Bullecourt is Surrounded Important Ground Taken

Two Places Which Have Been Troublesome Since Arras Battle Began Are Captured, and Village of Bullecourt is All But Cut Off.

By R. T. Small, Staff Correspondent of the Associated Press.

With the British Armies in France, May 12, via London, 10.35 p.m.—In a series of attacks last night and today the British troops captured several strong German positions, including one or two which have been sources of more or less trouble since the battle of Arras began...

Southeast of Monchy the British captured several pits and detached German ranches, as well as Cavly farm. South of the Coloul River, in the neighborhood of Bullecourt, the British materially extended their holdings in the Hindenburg line...

The fighting north of Roeux began last night about dusk, just as a score of British aeroplanes were returning from their day's work behind the German lines. The pilots, seeing the battle in progress, joined in as they passed over and poured streams of machine gun bullets into the German ranks...

The heat today was intense. The artillery men serving the guns were stripped to the waist during the barrage fire. The dust along the roads was choking.

ZEEBRUGGE BOMBARDED BY SEA AND AIR FORCES

British Aviators Destroy Four German Machines and Cripple Five Others—Raid on Port Most Destructive Yet Carried Out.

London, May 13.—An official statement, issued this evening by the British admiralty relative to the naval and aerial bombardment of Zeebrugge Saturday morning, says: "A very heavy bombardment of the important area at Zeebrugge was successfully carried out Saturday morning by a portion of our forces under orders of the Dover vice admiral."

"The royal naval air service rendered valuable co-operation, and over fifteen aerial combats occurred in which four enemy machines were destroyed and five others driven down out of control. Two of our machines failed to return. One of these descended in Dutch territory and was interned. According to reports received at Rotterdam, the naval attack yesterday on the German submarine base, Zeebrugge, on the Belgian coast, was the most destructive yet made by British warships."

ENEMY LOSES HEAVILY IN ATTACKS ON FRENCH

German Crown Prince Makes Violent Attacks on Champagne Front North of Rheims.

Paris, May 13.—Troops commanded by the German Crown Prince this morning launched several violent attacks against the French lines on the Champagne front north of Rheims, on the plateau south of Craonne and in the region of Maisons de Champagne. The statement issued this afternoon by the French war office says all the German attacks were smashed by the French artillery and rifle fire, the Germans suffering heavy losses.

The official communication, issued by the war office last night, reads: "The day was marked by activity on the part of our artillery, chiefly south of St. Quentin, on the plateau north of the Aisne and in Champagne, in the Verdun region our batteries effectively bombarded German organizations in the Avocourt wood. There was no infantry action, except a spirited surprise attack carried out by one of our reconnoitering parties near Berry-au-Bac, in the course of which we took prisoners."

"On May 11 our pursuit airplanes fought numerous engagements, in which seven German machines, brought down by our pilots, were entirely destroyed. Seven others, severely damaged, fell inside their own lines."

Belgian communication: "There was reciprocal artillery activity along the whole front, principally in the sector of Ramscappelle." "Quite marked artillery activity took place along the front, vi lent engagements occurring at various points. There was a bomb fighting around the Ferryman's House."

"A German aeroplane, attacked yesterday by a Belgian pursuit machine, fell in the forest of Heuchelst."

MOST OF THE VILLAGE OF BULLECOURT IS NOW IN THE HANDS OF THE BRITISH

SERBS CAPTURE IMPORTANT HILL

Gain Ground Foot by Foot and Repulse Counter-Attacks.

ARTILLERY IS ACTIVE

Brilliant Work of Hellenic Troops Results in an Advance.

Paris, May 13.—An official statement issued by the war office tonight reads: "Eastern theatre: The artillery was active along the whole front. Violent enemy counter-attacks against the position taken by the Serbs and on Srka-di-Legen were repulsed." "Last night's communication said: 'The enemy opposed our attacks by violent counter-attacks, in the course of which he succeeded in gaining a footing in some trenches captured yesterday on Srka-di-Legen, but east of that point Hellenic troops, operating in conjunction with French troops, brilliantly carried an enemy work near Lyminas and took about thirty prisoners. The Serbians, gaining ground foot by foot, after having repulsed several counter-attacks, captured Hill 1024. They continue to advance on Dobropute.'"

GERMAN TASKMASTERS DEPORT MORE BELGIANS

They Are Forced to Work Near Frontiers in France and Germany.

Havre, France, May 13.—Information officially received by the Belgian Government is to the effect that since between the ages of 15 and 65 in the Belgian province of Luxembourg have been deported for work in France and Germany in the environs of the frontiers. The instructions state that the burgomaster, preacher and notary in each community may remain there."

HUGE CROWDS ACCLAIM JOFFRE AT MONTREAL

Triumphal Procession Thru Flag-Bedecked Streets is Followed by Address of Welcome at Fletcher's Field—Stimulus to Recruiting Expected.

Montreal, May 13.—Joseph Jacques Cossaire Joffre, marshal of France, popularly called "Le Héros of the Marne," paid a visit to Montreal today that will rank as one of the great events in local history, and probably no man ever received such a spontaneous and general welcome in this city as "Papa Joffre." Practically everybody on the Island of Montreal who was able to get out of doors was out viewing the procession and cheering and waving flags in honor of the great French general. Apparently the pleasure was mutual, as Marshal Joffre smiled his way thru the immense crowds who lined the streets from west to east, and had his arm at salute almost continuously during the parade started. It consisted of the local military units and as many civilians as could be comfortably carried in practically all the automobiles.

Viewed by Many Thousands. Marshal Joffre arrived in this city from Boston a few minutes before 11 o'clock, and after a brief reception at Windsor station (C.P.R.) from Mayor Martin and representatives of the Dominion and Quebec governments, the parade started. It consisted of the local military units and as many civilians as could be comfortably carried in practically all the automobiles. (Concluded on Page 12, Column 7).

ITALIAN GUNS EXPLODE DUMPS IN FOE'S LINES

Austrian Batteries Cause Slight Damage to Buildings in Gorizia.

Rome, May 13.—vi. London.—"The artillery activity continued normal yesterday in the Trentino and Carnis regions," says the Italian official statement issued today, "but was considerably livelier on the Julian front from Tolmino to the sea. Our fire caused explosions and fires in the enemy lines. Enemy batteries caused slight damage to some buildings in Gorizia."

"The skirmishes on the heights east of Vercobizza, where we captured a dozen prisoners, including an officer. Hostile aircraft dropped bombs on the lower Isosno, killing a civilian. 'Seaplanes renewed their bombardment of the aviation base of Prosecco, north of Trieste. During an air fight above Gorizia one of the enemy machines was brought down.'"

FLOUR UP AGAIN. Montreal, May 13.—Flour went up another fifty cents per barrel today, making \$14.00 a grain this week. The prices now are: First patents, \$18.50; seconds, \$16, and strong bakers, \$15.50. Yonge street.

Western Section of Roeux Also is Occupied—Australian Troops Galantly Maintain their Positions in the Hindenburg Line Against Feroocious Counter-Attacks.

London, May 13.—Most of the Village of Bullecourt, in the Hindenburg line, is now in the hands of the British, who also, according to the official report from headquarters in France, occupied the western section of Roeux.

The text of the report reads: "Early this morning the enemy made two further counter-attacks upon our positions in the Hindenburg line east of Bullecourt. In both cases his attacking troops were repulsed and left a number of dead in front of our trenches."

"During the past ten days the Australian troops have gallantly maintained their positions in this sector of the Hindenburg line, having during that period repulsed at least twelve determined hostile counter-attacks."

"The greater part of the Village of Bullecourt, which lies in the Hindenburg line, is now in our hands. North of the Scarpe our troops established themselves during the day in the western houses of Roeux and again made progress on the western slopes of Greenland Hill, capturing a few prisoners."

"Five German aeroplanes were brought down in air fighting yesterday; five others were driven down out of control. One other hostile machine was shot down in our lines by our anti-aircraft guns. Six of our machines are missing."

Battle Still Rages. The battle at Bullecourt, on the southern end of the Arras front, where heavy fighting has been raging for the past week and one of the most desperately defended sections of the famous Hindenburg line, is still going on, according to the official statement by the British war office. North of the River Scarpe the British made a slight advance last night.

