THREE WEEKS IN AGONY.

Inflammatory Rheumatism so Acute He

Could not Attend to His Daily Duties—

Three Weeks in Agony in Pain When

That Good Remedy of all Cures, South

American Rheumatic Cure, Passed His

Way—It Helped in a Few Hours and

Speedily Cured—Cost 25c.

Mr. E. A. Norton, a well-known

citizen of Grimsby, Ont., was severely

attacked with inflammatory Rheuma-

tism some 20 years ago—After a time

he recovered, but five or six weeks ago

the dread ailment returned so violently

that he had to give up work. For

nearly three weeks he lay in bed suf-

fering terrible agony. Another resi-

dent of the town who had been cured

by South American Rheumatic Cure

persuaded him to try it, and, to his

great surprise after using the medicine

but one week he was so far recovered

as to be able to go about town. From

the first dose taken he felt marked

improvement, and to day he is most

enthusiastic in singing its praises. No

case too severe for South American

hours, and cure permanently. Sold

A DEFENCE OF MR. HORNER.

Editor Reporter.

SIR.—As you have been quite gen-

erous in giving space for anything

that would have a tendency to cast

reproach on the Holiness Movement,

you will no doubt be willing to pub-

lish something that may be in its

defence. The policy of the Movement

and Mr. Horner in particular has been

to ignore any slanderous reports that

may have been circulated about them.

There has been a great deal of such

which has simply been the product of

bitter prejudice and evil imagination,

and people that are in the main cred-

ible and truthful have repeated it re-

gardless of its truth or origin.

I feel it my duty to explain matters

in regard to Mr. Mallett's conduct

while connected with the Move-

ment and throw some light on Mr.

Horner's relationship to the Rochester

Conference. When he applied to that

conference for ordination their disci-

pline was not read to him and he did

not accept of it. His name was on the

list of those who were to be ordained

at the Rochester Conference, and

therefore he was a member of the

conference. The Rochester Conference

has no authority to question Mr. Hor-

ner's action in dismissing Mr. Mallett,

providing he did so in a correct

way. Mr. Horner and Mr. Mallett

were amenable only in regard to mi-

norial conduct.

The facts are as follows: When

Mr. Mallett sought admission into the

Movement, he was subjected to a very

rigid examination, and he went in

with a full knowledge of the rules and

of the authority he was under. He

was sent to Inverary circuit, where

there was quite a numerous society

and some still wished to join but

could not on account of the rules be-

ing too exclusive on some points, as

they thought. Mr. Mallett proceeded

at once to get the society into a state

of revolt. He wrote to Mr. Horner

on this line and in effect said he could

not work under the rules of the Move-

ment as they were. Instead of cruelly

forcing Mr. Mallett in a matter that

was not congenial to him, Mr. Hor-

ner very generously relieved him from

it. Another man was sent in his

place and things were soon restored to

a state of harmony. If Mr. Mallett

had any grievance, he should have

applied for redress to the Movement

to whom Mr. Horner is responsible

in matters of this kind. But, instead

of this, he wrote letters to the news-

papers which were both bad in spirit

and misleading in their accounts of

the case. A committee of the Holly-

ness Movement was appointed to in-

vestigate the matter and enquire into

the merits of it, and after doing so

they exonerated Mr. Horner from any

blame. They were no doubt in a

very proper position to judge of the

case. The R. Chester Conference was,

as the Conference no doubt had evi-

dence that "was one-sided and exagger-

ated. The committee of the Movement

judged the case from the standpoint of

their own discipline and manner of

enforcing it, and not from the stand-

point of love or methods that may exist

elsewhere.

The question is being asked, what

will Horner do now? Well, he will

go on and so will the Holiness Move-

ment. It has been going through a

sitting process which no doubt will

be greatly to its advantage. It has a

higher aim than to merely gain

numerical strength.

I will say in conclusion that this

letter is written from an independent

standpoint, and not by the request of

any person or society. Thanking you,

Mr. Editor, for the space afforded, I

am yours truly,

JUSTICE.

EXPOSURE BROUGHT ON AN AT-

TACK OF RHEUMATISM.

Nervousness and Stomach Troubles Fol-

lowed—Sleep at Times Was Impos-

sible—Health Again Restored.

