comedy sketch, "Speaking of Men." This
is a stage study. There are two
characters, one a chorus girl and the
other a dancer. Much of the fun is de-
rived from their outlook on life. Miss
Hardy has been on the stage for many
years and is conceded to be a great char-
acter actress. In addition, there will be

Fine Business Marks First
Day of Anniversary Sale
With Outstanding Bargains

Favored with splendid weather, the
Amdur Anniversary Sale opened most
auspiciously this morning. Shoppers
who visited the Amdur stores in West
St. John and the city proper, throughout
the day, referred in most enthusiastic
terms to the generous bargains which
Amdur's offer in celebration of their
fifth year of business success in St. John.
Special comment was heard in which the
Amdur advance showing of Easter goods
was characterized as timely and very
attractive.

Interviewed today, managers of the
several Amdur shops stated that a fea-
ture of the patronage on the opening
of the anniversary was the large number
of early buyers.

That Amdur's have been able to in-
clude in their anniversary observance,
suits, coats, dresses and other articles of
clothing in the latest Easter quality and

and pleasure among ladies and they

THE MEXICAN PUZZLE

In view of all that has been said in the American press about the dawn of a brighter day in Mexico, one is surprised to read in the last issue of Leslie's Weekly an article with this heading: "Americans, keep out of Mexico. General Obregon is not redeeming his promises and the country of which he is the incompetent head is a slumbering volcano."

At the outset the writer of the article quotes two utterances of President Obregon. One was to the effect that he did not consider it necessary that commissioners from the United States should study conditions in Mexico as a preliminary to the recognition of his administration. The Times not long since referred to a publication issued by the Chamber of Commerce of Los Angeles, following a visit to Mexico by a large delegation of its members. They declared that all was well in Mexico, and gave the reader an opinion directly opposite of that expressed in Leslie's Weekly. He asserts that while the Mexican government "spent a large sum of money transporting and entertaining American visitors during the inauguration of President Obregon," and that they attended with the expectation of opening up business relations in the country, yet "what they saw prompted them to wait and they are still waiting." He adds that "thousands of Americans have rushed into Mexico in the past two months, but they are washing out again thoroughly discouraged with the conditions."

The second remark of President Obregon with which Leslie's writer deals is as follows: "We will not need treaties to force us to meet our moral debts." This was in reply to a suggestion from Secretary of State Coby that a treaty be negotiated, defining and protecting the rights of American residents and investors; and it is not regarded as at all satisfactory under present conditions in Mexico. We quote:

"General Alvaro Obregon was inaugurated as president of Mexico December 1, 1920. He had been elected by that name in Mexico as a large plurality. He is a one-sided veteran of the revolutionary wars and is, or was, a popular idol. His promises on both domestic and foreign policies were fair, conservative and impressively expressed. Their fulfillment would insure domestic peace and justice and restore to foreign capital the rights and property of which they had been unjustly deprived under his revolutionary predecessors. It is certain that no man since Benito Juarez had succeeded to the presidency of Mexico with such general support and with such universal confidence as General Obregon. Even the sceptical hoped that he was the strong man who was to regenerate Mexico from within, and under whose rule it would again become a land of peace, plenty and contentment. In eight short weeks, the mirage has been dispelled. Obregon has shown no sign of strength. His popularity with his people is falling; the confidence that his foreign friends had in him has ebbed; his promises are unfulfilled; his policy is that of inaction; his accomplishments are practically nothing beyond the establishment of a surface peace by the most dangerous of methods."

To fortify his assertions the writer says that Obregon has not disarmed the numerous bands of bandits, who are still under arms, subsisting by plunder; the confiscatory policy towards foreign investments has not been changed; the moving of freight on Mexican railroads is today more difficult than during the revolution, and this physical condition is growing worse; the radical element has not been checked, but "Bolshevism is still nurtured in the national palace"; political stability has not been restored, and rival governments or legislatures are trying to function in several states; exiled citizens of good character have not been invited to return to Mexico; the army is not being reduced; no interest is paid on government bonds; former leaders of revolution are real—if not official rulers of several states; and "the Bolsheviki have the only effective political organization in Mexico."