The text of the statement reads: "There were patrol encounters last night northwest of St. Quentin and northeast of La Vergerue. Casualties were inflicted on the enemy and our posts were advanced in some places. 'Fighting continues at Bullecourt. 'We advanced our lines slightly during the night south of the Scarpe and improved our position on the western slopes of Greenland Hill, north of river, capturing a few prisoners."

"Early in the night our counter-attack east of Roeux cemetery was repulsed. We took 50 prisoners."

Successes Confirmed. The text of the British official statement issued last night reads: "Further details which are now available concerning last night's attacks on the western slopes of the Scarpe show our operations. Yesterday evening considerable bodies of the enemy were observed massing for a counter-attack in the neighborhood of Bullecourt. They were effectively dealt with by our artillery, and the hostile attack did not develop."

"Later in the night our troops attacked and, after heavy fighting lasting throughout the night, have today established themselves in the Village of Bullecourt, where fighting still continues."

"This afternoon an enemy attack on the positions gained was scattered by our artillery."

"At the Arras-Cambrai road we have captured some 1200 yards of a German trench, including a strong point known as Cavalry farm. North of the Scarpe our troops last night stormed Roeux cemetery and the chemical works to the north of it. They have continued their advance and have carried enemy positions in this neighborhood on a front of about one and a half miles."

"In the course of these operations we have captured over 700 prisoners, including eleven officers, and a number of trench mortars and machine guns."

"In the air fighting yesterday seven German aeroplanes were destroyed; five others were driven down out of control. Four of our aeroplanes are missing."

ITALIAN FIRE INTENSER FROM TOLMINO TO SEA. Austrians Record Great Activity With Gunfire and Mine-Throwing.

Viena, May 13.—Via London.—An official statement issued today by the Austrian war office says: "Italian front. Isosno area.—Along the sea the enemy was active with artillery and mine throwers. The fire lasted thru the entire night and still continues. Our artillery replied successfully. 'Other theatres.—The situation was unchanged.'"

EATON'S DAILY STORE NEWS

We prepay shipping charges on all orders of \$10.00 or over to your nearest station in Ontario and Eastern Provinces, on both Mail Orders and City Purchases.

Men's Raincoats of Paramatta Cloth and Special Fabrics

In Standard and Smart Styles for Young Men, \$10.00 to \$32.50.

WE make it a very simple matter for you to find the raincoat that suits you, for there is wide variety of styles, fabrics and sizes. The following are indications of the excellent EATON values still obtainable at low prices, in spite of great advances in cost of fabrics—such good values that are all worthy of the term of "special."

Standard style raincoats of double-texture paramatta cloth in fawn or olive shade, have full back, cover the knees, military collar fits close, there are slash or flap pockets, and all seams are sewn and cemented. Sizes, 36 to 44. Each, \$10.00, \$12.50, \$15.00 and \$16.50.

Burberry's famous London-made raincoats with English Raglan shoulders, and that loose, easy fit that characterizes the product of this maker. Among widely varied fabrics are covert cloths, gabardines and worsted materials in fawn, stone grey, tan, and greenish tints. These are identical with the smart coats being worn in London, and they are an adequate protection against rain, as well as being perfectly correct worn as a spring coat. Sizes, 36 to 44. Prices, \$15.00, \$16.50, \$25.00, \$27.50 and \$32.50.

Featherweight raincoats of oil-silk, in brown or bottle green, have Raglan shoulders and "London" collar buttoning close at neck. Price, \$16.50.

Tweed waterproofs, in cheviot, worsted and homespun finishes, and an interesting selection of mixed patterns, stripes and checks in grey, olive or brown. Sizes 34 to 46. Some cut on similar lines to slip-on coats, with convertible lapels, others with military collar. Prices, \$10.00, \$12.50, \$13.50 and \$15.00.

Waterproof Oil Slickers, \$5.00 to \$8.50.

Olive khaki color; have diagonal cut front that fastens from shoulder to side at waist, preventing water from soaking in when sitting in the rain. Collar is military style, and fastens close. Sizes 36 to 46. Prices, \$5.00 to \$6.50.

Main Floor, Queen St.

THE T. EATON CO. LIMITED

WAR-TIME RACING ROUNDLY SCORED

Pastor of Metropolitan Church Preaches Strong Sermon on Gambling.

WOODBINE ATTACKED Its Continued Existence Leads to Confusion of Moral Standards.

Condemnation of gambling in general as a destroyer of home, church, business and athletics, and the Woodbine race track and other similar institutions in particular as the "most pernicious influence in Canada," was made in a forceful sermon by Rev. J. W. Aikens, pastor of the Metropolitan Methodist Church, Queen and Church streets, before a large congregation last night.

He declared that because gambling was permitted at the Woodbine it caused a confusion of moral standards which struck at the root of the Dominion's government.

NEW SOLDIERS' CLUB OPENS ON KING STREET

Buffet-Lunch Service With Billiard Tables and Comfortable Surroundings Now Open.

At the Soldiers' Khaki Club opening on Saturday afternoon the large rooms on 141 East King street were filled to overflowing, many officers and men in uniform being present.

The purpose of the club is to provide a place where soldiers can relax and enjoy themselves during their spare time.

The club is located in a building that has been converted from its former use as a residence.

The club is open to all soldiers and their families, and is a most desirable place for them to spend their leisure hours.

The club is a most desirable place for soldiers and their families to spend their leisure hours.

THINGS TO WORRY ABOUT

MOTHERS' DAY IN THE CHURCHES

Preachers in Special Sermons Refer to Beauty of Motherhood.

THEIR SACRIFICES Have Inspired the Heroic Conduct of Canadian Soldiers Abroad.

Yesterday was recognized as "Mother's Day" in Toronto. The day when the thoughts dwell for an instant on a loving face and a tender touch of a hand that brought back in many cases a tear dimmed eye and tender thoughts of the bygone childhood; the day when a silent tribute was paid by many to those who wear a crown of thorns and a robe of suffering.

The perpetuation of the mother's good influence in the life of the nation formed the theme of a powerful sermon preached by Rev. R. J. D. Simpson at the Carlton Wesleyan Methodist Church yesterday morning. And it is one of the noblest of mothers' days the world has ever known, the speaker said.

Spreading on the emancipation of women, Rev. J. W. Woodside, in Chalmers Presbyterian Church last evening, stressed the warning that said he welcomed the emancipation and was in sympathy with it, but there was the possibility of the great danger in the new found freedom.

What is happening to my boy? was the title of a message of comfort to the soldier mothers given by Rev. Newton Powell at St. Paul's Methodist Church on Avenue Road last evening. He told the story of Jacob and how he had trouble with regard to his son, Joseph, whom he mourned as dead, when in reality he was moving on to be a great man, and pointed out the mothers who were mothers that most of us gained our knowledge of God, so the influence of motherhood is the greatest in the world.

An enthusiastic meeting of the Bridgewater Old Boys' Association, held in Armstrong Hall, it was decided to secure all the names of those on military or naval service who are natives of Bridgewater, Somersetshire. The treasurer, J. Hunt, 202 Jones avenue, requested that relatives or friends try to find out the names of those in the list and have them sent to him in order that the association has over 100 members at the front.

George Fish, 141 Agnes street, received a bad cut over the right eye while playing football with them at 10 Chinaman street, last night, a young Chinaman complaining to the police. Agnes street police station, with the result that Planchet's men were kept at the establishment and the culprit, Chin Foo Yen, the alleged keeper, and 34 Chinaman, in the midst of a fascinating game. All were taken into custody Saturday afternoon by Detectives Montgomery and Croome on a charge of stealing two bicycles from the Robert-Simpson store.

PLACED COLORS UPON THE ALTAR

Standards of Battalion Now at Front Left in Church's Keeping.

IMPRESSIVE CEREMONY Picturesque Time Honored Usage Followed by Powerful War Sermon.

For the first time during the present war a Toronto church has echoed to a summons sounded on its doors with a solemnity when the colors of the 10th Battalion were placed upon the altar.

Within the church the regiment occupied the central pews, with every other available seat taken by a congregation largely composed of mothers, sisters, wives, sweethearts and friends of members of the battalion, now in the firing line.

