 89 days and 21 hours under Captain Josiah Perkins Cressy. In one day she covered 431.2 statute miles, 42 miles faster than any steamship had then done in the same time. She made four passages to San Francisco in 89, 89, 105 and 108 days.

The first 89-day trip was celebrated in San Francisco as every American felt he was nearer his old home in the east. Her owners had her log from New York to San Francisco printed in gold on white silk for distribution among their friends. In 1854 she repeated her 89 day record. She was sold in 1863 and was destroyed by fire in 1874 at St. John, N. B.

### A Quick Relief for Headache

A headache is frequently caused by badly digested food; the gases and acids resulting therefrom are absorbed by the blood which in turn irritates the nerves and causes painful symptoms called headache, neuralgia, rheumatism, etc. 15 to 30 drops of Mother Seign's Syrup will correct faulty digestion and afford relief.

### HIGH PRICES.

The booze they sell is priced so high a poor man can't get drunk; a beaker of their deadly rye will cost you half a plunk. A man must be absurdly rich if he'd acquire a bun, and roll around in yonder ditch and have all kinds of fun. They used to make their booze of grain, or barley, corn and rye, and one could take his bittern plain and not go blind or die. The barley and the rye and corn were inexpensive stuff, and fifteen cents would buy a horn, and that seemed dear enough. But now they're using costly dyes, and drugs of noxious smell, to make the hoochions and the rye the bootleg dealers sell. It costs to manufacture booze, the way they make it now, to gather up old over shoes, and horns of goat and cows, to boil tin cans and cast-off hats, the rinds of rancid cheese, to get the blood of vampire bats, the sap of upas trees. One cannot get without expense an alligator's nest, the rusty barb wire from the fence that gives the bitters zest. One cannot without money buy a vat of purple pink, a crosscut saw, a keg of lye, to make a modern drink. And so the price of flowing bowls is up, and up to stay, and only men with ample rolls can kill themselves that way. But one may to the hydrant trek, in peace and good content and pour three gallons down his neck and not cough up a cent.—Walt Mason.

## Canadian Apples For Folks and Friends In The Old Country

This year's Christmas for our folks and friends across the sea can be made happier by a small remembrance from Canada of a box of our Canadian Apples, hand picked and hand packed; their luster and taste tell of our beautiful summer climate. Your grocer can fill such an order. The Canadian National Express will transport and deliver by rapid express service including refrigerator storage on steamer to any station in Great Britain or Ireland from Montreal, Que., and Quebec, Que., up to November 15th and afterwards from Halifax, N. S., and St. John, N. B., at a rate of THREE DOLLARS per standard box of apples not exceeding one cubic foot eight inches in measurement or over fifty pounds in weight. Consult any Canadian National Express Agent as to through express rate from your town. 31 & 33

### ACADIA FORWARD MOVEMENT.

Wolfville.—The prospect of securing the total \$1,500,000 allowed at by the Acadia New Forward Movement grows better each month. The most important announcement thus far was that made at a special meeting of the Board of Governors held today, when President Patterson stated that Mr. John D. Rockefeller had made a conditional subscription of \$375,000 toward this campaign. This subscription had been made after the chairman and the financial advisor of the General Education Board had visited Wolfville and had made a careful examination of the financial standing of the institution. This, with the assurances already received, brings the total amount to \$800,000, leaving a balance of \$700,000 yet to be subscribed. President Patterson finds in the generous subscriptions that have been made to date a guarantee that the total amount will be secured.

Work on the new building will go forward rapidly. The contractor promises that classes will be held in it on February first and that Convocation Hall will be ready for next Convocation. The opening of the building for classes will relieve a serious congestion caused by a record registration.

### ICE SKATING AT SELFRIDGE'S.

(London Paper of Recent Date.) To Messrs. Selfridge belongs the distinction of having provided the first open air sheet of real ice, artificially produced in this country. Londoners will remember how before the war Princes' Rink at Knightsbridge was wont to bring together the most fashionable assemblages to enjoy ice skating, and at what was once known as Hengler's Circus near Oxford-circus a good surface of ice was for some time available. These, however, were both under cover, and the wide surface at Messrs Selfridge's occupies a large stretch of the roof garden, and is entirely open. It is, moreover, the first effort of its kind that has been essayed in Europe. The ice itself hard and smooth of surface, is produced by the York-Shipley process, in which ammonia is employed to chill brine contained in pipes. Over these is placed a layer of damp sand which speedily freezes and extends its cold to the three or four inches of water above it. All the refrigerating machinery has been installed under the supervision of Mr. J. B. Farish, managing director of this company. The ice surface is 40 ft. long by 20 ft. wide.