This is a very serious indictment, and if it is not inspired by a desire to bring about American intervention in Mexico it points to further turmoil and revolution. It is evidently necessary to take Mexican news that comes through American channels with reservations; but unless this correspondent is a prevaricator of the worst type there are troubling days ahead for the Mexican republic, which at this moment is said to be in need of financial assistance in the form of a loan which it is thought may be sought in the United States.

The Manitoba Council of the College of Physicians and Surgeons has suspended for periods ranging from one week to six months sixteen physicians who issued wholesale prescriptions for liquor. One of them gave ten thousand in one month. Such men are a disgrace to their profession. A physician ought to be above suspicion in such matters.

The discussion on rentals at the Commercial Club meeting should throw some light on this vexed question.

THAT SENATE APPOINTMENT

A Moncton despatch to the Standard says that legal advice will be sought to learn if it is possible to protest legally the appointment of Mr. J. A. McDonald to the senate. The same correspondent says there is talk of a convention of Conservatives from St. John, Albert, Westmorland and Northumberland to demand the resignation of Hon. Mr. Wigmore. The despatch also gives currency to a rumor that Senator McDonald would be quite willing to succeed Hon. Dr. Reid as minister of railways. All this lends interest to the questions to be asked in parliament by Mr. Gaurau, member for Temiscouata, who will enquire if the government has taken notice of the protest against the appointment of Mr. McDonald, and if Premier McEwen proposes to take any action in regard to the appointment or the demand for Mr. Wigmore's resignation. Up to the present time both the premier and Mr. Wigmore have preserved a modest silence concerning the whole matter. The revolt now appears to have reached proportions which might move them to say something, although there does not appear to be much they can say that would be satisfactory to everybody. Neither Mr. McDonald nor Mr. Wigmore is likely to resign at this stage of the proceedings.

Rev. J. O. L. Spracklin of Ontario has been acquitted of the charge of unlawfully killing Beverly Trumble, who was shot by him during a liquor raid. The case has excited widespread interest because the man who did the shooting was a minister as well as a liquor inspector. Violation of the law in the region around about Windsor became so notorious that bitter ill-feeling was aroused and all kinds of threats made. Had the shooting been done by an ordinary officer of the law, much less would have been heard about it. One does not like to think of a minister going about with a revolver, and there is a general feeling that Mr. Spracklin should not have deemed it necessary to carry arms.

The King's Bench, in Dublin, has declared that a state of war exists in the south of Ireland. That being so, there will continue to be acts of violence and a continuous record of deaths by violence. This state of affairs will continue until the armed agitation for a republic is abandoned. It is a most unhappy condition. If the people will try the experiment of home rule now offered them it should lead to happier times.

Those who are interested in daylight saving should go to the polls on Monday and record their vote. Indifference on voting day spells defeat. There is a difference of opinion on the subject. The city council has asked the people to decide. They have the opportunity to settle the matter decisively, and can have no complaint to make if as a result of their indifference the verdict goes against them.

The Moncton Times devotes a column to the appointment of Mr. J. A. McDonald to the senate, and, among other things, says: "In this matter a very serious error has been committed by the person or persons on whose advice the government has acted. The appointment is not likely to be received with any greater favor in Nova Scotia than in New Brunswick."

Mr. Herbert Hoover has consented to join the Harding cabinet at Washington. He is one of the really big men who emerged during the war period, and should make a very able administrator of the commerce department. Mr. Hoover, and this physical condition is growing worse; the radical element has not been checked, but "Bolshevism is still nurtured in the national palace"; political stability has not been restored, and rival governments or legislatures are trying to function in several states; exiled citizens of good character have not been invited to return to Mexico; the army is not being reduced; no interest is paid on government bonds; former leaders of revolution are real—if not official rulers of several states; and "the Bolsheviki have the only effective political organization in Mexico."

