GRAHAM BELL SECURES A PRIZE FOR FLYING

His Aerodrome June Bug Won the Scientific American's Trophy for Flying Machines.

Charlottetown, P. E. I., July 6 (Special)—Dr. Andrew Graham Bell, while visiting here, received with great delight a despatch from Harmondport, N. Y., announcing that on Saturday the aerodrome June Bug had captured the Scientific American trophy presented by the Aero Club of America, for the flying machine heavier than air which would fly a kilometer in a straight line. This was the first official test to be made in America.

The aircraft was G. H. Curtis, according to whose plans the machine was built. He flew a mile in one minute and forty seconds, had the machine under perfect control and made a splendid landing.

Dr. Bell is president of the Aerial Experimental Association under whose directions the machine was built. The fourth will be Dr. Bell's own aerodrome. He is constructing at Baddeck. In an interview he said machines like the June Bug could be sold at a reasonable profit for \$1000. He will make a trial of his own aerodrome in a few weeks.

Dr. Bell is proud of the fact that America has made such an excellent showing in the trial as France heretofore has led the world in official trials. Dr. Bell and party left today for Baddeck.

On Saturday the presentation of Kings colors and regimental colors were made to the 82nd regiment at Valcartier. This is the first ceremony of the kind to be held in this province.

FREDERICTON HORSES AT FORT FAIRFIELD RACES. Fredericton, July 6 (Special)—Miss Letitia owned by W. K. Allen of this city won the free-for-all race at Fort Fairfield, Saturday in straight heats.

The best time was 1:06. The race was run off in half mile heats best three in five. Other starters were Clinton B. Shamrock and The General. Clinton B. finished second.

INTERNATIONAL TENNIS. London, July 6.—At the close of the London between C. Fairfax and E. Johnson on Saturday for the court tennis championship, Fairfax was challenged by Jay Gould, the amateur champion. He expressed his willingness to play and it is expected that details of the contest will soon be arranged.

The conditions proposed by Gould were a series of home and home matches in New York and London next season for the open championship of the world.

BIG CROWDS SAW FINE CIRCUS PARADE TODAY. Cole Bros. Certainly Put Up One of the Best Parades Ever Seen Here.

Cole Brothers' circus is in town; the big street parade has been seen, the free exhibitions on the grounds in York are according to promise and the show is now on in the big tent.

There has not been a disappointing feature about any part of this great aggregation of trained animals and world renowned performers. Everything looks bright and clean and it would not be going beyond the truth to say that the parade is one of the best ever seen on the streets of St. John and it is probably the largest and finest street parade of any circus now on the road.

SOCIALIST LABORITES NOMINATE THEIR CANDIDATES

They Put Up Men for President, Vice-President and Governor of New York.

New York, July 6.—Candidates for president and vice-president of the United States were nominated at a platform adopted by the national convention of the Socialist Labor party here yesterday. The ticket named is as follows—For president, Martin R. Preston, of Nevada; for vice-president, Donald Munro, of Virginia.

The nomination of Preston for president was unanimous and was received by delegates and audience with wild applause. The platform is identical with the one adopted by the party four years ago and declares for the cooperative commonwealth "for the present state of industrial and social disorder."

A demonstration which lasted twelve minutes preceded the presentation of the name of Joshua Wagoner as a candidate for governor at the convention of the New York State Socialist party held here.

No ballot was taken, his nomination being declared unanimous. Gustav Strabel, of Syracuse, was named as the industrial and social reformer to be nominated for governor.

George Cronkite of Nacikawick was fined \$10 and \$75 costs for illegal fishing in the St. John river by Col. Marsh this morning.

THOMAS PERLEY. Fredericton, N. B., July 6 (Special)—Thomas Perley, a well known resident of Bear Island, who has been employed as fishery guardian for some time dropped dead on the road near his home on Saturday. He had been working on the road with his team and expired while preparing to start home for dinner.

His wife, Mrs. Perley, who is a widow, was found by his daughter shortly afterwards. The deceased was sixty years of age and leaves a widow and three daughters.

WARDEN McNALLY is a sister and there are two brothers, Lewis Perley, of this city and H. A. Perley, a prominent hotel man of Halifax.

MAY BE A TRAGEDY. Toronto, July 6 (Special)—While paddling home last night on Humber Bay, a party of canoeists found a victim canoe and close by still floating was a man's coat.

Frank J. Farley had hired a canoe from Mavis boat house and with a young lady companion had gone for a paddle. Mavis and an assistant went out in their launch to find the unreturned canoe which they at once identified as the craft Farley had rented.

THE SITUATION IN PANAMA is exceedingly interesting. The United States has determined to guard against a revolution such as that which broke out in the little republic that surrounds the Canal Zone.

United States army officers are on hand under masquerade uniforms as private citizens. They have been gathered quietly from different parts of the United States and Cuba and are acting under sealed orders from the War Department.

Much secrecy has been maintained in sending these officers to the Canal Zone. They have been ordered, one or two at a time, from different localities and they have been selected without regard to rank or title of service, but for known courage and efficiency.

TRAGEDY AT OROMOCTO; OSCAR CASE STABBED IN SIDE, WILL LIKELY DIE

Garnet Ward of Shirley Settlement Did the Stabbing and May Have to Face Charge of Murder--Warrant is Out for Him But He Has Not Yet Been Captured--Tragedy Occurred Saturday Night.

Fredericton, N.B., July 6 (Special)—A young man named Oscar Case, belonging to Burton, Sunbury county, is lying at the point of death at his home as the result of a knife wound inflicted by another young man named Garnet Ward in Alexander Burnett's store at Oromocto Saturday night.

Ward has not been apprehended, but Sheriff Holden is after him with a warrant and hopes to have him in custody before night. The victim of the stabbing is under the care of Dr. Camp, of Sheffield, and today's advice are that his condition is very serious, with chances against his recovery.