The colors were military, patriotic and religious, and in accord with the custom followed in the churches of England since the order was issued, following the Zulu war, prohibiting the carrying of colors on the field of battle.

The congregation waited inside the church, with major, clergy and churchwardens gathered at the altar, and the escort with the colors waited outside while the adjutant, Lt. Col. Dinnick, delivered his address.

On the door being opened, the adjutant addressed the altar in these words: "Sir, I have been commanded by Lt. Col. Dinnick, commanding the 10th Regiment, to inform the authorities of this church that he has repaired here today with the colors of the 10th Battalion and desires admission to prefer a request that they be deposited herein."

The pastor, Rev. J. W. Woodside, in a powerful sermon, addressed the altar in these words: "Sir, I have been commanded by Lt. Col. Dinnick, commanding the 10th Regiment, to inform the authorities of this church that he has repaired here today with the colors of the 10th Battalion and desires admission to prefer a request that they be deposited herein."

The pastor responded as follows: "In the faith of Jesus Christ, the colors of the 10th Battalion, Toronto, do hereby accept of you, and in memory of those who were faithful even unto death, in the sacred cause of their country, and in confidence that these colors will afford inspiration to all who may behold them. In token thereof we lay them upon the altar of the Father, and of the Son, and of the Holy Ghost. Amen."

After the color party again faced the altar, the regimental colors were placed upon the altar, and the colors were then turned to face the altar and the congregation. The adjutant then read the names of the men of the 10th Battalion who were killed in the war.

Several thousand lined Bloor street when the 10th Battalion paraded after the service. The route taken to the church was via King and Jarvis streets. Many favorable comments were expressed in regard to the regiment's smart appearance and the steadiness of the men's marching.

Economical Tubes That Cost More

The economy of a tube is not to be measured by its price. Nor can it be judged alone by the length of time the tube serves you. A tube's sole purpose is to hold air, and to hold it continuously. But upon its efficiency in performing this duty depends not so much the life of the tube, but the life of the casing.

For the commonest enemy of tires is under-inflation. And slow leaks are the deadly cause of under-inflation.

Deadly because inconspicuous and insidious. For this reason a good tube is as important as a good casing. Without good tubes, good casings are of little avail.

A Goodyear Tube is as important as a Goodyear Tire. They are Laminated Tubes. They are built up thick, layer on layer, of pure, tissue-thin rubber. It is this thinness that enables us to make the rubber clean and flawless.

So they hold air better, give longer service, save tires. It is just as easy to say "Goodyears" when you buy tubes. It is much more economical.

GRANT DISCHARGES UNDER NEW ORDER

Soldiers Who Early Become Unfit to Be Quickly Released. A NEW RAILWAY UNIT Feature of Week's Recruiting Was Spurt By the Artillery.

Recruits offering at the Toronto Mobilization Centre during the week just ended totaled 401, of whom 112 were accepted. The total of volunteers for enlistment during the preceding seven-day period is accounted for by the fact that of the men handled nearly a hundred recruits joining for active service were granted leave under responsibility of the C.E.F., and during this period assistance allowance at the rate of sixty cents per day is to be credited to his account. Such leave should be granted only to men whose services cannot be properly made use of on fatigue or light duty.

Authority has just been granted for the forming of another C.E.F. unit. It will be known as No. 2 Railway Construction Battalion and will be commanded by Lt. V. B. Oke, formerly of the 23rd Battalion. The unit will be 84 strong, other ranks, and have headquarters with the Forestry Depot at Exhibition Camp.

The appointment of Lt. R. W. Hart (9th P.E.C.A.) to the 5th University Battalion, C.E.F., succeeding Lt. J. L. McCallough, who has proceeded overseas, has been approved provisionally. The names of 24 men who have been struck off the strength of the C.E.F. are being considered for discharge.

Forty-nine men came forward for enlistment on Saturday, and of these, 21 were finally accepted for active service. The accepted recruits were distributed as follows: 6th Battery and No. 6 Forestry Draft, each four; 6th Battery, Mounted Grenades and Special Service Co., each two; 28th Cavalry, 10; engineering corps and C.A.S.C., each four. Only five of the 25 recruits joining for active service enrolled with the C.D.F., the other 20 all being coming attached to the C.E.F.

THROWN FROM MOTORCYCLE Earl Drown of Sterling, Ont., sustained concussion of the brain when thrown from the pavement from his motorcycle yesterday morning at the corner of Queen street and Eastern avenue. He was unconscious when picked up and conveyed to St. Michael's Hospital, but last night regained his senses.

Goodyear Tubes, along with Goodyear Tires and Tire-Saver Accessories are easy to get from Goodyear Service Station Dealers everywhere.

WANT ADVANCE OF FIFTEEN PER CENT.

Canadian Railways Ask Increase in Freight and Passenger Rates.

OPERATING COSTS UP Fuel, Labor and Materials Used in Maintenance Are More Expensive.

While the question of the nationalization of the Canadian railways is engaging such widespread attention there is at the present time an application before the Dominion Railway Commissioners that vitally affects not only the railways but every individual in the country, whether he travels or not.

It is an application for a general horizontal increase of fifteen per cent in railway fares and freight rates on everything except coal on which an advance of fifteen cents a ton is asked east of Fort William. This means that railways are asking for a fifteen per cent increase in their revenue, such an advance they claim being necessary and advisable for the security of peace, defence, order and welfare of the country.

In support of the application the following statement is made:

"Nothing is more essential to the welfare of Canada, whether considered in its own interests or as a part of the empire, than that the railways operating within its border should be in a position to respond immediately and effectively to the fullest demands made upon them, either by the general commerce of the country or in connection with the defence of the realm." The applicants point out that every industry, whether engaged in war preparation or in the manufacture of commercial commodities, and every individual is affected either directly or indirectly by the efficiency or inefficiency of transportation facilities, and while at the present time owing to scarcity in skilled labor and other causes it may not be possible to maintain the transportation service in condition of highest efficiency, it is an imperative duty on the part of everyone to see that the service is adequately sustained.

The railways are asking that the increase be granted under the War Measures Act in order to expedite matters and eliminate the long delay necessary if the advances in rates were proposed and filed under the present railway governing the publication of tariffs.

Labor and Materials Up. The railways represent that there has been within the past few years a heavy increase in the cost of labor and materials used in their equipment, maintenance and operation. In support of this contention they have submitted comparative statements showing the cost of equipment and materials in 1915, 1916 and 1917. Some of the principal items and the increases involved are as follows:

Canadian Pacific Railway.	P.C.
General purchases	\$3,701,135 or 45.9
Fuel	\$4,974,418 or 49
Tires	\$2,240 or 10.8
Stationery	\$52,240 or 60.4
To this should be added a substantial increase in the cost of labor which the railway claims it is impossible to estimate on account of negotiations at present pending with different labor organizations.	
Grand Trunk Railway.	
Cost of equipment and material increase, 1917 over 1916, \$4,335,533. Compared with 1915 the increase is \$7,590,827.	
An extract from the road's statement shows the increased cost per unit as follows:	
1915.	1917.
40-ton box car	\$1250.00 \$2250.00
Rails per ton	30.00 50.00
Track bolts, per cwt.	2.30 6.00
Spikes, per cwt.	2.80 4.25
Grey iron castings, per cwt.	2.50 3.75
Steel castings, per cwt.	4.60 9.29
Malleable castings, per cwt.	2.25 9.00
Increase in cost of coal, 1917 over 1916, based on 1917 quantity, \$5,942,500; increased cost of lumber, \$121,770; increased cost of ties, \$161,100.	
Canadian Northern Railway.	
Increase in cost of material and supplies for 1917 over 1916	\$5,190,945
Coal is the largest item, being \$3,885,492	
The other railways have filed similar information in support of their application. Increases in wages amounting to over one million six hundred thousand dollars have been authorized for this year, and other wage increases are under consideration.	

The application to the Dominion board of the Canadian railways followed closely upon one from the American lines to the Interstate Commerce Commission, in which a fifteen per cent increase was asked on inter-state freight rates. Such an application differs from the Canadian one, as it does not cover intra-state traffic or passenger rates. Why raising the rates on the application of the American roads was begun in Washington on May 7 and the week of May 21 has been set aside for hearing objections from shippers to the proposed increase.

