**CARBINES AND MAXIM GUNS**

**PURCHASED FOR RE-ARMING THE NORTHWEST MOUNTED POLICE.**

Ottawa, Sept. 12.—Hon. W. B. Ives, President of the Council, returned today from his visit to England in connection with the purchase of arms for the Northwest Mounted Police, which was first announced in this paper last July.

Mr. Ives states that he purchased two Maxim-Nordenföld guns and 200 Lee-Method carbines. The latter is the carbine with which the British cavalry is being armed.

Two carbines of a Maxim type, one of which is a Maxim, and one of which is a Lee-Method, are also included in the purchase. They are light and one could be carried on a horse anywhere the horse could go.

For Regina and Calgary. One gun will probably be placed at Regina and the other at Calgary, but it is not definitely settled.

Mr. Ives also purchased a quantity of books for the library of the force, which is estimated from the fine fund reserved for that purpose.

**Associated Presses in the Cabinet.** In political circles it is reported that an important change is to be made in the Ministry at a very early day. It is stated that the move has already been decided upon, although it may not take place for some time.

Mr. J. C. Curran, Solicitor-General, is to be offered, and will likely accept a position on the bench, and his place will be given to Hon. John F. W. Wood, Controller of Inland Revenue.

**COMTE DE PARIS FUNERAL.**

**Members of Nearly Every Royal Family in Europe at the Burial of the Descendant of the French Kings.**

London, Sept. 12.—Crowds of people from daybreak this morning, commenced winding their way to Stowe House, the English residence of the late Comte de Paris.

The remains reposed in state in the handsome marble hall at the home of the exiled head of the royal house of Orleans and Bourbon, some 1,500 persons of people passed silently and unobscured before the bier from the earliest morning hours until the late afternoon, when the body was removed to the railway station.

The arrangements for the funeral were completed when, shortly after sunrise, a horse drawn by six superb Flemish horses arrived from London and was slowly driven to the secluded portion of the grounds.

The early trains from London also brought to the funeral hundreds of notables, including official or unofficial representatives of nearly all the nations of the world, and gathered there, during the day, were princes and princesses representing nearly every reigning family in Europe.

**FRANCE AND MADAGASCAR.**

**The Press Here That the Island Be Permanently Occupied by France.**

Paris, Sept. 12.—M. Paul de Cassagne, writing to The Authorities, advocates the permanent occupation of Madagascar by France.

The Matin urges that the march of the French upon Madagascar should be no longer delayed.

The Comte says the mission of M. Le Myre de Villers to Madagascar, which is to be an effective French protectorate over that country with the establishment of French military stations wherever it shall seem necessary. It also mentions the installation of a French representative with power to deal exclusively with questions of foreign policy with the powers and other drastic measures.

**AMERICAN OBJECTION.**

London, Sept. 12.—A despatch to the Daily News from Paris says it is not clear that the Americans who oppose the acquisition of Madagascar by the French. The American press has been very active in the matter, and the Americans hold that the proposed treaty does not admit of a French protectorate over that country.

**A NEW CANADIAN BOOK.**

**A Charming Novel Just Issued from a Canadian Press.**

A book very much after the style of the "Pansy," "Elsie" and "Annie S. Swan," yet slightly more like some of the best works of fiction of the day, has just been published in a Canadian Edition.

This book is entitled "The Hill Crest," and is by Mrs. F. W. Flavelly, a native Canadian, and is now for sale by J. C. Curran, Bookseller, 30 Yonge-street.

The charming descriptions, the quaint character sketches, the absorbing plot, the combination to make this book one which is a pleasure to read, and which is a credit to the fiction of the day. For this reason it will suit the home and school libraries, as well as all public libraries.

**FARMER'S DILEMMA.**

**Agriculturist at the Fair—An Attraction For Visitors to the City.**

Yesterday Toronto welcomed her agricultural friends to the Fair. They came in thousands to see the exhibit, the balloon, the fire-works and Dinosa's hats and furs.

As the owner of King and Yonge-streets here is now in progress a large building, the exhibit is being moved to the corner of the street, and the goods are being sold at a price which is not a far cry from the market price.

The caps, jackets, muffs, caps and other articles sold by W. D. Dinosa were manufactured from the finest materials, and in the newest London and Paris styles. They are being sold much lower than winter prices.

