ROMAN CATHOLIC CHURCHES ALL CROWDED

Mid-Winter Demonstration of Holy Name Society Was Participated in by Thousands of Young Men Who Heard Inspiring Sermons From Archbishop McNeill and Others.

Four of the largest Roman Catholic churches in the city were crowded yesterday at the mid-winter demonstrations of the Holy Name Society appointed by Archbishop McNeill at St. Paul's, St. Mary's, St. Patrick's and St. Helen's.

Sixteen hundred members thronged St. Paul's church. His Grace, Archbishop McNeill delivered an impressive sermon. The attending clergy included Rev. Dean Hand, diocesan director of the Holy Name Society; Rev. Fathers Lamarche, Canning, Williams and Morrissey.

The boys' choir sang Cardinal O'Connell's hymn of the Holy Name, the congregation joining in the Benediction hymns. His grace gave Benediction of the Blessed Sacrament. Rev. Father Coyne being deacon and Rev. Father Finnegan sub-deacon.

Archbishop McNeill expressed his great pleasure at meeting the largest representation of the Holy Name Society present. It was of course impossible for the membership which he had the gratification to address at the open air demonstration last summer to gather under one roof, but the large representation of the five branches of the district afforded impressive evidence of the vitality of the association. When he addressed the open air demonstration, he had asked them to use their influence to stop the use of certain expressions in regard to foreigners, such as "dagos" in relation to Italians. He was pleased to learn that his advice had been followed by the members of the Holy Name Society. Surrounded by Catholics of Toronto were by those who hailed from Ireland, Italy, Scotland and other countries, it was their duty and privilege to observe in their conduct Christian courtesy and brotherly love.

Reverence is Taught. The reverence which the holy name should be regarded was taught in many portions of the gospel, and this was especially the case in reference to the miracles performed in the name of Jesus. This was exemplified in the Acts of the Apostles when St. Peter and St. John cured the lame man lying at the entrance to the temple by calling upon the name of Jesus.

The archbishop pronounced the Benediction of the Blessed Sacrament. The congregational singing of the hymns in English and Latin brought to a close the services.

ARGENTINE WHEAT IS ON FREE LIST IN U.S.

Last Shred of Countervailing Duty Has Been at Length Removed.

WASHINGTON, Jan. 17.—(Can. Press)—Argentine wheat is at last on the free list and can enter the United States without payment of duty. Assistant Secretary of the Treasury Hamilton, in charge of customs, informed Secretary Bryan today that Argentina had taken the last step to comply with the new tariff act, and, in consequence, wheat and wheat products from Argentina should be admitted duty free.

To comply with the American tariff, Argentina recently removed the duty she imposed on imported semolina, a product of wheat.

ONE LIFE WAS LOST IN A MONTREAL FIRE

Many Thrilling Rescues Made—Seventy-Five Persons Are Homeless.

MONTREAL, Jan. 18.—(Can. Press)—Sidel Schneider, a tailor, 23 years old, lost his life in a Clark street fire today, and six-year-old Abe Cohen was unconscious when taken from a top floor by the firemen. Young Cohen was revived by an ambulance surgeon.

Seven families, with a total of 75 people, were rendered homeless thru a fire due to the placing of hot ashes in a wooden receptacle.

The damage to the building will not exceed \$3000, while the individual losses of the tenants will be slight. Many thrilling rescues were made by firemen.

SWITZERLAND FAVORS BRYAN PEACE TREATY

International Commission to Settle Questions Too Knotty for Diplomats.

WASHINGTON, Jan. 17.—(Can. Press)—Secretary Bryan and Dr. Paul Ritter, the Swiss minister, agreed today on the terms of a treaty providing for the submission for investigation by an international commission of five members for a period of at least one year all questions between the United States and Switzerland which cannot be settled by diplomacy. This treaty, which follows the lines of the one recently agreed to with the Netherlands, is the ninth of the "peace treaties" entered into by the United States, and the second agreed upon with a European nation.

KRAFCHENKO'S GUARD IS ACCUSED OF CONSPIRACY

Keid, Former Hamilton Man, Placed Under Arrest at Winnipeg.

WINNIPEG, Jan. 17.—(Can. Press)—Constable Reid, late of Hamilton, Ont., who, with Constable Flower, was on guard over Krafchenko when he made his sensational escape over a week ago, late last night was placed under arrest, charged with being an accomplice in the jail delivery. It is stated that Reid was put thru the third degree to discover his confederates, but to what effect is not at present known.

AGREE ON PLANS FOR LESSENING SEA HAZARDS

Regulations Approved by International Delegates Include Provision That United States Control Wireless—Americans Over-Ruled Regarding Extra-Manning and Life Rafts.

LONDON, Jan. 18.—(Can. Press)—The work of the revision committee of the International Congress on Safety at Sea, was practically brought to a close tonight, the members working all day Sunday. The American wireless systems were all agreed to by the European delegates. The main feature of this is that it gives the control of the apparatus and the supervision over the operations of the employees to the American Government, notwithstanding the nationality of the ships, whenever they are coming into or departing from American waters.

This agreement preserves intact the private code signals of any country, reserved for war. Use is made of the commercial code, and only one code will be used for any distress call. This will assure its being understood by all ships within range.

Fear Over-Manning. The Americans have been unsuccessful in their contention as to the number of men manning each ship. The European delegates voted unanimously against the extra equipment suggested on account of the probable confusion which would result from the great number of sailors in the event of a crisis.

SIR JAMES WHITNEY IS BROUGHT HOME IN GOVERNMENT CAR FROM NEW YORK

NO IMMEDIATE IMPROVEMENT EXPECTED

Strathcona Unchanged

His Lordship, However, Had Some Sleep During the Day.

LONDON, Jan. 18.—(C. A. P.)—The following bulletin was issued tonight from 28 Grosvenor square, regarding the condition of Lord Strathcona:

"His lordship has had some sleep during the day, but his condition shows no material change."

No further bulletin was issued, but enquiries at midnight showed that the patient's condition remained unchanged.

KRAFCHENKO IS AGAIN ARRESTED

Man Who Made Mysterious Escape From Winnipeg Jail, Caught in City.

WINNIPEG, Jan. 18.—(Can. Press)—John Krafchenko was arrested in Winnipeg tonight.

Krafchenko, who was facing trial for the murder of H. M. Arnold, manager of the Plum Coulee branch of the Bank of Montreal, secured a revolver and went to his cell and adjoining room thru some mysterious agency, held by his two guards, locked them in the clothes closet and escaped thru the window of the photograph room adjoining on Jan. 10. He had not since been heard of, but the Winnipeg police believed him to be still in the city.

Condition Was Encouraging

Sir James Whitney, who has been ill of heart disease at the Manhattan Hotel since Dec. 14, left for Toronto tonight on a special car leaving the New York Central train leaving the Grand Central station at 8.05 p.m.

On the train with him are Lady Whitney, Dr. R. A. Pyne and Horace Wallis, the premier's private secretary. Today's examination of the patient, whose life has been despaired of at various times since his arrival here, convinced Dr. Pyne and Dr. Herman M. Biggs of this city, who has been the consulting physician in the case, that the patient could stand the removal to his home.

Another Relapse Feared

The decided improvement in the Ontario premier was apparent yesterday when the physicians made their usual morning examination. They found the heart in such condition that for a moment they had some doubts of the result of their own work and went over the patient again. The result was an optimistic bulletin, but at the same time Dr. Pyne was careful not to commit himself to any statement of his patient, as he had been disappointed just a week ago, when conditions seemed almost as favorable.

Has Reserve Strength

While he has lost a great deal of his splendid vitality, he has still reserve strength for a good fight against the enemy that threatened to cut short his career, and he has justified the hope expressed all along by Dr. Pyne, that he would still be possible to take him home.

Strict Secrecy Observed

The examination by the physicians today showing that the patient's conditions were greatly improved, it was determined therefore to remove the premier without further delay. Plans for the removal were prepared quietly. The day was propitious for secrecy for on Sunday the crowds about the hotel and station are smaller than at any other time. Even the people in the office of the Hotel Manhattan were not aware until about an hour before train time of the intention to take away their distinguished guest. At 6 o'clock, an enquiry at the office, when it proved impossible to get into touch with either Dr. Pyne or Mr. Wallis, brought the reply that so far as was known at the hotel there was no change in the condition of the patient. No mid-day bulletin had been issued, and no adverse reports had come from the sick room.

Removed Without Mishap

Some time after 6 o'clock came the first indication to the hotel office that the Whitney party was about to leave. A short time later an ambulance for which tentative arrangements had been made a couple of weeks ago, arrived and the stricken premier was carried down from his suite and driven slowly the two blocks to the special car which had been waiting in the New York Central yards for the day for the trip.

The transfer was made without mishap, and the special car was attached to the outgoing train. This was accomplished the wish which the distinguished patient had formulated many times during his severe illness, and he was started on his way home, where he hopes to make a better fight against the disease.

Rose Stahl in "Maggie Pepper." Beginning tonight, Miss Rose Stahl will be at the Princess Theatre for the week's engagement in her far-west tour with "Maggie Pepper," comedy by Charles Klein, that has been received with great favor here in former seasons. Miss Stahl has played "Maggie Pepper" over one thousand times.

EXAGGERATION IN UNEMPLOYMENT STORIES

Social Service Commission Will Issue a Statement Today Showing That Newspaper Reports Are Misleading and That Outside Men Are Being Sent to Toronto.

Certain circumstances which have become apparent during the past week in connection with the unemployed situation give ground for the belief that the present condition of things is being exaggerated and exploited by Liberal newspapers for political reasons. It is understood that the numbers of men who are applying for aid at the civic bureau has been considerably augmented by applicants from points outside of Toronto, who have come here seeking work on the strength of efforts which are being made to find jobs for local men.

The situation is such that the Social Service Commission, which meets today, is to investigate the matter fully and issue a statement.

On Saturday, Jan. 10, The Globe, in a front page article, stated that "Toronto is now feeling the effects of the trade depression. Fifteen thousand men, according to conservative estimates, are walking the city streets in search of employment, and this number is being augmented by hundreds as the weeks go by. It is also estimated that 2500 men lost their jobs between Dec. 20 and Jan. 2."

