LADIES' A. O. H. OFFICIAL MAKES FLAG TROUBLE

Anti-British Feeling at School Teachers' Assemblage PROTESTS AGAINST PRESENTATION

British Consul-General Makes it But Some of the 2000 Teachers Leave Hall—Mrs. Anne McCarthy Makes Objection to The Gift

(Special to Times.) Boston, Oct. 31.—This city is the seat of the anti-British feeling in New England but it remained for Providence yesterday to display a sense of littleness that fears of the palm. It was one of those flag incidents which so often embroil a community.

"I protest against the presentation of any alien flag to our public schools. The American flag is good enough for me, and should be good enough for American school teachers."

Mrs. Anne McCarthy, state vice-president of the Ladies' Auxiliary, A. O. H., spoke these words, standing with the Stars and Stripes presiding over the gathering in Providence Infirmary Hall for an Americanization meeting.

Capt. H. G. Armstrong, British consul general at Boston, had arisen from his place on the stage and presented the Rhode Island normal school a British flag. From her seat on the lower floor Mrs. McCarthy rose and shouted: "How many red blooded Americans are there in this hall who will follow this flag of Betsy Ross and Francis Scott Key?"

Mrs. McCarthy was followed from the hall by some teachers and several spectators, who returned only after the consul had left the building.

The representative of His British Majesty had no easy time. He arose, obviously ill at ease, and started his presentation speech. Though interrupted by the noise of scripping chairs as the teachers began to leave the hall, he had orders to present the flag as he did. The school authorities refused to allow him to do so.

Mrs. McCarthy rose the hall was filled with hisses, cat-calls and jeers.

He made reference to the English celebration of the fourth in 1917, when the Stars and Stripes were accorded an honor never before given to the flag of another nation. The American flag, he remarked, was the symbol of the cordiality shown in Windsor, Ont., on many a fourth of July when the United States flag was carried in the streets by Americans at an international reunion.

The standard bearer in behalf of the normal school was a student at the normal observation. He said the British standard would be cherished in the Rhode Island normal school.

The presentation of the flag was greeted with loud applause from the teachers who stayed to hear it.

HOMES TO HAVE THE FIRST CALL ON SUGAR

Shortage in Canada Promises to Become More Acute, Says Ottawa

Ottawa, Oct. 31.—The sugar shortage in Canada promises to become more acute owing to non-arrival of raw sugar consequent upon the longshoremen's strike at New York.

The Canadian trade commission has taken a firm stand against further export of sugar and also advises that a temporary measure the demand for sugar for domestic use should be met by the refiners before manufacturers of products containing sugar are supplied.

GERMANY REFUSES TO TAKE PART IN THE BLOCKADE

London, Oct. 31.—A wireless despatch from Berlin says Germany declines to participate in a blockade of Soviet Russia, because she does not believe the blockade would achieve the desired purpose. The despatch adds that Germany is prepared to assist in any measures against Bolshevism which are calculated to obtain the desired end.

JURY ALL NIGHT OUT IN LONG CASE

Montpelier, Vt., Oct. 31.—The jury which will decide whether George A. Wood was guilty of the murder of Mrs. Lucinda C. Broadwell Barre, last May, was still deliberating when court was reopened this morning. The jurors had been out sixteen hours at that time.

ELECTION FOR GOVERNORS.

New York, Oct. 31.—Five states—Massachusetts, New Jersey, Maryland, Kentucky and Mississippi—will elect governors at the "off year" elections on Nov. 4. Prohibition is the chief issue in the Ohio elections, where the voters will be called upon to vote on two amendments.

Ten Years in Dorchester Is Sentence On Horne

Must Protest to Fatherland, He Says And Declares He Cannot be Punished After Treaty is Signed—Judge Barry's Judgment of Interest

(Special to Times.) Fredericton, Oct. 31.—Werner Horne, German, who dynamited the C. P. R. bridge across the St. Croix River between St. Croix, N. B., and Vanceboro early on the morning of Feb. 2, was sentenced by His Honor Judge Barry of the court of King's bench this morning to ten years' imprisonment in the penitentiary at Dorchester, N. B., for his offense. Horne took this sentence very calmly, although he was rather pale. He cleared his throat twice and then addressed the court. Judge Barry asked to hear him and asked him to repeat the remark Horne's English was not so good as it usually is and as near as could be ascertained he said:

"I must protest to my fatherland. I cannot be punished after the peace treaty is signed."

Judge Barry replied that Horne must make his own arrangements regarding protest.

Mrs. Anne McCarthy, state vice-president of the Ladies' Auxiliary, A. O. H., spoke these words, standing with the Stars and Stripes presiding over the gathering in Providence Infirmary Hall for an Americanization meeting.

Capt. H. G. Armstrong, British consul general at Boston, had arisen from his place on the stage and presented the Rhode Island normal school a British flag. The standard bearer in behalf of the normal school was a student at the normal observation. He said the British standard would be cherished in the Rhode Island normal school.

The presentation of the flag was greeted with loud applause from the teachers who stayed to hear it.

"Had you qualified as a belligerent according to the law of nations, had you worn a face distinctive emblem showing what you were recognizable at a distance, or had you borne arms openly, the explosion on the bridge would most probably have been prevented, and you yourself arrested. There only remains for me to impose the sentence which the law demands for a crime of this character. That the law regards it as a serious one is shown by the measure of punishment it provides. The maximum punishment for such a crime is imprisonment for life, but there is left in the hands of the trial judge a wide discretion in regard to the punishment. In considering the penalty which I must impose, I have not lost sight of the fact that it has been established in evidence that before blowing up the bridge, you waited until one o'clock in the morning, and that the railway would be free from travel and the life of none of the traveling public placed in jeopardy. The evidence in regard to the crime is incontrovertible. I must, however, in the discharge of the sworn duty which I owe to the state, impose the sentence of the court is that you, Werner Horne, for the offense with which you have been indicted, tried and convicted, be imprisoned in the penitentiary at Dorchester in this province for the term of ten years."

The month of October 1919 will go down in history as a record one from a weather standpoint. According to a report from D. L. Hutchinson, director of the Meteorological Observatory in Douglas avenue, the snow fall this morning was the heaviest in October since 1911, nearly one inch falling up to noon. Yesterday the thermometer dropped to twenty-eight degrees, four points below freezing which was the coldest registered for October in five years.

RUSHED PRINCE TO GET HIS NAME ON DANCE PROGRAMME

H. R. H. Had to Take Refuge in Gallery at Ball in Montreal

Montreal, Oct. 31.—Last night the Prince of Wales rounded off another strenuous day here by attending two balls, one given by the Grand Army of Canada and the other the citizens' ball at the Windsor Hotel. At the first, he was rushed by people, mostly civilians, eager to secure autographs on their dance programmes and was forced to make his way to a gallery where he stayed a moment. He had only two hands and remarked that he should have half a dozen to do all that was expected of him. His Royal Highness did, however, manage with some difficulty to have four dances successful. The citizens' ball was excellently planned and efficiently carried out to the satisfaction of everyone and was in every way successful. Montreal, Oct. 31.—In a deluge of rain, a tour of Montreal harbor, and laid the corner stone of a soldiers' memorial at Victoria Pier on route. This afternoon he will be given an honorary degree by McGill.

