The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Anglican Church of Canada
Synod Archives

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. P R A Y E R S

TO BE USED AT ALL MEETINGS OF THE SOCIETY AND OF ITS
SEVERAL ASSOCIATIONS.

LET US PRAY.

Lord, have mercy upon us.

Christ, have mercy upon us.

Lord, have mercy upon us.

PREVENT US, O Lord in all our doings, with Thy most gracious favour, and further us with Thy continual help; that in all our works, begun, continued and ended in Thee, we may glorify Thy Holy Name, and finally, by Thy mercy, obtain everlasting life; through Jesus Christ our Lord.
Amen.

O merciful God, who hast made all men, and hatest nothing that Thou hast made, nor wouldest the death of a sinner, but rather that he should be converted and live, have mercy upon the Heathen, and those who are in error. Take from them all ignorance, hardness of heart, and contempt of Thy Word, and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be made one fold under one Shepherd, Jesus Christ, Our Lord, who liveth and reigneth with Thee and the Holy Spirit, one God, world without end. *Amen.*

O God, from whom all holy desires, all good counsels, and all works of piety and charity do proceed, we beseech Thee prosper with Thy blessing the designs of this Society. Comfort with Thy grace those benefactors who contribute to its support, Bless the ministry of Thy servants the Clergy; the endeavour of all who are engaged in spreading the knowledge of true religion in the Dominions of our Sovereign, and the labours of those Missionaries who are proclaiming the same in this Province. And may Thy Holy Spirit direct all our consultations to the advancement of Thy glory, and the good of Thy Church, through Jesus Christ our Lord. *Amen.*

Almighty Saviour, who by the right hand of God art exalted, and hast received of the Father the promise of the Holy Spirit, shed forth Thy light and grace on this dark world. O Thou who lovest a cheerful giver, grant Thy people grace that they may minister liberally of their substance to the making known of Thy name throughout the world. Give Thy blessing to all who are labouring to spread the knowledge of Thy truth, and especially to those Missionary Societies which have ministered to the need of our Church in this Land. Prosper the work in which they are engaged, and make them the honoured instruments of spreading Thy gospel, and proclaiming Thy great and glorious name. Hear us merciful Saviour, in these, our prayers, and to Thee, with the Father, and the Holy Ghost, be ascribed all honour and glory for ever and ever. *Amen.*

O God the Father of our Lord Jesus Christ, our only Saviour, the Prince of Peace, give us grace seriously to lay to heart the great dangers we are in by our unhappy divisions. Take away all hatred and prejudice, and whatsoever else may hinder us from godly Union and Concord; that, as there is but one Body, and one Spirit and one Hope of our Calling, one Lord, one Faith, one Baptism, one God and Father of us all, so we may henceforth be all of one heart, and of one soul, united in one holy bond of Truth and Peace, of Faith and Charity, and may with one mind and one mouth glorify Thee; through Jesus Christ our Lord. *Amen.*

Our Father, which art in heaven; Hallowed be Thy Name; Thy kingdom come; Thy will be done on earth as it is in heaven. Give us this day our daily bread. And forgive us our trespasses, as we forgive them that trespass against us. And lead us not into temptation; but deliver us from evil; for thine is the kingdom, the power and the glory, for ever and ever. *Amen.*

An Act to authorize the Church Society of the Diocese of Quebec, to consolidate certain Endowment Funds.

[Assented to 27th May, 1882.]

Preamble. WHEREAS [the Church Society of the Diocese of Quebec has, by its petition, represented that it is in charge of certain endowment funds for the support of various Parishes and Missions within the Diocese of Quebec, and has prayed that the said Church Society should be authorized so to distribute any losses which may occur, through failure in investments, as to make them fall proportionately over the whole of such endowments held by the Society; and whereas it is expedient to grant the prayer of the said petitioners; Therefore, Her Majesty, by and with the advice and consent of the Legislature of Quebec, enacts as follows:

Consolidation of endowment funds of society for certain purposes. 1. The Church Society of the Diocese of Quebec is authorized, so far, to consolidate the said endowment funds, so placed and hereafter to be placed in the hands of the said society, under deeds of trust for investment, as to enable the said Church Society to distribute any losses that may occur through failure in investments proportionately over the whole.

Consolidation limited. 2. The said consolidation of the said intrusted endowment funds shall extend, only so far as to enable the said Church Society to distribute any losses that may occur, through failure in investments proportionately over the whole, and for no other purpose whatsoever.

NOTE.—The following parishes or missions have agreed to the by-law on the consolidation of endowments, viz:—Barford and Hereford, Cape Cove and Percé, Cookshire, Duds-well, Gaspé Basin, Ireland and South Inverness, Levis, Malbaie, Inverness, Rivière-du-Loup, Bourg Louis, Kingsey, Magog and Georgeville, Stanstead, Durham, Leeds, Brompton and Windsor, Sandy Beach, Hatley, Coaticook, Melbourne and Richmond, Frampton East and West, Compton, St. Sylvester, Portneuf, Three Rivers.

ANNUAL REPORT OF THE CENTRAL BOARD FOR
THE YEAR 1894.

(Presented to the Church Society, February 6th, 1895.)

In rendering an account of their stewardship for the past year, your Board desire at the outset, to thank Almighty God for the means of usefulness which, by His blessing, have been committed to them, as well as for the measure of good which they confidently hope they have been the humble instruments of effecting therewith.

The Society's income for the year 1894, arising from voluntary contributions, varies but little from that of 1893. Some localities, through special effort on the part of their collectors, have sent into the Treasury increased offerings, which we note with thankfulness: others, not due, we venture to hope, to failing interest or good will, show a slight decrease. Some Parishes, however, there are, happily a few, yet not all amongst the least capable, which continue to confine their good works and their subscriptions, almost wholly, if not altogether, to objects within their own narrow limits. For this we cannot refrain from expressing regret, not alone because the extension of the Kingdom demands the active co-operation of all her members; but because such co-operation seems to us to be a sacred duty, at the same time that it is a means to, and a fair test of, the spiritual life, as of an individual so of a parish. We cannot but think that an injustice is being unintentionally done, not only to those who might be profited by their gifts, but to those who might be profited by giving, and also to the clergy who may hereafter succeed to such cures. Nor must it be imagined that what is paid towards local assessment, which is really to benefit self, is discharging the duty now urged.

Owing to the great falling off in revenue from invested capital, special efforts must be put forth to maintain the work even in its present efficiency. Your Board therefore confidently appeal to the whole Church for the means which will enable it, so far as material resources can avail, to carry on the work which has been entrusted to it, and for prayers that its work may be blessed by God.

The Society's income for the past year, as compared with the preceding one, is as follows :

	1893.	1894.	Decrease.	Increase.
General Fund	\$1,582 44	\$1,415 59	\$166 85	
Mission Fund	3,288 15	3,773 10		\$484 95
Pension Fund	1,848 98	1,776 04	72 94	
Widows' and Orphans' Fund	274 85	291 13		16 28
Education of Children of Clergy	574 86	601 40		26 54
	<u>\$7,569 28</u>	<u>\$7,857 26</u>	<u>\$239 79</u>	<u>\$527 77</u>
				239 79
			Net increase	<u>\$287 96</u>

This \$287.96, however, represents a somewhat more favourable gain than is justly due to 1894, inasmuch as it includes offerings which, though received in that year, were intended for the year previous.

GENERAL FUND.

(To aid in the erection of Churches and Parsonages ; in the support of Schools ; in the promotion of Local Endowments ; in the Education of the Children of the Clergy ; and for the general expenses of the management of the Society.)

During the past year, the following grants have been paid from this Fund :—

\$200 outfits for two Clergymen, entering for the first time upon their country Missions.

\$100 towards a new Church at Hall's Stream.

\$100 towards a new Parsonage at Scotstown.

\$100 towards a Parsonage at East Angus.

\$150 towards Local Endowment at Waterville.

\$163.60 towards Education of Children of the Clergy.

\$71.13 towards grants of books from Depository.

The following grants have been made, but payment awaits the fulfilment of conditions, viz :

\$100 towards new Church at Mutton Bay, Labrador.

\$100 towards new Church at Newport Point, Gaspé.

\$100 towards new Parsonage at Peninsula, Gaspé.

MISSION FUND.

(For the payment of the Stipends of Missionaries, supplemented by the annual Grant from the S. P. G., the Assessments from the Rural Congregations, a grant from the Clergy Trust Fund, and the interest of the Invested Capital of the Mission Fund,—administered by the Diocesan Board.)

It affords us pleasure to announce an increase this year, in the contributions towards this important Fund.

To preach the Gospel to the poor, and to provide them with the comforts and consolations of our holy religion, is the object which this Fund has in view : and certainly no object is worthier of our generous support.

For full information regarding the missionary labours of our Clergy, we refer to their own reports, subjoined, also to the report of the Diocesan Board, and that from the S. Francis District Association of the Church Society.

On the fourth of April last, under the auspices of your Society, an Anniversary Service was held in the Cathedral, and on the following evening, a grand Missionary Meeting in Tara Hall. On both occasions very large congregations were stirred to the heart by the eloquence and powerful pleading of the Right Rev. Dr. Hall, Bishop of Vermont.

At the Missionary Meeting, addresses were also delivered by the Rev. Canon Thorneloe, and Mr. John Hamilton, the one setting forth the various hindrances which beset the Church's progress in the Eastern Townships, the other furnishing that information regarding the Church Society's operations and objects, which enables one to contribute intelligently.

The Collections amounted to \$122.27, and were devoted to the Mission Fund.

PENSION FUND.

(For the support of aged and infirm Clergymen.)

During the past year six Clergymen have received from this fund that support, in their declining years, so justly due from the Church to which they had given all their working days.

By the death of the Rev. Dr. Ker, a claim of \$400 per annum upon the Fund ceases. After thirty years of varied and valuable services to the Church in this Diocese, the

Rev. Canon Richardson has felt compelled, by a dangerous and chronic infirmity, to relinquish the pastoral duties which he had discharged so faithfully, and acceptably, and to take his pension. \$2,035, in the aggregate, has been paid from this Fund during the year.

WIDOWS' AND ORPHANS' FUND.

Nine Widows and five Children, of Clergymen who, in their life-time, were labourers in this Diocese, and subscribers towards this Fund, have received aid during the past year, amounting in the aggregate to \$2,650. By the death of Mrs. Vial and Mrs. Ward, the number of annuitants has lately been reduced to twelve, in all.

The following Clergymen have made the required number of payments to the W. & O. Fund, in accordance with Art. XIV. of the By-Laws, viz: The Ven. Archdeacon Roe, the Rev. Messrs. Smith, Lyster, Kemp, Von Iffland, Burrage, Washer, Thompson, Foster, Hepburn, Richardson, Boyle, Allnatt, Sykes, Ball, Blaylock, Richmond, Chapman, Harding, Stevens, Thorneloe, Wurtele, Scarth, Petry, Fyles, Riopel, Stuart and Rev. Dr. Adams.

The following Clergymen are in the course of completing their payments, viz:—Rev. Messrs. Adcock, Balfour, Bayne, Brooke, Brooks, Debbage, Dickson, Faulconer, Forsythe, Fothergill, Fuller, Horner, Husband, Larivière, Murray, Robertson, Rothera, Rudd, Scott, Walters, Weary, Wilson and Wright.

EDUCATION FUND.

Sixteen schools have received much appreciated assistance from this Fund during the past year. The Law of the Province requires that all property shall be taxed for School purposes, and that if non-Romanists, either from paucity of numbers or poverty, do not maintain a School for their own Children, the taxes upon their property shall go towards the support of the Roman Catholic School, if such there be in the municipality.

In some poor districts, our people were in this latter hard position, prior to the Church's welcome aid being given, and would be again, if it were withdrawn. From this it will be seen how important is this department of the Society's work.

We have again to acknowledge, with deep gratitude, the grant of £80 stg., from the Colonial and Continental Church and School Society, in furtherance of this cause.

The following are the Schools aided—the grants being for the Scholastic year, September 1st to June 30th :

FUND FOR THE EDUCATION OF THE CHILDREN OF THE CLERGY.

Nine Children have been aided by this Fund during the past year, to the extent of \$765.00.

Of this amount, one half (his usual proportion) was the kind gift of Mr. Robert Hamilton.

An increase of \$74.71 was noted last year in the contributions towards this Fund. We are pleased to note a further slight increase this year of \$26.54. Considering the worthiness of the cause, the Fund should receive a wider and more generous support than it does.

DEPOSITORY.

(For the sale of Bibles, Prayer Books, Hymn Books, Sunday School Books, Books of Devotion, and other useful and instructive publications.)

The sales for 1893 amounted to \$599.06.

The sales for 1894 have been as follows :

It will be seen from the foregoing statement, that the sales for the past year exceed those of the previous year by \$37.00. They exceed the average receipts for the past six years, by \$100. From this we hope we may infer that the Depository, as a handmaid in the Missionary cause, is becoming more useful.

BISHOP WILLIAMS MEMORIAL MISSION FUND.

Of the \$39,548.64 subscribed towards this Fund, only about \$3,000 remain unpaid; and, as the subscriptions were, for the most part, made payable in three annual instalments, and the third not due until March, 1895, we may hope, even before this Report is published, to be able elsewhere therein to acknowledge the receipt of this balance. That within three short years \$40,000 could be raised in a comparatively poor, and numerically small diocese, such as ours,—and this without apparent injustice to the Church's

ordinary home and foreign demands, shows what may be done when the heart is aright and the object a worthy one.

Though the three-fold object of this Fund had the highest instincts of a churchman of this diocese to appeal to, we cannot but feel profoundly grateful that the response which it has met with has been so general, so liberal, and so hearty.

CHURCH HELPERS' ASSOCIATION.

Once more have we to express our great indebtedness to the members of the Church Helpers' Association, as for their many other good works, which have aimed at beautifying the Houses of God in poor districts, and cheering and encouraging struggling Missionaries, so *especially* for the more thorough and energetic canvass made in behalf of the Funds of the Church Society, resulting in a marked increase, over last year, in the city's contributions thereto. We are quite ready to believe that this latter service, in behalf of our Holy Church, is by no means the most attractive or agreeable portion of their good work, yet is it most acceptable and helpful to the Church Society; and therefore, for it particularly, do we express our thankfulness. The result of their labours only shows what might be proportionately expected from every Parish and Mission, were a like thorough, systematic and earnest effort carried out.

LIFE MEMBERS.

A single donation of \$50 towards any of the Funds of the Church Society renders the donor eligible to election as a "Life Member" of the Church Society. All such gifts are capitalized, and the interest applied towards the object selected. The withdrawal of the S. P. G. grant of \$4,500 per annum, and the lower interest now obtainable on invested capital, unite in rendering most essential the increase of our working capital, if the work itself is not to suffer. We cannot but think that there are many women as well as men, not in Quebec alone, but scattered throughout the Diocese, who, if appealed to, and made aware of the circumstances, would be willing to become "Life Members," and so strengthen and confirm the Church's work. The Funds most deserving are the Mission Fund, the General Fund and the Pension Fund.

LEGACIES AND DONATIONS.

During the year the following legacies have been received :

From Mrs. E. Harbeson Cream, and applied to Mission Fund, one share Merchants' Bank Stock, par value	\$ 100 00
From Mrs. Catharine G. Rickaby, a donation in behalf of Three Rivers Endowment Fund ...	1,000 00
From the McGee bequest to Magog Endowment.	139 67
	\$1,239 67

The management of the "Bowman Endowment" for Stanstead, (\$1,000.00) has been assumed by the Church Society in behalf of the Bishop.

FINANCIAL OUTLOOK.

The extensive changes in the investments of the Society during the past year are of sufficient importance to call for special notice. The printed accounts of the different funds show that new investments have been made to the amount, in round numbers, of \$180,000, a sum representing nearly one-third of the whole capital held by the Society. Of this amount, \$150,000 is re-investment ; and though the average rate of interest secured, 4.90 p. c., is considered satisfactory for the safe class of securities to which we are limited, it is a reduction of $1\frac{1}{2}$ p. c. on the rate of the securities redeemed, they having paid an average of 6.02 $\frac{1}{2}$ p. c.

In other words, the unavoidable changes in this one year will cause an immediate loss of \$1,687 per annum ; and this will be enlarged, year by year, as investments are changed.

This is a most serious fact to face ; and can only be met by more general and generous contributions from every parish.

The reduction is partially felt this year, in many of the funds, but it will be more apparent in 1895 ; especially in those affected by the alterations in the dates of interest-payments.

The unusual incident of the non-receipt of the full interest on three investments has also helped to lower some of

the revenues. The amount is a little over \$1,000, but its collection will probably be received shortly, without any loss.

The income of the Bishopric Endowment Fund, this year, falls \$150 below the amount (\$5,000) required.

Owing to the lower rate of interest obtainable on re-investment of maturing capital, this shortage will increase year by year until in 1899, a revenue of \$4,000 is all that can be reasonably looked for from the present capital, instead of \$5,000, as hitherto received therefrom, and required. At a meeting of your Board held in September last, it was resolved to solicit subscriptions to a Guarantee Fund, to cover the anticipated deficiencies of the next three years, and before the expiration of this time, to make an effort, through general appeal, to increase the capital of the fund to a revenue—producing—point of \$5,000.

RESIGNATION OF CANON RICHARDSON.

In September last, the Rev. Canon Richardson was compelled, by enfeebled health, to resign the office of Secretary of the Church Society, which he had, for six years, filled with so much efficiency and acceptance. By his kind and courteous manner, and his unremitting attention to the multifarious duties and interests of the Church Society, Canon Richardson had endeared himself to all his co-workers, and had won the esteem of all who knew him. Your Board cannot but here re-echo the sentiments of profound regret and sympathy, at the time conveyed to him. At the same time would we express our thankfulness that we are privileged to enjoy, feeble though his strength still is, the pleasure of his presence and the benefit of his counsel.

The Rev. A. J. Balfour, M.A., Rector of S. Peter's Church, was unanimously elected Secretary of the Church Society, in the room of Canon Richardson.

IN MEMORIAM

VISCOUNT MONCK.

As usual on the occasion of our annual gathering, and as was perhaps only to be expected, it falls to our sad lot to record the removal, by the hand of death, of many who, in

their life here, were honoured members, and some of them, very active and zealous members, of our Society. The most distinguished of these is Viscount Monck, Governor General of Canada from 1861-68, the last representative of the Crown under the old régime, and the first under the new, or Confederation system.

Lord Monck became a "Life Member" of the Church Society at once on his arrival in Canada, and during the seven years in which he filled the high and important office of Chief Ruler, he contributed \$50 annually towards the Funds of the Society. He ever took a deep interest in the cause of Education, and in 1864, graced by his presence the Convocation of Bishop's College, Lennoxville. He died on November 29th, 1894, in the 76th year of his age.

THE REV. DR. KER.

The Rev. Matthew Ker, D.D., came to this Diocese in the year 1856, in the fifteenth year of his ministry, and retired from active duty in 1882. The sphere of his labours, whilst with us, was almost wholly confined to the remote mission of Sandy Beach, Peninsula and Little Gaspé, where his generous gifts of heart and mind won for him the esteem and affection of his people.

Dr. Ker's last twelve waiting years on earth were spent in Niagara, where, at the ripe age of 83 years, he entered into rest, on October 16, 1894.

WILLIAM GODFREY WURTELE.

In the death of Mr. W. G. Wurtele, the Church in the city and diocese of Quebec has lost one of her oldest and most faithful lay workers.

Mr. Wurtele was for more than fifty years a member of the Cathedral congregation, and for an unusually long portion of that time, church-warden of the same,—for forty years a member of the Church Society and its Central Board,—from its origin, a member of the Synod of the Diocese,—from its inception, a member of the Diocesan Board,—for twenty-five years, Treasurer of the Clergy Trust Funds, under whose wise and prudent management not a dollar was lost through bad investment during that long period

—these facts, without comment, bespeak the Church's indebtedness to the good man now gone from us. Mr. Wurtele was a kind hearted man, a conscientious churchman, a devout and constant communicant, and the end of his earthly pilgrimage was the end of a faithful christian labourer, calm, peaceful, and full of bright hope.

MRS. RICHARDSON.

We have also to record, with deep regret, the death of Mrs. Richardson, the wife of our late esteemed Secretary, which, with painful suddenness, occurred on the seventeenth of June last. We need scarcely assure Canon Richardson that he has the deepest sympathy of every member of the Church Society in his affliction.

MRS. WILLIAMS.

There is one other, who, on the 18th of December last, was called from the Church militant to join the Church in waiting, and, though far away when the summons came, is one whose name and character, and zeal for God, will long be treasured by us in affectionate remembrance. We refer to Mrs. Williams, the widow of our late revered Bishop, and the mother of one of the most esteemed clergymen of this Diocese. Mrs. Williams was for thirty-six years a member of the Church Society, and throughout her husband's long episcopate of nearly thirty years, was one of the most assiduous and faithful promoters of its varied good works.

Animated by a christian faith, bright and clear; in disposition kind and thoughtful; in temperament, hopeful and sanguine; in works of charity ever active; how could such a life have been other than helpful and contagious in its effect? We venture to say that there is no Mission from the coast of Labrador to the other extreme of our Diocese, but has received oft tokens of her handiwork, or the pecuniary fruits of her own untiring and inspiring energy. Mrs. Williams was thoroughly imbued with a missionary spirit, its cause seemed ever to occupy her thoughts and hands, nor were her sympathies and interests limited to the Church's work in this diocese or on this continent. Few were more conversant with the missionary operations of the Church the world over, and this wide knowledge engendered interest and zeal proportionately broad and deep.

Almost her last act on earth, but a few hours before she "fell asleep," was to take with her own hand, some gold from her purse and send it to the S. P. G. Her jewelry, at her own request, was to be disposed of, and devoted to the Mission Fund of the Diocese.

As for His countless other gifts, so for the gift of this and every noble christian life and example, we thank God; and we pray Him to bless all such to the promotion of His own glory and the extension of Christ's Kingdom.

The whole of which is respectfully submitted.

A. H. QUEBEC,
Chairman.

A. J. BALFOUR, M.A.,
Secretary.

REPORT OF THE DIOCESAN BOARD OF MISSIONS

TO THE

Diocesan Church Society for the year 1894.

The following is the abstract of the revenue account of the Diocesan Board for the year ended December 31st, 1894:—

Dr.	Cr.
To Stipends \$26,405 74	By Balance from 1893.....\$ 1,280 79
" Pensions..... 643 32	" Assessments received..... 12,913 14
" Special Missionary Work. 933 24	" S. P. G. Grant for 1894.... 4,367 10
" Vacation Fund Grants..... 180 00	" S. P. G. " Pensions.. 242 65
" General Expenses 250 12	" Mission Fund..... 4,866 00
" Special Expenses..... 20 00	" Clergy Trust Fund..... 5,310 93
" Balance..... 650 53	" Vacation Fund donation. 80 20
	" Interest 22 14
<u>\$29,082 95</u>	<u>\$29,082 95</u>

A comparison of the above statement with that for 1893, shews that while nearly \$800 more has been received from Assessments, and \$567 more from the Mission Fund and Clergy Trust Fund combined, the reduction in the S. P. G. Grant has amounted to \$940 and the expenditure has increased by over \$1,000. Your Board, it will thus be seen, has been obliged to exceed its actual income by some \$630, which had to be drawn from the working balance in hand at the beginning of the year. This balance, which ought not to fall below \$2,000, in order punctually to meet the quarterly drafts of the Clergy before the Assessments are received in full, and the Mission Fund Offerings and subscriptions paid in, has now been reduced to \$650.