It was this story and others of a like import which hastened the establishment of the civic bureau. Since then the number of applications from men seeking employment totals less than 1500, not all of an alarming condition in a city the size of Toronto. Nine hundred of the 1500 have been provided with work during the two days of the bureau's existence, so that any distressful conditions which may have existed have been materially bettered.

Subscription Started

The unusually active interest which The Star is taking in the unemployed is evidenced by the fact that that newspaper has started a subscription list, and that The Star's managing director, J. E. Atkinson, talked the situation over personally with those in charge of the movement to start the bureau.

Edwin Dickie, secretary of the Social Reform Commission, told The World last night that he could give a rough estimate of the percentage of non-residents registered on the books of the bureau. He stated, however, that several of such cases had come under his notice.

It is understood from other sources that among the transients who are being cared for at the House of Industry there are many men from outside points, and that a majority of them have their names registered as seeking work.

It is the opinion of influential members of the commission that the city council should not be responsible in cases of men who are sent to Toronto from outside towns to look for work as it is the first intention of the bureau to find employment for married men with families.

Under the present stress of conditions affecting both the poor and unemployed, the various charitable organizations directly interested are striving every effort to provide either work or relief in as many deserving cases as possible.

Appeal for Artisans

The civic employment bureau, whose headquarters is at 11 Colborne street, issued an appeal last night in behalf of carpenters, painters, decorators and handy men who have applied for employment. Edwin Dickie, the secretary, urges householders and others who can use men in these trades for two or three days or a week to phone the civic employment office, Main 4378, and he will endeavor to forward the necessary help. It is pointed out that many of the applicants are first-class workmen in their respective trades, and that those seeking their services can be assured of reasonable satisfaction.

Bedding Needed

The Toronto City Mission, 87 Howard street, is asking contributions of bedding, the supply of which was completely exhausted during last week's cold spell. During the zero weather five misfortunates in their regular rounds found many cases of men and women which were immediately supplied with coal, food, or clothing required. Special attention was devoted to families where there were children. Many loads of provisions have been sent out already, and on Saturday a ton of flour was purchased for distribution.

Steady Cold Spells Fears

Now that the weather promises to remain extremely cold the wearing of furs will be general. At Dineen's—140 Yonge street—there are sensational clearing prices, presented as a view of stock-taking on Feb. 1. This house has never made such radical reductions, and the opportunity is one that should not be overlooked. Furs are an investment—and at Dineen's sale prices a highly profitable one. Today there are some extra specials featured.

TIME TO WEAN IT

REPAIRS ARE STILL NEEDED IN 24 TORONTO SCHOOLS

Inspectors' Report Will Be Considered Clause by Clause to Ascertain Where Conditions Have Been Remedied.

Joseph Workman, Essex, Kew Beach, Morse street, Queen Alexandra. In ten other schools the conditions complained of will continue until after building operations have been completed.

Chairman Jackson of the property committee is of the opinion that the chairman of the board should make a categorical statement to the board meeting on Thursday night.

Chairman McTaggart asserts that the inspectors had no right to make the complaints to the management committee.

Dr. McKay, chairman of the management committee, wants the report considered clause by clause, in order to ascertain what has been done to right the conditions.

It is claimed by some of the trustees that the inspectors were required by the amended School Act to make the reports in question.

ROBBED BY HIS TWO ROOMMATES

Frank Clifford Claims He Was Victim of Lodging House Swindle—Three Men Held.

Charged with robbing Frank Clifford of Lansing of \$4.50 and a sweater coat, Francis Murphy, 133 York street, was arrested by Officer 90 at his rooming house Saturday evening.

According to Clifford, he went to the rooming house Saturday to get a night's lodging, and was to sleep with two other men, one of whom was Murphy. Just as they were about to retire for the night, he says, the two men jumped on him, and while the unknown man sat on him Murphy took off his sweater coat and took the money from his trousers' pockets.

James Murray and Robert Graham, no homes, are believed to have had a part in the robbery and were held on nominal charges of vagrancy.

HENDRY FACES MANSLAUGHTER

Alexander McPherson Died Last Night Following Injuries Received in Car Barns Accident.

Alexander McPherson, 15 Mount Stephen avenue, the Toronto Railway employe, who was injured in the King street car barn accident, just before midnight on the night of the 14th, died of his injuries at St. Michael's Hospital, at 12 o'clock last night.

His death puts the two men being held by the police on criminal negligence charges, in a much more serious position. Conductor Hendry, who was refused bail, will in all probability face a manslaughter charge, and Henry Gilbert, who was allowed out on \$500 bail, possibly that of criminal negligence.

LAMP CAUSED FIRE

Fire, caused by the upsetting of an oil lamp, did \$200 damage to the residence of J. H. Conboy, 1387 Dundas street, late Saturday evening. Mrs. Conboy, who was carrying the lamp, received severe burns to her face and hands.

CHIEF CORONER ORDERS INQUIRY INTO DEATH OF WOMAN ATTENDED BY A CHIROPRACTOR

Because Mrs. Anna E. Robinson, who died at her home at 71 Arlington avenue, Friday evening, is said to have been attended by a chiropractor instead of a chartered physician, Chief Coroner Johnson has ordered that the body be held and removed to the city morgue, and that an inquest be opened this evening.

The police last evening did not know from what ailment the woman had been suffering, but believed the case was that of a nervous breakdown.

According to Dr. Gilmour, who will hold the inquest, up till a few months ago the woman was being attended by Dr. Warren of West St. Clair avenue. Dr. Warren, telephoned last evening, refused to state for what ailment he had treated the woman, and declared this would come out at the inquest.

According to Dr. Warren, the woman was dissatisfied with the improvement shown in her condition, and called in the chiropractor.

You were Inquiring?

F. E. H.—The few sets of marabout that remain from the "Winter" collection are striped with ostrich as you describe. Charming sets they are, with a large fluffy muff, and a six-strand stole, 77 inches long. When I tell you that the price, complete, is but \$8.00, you will be still better pleased.

Jean.—We have to sustain our reputation, you know, of supplying everything from gold fish to piano-players, and so there's a favorable answer to your query over make-up. Braid work is available at 20 cents a tin, and straight pins at 15 cents a stick. The song, too, can be provided— at 80 cents. But since there are several versions of "Kentucky Haws," will you please state the name of the composer when ordering.

Revi.—Yes, I could quite easily guess that you were fair, and wear a blue party dress. You will be glad to hear that there is no death in mounds and ornaments to tuck into your flaxen hair. A white ostrich and ostrich mount, available at \$1.75; one of marabout and ostrich with spangles on the tip at \$1.25; a tall six-strand ostrich wig at \$2.00; and a marabout and ostrich mount at \$2.00.

CANADIAN PACIFIC PRESIDENT CARRIES TRADITION FORWARD

Sir Thomas Shaughnessy Has the Imaginative Power Which Characterized Howe, Stephen and Smith, and Sir William Van Horne—The Brain Behind an Era of Expansion and Operation.

SIR THOMAS SHAUGHNESSY.

The quality of imagination is revealed in the whole history of the Canadian Pacific Railway. There was imagination in the outlook of Joseph Howe, the father of responsible government in British North America, when he declared at Halifax, over 60 years ago: "I am neither a prophet nor a son of a prophet, yet I will venture to predict that in five years we shall make the journey hence to Quebec and Montreal, and home thru Portland and St. John, by rail, and I believe that many in this room will live to hear the whistle of the steam engine in the passes of the Rocky Mountains, and to make the journey from Halifax to the Pacific in five or six days."
There was imagination in the statesman who engaged with British Columbia to build a railway along the north shore of Lake Superior, across the unexplored western territories, and thru the mountains to the Pacific. There was imagination in George Stephen and Donald Smith, who organized the enterprise, and who saw the great project in the massive mind of Sir William Van Horne, who ruled during the difficult days of construction, and neither

less power nor less vision have been displayed by Sir Thomas Shaughnessy. Shaughnessy's Career. Born in Milwaukee, in 1853, of Irish parentage, Sir Thomas Shaughnessy had his early training on American railways. From 1879 to 1882 he was in the service of the Chicago, Milwaukee and St. Paul Railway, of which W. C. Van Horne was general manager. He so impressed himself upon Van Horne that he was asked to come to Canada, when his old chief became general manager of the Canadian transcontinental highway. From the office of general purchasing agent for the company he was advanced in 1891 to that of vice-president, and in 1899 he succeeded Van Horne as president. His power lies in his great knowledge of the affairs of the company, and in the respect and confidence which he commands. He does not shrink from concessions in order to remove local grievances and satisfy legitimate public demands. He recognizes that the company has obligations which should be fulfilled and that the progress and prosperity of Canada depend largely upon the adequacy and efficiency of the service which the railway provides. Thus many millions have been ex-

pendent in enlarging terminal facilities in the commercial centres, in double-tracking, in stimulating agriculture, building branches, irrigating dry areas in the mountains, irrigating dry areas, establishing industries, providing additional equipment for moving the western grain crops to the head of navigation.

Recognize Union.

Between the company and its workmen, very satisfactory relations exist. The Brotherhood of Railway Employees is freely recognized. Captain and Six Men of Lady-smith Rescued by British Steamer.

BOSTON, Jan. 17.—(Can. Press).—The Nova Scotia schooner Lady-smith was abandoned at sea in a water-logged condition and her crew were saved by the British steamer Chignecto, according to a wireless message sent out tonight by the transatlantic liner St. Louis.

The position of the schooner when abandoned was given as latitude 46° 53' north, longitude 62° 46' west. The Lady-smith has been sailing between Halifax, N. S., and New York, and carried a crew of six men, commanded by Captain Loyne.

The steamer Chignecto is on her way from Halifax and St. John, N.B., to the West Indies, and will probably carry the Lady-smith's crew back to Halifax.

VISITED THE EXHIBITION.

STRATFORD, Jan. 17.—(Special).—The Stratford Furniture Exhibition was honored today by a visit from Mayor Stevenson and the city council, and President McLeod and the council of the board of trade.

SALVATION ARMY IN TORONTO HAS KEPT PACE WITH THE CITY

Col. Holy of Philadelphia Revisited Toronto After Absence of Twenty Years to Find the Mercury Down to Twenty Below Zero—Preached at Army Temple Yesterday.

