HOLD STYLISH GIRL FOR BOOTLEGGING

Taken Off Montreal Train With
Thirty-Three Quarts of
Whiskey.

Syracuse, N. Y., Dec. 9.—While 20-year-old Dorothea Wardell of Boston slept peacefully aboard the Montreal-to-New York train. Customs Inspector Goodrow was unearthing thirty-three quarts of excellent Canadian whiskey from her baggage.

Miss Wardell, who had retired before the train left Canada, was awakened and taken off the train at Rouse's Point.

She was charged with bootlegging, and, extravagantly gowned and wearing jewels worth several thousand dollars, was arraigned before United States Commissioner Gilliland at Plattsburg. Miss Wardell made no denial of the charge.

The case was continued for a hearing and when she stated she had no one to go her bail she was turned over to Sheriff Coffey and lodged in the Plattsburg jail.

YOUNG WOMAN FATALLY SHOT

Miss Molly Kingston was Hand-
ling Rifle and Bullet Lodged
in Abdomen.

Newcastle, Dec. 10.—A shocking fatality occurred at Weymouth Settlement, about twenty miles from here, yesterday morning, in which Miss Molly Kingston, daughter of Paul Kingston, lumberman, lost her life. She was in the habit of practicing rifle shooting and yesterday morning about nine o'clock took her rifle and went out into the yard. A few moments later the occupants of the house heard the sound of a shot and a groan and on going out into the yard found Miss Kingston lying on the ground shot through the abdomen.

It is presumed that the shell became jammed and in her endeavor to dislodge it caused the rifle to discharge. She was unconscious when found. Dr. Bell was called from Newcastle and did everything possible for the young lady, but she passed away six hours later.

Coroner Desmond decided that an investigation was unnecessary. Miss Kingston was about thirty-one years old and leaves her parents, four brothers and five sisters.

MATAPEDIA.

The election being over Mr. Marcell our popular Liberal Leader was elected with 172 at Matapedia, of a majority. Election day was very quietly passed.

Mr. Marcell's election should be credited to the ladies of Matapedia who turned out in force to vote, as this was the ladies first vote it showed their judgment.

Miss Irene Adams graduate nurse of Brandon Hospital is visiting at her home "Helen Cottage."

The many friends of Mrs. John L. Wyers Jr. will be pleased to see her out again after her recent illness.

Congratulations are extended to Alexander John Adams on his eighteenth birthday.

Miss Isabel Pratt who was operated on for appendicitis at Hotel Dieu Hospital is able to her home again.

Miss Alice Adams nurse at Brandon is home again.

UNHEARD OF PRICES RULE

Rosenhek Bros. Big Clearing
Sale Attract Big
Crowds.

Rosenhek Bros. Great Holiday Sale opened Saturday morning with a rush and the big staff of clerks were busy all day.

The very attractive prices as set forth in this issue all bound to bring the crowds. Never since pre-war days have goods been marked so low. It is now not a matter of price, but of getting rid of the goods.

People from all up and down the country are going to the big store and are not going away empty handed. In fact the prices are recognized as unheard of in this district.

Come along and get your share of the bargains. The stock carried is probably the greatest north of Montreal and the assortment is complete in all lines.

Go to Rosenhek Bros. and you will not be disappointed.—Adv.

BROWNED IN THE MIRAMICHI RIVER.

Chatham, N. B., Dec. 9.—John Brophy, 21, son of Terrance Brophy, was drowned while skating on the Miramichi River, opposite Chatham.

Three of Chatham's young people have had narrow escapes while skating on the Miramichi. Miss Alma Irving, Richard Keough and Ernest McLaughlin narrowly escaped drowning while enjoying a whirl on the steel blades here to-day.

"How did he get hurt?"

"He kicked a male; the male returned the compliment."

Bright Pupil: "A clodhopper, sir."

LOSS IS ESTIMATED AT \$75,000 OR MORE

Plant of The Chesnut Canoe Co.,
Ltd., Destroyed By
Fire.

Fredericton, Dec. 10.—The entire plant of the Chesnut Canoe Company, Ltd., said to be the largest canoe factory in the world, was destroyed by fire here early this morning, together with 300 completed canoes, and all the machinery of the plant, the models and rough materials. The loss is estimated at \$75,000 or more. The insurance, so far as known, was said to-day to be only \$20,000.

James Toner, a fireman, suffered painful bruises on the leg when he was struck by a piece of flying steam pipe following an explosion during the fire. Some large pieces of pipe were thrown 100 feet or more from the building and other firemen had narrow escapes.

While 300 completed canoes and a large number of materials were destroyed, two large storehouses used by the company and located near the factory, escaped unharmed and were said to contain between 300 and 400 more completed canoes.

It was said at noon to-day that the company's old factory building in the city was available and might be used for a resumption of operations until a new factory has been built.

Professor (discussing organic and inorganic kingdoms): "Now, if I should shut my eyes—so—and drop my head—so—and remain perfectly still, you would say I was a clod. But I move, I leap. Then what do you call me?"

Bright Pupil: "A clodhopper, sir."

NEW CABINET BY NEW YEAR

W. L. Mackenzie King May
Announce Cabinet By
Jan. 1st.

Ottawa, Dec. 8.—Members of the Meighen cabinet are returning to Ottawa for final meetings of the cabinet before the premier formally places his resignation in the hands of the governor general. His Excellency will then invite Hon. W. L. Mackenzie King, as leader of the victorious Liberals to form the new administration.