Visitors to San Moritz will recall the exhibition skating and teaching given there last winter by Mr. Howard Nicholson, in conjunction with Miss Freda Whitaker, who have been engaged here for the season. Both these skilful performers are also well known at the New York Hippodrome. Perhaps the agility and quality of their display is best conveyed by saying that there is no feature of an acrobatic or "apache" dance that they do not undertake, with the added grace and speed that their skates give them. Miss Whitaker skinned in yesterday afternoon in a charming costume of mauve crepe-de-chene, bordered with deep ostrich feather trimmings, and after a number of complex figures Mr. Nicholson bent to an almost seated posture and whirled her rapidly round at the level of his head. In the concluding demonstration, when they entered in the gay garb of Neapolitan minstrels, M. Nicholson bounded up and about and whirled his smiling partner over his shoulder, seemingly at the most uncomfortable angles.

A very creditable display was given by six young English girls, who up to a few weeks ago had never had a pair of skates on their feet, but who under the accomplished tuition of the two principals, are showing a pretty little ballet, drawing on to the ice a haze rose, from which Miss Whitaker

Minard's Liniment for Dandruff.

## Here and There

Immigration to Canada for the month of August, 1924, totalled 20,186, of whom 5,706 were from the British Isles, 1,784 from the United States, and 12,696 from other countries. Immigration for the first five months of the fiscal year totalled 76,719. In the same period 23,861 Canadians have returned to Canada from domicile in the United States.

As an indication that the tide of settlers has definitely set in the direction of Canada, it has been made known by the Department of Immigration and Colonization that 5,000 acres of land near Lethbridge has been sold to ten families of 75 persons from South Dakota. This, it is announced, is only the advance guard of a considerable northward movement from that region.

It will have a great effect to present when you read the "Holidays", said Rev. Father Steve MacDougal, a member of the Canadian commission of inquiry which investigated conditions of life in Canada. The members of the commission, after visiting Alberta, reported the new settlers highly satisfied with Canadian conditions.

Among the passengers sailing for Europe aboard the Canadian Pacific Steamship "Empress of France" on October 28th, was Geo. A. Walton, General Passenger Agent, Canadian Pacific Railway, Montreal, who will represent the company on an extensive tour of Europe arranged for the American Association of Passenger Traffic Officers by the trans-Atlantic steamship companies and the railroads of Great Britain and the continent.

Charles J. Pernigotti, a native of Danbury, Conn., has received a commission from the Prince of Wales to paint some of his blooded stock on the E. P. ranch, near High River, on the Canadian Pacific lines in Alberta. Pernigotti, who has attained a reputation as a painter of animals, says the commission was awarded during the Prince's stay at Syonset. He will commence work the latter part of October.

As a result of the survey conducted by the newly formed Graphic Arts Association, printing and allied trades are now shown to constitute the second largest industry in Winnipeg, Man., representing an investment of \$10,054,318, and providing employment for 12,000 people. The report shows that during 1923 the sum of \$3,619,322 was paid in salaries.

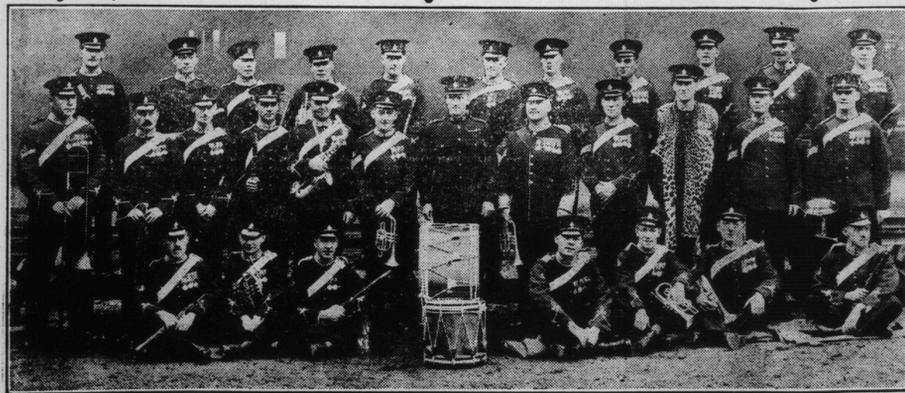

With the approaching close of the tourist season, plans are being laid for the continuation of construction work at the Chateau Frontenac, the Canadian Pacific Railway's palatial hotel in the city of Quebec. Some of the interior decorating and the completion of rooms of the main corridor in the Chateau had to be left unfinished when the present tourist season opened, but it is expected that work on these parts of the hotel will commence very shortly. The billiard room and other rooms in the basement will also be completed as soon as possible.