From particulars of the affair, it seems that young Case spent the early part of Saturday evening at Burnett's store and about eleven o'clock strolled in Burnett's store and asked for a plug of tobacco. He had been in the place less than a minute when Ward entered, walked over to where Case was standing, plunged a knife into his side and was off in an instant.

Burnett's back was turned at the moment, but he looked around in time to see Case sink to the floor and his assailant dash out from the shop. A crowd quickly collected on the scene, and the injured youth was made as comfortable as possible.

A hasty examination of the wound showed that the knife blade had entered just below the breast, making a cut, from which the blood flowed freely.

Dr. Penke, of Belmont, was telephoned for, but being absent from home, a message was sent to Dr. Camp, who lives at Sheffield, on the opposite side of the river. It was nearly two o'clock when Dr. Camp arrived, and he found the patient quite weak from the loss of blood.

He attended to his injuries, and afterwards had him carried to his home at Burton. A message was sent to Dr. Camp, who lives at Sheffield, on the opposite side of the river. It was nearly two o'clock when Dr. Camp arrived, and he found the patient quite weak from the loss of blood.

It was found that the knife blade had penetrated only a quarter of an inch below the heart, but for the fact that it had struck a rib and glanced, death would have ensued almost immediately.

Ward, in his haste to get away, dropped the knife and it was picked up by Burnett. It is an ordinary pocket knife with a blade about three inches long, which had been recently sharpened.

It is quite evident that Ward struck to kill, and the only motive that can be assigned for the deed was that he quarrelled with an older brother of Case about a week ago and got a severe trouncing at his hands.

Ward is said to have threatened at the time that he would even matters up at the first opportunity. So far as can be learned, there has been no quarrel between Ward and the victim of the stabbing. Both are young men in the neighborhood of twenty years of age and have good reputations.

Ward is a son of Deacon W. M. Ward, of Shirley Settlement, and his victim is a son of the late Hugh Case and lives at Burton. A warrant was issued for the arrest of Ward on Sunday by Magistrate McLean and placed in the hands of Sheriff Holden. Ward skipped out after the stabbing and is believed to be hiding in the woods.

The incident has caused great excitement in the neighborhood, and feeling against the would-be murderer is pretty strong. So far as can be learned, none of the young men had been drinking during the evening.

TAFT PREPARING TO GO TO HOT SPRINGS

He Will Leave Most of His Goods and Chattels in Washington--So They Will be Nice and Handy to the White House.

(From our regular correspondent.) Washington, D. C., July 2. Ex-governor, ex-Judge, ex-Secretary and presidential nominee William Howard Taft is in Washington making final preparations for the removal and storage of his household goods and his departure with his family to Hot Springs, Virginia.

The present home of the ex-secretary has occupied in Washington since he has been in President Roosevelt's Cabinet is being dismantled for the lease which the Republics for the greater part of the Convention in Chicago. Mr. Taft has had a strenuous week finishing up his work in the War Department and clearing his desk for his successor, Hon. Luke E. Wright, who is now Secretary of War.

Tomorrow with Mrs. Taft and their young son, they will be thrown out of their summer residence at Hot Springs which will be the political center for the Republicans for the remainder of the summer. The household effects of the Tafts are being stored in Washington to wait the result of the election.

If they come to the White House next March only the personal treasures of the family will be removed. If things should otherwise come their way, a contingency which Mrs. Taft refuses to consider, the goods will be removed to Cincinnati which will be their future home.

Fortunately for both Mr. and Mrs. Taft one with a moving out of a government cabinet position and the other out of a home stored with oriental curios and the collections of several world wide trips with the mass of plunder they collected in a big house used for much entertaining, the summer is so far advanced that there have been few social demands on their time.

FOUR HUNDRED BUILDINGS BURNED AT PORT AU PRINCE

Great Damage Done by Fire Which Started in Palace and Senate Building.

Port Au Prince, July 6.—A serious fire broke out here about o'clock yesterday in the vicinity of the Palace and Senate building. The flames spread quickly, there being a high wind, and soon reached alarming proportions.

Four hundred buildings were burned, including the court house and the prison. All of the prisoners were taken to other quarters before the building took fire. Sparks were carried to the arsenal, which also was destroyed with stores of powder and ammunition.

The burning of the arsenal was accompanied by many explosions. The firemen were aided by a large section of the populace in fighting the flames and a force from the French cruiser Chasseloup-Laubat.

Port Au Prince, July 6.—The disastrous fire which started in the vicinity of the Palace and Senate buildings here yesterday and was believed to have been controlled after four buildings were burned, broke out again during the night and caused further extensive damage.

The result of the conflagration was caused by an explosion in the arsenal, which shook the whole town, damaged many buildings and scattered blazing embers over a wide area.

The second fire was believed to have been checked at midnight, but the flames got a third start this morning, and before they were subdued, many more buildings had been destroyed.

The city was almost in a state of panic. The flames were extinguished, and the explosion which occurred at intervals added to the frenzy of the populace. It was not until the intensity of the fire had diminished that anything like quiet was restored.

OLD AGE ANNUITIES BILL WAS AMENDED AND PASSED. Ottawa, Ont., July 6.—(Special)—On motion for the third reading of the old age annuities bill Mr. Ralph Smith moved three amendments. The first was designed to render it possible to transfer their deposits in the post office savings bank to the purchase of annuities, another amendment was to make it possible for employers and employees to enter into contracts for the securing of annuities.

These amendments were adopted and the bill passed.

JAPANESE CABINET RESIGNS. Tokio, July 4.—At noon today the resignation of the cabinet was tendered. There is reason to believe that the premier has already instructed Marquis Katara to form a new cabinet, but the announcement will not be made officially before July 7 and may be delayed until the arrival of Prince Ito from Seoul, July 12.