The adoption—if your Society sees fit—of an amendment to the By-Law, by which the whole of the surplus revenue of the Clergy Trust Fund shall be placed at the disposal of the Diocesan Board instead of only two-thirds, as at present, will be of some assistance to the resources of the Board; but, in view of the fact that the reinvestment of the rapidly maturing securities of this Fund involves a large reduction in the rate of interest, it would be unwise to count upon much increase of income from this source.

It is satisfactory to notice an increase of \$334 in the amount of contributions to the Mission Fund. It is not such an increase as your Board feels sure would have resulted from a fuller appreciation of the important part this Fund plays in the advancement of the Missionary work of the Diocese; but all who are interested in that work should hail it as an earnest of greater results in the future. Now that the special effort in behalf of the Bishop Williams Memorial Fund has somewhat relaxed, it is hoped that both from the city and country larger subscriptions and offertory collections will flow into the Mission Fund.

Your Board would venture to draw attention to the fact that there are still some congregations where the claims of this fund find a response only in the offertory collections at Michaelmas; and would respectfully suggest to the Clergy serving such congregations that some advocacy on their part in its interest, and the appointment of collectors, could not fail in securing annual subscriptions most helpful to the work carried on.

The revision of the Assessments completed in the early part of the year, resulted in an increase of nearly \$800. A few congregations, whose assessment expired on 31st December, have in some cases increased the amount, and in others, there is reason to believe that this good example will be followed. These are evidences of progress which, considering all the circumstances, may fairly be regarded as satisfactory, indicating an ever increasing appreciation of the Church's ministrations on the part of the people, and faithful persevering work on the part of the Clergy. They bear testimony also—if additional testimony were needed in favour of that which has long ago been conclusively demonstrated—to the success of the system administered by your Board known generally throughout Canada, from Cape Breton to the Island of Vancouver, as "The Quebec System."

Besides the Reports of the Clergy, which contain full and most interesting details of the work which is being carried on in the various Missions of the Diocese, and to which members of the Church are referred for instances of persevering and successful labour in the midst of many difficulties, your Board would draw pointed attention to a paper read by the Venerable Archdeacon of Quebec, at Sherbrooke, in December last, on the expansion of the Church

in the St. Francis District, published in the last number of the *Diocesan Gazette*. The account there given of steady continuous advancement during the last twenty-seven years is most interesting, and shows how greatly blessed the Missionary work of that District has been during that period of time.

But, while we have reason to thank God for the many proofs of advancement the Diocese presents, we ought not to remain unmindful of one very great need—the need of improvement in the Stipends of the Clergy. It is a matter of painful regret that the want of means should so generally compel the Clergy to devote time and energy in the performance of necessary manual labour which would otherwise be given up to study and other duties of a more spiritual character. When we look around and observe men past the meridian of life still under the necessity of grooming their horses, lighting their fires and preparing their fuel, returning to their homes cold and tired after a winter journey in their Parishes, and obliged first of all to care for the faithful animal which has carried them through the deep snows, besides attending to other incidental chores, it is obvious that whatever is possible to ameliorate this state of things ought to be attempted. The Church Society, at its last annual meeting gave expression to its sense of this need by adopting a resolution instructing your Board to take the matter into consideration. The want of means, as the financial statement just read shows, has thus far rendered any practical steps impossible. So soon, however, as the resources of the Diocesan Board are sufficiently increased to permit of it without hindering its necessary work your Board will count it an obligation of first importance to improve the scale of stipends. The attainment of this object, it is obvious, rests with the members of the Church every where throughout the Diocese, since the necessary increase of funds can only be secured by larger contributions to the Mission Fund and additions to the Assessments.

Since the last Report, by the formation of Montmorency, Stoneham and Lake Beauport into a separate Mission, the number on the list has been increased to thirty-four, exclusive of the four self-supporting Parishes.

The congregations of Sandhill and Johnville, together with Milby, which last is a part of the Parish of Lennoxville, and therefore, unconnected with the Board, are served

by the Clergy of Bishop's College. They all, however, contribute an annual assessment towards the necessary expenses.

The following appointments have been made during the year :—

The Venerable Archdeacon Roe to the Mission of Brompton and Windsor, on the resignation of the Rev. J. C. Cox.

The Rev. W. J. Curran to St. John's, Melbourne.

The Rev. G. F. Hibbard to Montmorency.

The Rev. J. N. Hunter to the Magdalen Islands, on the resignation of the Rev. Josiah Ball.

The Rev. H. A. Dickson resigned the Mission of Newport in the month of September, since which the Rev. Professor Wilkinson has made provision for regular ministrations, with the approval of the Board.

The following changes have taken place since the close of the year :—

The Rev. W. A. Adcock has been appointed to the Mission of East Angus on the resignation of the Rev. H. E. Wright to accept the curacy of St. Peter's, Sherbrooke, and the Rev. Robt. W. E. Wright to the Mission of Georgeville and Fitch Bay.

The Rev. H. S. Fuller has been appointed to the Mission of Portneuf and the Rev. C. B. Washer to the Mission of Bury.

All which is respectfully submitted,

A. H. QUEBEC,
President.

Report of the St. Francis District Association of the Church Society for the year 1894.

It is not surprising that in a year of serious financial depression there should be a falling off in the annual contributions for Church purposes in this District. It is rather a cause for thankfulness that the falling off is comparatively slight. This year the total amount reported as raised in the District is \$26,272.13. Last year the amount reported was \$28,070.14, a difference of \$1,798.01. The sum given this year to extra-Parochial objects is \$3,259.83, rather more than 12 per cent of the total income. Last year the sum thus given was \$4,048.90, more than 14 per cent. The amount raised for the Church Society, this year, is \$1,064.76. Last year it was \$1,153.56, a falling off of \$88.80.

With regard to the spiritual interests of the District, it is cheering to note the many signs of progress referred to in the reports of the year. A majority of the reports record good attendance on the Sunday Services generally, with increased attendance at the Holy Communion. There are at least three Churches in which daily prayer is offered either throughout the year or during the summer months. Sunday School Conferences have been held in three centres and are felt to have quickened the interest in, and efficiency of our Sunday Schools. Missionary Meetings have become decidedly more frequent than in former years and are spoken of as means of great good. The Woman's Auxiliary continues, not only its activity, but its growth. Several new branches have been formed during the year.

Bishop's College has this year become an important centre of Missionary operations. At the Deanery Board of 1893, a discussion took place which led to the establishment of a College Mission made up of Milby, in the Parish of Lennoxville, and Sandhill and Johnville, in the Parish of Eaton. This Mission is now thriving under the faithful care of Rev. Prof. Wilkinson. The spirit of Missionary zeal thus aroused found further development in the formation of a Bishop's College School Mission in the borderland between the Parishes of Lennoxville and Waterville, and

on the road known as the Belvidere, on the borders of the Parish of Sherbrooke. There are six School-house Stations in this Mission. The work is ably and zealously carried on by the Rev. Principal Adams, assisted by some of the Masters of the School, and by certain members of the Bishop's College Brotherhood of Readers.

The Bishop has made his influence felt for good throughout the District. By delivering popular Lectures on English Church History, his Lordship has done much to awaken an intelligent interest in that most important subject. By frequent visits, by stirring sermons and addresses, and by practical co-operation in almost every good work, he has given real encouragement and help to Clergy and people alike. The results are very apparent.

The reports of the year embody many bits of wisdom worthy of being pondered. One of our most experienced clergymen, speaking of the work done in a certain out-mission, says: "Delicacy in insisting on the duty of paying to support the Church's Services has proved itself a failure here." Another clergyman, having in mind the large sums of money paid annually for the insurance of Church property, asks: "Why could not our Diocese become its own Insurance Society?" Another, referring to the education of children, says: "I am persuaded that even a monthly Catechising for half an hour will be productive of great good." Another adds: "With the approval of the Commissioners, I give half an hour in the Day School on Mondays. I am convinced that half an hour on Monday is worth a great deal, as a time for imparting religious knowledge." Still another, speaking of the arrangements of our Services, says: "The separating of our Prayer Book Services seems to be a real desideratum." And two clergymen report that on certain Sundays in each month they separate Morning Prayer from the Holy Communion, and make the latter independent, and the chief Service of the day.

Many facts of general interest and significance are also reported. Mr. Dorey's devoted labours to improve our choirs are continued throughout the District, and are bringing forth good fruit. It is perhaps significant of the increasing attention paid to Music that so many new Church Organs have been bought this year.

Electric light has this year been put into several of our Churches.

Repeated reference is made, as in former years, to the activity of women on the work of the Church.

The new Mission Station of Eaton Corner, opened last year, continues to thrive. It has undertaken to pay an annual assessment of \$50, and has purchased a building to be used as a Mission Chapel.

The Bishop's College Brotherhood of Readers has been busy during the year, its members having taken duty in various directions.

The number of Baptisms reported is three hundred and eight. The number of Confirmations nearly two hundred. Death has been busier than usual amongst us, nearly two hundred Burials being reported. There have been also the usual lamentations over the removal from our midst of many earnest and devoted Church people.

Yet on the whole there is cause for devout thankfulness to Almighty God, who has given again this year abundant proof of His blessing. And we have reason to believe that, if we press on with undiminished faith and unabated zeal, there are yet greater achievements and more ample blessings in store for us in the unrevealed future.

GEORGE THORNELOE, M.A.,
Secretary.

Sherbrooke, 9th December, 1894.

ACTON.

The Rev. Louis C. Wurtele reports:—

After the common lamentation, now of so many years, of a steady emigration of our English-speaking people, I am happy to be able to report that during the past year, although there has been no increase, there has at any rate been no further decrease in our numbers, and happier still to be able to record a marked improvement in the attendance at Church, and especially at the Sacrament of the Holy Communion. The Services, too, have been heartier, the singing and responding better. In Danby there has been a wonderful change for the better in every respect. Ever since the great fire some few years ago, which consumed almost every building in the place, including our little Church, the congregation has had to worship without the welcome aid of an instrument. During the

past year a Chapel Organ, of the Bell Manufacture, has been provided, at a cost of \$140. The ladies of the congregation have added other improvements, thus manifesting their love for God's House and their zeal for His work. The attendance at Church has greatly improved. My work in this section seems to have been blessed; and I thank the Most High for His goodness and kindness to us all.

The Services have been carried on as heretofore. Morning and Evening Services every Sunday at St. Mark's Church, Acton; in the afternoon, on three Sundays of the month, at Danby; on the fourth Sunday, at Wickham.

On June 5th we had amongst us the presence of our beloved Diocesan, when ten Candidates received the Holy Rite of Confirmation; of these six were adults.

On June the 14th, a Branch of the Woman's Auxiliary was organized, under which a Junior Branch has since been established; so that now old and young alike are taking interest in Foreign and Domestic Missions.

ASCOT CORNER AND WESTBURY.

The Rev. H. E. Wright reports:—

The work in this Mission during the past year has been progressive; and though this progress is in no case remarkable, it is general throughout the whole Mission, and sufficient to give great hope for the future.

Ascot Corner.—This place, beautiful by nature, has hitherto been a source of much anxiety; the people themselves were utterly discouraged, and doubted the possibility of our making the Church a living force.

This year, however, there has been a great change; and there are bright hopes for a more prosperous future. The attendance at the Services of the Church is regular, the average being at least three times what it was for a long time past. A Sunday School has been carried on through the Summer, and I owe much gratitude to Mrs. Chester and Mrs. Kees for their faithful services as teachers.

The music and singing are also greatly improved, making the Services much more hearty and congregational. For this, thanks are chiefly due to Miss Acsa Stacey and Miss Grace Loomis. We have also started a Branch of the C. E. T. S., which is in a flourishing condition, having a membership of forty-five.

Through the efforts of the Girls' and Women's Guilds, money has been raised to re-shingle the Church, buy Hymn and Prayer Books for the use of the congregation, and make improvements in the interior of the Church.

East Angus.—In this place, in point of numbers we have only about held our own, except in our Sunday School.

Last year, there were thirty children attending, now there are forty-five.

This increase has come chiefly by drawing in children whose parents are not of our Communion; and they are all receiving good sound Church teaching. I have received faithful and efficient help from Mrs. Charnock, Mrs. Wright and Mrs. Woodrow. I am deeply grateful to them.

We have taken down the steeple of our Church, because it was in danger of falling; and the Church looks better, and will last many years longer in consequence.

Our little Parsonage has been moved, repaired and enlarged, till it has become, in the words of the Bishop who has just visited us, "a model of what a Parsonage ought to be."

This has cost us upwards of \$800; and though I have succeeded in making myself a nuisance generally, I have not yet succeeded in raising the whole amount.

The Ladies' Guild has done good work, contributing \$100 towards our Building Fund. Without this I doubt whether we could have carried through the task which is now well nigh successfully completed.

BARFORD.

The Rev. G. H. A. Murray reports:—

The history of this Mission, during the past Christian year, manifests indications of temporal progress; spiritual advance, however, is not so easily judged. The Bishop's visit, in December, 1893, extended over three days, during which time His Lordship held five public services, visited two schools and called at upwards of twenty houses. The people were delighted to meet their genial Chief Pastor in their own homes. Before leaving, the Bishop commissioned me to say, that he was well pleased with the condition of things in the Mission, except that the Parsonage should have a furnace. Acting upon this suggestion, Mr. S. A.

Baldwin, of Norton Mills, Vt., a generous supporter of the Church, requested me to urge upon the several congregations, at the Easter Vestry meetings, the necessity of having the Parsonage put into a good state of repair and the addition of a furnace, at the same time instructing me to inform them, that he would subscribe liberally. This I did, and each congregation agreed to do its share. The result is that the Parsonage and outbuildings have been re-shingled with cedar shingles and re-painted, a cellar has been dug and the furnace put in. The whole cost amounts to nearly \$300, of which amount His Lordship generously contributed \$20 ; all the rest will be met by the different congregations before the end of the present month.

My regular work on one Sunday is three Services, a Sunday School and drive of thirty miles ; on the following, four services, a Sunday School, and a drive of twelve miles. This means great physical strain at any time, but especially when the roads are bad and the weather stormy ; it must be done, however, in order to keep the congregations together, and even this arrangement gives Perryboro' only a fortnightly Service. During the year, three hundred and twenty-five Services have been held in the Mission.

Mr. Aveling, formerly of St. John the Evangelist's School, Montreal, now of Bishop's College, Lennoxville, rendered me valuable assistance during the Summer vacation. To give as many Sunday Services as the exigencies of the Mission demand, I require the assistance of a Lay Reader every fortnight at least, and during the vacations ; but, as the funds to meet the necessary expenses are not available, I shall be obliged to do what I can alone until some provision can be made to remove the financial difficulty.

The congregations at Dixville, Stanhope and Perryboro' have exceeded the record of any previous year ; this is encouraging when it is borne in mind that the Dissenters have held two great Revival Meetings in our midst during the year.

St. Cuthbert's Church, Dixville.—Ten regular Services are held here each month : those on Sunday morning are well, the others poorly, attended. The indifference and lukewarmness manifested by some is partially, if not wholly, balanced by the increased earnestness of others. The Sunday School has not been so well attended as one could have wished. Mr. George Mayhew, sr., an old friend of the

Church and Clergy, passed, I trust, into the rest of Paradise, on 19th July. Mr. Gill, as usual, makes prompt collections. Miss Johnson is always at her post as organist and helps in the Sunday School. Miss Boright, the district school-teacher, who has been added to the Sunday School staff, does her work faithfully.

St. Lawrence's Church, Barford.—Usual fortnightly Services with very little change in the congregation here. My financial report will show how generously Dr. Ward contributes to the different Church objects.

St. Paul's Church, Stanhope.—Eight Services per month are held in this Church. The signs of improvement, perceptible during the past year, have been, better congregations, heartier Services, larger contributions, and the attendance at Sunday School more than doubled. The Sunday School owes its success to the painstaking efforts of Miss Bishop and Mrs. Marsh and to the liberality of Mr. Baldwin.

The congregation is largely indebted to Mr. and Mrs. H. W. Marsh for a new horse shed; for while the one superintended the work, the other did the collecting.

Mr. Bishop and his family have discharged the duties of Church-Warden and Sexton faithfully, and gratis.

The removal of Mr. Hughes and family will be felt very much; he was a liberal subscriber, his wife an earnest worker for the Church, and his children regular attendants at both the Services and Sunday School.

Church of the Advent, Perryboro'.—Thirty-six Sunday and ten-week day Services have been held during the year. These have been well attended by a devout and hearty congregation. A most pleasing feature is the large proportion who attend the early Celebrations. The Ladies' Guild continues its good work. On two occasions the women of this congregation invited Mrs. Murray to meet them, and turned out in large force to help her with her sewing; these and many other evidences of friendship and good will make it a pleasure for one to work among such people.

I may remark, in conclusion, that the Church in these parts is still confronted by the barrier of prejudice on the one hand and indifference on the other, to overcome which there is need that members of the Church, and especially Communicants, have a firmer grasp of Church principles, and a deeper interest in spiritual things, as well

as be both ready and willing to co-operate with their pastor in every effort put forth to win souls for the Master and "to hasten His Kingdom."

BARNSTON.

The Rev. C. H. Brooks reports :—

The New Year brought with it the cheer and help of a very delightful sub-deanery meeting, the first ever held in this Mission; on the two evenings we had public Services with a congregation of fifty and fifty-five respectively; the first evening, Rev. E. A. W. King preached us a most acceptable Epiphany sermon,—for the Anniversary of this Church of the Epiphany; the next evening we had most interesting missionary addresses from Rev. W. A. Adcock and Canon Foster. Why don't all our sub-deaneries have and hold regular meetings? Can they afford to do without them? During the Winter, a weekly Prayer Meeting and Bible-Class was held from house to house throughout the village; the attendance was never large, but the impression made on the community was evidently good; almost every house near by was freely opened to us. Our Sunday School was resuscitated last Summer, being held at 10 a.m., and the Morning Service at 11; the first of each month at the earlier hour, we have had Morning Prayer with either Baptism or Catechising of the School, and at the later one, Holy Communion with Hymn and Sermon. The separating of our Prayer Book Services, and so the emphasizing of their individual scope and beauty, to one unused to the confusion and fatigue consequent or using them all together, seems a real desideratum. The attendance at the Sunday Evening Services last Winter reached the maximum of fifty. The payment of very considerable sums by our two congregations for insurance on their buildings, raises the question why our Diocese should not have its own Insurance Society. During the year, improvements have been made in both the Church and the Parsonage, and not least in the grounds; if cleanliness is next to godliness, why should not the land next to God's Home be clear of weeds, stones, etc.?—and preach to the whole community, seven days in the week, its sermon of order, beauty, etc.? Membership in our Farmers' Club and active participation

in its meetings, I have found both pleasant and helpful. Our greatest material need is of a Parish Hall. Who, made wise by experience, will tell us how to get the money, and then how best to spend it? Both our vestry meetings were very satisfactory in their spirit and in their appointments; what should we do without our two admirable treasurers?

BISHOP'S COLLEGE, LENNOXVILLE.

The Rev. Principal Adams reports:—

With feelings of great thankfulness do we make our report at the end of another Christian year. Though the Chapel is far from complete, we are able to worship in it regularly. The Services are as before—Holy Communion every Sunday and every Saint's Day; Daily Prayer morning and evening; Litaney on Sundays, Wednesdays and Fridays. During Lent a quarter of an hour's special Service with readings at 7.45 a.m.

In our Clerical Staff we have suffered the loss of one member, the Rev. N. P. Yates, B.A., who has left us for Germany. The four Professors on the Chapel Staff have taken the Services in turn, besides doing a considerable share of Mission work. The Rev. B. G. Wilkinson, M.A., Professor of Pastoral Theology, has taken his turns, in preaching in the Chapel, and his regular weeks on duty, as well as the charge of the Mission of Sandhill, Johnville and Milby. Other Mission work has been done from the College in the neighbourhood, of which I shall speak in a separate report.

As regards our graduates, three have been ordained Priests: Messrs. I. N. Kerr, B.A., N. M. Bayne, B.A., and E. K. Wilson, B.A.

A number of boys in the school were Confirmed by the Bishop of Quebec in June.

The Missionary Union has held meetings as usual. In the Trinity Term we had a Sermon and an Illustrated address from the Bishop of Quebec; In the Michaelmas Term a Sermon and Address from the Bishop of Moosonee, the Right Rev. Dr. J. A. Newham. In the Lent Term, we had Missionary Union Sermons by Prof. Wilkinson and a Missionary Meeting with a speech from the Bishop of Athabasca, Right Rev. R. Young, D.D. We have been much interested in these visits and in recognizing our duty towards

the outlying vast Dioceses of the Dominion ; the consolidation of the Church in 1893 has brought these Dioceses nearer to us.

The Bishop of Quebec has visited the College each term, and on each occasion has given instructive lectures on the Spiritual Life, on Church History, and on the practical aspects of Church Life. These addresses have been listened to by both Professors and Students with much appreciation.

The Principal's work as Chaplain of the School has been continued ; there are three classes :—(1) Communicants, (2) a Confirmation Class, (3) a Preparatory Class. The period of preparation for Confirmation lasts for the whole session.

There are more candidates for Holy Orders in the College than ever before, and at the commencement of the fiftieth year we have the largest entry on record and the largest number of students ever present in the College at one time. Some of these come from Ontario, others from the Old Country. A considerable number of the Students, as well as three of the Masters, have been most helpful in the B. C. S. Mission, of which a separate report appears.

Our thanks are due to the Church Helpers of Quebec, to the St. Matthew's Guild, and to Mr. R. Hamilton, for various gifts of Church furniture and fittings for the Sanctuary.

Besides being present at nearly fifty Mission Services, the Principal has preached at Stanstead, Bebee Plain, Montreal, (St. John's and St. Jude's, Grace Church and St. George's); Quebec, (St. Peter's, St. Matthew's, and Montmorency, in July); Sherbrooke, (St. Peter's and Church of the Advent); Lennoxville, Milby, Dixville, (four Services), Burlington, Vt.

BISHOP'S COLLEGE SCHOOL MISSIONS.

The Rev. Dr. Adams reports :—

It has been felt for some time that if possible more Missionary effort should be made from the College and School as a centre. The Church at Milby has always been served from the College. In former days the Churches at Sandhill and Ascot Corner sprung out of Mission work from the College.

The resolve that new Missionary ventures should be made, received impetus at the Deanery Board Meeting of December, 1893. In consequence, chiefly of that meeting, the

Professor of Pastoral Theology was appointed to take charge of three stations—Milby, Johnville and Sandhill. He will report on the work done there.

It was thought that Services could be held on the western side of Lennoxville, and after consultation with the Rev. E. A. W. King, M.A., of Waterville, two School-Houses were occupied every Sunday, one at Howard Mines, and the other at No. 12, a point about two miles from the Albert Mines, the Eustis Mines and the Felton House. The Services were alternately, afternoon and evening. At Howard Mines, the Services on the whole did not prove very satisfactory. Most of the inhabitants attend a Methodist Service in the same School-House at another hour. At No. 12, which is in a sparsely populated region, we have no competition. The average attendance here has been fourteen. At present we have a Service at Howard Mines once a fortnight, and at No. 12 every Sunday afternoon. I have baptized one adult and have a youth now being prepared for Baptism.

After a few weeks, during which Mr. Barley and myself had plenty of exciting driving adventures, we began to think that Service could be held at the Belvidere School-House No. 8. Services were held here from the beginning of April, once a fortnight, and after a short time, we added to the fortnightly Sunday Service a fortnightly Service on Wednesday evenings; this latter was discontinued during the vacation. At this School-House twenty-eight Services in all have been held since April 1st; average attendance seventeen. The interest has been fairly kept up and the responding is fair.