The little village of Petticoat is

situated in the South-easterly part of

New Brunswick, on the line of the

Intercolonial Railway. Mr. Herbert

Yeomans, who resides there, follows

the occupation of hunter and trapper.

His occupation requires him to endure

a great deal of exposure and hardship,

more especially when the snow lies

thick and deep on the ground in our

cold winters. A few years ago, Mr.

Yeomans tells our correspondent, that

he was seized with a severe bilious at-

tack and a complication of diseases,

such a sour stomach, sick headache and

rheumatism. Mr. Yeomans' version

of the facts are:—"I became very ill

and suffered the most excruciating

pains in my arms, legs and shoulders,

so much so that I could not rest in

any position. I frequently could not

sleep nights, and when I did I awoke

pressed. My appetite was very poor,

and I ate anything at all, no matter

how light the food was, it gave me a

bad, heavy feeling in my stomach,

which would be followed by vomiting.

I suffered so intensely with the pains

in my arms and shoulders that I could

scarcely raise my hands to my head.

I tried different remedies, but all to

no purpose. A neighbor came in one

evening and asked "have you tried Dr.

Williams' Pink Pills?" I had not,

but then determined to try them, and

got a box, and before the pills were

all gone, began to improve. This en-

couraged me to purchase more and in a

few weeks the pains in my shoulders

and arms were all gone and I was able

to get a good night's rest. My appe-

tite came back and the dull, listless

feeling left me. I could eat a hearty

meal and have no bad after effects and

I felt well and strong enough as though

I had taken a new lease of life. My

old occupation became a pleasure to me

and I think nothing of tramping 18

or 20 miles a day. I know from ex-

perience that I fully appreciate the

wonderful results of Dr. Williams' Pink

Pills as a safe and sure cure and

would urge that all afflicted with

rheumatism or any other ailment, to

try Pink Pills as they create new

vigor, build up the shattered nervous

system and make a new being of you.

Mr. Reich, who lived in the adjoining neighborhood, Mr. Richard Irwin is a son of Mr. John Irwin of this place. John Stewart of Lake Elzaida made this place a brief call last week. One of our bloods occasionally takes trips to Point Edward on Sunday evening.

Wm. Moorehouse, who is employed as a clerk in a leading dry-goods house in Brockville, is very ill at his father's, John Moorehouse, of this place. The doctor has given up hope of his recovery, as he is an indolent fellow. The cows have now about reached their flow of milk.

There are some of our farmers predicting a light hay crop this year, which we hope will not be, as the two previous years were so poor for hay.

Our prominent gentleman, C. J. Gilroy, is to attend the conference which will take place in the city of Ottawa, next week.

FRONT OF YONGE.

MONDAY, May 31.—Mr. Robt. Peole has been ill for some time with rheumatism. We passed by Orchard Villa not long since and discovered that the lath-sting had been pulled in. Mr. Joseph Hall has purchased 30 acres of land, which has greatly improved his large farm in Jutewoon.

There are still on the road some few traps who have not shed their old coats. Mr. D. Ladd is at present cultivating a small farm for Mr. James Ferguson.

The Rev. Mr. Reynolds, pastor of the Methodist church, is now attending conference. Charleston is the best fishing ground in America.

Gloom Vale is looking more pleasant since Mr. H. Burch removed to that quarter. Sheatoun will have many visitors this summer. The locality is very inviting during the fishing season.

NORTH AUGUSTA.

MONDAY, May 31.—The 24th passed off very quietly. Miss Emma Connor is visiting friends in Brockville.

Our school teacher, Miss Hughes, spent the holidays at her home in Ottawa. Mr. Frank Chapman of Brockville, is spending a few days here, the guest of Mr. Geo. Chapman.

Mr. J. Fournell is making preparations for opening a photograph gallery here. He is having a room over T. W. Ralph's store fitted up for the purpose.

A number from here attended Sousa's Band at Brockville and report a good time. Miss Fanny McLean who has been taking lessons on the pipe-organ, during the past winter at Deseronto, is home again.

Mr. Geo. Chapman, who has been appointed Lieut. Colonel, and also Mr. B. Connor, 2nd Lieutenant, are going camping with the soldiers. A number of the youth have also been named.

The Band has been engaged to play at the Foresters' picnic at Fairfield on the 8th, and also at the Workmen's picnic at Bishop's Mills on the 22nd. They intend getting new uniforms.

