

GET OUT OF THE HOTSPOTS WHICH ADVANCE THROUGH A SAGE

EXACT FIGURES ANNOUNCED OF HOSPITAL SHIP TAG DAY \$31,282.90 TOTAL AMOUNT

Women in Charge of Fund Arrange to Continue Work and Will Have Headquarters in the City Hall.

In response to the call for the captains of the hospital ship campaign to meet for special business yesterday morning, the women turned out in such numbers that every available seat in the clinic room of the General Hospital was taken. Mrs. A. M. Huestis presided and assisting her at the table were Mrs. Wilson, regent of the Municipal Chapter I.O.G.E. and Mrs. Featherstonhaugh. Mrs. A. E. Gooderman was also present.

The announcement of the returns from the hospital ship campaign gave the exact amount collected at time of the special meeting as \$31,282.90. This bears out the optimistic statement of The World that the collection would reach the thirty thousand dollar mark. The collection at the island, with still one or two to hear from, was \$307.85.

One of the first acts of the meeting was the passing of a most cordial vote of thanks to Mrs. G. R. Baker for her kindness in giving so fully of her time and ability in the onerous work of mapping out the city and arranging districts for bands of workers, and for overseeing that part of the work for the Hospital Ship Flag Day.

Central Organizing Body. A second part of the business of the meeting was the naming and launching of a committee of 150 women, with power to add to the number, who will serve as the central body of a great organization to work during the coming season, and as long as there will be need for their services along the line of patriotic assistance and general relief.

Mrs. Willoughby Cummings, who announced the new movement, spoke on the subject at some length. She stated that those interested in its initiation had already been in communication with many men of experience in public affairs. These had given it as their opinion that just such a body as this contemplated would be of great assistance in the present crisis and the circumstances that may arise as a consequence in the future.

While the proposed amalgamation of women would not be a branch of the Red Cross, it would work in cooperation with that society, the only objection to it being that it is not a part of its territory. The looking after of local and general relief, as well as the strictly Red Cross lines of endeavor. The new organization will be in constant communication with the Red Cross and will receive instructions from them on the matters of what is most needed and in what order to proceed. The organization, for which a name will be decided upon, will have as a vehicle of supply and a dispensary on a large scale, without interfering with the work of other organizations.

NAMES SUGGESTED. The list of names submitted to the meeting and names added to the central committee of that body. Those having names to suggest may make their suggestions at the meeting. Mrs. Willoughby Cummings at 78 Pleasant boulevard.

WILSON'S STAND LIKED BY GERMAN DIPLOMAT

Anti-German Attitude of Newspapers Cited as a Reason. WASHINGTON, Aug. 18.—Haniel Von Halmhausen, charge of the German embassy here, commenting tonight on the president's appeal to his fellow-countrymen for absolute neutrality toward the European conflict, said: "I suppose one of the president's reasons was the anti-German feeling which has been shown in some of the papers. I think it is a very good expression and a right one."

Red Cross Society Announcement

The Canadian Red Cross Society has been meeting from day to day and has organized throughout Canada branch societies, which are springing into active existence. The society desires to announce that during the South African campaign approximately \$100,000 in cash and supplies of various kinds were collected and sent to the front and distributed; that not only were Canadians who needed assistance helped through the agency of the Canadian commissioner and others appointed by him, but work was done in connection with the aid of the British Red Cross Society.

At the conclusion of the war the Canadian Red Cross Society got in the hands of trustees and deposited the accounts were carefully audited and the results were published, showing some \$9000 cash surplus on hand. That surplus has been in the hands of trustees and deposited, bearing interest. Some of the interest has been used in office equipment and a small honorarium was paid to the secretary. John G. British Moratorium May Delay Realization on Three Million Dollar Bond Issue for Short Time—Cabinet Meets.

In spite of the financial stringency prevailing at the present time because of the war, the situation is not calculated to embarrass the Ontario Government to any extent. The provincial treasury, like all other financial institutions, will have to deal with the general conditions, goes without saying, but the world which comes from Hon. I. B. Lucas is very reassuring. The expectation is that the government will weather the depression without serious difficulty, and that no material disadvantages will be suffered. The most feasible means, however, to tide over the time, are obtaining the consideration of the cabinet, two meetings of which were held yesterday.

MEMBERS GATHER AT OTTAWA FOR IMPORTANT WAR SESSIONS

Government's Program is Comprehensive and Far-Reaching, But Members Will Get Right Down to Business and Session May Conclude Next Week.

