

OTTAWA IS CENSURED BY SCIENTISTS

British Service Association Declares That Much More Might Be Done By Government In Forestation.

POSSIBILITIES OF THE CANADIAN WEST.

Special to The Standard. Winnipeg, Aug. 31.—Western Canada problems continue to occupy the attention of the British scientists. At practically every session today questions of interest to the West were under discussion.

Two important resolutions were passed in the zoological section. One recommended to the governments of the West that immediate steps be taken for the extermination of the rats from the south. The resolution was moved by Prof. Shipley, president of the department, who emphasizes the seriousness of the situation and pointed out the necessity of the most strenuous efforts being taken to stop the invasion. If they were allowed to spread through the West they would, he estimated, damage 35 per cent of the yield annually.

Disappearance of Salmon. The second resolution was one urged upon the federal authorities to appoint a commission to investigate the question of the disappearance of the salmon in British Columbia. It was felt by the members that if immediate steps are not taken, the fish will soon become extinct. It was also suggested that the city of Winnipeg or the Province of Manitoba should appoint an expert to study zoological questions.

Discussions on wheat managed to crop up in nearly every session. The engineering department had two papers on the subject this morning and no papers were followed with more interest. Sir William White, president of the section, was particularly interested and continually fired questions at the speakers. One paper was by G. Harcourt, deputy minister of Alberta, and another by W. B. Langgan of the C.P.R. The paper by Harcourt dealt with the development of the grain industry in Western Canada and its future possibilities. It traced in detail the history of grain growing in the West and followed this with some interesting predictions as to the future.

Capacity of West.

Of the country which is known he placed the area capable of producing grain at 220,000,000 acres, the total area in crop last year was 11,357,870 acres producing a total crop of 240,000,000 bushels. The unoccupied land in future will produce at least 500,000,000 bushels. This was not the only paper on the subject. There was a great northern country, the McKenzie basin, which was capable of producing grain. To the total of all this must be added the result of what science and experiment will bring in the way of earlier and more suitable varieties of grain.

At the agricultural section the Dominion Government was censured by R. J. Campbell, head of the Forestry Department for its failure to take more interest in the question of the preservation of the timber resources of the Dominion. The fire patrol should be strengthened and made as effective as possible. An exploration of the public lands should be made in advance of settlement, and land not fitted for agricultural purposes should be segregated and administered for forest purposes. A larger staff was necessary for administrative purposes, while a more vigorous educational propaganda was necessary. Special trains take the scientists to the coast at midnight Thursday.

HUMPHREYS MILL IS DAMAGED BY FIRE

Moncton Woolen Industry Visited By Disastrous Fire—Started in Picking Room And Spread Rapidly.

Special to The Standard. Moncton, N. B., Aug. 31.—A fire which broke in the picking room of a woolen mill at Humphreys this afternoon, damaged the building, equipment and stock to the extent of three or four thousand dollars. Over four thousand pounds of wool was burned and the machinery was badly warped, while the inside picking room was gutted.

Mr. Humphrey, the proprietor, is away from home, but it is understood that the loss is covered by insurance. The city fire apparatus was sent over to assist the mill brigade and fortunately succeeded in preventing the spread of the flames to other parts of the mill.

Accepts Call. Rev. Frederick S. Bamford who recently resigned the pastorate of Lewisville Baptist church has decided to accept the call extended to him by the Summerville church. No successor to Mr. Bamford at Lewisville has yet been chosen.

A number of prominent Irish amateur cricketers, members of the leading Dublin clubs, have sailed for Canada on the S. S. Mesantic.

QUEBEC MAN ARRESTED FOR PUSHING QUEER

Canadian, One Of Two Alleged Counterfeiters, Taken At Manchester, N. H.—His Partner Was Negro.

CANADIAN LIKELY USED AS TOOL.

Manchester, N. H., Aug. 31.—Two alleged counterfeiters were arrested by the Manchester police late this afternoon. The first arrest was that of Arthur Tweed, alias Geo. Smith, of North Hadley, Que., in a clothing store where he has sought to exchange four quarter dollars for a bill.

Soon after, a policeman was told by a saloon-keeper that a negro had just left after attempting to pass a counterfeit coin. The negro was soon afterwards arrested on Elm street and gave the name of John Jones. No bad money was found in his pockets, but a dollar was found in his palm and another concealed in his shirt. When these were discovered, Jones broke down and admitted having tried to pass the stuff.

Outfit Found. A search was made of the room the two occupied at the Central House and the outfit with which the men worked was found. This consisted of an alcohol lamp, a bottle of alcohol, a large iron mixing spoon, some lead pipe, zinc and tin, some plaster of Paris moulds and some sand.

The two men were confronted by these facts and admitted to Chief of Police Healy that they had piled their art in various places. They claimed to have known each other some eleven months, but that they started several weeks ago at a small fair near Sherbrooke, Que.

The negro is thought to be an old-timer and to have used Tweed as a tool. The work was remarkably well done considering the tools they worked with, but the milling was imperfect.

SPECIAL RATES FOR THE FREDERICTON EXHIBITION

C. P. R. Announce Schedule Of Special Trains For Big Fair Col. Surgeon Bridges Ordered To Glace Bay.

Special to The Standard. Fredericton, N. B., Aug. 31.—W. B. Howard, district passenger agent of the C. P. R. is here tonight meeting representatives of the management of the Fredericton 1909 exhibition and Fredericton Park Association, relative to the special train arrangements and excursion rates in connection with the exhibition and races to be held next month.

The special excursion rate from St. John will be \$1.60 for the return trip and special trains will be run here from St. John, returning the same night on 18th and 21st. Special trains from Houlton, Maine, and Woodstock will be run on the 15th and 18th.

The C. P. R. will give an unusually attractive service and rates for the fair and races, along with that of the L. C. R. will shortly be announced. Lieutenant Dudomaine and twenty-five men of H. Co., R. C. R., have been ordered to leave for Halifax on Saturday, whence they will go to Alderbrook Camp for duty with the Nova Scotia militia regiments. Lieutenant Colonel Surgeon Bridges, P. A. M. C. has been ordered to report at Glace Bay for duty and leaves for the storm centre of the Cape Breton coal mines strike tomorrow morning.

SEVEN CHILDREN BURNED IN ASYLUM BLAZE

Firemen Digging In Ruins Of St. Malachi's Home For Children Make Gruesome Find.

New York, Aug. 31.—That seven little children, inmates of St. Malachi's Homes for Children at Rockaway Park, L. I., were suffocated in a fire which destroyed a portion of the home last night was discovered today by firemen digging in the ruins of the burned building. There were 750 children in the institution, which is conducted by the Sisters of St. Joseph of Brooklyn. Most of them were lodged in the buildings in good order last night when the fire alarm was sounded and it was supposed that all had escaped until the little bodies were found in the smouldering embers today. Nearly all of those burned to death were under five years of age.

PROGRESS OF STRATTON CASE. Toronto, Ont., Aug. 31.—The court today ordered Mr. J. H. Burnham, who is petitioning against the return of

Constructive Policy Is Needed Broad Basis, Imperial In Aim

Lord Charles Beresford in Ringing Speech at Toronto Declares That the Time for Talking Is Over; That Action Must Henceforth Point the Straw of Imperial Sentiment.

Special to The Standard.

Exhibition Grounds, Toronto, Aug. 31.—Lord Charles Beresford opened the Canadian National Exhibition here this afternoon under splendid weather auspices. Mr. George H. Gooderham, president of the exhibition, welcomed Lord Charles as the representative of the senior partner in the great firm of John Butcher and Sons, and as the leading figure of the British Navy, that has done more for universal freedom than any other human agency.

"Canadians," he added, "are loyal to the Crown and to themselves, and they will not be backward in defending universal freedom. There may be differences of opinion as to the best means of procedure, but with the course once settled, they will go ahead on the lines of their conviction. That is worth the price no matter what the price may be."

Beresford's Reply. Lord Charles Beresford, in reply to the address, said: "There can be no doubt that in the past the British Navy has had a paramount influence in keeping the peace of the world, and if that navy remains efficient and sufficient this peace may be maintained not only to the benefit of the British Empire, but also to the benefit of the whole universe, peace being the greatest insurance any nation can possess."

"There is no insurance for peace equal to a strong navy. The address says it is fitting I should visit Canada when the Mother Country and the four nations are gathered in council to discuss what is best to maintain the freedom which we have all enjoyed for so long, and I will add we intend to maintain in the future. While it will be interesting for me to ascertain as far as I can the sentiments of Canada on this question it is hoped that the result of the conference will be found in deeds, not words."

