

We are not going away from town.

The undersigned has given up the notion of leaving town and going West, so you will find him doing business at the old stand, when you wish to see him. More modern ideas will be introduced into the business this year, but the old policy of "square dealing" will be strictly adhered to. Our prices have proved trade winners and if you do not buy your Dry Goods and Clothing here you are losing money. Now that's right.

New Goods Placed in Stock Last Week as Follows:

Cotton Batting	Corset Covers	Men's Overalls
3 ply Homespun Yarn	White Night Dresses	Homespun Pants
Patch Cotton	Shirt Waists	Boys Sweaters
Shaker Flannels	Black Underskirts	Men's Short Pants
Apron Gingham	New Top Skirts	Floor Oilcloths
White Cotton	Princess Yarn	Wash Baby Ribbons
1000 yard Spools	Black Beehive Yarn	Taffeta Ribbons
Hose Supporters	White Wadding	Gold and Silver Beads
Linen Spools	Victoria Lawns	New Elastics
5c Chiffon Forms	Fancy Denims	Back Combs
New Belt Forms	New Towelings	Side Combs
New Spool Silks	Table Linens	Cuff and Collar Buttons
Silcotons	Shirt Waist Linens	Light and Dark Prints
Men's Linen Collars	Embroidery Linens	New Wrapperettes
Short Needles	Brown Holland	Ladies' Belts
	Barrettes	Smallwares, Etc.

Movement Now Under Way to Make Newcastle I. C. R. Divisional Point.

BOARD OF TRADE OF THIS BURG NOW ACTIVE

Strenuous Effort Will be Made to
Have the Short Run Estab-
lished

MR. MILLER'S ARGUMENTS.

Convinces Members of Board
That Time is Ripe for
Action.

A special meeting of the Board of Trade was held in the Town Clerk's office Friday evening.

President Hennessy explained the object of the meeting and asked any person who had anything to offer to present it to the committee to be further pressed. Mr. Hennessy said that as one of the main objects of the Board of Trade was to secure the best possible conditions for the business of the town, he had secured them that this would be done as soon as the spring was it was possible to commence work.

Mr. T. W. Crocker suggested that the "M-sing Look" matter be referred back to the committee to be further pressed. Mr. Hennessy said he understood that an effort was being made to have the boat run daily to Redbank during the season. It was suggested that this boat carry the mail from Chatham and Newcastle to up river point.

Mr. Russell explained that if the Government would grant a daily mail the boat could perform the service. He also stated that the present contractor would be engaged to transfer the contract in order to facilitate matters.

Mr. T. W. Miller introduced the matter of making Newcastle a divisional point. He made a very forcible and convincing speech.

Mr. Miller said that he had spoken to Mr. Logan previous to his going to Ottawa on the question of making Newcastle a divisional point and since Mr. Logan had gone to Ottawa he had been doing every thing possible in pressing his claim before the Department and wrote a few days ago a very encouraging letter and urged the necessity of the Board of Trade acting in the matter as soon as possible.

Mr. Miller went on to give reasons why he thought Newcastle ought to be made a divisional point, he said the run from Moncton to Campbellton vice versa was the longest on the whole I. C. R. and he thought on any road on the continent. He also said the run from Moncton to Campbellton was 86 miles, Moncton to S. J. 89 miles, Campbellton to S. J. 105 miles, S. J. to River D. 84 miles, as compared to 185 between Moncton and Campbellton and said surely if it was necessary and in the interests of the I. C. R. to cut trains at such short distances to the south and north of it must be necessary between Moncton and Campbellton. "I have been told by parties that this matter was brought up before," said Mr. Miller, "but without success. Let me tell you there is no comparison between when the matter was up before and the present time when they tried to run it out through from Moncton to Campbellton. In 1891 or 1892 they had small engines and hauled lighter loads; but look at the large consolidation engines they are using today and the number of cars they haul and larger cars at that as compared with former years. Take the regular time of a freight train from Moncton to Campbellton about 13 hours and they find it necessary to change here but what about the specials that take anywhere from 15 to 30 hours to make the run. It is a long time for men to be on one of those large engines and I am confident that every man on the road would heartily support the proposition. Mr. Miller said in conclusion that if they had a regular run that would not exceed 10 or 12 hours and had their necessary rest it might be the means of avoiding many an accident which to his mind too often had been caused by over work.

Mr. Fish said it would be a good thing. One drawback was the fact that there were no houses in town to rent. After further discussion it was moved

CONVENTION CALLED

A convention of government supporters will be held at the Masonic Hall, Chatham, Monday evening next and will be held for the purpose of discussing the election in this County.