Mr. King is reported to have cabinet negotiations already well under way and may be able to announce his ministry by the new year. In the East, if anything, he will find difficulty in the embarrassment of pieces of cabinet material.

Among Liberals elected in the east, are a number who, like Mr. King himself, served in the Laurier cabinet before it went down to defeat ten years ago. They are veterans in the service of the Liberal party. They are already experienced in the administration of public departments, and, coupled with them, are a number of younger Liberals, whose claims for recognition also will be strong.

West of the Great Lakes, Mr. King will be in a different position. In the prairie provinces, the Progressive sweep checked Liberal and Conservative alike. In Saskatchewan Mr. King had only one candidate elected; in Manitoba, two, and in Alberta, so far, no Liberals have been elected. Here, however, there is still a possibility that Frank Oliver, who served in the Laurier government, may be returned.

GRAND RIVER.

Grand River, Que.—The day following the elections, after hearing of the victory of the Honorable Rodolphe Lemieux and the Liberal Party the people of this town united together and forming a parade of three hundred sleighs, flying proudly the Liberal color proceeded to Chandler where many speeches were given by Mr. Bastien Notaire of Chandler. Mr. Boisvers, manager of Chandler Pulp Co., Mr. James Walshof, Grand River, and others. Songs were sung and the evening passed in enjoyment.

Thursday being a day of obligation everything was quiet. On Friday a parade of about two hundred sleighs escorted the late Honorable Arthur Heighen in a casket of blue to the end of Grand River wharf, the casket was thrown overboard and his picture shot in fragments by our returned soldiers. One exciting thing in our parade was the surveyor, a man of straw which was the upright image of surveyor Siros, the Conservative candidate for Gaspé. The surveyor was imitated made to survey the lands of the Conservatives during the parade.

This was a good revenge on Surveyor Siros and especially on the Conservative Government which kept the Gaspé Coast in slavery for years.

NEW CARLISLE.

Sydney Daily Post, Dec. 1st.—The wedding took place yesterday at 4 o'clock, the Rev. C. A. Ritchie officiating, of Miss Minnie Flynn, daughter of Mr. and Mrs. John Flynn, Reverend, to Mr. D. C. Sherar, son of Mr. and Mrs. J. O. Sherar, New Carlisle, Que. The bride was given away by her father and wore a gown of white satin charmeuse and tulle. Her veil of tulle was arranged in cap effect caught with orange blossoms and she carried a shower bouquet of white roses and lilies of the valley. Her only attendant was her little niece, Miss Evelyn McNeil as flower girl in a pretty white frock and carrying a basket of small mauve chrysanthemums. After the ceremony, supper was served. Later Mr. and Mrs. Sherar left for their home in New Carlisle, Que. The bride's going away suit was of brown broad cloth with hat to match and mink fur. On Nov. 22nd, Mr. and Mrs. Robert A. Ross were delighted on the arrival of a fine baby boy at their home. Miss Elsie Campbell who, for the past week has been ill, is now well and again about her duties at the railway office.

We are sorry to hear that Mr. Dan Walker has been quite ill for some time past and is still confined to his home. We have also been informed today

that Capt. David Law is seriously ill, having taken a stroke of paralysis. His many friends hope for a speedy recovery.

We hear there are several cases of Diphtheria reported in Pasphebia, but the doctors differ somewhat as to its certainty.

BROADLANDS.

Mr. Sandy Dickson has returned from Montreal. Mr. James Bolton spent Sunday at his home here. Mr. Allan Oatman is hauling pulp wood to Little River siding.

Mr. James Hoar and Miss Grace Warren were in Matapedia on Sunday. Mr. Walter Mann and Arnold Foster of Oak Bay were in Broadlands on Sunday. Mr. Earle McLeod was the guest of Mr. A. Dickson Sunday.

Mr. James Harris and family have removed to town for the winter. Mr. Willie Nichol was in town last week. Mr. Wallace Parlette was in St. Lawrence on Tuesday last.

YOU MAKE IT SO.

By George Briston, Real Estate Broker. Take this matter of Christmas shopping. Of course, you'll do it early. If you haven't tried this comparatively simple solution of an admittedly difficult problem, you will be pleasantly surprised at the result.

But doing it early isn't all there is to it. If you do it at all, you should do it cheerfully. Just giving, because of obligation, faded or real, doesn't make a Christmas. It is the spirit in which you do it that counts. And it is in the shopping that this spirit counts first, counts most of all.

Be cheerful about it. Hunt down that elusive, long sought present that is just the right thing to give Cousin Maude, or cousin the one possible choice for Brother Ned, as persistent as you will, but do it with a smile. Keep the high, sharp note of petulance out of your voice. Give your temper a holiday until January 15 or so. Perhaps you won't need it.

Remember that it is Christmas for the clerks just as much as it is for those for whom you are buying. Let patience be your guide.—A Merry Christmas reward.

FROM THE JUNGLE

Redmac Has Arrived to Heal The Sick.

Those who are sufferers now have a chance to be made well. Dyspepsia, indigestion, and any one ailment will have a chance to regain their health.

To have dyspepsia is to be miserable, untold agony after eating or trying to eat, your lot may be different since the introduction of Redmac.

Weak nerves, irritable, and out of sorts, run down, pain in the back, melancholy, shortness of breath, bad memory; all the result of indigestion and dyspepsia for several years. I would almost die after eating, the pain in the bit of my stomach was so bad. Redmac was recommended to me by a friend. I tried one bottle and the relief I got was wonderful. I have taken six bottles altogether, and I think it is the best wonderful medicine that was ever made. I can eat anything now and am in perfect health. If you are suffering from any of the above go to your druggist right away and get a bottle of Redmac. It is purely vegetable, made from herbs and roots, gathered from foreign countries. The benefit you will receive will surprise you. Sold in Campbellton at WRA'S DRUG STORE.