"The church of the second chance" was the way Col. Holz of Philadelphia described the Salvation Army in addressing a meeting in the S. A. Temple last night. The meeting was also addressed by his wife, a Canadian, who 30 years ago was a Toronto officer.

Col. Holz declared the impression existed to all too great an extent today that St. Peter and St. Paul and other disciples were far removed from us, that they were of different material, that they were saints and of another era.

"We should be made to realize that they were of the same flesh and blood as we are, and that Christ's associates did not differ greatly in their essential qualities from the people of today. It is well to remember that Peter and Paul came from the working class and that they were subject to the same temptations as ourselves."

A Second Chance. Speaking of the second chance, Col. Holz referred to the fact that several of the disciples had been given another chance after falling Christ, and that it had been marvelously worth while.

On the Coldest Day. As it happened, however, he had come from the orange blossoms of Florida to meet a temperature in Toronto last week of 20 below zero. It was 20 years since his last visit to this city, but he was glad to see that during that time the Salvation Army had grown proportionately with the city. Of the 300 officers in Col. Holz's territory 20 are Canadians. The states under his charge have a total population of 22,000,000, and of these 8,000,000 are negroes.

Mrs. Holz remarked on the fact that when she was an officer here 30 years ago, the present site of the S. A. Temple was a dump strewn with old cans and rubbish.

FOUNDED 1860. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited, H. J. Maclean, Managing Director.

TWO GOOD SUGGESTIONS.

In the monthly bulletin of the Toronto Civic Guild, two excellent projects are proposed. If the city were owned by one man, instead of being divided into many municipalities...

objections to the "present terms and conditions" arise from "the unfair reports" given in The Telegram in this, as in so many other matters. We trust Mr. Hay will be elected to the council, and that he will have an opportunity of bringing his horse-sense to bear upon the agreement as drawn up by the city's counsel-at-law.

It may be well to note in this connection that the campaign which The Telegram has carried on in the board of trade for the election of an anti-purchase council, has been carried on in direct alliance with the anti-public ownership forces and interests in the city. But The Telegram cares nothing for public ownership so long as it could cut Mayor Hocken's throat. On Saturday, on the last possible occasion, too late to be of any practical effect, it repudiated its previous support of Messrs. Arthur Hewitt and K. J. Dunstan in order at the same time to knife Mr. J. E. Atkinson. Mr. Atkinson being one of about three public ownership men on the list of nominations for the council.

THE HOUSING PROBLEM.

In Germany the housing problem is just as acute as it is in the other countries, and for identical reasons. Cities are increasing their populations with equal rapidity, and as they grow, so do land values. It is found, too, that capitalists prefer land speculation to house building, and that in consequence, a house famine has been created.

In order to solve the housing problem, German cities have followed three general policies, which are thus stated by Dr. Frederic C. Howe. In the first place the land within and without the city is planned with great care to prevent the reappearance of tenement conditions in the new areas. Second, the municipality either builds or promotes the building of suburban garden communities, or the erection of model apartment houses within the city.

The Board of Trade Elections and the Purchase Agreement

Opponents of the agreement of purchase endeavored to get a majority of last year's city council to vote for breaking off the negotiations to clean up the franchises. They failed. Then they tried to elect a council for this year that would break off the negotiations. They failed. Their mistake is in presuming that they have a standing in the community which will influence the people to blindly follow their leadership.

Their claim to leadership in this matter was seriously discredited by the precipitately submitted substitute plan of the harbor board. One blast from Ald. F. S. Spence knocked the plan to smithereens. They do not offer any more substitute plans, but they are today trying to pack the board of trade council with enemies to public ownership.

The harbor board is foolish enough to try to dictate to the city council, and even went so far as to insist that the harbor board and not the city council, has the ability and right to plan and operate a rapid transit system for Toronto. By that ill-considered action the harbor board not only seriously damaged its prestige, but also weakened the confidence in commission form of assistance to city government. Should the board of trade elect today a council that will infuse the same into the harbor board?

GOLD AND SILVER IN 1913.

In their annual Bullion Letter, issued on Jan. 1, Samuel Montagu & Co., the well-known bankers and bullion merchants of London, England, include several references to Canada. It is noted that the gold output from the Porcupine district of Ontario is expected to be not less than a million ounces, and that future prospects are very promising. A less favorable view is taken of Canadian silver production, which, it is remarked, can increase no longer at the enormous rate of a few years back.

An Epoch in Central British Columbia On Tuesday, Jan. 13, the laying of steel on the Grand Trunk Pacific Railway reached Prince George, the coming city of central British Columbia, situated at the junction of the Fraser and Nechako Rivers. This was a momentous event, as it gives Prince George the first rail connection it has had with the outside world.

city council, deputations from the board of trade to the city council, be unwise to make any reference to a solution of Toronto's transportation problem. Should opponents of municipal ownership break off negotiations between the city council and the board of trade, and they are evidently willing to do so, the board of trade, and not the city council, will need the condolences.

An Eye Opener.

It is doubtful if the great majority of the members of the board of trade have any knowledge of the tactics of those who are trying today to pack the council with enemies of municipal ownership. It would surprise them to learn that the mutinous and filibustering board of control of last year forced the appointment of John W. Moyes as an associate valuator of the railway properties. Of course they know that three controllers who mutilated and filibustered were hand-in-glove with the opponents of the agreement of purchase, and they also know that John W. Moyes has made himself as useful as possible to the enemies of public ownership. They also know that the harbor board attempted to force John W. Moyes' tube scheme upon the city council, and failed. They also know that the agreement of purchase has been made on the issue in the election of a council today. All this should be a big eye-opener to them.

Judges' Chambers.

Re Norman Sinclair Duck.—R. H. Holmes for N. S. Duck, W. Proudfoot, K.C. for defendant. Motion upon return of writ of habeas corpus for discharge of Norman Sinclair Duck from the custody of the hospital for insane at Brockville, where he now is. Judgment: The return of the writ made by the superintendent of the asylum shows that Duck was committed to the asylum upon the certificate of two medical practitioners in accordance with section seven of the revised statutes of Ontario, then in force, on Feb. 15, 1913. In August, 1913, the patient was given into the custody of his father as a probationer under section thirty of the statute then in force, which permits the inmate of an asylum to be committed for a time to the custody of his friends upon receiving a written undertaking in the prescribed form by one or more of the friends of such person that he or they will keep an oversight over him. The father coming to the conclusion that his son ought to be re-committed to an asylum, the patient desiring his re-committal to Brockville. In pursuance of this a warrant was issued and he was taken again to Brockville, where he now is. Dr. Mitchell, superintendent of the asylum, stated that in his opinion, from the facts told him by the father, he had come to the conclusion that the patient had become dangerous to be at large. The statute provides for re-commitment of a probationer who becomes dangerous to be at large. The warrant to be issued by the superintendent by whom the temporary discharge was granted. It may well be that the effect of this is to make the judgment of the superintendent final and conclusive, and that it is incapable of review upon the return of the writ. Dr. Mitchell further certifies that the patient has not recovered, and in his opinion never will recover from his present malady. The discharge is sought upon the strength of certain affidavits which were completely met and answered by affidavits, but it appeared to me to be a matter of such importance that there should be a further examination of the patient, and that I thought it desirable that an absolutely independent physician of the highest possible reputation should make an examination and report. This course was at once assented to by both counsel, the Mr. Holmes now impudently denies this, and his affidavit is a mere attempt to select him because of his large experience, and did this not because of doubt or hesitation in accepting the opinion of the other doctors, but because of what seemed to me the rash and impulsive declaration of counsel, who suggested that these men occupying important public positions, were in league with this young man's father to oppress and imprison him for the purpose of satisfying private ends. Dr. Clarke states that this young man is suffering from the paranoiac form of dementia, and should be kept under treatment in an institution. This confirms the views of the other doctors. Dr. Bruce Smith says upon the subsequent examination of the patient, the patient stated that he was satisfied with the care and treatment he was receiving at Brockville, and that he was not a consenting party to the action being taken to secure his release. He further stated to the doctor that he had been induced to sign an affidavit in damages against his father, by one Appley, to whom he had been indebted to promise \$5000 if the suit was successful. The affidavit shows that the father has thrust down his utmost for his unfortunate son—that the son's impulsive condition was either brought about or aggravated by evil habits, that everything possible has been done for his treatment with a view to his recovery, but without avail. Against all this evidence there is not a single opinion of any medical man or anyone in any way qualified to express an opinion upon the subject. Appley, referred to in Dr. Bruce Smith's affidavit, is the main actor upon which the writ was granted. The utter worthlessness of Appley's evidence was made plain by a second affidavit which he files. This affidavit is almost altogether inadmissible. He says, as regards clauses 13 and 14 of Dr. Bruce Smith's affidavit (i.e. the clauses in which Dr. Bruce Smith speaks of his conversation with Duck), "I have no hesitation in declaring them to be absolutely untrue." I asked the solicitor responsible for this affidavit how he could justify permitting any deponent to make such a statement. He told me that all that was meant was that Mr. Appley found it impossible to believe such a statement. This indicates such ignorance on the part of the solicitor of his obligations, and of the meaning of an affidavit, that one's suspicion is aroused as to the bona fides of the application and the real meaning to be attached to any expressions used. The case is really free from difficulty, but I desire to make it quite plain that on the personal of the present case, and the fact that the applicant is a person of high standing in the community, the application must be dismissed with costs. If it turns out to be a case in which the application was made without instructions, it may be

any valid reason against the teaching of trades and their exercise, provided unfair competition with regular labor is not entered into. Prison employment should be profitable, not alone to the state, but also to enable either support to be extended to the families of the delinquents, or a fund accumulated for their benefit on release. Tasks that are punitive rather than reformatory are injurious to moral fibre and this touches the vital point in prison reform. Sentiment in this age increasingly favors the principle that reclamation is the true end of a proper penal system.