OTTAWA, Aug. 18.—Parliament was opened this afternoon by H.R.H. the Duke of Connaught, who rode to Parliament Hill accompanied by their Royal Highnesses the Duchess of Cornwall and the Princess Patricia. There was the usual military display, but the social features which usually mark the opening of parliament were missing. His royal highness wore the uniform of a field marshal, but all the aides from Government but the House were in uniform. The House was opened by a large number of members.

When the house assembled after the speech, the prime minister announced that government business would have precedence on every day of this session, and the same hours would be observed as upon the other days of the week. The debate upon the emergency session of parliament, there will be a furthering up in revenue, although it will be slight. It is also a new revenue source for the first time this year in offsetting the decrease in the revenue of the settlement immediately payable, and to do for some time the revenue of the government.

Speech from the Throne. The speech from the throne follows: "Honorable gentlemen of the senate: 'Gentlemen of the house of commons: 'Every grave event, vitally affecting the interests of all his majesty's dominions, have transpired since...

How Will Canada Finance in War Times?

OTTAWA, Aug. 18.—War comes down in the end to money and that is the aspect in which it comes home to the parliament of Canada now assembled. Money is in sight out of the ordinary reserves sufficient to carry on the ordinary services of the country, but a shrinkage in the receipts will compel the minister of finance to look elsewhere for the means to meet the large commitments that good times would have provided by excise and customs and the like. But money in large amounts will have to be found by the government for war purposes and our engagements in this respect may be continuous. It cannot be got from ordinary sources from new taxes, nor can much be got from our banks. If the banks can help, let them do so by all means, and let us hear from them at an early day.

Financial Proposals Very Comprehensive

Hon. W. T. White's Resolutions Authorize the Government to Declare a Moratorium at Any Time, to Sanction Emergency Issue of Bank Notes and Lay Foundation for a National Currency.

OTTAWA, Aug. 18.—Far-reaching and comprehensive is the government financial legislation of the proposed financial legislation of the government outlined in the notice of resolution given by Finance Minister White this afternoon.

The bill to be founded upon this resolution will not only sanction the amendments to the Bank Act and the Currency Act, already made by order-in-council, but will authorize the government to declare a moratorium at any time.

The proposed legislation will not only sanction an emergency issue of notes by the chartered banks to the extent of 15 per cent. of their combined capital and permit the banks to pay all demands with their own notes, instead of in Dominion notes or gold, but it goes further and lays the foundation for a national currency for Canada, based not entirely upon a gold reserve, but supported by first-class securities, and above all, by the wealth and credit of the Canadian people. It will enable the government to do the business of the country thru the banks by lending its credit.

Flexible Currency. The government is authorized to make advances to the chartered banks upon good securities by issuing to them Dominion notes. Hereafter Dominion notes in excess of \$2,500,000 have been warehouse receipts for so much gold stored with the receiver-general, and the proposed law they will constitute to a large extent the currency of the country, and it will be a flexible currency, which can expand to meet the demands of business. Of course the provision permitting the suspension of specie payments is inserted as a war measure to meet a remote contingency, as the government is building up a strong gold reserve at Ottawa.

Follows Maclean Plan. Mr. White's plan in many respects closely follows the plan presented to the house of commons by W. F. Maclean (South York) upon the second reading of the present Bank Act. Mr. Maclean proposed issuing a national currency, say to the amount of five million dollars, which would supersede the bank circulation and enable the government, by loaning it at a small rate of interest to the chartered banks, to practically lend the credit of the nation to the business of the country. He did not believe it was necessary to have a hundred per cent. gold reserve, but he advocated building up a large gold reserve at Ottawa and the establishment of a strong central bank, to be known as the Bank of Canada.

Mr. White's plan does not provide for a central bank, but will use existing chartered banks as the financial basis of a government bank. Otherwise the plans are similar. The national currency will command the confidence of the people and may in time redeem and supersede the circulation of the chartered banks, as provided in the Maclean plan.

SIR WILLIAM IS BACK FROM ENGLAND

Cannot Tell Effect of War on Canadian Northern Railway Just Now.

OTTAWA, Aug. 18.—"How do financial conditions look in Great Britain since the war broke out?" the Canadian Press asked Sir William Mackenzie, president of the C.N.R., on his arrival here from England this morning.

"Financial conditions? Why, there were many of us who could get a 65 note changed against Germany," he replied.