No one can afford to miss this fair sale at Dinosa's.

The latest English and American fall hats, silks, derbys and fedoras, in the design of all the celebrated manufacturers, are now in Dinosa's stock.

New York fall hats, guaranteed style, \$2.50 and \$3. No hat in Canada is better than these for anything like the money.

**Substance Have Kissed Their Cheeks.** September, the sweetest of Canadian months, is here again. So is the summer of the year, the time when the heart is proud of her achievements in the midst of mahogany-tinted complexion and bewitching freckles. The summer man is glad to be back again in time to get some of his new and rich fall ties. The way these ties are being bought up is a highly significant omen for returning prosperity. Very soon had time will hardly be a memory.

**At the Repository Yesterday.** Mr. Silver of Silver & Smith concluded the sale of the Hogooboo stock at Grand's Repository yesterday. The exhibit brought fair prices, the pick of the Jersey cow going to Col. Sweeney for \$525. In other respects the exhibit was a success. About forty horses, including other consignments, were disposed of. There will be another sale of horses on Friday. Among the superior lots is King Tom, a heavy draught stallion, and Will Harry, a pure-bred English coach stallion.

**The Operation of Gold, Silver, Copper and Iron Mines Government Advocated—An Interesting Discussion.**

The subject of the nationalization of mines was under discussion at a meeting of the Ontario Mining Institute held last night at Parliament Buildings.

An interesting paper was read by Mr. J. Bowden of Kingston. Mr. Bowden advocated the operation of gold, silver, copper and iron mines by Government, the foundation of a department of mines and advisory board of mining engineers, such engineers being charged with the direction of a special class of mines.

The revenue from the operation of gold and silver mines, he suggested, should be applied for public purposes. The iron, copper and lead mines he would have operated at a moderate profit, chiefly with a view to furnishing employment to such persons as would practically act as a bounty. That is to say, under such a system the mining industry would be kept on a footing of manufacturing enterprises in metallurgical lines would be stimulated.

Mr. Bowden pointed out that under such a scheme as advocated by the reader of the paper the Government would become the employer of several hundred thousand men, and that the Government would be thought would be opposed to the liberty of the people. He was of opinion that the Government should not be asked to consider the phases of the federation.

The Treasurer's statement showed a balance of \$40,000. A number of new members were elected.

**President Madill and the Alleged C.P.A. Troubles.**

He Denies That "Trouble is Increasing"—A Patron Candidate To Be Nominated in West York—Maturity To Speak At Greenway Many Patron Conventions Announced.

The Mail of yesterday contained this article: The serious troubles and divisions which have for months been rocking the C.P.A. reached an acute crisis on Thursday last, when a number of the presidents of the district or divisional councils from various parts of Ontario met in the hall on the corner of Yonge and Alice-streets, in Toronto, with Rev. J. C. Madill, Grand President, in the chair, for the express purpose of discussing the serious difficulties, and to prepare for the coming Dominion day.

The delegates from the rural districts, in the first place, were all well represented, and an untruthful claim of some of the officials that 27 members of the order had been elected to the Local House, was given to a demand for the names of the alleged 27 members. Several of the presidents advised the dissolution of the order, or the calling of a special meeting of the Grand Council for the purpose of settling the difficulties. Others advised that the members should join the Patron of Industry by a body, but all were clamorous to call the attention of the public to the fact that the C.P.A. was a body of farmers, and that the farmers should be represented in the Dominion House.

The meeting was adjourned until the following day, when it was held at the same place, and the same questions were discussed. It was decided that the C.P.A. should be reorganized, and that the members should be divided into two classes, one for the Dominion House, and one for the Dominion Council.

**A Young Woman Dies Suddenly in the Grand Stand.**

By the Premature Explosion of a Mortar During the Fireworks Display Mrs. Jolly of Bathurst-street is Severely Injured.

Miss Eva Reddek of Mono Mills, who was visiting in the city with P. C. Baird, 60 Bathurst-street, visited the Exhibition last evening. While watching the performance from the grand stand at 8 o'clock she was suddenly taken ill and descended into the basement to get a drink of water. Becoming worse, Dr. Avde was summoned, but she died in a few minutes. Heart failure was given as the cause of death. The remains will be sent to Mono Mills for interment.

