An All-Aronad-the-World Year.

This world-renoused magrzine "for young people and their elders" is to have a great program for the new volume begianing with November 1888. The editor, Mrs. Mary Mapes Dodge, calls it "an all-around-the-world year." Of course the bulk of the contents, as heretofore, will relate to American subjects; but young America is always glad to learn what goes on in the world cutside, and these stories and descriptive papers are not of the dry geographical order, and they will le strikingly illustrated. We have spece here for only a few prominent amouncements.

"Little Saint Elizabet'," by Mrs. Burnett, author of "Little Lord rauntleroy"; "The Routine of the Republic, how the Government is carried on"; "College Athletics"; "Anteur Photography"; "Boys and the National Guard"; "The Girls Crusade"; Indian Stories, School Stories, etc. "The Bells of St. Anne," a serial abour Canado. Constipation

Demands prompt treatment. The results of neglect may be serious. Avoid all harsh and drastic purgatives, the tendency of which is to weaken the bowels. The best remedy is Ayer's Pills. Being purely vegetable, their action is prompt and their effect always beneficial. They are an admirable Liver and After-dinner pill, and everywhere endorsed by the profession.

"Aver's Pills are highly and university." "Ayer's Pills are highly and universally spoken of by the people about here. I make daily use of them in my practice."—Dr. I. E. Fowler, Bridgeport, Conn.

"I can recommend Ayer's Pills above all others, having long proved their value as a cathartic for myself and family."—J. T. Hess, Leithsville, Pa. "For several years Ayer's Pills have been used in my family. We find them