THE NEXT cabinet will likely be largely composed of adherents of Marquis Yamagata, and will be constructed on non-partisan lines. A well known authority said to the Associated Press: "All rumors that a change in the cabinet means increasing military influence are absolutely unfounded. The new cabinet will certainly follow the lines of peaceful retrenchment."

ITALIANS SENT BACK. Twenty-five Italians, who arrived here on the steamer Governor Cobb on Saturday to work on the Grand Trunk Pacific Railway construction in New Brunswick, returned to Boston on the steamer Calvin Austin on Saturday evening by order of J. V. Lavitola, Canadian immigration agent here. They were rejected as inadmissible immigrants. It is the intention to refuse all foreign laborers engaged to work on G. T. P. construction work in Canada.

DEATH DUE TO NATURAL CAUSES. London, July 4.—The coroner's jury today decided that the death of William T. Gilbert, the New York lawyer, who was found dead in a bathroom of the Savoy Hotel, Thursday morning, was due to natural causes. The body will be taken on home July 8.

Rev. C. T. Phillips is in the city today. He says yesterday's showers extended to Carleton county, and that more rain is needed by the crops in that section, the ground being dry and parched.

FRENCH VISITORS TO TER-CENTENARY

French Government has Demanded 30,000 Francs to Defray the Expenses of Warships at Quebec.

Montreal, July 6.—(Special)—A special Paris cable says: "To defray the expenses of the French fleet at Quebec the government has demanded an extra 30,000 francs."

"Owing to our relations with Britain as well as the Dominion it is indispensable that our fleet should participate in the fetes about to take place at Quebec," says President Fallieres in the message sent to the chamber with the request for the money.

"This mission will include," the document goes on to say, "the Leon Gambetta and the Amiral Aube, the councillor of state, the mayor of the town of Brouages, Champlain's birthplace, and the Consul-General of France." Montreal.

NEW STEAMSHIP ON GREAT LAKES

C.P.R. Liner Assiniboia Represents the Last Word in Lake Navigation.

Sault Ste Marie, Ont., July 6.—The S.S. Assiniboia left Owen Sound gaily decorated with bunting on the outside and specially imported roses and other flowers inside at six p.m. Saturday and arrived here at 1:30 yesterday afternoon with 150 passengers and 1,200 tons of cargo.

Every-thing went smoothly, and all speak in the highest terms of the ship and the comfort, conveniences and courtesy of the service.

Mayor Kennedy, the town council and many prominent citizens of Owen Sound wished prosperity and God speed to the new ship. They were saluted all the way to the Soo by the passing vessels and everything else with a whistle or flag.

A large gathering was at the Soo to greet her. The ship was saluted all the way to the Soo by the passing vessels and everything else with a whistle or flag.

MAGISTRATE RITCHE SPEAKS ABOUT KING SQUARE SALOONS

He Will Call the Attention of the License Commissioner's to Conditions on the Square.

Phoebe Dukeshire, who escaped from the Municipal Home on Saturday, was brought into court this morning. She admitted the charge and emphatically refused to return to the institution, declaring she should be admitted to the hospital.

The magistrate ordered her removal to the home holidays.

Edward York, an old offender, John Connors and Edward McCaustland, were sentenced to two months in jail in default of payment of eight dollars fines.

Sadie Nairn, arrested this morning on a warrant issued May 27th, denied using abusive language to Elizabeth Martin, and was remanded to await the attendance in court of the complainant.

THE case against Fred Beckingham, charged with assaulting George Gillespie on Dominion Day, was resumed and verdict rendered for Gillespie, Beckingham being fined twenty dollars, or two months incarceration.

Arthur Hoyt swore that after an altercation in the Red Ball tavern on King square, Beckingham followed the witness and Gillespie to Charlotte street, suddenly throwing himself on the latter's back and striking him in the eye.

His Honor stated that the section of King Square in which the saloon referred to is situated is a disgrace to the city, and he further stated that he intends in the near future to approach the proper authorities with a view to amending the statutes which allow liquor to be sold indiscriminately on public holidays.

It was informed that on Dominion Day the northern side of the square was a veritable rendezvous for drunken men who congregated in dozens in the vicinity of the barrooms and made it hazardous for a lady or child to pass without molestation. He will also acquaint the authorities about the brawl in the Red Ball barroom and await the sequel.

THE TIMES NEW REPORTER

HIRAM'S HAPPY DAY. Mr. Hiram Horn saw the circus parade four times this morning, and will spend the afternoon and evening on the grounds. Circus tickets protruded from his pockets when he met him this morning, and an air of joyous expectancy set about him.

Naturally, Hiram was particularly interested in the horses, but it was observed that his gaze lingered also upon the fair riders, and that his features relaxed a good deal when the clowns appeared. This may be a good day for buying potatoes, but the potatoes can wait. Hiram is at the circus.

THE ABSURD BOARD OF TRADE. The board of trade wants the city council to employ a man to take charge of the work on the streets, and see to it that the people get value for the money expended.

This extraordinary attitude on the part of the board has caused a little talk on the streets, and it would be folly to undertake any large expenditure in view of the rapidity with which ships and dirigible balloons are coming into use in the United States and Europe.

HAPPY SAN FRANCISCO. San Francisco, July 6 (Special)—Mr. Tatting Nelson and Mr. Joe Gans were presented with the freedom of the city on Monday, and adorned with laurel wreaths. They enjoyed breakfast very much, and Mr. Gans was heard to say that Mr. Nelson was a corker.

Your correspondent did not learn what Mr. Nelson said about Mr. Gans but if anything turns up will write you at once. There will be a dog-fight tomorrow.