Altogether we have held at the Albert Hall seventeen Services with an average attendance of sixteen. After the vacation, the Principal was somewhat disabled for a time.

It was now suggested that we should add the Bullard School-House and Moulton Hill School-House to our list.

Accordingly, since October 1st, the Mission has been conducting Services at six centres; four every Sunday and one or two in the week. In the eight weeks of October and November we have had a weekly average of over one hundred persons, shewing an aggregate of eight hundred and twenty-nine at six centres, and in forty-six Services, (thirty-two Sunday and fourteen week-day.) Nine-tenths of these persons would not have been ministered to by the Church otherwise.

The receipts up to November 30th are : from the school boys (Trin. Term), \$31 80 ; Rev. G. S. Ramey, of Paddington, London, W., \$9.72 ; Chapel offertories, \$10.83 ; profit of Concert, \$21.60 ; four books sold, \$1.05 ; offertories in Mission, \$6.52 ; promised subscription of school boys for Michaelmas Term, \$22.20.—Total, \$103.72. On the other hand \$87.66 has been spent up to date and the balance will be required for the November expenses.

The Principal wishes to thank all who have helped him in the Mission Services.—Total number from February 1st to December 1st, one hundred and nineteen Services, and two thousand one hundred and five is the aggregate attendance ; average, nearly eighteen.

We minister at present to about one hundred different persons in the week and we have visited from forty to fifty families.

The work at the Bullard School-House is most encouraging. Average attendance for ten Sundays, thirty ; about one-third children, and they have been catechised regularly every Sunday after the Second Lesson.

The work at the Moulton Hill School-House is also quite encouraging. This work is taken entirely by three of the masters : Mr. Barley, Mr. Brockington and Mr. Anden. The other helpers in this Mission have been Rev. Dr. Allnatt, Rev. Prof. Watkins, Mr. A. D. Nicolls, Mr. H. A. Elkins, of Sherbrooke, Rev. F. S. Karney, Messrs. Bishop, Almond, Watson, Vial, Donnelly, Turner, J. C. Dixon, Mundy, Lowe, Burns, Aveling, Moore and Patterson.

It will be advisable next year to keep some of the posts open all the year round. We have evidently suffered at Howard Mines and at No. 12, and probably at the Albert Mines, from the lack of continuity.

BISHOP'S COLLEGE SCHOOL MISSIONS.

MILBY, JOHNVILLE AND SANDHILL.

The Rev. Professor Wilkinson reports :—

Since 28th January, 1894, these three places have been under my charge.

St. Barnabas', Milby.—Church-Wardens : J. Miles and E. Tambs. Sidesmen : M. Libby and E. Burton. Additional representative to the Deanery Board : E. Burton. Delegate to the Synod : A. D. Nicolls.

Services every Sunday and on Wednesday evenings during Lent and Advent.

Holy Communion first Sunday of every month. Sunday School has been regularly carried on by Mr. Pye, and at present there is a Confirmation Class taken by myself.

The Lord Bishop paid his first visit, much to the delight of the people, on Sunday, 2nd September. He preached to a large congregation and was assisted in the Service by the Principal of Bishop's College.

We have to record the death of Capt. Bray, for many years a faithful member of this congregation; and we take this opportunity to thank Miss Bray very heartily for her efficient services freely and self-denyingly given for so long a period as organist; she and her sister have to the great regret of all left Milby. Her place at the organ has been kindly taken by Miss Annie Tambs.

We have to thank Miss May Burton for a very generous gift to the Church of matting and carpet.

The Church greatly needs a new roof and re-painting.

Johnville.—Church-Wardens: A. Hunter and W. Muncester. Delegate to the Synod: Eugene Smith.

Services fortnightly; well attended.

The Sunday School is held weekly as hitherto under the charge of Mr. Oakes, to whom for this labour of love we owe more thanks than we can express.

To the Choir, their leader and the Organist (Mr. and Mrs. E. Smith) we owe much of the heartiness of our Services.

St. Luke's, Sandhill.—Church-wardens: B. Leavitt and T. Butler.

Services—part of year fortnightly, part weekly.

We have especially to thank Mr. Rufus Labaree and Mrs. Facticeau for their services at the organ, the Ladies' Guild for considerable financial assistance, and Mr. Rufus Labaree for his readiness to lend a helping hand in every difficulty.

The Sunday School, which Mrs. Rufus Labaree took charge of for part of the year, has for the present dropped.

We need vessels for the Holy Communion. As the Church possesses none, those belonging to Milby have to be used.

General remarks.—During the months of July, August and part of September, Mr. Pye (Bishop's College Brotherhood of Readers) was left in charge of this Mission; he performed his duties admirably and was diligent in visiting,

making altogether one hundred and thirty-nine visits. My own visits, since 28th January, have been one hundred and seventy-six.

W. Barton—Occasional duty at Lake Megantic until July. Shared the work at that place with Mr. Almond since September 23rd.

Mr. F. G. Vial—February 25th and April 8th at Milby and Compton respectively with Mr. Moore.

Mr. J. P. Turner—Assisted Rev. Canon Foster at Coaticook during August. One Sunday at Marbleton for Rev. Mr. Weary.

Mr. J. Dowdell—took occasional duty at Milby from December 1893 until close of College year.

At Acton for Rev. L. C. Wurtele for one Sunday in January. During July and August assisted Rev. J. Rothera at Leeds. At Inverness for Rev. P. Roe for three Sundays in September.

Mr. G. Pye—Fortnightly Sunday Services at Sandhill during Lent and Trinity Terms with other members of the Brotherhood. During July, August, and to September 15th had charge of Milby, Johnville and Sandhill for Rev. Prof. Wilkinson. Since then Mr. Pye has assisted Prof. Wilkinson in Sunday School work and in the Services on Sunday.

The Bishop held an Admission Service for receiving members into the Brotherhood, December 7th, 1894. The following were then admitted:—Messrs Watson, Stevens, Dickson, Donnelly, Turner, Vial and Pye.

At the regular fortnightly meetings of the Brotherhood, held in the Lent and Trinity Terms, aside from the discussion of subject relating to the Misson work done by the members, the Book of Isaiah was taken up and a part of it read and talked over under the direction of the Warden.

During the Michaelmas Term Rev. Canon Thorneloe and Rev. J. Hepburn have each delivered addresses to the Brotherhood. The former spoke on Church Principles and the latter on Work among Men. For these practical and suggestive addresses the thanks of the Brotherhood are due to those who have so kindly given them.

BOURG LOUIS.

The Rev. J. B. Debbage reports:—

It may be said of a Mission like this that a great deal has to be done to accomplish what seems little. Our people are farmers, and scattered, and so with the exception of attendance at the regularly appointed Services, they cannot be gathered together, and can only be reached by house to house visitation. This, of course, takes a good deal of time,

especially in visiting the sick and dying. For death has as usual, been carrying off some of our members.

We have been, this year, unusually favoured in the number of helpful visits received. The Venerable Arch-deacon came first. His Mission was to get our people to raise the Assessment. He started the new subscription list, and soon enough was promised to warrant the Church-Wardens signing an agreement for an increase.

Next came the Lord Bishop of the Diocese. His visits always cheer and encourage both clergyman and people. It happened that this one was on the anniversary of his former visit, a year before, and of our late Bishop's, three years ago, and of my marriage twenty-five years since. I had only eight Candidates for Confirmation, but this made sixty-nine confirmed in the three last visits,—a good percentage for a place like this,—and I trust that as time goes on those confirmed will realize more and more fully their obligations and privileges, and look upon themselves as indeed soldiers and servants in the Kingdom of Christ

The Rev. R. A. Parrock also came and spent a Sunday with us. This was his first visit here, but all are hoping for the pleasure of seeing and hearing him again.

Our Rural Dean, the Rev. I. M. Thompson, appointed a Deanery Meeting to be held here on All Saints' Day. The Meeting was not a success, but the Services and Mr Thompson's sermons made up for any failure in the meeting. We tried to get Mr. Thompson to come and hold a series of Mission Services. At the last, under advice from his doctor, he had to disappoint us. But the Rev. A. J. Balfour had come to conduct some preparatory Services, and he kindly undertook to prolong his visit and do what was possible to make amends for the disappointment. His kindness was much appreciated by us all.

A pleasing event of the year was the presentation of a sum of money by the people through Messrs. Thomas Sissons and John Darbysson, to my eldest daughter, to mark their appreciation of her services as organist.

In November, a stable was erected on the glebe. The people turned out with a good will and the work was quickly done. I have since provided myself with a horse and a cow to occupy it; thus both the Mission and our home may hope to reap some benefit, and added comfort from this addition to our real estate.

One of our schools was closed during a part of the year, owing to the resignation of the teacher, after many years of service. It has been re-opened under other management. The other two schools are taught by the same teachers as formerly. It would be difficult to keep these schools open without the aid from the Church Society.

BURY.

The Rev. H. S. Fuller reports :—

During a year of much trouble and anxiety, which made no small demands upon one's strength and endurance, and of petty worries and annoyances which served still more greatly to unfit one for work, affairs here have perhaps fallen into a somewhat dislocated and chaotic state ; but still—thanks to the good loyal-hearted friends who have stood so steadily by me, as in past time, so more particularly in this year of trial, ready with encouragement in the shape of unfailing helpfulness, and quiet unobtrusive sympathy—something has been accomplished, even if an unsteady hand and weary burdened brain were at the helm ; among others, I might mention, my good church-wardens Messrs. Wyatt, Boydell and Browne, as also the wives of the two latter, who have been ever ready to forward and second the efforts of their husbands in all good works, and that with a pleasant amiability and a simplicity of manner beyond all praise.

Passing from Parish work to the personal side of matters, I owe great thanks to very many of my parishoners for innumerable acts expressive at once of kindness, and the true spirit of Christian helpfulness ; but where so many have been kind, it were invidious to mention any particular names, while to give anything like a detailed list of names were a somewhat lengthy matter ; I would however take the present opportunity of marking my sense and appreciation of the very great and abounding kindness by one and other displayed.

At St. Paul's Church, our property remains pretty much in the same position as before, save that a Guild of young girls—under Mrs. Boydell's direction—have found means to lay down a capital hardwood floor in the kitchen, and

also to sheathe the room (which was a very cold one) with wood, making it much more comfortable.

By the efforts of Mrs. Boydell and these young ladies, I might also mention that some \$70 were paid of arrears due to myself—while they have also assisted, in a variety of ways, to forward other matters, whenever occasion required.

Our insurance on Church property has also been very materially increased. We now carry on our village property what I consider an adequate sum.

The Glebe has also been greatly improved by the addition of some three acres of arable land cleared of stone and put into good shape, and by the removal of an unsightly snake fence, and the substitution of a very much neater wire and board fence, also by the putting in of a new Hydraulic Ram and pipes connecting us with a spring of capital water.

At St. Johns we have now made a decided move. The old Church, (built in the time of the Rev. W. King, one of the early Priests of this Mission,) doubtless, at that time, a liberal and self-sacrificing gift of devoted hearts, had become by age unsightly and shabby within and without.

To-day—by a great effort on the part of our good people—it stands forth, so transfigured, that its original worshippers would fail to recognize it, from any outward evidence of identity. The whole has been clap-boarded—Tower and Church alike—and painted in two tints of grey; we have to-day as handsome a little Church as one could wish to see, colours harmonizing nicely, and the whole effect by no means unpleasing. The intention is, as soon as possible, to take the interior in hand; but, as we have to build a horse-shed also, we shall find our hands tied for some time to come—unless some good friend, who feels inclined to lend a hand to people who have done their best to help themselves, will come forward and give us a lift in the matter. I will promise, on my part—should such a thing happen—that they shall find, if I am here to superintend it, that it shall be as good in work and design as anything to be found in country places.

A bell or bells lie also somewhere in the future; one good man, who has always been a very thorough-going churchman and has stood by the Church in weather fair or foul, proffers \$10, and I know where to find another \$10, so practically a beginning is made.

The churchyard has had a new fence erected on two sides, and we have \$19 towards finishing the remainder. In the matter of the sheds we have \$18 on hand and hope to get out timber for frame and boards during the winter.

In addition to the money collected for various objects at St. John's, a surprisingly large amount of voluntary work upon the Church was furnished by the people of the neighbourhood, and one is more than happy to see so good results from the free will offerings of money and work so generously bestowed.

When it is remembered that at best this is a very feeble congregation, it will be seen that we have not been idle during the past year. We are but a "feeble folk," and, as far as the parson's word goes, the privilege of lending a helping hand will be denied to no one.

CACOUNA.

The Church-Wardens report:—

The Church of St. James the Apostle was opened for Divine Service on Sunday, 1st July, 1894, from which date until 2nd September, the usual Sunday and week-day Services were regularly maintained.

The Rev. A. J. Balfour acted as Chaplain during the month of July, and the Rev. Professor Allnatt during August. On the 2nd September the Services were kindly taken by the Lord Bishop of Niagara, who, together with the Rev. Canon Dumoulin, and the Clergy, from time to time in residence at the "Clergy House of Rest" gave much valued assistance throughout the summer season. The growing appreciation among the Clergy of the advantages of the "Clergy House" is evidenced by the unprecedented number who availed themselves thereof during the past season, and who came, not merely from our own Diocese, but from almost every Diocese in this Ecclesiastical Province.

CAPE COVE AND PERCÉ.

The Rev. W. G. Lyster, Rural Dean, reports:—

If I except the welcome visit of the Lord Bishop in July, there is hardly anything of special interest to report. On that occasion I was sorry to be unable to present any

candidates for Confirmation; all the young people of suitable age having been Confirmed the year before.

I regret to report that our Cape Cove Lay Reader, Mr. G. Gaudin, was obliged to visit Montreal in October and to undergo a dangerous surgical operation. The operation was successful I am thankful to say, but Mr. Gaudin's health has not yet been quiet restored. We are very hopeful however of his ultimate recovery.

We have, to my sorrow and that of many others, lost from the Percé congregation two kind and valued friends, Mr. and Mrs. Amy.

Mr. Amy had been a very efficient Warden for many years, while Mrs Amy was always ready to aid cheerfully in every good work. I am glad to report that our schools, though small, are in a satisfactory condition and are doing useful work. No. 1, under Miss Whinfield, is well attended, and several girls who are over school age are taking advantage of the instruction of a Model-School teacher.

No. 2 is a great boon to the people of the Cape, whose children, being very young, would be quite unable to attend a distant school; these little ones have made very fair progress and do credit to Miss L. LeGallais. We are very grateful for the aid of the Society in supporting these schools.

Our third School, L'ause au Beaufile, has an attendance so small that we are debarred from seeking the grant which was at one time given to it. There are now very few children in that district.

The Percé School has also been open during part of the year, with an attendance of fifteen young children. The people here are anxious to have their children educated, but the small number of residents in the village, and lack of funds, are very serious obstacles. I wish to acknowledge very gratefully the valuable services, both here and at Percé, of the Lay Readers, Organists, Church-Wardens and others, who have aided in the work of the Mission.

COATICOOK.

The Rev. Canon Foster reports:—

I have nothing new or startling to report concerning the work of the Church in this Parish during the year which is now drawing to a close.

The Services and Sunday Schools have been kept up with unfailing regularity during the year.

The average attendance is about the same as last year.

Parochial Visiting, not only of the Church families resident in the parish, but of all who attend occasionally, to whatever class or creed, or no creed they may belong, has been faithfully kept up.

Mr. J. J. Fisk, Manager of the Knitting Mill, has kindly taken the office of Superintendent of St. Stephen's Church Sunday School, and discharges his duties with entire satisfaction to myself, and with great acceptance on the part of the pupils and his fellow teachers. I have a children Service, with Catechising, on the second Sunday in every month. I am persuaded that even monthly Catechising for half an hour will be productive of great good by way of instilling sound Church principles into the minds of our young people. I have also a faithful staff of teachers at Christ Church, North Coaticook, where the Sunday School is held in the morning, and the Service in the afternoon.

The Ladies' Guild of St. Stephen's Church are hard at work raising funds for the building of a Church Hall for the parish.

Experience teaches me that holding Sunday School in the Church is not conducive to reverential behaviour on the part of the pupils during Divine Service. We have now on hand about \$200 towards the cost of the building, which will afford common ground for Vestry Meetings, Guild and other Parish gatherings.

Much needed repairs, costing about \$50, have been made on the Parsonage buildings, the funds for which were raised by a concert given by the ladies of the Parish, assisted by friends from a distance.

The Women's Auxiliary have sent a bale of clothing, books, &c., to the Rev. Mr. Stocken, of St. Barnabas Mission, Sarcee Reserve, N. W. T.

Of the hundred dollars subscribed by the Parish to the Bishop Williams Memorial Fund, fifty have been paid to the Treasurer, and the remaining fifty dollars will be paid during the present Winter.

COMPTON.

The Rev. G. H. Parker reports :—

I wish first to mention in connection with this Parish the activities of the ladies of the congregation, and to thank them for the large assistance they have rendered the Church-Wardens in meeting current expenses, by their hard work and self-sacrificing spirit. Were there no obstacles in the way of having women as Church-Wardens, and I know of none, I should decidedly desire to see them elected to the office, and then I am sure we should not unfrequently see matters much more flourishing.

During the past Summer, Services have been regularly carried on in what I may term a new part of the Parish, known as the Sanders' district ; and judging by the usually good attendance, these Services have been appreciated.

The Ladies' College opened in September with a goodly number of pupils, and was doing good and satisfactory work until November, when the management thought well to close it (November 23rd), on account of two cases of Scarlet Fever. No further cases have appeared, and the School will re-open on the 7th January, 1895.

The Bishop is to be with us for Confirmation on the 9th December.

 DANVILLE.

The Rev. Thos. Blaylock reports :—

The Services in this Mission have been regularly kept up throughout the year with the exception of a Service each in Troutbrook and Lorne during my absence for a month at Roberval.

The congregations have been fully up to the average all round, and the number of Communicants very satisfactory, especially at Troutbrook and Danville, where the attendance at Holy Communion has averaged from one-third to one-half of the congregations.

A successful Sunday School Conference was held here in October, the teachers and elder scholars from Troutbrook, Danville, Richmond and Kingsey being present. Papers were read by Inspector Hewton and Rev. Mr. Wright, who also read Mr. Hepburn's paper, he being unable to be present till evening. Many of the teachers expressed them-

selves as having received valuable aid, which they hope to put into practice. In the evening a Public Service was held, at which very acceptable addresses were given by the Rev. Mr. Sykes and Inspector Hewton, the latter speaking with no uncertain sound on the distinctive principles of the Church, and bringing home to all how much we owe to her, as the Mother Church of the English-speaking race, and the cherished guardian of our religious liberty.

It would be well if many of our educated laymen would oftener seek or have provided for them the opportunity of pleading the cause of the Church to our people. It is their right and their duty to do so whenever they can ; the result can only be for good.

The Church at Lorne has been thoroughly painted both inside and outside, by means of voluntary labour (thus saving about seventy-five dollars), and now looks like a new building.

A handsome new Altar Cloth has been placed in the Church at Danville, and a much needed side-walk built from the Church to the road.

All the Church-Wardens have kept up their interest in the work, and all Assessments due have been paid.

During the Summer the Lord Bishop paid us a visit and delivered an interesting and instructive lecture on Church History. His Lordship's remarks were illustrated by Magic Lantern Views, and proved very acceptable to a large and intelligent audience.

There have been a few more deaths than usual owing to an epidemic of scarlet fever, the circumstances attending some cases being particularly sad.

Several classes are being prepared for Confirmation and will be presented to the Bishop very shortly.

The work at Kingsey Falls by Mr. Wayman (who has been assisting me during the whole year) has been successful in spite of great drawbacks. In the early part of the Summer the Paper Mills were entirely destroyed by fire and a large number of our supporters were obliged to leave the neighbourhood to seek employment elsewhere. In consequence of this the amount contributed by the congregation had to be reduced by fifty dollars per annum, and even under these conditions the Church finances got considerably behind during the time which elapsed before rebuilding was commenced. The present Wardens, Messrs.

Teece and Johnson, are making a determined effort to clear off the deficit, and once more free the Church from debt. The congregations and offertories have been very good, and as a result of these Services we expect five or six candidates for Confirmation. A Ladies' Guild has also been successfully started in connection with this Mission, and will certainly be of great assistance in many ways.

There has been considerably more expense for horse-hire than we have funds to meet, although the deficiency has been much lessened by the kindness of Messrs. Foster, Cleveland, Thurber and Stockwell.

The Ladies' Guild of Danville has, by means of collections at its meetings, and sale of work, raised the sum of \$134.08.

The ladies who collected for the Church Society have secured \$17.26 more than last year.

DRUMMONDVILLE.

The Rev. F. G. Scott reports:—

There is very little to record of the past year, yet it has been one, I think, of quiet progress, and has been certainly a very happy one.

The Services have been held regularly, and the congregations have been larger than heretofore, partly owing no doubt to the fact that the Sundays, during the greater part of the year, have been fine and the roads good.

This year again Mattins and Evensong were said daily in the Church during the three Summer months.

I was also able, during July, August and September, in addition to our three Services here, to hold a Service on Sunday afternoons at Mitchell Station, a little settlement in the woods some fourteen miles away.

The Services are held in a School-House, and are well attended, frequently every man, woman and child in the place is present, making a total of about thirty souls.

As a large proportion of the people do not belong to the Church, we use paged prayer-books, thus enabling all to find their places without difficulty. The responses, as a consequence, are very hearty.

Since October, the condition of the roads, which are rough enough at best, has prevented my driving out in

time to return for Evensong at seven ; so now I have to go less frequently and make the journey by hand-car, a much more rapid and enjoyable way of travelling, especially when one has three stalwart men to do what is technically called the "pumping."

The Bishop, on his return from Forestdale, visited Mitchell Station early in November, preaching there at Evensong, and celebrating the Holy Eucharist on the following morning at 6 30 o'clock. Later on in the same morning, he came to Drummondville by train, and after Mattins confirmed an adult who had been unable to present himself on the occasion of his Lordship's last visit.

We look forward to our regular Confirmation next Spring.

I am sorry to say that the financial condition of the town is in a veay bad state. Three years ago the large Tannery "shut down," and now the Foundry has followed suit.

As the latter paid out \$50,000 a year in wages, and to the farmers for wood and ore, it will be readily seen what a loss its closing will entail upon almost everyone.

The poor workmen are kept quite penniless, and, as there is no call for labour here, they are forced to leave their families and go elsewhere for the Winter. In the Spring it is probable that a large number will migrate.

I am thankful to say that our hopes have been realized, and that we have been able to hand over to the Treasurer of the Church Society the large sum of \$1,200 to be added to our Endowment Fund, thus raising our income from that source to \$400 a year.

With the full consent of the Teacher and Trustees, I give half an hour's religious instruction in the day School every Monday morning, and I am convinced that half an hour on Monday is worth two whole ones on Sunday as a time for imparting religious knowledge, though of course we still continue our class on Sundays.

I should like here to record with thankfulness, the great kindness, consideration and affection that I meet with from every one in the parish. I am sure the last is fully reciprocated, and few outsiders can understand how close the ties of individual sympathy between priest and people become in a small country parish as year after year passes away with its burden of hope and happiness, or anxiety, sorrow and change.

DUDSWELL.

The Rev. Edwin Weary reports :—

In reviewing the work of the Church in this Mission for the past year, we have cause to be thankful for the success that has marked our endeavours to further the work of our Great Master.

The Services in connection with our two Churches have been kept up without intermission, and the School-house Services have been attended whenever the Incumbent was in the Mission.