MALLORYTOWN.

MONDAY, May 31.—Mr. A. H. McLean of Yonge's Mills, paid the village a business call a few days ago. Mrs. J. A. Frazer of Sandringham is visiting friends and relatives here.

S. V. Andrew and wife paid Brockville a business visit on Thursday, and report that business is successful. Mrs. Williams of Peole's resort is visiting her daughter, Mrs. S. A. Guild.

Rev. Mr. Reynolds, being absent at conference, no service was held in the M. E. Church on Sunday. H. McDonald, our popular young merchant, is doing a first class business in his line of general goods.

Albert Jordan has just completed his contract of decorating Wm. Guild's residence. Owing to the inclemency of the weather, many of our young and gallant Sons of Temperance were hindered from visiting a sister lodge on Saturday evening.

Miss E. Gibson of Brockville is spending a few weeks with her parents, Mr. and Mrs. Alex. Gibson. She is attending visiting Gananoque before returning.

Mr. and Mrs. Boggs of Gananoque and Mr. and Mrs. J. A. Root of Milltown spent Sunday the guests of Mr. C. Root. Our popular painter and decorator, Mr. Albert Jordan, has secured a three weeks contract of re-furnishing the summer residences of Mr. Robt. Peole and Mr. A. W. Fleck, of Peole's Resort.

This earth possesses no more healthier place to reside in than Malloxytown. In fact, deaths are so few and far between that our only undertaker, Mr. Isaac Cole, has decided to remove to Smith's Falls. This shows that our two doctors are not in league with the undertaker, but that their pills prove his bitterest foe, and this speaks volumes in their favor. Mr. Thom Malloxy has purchased the business of the retiring undertaker.

SOUTH LEEDS REFORM CONVENTION

A Large and Enthusiastic Gathering of Liberals Meet at Athens in Annual Convention.

One of the largest and most enthusiastic meetings ever held by the Liberals of South Leeds met in the township hall, Athens, on Monday, 31st May. The R. & W. train from Westport brought down a goodly number from Westport and other villages along the line. The Gananoque contingent came to Lyn on the G.T.R. and drove out from there. As this was the first meeting of the Association at Athens, the Liberals of the village took extra pains to entertain the visitors. The town hall was nicely decorated with flags and every available foot of space was filled with seats. The room proved far too small for comfort, as large numbers had to stand and many could not even get inside the building. Punctually at 1 o'clock p.m. the chair was taken by Mr. W. J. Webster, the vice-president of the Association, with W. F. Daley at his right hand as secretary.

On the platform of the village took place the annual conference in session at Ottawa. On Sabbath next the services in the Methodist church will be conducted by Rev. W. R. Varren of Lansdowne. Wool Wanted.—Jas. Gordon of the Athens Woolen Mill will pay the highest price in cash for well offered.

Rev. J. Scanlon, pastor of the Methodist church, is this week attending the annual conference in session at Ottawa. 25 Ladies' Caps—fawn, brown, navy and black—\$1, \$1.25, and \$2 at Beach's.

Mr. A. Patterson, of the firm of Lewis & Patterson, Brockville, was a visitor at Athens this week. Miss Adda Hunt, a nurse on the staff of Brockville General Hospital, is spending a part of her vacation with friends in Athens.

The Cineograph exhibition, first announced for the 7th inst., will take place in the high school hall this Wednesday evening. Mr. and Miss Sinclair of Carleton Place are visiting in Athens, Carleton the home of Mr. Katie Vanarnam and Miss Ethel Blanchard.

The best value to be had for the money is at Beach's. Bicycles you will find at G. W. Beach's. A ladies' \$70 wheel for \$45.

The improvements to his premises recently made by Mr. Wm. T. Earl, grocer, are highly creditable to his good taste and enterprise. Eight or ten men who reside near Charleston Lake are in Athens to-day to answer to a charge of illegal fishing preferred by Inspector Hicks.

Mr. Carver, the famous trotting stallion of the Rideau Stock Farm, is again in charge of Mr. Zeph Seton for this season, and visits Athens every Friday evening. A new candidate for journalistic honors has entered the field in Gananoque, and promises to prove a worthy member of the press of Leeds county. It is called The Independent.