WEDDED IN BESTION. Mr. and Mrs. A. H. Chipman returned home on the steamer Governor Cobb, Saturday, from Boston, where they were attending the wedding of Mrs. Chipman's sister, Mrs. DeWitt, to Louis, an analyst of the figures shows the following details:

Of the deaths, there were by firewrecks and resulting fires, 37; by cannon, 3; by firearms, 16; by gunpowder, 6; by toy pistols, 2; by runaway, 5; by heart failure due to explosions of cannon crackers, 2.

Those injured were: By firearms, 110; by cannon, 212; by firearms, 16; by gunpowder, 51; by toy pistols, 69; by toy pistols, 211; by bomb cases, 80; by runaway, 35.

This breaks all records for deaths since 1880. The number of deaths this year reported up to midnight last night is thirteen more.

In 1880 fifty-nine were dead at the same hour. The number of injured, however, is 1,183 less than in 1897, and is the smallest number since 1901 when 1,813 persons were hurt. This is regarded as an indication that the agitation for a "vane fourth" is having its effect.

GRATEFULLY HUMILIATED. Washington, July 6 (Special)—Much disappointment is expressed in official circles over the small list of casualties on the Fourth. It is believed that there were more people killed in the little Paragon revolution last week than in all this vast and glorious country on its national holiday. The President is preparing a special message on the subject.

Meanwhile, Walter was standing there in pitch darkness, utterly at a loss what to do next. He had no light to guide him... "Abducted Miss Rayne," Walter said, as Silvia hesitated. "Why make any bones about it? We know that Miss Rayne came here. We, on our side, are not altogether without intelligence."

Walter could dimly see up the next flight of stairs. It was only for a moment, but he distinctly saw the outlines of the figure there, and a signal made by the waving of a white arm. It was with difficulty that he repressed a cry. He now knew that the Italian had been lying to him, and that Vera was in the house. When he glanced up again the figure had vanished and Walter dropped into the easy chair again. It seemed to him that there was something in the signal which made him be cautious of his own task to the exclusion of everything else.

FOUND STARVING IN HALIFAX PARK

Thomas Meikle Had No Work and Wouldn't Beg--Went Without Food for 34 Days.

Halifax, N. S., July 5.--Worn almost to a shadow after fasting for thirty-four days, Thomas Meikle, a seafaring man, holding a mate's certificate, was found lying in a helpless condition on a pile of rags in an open unoccupied distillery, Point Pleasant park Saturday night. The man was too weak to walk and had to be removed to the hospital.

BURBANK'S POTATOES

Experiments Still Going on to Produce New and Better Types of the Tuber.

For over 25 years we have heard of the Burbank potato, but very few could have imagined what lay behind that name. Burbank's potato is usually considered a dull, tiresome tuber, but as a boy Luther Burbank took a different view. He looked at his home potato patch in New England, as a fascinating problem. The result was a new and improved variety of potato, which when he was 18, he sold to a seed-house for \$150. This was practically Mr. Burbank's first experiment, and his success since then has been phenomenal.

WEDDINGS

Sheehan-Crotty. On June 16, Thomas S. Sheehan, formerly of Barnaby river (N. B.), was married in the church of St. Anthony of Padua in Minneapolis to Miss Mary A. Crotty. Nuptial mass was celebrated by Rev. Father O'Reilly.

Clain-Buyot. On Sunday morning a quiet ceremony was performed at the home of the officiating clergyman, Rev. W. B. Clain, when Miss Mary M. Buyot, of Pombouche, became the wife of Gideon Vernon Clain of Springdale, Kings county. There were no attendants. Mr. and Mrs. Clain left for Springdale, where they will reside.

Interpretation of the educated Indian--his death scene in the fourth act is most impressive. Miss Lee as the "Little Major" and Harry Wilson as "Higgs" radiate magnetism and good cheer in their sparkling comedy roles. Frank Smith, who played "Henry the Eighth" last season, will be cast for the trying role of "Colonel Grey."

BE CIVIL AND OBLIGING

And Take Care of the Baggage, is G. T. R.'s Instruction to Employees.

A 88-page manual of the rules and regulations governing baggage car traffic on the Grand Trunk Railway has just been issued by the company for the guidance of its employees. A distinct effort is made in the book to keep ever present in the mind of the employee the fact that the baggage department is his first duty to the public, and to illustrate this, on the first page appears the following: "The relations and responsibilities of common carriers to the travelling public are such as to demand the highest care on the part of the employees."

PERSONALS

Mr. and Mrs. Edward Fitzgerald arrived on the steamer Governor Cobb on Saturday after their honeymoon trip. E. W. THE AGRICULTURAL COMMISSION

Madawaska Farmers Turn Out in Force and Make Many Suggestions.

The first meeting of the Agricultural Commission in Madawaska county was held at St. Leonard's, July 2. A large gathering turned out to meet Hon. Dr. Landry, who conducted considerable of the enquiry in French. Much interest was manifested. Belour Violette presided and there were 120 farmers in attendance. Speaking in French, Hon. Dr. Landry explained the objects of the commission and during the afternoon went over the various questions upon which information was sought. The farmers generally expressed themselves as needing more good stock for breeding purposes, especially to secure better cattle for dairying. In horses the Clydesdale was the breed preferred.

HALIFAX OPERA SINGERS HAD GOOD TIME HERE

On his return to Halifax a representative of The Mail called on Mr. Well and obtained the following statements re the reception of his production of "The Bohemian Girl" in St. John. "My enthusiastic audience that those that greeted us on our various appearances at the Opera House in St. John. Our reception from all sides was most cordial, and was often commented on by the members of the company. At the Opera House, everything possible was done by the management, stage hands and orchestra to make our people feel at ease. In fact, the Monday's performance went without a hitch, which was remarkable, as we had had no stage rehearsals since we produced the opera in this city three weeks ago. The opera evidently made a great impression on the music lovers of St. John, who did not hesitate to state that the Monday's performance was their best. The newspapers were very kind in their criticisms, and assured us of a hearty welcome whenever we would again visit St. John."