In St. Paul's Church, Marbleton, the Sunday Services have been largely attended throughout the year, the week-day Services not as well as they might be. The Services are hearty, and the congregation most attentive. Our Choirs are doing good work and a marked improvement has been made in the singing. New Choir Stalls have replaced the old school-house benches used last year. A new Font was given to the Church last Easter. A handsome cedar fence of ecclesiastical pattern has been erected in front of our beautiful Cemetery. The Church Hall has been fitted up as a Reading and Amusement Room for the young men of the place, under the care of the Brotherhood of St. Andrew. We intend improving the Hall by raising the roof and adding a much needed platform.

Our Sunday-School is now doing good work under the care of one of the wardens, (Mr. J. E. Bennett.) We have forty scholars and a staff of six teachers.

The Ladies' Chancel-Guild have done much to improve the appearance of the interior of the Church. I thank them heartily for their valuable help and labor of love.

The Assessment has been paid regularly each quarter. Several improvements have been made to the Parsonage, and the people are now busy sinking a well.

Last year, when I took charge of the Mission, I found a debt of two hundred dollars on the Parsonage and Church. I am pleased to say that to-day that debt has been entirely wiped out, and now we are ready to go ahead with many much-needed improvements.

The Services at the Church of the Good Shepherd, situated in a more thinly populated part of the Mission, have been remarkably well attend throughout the year. Here also the Assessments have been paid regularly. The Ladies' Guild

in connection with the Church, aided by the Association of Church Helpers in Quebec, have supplied a magnificent set of Altar Vessels and Altar Linen.

The Services in the School-houses at East Dudswell and Earle have been well attended; the people in these adjacent parts of the Mission have been used in past years to Services by dissenting Ministers, but seem to appreciate the Services of the good old Church of England, the Church of their fore-fathers. Forty members of the Church have been added to the Roll of Communicants since last report. Communicants' classes are held by the Incumbent every Sunday evening after Service during the seasons of Advent and Lent.

We have had two visits from our good Bishop this year, the first in December, when twenty-six candidates were presented for Confirmation; the second last month, when twelve more were confirmed, making a total of thirty-eight for this year.

At the Bishop's last visit, his Lordship held the first Confirmation Service ever witnessed in East Dudswell. The large congregation was greatly moved by the eloquent and burning words of the Bishop. This first visit of a Bishop to this isolated place will not be soon forgotten by those who had the pleasure of being present on this occasion.

Missionary meetings were held throughout the Mission last January, addresses were delivered by the Incumbent, Rev. T. S. Chapman, and the Rev. H. Wright, of Angus. Several local speakers took part in the meetings. These meetings were well attended and much appreciated, and all are looking forward to the next ones to be held next January (D V.)

The annual Harvest Thanksgiving Services were held in every settlement in the Mission. The principal Service was held in St. Paul's Church, Marbleton. Several of the Clergy from the surrounding Parishes assisted. An eloquent and interesting Sermon was preached by the Rev. W. G. Faulconer.

I have to tender my sincere thanks to the Wardens of both Churches, for the valuable assistance they have so willingly rendered, especially in seeing that the Assessments were sent in promptly, no easy task in a country Mission like this.

I must also thank our Organists, Mr. P. Hunt, Miss Chap-

man, Miss Andrews and Miss Embrey, for their kindness in giving their time and services so willingly and regularly.

I must not forget to express my sense of gratitude to our esteemed and worthy friend, Rev. T. S. Chapman, for officiating on two occasions when the Incumbent was absent.

I have received much kindness from all my people, and I think that the kind good feeling which exists between Pastor and flock will long continue and the interest in Church work will not flag but increase still more and more.

I thank God for the work accomplished in the past; for the future I have hope and take courage.

DURHAM.

The Rev. D. Horner reports :—

Divine Services have been conducted as usual on Sundays and the Greater Festivals during the year. The Sunday Schools of the Mission have not flourished as they should have done. However a small Library (to which the S. P. C. K. has added a grant) has been purchased by the members of South Durham Congregation. The Ladies' Aid at South Durham still continues its good work and the proceeds are put into the Bank towards the Church Building Fund.

Last Christmas, the Kirkdale Sunday School children made the Incumbent's wife a present of a pretty reading lamp, and some Kirkdale friends gave the Incumbent a serviceable sleigh-robe.

The cistern, which had been placed in the Parsonage cellar, has been paid for by the members of the South Durham and Kirkdale congregations. The congregation of Kirkdale undertook the payment of the cost of painting and papering the Parsonage and Verandah; this was done during the Summer months. Also, I am pleased to report that the windows of the Kirkdale Church, which were wrecked last Fall by the heavy gales, have been restored. Lastly I beg to express my grateful appreciation of the last work which the same congregation have undertaken, namely, the completion of the stable and carriage house belonging to the Parsonage. The stable is now thoroughly warm; a double door has been put upon the carriage house and a floor laid. My appreciation will be understood,

when I mention that in Winter months gone by, I was frequently compelled to use the gentle ministrations of an axe to further the work of cleansing the stable floor ; also I found the selfsame article extremely useful in the arduous work of extricating my waggon from the snow and ice which had covered the lower part of the wheels, while under shelter. Last year, when early Spring required its use, I was fortunate to secure the services of an experienced wood chopper, and the waggon came out whole. Now, however, the altered condition of the stable and its surroundings enables me to look forward to the rigours of the coming Winter with equanimity, and to my concluding Sunday exercises as a pleasant dream ; whereas, formerly, when the thermometer registered twenty below zero, the work was about as hopeless as that of unharnessing a night mare.

The work of ploughing the ground surrounding the Parsonage was begun this Fall by three members of the Kirkdale congregation, viz. : Messrs. W. G. Lyster, William Hall and James Stevens. The ground had become practically useless for want of cultivation. I expect that the work will be finished in the Spring, other members of the congregation having already promised to come. The pasture was enclosed last Spring with a strong fence.

I have reason to be grateful not only for the good work which I have reported, but also for the sympathy shown by the above mentioned congregations during the past year. I might mention that their promptness in sending the necessary Assessments has helped to relieve a natural anxiety ; and their attendance at the Holy Communion and other Divine Services, affords that pleasurable restfulness which I am so grateful for ; but, in all honesty, I ought to mention that I am unable to give as favourable an impression of the congregation of L'Avenir as a whole ; the interest there is not what it used to be. Of course this is only my impression, and it may be a false one, but I began to notice a difference in the attitude of the congregation towards the Church after certain unjust accusations had been made against the members of the Building Committee, for their dealings with the contractor of the Church lately built. These and other questions of a like nature have seemed to vex even those whose Churchmanship is unimpeachable, and to estrange some who were beginning to know and to

appreciate the Church's work. Since that painful occurrence, the work has dragged heavily in that quarter of the Mission.

EATON.

The Rev. A. H. Robertson reports:—

St. Peter's Church, Cookshire.—The work of the Church has gone on smoothly during the past year. The Services have been well attended, and the average attendance at Holy Communion shows an increase over previous years. Last Easter we had the largest number present at the Sacrament that has ever been recorded in our history. The Sunday School also shows an increase, and my thanks are due to the earnest and devoted teachers.

The Guild and Woman's Auxiliary meet fortnightly. The attendance is always large and the meetings interesting.

Mrs. Robertson organized a junior branch of the Woman's Auxiliary last Winter; more than thirty girls belong to it. The children undertook to clothe an Indian girl named Alice in St. Peter's Mission, Piegan Reserve.

They worked diligently; and early in the Summer sent off a most complete outfit of clothing, &c., for their *protégée*.

On May 31st, the third annual District Festival of Church Choirs was held in St. Peter's Church under the leadership of Mr. Dorey. The Service was most enjoyable, but the attendance from neighbouring parishes was very small, some not being represented at all.

The Lord Bishop paid us a visit on 31st August for Confirmation.

On 3rd October, a Sunday School Conference was held for this district, as appointed by the Deanery Board. One of the Clergy appointed to read a paper disappointed us, but Revs. E. A. W. King, W. T. Forsythe and H. E. Wright, gave us most excellent and instructive papers and addresses. As a detailed report of the various Conferences will be presented to the Deanery, I need not repeat it here. I am sorry to say that, although ample notice of the Conference was given to all the neighbouring parishes, not a single teacher or lay person was present, except from our own Church. The papers and addresses were most helpful and merited a large attendance. I am glad to say that our finances seem

to be in a healthy condition and that our payments to the Diocesan Board are now sent off promptly. This is due to the "Envelope System," which was introduced and has been managed by the Rector, since 1st January, 1894. I hope that next year the Wardens may relieve me of this duty and manage it successfully for the future.

The Rectory has been put in order during the past Summer; cellar wall rebuilt, water-works and sewers put in, house painted outside, painted and papered inside, and hardwood floors in principal rooms. It is now one of the best Rectories in the Diocese. The Ladies' Guild have met most of the expenses, having paid \$143 towards it. We have \$550 on hand for a Parish Hall.

Eaton Corner.—In my last report I spoke of the new work opened in this place, and the opportunity for Church extension. I am glad to say that the problem has been partly solved. The Rector of Eaton gave up two stations, Sandhill and Johnville, into the pastoral care of Rev. Prof. Wilkinson.

The result is that at Eaton Corner we have now a duly organized congregation with a weekly Service. They, at their own request, signed an agreement with the Diocesan Board to pay an annual assessment of \$50. A Sunday School has been organized, and a Ladies' Guild, who, though few in number, have worked so well that they made over \$90 during the past year. I have just bought a building, which we mean to fit up for a Mission Chapel, with Parish and Guild Rooms above. Our members in Eaton Corner are few and we have had much to contend with, but we have a small band of earnest faithful workers, to whom my grateful thanks are due, and to whose labors is due whatever success we have had.

FITCH BAY AND GEORGEVILLE.

The Rev. W. A. Adcock reports:—

In a country Mission like this the work varies little from year to year.

The Services of the Church have been systematically, kept up, and, on the whole, have been well attended. A large percentage of the worshippers, of late, have been men.

The congregations have been active, and, on the whole the work has been encouraging.

At Georgeville, special Services were held during the Summer months by the Rev. G. O. Troop, M.A., of Montreal, which, needless to say, were most highly appreciated. The Ladies' Guild has been in active operation. Under their auspices, a sale of work was held in August last, and a furnace for the Church purchased with the proceeds thereof. The Sunday School has been well attended under a staff of four zealous teachers.

At Fitch Bay we have cause for much thankfulness. Amid the fiery opposition of four different religious bodies, the work is by no means easy, yet have we held our own. The Church's growth, if slow, is sure. She is alive to duty's call and ready to respond to all appeals.

In Lent last, eight stained glass windows were presented to the Church by members of the congregation, as a thank-offering for mercies received. A furnace has recently been placed in position, which gives entire satisfaction to all interested. The Sunday School is doing good work as a nursery for the Church. The seed therein sown is bearing good fruit.

In the Bachelder neighbourhood the Services are well attended, with a good showing of young men.

In the Bointon neighborhood also the ministrations of the Church seem to be much appreciated. I desire here to record my great indebtedness to the Rev. G. C. Troop, of Montreal, for his kind and valuable assistance; to Dr H. R. Codd, Lay Reader, for his ever ready and much appreciated help, and to the many other Parish workers who have by sympathy and assistance aided and encouraged me in the work of our Holy Church.

FRAMPTON.

The Rev. F. J. Boyle reports:—

In an old Parish like this, and with an old Clergyman too, there are not many events occurring from year to year to mark the quiet work which is being carried on.

The Services in my three Churches have been faithfully maintained and well attended, nor has there been any falling off among my communicants; and, as will be seen by my financial report, my people have contributed with reasonable liberality towards Church purposes, and that too, in the

face of one of the hardest years that we have experienced since I was put in possession of this Mission—something over twenty-five years ago. The majority of my people are farmers, and their staple crop is oats, but unfortunately that grain was visited with some kind of blight, and what harm the blight did not do, a hail storm, that visited us in July last, completed, so that the yield in many cases was two-thirds short; but, for all this there has been no shrinkage on the part of my congregations either in liberality to myself or to other Church purposes.

Our Day Schools are doing excellent work, taught by Miss Elvidge in West Frampton, and by Miss Lloyd at Hemison. I offer many thanks to the Church Society for their timely aid to these schools, for without their assistance it would be a hard struggle to keep them going.

The Woman's Auxiliary, I am pleased to say, is working with a will, and doing good work; several new members have been added this last year.

The most pleasing event during this year was a visit from our worthy Rural Dean, accompanied by the Revs. J. B. Debbage and T. Rudd. I need not say that both Parson and people were delighted to see these old friends, from whom, by the way, I trust we received much benefit; and, as I believe, such meetings are an established institution in the Deanery of Quebec, we shall all look forward with pleasure to see our Dean and other Clergy up again with us next Summer. These gatherings, I feel confident, do us all good.

GASPE BASIN.

The Rev. J. P. Richmond reports :—

The usual Services have been kept up during the past year, and have been well attended, especially the Services at St. James, and at the L'Anse aux Cousins School-House.

I have again to record the loss by removal of a family of active Church-workers in the congregation of St. Paul's Church, Gaspé Basin. Twice within twelve months we have lost our Organist. These losses tell very heavily on an already small congregation. Mr. Abraham Coffin, for many years Church-Warden of St. Paul's Church, and one of the leading men in the municipality, departed this life on the ninth of December, after a lingering illness patiently

endured. He will be very much missed by his poorer neighbours, most of whom were indebted to him for kindly assistance.

The Church-Wardens of St. Paul's Church find it hard work in face of yearly losses to keep their engagements with the Diocesan Board. They have done so, and also helped the work of building a new Parsonage.

The principal work in Gaspe South is the new Church building in the Grant Settlement. The progress has been as good as could be expected, and the people are making a push to have the building finished by the month of July.

GROSSE ISLE.

The Rev. R. W. Colston reports :—

I was appointed by the Lord Bishop to the chaplaincy of the Quarantine Station, at Grosse Isle, for the season of 1894, May to November.

Number of Services held, 312 ; Celebrations of Holy Communion, 34 ; Daily Evensong ; On Sundays, Mattins and Evensong ; Clinical ministrations, 193 ; number visited in the Detention Quarters, about 200 ; number of sick, 54 ; letters commendatory and introductory, 29.

Collections were taken up at our Sunday Services in behalf of Domestic Missions, Bishop's College, the Mission Fund of the Diocese and other purposes.

HATLEY.

The Rev. A. Stevens reports :—

The work in this Mission, during the past year, has not differed in any marked way from that of other years. Services have been held every Sunday at the three stations, Hatley, Ayer's Flat and Massawippi, and on the principal Festivals and Holy Days at Hatley. The attendance at all the Services is not as large as it ought to be ; and while it is not altogether discouraging it yet shows a lack of appreciation on the part of many of the value and importance of waiting upon God regularly in His own House of Prayer. Our Sunday School is steadily growing, and the Library has been put in good order by Mrs. Reade, and fourteen dollars worth of new books added.

Both at Ayer's Flat and at Massawippi we feel more and more the necessity of having a building of our own in which to hold our Services, and I hope next year to be able to report some progress in this direction at the first named of these places.

Of the sums of money raised in this Mission during the year, about eighteen per cent was given to objects extra parochial.

HEREFORD.

The Rev. E. K. Wilson reports :—

My connection with this Mission dates from the 1st July, 1893, when, as Lay Reader, under the Venerable Archdeacon, I took charge of the stations at Leach Stream, and at Hall's Stream.

After my Ordination to the Diaconate, the little settlement at Averill, Vt., was transferred to my care. Whilst I have met with much kindness and many encouragements in my work, the difficulties and discouragements that have beset the Church's progress have been very great.

With the completion of the Church at Hall's Stream we vainly imagined that uninterrupted prosperity lay before us there, but the loss of three families from our already small number, a loss which included Mr. Edwin Bean, to whom we were so largely indebted for the Church itself, has been a most severe blow. In a pecuniary sense, too, is the loss sorely felt, inasmuch as it involves a diminution of \$45 per annum towards the Mission's Assessment.

Unfortunately both at Canaan and Beecher's Falls the Church is situated a mile and a half outside of the village. This is a great drawback. Beecher's Falls, situated on the Boundary Line, and the terminus of a Railroad, is growing in importance. As yet there is no place of worship within the village.

The residents of these two villages, being anything or everything but Church people, or Church goers, and not possessed of teams, can scarcely be induced to attend Divine Worship when it involves a walk of three miles.

During the year we had several much appreciated visits from Archdeacon Roe, through whose energy and kindness our finances have been placed upon a definite business footing.

St. Paul's Church.—This Church was duly consecrated to the Service of God by the Right Reverend the Lord Bishop of the Diocese, on 26th of January last. The presence of seven of the neighbouring Clergy, in addition to the Arch-deacon, helped to make the Consecration Service the more imposing and solemn, whilst the Bishop's inspiring addresses on that and the two following days could not fail to produce a deep and lasting impression for good. During this visit, his Lordship baptized two adults, and confirmed eight, also of mature age, and terminated his visit by conducting a Service in the Congregational Church at West Stewartstown, N. H.

We wish here to express our warmest thanks to Mrs. Trigge, of Cookshire, for the gift of a set of Fair Linen ; to Mrs. Clement, of Beecher's Falls, for a handsome set of Altar Vessels and an Alms Plate. All these, we hope, to have dedicated to the service of God by the Bishop on the occasion of his next visit. In connection with this congregation we have an efficient Ladies' Guild. To them we are indebted for a new Organ. We are much in need of horse-sheds, for the majority of our people have to drive to Church.

All Saints' Church.—I am thankful to be able to report some progress in the Church's work at this station. The interior of the Church edifice has been thoroughly and tastefully renovated, whereby warmth, convenience, comfort and a fitness more becoming the Sanctuary of God, have all been contributed. And for this good work we are indebted almost entirely to the self-sacrificing efforts of the family of Mr. Alex. Andrews. They have ever stood foremost, at times almost alone, in every good work in this Mission. Another great improvement has been the erection, at a cost of \$100, of a horse-shed, so essential in country districts, especially in Winter.

INVERNESS.

The Rev. P. Roe reports :—

The first four months of 1894, I was engaged almost daily in the visitation of the sick, some near my residence, others at long distances from my home. Some of the oldest and best members of the Church were confined to their beds for months, and six of them were taken to their rest. This

occurred in the severest part of the year, February, March and April, and often involved long journeys for the Missionary of from fifteen to twenty miles a day, over bad roads, and in the stormiest weather. My friend, Dr. Reed, frequently warned me that I was exposing myself too much; but the sick and dying could not be neglected and so the work was done, but it ended in a complete break down of my health, in August last; since when, I have been laid by almost altogether from ordinary parish work. The Services have notwithstanding been regularly kept up by the employment of a number of successive Lay Readers, viz.: Mr. Fred. Wood, for six Sundays; Mr. P. Dowdell, student, B.C.L., three Sundays, and Mr. Russell Hill, B.C.L., one Sunday. The Rev. Mr. Washer took the Services one Sunday. The Rev. John Kemp held Communion Services two Sundays. My brother, Archdeacon Roe, paid me two visits and held Services in both Churches. The Rev. R. A. Parrock, B.A., the Bishop's Domestic Chaplain, has been here two Sundays to take the Services and administer the Holy Communion.

The Bishop sent me, about two months ago, Mr. John J. Lowe, to act as resident Reader, and to visit the people. His Services are much appreciated by the people, and he is engaged to remain with me until July next, when my connexion with the Mission is to terminate.

The Rev. R. A. Parrock, B.A., at the request of the Bishop, has kindly consented to come to us regularly once a month until July next, for the administration of the Holy Communion; his two visits were very much appreciated; he preached thoughtful, earnest sermons and produced a very deep impression for good.

The Sunday Schools and Mrs. Roe's Bible Class have been well attended during the year, and no doubt this faithfully performed work will be blessed.

The monthly meetings of the Woman's Auxiliary have been held during the year, and have been well attended. Money and clothing for the Indians have been contributed during the year, valued at \$102.66. Number of members, thirty-five.

The weekly meetings of the young people for Choir practice, under the superintendence of the Misses Roe, has been well attended. The singing is considered very good for a country parish.

As I am retiring from the active work of the ministry on the 30th June next, after eighteen years of missionary labour, and as nearly the whole of my service as a Clergyman has been given to this Mission, a short review of the progress made by the Mission, during those eighteen years, will not be out of place. During those eighteen years, with the exception of two or three vacations of one and two months, I have not been absent from my Mission for a single Sunday, indeed I may say for a single day. My Parochial visits have numbered nearly five thousand four hundred, that is three hundred per annum. In my wife and four daughters, I have had, for a large portion of the time, five very efficient Catechists, reduced in later years to three. The number admitted into the Church, by Baptism, has been one hundred and forty-seven; the number of Marriages, twenty-four, and Burials, eighty. These eighty included many heads of families.

There have been seven Confirmation Services, and one hundred and fifty-one were confirmed. There are now eighty-five Communicants on the roll, sixty of these are fairly regular in attending; for instance there have been sixty at the Holy Table, at times, during the past year.

When I came here, in 1877, I found that there were seventy-seven families belonging to the Church; of these, during these eighteen years, thirty-six have left us, some have emigrated and some have died; twenty-eight have come into the Mission as settlers, or been formed, by Marriage, from families already here, making sixty-nine families here now. Among the families who have removed, we have lost some of our most efficient Church helpers; among them, I may mention Mr. John L. Brown, wife and daughters, now residing in Bisbee, Arizona; they were always devout Communicants and good Church workers. Mr. Brown was a great help to me, and kept the accounts of the Mission with the Diocesan Board in good shape, by his conscientious attention to the duties of Church-Warden.

We have some earnest members still left. Mr. Davies stands foremost, always ready to do what he can for the Church he loves. There are others, good helpers, but it will not be possible to mention all in a short report. Of course the Mission depends very largely upon the generous support of Messrs. King Brothers, who are always ready to help "liberally in every time of need."

I found, on coming here, one very small Church edifice and a smaller Parsonage; the latter so small as to be practically useless. These have both been enlarged to nearly double their original size, and are in a good state of repair; a good furnace has been placed in the Parsonage, and a well, sunk in the rock twenty feet deep, has been provided, which was very much needed; almost all these improvements have been paid for by a few of my own, and Mrs. Roe's personal friends, a grant from the Church Society of \$100, and generous gifts from Mr. Robert Hamilton, of Quebec, Messrs. King Brothers and a few others. A second Church has been built at Campbell's Corners, seating one hundred and fifty; it is a handsome building, and has been painted lately and sheathed inside with choice spruce boards, put up artistically, which produces a good effect. There is a good stable at this Church.

Our Local Endowment Fund, built up by a legacy of nearly \$1,000, from the late Mrs. Jackson, and other substantial gifts within the Mission, aided by Mr. Robert Hamilton, is now yielding \$200 per annum. The assessment of the Mission has been raised from \$200 when I took charge to \$375 in 1894. So it comes to pass, that if a young Clergyman succeeds me, the Mission will cost the Diocesan Board only \$25 per annum.

The movement towards helping Missionary work outside the Diocese had not begun in these parts eighteen years ago. Our Missionary Guild and Woman's Auxiliary, with their regular meetings, for studying the story of Missionary work in the foreign field, have done much, with God's blessing, to develop a warm interest in Missions, among the people, especially among the women in this Mission, and the young girls and boys at the Sunday Schools. The Woman's Auxiliary have sent away, since 1888, of which a record has been kept, \$365 in money and clothing, to help our brethren in the North-West, especially the poor destitute Indians.

