WEDDING BELLS

DAVISON—DODGE
A quiet but pretty wedding took place at St. Andrew's church, when in the presence of relatives and a few intimate friends, Miss Frances Dodge became the bride of Lemuel Montague Davison. The Rev. Field Yolland, rector of St. Andrew's was the officiating clergyman. The bride was attired in a traveling suit of blue, with a hat of blue velvet, and was attended by her niece, Miss Ruby Walker, who wore a brown suit with hat to match. Mr. Jack Walker attended the groom. After the ceremony an informal reception was held at the home of the bride's brother, Mr. Frank Dwyke, on Victoria Street. The happy couple are spending their honeymoon at the coast, and on the return will reside in the bungalow recently erected by Mr. Davison on Millikan avenue. (The above is reprinted from the News of Trail, B. C. The bride is the youngest daughter of Mr. and Mrs. R. L. Dodge, of Belleisle, N. S.)

BURNS—WHITMAN
(Kentville Advertiser)
A very pretty wedding was performed at St. Stephen's parsonage, Kentville on Wednesday, when Rev. B. J. Porter united in marriage Keith Penell Burns, youngest son of Percy W. Burns, of Bridgetown, and Miss Elvina Roberta Whitman, daughter of Wm. Whitman, of Lawrence town. The bride was attended by her sister E. Blanche Whitman. The happy couple left on the Eastbound train

to spend their honeymoon in Halifax. Upon their return they will reside in Bridgetown.

SWIFT—CROUSE
A quiet wedding took place in the Presbyterian Manse, Kentville, last Wednesday Nov 10th, when Rev. R. B. Layton united in marriage, Mr. Percy R. Swift, of Waterville, eldest son of Mr. and Mrs. W. A. Swift, of Bridgetown, to Waitie Elizabeth, youngest daughter of Mr. James R. Crouse, of Auburndale, Lunenburg county. After the ceremony the happy couple left for Bridgetown where they will in future reside.

ADAMS—WOODMAN
At the Baptist parsonage, Digby, Saturday evening, November 6th, by Rev. D. E. Hatt, Henry Woolard Adams, of Oak Park, Shelburne County, to Florence, daughter of Mr. and Mrs. John Woodman, of Smith's Cove. Mr. and Mrs. Adams will make their home at Oak Park, Shelburne County.

DELANEY—OUTHOUSE
Llewellyn Delaney, of Central Grove and Miss Harriet Outhouse, of Tiverton, were married at the Baptist parsonage, Freeport, Nov 4th. They will reside with the groom's parents Mr. and Mrs. C. F. Delaney, Central Grove.

The tern schooner Stewart T. Salter is at St. John from New York with a cargo of hard coal. After discharging she goes to Parrsboro to load spruce lumber for New York for B. L. Tucker.

EDMUNSTON MURDER CASE

William St. Pierre Sent Up For Trial on Charge of Murdering Miss Minnie Stevens

EDMUNSTON, N. B., Nov 12—Excitement ran high in this usually quiet community today when the hearing of William St. Pierre, charged with the murder of Miss Minnie Stevens on the night of Oct 11 was resumed. After sessions lasting all day and well into the evening the accused was held for a higher court by Magistrate J. B. Michaud, who conducted the investigation. St. Pierre appeared cool and collected during the hearing and exhibited no signs of emotion, even when the garments of the murdered girl were produced in court. The most damaging evidence against the prisoner was given at the evening session by Charles Magoon, a messenger boy, who told of seeing St. Pierre near the scene of the crime on the night in question.

DIGBY, Nov 12—Arrived: Steamer Bear River, Moore, St. John; schooners Phyllis C. Crocker, Freeport, and Walter C. Belding, Chance Harbor. Cleared: Steamer Bear River, Moore, Bear River; Phyllis C. Crocker, Freeport and Walter C. Belding, St. John.

Annapolis Royal schooner Hilda M. Stark arrived at Gulfport, Miss., on the 4th from Manzanillo.

TUXIS BOYS' BANQUET

Maurice Armstrong Has Won Two Honor Badges

On Thursday evening, November eleventh, in the school room of the Methodist Church Bridgetown, the Tri Mu's Tuxis Square of the United Methodist and Presbyterian boys held a banquet to celebrate the first anniversary of their square, each boy had the privilege of bringing his best girl friend and a very pleasant evening was spent by all.