Thomas L. Brodie was elected president of St. Andrew's Society, Quebec, last night.

WEATHER REPORT

Synopsis.—The disturbance which was west of the Mississippi yesterday has proved to be comparatively unimportant. Rain has fallen throughout Ontario and snow in Manitoba and Southern Saskatchewan. Showers. Maritime.—Increasing southeast and southwest winds, heavy, becoming heavy Saturday, southerly winds, warm with occasional showers. Lower St. Lawrence, Gulf and North Shore.—Easterly winds, cool and showery. Saturday, westerly winds and showers. New England.—Showers this afternoon and tonight. Somewhat warmer tonight, Saturday, partly cloudy and colder. Fresh south to southwest winds.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Horne, "how do you account for the snow squall this morning?" "Mebbe," said Hiram, "the weather man wanted to cover up the road to the streets so we couldn't see what they look like."

"He failed to make a job of it, then," said the reporter. "They look worse than ever."

"He must be a St. John weather man," said Hiram. "That's what the people want—ain't it? They generally get what they want."

"Yes, ain't that what you hope for, that these city council men—Mister—you go out to Redway and come in over the road to the Mill Bridge and up Brunsell street. That's all you need to do if you want something to write about—if you're a weather man."

"I suppose," said the reporter, "the farmers will have to get what they ask for—now?"

"I don't know," said Hiram. "It's with a lot to be a farmer since that Ontario election. I had me come up an' shake the dust off my boots over a market—see afore. Beads'll be nice 'n' fellers 'is up in the market—but they was all the same 'n' I had anything at the clerk of the market wasn't lookin' for it. I've seen 'em come up one after another 'n' ask how it did. By the time they get through I'd begin to get off'ers—not because they wanted it, but just to help me out."

"But they never fooled me—by Hain!"

SITUATION AT MILLIDGEVILLE IS VERY SERIOUS

Difficulty in Getting Good Water—What is Being Done

Four wells, two contaminated and condemned by the health officer, and the pump is out of commission, and one in which the water is said to be too hard for use—this is a synopsis of the conditions at Millidgeville in connection with the supply of good water in the vicinity which is now being grappled with by the board of health and the water and sewerage department.

Commissioner Jones said this morning that the extension of a water main to Millidgeville is out of the question. It means the laying of nearly two miles of pipe to supply about fifteen families in the winter time and possibly double that number in summer. The commissioner has under consideration the laying of three or four inch pipe from the junction of the Line Glen and Millidgeville roads, but this could be done only if a right of way was given the city by property owners.

Commissioners Fisher and Thornton visited the place this week. A resident said this morning that there was a well in the vicinity which might be utilized if a pump were installed. In the opinion of the board of health officers, the pump is now out of fitting order, but this could be done only if a right of way was given the city by property owners.

NERVY HUNS ASK RAISING OF BLOCKADE

Berlin, Oct. 31.—(Havas)—The German government's note to the extent declining to participate in the blockade of Soviet Russia asks that the blockade be completely raised and that all German ships held in Baltic harbors be restored to their owners.

BRIDE'S RECEPTION DAY

Mrs. Charles Dearborn received for the first time in her marriage on Thursday afternoon, at 200 Princess street. The bride was very brightly dressed in apricot satin and wore a corsage bouquet of pink and white roses. She was assisted in receiving by Miss Dearborn, who wore grey georgette embroidered in purple. The dining-room presented a very attractive appearance in color scheme of yellow. Mrs. T. Ledingham and Mrs. Charles H. Knoll poured an amuse-bouche. Mrs. Knoll, Mrs. Harry Peterson, Miss Edgewood and Miss Elizabeth Ritchie. The door was opened by Olton Sprague, assisted by Miss Elsie McCutcheon.

Injunction To Prevent Coal Miners Striking

U. S. Government is Granted Temporary Court Order—Maximum Price For Soft Coal Fixed—Tonight the Time Set For 400,000 Men to Quit

Washington, Oct. 31.—It was said at the White House today that injunctions restraining the officers of the United Mine Workers of America from conspiring to violate the food and fuel control act will be sought by the government today at Indianapolis. An executive order fixing maximum prices for bituminous coal was signed today by President Wilson. Prices of anthracite are not affected. The maximum prices are fixed by states and for prepared sizes range from \$4.60 at net ton at mine mouth to \$2.60.

Indianapolis, Ind., Oct. 31.—A temporary injunction restraining all strike activities of the United Mine Workers of America was issued in the federal district court here today on application of the United States government. Judge A. B. Anderson signed the order on the showing set forth by C. B. Ames, assistant attorney-general, that a national disaster was impending and on the broad general grounds that the government had the right to enforce its laws and protect its people from calamity.

Indianapolis, Oct. 31.—With more than 400,000 bituminous coal miners prepared to go on strike 12 o'clock tonight, federal court action by the government in Indianapolis to prevent the effective-ness of the intended strike loomed big as a probability today. C. B. Ames, assistant attorney-general of the United States, arrived in Indianapolis this morning as a representative of Attorney-General Palmer.

A conference that lasted until after midnight was held by federal officials last night, but at its close participants declined to discuss the proceedings. Neither would they even hint as to what course would be followed in an effort to counteract the efficiency of the strike.

Two plans of action by the government present themselves. Under the Lever Act, which makes it a crime to limit the production of necessities of life, union leaders might be arrested in an effort to prevent them from carrying out strike plans, or an injunction to restrain the miners' officials from conducting the strike.

Early today messages began pouring into international headquarters of the United Mine Workers of America here, from bituminous coal mining districts throughout the United States. They were prepared for the walk-out tonight and expressing confidence that the industry would be effectively shut off before tomorrow morning. Union heads said that in many districts it was expected that the number of miners down would be as large a percentage of the mines do not employ night shifts.

NEW TURN TO POLICE STRIKE

Court Asked to Compel Curtis to Re-instate Nineteen Discharged Boston Policemen

(Special to Times.) Boston, Oct. 31.—Here's a new twist to the knot involving the police strikers. Contending that Commissioner Curtis has violated a law of the Commonwealth of Massachusetts in attempting to coerce or compel a person into a written or oral agreement not to join or become a member of a labor organization as a condition of his securing employment or continuing in employment" the nineteen discharged members of the police union, through their attorneys, have petitioned the supreme judicial court for a writ of mandamus that would compel Commissioner Curtis to restore them to their positions.

Recruiting for the new force continues satisfactorily, between thirty and forty candidates being sent to the civil service headquarters daily. The number certified yesterday was forty-one, which, with sixteen left on Wednesday, brings the total number up to 797.

The impetus that has been given police recruiting is ascribed to a feeling of confidence in the public mind that the police strike is broken.

