IN submitting to the Public a work even so inconsiderable as this Directory, we feel called upon to offer a few remarks. The novelty of the undertaking, in this Town, must be our apology for any defects in its execution, and these we venture to hope, may be remedied in a second Edition, which we are so sanguine as to expect may yet be called for.

Our aim has been to afford to strangers a ready index, as it were, to every branch of commercial industry carried on in this our flourishing Town, as well as to our Public Institutions of every description: and to our Townsmen, a little work we trust even they will find occasionally useful.

Should any errors or omissions be discovered,—and in a first attempt of this kind, it is almost impossible but that such will be the case,—we do not doubt but that a considerate allowance will be made for them. However ardently we may aspire at perfection, it is rarely attained.

Great pains have been taken to render this work as complete and accurate as possible, although it has been found extremely difficult, in some cases, to obtain the information requisite for compiling a work of this description. We cannot however close our remarks, without returning our warmest thanks to those who have kindly assisted us with information, and cheered us on with their counsel in our arduous labours.

J. S. STEELE,

C. G. GLADMAN.

The subscriptions in aid of the funds of the Port Hope Branch alone amounted during the past year to the sum of £76 7s. 4½d.; and the sales at the Depository amounted to £10 9s. 1½d.; 45 Bibles and 137 Testaments in the English Language, and 1 French Bible, were sold.

THIS is a perfect Picture of the Subscriber's HEARSE, which stands two feet higher than any in this section.

The drapery—which is full and flowing, with appropriate tassels, & rich Ostrich plumes, gives it a majestic appearance, over the *script* trimmed Hearses in the neighbourhood.

The subscriber returns his sincere thanks to the inhabitants of Port Hope and surrounding country for the liberal patronage afforded him since he commenced the Undertaking Business, and begs to state that he has now on hand, and will constantly keep,

Walnut, Butternut, Whitewood, and Pine Coffins of all sizes.

He has now mounted, and prepared to mount Coffins in a rich and becoming manner, such has not been heretofore seen in Port Hope or vicinity; with Coffin Mouldings made expressly for the Establishment—Coffin Plates and Handles, &c., which cannot be procured elsewhere within this locality. From this Establishment the remains of the Rich and Great can receive all the marks of distinction, honour, and respect, due to the beloved, the virtuous, the noble and the brave. The wealthy will find the expenses moderate, when compared with days past, while the poor will be furnished with Coffins so cheap, as will meet the distressed circumstances of the situation. From his long experience in the business, in Manchester, Leeds, Dublin, New York, Cobourg and Port Hope—the high finish, the neatness of his trimming, and the strict attention paid to funerals, he feels confident of receiving that liberal support he has been favored with hitherto. **METALLIC COFFINS** can be furnished by receiving due notice. Gloves, Scarfs, and Hat Bands, &c., kept on hand. *Four Horses* will be furnished, when ordered, with superfine Black Cloth horse covers. The subscriber has also prepared different sizes of small **HAND HEARSEs**, to suit the Funerals of Children, which will be furnished when ordered, with or without plumes.

Orders taken at his *Coffin Establishment*, or at *W. F. Russell's Cabinet and Upholstery Warerooms*, Walton Street, next to the building recently occupied by the Commercial Bank.

PORT HOPE, LINDSAY, AND BEAVERTON RAILWAY.

THE Southern Terminus of this Railway is in the Town of Port Hope; at this terminus there is now in course of construction, and intended to be completed simultaneously with the Railway, a capacious and secure artificial Harbour, which will be, not only the best on the north Shore of Lake Ontario between Kingston and Toronto, but will also be the only one entitled to be considered a Harbour of Refuge. At this point the Railway forms a convenient connexion with the Grand Trunk Railway of Canada.

The Town of Port Hope has been rapidly rising into importance. Within the last four years its population has more than doubled, and now contains about 5,000 souls. The value of the Assessed Property of the Town has increased twenty-five per cent. during the last year, and the rental or annual value now represents an actual value of upwards of £600,000 Currency. The Railway runs in a North-West direction, through a tract of country not surpassed in natural resources by any portion of Upper Canada, of similar extent. The Towns and Villages on the line of the Railroad to the shores of Lake Simcoe, are--

PERRYTOWN,	distant 9 Miles from Port Hope,
MILLBROOK,	" 17 " " "
MANVERS,	" 25 " " "
METCALFE,	" 33 " " "
LINDSAY,	" 42 " " "
MONTECELLO,	" 55 " " "
BEAVERTON,	" 69 " " "

A careful examination of the Map of North America will satisfy any one that the extension of this Railway to Lake Huron promises advantages which must ensure the early completion of it to Georgian Bay, a distance of 107 miles by the surveyed line. This will secure for it a remunerative share of the trade of the extensive country West of Lakes Superior and Michigan. This Road, it is expected, will be open for business before the close of 1856, and there is no doubt it will become one of the most important feeders of the Grand Trunk Railway of Canada.