Mr. H. B. Hicks, who took a very keen interest in the Boys' Work Conference held lately in Bridgetown was the guest of honor. After all had done ample justice to the good things to eat, the Mentor of the Square, who was toast master, surprised all by announcing that Maurice Armstrong had won two Honor Badges, one for birds, the other for Hobbies. He was complimented on being the first tuxis boy of Bridgetown to win a badge, and the hope was expressed that every tuxis boy would make an honest effort to win at least one badge this winter.

The toasts were as follows: The King responded to in the usual manner.

The Canada of To Morrow: Proposed by Borden Tupper responded to by James Fay.

Our Square: Proposed by Maurice Armstrong, responded to by Mark Fair.

The Ladies: Proposed by Harold Price responded to by Walter Dechman.

A hearty vote of thanks was tendered the ladies who provided for the banquet, by Pretor James Little. This was responded to on behalf of the ladies by Miss Price.

The evening's entertainment given by the boys consisted of stunts, solo choruses, readings, etc. All departed for their homes agreed that a most enjoyable evening had been spent.

GERMAN GUN TAKEN FROM AN NAPOLIS FORT

ANNAPOLIS, Nov 11—One of the events planned for Armistice Day was the unveiling of the war trophy, a German field gun, which had been placed at the Valley Port in the garrison.

This morning those responsible for the program were surprised to find that during the night the gun had been removed from the grounds and its whereabouts were unknown. It was tracked across the railway bridge but from there all trace was lost. Who did the trick and why also remains a mystery. There are various rumors and suspicions but no definite knowledge seems obtainable.

The intention was to break up the celebration the place miscarried. Two German machine guns were alloted to Annapolis with the field gun and were received at the same time. A machine gun was there substituted for the larger piece.

PRESENTATION AT ANnapolis

The Work of Mr. W. H. Weldon, a Prominent Mason, Appreciated

(Annapolis Spectator)

At a regular convocation of Eureka Chapter of Royal Arch Masons of Nova Scotia, held in Masonic Temple Monday evening, the 7th inst, a presentation was made by Dr. Augustus Robinson, Pa. High Priest to P. H. P. William H. Weldon, who leaves in a few days to reside in the United States, of a substantial check, and who in a felicitous speech spoke of the high appreciation by the Companions of his services extending over nearly half a century. Jacob M. Owen, High Priest of Eureka Chapter, in a eulogistic speech also spoke of the high appreciation of his services for the many years he had been connected with the Chapter and presented him with a check for a good amount, and expressed the best wishes of all the Companions for his future prosperity and that of his family who accompany him, to which Companion Weldon made a feeling reply and stated that although he was going to live under the stars of the Stars and Stripes, he realized that he was a British subject and owed allegiance to the flag which for over a thousand years had braved the battle and the breeze and would always rejoice in seeing it entwined with the Stars and Stripes as the emblem of freedom and liberty to all.

After the presentation the Most Excellent Master's Degree was conferred on a prominent member of the Order, after which refreshments were served and with the singing of "He's a Jolly Good Fellow" and "Auld Lang Syne" a happy function was brought to a close. (The Mr. Weldon, above referred to is father of Mrs. S. C. Turner, of Bridgetown, and for many years the Annapolis correspondent of the Halifax Chronicle.)

A RACE ACROSS THE BAY OF FUNDY

It is said that a friendly rivalry exists between the stmr Valinda's crew of Bridgetown, and that of the stmr Granville's crew of Annapolis. Both boats are on the Bay of Fundy route.

A good opportunity arose last Thursday, for a race across the Bay from St. John to Digby, a distance of 40 miles.

The S. S. Granville had 10 minutes' start leaving St. John about 3.30 a. m. At daylight she was seen about a mile and a half in the lead. The Valinda then began to show some speed, came up, and passed the Granville, arriving in Digby one and one half miles in the lead. Time 4 hours and 20 minutes. The Bay was quite rough, but this only added to the sport of the race.

YARMOUTH, Nov 11—The Wedgeport steamer Bernard M. Captain Everett B. Nickerson, arrived from Parrsboro this afternoon with a cargo of Springhill coal. The steamer was in Digby during the heavy blow of Tuesday night and yesterday.