Others Acting. "Whilst we have been talking other people have been acting. What is wanted is a bold constructive policy, broad in its basis, imperial in its object. The time for talking is over. The time for action has begun. There must be a carefully compiled, concise and practical plan for defeating the enemy's fleets if war should unfortunately be forced upon us. A complete scheme should prevent war and ensure peace. The question of the safety of the Empire should be put beyond any possible doubt whatever. "Our supremacy at sea has been threatened in language that is un-

Men Who Have Stuck To Jobs Are Reaping Harvest—Declare That They Would Not Welcome Settlement.

Special to The Standard. Sydney, N. S., Aug. 31.—As an indication of what the men who are now at work in the mines of the Dominion Coal Company think of the strike conditions and their feelings regarding an early settlement of the difficulty the opinion expressed by two miners who were in Sydney today is a practical expression. "Why," they said, "there are our pay cheques for the last fortnight—\$104 each. Two men can now make as much as four men could earn before the strike and the reason is not far to seek, the men working get their coal taken more rapidly. The company can get fully as large an output as was obtained in ante-strike days with but 75 per cent of the men then employed. We who are working do not want to see the strike end, as under present conditions we are making more money than we ever did in our lives before."

Not Called Up Yet. "The latent resources of the Empire have not been called upon as yet to join in an organization which, to be effective, must be based on broad national and imperial lines, totally devoid of personal, party or selfish motives, an imperial defence force produces an imperial organization for war in which the whole Empire takes part, it should preserve our supremacy intact."

"We have arrived at a crisis in our history as an Empire. We aim at no aggressive action or increase of territory, nor do we hold threats to other nations. We wish to keep clear of all international disputes, and to hold our own and let all know that our supremacy and our supremacy at sea shall be kept."

"Instead of the British Navy solely maintaining that supremacy as in the past, the other four nations have offered to come and share some of the burden, standing shoulder to shoulder as Britons all to hold what we have. Union in strength; closer union means greater strength. If the British Empire is to remain, it must maintain a naval superiority that is undoubted."

The Trade Routes. "The heart of the Empire is absolutely dependent on the punctual and sure delivery of the water-borne food and raw materials supplied by its arteries, the trade routes. A successful attack on the trade routes would paralyze the state of the Dominions as well as that of Great Britain. It therefore becomes a matter of life or death to the British Empire to remain supreme at sea. Any attempt to wrest that supremacy from us must be met by a steady and complete naval effort on our part. Command of the sea is a necessity for our existence as an Empire. The tendency of late has been to gain complete naval supremacy in the North Sea. That would protect the heart of the Empire, the British Isles, from invasion, but I repeat that."

EMBARGO ON HOME CATTLE TO CONTINUE

Influential Deputation Meets British Premier In Effort To Have Embargo Raised But To No Avail.

U. S. BOUNDARY LINE THE BUGBEAR.

London, Aug. 31.—A deputation representing various trading interests met parliament today to ask the government to remove the embargo on the importation of Canadian cattle. Premier Asquith said he regretted that he saw no possibility of acceding to this request, for while it might be true that disease was non-existent among cattle in Canada it was indisputable that disease appeared from time to time in the United States with disastrous results and it was impossible for this purpose to put Canada and the United States into water-tight compartments owing to the long and loosely-guarded boundary line.

MONTREAL GROCER IN QUEER PARTNERSHIP

Brother Of Ald. Lariviere Former Chairman Of The Civic Roads Committee And Ex-Foreman Get Fat Contracts.

Special to The Standard. Montreal, Aug. 31.—A few years ago when Ald. Lariviere was chairman of the civic road committee, a foreman in the employ of the department left and became a contractor. As a partner he had a brother of Ald. Lariviere, a grocer in a small way. On the witness stand today the grocer admitted that about all he knew about the partnerships was that he got a portion of the profits. But both he and Giguere flatly denied that Ald. Lariviere had benefited in any way by the fat contracts which came to the firm, so long as Ald. Lariviere remained the chairman. A number of the aldermen explained to the commission how it was that they came to vote for the Brunet contracts. All were much surprised to learn of the revelations made before the Royal Commission in regard to those. Some of them were not repentant.

STORAGE DAMS WOULD GREATLY BENEFIT RIVER SETTLEMENT LIKELY IN THE CURRIER CASE

So Declares A. W. Brown Before River Commission At Van Buren Yesterday—Favors Diversion Of River.

Woodstock Parson Who It Has Been Alleged Obtained Money Under False Pretences, May Not Be Prosecuted.

Woodstock, N. B., Aug. 31.—The examination of the Rev. F. A. Currier has been postponed until Tuesday morning. It is said there is a good chance for a settlement being arranged that will be satisfactory to all parties.

The charge against Mr. Currier was obtaining money under false pretences, the allegation being that he sold British Columbia lands by misrepresentation. Wm. Everett, of Upper Woodstock, was the complainant. Evidence to support the charge was given by Judson Surpee and Roy Drew. They testified to the glowing accounts of the land given by Mr. Currier. The defendant claims there was no attempt to defraud.

DEATH LIST IN FLOOD HAS REACHED 2,000

Further Find Of 300 Bodies Was Made Yesterday Near Old Well—1000 Bodies Recovered To Date.

Mexico City, Mex., Aug. 31.—A despatch received here from Monterey says that three hundred bodies were found this morning grouped about an old well near the iron foundry, on the outskirts of the city. They were all taken to the Gonzales hospital for identification. Approximately one thousand bodies have been recovered to date and it is believed that the statement that the total death list will amount to two thousand is well within the figures. Scores of bodies are said to have been swallowed in the river and quicksands. As the reports come in, it is seen that the situation at Monterey is more serious than was at first supposed. The city lacks food and water. Railroad officials are unable to give

TWO STRIKERS WERE KILLED BY DETECTIVE

Strikers And Patrol Men Come To Blows In Western Docks Labor Difficulty With Fatal Results.

DETECTIVE RESCUED WITH GREAT DIFFICULTY.

Buffalo, Aug. 31.—John C. Nicolai, a private detective employed by the Lake Carriers Association shot and killed two militant strikers on the western shore docks this evening, and he was only saved from lynching by the arrival of policemen. Nicolai was in charge of strike-breakers when George Houghton, a fireman, and Matthew Dwyer, an officer, both strikers, who had been acting as pickets at the docks held him up.

Attacked With Clubs. "We'll get you some time," they said, applying a vile epithet to Nicolai. Then, he says, they attacked him and the two men with him with clubs. One of the strikers struck a strike-breaker over the head and as he did so the detective drew his revolver and fired twice. He dropped a man at each shot; Houghton with a bullet in the eye; Dwyer with a bullet through the heart. Both were instantly killed. A mob gathered with a rush and the officers who were patrolling the waterfront became the target of the mob's wrath. Full until a riot call brought help. Nicolai is held on an open charge. The strikers along the docks are in an ugly temper.

AMHERST PAINTER FELL 35 FEET TO HIS DEATH

Isaac Miller Engaged In Painting The Amherst Hotel Fell When Iron Railing Gave Way Sustaining Fatal Injuries.

Special to The Standard. Amherst, N. S., Aug. 31.—A terrible accident occurred about 5 o'clock this evening whereby Isaac Miller, a painter, was almost instantly killed. The deceased had the contract for painting the Amherst Hotel and was at work on the roof, his ladder being attached to the ornamental iron railing along the peak. A portion of the railing gave way and the unfortunate man was dashed to the yard below, a distance of about thirty-five feet, a portion of the iron railing penetrating the back of his head. He was also terribly cut on the side of the face and bruised about the body.

The ambulance and medical aid was summoned and he was removed to his home, Upper Victoria street, but succumbed to his injuries before reaching there. The Amherst Hotel is situated in the center of the main business street and large numbers who were passing at the time witnessed the accident. The deceased was about forty years of age. He is survived by a wife and thirteen young children in very poor circumstances, he being their main support.

STEEL PLANTS MERGER IS TALKED OF NOW

Report Is Current That The Steel Companies Of The Dominion Contemplate Consolidation.

REPORT IS CURRENT THAT THE STEEL COMPANIES OF THE DOMINION CONTEMPLATE CONSOLIDATION.

Special to The Standard. Hamilton, Ont., Aug. 31.—A merger of all the Canadian steel plants is said to be planned by the companies concerned, this step being due to the fact that the Dominion Government bounties cease next year. Officials of the Hamilton Steel and Iron Company refuse to confirm the story, but a prominent financier declares the scheme is almost matured.