SOME SAY MURRAY AND SOME SAY BURCHILL.

Government Convention On Monday Night Promises to Be
Interesting

WILL HAVE TWO NAMES.

Contest For Nomination Is Between Burchill and Murray—
Premier Indifferent

There is likely to be a close contest for the government nomination in this County at the convention in Chatham on Monday evening next. The contestants will be Hon. John P. Burchill and Robert Murray. Premier Tweedie is taking no active part in the matter and will accept whichever candidate the convention nominates.

Mr. Murray feels that he is entitled to the nomination. He has worked energetically for his party and has been a consistent supporter of the government all his life. He is confident that he has sufficient support to secure the nomination. On the other hand there are a large number of government supporters who would like to see Mr. Burchill get the nomination. One reason for this is that they are confident that if he is nominated there will be no opposition offered, but that if Mr. Murray runs there will be opposition.

No date has yet been set for the election.

LOTS OF SNOW

From Five To Six Feet At Present
In The Miramichi
Woods

The Advocate learns that there is from five to six feet of snow in the woods. If the snow does not melt too much before the ice in the streams goes out there should be fine conditions for driving in the spring.

DUE TO PAD ROADS

Elections In Northumberland County
Will Not Come Off Yet
A While.

Hon. J. P. Burchill is among the guests at the Queen Hotel, says the Saturday's Gleaner. Mr. Burchill states that he is here upon a private business trip. In discussing the political situation in Northumberland county Mr. Burchill stated that he will be a candidate if the people wish him to come out in the coming elections to fill the vacancy left open by Mr. W. S. Logan. M. P. On account of the bad condition of the roads throughout the constituency it is doubtful if there will be an election in Northumberland for some time.

that the board pass a resolution and forward a copy to the Hon. Minister of Railways and Mr. Logan. M. P. A committee was appointed to see that this matter was properly looked after. Messrs. S. W. Miller, C. E. Fish and Jas. T. O'Connell were appointed sub-committee.

The dilapidated condition of the station was also discussed and it was pointed out that \$25,000 had been placed in the estimates for repairs to property here.

On motion of Mr. Russell it was resolved that the Board ask the Dominion Government to grant a sum for a daily mail to Redbank.

After discussing other matters of minor interest the Board adjourned until Monday, March 6th.

Advocate Deals With Mr. Allen's
Letter In St. John Telegraph
And Makes a Suggestion

The Advocate published last week a letter which was inserted in the St. John Telegraph by Mr. R. P. Allen, secretary of the New Brunswick Guides Association. The letter as readers of the Advocate are doubtless aware took this paper to account for statements which it had published about the Association of which Mr. Allen is secretary. The Advocate's main contention was that the New Brunswick Guides Association consisted almost solely of York County men and that it was formed chiefly for the purpose of exploiting Frederickton as the chief supply depot for the big game hunters who visited New Brunswick. Incidentally this paper declared the majority of members of the guides association were residents and taxpayers of York County pursued their calling in the County of Northumberland. Also that the members of the Association were seeking legislation to deprive anyone from the right to guide in the Province who was not a member of the association. We discovered that the association was not seeking any such legislation and in a subsequent issue retracted our statement.

Our main charge, however, has not been refuted nor cannot it be. Mr. Allen declares that "the membership includes competent and reliable guides from the counties of York, Victoria, Northumberland and Queens. The Advocate will venture the opinion that those are today in the County of Northumberland more guides who are not members of the Association than the total membership of the association. And besides the guides of Gloucester and Restigouche are not members of the Association.

Mr. Allen admits that the New Brunswick Guides Association "was formed in a quiet way" and that the late Fred B. Coleman, of the Barker House, Fredericton "was the leader in the movement that culminated in the formation of the association." Now it seems to us that this admission simply sets out our contention, viz, that the Association was formed chiefly for the benefit of Fredericton guides, supply dealers and hotel proprietors. The Advocate challenges Mr. Allen to name one guide east of Westport in the County of Northumberland or one guide in the Counties of Gloucester and Restigouche who was asked to participate in the formation of the Association or who is even now a member of that association. Yet the association bears the significant title of "The New Brunswick Guides Association."

Mr. Allen declares that certain members of the Association, although residents of York County were the pioneers in the hunting of big game in the County of Northumberland. "After all the men I have mentioned have done to advertise Northumberland as a game preserve, it is rather late in the day to raise the non-resident entry against them," he declares. We submit here and now that it would have been much better for the game of this County if some of these men had not been "the pioneers." A reference to the police court records of Chatham will amply bear out what we say.