On the evening of Friday, the 11th inst., the W.C.T.U. and Sons of Temperance will join in holding a social on the lawn of the Methodist church. Particulars will be given in a few days. Mr. D. R. Reed of Elgin has purchased the barber business carried on by G. W. King in the old post office building, and engaged A. Tullis, an experienced barber, to run the shop for him. Their ad will appear next week.

Miss Mary A. Johnston, church street, suffered a severe attack of heart disease while walking on Main street. She was carried to the hospital, where, under medical treatment, she recovered somewhat and was later conveyed to her home. The race-track is every fine evening the resort of many ladies and gentlemen who there, far from the maddening hum of the city, enjoy a most sympathetic and pleasant time. Several good bicyclists have already been developed, and it is probable that the ranks of the local riders will be considerably augmented before the season is over.

The idea that gold in paying quantities could be found in the baking business at Toledo has been pretty well exploded within the last year. Previously the people of that village and Frankville had been supplied by the mill with a good patronage, and this encouraged another man to embark in the business. Recently, a third baker established himself in the village, and the natural result of too much competition was a restricted market followed. One has removed from the village, and another has gone out of business, leaving the third in undisputed possession of the field.

Members of the Village Council, except John A. Greene, met as a Court of Revision on Thursday, 27th May, at 2 p.m., Reeve Bullis acting as chairman. The appraisal of R. N. Dowley was first considered, and on motion ordered that \$100 be struck off his real estate and \$100 on income of Mrs. Dowley.

A. D. Moore appealed from assessment of the ground that the property assessed to him was not in proportion to others on the same street. Ordered that the sum of \$200 be struck off the assessment of Mrs. A. D. Moore, Church street.

On motion of A. Kincaid & Son, the sum of \$100 added to their assessment, and that Wm. Davis be put on roll as tenant of John Mulvena for second flat of Mulvena Block, and that his assessment be placed at \$100. On motion Noah C. Williams was entered on throll as resident instead of non-resident.

On motion the Assessment Roll of the Village of Athens is finally revised by instructing to prepare the voters list for 1897 accordingly. Carried. The Court of Revision then adjourned. B. LOVERIN, Village Clerk.

LOCAL SUMMARY.

ATHENS AND NEIGHBORING LOCALITIES BRIEFLY WRITTEN UP.

Events as Seen by Our Knight of the Pen.—Local Amusement Billed Right Down. Another heavy frost occurred on Tuesday night. Come, Gentle Spring, isn't it about time we had a thaw? The cable for new cheese on Friday last quoted 48 shillings. Print Blouses, fast color, 60c, 75c and \$1.00 at Beach's.

The ruling price for cheese in Brockville last Thursday was 8 9-16c. On Sabbath next the services in the Methodist church will be conducted by Rev. W. R. Varren of Lansdowne. Wool Wanted.—Jas. Gordon of the Athens Woolen Mill will pay the highest price in cash for well offered.

The residence of W. A. Lewis, Reid street, has been added to the telephone exchange. Mrs. J. J. Walsh is now on a visit to relatives and friends in her old home, Ottawa. Rev. Father Spratt intends holding a grand Diamond Jubilee celebration at Toledo on June 22nd.

Mr. Cliff Barber returned to New York last week after a year's absence, during which time he visited the Prairie provinces. A gang of men arrived in Athens on Thursday to put up the poles for a telephone line from Athens to Westport. The Prize List of the Red Deer, Alberta, N.W.T., Agricultural Society will be issued from this office next week. Mr. L. Blanchard of New York is spending his annual vacation at his old home, Greenbush, and with friends in Athens.

Without a doubt, G. W. Beach's is the leading Dress Goods store in Athens. The best way to prove this is to call and see the goods. On Sunday last Rev. Fr. Collins conducted service in the R.C. church at 11 a.m., and will in future celebrate mass every alternate Sunday at that hour. The earthquake that occurred on Thursday last, shortly after 10 p.m., failed to mark the editorial slanders. It is one of our citizens both felt and heard the shock. Boy's Suits—navy blue serge, light and dark tweeds, neatly pressed lock and front—\$1.75, \$2.00, \$2.25, and \$2.50 at G. W. Beach's.