ANOTHER BUSINESS MERGER FOR CANADA

Special to The Standard. Toronto, Aug. 31.—It is announced today that a merger of all the companies in Canada engaged in the manufacture of counter check books has been completed, and will go into effect tomorrow. The Carter-Crumme Company of this city absorbs the other three Canadian companies, which make counter check books.

An estimate of the monetary losses or say how many miles of tracks have been destroyed. Scores of points yet remain to be heard from, although every effort to communicate with them has been made.

MEN MAKE \$54 WEEKLY AT GLACE BAY

Men Who Have Stuck To Jobs Are Reaping Harvest—Declare That They Would Not Welcome Settlement.

Special to The Standard. Sydney, N. S., Aug. 31.—As an indication of what the men who are now at work in the mines of the Dominion Coal Company think of the strike conditions and their feelings regarding an early settlement of the difficulty the opinion expressed by two miners who were in Sydney today is a practical expression. "Why," they said, "there are our pay cheques for the last fortnight—\$104 each. Two men can now make as much as four men could earn before the strike and the reason is not far to seek, the men working get their coal taken more rapidly. The company can get fully as large an output as was obtained in ante-strike days with but 75 per cent of the men then employed. Any attempt to wrest that supremacy from us must be met by a steady and complete naval effort on our part. Command of the sea is a necessity for our existence as an Empire. The tendency of late has been to gain complete naval supremacy in the North Sea. That would protect the heart of the Empire, the British Isles, from invasion, but I repeat that."

YARMOUTH YOUTHS IN HIGHWAY ROBBERY

Three Lads Are In Jail Awaiting Hearing Charged With Hold Up—Their Only Booty Was a Jack Knife.

Special to The Standard. Yarmouth, N. S., Aug. 31.—The latest sensation in Yarmouth is a highway robbery on a miniature but well executed scale and three lads named Daniel Connell, better known as "Monty," Joseph Robicheau and William Robicheau are in jail here charged with the offence. The holdup occurred on Wednesday, a short distance this side of Yarmouth, and the victim was a lad named Dennis LeBlanc.

Young LeBlanc, it appears, left his home in the first part of the morning to drive to Yarmouth. His father was to follow in a motor car. When the boy had reached a lonely spot in the road between Yarmouth and the colored settlement nearby, according to his story, the three youths in a motor car came out of the woods and stopping his horse held him up in true western style.

Levelled Revolver. The Robicheau boys, he asserted, levelled loaded revolvers at him while Connell entered the carriage and went through the pockets of the young driver. The latter had no money about him and the only booty secured was a jackknife. Young LeBlanc was then permitted to drive on while the bold highwaymen again entered the woods. A few minutes later he met Rev. Father Deveau and told him the details of the incident.

The boy then proceeded to Yarmouth and when his father arrived told him the story. Captain LeBlanc at once proceeded to interview the stipendiary magistrate and laid an information against the youthful miscreants. Provincial Constable James McMillan was sent out in search of them and found them at a point below Tusket Wedge. He arrested them and brought them to Yarmouth. They threw away their firearms when they saw the officer coming. Where they obtained them is a mystery, but it seems probable that they were stolen. On arrival of the boys at Yarmouth they were lodged in jail where they are now awaiting examination.

SIX ARE MISSING IN NEVADA CLOUDBURST

Reno, Nev., Aug. 31.—The mining camp of Rawhide, 100 miles from here was swept by cloudburst this evening, a wall of water said to have been 12 feet in height, rushing through the streets. Six women and children are reported missing, five hundred persons are homeless and 165 buildings have been destroyed.

Mr. J. R. Stratton as M. P. for West Peterboro to appear within two days and tell Mr. Stratton's lawyer all he has paid for evidence and everything else he may have done contrary to the law.

WOMEN MAKE \$54 WEEKLY AT GLACE BAY

Men Who Have Stuck To Jobs Are Reaping Harvest—Declare That They Would Not Welcome Settlement.

Special to The Standard. Sydney, N. S., Aug. 31.—As an indication of what the men who are now at work in the mines of the Dominion Coal Company think of the strike conditions and their feelings regarding an early settlement of the difficulty the opinion expressed by two miners who were in Sydney today is a practical expression. "Why," they said, "there are our pay cheques for the last fortnight—\$104 each. DEATH OF MRS. CHARLES LOGAN AT AMHERST

Former Sackville Lady Dead At Advanced Age Of 75 Years—Survived By Four Children.

Special to The Standard. Amherst, N. S., Aug. 31.—The death occurred at the home of her son Charles T. Logan this afternoon of Margaret, relict of the late Isaac Logan, Amherst Point, aged 75 years. The deceased had a long and useful life. She was a Miss Cahill of Sackville, N. B., a sister of the late Walter Cahill. Her husband died in 1902. Four children survive her. Mrs. Clarence Pugsley, Barronsfield, Charles T. at home, W. Bliss of the C. P. R. Stores Department, Moncton, and Fred M., manager of the Hygienic Dairy Company, Vancouver, B. C. She was a member of the First Baptist church and before her illness one of its most active and dearly beloved members.

Inquest Held. An inquest was held today on the remains of Mrs. Edwin Mattinson, the unfortunate victim of the accident at Thompson Station and a verdict of accidental death returned. The jury exonerated the I. C. R. from all blame. The funeral took place this afternoon and was largely attended. Much sympathy is expressed for the aged husband and family.

MOUNT PLEASANT MAN FOUND HANGING TO TREE

William Brown While Mentally Unbalanced Takes His Life Near Hartland—Recently Released From Hospital.

Hartland, N. B., Aug. 31.—Yesterday morning William Brown, aged about fifty-five, left his home at Mount Pleasant, about nine miles from here, and did not return. Toward night a search party was sent out and this morning his dead body was found hanging by the neck to a rope over a cliff. The other end of the rope was fastened to a tree. The case was undoubtedly one of suicide, as the man had been mentally unbalanced for some time and was only recently released from the Provincial hospital.

Mexico City, Mex., Aug. 31.—A despatch received here from Monterey says that three hundred bodies were found this morning grouped about an old well near the iron foundry, on the outskirts of the city. They were all taken to the Gonzales hospital for identification. PREPARE FROM INDIA VISITORS TO PROVINCE

Rt. Rev. Francis Linneborn, C. S. C., D.D., is at St. Joseph's—Has Diocese comprising 29,000 Square Miles

St. Joseph, N. B., Aug. 31.—The Right Reverend Francis Linneborn, C. S. C., D. D., Bishop of Daaca, Bengal, arrived here this morning on a visit to the Fathers of Holy Cross at St. Joseph's.

The congregation of Holy Cross was commissioned by Pope Pius the Ninth to the work of evangelizing this great territory. There are 18,000,000 people in what comprises the diocese of Daaca.

All Things to All Men. In his district, which is necessarily very large, the priest is truly "all things to all men" since he is called upon to administer the spiritual wants of his adreedy Christianized people, preach the gospel to the heathens, and in civil matters act as magistrate, judge, alderman, mayor and not infrequently constable.

Bishop Linneborn looks as if many years of usefulness were before him. He is fully six feet tall, well proportioned. Born in the United States of America, he was for many years a professor in the University of Notre Dame. For ten years he was Procurator General of his Congregation at Rome.

MAN SHOT BY ITALIAN SHOWS IMPROVEMENT

Doubtful Yet Whether He Will Recover—Assailant Taken Before Magistrate At Andover And Remanded.

A report received from Plaster Rock last evening was to the effect that James Gorman, who was shot by the Italian at R. H. McDonald's camp on the Tobique Sunday was doing fairly well, and that no complications had so far arisen.

ADVERTISING AS FORCE FOR CANADA'S GOOD

Louisville, Ky., Aug. 31.—At the big convention in its history, the Association of Advertising Clubs of America are in session here. Every important advertising medium is represented, and the men who are taking part in the business of the gathering are recognized as among the leaders in all that pertains to the art of advertising.

REGULATIONS FOR SHIPPERS IN NEW BILLS OF LADING

Circular From Railway Commissioners Gives Details Of Order To Go Into Effect October 1.

The C. P. R. are in receipt of a circular from the Board of Railway Commissioners in regard to the new bills of lading which were approved at the conference held in July.

With these new bills of lading are combined a shipping order and memorandum acknowledgment which will be briefly described as follows: 1. One form for use in connection with what are termed "straight" consignments, consisting of the bill of lading, shipping order and memorandum acknowledgment, all to be printed on white paper.