## BEECHAM'S PILLS Sweeten the Stomach

emerged to give a solo exhibition. The displays will be given three times daily and admission to them is free, though in order to avoid crowding it is necessary to make application for tickets a day or so in advance, naming wherever possible an alternative day. It is anticipated that the exhibition will do much to revive interest in the art of skating.

### SCHOOL CHILDREN AND THEIR HEALTH.

Hurrah! school has opened again! And what of the health of the boys and girls? "Keep a child robust and sound in body until he is eighteen" says medical experts, "and the chances are he will remain so throughout life." How important then that its health should be maintained. A word to Parents. Are your children free from frequent colds, enlarged tonsils, adenoids, decaying teeth? These are serious hindrances to their health. Are they free from eyestrain? Do they hear well? Are they sound in body and limb? If not, then in school they lose a golden opportunity.

### ELECTRICITY HAD BAD RECEPTION

Women Complained at Its Innovation—Now Considered Indispensable.

"How ye gonna keep 'em down on the farm?" The answer is "By Electricity," according to Lee Johnson, general sales manager of the Northern Electric Company, who addressed the Kiwanis Club on "Electricity" at the Windsor Hotel yesterday. He told them that the numerous new comforts and improvements, the way that heavy farm work could be done by electricity, was proving a great help in "keeping 'em down on the farm."

He reminded his audience that electricity was a very modern thing as far as its application to the ordinary uses of life was concerned. In 1880 when it was in its infancy the "New York Graphic" had published a cartoon showing the sun blotted out of the sky by telegraph wires—that was when such a wire was an uncommon object. Certain women in Paris had viewed the innovation with great disfavor, and held an indignation meeting against electric light as it had an adverse effect on the use of rouge and powder. In 1844, from the tropics, came the report of a failure of an electric flycatcher—the flies liked it and thrived and increased with its use.

"Nowadays," said the speaker, "can you imagine what it would be like if we were forced to give up electricity. Activities of all kinds would be paralyzed and the world would be sent back years and years.

The money invested in electric work is probably one of the greatest in amount in any industry known. The electric field is necessary because of its new powers—and it is so new that we have little conception even now, of what it really is—and the men connected with it have to have vision, the power to look ahead into the future.

Electricity, continued the speaker, was unique because of its flexibility. It was the only power that could be generated at the millhead or the watercourse and transmitted miles and miles at little expense. The price of fuel was gradually mounting and the position would soon be reached where electrical power would take the place of the power employed today.

"In Canada hydro electric developments have gone ahead very fast. In Ontario there is the greatest hydro electric concern in the world, and work is being finished at Chippewa on Lake St. John, which, when completed, will provide half a million horsepower.

"Canada is probably the leading country in this because we have such tremendous resources in water power awaiting men of vision and ability to erect power plants and bring about the necessary manufacturing industries to use the power developed.

**PARTRIDGE SEASON UP FOR DISCUSSION.** At Meeting of N. B. Fish and Game Protective Association.

**MURINE** You Cannot Buy New Eyes. But you can Promote a Clean, Healthy Condition of Your Eyes.

**NEW LAMP BURNS 94% AIR**. Beats Electric or Gas. A new oil lamp that gives an amazingly brilliant, soft white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps.

### RAILWAY RATE WAR

Western Provinces Appeal (Cancellation of Crow's Nest Pass Rates). Winnipeg.—On behalf of the government of Manitoba, Saskatchewan, and Alberta, H. J. Symington, K. C., has made formal application to the Governor General in council for a stay of proceedings in the judgement of the Board of Railway Commissioners cancelling the Crow's Nest Pass rates agreement, and for an appeal. The three provinces are co-ordinating their efforts to have set aside the majority finding of the commission.

### Here and There

Moose hunting opened in the Province of Quebec on September 10th. Indications are that an unusually large number of hunters will invade the woods this fall and the rush for licenses is well under way.

Edward A. Patterson, mining engineer of London, England, visiting Nova Scotia, states that the mineral resources of that province are practically being dormant and that with proper development along scientific lines, mining could be advanced to first place in the province's industries.