The first baptism in the R.C. church took place on Thursday last, when that rite was conferred on the infant son of Mr. and Mrs. Edgar Laragay, by the parish priest, Rev. Fr. Collins. Among those who recently graduated from Rush medical college, Chicago, we were pleased to see the names of Sr. First Class—Dorset and Alden Algaire, both Leeds county boys. A large number of people of village and country highly enjoyed the open concert given by the Citizens' Band on Saturday evening. Main street was thronged with promenaders.

We are pleased to learn that John E. Steacy, Warburton, has made a satisfactory settlement with his creditors by which he retains the valuable farm and other property owned by him. The Directors of the Unionville mill will meet on Wednesday, June 9th, at 10 a.m. All the members of the board are requested to attend, as business of importance is come up for disposal. Mr. Marcus J. King, son of Lewis King of Athens, who has carried on a successful tinmith business for several years at Lansdowne Station, has taken on D. A. Haig into partnership. The firm name will be King & Haig.

Mr. Eli Mansell of Temperance Lake was in Athens on Monday for the first time since the severe injury he received last fall, while assisting to raise the frame of a building. His many friends were glad to welcome him. The Government has issued a regulation in connection with customs packages which is important to business men. Hereafter packages valued at \$100 and over must be accompanied by a certificate of the post office which will be delivered by the post office. The village fire brigade gave a fine exhibition of the efficiency of Old Inevitable on Thursday evening. A large stream of water was thrown across the street, and the engine to be in good fire-fighting condition. At 11 a.m. on Monday last, at the residence of Mr. Marlin Blythe, near Lyn, a daughter, Miss Lynn, was united in marriage to Mr. Omar Malloy of Lyn. The ceremony was performed by Rev. Mr. Barnett in the presence of only a few intimate friends. Rev. W. W. Giles was to have conducted the evening service in the Methodist church on Sabbath last night, but he was unable to do so. In consequence the large congregation was treated to some additional music, besides an excellent discourse from the pastor. The members of the Athens Court of Foresters will meet at 1 o'clock p.m. on Sunday, June 20th, for the purpose of attending divine services. Several of our friends have been invited to join them, and as a commendable spirit of fraternity exists between all of the courts of this district, there will probably be a very large turnout.

Mr. Geo. Westlake, a wealthy farmer of St. Johns, near London, Ont., spent Sunday in Athens. He has been to visit to his daughter, Mrs. Byron W. Lovrin, Greenbush, and other friends in Leeds county. He left the vicinity of Lyn 47 years ago and sees many signs of progress and development in Athens since that time. He will spend the month of this vicinity before returning home. Maple Glen Stock Farm produces an increased milk record. Eric Bell 2nd, a fine 9-year-old cow, has been doing good work for Messrs. Gilroy & Son this last week. She has given as high as 70 lbs. milk per day and will average 72 lbs. for the past ten days. Inka Sylvia, their famous two-year-old daughter of Carmen Sylvia, has given since last Sept. 1st (9 months) 10750 lbs. milk and is still giving over 40 lbs. daily. This heifer will without doubt, give the largest two-year-old milk record for one year in Canada. Any person being skeptical over these records given are invited to go and inspect the cows, see them milked, and milk weighed, which will convince them that these records are true and correct. A Redan Turkey. Mr. Charles Goff of the Redan recently failed a wandering turkey, as the probabilities were in favor of a fox anticipating him, an action on the part of the fox that Charles Goff was obliged to take. The bird sold well on the Brockville market. Here comes a marvel: from her were taken seven very large, perfectly hard-shelled eggs. What end the hen had in view in retaining her eggs is not easy to surmise. A probable one might have been to metamorphose herself into a novel incubator and lay hatched eggs and so revolutionize the business, but her ambitious intentions were abruptly terminated. How sadly the best laid plans of mice and men gang aft aglee.—Cont.

Only three weeks before the holidays, and the high school teachers and students are working extra hard in preparation for the great event of the school year—the departmental exams. Saturday has ceased to be a holiday and the janitor is anything but happy. You are invited by Mr. T. G. Stevens, to call and examine his count of fine stock of furniture. He has now on hand a fine stock of parlor suits, bedroom suits, fancy furniture, also sideboards, extension tables, spring beds and mattresses; in fact every thing needed for house-keeping. These goods will be sold cheap for cash. Lumber and farm produce taken in exchange. The publishers of the Montreal Star are bringing out two magnificent Jubilee souveniers. A grand photograph portrait of Queen Victoria, 22x30, said by everyone who has seen it to be by far the best thing brought out in connection with the Jubilee. The Star has also had executed a grand Canadian Jubilee Medal, beautifully designed and struck. These two souveniers by the Star will make Canada talked about the world over. Happy indeed should those be who secure these treasures. To be Given Away. At the Tea Store and China Hall, Brockville, a \$45.00 Dinner Set will be given to the person securing the nearest to the number of Beans contained in a Scaled Can. One guess allowed with every pound of tea or coffee purchased, and one guess allowed with every Fifty Cents worth of Crockerly, China, or Glasware. The best of good value is always given. This set may be yours—A. W. DEARIE Hereon's School, Augustus.

