Confederation Life Building - TORONTO.

Branch Office:

NEW YORK LIFE INSURANCE BUILDING,
MONTREAL.

Weekly Lumberman, published every Wednesday. Contains reliable and up-to-date market conditions and tendencies in the principal manufacturing districts and leading domestic and foreign wholesale markets. A weekly medium of information and communication between Canadian timber and lumber manufacturers and exporters and the purchasers of timber products at home and abroad.

Lumberman, Monthly. A 20-page journal, discussing fully and impartially subjects pertinent to the lumber and wood-working industries. Contains interviews with prominent members of the trade, and character sketches and portraits of leading lumbermen. Its special articles on technical and mechanical subjects are especially valuable to saw mill and planing millmen and manufacturers of lumber products.

Subscription price for the two editions for one year, \$1.00.

CURRENT TRADE CONDITIONS.

ONTARIO.

Taking the lumber trade of Ontario as a whole, it cannot be said to be in a satisfactory condition. There is some movement of lumber, but it is not of large volume, and the prices realized in most cases leave a very small margin of profit. The stocks of pine which have been accumulating for the past two years continue to increase. Manufacturers have been holding off for higher prices, but these have not materialized, and the result is that dealers are this year willing to accept even a lower figure than was offered last year, in the hope of reducing the quantity of stock in their hands. This has resulted in a general depreciation in values of the lower grades, but for the best lumber prices have been well maintained. There are some points at which there is considerable activity, but it is mostly in the case of mills manufacturing deals and lumber for the British market. Shipments from the Ottawa valley are quite brisk, and the exports from Montreal show that large quantities are going forward each week. Of the United States market nothing encouraging can be said. The only requests for lumber are for such stocks as are in very limited supply. For hemlock there is a fair demand. Hardwoods have shown a downward tendency within the past week. Prices remain firm, but demand weak. The encouraging features of the fall trade are the good crop prospects and abundant yield of fruit. The latter should create a demand for cooperage stock.

QUEBEC AND NEW BRUNSWICK.

So far as the foreign lumber trade of the province of Quebec is concerned, it can justly be said to be in a healthy condition. Many mills are yet busy filling contracts for stock made at good figures early in the season, although some trouble has been encountered in getting the logs out on

account of low water. From the vicinity of the Ottawa valley shipments are brisk, and available space in the steamers is readily taken up. Of local trade nothing encouraging is reported. There is little building in progress or in contemplation. In New Brunswick the situation has not changed. Last week two lumber cargoes cleared from St. John for South America, one for France, and three for British ports, besides a fleet of small cargoes for the United States. Seven steamers are now loading deals at that port for transatlantic points. The United States market shows signs of further weakening. The supply of spruce is largely in excess of the demand, and prices are being cut to effect sales.

BRITISH COLUMBIA AND MANITOBA.

The demand for British Columbia lumber for China has given strength to the market, there being several vessels loading at different mills destined for that country. The Victoria Lumber and Manufacturing Co.'s mill is running day and night, and a large portion of its product will be shipped to China. Several vessels are also loading for Australia. Local consumption is fair, although a large amount of capital has been withdrawn from circulation for the purpose of being invested in mining properties. Collections are therefore difficult to make, but nevertheless the lumber trade will be one of the industries benefitted by the mining boom now on. In Manitoba crop prospects are good, and lumber is considered in a favorable condition, although sales are not heavy.

UNITED STATES.

Public attention is being turned to political conventions, to the detriment of business. So far as lumber is concerned there is little business which requires attention, and dealers realize that in the consideration of the many important questions affecting the commerce of the country there is about as much to be gained as in trying to effect lumber sales. During the month of July, which is usually a quiet one, there has been pronounced quietude, which is attributed in some degree to the political situation, and which it is thought will pass away before the month of August has closed. While orders for lumber have been withheld of late, it is not possible that this condition can prevail for any length of time, as the approach of the fall season and the harvesting of the crops must result in a fair demand. A favorable feature is the abundant corn crop, which will necessitate the

erection of a large number of corn cribs. The resumption of manufacturing industries at an early date will also cause a steady consumption of lumber. The main sources of complaint with respect to white pine are an oversupply of stock and low prices. Buyers are pursuing a conservative policy. Good common and better is in fair request, and prices have been maintained. In the lower grades there is a marked depression, and docks are over crowded. In the hardwood market oak is the leader, but even in that wood buying is restricted. In the Eastern States the overproduction of spruce continues to increase, and cutting of prices is being indulged in. A movement has been commenced to curtail the output. At Buffalo there is some demand for black ash, elm and chestnut.