The Advocate and its supporters in this matter would gladly refrain from any quarrel with the New Brunswick Guides Association but we do not like the idea of a small percentage of New Brunswick guides constituting an association which had outsiders to believe that all the reliable guides of the Province are to be found on its membership roll. There are scores of honest, reliable guides in the Counties of Northumberland, Gloucester and Restigouche who would gladly become members of an association which was distinctly representative. The Advocate has suggested that a new association be formed which would be controlled by the government and include every reliable guide in the province. Let us have an association composed entirely of guides with the Surveyor General or Chief Game Warden as its honorary head and not one composed partly of supply dealers and hotel proprietors. (As Mr. Allen any suggestion to offer.)

THE FAST PACE

that we used in this present generation, wear out many a heart in comparatively short time. Those that we use for racing purposes we treat with care and concern, machinery and other mechanical devices that we use continually we oil and keep in good condition, but the heart that must pump a whole lifetime, we neglect, overwork and abuse and only give it thought when it becomes weak and irregular and can no longer properly distribute our blood to all parts of our body. If you are living a fast life—dissipating or working hard—you must give your heart some nutriment so that it can stand the pace.

DR. AGNEW'S HEART CURE is the best heart food. It will make your heart strong and healthy. It builds up the walls and tissues of the heart and enables it to distribute pure, clear blood to all parts of the body.

Mrs. J. Calcott, Stratford, Ont., says: "I have used Dr. Agnew's Heart Cure with the best possible results. Before I secured it I suffered greatly with chronic Heart disease and from nervousness and sleeplessness which it had induced. This remedy gave relief in 3 minutes and has brought back my usual health."

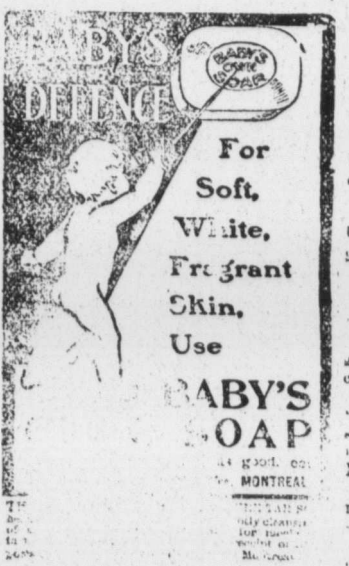

Dr. Agnew's Ointment and Liver Pills will relieve any case of piles in two or three nights.

ABLE MEN DISCUSS FISH AND GAME PROTECTIVE MEASURES AND METHODS.

Interesting and Valuable Papers on Various Phases Read at Annual Meeting of North America Association Here—Assistance of Foresters, Elks and Others Urged—Poachers' Tricks.

(St. John Telegraph.)

The fifth annual meeting of the North American Fish and Game Protective Association opened yesterday in the board of trade rooms.

Premier Tweedie, who presided over the delegates and explained that the formal welcome by the mayor had been postponed until his morning, when the attendance from outside points would be larger.

Letters of regret at their inability to attend were read from Chas. H. Wilson, vice-president for New York; Dr. W. S. Ward Webb, H. G. Elliot, Dr. Brainerd and Mr. Armstrong, Montreal; Dr. Loran, Campbellton; the deputy minister of marine, Mr. Southport, Ontario; A. Living, New York; J. S. Craig and Hon. Roy T. Carleton, Augusta (Me.); Hon. Mr. Power, Quebec; and John W. Titcomb, Washington, resigning his membership.

The report of the secretary-treasurer showed one death and ten resignations, and forty propositions for membership were handed in. The membership is now 121. The financial statement showed receipts of \$438.72 and a balance of \$140.95.

Hon. A. T. Dunn, of this city and D. G. Smith, of Chatham, were added to the membership committee.

Mr. Smith spoke of the trout hatchery at Bartibogue. The Tobique catch last year was a record one.

John Robinson, chief game warden for New Brunswick, also gave an address on the general game outlook through the province. He believed there was an increase in big game.

L. B. Knight said very little game is killed by fishing parties. Better protection is needed for the game in the hunting season.

Mr. Chilton, of the Grand Trunk, said Ontario does not permit sportsmen to carry firearms other than a revolver in the reserved district in the close season.

The report of Mr. Wilson, of New York state, was read by the secretary and gave much information of the work being done in that state. The secretary also read the report from the Vermont member of the executive.

After lunch on at the Union Club, the afternoon session began at 3 o'clock.

An excellent paper was read by Rev. W. C. Gaynor.

FATHER GAYNOR'S PAPER

Rev. Father Gaynor disclaimed all scientific treatment of his subject, and said he brought to the discussion of the fishes and large game of the lower half of New Brunswick only the note-book of a casual hunter; angler and canoeist.