NIGHT COUGH

You know it! It begins with a tickling, irritating sensation in your throat. You cough to clear the throat. In a moment there it is again!

A minute's peace, then again you cough, and so on until you cough your throat sore, and by the time the cough is sufficiently allayed to permit you to sleep, you are thoroughly worn out. This kind of experience is particularly trying to old people.

Pepp make this sort of thing quite unnecessary. Put a Pepp capsule on your tongue and allow it to slowly dissolve. Hoarse fumes are then liberated, which mingle with the breath and are carried to the remotest parts of the air passages and lungs, allaying the irritation and soothing the inflamed membranes, thus ending the cough and making sleep possible.

Pepp are also best for bronchitis, laryngitis, asthma, sore throat and colds. Try Pepp at our expense. Send this advertisement and 1c stamp (for return postage) to Pepp Co., Toronto, and receive FREE TRIAL PACKAGE. All Dealers, 50c. box.

NURSES ARE GRADUATED

Miss Hearn of Bridgetown, Superintendent of the Training School.

(From a Maryland Paper)

Commencement exercises for the first graduating class of the Crownsville State Hospital Training School for Nurses were held in the auditorium of the hospital yesterday afternoon. The auditorium was decorated in the class colors, green and gold. The entire background of the stage was paneled with green laurel, with an open archway in the center over which was placed the class motto, "Lest We Forget." Large ferns and plants artistically placed throughout the hall blended beautifully with the yellow chrysanthemums banked against the stage. To complete the color scheme the light clusters were covered with yellow baskets suspended by green cords.

A pleasing program for the day was arranged. Following the opening prayer by Rev. P. F. Vauthier, the superintendent, Dr. Robert P. Winterdoe, in a few well chosen words, introduced the speaker of the occasion, William L. Marbury, president of the board of managers. In his address Mr. Marbury spoke eloquently of the part played by the nurse in the World War. The graduating class was presented by the superintendent of the training school, Miss Amy G. Hearn, and diplomas awarded by Dr. Walton H. Hopkins to the following graduates: Lulu Georgine Wilkins, Joseph Hilary Krause, Albert Wood Stone and Joseph B. Stephens. Special music was rendered in accordance with the requirements of the Maryland State Board of Examiners for Nurses.

(The Miss Hearn above referred to is a daughter of Mr. Reuben Hearn, of Bridgetown.)

For years I have never considered no stock of household remedies complete unless a bottle of Minard's Liniment was included. For burns, bruises, sprains, bites or chills, no better remedy for a severe cold in the head, or that will give more immediate relief than to inhale from the bottle through the nasal organ. And as to my supply of veterinary remedies it is essential, as it has in very many instances proven its value. A recent experience in reclaiming what was supposed to be a lean section of a valuable cow-udder has again demonstrated its great worth and prompt me to recommend it in the highest terms to all who have a herd of cows, large or small. I think I am safe in saying among all the patent medicines there is none that covers as large a field of usefulness, as does Minard's Liniment. A real truest good for man or beast.

THOUGHT SHE'D HAVE TO GIVE UP

Mrs. Kenny had Suffered Eight Years before Taking Tanae is now well and happy

I'll never stop praising Tanae since it's helped me so much, and I just feel like going out and telling everybody about it," said Mrs. O. R. Kenny, of 75 Dresden Row, Halifax, N. S.

"For the past eight years I suffered dreadfully with stomach trouble and chronic indigestion. My appetite was poor, and for years I don't think I ate a good meal. The little I ate soured on my stomach and caused gas to press into my chest and throat until I could hardly breathe. I had awful headaches that kept me confined to my bed for days at a time and left me in a terribly weakened condition. At night I was so nervous and restless I could scarcely sleep. I had no energy to do my housework, and I thought I would have to give up altogether, as I was getting worse all the time.

"I got a bottle of Tanae one day and it gave me so much relief I kept on taking it until I had finished my seventh bottle and all my troubles have disappeared. My appetite is just splendid and I no longer suffer from indigestion or gas on my stomach. My breathing is free and easy and I never have a sign of a headache. I sleep like a child and have regained all my strength and energy so that my housework is a real pleasure. I've also gained ten pounds in weight, and am feeling just fine in every way."