"Say, did any of you get 15 minutes sleep last night? Such beds! That is, I suppose they are called beds, but I'd rather sleep on cobblestones and be done with it. Think of my writing me that every bed had its hair mattress!" "And that bitter! Say, the man who would use it to even graze his wagon ought to be licked!" "And there were lumps in the potatoes, and the bread must have been baked, and the meat was so tough that it needed a change, and Harry wrote to this man, but I'd rather go home and die than stay here another day. I know that staying here will only hasten my end!" "And then there is silence, and presently the gang breaks up to go wandering about and feel that life is worth living. THE ALL RED LINE

The resolution dealing with the All-Red Line, of which Sir Wilfrid Laurier has given notice, will not be regarded as a partisan proposition. It involves an endorsement by Canada of a resolution adopted by the imperial conference, which must also be endorsed by Great Britain, Australia and New Zealand before there can be any definite result.

BRETHREN AT VARIANCE

The following extract from the report of the proceedings in parliament on Saturday is of local interest: "Mr. Bennett referred to an article in the St. John Globe, concerning the dredging contracts.

DOCTOR'S LIFE SPAN

Doctors as a class are more subject to illness than their fellow men and their expectancy of life is less than that of most. An explanation of this is readily found in the anxieties caused by responsibilities which must weigh heavy on every man of right feeling; in the amount and trying nature of the work the doctor has to do; in irregularity of meals and broken sleep; in exposure to weather and to infection; and last but not least, in the scanty remuneration which his labor too often brings him.

The world that yesterday was drear Has lost the gloom it had; Around me everywhere appear New signs to make me glad.

IN LIGHTER VEIN

WHAT HE TOOK UP. Mrs. A.—"Yes, he said if I'd only be his wife he would take up music and art and literature. In fact, he said he would take up everything."

A CRUEL RETORT.

"My husband always remembers my birthday and our wedding anniversary. I should think you would positively hate him," replied the other woman.

USE FOR THEM.

Jack—"The forests should be conserved." Stella—"Oh, I guess there are enough left to carve our initials on."—New York Sun.

FRISCILLA AND HER KNITTING.

John Alden pinched Friscilla's chin. "This is nothing shocking; Friscilla dropped five stitches in her good old homestead stocking. And how the pins talk did stare. And oh, the verbal knottiness. To see prudish Friscilla wear— A pair of drop-stitch stockings."

BLISS.

Lynxander (sweetly)—"Do you know what day we're in?" "Sure! Our anniversary, Margaret, dear. I should think you'd have remembered it all the time!" "It's such a thing (trigrid). It's the day you promised to nail the leg on that old kitchen table."—Unknown.

THE DUMMY.

John is just the dumbest thing. As soon as it is time for sports. He doesn't know this and don't know that. Nor does he know what he is doing. He doesn't know how to dig for bait. And when he goes out in the spring just don't know nothing but the wish Of trout lines castin' out fer fish. And when, still moments for the soil Down by the old-time swimmin' hole.

THE CONQUEST OF THE AIR

Tennyson's line in his first Lockley Hall depicting "the nations' very navies grappling in the central blue" appears to be within measurable distance of realization. From the Daedalus of Athenian legend with his waxen wings down through all the historical ages the dream of achieving aviation has never been absent, nor could man, constituted as he is, rest content with the invention of the Brothers Montgolfier, tested 125 years ago with the steaming balloon of Da Vinci de Lome, that did such excellent service in the steps of Paris. The ideal towards which all experiments have striven has always been to emulate the freedom and power of those long sighted birds that ride the whirlwind and content the obedient winds.

Will the creation of the air navies which Tennyson with prophetic eye and poetic imagination foretold and described make for war or peace? It is certain that aerial navigation will bring with it restrictions imposed by the common consent of all civilized nations on its employment for destructive purposes. Yet since these may not entirely avail. More hope must be placed on the growing amity that is apparent among the western peoples. The British race, The World believes is entirely sincere in its desire that the reign of universal peace may be inaugurated in the world. The United Kingdom is content with its vast burden and would rather devote itself to fulfilling its duties to the dependencies that acknowledge the British flag than add to them. In this the King and his ministers will be sustained by the self-governing states of the empire. Defence, not defiance, the motto of the old British volunteers, is the imperial watchword today.

MONCTON WINS AND LOSES

Greeks Split Even With Visitors --St. Peter's 12, St. Joseph's 4; St. Rose's 14, St. John the Baptist 8.

Moncton and Marathons made an even break at baseball on Saturday when each took a game. The visitors won, the afternoon contest by the score of 2-0, in a loss exhibition. The Marathons took their revenge in the evening winning in a five inning game by 10 to 4. There were good crowds at both games.

The evening game was rather exciting. It was cut short in the fifth inning on account of darkness. Nesbitt was in the box for the Marathons and, after the first two innings held the Moncton boys down well.

McKee was pitching for Moncton and was hit freely. The score was tied when the Marathons came to bat in the third and they proceeded to get busy with the ball. Malcolm and Nesbitt got their bases safely and Nesbitt drove one to left field and with the aid of slow fielding the batter made the round of the bases bringing McKee's score up to seven up to seven. In the next inning Bradbury scored on a long throw home and before the game was called in the fifth inning and Nesbitt came home on J. Malcolm's hit over second base.

In the intersociety league games, St. Peter's defeated St. Joseph's, 14-4, in the afternoon and St. Rose's won from St. John the Baptist team, 12-8, in the evening contest. Both games were marked by heavy hitting and hard base running.

A. Maloney, who is home from college, pitched for the winners in the afternoon and made a good showing. The St. Joseph's battery was Flood and Donovan. In the evening game, St. John the Baptist's pitcher, who was playing short stop on Saturday, made a pretty hot throw but injured his ankle while sliding and had to be driven to his home. He may be out of the game for several weeks.