To the sportsmen, the map of New Brunswick presented three distinct divisions—south, middle and northern. He regretted that it was not within the scope of the paper to treat of the pre-eminent attractions for the angler and hunter of the great northern forests, drained by such rivers as the Restigouche, Nepisiguit, Tobique, and Miramichi. This was par excellence the lake country of New Brunswick. To peer into a pool on the head waters of the Miramichi, for instance and view its lazy wealth of motionless salmon and unruffled sea trout, was an experience worth much toil and trouble.

Fr. Gaynor said the question of the relative abundance of large game during present day com-

pared with the frequency of the same species at the time of Champlain's landing might momentarily divert from the strict tenor of the paper. As far as his reading of the early chroniclers went, large game was none too plentiful in those times in Canada.

THE SPORTSMAN'S PARADISE IN FACT.

It was not an overstatement to call New Brunswick the sportsman's paradise. Numerous points on the continent can offer little in the same limited area, such as grouping and interconnection of magnificent rivers, lakes and tributary streams. In the distribution of waterways, the southern division, for its population, surpassed the middle division. In the southwest division were superabundant conditions for a bounteous supply of these fishes which made their native habitat in fresh water as well as of those which like the salmon, came in from the sea. The St. John had not the reputation for salmon pools that the Miramichi and Restigouche possessed, but it should be remembered that salmon fishing in St. John harbor is a profitable industry and that along the entire course of the river the owners of the fishing rights annually took toll of the rich fish from the waters of the St. John. It had been said that the salmon of the St. John would not take the fly; in other words, that they had not the gamey qualities of the northern salmon. Whether such is a fact, the speaker could not say from personal experience. He could claim no acquaintance with the sea trout of the southern waters.

A few lakes in St. John county had either been fished out or the trout which had inhabited them had been expelled or destroyed. Years ago there was excellent fishing in Logg Lake and Spruce Lake, but now the black-bellied loon, and angling for such fish was strenuous sport.

The rivers and inland waters of southern New Brunswick provided fish out of the choicest and gamest kind. The speaker regretted that the facts did not justify him in advancing the same claims for the large game of the district. Yet it would be a grossly inadequate statement to say that there is no large game in southern New Brunswick. Deer are abundant. In some localities they had become actual nuisances. Indications were to the effect that moose are now invading the region.

Rev. Fr. Gaynor explained how little New Brunswick possessed ancient and time-honored hunting grounds. Different periods showed when game was plentiful or scarce. In late years the tale of their increase seemed incredible.

HIS OWN HUNTING TRIPS.

With the millard hunts of the moose he could fairly claim acquaintance. Four times it had been his privilege to camp on the trail of big game. Moose hunting under the easiest conditions was ever strenuous sport. Accustomed to a more or less sedentary life he had done his eighteen miles of tramping a day.

In conclusion, Fr. Gaynor expressed the belief that before very long St. John would be the rallying point for tourists and hunters in search of big game. The southern portion of the province would then offer equal attractions with the great northern game belt, and would provide the hunter with the

materials for royal sport.

Mr. Chambers spoke eulogistically of Fr. Gaynor's paper. He appreciated particularly the part dealing with fish.

THE PREMIER DISCUSSES THE MOOSE.

Premier Tweedie, in discussing the question of whether a moose would attack a man, was inclined to discount any such story.

Dr. Finny, of Montreal, took an optimistic view. He believed that during the rutting season a moose would not hesitate to make a man run for his life. He had an experience of this character.

D. G. Smith, who said he had heard a gentleman who once was used by an infuriated bull moose and that he would draw up the tree after him he would surely have lost his life.

Others present were strongly of the opinion that moose were decidedly dangerous when angered.

At this point Premier Tweedie left to attend a meeting of the government, and the chair was taken by Hon. A. T. Dunn, vice-president.

Mr. Bullock, in behalf of the tourist association, invited the members to the hockey match between the Dawson and all St. John teams. Mr. Bullock also outlined the program of entertainment for the tour, and trusted that all would be at the annual meeting of the tourist association this evening.

MR. CHAMBERS' PAPER

E. T. D. Chambers, secretary-treasurer of the association, read the valuable paper on the tricks resorted to by violators of the game laws. He believed every member felt grateful to Hon. Mr. Parent of Quebec, the founder of the association whose work in behalf of the game laws had been most effective. The speaker had read in the morning paper a rumor of Mr. Parent's resignation from the premiership of Quebec on account of ill health, but he trusted the rumor was incorrect.

