Mrs. Pritchett, Mrs. Adams, Mrs. Kelly and Mrs. Connolly attended the Provincial I.O.E. meeting held in London Nov. 1st. The sessions were held in the First Methodist church and were largely attended by representatives from Toronto, Hamilton, and other places. Among reports and recommendations and speeches, probably the outstanding address of the first day was given by Miss Gordon, the retiring Educational Secretary of the Order. She laid special stress on the fact that the only patriotic women's organization in Canada was the Daughters of the Empire and therefore it was not only our privilege but our duty to carry out the aims and ideals of the Order. Also, she spoke of the War Memorial burials, which are already proving of inestimable value in broadening the outlook of not only those who get them but of their whole communities. The visitors were shown through Westminster Hospital and the new Sick Children's Hospital, later being entertained to dinner at Smallman's by the London ladies.

Hay, of Strathroy, gave two brass vases, an altar cross, a set of altar linen, and velvet hangings, also a water cruet. Gifts for the adornment and use of the church, are not plenty, and these happy occasions are worthy of note. The people of Wisbeach are to be congratulated upon this occasion, at the same time, Mrs. Hay and Miss Tanner will leave a pleasant memory behind them, both now and time to come.

LAMB-HARROWER

A quiet wedding was solemnized on Wednesday afternoon, November 5th, at the home of Mr. and Mrs. Andrew Harrower, Erie Street, when their younger daughter, Myrtle Florence, became the bride of John Lamb, of Sarnia. The marriage ceremony took place at 4 p. m., the bride was charmingly attired in grey silk, with blue trimming, and carrying a bouquet of American beauty roses, bridal wreath and maidenhair fern, entered the parlour on the arm of her father, to the strains of the Bridal Chorus, by Lohengrin, played by the bride's sister, Mrs. E. Elza Anderson, of Pontiac, Mich. The ceremony was performed beneath a floral arch, in the presence of immediate relatives of the contracting parties, the bride's pastor, Rev. T. DeCourcy Rayner of the Congregational church, officiating at the ceremony. Following the signing of the register the party adjourned to the dining-room where a sumptuous wedding supper was served, the bride's table being centered by a beautiful wedding cake. The toast to the happy couple was proposed by Rev. T. DeCourcy Rayner. Mr. and Mrs. Lamb will shortly take up their residence in Sarnia.

The tailor shop of Sam Chaffe, Dresden, was burglarized on Sunday night and over \$1000 worth of furs, overcoats, and valuable webs of cloth taken.

Do not cover your perennials too soon let them freeze then cover them and keep them asleep. If covered early the frost does not get into them and they come out too early in the spring and get into trouble.

The "Sage of Ekfrid," Exponent of Scintillating Canadian Humor, Bard and Naturalist, "Drops Smiling Away" Following Operation—Internationally Known by His Writings in Book Form and Regular Contributions to the Press.

After a brave fight of more than a week against odds which could not be overcome, Peter McArthur, of Ekfrid, died at Victoria Hospital, London, Tuesday morning of last week, at the age of 58.

The remains were taken to Glenoec, and the funeral was held last Thursday afternoon from his late home near Appin, Ekfrid Township.

Humorist, poet, biographer, man of affairs, but, above all, the sympathetic interpreter of the everyday life of the Ontario farmer, Peter McArthur occupied a high place among the personalities of the Dominion.

He was known from coast to coast by his writings and platform work, and thousands who had never seen him followed with amusement the progress in life of the "Red Cow," "So-crates" the ram, "Beatrice" the sow, "Bildad" the pup, and other titled creatures of the Ekfrid farmyard, whose doings he chronicled in his letters to the press. Though the "Sage of Ekfrid" appeared to be immersed in the movements of the crows, the wild geese, the coming of new live stock, such thoughts were partly professional, for his mind ranged over the whole world, ancient and modern. He studied world happenings closely, and his mind was a perfect storehouse of the best literature, from which he could quote with astonishing readiness. He knew intimately many of the political leaders of his time, and his occasional visits to Ottawa were marked as much by deep discussions of the political outlook as by the hilarity which comes when famous story-tellers get together. He was an ardent admirer of Sir Wilfrid Laurier, and after the Chief's death Mr. McArthur compiled a little volume of anecdotes and biography which preserves much important material. His contribution to the literature and records of his time was important, comprising several volumes of biography, poetry, essays, humor, not to speak of the selections of his farm philosophy published in the press.