U.S. Roads Applying. As the application of the Canadian railways will be granted a similar hearing to that of the American roads before their respective commissions, it is interesting to note the United States roads were asked to submit evidence along the following lines:

Does an emergency exist that affects transportation in such a way as to require emergency relief by increase in net earnings? Does it affect all carriers alike? Does the emergency exist to the same degree and require the same relief to all carriers? Why should that relief take the form of a percentage increase in all freight rates except as specified in the application on file that that percentage be fifteen per cent?

What, if anything, except our state of emergency, justifies the granting of a percentage increase in freight rates? Do these two factors add to the emergency, and to what extent do they call for that relief? Did the emergency exist prior to January 1, 1917? Prior to April 1, 1917? When did it become an emergency requiring emergency relief? As to the increase operating revenue in 1915, what has been done with it? They were also asked to submit statements similar to those accompanying the application of the Canadian roads showing comparative costs

of materials and equipment for the past few years. Whether there will be any real opposition to the application of the Canadian roads is not yet known. No organization has as yet put itself on record as being opposed to the increase asked, which at least one small body is quite favorable.

J. E. Walsh, traffic manager of the Canadian Manufacturers' Association, has sent out information regarding the proposal to the members of that body, and is awaiting their replies. While many business men are willing to admit that the railways must find it difficult to operate under present increased prices without increased revenue, there are many who hold that in return for such an increase some assurance should be given the shippers that there will be a commensurate return in the way of more adequate service.

POLAND'S TALE OF WOE TOLD BY POLISH NURSE

Countess Purezynowicz Tells the Janet Carnochan Chapter, I. O. D. E., of Huns' Doings There.

Convocation Hall was practically filled on Saturday evening by an appreciative audience who listened with unabated interest to the story of the incursions of the Hun into Poland, as told by the Countess Purezynowicz, who was in that long-suffering country during the time of which she spoke. Miss Jolley, regent of the Janet Carnochan Chapter, I.O.D.E., under whose auspices the lecture was given, introduced the speaker. The meeting opened with the singing of "O Canada" and prayer by the Rev. Dr. Gandier.

The countess wore the grey uniform and insignia of the Polish Red Cross nurse, and the tale she related was an epitome of what is told in her book, "When the Prussians Came to Poland." She told her audience that when the war is over she hopes to return to Poland with a peace ship filled with agricultural implements, food, clothes, portable houses, and all things which might help to rehabilitate the people who are now almost altogether destitute. A generous collection, amounting to about \$400, was taken up for Polish relief.

FORESTERS' NOVEL WAY OF STIMULATING INTEREST

Unit Has Established Model Forestry Camp With Practical Lumbermen.

The York and Simcoe Foresters, C.E.F. (No. 7 Forestry Draft) now recruiting in the city, have adopted a new and novel method of interesting the public in their work. By the permission of Lieut.-Col. Williams, chief recruiting officer of the No. 2 Military Division, the unit which is officered by Capt. C. F. Mills, Lieut. A. W. Hughes, and Lieut. J. N. B. Colley, has established at Richmond the Lumbermen's model forestry camp. Logs, stumps and bushes, and a tent in which are practical lumbermen add realism to the camp. The camp will be open for public inspection in a few days and exhibitions of the woodman's art will be given daily. Sergeant York and Pte. Champagne, both lumbermen, will be in charge. The headquarters of the unit are at 490 Yonge street, and an office at 70 Lombard street. The latter office and model camp grounds are the property of Lieut. A. W. Hughes, who has donated them for the use of the draft free of charge.

COOKE'S CHURCH PASSES QUARTER-CENTURY MARK

Rev. A. Logan Geggie Preaches Sermon Celebrating Twenty-Fifth Anniversary.

The calling of St. Matthew and the application of the story to modern life formed the subject of a sermon delivered last night by Rev. A. Logan Geggie, at Cooke's Presbyterian Church on the occasion of the 25th anniversary of the opening of the church. St. Matthew, the man who denied his country and repudiated his religion and who had sunk to the lowest of the race, in contact with Christ was transformed and became one of the chief of the apostolic group. Today the name of Matthew shines brighter than ever.

"When men classify men," said the speaker, "they classify them horizontally. There are men and women of high and low degree. God classifies them vertically. He puts some on the left hand and some on the right. Our Lord is not calling men to be merely His followers, but He is selecting a cabinet of men who are to be His comrades. He is selecting stones to be built into the temple of God."

Referring to the inter-traffic of St. Matthew, the preacher said that Christ then sought a man who had a future before him. He did not trouble about his past, but he was interested in his present and his future. In closing, the preacher applied the lesson of St. Matthew to our own day, to the soldiers who are heading the call of King and country and going out perhaps to die. As St. Matthew turned his back on his old habits and made his life glorious, so the men of today who are giving up positions of ease and luxury to fight for the right are living nobler lives than if they had followed the paths of peace. "Life streaked with blood lives," he said. "Life filled with selfishness dies, and the man who gives himself up to a great and glorious cause will live forever in his nation's memory."

JOINS POPULAR UNIT.

R. A. Street, accountant for the Cooper Cap Company, Spadina avenue, after a number of years' service with the firm, severed his connection recently to enlist with "C" Battery, Royal Canadian Horse Artillery. Street was tendered a dinner by the firm at the St. Charles Hotel Saturday. B. Cooper, president of the company, presented him with a cheque for \$50 on behalf of the firm and a substantial present from each member of the office staff.

VETERANS FAVOR CONSORTION.

At the last regular meeting of the 1st division of the Canadian Legion, a resolution was adopted as follows: That in the opinion of this council, conscription should be put in force at once under the Militia Act.

All are Extra Power All give Better Service

(Extra Power is being used in your line, too)

Both these men are Extra Power enthusiasts. Each will tell you that Extra Power is the best belt he has ever used on his drive. Yet the drives are totally different.

One man uses Extra Power on a main drive in the dry, hot, dusty air of a sawmill.

The other is driving a high-speed, oily drill in a machine shop.

One is using a 24" x 8-ply belt.

The other a 6" x 5-ply belt.

Yet both find Extra Power speeding up production, increasing the efficiency of workmen, cutting down overhead cost.

A New-Basis Transmission Belt

Delivering More Power for a Much Longer Time

Extra Power has been an admitted success on big drives. Its long life, its tenacity on the pulleys, its strength—all fit it for strenuous work.

Engineers who have been won to Extra Power for heavy drives, have been surprised by its work on small drives.

For here, too, it hugs the pulleys—travels fast or slow—lasts long, and so costs less.

Strong fabric specially woven is the basis for Extra Power's sturdiness. Flexible, yet strong, and practically without stretch.

The plies are riveted together and saturated with fine rubber to guard against ply separation. The seam is sealed with solid rubber to further the same end.

This extra quantity of fine rubber makes the belt flexible and lively, tenacious of its hold on the pulleys, delivering a maximum of power.

These qualities are to be found in Extra Power of all sizes—from 1' x 3-ply up to the largest belt you ever heard of.

Whether you use one belt or hundreds—whether you are driving from a 400 horsepower engine or running a pump—you should know about Extra Power. Write the nearest Goodyear branch.

Baseball Leats Release Three Players

GREAT BALL GAME FULL OF FEATURES Triple Play Helped Leafs Beat Grays in 7th When Winning Runs Were Scored.

One of the very best games of baseball ever played in any league was the International affair in fine weather on Saturday between Toronto and Providence at the Island, the verdict going to the Leafs by a 10 to 0 score.

The batting averages of the Leafs show that Manager Larry Lajoie has added 66 points to his mark since last week. He is the real leader of the club.

At Montreal—The Birds took two games from the Royals on Saturday, the score being 13 to 3 and 9 to 5.

At Rochester—Rochester and Newark split even in the double-header. Rochester won the first, 6 to 2, and Newark the second, 7 to 2.

At Buffalo—The Beavers won both ends of the Saturday double-header from Richmond, 2 to 1 and 8 to 2.