The feature of the evening game was home run by Mills of the St. John the Baptist batsman. This was the first of the season in the Inter-Society League games. Bent pitched for the losers and O'Keefe for St. Rose's.

New York, N. Y., July 5.—One of the most stubbornly contested baseball games ever played between professional clubs, closely approaching, if not excelling, the record of runless games, was played today in Newark between the Jersey City Eastport League team. The game was called on account of darkness at the end of the nineteenth inning without a run having been scored by either team.

The pitcher for Jersey City had the Newark down to three hits, while the pitcher for Newark allowed his opponents but six singles. The only extra base hit of the game was a two-bagger by Brockett. Each pitcher struck out fourteen men and each was remarkably steady. Lafitte hit the batsmen and passed two. Brockett passed three. Jersey City players. The batteries were well supported by the fielders. The game lasted three hours and forty minutes.

BATTLING NELSON KNOCKED GANS OUT IN SEVENTEENTH

He Received a Terrible Beating From His Opponent, but Finally Wore Him Down and Captured Championship.

San Francisco, July 4.—Batting Nelson today won the title of lightweight pugilist of the world from the man who defeated him at Goldfield (Nev.), almost two years ago. He knocked out Joe Gans in the seventeenth round after a fight as desperate as any that has been seen here in years.

Fighting from the beginning to the end of every round, moving ceaselessly forward with his building tenacity, his wonderful stamina, slowly battered the veteran colored champion into submission. The end was not sudden and there were few who watched the progress of the fight who saw Gans grow weaker and weaker from round to round, but had made up their minds as to the result long before the count was given that made the Illinois lad champion.

Three times Gans went to the floor in the first round, each time taking all the time allowed. A blow from Nelson's left glove to the pit of the stomach, ended the fight, and Gans toppled over and rested on his knees, his face wearing a most painful expression. He tried vainly to regain his feet but failed, and was counted out. Then 10,000 men and a score of women, who had gathered in the open air arena on the San Mateo Hills, cheered the man who had become champion after defeat and rushed in frenzied enthusiasm for the ring. The spectators were bowled over and Nelson was swept off his feet and hoisted on the shoulders of his friends and carried about the arena and to his dressing room, while the beaten, bleeding Gans, was escorted by his seconds from the scene of his defeat.

"The best man you have a doubt," was Gans' frank admission, as he lay on the ring. "It's the old story of one fight too many. After the third round I began to feel myself tired. Old age will tell and as you can see, it's true."

There was the usual dispute about the count. It is claimed that when Gans went down for the first and second times in the seventeenth round he was counted out, but so great was the confusion that no one could hear the official time keeper's count. Many of Gans' friends claimed the count on the final knockdown was short and that he was not properly counted out. However, the referee ruled that Gans was a defeated man after the eighth round.

For the first five rounds, Gans landed all will on Nelson, terribly punishing him about the face. It did not look that Nelson had any chance in a hundred to win, but he never hesitated to come to close quarters with the champion and swing his arms constantly, seeking an opening. Finally in the seventh round Gans began to weaken and from that time till the end, the tide turned in Nelson's favor. In the seventh he landed heavily on the body. Thereafter it was Nelson's fight.

Gans used all his skill and guile to stand in the Dane's rushes but failed to stop him. In the twelfth round Gans went to the floor for the count of nine on three different occasions. Nelson pushed him severely about the body and face, but it was the body blows that eventually brought the champion to grief. In the fourteenth Gans showed a flash of his class. Although apparently hopelessly beaten at this stage of the contest, he reeled the Dane time and again with his famous short arm wallop. But they had not the slightest effect and when Gans went to his corner he seemed to realize he was a beaten man and so informed his seconds.

Nelson, when seen in his dressing room after the fight, presented a battered appearance but was apparently as strong as before the fight commenced. He said: "I know I would lick him. I took all the bets I could get and cleaned up a big sum. I have won the lightweight championship and have all the money I want. I don't care if I never see a boxing glove again. I may or may not, however, fight again." Referee Jack Welsh had this to say after the fight: "Nelson won a clean cut victory. I do not, however, think that the Gans fight should be called a draw. Gans was too strong and it was the case of youth having its fling." The attendance at today's battle was the greatest with two exceptions that ever attended a prize fight in California. The receipts approximately amounted to \$40,000.

JOHN NELSON, BATTERING NELSON'S

The men shook hands, and after feinting with the left, Gans sent in three punches to the face and Nelson was fairly smothered with congratulations. He was finally carried to his dressing room on the shoulders of his admirers.

Round 1. Nelson was declared the winner amid tremendous excitement. The crowd swarmed into the ring and Nelson was fairly smothered with congratulations. He was finally carried to his dressing room on the shoulders of his admirers.

Round 2. The first of the series of races for the Magee trophy, open to Class A, Salmon boats, was sailed at Westfield on Saturday under the auspices of the Westfield Outing Association. Chinook, the scratch boat, distanced the other ten competitors, subject to a decision to be given by the judges on the matter of a foul, was the winner, having 1 minute and 10 seconds on the advantage of the handicap over Watson, which came in second. Mona was third and Arrah Wana fourth.

The race started at 3:35 p. m. The course was from Westfield Point down to the buoy, returning to the wharf, thence up to Belyea's Wharf and back to the starting line. Eleven boats took part, Thistle, which arrived late, being the only absentee. The handicap was as follows: Chinook, scratch; Lolita, 20 seconds; Mona, 1 minute 14 seconds; Lillian, 1 minute 58 seconds; Wabeno, 2 minutes 33 seconds; Thistle, 2 minutes 40 seconds; Prono, 2 minutes 48 seconds; Arrah Wana, 3 minutes 10 seconds; Lolita, 3 minutes 30 seconds; Kenwood, 5 minutes 22 seconds; San Souci, 7 minutes 51 seconds; Now Then, 11 minutes.