Peter McArthur was so intimately known to the people of this, his home district, that his passing to many, very many indeed, comes as a personal loss.

The Coming Eclipse

Our readers will be more or less interested in the total eclipse of the sun which is to be visible in this district. This eclipse is timed to take place between 9:05 and 9:06 on the morning of January 24, 1925 and it will last about a minute and a half. At the instant of totality, Watford and district will be immediately plunged into total darkness, just as if the night had suddenly come. As soon as the moon has passed over and the time of totality has been completed daylight will come back just as instantaneously. If the sky is clear on that day, the people of this district will have the opportunity of witnessing a sight which has not been visible in this district for five hundred years, and will not be visible again for five hundred years.

FINE CHRISTMAS GREETING CARDS AND STATIONERY

LAMBTON FARMERS WARNED AGAINST CORN BORER PERIL

Large Gathering of County Corn Growers in Petrolia Listens to Interesting and Timely Discourse on Ways and Means of Combatting Menace Which Threatens Corn Growing Industry—Speakers Advise Ploughing Under the Affected Crops and Feeding as Most Effective Methods of Combatting Evil.

About thirty-five men, representative of agricultural associations, municipal bodies and representative corn growers met in the council chamber, Petrolia, on Thursday afternoon, to make arrangements for the combatting of the corn borer menace which is rapidly increasing. W. P. MacDonald, county representative of the department of agriculture, was the chairman for the meeting and gave a detailed account of the advance of the worm. There is in one locality as high as 18 per cent infested whereas the average infestation is approximated at 5 per cent. That is determined by taking one hundred stalks and counting those containing grub. As far as the food values are concerned it is of very grave importance. Mr. MacDonald stated that about three years of co-operated efforts on the part of the corn growers would stamp out the menace.

Lambton is Fortunate.
Lambton is not as badly effected as some of its adjoining counties but still there is the necessity for strenuous efforts in stamping out the borer.

Mr. H. G. Crawford of the Dominion entomology department of the department of agriculture, was the chief speaker of the afternoon and was afforded the very best of attention. Mr. Crawford outlined the rapidity of the advance of the menace in other counties and claimed that such would be the case here if drastic measures were not taken by the corn growers and farmers themselves. He gave an outline of the history in Canada as well as its life history. He claimed that the silo through the heat killed the worms in the corn and also that by feeding the infested stalks to live-stock the worm would be killed. The rapidity of growth was stressed as was also the fact that the average moth can lay 1200 eggs from which the corn borers rapidly emerge.

The Cure.
In dealing with the control of the menace the speaker said in coping with any pest is to approach it from its weakest side, and in the corn borer the side from which the best results are obtainable is the worm stage. All remnants of corn are harbors of the grub as they will crawl in any matter of this kind but by plowing down all corn stubble and not cultivating until late the next year the best results are that in a very few years, where combined efforts of all the growers are used, wonderful strides have been made toward the extermination of the European corn borer. Feeding or burning are also used but the former has proven itself to be the most useful of the two whereas the plowing method is far beyond either. As frost has little or no effect upon the worm much care must be taken in cultivating after plowing as the plow under corn stubble containing the insect will be dragged along up to the surface of the ground which will give it the required opportunity to begin operations again. There is no difference by virtue of preference of the different varieties of corn which the borer will infest.

Co-operation Necessary.
Mr. MacDonald, the chairman, before calling on various other speakers impressed upon the gathering the need of a community-wide co-operation. The whole county must take a hand in combating the menace. In a few years the factories of the Canadian Cannery Ltd., one at Forest and the other at Petrolia whose large portion of packing is of corn each year, would be closed entirely. South Lambton depends more upon corn that does the northern portion of the county and it is becoming very grave now that there is a ban on the counties affected. Mr. MacDonald suggested that each township council call a meeting of its ratepayers when the department of agriculture would supply a speaker on the subject and impress upon the people the need of their co-operation throughout the battle.