Tanae is sold in Bridgetown by S. N. Wear in Middleton by Clifford A. Mumford and in Bear River by L. V. Harris.

APPLE INDUSTRY IN NOVA SCOTIA

A Development that Most Impresses Travellers Along the D. A. R.

A Kentville correspondent writes the Halifax Herald: A development that most impresses the traveller no less than the orchardist of the Annapolis Valley, is the remarkable growth of warehousing accommodation for the care of products of the farm and orchards.

Not only in numbers are they impressive; their substantial appearance and the evident care of their up keep gives an air of prosperity that will do much to influence the settlers when the tide of immigration turns this way.

Looking back twenty five years to 1895 there were but two warehouses, one at Port Williams and one at Cambridge. After this the growth was gradual until the big apple crop of 1911; that year the yield was a record and practically double of any crop hitherto, amounting to 1,700,000 barrels of commercial apples.

Fortunately the season was a mild one, otherwise there would have been a heavy loss, as apples were stored in barns and cellars until such a time as room could be provided in existing warehouses as the crop moved forward. Since then the growth has been keeping pace with the demand, until now the value of the apple warehouses is comparatively estimated at a replacement cost of \$1,000,000.

Along the line of the D. A. R. there are 107 warehouses located as follows: Main Line Newport to Meteghan, 75; on Milland, 2; on Kingsport branch, 17; on Western branch 12. Those on the Western branch have been constructed within the past five years.

They total a basement and main floor space of 866,182 square feet and a normal storage capacity of 60,250 barrels.

The intention was to keep to a standard building 100 x 40 feet. This may represent a majority of the warehouses for width, but in length there are now several of 200 feet with a storage capacity each of 18,000 barrels. If these warehouses were placed end to end in a row they would cover an area 21 miles in length with an average width of 28 feet.

With the exception of those owned by various speculators which would represent 20 per cent the balance are controlled by Farmer co-operative organizations, a system that has given excellent satisfaction.

Industries that have developed with the growth of orcharding and are now firmly established are those of evaporating and canning; also plants for the conversion of cider into vinegar, temperance drinks and jellies. From two small evaporators in 1911 there are now 13 in an area of eight miles with capacities ranging from 180 to 400 barrels apples a day. The canning factories last season had a turnover of 10,000 cases of canned apples, apple butter and apple conserve; two vinegar factories produced over 120,000 gallons of vinegar, besides carrying on very large trade in the manufacture from apple cider of various temperance drinks. One factory at Bridgetown specializing in cider beverages was not able to keep pace with the demand for their goods last year.

Experts tell us there are orchards enough now to produce a 3,000,000 barrel apple crop provided all orchardists had the same experience and skill in the care and cultivation of their trees. Compared with the acreage available, the amount of orchard now set out is a mere trifle. With the influx of settlers we may look forward to an area of agricultural and commercial development surpassing the splendid growth of the past ten years.

Windmill

Barbados Super-Fancy Molasses

It is the fruit juice of ripe, Golden Ribbon sugar cane—not crushed by steel, nor cooked by steam—but, as in days of old, it goes through wooden rolls with windmill's aid, and is cooked over the open fire in open kettles.

It takes 100 lbs. of this Golden Ribbon Cane to make one gallon of "Windmill" Barbados. Nature alone gives it its sweetness, flavour and colour.

Nothing added—nothing extracted. Full of the food elements that give heat, energy, and endurance, and well balanced with minerals, fruit salts, that give health to the blood and strength to the body frame.

Yet costs no more than common molasses, or compounds in which there is practically no food value. No fancy cans to raise the cost—Sold in bulk only.

Be sure you get the good, old-process, "Windmill" Barbados—it savors of fruits and flowers of Barbados.

We guarantee Windmill to be absolutely pure and highest grade Barbados Molasses. If not on sale at your grocer's, mail us his name.

PRE-WAR PRICES

Statistics from high Authority claims during the past two years the buying power of \$1.00 has only been .37c. No doubt in many cases this is correct, but there are exceptions.

