Enemy is Being Forced Out of Longueval Village and Delville Wood, Where British Had to Cede Ground in Tuesday Night's Fighting---British Artillery Easily Dispersed Large Body of Germans Massing for Attack --- Foe's Power of Resistance Steadily Ebbing.

# RUSSIANS TAKE TWO PASSES IN THE CARPATHIANS

GEN. HAIG'S REPORT INDICATES GERMAN STRENGTH IS EBBING

Speedy Recapture of Ground and Dispersal of Large FRENCH SEIZED Enemy Force Massing for Attack Highly Significant -Comparative Quiet on French Front.

ONDON, July 19.-The British troops have recaptured in Village of Longueval and Delville wood most of the ground taken by the Germans Tuesday night, according to the British official communication, issued tonight. Hard fighting is still in progress in this region. The communication says:

"North of the Somme heavy fighting is still in progress in Longueval Village and the Delville wood. In both these places we have already regained most of the ground lost last night.

"South of Delville wood this afternoon we dispersed with our fire a large body of Germans massing to attack the Waterlot farm from the direction of Guillemont."

German Strength Waning. When Gen, Haig's afternoon report was despatched from headquarters in France the violent fighting which had developed from the German counterattack, and had been going on all night long and given the Germans a tooting in Delville wood and Longueval, was still in progress. The German attacks on the Waterlot farm and other points were repulsed.

In a very brief despatch tonight Gen. Haig sends the announcement that most of the ground thus lost has been regained in both places and that the British fire had dispersed the Germans massing for further attack on the Waterlot farm. These despatches seem to confirm the opinions constantly expressed by the correspondents at the front of the dwindling strength of the German counter-attacks.

The operations on the French front are still impeded by rain and com-

parative quiet prevails.

Foe's Temporary Gain.

The text of the British afternoon statement follows:

"The enemy's attack last night, the beginning of which already has been reported, was directed against our new positions east of Bazentin Village. Very large German reinforcements had been collected for this attack. After an intense artillery fire, the first asan intense artillery fire, the first as-sault was delivered in dense masses at about 5.30 o'clock in the afternoon. The fighting continued all night and was particularly violent in Delville Wood.

"After suffering very heavy losses the company meaded in recenturing a the enemy succeeded in recapturing a portion of Delville Wood, and also obtained a footing in the northern cutskirts of Longueval. The struggle in these areas is still violent.

Elsewhere the attack, including three separate assaults on Waterlot

three separate assaults on Waterlot farm, completely broke down under our fire. On the remainder of our front there were no events of im-

Advance on Left Wing. On the British left wing advances made on both sides of the Bapaume-Albert highway have menaced the German hold on the Village of Pozieres, an important highway junction, and the local objective of the British Thiepval road, one of the two high-ways over which the Germans in the Thiepval salient draw their supplies, rendering that line useless.

Their cavalry is moving in the rear of Gen. Plander's forces between Kimpolung and Kuty, and apparently the invasion of Hungary has begun. According to one report, a Russian force is already one day's march into Hungary, threatening the Austrian rear in the mountains. The Russian advance also continues successfully in Asia Minor, and it is reported from

Rome that the Turks have again evacuated Kermanshah. There is no confirmation as yet of the interesting statement made by Prof. Paul Milukoff to the duma, that Russia has reached an agreement with the allies, in which she is promised both sides of the Dardanelles.

## Britain's Big War Machine Is Wonderful Achievement

Two Years' Preparation Has Evolved Organization Equal to That of Germany, Says General Robertson.

LONDON, July 19.—In an interview today Gen. Sir William Robertson, chief of the imperial staff, said:

"Any success of our cavalry is no surprise to us, as there are no men in any branch of the service more carefully selected and trained, or with higher traditions to live up to."

Sir William said that Great Britain had accomplished a remarkable task by reaching Germany's state of development in the art of war in two years' preparation and training.
"But it must be remembered," he said, "that England was not without war experience before the present conflict."

What can't a government do when it | appeared in a Quebec paper, and which

THE NICKEL QUESTION To the Editor of Quebec Telegraph : Sir,-Unless the people of Canada are mostly fools, the government statement or explanation in connection with the export of nickel from the United States will not satisfy

Admitting that a certain amount of nickel is produced in the States, and a small auditional quantity received from New Caledonia, the total of these together is quite insufficient to meet home consumption.

To prevent shipments from the States to Germany, the Canadian Government has only to promptly notify the Government of the United States that if any nickel is shipped to Germany the export to the States will be immediately prohibited.