During the fireworks display, one of the mortars from which the rockets are thrown prematurely exploded and a large piece of the shell, weighing about eight pounds, struck Mrs. A. M. Jolly, 287 Bathurst-street, on both thighs, inflicting two deep wounds. Her internal injuries. The injured lady was immediately removed to the basement of the grand stand, when Dr. Avde and Hodgson dressed the wounds. She was obliged to get in several stitches.

Mrs. Jolly was standing on the lawn in front of the grand stand surrounded by hundreds of people, and the wonder is that some one was not killed. Mrs. Jolly was removed to her home in the ambulance. The doctors were unable to determine the full extent of the injuries, but it is feared they will prove fatal.

THE CARPET MOTH PEST.

CAMPFUR TOO COSTLY TO EXTEND THE NUISANCE.

Substitutes That Answer Just as Well as Campfur or Better—Illustrations of the Species of Bugs That Work Havoc Among Woolen Floor Coverings.

Now is the time when the thoughts of carpet dealers and housewives turn sadly to moths and carpet beetles. In the good old days when campfur was sold at a reasonable price, it was the first resource of most housekeepers in their struggles against these villainous vermin.

Moreover campfur, however liberally used is not regarded as a certain protection. Among the substitutes for campfur, which are less expensive and more efficacious, are Benzine, corrosive sublimate, kerosene oil and carboric acid.

It is said that corrosive sublimate is the only sure defence against the Buffalo carpet beetle. In utilizing this drug, take a wide-mouthed earthen jar, pour into it two quarts of boiling water and dissolve in this one teaspoonful of corrosive sublimate.

As the solution is poisonous the jar should be plainly labeled and kept carefully covered. When possible it should be used out of doors, and applied with a small whisk brush kept for the purpose only.

Benzine or kerosene oil always kill the insects if it can be brought into contact with them, and the mere odor of benzine will kill the larvae. When it is evident that a house has become infested the carpets should be taken up and all the cracks and crevices in the floor and under the baseboard filled with benzine, a hand atomizer being used for the purpose.

The carpets should also be beaten and lightly brushed with benzine. The cracks should then be filled with a mixture of plaster of Paris and water, which will set and form a hard substance which the insects cannot enter. In the case of a stock of carpets the benzine spray alone is generally sufficient to kill the insects.

It has been recently discovered that besides the ordinary clothes or carpet moth, Tinea pellionella, and the Buffalo bug or beetle, Anthrenus scrophulariae, there are two more species of moths, Attagenus and Megatoma, which prey upon carpets. Figures a, b, c and d of the illustrations presented herewith represent the Buffalo clothes or carpet moth, as known in this country, is shown in the cut at the head of this article.

The species Attagenus is black with a straight ash-colored hair at the three posterior angles of the thorax, and one rather larger on the disk toward the middle of each elytra or fore wing, which is the chief feature of the beetle family. Megatoma is raven black, with a small patch of silvery gray hair at the posterior angle of the thorax, and two transverse crenulated bands of the same color across the elytra.

The Buffalo bug or beetle, which prey upon carpets, is a strip down the middle of the back—Carpet and Upholstery Trade Review.

Drinking Through for Caves. The drawing represents a handy pen for feeding calves. It consists simply of a plank trough raised to a convenient drinking distance from the floor, with partitions in it. The stalls are made from that partition large enough to admit the calf without allowing it to turn around and are made high enough to prevent stealing from or interfering in any way with its neighbor.

The advantage of this arrangement is the calves do not have to be taught to drink. Take them from the cow, turn them into the stall, put in the milk and they will soon learn to drink without aid. Again it prevents their sucking each other's teats.

I was "kept in" when a small boy for writing the following rubbish, which sounded to me correct: "A night in Gait, who all day long Had chased the village with his song, Began to feel, as well he might, The king demands, Oh! woe me right."

A married man likes his tongue cold, by way of variety. A workman is known by his chips and a barber by his shavings. Colored waiters are the best. Whatever is said at the table they will be sure to keep dark.

A California man choked himself to death with a tape measure. The coroner's verdict was that he died by inches. A highly educated Maine girl has just finished shingling her father's office. We'll bet she wore still stockings.