Mr. Chambers drew attention to the bad influences of politics on the fight against violators of the game laws. He knew an instance of a game warden having done his work so well that certain politicians would not welcome his activity. Through pressure to turn on the authorities with the object of revoking his license, Mr. Chambers resorted to the imprisonment of a man for illegal killing of moose, both male and female. Politicians desired their lives in half of the prisoner but their efforts were unavailing.

He then entered into a lengthy exposition of the extensive and illegal shipments of game across the American border. It was very difficult to fight successfully against the practice. The goods were shipped as anything but game and bore fictitious names and addresses. Partridges had been sent in second and trunk and checked to destination. Under such circumstances it was almost impossible to make any investigation.

D. G. Smith spoke on the disparity between the game seasons in New Brunswick and Quebec.

ONE LOT OF 500 PART-RIDDGES SE ZED.

In answer to a question Mr. Chambers said the partridge seized (Continued on page 3.)

CATARRHAL DEAFNESS IS CAUSED

By a thickening of the lining membrane of the ear-socket or longer inflammation from catarrhal germ. The only cure is Ferrozine, being a rhizome which is secreted by the ear-socket to the ear-socket. NEWCASTLE, FEBRUARY 8, 1906.

AS TO DANCING.
An evangelist speaking in Truro the other evening denounced dancing in no equivocal manner. "There is no impropriety in the dance itself, but in the liberties allowed; if the pleasure was in the dance itself, then why do not ladies dance with ladies and men with men? The fact that they do not shows from what source they derive their pleasure." The evangelist doubtless regards such arguments against the dance as unanswerable. As a matter of fact they are not arguments at all but coarse and vulgar reflections upon the characters of a majority of the young men and women of this country and of all other countries. It seems to us that dancing like any other form of amusement, is what the participant makes it. Like a picnic at a country school house or a tete-a-tete in some cosy nook, it may be made the occasion for men and women to assert their baser natures. There are men and women who will do this in any environment that offers a display of the charms of the opposite sex. But we are happy in the belief that such men and women are in the minority and that they are gradually being weeded out of polite, respectable society. We are certain that a great majority of young men and young women who dance do so for the sake of dancing—for the sake of whirling and being whirled about to the tune of some entrancing and enlivening musical composition. It might well be asked, "why do children—boys and girls—enjoy the dance almost as well as persons of mature years?" And there is only one answer and it is outlined above. The observations of the Truro evangelist are in striking contrast to those made the other day by Mrs. Corinne S. Brown at a meeting of the Social Economics club in Chicago. She said:

"But girls who work all day must have some place where they can find enjoyment in the evening. I would have every school-room in Chicago converted into a dance hall in the evening. There the girls could assemble and dance to their heart's content. It is an innocent form of amusement. Only its surroundings make it wicked. And I would have them well guarded. But I would have no brawny policeman do the guarding. He is unfit to guard the place where young girls—innocent young girls—are enjoying themselves. I would have women there. Good women—women who know the world and its dangers. Women of culture and refinement. Not scrub-women or women who are ignorant."

"A Montreal man married an actress" was the text of glaring headlines in many newspapers last week. Is there anything so very remarkable in marrying an actress?

POT "AMERICANIZED" YET.

The American vice-consul at Halifax declares that "The American Invasion" of Canada is an established fact. * "Nova Scotia has more trade with Boston than with Montreal and the people resemble Americans more than they do the English—their dress, manner, customs and pronunciations are decidedly American." Such is a sample or two of the consul's arguments. We do not believe that the trade of Nova Scotia or of any other Province of Canada is done largely with the United States. We will take Nova Scotia as an example and endeavor to refute the consul's arguments in a very few words. We will grant at the outset that the fish of that province are largely shipped to Boston. But Great Britain and South America are the markets for its lumber; Great Britain and Canada take the bulk of its apples and other fruit; the coal of the Province is consumed at home, in Upper Canada and in Sweden and its other products are distributed in much the same way—that is to say the chief markets for them are found outside of the United States. And we have only to sit in the office of any large dealer for an hour or two and count the number of Canadian and American drummers which invade his sanctum to ascertain where Nova Scotia buys its wares. If the United States is now getting the bulk of Canadian trade why is there so much talk of late about reciprocity? As for dress, manners, pronunciation, etc., one has only to walk along Hollis

Ayer's

Doctors first prescribed Ayer's Cherry Pectoral over 60 years ago. They use it today more than ever. They

One Ayer's Pill at bedtime insures a natural action next morning.

street, Halifax, to be convinced that it is decidedly English—"don'tcha know?" No, we fear the vice-consul's statements may lead Senator Lodge and others to stand pat on the reciprocity question.

E. M. Farrell, M. P. P. for Queens, will be the next speaker of the Nova Scotia legislature. Mr. Farrell is a native of Newcastle and one in whom we take considerable pride. His many friends here will be pleased to learn of the prospective appointment.