Redmac is here and you may now put yourself on the road to recovery and that very quickly. If you are hardly able to look after your work, if your appetite is bad, your stomach out of order, if your back hurts you, if you have headaches, then you will be grateful to Redmac for ever coming your way.

Mrs. Fulton of Montreal writes: "I have been an awful sufferer from indigestion and dyspepsia for several years. I would almost die after eating, the pain in the bit of my stomach was so bad. Redmac was recommended to me by a friend. I tried one bottle and the relief I got was wonderful. I have taken six bottles altogether, and I think it is the best wonderful medicine that was ever made. Mrs. F. McDonald and Mrs. A. Hamilton, of the Junction were visitors to town on Monday.

Friends of Miss E. Chandler regret to hear that she met with a painful accident while in Campbellton recently, when she fell on the sidewalk and injured her side. She is resting comfortably as a patient in the Hotel

DALHOUSIE.

Mrs. Chas. H. LaBelle returned home on Tuesday, after having spent a pleasant visit of three months in the city of Quebec.

I. B. Deacon has accepted a position with the Dalhousie Lumber Company and has accepted a position with the Continental Lumber Company and has accepted a position with the Continental Lumber Company at Charlottetown.

The regular monthly business meeting of the Soldiers' Memorial Hospital Aid was held, Tuesday evening, at the home of Mrs. W. J. Simpson, Renfrew Street. After the business of the meeting had been concluded, refreshments were served and a pleasant half hour of social intercourse was spent.

Mrs. Mackay is having great success with the pipeless furnace recently installed in his residence on Adelaide Street. The work was done by W. Gallop. This is the first furnace of the kind installed in this town.

Mrs. S. J. Beckingham was a visitor to Campbellton on Monday.

The Rev. Edward J. Shaw, who has been occupying the Presbyterian pulpit for the past four Sundays returned on Monday to his home in Pictou County, N. S.

Miss Anne Cameron entertained the members of the Ladies' Aid of the Presbyterian Church at her home on William Street, Thursday evening, after the regular monthly business meeting had been concluded.

A meeting of those interested in curling was held in the rink on Monday evening, when the following were elected to office for the ensuing year: S. L. T. Clifford, President; Louis J. LeBlanc, Vice-President; J. Allan LeBlanc, Treasurer; J. B. McKay, Secretary. The meeting was a most enthusiastic one, about fifty members being enrolled. The annual bonspiel is to be held here in February and the prospects for "the roarin' game" are bright.

Mrs. Mary McNeill, widow of John McNeill, died at the residence of her son, Angus, Point La Poudre, on Sunday morning. Deceased was in her ninety-first year. The funeral which took place on Tuesday, was conducted by the Rev. Mr. MacLeod, of New Mills, interment being made in the old cemetery here.

The rectory is being repaired and made more comfortable for the winter.

Mrs. J. Martin Colton, who is visiting her parents, the Hon. Chas. H. and Mrs. LaBelle, for a day or two, expects to join her husband on Wednesday at Dalhousie Junction, on his way to St. John. Mr. Colton is radio inspector for the port of Montreal in the summer; but during the winter months he is stationed in St. John.

For the past week the one topic of conversation has been the extraordinary mild weather for this season of the year. Last year at this date, the weather was bitterly cold and the snow was deep.

The following guests registered recently at the Queen Hotel: W. LeGallais, J. Loudon, J. Duncan, J. Boudreau, J. Woodworth, B. O. Bates, G. F. Kennedy, E. M. LeBlanc, G. Campbell, A. Doyle, R. B. NEW HAS HYDRO.

Newcastle hooked up with the Hydro-Electric service Saturday. This is the first town to receive the benefits of the power generated at the falls on the Nepisiquit River. The town has previously been lighted by means of a steam power plant. The new service seems to be an improvement over the old.

SIR ARTHUR PEARSON DROWNED IN BATH

Sad Fate of President of the National Institute for the Blind.

London, Dec. 9.—Sir Arthur Pearson, aged 55, is dead as the result of an accident at his home here. While in his bath he slipped, striking his head against a faucet. Stunned, he fell into the water and was drowned before aid could reach him.

GOOD TIMES ARE COMING

Visiting Real Estate Men Optimistic re Outlook—Good Times Near.

(Toronto Mail and Empire.)
Confidence predictions that Canada is about to enter upon a period of great prosperity and development marked a number of addresses delivered at the monthly meeting of the Toronto Real Estate Board, held last evening at Bingham's. Representatives of various real estate boards in cities throughout the province were guests of the Toronto Board, and the remarks of all of those were marked by an optimistic outlook on the future of the dominion.

Noteworthy among these was the address delivered by Alexander Simms, of Windsor, Ontario. Real estate business during the past twelve months had suffered somewhat of a slump, but he asked his hearers to remember that these times of depression were the stepping stones to greater development.

"We are at the present time," he went on, "at the parting of the ways. We are practically the only country in the world where American capital can be invested with reasonable safety. Here we are next door to a country which has millions of dollars stored up, and money isn't earning very much when it is stored up."

"I am told, and I believe it is true, that we can manufacture as cheaply in Canada as in the United States. Just the other day an American manufacturer told me that they intended coming into Canada because of the preference within the British Empire. Is there any thing to stop an era of prosperity all over Ontario?"

