AN INFLUX FROM GREAT BRITAIN IN THE SPRING.

HUNDREDS ARE WRITING For Pamphlets Giving Information Regarding This Country.

Canadian Agent Dunn at Bristol Says Canada Will Get the Best of the Emigrants From West of England—The War on Offshore Partisans—Additions to the Art Gallery—The Bank Note Contract—Maxim Guns Coming—Appointments Will Be Few for the Present—General News From Ottawa.

Ottawa, Jan. 15.—(Special).—Mr. John W. Dunn, Canadian agent at Bristol, England, writes the following well-informed remarks to a friend in this city: "The good crops in Manitoba and the Northwest, with the prospect of a bumper crop of wheat, are now getting pretty well known, and I am certain that if the people in this country can only find the money they will emigrate in large numbers next spring, and Canada will get the cream of the western portion of England. Hundreds are now writing for pamphlets, etc., containing information respecting the country."

AFTER THE PARTISANS. Mr. E. H. McAlpine, barrister of St. John, has been appointed a commissioner to investigate into charges of political partisanship preferred against certain officers in New Brunswick. Captain Blomfield Douglas, who was deputed to investigate into the charges in the three Maritime Provinces, will continue his enquiries in Nova Scotia and P. E. Island.

THE BANK NOTE PRINTING. Mr. C. B. Edmund, President of the B. A. Bank Note Company in Ottawa, declines to say anything about his tender for printing Dominion notes and stamps, but says he has no knowledge beyond what has appeared in the newspapers that the Government has awarded the contract. The Journal, which is on the patronage list, has this to say about the reported action of the Government: "It is proper to say that neither there can be any doubt about the contract in the contract with the New York firm below the prices which Canadian contractors would be able to give."

THE MAXIM GUNS. The Militia Department has been informed that the Maxim guns ordered by Col. Lake, Quartermaster-General, last year are now en route from the United States. There are 15 of these quick-firing machines, and they are distinguished by their points. Nothing has been heard yet concerning the shipment of the guns, which are placed on the fortifications at Quebec and Kingston, or of the field artillery guns to be distributed among the Canadian batteries.

CHARLTON AND FARRER. Ministers give an authoritative denial to the report from Ottawa that Mr. John Charlton, M. P., and Mr. Edward Farrer are there on business for the Canadian Government in connection with the tariff. The Government has not sent either of them to Washington, and, if they happen to be in Ottawa at present, it is in connection with the tariff. Whatever Mr. Charlton may have to do with the tariff in the future, Mr. Farrer will have no connection with it. Meantime there is no communication, and the Canadian Government to Washington or elsewhere in connection with the subject of reciprocity or any tariff arrangement with the United States.

FATHER CLOUTIER'S OFFENSE. It is announced that the infraction of prison rules by Father Cloutier, chaplain at the Stoney Mountain Penitentiary, consists of leaving his post without the sanction of the Minister. Father Cloutier wanted to accompany Archbishop Langevin on his eastern trip to Quebec, but the archbishop's absence. Before an absence was received from the department Father Cloutier started for the archbishop, that the priest was suspended, and the matter is now before the Cabinet.

APPOINTMENTS WILL BE FEW. It is announced that until the civil service and superannuation legislation passes Parliament appointments to the public service will be very few. It is claimed for the Postmaster-General that since he assumed his portfolio he has not made a single appointment. He has arranged a number of transfers and managed several dismissals, very urgent in the public interests, but his policy is to cut down the staff as far as possible.

DEATH OF W. F. KHOOE. W. F. Khooe, B. A., private secretary to Hon. R. W. Scott, died tonight, after two months' illness, of typhoid fever. Mr. Khooe was the eldest son of a prominent family in the city. He was a member of the Ottawa Free Press, and was well and favorably known throughout the city. He was a graduate of Ottawa University, one of the best students of the famous football team, and a member of the club. His demise will be greatly deplored by his former friends, among whom are the former cabinet members.

NOTES. The Department of Public Works is to tender for the construction of the Kincardine and Owen Sound and the approach to the wharf at L'Orignal.

Mr. Controller Paterson returned from the west this morning. Mr. Casey, M. P., is in the city, as also Lieut.-Col. Stacey of St. Thomas, day.