FOREIGN.

The quietude of the summer season is being felt by the lumber trade of Great Britain, the result being a slight falling off in the demand for lumber. The firm tone of the market, however, has been maintained, as dealers recognize that the inactivity is only temporary and cannot be taken as a general weakening of the demand. The f. o. b. business has been practically concluded for the year, and agents anticipate little new business. For dimension stuff there is a fair demand, while in connection with spruce it is stated that stocks are as yet light, late arrivals having gone into consumption immediately, and cargoes now on the way will be eagerly sought for. Pitch pine is improving in price, and shippers are closing sales for next season at an advance of two pence per cubic foot. The market is practically in the hands of manufacturers and shippers. Although the quantity of pitch pine in stock at Liverpool is large, it is said to be of small average and poor quality, and not such as would command a ready sale even at the time of a brisk market. At Glasgow trade is not brisk, although pine and spruce deals are moving well and some sales of pitch pine have been made at good figures. In hardwoods there is very little doing. The stock of mahogany in first hands is small, and transactions by wholesale dealers are necessarily very few in number. Steamship chartering is not as brisk as it was a few weeks ago, and the call now is principally for small tonnage.

The Timber Trades Journal, of London, Eng., urges precaution on the part of Canadian shippers lest the British market should be overstocked. While values are certain to be maintained for the present season, a large influx of stock this fall

FOREIGN.

The Eastman Lumber Co., of Saginaw, Mich., has closed down for the season, after cutting 4,000,000 feet.

The Sterns Lumber Co., of Bangor, Maine, has chartered a steamer to take 800,000 feet of small dimension spruce to Buenos Ayres.

The Holland & Emery Lumber Co. have closed down both of their mills at East Tawas. They have 25,000,000 feet of lumber on hand.

The custom house receipts at Boston, Mass., show that 25,259,000 feet of boards, deals, plank and other sawed lumber were imported from Canada for the six months ending June 30th last.

Log run at Saginaw, Mich., ranges from \$10 upwards, the majority of sales being made at \$15, although 3,000,000 ft. of selected pine brought \$23. Box lumber is quoted at \$8.25 to \$9 and bill stuff at \$7.50 to \$8.25.

At Foy, Morgan & Co.'s sale at London on the 15th inst., Canadian goods sold as follows: 4th spruce, from Quebec, 12 and 14 ft. x9, \$6 15s. to \$6 17s. 6d.; 3rd spruce, 12x3x9, \$7 10s.; 3rd dry pine, \$8 to \$8 15s. for 12' 13x3x9, and \$7 15s. to \$8 for 7/8 in. of the same length.

BUSINESS NOTES.

Desormiers & Co., sash and door factory, Valois, Que., have dissolved.

Cross & Ewing, lumber merchants, Duds-well, Que., have formed a new co-partnership.

S. G. M. Gates, sawmiller, Bay City, Mich., is said to have called a meeting of his creditors.

Thos. Sutherland, of the firm of Thos. Sutherland & Co., Liverpool, Eng., has commenced business as timber broker on his own account at 15a Canada Dock.

Alex. Scott, saw mill owner, Buckingham, Que., is announced to have assigned. Mr. Scott was formerly manager for the Buckingham Manufacturing Company.

The extensive mill and timber limit interests of the Sayward Mill and Lumber Co., Victoria, B. C., have recently again become the property of Mr. J. A. Sayward, who at the time of the company's formation retained a mortgage on the property, which he has now foreclosed.

James T. Hurst, lumberman, of Wyandotte, Mich., is financially embarrassed, and has transferred a portion of his property to his creditors. A number of Canadian interests will be effected thereby, the Traders' Bank of Canada being a creditor to the extent of \$12,000. Mr. Hurst owns timber limits on the Georgian Bay. The assets are about \$1,000,000, and liabilities about half that amount.

FIRES.

The Hastings shingle mill at Vancouver, B. C., owned by E. H. Heaps and leased by J. & D. McNair, was destroyed by fire on the 27th inst. Loss, \$10,000; insurance \$2,500.

Fire at Cheboygan, Mich., on the 25th inst., destroyed five million feet of lumber owned by Monroe, Bryce & Co. and Ward Bros., of Grand Haven; Theodore Hine, of Bay City, and Swift Bros., of Cheboygan. Loss, \$100,000; insurance, \$65,000.

THE OTTAWA VALLEY.

In and around the Ottawa valley the lumber trade is in a fairly healthy condition. Shipments to the British market are active, but wholesalers report very little demand from South America.