James H. Devlin, secretary to Commissioner Curtis, said yesterday that some of the striking members of the former force were attempting to arrange a conference with the commissioner for the purpose of rejoining the union and being re-instated to their former positions.

Two girls from the telephone operators' union, being petitioned for reinstatement of the police strikers invaded city hall yesterday and got many signatures, while they vainly awaited the appearance of Mayor Peters from his office, hoping to get his signature.

LOYD GEORGE ON DEFENCE, SPEAKS IN PARLIAMENT

London, Oct. 31.—Premier Lloyd George, defending the government's conduct of the war, spoke in the House of Commons yesterday, contending that it was true economy that enabled England to have sufficient divisions in reserve to put Marshal Foch in a position to prepare for a march on Berlin, if necessary, and thereby force Germany to sign peace.

"It was a very drastic treaty," said the premier. "Would the Germans have signed it unless they knew we were in a position to compel them? Without that treaty we should have substituted a defeat for a deficit, and the government would have deserved impeachment."

There was no justification, the premier declared, in assuming that Germany would pay nothing, and in his opinion in the financial situation England need fear comparison with no other country in the world.

Lloyd George said it was a crime to distort the situation in order to destroy the country's credit. It was necessary, he added, to have great confidence, and Great Britain would weather this as she had weathered other storms.

Increased production, the premier concluded, was the true economy and the only remedy for the depreciation of the pound abroad, which was the nation's heaviest present task. He depreciated economy on the social services, like education and national health, which he declared would be folly.

MILITARY.

The following officers have been struck off the strength of military district No. 7.—Captain John Roberts Gale, November 4, 1919; Lieut. A. E. Humphreys, September 30, 1919; Lieut. David Palmer, October 24, 1919.

Colonel L. Drumm of Ottawa, inspector of Hospitals, returned from Fredericton today, after inspecting hospitals in that city. He was an military headquarters.

WOMAN AND TWO MEN ARE PLACED UNDER ARREST

Taken in Massachusetts on Charge of Being "Red" Agitators; Lowell Scene of Woman Arrest

(Special to Times.) Boston, Oct. 31.—Arrests of three alleged "red" agitators took place last night, marking the beginning of a movement to check and suppress the activities of revolutionist radicals in this state. The captures were based on indictments returned by the Suffolk County grand jury in special session.

The most important arrest was that of Mrs. Martin Emerson Sproul, well known as a leader among the Socialists, and an advocate of the soviet government. She was taken in Lowell at midnight by federal, state and local officers, on a warrant charging her with making utterances against the government. She was signed to Boston in an automobile. Her husband is a car conductor.

Mrs. Sproul is secretary of the communist party and at a meeting in Roxbury, on Oct. 19, advocated the overthrow of the United States Government and the substitution of a soviet government modeled after Bolsheviki Russia. She reported that the communist party had instituted locals in several sections of the country and the time for "action" was rapidly approaching.

John K. Chupria, aged twenty-four, accused of promoting anarchy, was the first to be taken into custody. His arrest was closely followed by that of Solomon Press, aged 48, of Stoughton. The 191 of the acts of 1919, which is considered more drastic in its specific prohibition of hostile and overt acts against the government than the national statutes, was invoked for the first time in the arrests.

Chupria and Press are active members of the communist party, which was organized in Chicago on the first of September and is traced to the "third international" which was formed by the Bolsheviks in Moscow in last February, and which had as its object the overthrow of all governments and substitution of soviet rule.

The St. John bank clearings in October totaled \$13,908,800; in October last year, there were \$6,575,184, and in 1917 were \$8,486,913.

### ROOSEVELT'S ESTATE

Some of the Items Which Make Up \$810,667

Colonel Theodore Roosevelt, who died at Oyster Bay on Jan. 6, last, left a gross estate valued at the time of his death of \$810,667, according to affidavits filed for probate in the Surrogate's Court. Transfer Tax Appraiser James N. Gehrig by George Edwin Roosevelt, one of the executors of the will. From the gross estate will be deducted \$88,888.72 for funeral expenses, counsel fees and debts, besides the executor's fees which have not yet been computed.

By the terms of the will the entire estate goes to his widow, Edith Kermit Roosevelt, in trust to be disposed of among the children in any portions she may decide upon.

A trust fund of \$60,000, given to Colonel Roosevelt by his father, is to be used by the widow during her lifetime and after her death is to go to the children. All silverware is left to the children, with the exception of Mrs. Longworth, who received her share at the time of her marriage.

The Roosevelt home at Oyster Bay, known as Sagamore Hill, is appraised at \$18,400. There are corporate bonds, including interest to the date of Colonel Roosevelt's death, which total a total value of \$38,787.68. In the long list of bonds the largest item is \$30,000 worth of United States Liberty bonds of the first issue, which have an estimated market value of \$29,810 with accrued interest of \$61.25. Bonds of the Third and Fourth Loan having a total market value of \$24,040 and \$19,183.84 respectively, with total accrued interest to the amount of \$201.86; a thousand-dollar Canadian Victory Loan bond with a market value with interest of \$1,040.98. The remainder of the bonds are principally of railroad corporations. A \$3,000 Republic of Mexico bond is listed worthless. An explanatory note in the appraisal records that the executor can find no value for such Mexican bonds and that none of the bonds has been called or paid since 1913.

Stock and stock dividends declared, but unpaid, are valued at \$138,261.70. One of the largest items is \$1,040.98. There are eighty shares of Broadway Improvement Company stock having an estimated value of \$80,000. There are fifty shares of the Central Union Trust Company, valued at \$29,565; 440 shares of Pennsylvania Railroad stock, appraised at \$20,020; and 262 shares of Elkhorn stock that are set down as of "no value." Another stock having no value listed in the inventory is that of the Federal Club, of which the decedent held three shares.

Royalties to be derived from the publication of books of which Colonel Roosevelt was the author have an estimated market value of \$7,600.

Books owned by Colonel Roosevelt have a total valuation of \$21,837.10. The furniture in the home at Oyster Bay, including paintings, water colors and miscellaneous objects, is valued at \$88,779.10. Gold and silver articles at the Oyster Bay Bank Building are valued at \$2,540 and jewelry at \$285.

A pair of elephant tusks, 107 inches long, presented to Colonel Roosevelt by Emperor Menlik, are valued at \$8,000; another pair of tusks, 63 inches in length, from an elephant shot by the Colonel at Uganda in 1909, are valued at \$1,000; set of Japanese miniature armour, presented by the late Admiral Togo \$200; hunting knife bearing the shield of the United States and presented by former Ambassador to Germany, James W. Gerard, valued at \$100; a Court sword, presented by the Emperor of Japan, at the close of the Portsmouth Peace Conference, \$250; pair of gong supports, \$200; the mounted head of an oryx, \$100; mahogany ballot box into which the electoral votes for President were dropped in 1906, \$100; silver plate pen rack, presented by "Bob" Fitzsimmons, \$25; bronze statuette, representing a cougar, by Ambassador Jusserand and Justice Moody, \$250; oil painting, unknown artist, "Gardens of the Vatican," presented by Pope Leo XIII, \$150; crayon portrait of Mrs. Roosevelt, \$50.