William Van Horne, President of the C. P. R., was in the city today and saw the Premier and Sir Richard Cartwright. It is said, on the subject of the Crows' Nest Railway.

DEED, HORRIBLE AS HELL

Five thousand people are said to have been forced to witness in very horror last night as they listened to the young men and the young woman from down-trodden, persecuted Armenia tell blood-curdling tales of personal experience and of scenes they had seen in that land where rapine and murder had reigned untrammelled. Sympathy, too, took a very substantial form, for the relief of the great mass meeting will be that over 400 will be placed in the hands of the Army for the immediate relief of the Armenian refugees, as well as for those that are left of their friends in their Asiatic home.

ERIKER AVANIAN addressed the audience in his native tongue, his speech being interpreted by a fellow-countryman, G. Campbell. He had seen a Turkish call to arms suddenly followed by a massacre of over 7500 Armenians, and he had seen the survivors to escape to Constantinople, thence to Egypt and on to London, where he had seen the British Army and the Salvation Army and brought to Canada.

Marwan Seropian of the city of Divrik was interpreted by Mr. Mirov Bay-baslanian, who has been three years a student at McMaster University. The speaker's two brothers were murdered. He had, with a number of his countrymen, been invited to dine at a restaurant, and when let out had been forced to witness his friends being bayoneted. He had seen a Turkish call to arms suddenly followed by a massacre of over 7500 Armenians, and he had seen the survivors to escape to Constantinople, thence to Egypt and on to London, where he had seen the British Army and the Salvation Army and brought to Canada.

TO PEOPLE THIS COUNTRY

Suggestions by Toronto's Board of Trade. PRESIDENT OSLER'S REPLY To the Circular From the Ottawa Government Asking for Information.

The Kind of Men That Should be Selected as Canadian Agents—The Information That Ought to be Set Before Intending Settlers—How Emigrants Should be Cared for and Settled Upon the Ground—Canada's Markets Abroad—Our Policy in Regard to Railways.

The following letter speaks for itself: The Board of Trade of the City of Toronto:

Toronto, Jan. 15.—1897. W. B. Parmelee, Esq., Deputy Minister of Trade and Commerce, Ottawa, Ont. Sir:—Your circular bearing date Aug. 26, 1896, in relation to the Board of Trade of the City of Toronto and the information that ought to be set before intending settlers—how emigrants should be cared for and settled upon the ground—Canada's markets abroad—our policy in regard to railways.

I am instructed to say to you that it is the opinion of the Board of Trade of Toronto that the broadest principles should be followed in determining the future of the country in relation to the emigration of trade interests and the expansion of the country. It is the opinion of the Board of Trade of Toronto that the broadest principles should be followed in determining the future of the country in relation to the emigration of trade interests and the expansion of the country.

It is suggested that in the selection of agents to be appointed to represent the country in foreign countries, the agents should be selected on the basis of their ability, their knowledge of the country, and their knowledge of the language of the people to whom they are to be appointed.

HOW BOXERS TRAIN FOR 20 ROUNDS

Careful Work Required in Order to Stand the Physical Strain—For the Championship.

The uninitiated will scarcely understand the amount of work that is necessary to get ready for a sparring contest that may last 20 rounds. According to Queensberry rules, a round is three minutes, and one minute intervals between rounds. Thus, should the men stay on the feet for 20 rounds, it would require a remarkable physical effort for 1 hour and 20 minutes.

A VARIOUS PROGRAMME

Many Civic Reforms for the Council to Consider.

THE ISLAND RAILWAY FIRST.

If Preparatory Work is Pushed Now Can Be Completed This Year.

Week of Laying Out the Island Property Upon a Systematic Plan to Be Proceeded With at Once—Preservation of the Old Fort as an Historical Monument—Will the Local Improvement System Be Abolished or Modified?—Effect of Proposed Changes Upon the Fire Brigade—Probable Conflict With the Provincial Board of Health—Commotion Caused by Proposed Changes in the Fire Brigade.

The City Council of 1897 starts out with a larger programme than any council in recent years. The programme is varied; it deals with questions relating to almost every branch and feature of the civic government. The proposed changes are largely of a legislative character, and are in the direction of extending the franchise to the more equal distribution of the responsibilities of maintaining the fabric of civic government. There are several items on the programme which directly affect the pecuniary interests, the comfort and convenience of the general public, and the importance of the standpoint of the benefits which it will confer upon the citizens of the city.