It was not an ideal day for racing. There was a light wind. A raft of logs which nearly blocked the river opened the heart of the race to the competitors. Chinook never looked like being beaten and sailed a good race, defeating Mona by 3 minutes 40 seconds. In passing a buoy the Chinook fouled the anchor rope and the race was not awarded until the judges have considered the matter. The race was sailed on the finishing line and thereby probably lost third place. The last boat returned at 5:37 p. m.

The officers of the day were B. R. Macaulay, J. H. Doody and John Keefe. The second of the series of Magee trophy will be sailed on next Saturday.

Twenty Year Old Golfer Is Champ Alec Wilson of Royal Montreal Club Wins Canadian Championship.

Montreal, July 5.—Alec Wilson, a twenty-year-old player of the Royal Montreal Club, won the amateur golf championship of Canada at Dixie on Saturday, defeating Frits Martin, of Hamilton, the runner up to George S. Lyon last year and champion in 1902.

Wilson and Martin met in the final on Saturday, playing eighteen rounds in the morning and eighteen in the afternoon. Wilson was 2 up at the end of the morning round and on the way out in the afternoon, Wilson increased this lead to 4 up by the ninth hole. Coming in Martin made a great rally and Wilson was only one up going to the home green, the local youngster keeping his nerve, halved the final hole and won by one up.

The winner's morning card showed 79 to Martin's 81 and the same totals were shown on the afternoon cards. As the open title, which was won by Albert Murray, went also to a twenty-year-old player, the championship this year has been marked by victories for youthful skill against age and experience.

MIKE "TWIN" WILL FIGHT HARRY LEWIS

The Pair Talked of For Labor Day Attraction at Boston.

Boston, July 4.—It looks as if Harry Lewis and Mike Twin Sullivan will furnish the main bout for the Army A.A. card on Labor day. Unless a match turns up easily, there will be no bout at the three A's after July 28 until Labor day. Harry Summers, who fought Matty Baldwin at Chelsea, will return to the country in September.

DIGBY HORSE WINS AT BROCKVILLE, ONT.

Kingsboro Captures Free For All in Straight Heats.

At Brockville, Ont., on July 2, the second and last day of the eastern Ontario racing circuit brought out a card of three races. Kingsborough, the Nova Scotia horse, won the 2 1/2 trot and pace on July 1, had no difficulty taking the free-for-all, straight heats from Lady May, Captain Spinx and Sam Rydale. Lady May was the most formidable contender but lacked good form.

Kingsborough, Merton, Digby, N. S. ... 1 1 1 Lay, Merton, Digby, N. S. ... 4 2 2 Sam Rydale, Pettigrew, Eganville ... 3 3 4 Captain Spinx, Lay, Merton, Digby ... 4 2 2 Time—2:18, 2:18, 2:20.

CANADIAN ATHLETES IN LONDON SPORTS

Montreal, July 5.—A special London cable says: The International character of the entries, with no fewer than eleven nations being represented, gave popular importance and interest to the Amateur Athletic Association championship meeting, which was held in the stadium, Saturday afternoon. A big crowd was in attendance. There were nearly 300 competitors, among them many men who have entered for the Olympic contests.

The final in the 100 yards was won by Robert Kerr, the Canadian, by one yard. B. E. Walker, of South Africa, was second, and J. W. Morton, the holder of the championship for the past four years, was third. The time was ten seconds flat. This victory was greeted with great cheering by the Canadian and American spectators.

Dennis Hogan, of the Irish-American Athletic Association, put the weight 44 feet 7 inches, winning easily. The pole vault was won by E. B. Archibald, of Toronto, with 12 feet. Archibald and Kerr are both entered for the Olympic games.

Galbraith and Lawson were beaten by 60 yards in the four mile race. The winner was Voigt, time 10:47 3/4. The 200 yards dash also was won by Robert Kerr, in 22 3/4 seconds. To get into the final he won two heats. The pole vault was won by E. B. Archibald, of Toronto, with 12 feet. Archibald and Kerr are both entered for the Olympic games.

DR. PUGSLEY ANSWERS DREDGING QUESTIONS

Minister of Public Works Explains That He Did Not Award the Contract for Harbor Dredging—Says Negrotown Breakwater Will Not be Extended to Partridge Island.

Ottawa, July 5.—A ruling by Speaker Sutherland that an amendment by Mr. Lake to the Oliver land bill was out of order was responsible for a queer situation in the house Saturday afternoon. Mr. Lake proposed that the land in Saskatchewan and Alberta be set aside for higher education and the speaker ruled that such a motion involving the alienation of the public domain could not properly be introduced without a recommendation of the government.

Mr. Speaker upheld Mr. Borden and suggested that the bill stand over till Monday. Sir Wilfrid Laurier, who realized that the government had been proceeding irregularly, agreed. At the evening sitting the house went into committee of supply and took up the item of \$400,000 for improvements and dredging in St. John harbor.

Mr. Pugsley also explained the supplementary estimates would include votes for building wharves at the federal expense, but this would not relieve the local government from its responsibility in that connection, and that that government would continue its policy of paying half the cost of such structures.

Mr. Pugsley replied that he was impressed with the importance of this work, and intimated that the supplementary estimates would contain an item for the purpose of carrying it out. Mr. Pugsley also explained the purpose of the St. John harbor vote.

CARELESS CAMPERS IN CANADIAN WOODS

Incalculable Damage May be Done to Canada's Forest by Careless Campers Who Build Fires.