Other Speakers.
Short addresses were given by H. J. Pettypiece, Forest; Silas Smale, Wyoming, who claimed that government should take drastic measures to compel growers to use preventive means; D. White, Forest; James Kerr, reeve of Courtright; Wm. Annett, reeve of Brooke township; D. A. McCahill, Forest, superintendent for this district of the Canadian Cannery Co. Ltd., stated that his company were furnishing information by bulletin

which was meeting considerable demand; Geo. Graham, Sarnia; Mr. McIntyre, reeve of Bosanquet township, where the situation is serious as the corn borer is apt to infest the celery crops; Roy Miller, reeve of Moore township; J. F. Plum, Petrolia, formerly a large corn grower in Pennsylvania and Nebraska.

Mr. MacDonald announced that there is great possibilities for Lambton corn and that there was an exhibit being forwarded to the national corn and seed show in Chicago. The meeting adjourned to J. F. Plum's farm at the west limits of (the A. C. Edwards estate) Petrolia to inspect his large forty-acre field of corn.

Two Thousand Acres Of Pinery Bared By Fire

Summer Cottages Saved From Destruction When Wind Veers Favorably

Fire laid bare nearly 2,000 acres of bush-land at the north end of the famous Pinery Saturday afternoon and threatened for a time to destroy all the cottages in the summer resort there. Only a turn of the wind and very hard work by a number of Londoners and by residents of Grand Bend saved the summer camp.

Brush was being burned in a clearing about a mile south of Grand Bend. It was thought that every possible care was being taken, but strong wind springing up from the south fanned the fire into a blaze which swept toward the camp. Dry weather had left the pine trees an easy prey to the flames which rapidly gained in volume and increased in rapidity of advance.

Threatens Cottages.
Hurried calls were spread through the neighborhood, and a score of teams and plows were pressed into service to throw up a fire break south of the village. Embers carried high in the air threatened cottages with destruction, and many incipient fires were extinguished by volunteer firefighters.

Quit a number of people were taking advantage of the fine weather of the week end and were at their cottages, and they joined in the fight.

It was a terrific fight and for a time appeared almost hopeless, but the wind veered shortly before midnight and swinging into the north sent the fire backwards into the burned area, and danger was past.

Noted Resort
The burned area is about a mile in length and nearly three-quarters of a mile in width. It lies on the northerly edge of the well known Pinery which is annually visited by thousands from all parts of Canada and the United States. It is one of the real sights of this district and renowned as the largest area of virgin pines to be found anywhere in old Ontario. Fortunately the fire did not get into the real heart of this area but swept over a more sparsely wooded section.

Vigil is being kept to prevent any recurrence of the fire, and as the wind has died down, danger is believed to be over.

Thousands are Going Home for Thanksgiving

Thanksgiving this year falling on Monday, November 10th, allows an unusually long week end, and permits travelling distances which would be impossible in a shorter period. Thousands are arranging to visit the home folks or out-of-town friends.

The Passenger Department of the Canadian National Railways are making special arrangements on all routes to provide the public with every travelling comfort. Nevertheless, as it is impossible to estimate the number who will be travelling, it would be wise for all those who anticipate taking advantages of this occasion to make their reservations as soon as possible.

GENEROUS GIFTS

The immense value offered by The Family Herald and Weekly Star of Montreal this season is meeting with the success the publishers deserve. Their large calendar for 1925 with the beautiful picture—"The Sale of Old Dobbin" is proving a very popular premium, while the Ten Thousand Dollar Election Contest is a record breaker. For those who raise clubs of new subscribers, there is a catalogue of some very handsome and useful rewards. The Family Herald is securing thousands upon thousands of new subscribers by their generous gifts, added to the super excellence of the paper itself; in fact few homes will be found without that great weekly when Two Dollars will secure so much.

PICTURE PUZZLE GAME

Elsewhere in to-day's issue will be found a large advertisement announcing a Picture Puzzle Game arranged by The Mail and Empire which will no doubt prove very interesting for our readers, and especially for the little folks. The Contest consists of ascertaining how many objects or articles in the picture start with the letter "B" and cash prizes are awarded to those finding the largest number. Our readers have already won liberal prizes as a result of completing in similar Contests, and there is no reason why some of the awards should not come to residents of this vicinity. Anyhow, there is nothing like trying.