THE NEXT STEP. The Council of last year adopted the principle of accepting the Island as a part of the city service without extra charge for fare and the City Engineer is now preparing the draft agreement which is to be entered into by the Toronto Railway Company and the city. The agreement will be ready for the consideration of the Council at the next meeting, and there should not be any delay in presenting it to the company for signature. The rate of fare to be carried to the Island without payment of extra fare having been decided, Council can then turn its attention toward arranging for the construction of the roadbed on the Island, which will be a task of no small magnitude. It is different to what was required in the city special specifications will require the preparation of order that there may be no delay in carrying out the work, the City Engineer should receive instructions to draw up the specifications, which he can do much better now when there is no other work going on to distract his attention. Everything can be in readiness and tenders can be called for so that the work may be commenced as soon as the Legislature passes the necessary amendment to the act of 1892 to extend the franchise to the Island. The intention of that act was to enable the city to raise funds for the construction of the railway system by the issue of local improvement debentures, but it was amended to include bridges in the works which might be constructed by this means. At the same time legislation was obtained there was no extension in immediate contemplation which would require a bridge, hence the omission.

THE PUBLIC IS THE JURY. The proposal to submit to the property owners a bylaw to authorize the issue of debentures for the amount required to construct the extension does not meet with the approval of the majority of the Council. Neither has it the support of the great mass of the property owners, and the Council has not been able to carry out the plan without such references upon the ground that the property owners were not called upon to bear any portion of the cost they were not interested except as citizens. The public and not the property owners as a class, furnish the revenue from which the street railway pays its operating expenses, and it is the general public that uses the cars, that requires the Island service, and that is called upon to bear any portion of the cost. The question of its qualified to pronounce an opinion upon street railway matters was settled by the Legislature, when it decided that the citizens and not the property owners or householders should determine whether cars should run on Sunday or not. There has not been good reason shown why this principle, which was then established, should be departed from now. The public, as represented within the Council, is the jury that will determine the limits of the voters' lists, and the Council is the jury that will determine the course for the Council to pursue to carry out the plan at the earliest possible moment what is clearly and unmistakably the mandate of the people.

TO DEVELOP THE ISLAND. In connection with the Island railway, the City Engineer is now preparing the draft agreement which is to be entered into by the Toronto Railway Company and the city. The agreement will be ready for the consideration of the Council at the next meeting, and there should not be any delay in presenting it to the company for signature.

THE QUESTION OF ITS QUALIFIED TO PRONOUNCE AN OPINION UPON STREET RAILWAY MATTERS WAS SETTLED BY THE LEGISLATURE, WHEN IT DECIDED THAT THE CITIZENS AND NOT THE PROPERTY OWNERS OR HOUSEHOLDERS SHOULD DETERMINE WHETHER CARS SHOULD RUN ON SUNDAY OR NOT.

THE PUBLIC, AS REPRESENTED WITHIN THE COUNCIL, IS THE JURY THAT WILL DETERMINE THE LIMITS OF THE VOTERS' LISTS, AND THE COUNCIL IS THE JURY THAT WILL DETERMINE THE COURSE FOR THE COUNCIL TO PURSUE TO CARRY OUT THE PLAN AT THE EARLIEST POSSIBLE MOMENT WHAT IS CLEARLY AND UNMISTAKABLY THE MANDATE OF THE PEOPLE.

way question is the important matter of the proper administration of the city's property on the Island. The raising of the first car from the city to the Island will mark the commencement of a new era in the progress of Toronto's summer resort. Chairman Burns has taken the initiative in the matter of getting the various departments interested together in order that a special plan for the development of the Island and the conversion of the city's vacant land into a revenue-producing property may be adopted. The great drawback in the past has been lack of continuity in the Island policy. The preparation of such a plan, however, is not a simple task, as it is, as it should be, in its general lines, sufficiently broad, comprehensive and elastic to meet the requirements of the next 25 years, coupled with the increased demand for Island lots which, it is conceded, will result from a trolley service, will attract people to the Island and produce a largely increased revenue. System in the work on the Island is what is necessary.