A Fair Exchange.

Martha—I thought you told me that you wouldn't give away that secret I told you last night.

Martha—I didn't give it away. I exchanged it for another one and an ice cream soda.

ENTERTAINMENT MUCH ENJOYED

Mr. Spicer Assisted By Local Talent Delighted Large Audience.

Mr. Earl Spicer, assisted by local talent, delighted a very large audience at the Opera House, Tuesday evening.

Mr. Spicer has earned a reputation as a vocalist, second to none in eastern Canada and delighted the audience and was enthusiastically received.

Miss Nita MacDonald who gave two numbers was as usual well received and enjoyed.

Miss Ruth Anslow, rendered a violin solo in a very pleasing manner and received merited applause.

The entertainment was held under the auspices of the Ladies' Aid of the Wesley Methodist Church and was very successful in every respect.

STOLE HORSE.

On Sunday night some person entered the stable of Mr. N. Bernatchez, situated just in the rear of his dairy on Roseberry Street, and took out his horse. After having given it an exceptionally hard drive he returned it to the stable, but paid no attention to properly caring for the animal. Just what hour the horse was returned is unknown, but on Mr. Bernatchez's arrival at the stable in the morning he found it in a very precarious condition, and had but little hope of its recovery. On Monday the horse was unable to stand, but Tuesday showed signs of improvement, and today Mr. Bernatchez reports the horse as considerably improved.

HOCKEY SEASON OPENS DEC. 30

Chatham vs. Campbellton At the Rink Here—The Schedule.

The hockey season will open off with a game in the Campbellton rink between Campbellton and Chatham. The games will be played as follows:—

Friday, Dec. 30th.—Bathurst at Shediac and Chatham at Campbellton.

Friday, Jan. 6th.—Shediac at Campbellton.

Saturday, Jan. 7th.—Shediac at Bathurst.

Wed. Jan. 11th.—Bathurst at Chatham and Campbellton at Shediac.

Thursday, Jan. 19th.—Chatham at Bathurst.

Wednesday, Jan. 25th.—Shediac at Chatham.

Friday, Jan. 27th.—Bathurst at Campbellton.

Thursday, Feb. 2nd.—Campbellton at Bathurst and Chatham at Shediac.

Feb. 8th.—Campbellton at Chatham.

He never went on a hunger strike, but hunger struck him help of times. Wesley Barry is at his best in "Dinty." See him at the Opera House next Wed. and Thurs.

What Cupid and the Cops couldn't do, Dinty did when it came to rescuing a girl from Chinatown.

"FAIR PLAY" MAKES APOLOGY

Retracts Statements Made in Recent Issue of The Tribune.

The following letter appeared in yesterday's Tribune:—

Campbellton, N. B., 12th Dec. 1921.

To The Editor Tribune:—

Sir,—Regarding my recent letter to you concerning criticism of Councilor Belle-le-le by the Editor of the Graphic, etc., I have since come into possession of further information which leads me to withdraw my reference to the "Bookstore" incident of Brick Fund and in any other part of said letter character of Mr. Anslow.

"Trusting you will find space for this and give it the same publicity as my previous letter."

I am, etc.

As the writer of the above called personally and man fashion apologized for his indiscretion in writing the letter which formerly appeared in the Tribune we have decided to let the matter drop.

We may add that this party had more naivete than Mr. D. A. Stewart who on the hustings in 1917 made a similar statement but never had the courage or manliness to acknowledge his statements so that he could be brought to account for same or apologize for uttering same.

Mystery, romance, drama, thrill—and quicker action than a Riot Squad turn-out—that's "Dinty"! At the Opera House next Wednesday and Thursday.

S. M. HOSPITAL NEARLY READY

Final Touches Being Put on Interior and Furnishings Ordered.

The Soldiers' Memorial Hospital is rapidly nearing completion, but there is considerable work yet to be done and a considerable amount of money has yet to be raised.

The following is the financial statement of Nov. 30th:—

Building and Grounds.	\$58,951.44
Cash rec. on acct.	882.90
From Cash rec. on acct.	24,500.00
Money borrowed from Bank	25,000.00
	\$109,274.34

Dr. Cash paid out for all purposes \$96,498.16

Estimated amount required to complete building including elevator 21,974.56

Additional cash required to complete building 9,798.78

Cost to furnish exclusive of X-Ray room 14,000

Amount pledged by Societies and individuals for furnishings 7,582.00

Amount in hands of Ladies' Aid 6,000.00

Additional cash required for furnishings \$418.00

Grand total required to furnish and furnish \$9,616.38

The amount pledged provides for all the wards both public and private, the nurses' sitting room and bedrooms, and the dining room.

As you will see by the above statement, the Board requires in addition to the \$25,000 already borrowed, the sum of \$9,616.38 to finish and furnish the building. This amount is exclusive of the X-Ray room which will be furnished later.

The Board will be very grateful to those who have not already paid in the amount of their subscription if they will hand it to the Secretary, Treasurer, Mr. A. A. Andrew at an early date, as they are anxious to open the hospital with no greater debt than the \$25,000 already borrowed.

The Building Committee expected to have the building ready for occupancy by February 1st but it now looks as though it would be March 1st, before it can be opened.

Fun fellows Dinty, while Dinty follows thrills. Don't miss "Dinty" at the Opera House next Wed. and Thurs.

DECLARATION DAY PROCEEDINGS

Big Crowd Gathered At Court House, Dalhousie on Tuesday.