PROVINCIAL CABINET CHANGES.

Premier Tupper is to be credited with another good deed. The elevation of the Hon. Frank Sweeney to the portfolio of Surveyor-General was, we believe, the outcome of careful consideration and it will doubtless meet with the approval of a majority of the people. The office of Surveyor-General is a rank higher than that of Solicitor General. Mr. Sweeney as a member of the government without office and latterly as Solicitor General in the government was the only man entitled to the higher office. Indeed we do not see how Mr. Tupper could have passed him over and appointed some one outside of the cabinet. Mr. Jones of Charlton was generally regarded as the member most entitled to the office of Solicitor General and he received the appointment on the elevation of Mr. Sweeney. The Premier could scarcely have done otherwise. We would not be surprised to see Mr. Robertson of St. John or Mr. Barnes of Kent selected

All Run Down

THIS is a common expression we hear on every side. Unless there is some organic trouble, the condition can doubtless be remedied. Your doctor is the best adviser. Do not dose yourself with all kinds of advertised remedies—get his opinion. More than likely you need a concentrated fat food to enrich your blood and tone up the system.

Scott's Emulsion of Cod Liver Oil

is just such a food in its best form. It will build up the weakened and wasted body when all other foods fail to nourish. If you are run down or emaciated, give it a trial: it cannot hurt you. It is essentially the best possible nourishment for delicate children and pale, anaemic girls. We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

GOOD ADVICE.

It isn't necessary to become vain on compliments any more than it is necessary to grow sour on criticisms, but it is better to run the dangers of egotism on the favorable notices than to let the censor with a to-pid liver and a nimble pen prick your comfort and poison your happiness.—Philadelphia Saturday Evening Post.

Thanks, awfully! That is very good advice. We shall not allow a silly, uncultured old fogey with a know-it-all bee buzzing in his bonnet to worry us any longer by his nasty slurs.

ATTEND TO THE RAILWAY MATTER.

The Newcastle Board of Trade has awakened from its slumber and now seems to be alive to the best interests of the town. But it should be careful and not go to the other extreme from that which has characterized it of late and get too "hoggish." Let it now devote its energies to the railway matter and endeavor to have Newcastle made a divisional point of the Intercolonial. As Mr. Miller points out the largest run on the road is that between Moncton and Campbellton. Indeed we believe it is almost twice as long as any other run. The time will come sooner or later when the Intercolonial authorities will be compelled to make Newcastle a divisional point. They might just as well do so now. There is at present sufficient water for railway men to bathe in; sufficient electricity to light them home at nights and perhaps sufficient lime juice to quench their thirsts, so they can now have no objection to living in Newcastle.

ONLY ORDINARY DOINGS.

Alfred Vandebilt ordered his special car coupled to the Twentieth Century Ltd in New York the other day, took breakfast in Chicago the next morning, and between eating the two lamb chops, purchased the best four-in-hand team in the world of Mr. Towner for \$35,000, and was back in Gotham the next day shaking hands with Tom Laxson—Associated Press despatch.

Gracious! There's nothing extraordinary in Mr. Vandebilt's performance. Why there is nothing more extraordinary in it than there is in that of a Newcastle man who takes the Chatham stage in the afternoon, buys some of the "best" Scotch whiskey in the world in our neighboring town and returns to Newcastle in time to eat his supper.

MISDIRECTED ABUSE.

The Intercolonial is giving the public a great train service this winter. A train on time is coming to be rather too much of a novelty.—Moncton Times.

This is meant as an insinuation that the officials of the I. C. R. are to blame for the irregular running of trains during the past month or two, but in reality it is a direct insinuation that the common laborers in the employ of the I. C. R. have been derelict in their duties. When there is a fall of snow it is the laboring man who clears the track and the resumption of the scheduled train service depends upon the despatch and efficiency with which he works. The officials must wait upon him. Considering everything we are inclined to believe that the Intercolonial has done remarkably well this winter. There has been an unusual fall of snow especially in Nova Scotia.

Sag Brook Notes

Our genealog friends Mr. Tomas Trapp and squire Long were out clearing tracks through the snow last week. Tomas ways 200 and the squire 240. Keep up the good work boys.

A tete is in store for us Saturday nite that's the nite the basket social comes off in the church. Come boys and bring along your wallets.

Our friend Efram has been predicting another big storm for a weak hope your predictions can be true Efe.

There's now most five feet of snow out here. Can let ya have sum if you need it.