THE PROPOSITION FOR THE CITY TO OBTAIN control of the Island property from the Dominion Government is popular with the West End people, provided the cost is not too high. There are many historic associations connected with the Old Fort, which is one of the most interesting points on the Island. The progress of time has left unchanged the Dominion Government has allowed the old fort to fall into disrepair. The establishment of a public slaughter house or abattoir, and the Provincial Board of Health is authorized to make rules prescribing the construction, equipment and financial statement of the building which the city has leased does not, it is contended, comply with the requirements of the Provincial Board of Health respecting public slaughter houses or abattoirs. Dr. Sheard, Medical Health Officer of the city, contends, however, that the building, although owned, is not there, and that the city is not, therefore, a municipal slaughter house, but comes under the same regulations as apply to such places when controlled by private parties. City Solicitor Cassell has endorsed the opinion advanced by Dr. Sheard. Should the City Council go to an issue there will be a nice legal point to decide.

WHO ARE THE EMPLOYERS? The majority of Council appeared on Monday to be decidedly in favor of the proposal to order that in future all heads of departments shall report to the Board of Control for confirmation all appointments to office made by them. The bylaws give the heads of departments power to employ, hire, suspend or discharge officials, but subsequent legislation has, in the case of the permanent officials, placed this power in the hands of the Board of Control. The board has not exercised this power, except in the case of the tax collector. The arguments advanced in favor of the change were that in endeavoring to place the power in the hands of the Board of Control, the city was becoming a refuge for relatives of aldermen. Council had refused to the other extreme giving heads of departments supervisory control, which had resulted in the service of many incompetent and untrustworthy officials and their wives. In order to correct this practice it is suggested that the right of appointment be given to the Board of Control and a Council. Another view, which will have weight with those members of Council who have not been on the "inside" is that in reality, under the present system, a few aldermen have so manipulated matters that by some means or other they have succeeded in getting what they want, while others get nothing. As the Council, in the capacity of trustees for the people, are the real employers and not the departmental heads, they claim the right of review and supervision of the entire service.

QUALIFICATION OF VOTERS. The recent heavy reduction in the assessment, especially in the case of the wards, has had the effect of depriving many people of votes who have for years exercised the franchise in municipal elections. There are three propositions before the Council for legislation to reduce the present qualification. The first is to reduce the amount of assessment, necessary to entitle a person to a vote from \$100 to \$50. A second reduces it to \$20 and a third proposes to establish a household franchise. The question is whether the latter should receive prompt attention in order that whatever change is made in the franchise should be in effect at the coming session of the Legislature.

BRIGADE POLITICIANS. The proposal of Chairman Hubbard to change the firemen from station to station has caused a greater commotion in the fire brigade than any suggestion that has been made for years. It must be stated in fairness to the brigade, that many of its members abide strictly by the bylaws regulating the brigade and are men of high character. It is, however, a fact that the brigade has been brought upon the whole by the improper conduct of a few politicians. Those who are cognizant of the inside facts relating to the operations of those officers and men who take an active part in the municipal elections expect to see a pretty light upon the charges against the brigade as its plan into operation. It is an open secret that one of the most active members of the brigade who is a Conservative has from the first instance introduced into municipal politics a party which has been one of the most active supporters in every contest which he has had. What chance the Mayor will pursue in this case is known only to His Worship, but men who are in a position to give good evidence declare that this man will not be moved to another district. A good deal of the expense of the candidates for the Council at the last election was paid by the firemen, and it is expected that the same plan will be followed in the future. The firemen in one section were furnished with a liberal supply. But there was only one of the three whom the Mayor had in mind to elect, and the way they got a big vote for him was something on this line: "This is the best," with a meaning which generally did the work.

NEARER HIS DIVORCE. Ellison, the Co-Respondent in the Case, Was Not Represented. London, Jan. 15.—The trial of the Engineer's Department yesterday respecting the construction of the Dominion Railway in order to give work to favored employees, was continued in the morning. He was informed by the Engineer that the work to which the men were referred to was not a contract, but a mere arrangement of men which had been found to be defective. The men were referred to as being constructed to ventilate the sewer and enable it to be kept in a sanitary condition. It was reported that within a few days he had been ordered to stop the work. The Dominion State, although it would consent to do the work at this season of the year.