ASPHALT SIDEWALKS DECONTAMINATED ON DOUGLAS AVENUE

Board of Works Yesterday Instructed Engineer to Call for Tenders to Extend Pavement and Report to Council—Telephone Company Asked to Erect Iron Poles.

At a short session of the Board of Public Works yesterday afternoon, the city engineer was empowered to call for tenders for the construction of asphalt sidewalks on Douglas Avenue.

The tenders for the Spar Cove bridge were accepted. There was considerable discussion with regard to the telephone poles and the city engineer was directed to interview officials of the company and endeavor to have iron poles erected.

The director recommended that the request of the St. John Railway Co. for permission to double track Charlotte street between King and Princess to install a turn-out in front of the Trinity church be granted on condition that the company lay granite paving from curb to curb.

The motion was carried. The facilities for salmon and trout fishing are mentioned, and the names of the rivers are given as the best means of reaching them, and the approximate cost of a trip are given.

The motion was carried. The facilities for salmon and trout fishing are mentioned, and the names of the rivers are given as the best means of reaching them, and the approximate cost of a trip are given.

CONSTRUCTIVE POLICY IS NOW NEEDED

Continued From Page 1. complete naval supremacy on all the seas can alone secure the continuance of the British Empire as a whole.

There is no necessity to aver that Canadians are loyal to the Crown. They have proved their loyalty many times in the past by fighting or preparing to fight on behalf of the British Empire.

There are many differences of opinion as to the best means for welding the different parts of the Imperial defence into one great whole, but the Canadian nation will have no differences of opinion as to the unalterable fact that the British Empire must keep its lines of communication open and its trade routes free from attack.

NEW HUNTING GUIDE ISSUED BY CROWN LANDS DEPARTMENT

Contains Valuable Information To Sportsmen And Tourists—Fishing Also Fully Described—Douglas Clinch The Author.

The new Hunting and Fishing Guide published by the Crown Lands Department of the Province of New Brunswick, is by far one of the best and most comprehensive of the kind that has ever been issued.

The introductory note, Mr. Clinch mentions the fact that the province of New Brunswick contains more big game than the square mile than any other province of the Dominion or state in the American Republic.

EVERY DAY CLUB GARDEN PARTY A GREAT SUCCESS

More Than 500 People On Grounds Last Evening—Attractions Largely Patronized—Bonfire a Big Feature.

More than 500 people enjoyed the many attractions of the Garden party held on the E. D. C. grounds yesterday afternoon and evening under the auspices of the club.

There was certainly much to interest and entertain the visitor. On one side of the midway were arranged two ice cream and refreshment booths, a shooting gallery, a "hit the dolls on the fence" show, and a number of swings, while on the other side were the big supper tent, a dancing booth, a bean-bowling shooting gallery and booths, devoted one to a fish pond and the other to fortune telling.

THE ONION CROP IS A GOLD MINE

The Onion Farmer is a Rich Man, and Goes in for Fast Horses and Motorboats.

By Picking the Right Soil You Can Grow Onions as Luscious as Apples-- A Money Winner.

A MUCK SOIL ONION FARM IN THE NORTHERN BELT, NEAR PAINESVILLE, O.

Painesville, O., Aug. 31.—As soon as a stranger gets off the train here he detects a peculiar odor. Should he travel a few miles north, where Lake Erie breezes are unrestrained, the odor increases and becomes familiar. "Onions!"

On the narrow strip of land between the railroad and the lake beach there are more onions growing than in any other part of the country, and this week the onion harvest, one of the most peculiar of farm operations, is on with a splash.

This year's crop. Government reports show that this summer's crop will be about 4,500,000 bushels, and its value will be not much less than \$3,150,000. It is an average crop.

Onions require a "mucky" soil, or a sandy loam, and the "onion belt" is at its best from Dorado, O., east to Erie, Pa., the strip of lake bordering onion lands varying in width from 5 to 20 miles.

The onion raiser is lulled to sleep by the knowledge of large profits ahead and the familiar odor of his stock in trade.

"I never knew a man who raised onions to be unhealthy," said Wallace L. Baker, the world's biggest onion shipper here.

350 Acres Out. Mr. Baker this season is shipping several cars a day to big hotels and groceries in New York. He has 350 acres out, and they will bring him in at least \$60,000.

"Some people pretend they don't like onions, but you'll find that nine out of ten will eat an onion if they know nobody will smell it," he added.

"Nowadays, by picking the right soil, we can raise white onions that are as luscious as apples. No hot taste at all.

"There's a field of 'em," and he pointed out an expanse of waving onions that would yield, he said, about 400 bushels to the acre.

After the white onions are harvested, the red, or Wethersfield variety, are sent to market. Wagon after wagon comes into Painesville, Orrville, Unionville, Perry and Madison, where the crop is delivered to warehouses.

How They Are Cured. These buildings are to the onion crop what the grain elevator is to the wheat crop. Long rows of poultry netting run horizontally along the building. The onions are laid out on this wire where they retain their shape and are "cured." A blind man can locate one of these warehouses from a three-mile radius.

The onion farmer raises one crop a year and has no cares. His soil is the foundation of his wealth, because onions are successfully raised only on the soils peculiarly adapted for them.

The department of agriculture figures that the "commercial" onion-growing belt" starts in Massachusetts, extends through New York and Ohio into Illinois and Indiana, ending in Wisconsin and including a portion of Michigan.

Fine Residences. Homes of onion farmers in the northern belt look more like suburban residences of well-to-do city men. The onion grower is a peculiar sort of farmer—as peculiar as his crop is.

He has nothing much to do in the winter, so the northern Ohio growers are "going in" for fast horses. Every

home is flanked by a big barn—not for onions—and the streets of small towns are filled with handsome vehicles drawn by thoroughbred stock. When there is racing in the vicinity, towns in the "onion belt" are deserted.

Painesville people are proud of their onion supremacy. One of the most imposing homes in the city has a beautiful flower-bordered approach to the entrance. Geraniums of brilliant scarlet mark the path, and on either side of them are rows of seed onions, placed there both for utility and ornament. The seed will provide the crop of green onions in the spring; in fact, the onion-seed grower is quite as active as the onion raiser hereabouts.

A Winning Fight. With the western farmers it has been a continuous, though winning fight to get money out of the soil.

The onion grower has no such fight. He gets more money out of one acre than a wheat farmer gets out of ten, and has no winter worries.

That is why the region around here is prosperous and contented. The onion men got tired of saloons. They kicked the saloons out. They wanted parks, so they built them. Natural scenery and beautiful rivers abound in the "onion belt," so the onion farmers bought high-powered motorboats to ride in after the day's chores.

ONIONS A "GOLD MINE" BESIDE OTHER CROPS.

Table with 3 columns: Crop, Yield, Value. Rows include Corn, Wheat, Oats, Hay, and Onions.

ARMED AERIAL CRUISERS THE NEW WARSHIP

When the Battleship of the Air is a Reality the Race for Marine Supremacy Will End Say Critics.

Germany Active Perfecting Plans

Berlin, Aug. 31.—The day on which Germany discovers an efficient type of aerial cruiser the naval rivalry between Germany and England will cease.

At the present moment however, neither the Zeppelin, Gross nor Parsival has attained that degree of perfection which will permit of its type being multiplied indefinitely.

Today the chief problem confronting German aerial students is to find a dirigible airship that is able to render effective military service—that is to say, to be able to attack and defend itself against an enemy.

To send a ship into the air unarmed and unprotected with no suitable means of offence or defence is simply to invite the destruction of a valuable national asset.

The Zeppelin, until something better is found to replace her, stands the best model of an aerial warship. It belongs to the nation and is jealously guarded.

Experiments have been made with a view of fitting the newest dirigible with light, quick-firing Krupp guns, but it has hardly been a success.

The additional weight of guns and ammunition, at the moment, can only be compensated for by the lessening of crew or fuel or both, diminishing in either case her usefulness as an engine of war.

The cause of the outbreak is still undiscovered. Citizens are advised to boil all the water used for drinking purposes as a means of prevention.

Mr. Joseph E. Scott of Pittsburgh is visiting his brothers, Mr. N. C. Scott and Mr. Fred Scott. He has been away for a number of years.

Typoid Fever Cases. The Board of Health has received reports of twenty cases of typhoid fever within the last fortnight and it is believed there are other cases which have not been brought to the attention of the authorities.

Ladies' Tennis Tournament Today. A ladies' all-day tournament will be held at the St. John Tennis Club this morning, at 10.30 o'clock.