"Give me the baby to hold, my dear," is the name of a new song. You won't hear many married men singing it. The shell always has the bulge on the oyster, and would win if some one with a knife didn't help the oyster out.

A Chicago girl threatens to box the ears of an editor of that city. What a thrill of life this would infuse into the lumber market. "Ardon me!" is what the police convict said when he ran into the Governor as he was passing through his corridor in the prison.—Texas Sittings.

Mater—Putter rankercher rover yer rat. Pater—Putter rumber reller rup. Bias From the Rain's Horn. A high opinion of self, implies ignorance of self.

"Money talks," but it often fails to tell the truth. The man who would be strong in mind must feed on facts. Dust on a Bible generally means that its owner is asleep.

It is hard to please the man who never knows what he wants. How quick some people backslide when their income is doubled. Nothing frightens the devil more than hearing a good man pray.—Ram's Horn.

Misread by the Operator. A Detroit drummer was made the victim of a cruel error recently, and he could scarcely be persuaded not to sue the telegraph company for irreparable, exemplary and punitive damages, besides going to the office with a club. It seems that while he was away on a trip his dog came to his house, and the guard stings were wired him on the spot. In response this telegram was received: "Hallelujah! I am experiencing the greatest joy of my life."

The fact that he does "celebrate" occasionally was against him, and such an open confession as this was dreadful, and the entire family was almost thrown into hysterics. Two days later he came home and was greeted by the reception he received. Explanations were demanded, and he showed a copy of the original telegram, which read: "Hallelujah! I am experiencing the greatest joy of my life."

Bitter Jest of Fate. "A man in town is pulling" teeth free all this week, said Mrs. Hatcode. "That's just my luck," complained Mr. Hatcode. "I ain't got a single tooth that needs pulling!"

Tell the Deaf. — Mr. J. F. Kalkoff, Drug-gist, Perth, writes: "A customer of mine having been cured of deafness by the use of Dr. Thomas' Eucalypti Extract, I have returned, telling his friends there of the cure. In consequence I received an order for a dozen by express to Westford, Ireland, this week."

Infallible DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

40 Years DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

Many people say Dr. Fowler's Wild Strawberry is infallible. We do not make that claim but we do say that it will cure more cases than any other medicine, and it leaves the bowels in a natural state, and not constipated as is the case with the ordinary Diarrhoea medicines.

WILD STRAWBERRY

It Costs 10c. More Than any other Diarrhoea medicine, but the bottle holds more and it cures where others fail. Diarrhoea, Dysentery, and all Summer Complaints yield quickly to its curative powers. You can always rely on this old and well-tried specific for all bowel complaints of old or young. Price 25c.

CURES CHOLERA, CHOLERA MORBUS, CHOLERA INFANTUM, CRAMPS, COLIC, DYSENTERY, DIARRHOEA, and all SUMMER COMPLAINTS.

Don't take imitations or substitutes. You want to get cured, and even if the dealer does make a little more profit on the imitations it will be your loss and his profit. The medicine that cures is the kind to buy. Therefore, refuse all substitutes, and purchase only the genuine Dr. Fowler's Extract of Wild Strawberry. Price, 25c. per bottle.

CHASE'S CHAPTER 1. Dr. Chase's Kidney-Liver Pills are a combination of valuable medicines in concentrated form as prepared by the eminent Physician and Author, Dr. A. W. Chase, with a view to not only be an unfailing remedy for Kidney and Liver troubles, but also to tone the Stomach and purify the Blood, at a cost that is within the reach of all. The superior merit of these pills is established beyond question by the praise of thousands who use them—out Pills a dose, one box 25 cents.

WOMAN'S NEED Women suffer unspeakable tortures from muscular weakness, caused by impaired nerves and poor blood. Uric Kidney acid poison, unsuspected, weakens the nerves and poisons the blood. By and by, if the Kidneys do not properly purify the blood, then come pro-lapsus, retroversion, etc. Blood 75 per cent. pure is not a nourisher—it is a death breeder. Delicate women need not be told how much they would give to get and stay well. If their blood is free from the poisonous ferments of the Kidneys and Liver, they will never know what "weakness" is. The blood is the source and sustainer of health. It cannot be kept pure except the Kidneys and Liver do their work naturally. Something is needed to insure free and natural action of these organs, one 25 cent box of Kidney-Liver Pills will prove to any sufferer they are a boon to women, can be used with perfect confidence by those of delicate constitution.