TWO NEW PLAYERS

The Toronto Baseball Club yesterday released three men and signed two.

Running Long Shot Wins Derby Split Heats Trotting at Hillcrest

O. KHAYYAM WINS KENTUCKY DERBY

Ticket Second, and Midway Gets the Show Money—The Results

Lexington, Ky., May 13.—The forty-third renewal of the historic Kentucky Derby, the richest classic in America, brought to the barrier at Churchill Downs this afternoon one of the greatest fields in the history of the event.

In the field named over night to go to the post are included with few exceptions all of last year's best two-year-olds, together with several imported colts.

The race is worth approximately \$20,000. Of that amount about \$15,000 goes to the owner of the winner, \$2500 to the second horse, \$1000 to the third and the fourth and starting fees.

At the post the crowd which was at the Derby has ever seen the Derby run in a large play. The Kentucky Derby did not start, he had a formidable entry in Star Master, War Star and Star Ticket.

REAL RELIGION IS WORLD'S DEMAND

Plain Truths Spoken By Rev. Dr. Ribourg at St. Alban's Cathedral.

CHEAP IMITATIONS

Declares That "Make-Believe Righteousness" Will Not Stand Test of Crucible.

Rev. A. E. Ribourg, D.D., preached a powerful sermon last evening at St. Alban's Cathedral on "Reality in Religion," showing that without genuine righteousness, religion cannot have value or force in the estimation of the world.

Dr. Ribourg said, in part: "The world today demands reality; it has grown weary of cheap imitations of sham. As a religion, which is worth anything in God's sight, must be of any comfort to men's hearts, must be a religion which has its foundation on righteousness. Without

righteousness it cannot have value or force in the estimation of the world. "Men today refuse to be swayed by a faith which, tho' it brings the knees down in devout adoration, does not relax the selfish grip of the hand. Men cannot be influenced by a faith which, tho' it comes from the lips in prayers or in songs, does not restrain the tongue from lying, nor the heart from hating.

"A faith which does not put itself forward as by a kind of instinct into feelings of righteousness and into righteous conduct is a delusion, a snare, a make-believe, a gilded fable. "Undoubtedly, we need men of skill, men of enterprise, explorers, inventors, tradesmen, manufacturers. We need orators and thinkers, men who can do great things and stir vast masses at will, but, above all, we need men who know how to be righteous, and who put the stamp of righteousness on everything they touch, men who can lead the world in the paths of justice and honesty. Such men must wear crowns of 24-karat gold, not merely gilded, 'as it were' crowns."

"If we aspire to be genuine Christians, we must remember that excellence is needed in Christianity more than in anything else. If we really wish to reproduce Christ's life in our life, we cannot be satisfied to walk in the lower plane of mediocrity, where we will find Christians who are inconsistent, dishonest, selfish, hard-hearted, deceitful and corrupt, but we must climb into higher regions, where we will develop into honest, loving and unselfish Christians."

Students of the war's happenings find the latest news from Europe presented in the most attractive form in The Toronto World.

ONTARIO WOMEN WANT TO SIT IN LEGISLATURE

Among the things which the newly-formed Ontario Citizens' League will work for will be eligibility of women to sit in legislature and the federal franchise. At the inaugural meeting the following resolution was passed: "This meeting, acting on requests received from a large number of women's organizations (and of individual men and women) throughout Ontario, decides to form an organization for the purpose of educating ourselves and others for the right use of the ballot, to examine the existing laws, and where necessary to suggest and work for amendments, and further to watch over contemporary legislation and tendencies in the provincial house, with a view to safeguarding the welfare of the home and community."

To hold office until the fall, the following were elected: Hon. president, Mrs. L. A. Hamilton; president, Mrs. A. E. Ormsby; vice-presidents, Mrs. Blanche Read Johnson of Barrie, and Mrs. Secord of Barrie; recording secretary, Mrs. A. M. MacIntyre; corresponding secretary, Mrs. Campbell MacIver; treasurer, Mrs. Lawton of London; committee, Mrs. W. R. Lang, Mrs. W. E. Jackson, Mrs. Owen Hitchcock, Mrs. F. Balladay of Brantford, Mrs. Gray of St. Thomas, and Mrs. Collins of Mount Forest; conveners of standing committees, legislation, Mrs. F. Trickett Brown; statistics, Mrs. W. R. Lang; literature, Mrs. W. H. Becker; resolutions, Mrs. Coutts of Thameville.

PLAYS, PICTURES AND MUSIC

"THE WHIP" AT THE GRAND.

The most sensational of picture dramas is now running at the Grand Opera House and is attracting capacity houses. It is a detailed account of the story as presented on the stage in the famous English production of "The Whip," and is conceded to be the most interesting of the many dramas that have been screened in recent years. Beyond all doubt this wonderful picture has completely outshone any previous photoplay for action.

HIGH CLASS OPERA.

The Boston English Opera Company, which comes to the Grand for a week's engagement, starting Monday, May 21, has done a great deal to popularize opera in America with its policy of giving high grade opera at moderate prices. Its motto, "Opera in the language you can understand, at prices you can afford to pay," has proved a success from the start.

THE ROBINS PLAYERS.

In "Broadway Jones," the George H. Cohan comedy that Edward H. Robins and the Robins Players will inaugurate their third season with tonight at the Alexandra. The central figure is that of a young man from a small Connecticut town who, through the aid of a large fortune, thru the death of his father, hies himself to New York, where he shortly dissipates it in riotous Broadway frivolities.

THIS WEEK AT SHEA'S.

Maude Lambert and Ernest Bell will headline the bill at Shea's theatre in their revue of the season's newest song successes. Ben Welch will offer Clark's Royal Variety, featuring the Castle in "Patria," McKay and Ardine, Allan Dinehart and company, Dooley and Nelson, Margaret Young, Jack La Vier complete the bill.

THE HIPPODROME.

The Black and White Revue, a musical comedy with clever boys and girls, headlines the bill at the Hippodrome this week. Robert Harmon will be featured in "An Old-Fashioned Young Man." The Durham Edwards Comedy Trio, the Three Millars, Eileen Fisher, the Bally-Hoo Trio, McAuliffe and Pearson and "Keystone" comedy films complete the bill.

LOEW'S.

"Miss America," a musical comedy, will be the feature attraction this week at Loew's Theatre and the Winter Garden. Other acts include Herbert and Homer Dennis, Curry and Graham, Blackwell and Gibson, the Carbery Brothers, Sanders and Hughes, and the Corlin Family. A five-act photo production, featuring George Walsh in his latest release, "Melting Millions," completes the bill.

AT THE STAR.

Headed by Flossie Everett, Leonora Luther, Bessie Crandall and the two original comedians, Matt Cobb and Irving Gear, "The Merry Maidens," one of the finest burlesque organizations, will provide the entertainment for their third week at the Star Theatre this week. There are twenty girls in the handsomely gowned chorus and the scenic effects are excellent.

ROBERT WARWICK AT REGENT.

Today, tomorrow and Wednesday of this week the Regent Theatre will offer the famous actor, Robert Warwick, in "The Man Who Forgot." This is a story of the moment, as it deals with the question of national prohibition. In this splendid photo-drama Robert Warwick is very ably supported by Corda Holmes and Doris Eleanora. The 12th episode of "The Secret Kingdom" will be shown, also pictures of Premier Vivian addressing the Canadian Parliament at Ottawa, and Marshal Joffre receiving the freedom of Montreal at the civic reception tendered to him in that city.

FINE DRAMA AT STRAND.

Starting today there will be presented at the Strand Theatre for the whole of this week, the tense and enthralling photo-play in eight superb acts, "The Trustful Soul," by Victor Rousseau, and starring Henry B. Walthall and Mary Charleson. Mr. Walthall, whose superb work in "The Birth of a Nation," is remembered with admiration by all Toronto, considers that in "The Trustful Soul" he does the best work of his career.

VIVIAN MARTIN AT MADISON.

Those who like a photo-play immensely out of the ordinary will find themselves accommodated at the Madison Theatre today, tomorrow and Wednesday, when "The Spirit of Romance" with Vivian Martin, will headline the bill. A special added attraction for the first half of this week will be Roscoe "Patty" Arbuckle in "The Butcher Boy."