On Tuesday, Jan. 13, the laying of steel on the Grand Trunk Pacific Railway reached Prince George, the coming city of central British Columbia, situated at the junction of the Fraser and Nechako Rivers. This was a momentous event, as it gives Prince George the first rail connection it has had with the outside world. It is interesting to note that up to date the Grand Trunk Pacific Townsite and Development Company have sold in their Town of Prince George 317 lots, total value of same being \$2,322,063.33. Owing to the large area of agricultural lands in the district surrounding Prince George and the vast territory of unknown possibilities that are in the immediate vicinity, this will be made an important city and a great distributing point for the entire central British Columbia region.

PEACE RIVER CROSSING, Alta. Jan. 18.—A dealer in furs and foxes left for Edmonton with \$22,000 worth of live foxes and skins in an automobile. The purchase was made in Peace River and Fort Vermillion districts.

REGINA, Sask., Jan. 18.—The seventeenth branch bank just opened here indicates increasing importance of Regina as a banking centre. Bank clearings show an increase of \$18,937,500 over the previous year. The city council's special committee considering gas supply approved the proposal that a syndicate furnish natural gas to Regina at twenty cents per thousand feet. The syndicate agrees to supply the city within two years.

VETASKIWIN, Alta. Jan. 13.—A fur company will establish a fox farm here with twenty black and silver foxes purchased at Edmonton at a value of \$35,000. The foxes were originally captured in Fort Vermillion and Fort Chipewyan.

PRINCE ALBERT, Sask. Jan. 18.—Arrangements are being made for the construction of a road from this city to Beaver Lake, where a recent gold strike is reported. The route covers 120 miles. Already freighting is being done. It will not only make the gold district accessible but also promote settlement in the country with much good farm land, valuable fishing and unlimited timber.

MEDICINE HAT, Jan. 18.—A proposed new market site is rendered necessary by the rapid development of market business. The new location will provide accommodation for farmers and remove congestion, resulting from present limited quarters. During the year 1913 the fire loss at Medicine Hat was only \$64,000.

All Are Not Saints Who Beg For Alms

An ill reward for generosity was that shown by Joseph Gill, no home, to Mrs. Ida MacDonald of 7 Sultan avenue. Gill formerly cleaned furnaces at the Sultan avenue home and on Wednesday last, being out of work and with no money, called and asked for half a dollar with which to buy food. Mrs. MacDonald had no change, but gave him a \$10 bill to get changed out of which she intended to give him some money. Gill never returned. Saturday evening Gill was pointed out to officer 268 as the man who had stolen the \$10 bill, and after being arrested and taken to the police station, he was fined \$10 of the money left. He said he had got drunk on the road.

SOCIETY

CONDUCTED BY MRS EDMUND PHILLIPS

Their royal highnesses the Duke of Connaught and the Princess Patricia gave a skating party at Rideau Hall on Saturday afternoon, when they received for a short time before going on the job. The princess looked exceedingly pretty in a black tulle, tailor-made, her hat of black fox having a crown to match her costume. The following ladies and gentlemen had the honor of being invited to dinner at the lieutenant-governor and Lady Gibson on Friday, Jan. 9: Hon. Sir Lyman and Lady Melvin Jones, Col. and Mrs. Duncan, Mrs. B. J. Ross, Mrs. J. W. Langmuir, Mr. George Beardmore, Mr. Albert Nordheim, Mrs. J. L. Burdell, Mrs. J. H. Hamilton, Mr. and Mrs. J. B. Crear (Hamilton), Mr. and Mrs. B. B. Crony, Mr. and Mrs. Sidney Small, Dr. and Mrs. McPhedran, Mrs. G. Osborne, Mrs. Mackelton, Mr. Reginald George, Dr. MacCallum, Mr. Hope-Hamilton, Major Caldwell, Mr. Fellows, A.D.C.

Mr. and Mrs. H. J. Burstent (Colborne) who have been staying with Queen and Lady Evelyn Farquhar at Rideau Cottage, will go to Rideau Hall tomorrow, guests of their royal highnesses, for the state ball on Wednesday.

The May Court Club ball takes place at the Chateau Laurier, Ottawa, this evening under the patronage of H.R.H. the governor-general and Duchess of Connaught.

Miss Anne McInnes, Halifax, is the guest of Mrs. Plummer, Sylvan Tower.

Hon. W. T. and Mrs. White gave a supper party after the drawing room on Saturday night in Ottawa.

After the opening of parliament on Thursday, a large tea in Ottawa was given by Mrs. Montzambert in honor of her guest, Mrs. E. Burdell, Quebec, which was largely attended. A large number of the guests came straight to Mrs. Montzambert's house in the elaborate evening gown she had worn at the opening. The hostess was gowned in black broad satin, trimmed with white lace, and was assisted in receiving by Mrs. Euretall, who wore a beautiful costume of purple and gold brocade, trimmed with white chiffon and silver lace. The table and light were girlish. Tea and coffee were served in the dining-room, where Miss Mary Kingston and Mrs. W. J. Anderson presided at the table, and light and refreshments served in the library. The two daughters of the hostess looked after the wants of the guests, Miss Violet Kingston wearing a lovely gown of green chiffon over purple satin, with trimming of white chiffon and silver lace; Miss Margaret Kingston in royal blue charmeuse. The assistants were Miss Grace Drayton, Miss Muriel Anglin, Miss Floence Fielding, Miss Isabel Green of Richmond Hill, Mrs. W. H. W. J. Strath, Mrs. McMillan, Mrs. Frederick Paul, Mrs. J. E. Elliott, Mrs. Murray Alexander, Mrs. Agar Adams, Mrs. John Garvin, Mrs. Walter McKewen, Mrs. Gerhardt Holzmann, Mrs. P. C. Larkin and Mrs. R. S. Williams.

The marriage of Miss Elizabeth Isabel Watson, daughter of Mr. and Mrs. Robert Watson, St. George street, to Mr. Edmund Richard Donaldson, was solemnized in new St. Paul's Church, officiated by the Ven. Archdeacon Cody, on Friday evening, Jan. 17, 1914. The bride, who was unattended, was given away by her father. She was wearing a traveling suit of blue chiffon, with black hat, with blue, pink roses, and corsage bouquet of orchids and lilies of the valley. The groom's gift to her was a diamond ring. After the ceremony the bride and groom drove to the station and left by the 6.20 train for New York. They will sail on Wednesday, and will be in Montreal in England. On their return they will reside in Toronto.

A lecture to be given by Rev. Alexander Macmillan, on "History of the Romance of Sir Walter Scott," with appropriate reading, takes place on Friday evening, January 23, at 8.15, at St. Margaret's College.

Miss Dorothy Stevens who has been sketching on the continent, arrives this week, and will be at 2 Spadina, Gardens.

Mrs. W. Claude Fox gave a most delightful musicale and dance on Friday evening, at her beautiful house, in honor of Miss Alice Carver and Mr. Austin Campbell, Miss Carver wearing gray satin with touches of cerise, and the hostess looking very handsome in Irish lace, with a touch of chiffon, and a magnificent necklace of Grecian cameos. The lovely rooms were bright with daffodils, and a few

of the guests were: Mrs. Carver, Mrs. Macdonald, Dr. and Mrs. Davies, Miss Wilcott (Newcastle), Mr. Gordon, Mr. Blake Lester, Mr. Baker, Mr. Goldblatt, Mrs. Warrington, Miss Young (Belleville), Mr. Standford, Mr. Heston (St. Catharines).

Miss Alley is giving a shower today for Miss Alicia Carver.

The 4th Highlanders' regular meeting took place on Friday afternoon, when Mrs. R. S. Wilson presided, and an interesting talk on Mexico was given by Mrs. Ambrose Smith. The tea hostesses were Mrs. Campbell, Mrs. Crane, Mrs. Barber and Miss Sophie Michie.

OPERA STAR TO SING TORONTO MAN'S SONG

"The Whole Way Long" Was Published in Aid of R. E. Institute.

A song entitled, "The Whole Way Long," dedicated by gracious permission to H.R.H. the Duchess of Connaught and published in aid of the open-air school for tuberculous children conducted by the Royal Edward Institute, Montreal, will be sung for the first time in public on Tuesday evening, Jan. 20, by Mme. Maria Claessens at a concert to be given by the artists of the Montreal Opera Company at the Monument National, Montreal.

The words, both English and French, are by Lily E. Barry of Montreal, the music is by Mr. F. Douglas Knowles, the new manager of the Quebec Bank, Toronto, who is the author of a number of musical compositions of a distinctly original and pleasing character.

It's Quality That Counts, and Values That Attract DIAMONDS!

A Sound Speculation. A Good Investment. Weekly communication keeps us personally informed of the prevailing Price at the Leading European Diamond Centres.

Market changes can be noted, and not infrequently advance information gives us buying advantages that quick action makes possible.

Our cash buying power and our immense annual turnover places us in a most enviable position.

We've enjoyed repeated evidence of late—single purchases running into the Thousands of Dollars—of the French team, Hourlier and Cotes, who covered a total distance of 1229 kilo-meters (764 miles), as compared with 1000 kilometers (621 miles) for the English team.

Another Pugilist Killed. SANTA ROSA, Cal., Jan. 17.—Phil Shinder, known as Salor Sharkey, a Santa Rosa pugilist, who was last night knocked out by Charles Kirby of Canada, a middleweight, died tonight. It is believed his neck was broken. Kirby struck him an overhead chop to the base of the brain as he was reeling from a right uppercut to the jaw. Spectators and referees called it a clean blow. Kirby is in jail.

FRENCH TEAM WINS PARIS BICYCLE GRIND. PARIS, Jan. 18.—The six-day bicycle race, which ended tonight, was won by the French team, Hourlier and Cotes, who covered a total distance of 1229 kilo-meters (764 miles), as compared with 1000 kilometers (621 miles) for the English team.

The Woodbine Hotel will serve tea every afternoon from 2 to 6 p.m. in the Palm Room. Also service in the Palm Room. Music by the Schumann Orchestra.

DEATH OF THOMAS O. PARDOE.

Popular Mason and Well-Known Resident Passed Away.

The sudden death of Thomas O. Pardoe occurred Saturday afternoon at 2.15 at the home of his parents, 42 Irving avenue. He was taken ill one week ago and gradually grew worse until his death, which was quite unexpected.