The Sunday School work and Bible Classes have been maintained with unflagging interest. We have a Sunday School Library worth \$100, for both Churches. Mrs. Roe and my daughters have bestowed much labour on this important branch of work. When Mrs. Roe came here, in 1879, there was no Organ in the Church. My daughters collected \$250 to purchase two Organs, one for each Church, and established

a regular Singing Class every week. We have, during the entire period of my residence, enjoyed as a Church unbroken quietness, and peace, and goodness; there have been practically no dissensions or troubles among us; and strong bonds of affection, I may safely say, have all along bound, and still bind the hearts of pastor and people together. For all this I heartily thank God, to whose grace and blessing whatever healthy progress that has been made is due.

IRELAND.

The Rev. W. G. Faulconer reports:—

Things have gone on quietly here during the past year. Owing to diminished prosperity the material things for carrying on Church work have not been so abundant as in some former years; I trust, however, the spiritual work of the Church has made some progress.

The average congregations have been good both on Sundays and the Chief Festivals of the Church, one gratifying feature being the large number of men and notably young men who attend our Services. I am thankful to report three more men have become pretty regular attendants at the Holy Communion with their wives, and, on the average, the number at every Celebration has been very good.

Sunday School work has gone on progressively under the loving superintendence of Mr. W. G. Stewart, Mrs. Faulconer and Mrs. John Armstrong, in two of our School-Houses, during the Summer months.

Mr. F. Wood, my Lay Reader, has also assisted me as usual, for which he deserves the Church's best thanks.

Owing to the marriage of Miss Maggie Cross, Mrs. Henry Wood has again become our Organist. She formerly held this important position for nineteen years, and I am sure the cheerfulness of the Services during that long period was owing very much to her self-denying and persevering efforts.

The Woman's Guild, under the presidency of Mrs. Frederick Wood, in conjunction with the Girls' Friendly, has done good work this year in mustering sufficient funds to have our old Church repainted on the outside, after fifteen years of weathering the storms, which cost \$112, for which they have had to work extremely hard. We need now

about \$300 more to make it a fit place for God's Holy Service. It is hard work to make the older ones dissatisfied with the present state of their Church. I trust, however, the rising generation will be educated to love more the beauties of art and give of their substance more freely to make God's House more beautiful and His Courts amiable.

I am sorry to say the death rate has been above the average this year, owing partly to the terrible scourge of Diphtheria which spread through five families and almost desolated one home.

Among the afflicted, was my Sunday School Superintendent, who was at death's door, but through God's mercy, he has been partly restored, for which we are all most thankful.

Old Mr. Richard Porter died this year, one of the oldest inhabitants of Ireland.

Christ's Church, Lower Ireland.—I am glad to say things here are in a healthier condition.

The congregations have been on the whole extremely good, and the Services on the Chief Festivals have been fairly well attended for a country Church.

Our Communicants have increased in number during the past year; and there has been a higher average of Communicants on Sundays and Festivals than any one year since my rectorship. Much cause for thankfulness and praise to Him who alone is worthy.

Sunday School was carried on as usual by Mrs. William Johnson with a goodly number of scholars.

Miss Mary Marshall also deserves our best thanks for leading the singing and playing the Organ in our Church. It is due to her persevering efforts that we have music in our Services at all.

The Woman's Guild, under the wise presidency of Mrs. Henry Little, have done excellent work during the past two years; by their efforts an old debt, which was on the Church, has been removed. This year, we owe it principally to them, that our Church has had the whole interior lined with ash and birch, the grain of which looks very beautiful. The porch doors have been enlarged and made much more ornamental. The whole cost has been \$380.

Death has carried off, from this part of the parish, five of its oldest settlers, among whom was the lamented Mrs. Ward, widow of the Missionary, the late Rev. R. G. Ward; and

also two young men, who were confirmed by our Bishop in 1893. I trust they all rest in Christ.

St. Luke's Church, Adderley.—Regular monthly Services have been held here by me during the past year. Mr. Stewart has held a Sunday School once a month, a service much appreciated by young and old alike.

The Communicants have averaged about the same as last year.

Death has carried off two of the oldest members of this little congregation, viz., old Mrs. Walsh, who was always a staunch member, a lover of her Church, and a true friend to the Clergyman, and Mrs. Thomas Walsh, wife of my present Church-Warden.

St. Peter's Church, Black Lake.—Things here have been more or less in a fluctuating condition; through the Summer months, we had a fair congregation at our Fortnightly Services, and a good weekly Sunday School, under the superintendence of Mr. Chapman.

Two adults were Confirmed and have become regular Communicants.

Mr. Penhale has become a successful worker in my Sunday School, at the Gill's School-House. He drives ten miles every Sunday afternoon to his work, and relieves me of much anxiety about this part of my parish. The people look forward to his visits with much satisfaction.

Mr. and Mrs. John Gill, too, have been of much service in this good work and always take a deep interest in its advancement. John Gill is now Secretary. Funds have been collected, which will be sufficient to obtain quite a nice Sunday School Library. I only trust this good work will sharpen the appetites of these precious souls to seek more earnestly the things of Heaven, and also will bring them out more regularly to God's House.

The "Women's Guild" are steadily working under the presidency of Mrs. Prideaux, though their numbers are small.

Mrs. Wilson, Maggie Crabtin and Beatrice Prideaux deserve also our best thanks for leading in our Choir and acting as organists during the past year.

St. John's Church, Thetford Mines.—We still go on quietly here without much advancement, owing no doubt to bad times for Mine-owners.

We have had regular monthly Services through the past year, which seem to have been much appreciated by young single men, who work away from their homes at the Mines.

We have to thank Mr. Alex. Russell and his devoted wife for their untiring efforts in keeping the Church so clean, and making it warm and comfortable for our Services. I trust things in the future will look brighter both here and at Black Lake.

On a survey of the whole year's work there is much cause for thankfulness. Mr. Almond, who took my duty when away for my vacation, did good work, and his services were much appreciated. The congregations hope to see him amongst them again some day. The Rev. Newton Kerr, too, who was home from Labrador, helped in the Services during my absence, and was as usual much liked amongst his old friends and neighbours. May God's blessing prosper each of His young servants, and us, as a Parish and Branch of His Holy Catholic Church.

ISLAND OF ORLEANS.

The Church-Warden reports:—

Services were held twice each Sunday during the four Summer months of 1894, in St. Mary's Church, Island of Orleans, and were kindly conducted by the following: the Lord Bishop of Quebec, the Very Rev. The Dean of Quebec, the Revs. W. G. Faulconer, A. L. Fortin, R. A. Parrock, H. J. Petry and W. T. Forsyth.

The attendance was larger than during the previous year, averaging about fifty at each Service. The collections for the sixteen Sundays amounted to \$199.41, which sufficed to cover the current expenses of both Chapel and Parsonage.

KINGSEY.

The Rev. J. S. Sykes reports:—

In the Mission of Kingsey, the work of the Church has been carried on in peace and quietness during the past year, but not without difficulty. We have had to tax our efforts and ingenuity to the uttermost, to raise the required assessment. However, as in Kingsey, we generally get over our troubles instead of letting our troubles get over us. We have worked one and all to meet our obligation to the Board.

First and foremost amongst the willing agencies must be mentioned the Women's Guild of St. Paul's. Cheerfully and persistently have their needles been plied to provide means wherewith to meet local current expenses. They have paid \$5.16, one third of the cost of shingling one side of the stable, (the other two-thirds being paid by the other congregations.) \$4.50 for repairs on the Church windows, and \$15 insurance on Church and Parsonage, thus relieving the Church-Wardens of these minor expenses and leaving them free to concentrate their energies on getting in the Assessment,—the Church-Wardens' little hobby.

Christ's Church, Spooner Pond, rejoices over the possession of a new Organ, for which we are indebted to the self-denying labours of Miss Edith Hall, who collected the money with which to purchase it. From the Organ to the Altar seems to be an easy and natural step: two more of our organists having followed in the footsteps of their predecessors and gone into matrimony; no wonder that their positions are promptly filled.

At the end of the present year, I did some special pleading for the different funds of the Church Society, with the result, that our subscription list is three times as large as formerly.

Lent was observed by Services every week at the three stations of the Mission, with congregations as good as on Sundays.

The Sundays Schools have been well attended. The offerings of the children of St. Paul's, amounting to \$5.97, are to be used to purchase a lamp for the Chancel.

We are indebted to Mr. Fred. Evans, of Montreal, for insuring the Church at Spooner Pond, free of charge.

It being intended to put down hardwood floors in the Parsonage, Mr. John Evans, on behalf of the congregation at Spooner Pond, has handed me the sum of seven dollars towards the cost. For myself, I am deeply indebted to all my people for generous help and many kindnesses. "The lot is fallen to me in a fair ground."

LABRADOR.

St. Clement's Mission.

The Rev. I. N. Kerr reports:—

Being ordained Deacon on the 24th September, 1893, on the following day I started by S. S. "Alert" for this Mis-

sion, accompanied by Mr. Willis, of Montreal (who has been a great help to me during the past year), as Teacher and Reader. After a long but pleasant passage of eighteen days, we reached Blanc Sablon, the Eastern limit of the Mission.

After visiting the people in this section, we proceeded by the Newfoundland Mail Boat to St. Paul's River, where there is a settlement of twenty-one families. Here Mr. Willis took up his quarters for the Winter, while I went on to Mutton Bay, the headquarters of the Mission. Here I found the people busy moving to their Winter houses at Red Bay, some five or six miles distant. The object in having Winter houses is to be near the woods and to be more sheltered from the cold winds which prevail on the shore. At Red Bay we have a small Mission House which we use for Service and School purposes. Here, during the months of November and December, when travelling is impracticable, I taught Day School and had regular Services, which were, as a rule, well attended, especially on the Festivals of Saints, when the people are cheered in their lonely life by hearing what others have done and suffered for the cause of Christ.

Early in January, the bays being then frozen over, I started, by "cometique" and dogs, and visited the Western half of the Mission as far as Natashquan. This trip, going and returning, took me six weeks, being delayed by some bad snow-storms.

After spending a few days at Headquarters, I again set out to visit the Eastern half of the Mission, going as far as Rivière Pied Noir, Diocese of Newfoundland, where I spent Easter; having Matins at Mr. Elworthy's, who, former Missionaries will be sorry to hear, died suddenly this Summer. In the latter part of April, after an absence of over seven weeks, I again reached Headquarters, when I resumed regular Services, until the ice had disappeared in June.

The only means of conveyance in the Winter is by cometique and dogs, assisted by the snow-shoes, when the snow is soft. This mode of travelling is pleasant when the ice is smooth, or the snow has a hard crust, over which the cometique glides easily, and a journey of forty or fifty miles can be made in a day. On the whole spiritual progress is slow, and in some harbours, where they only see the Missionary a few times in the year, the standard of morality is

very low. Where there are Schools and more frequent Services, the spiritual tone is higher and some progress may be noted. What the people need is more instruction, and for this we must have more competent teachers to carry on the work. For, taking into consideration that the Mission embraces nearly three hundred miles of coast line, it will easily be seen that one Missionary cannot remain a sufficient length of time in each little harbour to give a necessary amount of instruction, especially in those places where they cannot read.

The chief event of the year was the first visit from our beloved Bishop, accompanied by the Rev. J. Hepburn as Chaplain, who was a former Missionary on this coast. His Lordship spent the greater part of July in the Mission, calling at almost every harbour. The Services were bright and hearty, and the Bishop's plain and forcible addresses were listened to with rapt attention; and I trust the good seed sown will bring forth an abundant harvest.

Fifty-six received the Apostolic Rite of Confirmation, varying in age from twelve years to seventy-two.

His Lordship's next visit is already being looked forward to with pleasure.

On the Bishop's return, I went up to Quebec, and on the 9th September was admitted to the Priesthood: so the good souls are able once more to have the privilege of partaking of the Eucharistic Feast, a blessing of which they had been deprived for two years.

Steps have been taken towards building a Church at Mutton Bay, which has been a long felt want. Already over half of the estimated cost is raised. In this matter our thanks are largely due to the Church people of Quebec who have liberally assisted us.

Here I would take the opportunity of thanking the many friends of this Mission who have assisted us during the past year, by gifts of books, papers, bales of clothing, &c., all of which were gratefully received.

LEEDS.

The Rev. J. Rothera reports:—

Services. I have given three Services every Sunday and very often four, and on the principal Festivals of the Church

besides a week-day Service at four different School-houses once a month; all have been well attended.

St. James', Leeds.—Divine Service is held here once every Sunday, and, through the kindness of the Rev. J. Kemp, twice on alternate Sundays. Holy Communion is administered once a month and on the Chief Festivals of the Church. The average attendance has been over twenty-one—an increase since last year. The Sunday School has been well attended and successfully carried on with the help of six Teachers. The Teachers and the Scholars had their Pic-nic as usual at the Parsonage on August the 14th.

The exterior of St. James' Church has been painted and the grave-yard cleared of brush, and a good road made to the entrance of the Church. The whole was done free of cost. Our thanks are due to all those who came to help; and to the Ladies' Aid for finding the paint. The Church has been relighted with six hanging lamps, which is a great improvement to the lighting of the Church.

St. Marks', Kinnear's Mills.—Divine Service has been held here once a fortnight, with the exception of July and August when the Service was every Sunday. The Holy Communion is administered once a month. Since we have returned to a fortnightly Service, there has been a gradual falling off in the attendance. I had a week-day Service with very fair attendance.

St. Matthew's, Beattie's Settlement.—Divine Service is held here once a fortnight. And during the Summer I gave them three Services a month. One Service was held at 9 a.m., by this means I was able to give four Services on that day. During July and August when I had help, I was able to give them a Service every Sunday. The Holy Communion is administered once a month, and has been well attended.

On August 16th, we had a successful Tea and Entertainment in Mr. Henry Wilkin's new barn, lent for the occasion, which realized \$34, and is to be devoted to painting the interior of the Church and carpeting the Chancel and Aisle.

St. Sylvester.—Divine Service is held here once a fortnight and on the Chief Festivals, during July and August every Sunday. The Holy Communion is administered once a month. The attendance at the Services has been good. We regret to say that the members of the Woman's Auxili-

ary have not been able to continue their good work this year.

St. Giles is about eighteen miles from Leeds. Service is held here once a fortnight in Summer, and once a month in Winter. There are now only a few scattered families left. Mr. David Lefebvre, who was a Warden and one of the best supporters of the Church, has gone to the States, which is a great loss in a Mission where there are so few.

Broughton is in the County of Beauce, and about twenty miles from Leeds. Service is held here once in six weeks. There are now only four families left.

The Parsonage is now heated with a hot air furnace, which, with other improvements, has made it very comfortable.

In conclusion, I wish to acknowledge the many kindnesses received, especially from the Rev. J. Kemp, who has given an extra Service once a fortnight, at St. James', Leeds, and from Mr. Dowdell, who helped me during the months of July and August, thus enabling me to give three extra Services a Sunday.

I desire to thank Miss D. Marshall for her faithful services as Organist, the members of the Choir and Teachers in the Sunday School, and all who have assisted in the good work we have in hand.

LENNOXVILLE.

The Rev. A. C. Scarth reports :—

By death and removal from the Parish we have lost during the past year several most valued members of the congregation. As some of them were amongst the most able and liberal contributors to our funds, their loss is severely felt, and very sensibly reduces the amounts raised for Church purposes.

A handsome brass Altar Cross and Dossal have been presented to the Church by the members of the Guild. This important organization is, I am glad to say, in a very flourishing condition, and has enrolled during the past year a number of new and most useful members. They have raised since my last report \$187.43 for Church purposes.

Our Woman's Auxiliary, both Senior and Junior Branches, continue their good work in keeping up a warm interest in the Missionary work of the Church.

The attendance at Church and Sunday School has been most satisfactory. There has been no interruption in the Services, or in the Celebrations of the Holy Communion, on all Sundays, Saints days and holidays throughout the year. The seasons of Advent and Lent were marked by frequent Services and special courses of Sermons as in past years.

On September 2nd the Lord Bishop preached in the Parish Church in the morning, and administered the Holy Rite of Confirmation in the evening, large and attentive congregations being present.

MAGDALEN ISLANDS.

The Rev. J. N. Hunter reports :—

Having only been here for two or three days it is manifestly impossible for me to give any kind of report of the Mission work carried on during the past year, on these Islands.

As far as I can learn the contagion on Grosse Isle, spoken of in last report, is now a thing of the past. We hope, therefore, to have regular Services in this end of the Mission.

At Amherst Island we have a good Church standing with but two families at present in regular connection with it.

There are now all the necessary funds for the building of a small Church on Entry Island: the lumber has already been drawn, and we are waiting for ice to draw the foundation stone, before commencing to build (D. V.) next Spring. We are on a fair way of obtaining a liberal grant towards this Church from the S. P. C. K.

Grindstone Island has many natural advantages, being the centre point from where the Mission is worked.

As for Bryon Island it is very isolated, and can only be very occasionally reached to administer spiritual food and comfort to its four or five families.

There is no doubt I have underrated the financial returns of the Mission, since I have only added up what accounts I have seen left by my predecessor. It is further to be borne in mind that for two months there has been a vacancy in the Parish, and therefore for that space of time Services were discontinued.

I found everything around the Parsonage in excellent

order, including also the Well, and Well-House built here through the kindness of our Bishop.

I would further state, for the benefit of our Report, that a meeting of a Special Vestry was held Wednesday, 12th December, 1894, at the Parsonage, and the Assessment Papers were unanimously signed on behalf of the congregation at Grindstone.

Moreover, as soon as time, tide, weather, roads and sea permit, I hope to have the same satisfactory report from Grosse Isle and Entry Island.

MAGOG.

The Rev. R. C. Tambs reports :—

The Missionary work has been as follows :—At St. Luke's, Sunday Morning and Evening Services, with an attendance of from sixty to eighty ; Holy Communion on the first and third Sundays of each month, appropriate decorations and Choral Celebrations on Chief Festivals and at Service of Harvest Thanksgiving ; Sunday School at two p.m. with an attendance of about sixty. At Cherry River School-house, Service at half-past three p.m. on two Sundays in every three, on the third Sunday Holy Communion at eight a.m. during the Summer. Afternoon attendance, forty to fifty. Week evening Services have been continued at the McDermott School-house and occasionally at the Carrier School-house. Meetings in the name of the Ministering Children's League have continued to be held in all these neighbourhoods with increasing appreciation of their wholesomeness. At these gatherings, always cheery and well attended by old as well as young, the sweet amenities of domestic and social life are taught, and the spirit of general kindness inculcated by means of appropriate readings, recitations, &c., interspersed with Sacred Songs by the whole audience. In the town, unfortunately, these meetings have to fall into abeyance during the Winter for want of a suitable place to hold them in.

In the McConnell and Turnertown neighbourhoods I have only been able to do a little pastoral work ; happily the ministrations of the Rev. Albert Stevens, of East Hatley, here overlap mine.

If the survey of the past year is attended with a sense of grateful satisfaction, it is to be attributed under God to helpful agencies and inspiring occasions; to the visit, for instance, of our Bishop, when his Lordship confirmed eleven Candidates at St. Luke's, and five at Cherry River (the first ever confirmed at that place), and to the ministrations of the Rev. Osborne Troop, of St. Martin's, Montreal, so heartily given at my invitation. He preached four times at St. Luke's and three times at Cherry River. At one of the Services at the latter place, four children were baptized, the first public admission of lambs into the Christian fold in this part of Orford. Mr. Troop addressed St. Luke's Sunday School and a meeting of the Woman's Auxiliary, and also made kind pastoral visits to the sick. When I invited Mr. Troop, it was partly with a view to his enjoying a little country recreation, but his every hour was cheerfully devoted to labour—a beautiful labour of Christ-like love. We all long to have Mr. Troop with us again. Later we had two sermons from the Rev. Henry Warner, of Hereford, England, and three able discourses also from the Rev. Gilbert Karney, Vicar of St. John's, Paddington, and a member of the U. M. S. Committee. On the occasion of a Sub-Deanery Meeting, we had two telling addresses on Early Church History, from the Rev. Canon Foster, of Coaticook, and Canon Thorneloe, of Sherbrooke. The work of our Woman's Auxiliary, under the devoted presidency of Mrs. LaFrenaye, has been an instrumentality of blessing to the Parish, stimulated by addresses not only from Mr. Troop, but also from Miss Brown, of the Piegan Indian Mission, and from Sister Flora, of the Kilburn Orphanage Work, in Canada. In the interests of our Woman's Auxiliary, we were favoured with a fine Concert, got up by Miss Swete, a guest of the president, in connection with which we were honoured with the heartily given services of Herr Seifert, an eminent violonist of Berlin. The Auxiliary sent two well packed barrels to the Mission of Black River, N. W. The Ladies of the Guild, under the presidency of Mrs. James Oliver, have been alive, devoting themselves to needle work and social entertainments. They have bought a new Organ for the Church, and finished off over of the kitchen and shed of the Parsonage, a much needed room for parochial meetings of various kinds. Also, to be counted in as helpful agencies, is the coming period-

ically into the homes, of thirty copies of the *Woman's Auxiliary Leaflet*, a dozen copies of the *Canadian Church Magazine*, and ninety copies of the *Diocesan Gazette*.

—Catechisms are in the hands of the scattered children of the Mission.

Among the many to whom I feel indebted, are the members of the Choir, with Miss Maggie Lindsay as Organist; the Sunday School Teachers, with Mrs. Young in charge of the Young Women's Bible Class, and Mr. Alvin Bullard, of the highest Boys' Class; the numerous League Helpers with Miss Lawrence and Miss McKelvey as Branch Secretaries; Miss Alma Sager, organist at Cherry River, and the Church-Wardens, Messrs. James Shedrick and William Peters.

The Christmas Tree Festival, thanks to Miss Maude Martin, was a grand success, as was also our Annual Excursion on the "Lady of the Lake." Reference to Christmas reminds me of a gratifying incident, namely, the quiet presentation to Miss Tamba, by the congregation, of a handsome set of Astrachan furs.

My Bible Lectures in the two departments of the Model School have been continued with acceptance to the Teachers, and with edification, I trust, to the Scholars.

Among the deaths was one that affected the whole town very deeply, that of Miss Annie Mills, aged nineteen, a devoted Sunday School Teacher, and a person whose sweet and quiet influence was powerful for good. The funeral sermon was preached by her former pastor, the Rev. Canon Foster, of Coaticook.

No less affecting in another neighbourhood was the death of another young woman of the same age—Miss Emma Colburn—whose devotion to the maternal and other onerous domestic responsibilities that devolved upon her at a very early age, through the loss of the mother of the family, won for her in the highest degree the love and esteem of all who knew her. In her illness, an uppermost thought was her Confirmation, which, from really a praiseworthy motive, she had postponed. Even in her delirium she would ask if the Bishop had come.

MALBAIE.

The Rev. G. R. Walters reports :—

During the past year, we have had quite a lot of sickness in this Mission; in the early part of the Winter, "La Grippe" was in many households; measles, epidemic, then diphtheria broke out, and has caused the death of seven young persons; in one house three members of the same family died; another was the teacher of the New Line District School, a daughter of a Churchman, in Sandy Beach Mission.

Two families suffered the loss of their houses by fire.

I have to record the loss of four of the oldest persons in the Mission, viz: Mrs. Thos. Lucas, after but a few hours' illness, aged eighty-three years; Mrs. LePage, aged eighty-six years; Mrs. McCallum, aged eighty-five years, and Mr. William Lucas, aged eighty-four years. The combined ages of these four persons being no less than three hundred and thirty-eight years. Another sad occurrence being the loss of Orlando Girrard, a member of our Church, captain of a coasting schooner, who was washed overboard and drowned only a few hours after leaving home, for the first Spring trip, leaving a widow and three young children.

I am glad to say we have stained and varnished our Malbaie Church, at a cost of \$140, unfortunately the colour is a little dark, otherwise it does admirably.