Society

Conducted by Mrs. Edmund Phillips

Their Excellencies the Duke and Duchess of Devonshire gave a luncheon Saturday, at two o'clock, at Government House in honor of M. Viviani, ex-premier of France, and the members of the French mission. The other guests invited to meet the distinguished visitors were: Sir Wilfrid and Lady Laurier, Sir George and Lady Foster, Sir Percy and Lady Sherwood, Hon. E. L. and Madame Patenaude, Sir Edward Kemp, Sir Charles and Lady Fitzpatrick, Hon. Frank and Mrs. Cochrane, Hon. C. J. and Mrs. Doherty, Hon. Edgar and Mrs. Rhodes, Hon. Rodolphe and Mrs. Lemieux, the consul-general for France and Madame Boun, the consul-general of the United States and Mrs. Foster, the mayor of Ottawa, Hon. George F. Graham, Mr. Ramville, M.P., Hon. Albert Sevigny, Senator Beaubien, Senator Casgrain.

The Excellencies the Duke and Duchess of Devonshire entertained at dinner on Friday, when those who had the honor to be present were: Mr. W. E. Walker, Mr. and Mrs. Herbert I. Thomas, Dr. and Mrs. Torrance, Mrs. J. A. Ruddick, Mr. P. J. Baskerville, Miss Winnifred Orde, Lieut.-Col. and Mrs. F. of social service, Lieut. Col. Cunningham, Col. and Mrs. Hugh Clark, Mr. and Mrs. Aywlin Crighton, Miss Alice Caron and Miss McLeod Clark.

Her Majesty Queen Alexandra on Saturday, honored the Canadian matinee at His Majesty's Theatre, in aid of the blinded soldiers' hospital. Four hundred wounded Canadians filled the pit. The great and how much depends upon the present sowing. It within the next few weeks either extremes of rain or drought follow the sowing, we are to face with such a famine as the world has never seen before.

ASKS PEOPLE TO PRAY FOR ABUNDANT HARVEST

Rev. R. J. Moore at St. George's Refers to Gravity of the Food Situation.

A return to the old order of keeping rogation days by earnest prayers for a blessing upon the crops was urged by Rev. R. J. Moore at St. George's Church yesterday morning. Few of us realize, he said, the extreme gravity of the food situation in England and France today and how much depends upon the present sowing. It within the next few weeks either extremes of rain or drought follow the sowing, we are to face with such a famine as the world has never seen before.

He held that it was criminal for anyone to withhold his time from praying for a blessing upon the fields that there might be an abundant harvest.

Newmarket and Aurora Boards of Trade Distribute Potatoes at Cost.

GALLI-CURCI, WEDNESDAY.

Madame Galli-Curci, the great prima donna, makes her first appearance in Canada on Wednesday evening in Massey Hall. That she will sing to an immense audience is assured, and those who intend going should not defer securing their seats. She sang in Richmond, Va., last Thursday, and on Friday in Washington, and in neither city was the theatre large enough to accommodate the throng who desired to hear her. In her concert on Wednesday she will be supported by M. Borenburg, the celebrated futeist, and Mr. Homer Samuels, pianist.

"MOTHERS OF FRANCE" RIALTO.

Perhaps there will never be another motion picture so vital, so beautiful, so timely and so significant as "Mothers of France," with the divine Sarah Bernhard which is playing at the Rialto today and tomorrow. In this production the world's greatest actress does the supreme work of her career. Certainly it would be hard to conceive of any other picture being produced under similarly intense circumstances, for this feature lays the bleeding heart of France bare to the world.

FELL FROM RADIAL CAR.

Joseph Kettle, 8 Dartnell avenue, cut his head badly when he fell from the rear platform of a Lake Shore car yesterday afternoon at Keele street and Lake Shore road. He was removed to the Parkdale Hospital, where seven stitches were required to close the wound.

ROSE DAY—inaugurated by the ladies of Great Britain, in honor of Her Majesty Queen Alexandra, to benefit hospitals and homes for the children, will be held in England on June 1st. Daughters of the Empire will also celebrate Rose Day on that date, in aid of similar institutions in Toronto. All badly in need of funds to carry on their work. Municipal Chapter meeting Friday, May 11, at the Sherbourne Club, 429 Sherbourne street, at 3 o'clock.

Patriotic Concert at Markham

In Aid of Red Cross Society

One of the most successful patriotic concerts ever held in Markham was that of Saturday evening at the residence of A. E. McGill, under the auspices of the women's branch of the patriotic society. The women of the society had outlined a very ambitious program, having secured the services of three or four New York artists, together with local and city musicians to assist in carrying out the program. "Cedar Crest," the residence of Mr. and Mrs. McGill, was packed to the doors, and while the expenses attached to the visit of the New York party were comparatively heavy, a surplus of between \$75 and \$100 will be turned over to the Red Cross Society. Between 25 and 30 motor parties came over from the village of Unionville and Stouffville were present.

FELL FROM RADIAL CAR.

Joseph Kettle, 8 Dartnell avenue, cut his head badly when he fell from the rear platform of a Lake Shore car yesterday afternoon at Keele street and Lake Shore road. He was removed to the Parkdale Hospital, where seven stitches were required to close the wound.

CANADA'S RAILWAY PROBLEM

Various Opinions on the Royal Commissioners' Report.

Ottawa Journal-Free, May 12: "The demand for the nationalization of the C.P.R. looks very much like an attempt to 'queer' the railway nationalization plan recommended by the Drayton-Acworth report."—Hamilton Herald.

Very likely, "By their enemies ye shall know 'em" is a good motto to apply to the recommendations of the Henry Drayton and Mr. Acworth to nationalize a great part of the railway operation in Canada. Lord McNicoll disapproves. Sir William Mackenzie disapproves. The Grand Trunk disapproves. The Wall Street Journal disapproves. The railway companies have been 'beeding' Canada so successfully and so freely hitherto that the idea of Canada ceasing to be a sponge is almost bewildering. They are all sorts of difficulties and all sorts of dangers in the idea of national ownership in whole or part. They have got the money in gifts and subsidies, and they want another thousand millions. They want it quick. Half of them are going bankrupt unless they get within a few months, and the whole duty of the country in their conception is to give money and to let them play along until they are no more.

The Toronto Globe disapproves, too. The Toronto Globe disapproves, too. The Toronto Globe disapproves, too. The Toronto Globe disapproves, too. The Toronto Globe disapproves, too.

The Canadian Northern Against It. The Canadian Northern Against It. The Canadian Northern Against It. The Canadian Northern Against It. The Canadian Northern Against It.

From those in close touch with the Canadian Northern Railway organization, the Financial Post learns that there is at present little more disposition to accept the Smith report of partitioning up the holding of the road, east and west, than to submit with the C.P.R. The latter is successful and profitable, and an anchor abroad of the Canadian name and fame. What need for us to interfere with that until we know where we arrive at with the rest?

The Monetary Times Wants Delay for Consideration. The Monetary Times Wants Delay for Consideration. The Monetary Times Wants Delay for Consideration. The Monetary Times Wants Delay for Consideration. The Monetary Times Wants Delay for Consideration.

Political Intelligence

The newspapers throughout the country are discussing the proposed extension of the parliamentary term, more or less from a party standpoint. The government press frankly desires the extension, and reproaches the Liberals with something like ingratitude for opposing it. It is said that a year ago the Liberals feared an election and worked up a strong sentiment in the country against an electoral contest during the war, and that the Conservatives, who at that time could have easily carried an election, consented to prolonging the latter year's lifetime of parliament by a year and a half. The Montreal Free Press and the Toronto Globe, however, are rather confident of success, if it is argued that they should forego any supposed advantage they may have and consent to another extension.

The case for an extension of the parliamentary term is elaborately set forth in a pamphlet published by the Montreal Free Press. The Montreal Free Press and the Toronto Globe, however, are rather confident of success, if it is argued that they should forego any supposed advantage they may have and consent to another extension.