For instance, we have in stock "Velvet Cord" goods that will make splendid dresses and coats for children and grown ups. The wholesale price on same is .90c per yard. Our price \$1.00. Colors light and dark blue, red, brown and white. For ten days we offer a cash discount of **25 per cent making the price 75cts. per yard.**

BOYS' PANTS

We have a line of Oxford Manufacturing Co. boys' pants at \$2.50 boys' suits, size 30 and 32, from \$8. to \$12. We are strongly of the opinion that the above are special values, as they are all pre war prices.

As it is no trouble to show goods we hope before purchasing in the above lines you will look over our stock.

DOES IT PAY TO ATTEND HIGH SCHOOL OR COLLEGE

"Will a college education pay? Can I afford the time and the money it will cost? Could not the money and the time for four years' training be better invested in other ways? Would it not be better to get to work and make an early start in the business world?" These are some of the questions of the average high school student. Ours is a practical one. We are tempted to measure life itself in terms of dollars and cents.

We hear much of the self-made man, and many an earnest young man hesitates to spend four valuable years in college after high school is finished. Some become discouraged and yield to the lure of the dollar even before the work of the secondary school is completed.

Careful statistics show that the average uneducated man earns \$1.50 a day. Omitting Sundays he earns \$450.00 a year. In forty years he earns \$18,000. The average high school graduate earns \$1000.00 a year. In forty years he earns \$40,000. The difference in favor of the high school man is \$22,000. To get this added amount he spends twelve years in school, nine months per year, twenty days per month, or 2160 days. In other words, he earns at the rate of \$10.00 for each day he remains in school.

A college education increases one's earning much more rapidly. The United States Commissioner of Education has asserted that a common or public school education increases a man's productive ability 75 per cent, a high school training increases it 100 per cent, and a college education increases it from 200 to 300 per cent.

November is "Stick to School Month" for Tuxis Boys and Trail Rangers. Stick it out boys; if you have left school, go back, or get in some extra study somehow.

FIRELIGHTER
(We have been giving the above correspondent access to our columns in the interest of our boys, believing he would confine himself to the truth. The above is the worst yet. Where is there a man, educated or uneducated who will work for \$1.50 a day or \$450.00 per year? The above letter contains good advice to the boys, but the correspondent will have to tell the truth in our paper.—ED)

Men's Overcoats Half Price

Our price and policy is closing up mills because they can't compete. Catalog houses sell at \$10, \$15 and \$20 more, others ask \$65 for what we sell at \$27.85, delivered to your door.

A giant purchase permits these dwarf prices. The British Government sold the cloth below cost. We bought enough for 5,000 overcoats in one lot.

\$27.85 Delivered to Your Door

All wool of e-v-e-r-l-a-s-t-i-n-g quality, in Borsalino Greens, three shades of Brown, and Marine Blues. Interlining of felt adds warmth without added weight. Reinforced stitching, double and triple buttons, three position collars.

Collars lie snug and shaped whether open or buttoned at neck, or raised in storm style. Shoulders follow prevailing lines without extremes. Waist in-curve deftly suggested but not exaggerated.

You can't surpass their style at any price or equal their quality below \$65.

For measure, slip a tape around your chest close up under the arms and over your suit coat.

Children's Coats, ages 5 to 12 years, same styles, colors and cloth, \$12.35 prepaid

THE FAMOUS FIT TAILORING CO.

Military quality cloth, civilian dyes, tailored in Canadian styles.

Don't consider a coat at any price in any place until you have had one of these on your shoulders—seen the style, considered the quality, appreciated the saving.

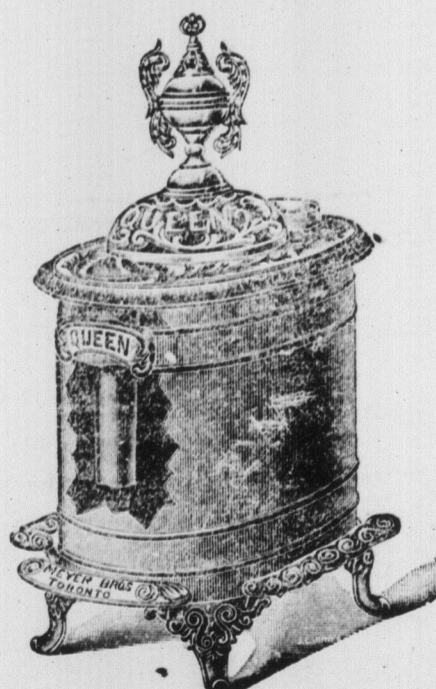

Then allow an extra inch, sign and send the coupon below or write an ordinary letter. You run no risk—money back after 3 days' examination if not delighted.