Tuesday was Declaration Day for Restigouche-Madawaska and a big crowd gathered at the Court House, Dalhousie to hear the final result of the poll held Dec. 6th.

James E. Stewart, the returning officer reported the vote as follows:—

Restigouche.	4116
Michaud	1468
Montgomery	2648
Michaud's majority	4377
Michaud	283
Montgomery	4094
Grand Total.	8493
Michaud	1733
Montgomery	6760
Total majority for Michaud	4740

Pius Michaud was declared duly elected.

At the close of the Declaration meeting proceedings a public meeting was held. Mr. John Harguail was chosen chairman. Both candidates addressed the electors as did Mr. A. T. LeBlanc and Mr. Harry McEvoy.

ANOTHER PRIZE FOR RESTIGOUCHE

Mr. R. L. Hicks' Dairy Cow Carries Off Maritime Championship.

Mr. Hicks deserves to be congratulated upon his success in breeding dairy cattle.

FISHING LODGE BROKEN INTO.

On Sunday, Dec. 4th, a fishermen's lodge at Flatlands was broken into and a shot gun and a quantity of clothing stolen. The local policemen who have been working upon the case, have so far recovered the gun from a town resident who recently purchased it from a party now supposed to be working in the woods. An arrest is likely to be effected within a few days.

Milk for Sale at LeBlanc's Grocery.

FUNERAL NOTICE.

The funeral of the late Thomas Carter will be held from the residence on Windsor Street, tomorrow (Friday) at 2 p.m.

COLORED YOUTH, SHOT AT

TRURO, DIES OF WOUNDS

C. N. R. Officer Says He Only Intended to Frighten the Lad.

Truro, N. S., Dec. 12.—George Hamilton, the 16 year old colored youth, who was shot by I. C. R. Police Officer, Amos Ogden, Friday evening in the railway yards here, died at the hospital in Halifax Saturday.

Ogden, who says he only intended to frighten Hamilton, whom he thought was trying to break into a car, surrendered himself to the Police Magistrate here and was released on \$2,000 bail.

WASHINGTON CONFERENCE.

Since the opening session of the disarmament conference at Washington many and varied have been the criticisms voiced, not only by the skeptical public, but also through numerous sections of the press. As far as the public is concerned, their pessimism is founded largely on delusion. Someone made the mistake of referring to this great meeting of international statesmen with international interests at heart, as the "Washington Arms Parley" and this appellation seems to have been responsible for the public's misconception of the real nature of this momentous discussion of world problems.

To many the Washington conference is merely a friendly chat about war and its various attachments without any particular objective in view, just as one would discuss with a friend at the club, the opening of a new play or the possible price of his Christmas turkey. Others, on giving the conference a momentary thought, seem to visualize something similar to a "smoker" of their local O. P. Q. society and are content to let it go at that.

On the other hand, many who regard the conference as a political discussion of serious import, have a lengthy list of problems drawn up which they claim should be given immediate attention, not realizing that, were their plan adopted, we would simply be putting a clean collar on the world without first washing his neck. But the leaders of the conference have wisely chosen to face the bigger issues of the day first and by their judicious settlement insure, in a large measure, the eventual successful disposal of all minor problems.

Up to the 13th instant one might be excused for skepticism, but with the signing of the great "four-power peace pact" pessimism becomes an unworthy and unfounded sentiment. With this great quadruple peace agreement an accomplished fact the conference has achieved, in its very beginning, what seemed almost an impossibility. With this evidence of success, we have every reason to believe with President Harding that the

conference will ultimately prove a success which will eclipse even our highest hopes.

THE INTERCOLONIAL RAILWAYS

That portion of the present Canadian National Railway System which was long and familiarly known as the Intercolonial is essentially a Maritime Province road, and although of the utmost value and importance to the entire Dominion in giving the central Canadian provinces a necessary connection with the provinces by the sea, it must be remembered that just as Montreal and Toronto have jealously continued to lay claim to the head offices of the C. P. R. and the Canadian Northern and other roads respectively, so have the people of the Maritime Provinces always regarded the Intercolonial as having its chief activities in the far East, which they very naturally consider as a Maritime Province road, to be managed in the future, as for so many years in the past, in one of its own large centres of activity, and preferably at Moncton. There is no doubt that practical men everywhere will hold that railways are more readily operated from their own neighborhood than from some other point hundreds of miles away from them. It is for this reason that the Telegraph believes that the administration and management of the Intercolonial Railway should be left with the Maritime Provinces and with mechanical and other headquarters at Moncton, and this is the course which it is consequently suggested should be followed under the forthcoming administration of the Hon. Mr. Mackenzie King, in the matter of the management of the national railways.—Quebec Telegraph.

HINTS FOR NIMBLE FINGERS

Useful Things Which Can Be Made For Christmas Gifts.

Goodness gracious here comes Christmas again! And most of us, in spite of our resolutions of former years, in spite of the Society for Prevention of Useless Giving which we have more or less consciously joined, find that our Christmas lists are about as usual. After all, it is hard for those who have the time and ability to make attractive gifts to refrain entirely from their fashioning. And it is really great fun to see just how far one can go on a little outlay of real money. I have in mind one very clever girl, who, having moved to a distant city during the year, found herself rather put to it to make attractive gifts for her absent friends and relatives. So she sat herself down in front of her trunk, hauled out an evening dress which she seldom wore, and firmly took the skirt off. This she pressed and renovated. Then she rummaged until she found a few pairs of long gloves of former gay days. These she cut off to make new gauntlet ones for street wear, and the tops she put with the satin undergarments. A few scraps of colored ribbon, some green leaves and a bit or two of silver tinsel were made into flowers and pressed flat with a warm iron. The glove tops were covered with envelope folds of the satin and wreaths of the tiny flowers were put on the flaps. Result, twelve as dainty jewel cases as one could want; cost, nothing but the postage to send them. With the satin which was left, she made a few sachets for hat crowns, tacking them with wool and working a cross-stitch nosegay in the center. This girl was not one with clever ideas than many who will read this article; her necessity simply helped her through.