The Gazette almost tearfully protests that neither Conservatives nor Liberals desire an election. It brushes aside Hon. Geo. F. Graham, Mr. Frank Carroll, M.P., and other Liberals who have spoken on this subject, as mere "head-hunters," and we are told:

Several Liberal members, it is true, men of more or less prominence in the country, have asserted publicly and repeatedly that a second extension of the parliamentary term will not be beneficial to the country. These gentlemen have spoken freely of the probability of a general election in the near future, and the sort with which the country is familiar, as a consequence of the fact that these gentlemen need not, however, carry their views to the voters. They are to the line of action which they seem to desire. They are not the leaders of the Liberal party, and it is unlikely that either the party or its responsible officers will be stampeded by any group of head-hunters into a course to which an overwhelming majority of Canadian people are earnestly opposed.

The Windsor Record, a Liberal paper, but at times more or less independent, points out that every British country except Canada has a coalition or a national government. It does not want to do anything in the way of a coalition, which, among other things, could bring about and enforce conscription. The Record points out that Conservative and Liberal politicians alike have always had their "greedy and covetous eyes" fastened on the Province of Quebec. So long as there is a party fight on the Record thinks that government and opposition alike will make any sacrifice to gain seats in that province. It is quite convinced, however, that the Windsor Record will carry Quebec in 1917 as he did in 1904, 1904 and 1908. But it books for a campaign of unexampled mud-slinging, and therefore urges the two parties to set together and create a war government, such as they have in Britain.

There is some force in the claim that the Conservatives are inconsistent in saying they should follow the example of the mother country and do away with elections, while at the same time strongly objecting to anything but a rigidly partisan government. The St. Catharines Standard, a Conservative paper, which long has advocated a national government to carry out the war, is in the habit of saying that we ought to have a war government, which can bring about conscription.

Out west especially in Saskatchewan, a movement is on foot which may well disturb the rest of Liberal and Conservative politicians alike, and perhaps force them thru interest, if not thru patriotism,

client consideration so that the right course may be taken at this juncture. To make further mistakes in the railroad policy will prove extremely costly to the country.

Another Financial Paper is Against Public Ownership. Another Financial Paper is Against Public Ownership. Another Financial Paper is Against Public Ownership. Another Financial Paper is Against Public Ownership. Another Financial Paper is Against Public Ownership.

Now is the Time to Do It. Now is the Time to Do It. Now is the Time to Do It. Now is the Time to Do It. Now is the Time to Do It.

Other lines are mentioned, including the Wellington, Grey and Bruce division of the Grand Trunk and the branch from Toronto to London. The nationalization of the railways is, as we have before pointed out, a very big job, but there are points which may be used in the public interest to such overlapping saved. There never was a better time when the hydro radicals are being put on their guard against the dying hours of a moribund parliament.

L. Havill, Toronto Architect, Dies at Walkerton. Mother of J. L. Havill, Toronto Architect, Dies at Walkerton.

Now in Saskatchewan the arms work has been going on, it was stated yesterday that 4000 farmers had entered into a league for political action, and that each one of them had put up \$15 for campaign expenses. One of their candidates for the local legislature has already been endorsed by both the Conservative and Liberal organizations, so he is sure to get in by acclamation.

This Farmers' League, it will be observed, takes sharp issue with the Grain Growers' Association, whose leaders are discouraging independent political action. But whatever success the league may attain there is a ferment in the west which bodes no good to either the Conservative or Liberal party. The Winnipeg Tribune gives wide publicity to the activities of the league, and they have been mentioned more than once in these columns. The league is circulating some 100,000 copies of a pamphlet, and has promulgated a progressive platform.

The league has not the slightest respect for either the Liberal or Conservative party, and declares them to be in the way of the nationalization of the railways. In its federal platform are summarized in a letter and accompanying pamphlet forwarded to the Winnipeg Tribune by James Fuller of Basterville, Saskatchewan.

Here are the planks, most of them were advocated by The World long before the Farmers' League of Canada was organized, but they are first-class timbers none the less:

1. Nationalization of banking and credit systems.
2. Nationalization of railroads, telegraphs, telephones and steamship lines (registered in Canada), and all other means of public transport and communication.
3. Nationalization of all industries which are organized on a national scale, and in which competition has virtually ceased to exist.
4. The extension of the public domain to include all coal mines, water powers and forests.
5. A federal direct legislation act, including the recall.
6. Equal and unrestricted suffrage for both men and women.
7. A graduated inheritance tax law.
8. A graduated income tax law.
9. The abolition of official charity, and in its place the enactment of a national compulsory insurance law covering accident, illness, old age and death.
10. The free administration of justice.
11. The abolition of the Canadian senate.
12. No court to be legally competent to declare an unconstitutional act of the Parliament of Canada.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

Small text describing the benefits of the pills for various ailments, including weakness, anemia, and general debility.

EASTERN TOWNSHIPS' MAPLE SYRUP.

Shroveton—Maple syrup and sugar harvest in the Eastern Townships is practically over. In the Bromie district the season was not altogether disappointing. Although the make in most cases was not as large as in some years past, the quality was excellent and the price was about two cents per pound in advance of former years, thus bringing the revenue derived up to almost an ordinary year. In some instances farmers report three pounds of syrup to the bucket, others report about two-thirds as much as in some other years. The cause, no doubt, was the great depth of snow, which prevented the carrying on of the work at the first part of the season, consequently losing the first week's run.

In the Stansfeld district the season lasted longer than usual and the flow of syrup was steady and of good quality. The average may be given as a little more than two pounds to the bucket. The increase, more than compensated for the shortage. The yield of the maple tree through the whole Eastern Canada this season has been highly satisfactory, only a few districts report not quite an average yield. Almost all sections already got their syrup and sugar as superior to many previous years. Modern methods and machinery enable the farmers to tap and process their trees more than in former years. The average price to the consumer is only slightly higher than some sections last season and the quality superior, so that there is one healthy sweet product that is not at present, moment manipulated by speculators.

The policy adopted by the large sugar refiners in the United States of only selling to their own customers is having the desired effect. The big sugar refiners are not offering any more sugar for sale. There is a panic fear for all legitimate needs. The sugar market is easily a fair proportion of those born there? A conclusive advance demonstration is found in the fact that only one of some thousands of farmers in the province voluntarily accepted a price on a farm. If, then, we have not been able to hold the price, we are to hold the price. The price is not to be held. The price is not to be held. The price is not to be held.

FOOD VALUE OF FISH. Dr. E. L. Sprague, in an article written at the request of the food controller, recommended that in these days everyone should buy fresh fish. Fish is the most nutritious food that the catches will improve and the present high cost become lower. Fish, like meat, is nearly all protein and water, with a variable amount of fat. The most nourishing fish are those which contain the most protein, such as salmon and turbot, next come the herring and mackerel, while lake cod and haddock, come last, containing less than 10 per cent. of fat. The food value of an ounce of lean beef, 50 to 60 calories, is given by an ounce of salmon, 60 to 70 calories, and the mackerel give much the best value.

NEW PRUNE ASSOCIATION. The most interesting development of last week in dried fruits has been the completely new organization of the California Prune and Apple Growers' Association, otherwise known as the Prune Growers' Association. The new organization is more popular all over the country, but particularly so in California, where the prune is the most important of the national laws tolerate them. There are 100,000 acres of prunes in California, and the growers are organized into 100,000 growers, modeled along the same lines as the prune growers and the peach growers. The new organization will extend its operation to include the entire prune and apple industry. It is a national association, and its members, who own five per cent. of the acreage devoted to prune and apple raising in the State, will extend its operation to include the entire prune and apple industry. It is a national association, and its members, who own five per cent. of the acreage devoted to prune and apple raising in the State, will extend its operation to include the entire prune and apple industry.

Little Boy Had Eczema. On Face and Hands—Local Doctors Treated Him in Vain—How Cure Was Finally Effectuated. Toronto, Ont., May 12.—This letter will interest all mothers of young children, because it tells of the best means obtainable of overcoming the annoying and torturing skin troubles which come to so many children.

Must Support Wife. Special to The Toronto World. Walkerton, May 12.—Charles Ernst, who was arrested by two plainclothesmen Thursday in Toronto, where he had been working in a munitions plant under the assumed name of Charles Ernst, was brought to Walkerton and tried this afternoon before Magistrates Jas. Tolson and D. McEneaney, on the charge of wife desertion. He pleaded guilty and was fined \$25 on agreeing to pay \$5 a week hereafter towards his wife's maintenance, together with his costs incurred in his arrest and trial.