Miss M. Girvan; Miss J. Trueman and Miss G. Hegon; Miss D. Sears and Miss M. MacLaren. The usual weekly tennis tea will be held in the afternoon at four o'clock.

Miss W. Fairweather, Miss B. Macaulay and Miss E. Macaulay will be the hostesses at the tea hour. Should the weather be unfavorable today the tournament and tea will be held on Thursday.

Travellers' Tales. I have travelled for miles and miles through deep forests, surrounded by bears and wolves, sleeping at night in the open air without tents or blankets, and not a soul within

of the Protestant Church to engage in the systematic work of the Church without pay.

Government reports show that this summer's crop will be about 4,500,000 bushels, and its value will be not much less than \$3,150,000.

WOMAN WINS MUCH GOLD AS ALASKA MINER

Mrs. Laura Hill, One of the First Prospectors in the Icebound Territory--Wrecked and Nearly Starved.

CHASED OVER SNOW BY LUNATIC

Seattle, Wash., Aug. 31.—A frail, soft-spoken little woman, seemingly not strong enough even to face the hardships of a city yet whose indomitable spirit has carried her through dangers in Alaska that would make the strongest man hesitate, and who has faced them alone, too, is Mrs. Laura Hill, owner of the famous Legal Tender claim in the Yukon.

Probably every old time mining man in the Yukon knows or has heard of Mrs. Hill, heard of her struggles, her successes and her failures, and has been willing and anxious to render her any assistance possible, although she has never asked it.

Better Adapted. "Some women have proved themselves better adapted in many ways for life in Alaska than men," said Mrs. Hill. "Many women have accumulated honest fortunes and the world has applauded them for it.

Others, who went in with the first great rush for gold, suffered many inconveniences and hardships, but brought out fortunes that the world has never heard of, for these women are not boasters.

"I will always be proud of the fact that I travelled over the Chilcotin pass and floated down the Yukon River long before the men were even thought of."

Dye and Nomes and, until 1903, won and lost several fortunes in placer mining. Since 1903, however, I have turned my attention to quartz mining.

Many Adventures. "Adventures? Yes, I guess I have had lots of adventures and narrow escapes. Anybody who has prospecting for years over mountains and glaciers, in canyons and by rivers in Alaska must meet with some adventures. For instance, my boat was wrecked on the Yukon once and we lost all our food but some flour and were obliged to live almost a week on bread made of flour and water and baked on a rock.

Once I was chased out of my tent by a crazy man and had to run a quarter of a mile barefooted through snow and over the ice to the nearest cabin. I broke through the ice once on that trip and was taken from the water more dead than alive.

Travelled Many Miles. "I have travelled for miles and miles through deep forests, surrounded by bears and wolves, sleeping at night in the open air without tents or blankets, and not a soul within

of the Protestant Church to engage in the systematic work of the Church without pay.

Government reports show that this summer's crop will be about 4,500,000 bushels, and its value will be not much less than \$3,150,000.

Onions require a "mucky" soil, or a sandy loam, and the "onion belt" is at its best from Dorado, O., east to Erie, Pa.

The onion raiser is lulled to sleep by the knowledge of large profits ahead and the familiar odor of his stock in trade.

REVISING THE BIBLE FOR THE SPANIARDS

Committee of Five Scholars Now at Work in New York Under Auspices of American Society.

A committee of five scholars working under the auspices of the American Bible Society have completed a revision of St. Matthew in Spanish and hope ultimately to revise the whole Scriptures in Spanish says the Churchman.

Head of the committee is the Rev. Dr. Henry C. Thompson, for 20 years missionary in Mexico, editor of a religious weekly published in Spanish, pastor of a Presbyterian Spanish church and a graduate of Princeton.

The other members are the Rev. Dr. Charles W. Drees, the first Methodist to be sent to Puerto Rico, after it became a part of the United States; one of the founders of the Methodist mission in Argentina; the Rev. John Howland, son of a missionary and born in Ceylon, but for nearly thirty years an American board missionary in Mexico; the Rev. V. D. Baed, a Methodist presiding elder in Mexico, and the Rev. Francisco Diaz, a native of Madrid, Spain, for nineteen years pastor of a Presbyterian church in Santiago, Chile.

The first Spanish Bible was Valera's translation, published in 1599; about a century ago the Vulgate was translated for Roman Catholic use by Padre Scio, but neither of these is satisfactory. The purpose of the revisers has been to put the Bible into thoroughly idiomatic Spanish. Closer commercial relations with South America, especially since Secretary Root's visit, are said to have greatly stimulated the demand for a translation of the Bible under other than Roman auspices, and it is thought that when the four gospels can be published together the circulation will be large.

But before any printing is done the work of the committee is to be submitted by state to scholars in Spain, the West Indies and South America and their suggestions carefully weighed by the committee. The result should be a marked improvement on any version yet available and a great aid to Christian work in all Spanish-speaking countries.

Urged by Vancouver retailers, it is understood the attorney general will shortly take proceedings against the wholesalers of British Columbia, under the law prohibiting conspiracies for the restraint of trade.

NEW ODYSSEY TO BE A BOOK BEAUTIFUL
 Oxford University Press Getting Out An Edition With Types Cut by the Late Robt. Proctor.

London, Aug. 31.—The making of beautiful books is an art which has fallen somewhat out of fashion since the death of William Morris. The hand printed edition of the *Odyssey* which will be issued by the Oxford University Press, promises however, to be an interesting experiment in beautiful printing. It is being printed from types cut by the late Robert Proctor, one of the Morris trustees, who disappeared so tragically in the Alps. Proctor copied his letters—the lower case letters for those were no capitals to copy—from the type of the Complutensian Polyglot edition of the New Testament, printed in Alcalá in the early part of the sixteenth century, and the designs for these were in their turn probably taken from a tenth century Greek manuscript. Mr. Cockerill and Mr. Emery Walker, to whom Mr. Proctor bequeathed his types, have lent them to the Oxford University Press, and the Morris trustees have allowed moulds made for Morris to be used for the paper.

J. B. Russell, J.P., secretary-treasurer of the Rama, Sask., school district, has been missing some little time, and his accounts show a shortage of \$800. He came from Winnipeg about a year ago.

PRECAUTIONS THAT WILL BAR TUBERCULOSIS

Measures Can Be Adopted to Prevent Infection, Declares Dr. C. Theodore Williams, the King's Physician.

WILSON TOXI CERUM; ANALYSIS OF INJECTION

London, Aug. 31.—Dr. C. Theodore Williams, consulting physician to the King Edward VII Sanatorium, Midhurst, and the Hospital for Consumption, Brompton, gave an interesting and instructive lecture on "The Infection of Consumption," reported in this week's *British Journal*, said: "There are few subjects more difficult to deal with than that of the contagion of consumption, and yet there are perhaps none which call for more judicious and temperate handling. It is our duty to do what we can to protect the relations, friends and attendants of the consumptive from danger, but at the same time we must not unnecessarily vex and harass him by entering into long and fruitless communication with his fellow-beings and reducing him to the miserable condition of the leper of old."

Without Usual Symptoms.
 "There are many young men and young women in incipient stages of the disease who suffer but little from cough and have no expectation. These carry out their occupations efficiently and at the same time, especially if they have been inmates of a hospital or sanatorium for some months, live a hygienic life in their own homes and gradually advancing to the condition of arrest. They often have been discharged from a sanatorium as fit for work and are probably now in the enjoyment of life if they could carry infection, have been so carefully trained that danger is practically eliminated. If however, alarm is raised in the office or institution where they are employed, it might result in loss of occupation to these capable and active workers and their transference to the ranks of the unemployed, which would mean starvation to them. This is a very cruel proceeding, if unnecessary."

An Analysis.
 "I would shortly quote Wilson Fox's concise analysis of the evidence on this point and some of his sensible remarks: "A. One phthisical man married seven times, most of his wives becoming phthisical—thirteen cases. "B. Consumptive man, who died, transmitted to wife, widow infected second husband—three cases. "C. Man infected wife and died. Widow re-married and also died of phthisis, as did her second husband after he had re-married. His widow lived and also married again and her next husband died of phthisis. "D. Woman married in succession two phthisical husbands and became phthisical after the death of the last—two cases."

DISS DE BAR IN STATEMENT TELLS OF A STORMY HISTORY

A Spotless 2-6er Life; Let the Police Come On—Her Prison Days a Memory of Persecution.