It is a very good plan to stick to one kind of gift when making a number, for one can get a remnant of goods which made up in different styles, will do for several gifts. For instance, suppose one decided to make a number of table runners. A bolt

of braid in dull gold, a short length of tapestry and a scrap of velvet will cost but a few dollars, and from all of this can be made three or four stunning covers.

A yard of wide net will make six breakfast caps with twelve yards of narrow lace to trim them. Pleated ruffles of the net really cost less than lace, however, and in that case the net will make three caps, the other being used for trimming. Small chiffon flowers, wired butterflies and shirred ribbon bow motifs are ways of trimming.

A luncheon set of cream colored crash would be very pretty hemstitched in rose or light blue thread.

The luncheon cloth should have a hem about two inches wide, and the six napkins may be hemmed wide or narrow to suit the designer. Jan.

hemstitching split, is more effective than the regular kind, and also with stands laundering better. To explain more closely, one takes five or six threads when making the first round of stitches. The second time, instead of taking up the same threads, one takes half of one group and half of the next, thus making a crossed effect, which is very pretty.

Ordinary button apoles, which cost only a few cents a dozen, may be en-

ameled in black and combined with glass beads of bright color to make ornamental tassels for window shades or cushions. In case a long tassel is desired, one of wool may be added to the bottom of the malds.

Pincushions which sell for way up yonder in the shops may be copied at home by using old pieces of silk and velvet, which are in every woman's work basket. They have of georgette crepe and designs of colored-headed pins are used with marvelous effect.

Covers for the lower part of the canary's cage are made of pale grey china silk bound in black and tassel in wool of bright shades.

OBITUARY.

The death of Mr. Thomas Carter, one of our most respected citizens, took place at his home here yesterday afternoon at 5.30 o'clock.

Mr. Carter was born in Charlotte-town and came to Campbellton about thirty years ago. Up to the time of the Campbellton fire in 1910, he ran a confectionery store. He has acted on the School Board as well as being a member of the Board of Health.

Deceased, who was 73 years of age, is survived by a widow, two sons, Percy at home and Carey of Prince Albert, Sask., and two daughters, Helen at home and Joan of Winnipeg. The sympathy of all goes out to the bereaved family.

William Mann, Sr. The death occurred on Dec. 8th of William Alexander Mann of Mann's Mountain. The deceased was in the eighty-first year of his age and was one of the oldest and best known residents of Upper Restigouche.

For nearly a year Mr. Mann had been almost entirely confined to his bed and for the last few months had been growing rapidly weaker. The end was not unexpected.

The funeral was held on Monday, Dec. 12th from the residence of Mr. Leslie Farrar, Mann's Mountain and was very largely attended. The Rev. J. S. Harrington conducted the services, the interment being at St. Paul's Cemetery, Dawsonville.

IS PROMOTED.

NO "DROUGHT" HERE!

Dorothy C. J. Veniot of Bathurst performed two successful operations "in particular" this week. For a long time past, Mr. J. A. Payne (Grocer and Food Merchant), and Mr. F. L. Lear (Journalist) have suffered with dropsy, the latter having been confined to bed for two months now.

Dr. Veniot tapped him for 2 1/2 buckets of surplus water and removed 7 1/2 buckets full from Mr. Payne. Both patients are progressing well. One of them has learned to recite "Little Drops of Water", while the other tells the story of the "Deluge"—up to date! Mr. Lear's many friends in Campbellton will be glad to hear of his improving condition.

IN NEW QUARTERS.

Dickie's Harness Shop is moving into new quarters in the Belanger building, opposite the Post Office to-day.

MANY POOR.

Certain sections of the town are overrun with poor people asking for clothes or food. If there are so many poor in Campbellton, adequate arrangements should be made to attend to their needs. The indiscriminate begging from door to door should not be allowed or should it be necessary. It has many bad features.

IN MEMORIAM.

In fond and loving memory of my dear wife, Mrs. Maud, died Dec. 8th, 1921.

ARE YOU ONE?

A woman who was too economical to subscribe for the Graphic sent her maid to borrow the paper. The maid, on account of lack of knowledge of the locality, and the distance from telephone or telegraph line, it was Tuesday before the vessel's difficulty was reported. The party sent ashore suffered severely from exposure. Assistance of a tug to tow the ship to a safe anchorage has been asked for from his anatomy and ruin of a five-dollar pair of pants. The old cow took advantage of the gap in the fence and got into the cornfield and killed herself eating corn. Hearing the racket the mother ran, upset a four gallon churn of rich cream into a basket of kittens, drowning the whole litter. In her hurry she dropped and broke, but all hope of rescuing a twenty-five dollar set of false teeth. The baby left alone crawled through the spilled cream and into the parlor, ruining a twenty-dollar carpet. During the excitement the old

maid, the dog broke up eleven setting hens, and the calves got out and chewed the tails off of four fine chicks. All to save \$2.00.

Moral: Subscribe for this paper at once and protect yourself from such calamities.