McLachlin Bros., Arnprior, cut something like 600,000 feet per day with their four big mills. They have disposed of this year's cut at a good price to an Ottawa firm.

J. R. & J. Gillies, Arnprior, are filling stock orders and shipping all the time. Trade shows a little improvement.

Jos. Coswell, Renfrew, is getting out 20,000 logs this spring, and has 33,000 logs from last season, which he is having cut. The drive is not all in yet.

P. Young, Almonte, complains of a falling off in demand for building timber, and dressed lumber is not in good demand.

Mr. Acton, Almonte, reports business only fair, although prices are well maintained.

A. Nichols & Son, Carleton Place, have added to their planing mill and have been doing a good business. They are filling numerous orders for cheese boxes.

The Canada Lumber Co., Carleton Place, are running night and day, and will finish up their limits this season. It is rumored that the mills will then close down for good.

The Ottawa Transportation Company report shipments as good as in corresponding months last year. The cargoes have consisted principally of deals for the British market.

The St. Anthony Lumber Co.'s mill at Whitney is doing good work, having cut 2,000,000 ft. in one week, and as high as 400,000 ft. in 24 hours.

Gilmour's mill at Algonquin Park is running night and day, and cuts with one hand saw about 125,000 feet per day. The upper storey of the mill is finished. The main body of the mill is 266 feet long by 55 feet wide. The sorting shed is 100 ft. long by 200 ft. wide, and additions will be made for a shingle mill, etc. About 100 men are employed at present.

The Ross McLaren Lumber Co. are not operating their mill this season.

T. R. Davies, of Ottawa, is selling a large quantity of N shingles at \$1.25, and lath cuts at \$1.00; No. 1 at \$1.50.

SHIPPING MATTERS.

Steamship Emma goes up to West Bay to take in deals for W. C. England at 38s.

Steamship Santanderino has been fixed to load deals at St. John, N. B., for Liverpool at 38s.

Ship Levuka, now at Boston, has been chartered to load lumber for Buenos Ayres at \$7.75, option St. John loading, \$8.75.

The following lumber charters are reported: Ship Loanda, Montreal to Buenos Ayres, lumber, \$9.50; Caldera, Batiscan to do., lumber, \$9.50; a steamer, 1,655 tons, (Quebec to U. K., deals, private terms; Mantinea, Miramichi to w. c. England, deals, 42s. 6d.; a ship, 1,575 tons, Bastian to Buenos Ayres, lumber, \$9.50; ship, 1,525 tons, Montreal to do., \$9.50; steamer, 1,508 tons, St. John, N. B., to w. c. E., deals, 38s.; steamer, 1,361 tons, Sheet Harbour to do. do., 38s. 9d.; ship, 1,497 tons, St. John, N. B., to Swansea, deals, 41s. 3d.; steamer, 1,976 tons, Quebec to Greenock, deals, \$2,300, option of Manchester, 39s.; steamer, 1,916 tons, Quebec to Liverpool or Greenock, timber, 62s. 6d.; bark, 1,234 tons, St. John, N. B., to Buenos Ayres, lumber, \$8.50.

LUMBER FREIGHT RATES.

Lumber freight rates on the Canada Atlantic Railway are as follows: Ottawa to Toronto, 10 cents per 100 lbs.; Ottawa to Oswego, \$1.90 per M ft., (3,000 lbs. and under per M ft.); Ottawa to Montreal, \$1.00 per M ft., (3,000 lbs. and under per M ft.); Arnprior to Montreal, \$1.50 per M ft., (3,000 lbs. and under per M ft.); Ottawa to Buffalo, 12 cents per 100 lbs.; Ottawa to Port Huron and Detroit, 14 cents per 100 lbs. Ottawa to New York, water delivery, lots of 50 M feet and over, \$2.50 per M ft.; under 50 M feet, \$3.25 per M ft. (subject to extra towage) 3,000 lbs. and under per M ft. Arnprior to New York, lots of 50 M feet and over, \$3.00 per M ft.; under 50 M feet, \$3.75 per M ft. (subject to extra towage) 3,000 lbs. and under per M ft. Ottawa to

Boston, Portland and common points, local 15 cents; exports 13c. per 100 lbs.; Arnprior to Boston; Portland and common points, local 17 cents, export 15 cents per 100 lbs.; Ottawa to Burlington, 6 cents per 100 lbs.; Ottawa to Albany, 10 cents per 100 lbs.; Arnprior to Albany, 12 cents per 100 lbs.; Ottawa to St. John, N. B. and common points, 20 cents per 100 lbs.; Ottawa to Halifax, N. S. and common points, 22 1/2 cents per 100 lbs. Minimum carload weight for shipment of lumber, lath, shingles, etc., is 30,000 lbs., and rates quoted above are in cents per 100 lbs., except when quoted per M ft. the minimum carload charged is 10 M ft., lumber not exceeding 3,000 lbs. to the M ft. Ottawa rates apply on shipments from Rockwood and Hawkesbury.