The appraisal of the art, literary and other personal property belonging to the estate was made by experts under the direct management of the American Art Association.

A tobacco jar made by residents of British East Africa from hippopotamus foot is valued at \$100. Oil paintings of Colonel Roosevelt and "Uncle Joe" Cannon, \$25. Original deed of Sagamore Hill, signed by Robert Cooper, \$100.

## RECREATIONAL LEADERSHIP A PROFESSION

### (New York Paper)

Recreational leadership is going to be one of the best professions. The Boston University recognizes this when it offers to give girls who will take the Scout training a full university course free of charge. If, in addition to that, a girl will take the Scout training course.

Scouting is different from dry gymnastics, and here is the highest ranking State in the Union in the point of education offering a prize of a full university course to induce young women to take the Scout training because it has realized what Scout training is going to mean. And they realize, too, that in doing this they are offering one of the best openings for a profession.

One town in Massachusetts has offered \$50 a year for each Girl Scout troop that is formed. It points the whole future. The thinking people wait.

The day will come when every Scout leader will be almost governmental. It will have a board member from the school, from the town government, the churches, some one who is strong in women's organizations and some rich woman who has influence and ideas.

When scouting gets to going strong in Manhattan the Manhattan Council leader will read something like our own. It will have a board member from the school, from the town government, the churches, some one who is strong in women's organizations and some rich woman who has influence and ideas.

## ACKS HELP IN TRADE OF WEAKER NATIONS

Redfield Would Grant Credit to Europe—Chairman of French Mission also Makes Address, Warning Against Bolshevism

Formation in the United States of a credit-granting organization to purchase securities of struggling foreign nations was urged at the International Trade Conference last week in Atlantic City by William C. Redfield, former secretary of commerce. The organization, which would be supervised by the Federal Reserve Board, would be capitalized at between \$600,000,000 and \$1,000,000,000 and would issue bonds of small denomination and low interest to be sold in the United States.

The secretary said that several billion dollars would be needed by struggling nations in the next few years to place themselves on a firm footing.

"I hope and believe," he added, "that we shall open our doors much more freely than we do now to receive goods from abroad. We cannot sell if we do not buy. We cannot get along by selling goods and taking cash in return. I hope that the time will come when the biggest men of this country will get so much used to the idea of selling goods abroad and of demanding cash that it will not be regarded as a humiliating thing."

**Wars Against Bolshevism.**  
Sounding a warning against Bolshevism and declaring that it was a social plague which must be prevented from spreading at any cost, Eugene Schneider, chairman of the French Mission, addressed the conference today.

"Bolshevism is dangerous, both directly and indirectly," he said. "It is a social plague which must be prevented from spreading at any cost. Eugene Schneider, chairman of the French Mission, addressed the conference today.

**Safeguard Your Eyesight**

Do Not Let Fear Interfere With Good Vision

A common cause of neglect in having their eyes properly attended to is the fear most people have that they may have to wear glasses.

This is an injustice to the Optometrist profession and to themselves. If you do not really need glasses, no responsible Optometrist will advise you to wear them; and if you do need glasses, then you are cheating yourself out of a part of a valuable possession.

When you accept our invitation to a consultation regarding the condition of your eyes, you need not feel concerned about what we will tell you. You will learn the truth, and that cannot hurt you.

You Can Come Here Without Fear!

## THE BEST QUALITY AT A REASONABLE PRICE

**Common Troubles Caused by Eye Strain**

Many ailments which are a menace to health begin with eye strain.

Sight requires that the muscles which control the eyeball and its parts should work constantly. If the shape of the eye is not perfect, the work becomes too heavy and the muscles are strained. This strain causes headache, nervousness, exhaustion, tired, weak, painful eyes. Medicine does not cure. The only remedy is properly fitted glasses.

You secure thorough competent attention to your eye needs when you come to Sharpe's.

A CENTRAL BUREAU. The plan of a central bureau or clearing house for the province for the promotion of social welfare and legislation pertaining thereto will appeal strongly to the public mind.

Several prominent temperance men from Great Britain who have lately been interviewed in the United States, have declared that prohibition is surely coming in the Mother Country.

The American government has made prompt and vigorous preparations to meet the situation if the numerous coal miners go out tomorrow. Congress stands behind the government.

THE VICTORIAN ORDER. At a meeting held in the provincial government rooms yesterday afternoon, Mrs. J. C. Hanington read a letter from Sekville telling of the very valuable work of the nurse of the Victorian Order in that town.

When an escaped murderer was sought after in Toronto not long ago he was found by keeping watch on a woman. A man who recently broke jail in St. John has been arrested in Boston as a result of watching a woman.

WILL BRITAIN GO DRY? The prohibition campaign in Scotland is making progress. The London Daily Mail of recent date tells of meetings held by Mr. Johnson which were of the overflow type.

MORNING NEWS OVER THE WIVES. The Canadian government will soon be petitioned to arrange a camp in England for quite a number of men who took their discharge there and are now out of work.

At the international labor conference in Washington yesterday it was voted to allow Germany and Austria admitted to the international labor organization.

**RECENT DEATHS**

Percy E. Odell, has been found to be slightly deranged; and, as his assailant was unarmed, M. Ador, who is president of the General Red Cross, asked for mercy for him, and Weissenbach was consequently released.

The death of Percy Edwin Odell took place at his home in St. Andrews after an illness of a little more than a month. His death took place while the funeral service of his aunt, Miss Annie Odell, was being held. He leaves his wife, his father and mother.

W. A. Patterson passed away at his home in Carsonville, Kings county, on October 22, at the age of seventy years. He leaves his wife, three daughters and two sons.

Miss Mary Campbell of Amherst, died at the residence of George Ballantyne in Moncton yesterday. She leaves three sisters and one brother.

**SCHOOL FORBIDS SHORT SKIRTS AND VANITY CASE**

New York, Oct. 31.—Brooklyn made who attend Packer Institute, in Jorlemon street, must content themselves with the complexion with which nature endowed them, for the faculty of the school has placed a ban on rouge and powder. Openwork waists and short skirts also are forbidden.

The order, which was issued informally, provides harsh penalties. Any student violating it, if she has resorted to the vanity case, will be requested to wash her face, and if it be a violation of the dress regulation a cask will be given to her to wear during classes.

Miss Maudie B. Nelson, assistant to the principal, said that the rule—as in the case of all good rules—had met an open opposition. "Packer girls have apparently decided to limit their attempts at 'hand painting' to their art classes.

Several pupils who appeared at the school with too vivid complexions were asked to adjourn to the washroom. When they appeared in class they were innocent of camouflage. Perhaps the threat to report a second violation to parents is responsible for the strict adherence to the edict.

"We are not urging a uniform for the girls," Miss Nelson said. "There has been no necessity for such a drastic step; but we have told the girls we do not wish rouge or powder, or exaggerated styles, such as short skirts and open-work waists. The response has been very cordial.