One Kidney-Liver Pill taken weekly will effectually neutralize the formation of Uric Acid in the blood and prevent any tendency to Bright's Disease or Diabetes. For purifying the Blood and renovating the system, especially in the Spring, one 25 cent box is equal to \$10 worth of any Sarsaparilla or Bitters known. Sold by all dealers, or by mail on receipt of price. EDMANSON, BATES & CO., 45 Lombard Street, Toronto.

Readable Paragraphs. 'Can you tell us the way to Tanyville?' 'It's 200 miles. You can't get there quicker than I can tell you.'—Life.

Don't be nervous. Of course, you can't help it, but don't, anyway. Don't shut out sensible you "wills," but just turn on those deep, rich, soulful organ tones that will make the girls in the congregation mingle each other and say, "Isn't he just too lovely?"

Don't think you're playing first fiddle on the wedding day. You're not. Don't give a bachelor supper beforehand. At least—well, no, don't. Don't advise every body else to go and do likewise. It's a sensitive point with fellows who have had their wives and only got the refusal of them.

Don't think about how big your boots look when you kneel at the altar. It's disgusting. Don't think you can think for your wife; that's the appointment trains to go to—New York Recorder.

"D.D." was amused. Here is a story they are telling about our "P. D." Armer. "P. J." was at the Midwinter Fair in San Francisco, a few weeks ago, in company with the packing house. The lady attendants were giving samples of soap to the crowd.

"It can't be very good or you wouldn't be giving it away," said "P. J." "We do that for humanity," replied the young lady. "Hm," commented Mr. Armer. "What's that?" he asked, pointing to an enlarged fac-simile of his own autograph over the bottle. "That's Mr. Armer's signature," replied the young lady. "Why, I thought old Armer couldn't write," urged "P. J."

"Well, he got brains," retorted the young lady. "If I had his brains I wouldn't care whether I could write or not." "P. D." smiled and passed. In a few minutes Rev. Frank Gussalus, who helps Mr. Armer find good ways to spend his money, came back to the booth and handed the young lady an envelope with a \$50 bill and "P. D.'s" compliments.

The August Gall of August Gall. August Gall, a Camden pretzel baker was adjudged guilty of disorderly conduct for using profane language to a neighbor by Recorder Braker yesterday morning and sentenced to pay a fine of \$3 and costs.

"I didn't cuss my neighbor," roared the defendant. "If I had the boys for scaling my pretzels." "That's all the same; cussin's cussin," replied the Recorder, and you must stand committed until the fine is paid. A long string of oaths was the pretzel baker's reply.

"August, this string of red, white and blue will just cost you \$10 more," mildly announced the Recorder. The additional fine brought the defendant to his senses, and he fell upon his knees and begged of the Recorder to remit the \$10 fine with no more to add that the Recorder weakened and accepted \$3.—Philadelphia Times.

OUT OF THE GINGER JAR.

It was a grammatical old lady who was overheard to declare that there weren't many men as rich as the Rothschilden.

"There's nothing like fresh air," said the business man, "I used to think that," said his partner, "till the new clock came here. He has an air about him that is altogether too fresh."—Washington Star.

"Bulwer says that the secret of fashion is to surprise, not to disappoint," his wife's last millinery bill of \$50; "but sometimes fashion does both."—Syracuse Post.

Johnny—Pa, what's the difference between cannibals and other folks? Pa—Cannibals my son, eat their enemies; other people generally go on further than to live on their friends and relatives.—Boston Transcript.

Mrs. Honer (hearing tremendous noise in the kitchen)—Great goodness, Bridget, what was that, an earthquake shock? Bridget (calmly picking up the pieces of glass)—No, mum, only a fruit jar.—Buffalo Courier.

Patient (complainingly)—I can't make out a word of this prescription, doctor. Physician (grimly)—Never mind. You'll find my handwriting perfectly legible. I'll warrant you, when I send in my bill.—Somerville Journal.

Lecture upon the rhinoceros.—Professor (to Gentlemen, I must beg you to give me your undivided attention. It is absolutely impossible that you can form a true idea of this hideous animal unless you keep your eyes fixed upon me.)