The herd consists of choice Holstein Cows, some of them producing milk over 60 (eighty) lbs. of milk per day, equivalent to eight gallons testing 4 degrees Butter Fat. Mr. Hicks puts his cows on official tests every year to determine their ability as producers, he is thereby able to practice selection and cull out the poor individuals. It is by following this system for the past twelve years that the Maple Green Herd has been able to win the Grand Championship in the dairy test at Amherst in 1920 and make official records which puts the herd up amongst the outstanding ones of Canada.

The last official records were made during the week of Nov. 28th.

The results for four cows were as follows:

Lady Belle Mercedes—5804 lbs. milk for 7 days; 22.18 lbs. butter fat 27.72 lbs. butter.

Abbecker Queen Rooker—5526 lbs. milk; 21.36 lbs. butter fat; 26.69 lbs. butter for 7 days.

Mercedes Homestead Lass—471 lbs. milk; 19.79 lbs. butter fat; 24.74 lbs. butter; in 7 days.

Milly Pontiac Sadie—519.5 lbs. milk; 17.50 lbs. butter fat; 21.88 lbs. butter in 7 days.

The above gives an average per cow of about fifty-three gallons of milk containing twenty-five and a quarter lbs. of butter in seven days. This is certainly an achievement worthy of note as the average production of cows in Canada is about five times less.

Production however is not the only business at Maple Green Farm. The marketing of milk is another, and it was for this purpose that Mr. Hicks built a dairy adjoining the barn, which, though simple in construction, is a model in itself for the efficient and sanitary handling of milk. It contains a steam boiler outfit, which supplies steam for sterilizing all milk utensils and operates a rotary brush bottle cleaner. With this apparatus all milk containers are kept absolutely clean. The milk itself is handled with utmost care, only sterilized pails are used for milking, and immediately after it is drawn it is strained, then cooled in a tank of running water which is a few minutes reduces its temperature to about 45 degrees, thus preventing the development of bacteria, which may happen to infect the milk.

With this system the Maple Green Farm is able to deliver to its customers real milk, milk that one is not afraid to drink, milk that will help to eliminate sickness and disease in the family.

For more fully home against the cold, don't you? But because you expect the best in a situation in case a few per cent. The best insurance you can buy is the highest quality milk.

The steel tanks installed at Maple Green recently had a survey made, with a resulting recommendation that they be kept in the best of condition.

SHIPS IN TROUBLE

OFF SHIPPEGAN

The Bethlehem, from Sydney
Losses Rudder—In Danger if
Southeast Storm Comes

Moncton, N. B., Dec. 8.—A dispatch from Bathurst to the Transcript says:

The steamer Bethlehem, with a cargo of coal from Sydney for Campbellton, lost her rudder while on Shippegan, and was compelled to anchor and wait for assistance.

The vessel is typical of the class of Shippegan Island and is in no danger unless a southeast storm should blow her ashore.

The ship met with the accident on Monday and the captain landed a party to look after the vessel, but on account of lack of knowledge of the locality, and the distance from telephone or telegraph line, it was Tuesday before the vessel's difficulty was reported. The party sent ashore suffered severely from exposure. Assistance of a tug to tow the ship to a safe anchorage has been asked for from his anatomy and ruin of a five-dollar pair of pants. GUARANTEED MILK

Campbellton can now boast of at least one ideal dairy supplying part of its milk requirements. Would that all who control to a great extent, the very life of their customers by supplying them with milk, equip their barns and dairies like the Maple Green Farm and put on the market a product that is clean, good, wholesome and sanitary.

Without any doubt the Maple Green Farm owned by R. L. Hicks, Dalhousie, is the most modern dairy in New Brunswick, and one of the best equipped in the Province for the production of sanitary milk.

It has always been Mr. Hicks' ambition, since he bought the Maple Green Farm some fifteen years ago, to equip it with machinery that, not only would save labor, but that would enable him to put on the market a product that he could back up with a guarantee.

To-day his hopes have materialized, and he sure is deserving of a lot of credit for he has not only bettered his own situation but has paved the way for others in the same business.

When visiting the Maple Green Dairy Barn, the first thing that takes one's attention is its roominess. A cement floor, large alley ways and plenty day-light are other features. There is but one row of cows, and these are tied in stanchions. They are always well provided with straw bedding, and are cleaned three times each day. These last features are essential for the production of clean milk.

The herd consists of choice Holstein Cows, some of them producing milk over 60 (eighty) lbs. of milk per day, equivalent to eight gallons testing 4 degrees Butter Fat. Mr. Hicks puts his cows on official tests every year to determine their ability as producers, he is thereby able to practice selection and cull out the poor individuals. The milk itself is handled with utmost care, only sterilized pails are used for milking, and immediately after it is drawn it is strained, then cooled in a tank of running water which is a few minutes reduces its temperature to about 45 degrees, thus preventing the development of bacteria, which may happen to infect the milk.

With this system the Maple Green Farm is able to deliver to its customers real milk, milk that one is not afraid to drink, milk that will help to eliminate sickness and disease in the family.

For more fully home against the cold, don't you? But because you expect the best in a situation in case a few per cent. The best insurance you can buy is the highest quality milk.

The steel tanks installed at Maple Green recently had a survey made, with a resulting recommendation that they be kept in the best of condition.

The Maple Green Farm is a model in itself for the efficient and sanitary handling of milk. It contains a steam boiler outfit, which supplies steam for sterilizing all milk utensils and operates a rotary brush bottle cleaner. With this apparatus all milk containers are kept absolutely clean. The milk itself is handled with utmost care, only sterilized pails are used for milking, and immediately after it is drawn it is strained, then cooled in a tank of running water which is a few minutes reduces its temperature to about 45 degrees, thus preventing the development of bacteria, which may happen to infect the milk.