Ottawa Journal: "Mr. Charles E. Hughes, former governor of New York, justice of the Supreme Court of the United States, and the man who almost became president in 1916, will be secretary of state in President Harding's cabinet. He should rank high among several who have won special distinction in that office."

A bill prohibiting the sale of cigarettes or advertising them in the press awaits the signature of the governor of Utah. If the old Mormon marriage custom still prevailed, we might understand this legislation. No man would want to buy cigarettes for thirty or forty wives.

A Maritime Home for Women, on the lines of the Maritime Home for Girls in Toronto, will do great good. Arrangements will no doubt be made to segregate the younger delinquents from the older and more hardened offenders.

The Red Cross should have a million members in Canada, for its peace-time work is not less important than that which it carried on during the war.

The Quebec liquor law comes into effect on May 1. If it stops the export to New Brunswick our people will be grateful.

Hon. T. A. Cresser and many others left the McEwen government it has lost the confidence of the people, but it refuses to be convinced.

FATHER'S STORY.

We put more coal on the big red fire, And while we are waiting for dinner to come, Our father comes and tells us about A story that he has read in a book. And Charles and Will and Dick and I And all of us sit on father's legs, And some of us sit on father's legs, But one has to sit on the little red chair.

And when we are sitting very still He sings us a song or tells a piece; He sings Dan Tucker went to Town Or he tells about the golden fleece. He tells about the golden wool, And some of it is about a boy Named Jason and about a ship, And some is about a town called Troy. And while he is telling or singing it through I stand by his arm, for that is my place. And I push my fingers into his skin To make little dents in his big rough face. —Elizabeth Madox Roberts, in the Atlantic Monthly.

LIGHTER VEIN.

We see by the paper — our favorite medium of information — that Duluth is to have an evening of "wrestling and dance." A keen eye can probably tell the difference.

A Humble Beginning.

She was an ardent suffragette and was arguing with her father about the ballot for women. "Well, what are you suffragettes going to do?" inquired the father. "We are going to sweep the country," she replied proudly.

"Well, do not despise small beginnings, my dear. Suppose you start with the dining room."

A Valued Souvenir.

"Madam," shouted the angry neighbor, "your little Cosmo has just thrown a brick through our window." "And would you bring me the brick?" beamed Cosmo's mother. "We are keeping all the little mementos of his youthful pranks."

A Proof of True Love.

Little Edna turned to her mother, who was a widow, and said: "Mama, do you really and truly love me?" "Why, of course, my dear. Why do you ask?" "And will you prove it to me?" "Yes, if I can."

"Then go marry the man around the corner who keeps the candy store."

Cause For Thought.

"I notice that Agnes doesn't go around being over people with her ailments as she used to." "No; she met a man who cured her completely."

"A doctor?" "Oh, no. She was telling this man some of her symptoms when he remarked, 'It's strange how many of these things afflict people as they begin to grow old.' Since then she has held her tongue about them."

A STATE OF WAR EXISTS IN SOUTH PART OF IRELAND

King's Bench Unanimously Reaches Important Decision Regarding Trials.

(Canadian Press Despatch.) Dublin, Feb. 24.—The King's Bench, composed of the chief justice and four other judges, rendered an important decision today in a case involving the powers of the military. The judges unanimously decided that a state of war existed and that the military had full power to deal with the situation without interference by the civil courts.

The judgment was rendered in the case of John A. O'Brien, who was sentenced to death by a court martial in Cork for having a revolver and ammunition in his possession. The sentence was challenged before the King's Bench on the ground that the court martial had no jurisdiction to impose the death sentence which is not provided by law for such offenses, or any sentence when the ordinary courts were open.

At the head office of the Bank of Montreal, Toronto, yesterday about noon, the sum of \$8,169 in cash and \$11,000 in clearing house certificates were stolen. The loss to the bank will likely be more than \$60,000, as the large bills will no doubt be torn up to avoid detection. The certificates are not negotiable. The method of the theft is unknown.