WE know the sale of the Chevrolet Light Delivery Wagon depends on the satisfaction it gives in actual service. We also know that its valve-in head motor eliminates fuel waste and delivers fullest power, that its ample bearings cut friction to a minimum, that its perfect balance—strength without weight—insures stability and makes a maximum of power available for actual hauling.

These are only a few of the obvious reasons for Chevrolet ability, durability and economy.

The quality of KING COLE ORANGE PEKOE TEA needs no explanation. Its four years of service to the public has earned for it a reputation of which we are justly proud. From the first we claimed it to be "the extra in choice tea."

Users repeatedly tell us it is all that and more. We shall see to it that it is never any less.

SHELburne MAY BUILD VESSEL

To Take Part in Next Year's International Schooner Race

There is now a proposal on foot to have a Shelburne built vessel enter the contest next year in the international fishing schooner race. The proposal is being fostered and pushed forward by men who appreciate the reputation that vessels built in the famous Shelburne yards have, for trustiness to model and lines and for fast sailing. Captain W. A. Innes of Liverpool, is very much interested in the project. He is making inquiries at present among all representative business men of not only the Province, but very generally throughout Canada. In a recent letter to a prominent business representative of a Montreal firm, he referred to several vessels built in the famous McGill yards of Shelburne a decade and more ago, such as the "Kingfisher," "Dorothy Smart," and "Albert J. Lutz." The Lutz and Smart were built for Dibley parties and on several trips made records runs for speed.

WHY ANAEMIA PREVAILS

The Strenuous Conditions of Life To-day Are Responsible

Mothers who remark that girls to-day are more prone to anaemia than the girls of a generation ago, should look back at the surroundings in which they and their companions lived. They would easily see the reason in life's altered circumstances to-day.

Now the school girl's life is more strenuous; her more numerous studies are a severe tax upon her strength. Also, girls enter business soon after leaving school—at an age when they most need rest and outdoor life. Their womanly development is hampered by the stress of working hours, hurried and often scanty meals. Girls are more liable to bloodlessness today, but there is this consolation that, whereas doctors formerly regarded anaemia as often incurable, the cures are now counted in tens of thousands. Such medicines as Dr. Williams' Pink Pills have restored to good health thousands of weak anaemic girls and women, simply because they contain the elements necessary to make new, rich, red blood which means good health and vitality.

When your daughter's strength fails and pallor, breathlessness and headache disclose her anaemic condition, remember that you can make her well and assure her healthy development by giving her Dr. Williams' Pink Pills to make good red blood. Remember, too, that for women of all ages Dr. Williams' Pink Pills are especially helpful in the many ailments that result from watery blood. They make women and girls well and keep them well. This is amply proved by the case of Miss Eva MacKinnon, Glanville, Ont., who says: "As a school girl I grew very pale and would take dizzy spells and sometimes vomiting. My condition was such that I was not able to attend school regularly, and my mother was very much worried about my condition. Finally she decided to give me Dr. Williams' Pink Pills and I took these for a considerable time, gradually gaining strength until I was perfectly well. It is some years since I took the pills and I have enjoyed the best of health, and I am certain pale, sickly girls will find new health if they give Dr. Williams' Pink Pills a fair trial."

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50¢ per box or six boxes for \$2.50 by writing to the Dr. Williams Medicine Co., Brockville, Ont.

CORRESPONDENCE

OF INTEREST TO FRUIT GROWERS

To the Editor of the MONITOR DEAR SIR—With your permission may I say a few needed things to the fruit raisers and the fruit dealers of the Annapolis Valley.

We have in the Maritime Provinces of Canada a population of from 120,000 to 150,000 people dependent on the fisheries of our coast waters for their livelihood. It is among these people that the best undeveloped market for Nova Scotia apples lies that is to be found today. There is easily a possible market for 100,000 barrels of apples among these people if the market is properly handled. As yet it is an utterly undeveloped market and it never will be developed along the lines of its present treatment. I have lived and labored among these people some fifteen out of the past twenty five years. I know whereof I speak.