WATFORD METHODISTS CELEBRATE CENTENARY OF MISSIONS

The Missionary tea held last Wednesday in connection with the Methodist Missionary Centenary was a pronounced success. About 80 persons sat down to an elegant fowl supper provided by the ladies of the Women's Missionary Society. After full justice was done to the good things provided, Dr. George Hicks assumed the chair and greeted the assembled guests with words of welcome. Several missionary hymns were sung. Rev. J. L. Foster contributed two very fine and appropriate solos. Mrs. Humphries gave a fine address on "Early Days in Watford," recalling the first Methodist Church which was built on the 6th concession on what was known as "Gardiner's Clearing." The church was built in one day by a "bee," and the people worshipped in the evening in the building they had built that day. Many names were mentioned that have long since passed to the great reward. Mrs. D. A. Maxwell the president, of the W. M. S., then gave an address in which she outlined the history of the Auxiliary giving names of the presidents and officers for the past 35 years. She also recited the verses which were composed by Rev. Mr. Dingman, the first pastor of the 6th concession church. Friguent references were made to the splendid lay preacher, uncle Joe Little, who did so much for the early settlers of these townships. Mr. W. H. Harper was called on for speech, representing the Committee on the general work of Missions. Mr. Harper expressed gratification at the success of the Centenary Celebration. Rev. S. J. Thompson gave an address in which he outlined the history of the Centenary just closing, showing how God's leading and inspiring spirit was manifest. Looking forward to the future of missionary operations as a world wide task. Rev. Mr. Quinn very effectively drew attention to the work yet to be accomplished in Canada, stating the fact that many districts in the great west were sadly in need of ministers and teachers to evangelize the new Canadians who had come in during the present Centenary. From 1900 to 1920, a great stream of immigration had come and we must evangelize them to secure a continuance of the Christian sentiment that alone will make Canada great.

CUTTING OFF HYDRO SERVICE WHERE CONSUMERS DON'T PAY

Stratford, Oct. 28.—Employees of the Public Utilities Commission this morning cut the services at 19 homes where the bills were in arrears. There is another lot of the same size, of a total of 38 or 40 delinquents. It is anticipated that most of the arrears will be paid in a day or two, and the services resumed.

For the benefit of Watford consumers the clause relating to arrears as laid down in the "Standard Interpretations of Rates as used by Municipalities for Electric Service, reads as follows:—"When the Consumer is fifteen days in arrears for two months' service, the service will be discontinued, and service will not be given again until payment is made in full, including a charge for the cost of re-connecting. Such discontinuance of service does not relieve the consumer of the liability for arrears, or for his service charge for the balance of the term of contract. The local Commission may if deemed advisable, make more rigid requirements regarding payment of bills."

Strathroy Agricultural Society will clear in the neighborhood of \$500 from their fair, sufficient to wipe out the floating indebtedness of the society and permit it to begin another year's activities with a clean sheet.

Failed To Do It Justice

Despite the efforts of song writers to sing the glories of California, they have failed in giving an adequate description of this land of remarkable loveliness. It is a land of perpetual summer, of romance and beauty, of rest and play. Cool, inviting mountains, sun-steeped slopes and vales, balmy breezes carrying the tang of growing fruit, bring the glow of health to the cheeks of the ailing. The world-weary find rejuvenation on the sunny bathing beaches, in motoring, riding, playing tennis or golf, while deep sea fishing, surf-riding or aqua-planing keep the more active entertained.

There are two splendid routes to California; one by the famous "International Limited" of the Canadian National Railways via Chicago—this train leaves Toronto daily and gives a service unexcelled for speed, comfort and convenience.

The other route is by the "Continental Limited" leaving Montreal daily and "The National" from Toronto daily via Vancouver and Victoria. This "All Canadian" route is very popular with the regular tourists to California. It takes you through the world famous Jasper National Park and Mount Robson Park and the white mantled mountains are beautiful beyond description.

Any Agent of the Canadian National Railways will gladly give you literature, complete information or make reservations for either route.

WHAT KIND OF A COUGH Is Yours?

WHETHER it is a simple cough that you have been inclined to ignore, or whether it is a cough that almost seems to burst you by the racking exertion, with aching head and aching body—

Get a box of Peps at once, take a tablet from its silver wrapper; and as it dissolves on the tongue, breathe in the

HEALING, BALSAMIC FUMES that are then given off. Notice how the balsamic odours find their way by inhalation along all the breathing passages and there allay the inflammation causing you trouble.

You cannot possibly get at these delicate membranes by any other way. Liquid medicines are merely swallowed into the stomach. Peps acts direct on the affected tissues and remove the cause of the irritating cough in a way no other devised remedy can.