New York, Aug. 31.—"I am not under the espionage of the constabulary of New York but under the gracious favor of His Grace, Archbishop John M. Farley."
 Diss De Bar, swathed in purple and with the ring of Mme. Blavatsky on her finger, sat on the throne of purple white in the audience room of the Mahatma Institute yesterday afternoon and voiced this statement among many others. There was not a detective in the room, and the seeress, who is rated with her David as a 2-6 of the Brotherhood of the Third Degree, Order of the Mahatmas trembled with a sort of sublimated exasperation as she dared Barney McConville of the Headquarters staff to come and get her.

In Throne Chair.
 In her throne chair, which was all hidden by white draperies and flanked on one side by a telephone and a globe with one goldfish in it, sat Anne O'Delia Diss De Bar. A white and lilac colored robe enveloped her ample figure; a sort of toque of white velvet was gathered over her breast like a French bonnet's cap. On her breast three medallions dangled from part-colored ribbons and on the index finger of her right hand was a huge ring, fashioned in a swelling boss of silver with a dark colored stone set at the apex. Her face was stamped with sublime confidence.

At a few minutes past 4 o'clock after 2-6 David had come in from the front door to report that there did not seem to be any more devotees in sight, Diss De Bar took a sidelong glance at Mrs. French and spoke:
 "What She Said."
 "Dearly beloved, I need no introduction. The gentlemen of the press sit before me and they have given you an introduction to me already. Perhaps they themselves did not know that I am Diss De Bar until yesterday I admitted it. I and the Mahatma Institute are here on trial, on trial, yes; but because I desire that it should be so. I come here actuated by no malice or spite for a true Mahatma knows not the meaning of these words, but only in the interests of the divine truth, which irradiates from the throne of Reason herself like—"
 Just then a flashlight went off in the rear of the room with the suddenness of an earthquake. A large woman with a large puff of auburn hair screamed and rose to her feet. Diss

C.P.R. WILL NOT NEW MINISTER INVADERS OF GREECE HAS ISSUED PARDON SAYS McNICOL

The President of the Canadian Pacific in Statement Declares Company Will Not Construct Puget Sound Line.

POLICY IS TO DEVELOP CANADA

Seattle, Wn., Aug. 30.—D. McNicol, vice-president of the Canadian Pacific Railway, made the statement here that his company had no intention of building a line to Puget Sound as long as the present tariff agreement with the Northern Pacific proves profitable. Mr. McNicol said the policy of his road to develop Canadian territory, and it is not their policy to invade the United States. He said that while the Canadian Pacific Railway secures entrance to Chicago over the Wisconsin Central, the latter is an independent road. He also said he knew nothing of that mysterious north coast railroad, now being built west from Spokane and that as far as he knew it had no connection with his company.

"E. Wife, consumptive, died, having infected her husband, who later infected a second wife—ten cases. "F. Consumptive wife before dying infected her husband, who later afterwards infected a second husband—one case. "G. Woman died of consumption. The widower, not stated to be phthisical, married subsequently three other wives—total, four wives, of whom the first, second and third died of phthisis, but the fourth wife and apparently the husband, remained free from the disease."

In Marriage.
 "In one out of three cases where consumptives married three wives, one wife survived, and out of nine cases where consumptive husbands married twice, the last wife survived in the instances, giving a total of thirteen husbands to thirty-one wives, of whom twenty-seven died and four lived in apparently good health. It would appear that the infecting husband was often in an early stage, and some survived their wives by many years. "Concerning the sources of infection, ingestion of tuberculous material by the inhaled air is the commonest, inhalation by the air passages comparatively rare, except that which occurs in the upper air passages, affecting the lungs through the lymphatics. Infection through wounds of the skin and mucous membrane is not common, but occurs among those who handle sputum and other tuberculous material where proper precautions are omitted. "Finally, all infection from consumptive patients can be avoided if the well recognized precautionary measures are adopted and carried out thoroughly."

though I could not see beyond the corner of my cell, he investigated and he came back to me trembling. "Yes, and by God, the door is open too," said he, though I had not moved my hands and I was under lock and key. "That shows you something, I guess. She said that she belonged to the Catholic order of the Dominicans and that the purple and white robe she wore was the robe of the order. "Who questioned on this point later she said that Archbishop Farley knew that she belonged to the feminine branch of the Dominican order. There was nothing antagonistic between her work as a Mahatma and her membership in the Roman Catholic order, she added.

The seeress in the white and purple robe graciously threw the meeting open to general quizzing after that, if such was the will of the men in the mourners' row.
 The Author.
 Who established the Order of the Mahatmas? Ah, that was one of the few secrets that neither Diss De Bar nor any other member could reveal. "After that," she said, "I came and Mrs. French were all 2-6ers and that was as high as they could get. One didn't have to go to India to attain the rank of a 2-6er; it came naturally to any novice sufficiently advanced in occultism. As to Mme. Blavatsky, Diss De Bar didn't mind admitting that she was the reincarnation of the daughter of Lola Montez and King Louis I. of Bavaria she denied emphatically that such had been the case. All newspaper talk, she said.

After that the seeress contemplated the goldfish for a brief space and said she thought she would go for a ride in the park.
 COLLINA.
 Collina, Aug. 30.—The rain has interfered considerably with the haying during the past week. A few from here attended the Temperance picnic at Lower Millstream yesterday.

The "Innocent" intend to hold a series of campmeetings here in the near future.
 Miss Pansy Chamberlain left yesterday for her home at Codys.
 Mr. Samuel Gamblin is working for Mr. Musgrove at Lower Millstream.
 The Orangemen will hold a meeting here Monday night, Sept. 6. The Royal Arch degree will be worked.
 Mr. Robert Sprague of Sussex is spending his vacation here.
 Mr. Grant Murry of Bellisle visited Mr. and Mrs. C. Chamberlain Tuesday of this week.
 Frank X. Reifinger, who was supposed to have been a victim of Mrs. Belle Gunness, in Laporte, Ind., is alive and well on a farm near Freeport, Nebraska, according to a letter received from him yesterday.
 John P. Sullivan of Kingston, was working near Sault Ste. Marie. A twig struck him in the left eye and he had to have the eye removed.

Amnesty Granted by Government to Mutinous Troops—King Blamed for Disorders—The Cretan Fiasco.

SOLDIERS STOP MUTINY FOR THE TIME BEING

Athens, Aug. 31.—The new Government has advised the King to grant amnesty to the mutinous troops and a decree to that effect was issued this morning.
 Col. Zorbas, the leader of the movement, then addressed the mutineers, saying the nation approved their attitude, but in view of his Majesty's gracious act they must resume discipline. The insurgents thereupon returned quietly to their barracks.
 No disturbance of order occurred throughout the incident. Five hundred and forty-eight officers and about 3,000 soldiers were concerned.
 Issued Statement.
 The new Premier has issued a statement briefly recounting the affair and declaring that the Cabinet will "continue to observe the correct, loyal and deferent attitude to the advice of the Powers which Greece has already adopted."

The statement adds that the Government will submit proposals for administrative and economic reforms to the Chamber and concludes by stating that public feeling, which for the moment was deeply stirred, is now quite reassured.
 The agitation, however, is only scotched, not killed, and although quiet may not be disturbed again immediately, it is generally expected that trouble will be revived when Parliament meets about two weeks hence.

Among the causes of the agitation are dissatisfaction with the handling of the Cretan question and the desire for the reorganization of the army and navy. The failure of the Greek policy in Crete is attributed by the officers of the Athens garrison largely to lack of energy on the part of the King. Some, indeed, want the King to abdicate, while the removal of the Crown Prince from the command-in-chief of the army is generally demanded, as well as the limitation to military officers of high rank. The recent rumor that the King intends to abdicate is revived, but there is nothing to confirm it.

Fall Gaiters

in colors, TAN, BROWN, LIGHT GRAY, DARK GRAY, ALICE BLUE and NAVY BLUE

75c. a pair

Black Gaiters

in 6, 7, 9, 10 and 12 Button Heights at
35c. 60c. 90c.
60c. 75c. \$1.00

Our Gaiters are made by experts, are cut from special patterns, have special reinforcements where the strain is greatest.
SPECIAL \$1.00 Black Gaiters are made of special quality cloth and are bound with leather.