Chatham Wheat Record. Special to The Toronto World. Chatham, May 12.—Three dollars a bushel for wheat, the highest price ever reached in Chatham, was quoted by local millers today. Bread has been advanced to ten cents a loaf.

Around the Farm

THE EFFECTS UPON SOLDIERS WHO USE DRUGS.

Because of the daily increasing scarcity of all kinds of drugs and chemicals in Germany, the government has been impelled to take extreme measures in order to conserve what little stocks they have. Apart from the security, it is interesting to learn that the Bundeswehr has had to deal with the sale of narcotics, which has greatly increased during the war. An order has been issued which makes it an offence punishable by imprisonment or fine to sell opium, morphine or other narcotics elsewhere than in chemists' shops, and then only as curative medicines. It may be noted that the British orders that include opium deal particularly with the supply to army and navy men, and so far as cocaine is concerned only controlling its effect on the conditions among our populace did not warrant the order. In fact, unlike Germany, our folks have not taken to narcotics for the purpose of getting the horrors of war or defeat, which is the chief thing that afflicts our enemies now.—Chemist and Druggist.

SOME OF THE LOCAL LIVE STOCK MARKETS IN ONTARIO.

Tuesday was another day of "all sorts of prices" for hogs in Shelburne, no definite quotation can be given. Hogs kept climbing so far as the market is concerned. They brought \$16.80 at Thornbury last Tuesday. The price of hogs advanced another twenty-five cents on Tuesday at the Woodstock market. The price received by farmers was \$16.25, receipts were hogs 40, calves 50. The calves were \$16.25, receipts were hogs 40, calves 50. The calves were \$16.25, receipts were hogs 40, calves 50.

Attercliffe market last Monday live hogs were down to \$15.75 last Tuesday at Watford. A vandorf farmer has sold to J. Cochrane, during the past six weeks \$1485 worth of hogs, and in the past year has sold \$2470 worth. Oliver Wagg, Mount Albert, has shipped direct consignment of stock, including 174 hogs, 23 cattle, 13 calves and two spring lambs, for which he paid \$6.95. The shipment included 4 hogs bought from Ed. Wagg of the Centre Road, who received for them \$1478.75, or an average of \$34.62 per hog. Quite an improvement on the prices of twenty-five years ago.

Mr. Watson, of Wyoming, U.S., shipped last Tuesday from Clearmont one hundred and twenty pure bred shires, purchased from James G. Galloway, one and one pure bred bull each from G. M. Forsyth and J. G. Borland of Ontario County.

ENLIGHTENED BRITISH FARMERS. James Long, a well-known agricultural writer, at a public meeting at Liverpool said: "The supreme object of patriotic agriculture is to secure security of the food supply. Had the same spirit which is manifest today animated the British farmer, we should have no food problem at present. In 1910, the population of this country at 45,000,000 it was seen that the food consumed was 100,000,000 bushels of wheat. If we consume food which costs \$30 an acre we can produce food at \$30 an acre we can feed ourselves. Still, land cultivated by British farmers is only bringing a return of \$2.50 an acre.

KILLED BY HORSES. Belleville, May 13.—Samuel Nerrie, 20 years of age, was killed by a horse at Belleville, near Belleville, while driving a span of horses, one of which was a spirited mare. Apparently he was a Canadian farmer, who had been at the gate of his home and started to lead the horses when they got away from him, knocking him down so that his head struck a large stone and the wagon wheel passed over it, killing him. He lived with his mother, Mrs. Neswidge, and had once entered in the 80th Battalion, but was later discharged as physically unfit.

MINISKAMING IS STRONG MINE SPOT

Advanced Nearly Three Points—Market Generally Firm.

Trading in the mine stocks yesterday continued professional in tone with the general tendency slightly firmer. All the bear arguments seem to have been exhausted and for the time being the market is holding its own.

The Dome turned a little easier again yesterday, opening at \$12.25 and selling back to \$11.90. On this close \$13 was bid with the best offering at \$12.50.

Weakness marks railway shares. Rubles Advance on New York Foreign Exchange Market.

New York, May 13.—Weakness of railroad shares, with St. Paul common down almost 100 points, has been the main feature for a decade, was the primary cause of additional unsettlement during the first half of Saturday's brief and altogether professional session.

Winipeg, May 13.—The end is not yet. While traders were speculating as to whether or not the crest of the bull movement in wheat had been reached, the markets went mad again Saturday.

Excited Buying at Chicago Follows Attempt to Stop Rises.

Chicago, May 13.—Excited buying of wheat, far from being diminished, took on wilder aspects Saturday because of drastic measures to stop the upward flight of prices.

Winnipeg, May 13.—The end is not yet. While traders were speculating as to whether or not the crest of the bull movement in wheat had been reached, the markets went mad again Saturday.

STOCKS ARE ACTIVE FOR SHORT SESSION

Brazilian Strengthens, and Traders Are Inclined to Aid an Advance.

The Toronto stock market was more active than usual for a Saturday morning, and prices, with the exception of "staccato," were, if anything, a shade firmer.

There is no reason, says The Northern Miner, why a man should be stampeded into selling his stock. These are any of the other good gold mining stocks.

High-grade vein cut at lower level. According to a wire received from Porcupine on Saturday, the high grade vein which was found on the 200-foot level of the Boston Creek mine.

Thirty-two cents advance in wheat. Excited buying at Chicago follows attempt to stop rises.

Chicago, May 13.—Excited buying of wheat, far from being diminished, took on wilder aspects Saturday because of drastic measures to stop the upward flight of prices.

Winnipeg, May 13.—The end is not yet. While traders were speculating as to whether or not the crest of the bull movement in wheat had been reached, the markets went mad again Saturday.

Winnipeg, May 13.—The end is not yet. While traders were speculating as to whether or not the crest of the bull movement in wheat had been reached, the markets went mad again Saturday.

Imported Axminster Direct From a World's Famous Maker \$2.65

This manufacturer's designs and color tastes are recognized the most wonderful of the world over. You will agree these new effects are wonderfully clever. We have just received his latest ideas in Oriental designs suitable to work out any decorative scheme.

Six Groups of Exquisite New Room Rugs

Effective Seamless Wilton Rugs

Grouped under this heading are dozens of new patterns, including handsome medallion ideas, small all-over Persian effects and conventional designs in uncommon variety. Suitable colorings and designs for any room in the home. A more satisfactory wearing rug you could not buy. Inspection will reveal several qualities and as many sizes. Only two lots are mentioned. Size 8.3 x 10.6, \$62.50 and \$82.50. Size 9.0 x 12.0, \$75.00 and \$97.50.

Seamless Axminster Rugs

For hard everyday wear the quality is unsurpassed. Texture of yarn used in the manufacture of these rugs, together with their rich coloring and handsome designs, make them most desirable and serviceable for day-in-and-out use. Variety of sizes including every wanted style. All are of unusual high standard quality. Priced according to size: 9.0 x 12.0, at \$95.00, \$48.50 and \$38.50.

Beautiful Wilton Rugs Moderately Priced

Embraced in this collection are some of the richest color effects imaginable, such as brown, green, fawn, old rose and blue, in combination effects; also shown are the small conventional and all-over patterns, popular and serviceable for all rooms. Prices and sizes follow:
6.9 x 9.0, priced at \$24.50.
6.9 x 10.6, priced at \$29.50.
8.0 x 10.6, priced at \$39.50.
9.0 x 12.0, priced at \$48.50.

Heavy Axminster Rugs

Here is the Simpson standard in Axminster rugs, set many years ago, and which has not varied one iota since it was first offered to the public. The same quality, in new designs and color schemes, such as brown, rose, green and blue effects, in rare Oriental ideas. Procurable in the following sizes:
4.6 x 7.6, at \$13.50.
6.9 x 9.0, at \$23.75.
6.9 x 10.6, at \$27.50.
8.0 x 9.0, at \$31.00.
8.0 x 10.6, at \$35.00.
9.0 x 12.0, at \$39.50.