COULD NOT SLEEP NIGHTS

Pains and Headaches Relieved by Taking Lydia E. Pinkham's Vegetable Compound

Dublin, Ontario.—"I was weak and irregular, with pains and headaches, and could not sleep nights. I learned about Lydia E. Pinkham's Vegetable Compound by reading the letters in the newspapers and tried it because I wanted to get better. I have got good results from it as I feel a lot stronger and am not troubled with such bad headaches as I used to be and am more regular. I am gaining in weight all the time and I tell my friends what kind of medicine I am taking. You may use my letter as a help to others."—Mrs. JAMES RACHO, Box 12, Dublin, Ontario.

Halifax Nurse Recommends
Halifax, N. S.—"I am a maternity nurse and have recommended Lydia E. Pinkham's Vegetable Compound to many women who were childless, also to women who need a good tonic. I am English and my husband is American, and he told me of Lydia E. Pinkham while in England. I would appreciate a copy or two of your little books on women's ailments. I have one which I keep to hand. I will willingly answer letters from any woman asking about the Vegetable Compound."—Mrs. S. M. COLEMAN, 24 Uniacke Street, Halifax, Nova Scotia.

Common Sense Mothers

When her son falls in love with the wrong type of girl a mother has two alternative weapons which she may employ—frankness or finesse.

If she uses the first she will tell her quite openly that she does not like the girl to try to dissuade him from taking any further serious interest in her. If on the other hand she decides to use the second she will disguise her real feelings, show no signs of hostility and encourage him to bring the girl home as often as possible.

A few months ago my eldest boy who is twenty years old fell in love with a girl, who, apart from her physical charm had not a single point in her favour. She was selfish illiterate vain. She had no redeeming domestic virtues; she was wholly and absolutely engrossed in herself. What my boy could see in her I was never able to imagine.

But I did not tell him so. Nor did I by word or act ever let him know the estimate I had formed from the first moment I set eyes on her. On the contrary I used finesse, justifiable finesse I believe, didn't show the faintest sign of disapproval but rather encouraged my boy to bring her home on every possible occasion. He did so I think the infatuation lasted for only five weeks. Anyway it passed off to my infinite relief.

If I had acted otherwise I am convinced that my son would have become engaged to this girl. He would have dismissed any dislike or misgivings shown or expressed by me as pure prejudice. Cut off from the opportunity of meeting the girl at home he would have recourse to the movies the music hall and dancing establishments. For opposition invariably adds fuel to the flame of infatuation. When youth is given the chance of bringing a girl of this type to his home and of seeing her in the environment to which he is accustomed the scales of infatuation will soon fall from his eyes. Against such a background faults and defects both in manners and in disposition show up far more clearly than in the atmosphere of the dancing hall.

Father Delorme Acquitted After Third Trial

Montreal, Oct. 31.—Rev. J. Adelard Delorme, Roman Catholic priest, who for nearly three years has been in the hands of the police, and who in that time has undergone three trials on the charge of murdering his half-brother Raoul on the night of January 6, 1922, was acquitted late this afternoon after the jury had deliberated for over four hours. At 4:45 p. m., the jury returned to the courtroom and pronounced their verdict of "not guilty."

For a few moments there was some noise in the courtroom, then Alban Germain, counsel for the defence, moved that the prisoner be liberated.

"There is nothing further against this man your lordship," announced R. L. Calder, crown prosecutor.

"Then let the prisoner be freed," declared Mr. Justice Tessier. Turning to the jury, his lordship said: "Gentlemen, you are liberated."

Is Immediately Freed.
Father Delorme was immediately freed, and left the building with Lucien Gendron, one of the defence counsel, by a door which had not been opened for half a century. In this way the liberated priest escaped the thousands who were waiting outside the courtroom for a glimpse of him.

This was the termination of the third trial in one of the most interesting cases in the annals of Montreal. Disagreement of the jury in the first two necessitated the third trial, which has resulted in Delorme's acquittal. Additional to these, Father Delorme in June, 1922, was found insane by a special jury of the court of king's bench and was incarcerated in Beauport asylum. Several months later he was discharged from the asylum on certificate of the superintendent that he was sane, and his first trial was begun on June 20, 1923. A second trial was necessitated by a disagreement of the jury, and this was begun February 25, 1924. The result of the second trial was the same as that of the preceding one, and Delorme was called upon to submit to a third, which opened October 6 before Mr. Justice Tessier.