Sir William left Bristol on Monday, Aug. 8, on the Royal George, and arrived in Ottawa on Tuesday night. He came to Ottawa hurriedly on a special train over the C. N. R. en route to see the first C. N. R. train leave for the front.

"As a result of the war will development on the lines of the C.N.R. be stopped or curtailed?" he was asked.

"That question I am not prepared to answer just now, but it is certain that nobody can get money over in England or anywhere else," he said, "busted across the Atlantic with more than a full complement of passengers, like a phantom ship at night time, for the light was covered. All degrees of wealthy people from Canada and the United States were in the stateroom. The first-class accommodation in comfort 300, had 445 in them on this voyage."

KAISER IS GRATEFUL FOR OFFER FROM U.S.

But No Intimation Is Given That German Emperor Will at Any Future Time Accept Tender of 'Good Offices'—Tension Over Japanese Situation Relieved.

WASHINGTON, Aug. 18.—The earnest determination of the United States to keep this country from becoming involved in any way in the European war and its controversy, was manifested in several ways today.

President Wilson issued an appeal addressed to the American people calling upon them to support the United States in its peaceful policy toward the nations in conflict. Leaders in congress of all parties voiced similar views.

Official information came from Berlin that the Japanese ultimatum had been delivered to the German government and it was intimated in the diplomatic despatches that a feeling of relief followed the assurance given at London that should Japan take action against Germany, such activity would be confined to the eastern Asia and not against German insular possessions in the middle Pacific, where also the United States has islands of strategic importance.

The Japanese ultimatum to Germany was uppermost in the attention of official Washington. Discussion was general as to how the interests of the United States might ultimately be affected and while there was a careful reticence on all sides, it was obvious that a feeling of relief followed the assurance given at London that should Japan take action against Germany, such activity would be confined to the eastern Asia and not against German insular possessions in the middle Pacific, where also the United States has islands of strategic importance.

The executive committee of the local Canadian Women's Hospital Ship Fund met today and cleaned up the affairs in connection with the campaign recently held. It was announced that the total amount collected was \$11,623.52. This amount will be forwarded to Toronto, and any other subscription that comes will be devoted to the local relief fund, for the benefit of the families of the volunteers leaving for the front. Arrangements completed for the benefit performance to be held at Griffin's Theatre on Thursday and Friday evening under the patronage of Lady Gibson and the officers of the Hamilton Branch of the Canadian Women's Hospital Ship Fund.

Just what part the city will play in looking after the wives and families of the Hamilton men who go to the front will be decided at a meeting to be held in the afternoon at 2 o'clock, at which representatives of the city, the daughters of the Empire, Sons of England and other societies will be present, as well as the clergy of all denominations. The government is going to make some provisions for the families of every man who goes and some of the societies have already arranged to look after the families of their members. So that there will be no overlapping in the matter, it was decided at this morning's meeting of the board of control to call a general meeting.

Austrian Still Held. No word has been received from Toronto as to what action is to be taken in the case of Domesti Olskucki, the Austrian officer held by the local police on a charge of assisting his enemy of the King. Magistrate Jelis stated this morning that the prisoner would be held until some definite word is received as to his disposition. Friends and relatives of Olskucki are being watched in connection with the case. Lead is being followed in other arrests may follow if any effort is made to organize foreign forces here.

Edinburgh University Graduates Would Equip Hospital Unit for Service.

Edinburgh University graduates would equip hospital unit for service. The graduates of Edinburgh University, president in the United States, Dr. Kendall saw the militia and explained that the proposed unit would be composed of graduates of Edinburgh University, all of whom are practicing physicians. Those who are prepared to fit out and equip the unit at their own expense if it could be given a place with one of the Canadian contingents, ready to be called upon if the need arises. The number of Canadians seeking enlistment in the army medical corps was so considerable that it was very difficult to find a place for the fellow British subjects resident in the United States could be accepted at present. The highest appreciation of the patriotic spirit of the government was expressed by the prime minister and the minister of militia. The latter also promised to keep the proposal in mind for consideration later should the need and opportunity arise.

OPEN INQUIRY INTO MONTREAL TRAGEDY

Sergeant Hooten's Fate is in Hands of Military Authorities.

Canadian Press Despatch. MONTREAL, Aug. 18.—The military inquiry into the shooting of Antoine Notter, the French reservist, by Sgt. Hooten Friday afternoon took place today under the presidency of Lieut.-Col. Feers Davidson of the Fifth Royal Highlanders, assisted by Capt. H. Archambault, of the 85th, and Capt. G. S. Stairs.