Calgary, Alta., is planning an artificial ice rink, because of the prevalence of chinooks in the winter, but the project will not be carried out in time for the coming season. Calgary had to abandon its scheme for an annual winter carnival because it could not count on weather that was cold enough or on snow.

The members of the band of the famous Princess Patricia's Canadian Light Infantry were among the passengers sailing for England aboard the Canadian Pacific liner "Empress of France" on September 10th. The scarcity of partridges this fall has been a matter of considerable comment. They were scarce last year but are much fewer this, notwithstanding the fact that the season of hatching and rearing was esteemed most favorable. Various causes have been assigned, including the depredations of wild cats. Another cause assigned is that the birds have been killed by blue lice. This has been a common cause reported from New Brunswick and by some has been assigned in portions of Nova Scotia. We have not heard any theories from local hunters.

The popular young ladies of Bridgetown will sell Poppies on Armistice Day.

### SUCCESSFUL ENTERTAINMENT FOR CHILDREN'S AID SOCIETY WORK.

A very successful and well attended entertainment was given in the Court House on Thursday evening, the receipts going toward Children's Aid Work.

Capt. W. E. Gesner, President of the Society, occupied the chair and briefly and concisely gave the audience an insight into the problems of the work and the efforts being made to deal with them. He stressed strongly its importance. In passing, the Monitor would state, that there is much misconception and misunderstanding about this line of work and the powers of its agents. These are regulated by law and the acts of the agent locally are through consultation with direction and approval of the executive. This latter body has given a large degree of attention to the work and there have been many difficult problems to solve. Rev. A. J. Prosser agent for the Counties of Annapolis, Digby and Yarmouth, also gave a short address, relating some concrete cases where action was essential and outlining the work of the Society generally. The Court House was filled to capacity, and the gross receipts were about \$85, obtained through admissions and the sale of home made candy during the intermission.

The programme was varied and interesting and taken part in by school classes and by the young people generally of the various churches.

### VALLEY MEDICS MEET AT ANNAPOLIS.

Thirty-Six Physicians and Surgeons Attend Semi-Annual Meeting—Meet Next at Middleton.

Annapolis Royal.—The semi-annual sessions of the Valley Medical Association were held here Tuesday afternoon and evening with thirty-six members in attendance. The afternoon session was held in the Town Hall and the evening meeting at the Queen Hotel, following dinner there.

After an address of welcome by Mayor Cunningham, which was responded to by Dr. W. B. Moore of Kentville, and Dr. J. A. Sponagle of Middleton, Dr. H. B. Atlee gave an address on "Pelvic Surgery" followed in order by Dr. T. B. Acker of Halifax, who spoke on "Back Pain and Its Significance"; Dr. A. R. Campbell, Yarmouth, on "Erysipelas and its Treatment."

At the evening session, Dr. H. A. Chisholm, of the Provincial Health Department, outlined the proposed programme for combating tuberculosis, and Dr. S. L. Walker, Associate Secretary of the Medical Society of Nova Scotia, discussed "The Medical Profession and the Public."

Not a little disappointment was felt by the medical men at the unavoidable absence of Dr. Bazin and Dr. Murray, of Montreal, who were expected to deliver addresses.

The next meeting of the Association will be held in Middleton next May.

### Do Your Children Grow Fast Enough?

Are They Sturdy, Healthy, And Strong, or Pale, Weak And Run Down?

Growing children need a great deal of food, and sometimes they will not eat the kind of food that they need for strength—then they become thin, pale, and run down.

This condition of under-nourishment can be corrected by taking Father John's Medicine which does contain just the food elements such children need, and that is why so many children gain weight regularly while they are taking this old-fashioned family medicine.

Father John's Medicine is an expertly blended preparation of cod liver oil with other ingredients in such a way that its food elements can be easily taken up by those who are weakened and run down. Your friends and neighbors know its value. Thousands of mothers depend upon it to keep their children well and strong.

JULIUS GRUENWALD HAS 42 WIVES

Vienna.—Forty-two women, all claiming to be the wives of a man named Julius Gruenwald, appeared in court as witnesses against him today.

He had been arrested just as he stepped outside a tailor shop wearing a new suit of clothes purchased with money which it was testified he had obtained from his forty-second bride. From the testimony of the women it was adduced that Gruenwald was in the habit of getting married, obtaining money from his brides, and then deserting them. The evidence indicated that he averaged about \$50 per month.