BEQUEST HAS SHRUNK MORE THAN A HALF

H. Pitney, chairman of the finance committee of the board of trustees. Princeton University receives under the terms of the will the residue of the estate when some fixed bequests have been paid.

RECENT DEATHS

Joseph Peters, of George street, who had been ill with pneumonia in the General Public Hospital for the last five days, died about 1 o'clock this morning.

Woodstock, N. B., Feb. 24.—(Special.)—Word was received here this morning of the death at Northampton, (Me.), of Mrs. Elvira Slipp, aged eighty-three years. She was the widow of Eliza Slipp and was born in St. John, living for many years in Jacksonville, this county. She is survived by one daughter, Mrs. Stillman Walker, of Northampton, and one son, Frank, of Alberta. Another son, Isaac, died suddenly about six weeks ago. The body will be brought to Jacksonville for interment and the funeral will be held on Sunday from the residence of her son-in-law, Allan Good.

The death of Mrs. Adelaide M. Wilson occurred very suddenly last evening at the residence of her daughter, Mrs. Frederick Brookings, 78 Lansdowne ave. The late Mrs. Wilson was in the sixty-seventh year of her age and leaves two daughters, Mrs. Brookings of this city, and Mrs. Gillis Carpenter of Everett (Mass.). Two sisters, Mrs. James H. Waugh of Madison (Me.) and Mrs. Louisa Dakin of Cambridge, Queens county, and three brothers, Thomas and George Black of Cambridge, and Noah D. Black of Sussex, also survive.

A telegram was received last evening by Isaac Patchell, Brussels street, from the Bellamy Company of Moose Jaw, chell's son, John, had died in that city on Wednesday. The family here did not know that he had been ill. In November last his family learned that he was suffering from sleeping sickness, but as he was irregular in his correspondence and they had not heard from him recently they concluded he had recovered. The news last evening was a great shock. He left St. John seventeen years ago during which period he had never returned to this city.

The death of Albert E. Brown occurred in Hampton on Wednesday after a lingering illness. He leaves two sisters, Miss Sarah in Hampton and Mrs. Sharp in the United States. The funeral was held this afternoon and interment was in the Lakeside cemetery.

Frederick Trammore Berryman died in Vancouver Feb. 14 of heart disease. He formerly lived in St. Stephen. He leaves a wife, three daughters and a son.

STUDENTS GIVE THEIR OPINIONS

Tell of Practical Benefits Derived From Evening Vocational Classes—Eager For Resumption of Instruction.

The questionnaires sent out by Mayor Schofield to the students of the vocational schools have been filled in and returned to the mayor. If he took them with him to Ottawa he would not lack for reading. A summary has been made of the answers to the two last questions, those regarding the benefits the students received and the opinions concerning vocational training as carried on in St. John, and it makes quite a bulky and heavy folio. Some of its more interesting information is given in the following extracts.

Four separate letters on the subject of vocational training from the folio. In them a baker declares that vocational training is the best thing that ever happened in St. John and that the city would earn a name for itself if so much trouble were not taken to keep advancements out of it. A young man, taking the class in elementary mechanical drawing, says he is enjoying the opportunity and is supplying the need he

WILL ABIDE BY THE PLEBISCITE

At a mass meeting held in the Opera House last evening under the auspices of the Trades and Labor Council, which was addressed by three prominent members of the labor organizations, the question of daylight saving was taken up, and, although all three speakers expressed themselves as opposed to the adoption of daylight saving by the city, they announced that organized labor would abide by any decision which might be reached in the plebiscite on Monday. The meeting was addressed by William Varley, of Toronto, general organizer of the American Federation of Labor for eastern Canada, who expressed the opinion that labor was not responsible for the increase in the cost of living, and strongly advocated the passing of a minimum wage act for women and a mothers' pension act. J. E. Tighe, president of the New Brunswick Federation of Labor, also advocated the adoption of these two bills and announced that labor had been trying for years to obtain a plebiscite on daylight saving. He also asked the public to stand together for the purpose of precluding outside labor from taking the places of those local laborers who had differences with their employers. F. A. Campbell, chairman of the meeting and president of the Trades and Labor Council, spoke at some length on daylight saving and concluded by expressing the hope that the plebiscite would defeat the daylight saving