Our old Church edifice has been taken down; we gave the undertaking to a person who did the work carefully, paying him \$20. With the material, much of which is quite good, I hope to have constructed a Parish Hall, a very great necessity, as we have no suitable place in which to meet to hold any meeting or entertainment. I would beg to thank here the members of our Sewing Guild, who met once a week during the past Summer, at my house, and worked with much spirit and good will, for a sale of articles, which sale they held in October last, and handed me \$62 as a nucleus of a fund for our Parish Hall.

At the Corner Beach, the same work is being done, the good people there, few as they are, have formed a Sewing Guild, and are working with zeal, hoping to have a Tea Party and Sale of Proceeds of their work next month (February), being eager to secure funds to stain and varnish their Church, and to purchase a new Organ; in fact, the staining of the Church is to be begun at once.

At Barachois, carpenters are at work ceiling the interior of our new Church, which I hope will be, with the graveyard, consecrated in the Summer, when the Bishop visits us.

We were all cheered by his Lordship's visit in July last, when twenty-five Candidates were Confirmed. There being no Candidates at Corner Beach for Confirmation, his Lordship visited, with me, each family there during the afternoon, and in the evening gave a most instructive lecture on the History of the Church of England.

I am glad to see a marked improvement in the numbers attending the monthly Celebration of the Holy Communion.

I beg to thank my Church-Wardens, Mr. John LeGros and Mr. Chas. LeMarquand, for their services rendered as wardens during the year.

MELBOURNE.

The Rev. W. J. Curran reports :—

As I have only been in charge of this Mission, as "curate in charge" under Archdeacon Roe, since the 21st of May, I am not in a position to give a full account of the work done for the past year.

The Rev. Mr. Rudd was in charge down to the end of February, and Archdeacon Roe to the end of May. At that time the District was separated from St. Ann's, Richmond, and made a distinct Mission.

My first work in the Mission, was to visit every family in their own homes. This I continued to do every day until I met every member of the families. Since I came I have paid four hundred and sixty-four visits. In some homes I read the Word of God and have prayer; in others prayer only.

In St. John's Church the average congregation has been fifty-eight, the largest eighty-six.

At New Rockland the average congregation has been fifty-two, the largest one hundred.

At the Ridge School the average congregation has been forty, the largest sixty-six.

The Ladies' Guild of St. John's deserves commendation for the work they have been doing this past year under the presidency of Miss Gallup. They have collected \$72, out of which they have paid for Church Insurance, \$13.50; Communion Linen, \$3.50; Repairing Organ, \$2.75; Lamps for

the Church, \$15.00; Library for the Church, \$22.75. This latter sum was sent to the S. P. C. K., London, who added as much more besides paying expenses from England.

We have a Sunday School and Bible Class every Sunday morning in St. John's Church before Divine Service, and every Sunday evening before the Service in the Ridge School we have a Bible Class for the young men; at present we have seventeen members in the class.

Before my coming to the Mission, the Archdeacon proposed to the people to undertake to build a Parsonage, to to which they agreed. Towards this object the people have promised \$520, of which \$300 is already paid and in the Bank. Many of the friends of St. Ann's have been called upon and asked to help; they have subscribed \$141. The Archdeacon and I have undertaken to be responsible for \$700 more, of which a considerable portion is already promised. Under these circumstances we have given out the contract for the building of the Parsonage.

Special thanks are due to the Rev. A. Jarvis, of Napanee, for his gift of the plans and specifications.

Mr. Rudd had for sometime a monthly Service at Lisgar. This I resumed in July, and now I give them a fortnightly week-night Service. The average congregation is thirty-two the largest forty-two.

The Assessments of these Stations are regularly and cheerfully paid, and at present all the finances are in a healthy condition.

I have gratefully to acknowledge the kindness with which I have been everywhere received in my visiting, and the backing up which has been accorded to me by my Rector and all the lay-workers in the Mission.

MONTMORENCY, STONEHAM AND LAKE BEAUPORT.

The Rev. G. F. Hibbard reports:—

Montmorency.—The outlook in this small but energetic Mission is now fairly encouraging. The growth of the industries at the "Falls," notably the Cotton factories, and the consequent increase of employees, have added to our congregation. Many who come have not been members of the English Communion, but nevertheless appreciate and join in the Services heartily. The Winter arrangement of Services is a fortnightly Sunday Service, Holy Com-

munion once a month, and week-day Services occasionally. The Church was prettily decorated for Christmas, and the first Christmas Service held here for many years was bright and devout.

Stoneham.—Upon my arrival, I found the Church fabric in a very dilapidated state. However, much had been done by the Bishop's family and by Rev. R. A. Parrock in collecting funds for the restoration of the Church, and the C. H. A., on being appealed to, generously responded with monetary aid. The bulk of the work of restoring the interior is now done; though more is needed to render the work complete, new carpets, some colouring, etc. We owe a debt of gratitude to all who have helped us, and a debt of about \$100 on the work which has been done, viz.: new beams, flooring, vestry, cloak room, chancel screen, and wooden ceiling. Thus the whole interior has been rebuilt at a cost of little over \$220; with very little more outlay the Church would be very pretty.

The Church-Wardens have labored hard to push the work through successfully, but we are obliged to stop for want of funds. We have been supplied by the C. H. A. with Altar cloth and Fair linen made by the Young Women's Guild of S. Matthew.

Lake Beauport.—Since the beginning of October, the Services here have been held regularly once a fortnight, with Holy Communion every month. The Confirmation Class has been carried on and its numbers increased. Some members of the congregation come many miles to attend the Services, and a comfortable shed to shelter their horses during the time of Service is much needed.

Shortly before Christmas, in a decorated Church, and amid quite a multitude of friends and well-wishers, I united in holy wedlock the eldest daughter of one of our Church-Wardens, Mr. Sangster, with Mr. Peter Simons.

NEW CARLISLE AND PASPEBIAC.

The Rev. E. B. Husband reports:—

The past year has been an eventful one. The new Church at New Carlisle was opened for Service on Whitsunday. During the Spring the congregation turned out well, and made, with the material of the old, the new Church fit for worship. When we look back and consider what has been

done, there is great cause for thankfulness. Besides the labour, which was given free by the congregation, there has been spent nearly \$450. To Mr. A. Bebee, is due the success of the work. Next year we hope to finish the ceiling.

A very successful Bazaar was held in July on behalf of the new Church, when \$233 was realized. Our thanks are due to the members of the Guild, through whose exertions we owe the success. During the past year it was decided to try the free pew system for one year. I sincerely hope it may succeed, and that the congregation will realize its benefits.

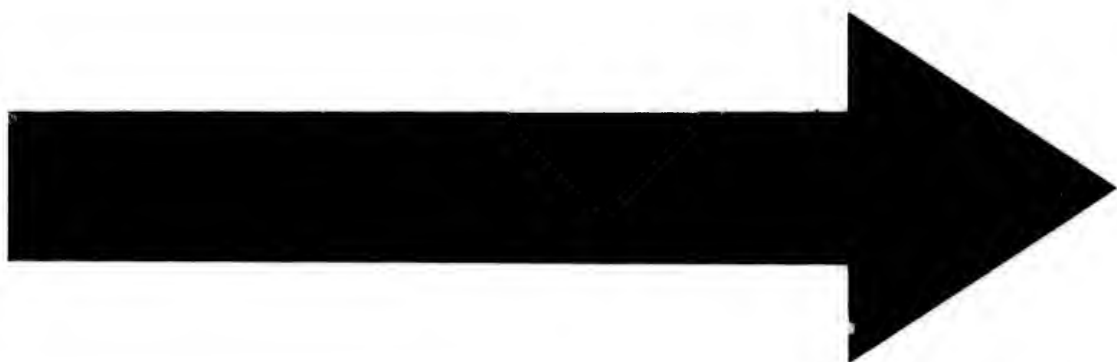

I am glad to see a larger and more regular attendance at the Holy Communion.

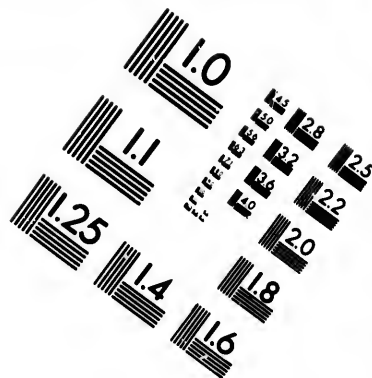

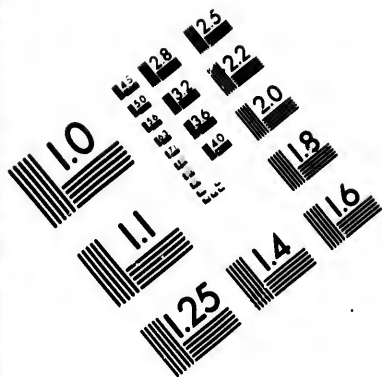

Many thanks are due to the teachers of both Sunday Schools for their faithful and regular attendance during the past year. We have decided to hold our Sunday School in future at 2 p.m., every Sunday, instead of before each Service. At the same time, a Bible Class for young men is held in the vestry by Mr. Gagnon, and for young women by Miss Cooke. The scholars were given a treat in the Temperance Hall, (kindly lent for that occasion) by their teachers and friends at the end of January.

Services have been held in the Upper School House on Thursday evenings. This Winter I am holding them on alternate Sundays, with much benefit to the congregation, many of whom are unable, through distance and otherwise, to attend the Church Services.

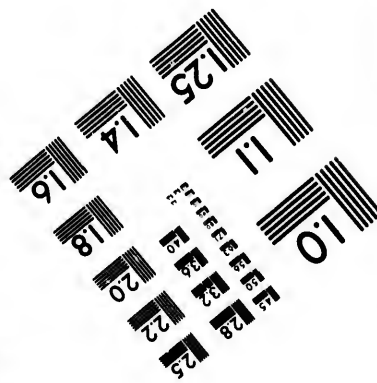

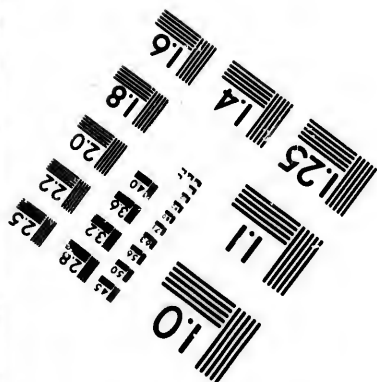

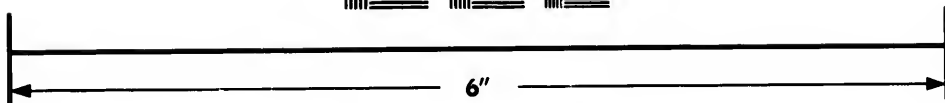

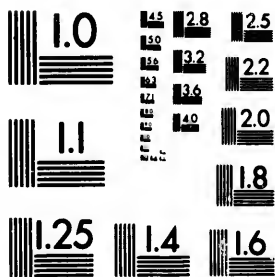

Paspebiac.—Nothing very special has occurred here during the past year. The Services have been well attended, with a slight increase of Communicants. The Sunday School has been regularly held, and is, I trust, doing good work. A very successful Concert was held in the Spring, the proceeds of which are to be devoted to fitting up the Church Hall. Death has brought sorrow to many homes in the parish, one especially, Anna Bossy, will be missed. She was one of our most active members, ever ready to help forward to the uttermost of her power, any good work.

Our Woman's Auxiliary has worked well considering the discouragement they met with at the beginning of the year, when the barrel which had been sent to the Rev. A. Cook, was reported burnt, but after some months was duly re-

Hopetown—Our little congregation has kept steadily together. For the first time, I believe, they are to pay assessment. The Church-Wardens have received about \$30 in promises. A very creditable amount considering the poorness of the congregation. They have also formed a Guild with Mrs. Chas. Smith, as President, and Mrs. Edmond Le Gallais, as Secretary-Treasurer, with the object of completing the inside of the Church. In August, the Lord Bishop held the first Confirmation in the new Church, when the edifice was crowded. His annual visits have done much to cheer and encourage us

Our thanks are also due to Miss E. Murison, Miss Eva Le Gallais, and Miss Smith, for acting as Organists, and to the Choirs and other Church-workers of the different Churches.

On the whole, on looking back, I think I may truly say the past year has been one of steady progress.

NEWPORT.

The Rev. Mr. Dickson, late Incumbent of this Mission, obtained from the Bishop in September last, a year's leave of absence: since then the duty has been taken for the most part by Mr. A. H. Moore, B.A., of Bishop's College, Lennoxville, the Rev. Mr. Robertson, of Cookshire, occasionally exchanging duties with him with a view of celebrating the Holy Communion. Prior to the Christmas vacation, Services were held each Lord's Day at Randboro and Island Brook, and on alternate Sundays at Learned Plain and Clifton. During the Christmas vacation Mr. Moore took up his residence at Sawyerville and made that place the centre of his work, thence visiting the other stations. He reports having made many house to house visits before, and seventy during the vacation.

Under the kind efficient supervision of Mrs. F. Bowen, a Sunday School was maintained at Learned Plain during the summer months.

The need of a Parsonage in the Mission is generally felt; but unanimity does not exist regarding its proposed site, Sawyerville and Randboro being rival claimants.

The Ladies' Guilds at Island Brook and Randboro con-

tinue to do much useful work. This scattered Mission seemingly numbers many competent and willing workers, and, with but unity of purpose on the subject, we are ready to believe that a Parsonage would very soon be *un fait accompli*.

PENINSULA AND LITTLE GASPÉ.

The Rev. N. M. Bayne reports :—

In a single year's mission work here on the coast, I find little of a striking nature to report ; still I believe there is abundant reason for thankfulness.

Sunday Worship has been continued regularly, two Services only having been missed, one owing to a gale in the Fall, the other to a blockade of snow last Winter. The attendance has been everything that I could expect in country places such as Peninsula and Little Gaspé : and a thing which gives me great happiness, as an evidence of the value which the people place upon the Church's ministrations, is the fact that I have found the Lord's Table sought very freely, and I believe earnestly by many, including a goodly proportion of the younger members of the congregation.

Christmas was a joyful season, and fittingly observed ; both Churches being most tastefully decorated. The special Services of Lent were very well attended, and I trust with profit.

On the 19th of June we were blessed and cheered by a visit from the Lord Bishop, who was accompanied by the Rev. James Hepburn, acting as his Chaplain. Two Services were held on that day, at which His Lordship confirmed a small class of candidates and delivered addresses full of instruction and encouragement.

The ever important Sunday School work has gone on steadily all the year in St. Matthew's, thanks to our zealous superintendent and his helpers ; I myself am able to render little or no assistance. In St. Peter's, the school is closed for the winter. However there was a very good attendance during the summer months, when I was able to assist the superintendent and teachers by taking a class of the larger scholars.

The Parsonage, of which I made mention last year, is now in a fair way to become a reality. The two congre-

gations have agreeably joined hands and put up and entirely covered in a very substantial two-story building 24 x 34 feet. A successful Concert was given by the Choir and young people of Peninsula, in January last, which furnished the nucleus of the Building Fund; The Fund has since been augmented by gifts from two gentlemen, ever real friends of the Church in this Diocese, \$50 from Mr. Robert Hamilton, and \$25 from the Hon. Senator Price. For their generous assistance we are all very grateful indeed. The ladies of St. Matthew's Guild have, by sales of work and other efforts, added almost a \$100. During the summer the Rev. A. C. Aseah, a deacon of the Diocese of Montreal, who was spending a vacation with his parents here, very kindly gave two exhibitions of Lantern views, realizing over \$50, which was devoted to the same object. The people are doing their utmost to provide a comfortable home for their clergyman, but there is still much required ere we can claim the Society's Grant.

I should also mention that at intervals during the past summer I have visited the distant points, Fox River and Fame Point. The former is a village on the Gulf of St. Lawrence, whose only inhabitants are the managers and clerks of the Fishing Establishments. Among these, at the house of Mr. Chas Carrel, manager for Messrs. Fruing and Co., we have very happy Services. From here, I go a distance of twelve miles further along the coast to Fame Point, where there is one large Church family living, in a very isolated spot, in charge of the Lighthouse.

While absent in September last, for ordination to the Priesthood in the Cathedral, Québec, Mr. Wm. Miller and Mr. Chas Bartlett, our Sunday School Superintendents, kindly acted as Lay Readers; a service for which I was very grateful. My thanks, and those of all our people, are due to Mrs. Louis Annett and Miss Gavey, our organists, for having faithfully conducted the music of our Services during another year, and thus help to perfect the praise and worship of God.

PORTNEUF.

The Rev. C. B. Washer writes:—

With the end of the year comes the duty of reporting. To say we have been going on as usual is to say nearly all

there is to tell. The population of the Mission still decreases. In Portneuf village we have lost, during the year, seven Communicants by removal and one by death. Two were added by Confirmation, when the Lord Bishop was here in May. The congregations continue good, and the Communicants have increased in frequency of their communions. Here the Communicants are sixty-three per cent of the total population. Notwithstanding diminishing numbers, the people agreed in January to a rise in assessment, which has been duly paid. While we admit there is plenty of room for greater improvement, there is much to encourage.

At *Halesboro* we have been pulling along, and a hard pull it has been financially. Re-adjustment of assessment seems to be inevitable. We do not lose heart, however, for the people show a disposition to do what they can to pay their dues. The members of the congregation, for the most part, live some distance from the Church; those that lived near having migrated westward. There has been an improvement in attendance at Public Worship and frequency of communions. The Communicants are now fifty-five per cent of the total population of the district. We have finished the repairing of the roof and walls of the Church, and I am pleased to record that the work has been done by the people themselves. The contributions here to the various Funds of the Church Society are larger in amount this year than for some years past.

Speaking of the whole Mission, there is a good deal to be thankful for, and the Missionary sees much to make him believe that there is an increase in true religion. May the Spiritual Life deepen as time advances.

RICHMOND.

The Rev. J. Hepburn reports:—

This parish was divided about Easter, and the St. John's section was delivered over to the care of the Archdeacon of the Diocese. This accounts for lower statistics which I furnish with this report, but it means progress, and it speaks of comfort—of the onward march in St. John's section since the division, others may speak: of the gain to St. Anne's congregation I ought to speak. That it has been a great gain all of us feel already—I, as Rector, feel it most

of course. It does not lessen the amount of labour to be done, but by narrowing the bounds it is concentrated, and will be more efficient in consequence. On Sunday I am now left to minister without interruption to St. Anne's congregation, and I have the satisfaction of being present in the Sunday School, which now numbers one hundred and ten scholars with eight teachers. Mission Boxes were used in the Sunday School during Lent, and brought in fifteen dollars, which was sent to the Domestic and Foreign Missionary Society.

This year again we are represented in the Inter-Diocesan Examination—one teacher and seven scholars appearing. Another teacher was prevented by press of business. I do not yet know how they have acquitted themselves; but I think there is some credit to be given for facing the examination. It is due to the Hon. Mrs. Aylmer to say that the credit is largely hers. She presented herself with her class of four boys. I am confident there will be a larger number next year, and better prepared, because of the present effort.

In one respect I find the duty harder, in being required to preach twice in the day to the same people. This is a new experience which I hope will improve as time goes on. I still have work to do in the country, and I am glad that I have, for the variety it affords is pleasing and helpful. It is limited to the Township of Cleveland. I am able to see much more of my people in the town, and already feel the advantage of it. I am happy to speak of the work everywhere as peaceful and hopeful.

The winter was a trying one because of sickness, and especially scarlet fever which lingered for months, and left many sad hearts. Several old pillars of the Church have been removed; and the death of Mrs. A. Wilcocks has been mourned deeply by all. Her life has been so lovely in its gentleness, kindness and sympathy, that all feel as if one of their own had been taken from them.

Mr. Wilcocks has gone to England for a time for a change and rest, and we hope that it may help him in his deep sorrow. The death of Mr. Brooke has broken up one of our oldest and best families.

The year has not been one of great things; but yet we have reason to be thankful. The interest on the Church debt has been paid and \$351 on the principal. Electric

light has been put into the Church and Rectory at a cost of \$135, and several lesser improvements have been made. \$161 has been given to help erect a Parsonage at St. John's. This is gratifying. I am sorry that with these signs of progress the claims of the Church Society have not been more generously responded to.

After an experience of whooping cough in the parish—in my home—and then in my own person—the offer of a holiday with His Lordship the Bishop was most acceptable, and especially as it was to be spent in my old field, Labrador. The bracing air at once took effect, but the most powerful tonic was the hearty welcome given me everywhere along the shore. It was a deep joy to see that the little I was able to do as a young man among these fishermen, (I felt then it was little: I feel still it was very, very little) was remembered for seventeen years!

It was a joy to coast along the wild and rugged shore again, and to be treated with such kindness at every house. And it was certainly one of the greatest privileges of my life to be with our Bishop so long, as a companion, to hear his words of love and wisdom, and to witness his devotion to duty day by day.

RIVIERE DU LOUP.

The Rev. Gustavus G. Nicolls reports :—

There is nothing of any great moment to record. Our financial difficulties having been arranged at the close of last year, matters having been making quiet progress ever since.

During the first five months of the year Services were regularly maintained at Lake Beauport; but this duty, much to the benefit of the people there, is now provided for under a different plan.

Services in this Mission have been also regularly kept up; and I am gratified to notice an increase in the congregation at the Sunday morning Service this winter.

All the Saguenay stations, and Father Point, have been twice visited; and Sault-au-Cochon, St. Thomas, and St. Pacôme once. The Services in all are well attended, and seem to be much appreciated.

I also visited Matane, one hundred and thirty miles further down on this side of the River, twice during the

summer, to administer the Holy Communion to a sick person.

Twice during the year our Sunday School has had to be closed for several weeks owing to the prevalence of diphtheria, and has suffered in consequence ; but better times are hoped for. The School owes a debt of gratitude, which can neither be estimated nor paid, to Mr. Hill, the superintendent, for faithful labours extending over many years. A pic-nic on the Beach in July was a great success ; and a party during the Christmas holidays was much enjoyed.

Our summer visitors were fewer in number than for many years past, but assisted us with their usual kindness and liberality.

By the good-will of summer friends in Cacouna two-thirds of the proceeds of a concert were handed to us, to be applied towards the payment of the Sexton of the Mission Church ; and a further sum was added by the kindness of some young ladies in the same place, who held—entirely of their own accord—a sale of their own work. These, with a splendid anonymous donation of \$100, have enabled us, with some little further effort, to pay off a mortgage of \$250 on the Church. Several other outstanding debts, of smaller amount, have also been paid off ; and we look forward hopefully to the future, though our burden is still heavy.

We had the great pleasure of a visit from our Diocesan in November, when his Lordship gave one of his interesting lectures on Church History, which was very much enjoyed and appreciated. Our only regret was that the visit had to be so brief.

Though our numbers are certainly few, there has been a singular freedom from sickness ; and we have to record our special thanks to Almighty God for the truth of this assertion as regards the dreaded diphtheria.

It should perhaps be mentioned that the afternoon Services at Notre-Dame du Portage went on uninterruptedly during July and August, and were most heartily joined in by persons of various denominations. Through the kindness of His Lordship the Bishop of Niagara, in coming over to take my morning Service here, I was twice enabled to celebrate the Holy Communion at the Portage.

This report must not conclude without a grateful acknowledgment of the services of our voluntary Organists, Miss C. Davy, at the Parish Church, and Mrs. LeBrocq, at the Mission Church.

Meetings of the Guild and Women's Auxiliary have been held from time to time, and good work done, but it is hoped that more may be accomplished this year.

ROBERVAL.