"We want dresses that begin at the heels and go all the way up, within a reasonable distance of the neck. We have given no public lectures on the subject, but the request has been spread throughout the entire school body.

"We believe a well-balanced judgment is one of the most important requisites of a well-bred girl, and it has been one of the school's principles to develop good judgment.

"We do not consider rouge and powder artistic, and it is one of our aims to develop the artistic side of our girls."

#### PROFESSIONALS ARE BEING REINSTATED

As a Result Hockey Conditions on the Coast are in a Strained Condition

Vancouver, B. C., Oct. 29.—Reinstatement of former professionals by amateur athletic unions of Alberta and Saskatchewan has deprived the Pacific Coast Hockey Association of another purchasing star, Dick Irvin, who prior to going overseas, proved a sensation with the Portland club. Word was received today that Irvin has been reinstated, and has accepted a lucrative position in Regina, in return for which he will lead an amateur club in that city. He is the third player to turn down the coast professional body for the amateur brand—MacKay and Stanley, for the past few seasons with Vancouver, having been granted amateur cards to ply their trade in Alberta. Irvin, during his coast professional career, gave promise of developing into an even greater player than MacKay. Both boys had good offers from the coast clubs, but it is stated that the Amateur League of the middle west offered better inducements. "We cannot hope to compete with the amateurs of Alberta and Saskatchewan when they better the price we offer for playing talent," declared President Frank Patrick today. "What it is going to lead to I am unable to say."

With regard to the above despatch it must be remembered that these professionals cannot compete in inter-provincial sport or in the Canadian championships. The A. A. U. of C. made trouble for itself, however, when it yielded to the western demand to permit the reinstatement of professionals even for provincial competition.

WILL OF VISCOUNT ASTOR NOT TO BE MADE PUBLIC NOW

London, Oct. 30.—The will of the late Viscount (William Waldorf) Astor will not be made public until it is offered for probate, it is stated by the Astor family. Attorneys for the estate say this will hardly be possible until two or three months hence.

him up the beach, and finally reached shore. In the meantime the bather, whose name was not learned, went to the assistance of Mellroy and Halsey and managed to keep them afloat and help them back to the jetty each time the waves broke their hold. Mullin went out to them, the boy and after a hard fight with the help of the unidentified bather brought them ashore.

"There was a big buzz of excited curiosity when Fulton faced Towley, who was all over so quickly—two minutes, twenty-four seconds, to be exact—that we could hardly get a line on Fulton in order to be able to judge his real form. With reference to Fulton's battle with Towley, one English ringside critic was quoted as follows: "There was a big buzz of excited curiosity when Fulton faced Towley, who was all over so quickly—two minutes, twenty-four seconds, to be exact—that we could hardly get a line on Fulton in order to be able to judge his real form. There was nothing really brilliant in the big American's display, although he won so quickly. Towley brought about his big mistake in carrying the light to the hands of the fellow. He made a big mistake in doing this, and Fulton, who did nothing but stall for the first half of the round, and he made the fullest use of his overwhelming superior weight by laying on. In fact, he clinched and laid on more than should have been permissible, and Towley must have wasted a lot of his strength in pushing off his ponderous adversary. "Towley's gallant attempt won the admiration of the crowd, and he was loudly cheered when he left the ring."

John E. Chandler of Dighton, although he is seventy-eight years old and has one badly crippled leg, has taken an active part this year in planting and cultivating his garden, besides helping in the hay field, having mowed on the second crop of hay. He has missed only one year mowing in seventy years.

Recommendation of Important Meeting Here Advisory Committee on Social Problems

A resolution recommending the active establishment of the Victorian Order of Nurses in every town and city in the province through the guaranteed support of the various organizations in the province devoted to the betterment of social conditions, and another resolution recommending that a committee to advise and consult with the provincial government in such matters of public welfare be formed having as its members one representative from each of these organizations, were passed with complete unanimity at a meeting of the organizations' representatives called by Hon. Dr. Roberts and held yesterday afternoon in the government rooms.

Judge Forbes said that official figures showed that sixty children had died in St. John last year for want of proper care and food. He strongly advocated the extension of the work of the order and urged an educational campaign to interest the general public in the matter.

**HEAVY FLYING  
FATALITIES IN  
UNITED STATES**

Washington, Oct. 31.—Since Jan. 1, 1918, the Army Air Service has had 380 fatalities at flying fields in the United States. Of this total, only fourteen, or four per cent, were attributed to failure of engine or collapse of plane. The

cause of 9 per cent of the fatalities has never been definitely determined. These figures were made public by the statistics branch of the general staff. The tailspin was the most prolific cause of fatalities—accounting for 118. This is 30 per cent of the total fatalities. Sixty-one fatalities occurred as the result of collisions in the air; forty-seven from nose dives, twenty-one from side slips. Thirteen men were struck by propellers and killed, and fifteen died as the result of fire.

How strange the old-time pictures of sport would look today—baseball teams boasting at least half-a-dozen sets of whiskers—full-bearded cricketers—champions of the scull with their chins concealed.

Today the athlete knows the importance of the well-shaven chin. He is conscious that he is most keen when he is well-groomed—just as is the business man and the soldier.

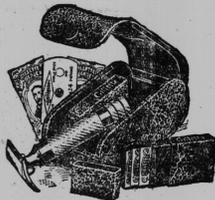

For men who love outdoor life and sports, men of virile minds and active bodies, we have designed a Gillette Safety Razor with an extra stocky handle—the "Bulldog" Gillette, shown to the left.

Not that the Gillette needs a sturdy grasp. A light touch, with the angle stroke, removes the most stubborn beard with surprising comfort.

But there is a certain appeal in the thicker handle of the "Bulldog". Ask to see this special set and appreciate the point for yourself.

*The case, you will notice, is almost as compact as the famous Pocket Edition Gillette, and the price is the same, \$5.00.*

Sold by all dealers catering to men's needs.

The "BULLDOG" Set includes oval Morocco Case with two blade boxes to match, and 12 double-edged blades.

### WOMAN MAGISTRATE APPOINTED IN N. Y.

Whole Personnel of Women's Court is Now Feminine

(New York Times.)  
The first woman magistrate appointed to a court in this state was named yesterday by Mayor Hylan, who appointed Mrs. Joan H. Norris, assistant secretary of Tammany Hall to the city magistrate's bench.

Mayor Hylan sent the announcement of her appointment to Chief Magistrate McAdoo, with the suggestion that she should be appointed to serve in the woman's court. The personnel of this court has now been thoroughly feminized, because Miss Rose Rotherberg was assigned there as prosecutor several months ago, when a scandal followed the conviction of several young women for soliciting who were afterward released on appeal on the ground that they had been convicted without evidence.

Mrs. Norris is president of the National Women's Association and a member of the New York County Lawyers' Association. She was prominent in the fight for the ballot for women in this state. She has been active in Tammany Hall since she was granted to women in this state. She is a co-leader with George W. Olvany in the Tammany organization of the Tenth Assembly District. She is on the campaign committee of Justice Luce.