Mr. Pardoe was in his 39th year and was born of English parents in the Park gate, England, 1875. Leaving England when he was 8 years old with his parents, he settled in Ingersoll, Ont., where he resided for a number of years, and where he received his education. In 1892 the family removed to Toronto, where they have lived ever since.

The late Mr. Pardoe was a great favorite. During his life time he was a friend of everyone and always willing to assist a friend at any time when in his power. He was a staunch mason being a member of Harmony Lodge A. F. A. M., who will conduct the funeral, Occident Chapter, Geoffrey D. St. Aldemar, Preceptory and Ramessees Shrine. The funeral will be held Tuesday afternoon at 2.30 o'clock from the above address.

Those who survive are his mother, father and two brothers, Alan of London street, and Charles Little of Shaw street, city.

Removal. Mooring's Machine Shop, now at 40 Pearl street. Larger premises, more light, better facilities for turning out work quickly. Special machinery. All kinds of repairs. Motor repairs on shortest notice. Phone AD. 1633. e7

"The Last Rose of Summer" is to be found on page 146 of the volume, and is only one of the many favorites of Patti that render the book a possession that should be in every home.

BARACA INTERMEDIATES LOSE TO HAMILTON. The Baraca intermediate basketball team were defeated in their exhibition game with the Hamilton intermediate team at the Central Y.M.C.A. in Hamilton on Friday night by 24 to 21. It was 15 to 10 at the half. The work of the Baraca defence players was almost a par with that of the Hamilton defence. Baraca players, with whom they are grouped in the O.B.A. intermediate series, an interesting argument. They will practice tonight at 7 o'clock.

The line-up: Hamilton (24): Burton (4) and Hainock (12), forwards; McQueen (4), center; Dedson (4) and Neiman, guards; Baracas (21): White (11) and Johnson, forwards; Rooney (4), center; Patton and Camm, guards.

MEAFORD RINK WINS THE FLAVELLE TROPHY

HARSTONE COULD NOT CHECK THE PILLGREM'S PROGRESS

Meaford Rink Wins Final for Flavelle Trophy—McGibbon of Sarnia and O'Connor of Lindsay Left in Gillies—Granites Beat Braden in Extra End.

LINDSAY, Jan. 18.—(Special.)—With the exception of the final in the Gillies Trophy, the bonspiel wound up today. The event was a success in every respect, and the outside curlers heartily congratulated President Carew and the officers of the Lindsay Club on this success they achieved. Their only trouble was in running off 104 entries, instead of 60 or 70, as expected. However, the show is practically over tonight, which tells of the splendid work of the committee and eliminates the sincerity of criticism.

The Braden and Harstone rinks left tonight for Toronto. Mr. Kochon started for Winnipeg on Friday. The Sarnia team are staying over to play the final for the Gillies Trophy on Monday morning.

The finals in the Gillies Trophy, one of the main events of the big "spiel," were reached when Skips O'Connor and Flavelle met, the former winning out by 11 to 10, in one of the most brilliant games of the week. At one stage the veteran Flavelle was eight down, and it was only by the factor of experience and enthusiastic aggressiveness that he pulled the lead down, and also overcame it. On the home stretch they were tied 6-6, but nor winning out when his men placed their rocks perfectly.

They were as readily replaced by Flavelle, but eventually one of O'Connor's wicked in behind a pile of guards, where it remained hidden from view, thus winning the game.

The final game will be played Monday morning, between O'Connor of Lindsay and Sarnia. Skip McGibbon's injured shoulder heated rapidly, but he will be a spectator on O'Connor's side as since his accident, Col. McKenzie skipping the three-man combination.

The three pillars, eaters, and McIntosh, the general storekeeper, of the fishing town of Meaford, who were dark horse winners at the Ontario Tankard two years ago, won the Flavelle Trophy and four other medals on Monday afternoon, and are high men for the grand aggregate prize (Carew Cup) and four gold medals. They defeated Ross Harstone, the Toronto Granites, in the final event 10 to 6. The Granites showed signs of the previous evening's game, and the puck was caged before he could get back on his feet. The speedy Harstone of Quebec, and Toronto ran through after that. In spite of the score it was over most of the distance one of the fastest and most brilliant games ever seen here. The first period was pretty even, although Toronto established their goal lead in it. In the second the Quebec forwards outplayed the Toronto, but the local defence did not measure up correspondingly. Hall, probably as a result of body at all, while Proctor did not seem to know how to use his, and Mummy was a little out of control.

The feature of the afternoon's play was the marvelous and spectacular shots made by Braden in the Braden game when he tied the score on the twelfth end after Braden scored a four, and won on the extra end. It is a pity that the perfect shot as to weight and judgment, but he was there with the goods.

Braden's fall was sudden, and after giving way to Harstone he, too, showing signs of the strain, was given a 15 to 15 bye on O'Connor of Lindsay in the Gillies competition.

Col. McKenzie of Sarnia first put Begg of Parry Sound out by 14 to 13, and then hung his tin on the little of Lindsay by 12 to 10. Begg was a favorite until today. Harstone, besides his straight shots, performed the feat of putting away Begg and Braden in succession, a rick that had not been beaten before in the opens.

ROCHON RINK AT TORONTO CLUB.—The Rochon rink passed through Toronto on Saturday, staying overnight to lose a game at the Toronto club. Their own rocks were on the road home to Winnipeg. The Braden rink went through the city yesterday. Score: W. D. Edgcombe, E. H. Walsh, J. T. Cress, W. H. Burns, Frank Cassidy, H. M. Wetherald, E. J. Rochon, sk., 13 W. H. Grant, sk., 14

SOCCER IN BELFAST.—LONDON, Jan. 18.—(C.A.P.)—Belfast City result: 2 Cliftonville, 0 Glenavon, 2 Cliftonville, 0 Distillery, 2 Shelburne, 1 Bohemians, 2 Linfield, 2

Varsity Juniors Beat Toronto C. C.—Varsity Juniors have just about won their group honors now, as they again defeated Toronto Canoe Club Saturday afternoon at the arena by the score of 7 to 4. The last time they met, the college boys did the trick to the tune of 5 to 3, but the Canoe men had strengthened up, and it was thought that they would be able to turn the tables. They played a far better game than last time, and it is granted, but the blue and white were just as much more effective, hence the score.

It is hard to pick an individual star on the Varsity line-up, as they were all good. They displayed far more combination than on the previous appearances, and after the first few minutes never seemed to worry over the ultimate result. Young and Warwick were the strong men for the paddlers. The former made his debut in a red ring jersey, and if he had been given any assistance the score would have been far closer. He was one fault—he does not break fast enough; but once he gets going he is a wonder. He is a product of the Beches Club last season. Warwick was very fast and accurate in sight, checking everything in sight.

Summary.—First Half: 1. Varsity, Smythe, 2.00; 2. Toronto Canoe, Webster, 1.30; 3. Varsity, Straton, 5.00; 4. Toronto Canoe, Straton, 3.00; 5. Varsity, Milne, 6.00; 6. Toronto Canoe, Warwick, 1.00; 7. Varsity, Straton, 17.00; 8. Toronto Canoe, Applegate, 4.00; 9. Varsity, Milne, 1.00; 10. Toronto Canoe, DeGruchy, 1.30; 11. Varsity, Straton, 2.00

Line-up.—Varsity (7)—Goal, Malone; right defence, Adams; left defence, Mathers; rover, Milne; centre, Smythe; right wing, Straton; left wing, Saunders. Toronto Canoe Club (4)—Goal, Turner; right defence, DeGruchy; left defence, Applegate; rover, Applegate; centre, Turner; right wing, Young; left wing, Warwick. Referee—Lawson Whitehead.

Toronto Canoe Club (4)—Goal, Turner; right defence, DeGruchy; left defence, Applegate; rover, Applegate; centre, Turner; right wing, Young; left wing, Warwick. Referee—Lawson Whitehead. Lee's Theatre, Eaton's and the 14 Barbers got the crowd. Why more?

TORONTO, OTTAWA AND CANADIENS WIN

ST. MIKES DOWNED THE BLUE AND WHITE

A Dazzling Game Was Won by Green Shirts—Aird, McCamus and Rankin Star.

St. Michael's now has a clear lead in their group in the O.H.A. and will take a wide berth for the championship this year. They had a great victory over the Blue and White in fact one of the fastest and most strenuous games that the green shirts have been in for two years. Also they finally beat Varsity by the score of nine to four Saturday afternoon they found the going practically in the same style that they have been used to playing and the result was a well-earned victory. The fact of the matter is that the Blue and White were not in the best of their journey to see. Speed of the fastest kind, stalling in spots, while the snappy back sticking and body checking was by both aggregations did not leave many openings.

The first fifteen minutes of the first half were so fast that the five thousand fans that gathered to see the fracas fairly gasped with excitement. Goals were made by everybody's game at half time, even the St. Mike's had broken away and had a lead of four to two in favor of St. Michael's. In the second half St. Mike's looked any square in the game, but they were grabbed in quick succession, two being off Hankin's stick and one from the stick of McCamus and McCamus. Then Varsity took a brace and Sinclair and Aird failed, only to see half later, making the final score nine to four in favor of St. Mike's.

Summary.—First Half: 1. St. Michael's, Rankin, 4.00; 2. Varsity, Aird, 2.00; 3. St. Michael's, Rankin, 2.00; 4. Varsity, Sinclair, 2.00; 5. St. Michael's, Rankin, 1.00; 6. TO OUTFIT LACROSSE TEAMS ECONOMICALLY

At the instigation of Joe Lally several members of the council of the O.A.L.A. and others interested in lacrosse held a meeting Saturday in Toronto. The object was to discuss the possibility of a league of teams, and a committee consisting of Messrs. Shindler, Wallace and Labatt were named, who may add to their number and work out a plan to interest the boys.

It is proposed to equip lacrosse teams with new gear, and then to let them retain their own gear, and then to let them retain their own gear, and then to let them retain their own gear.

Those in attendance were: F. R. Shindler (chairman), W. F. Trivett, J. Kelly (secretary), C. G. Cody (Maitland), Labatt (St. Simon), F. Doyle (secretary O.A.L.A.), E. E. Wallace and Fred Waggoner.

ONTARIOS BEATEN BY WILY CANADIENS

Speedy Frenchmen Riddled the Green Shirts and Won Easily.