A Chaplaincy at this Station is a new enterprise on the part of the Church. Roberval is situated on the South shore of the famous Lake St. John, some two hundred miles North-East of Quebec. Its attractions consist chiefly in grand scenery, grand fishing, and a grand hotel. The road thither, for some fifty miles bordered by river and chained Lakes, furnishes an ever changing scenery scarcely less interesting than that which greets the eye at its terminus. The village is for the most part made up of an Hotel, but of sufficient dimensions to accommodate the population of an ordinary sized village, and in equipment and management second only to the Frontenac. With these claims Roberval is sure to be an attractive point, year by year, to Summer tourists, to those especially hailing from the sunny South. To find there provision made for Divine Worship on the Lord's Day must ever constitute an additional attraction to many, if not to go, at least to prolong their sojourn when they have gone. The truth of this was verified in more than one instance last Summer.

The pretty little Church on the "Indian Reserve," built by the Rev. H. C. Stuart, the father of our Indian Mission, and the loved friend of all the dark-skins, is situated about three miles from Roberval. An interesting account of this edifice and of the work amongst the Indians there, will be found elsewhere, furnished by Mr. Stuart himself. Mr. Stuart continues in charge of this Mission : but with his residence and the care of an important Parish two hundred miles away, his visits are of necessity rare (once a month) and on week-days, yet most highly appreciated.

The season at Roberval is short : for two months last summer the Bishop provided a resident Chaplain, the Rev. Mr. Blaylock and the Rev. Mr. Faulconer taking one month each. Both Clergymen speak of having been most kindly welcomed, and aided in their Mission, in every way possible, by Mr. and Miss Beemer, the brother and niece of the proprietor. The large music hall in the hotel served as a Chapel, and Miss Beemer herself kindly acted as Organist.

The Services were joined in heartily by the guests generally, and were much appreciated. At different times and by different visitors surprise and pleasure were expressed at finding the privilege of Public Worship provided in so remote a place.

On Sunday afternoons the Chaplains held Service for the Indians in their own little Church, above referred to; and greatly delighted were these poor faithful children of the forest for such a privilege on the Lord's Own Day; gratified too were they in being joined by their white brethren from the hotel in Prayer and Praise to their common Lord and Master. At one of these Services a most touching address was delivered by an American Clergyman—Mr. Robinson kindly acting as interpreter. The Indians and visitors have their season here in common; the former go to their hunting grounds in the forests to the North, about the same time that the latter leave for their sunny homes in the South.

After leaving Roberval, about the middle of September, the Rev. Mr. Fauleoner proceeded down the River Chicoutimi to the little town of the same name, where he spent a Sunday and held Service. Here several devoted members of the Church expressed a longing wish for the more frequent ministrations of our holy Religion. This post is visited as often as circumstances will allow, by the Rev. G. G. Nicolls, of Rivière du Loup; but one hundred miles of space, including the broad St. Lawrence, make such visits of necessity few and far between in the course of the year. The Bishop, however, is unmindful of none, however isolated their position, and is ever seeking to provide these and all similarly circumstanced with such frequent ministrations of the Church as the means at his command will warrant.

SANDY BEACH.

The Rev. G. T. Harding reports:—

Services as usual during the year. Two at the Church every Sunday, and an afternoon Service at the Barachois School House. Saints' and other Holy days duly observed; special Advent and Lenten Services held; and Holy Communion celebrated once a month, and on the chief Festivals, including Thanksgiving Day.

The Lord Bishop made two visits to the Mission last Summer, both of which were greatly enjoyed by our people; an account of which was given in the *Diocesan Gazette*. Twelve persons were then confirmed, all of whom (excepting one), I am thankful to say, have become Communicants.

A gradual improvement has, within the last two years, been taking place in the matter of attendance at Holy Communion, and this year has surpassed all others, since my coming, in this respect. At Eastertide, ninety-six persons in all, publicly or privately, received the Sacrament; there being fifty-four Communicants on Easter Day itself; the largest number I had thus far seen at any one time. But this again was greatly surpassed on Christmas Day, when seventy-six communicated at the one Service. This I should consider equivalent to about one hundred, as many of the frequent Communicants were absent.

The Services at Barachois School-house have been successful throughout the year, and are greatly improved in character since an Organ was procured last Spring. No falling off has taken place in the attendance. The School-house is generally full—sometimes crowded; the singing and responding are hearty; many are attracted from other parts of the Mission; and the Service is often spoken of as very enjoyable; so that, altogether, I am much encouraged and feel that God is really working for us, and blessing our undertaking in that direction. All the people of the district are earnest and helpful in connection with this Service, but, in particular, I think we are much indebted to the Church-sidesman and School Commissioner, Mr. Henry Robin, and to his wife, who take care of the School-house, and do all they can to have things comfortable for the Service.

Bible Classes, as usual, were begun last Winter, both at the Parsonage and at the above named school-house, and were for a time successful; but, about the beginning of Lent, a severe epidemic of influenza broke out, causing, then and afterwards, many deaths, and prostrating so many people, that all work was nearly brought to a standstill. The schools, indeed, were closed for two or three weeks—the Church for a Sunday or two; and the week-day Services and Bible Classes had to be given up for the rest of the season. In Holy Week, however, daily morning Ser-

VICES were held for prayer and supplication; and these were well attended. After such an experience the Easter-tide Services were peculiarly refreshing, and seemed to lift us out of the gloom that had settled upon the Parish.

So much sickness, of course, seriously affected our Winter congregations, and consequently the amount of our Sunday collections. Had it not been for this, I feel sure that the latter would, in the aggregate, have reached \$120, apart from specials collections. As it is, however, the amount is very encouraging as an indication that we are not falling back, being \$109.11; while the collections, &c., in addition for outside objects amounted to \$81.60. Of the latter amount a good sum was collected by means of Mission Cards—by Miss Harbour, \$9.25; and by Miss Thompson, \$5.71.

As it was very strongly recommended at the Bishop's visitation, held last Summer at Lennoxville, that the Clergy should visit the public schools, and give religious instruction therein, it may be well to allude to the work done here in this respect. The only two schools of the municipality (one a Model School) are both receiving grants from the Church Society, and the Clergyman is the Chairman of the School Commissioners; so that I am able freely to exert some influence. I have made it a rule for some years to visit each school once a week, and assist in the religious instruction, the schools being dismissed, on these occasions, an hour earlier. At both schools the Collects are learned; the Calvary, the first two grades of the St. Paul's Series, and the Church Catechisms are taught, and at Sandy Beach (Model) School, I have a Bible Class of those who have been confirmed. In addition to this, after the lessons are said, at each school, I devote a few moments to catechizing; at Barachois taking the Collect, for the subject, and endeavouring to bring out the main idea, and make it clear what we pray for in it; and at Sandy Beach making a verbal study of the Prayer Book offices. Then the school is closed in regular form. At Barachois, we read the Gospel for the following Sunday, after which, having the organ used at the Sunday Service, we sing the *Nunc Dimittis*, recite the Creed, say a Collect from the Communion office, the Lord's Prayer and the Grace. At Sandy Beach the same form is used, except that the Gospel is not read (there not being time) and the Doxology is sung instead of the Canticle.

In regard to this work, I may add that the growing interest manifested in the studies, and the increasing intelligence displayed in the answers given by the children, are very encouraging.

It seems to me that great improvement has taken place during the past year in the singing at the Church, and this is, in great measure, due to the efforts made by the Organist and Choir at the practices. To the Organist, Miss Le Huquet, we are much indebted, not only for her labours in connection with the Church Services, but also for having charge of the playing at the Barachois School-house, which she has continued to do ever since we got the organ; thus serving three times every Sunday. I am very glad, therefore, to learn that the people, both there and at Sandy Beach, have shown their appreciation of her services by presenting her with a purse at each place. Some of the Church Choir, also, are now attending the School-house, and greatly help to improve the Services.

On behalf of the Mission, I beg to thank the Church Helpers' Association of Quebec for the gift of a handsome (solid silver) private Communion Service, a thing we were much in need of.

I also wish to thank the people of the Mission for many personal favours, and much kindness to myself and family, especially for providing us with fuel for the year and vegetables for the Winter's use.

SCOTSTOWN.

The Rev. H. A. Brooke reports:—

I was appointed to the Missionary district of Scotstown and Megantic a year ago last October, and I have the honor to be the first stationed clergyman of this district. As I look back on the year's work in this part of the Lord's vineyard, I feel most thankful to Almighty God for having so abundantly blessed our work. The Missionary district of Scotstown comprises an area of about forty square miles, and scattered over this vast distance are about one hundred and twenty families, who look to the Church for their spiritual nourishment.

Scotstown.—We have here a nice Church with an average congregation of about forty-five; also a Sunday School of twenty-five children, who, for the last three months, owing

to the faithfulness of our Sunday School teachers, have been most regular in their attendance. When the children stay away, they are always visited by their teacher during the week, and the cause of their absence found out.

When the Bishop paid us a visit in November, 1893, a movement was set on foot, to try and secure a Parsonage for the Mission. It was thought to be too great an undertaking at first, yet our people worked with a will, and at last Canterbury, Tingwick and Scotstown combined together and bought a property, situated in Scotstown, belonging to Mr. Geo. Sherman, our old and faithful Church-Warden, for the sum of \$950 : of this amount the people of the three named places, subscribed the sum of \$400 ; and the balance was collected from our friends outside the Mission, especially those in Quebec, who are always willing to help those who will help themselves. Now we have a nice Parsonage with half an acre of land, entirely free from debt, and a furnace has lately been placed in the house.

I have Services here once every Sunday with Holy Communion once every month. Our average number of Communicants is about twenty-five. On December 2nd, 1894, the Lord Bishop confirmed eight persons, and now there are forty-two confirmed persons in this part of the Mission.

Lingwick.—Here we have fourteen families, with an average attendance of about forty. The attendance here has more than doubled during the year of regular Services. A new Church is very much needed in Lingwick; the old one is a time honored landmark of almost fifty years. I trust that in my next year's report I will be able to state that a new Church has been built, as most of the people are very zealous and enthusiastic to have a new House of Prayer.

Services are held in Lingwick every Sunday with Holy Communion once a month. There are now twenty-four confirmed people, the Lord Bishop having confirmed six during his last visit.

Canterbury.—This is a farming community, comprising about twenty-four families, all of English descent. Here we have only a School-house in which to worship ; but the Lord Bishop spoke to the people very earnestly, and urged upon them their duty and privilege of providing a Church for the worship and glory of God ; and I trust they will see their duty and will set about it at once and prepare to

build a Church. Our Services have been greatly improved, especially in the singing. Shortly after I commenced my work in this Mission, we rented an Organ, but we have lately purchased a small Organ, and Miss Jessie Bennett, our Organist, and the Choir, are most regular and faithful, not only on Sundays, but at the weekly practices. Our average congregation is about sixty-five. I hold Service here every Sunday afternoon, and the School-house is generally filled. The work is most encouraging, and if only we can build a Church during the coming year, this will be the making of a splendid Church congregation.

Lake Megantic is about twenty-six miles from Scotstown, on the C. P. R. Our Church here is situated in Agnes, and Services are held twice every Sunday. A Student from Bishop's College, Lennoxville, goes up Saturday night and back Monday morning. I go up about once a month to administer the Holy Communion, and then the Student takes my work at Scotstown, &c.

The population here fluctuates much. There are, however, about fifty-three families in Megantic and the surrounding country who profess to belong to the Church. Many of these families are ten, twelve and fourteen miles away, and the roads are very bad, hence it is very difficult for them to come to Church, and more difficult for the Student, without a horse, to visit them, even if he had time, on Sundays. I trust, with many others in that part of the Mission, that the day is not far distant, when a Clergyman will be permanently stationed at Lake Megantic, and then, and not until then, can this part of the Mission be worked with success. I have visited most of the families in the outlying districts of Megantic, and find them all ready and wishing for the proper ministrations of the Church. It is beyond the strength of one with a large Mission at home, to attend properly to the wants of those who are thirty or forty miles away; however, we must make the best of the present and hope for the future.

The congregation at Megantic averages about forty; Communicants twenty, and the Sunday School about twenty-five, with an excellent staff of Teachers.

I am sorry to say that the Services for the last few months at Ditchfield have been very irregular, owing to there not being a permanent Lay Reader; but I hope that shortly something can be done, so that they will have Services every two weeks or so.

Before closing my report I must thank the Ladies' Guild for their steady hard work during the year, and the Church-Wardens throughout the Mission for their faithfulness and diligent discharge of every duty which such an office involves. The Assessments have been paid promptly, and I believe at the time of writing this, I can truly say that throughout the whole Mission we are out of debt, a thing for which I am most grateful. Not only has our year been a successful one financially, but I believe I see signs of real spiritual growth as well, which is of far greater importance than the former. Let us take courage from the past, and let us not slack our hand, for there is much yet to be accomplished, remembering always that whatever is done is for God's glory, and not for man's praise.

SHERBROOKE.

The Rev. Canon Thorneloe, reports :

At the beginning of the year just closing and until about the middle of the month of February, this Parish was without a Curate, and the Rector's strength was somewhat heavily taxed to keep pace with the work. But with the kind assistance of the Clergy from Bishop's College, Lennoxville, the Services in both Churches have been maintained without serious interruption. The Rector is sincerely grateful for the help thus afforded him.

On the 15th February, Mr. John N. Hunter, B.A., of Trinity College, Toronto, entered upon his duties as Lay Reader, and continued to serve the Parish in this capacity until the 11th November, when he was made Deacon in St. Peter's Church, by the Lord Bishop of the Diocese. Mr. Hunter's ministrations, which centered chiefly in East Sherbrooke, where he resided, and in the Mission of Magog River School-House, were greatly appreciated by our people and productive of much good. It was with sincere regret that his many friends throughout the Parish heard of his decision to remove to another sphere of labour. He left Sherbrooke at the end of November for the Magdalen Islands, to which Mission he had been duly appointed by the Bishop.

It is a matter of thankfulness that, notwithstanding heavy losses by death and removals from the Parish, the attend-

ance at the two Churches during the year has kept up to the average of previous years, and that the interest in the various organizations and good works has been well sustained. There is also room for thankfulness in the fact that in a year of such general depression in trade, the financial returns show no appreciable falling off in the contributions of our people.

The number of Communicants on Easter Day was the largest in the history of the Parish, being three hundred and eighty-seven as compared with three hundred and fifteen the previous year. The Sunday Schools show signs of increased vigour and efficiency. The largest number of scholars in attendance on one Sunday was two hundred and fifty. This was exclusive of the Bible Class, which on this day numbered thirty-five.

The dullness of trade referred to above, and the serious losses sustained by the congregation, have combined to prevent any steps from being taken towards the erection of the proposed new St. Peter's Church ; but the work of collecting funds for this object has been provided for by the adoption of a scheme of weekly, monthly or quarterly payments covering a term of years. This scheme it is hoped will, in due time, bring in a sufficient amount of money to justify our use of the beautiful plans prepared by Mr. A. T. Taylor, of Montreal.

On St. Luke's Day, as in previous years, the Rector brought the various Parish workers together for a public Conference. This gathering proved both interesting and helpful. It brought the individual workers into touch with one another ; and quickened the spirit of earnestness, sympathy and co-operation.

The Lord Bishop of the Diocese has visited the Parish officially three times in the past year. First he came to us in March, when he delivered an instructive Lecture on English Church History. The proceeds of this Lecture, which was largely attended, were given to Bishop's College Chapel Restoration Fund. Next we had a visit from His Lordship on the 3rd June, when a Class of twenty-eight Candidates was presented for Confirmation. And lastly, the Bishop was present for the Ordination of Mr. John N. Hunter, on 11th November. His Lordship also accompanied the Bishop of Athabasca, who, under the auspices of the Woman's Auxiliary, addressed a Missionary Meeting in St. Peter's

Church on the work and needs of his Diocese. The offerings on this occasion were given to Athabasca. We have also been privileged to have with us the Bishop of Moosonee, who, on Sunday, 25th November, advocated the claims of his Diocese in St. Peter's and the Church of the Advent.

At *St. Peter's*, the full round of Services every day and of Celebrations on all Sundays and Holy Days has been kept up. The Brotherhood of St. Andrew has at length begun to show signs of more vigorous life. Already good work is being done and there is a growing spirit of earnestness among the members. We still retain the valuable services of Mr. Dorey, under whom the Choir continues in a most efficient condition. The St. Francis District Choir Association, of which Mr. Dorey is director, held a very bright and hearty Festival Service in this Church at Ascension-tide. A thoughtful Sermon was preached by Prof. Wilkinson on this occasion.

Fair Linen for the Altar of this Church, beautifully embroidered by a lady of the congregation, was presented at Easter. A handsome red Stole worked, by another lady, was presented to the Rector of Whitsuntide.

At the *Church of the Advent*, the congregations have increased notably during the past few months, especially at the Sunday Morning Service. As there has been but one Priest in the Parish, the Celebrations in this Church during the year have been somewhat irregular. Mr. Elkins has felt it necessary to resign his position of Sunday School Superintendent at this Church after seven years of faithful service. A branch of the Church of England Temperance Society was established here during the early Winter, and was well attended.

The Church has received a fresh coat of paint outside; and a horse-shed, long needed and desired, has at last been built at the rear of the School Room.

The Rector takes this opportunity of thanking the many earnest workers who have aided him in various places and ways. He also gratefully acknowledges his indebtedness to the congregations for a generous offering at Easter, and to the officers of the Parish on both sides of the River for un-failing support and co-operation.

SHIGAWAKE.

The Rev. R. J. Fothergill reports :—

The Services have been maintained regularly in the several Churches of this Mission during the past year. At St. Paul's, Shigawake, we have now an additional Celebration of the Holy Communion, there being one every fourth Sunday in the month at a quarter to eight in the morning. So far I am happy to say there has been a very fair attendance. In the other two Churches, at Port Daniel and Anse aux Gascons, the Holy Communion is celebrated once a month. At Newport Point, the extreme end of the Mission, about twenty-four miles from Shigawake, I have not been able to hold Sunday Services, but from time to time Evensong is said on a week-night, and the Holy Eucharist celebrated on the following morning. At this latter place until lately the Services have been held in a small house belonging to Messrs. Charles Robin, Collas & Co.; but now, I am glad to say, a Church has been built in which the Services may be more fittingly rendered. The small congregation here has shown great energy in building their little Church; and they desire me to thank all those who have so generously assisted them in the matter. The Church is built from plans kindly given to us by the Rev. G. R. Walters, of Point St. Peter. We hope to have it consecrated when the Bishop visits the Mission next Summer.

The Services in the number "2" School House, Port Daniel, have been held fortnightly on Friday evening with very fair attendance. At Anse aux Gascons Services were held more frequently during a portion of the Summer, owing to the presence of the Archdeacon in the Mission.

Last August we had a very helpful visit from the Bishop. At Anse aux Gascons, seven candidates were confirmed, five of whom were from Newport, and sixteen candidates received Confirmation at Shigawake. The Bishop also preached at Port Daniel and gave a very interesting lecture at Shigawake on Mission work in London.

The Sunday Schools have been carried on steadily; at Shigawake, under the direction of Mr. Frank Skene, and at Port Daniel, under Mr. Norman L. Dow. The attendance at the Shigawake school suffers greatly during the Winter months from the coldness of the Parish House. A new

carpet has been placed in the Chancel of Shigawake Church, the money for which was presented by the members of the Guild, who have also within the last two years repainted the interior of the Church. A matting has also been placed in the Aisle, the expense of the latter being for the most part defrayed by a special gift of Mr. H. A. Elkins, of Sherbrooke. At Port Daniel the ladies have also presented a new carpet for the Chancel and a matting for the Aisle.

In closing I wish to thank very heartily all the people of the different places in the Mission for many acts of kindness and hospitality, and especially the Wardens of the several Churches, and all who have assisted me in the work of the Church.

STANSTEAD AND BEEBE PLAIN.

The Rev. W. T. Forsythe, reports :—

The usual routine of Parish work has been maintained during the past year.

At Christ's Church, Stanstead Plain, Mattins and Even-song have been held every Sunday. Weekly Celebrations of the Holy Communion have been held either early or mid-day ; on the first Sunday of the month, the Choral Celebration being the distinct Morning Service by itself. During the Summer months Daily Mattins were said. The various Fasts and Festivals were marked by special Services. A Sunday School Conference, held in October, gave a great impetus to the work of the Sunday School, which is now in a very satisfactory condition both as regards numbers and efficiency. A Branch of the Woman's Auxiliary was organized last January and has done good work, making one complete outfit for an Indian child. A Children's Guild was also started last Winter, and its members have rendered useful service in helping to raise funds for Church purposes. The organization has also helped to bring the children together and give them more direct interest in the Church. We are again under great obligation to Mr. A. Dorey, for valuable assistance in training the Choir. During Lent, by voluntary contributions, we paid off the balance of the debt incurred by the repairs on the Church fabric, viz. : one hundred and seventy-two dollars. The Church is now lighted by electricity. A small class of

Confirmation Candidates is waiting for the Bishop's visit to receive the blessing of the "Laying on of Hands."

At All Saints' Church, Beebe Plain, Mattins and Even-song have been held every Sunday, as well as a monthly Celebration of the Holy Communion, and special Services during Lent. During the Summer and Fall, Services have also been held every Thursday evening. Mr. Bishop, of Bishop's College, resided here during the Summer months, and by his earnest zeal did great service for the Church. Since September my present Lay Helper, Mr. H. S. Harte, has resided here, and aided by his wife, has already succeeded in infusing new life into the Church's work. A Children's Guild has also been organized and the Sunday School increased in efficiency. Several very encouraging circumstances have occurred in connection with the Church life here which seem to afford hope for a brighter future for this congregation. During the past year the congregation has raised one hundred and ninety-two dollars towards the Clergyman's stipend and the board of the various Students. The congregation now feel justified in seeking to secure the privilege of a resident Pastor. A small class here is also awaiting the visit of the Bishop for Confirmation.

Services have been held on alternate Sunday afternoons at Marlow and Libby's Mills. The attendance and interest at the former place has shewn a most encouraging increase. At Libby's Mills prospects are not as bright. The congregations at all these Stations have made small contributions to show their appreciation of the Services.

At the Moulton neighbourhood and Judd's Mills' School Houses. Services are held fortnightly on week evenings. The Moulton neighbourhood congregation also made a small donation to show their appreciation of the Services.

Several Cottage Services have been held in the Hartley neighbourhood on the edge of Barnston, which we hope to continue periodically.

On the whole the work of the year affords encouragement, and hope for the future, if the assistance, now afforded by an additional Helper, be still continued.

ST. GEORGE DE BEAUCE.

The Rev. T. Rudd reports:—

I entered upon my work in this Mission last March, and took up my residence at St. George. This Mission, hitherto a part of St. Sylvester Mission, is now to be called the Mission of St. George. The former Clergyman always resided at St. Sylvester, sixty miles away, and only came to this part of the Mission once a month. This arrangement made the old Mission of St. Sylvester a very difficult one, and was unsatisfactory both for the people and Clergyman. A redistribution of the work in this part of the Diocese was therefore thought advisable. St. Sylvester and the Stations in that part of the Mission have been cut off and are now under the pastoral care of Rev. Mr. Rothera, of Leeds, while Cranbourne, a part of Rev. Mr. Boyle's Mission of Frampton, has been added to St. George's. I have four Stations—three Churches and a School-House—St. George, Cumberland Mills, Cranbourne and the Kennebec. I hold Service at St. George every Sunday, and at Cumberland Mills and Cranbourne every alternate Sunday, and occasional Services at the Kennebec. The Services are all very well attended; they are not as hearty and as congregational as I could wish, however I have noticed improvement, and I am looking for still greater improvement during the coming year. The communicants in all the Stations are not so numerous as they ought to be, but I hope to report better things next year.