The mayor's act in appointing a woman prominent in Tammany is taken as an indication of the mayor's determination to be friendly to Tammany in spite of the battle between Hearst and Governor Smith, who has Tammany solidly

behind him. The mayor is reported to be anxious to figure as a pacificator in the fight that is menacing democratic politics and to be hopeful that his conciliatory efforts will eventually close the breach between Hearst and the governor. Mrs. Norris was graduated from the Girls' High School in Brooklyn and later went to Fordham University. She is a widow. She lives at the Mertha Washington Hotel. She will sit in the woman's court for a week with Magistrate Marsh to familiarize herself with the details of the work and will later serve there and in the court of domestic relations.

### GREATER WAR PREDICTED.

Philadelphia, Oct. 29.—If America does not take her place as the leader of the world and realize that she already has war to come greater than that we have just passed through," declares Francis Herbert Stead, Mr. Stead is a student of labor conditions who has just arrived from London. He is a brother of the late W. T. Stead.

"This war, if it should come, would strike America and England a great and disastrous blow," he continued.

### PLOT TO KIDNAP HENRY FORD'S SON?

Toledo, Oct. 28.—Statements of a private detective that he had discovered a plot to kidnap Edsel Ford, son of Henry Ford, and hold him for \$200,000 ransom, led to the arrest of four men here.

The detective gave his name as Floyd Gray, and he said he came to Toledo from the East in connection with strike disorders and became aware of the plot while staying at a local hotel.

Gray said one man revealed the plot to seize young Ford and hide him in a house in Mt. Clemens, Mich.

### COBALT MINES PRODUCE 560,000 IN SILVER DAILY

Cobalt, Oct. 30.—The mine of Cobalt are estimated to be producing silver at the rate of upwards of \$60,000 every twenty-four hours. General conditions, including the quotations for silver and the quantity as well as the quality of

labor, are favorable. The prospects of the next several months appear to be that the value of the production will continue at least as high as at present, and with some possibility of an increase. At the Nipissing Mining Corporation, O'Brien and Kerr Lake high-grade ore continues to play an important part in the total output. In order to realize the importance of this it is but necessary to imagine mining ore containing 5,000 ounces to the ton at the prices obtaining in 1915 and realize that such ore had a value of \$2,500 to the ton, and then turn to the present and learn that such ore is worth approximately \$6,000 per ton.

A celebration was held at the home of Mr. and Mrs. Charles H. Pope of Wells River, Vt., in honor of the golden wedding anniversary of the host and hostess and Mr. and Mrs. Sylvanus Mitchum of Lowell, Mass. The four people were born in one town and were married the same day by the same minister.

Amherst Make Piano.

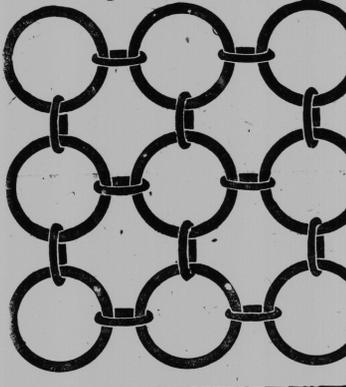

This Fine Amherst Make Piano will be given Free to the best, neatest, correct and most original solution to the Magic Ring Puzzle.

AMHERST PIANOS ARE RECOGNIZED AS THE WORLD'S BEST and the winner of this Piano will have just reason to be proud of the Piano. The Finest Homes and the leading Musical Institutions of Canada are now using Amherst Pianos. Remember there will only be one Piano given Free, therefore use your very best efforts.

SECOND PRIZE.

Magnificent Genuine Manogany Cremonaphone, valued at \$110. This will be given as second prize in the Magic Ring Puzzle for the second best solution.

### CAN YOU SOLVE THIS PUZZLE? IT CAN BE DONE.

#### DIRECTIONS

Use any numbers from one to nine inclusive—place a number in each ring in such a manner that when added vertically, horizontally and diagonally the total will be (15) fifteen—Use no number more than twice—However the Magic Ring puzzle can be solved correctly, using each number only once.

#### AWARDS.

The best, neatest correct solution will receive absolutely free a \$450 Amherst Make Piano—The next best solution will receive a \$110 Cremonaphone Talking Machine. Other awards will be made to other entrants. Bear in mind, however, that only one Piano will be given free—Also bear in mind that only one Phonograph will be given free—And these only to be the best, neatest and most original correct solutions.

#### CONDITIONS.

All solutions entered are the property of the Amherst Pianos Ltd., and cannot be withdrawn — All entrants agree to accept the decision of the Judges as being final — All solutions must bear the proper amount of postage — All solutions must have a name and address plainly written to assure entrance into the contest.

#### OUR REASON FOR DOING THIS.

We want to compile a mailing list of families who do not own Pianos—If you already own a Piano do not enter this contest as in the event that the Piano is awarded to any person who already owns a Piano the award will be declared void—We want this Piano to go to some family who do not own an instrument—it is our intention to mail catalogues of our Pianos, etc., from time to time to the families who enter this contest. Therefore, we ask families who have instruments not to enter.

**THIS CONTEST IS OPEN TO EVERY FAMILY IN CANADA.**

Who do not own Pianos—Gather the whole family around—often the youngsters have the brightest minds for figures and can do quickly what it takes an adult a trial, and then send in the best solution—Some family is going to get a magnificent, sweet toned Piano for just a few minutes work. Do your best and mail or bring your solution to our store—Today may be your lucky day—take your time, work it out carefully, your opportunity is as good as the best until the decision is made by the judges.

## PIANO SALE

PIANO BUYERS SAVE BAGS OF MONEY AT THE AMHERST PIANO CO'S ANNUAL CLEARANCE SALE.

Each year we conduct a great fall clearance sale. **THE INDIAN'S HAT.**

American women haven't a thing on a man from India, when it comes to wearing inexpensive hats. And they'll have to get busy to crowd as much on their heads as do the men from Bombay, Calcutta and Punjab, for those red, yellow and white turbans which are seen adorning the heads of some of the visitors from India are as long as three tablecloths put end to end.

Each turban is made up of 90 square feet of cloth, 30 feet long by three feet wide. If one of these dark-skinned men from India should lose his silk turban and try to duplicate it in Columbus he would have to pay at least \$30 for it. But over in India he pays only about one-tenth this price.

The average person wonders why men in those burning countries wear a hat which covers the head as completely as the head of an Eskimo. Both do it for the same reason. One seeks protection from heat and the other from cold. The heat of one's own body is far more endurable than the burning rays of India's sun.

A man wears a turban 30 feet long, while a small boy wears one from 10 to 15 feet long. But Indian youngsters have found that the cap of the American boy takes far less time to put on than his turban, and they are generally discarding the headgear of their fathers for that worn by America.—Columbus Dispatch.