FARM LABORERS EXCURSION
 Sept. 8 **CANADIAN PACIFIC** Sept. 8
SECOND EXCURSION
 FROM MARITIME PROVINCES

Going Rate: **\$12.00** FROM **ST. JOHN** Returning Rate: **\$18.00**

Second-Class One Way Tickets Will Be Issued to Winnipeg on date and at rate shown above. Prior to Sept. 30, Passengers will be forwarded free from Winnipeg to any station to and including Moose Jaw, West of Moose Jaw to Calgary, McLeod and Edmonton. Tickets will be issued FREE to Moose Jaw and at rate of One Cent a Mile beyond.
 From Stations West of Moose Jaw, Tickets will be issued to original starting point on payment of One Cent per Mile to Moose Jaw plus Farm Laborers rate from such point to Eastern destination. Verification Certificate being surrendered before November 30 will entitle holder to Ticket back to starting point from Moose Jaw or any Station East thereof at return rate shown above.

THOUSANDS MORE FARM LABORERS REQUIRED.
 For further particulars apply to nearest Ticket Agent, or write W. B. HOWARD, D. P. A., C. P. R., ST. JOHN, N. B.

Store open till 9 p. m. Wednesday, Sept. 1, 1909

PRICES AS LOW AS EVER

Now that prices are being raised on all lines of leather and rubber goods, it is quite a clam to make that for the present we will not increase a single line. Just how long this will continue we are unable to say but for the present our prices will undergo no change. Fall goods are arriving and are opening up very satisfactory. See our new lines of the **GOLD BOND SHOE.**

PERCY J. STEEL, Foot Furnisher,
 519-521 Main Street.

Baron Alcyon Wins American Derby In Spectacular Race

Readville, Mass., Aug. 31.—With 15,000 enthusiasts yelling themselves hoarse, the Syracuse, N.Y., stallion, Baron Alcyon, today won the second renewal of the American Trotting Derby at the Readville race track...

There was a long delay at the post, which might have been expected from the large field of horses, thirty-eight electing to take a chance in capturing the rich prize...

At this point the half-mile mark of the race was reached. The favorite, Earl Jr., was leading by a length over Axtator, Remorseful fifth, and then the favorite, Baron Alcyon, just in advance of a group of horses that packed the track full...

The three class races on the card served to keep the large crowd entertained till the Derby, Alcee Roosevelt lost her second heat through making a break in the first turn, and in the final heat barely defeated Fair Margaret...

Tom Sharkey wore a cynical smile as Jeannette stopped Ferguson. "The heavies of the present time," said the sailor, "are a lot of old ladies. It's a joke to call them fighters. Ten years ago I could have licked either of these guys in a punch, and as for Johnnie he would have been pie for me."

John Kling saved \$20,000 from his salary and invested it in Kansas City real estate. He coached the pool and billiard hall. The realty sold for \$80,000 and the pool room, with Kling as an added attraction, profits him \$4,000 a year in Brooklyn...

THE TURF, THE RING, TENNIS

Swarmed into Track. With the passing of the final hour the crowd swarmed into the track and gave Baron Alcyon and his driver a great ovation. The horses were driven to the post by three lengths from Axtator...

The win of the son of Baron II and Brownie was not unexpected, as the strength of a trial, after having arrived at Readville in 2:10 1/2, and being on the limit, he was the favorite with the speculators. However, so large was the field and so numerous the chances of accident, that the odds of 5 to 1 to win was always available against him...

The crowd entertained. The three class races on the card served to keep the large crowd entertained till the Derby, Alcee Roosevelt lost her second heat through making a break in the first turn, and in the final heat barely defeated Fair Margaret...

THE WEATHER.

Maritime—Strong breezes to moderate gales, southeasterly shifting to westerly becoming showery.

Toronto, Aug. 31.—Fine warm weather prevailed today in Alberta and western Saskatchewan, while in other parts of the prairie provinces it has been cold. A developing disturbance which is passing over Ontario this evening is accompanied by showers and thunderstorms together with a moderate local gale.

New England Forecast.

Washington, D. C., Aug. 31.—Forecast for New England: Showers Wednesday; cooler in west portion; Thursday, fair and cooler; brisk southeast, shifting to northwesterly winds.

Matron Appointed.

Miss Minnie C. Henry has been appointed matron of the King's Daughters' Guild on Chipman Hill, and will enter upon her new duties today.

Engine Broke Down.

The Boston train was delayed for more than an hour last evening on account of an engine breaking down on the St. Andrews branch of the C. P. R.

Signalling School Next Month.

Capt. T. E. Powers has received word that the signalling school will open in St. John on October 18. The school will be in charge of Capt. J. McMillan, D.S.O., D.A.A.G., R.C.D., who will be assisted by Quartermaster Sergeant Webb and Sergt. A. Leavitt.

Visitors Entertained.

Mr. Fred R. Taylor gave a dinner last evening at the golf house in honor of the Misses Rose, of Geneva, N. Y., who are the guests of Mrs. H. B. Robinson. Among those present were Mr. and Mrs. H. B. Robinson, the Misses Rose, Miss Eva MacLaren, Mr. Heber Vroom, and Mr. G. F. Worsley.

Visitors at the Golf Links.

The following visitors were registered at the club recently: Mr. E. F. Jones, Vancouver; Mr. O. Waters, Toronto; Mr. L. Pearson, London; Mr. Phillip Gregory, Mr. Guy FitzRandolph and Mr. A. H. FitzRandolph, of Fredericton, and Miss Gillean Reid, London.

An Epworth League Visit.

About forty members of the Epworth League of the Methodist church went out to Renforth yesterday afternoon and visited the home of Mr. Geo. Breen, one of the members. A pleasant time was spent after which the party returned to the city, arriving about 9.30 p. m.

An Old Customs Official.

Word has been received that Mr. Robt. A. Anglin, aged 70 years, a cousin of Dr. J. V. Anglin, of the Provincial Hospital, died last Saturday in Kingston, after a brief illness. Mr. Anglin spent thirty-seven years in the customs service and was superannuated three months ago. He was a well known Methodist worker.

Window Breaking.

Andrew McGhee, aged 52, was arrested between two and three o'clock yesterday afternoon by Sergt. Caples on the charge of drunkenness in St. Patrick street and also with breaking James Cooper's windows. McGhee is said to be a brother of Bogus McGhee, and has been away from St. John for some time.

Speeches and Programme.

Court North End, Canadian Order of Foresters, held a meeting last evening in Temple of Honor Hall. Representatives were present from Courts St. John, Union Jack, Yukon, and His Watha. After the regular business had been disposed of, speeches were delivered by Mr. D. R. Kennedy, Mr. M. E. Akeley, Mr. R. B. Stackhouse and others and an impromptu programme was carried out.

Found the Fishing Good.

Capt. and Mrs. Forbes White, Miss Marjory Barnaby, Miss Francis Hazen, Mr. W. H. Barnaby, Mr. J. C. Belyea, and Mr. H. O. Barnaby, the remainder of a party who have been camping on the south branch of the Oromocto, have returned to the city. They report the fishing to be particularly good for this time of the year. More than one hundred and thirty were caught by the party.

The Golf Championship.

The second round of the men's golf championship of the local club, is being played this week on the links. The results so far are as follows: Mr. Paul Longley defeated Mr. Robt. R. Ritchie; Mr. F. W. Frazer defeated Mr. J. G. Harrison, and Mr. D. W. Newcombe defeated Mr. J. L. McAvity. The matches yet to be played are, Mr. Andrew Jack vs. Mr. H. C. Currie, and Mr. D. W. Newcombe vs. Dr. Jas. Magee.

A Dance and Presentation.

Last evening about 100 young people assembled in Orange Hall, North End, for the purpose of bidding farewell to Miss Thelma Daley, who will leave today for Boston, where she will reside. Dancing was enjoyed and a short programme was carried out. During the evening Mr. Arthur Cosgrove, on behalf of those present, presented to Miss Daley a handsome token of their regard in the shape of a travelling companion. Miss Daley will carry with her the best wishes of her many friends to her new home.

Patrol Festival Service.

At last evening's service in the Mission church in connection with the patrol festival, Rev. E. B. Hooper, rector of St. Paul's Episcopal church, was the preacher. He drew lessons from the account of John the Baptist, while in prison, sending for his disciples to ask our Lord whether He were the Christ or not and from the Lord's answer, bidding the messengers to return and tell of things which he had done. Rev. Father Conyers conducted the service.

The McDougall Case Today.

Definite announcement as to the course the prosecution will pursue when the preliminary examination of C. Bruce McDougall is resumed in the police court this morning could not be made last evening, but it seems probable that more than two or three witnesses will be called. George Miris, the Greek, who sold the paper, will be brought in from jail to hear his evidence, previously given, read over. Dr. A. W. MacRae will likely conduct the prosecution today. The report that the woman who signed the heretical "Molly Holly" would give evidence seems to be unfounded. The hearing will be finished without much further delay as the defence have intimated that they will call no witnesses.