The evidence of the enquiry proceeded whether the fatal shooting took place on the street near the Craig street armory or in a nearby residential street, and he shot at Notter because he thought the latter was about to pull a revolver on him.

Hooten will remain under guard for the purpose of the enquiry proceedings until a report of the enquiry proceedings has been presented to Col. Denison, commander of the Montreal garrison.

INQUEST OPENED. Colonel Dr. McLeod opened an inquest on the body of Edward A. Friem, which was found floating in the slip at the foot of John street yesterday. The inquest was adjourned till August 24.

THIRD MAN ARRESTED. The police rounded up still another man believed to have been implicated in the wholesale burglary in the Boyle avenue district in the person of Frank Richardson, 202 Ossington avenue, arrested by Detective Cronin at 10 o'clock last evening.

Dumping's. Come in and sit down at one of our little tables, just inside the door, and enjoy an ice cream or soda. We have a variety to choose from. (Music) 27 King street west.

DETAILS GIVEN OF FIRST FORCE

More Than Twenty-Two Thousand Men Will Be at Valcartier.

OTTAWA, Aug. 18.—The composition of the Canadian overseas expeditionary force was detailed in a copy of an order in council which was placed on the table of the commons today by the prime minister. The division in the field will be 18,072.

This includes commanders and staffs 30, cavalry 157, artillery 3888, engineering 552, signal 150, infantry 12,025, army service corps 567, army medical service 698, army veteran service 11, ordnance corps 18, army corps 2, postal corps 1. Besides these there will be 1200 officers and men at the overseas base, 2395 L. and C. (administrative) units, making a total of 27,822 of the 25,000 who will go to Valcartier will serve as a nucleus for reinforcements.

GERMAN CRUISERS LIMP INTO PORT

Reached Hongkong Badly Battered and Showing Blood Stains.

SHANGHAI, Aug. 18.—Two German cruisers have been disabled and brought into Hong Kong. Confirmation of this fact was received here today. The deck works, the turrets and the barbets of the two cruisers were demolished and their masts and funnels had been shot away. Their sides were stained with blood which had run down the scuppers. Owing to the rigid censorship established by the British authorities at Hong Kong, it is impossible to obtain the names of the two German cruisers.

Many German merchant vessels are lying in the harbor at Hong Kong.

Two warships badly damaged and carrying many wounded were reported to have entered Hong Kong harbor on August 13. Their identity was not made public, but at the time it was believed that they were either the British cruisers Minotaur and Hampshire or the French cruisers Duplex and Chante Sicaris. Escot, was killed at Montcaillon, which was reported to have had an engagement with the Gieslesau.

SUSPECTED SPIES HELD AT KINGSTON

Gananque Prisoners Were Locked Up at Fort Henry Yesterday.

KINGSTON, Ont., Aug. 18.—The suspected German spies, arrested at Gananoque on August 13th, who carried arms, ammunition and other equipment, have been brought to Kingston and will be incarcerated in Fort Henry.

The first military prisoners to enter the fort since 1837. They will be closely guarded.

BRIDGE PARTY BENEFIT FOR HOSPITAL SHIP FUND

Afternoon Entertainment at Casa Loma Was Unqualified Success.

The benefit given yesterday afternoon in aid of the hospital ship by the Sir Henry Pellatt Chapter, Imperial Order Daughters of the Empire, was an unqualified success.

The musical program, given under the direction of Mr. Paul Hahn, was a sensational success.

At the close of the musicale tea was served. The entire arrangements were under the direction of Mrs. Ambrose Small, lady of the Sir Henry Pellatt Chapter.

TORONTO TAXES FOR 1914.

Ratepayers are reminded that after Tuesday, Aug. 25, five per cent. penalty, instead of one-half of one per cent., will be added to all unpaid items on the first instalment of general taxes and local improvement rates for 1914.

BRITISH TROOPS NEAR GREAT BATTLE GROUND

LONDON, Aug. 18.—Times military correspondent referring to the British expeditionary force says: "Now our brave troops under Field Marshal Sir John French draw near to the scene of the great battle which is impending on the Meuse, and all our thoughts and earnest good wishes go with them, but we shall be well advised not to say just where they are nor how many they are."