The market among our fishermen is the most abused market with which the fruit men of Nova Scotia have any dealings. It is found that apples that are unfit for all other markets or that are fit for domestic use are just the variety to impose on the fishermen and their families. Never was a greater mistake made. The fisherman of today knows what apples are and he means to have them and is not particular about the cost. The result is that the splendidly packed Western apples are finding their way into our fishing communities in large numbers, and the fisherman is fast showing his preference for these apples even at their extreme prices.

I have made several efforts to get really first class apples from Nova Scotia shipped into the various fishing communities where I have had the honor to live and labor. I have found this impossible. Growers and dealers alike think that the Domestic, the No 3 and now, that invidious thing known as "Tree Run" is just the thing for the fishing communities. From specimens that I have seen it would seem that "Tree Run" is intended to include, leaves and twigs from the trees, drops, and other defective apples.

Be sure, the fisherman does not want fruit packed thus. His money is as good as that of any other class of people. He wants value for it.

This is my second season on Grand Manan, and I have been watching this business closely. I am your unpaid agent seeking your own good as well as the good of the people among whom I labor. I have to tell you that the people of this island prefer the finely packed Western apples to such an extent over the Domestic, the No 3, and the "Tree Run" of Nova Scotia that they will pay as much for a box of the Western fruit as for a barrel of the inferior stuff that you send to us.

On Grand Manan alone there is a market for 2000 barrels of apples if you desire it. But if you desire it, you must give us good fruit, packed as well as you pack the fruit for the English market. The time is near when the fisherman will utterly refuse your inferior fruit. You may drive the Western apples from this best undeveloped market in sight if you will give the fishermen properly packed fruit and get his custom in a business like manner.

BIG SLUMP IN BUSINESS

Hundred and Fifty Thousand Thrown Out of Work in New York

NEW YORK, November 10—Nearly 150,000 members of the United Hebrew trades in New York State have been thrown out of work in the last three weeks of "steady business recession," Morris Feinstein, associate secretary of the organization, announced here today. Of these 90,000 are tailors and cloth and dress good makers, mostly in Greater New York.

Every trade is affected by the slump in business Mr. Feinstein said, adding that "none of our people are going to accept lower wages until the cost of living has gone down, so they can do so without lowering their standard of living."

ACTION FOR \$50,000 DAMAGES

Has Been Brought by James Fleming Against Royal Bank for False Arrest

TORONTO, Nov 10—James Fleming, an accountant in the Royal Bank at Woodbridge, Ont., who was arrested on a charge of stealing \$13,000 from the bank and released shortly afterwards, the Royal Bank officials having withdrawn the charge against him, began an action against the bank today for \$50,000 damages. Mr. Fleming alleges malicious prosecution, trespass and false imprisonment on the part of the bank. Stuart Strath, supervisor for the Royal Bank, is also a defendant in the action brought by Mr. Fleming.

A POPULAR APPOINTMENT

The New School Inspector for Berland County is a St. Cove Boy

Mr. Bradford R. Hall, B. S., succeeds Mr. F. G. Morse, Jr., as inspector of schools for Berland County. Mr. Hall was born in St. Cove, Annapolis Co.

After receiving a common school education he attended provincial Normal school, T. S., receiving the E. license.

The two years following he was principal of the school at North. Digby Co., resigned to accept the principalship of schools in Canning.

After a year's successful teaching in Canning, Mr. Hall entered University, which institution he attended for two years. In 1915 he took charge of the Joggins, and after remaining there two years returned to Acadia, graduating in 1919, with the degree of B. E. the same year he received his license.

At the beginning of the year Mr. Hall accepted the position of the Parramore school. His position he will resign in a few days to the regret of teachers and citizens to accept a new appointment.

In August of the present year Mr. Hall married Miss Evelyn S. Clarence, Annapolis Co., also of our popular provincial teachers.

GERMAN CANNON FOUND IN ANAPOLIS

ANNAPOLIS, Nov 15—This morning the German field gun that appeared from Fort Anne last Wednesday night was found in the Lequille school house.

It appears that those who concealed it in a vacant lot on the Cape until Sunday night they put it in sight. This has aroused a good deal of interest which might have been averted if proper procedure had been followed. There is no evidence of a protest, but merely a protest on one part of the armistice commission.