The popular correspondent of the Advocate was presented with a fine big potato by Sam Green last week. It weighed most a pound Sam says he raised it under the snow. Go along Sam but were much obliged just the same. Your a generous maa Sam.

The first team to leave these parts since the storm was the one which fetched our friend Amance to Newcastle on Friday to do some shopping for the social.

Our friend Ike comes over from Red-bank party of on now. What's the attraction Ike?

Don't forget the social in the church Friday evening.

Local and General News

Of Special Interest to Our Readers, Gathered By Our Reporters from Many Sources.
Whirl of the Town.

The all night telephone service is now in operation.

Seats are selling rapidly for Price Webber this evening.

The Advocate wants live correspondents in Nelson, Derby and Douglastown.

Up to yesterday the roads around the Carquet coast were in fairly good condition.

The Redbank bridge span reported in last week's Advocate as rotten has since broken entirely away.

The suite of the Town vs. the County will likely be tried shortly before Magistrate George Burchill, Nelson.

Several communications including Redbank notes are withheld this week owing to lack of space.

Will the party who picked up the purse on Monday last please return to this office and save further trouble, as they are known to be.

A meeting of those interested in the "Old Home week" will be called for some evening next week. An announcement will be made later.

On Sunday evening a large congregation was present at the Methodist church to hear the Rev. H. E. Thomas' sermon on "Campbell's door of hell." His subject had reference to card playing.

At a meeting at Digby last week a resolution was unanimously passed favoring the prohibition of the sale of all game except woodcock, snipe, black duck and wild geese.

The sudden death of Rev. John de Soyres, rector of St. John's church, St. John N. B. was learned with profound regret by many North Shore residents who knew the distinguished clergyman. Mr. de Soyres was one of the most brilliant divines in Canada.

Division No. 5, A. O. H., Nelson will hold an "At Home," next Tuesday evening in their hall Nelson. A large number of invitations have been issued. The patronesses are—Mrs. Richard O'Brien, Mrs. Stephen Monahan, Mrs. Wm. D. Ian, Sr., Mrs. Wm. Hayes, Mrs. John Jackson, Mrs. M. Carroll and Mrs. M. F. Welsh. It promises to be a very excellent affair.

Miss Goodin has returned home and has reopened her dress making department. Miss Goodin wishes to thank her customers in general for their patronage in the past and will be pleased in the future to see one and all call and leave their orders for their spring costumes. Ladies tailor male gowns or any other orders in the line of dress making will be executed in the most up-to-date mode.

The I. C. R. is very short of coal for locomotives at Moncton and the fuel department is hustling to get in a supply before serious embarrassments occur, says Thursday's Moncton Times. The supply of coal at Moncton yesterday was reported to be so low that traffic was in danger of being considerably interrupted thereby. Owing to the heavy storm of last week and the still heavier storm of this week along the railway coast, very little coal has been hauled by the I. C. R. of late.

A gentleman named Jeff of New Brunswick came to Moncton one day recently with a dog, says the Moncton Times. The gentleman found the dog quite a nuisance in this great city and transferred the care of the canine temporarily to a railway man. The latter, it is said, took a fancy to the dog and decided to keep it. The dog was not as a rule and sent word to the Moncton police. Officer Scott made enquiries and discovered that the dog was still in the hands of the railway man. The railway man to whose care the dog had been entrusted, Officer Scott took possession of the dog and he was forwarded to New Brunswick on the morning of the 4th night.

Social and Personal

Mr. Thomas Foley went to St. John on Monday.

Mr. Thomas A. Clarke was in St. John last week.

Mr. John Legor, Bathurst was here last week.

Miss MacMillan of New Mills is visiting friends in town.

Mr. J. H. Taylor of Campbellton was in town last week.

Miss Howe, St. John registered at the Miramichi last week.

Mrs. Wright spent a few days in Chatham last week visiting friends.

Mr. John Ashford spent a few days with friends in Chatham last week.

Messrs. Allen Ferguson and Will Stables are spending a few days in St. John.

Miss Mabel Clouston of Derby was at the Miramichi last week.

Miss Annie Hogan of Exmouth is visiting her sister Mrs. Wm. Lawlor, of Redbank.

Miss Goodin has returned from a pleasant visit to Montreal and is staying at the Miramichi.

Miss Watt's many friends are pleased to have her back from an extended trip to Aspen, Colorado.

Miss M. C. Kethro of Chatham is visiting her parents Mr. and Mrs. J. G. Kethro for a few days.

Mr. Richard Roach, St. John, the well known boot and shoe traveller was at the Miramichi yesterday.

The Governor General on Thursday last was reported suffering from grip, and Lady Sybil Grey was the victim of measles.