THIN PEOPLE NEED BITRO-PHOSPHATE

Increases Weight, Strength and Nerve Force in Two Weeks Time in Many Instances

The average person is beginning to realize more and more that the lack of physical strength and nerve exhaustion (frequently evidenced by excessive thinness), are the direct cause not only of the failure to succeed in life's struggle for the necessities of existence, but also for the handicap in one's social aspirations. Compare the thin, sickly, angu-

lar frame with the well rounded form which is accompanied by the bloom of health and attractiveness. That millions of people are conscious of this handicap is evident from the continued appearance in newspapers and magazines of many suggestions proposing various remedies in food or medicine or exercise, either of which might or might not be appropriate for a given case.

Authorities, however, agree that healthy nerve tissue is absolutely essential to strong, robust body and mind. Weak nerves, while indicated by a multitude of different symptoms, more immediately and generally result in lack of energy, sleeplessness, irritability, depression, etc., when conditions gradually consume the healthy flesh, leaving aghast hollows, flat chest, bony neck and scrawny arms and legs.

Our bodies need more phosphate than most of them are able to extract from the foods we eat nowadays, and many opinions affirm that there is nothing which may be taken into the human system that so effectively supplies this deficiency as the pure organic phosphate known as bitro-phosphate and sold by good druggists everywhere.

The essential phosphoric food elements in bitro-phosphate assimilated and the nerve cells should soon produce a pleasing change in nerve energy and hence increased vitality and strength. With the burdens of nervousness, sleeplessness, lack of energy, etc., lifted, normal weight with its attractive fullness and ruddy glow of health replaces the former picture of skin and bones. Miss Georgia Hamilton, who was one time and frail, reporting her own experience writes: "Bitro-Phosphate has brought a made transformation with me. I gained 15 pounds and never before felt so well."

CAUTION:—Although Bitro-Phosphate is unexcelled for the relief of nervousness and attendant disorders, owing to its tendency to increase weight, one should watch the scales while taking it unless it is the desire to put on flesh.

PUT CREAM IN NOSE AND STOP CATARRH Tells How To Open Clogged Nostrils and End Head-Colds.

One of the most common troubles you could in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffing, mucous discharges or dizziness; no struggling for breath at night.

Tell your druggist you want a small bottle of Nujol's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

The Modern Medical Idea - Sickness Prevention Back in 1796, when he developed the vaccine treatment to combat smallpox, Edward Jenner helped to start the trend of medical thought in the new direction of Sickness Prevention. Today anti-toxins, serums, vaccines and sanitation—all these check disease before it can gain hold. But constipation still remains one of the most devastating of all plagues, because by reducing the body's power of resistance it makes it an easy victim of every and any disorder. Leading medical authorities agree that 90% of disease has its origin in the intestinal tract—in constipation. Your physician will tell you that pills, salts, castor oil, mineral waters, etc., simply force the system and weaken the intestinal muscles. Nujol is entirely different. Nujol prevents constipation because it softens the food waste and encourages the intestinal muscles to act naturally. Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.

BASEBALL Sox to Have Own Hotel

Chicago, Oct. 29.—A permanent spring training home for the Chicago White Sox, with its own hotel and commissary equipment, is planned by Charles A. Comiskey, owner of the club. It was learned today. A site climatically and otherwise adapted to good results in spring training is being sought. The place picked for the coming training season probably will be chosen as the permanent home. Mr. Comiskey said that the plan will not be put into effect next year, it being desired to try out the camp first.

Giants Receive \$300 Each

New York Oct. 30.—The members of the Giants were awarded their share of the world's series receipts by the National Commission yesterday. By the new plan of division, which was put into effect this season, the clubs finishing second and third in both the National and American League were given a part of the money. The full share for each of the Giants for finishing second amounted to about \$300. All the regulars received their share, while others were given smaller amounts, according to their time of service with the club during the season.

The new system worked out so well this year that it will be followed again next season. The prize money for the second and third place clubs was an incentive which kept the pennant fights at a high pitch of competition right up to the end of the season.

The members of the Yankees have not yet received their share for finishing third place in the American League, as the money has been held up by the National Commission, pending the decision on the protest of the Detroit Club. Detroit protested against awarding the Yankees third-place money because the games in which Carl Mays pitched.

WRESTLING Wrestling Stars in Boston

Boston, Oct. 30.—Joe Stecher, "Strangler" Ed Lewis, Earl Cadlock, John Pesak, John Freberg and Walter Zdyzako are due to be seen in action in Boston soon, according to George Tuohy, who has made arrangements to have these stars of the wrestling game appear under his direction in Mechanics Building and at the Grand Opera House during the season.

While Stecher, Lewis and Zdyzako are well known here, Cadlock and Pesak are comparatively new to Boston. Cadlock wrestled here before he became world famous and now that he is to get back into the game stronger than ever, it means that the man who wins the world's title will have to consider him very seriously.

Pesak is the giant young Nebraskan who has jumped into the front rank with a speed that recalls Stecher's remarkable rise to prominence. With these men, and the cream of the foreign stars coming, Promoter Tuohy figures that the series of carnivals planned will excel even those of pre-war days.

BILLIARDS Makes New Record

New York, Oct. 29.—What is considered to be a world's record in three-cushion carom billiards has been made by Robert Cannexas, the champion. In two matches in Chicago recently he was credited with having made 100 points in sixty-eight innings, an average of 1.32-98, so far as is known the best score ever made in 100 points of play.

Charles Oles, the expert three-cushionist of Brooklyn, is authority for the statement that, so far as he knows, no one ever did as well before. August Kiechler, one-time champion, made 100 points in 138 innings and the world's record for fifty points is thirty-five innings. In an exhibition match Oles made fifty points in twenty-five innings.

The two games in which Cannexas is credited with having run 100 points in sixty-eight innings were played in Chicago. They were exhibition matches. He defeated Eric Lundgren fifty to fourteen in thirty-six innings, and Leon Magnus fifty to twelve in thirty-two innings. Lundgren is the champion of the Chicago City League. Magnus is a player whose ability is well known all over the country.

VISIT HERE WAS OF UNTOLD VALUE

Mrs. Kerrigan Was of This Opinion Because It Was in St. John She Was Induced to Try Tanlac For Her Trouble.

"I just wish the people in my home town could have Tanlac," said Mrs. Hannah Kerrigan as she purchased her fourth bottle of the medicine at the Ross drug store in St. John, New Brunswick, recently. Mrs. Kerrigan lives at 40 Port Norfolk street, Newport (Mass.), U. S. A. She has been spending the summer with relatives in St. John. Mrs. Kerrigan was induced by a cousin, who had been greatly benefited, to try Tanlac in her own case and here is her interesting statement regarding the results:

"When I left home for St. John, I was suffering terribly, as I had been for three years, from indigestion and a condition of other troubles. I had already tried everything, it seemed to me, so I had no idea of finding a medicine here that would relieve me. But my cousin, who I am visiting here, told me how Tanlac had benefited her. I made up my mind to try it and now I am feeling just like a new person.

"Before taking it I could not eat anything but what would sour on my stomach, causing gas, pains and awful spells of heartburn. After, after meals, I would become so nauseated that I could not retain what I had eaten, and for more than a year I never knew what it was to get a good night's sleep on account of the gas on my stomach. I would just have to get up and go to another and, during these attacks, my heart would palpitate like it was going to jump out of my mouth, and my head ached so had it felt like it would burst.