(Montreal Star). Two factors tend just at present to bring to public attention the vast amount of national wealth stored up in our forests and the vital importance of husbanding these great resources. One is the discussion that has taken place in parliament during the present session respecting the manner in which large forest areas have been disposed of without any regard for the advantages to the public treasury, and the other is the return of that season when the forests are especially vulnerable to the ravages of campers when breaking camp. They think the fire is extinguished when it is smoldering and after their departure from the spot it breaks out and there is no one at hand to put it out before it has got beyond control.

The enormous loss arising from the waste of fuel in the use of open fires is being brought to one when the cost of reforestation is computed. Then one realizes how generous Nature has been in covering miles of the earth's surface with trees. It has been estimated by an authority on forestry that the minimum cost of planting with young trees one acre is at least five dollars, or \$3,000 for a square mile. At that rate it would cost \$115,200 to plant an area equal to the ordinary township six miles square.

But in the case of trees years must elapse before the time of planting and that of the harvest, and during all those years that large capital is unproductive. A forest fire in a few days wipe out fortunes and the wealth that it destroys is of a kind that human labor can do very little towards replacing. Man can plant the trees, but it requires the sunshine and the rain of a quarter of a century to bring them to such a stage of development as to be ready for the lumberman. A waste of forest wealth is for one generation at least an irreparable one.

DR. JOHNSON'S WOOLING. Dr. Johnson's offer of hand and heart to his second wife was thus: "My dear woman," said Johnson, "I am a hardworking man and, whilst, something of a philosopher. I am, as you know, very poor. I have always been respectable myself, but I grieve to tell you that one of my uncles was hung."

"I have less money than you doctor," said the philosopher, "but I have several who ought to be respectable myself, but I grieve to tell you that one of my uncles was hung."

A negro who arrived here recently on a Danish barque has been manoeuvring to secure admittance to the hospital, but thus far without success. He claims to have shipped as seaman on the vessel at the southern port and he declares the climate in the north was so frigid that he was afflicted with rheumatism—when the barque was several hundred miles from St. John—a disease he had never been heir to.

WANT BETTER STREETS

Board of Trade Will Meet Tomorrow Afternoon to Consider This Subject

A meeting of the board of trade will be held tomorrow afternoon at three o'clock to discuss the condition of the streets. There is a feeling that the city council should appoint a competent head to the street department. Many citizens feel that much of the large yearly expenditure is wasted because of the lack of proper plans and superintendence. Tomorrow's meeting is to be held to give merchants an opportunity to discuss the question publicly, and perhaps stimulate the city council to take up the work in a more business-like way.

DISSATISFIED

SUBURBANITES

They Complain at Delay in the Arrival of the Early Train on the C. P. R.

There is considerable dissatisfaction among suburban residents along the line of the C. P. R. on account of delay in the arrival of the early morning train. It is claimed by many to travel on this train that it has not reached the city on schedule time since the season opened, and it is a great inconvenience to its patrons as it is now run.

This train, according to the timetable, is due to arrive in the city at ten minutes to eight o'clock, but its patrons aver it has been from five to twenty-five minutes late every morning. As a result, many of the clerks who are due at their work at 8 o'clock are behind time every morning, and in consequence some are losers thereby.

The cause of the delay is the holding of the suburban train at Westfield until after the Boston express has gone by. As the Boston train is frequently late, the suburban train is held up. It is suggested that the crossing of the trains should be made at Grand Bay, as in that way the suburban train need not be delayed, and the loss of time for the Boston express could be made up, where it makes so few stops. This morning it was 8.15 when the suburban train reached the city. It is also suggested that a heavier locomotive might be used when traffic is heavy on Saturdays and Mondays.

WILL REDUCE THE FIRE INSURANCE

Underwriters Will Take off 25 Cents at the Next Meeting.

At a meeting of the New Brunswick board of fire underwriters this morning, notice of motion was given for a meeting on July 12th (Monday next), to take off 25 cents in insurance rate as promised. The system of reduction is to date from the 30th of June, and the underwriters ask that the tests be made of the water pressure while the factories are running, and it has been arranged for these tests to be made on Friday morning next, at Centenary Church, at 11 o'clock.

Secretary Chas. H. Yoxson in his system, and also at Market Square. The reduction is to be made with the distinct agreement that the single water system will be adhered to and no other system will be accepted.

It is also suggested that the tests will prove other than satisfactory, and no antagonism will be created, and brought to a state of efficiency.

I. C. R. GATEMAN HAS PARALYTIC STROKE

Patrick McBride Stricken With Paralysis Early This Morning.

"Come quick I am taking a stroke" brought a passer-by to the door of the I. C. R. gateman a shanty about 4.45 this morning, to find the veteran gateman Patrick McBride lying on the floor as the result of a paralytic stroke. The man had been there for some hours. I. C. R. night watchman, Patrick Yoxson was hurriedly summoned and McBride was lifted to the bench in the shanty. The ambulance was telephoned for and accompanied by Dr. P. DeWalker the unfortunate man was taken to his home 11 Lombard street. Had the gateman been struck during the day it is hard to tell what calamity might have occurred at the crossing, where there is always a heavy traffic.

WHOSE DUTY IS IT?

Editor Times: For two months an old crate and empty barrel have been standing on North Market street opposite Messrs. O'Neil Brothers. Last week a barrel full of decomposed water or pickle has been on the sidewalk. I have spoken to the clerk in the market, but it is there yet. If there is no one whose duty it is to look after such things, the common council should appoint an officer.

E. W. ELLIOTT.

CHILDREN'S SERVICE.

In the Carleton Methodist church yesterday the day was given up to the children.

The pastor, Rev. J. Heaney, B. A., preached to the children at 11 a. m. and to the parents and guardians at 7 p. m. The following programme was carried out by the Sunday school:—Doxology; 2nd Psalm in chorus by the school; opening remarks by the superintendent; prayer; chorus, primary department; song, "The Children's Day Closing Song." A number of singing canary birds added to the music and to the delight of the children.