Mrs. W. Stewart Benson, of Bridgewater N. S., who has been spending the last three months with her parents, Premier and Mrs. Tweedie, left Thursday morning for home.

Miss E. May DesBrisay has returned to Chatham from a visit to her sister Mrs. Clarence Stevens, Newcastle.

Mrs. Rachael Creighton of Indiantown and Mrs. Charles Creighton of Fredericton were at the Miramichi last week.

Mr. Magnus Clouston, a former North Shore man and now a resident of Medux River, Pa. is visiting on the Miramichi.

Mr. F. S. White, St. Stephen and Mr. A. S. de Forest, St. John were among the travellers at the Miramichi yesterday.

The many friends of Miss Inez Brown will be sorry to learn that she is confined to her home through a severe illness. Dr. Desmond is in attendance.

Mr. Wm. Gallagher, who has been employed in Newcastle during the past two months left Saturday for his home in Halifax. During his stay here Mr. Gallagher has made many friends who hope to see him back in the near future.

D. G. Smith, of Chatham, who has been attending the sessions of the Fish and Game Association, will leave for home today. Mr. Smith is the member from New Brunswick on the managing committee. His services have been no less appreciated than his uniform courtesy to all desirous of obtaining information in connection with the association and sessions—St. John Telegraph.

Invitations are out for the marriage of Miss Maud Lounsbury, of Fredericton, to Herbert Burden MacDonald, of Chatham, which will take place at the home of the prospective bride's mother, Mrs. Lounsbury, Fredericton, on Thursday, Feb. 9, at four o'clock p.m.

Great preparations are being made for the home which is to be given by the members of the Dalhousie club in their club rooms, Dalhousie, on Friday evening, Feb. 10th. The following members of the club form the organization committee, viz., Messrs. W. E. Rowley, M. D.; H. A. Hillard, H. F. Montgomery, James Wallace, and Claude Brown. Music will be furnished by the Chatham orchestra. More than 150 invitations have been issued to friends in Dalhousie, Campbellton, Bathurst, Newcastle, Chatham and Moncton.

Don't forget popular Price Webber and his clever company at the Opera House this evening.

A large number of citizens of both sexes gathered in the Temperance Hall on Thursday evening last. This was in response to an invitation from the different pulpits of the town and also through the press, the object being to organize a league which would have for its main object the better enforcement of law, particularly the Canada Temperance Act, but not necessarily confined to that one object. Anything and everything that might be conducive to the morality and well being of our town being incorporated in the platform as outlined at the meeting. Short addresses were delivered by the Rev. H. Arnold, Rev. H. Johnson and Messrs. Troy, Cocker and M. Russell. The points made by the different speakers showed that a need existed for some definite action being taken by the Temperance people of the town. Rev. Mr. Stevens moved that this meeting proceed to organize a League of Temperance and Moral Reform. This was carried unanimously. The following officers were elected—Jas. Falconer, President; Mrs. S. McLeod, Vice President; Mr. Stevens, principal Secretary; Miss Cranmond, Treasurer. Meeting adjourned to meet on Tuesday evening, Feb. 7 to complete organization.—Cor.

Price Webber's company is better than ever this season. It opens a four nights engagement in the Newcastle Opera House this evening.

THE STRENGTH MAKERS

After sickness or when run down from hard work there is need of a reliable strength maker. The three agents highly beneficial are Beef, Iron and Wine.

Beef is the great common nourishment of mankind. Beef Extract is readily assimilated and carries strength to all parts.
Iron is the important element of blood and bone. It is always lacking in quantity and quality in all cases of weakness and exhaustion. It is the fundamental strengthener.
Wine in medicinal doses is a tonic to the weary organs, reviving strength and encouraging to new efforts.

Our splendid combination of Beef, Iron and Wine is needed by those who need a TRUE STRENGTHENER. **Price 50 and 75 cents.**

NEWCASTLE DRUG STORE,
F. R. DALTON, PROPRIETOR.

A WORD ABOUT VEILINGS

We have them in Chiffon, Net and Wool, Plain or Dotted—A variety of shades.

During the remainder of the season we will sell all our

Ready-to-Wear and Trimmed Hats

away down in price.

Now is your chance to secure a splendid bargain. All orders for millinery will receive our very best attention.

Mrs. H. A. Quilty,
The Sargeant Store.

FLOUR. FLOUR.

It requires a deal of puffing in the press on the part of some Millers to induce parties to buy their flour, but not so with

FIVE ROSES

it requires no empty puffing to attract buyers, for any one who once used it will never look for another Brand.

It is no exaggeration to say that no other Brand of flour ever offered for sale in the province gives the same uniform satisfaction as

FIVE ROSES.