The business of the market has, it is said, fallen largely into the hands of a few dealers, and there was a complaint that the small retailers were a loss. NICE LEGAL POINT. The act of last year empowers the municipal council of every city or town by bylaw to provide for the establishment of a public slaughter house or abattoir, and the Provincial Board of Health is authorized to make rules prescribing the construction, equipment and financial statement of the building which the city has leased does not, it is contended, comply with the requirements of the Provincial Board of Health respecting public slaughter houses or abattoirs.

Another Week's Plans..... THE ROBERT SIMPSON CO. LTD. HERE is nothing simply theoretical about this business. Our plans and practices are based on experience. You see the results in a busy January, where other stores talk of there being no trade doing. We are making trade because we are helping you, and when a store pursues this practice there is activity all the time. You will be interested in the plans for the coming week, starting out with some marked bargains for Monday.

MUSLIN SECTION—SPECIALS IN WHITE GOODS. The ruling prices for high-grade Muslin at our special sale were a revelation. Remarks were freely passed that such values have ever been heard of before. We emphasize the fact that this is no sale of old goods or old lines, but new and fresh goods, bought at less than 50 cents on the dollar. The following prices hold good again on Monday:

- 30x40 Double Swiss Muslin, small, close spot, reg. price 80c, sale price 50c.
30x40 Double Swiss Muslin, small, close spot, reg. price 80c, sale price 50c.
30x40 Double Swiss Muslin, small, close spot, reg. price 80c, sale price 50c.

REMNANT SALE OF SILKS. The big selling of silks at this store during the past season has been phenomenal. We hardly know ourselves how large had been business until we commenced to count the remnants on the shelves. There can only be one reason for this, and that is, we have had a large stock of silks, and we are now, and commencing Monday, we make a remnant sale for the purpose of clearing 3,000 remnants. Price is absolutely no consideration. The lines embrace many high-class novelties, among them, as a rule, and you cannot get here too soon to receive the widest choice.

- EARLY WEEK SPECIALS IN OTHER LINES. RIBBONS. Fancy Black and White Ribbon, in covered, striped and plaids, 3/4 in. wide, reg. price 25c and 30c, sale price 15c and 20c.
Colored Shot Ribbon in heavy grosgrain, with satin edge, 1/2 yard, reg. price 25c, sale price 15c.
Colored Shot Ribbon, with colored satin edge, 1/2 yard, reg. price 25c, sale price 15c.

THE CHANCE OF HIS LIFE

Is Now Offered to Hon. Edward Blake.

THE TAXATION OF IRELAND

Will Be the Theme on Which to Test His Oratory.

The Canadian H.P. for West Longford Will Reply to the Queen's Speech—Princess de Chimay Suspected as Spy and Her Apartments Searched—Two Officers of the Benin Expedition Have Turned Up Alive—General News by Cable.

Montreal, Jan. 15.—(Star Cable)—At a Cabinet Council yesterday in London it is stated Ministers considered the way in which the amendments to the Queen's speech will be allotted. Though in no danger of defeat over a vote on the Irish taxation amendment, the defections in the Unionist ranks from that island are not pleasant for the Government to contemplate. The Nationalist-Unionist coalition grows in strength, until in Hon. Edward Blake, who will move the amendment to the address, all parties are represented.

Spain Decides to Introduce Reforms in Cuba at Once.

London, Jan. 15.—A dispatch to the Central News from Madrid says that at a Cabinet Council over which the Queen Regent presided it has been decided to immediately introduce reforms in Cuba, and a decree putting the reforms into effect will be published on the King's fête day. The dispatch also says it is possible that Julio Sanguinetti, an American citizen recently sentenced to life imprisonment for conspiracy against the Spanish Government, will be granted a free pardon.

The Kaiser Accepts.

London, Jan. 15.—A Vienna dispatch to The Chronicle says that Emperor Franz Joseph's invitation to attend the autumn manoeuvres of the army in the north of Hungary.

Head of an English Bishop.

London, Jan. 15.—The Sultan has agreed to call on the British King, and to appoint him to the military command of Baghdad, but the Sultan has refused to go. He is hated by the police officials because he has prevented massacres and trouble is expected.

Death of an English Bishop.

London, Jan. 15.—The Rev. F. Grove, Bart., is dead. He was born in 1822 and served for some years in the army. From 1870 to 1875 he was a member of Parliament for the South Division of Wiltshire.