To Grow Hair on A Bald Head

BY A SPECIALIST. Thousands of a people suffer from baldness and falling hair, who, having tried nearly every advertised hair tonic, have resigned themselves to baldness and its attendant discomfort. Yet the simple home preparation has made hair grow after years of baldness, and is also unequalled for stopping hair from falling out, and restoring the hair to its original color, and stopping the dandruff germ, will not stop the hair from growing, and can be put up with any drug; it is a pure vegetable preparation, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics.

NO CHANGE MADE IN PUMP CONTRACT

Motion to Reopen Question Defeated—Deputation Present.

STATEMENTS CONFLICT Commissioner Says Contract Doesn't Affect Labor Situation.

At a meeting of the board of control yesterday, the controller, Church, introduced a motion to reopen the question of the award of the contract for a 24-million gallon pump to a firm in the States, but his motion was defeated.

A deputation from the West Fair-bank Ratepayers' Association, introduced a motion to protest against this contract, which amounts to \$100,000, going out of Toronto.

Frederic Currie read a resolution of protest framed at a meeting held on Monday evening, and requested the board to reconsider the contract.

The board, on account of so many men being out of employment at the present time, I could bring down 2000 men from Europe, instead of the present time, who are out of employment and cannot get work," said Mr. Cunliffe.

The Mayor: Is your section in the city? Mr. Cunliffe: No, it is not.

Conflicting Statements. A representative of the Canadian Allis-Chalmers firm (Canada Export Co.), stated in answer to a question of the mayor that 65 per cent. of the work would be done in the city.

Works Commissioner R. C. Harris said he would be prepared to make a considerable sacrifice if the work could be done in the city, but the war would have no effect on the labor situation.

The statement that 65 per cent. would be spent in Toronto was absolutely incorrect. They said that the Montreal works are closed," said Mr. Harris.

Special to The Toronto World. ST. CATHARINES, Aug. 18.—Jesse Ward, a grocer, 65 years old, was committed by Magistrate Johnston of Grimsby this afternoon to stand trial at the next assizes at St. Catharines on a charge of murdering Percy Sparling, aged 55, of Toronto at Grimsby Beach on Sunday morning, Aug. 2.

The evidence was very similar to that taken at the inquest. Mr. Miller, over whom considerable rivalry is said to have existed between Ward and Sparling, was present, but was in a very nervous state and was not called.

None of the witnesses threw the slightest ray of light on the mystery of the cuts on Sparling's throat which Ward denied having caused, although he admits having fired two shots.

Ward's trial will take place at the fall assizes. I shall endeavor to keep right up to date.

DEATH OF ALBERT TROTT THE FAMOUS CRICKETER

Trott, the famous English cricketer, committed suicide.

At the inquest the deceased's landlady, Mary Crowhurst, said that Trott had occupied a room at her house for two and a half years, and recently had been in ill-health.

On Thursday he complained of sleeplessness, and she tried to get a sleeping draught for him, but was unsuccessful.

On Thursday she heard the shot, and going to Trott's room, found him lying dead on the bed, with a bullet wound in his head.

A search of the deceased's room, and a search of the laundry bill, leaving will on the back of a laundry bill, leaving a wardrobe he possessed to his landlady, some photographs to a friend in Australia.

The police divisional surgeon said the wound was undoubtedly self-inflicted, and the jury returned a verdict of "suicide with loss of reason."

The coroner's officer said that he had since made a search of deceased's room, and found that deceased had written a letter to his wife, leaving her a sum of money, and a wardrobe he possessed to his landlady, some photographs to a friend in Australia.

SHARP ADVANCE IN PRICE OF WHEAT

Marked Improvement is Export Situation Reflected in Chicago Market.

CHICAGO, Aug. 18.—Board of trade markets, inspired mainly by a marked improvement in the export situation, advanced sharply today, led by wheat, which scored a net gain of 1 1/2c.

Wheat was at its lowest at the opening on local selling, the market developed the liberal purchase by New York banks whereby one New York bank will finance shipments to England and another those to France, the sale at New York being a day and a half in advance of the London, smaller receipts at Chicago and the pointing, threatening returns from the northwest, and a reduction in the world's available supply of 3,117,000 bushels in corn, 2,700,000 bushels in wheat and 1,000,000 bushels in oats.

Corn Damages. In corn there is the additional influence of dry weather reports from Kansas, Missouri and Iowa, and light by state and federal authorities, and light by state and federal authorities, and light by state and federal authorities.

There was a good bid market for old and old, stimulated by the broad-based and old, stimulated by the broad-based and old, stimulated by the broad-based and old.

Provisions advanced in sympathy with the cereals.