Until the last two days there was little public interest in the third trial.

A Grateful Letter

From a Lady Made Well by Dr. Williams' Pink Pills.

"I wish from my heart that I could persuade every person who is run down in health to give Dr. Williams' Pink Pills a trial." Thus writes Mrs. Louie Mitchell, Oak Point, Man., who further says:—"About a year ago I was a weak woman, suffering from a run down system and impoverished blood. Any little exertion would cause my legs to tremble and my heart to throb violently. I could not sweep a room or walk fifty feet without being exhausted. Then I began taking Dr. Williams' Pink Pills and after taking only six boxes I am as well and strong as ever. I can walk and run without stopping every few seconds gasping for breath as previously. Dr. Williams' Pink Pills will be my stand-by in the future if ever my blood needs building up again, and I shall always find pleasure in recommending them to anyone needing a tonic."

There are many troubles due to weak, watery blood which can easily be overcome by a fair use of Dr. Williams' Pink Pills. The sole mission of this medicine is to enrich and purify the blood and when that is done all the varied symptoms of anaemia disappear, and good health returns. You can get these pills through any dealer in medicine or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Thankful Mothers

Once a mother has used Baby's Own Tablets for her little one she would use nothing else. The Tablets give such results that the mother has nothing but words of praise and thankfulness for them. Among the thousands of mothers throughout Canada who praise the Tablets is Mrs. David A. Anderson, New Glasgow, N. S., who writes:—"I have used Baby's Own Tablets for my children and from my experience I would not be without them I would urge every other mother to keep a box of the Tablets in the house." The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach; drive out constipation and indigestion; break up colds and simple fevers and make teething easy. They are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Strangled with Asthma is the only expression that seems to convey what is endured from an attack of this trouble. The relief from Dr. J. D. Kellogg's Asthma Remedy is beyond measure. Where all was suffering there comes comfort and rest. Breathing becomes normal and the bronchial tubes completely cleared. This unequalled remedy is worth many times its price to all who use it.

Discovered in 1513

Four hundred and eleven years ago an intrepid Spanish explorer and adventurer, Juan Ponce de Leon, by name, first set foot on land of luxuriant sub-tropical growth known to-day as Florida.

Since that time Florida has become perhaps the most alluring Winter Resort in the world. A warm-watered ocean offers bathing at its best; a few miles off-shore the monstrous and sporty Tuna and Tarpon await the more adventurous disciples of Izak Walton; a marvellous beach fringed with exotic palms, broad motor highways, scores of green, velvet-smooth golf courses—the whole steeped in glorious sunshine and perfumed with the fragrance of fruit blossoms and sub-tropical flowers.

Nature has lavished her bounties on Florida, and has moulded them for his convenience. There are facilities for every summer recreation—surf-bathing, deep sea fishing, boating, golfing, tennis, riding, motoring. Beautiful hotels, splendid apartments and bungalows house the visitor in luxurious comfort.

Canadian National Railways can offer a splendid service in helping you plan your visit. Any Agent will gladly supply full information and make your reservations. n17.14.21.28

FRUIT TREATMENT HEALS KIDNEYS

Concentrated Fruit Juices Give Astonishing Results

Anyone who has suffered with Weak or Irritated Kidneys—with the accompanying miseries of pain in the back, splitting headaches, swollen hands and feet, rheumatism and constipation—ought to try the Fruit Treatment for their trouble.

To those who use intensified fruit juices—"Fruit-a-tives"—for the first time, it seems almost impossible that the juices of apples, oranges, figs and prunes combined with tonics, could relieve Kidney Trouble.

But a short treatment of "Fruit-a-tives" gives quick relief and the regular use of these intensified fruit juices or "Fruit Liver Tablets" prove their marvellous virtues. Get "Fruit-a-tives" today and begin the Fruit Treatment. At all dealers; 25c. and 50c. a box; or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

Hailed As Big Drama Of Sea

"The Sea Hawk" Depicts Battles of Pirates and Corsairs on the Spanish Main.