London, Jan. 15.—A brilliant ball was given at Southampton last evening under the auspices of the St. Louis Club of that place. Among those present were Captain W. J. P. Pasha by appointing him to the military command of Baghdad, but the Sultan has refused to go. He is hated by the police officials because he has prevented massacres and trouble is expected.

B-16 for Famine Relief.

Bombay, Jan. 15.—The Maharajah of Durban has offered to give a large sum of rupees of his revenue and will expend a similar amount in the famine relief work.

ROYAL ARCH MASONS.

A Large Assembly at the Annual Meeting of St. Andrew and St. John No. 4.

There was a large and distinguished gathering of Royal Arch Masons assembled at the Masonic Hall, Toronto-street, Thursday night, the occasion being the annual meeting of the St. Andrew and St. John No. 4, R. A. M., when the regular business of the lodge was transacted.

A LAYMAN PROTESTED.

Made a Sensation at the Confirmation of Dr. Creighton as Bishop of London.

London, Jan. 15.—During the course of the ceremony at St. Marylebone to-day confirming the election of Dr. Mandell Creighton as Bishop of London, an accession to Dr. Temple, now Archbishop of Canterbury, John Kenait, a layman, read a protest against Dr. Creighton's election on the ground of the prelate's alleged desire to "undo the work of the Reformation by introducing the trinkets of Rome." He added that the Reformation had been a failure and that the Church had been unfaithful to the promise made at its ordination to drive out all erroneous doctrines and heresies. He then read an obedient clergy who are trying to introduce Popish doctrines. The Vicar-general refused to allow Kenait to speak, and Kenait later protested again, twice asking why the Vicar-general did not call upon the stenographer to forward and why he did not hear them. This called forth applause and stamping of feet, mingled with cries of "Hear, hear," and counter cries of "Remember this is a church," etc. After the ceremony Kenait and his friends distributed copies of the protest among those present.

AFRAID OF THE FLU.

France and Italy Taking Measures Against England and India.

London, Jan. 15.—France and Italy are taking strict precautions against cholera and the Asiatic plague, the former on account of the British steamship Nubia, which recently arrived at Plymouth with cases of cholera on board and from which all the troops aboard the steamer were isolated in hospitals here. The Nubia has been docked in London, and no further cases of serious sickness among her recent passengers have been reported. There is no excitement at Plymouth, although the Hamburg-American line steamers will touch at Southampton instead of at Plymouth for the present on their trips from New York to Hamburg. France now subjects all passengers from Plymouth to five days' isolation. Both countries have issued decrees providing against the possible introduction of the plague.

HERE IS A NEW SENSATION.

The Princess de Chimay Suspected of Being a Russian Spy.

London, Jan. 15.—A despatch from Buda Pest to The Press states that the Princess de Chimay, who is suspected of being a Russian spy, was yesterday the police made a raid upon the apartments which the couple occupied, upon the strength of information furnished to the police authorities that the Princess was a spy in the employ of the Russian secret service. The police found no evidence of the woman's connection with the Russian secret service, but in the course of their search found a packet of letters that had been addressed to her by a European monarch, which they seized.

THE DOCTOR'S PLEASANT CHAT.

Author of "The Vikings" Talks to the World's Laborer Deep Sea Mission.

Dr. Grenfell, author of "The Vikings of the Labrador," and head of the Labrador Deep Sea Mission, is a thoroughly likeable Englishman.

HE IS A MISSIONARY.

"I tell me all about this mission," I said, for a little while of the Labrador work here amid the loud reports from the foreign mission fields.

HE IS A MISSIONARY.

"Yes, but I hope not in the sense you mean," he replied quickly, and smiled indulgently.

HE IS A MISSIONARY.

Five years ago he was sent out in charge of the Albatross and a small crew on a voyage of enquiry, by the parent society, with headquarters at London, England, in the remote island of St. John's, Newfoundland.

HE IS A MISSIONARY.

They skirted the eastern coast of Labrador, touching here and there, and found that the people were desperately poor, and greatly in need of medical help.

HE IS A MISSIONARY.

The Governor of Newfoundland is appealed to and sufficient money was sent to erect two small hospitals, one on an island just north of the entrance to the Strait of Belle Isle, and another on the southern or Battle Harbor Hospital, in charge of the hospital is known as the Indian Harbor Hospital.

HE IS A MISSIONARY.