Canadiens defeated Ontario Saturday night at the arena by the score of 9 to 2, and thereby boosted themselves up another notch in the race for the N.H.A. title, while the local club suffered themselves just another step into the cellar. It was a rather listless affair, and the result was a foregone conclusion after the first period. Neither team showed anything in real fast hockey, although the Frenchmen made a little on their opponents, hence the one-sided score.

The local fallown was pretty general, and the Canadiens were not strong enough to beat Laviolette and Dubeau, while the Ontarios and Lake were away once the puck was put into the net. McDonald and Lowery tried hard in a way, and yet they did not show anything. They spurred well and carried the puck into the defence often enough, but they lacked the punch to go thru and score. They were content to let the man get away once he took the puck, and they failed to back-check. Vair's inability to shoot lost three chances to score. Lake repeated George McNamara on the defence, and he did a little better.

The first period was a walk-away for the Canadiens, and the game was what interest had been kindled in it before-hand. Don Smith worked his way thru a tangle in two minutes, only to have Gardiner follow him thru four minutes later. A three-man rush by the Frenchmen saw Dubeau do the scoring, and with Gardiner making it a 4 to 0 minute later. The game was fast becoming a tragedy, when G. McNamara broke away and sprinted right in on the nets. A quick pass to Vair at the goal mouth enabled the latter to score, leaving the score at the end of the first period standing 4 to 1 in favor of Canadiens.

The second period saw the game liven up a little, but not much. Canadiens continued to outscore their opponents, and the score was 7 to 1 at the end of the second period. In this period, Lake replaced G. McNamara. H. McNamara went down the line, but Dubeau displaced him, and one minute after play had started. This brought the fans out from their listless mood, and the Canadiens were again behind the net and shot out. The puck was sent into the net, and the score was 8 to 1. A little later, Ontario made another break into the scoring column four minutes later, when he hit it up, but another bit of combination, with Laviolette as the instigator, saw the Canadiens speed artfully to the corner of the net, and the score at the end of the second period 7 to 3 in favor of Canadiens.

The third period was just lively enough for ten minutes to get several of the strongest Ontario supporters yelling. Dubeau was the instigator, and he began to hit the ice than he began to try things up in great style. He did not stop until he had hit the net, and he checked into the boards and Don Smith low, and Doherty went to the fence for a while. He had replaced McDonald, and while Hunt had come on in Vair's place, McDonald, of course, had to re-appear. Doherty replaced Smith, and was given a major for what looked like a good, clean body-check, and he was substituted. Doherty, after serving his penalty, replaced McDonald, and continued to hit things up right away. Doherty went thru, and from outside the defence sent the rubber into the net. It took seven minutes for him to tally. The next one, however, only took two and a half, with the assistance of Jette. Ontario defence was circled, and the result resulted. Vair replaced Hunt a few minutes before the final whistle blew.

Summary.—First Period: 1. Canadiens, Don Smith, 2.00; 2. Canadiens, Gardiner, 4.00; 3. Canadiens, Dubeau, 2.00; 4. Canadiens, Gardiner, 1.00; 5. Ontarios, Vair, 1.00. Second Period: 6. Ontarios, H. NEW DEVELOPMENT IN RAILWAY DEAL

Receiver May be Appointed for the Grand Valley Electric Road.

BRANTFORD HAS HYDRO

Street Lights Turned on Saturday Night Add Much to City's Appearance.

(Special to The Toronto World) BRANTFORD, Jan. 18.—That Frederick Nichols, general manager of the Canadian General Electric Company, will be appointed receiver for a term of three years of the Grand Valley Railway is the latest development of the Brantford railway situation. At the end of three years, it is said, the city is given the option of taking the road over. Municipal authorities will neither deny nor confirm the report.

The offer of W. P. Kellett, chief engineer of the Lake Erie & Northern Co. for the street railway company, has taken on a new aspect since it has been discovered that the Grand Valley has the right of way thru coming into over Brantford streets at night. If the deal goes this the new railway will thus have independent facilities with Brantford factories, more than co-ordinate with the competing and parent railways.

Preparation for Execution.

Since the refusal of the advisers of the governor-general to consider positions signed by 400 people to have a commission enquire into the case of James Taylor, condemned to die here Friday next, preparations are being made to carry out the execution. The Hydro-electric works, which were applied for the job of hanging, the position will be filled by an outsider who will be sent here from Toronto. The name of Ellis has been mentioned, but his appointment had not been confirmed by the deputy sheriff on Saturday. It is announced that not even press representatives will be allowed to be present at the execution.

Charity Movement.

Brantford women will assist in an organized effort to dispense charity under the auspices of the Associated Charities Association, of which Frank Cookshutt has been chosen chairman. The association will aim at the prevention of overlapping in charity, and will combine with the live department to relieve cases in all parts of the city without regard to race or religion. The Hydro-electric works were turned on Saturday night for civic lighting, and the result produced a glow of pride among those who fought hard and consistently for that measure. The ornamental standards in the business section illuminated, it was thought by the civic authorities that there was no better lighted city in the world than Brantford. Congratulations were expressed all round. The current for house lighting will not be available until Feb. 1.

DEATH OF CORNWALL RESIDENT

CORNWALL, Jan. 18.—(Special.)—A respected resident of Cornwall passed away on Saturday. The deceased was Mrs. Fortier, widow of the late Reuben Fortier. Mrs. Fortier had been ailing for some time, but it was only two weeks ago that her illness became serious. She was born in Lancashire, England, and with her husband and nine children came to Canada from Burnley, Lancashire, 20 years ago and settled in Valleyfield, where they remained four years before coming to Cornwall. Mrs. Fortier was in her 77th year. She is survived by two sons and five daughters, three of whom, Mrs. James Whitman, Levi Fortier and Miss Alice Fortier, are residents of Cornwall.

HORSE'S FATAL KICK.

KINGSTON, Jan. 18.—(Special.)—John Clyde, living near the Village of Cataragui, was kicked today by a horse he was leading and died in a few minutes from concussion of the brain. He was a prominent farmer of this district.

Winnipeg Winnings

Those who saw the Winnipeg curlers perform at St. Thomas and Lindsay are of the opinion that they were on a par with the time just as much as to win games especially the Rocher rink, which was defeated by the president of the Manitoba Curling Association. The Braden team are splendid types of sportsmen and good losers. Rocher landed a first and fourth at St. Thomas, and Braden fourth at Lindsay, which is only a slight improvement over the performance of the easterners annually at Winnipeg.

THEATRICAL ATTRACTIONS IN TORONTO THIS WEEK

MOLLIE KING AND NURSERY RHYME
GIRLS AT THE ALEXANDRA

"The Passing Show of 1913." A week's engagement at the Alexandra Theatre tonight. Since the big winter garden entertainment has been sent on tour from its home on Broadway it has been unanimously acclaimed the greatest effort on the part of the management. Every engagement has been productive of a series of ovations for the splendid company of comedians, singers and dancers furnished by the Mosses. Shubert, for their massive production, as well as for the dazzling scenic effects, whistly songs, costumes, light effects, magnificent hits and tinkling music, which have been supplied with prodigality which would drive the ordinary producer into bankruptcy. The piece abounds with mirth provoking travesty, and the musical numbers are of a high order of dramatic and dramatic hits of the musical genre. The production is a masterpiece of scenic art, and the scenic effects are of a high order of dramatic and dramatic hits of the musical genre.

DAN COLEMAN
AT THE STAR

Richard Carle—Hattie Williams. "The Doll Girl" closed its run in Chicago on Saturday night, and all of the hard railroad travel that its company will know this season will come all at once. Extending the run in the Windy City up to the end of the season, the company jumps from Louisville to this city, a movement which costs the company an even thousand dollars. This, however, could not be avoided. From here the new piece moves to Philadelphia and Boston, in both of which cities long runs are planned for it. The smaller cities will not be touched until next season. Mr. Carle has made many musical comedy productions, but he has said that he considers his production of this new work the best that he has done. At any rate it has given him the most satisfaction. One of the most commendable features of the piece is that it is wholesome and of course its principal feature is Leo Phillips' score, that is typically Victorian in its treatment. There will be a large orchestra to bring out the beauties of this score.

MANUEL LOSES TITLE OF KING
King George and Queen Mary Differ Slightly With Queen Mother.

LONDON, Jan. 18.—(Can. Press).—Another little difference between Buckingham Palace, over which Queen Mary presides, and Marlborough House, of which Queen Mother Alexandra is mistress, has arisen, this time over the titles by which the deposed King Manuel of Portugal and his bride are to be known officially. When the exiled king and his bride were entertained by the queen mother recently, the court circular, issued from Marlborough House, described them as "King Manuel and Queen Augusta Victoria." This was interpreted as a sign that King George had officially sanctioned this description of the royal couple, and the press, following, as it invariably does, the fashion set, has accordingly published it as a fact. An official denial, however, is forthcoming, and it was announced that King George had decided that the ex-king and his wife were to be known and referred to only as Don Manuel and Dona Augusta Victoria. As the King's decision is binding on all the members of his family, including his mother, it is probable that any future references in the court circular, even those emanating from Marlborough House, will thus refer to the young couple.

ROSE STAHL
AT THE PRINCESS

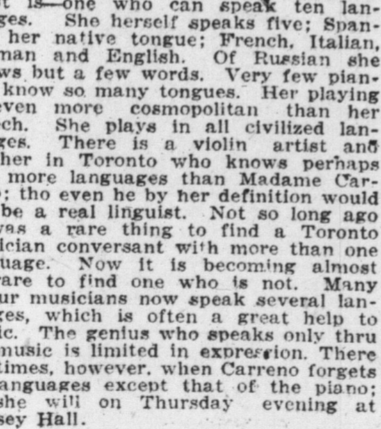

The joint concert of Tetrazzini and Ruffo and Titia Ruffo at Massey Hall on Jan. 21 will afford Toronto concert enthusiasts the unprecedented opportunity of hearing from one platform on the one evening two of a possible three of the greatest singers of the age. Accordingly, Manager Withrow of Massey Hall has made extraordinary preparations to handle the advance sale, which opens at 10 o'clock this morning. The artistic alliance of these two great artists is significant in more than one sense. Tetrazzini is naturally regarded as the queen of this century's coloratura singers, and her pyrotechnic flights of vocalism are familiar to the regular habitués of Massey Hall thru two previous visits.