his willingness to pay a fee. He says he is studying motor mechanics with a view to getting a position and would pay if he secured employment. From a show card writing pupil comes the statement that, having spent \$3.25 on materials, he believes that he has made a good start in work that he will be able to make good in but the knowledge will be of little use unless the course is carried to completion. He declares that if a city did not offer advantages to the young people growing up they could not be expected to remain in it.

ing, which he thought was a detriment to eighty-five per cent of the community. Members of the audience, which was a fairly representative one, were asked to speak on the question but the invitation was not accepted. Herbert Guernsey, of Vancouver, who owns considerable real estate in St. John, is at the Royal Hotel, having arrived here on the steamer Minnedosa, after a pleasure trip to England. He expects to leave for his home in British Columbia on Saturday.

GIRLS OUT LATE AT NIGHT; IN THE COURT TODAY

Wandering about and not being able to give a satisfactory account of themselves in Mill street about half past one o'clock this morning, was the charge read out to Laura Walsh, aged nineteen, and Etta Anna May DeLong, aged seventeen, in the police court today. They explained that they had come from "Tipperary Hall."

The magistrate conveyed the impression that he was not in favor of social gatherings at that hall.

Detective Saunders told of seeing the accused in the Asia Cafe stalls and five or six men visited these stalls while the detective was watching. When they came out in the street he arrested them and brought them to central station.

They were remanded.

John J. Porter, a fireman on the C. P. R., O. S. Melita, charged with assaulting Third Engineer Ernest F. Robinson during the last voyage of the steamer, was remanded to await a decision in the case.

A juvenile, aged nine, given in charge by Harry Ervine for lying and lurking in the Standard building was held until his father could be sent for. According to Mr. Ervine the lad had been given in charge before for a like offence.

One man charged with drunkenness pleaded guilty and was remanded.

REV. J. A. IRWIN SENTENCED TO YEAR IN PRISON

Belfast, Feb. 25.—The Rev. J. A. Irwin, Presbyterian minister, who was arrested in January, was today convicted by court martial of having a revolver and ammunition in his possession, and was sentenced to one year in prison.

A charge of possessing seditious literature was not pressed, owing to the discovery that the suspected documents were Hebrew versions of the Psalms and not Gaelic publications, as at first supposed.

A report from Dublin Castle, on January 24, said that in searching the home of the Rev. Mr. Irwin, in Killead, County Antrim, the police found a revolver, together with ammunition, shotgun and a quantity of seditious literature.

SERIOUS FIGHT NEAR MACROOM

Fifty Auxiliary Police Ambushed By 300 Men

Crown Forces Withdraw and Return With Battle Airplane—Major Killed and Several Men Are Wounded.

Macroom, Ireland, Feb. 25.—Fifty auxiliary police, travelling in lorries were ambushed between this village and Ballyvourney this morning by 300 men. The ambushing party opened fire from the cover of rocks along the road, killing one policeman and wounding six. The fight was still going on at latest reports.

The battle lasted two hours, at the end of which the military withdrew, leaving the attacking party still in possession of its position.

Hundreds of reserves were then rushed up by the military from neighboring barracks, and the attack was renewed, with the assistance of battle airplanes.

In the first assault the major commanding the crown forces was killed and seven of his men were wounded, one fatally. The casualties of the ambushing party were not learned. The crown forces were unable to recover some of their wounded when they withdrew.