Shortly after, Dr. Grenfell with a finely fitted steamer to further his good work of this devoted medical missionary, and in it, from May until December of every year, he runs constantly up and down the coast, picking up many patients on the way and treating them, excepting the medical staff.

HE IS A MISSIONARY.

One thousand nine hundred and seven patients were treated this year, 859 on board the steamer, and the remainder in the various classes of people. Hon. E. H. Blake will preside.

HE IS A MISSIONARY.

Next Friday evening, Jan. 22, Dr. Grenfell will give a lecture at the Y.W.C.A. Hall, McGill-street, illustrated with views showing the life and work of the Labrador classes of people. Hon. E. H. Blake will preside.

HE IS A MISSIONARY.

Rev. Dr. A. B. Leonard in the City. The able and distinguished senior missionary secretary of the Methodist Episcopal Church North, Rev. Dr. Leonard, will arrive in the city to-day.

HE IS A MISSIONARY.

The following facts will be interesting to many temperance workers at this season when there is so many municipalities for the reduction of licenses. In 190 no shop licenses are issued, in 1910 no shop licenses are issued, in 1920 no shop licenses are issued, in 1930 no shop licenses are issued.

USEFUL AS WELL AS ORNAMENTAL

Our Indurated Fibreware Tubs and Pails are handsome in appearance, but their chief excellence is because they last so long—because they are light—unleakable—unbreakable—and have no hoops.

They have revolutionized the old style methods of Washing.

Princess Gold Mining Co. LIMITED. OF ONTARIO

Non-Personal Liability. Incorporated under the Ontario Joint Stock Companies Act and the Mining Act of 1894. Capital, \$500,000.

DIRECTORS--EWEN MACKENZIE, Toronto Railway Company, President; JOHN FLETT, Wholesale Merchant, Vice-President; HENRY O'BRIEN, Barrister, Toronto; THOMAS SHORTISS, Esq., Toronto; HENRY LOWNDES, Wholesale Merchant, Toronto; MAJOR HARSTON, Toronto.

The Capital consists of 500,000 Non-Assessable Shares of \$1.00 each. 300,000 Shares are Treasury Stock, to be used for Development, erection of buildings, purchase of machinery, etc.

A Limited Number of Treasury Shares are Now Offered to the Public at 25 Cents. The rest of the shares are pooled and will not be offered for sale until the development fund has become ample to place the mine on a shipping basis.

The Princess Mine is situated on Location 118D, on Black Sturgeon Lake, 2 1/2 miles north of Rossland Station, on the C.P.R., and 7 1/2 miles from Rat Portage, to which there is a good road from the mine and water communication from Rossland Station, Ont. It was discovered in 1894, by Mr. Wallace, a well-known mining expert, whose reputation at the Ontario Bureau of Mines is of the highest. In his letter, dated October 20, 1894, he thus speaks of Location 118D (Princess Mine)--"When work has been done will prove a perfect Bonanza Gold Property. I am prepared to stake my mining reputation on the result."

Two parallel Veins have been already located on this property, one of four to six feet and the other twelve to twenty feet in width. The main vein is a continuation of the Scramble. This vein is one of the largest in Ontario, being now shown to be forty feet in width at a depth of sixty feet at the Scramble Mine, which is now fully equipped for the production of ore in large quantities. The average assays are \$80.76.

REPORTS.

MR. T. J. S. WILLIAMS, M.E., who has been employed and sent out to Canada by the great mining firm of John Taylor & Sons, 6 Queen-Street Place, London, England, says--"The ore in these veins is perfectly free milling. . . I have seldom had the pleasure of examining a property that shows such promise of lasting success as this does."

MR. S. V. HALSTEAD of Rat Portage says--"It is a continuation of the Scramble Vein. . . There is nothing found in the country greater than the Scramble."