LEITCH, Teacher Recommended for Postmaster. Mr. A. E. Kincaid, a former resident of Athens, now of Walnut, Iowa, has just been recommended to the Senate of the United States, as postmaster of that town. The "Walnut Bureau" has this to say of Mr. Kincaid and his appointment: "There are five candidates in the field, and all made a thorough, active canvass for the place, each relying upon their own fitness for the place regardless of the ability of his opponent. His work was done quietly and unobtrusively, and that usually accompanies such success, and Mr. Kincaid will have no stauncher supporters than the men who were his opponents for the honors of the position. The appointment will give general satisfaction to the public as Mr. Kincaid is a thorough business man and will conduct the office in the interests of the people, who will be dependent upon him for the safe transmission of their mails." Burial at Lyn. A large number of burials have lately been committed at Lyn, and in the country east of here, and the evil work has generally been attributed to tramps. The latest development of this kind occurred at Lyn on Friday night, and from the nature of the job perpetrated, the Recorder says that the Brockville police are of opinion that it was done by tramps, who worked with the boldness of professionals. They seem to have first visited the blacksmith shop of Mr. R. F. T-mann where they secured an iron bar and then started out on a wholesale expedition in search of plunder. Where they first directed their steps is of course not known, but it is reasonable to suppose that Stack's hotel, right across the street, was their first objective. The door was picked open and once in the thieves worked without molestation. They secured three or four boxes of cigars and a quantity of liquor and on leaving took with them the cash register. The latter was listened for some time. Hearing nothing further he laid down again and went to sleep. When he came down this morning he found that the lock on the inside of the door had been preyed well loosened, while a bolt at the bottom was also bent. The operators, however, either gave up the job or were frightened away, as they did not effect an entrance. There are signs that McNish's foundry building was also entered, but it is thought the thieves called there first in search for tools. The bar which they used was returned to the blacksmith shop where they obtained it.

PHILIPPSVILLE. MONDAY, May 31.—The rain for the past week or two has been a drawback to the farming interest in this part of the county. Some early ploughed corn has rotted in the ground or the seed was no good. A good portion of the low lands is not sown or ploughed yet. There have been a great many acres sited up several times to plant; then the rain would come a rain. Farmers are still plowing some of their last year's grain seedling. One farmer said he had ploughed up twenty-five acres. Pastures and meadows are getting a great growth and the most of the stock are getting their living. Spring grain on the up land is looking well. A number from this section attended the funeral of the late O. C. Myers of Forfar. His wife and family have the sympathy of their friends and acquaintances. W. H. Lundbrook is cutting the shingles for the R. C. church and parsonage at Elgin. J. A. Earl is assisting him. Chester Haskins is preparing to put in his new boiler an engine in place of the old one. He says that he will save fully one third of the fuel that it takes to make steam with the old boiler. He is also preparing to put up some of his new patent cheese boxes, made with staves like a butter tub. Haskins claims that they will stand more pressure than the old fashioned box. LATER. There were a number of people from outside points visited this place during the past week. Miss Lottie Baker, our old teacher, has so far regained her health as to be able to take her place in the school again. Mr. George Elliot, who has been teaching in Miss Baker's absence, returns to Athens. He will be missed, for his presence has been a source of joy and comfort. He will be absent but not forgotten, as he is expected to return again. Rev. W. Warren of Lansdowne, spent Saturday and Sunday here with Mr. H. Warren. He filled the pulpit in the Methodist church on Sunday afternoon. He will spend a portion of this week on Delta Lake. Geo. Lockwood, an assiduous cooper-maker in the Phillipville factory, and Patrick Young is assistant in the factory at Bellamy's Mills.