Miss Lily Pozer is our Organist at St. George's, where we generally have a fairly bright Service.

At Cumberland Mills, this position has been filled first by Miss Eva Taylor, and subsequently by Miss Stevens. Miss Stevens is teaching the children to sing and respond, so that I hope soon to have more hearty Services.

The Sunday School at St. George's I take myself immediately before the Service.

At Cumberland Mills the Misses Taylor formerly gave the little ones religious instruction, latterly they have been taught by Miss Stevens, and publicly catechised by myself.

I am very happy to report that the School which I reopened in the Spring and taught for two months is now doing well under the management of Miss Stevens.

Thirteen dollars has been raised in Cumberland towards re-flooring the Church; and Mrs. R. Lawryson has collected enough wherewith to purchase lamps; so next year I hope to report improvement to the Church fabric.

At Cranbourne the Services are very well attended; the responding fair; but we have no Organist, a want which I hope soon to supply. Mr. Wilson has collected money and purchased new lamps, so that now, at our Evening Service, the Church is well lighted.

I have to report the presentation of two very handsome Memorial Fonts to two of my Churches. The one at St. George was given by Mrs W. Pozer in memory of her mother; the other, in the Cumberland Mills Church, was given by Mr. Robinson and the Taylors in memory of Mrs. Robinson and her little son Christopher.

A deeply felt loss has been sustained by the congregation at Cumberland Mills by the death of Mr. Joseph Lawryson, an old and respected resident and a faithful churchman.

I wish to express my thankfulness for the kindness and sympathy I have received from all; and their willing and hearty cooperation in every work connected with the Mission.

THREE RIVERS.

The Rev. H. C. Stuart reports:—

Not only are the Services fairly attended, but our people are all deeply interested in the progress of the Church.

In my first report to the Church Society from Three Rivers, in 1890, I stated that we were greatly in want of the following things: a new Church floor, a Pulpit, painting the interior walls, and the restoration of the central aisle. I am happy to say that these wants are now things of the past. The work has been well and effectively done. A Chancel-screen has also been erected, and the organ renovated, besides several other desirable improvements, which are either already effected or well under way.

During the Autumn the roof of the Church was covered with tin, specially imported from England for the purpose, provision having been made for this work by the late Mr. H. G. Fearon, who had acted many years as Parish Clerk,

in the olden days. His widow, who had a life interest in the legacy, voluntarily surrendered sixty dollars a year, for the rest of her life, that the work might be accomplished now. Another pleasing event is Mrs. Rickaby's donation of one thousand dollars in augmentation of the Endowment. This lady has well earned the name accorded her as one of the best friends St. James' Church has ever had. I need scarcely say that anything in the way of progress here means necessarily a hard struggle; our numbers are so few, and our means straightened. But we are slowly accomplishing our task of renovating the Church, improving the Services, and rendering them more efficient. Much praise is due to those whose ready hands and willing hearts have laboured earnestly and patiently. So truly has this been the case, that my own part has been made very light. It has been a pleasure to labour and to wait with such willing workers.

At Radnor, Church-work has progressed satisfactorily during the year. The Services have been under the charge of Mr. Bell and Mr. Campston, Lay-Readers, who have taken great pains with their work, and exercised the utmost care in the details of their labour of love. Their services are duly appreciated by the people, because they are not only able men, but they are also exemplary in their lives, and their hearts are in the work. It is a cause of much regret that I have been utterly unable to continue the monthly Celebrations that were instituted a couple of years ago. The difficulty of supplying my Sunday duties at St. James' Church, making this for the present impossible. However, we hope that this serious drawback will soon be overcome. It is indeed a rare pleasure to join in the worship of Almighty God in the handsome new Church, with its seats of polished oak, and its reverent congregation; and to visit the well appointed School-room, and the convenient Reading-room, splendidly equipped, not only with the leading papers and periodicals, but with an excellent piano as well, *Floreat Radnor*. The moving spirit in our work here, as in everything at Radnor Forges, is Mr. Drummond, the efficient manager of the Iron Works.

The Indian Mission at Lake St. John has been kept up as in the past few years. I have been able to take a monthly Celebration at this post since the work began, and

the appreciation by the Indians of the efforts made on their behalf, has amply repaid me for the care I have bestowed on the Mission. I deeply regretted my inability, through illness, to write an account of the Consecration of the Indian Church, in my last report to the Church Society. Even at this late date, it may be advisable to give here a brief summary of the building and Consecration of this Church, that it may be preserved as a record. The Architect was Mr. Harry Staveley, of Quebec, the builders, Messrs. E. T. Nesbitt & Co. It is a plain unpretending building of wood, containing a fine open roof, the Choir elevated three steps above the floor of the Nave, from which it is separated by a Rude Screen, and the Altar is raised three steps above the Choir. The windows are square-headed, triple-lighted, and filled, the upper part with amber-tinted, and the lower with sea-green, rolled, Cathedral-glass. The Altar-Cloth was presented by the Kilburn Sisters, of London, the Fair Linen and Silver Altar Vessels by the Guild of St. Matthew's, Quebec, and the Font was a present from the late Bishop Stewart, to St. James', Three Rivers, and donated by the Vestry of that Church to the Indian Mission. The Church was consecrated July 12th, 1893. When the Bishop and party arrived at the Church, a large company of Indians received him with a salute of fire-arms, and the effect was heightened by the display of flags. Inside the Church the scene was very impressive, the dark faces of the Indians, and the bright colours worn by them, making a picture long to be remembered. At my request the Lord Bishop officiated in his Doctor's scarlet gown and rochet, and his Pastoral Staff was borne before him. Over fifty Indians communicated. Subsequently the Bishop of New York preached in this Church, and several other eminent visitors to the Lake, whose kindly attentions have made the Indians know that their white brethren are mindful of their welfare.

It is with much satisfaction that the friends of the Church in this region have heard of the establishment of a Chaplaincy at the Hotel Roberval, during the Summer months. The past Summer, the experiment was very successful, and it is to be hoped that the Chaplaincy will become a permanent institution. The Indians benefited materially by the arrangement, as the Chaplain was good enough to give them Sunday evening Services at their own Church of *St. John the Divine*, on the Reserve.

My warmest thanks are hereby tendered to the many kind friends, both Indians and whites, who have aided me in this Mission work, and to whose encouragement is due in large measure the success that has hitherto attended it.

VALCARTIER.

The Rev. Dr. Riopel reports :—

We have little else to report this year than a mere continuation of the Church's previous ministrations. The hard times we had anticipated for our people during the Winter and Spring were fully realized ; and, moreover, the harvest last Summer so utterly failed as in many cases scarcely to return the seed put into the ground. On this account all projects of building or improvements to Church property had to be suspended.

In spite of this my people have not failed to make their regular payments. This is very creditable to them, for in many cases this had to be done at the sacrifice of home comforts.

The Church-Wardens deserve our thanks for their zeal and assiduity in the face of so many discouragements.

Our Sunday School has taken a vigorous growth under the superintendence of Mr. Henry Hicks and the kind assistance of Miss Billings. Under their wise and gentle management the interest of the young people has kept on increasing, and the attendance is larger than has been seen for some time.

We had a visit from his Lordship last Summer, affording us the brightest days of the year's cycle.

WATERVILLE.

The Rev. Ernest A. Willoughby King reports :—

Many facts recorded in Form A at the end of this report are not repeated here. Sunday Services always three, often four, maintained without a single failure and on week-days frequently. Holy Communion at each Station early, or at mid-day, once a month as a rule. Average Church attendance pretty uniform and nearly equal to last year's, notwithstanding many removals and other causes. The number of Communicants at Easter was larger. Total recorded calls and visits, one thousand two hundred and forty.

Schools not forgotten. Services of Intercession for Missions, for Sunday Schools, and for the Temperance cause, also Missionary Meetings, were held throughout the Parish; and the publicly appointed Thanksgiving Day observed. Offerings, though small, made for Church Society, for Diocesan Colleges, for Foreign, Domestic and Jewish Missions, and Children's Lenten Offerings for Indian Homes. Two Sub-Deanery Meetings during the year and three Episcopal Visits, for Dedications, Confirmations, and illustrated historical Missionary Lecture. Claims for local purposes met. Total for all objects, \$1,241; larger than in previous year by \$77.

The suggestion made last December at the Annual Meeting and recorded in the Report as to the "well-settled field open and large enough for another man's work in and about Minton, Suffield and Belvidere," then and formerly served as much as possible by the Missionary at Waterville, bore immediate and important results in the work of the Bishop's College and School Mission at Suffield and Belvidere. Minton, however, was not reached, and the Methodists have recently built a Chapel there.

The nucleus of an Endowment Fund for this Mission, started by a gift from Rev. T. L. Ball, M.A., of \$25, increased by a like sum from the Wiggett family (former residents of Waterville), and from Mrs. Ernest King, with \$9 from Waterville, and \$8 each from North Hatley and Eustis, and \$100 from the ever liberal Dr. Robert Hamilton, with a grant of \$150 from the Church Society, now stands at \$350;—thank God!

The Annual Parochial Festival at Waterville on the Queen's Birth-day was very successful. Through the Ladies' Guild \$100 have again been raised as Parsonage rent, viz.: \$75 in Waterville, \$12.50 each in North Hatley and Eustis. A good house, stable and piece of land, contiguous to the Church's grounds, are now in rented use as Parsonage property, and if desirable the Church is to have the best opportunity of securing them at a fair figure for a permanent possession and source of future endowment.

Through the Will of the late Mrs. A. W. Massey, a small but good house, close to the Village of Waterville, with stabling and an acre of land, have now been duly deeded to the Incumbent and Wardens; and after some expenses of acquirement and repairs have been met, will be a small source of annual revenue.

St. John's Church has at last the comfort of a furnace, costing about \$75, half paid, also new window-shades.

At *North Hatley* the important event of the year was the opening by the Bishop, of the new Church of St. Barnabas, January 23rd. It is a pretty structure, ecclesiastical in design, and has some features unusual in these parts, with which good judges are pleased. The interior is unfinished, the exterior unpainted and the grounds ungraded. About \$500 have been raised towards the debt during the year, viz: \$210 through the Ladies' Guild, and the help to them given gladly and bountifully by the Summer visitors, also by adoption of the Envelope system, over \$100 in the offertory, with \$50 from Bishop Dunn and other sums from generous well-wishers. A considerable amount is still needed for the purposes named above and for remaining debt. A description of this Church appeared in the March number of the *Quebec Diocesan Gazette*. Since then, on Whitsunday, a Memorial Window to good Bishop Williams has been placed in the centre of the Chancel triplet, through the generosity of Hon. Senator Price, of Quebec. This illustrates pictorially Rev. III, 20. "Behold I stand at the door and knock." When the funds shall come in, similar Memorials are (D. V.) to be added, one on either side, to Bishop Mountain and Bishop Stewart, both of which great Missionary Bishops are also remembered by a few of the oldest residents.

On August 24th Bishop Niles, of New Hampshire, kindly dedicated and first used a beautiful set of Altar Vessels and embroidered Linen, just then presented by Mrs. F. C. Foster, of Woods Hole, Mass. This kind donor has never visited that charming Summer resort—North Hatley—but became interested in it through Mrs. Dawes and her family, who pass part of every Summer there.

Three good-sized Service-books have come from the beneficent S. P. C. K. A pretty small Font, with suitable marble-topped stand for it, and a Credence Table are kindly lent until more suitable ones can be permanently provided. Part of the fencing of the grounds has been done.

The removals of W. H. Armstrong, W. B. Le Baron, J. Millar, J. Cass and their families are a great loss and cause of regret, also the deaths of Mrs. Millar, Mrs. Glen Arthur Reed, of "honest John Howse," Walter Burbeck, Elizabeth Bassett, and all of the three children within three days of

Samuel Cowan, at Eustis, with that of Thomas Bean, who leaves a young widow and child.

At *Eustis*, where our Services are still held in the School-room, new Altar Vessels are now in use. Half the cost has been contributed by the good people of North Hatley, the other half is being made up by degrees from the offertories at the monthly Celebrations.

Thoughtful gifts, an ever welcome hospitality, and careful attention to the Clergyman's comfort and convenience—not from personal worth, but as God's servant—still characterize this interesting congregation.

The site for the proposed new Church, selected by a chosen committee, and approved by the Bishop, has for a few months been ready for occupation, through the kind promise, renewed personally, by Mr. Eustis, the head of the Mining Company which bears his name. This grant of land is made conditional on the payment of a small rental, as the Company does not yet consent to relinquish entirely its claim on the acre of land. The responsible cares connected with the building of the new Church in another part of the same Mission, have been delaying active measures at Eustis, but there are still in hand or in view for this enterprise two hundred and fifty dollars, a sum which, please God, shall be speedily increased and be also put to its intended use.

WINDSOR AND BROMPTON.

The Ven. Archdeacon Roe reports:—

The Services in this Mission during the five months it has been under my charge have been as follows:—Three Services every Sunday, one in Christ Church, Brompton, alternately morning and afternoon; and two in St. George's, Windsor, alternately morning and night, and afternoon and night. At this afternoon Service the Litany is said with a quarter of an hour's catechizing; then, too, children are baptized. The two Sunday Schools are conducted by myself, with two helpers in Windsor and one in Brompton; they occupy one full hour before each morning Service and half an hour before the afternoon Service.

The Holy Communion is celebrated every fourth Sunday morning in each Church, and on all Festivals. There is an evening Service in Brompton every Wednesday, followed by a Bible Class, and in Windsor every Friday with an ex-

pository lecture. At these Services we are working our way steadily through the Acts of the Apostles. I have the pleasure also of conducting a very promising Bible Class in the Brompton Sunday School.

The chief material advance made has been the placing of an excellent furnace under the Brompton Church at a cost of ninety dollars, the money being provided by the devout women of the congregation, by methods, I am thankful to say, which entirely meet my approval. At Windsor, some progress has been made in getting the finances into a more healthy condition.

The Women's Guild of the Windsor congregation, which has been in abeyance for some time, is just now being revived. There is also in this congregation a branch of the W. A. of some years' standing; and a Junior Branch has been formed by Miss Roe, which promises well.

The Thanksgiving Services on the day appointed by authority were very encouraging. The morning Service was given to Brompton, where we had a congregation which would be large for a Sunday, and what was far better, every qualified person in the congregation, not hindered by sickness or necessity, communicated. The night Service at Windsor had a congregation double that of the usual Sunday Service,—but it had the attraction of the Rev. J. Hepburn for the preacher.

Our Services at Hardwood Hill, given for many years gratuitously, came, probably for that very reason, to be treated with such contemptuous neglect under my predecessor, that I felt it a duty to decline to continue them unless the congregation would consent to pay an assessment to the Diocesan Board. I found that every family in the settlement belonging to other religious bodies pays regularly to the support each of its own preachers, while not one pays anything to the support of the Church. I found also that while all the other families come out statedly to their Communion and other Sunday Morning Services, at their centre at Windsor, not one family ever comes out to ours. Delicacy in insisting on the duty of paying to support the Church's Services has certainly proved a failure in Hardwood Hill.

I have visited all the families in my Mission on an average of four times each during the last five months, and this I count as probably the most valuable department of my pastoral work.

Annual Report of the Clergy Trust Committee.

Your Committee regrets that it cannot make the usual report of the receipt of the full revenue from the investments in their charge, as the interest on one mortgage of \$6,500 has not been paid. The security however is considered ample to prevent any actual loss.

This Statement shows that your Committee has succeeded in re-investing the securities which matured during the year and also the balance of \$32,680, which was held for investment at the close of the previous year.

The special receipts on account of Local Endowment Funds are, a donation of \$1,000 from Mrs. Catharine Rickaby of Three Rivers, towards the Endowment Fund of that place ; \$139.67 on account of the Magee bequest to the Magog Endowment Fund ; \$30.00, proceeds of sale of land for the Portneuf Endowment Fund ; and \$100.00 from the Mission of Waterville, supplemented by \$100.00 from Robert Hamilton, Esq., and \$150.00 from the Church Society, to start an Endowment Fund for that Mission.

population is therefore transient. was met, as regards our Country Missions needing assistance, by no less a sum than in Pensions, etc. pared with that of last year, is entirely due to the fact that in 1893 the greater part was received, but in every other respect this report shews growth and increase.

BISHOP-WILLIAMS MEMORIAL MISSION FUND.

3rd ANNUAL REPORT.

NOTICES.

Those Congregations which responded in part to the appeal in behalf of this Fund prior to the last Annual Report of the Church Society, will find the total amount of their subscriptions and remittances, then acknowledged, brought forward in this year's Report.

Under the heading of "Amount Subscribed," mention will be made only of new subscriptions: Where, therefore, no amount is here given, the implication is that it has appeared in a previous Report.

If the amount herein acknowledged as *paid* is an *instalment* (1st, 2nd, or 3rd) indication thereof will be given by the number which follows the subscriber's name. The absence of a number will imply that the amount is a *donation*, or payment in full of subscription. If the amount in each column corresponds, and it is not the *first* donation, this fact also will be noted as mentioned above.

A. J. BALFOUR,
Secretary.

THE WOMAN'S AUXILIARY

TO THE

DOMESTIC AND FOREIGN MISSIONARY SOCIETY.

From the 8th Annual Report the following condensed statement of the work is presented :

An enthusiastic Quarterly Meeting of the Diocesan Branch was held in Sherbrooke in October 1893, at which earnest addresses were given.

In the course of the year one new senior and two new junior branches have been formed ; but, owing to adverse circumstances, two other branches of some years' standing have been forced to close for the present ; this leaves the numbers now twenty-six senior, one sub-divisor, with a membership of nine hundred and sixty-nine, and six junior branches.

A Constitution for junior branches has been adopted, and a Secretary for them appointed.

The Hon. Winifred Sugden, of the Church of England Missionary Society, visited several branches, and awakened an interest in the unhappy state of the women of India. As a result of her visit, \$251.83 was given for Hospital work in India, and \$118.06 was sent to the Church of England Zenana Missionary Society.

The Bishop of Athabasca and the Rev. G. Rogers, of Rupert's Land, held successful meetings during the Winter in Quebec.

The education of a missionary's daughter was continued at a cost of \$161.

Algoma and every Diocese in the North-West have had gifts in varying amounts, viz. : Algoma, Bishop's stipend and other Fund, \$242.65 ; Athabasca, \$97.60 ; Calgary,

\$120 (besides the annual grant to the Piegan Home of \$50); Mackenzie River, \$20; Qu'Appelle, \$5; Rupert's Land, \$172; Saskatchewan, \$11.75; Selkirk, \$50.

For Foreign Missions little was done beyond the annual grant of \$150 for our Lady Missionary to Japan, and \$14 for her Hospital work there, and the gifts already noted for Zenana work.

A life membership of the Provincial Board was presented through the Diocesan Branch to Mrs. Von Illand, who for several years was our able, earnest and indefatigable President.

The total amount of money reported by the Diocesan Treasurer for the year is \$2,240.10, but this does not by any means represent the whole amount, much being expended for clothing, etc., which is not reported to her.

Thirty-six bales, boxes or barrels of clothing have been sent to Algoma and the North-West.

EDITH CARTER,

Dioc. Rec. Sec.

Quebec, January 12th, 1895.

REPORT OF CHURCH HELPERS' ASSOCIATION.

The fourth annual meeting of the Association of Church Helpers was held in the Church Hall on Wednesday, January 16th, at 2.30 p.m. There were sixty-four women present.

After a hymn was sung, the President opened the meeting with prayer.

The minutes of last annual meeting were read and confirmed.

The reports of the Secretary and Treasurer were read.

Moved by Mrs. M. B. Irvine, seconded by Mrs. Carter,— That the reports be adopted, and that they be printed in the *Morning Chronicle*, the same Church papers as last year, also in the *Diocesan Gazette*.

The correspondence was read and the business of the meeting was proceeded with.

At 3.15 the Lord Bishop of the Diocese, attended by the Rev. R. A. Parrock and the Rev. Arthur Dunn, addressed the meeting. His Lordship expressed his own appreciation of the work done by our Association, as well as that of the different missions throughout the Diocese, where help had been given, either in gifts to churches and parsonages, besides personal gifts to clergymen and help towards education of clergymen's children. He also explained that such help was much needed, and he strongly urged those present who were not members, as well as all Church women in the city, to join the Association and become working members, by trying to increase the Mission Fund and secure new members for the Church Society. He gave some interesting facts about the different missions throughout the Townships, also about Labrador.

At the close of his address the President thanked His Lordship in appropriate words for his kindness in address-

ing us, all present signifying their appreciation by rising in a body.

The following officers were elected by acclamation :—

Patron—The Lord Bishop.

Honorary President—Mrs. Dunn.

President—Mrs. Colin Sewell.

Vice-Presidents—Mrs. Blanchet, Cathedral; Mrs. Carter, St. Matthew's; Mrs. Forsyth, St. Michael's; Mrs. Morgan, St. Peter's; Miss T. Kennedy, St. Paul's.

Secretary—Mrs. Patterson Hall.

Assistant-Secretary—Miss E. Patton.

Treasurer—Mrs. E. A. Hoare.

Advisory Committee—J. Hamilton, Esq., Captain Carter, J. C. More, Esq.

Auditor—J. A. Ready, Esq.

The meeting then closed.

CAROLINE M. HALL,

Secretary.

FOURTH ANNUAL MEETING ASSOCIATION OF CHURCH
HELPERS, JANUARY 1895.

Since our last annual meeting the work of our Association has been going on quietly and steadily, and at the end of another year, it is with feelings of much thankfulness for our continued prosperity, that we submit to you the following report :

Our Association, in a small community such as ours, must necessarily be of slow growth, it is therefore gratifying to report that six new members have joined our ranks during the past year. We now number one hundred and eighty-six members, with seventy holders of mite-boxes.

Ten Committee, one special and two general meetings, one in May, the other in October, have been held during the year.

It is to be regretted that the attendance at these latter meetings has not been larger, twenty-three being a very small proportion out of our membership of one hundred and eighty-six.

We were again entrusted with the work of collecting for the Church Society. A special meeting of the Executive Committee was held with our Advisory Committee to take into consideration some means of making this collection more complete, and of impressing the collectors with the importance of urging for increased subscriptions to the funds of this Society. The clergy of the different city churches were asked to co-operate by furnishing us with complete lists of the members of the congregations—the result has been satisfactory, as the sum of \$2,675.71 has been realized for the past year against \$2,516.00 in 1893, showing an increase of \$159.71, and that notwithstanding a number of names of old subscribers are missing from the lists for the past year.

We regret the painful task of having to record the death of three of our members, our late Honorary President, Mrs. Williams, who ever since our Association was founded in 1891, has been closely connected with it, and always showed a warm interest in our work. Also, Mrs. Richardson and Mrs. Buchanan, whose loss is much felt, as they also have been connected with the work from its foundation, and have been among its most interested and devoted workers.

Our Annual Sale was held on the 19th of September. The proceeds were very much the same as last year.

Donations of money, clothing, toys for a Christmas tree, etc., have been received, and we now take the opportunity of acknowledging with much gratitude all the help given us by friends of the Association.

CAROLINE M. HALL,
Secretary.

HELEN SEWELL,
President.

REPORT OF THE EXECUTIVE COMMITTEE.

In March—\$15 to Rev. G. G. Nicolls towards repairs on parsonage at Riviere du Loup. \$20 as an Easter offering to the sick child of a clergyman. Sett of fair linen for church at Dudswell. \$20 for purchase of stove for parsonage at Scotstown.