TEMPERANCE REID
AT THE GRAND

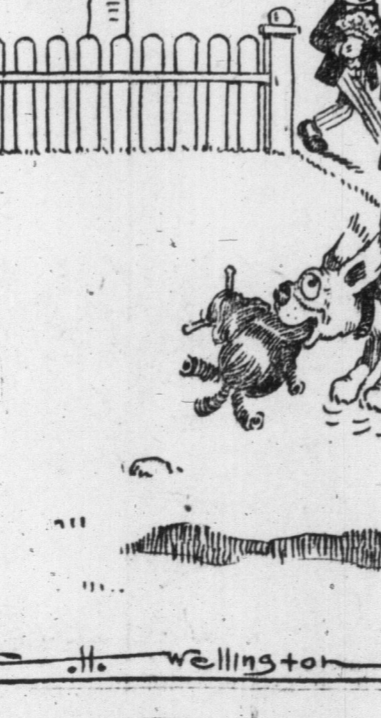

"Excuse Me" at the Grand, Playgoers in every city look forward with keen pleasure to any offering. S. T. King sends along, and there is special eagerness over his forthcoming production at the Grand Opera House. This will be the Rupert Hughes farce, "Excuse Me," that has a tremendous reputation as a laugh-maker. Farce is having its day just now, and plays in this style that have popularity. "Excuse Me" is unquestionably foremost. Produced at the Gaiety Theatre in New York season before last it ran there continuously, scoring a total of nine months. Meantime a company especially organized to present the farce in Chicago remained there six months. These runs are exceptional and speak for the good quality of "Excuse Me." The piece is a novelty. Its action takes place on a railroad train. A Journey across the continent. It is on capital idea and is cleverly carried out. It makes a mile a minute of laughter for two thousand miles, the distance supposed to be covered by the "Excuse Me" train. There is laughter every mile and every minute. The Pullman porter in the play in describing the speed of the train don't stop; it don't even hesitate. It just goes. So with the laughter and merriment and fun in the play—they rush thru it. "Excuse Me" is farce pure and simple. It was designed to provide wholesome, light, merry entertainment, and it does so. Its career speaks for the amusement it gives. It will be presented in an admirable cast, one that is beyond the usual standard, and with the same production which scored so big a success in New York. During the week the regular Wednesday and Saturday matinees will be given.

JOHNNIE WEBER
AT THE GAIETY

The National Chorus Concert. Attractive in many ways is the eleventh annual concert of the National Chorus of Toronto, which is to be given in Massey Hall tomorrow evening, and to such an extent has popular interest been excited that the prospect is for a capacity house to greet the singers and their assisting artists. The chorus this season numbers about two hundred and twenty-five voices, many of whom have had the advantage of personal training under Dr. Ham, and with these is a special boy's choir of twenty selected from the choir of the best at St. James' Cathedral. The choruses have proven a great success at rehearsals and are highly popular. The boys add greatly to the interpretation of the Russian music in particular, which was written by Charles Klein's comedy, "The Russian Musician." The whole choral program is exceptionally interesting and covers a wide range of compositions, inviting to all classes of music lovers. The assisting artists are also of the highest calibre and will no doubt be heard with keen satisfaction. Marie Raymond, the great soprano Metropolitan Opera, will make her first local appearance. She has prepared a very fine program. She also will appear with the chorus in one number, the "Jubilant Amen," by Max Bruch, in which she takes the soprano solo. The other artist, Miss Vera Barstow, is a violinist of remarkable talent, who has won great appreciation from the Toronto audience. Her program will also make a strong popular appeal to the general public, and seats are selling rapidly.

THE ATLANTIC ROYALS
ST. JOHN - BRISTOL

At the Gaiety. If one cares to drive dull care away and have a long and hearty laugh, a visit to the Gaiety Theatre, where Rose Stahl's famous London Belles are engaged, commencing this afternoon, will in no wise be amiss. Without any exaggeration the production easily ranks as the best of its kind and this is a broad assertion to make in view of the efforts of up-to-date managers to offer only the best to an exacting public. "The Rising Son," "The Flying Son," will be presented in a magnificent equipment equal to the best Broadway productions. Elaborate and startling costumes, including a notable feature of this attraction, which will be headed by Johnnie Weber, one of the funniest comedians before the American public.

BRITISH OFFICERS PLACED ON TRIAL
Canteen Scandal Assumes Serious Proportions—"Traffic in Bribery" Charged.

LONDON, Jan. 17.—(Can. Press).—The charges of bribery and corruption in connection with the canteen supplies of the British army, which have aroused such widespread attention in the British Isles for some time past were the subject today of charges brought at the Bow street police court against eight army officers and non-commissioned officers and eight civilians. The crown prosecutor, R. D. Muir, after reading the formal charges against the accused, three of whom, two officers and one civilian, did not appear, occupied the entire day in reading correspondence relating to what he described as "this traffic in bribery." Mr. Muir contended that the evidence showed persistent receipts of bribes by military men from civilian defendants, the gifts being handed to them in order to influence contracts and to prevent complaints about the reduced rates. The case was adjourned to Jan. 24 and it is expected to occupy the courts for months.

DRYS' IN FRANCE START A VIGOROUS CAMPAIGN
Women Sign Huge Petition for Limiting Sale of Spirits.

PARIS, Jan. 17.—(Can. Press).—The campaign against liquor drinking in France began tonight with a meeting at Nancy. This is in line with the demand made in November for the immediate passage of an act of parliament to limit the number of bars, saloons and other establishments. More than 220,000 French women affixed their signatures to the petition, which was presented to the chamber of deputies on that occasion. Deputy Ferdinand Buisson and other leaders are among the supporters of the crusade, and it is proposed to hold meetings in all the principal cities. A demand will also probably be made of deputies seeking re-election that they pledge themselves for an anti-alcohol program.

NINE FRENCH FISHERMEN WERE DROWNED.
SETTE, France, Jan. 17.—(Can. Press).—Nine of the crew of the fishing steamer Marguerite Marie, who took to a life-boat during a storm, were drowned today off Cape Creux, the boat being overturned by a giant wave. The captain and five sailors were rescued by a passing vessel.

KEY TO RELIGIOUS SITUATION LIES IN HANDS OF CANADIANS

Message and Warning of Notes of Sermon Delivered Yesterday at Walmer Road Baptist Church by New York Preacher—Finest Sunday School in the Dominion Opened.

What is probably the best equipped and largest Sunday school building in the Dominion was dedicated in Toronto yesterday. It is the new building erected as a Sunday school and social centre by Walmer Road Baptist Church, and it was built adjoining the church edifice.

More than six hundred pupils had gathered in the main hall of the new building yesterday afternoon under the leadership of the former superintendent of the school, spoke on "The Prospect," and Rev. Charles A. Eaton, D. D., for a number of years pastor of the church, and now pastor of the well-known Baptist Church at Madison Avenue and 31st Street, New York City, dealt with "The Prospect."

At the time work was started on the new building last spring the Sunday school attendance was about five hundred. During building operations the various classes have been divided, some meeting in the church itself, some in private houses. The dedication held yesterday marked a reunion of the Sunday school, which includes about fifty different classes.

About \$70,000 has been expended on the new building. Of this sum \$30,000 was given by Dr. Elmore Harris, a former pastor of the congregation providing the remainder. Accommodation for about two thousand pupils is available in the new edifice, which in addition to the main hall, has separate rooms for each of the fifty classes. In the basement an up-to-date gymnasium and shower baths are located, which will be available to the young men and young women and the children on different nights during the week. The building is a fine example of social centre, and the various organizations connected with the church will meet there.

Special Offerings. In addition to the amount already subscribed, the building committee required \$7000 to provide for the expense of furnishings. A large portion of this sum was raised at special collections taken for this purpose at yesterday's services. At the morning service the church was crowded to the doors to hear Dr. Eaton preach. The service was marked by the choir's first appearance in surplices. The full organ was played for the first time since its removal from the northeast corner of the gallery to its new situation behind the pulpit.

Period of Decadence. The preacher said he had made the journey from New York to give a message and a warning. The future of the Christian religion on this continent rested, he said, with the Dominion of Canada. The warning was that in the northern half of the United States, the portion of that country of which he could speak with knowledge, the people were facing a decadence in religious life, which was unparalleled in history. The church buildings and organizations were there, but the life and habits of the people were drifting away from the true spirit of Christianity.

Dr. Eaton made the startling statement that if it were not for Great Britain, Germany and France, American Protestantism would die of slow starvation. Canada was but one generation behind the United States, and was growing at a faster rate than that country did at that stage of its history. It rested with the Canadians of today whether thirty years from now the cities of Canada would be filled with people possessing the swish and swash of different ideas, a population that will never go to church, and parents who send their children to pagan schools to be veneered. This was the most trying age that Protestantism had known, and Canada held the key to the situation on this continent.

Every Man a Priest. "The Roman Catholic Church has no monopoly on apostolic succession," declared Dr. Eaton. "You are as much a priest as the Pope of Rome. If you have not won a soul for Christ, apostolic succession ends with you. Away with popes and priests, and give us human beings whose souls have been lifted up and redeemed."

According to Christ's word wherever human beings met for spiritual worship there was a church. He said nothing about bishops and archbishops—they had been manufactured since.

More Hebrews Now. Referring to the fact that the Jew was becoming in the life of this continent, Dr. Eaton said that when he was pas-

tor at Walmer road church, a Jew in Toronto was such a rare sight as to cause people in the streets to turn and look. They now occupied a large portion of the city. New York City possessed the largest population of Jews ever gathered together in one city.

"The young Jew of today is a dangerous person," he declared. "He possesses an ability and brain power that will class with the best. Yet he has no religion. He has abandoned the religion of his fathers and has adopted the loose domestic life that has become too prevalent on this continent."

Effect of Luxury. A Jewess occupying a high position in New York's educational system had remarked to him that fifteen years ago the Jews of New York were famous for the virtue of their women and the sanctity of the homes. A recent visit to the night court in that city had shown that 85 per cent. of the women taken in from the streets were Jewesses. What thousands of years of poverty had failed to do, the luxury of the present day American life had done in a few years.