Heralded as the greatest sea drama ever filmed, Frank Lloyd's production of "The Sea Hawk," a First National picture version of the popular novel by Rafael Sabatini, is scheduled to begin its showing at the Iroquois Theatre, Petrolia, Monday Nov. 10th, for three day engagement, with two shows each evening at 7:00 and 9:15, with a special matinee Wednesday at 2:30. This will be your only chance to see this super-production in the county of Lambton this season.

Filmed for the most part on the sea on four ships of the Sixteenth Century design, rowed by hundreds of galley slaves, and replete with stirring action and sacrifice and romance, "The Sea Hawk," like Mr. Lloyd's other successes is said to be a decided innovation in photo plays.

Never has there been ships of such size, nor so many of them actually engaged in combat on the screen; in fact never have there been such ships seen on the screen; never so many big settings, so many important surprising incidents. There have been more expensive photo-plays, it is true and perhaps some more pretentious in some particular sequence but it is doubtful if the screen has ever reflected a drama of such general bigness as "The Sea Hawk," and the settings are merely incidental to the principal interest of the play.

Milton Sills is seen as Sir Oliver Tressillian, later Sakr-el-Bahr, commander of the Algerian pirates and called "the hawk of the sea." Enid Bennett essays the part of Rosemund Godolphin, Sir Oliver's fiancée. Lloyd Hughes playing his first character role, Sir Oliver's brother, and Wallace MacDoland, plays Master Peter Rosamund's brother.

To miss this super production is to miss the best picture of the year. Remember this is the only moving picture that ever played any one Theatre in the city of Toronto for seven straight weeks, when it ran at the Regent Theatre there to capacity houses and got tremendous praise from the Toronto papers.

APPEAL FOR ARMENIANS

Rev. A. J. Vining, of Toronto, General Secretary of Armenian relief Association of Canada, gave a very forcible address in the Methodist church, on Thursday evening, Oct. 16th. A goodly number listened most attentively to the appeal given in behalf of the work being done by this Association. He spoke briefly on the life training act of the Armenian boys at the Georgetown farm. These boys are trained in farm work, etc., until eighteen years of age, where they are then privileged to go out and earn their own livelihood.

One thousand dollars is required to bring out each boy from Armenia, and fit him in education and training for five years. This is surely a most deserving cause and should interest everyone.

The Women's Institute under whose auspices Mr. Vining spoke is most grateful to all those who attended the lecture, and also for the financial support given. The proceeds will be sent direct to the Georgetown Home.

With what was one of the best fairs ever held, and also one of the largest crowds, the Brooke and Alvinston Agricultural Society had but less than \$100 in the treasury after all the local expenses of the fair were paid. This is running a little too close for safety, and the Society is faced with the alternative of either cutting down the prize money or increasing the gate admission.

A warning to participants in joy rides and petting parties, that the honor of girls will be rigorously protected by the courts, was issued by Mr. Justice Riddell in passing sentence at London on Thomas Fox and Sylvadore Sansone, found guilty of having attacked two sisters, aged 19 and 16. Fox was sent to Kingston penitentiary for 14 years and will receive 20 lashes. Sansone, convicted of an indecent assault, was sentenced to two years and 10 lashes.

Three Flamboro' young men were fined recently for hunting coons without a license. To some people it will appear that about the last vestige of individual liberty has gone. In the old days there was no more question of the right of farmers and farmers' sons to hunt coons than there was of their right to make maple sugar. Times have changed, indeed.

CABLE—STEWART

The marriage was quietly solemnized at the Methodist parsonage, Warwick village, on Thursday, of Fred George Cable, third son of Mr. and Mrs. Harry Cable, fourth line, to Miss Annie Irene Stewart, only daughter of Mr. and Mrs. Charles Stewart of the Egremont road, Rev. A. Roy Johnson performing the ceremony. The bride was attended by her cousin, Miss Gladys Kersey of Watford. The groom was attended by brother, Albert Cable. They will live near Birnam.

PROCLAMATION

In pursuance of the proclamation of His Most Gracious Majesty, King George the Fifth calling upon the citizens of Canada to render thanks to Almighty God, for His goodness to us as a nation and as individuals, on Monday, Nov. 10th, (Thanksgiving Day) a Public Service of Thanksgiving for the by order of the Reeve and citizens of Watford will be held Council, and conducted by the clergymen of the Village, on Monday morning at 10. a.m. in the Lyceum, and we hereby invite every citizen of Watford to participate in this service.