"Many a time I was in agony day and night and, as I was gradually getting worse, my condition worried me for it seemed that nothing could help me. So now I just think Tanlac is the greatest medicine on earth. Why, by the time I had my first bottle there was a wonderful improvement in my condition. Then I got another, and another and now I am feeling better than I have in three years. I am eating just anything I want and everything seems to digest itself after I never feel the slightest discomfort after eating. That fermentation and gas has all disappeared from my stomach and I sleep just fine every night. I am never troubled with heartburn, gas, either, and I can't praise Tanlac too highly for what it has done for me. My visit to St. John has been of untold value to me, for I'm going back home a well woman and am not only going to carry some Tanlac with me, but am going to tell my friends about my good luck in getting back my health. At first I had no faith in Tanlac and took it more to please my cousin, but it has proved a blessing to me and I am glad to give others the benefit of my experience."

Tanlac is sold in St. John by Ross and Company and F. W. Munro under the personal direction of a special Tanlac representative.—(Adv.)

KIDNEYS NEVER CAUSE BACKACHE

Rub pain, soreness and stiffness right out with old "St. Jacobs Liniment."

Kidneys cause backache? Not! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or strain, and the quickest relief is soothing, penetrating "St. Jacobs Liniment." Rub it right on the aching tender spot, and instantly the pain, soreness, stiffness and lameness disappears. Don't stay crippled! Get a small bottle of "St. Jacobs Liniment" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache, sciatica or lumbago pain. "St. Jacobs Liniment" stops any pain at once. It is harmless and doesn't burn or discolor the skin.

It's the only application to rub on a weak, lame or painful back, or for lumbago, sciatica, neuralgia, rheumatism, sprains or a train.

DRESSMAKER SAVED FROM OPERATION

By Taking Lydia E. Pinkham's Vegetable Compound in Time.

Ithaca, N.Y.—"Three years ago I suffered from pains in my right side, so severe that I could not raise my feet from the floor. Pains would shoot down my limbs and through my back, and the doctor said I had an abscess. I was in bed two weeks with Drue's medicine on my side and expected any day that might have to go to a hospital for an operation. A friend came to see me and told me of your wonderful medicine—Lydia E. Pinkham's Vegetable Compound. I began taking it, and after taking six bottles I feel well and strong, do my own work and do dressmaking for others. I cannot speak too highly of your medicine and recommend it to others who suffer with female trouble. It is a Godsend to ailing women, and you may use my name at any time."—Mrs. FEMILLA HOLSIZER, 215 E. Fall St., Ithaca, N.Y.

Women who suffer from any such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

MANY radical changes in men's fashions are shown for the Fall and Winter Season. A big argument in favor of our Custom Tailored-to-Measure Clothes is that our cutters are in touch with all the new modes and will gladly assist you in the selection of a model in keeping with the later trend in designing. English & Scotch Woollen Co. Tailored-to-Measure Clothes at our Standardized Prices are an investment that pay a surprisingly big dividend. Our Tailored-to-Measure Clothes assure you more service and all around satisfaction than any other clothes you can buy anywhere at double our standard prices—quite a claim on our part, but we can corroborate the assertion. Our fabrics and the finished garments on our delivery racks are here for your inspection—we ask you to examine them critically.

**Trousers** We are showing exceptional values in odd trousers from special trouser lengths. As many of these clothes are shown in very limited quantities, we will be obliged to ask customers for a second choice.

Y. M. C. I. League.  
The league leaders fell off their perch in their first string with the Eagles last night. With Murray and Riley getting 102 each, and Coughlan 94, the birds of

prey proved victors by seventy-four pins. The birds of prey certainly lived up to their cognomen as they captured the second point with a majority of eighty-seven. In this string Maher came across with 104 and Ryan, who had been having hard luck in his first game, tallied the nice score of 116. Riley kept up his good work by disposing of ninety-three. The third string was real bowling of the hair-raising order. At the end of the fourth box the score stood: Eagles, 194, Falcons 177. The close of the sixth showed the Eagles leading by twenty-nine pins—then the Falcons woke up. Strikes followed strikes and spares followed spares till the Falcons had wiped out this lead and obtained a lead of four pins. It was the best finish of the league so far and the Falcons certainly earned the applause they get from the

Shots at the King Pin.  
The Falcons simply couldn't find the address of the king pin in their first string.

This week has been a tough one on league leaders. First the Swans, then the Autos and last night the Falcons. The truth is that it's anybody's league and the new players appear to be showing up as well as the older.

Murray, of the Eagles, is a big addition to that team. While a spectacular bowler, he can be counted on for steady work.

Ryan is another hard worker, who gives promise of coming across with pretty high strings when he is more familiar with the alley.

The Falcons surely turned on the Power in the last two boxes of the final string. Power had forty-seven in his sixth box, then he got two strikes, one after the other, and wound up with a spare in the last box giving him sixty-two pins in four boxes. Nixon got busy in this string and wound up with 112.

The Eagles with their 1463 established a new three string team total. With four of their team in the ninety class they rolled the kind of game one doesn't look for till the season is much more advanced.

Tonight's game between the Owls and Hawks should prove an interesting match. The Owls have McCafferty, McDonald, Cleary, McCurdy and Gavin, while on the Hawks, Power, McAuliffe, Kelly, Downing and Jarvis will officiate. A win for the Owls would put them in first place, but the Hawks are out to follow the lead of the Sparrows, Robins and Eagles, and even up matters more in the league.

FRIDAY Great Amateur Night

**LYRIC TODAY**

THE LYRIC MUSICAL STOCK CO. PRESENT  
"DR QUACK'S SANITORIUM"  
A Joyful Place for Those Burdened With Trouble

MUTT AND JEFF—EVIDENTLY THEY STAND FOR A LOT AT THE CLUB (COPYRIGHT, 1919, BY H. C. FISHER, TRADE MARK REGISTERED IN CANADA.)

By "BUD" FISHER

IT'S A WILD NIGHT OUT, MUTT. IT'S JUST SUCH A NIGHT AS THE ONE IN WHICH I HAD MY MOST TERRIFYING EXPERIENCE OF THE WAR.

TELL ME ABOUT IT, JEFF.

HOW VIVIDLY IT ALL COMES BACK TO ME NOW! WE WERE IN THE ARGONNE FOREST AND THE GERMANS WERE ONLY EIGHTY YARDS AWAY.

YES, YES—

IT WAS HELL ON EARTH. GAS BOMBS WERE EXPLODING AND LIQUID FIRE WAS POURING IN ON US—WHEN SUDDENLY WE DISCOVERED—

YES, YES, GO ON—GO ON!

THAT THERE WASN'T A BLOOMING CIGARETTE IN OUR WHOLE DETACHMENT.

WHEN JOE SPVIN'S TOLD THAT STORY AT THE CLUB, IT WENT BIG!

# The \$10,000.00 November Drive