The masquerade dance held at the Strand Dancing Academy last evening was a great success. There were about 800 dancers present, the majority of whom were in costume and the excellent music, combined with the mysterious fascination always accompanying a masquerade, made the evening's entertainment very enjoyable. YEAR'S RECORD OF PUBLIC HOSPITAL

Summary of Annual Report by Dr. H. Hedden

There Were 2,293 Patients at Average Cost of \$3.05 a Day Each — Statement as to Various Diseases, Operations, Etc.

To the Editor of the Times—As required by Section V of the Hospital Act, Chapter LXI, 23 Victoria, A. D. 1860, I am forwarding you herewith a brief abstract of our annual report, trusting that it will be of some interest to your readers.

During the year 2,293 patients were admitted to the wards and rooms of the General Public Hospital. The total number of days these patients were in hospital was 47,505, being an average of twenty-one days per patient, which is considered a very fair record for a general hospital. The average number of patients per day was 181. The net cost of maintenance for the year was \$145,482, giving an average cost per patient per day of \$3.05.

Of the above number of patients there were 1,282 surgical patients and forty-nine deaths, an average of 4 per cent. There were 729 medical patients, with seventy-seven deaths, an average of about 9 per cent. There were 228 patients in the eye, ear, nose and throat department, with two deaths; and thirty-four obstetrical cases, with three deaths. The average death rate was 5.7 per cent. When it is considered that a large number of patients are moribund on admission, this low death rate is considered a splendid index of the efficiency of the medical and surgical staff.

No uncomplicated obstetrical cases are admitted, so that the death rate of three out of thirty-four of these cases is a splendid showing for the type of cases admitted. Some few figures on different types of cases may be of interest. There were 184 cases of appendicitis, with ten deaths, practically all due to the fact that these cases were in a very advanced stage on admission to hospital. There were sixteen deaths of hernia, with no deaths. There were seventy-two cases of syphilis treated in the hospital, with four deaths; and 107 cases in the out-patients' department. Four hundred and eighty injections of neosalvarsan were administered in this department. There were 128 cases of diphtheria; ninety-eight cases of scarlet fever, and twenty-three cases of measles, treated in the epidemic hospital. There were twenty-one cases of a mild type of influenza during the year with no deaths. There were ninety-one cases of pneumonia, with sixteen deaths. There were only thirty cases of typhoid during the year and only five deaths.

There were 670 operations performed in the main operating room, and 648 in the out-patients' department, 438 of which were for tonsils and adenoids, most of these cases being referred to the hospital clinic by the medical inspector of schools. Of all the patients treated during the year, 883 were born in St. John, 579 in New Brunswick outside of St. John, 291 in Great Britain, 578 elsewhere in Canada, fifty-seven foreign, one born at sea, and 184 born in the United States. Of the total number, 2,028 claim St. John county as their residence, 160 Kings county, thirty Queens county, and the balance a few from each of the other counties, and seven from the United States. There were 512 Baptists, 677 Episcopalians, 215 Methodists, five Mohammedans, 210 Presbyterians, 620 Roman Catholics, and the balance miscellaneous. There were 1102 male patients and 1191 female; 790 patients were married, 1367 single and 145 widowed. The bureau of laboratories examined 2098 specimens, of which 1287 were throat cultures, fifty-two Widal tests for typhoid, and 289 Wassermann tests for syphilis. Only one autopsy was performed.

The department of roentgenology examined 574 patients; used 514 plates, and made sixty-one fluoroscopic examinations, at a cost of \$584.

Yours truly,
HENRY HEDDEN, M. D., C. M.
Medical Superintendent.

Philadelphia, Pa., Feb. 25.—Elizabeth Mabel Lance, fifteen years old, stabbed her father, Edgar M. Lance, to death early on Wednesday. THRONE SPEECH PASSES SENATE

Crerar for the King Amendment—Yesterday in Both Houses.

Ottawa, Feb. 25.—(Canadian Press).—Yesterday, in the commons, Hon. T. A. Crerar, leader of the National Progressive party, said that he had no faith in the proposed tariff revision. He would vote for the King amendment, he added.