KINGDOM IS OPEN FOR ALL TO ENTER

Gates on Every Side Admit Humanity to the City of God.

THE HOPE OF HEAVEN

Was Archdeacon Cody's Theme Before Large Student Audience Yesterday.

The accessibility of the Kingdom of God and its universality of appeal to mankind, were points of Archdeacon Cody's sermon at Convocation Hall, before a large student audience yesterday. Taking his text from the 13th verse of the 21st chapter of Revelation, Archdeacon Cody described the City of God, "which had three gates on the east side, three gates on the south side, three gates on the north, and three gates on the west." That served to indicate, he said, that the Kingdom of Heaven was open to every nation of mankind, and that it was easy of access to all who would enter.

"St. John is here drawing a picture, not in colors, but in poetry, of the holy city of God," declared Archdeacon Cody. "It is present and yet it is of the future. The present element is surely that the church of Christ in its truest and most catholic sense must be like unto the city described by St. John. In days like the present, the problems of humanity seem to be centered in the cities with their throngs of wretched and un-laden humanity. Here is depicted the ideal state of the city of God."

Gates Are a Symbol. This symbol of the gates was said by the speaker to proclaim the universality of the Kingdom of God. The three gates which faced towards the east indicated that the Christian message was intended for those nations who dwelt in the east, the world was young, when came the three wise men who were present at the Epiphany. The changeless east was represented as now being in a state of transformation, which is unparalleled in history for its rapidity and breadth of sweep. The speaker said that there was room in the ideal city for the millions of Asia who are at present in a spiritual twilight. He emphasized upon the students that there was no better opportunity for them to pour out their lives than in the plastic and changing east.

North and South. The three gates on the north indicate that through the centuries, access has been free to the virtue and active nations of the north. The Christianity developed in the north lands has been for the last few centuries the hope of the world. It was a Christian of Germany with all the best qualities of the Teuton who stood up against the criticism of the world, and imprinted upon Christianity the indelible stamp of Protestantism. The nations of the south were also free to enter the gates, though they did not possess the virility and impetus of the people who had endured the chill of winter as well as the heat of summer, they were equally as valuable in the sight of God, and they were welcomed just as eagerly as was the European seeker of the truth of the Holy Writ.

The New Land. St. John could not see beyond the Pillars of Hercules, and could not know of the great civilization which

would be developed by the nations of the north when they turned their faces to the west. All the developments of civilization were considered by the author of the plan. The busy, practical life of the west was considered, and the appeal of religion was made as essential to those people as those of the east and north.

"The true church of Christ should stand as this ideal city," concluded the preacher. "We must become as little children before we can enter the gates of the Kingdom of Heaven, and we must be willing to be taught. To you students, as yet unacquainted in the battle of life, and with almost limitless vitality and strength, the doors are open. Come thru the gates with your own religion, with your own experiences, exactly as you are."

HELLO! YOU ARE ONE OF THE LEADING ARCHITECTS OF THE COUNTRY, ARE YOU NOT?

I HAVE A GREAT REPUTATION, YES, SIR.

I WANT A ROUGH ESTIMATE OF WHAT IT WOULD COST TO ERECT A VERY FINE HOTEL.

I'LL BE PLEASSED TO ANSWER YOU.

IT MUST BE TWENTY FIVE STORES HIGH, A PRIVATE BATH ON EACH FLOOR, ONE ELEVATOR THAT WILL RUN NIGHT AND DAY, A BARBER SHOP IN YH' BASEMENT—

OH YES, AND A CABARET ON TH' FIRST FLOOR. NOW, WAT DO YOU THINK SUCH A HOTEL WILL COST?

UM—LET ME SEE— OH, I SHOULD SAY ABOUT \$1,000,000.

THANKS! WHEN I GET A MILLION THATS IN' KIND I'M GOIN' TO BUILD!

LITTLE CHANGE IN NEW YORK STOCKS

Bears Tried Raid, But Demand for Stocks Soon Discouraged Effort.

C.P.R. WAS STRONGER

Inflow of Currency During Week Heavier Than Was Anticipated.

NEW YORK, Jan. 17.—The level of prices was barely disturbed by today's trading in stocks. The market showed none of the vigor of the earlier part of the week. At the outset the bears attacked the list, but they made little headway. Reading was forced down a point, but elsewhere recessions were slight, although for a time there was heavy selling of the favorite stocks. Lack of success caused the shorts to retreat, and a partial recovery was effected. The movement thereafter was unusually narrow, with a downward tendency.

It was apparent that investment buying, which was an important feature of the week's upward movement, had subsided. The market's position was weakened further by reduction of the short interest during the last few days. Canadian Pacific was strong all thru the session, being the only important stock to oppose the general movement. Low-priced shares, which were marked up vigorously yesterday after the advance of the leaders had been checked, were dormant today.

Another important gain in cash was disclosed by the bank statement, the inflow of currency during the week having exceeded forecasts, as the banks showed a net increase in cash holdings of \$23,000,000. Although the reserve requirement was raised by a gain of nearly \$50,000,000 in deposits, the surplus increased almost \$11,000,000. With such a showing, it appeared probable that present easy conditions in the money market would continue for some time.

It was announced that the Minneapolis & St. Louis had arranged for extension of the bulk of its \$3,000,000 notes maturing Feb. 1, was followed by a 4 per cent. points in the road's stock, which was followed by a 4 per cent. point in the road's stock, which was followed by a 4 per cent. point in the road's stock.

TRAMWAYS MADE ANOTHER ADVANCE

Floating Supply Limited and Demand Insistent—C.P.R. Was Higher.

MONTREAL, Jan. 18.—Prices on the local exchange were strong for the hour's session on Saturday, being practically the highest of the week. Business was fairly active for a Saturday, and while few important advances were scored, the general tendency was slightly upward. Strength of C.P.R., both in London and New York, was an important influence on the sentiment.

On purchases of thirty-five shares of Transvaal common, bid at 205, as Friday. Bid price jumped from 200 on Friday to 205 on Saturday. The stock of the Transvaal common, bid at 205, as Friday. Bid price jumped from 200 on Friday to 205 on Saturday.

There was another big market for Transvaal common in the up-listed department, upwards of 2000 shares changing hands. After declining to 40, as compared with the week's high of 42 and Friday's close at 43, the price closed 40 1/2, a 1/2 down on the day.

In the listed market chief activity centered in C.P.R., which rose to a new high for the movement of 2 1/2, and closed 21 1/2. The price of 21 1/2 was a 1/2 up on the day.

EXPECT BIG YIELD OF WINTER WHEAT

Forecasts Caused Slump in Price at Chicago—Corn Stronger.

CHICAGO, Jan. 17.—Forecasts of a big yield in the winter crop belt had considerable to do today with pulling down the price of wheat. The market closed easy, 1-8 to 3-8 under last night. Other speculative articles showed a net gain: Corn 1-8 to 3-8, oats a shade to 1-4 and provisions 2-1 to 7-16.

Flattering predictions in regard to the winter crop were based on the enlarged acreage, the forward state of growth and the fact that the year immediately after a dry season has usually produced more bushels than the average number of bushels. According to a well known expert the acreage sown at present exceeds last year's total by 4,119,000 acres, and owing to the mildness of the winter the damage to wheat from the heat duty free is not so serious as it was last year.

More generous receipts at primary terminals both northwest and southwest gave the wheat bears a further advantage. There were also prospects of large world shipments and it was not overlooked that the Canadian Parliament has yet to act on the question of declaring wheat duty free. The declining tendency of the market, however, was checked by a notable improvement in the domestic call for cash wheat to go to interior mills.

Notwithstanding an early decline, due to bearish crop reports from Argentina, and to slowness of shipping demand, the corn market finally scored an advance. There were assertions that the mild weather, the large amount of feeding had materially increased, and that feeders were paying better prices than could be obtained at market centers.

THREE THOUSAND HUNGRY MEN FED. Yonge Street Mission Did Noble Work Among Poor. Last Week.

BROADER MARKET FOR CANADIAN SECURITIES. British Colonial Office is Impressed by Request of Provincial Premiers.

THE TORONTO WORLD. The past week was a record-breaking one at the Yonge Street Mission. More than 3000 people having been fed and clothed and protected against the cold weather. Yesterday morning 464 men were fed with sandwiches and coffee, after which they listened to an address by Rev. I. R. Dean of the Tabernacle Church. Superintendent J. C. Davis is grateful to the persons who have contributed clothing, money and groceries, thus enabling the mission to care for the many people who apply for aid. The work is continually growing, and the mission cannot continue its good work unless it receives the co-operation of the citizens. Another breakfast will be given to the men who are out of work next Sunday at 8 o'clock. Lunches are given free daily at noon.

Simpsonize Your Spending

Madam, will you forgive our impertinence if we ask whether or not you have the reputation of being "a good manager"? Are you known among your acquaintances as a person who can do a lot with a very little? Here is part of a letter from a mother, who was a good manager, to her newly-married daughter. It may be letting you into a secret:

"After supper your father used to hand me half the evening paper, and it was generally the part with the most ads. and the least news—that's what I thought then. I began to read the ads. of the big stores in a haphazard way, feeling that there probably was nothing there I wanted; often I would find something I needed, at a reduced price—but that was not so very important, for as you know I was never crazy about hunting bargains. No, the thing I noticed was that the more of these ads. I read, the more information I got, and as a consequence the more my taste improved—my ideas of dress, of styles, of furnishing, all began to develop. Then by comparing one ad. with another, I acquired ideas of value that are not possessed by one woman out of a dozen. The result is that every purchase I have to make now is backed up by what you might almost call "expert opinions." Of course, now, if you want to do this, your ad. reading must be systematic—but I don't know anything that pays such big rewards as a quarter of an hour—that's all it means)—fifteen minutes careful ad. reading each evening—that's what has made people call me 'a good manager.'"

Now, Madam, while 1914 is still young, won't you begin to profit by such an experience? You can begin to-night to systemize, or rather, Simpsonize, your spending, by reading this page through with care. Then you will have started to make yourself "a good manager."