THE BANNOCKBURN GOLD MINING COMPANY, LTD. Charter Applied For. CAPITAL \$500,000 IN \$1 SHARES. FULLY PAID UP AND NON-ASSESSABLE. PROVISIONAL BOARD, Dr. W. E. Hamill, President. W. K. McNaught, Esq., Ald. Sheppard. N. L. Steiner, Esq., J. P. R. M. Gilkinson, Esq. The Directors offer to the public A Fully Equipped and Developed Mine Which is specially mentioned on page 295 of the last Government report issued by the Provincial Bureau of Mines, and which contains this official and authoritative statement of the property: "The vein, which consists of three main stragglers in a band of dense micaceous and calc schists, has been exposed an unbroken length of 700 feet. In striking several of the stragglers are already mined and become auriferous as they join the western vein. The veins of small width at surface invariably increase as they go down and form one vein of auriferous working. From the surface to the deep, the vein is found in passing and is visible in the quartz, and numerous specimens were shown to me some of which contained several dollars' worth of gold. Numerous assays have shown the exceedingly rich character of this deposit." The rich auriferous vein which has been exposed in an unbroken line for a distance of 700 feet in the general high mineral character of the entire 168 acres comprising the BANNOCKBURN mining property. Five trial shafts have been sunk, and sample averages of ore taken from these shafts have been assayed with these results--the analyses for gold being given in the order they were made-- "To W.T. \$156.26--\$16.24--\$50--\$623.36--\$132--\$88 and \$228.48 each in gold to the ton of ore." The BANNOCKBURN being free milling ore, the cost of reduction does not exceed \$2.00 per ton, and the entire work of concentrating the mined ore into bullion blocks is done on the property. No salaries will be paid to any officer of the Company until a first dividend has been declared to the stockholders. A limited quantity of Treasury Stock (all other stock pooled and out of the market) is offered at Twenty Cents per share. This is equal to seven cents on ordinary mines, which are usually 50 cents in extent. Orders for Treasury stock will be sent to J. J. McKenney, 37 Victoria street, G. P. Sharpe, Yonge street, or to the undersigned. J. ENOCH THOMPSON, Secy.-Treas. OFFICES 49 KING ST. W., TORONTO.

Get In Before The Rise

This is the LAST opportunity to buy Victory-Triumph at 10 cents.

THIS STOCK WILL BE RAISED TO 15 CENTS THIS MONTH.

It is not being put up because there is a large market that will take it at any price, but because the Company will not sell their stock for LESS THAN ITS VALUE.

The chief investors, so far, have been men who know the property and its capacity as a producing mine.

The rise in price is justified by the appearance of the property under development.

BUY NOW and reap the advantage of the PAY ORE already taken out by work done.

The tunnel on the VICTORY-TRIUMPH ledge is being driven TWO FEET A DAY on a chute of ore TEN FEET WIDE. The TRIUMPH shaft on the COPPER LEDGE is in an ore body which is RICH enough and LARGE enough to pay BIG DIVIDENDS as soon as sufficient ground is opened up and shipments begun.

—This mine will be one of the —Big Bonanzas of British Columbia. The development now accomplished presents a big return on the bed rock price of the stock, which is ten cents.

AT OSOODE HALL

A Game of Poker the Subject of a Suit at Osogode Hall - Mr. Orpen Loses - Court of Appeal List.

In Orpen v. Whitton, the Divisional Court (O.P.D.) dismissed the plaintiff's appeal from the order of the Ontario Superior Court, directing judgment to be entered dismissing the action.

The plaintiff's appeal was based on the ground that the defendant's conduct was so grossly negligent as to constitute a breach of contract.

The court held that the plaintiff's claim was barred by the statute of limitations, and that the defendant's conduct did not constitute a breach of contract.

The court further held that the plaintiff's claim was barred by the statute of limitations, and that the defendant's conduct did not constitute a breach of contract.

JAPAN NOW AND TO COME

Her Foreign Minister's Recent Speech Before the Oriental Society.

The most significant and interesting official declaration of Japan's foreign and domestic policy since the Japanese world to her is that of Count Okuma, Minister of Foreign Affairs, who made a speech which he regarded as the most important since the war.

Count Okuma stated that he regarded Europe in her enlightenment. The graduates of her university became good scholars only after a number of years' study abroad, while it was indisputable that from the common education up to the university course the Japanese are inferior to Europeans.

In military affairs, agriculture and industry, Japan has the same thing to be observed. But Japan had a future before her, if her learning was to be of any use.

Count Okuma said the Minister was a peculiarly happy country, in having the imperial lineage unbroken for 3000 years, and in never having been subjected to a foreign force during such a long time.

Formerly the foreign policy of the Japanese government was founded on justice. It might be well for diplomacy to be conducted in a spirit of justice, but it is not the same thing to be observed.