R. C. Henders, MacDonald, Man, who replied, paid a great deal of attention to the speech. The average death rate was 5.7 per cent. When it is considered that a large number of patients are moribund on admission, this low death rate is considered a splendid index of the efficiency of the medical and surgical staff. No uncomplicated obstetrical cases are admitted, so that the death rate of three out of thirty-four of these cases is a splendid showing for the type of cases admitted.

Some few figures on different types of cases may be of interest. There were 184 cases of appendicitis, with ten deaths, practically all due to the fact that these cases were in a very advanced stage on admission to hospital. IMPORTANT MISSION OF PALESTINE JEWRY

London, Feb. 25.—Sir Alfred Mond,
commissioner of works, who has just
returned from Palestine, assigned to the
Jew the role of mediator between the
east and the west. Sir Alfred said:
"The Jews are the only element who
can unite the east with the west, and
today when the antagonism between the
peoples of the east and west is grow-
ing, as we find it demonstrated in India
and Egypt, the Jews are indispensable
to create the bridge between them. This
is the true significance of the appoint-
ment of Lord Reading as viceroy for In-
dia, and this is the mission of Pales-
tinian Jewry."

NO UNEMPLOYMENT IN FINLAND, HE SAYS

Copenhagen, Feb. 25.—(Associated Press
by Mail)—There is no unemployment
in Finland, says M. Villanen, chief of
the Trade and Industry Department of
the Finnish government who is visiting
here. He attributes Finland's good
fortune in this respect, as compared to
most other countries, to the prohibition
of imports. This had the effect of mak-
ing the country's industrial production
greater than at the beginning of the war.
Finland is now considering the advis-
ability of gradually discontinuing the
embargo on imports, he said. This
country has begun to transship goods for
Russia and has established a free port
at Hangö.

MANY ENJOY RECITAL AT CENTENARY

The vocal and instrumental recital
given in Centenary hall last evening by
Mrs. Rhona Lloyd-Winter and R. Max
McCarty delighted a large audience and
the performance of the skilled artists was
all that could be desired. Mr. McCarty
possesses a clear and sympathetic tenor
voice with remarkable range and power.
William Stokes played a flute obligato
for Mrs. Winter's vocal solo in a pleas-
ing manner. D. Arnold Fox, as accom-
panist, gave ideal support.

Mrs. Winter won her audience by the
artistry of her playing; her tone was
rich, full and powerful, yet sweet and
soulful withal. Throughout the entire
programme she seemed to revel in tech-
nical problems, and her instrument
numbers were the second movement of
Weinlawski's Polonaise Brilliant; Ori-
entale, by Cui; Pierrot Serenade, by
Randelger; Hejre Kati, by Hubay, and
Saint Sams' Introduction at Rondo Ca-
preiccioso.

Her vocal selections were all delig-
htful. The flexibility and sweetness of her
rich voice did full justice to the charm-
ing numbers she had chosen. In Pierrot
David's Charmant Toiscan her voice out-
rivalled the notes of the flute obligato.
Her other vocal numbers were Kreider's
Cradle Song and That's the World in
June, by Spross.

Mr. McCarty's most dramatic and stir-
ring numbers were Rosini's Ecco Rid-
ente; In Autumn, by Franz, and O Para-
diso, from L'Africaine. The tender and
soft quines of his voice were best
heard in Far Away, by Taubert; Even-
ing Song, by Schumann; Serenade, by
Raff; Dawning, by Cadman, and Danny
Boy, by Weatherly. His clear enuncia-
tion and high notes were among the most
pleasing features of his singing.

WORD ABOUT THE BRIDGE HEIGHT IN A FEW DAYS

THE CHIEF INSPECTOR.
 J. B. Hawthorne, chief inspector under the prohibition act, was in the city this morning attending to routine business in connection with this district. He left for Fredericton this afternoon. Sheriff Hawthorne said that the work of the prohibition officers throughout the whole province was moving satisfactorily now.