WHOLESALE EXCHANGES MADE IN POLICE FORCE YESTERDAY

Eight Men Of Northern Division Transferred And Vice Versa—In Best Interests Of Department, Says Chief Clark—Move May Not Be Permanent—Names Of Those Affected—The Day And Night Beats They Will Patrol.

When the policemen go on duty today there will be eight new faces among the force on the southern division, the men re-placed having been transferred to the North end. The wholesale exchange of bluecoats from the North end is a move which has been under contemplation for some time, but the matter came to head quite suddenly yesterday. The need for change was deemed so pressing that the patrol sheet was changed in the middle of the week instead of on Saturday evening as is usually the case.

The Men Affected. The men affected from the North end are: George Henry, John Merriam, George Nelson, James Covay, Silas Perry, C. H. Rankin, T. T. McFarlane and James Semple. Of these Nelson and McFarlane are comparatively recent additions to the North end force but the others have been in the force for years. Police men Corbett and Hamm are left of the original patrol force in the North end. Sergt. Kilpatrick and Acting Sergeants Smith and Finley are still in charge.

The men who have been sent over from the city include the following: W. S. Belyea, Ira D. Perry, J. F. McNamee, Alexander Crawford, Jas. H. Ross, C. W. Hughes and George Totten. The announcement of the change has caused great excitement among the men, though all are inclined to accept the move without protest. Chief

Clark gives as his reason for making the change that it will be in the best interests of the force. When the change was talked of on previous occasions it was stated that it was being made to effect an improvement in the dress and general appearance of the men of the northern division. Chief Clark said last evening that he did not wish it to be understood that the change was permanent.

The New Beats. The new men will be on duty at the following beats today: North End Division. Day Patrol. Lansdowne No. 2—W. S. Belyea. Dufferin—I. D. Perry. Victoria—James F. McNamee. Night Patrol. Lansdowne No. 1—Alex. Crawford. Lansdowne No. 2—Jas. H. Ross. George Totten. Dufferin—C. W. Hughes. Victoria—C. W. Hughes. Southern Division. Day Patrol. York Point—George Henry. King Square—John Merriam. Brussels street—George Nelson. Night Patrol. York Point—James Conroy-Silas Perry.

POTATO WAREHOUSE GRANTED RENT FREE TO GOVERNMENT

Harbor Board Gives D. A. R. Extension But Must Be Made Frost Proof—Report On Mud Dredging.

At a meeting of the Harbor Board yesterday afternoon it was decided to grant the provincial government the use of the extension of the D. A. R. warehouse for the Cuban trade. No rent will be charged and it will devolve on the government to repair the building and make it frost proof. There was a lengthy discussion over the matter of driving new piles at No. 1 berth on the West Side and the matter was finally referred to a special meeting of the board. The application of the C. P. R. and Allan line for the steamship berths was granted with the same location as last year. The recommendation of the City engineer to drive the piling on the outside of the No. 1 crib was read. The engineer reported that the last interfered with the driving of the piles on the inside. After the aldermen had expressed their views at some length it was decided to let the matter lie over until a special meeting.

Tenders were opened for the roofing of the D. A. R. warehouse. Magee & Co. submitted the lowest tender, which was accepted. The figure was \$722. The recommendation that the city waive the wharfage charges against Mr. Francis Kerr on condition that he cancel his claim against the city was adopted.

Scows Dumping Mud. Mr. E. E. DeMille submitted a report from an inspection of the work of the dredging scows. His report showed that several scows had been dumping mud near the breakwater which tended to fill up the channel. The report was forwarded to Mr. J. K. Scammell, Engineer of the Dominion Public Works department.

The City engineer reported against leasing Quinn's wharf on the ground that repairs were much needed and advantage when the repair work was completed. His recommendation that the lease be not granted was passed. He estimated the repairs to cost about \$2,000. The question of leasing the frost proof apple warehouse to the provincial government was considered. A motion was made that a rental of \$1,500 be asked for the building.

After some discussion in which it was pointed out that the trade with Havana needed developing, the motion was withdrawn and it was decided to give the provincial government the use of the D. A. R. extension warehouse, to the south of the other, rent free until May 1. It will be necessary for the government to have the warehouse sheathed and put in proper shape for the storage of apples. The needed repairs will cost in the vicinity of \$500. The city will collect top wharfage rates as usual. The rate on the apples will probably not be more than one or two cents a barrel. A meeting of the Harbor Board will be held this morning at 11 o'clock, when Hon. Wm. Pugsley will discuss with the board, matters in connection with the transfer of the West Side lots to the C. P. R.

Decision Deferred. The taxation of the costs of the arbitration in the matter of the International Railway Company and the New Brunswick Land Company by Judge Carleton, which was to have been awarded yesterday has been postponed until next week.

Mrs. A. Paterson and Mr. and Mrs. F. H. Bailey left yesterday on a visit to Boston and New York. They crossed the bay in the Prince Rupert sailing via Digby and Yarmouth to Boston and by Fall River Line to New York. They will be gone about two weeks.

MOTHER FINDS HER BABY DROWNED IN BUCKET OF WATER

Year Old Boy of Mrs. Hattie Dalling of Gardiner's Creek, Left Alone, Fell in Head-foremost.

News of a sad fatality at Gardiner's Creek, near Black River, was received in the city yesterday. On Saturday afternoon the fourteen month child of Mrs. Hattie Dalling, of St. Martins, fell head foremost into a bucket of water in the yard of her father's home, and was drowned. The tragic occurrence cast a gloom over the community and much sympathy is expressed for the bereaved parents. Mrs. Dalling was visiting at the home of her father, Mr. James Dally and had been working in the yard of the house during the afternoon. She left her own little boy in the yard with two other children and went into the house for a few minutes. When she returned the other children had gone away and to her horror she espied her own child submerged in a large pail of water. Life was extinct when the little one was taken into the house and the whole household was plunged in grief. The funeral took place at Gardiner's Creek.

HARVARD CANADIAN CLUB'S PRESIDENT WAS VISITOR HERE

H. E. Bigelow Has Been Spending Vacation At Spencer's Island—Former College Men Building Club House.

Among the passengers by the Boston boat last evening was H. E. Bigelow, M.A., president of the Canadian Club of Harvard University. This club has a resident membership approaching fifty, all students or teachers at Harvard. It is establishing its own clubhouse and is trying to interest old Harvard men from Canada in the enterprise. A great many lawyers and doctors are included among New Brunswick men. Mr. Bigelow, who has been honored with the presidency, is a Mt. Allison graduate in arts. After taking his degree at Harvard, it is establishing its own clubhouse and is trying to interest old Harvard men from Canada in the enterprise. A great many lawyers and doctors are included among New Brunswick men. Mr. Bigelow, who has been honored with the presidency, is a Mt. Allison graduate in arts. After taking his degree at Harvard, he taught for a year and went to Harvard, taking there his B.A. and M.A. degrees. He is now pursuing post graduate research work, and conducting some interesting investigations in organic chemistry. At the same time he is teaching chemistry classes. Mr. Bigelow is returning to Cambridge from a short visit to his home at Spencer's Island.

Early Wedding This Morning. At 6 o'clock this morning in Holy Trinity Church, Rev. J. J. Walsh will unite in matrimony Mr. Robert Evans of Milford and Miss Alice Saunders. The bride will wear a gown of white net over white silk with hat to match, and will carry a bouquet of white carnations. Miss Elsie Saunders, sister of the bride, will act as bridesmaid. She will wear a gown of white cashmere and will carry a bouquet of pink and white carnations. The groom will be unattended. The young couple will leave on the Governor Cobb for a trip to Boston and Connecticut, and on their return will reside at Milford. Many friends and acquaintances have been received, including a handsome sideboard from T. McAvity & Sons, where the bride's father is employed.

Mr. C. F. Inches returned to the city yesterday from a business trip to Maine.

The New Suits

are distinctly "classy" in their style and finish. The collars, lapels, trimmings and EVERY detail show the result of the unusual care exercised by the makers. For the 20th Century tailors heed something more than general effect—they aim to make their suits the most perfect in ALL ways. You'll like the new models. You'll admire the fabrics, the cut, the finish, the fit. And the \$16 to \$26 prices are eminently pleasing to the man who likes to get the worth of his money. Other new goods suits, especially made for Gilmour's, at \$10 to \$20. Fall Overcoats also.