Lumber freight rates for pine on the Grand Trunk Railway have been made a fixture, as below. Of any intended change due notice will be given lumbermen.

General instructions in shipping by Grand Trunk are embodied in these words in the tariff schedule: On lumber in carloads, minimum weight, 30,000 lbs. per car, unless the marked capacity of the car be less, in which case the marked capacity (but not less than 24,000 lbs.) will be charged, and must not be exceeded. Should it be impracticable to load certain descriptions of light lumber up to 30,000 lbs. to the car, then the actual weight only will be charged for, but not less than 24,000 lbs. The rates on lumber in the tariff will not be higher from an intermediate point on the straight run than from the first named point beyond, to the same destination. For instance, the rates from Tara or Hepworth to Guelph, Brampton, Weston or Toronto, would not be higher than the specific rates named from Warton to the same points. The rates from Carleton and Southampton to points east of Listowel and south and west of Stratford will be the same as from Kincardine, but in no case are higher rates to be charged than as per mileage table published on page 9 of tariff.

Rates from leading lumber points on pine and other softwood lumber, shingles, etc., are as follows: From Glenora, Creemore, Aurora, Barrie and other points in group B to Toronto, 6 1/2c.; Collingwood, Penetang, Coldwater, Waubesaushene, Sturgeon Bay, Victoria Harbor, Midland, Fenelon Falls, Longford, Gravenhurst and other points in group C, to Toronto, 6 1/2c.; Brace, bridge to Toronto, 7c.; Utterson, Huntsville, Navor-Emsdale, Katriue to Toronto, 7 1/2c.; Burk's Falls, Berriedale and Sundridge, to Toronto, 8c.; South River, Powassen and Callender to Toronto, 9c.; Nipissing Junction and North Bay, 10c. Rate from Goderich, Kincardine and Warton to Toronto, 6 1/2c. These rates are per 100 lbs. Rates from Toronto east to Belleville are 7 1/2c. per 100 lbs.; to Deseronto, 9c.; to Brockville and Prescott, 10c.; to Montreal and Ottawa, 11c. The rates on hardwood average about from 1c. to 2c. per 100 lbs. higher than on softwoods. For rates on railway ties, mahogany, rosewood, walnut, cherry, and other valuable woods, application must be made to the district freight agent.

On the Canadian Pacific the rates on pine and soft woods may be illustrated as follows: Cache Bay, North Bay, Sturgeon Falls and Warren, to Toronto, 9c.; Algoma, Cook's Mill, Massey, Spanish River and Whitefish to Toronto, 12c.; Ottawa to Toronto, 10c. From Ottawa, Hull, Aylmer and Duchesne Mills to station on the Lake Erie and Detroit River, Erie and Huron, Toronto, Hamilton and Buffalo, and Michigan Central Railways, the rate is 14 1/2c. per 100 lbs. Regulations apply as to minimum size of carload of 30,000 lbs., and an advanced rate is charged for hardwoods.

MODIFICATION OF HARDWOOD RATES.

The Grand Trunk Railway and Canadian Pacific have made the rates on hardwoods from certain points to Toronto and Hamilton as follows. The regulations are over the signature of Mr. John Earls, W.D.F.A., of the G. T. R., and given in reply to a letter from Toronto hardwood men:

"After careful consideration we have come to the conclusion that, on and after Jan. 1st, 1895, a modification will be made in the present arrangements for hardwood lumber, to the effect that the rate will be 7 1/2c. per 100 lbs. from our Northern and Northwestern branches to Toronto and Hamilton. This rate, however, will not apply from main line points and the straight run between Toronto, Sarnia and Windsor; also that so far as rates on common lumber to points like Guelph, Galt, London, Woodstock, Ingersoll, etc., from all lumber shipping stations the rate will be the same on hardwood as on pine." On the old principle, we suppose, that half the loaf is better than none, hardwood men have something, possibly, to be thankful for, though there is no good reason why the rates generally on hardwood should not be as low as on pine. It is understood that the C. P. R. rate will be made uniform at 7 1/2c. from same points.