FATHER VERY ILL.
 Friends of Mrs. W. E. Hamm of Pleasant Point will be sorry to hear that she has received a message informing her that her father, E. R. Coe of McDonald's Corner, was very ill. She and Mrs. E. J. Rupert of West St. John left by train yesterday morning to be with him.

FATHER DEAD IN ENGLAND.
 Mr. and Mrs. Arthur Bourque of Moncton will arrive in St. John today and will be guests of Mr. Bourque's aunt, Mrs. L. Comeau, 50 Elliot row, until tomorrow. When Mrs. Bourque will sail on the S. S. Melita for England. Yesterday she received a cable from London with the sad news of the death of her father, Mr. Radcliffe, there, and she is hurrying across to England. Friends will be sorry to learn of this sad mission which calls her overseas.

Hon. F. B. Carvell, Here Today, Says He Understands Public Works Report is Ready.
 St. John should know in a few days what action the Dominion public works department intends taking in the matter of the raising of the C. P. R. bridge across the St. John river at the Reversing Falls. Hon. F. B. Carvell, chairman of the board of railway commissioners for Canada, who was in the city today, told Times reporter this morning that from what he had learned recently he was quite certain that the report of the public works department would be awaiting him on his return to Ottawa.

Mr. Carvell said that his business in the city today was purely of a personal nature. Regarding the bridge matter he said that it was within the province of the department of public works and as soon as their report was prepared a copy would be sent here.
 About two weeks ago engineers of the public works department were in St. John and made a personal investigation of the request of the shipping interests here to have the C. P. R. bridge raised nine feet above the present height.

Reports Read at Meeting of Hospital Committee Today.
 Reports of post-discharge visits paid to ex-soldiers and their families and of cases investigated in the interests of Red Cross work occupied the attention of the hospital committee of the Red Cross, which met this morning in the Red Cross depot, with Mrs. J. W. Anglin in the chair.

A portion was read from a pamphlet issued by the Red Cross Society, which contained an address by Dr. James W. Robertson on "The Crusade for Good Health." The section read dealt with war work yet to do, and special stress was laid on the fact that the war work of the Red Cross is not yet finished; it had a duty to perform which would continue for many years. The hospital committee was described as an auxiliary to the D. S. C. R.

Mrs. W. P. Bonnell reported purchases of cigarettes, fruit, gramophone springs, hair brushes, etc. A motion was passed that a little celluloid soap box be added to the outfit. A letter was read from the hospital at River Glade for things sent.

Mrs. E. L. Munro reported on visits to Lancaster hospital, where there are fifty-six patients at present. She said the men in hospital missed Rev. E. B. Hooper very much.

For East St. John, Mrs. W. H. Shaw reported that the men appreciated the comforts provided, and the magazines furnished by C. A. Munro were a source of great pleasure. She read a letter from the committee. Flowers and valentines were sent to the patients at East St. John last week.

Mrs. J. H. Doody reported for the drives committee.

For the flower committee, Mrs. C. B. Allan reported that a spray had been sent in the case of a soldier's funeral last week. Miss Frances Allison of Rotheray was at the meeting as a member of the committee recently appointed. It was felt that the Rotheray Red Cross had an active interest in the work of this committee and should be represented on it. Miss Allison reported on a case in her vicinity.

Does Your Taste In Pictures Run to Serious or Comic?

Each has its place—the serious, thoughtful masterpiece would be out of its element if placed on the wall of the den; and likewise one of mirth provoking qualities would be out of place in the parlor.

This store duly appreciates these distinctions in selecting its stock of pictures and is pleased to introduce the line for your attention.

Surprising what a change a good picture will make in a room's appearance, and possibly we have the very one that will just fit that lonesome spot on the wall.

GOT A PHONOGRAPH? Hardly a home but has—but if yours hasn't it owes itself one—and if you let the McLAGAN (sold here) tell its story you'll get a McLAGAN. Plays all makes of disc records.