"DINTY" WILL MAKE A SENSATION

Most Successful of All Marshall Neilan's Productions—Wesley Barry the Star.

The attraction of the Opera House next Wednesday and Thursday, will be "Dinty," in which young Wesley Barry makes his bow to the picture-loving public in his most actual starring vehicle, directed by Marshall Neilan, who also wrote the story.

Advance reports state that the freckle-faced youngster of "Judy Long Legs," "You're Ever Harry" and "Go and Get It" has in this latest film made the finest performance of his brief but brilliant career.

At any rate, Mr. Neilan has surrounded Wesley Barry with an excellent cast of players, including such favorites as Colleen Moore, J. Barney Sherry, Marjorie Daw, Pat O'Malley, Noah Berry, Tom Doolley, Kate Price, Tom Wilson and Newton Hall.

The balance of the cast includes Walter Chung, a young Chinaman, and Aaron Chung, a pikaninny, who plays the part of Barry's chums in "Dinty."

"Dinty" is the tale of a fighting San Francisco newsboy, "Dinty" O'Sullivan. It deals with his rise to the head of the Newsboys' Trust, and the prominent part he plays in running down a band of Malay highlanders who have stolen the assistant district attorney's fiancée. Pathos, humor, romance and adventure are the four elements that Marshall Neilan has woven into the plot.

"Dinty" has made many thousands of laughs and thrill all over the continent and after next Wednesday and Thursday it is safe to say Wesley Barry will be safely enthroned as the king of juvenile actors in the hearts of Campbellton theatre-goers.

Moncton, Dec. 11.—"If I succeeded on many occasions in holding back the enemy these successes were in no small degree due to the bravery and activity of the Canadian corps which was always ready. When at times of critical import it seemed that the troops were almost ready to die with fatigue and it still became necessary for me to call for troops to a dangerous point to repel the enemy, the Canadians were always first to volunteer for the service and in some way they always managed to be on the spot when they were needed. This was not merely owing to the fact that they had such commanders as General Currie, but to their own indomitable spirit and courage."

This was the remarkable tribute to the Canadian Corps paid by Marshal Foch in an address given at His Majesty's Theatre here this afternoon when he was a guest of honor of the Montreal Canadian Club. Many coats and hats suffered but no one was injured in the tremendous rush that followed the opening of the doors of the theatre for the reception of the distinguished visitor. Overseas officers blazing with decorations filled the stage and Marshal Foch was almost inconspicuous among them. He was accompanied by General Sir Arthur Currie and Lieutenant Colonel A. A. Magee, president of the Canadian Club, and several minutes were taken up in cheering when he arrived.

That it was in no small degree due to the Canadians that the Germans had not hacked their way through to Paris in 1915, was another point made by the speaker.

The final appeal was met with a cry of "En Avant" from their commander, General Currie.

The Marshal was subsequently entertained at the Windsor Hotel by the Alliance Francaise, following which he was entrained for Quebec City.

Huge Artificial Lake.

Writing from Peking, a missionary of the China Inland Mission states:

"This inland lake how measures some sixteen miles by 160, and is dotted with islands of high ground, all of which are covered with men and animals, clinging desperately to their cramped resting places. Pandemic disease is rampant, and the sufferings of the survivors."

At Pochow, in the Province of Anhwei, it is stated that holes would have to be made in the city walls in order to let out the water which had accumulated within the city, which in some places was covered with water almost six feet deep.

NOTABLE TRIBUTE
TO CANADIANS

In No Small Degree Due to Can-
adians That Germans Held
Back in 1915.

Moncton, Dec. 11.—"If I succeeded on many occasions in holding back the enemy these successes were in no small degree due to the bravery and activity of the Canadian corps which was always ready. ANOTHER FAMINE
MENACES CHINA

Stricken Country Now Suffers
From Too Much Rain—
Worst Flood on Record.

Jose upon the heels of the famine last year carried off tens of thousands of Chinese, China is again, according to reports received in Toronto from missionaries of the China Inland Mission, faced with another black winter of destitution. In the provinces of Anhwei, Honan and Kiangnan excessive rains and cloud-bursts have produced what looks to be the most destructive flood on record.

Many Lose Lives in Flood.

Dikes guarding lines of the Tientsin-Pukow Railway have been swept away, carrying with them about ten miles of railway track, and resulting in tremendous loss of life. Thousands of houses have been swept away and autumn crops destroyed.

Typhoons and the swollen river have put the district of Yangchow and Chekiang, in the Province of Kiangsu, in a precarious condition. These cities are stations of the China Inland Mission, and are stationed by several North American workers. From all of these provinces come reports of continuous heavy rainfalls. The dead cannot be buried, and, according to reports, it is likely that pestilence will add to the horrors of the situation.

The district most seriously affected seems to be that a little north of Peking, in Anhwei. There the water stands at about sixty-five feet above sea level. The region is like a shallow basin filled with flood water, covering all except the highest points of land.

Huge Artificial Lake.

Clever Lloyd George.

Two men were discussing who was

England's cleverest man. Said one:

"I say Lloyd George is!"

"Yes," was the reply. "You would have to get up early to take him down."

"Ay," said the first speaker. "And when you got up early, you would find he had been up all night waiting for you."

Questioning the Case.

The Ambulance Surgeon—Are you married?

The Victim—No; that was an auto-

mobile that hit me.