The United States cannot produc or obtain outside Canada st nickei for home consumption. We can shut off the Canadian supply and leave her without any for export,

nickel that the States ships to Germany is precisely the same thing as Canada supplying Germany with nickel. An intelligent child would see

Nickel is wanted in Germany, and especially by the Krupps, only to ren-der more effective their efforts to kill

and mutilate our boys and the sons of British and French mothers, The International Nickel Compe is probably controlled by Krupps; German secret influence is widespread and far-reaching, and possibly accounts for a Conservative government, piedged to protection and the encouragement of home manufacture, mitting unrefined nickel to leave

Canada without let or hindrance. We all know what the free expenditure of money can do politically and socially, but we have the right as electors to require our government, its members, followers and employes to keep clear of such entanglements, or, at any rate, to shake themselve

If the Canadian Government promptly notifies the Washington authorities that the export of nickel of any production or description from the States to Germany will be immediately followed by the prohibition of the export of Canadian nickel in any form to the United States, it will deserve and earn the approval of all true-hearted Canadians, irrespective of party or politics, but if it fails in this obvious duty, it is for the electors of all parties to remember it when the next election comes.

Ed. Harper Wade.

Quebec, 13th July, 1916,

Even Sir Wilfrid Laurier has gotten busy on this question, and when he addressed the National Liberal Committee at Ottawa the day before yesterday he directed the attention of that body to the nickel question, and advocated the control and conservation of the nickel resources of the Dominion for the industrial development of Canada, and to supof dollars, and ought, therefore, never to ply the needs of the empire. We don't remember having heard Sir Wilfrid talk this way at the last meeting of parliament, but it shows that he has been movnational debt of Canada created by the war; and to greatly aid in the future the and the other papers that have commentrevenue of the country; not to mention ed on the attitude of The World, how these stores of nickel could be used and like a wise politician he has adjusted to build up immense industries in con- his orientation to public opinion. Sir Robert Borden had better sail his

ship on the same lines, only with a still evener keel, and a more direct course. There are rocks ahead if he doesn't. We haven't begun to tell the story yet! The public may look for a very clear deliverence from this Liberal com any day now; and Hon, George Graham, who was minister of railways in the Laurier government, is already busy pointing out to the electors of the country that he has no confidence in the guarantees that have been made that Ca-nadian nickel is not being stored in the United States by agents of Germany for shipment to Germany at the earliest possible moment, by undersea boats, if that way can be worked out.

Perhaps Sir Robert Borden will have time to read the following from a journal

CANADA MUST CONTROL HER

Editorial Christian Guardian (Methodist), July 19.

For some time there has been a good deal of dissastisfaction in Ontario over the fact that our nickel was going

\* WAR SUMMARY \*

THE DAY'S EVENTS REVIEWED

Some anxiety has been expressed over Verdun, but the persons who

have expressed their fears should know that in the plans of the allied gen-

eral staff Verdun has amply done its duty. When the Germans made

final accumulation of their resources in human material to open this

spring campaign, they found that, outside of the men who must be kept

in the trenches to guard their widely extended front, they had only a mass

for manoeuvre of 600,000 rifles. They divided this force equally. Half

was to go to Von Hindenburg for a spring campaign against Russia, and

half was given to the Crown Prince to attack Verdun, break the French

front and march to Paris. But Verdun was too tough a proposition for the Germans to handle. They have been held up there nearly five months

and their losses have amounted to at least 500,000 men. So they were

unable to supply the 300,000 required by Von Hindenburg, and they are

also badly in need of men to bolster up Austria-Hungary. Verdun was the

biggest military gamble in the history of the world and the kaiser and his heir lost the throw. Even if they gained the tactical success of throwing

a force into the limits of Verdun, they would be too weak to go on with

their campaign and the net sum of balance and gain would show a dead

sixty-mile front and the occupation of two important passes, the Jablonitza

and the Kirlibaba, in Transylvania, and the eastern Carpathians. They

have also sent their Cossacks round to attack the forces of General Pflanzer in the rear, somewhere behind Kimpolung and Kuty, and, ap-

the present stage of the campaign. By threatening a descent on the

plains in force the Russian higher command expects to draw round to the

south of the mountains to confront with their forces a large concentration

of Austrians and the ever-present Germans. It is probably hoped that the

terror of Hungary being overrun by fire and sword will compel the enemy to respond to the Russian initiative. By doing so he will have to weaken

his forces at some points of his long front, for he cannot raise the dead

of Verdun and of the Trentino, and this weakening of forces to provide

a concentration in Transylvania will probably give the Russians their chance to smash thru the weakened armies of the enemy confronting them

in Galicia, Volhynia, Poliesie and Courland. What the allies are seeking

at the present stage of the offensive is to break the enemy, no matter

where he is found. After that consummation all things else will come

uncalled for. But if the enemy does not conform to the move on the Car-

that they are now threatening to cut. The Russian success southwest of

Lutsk has brought them close to Vladimir-Volynski and Kovel and they are

now threatening the German communications from Kovel to Lemberg

Riga and Dvinsk. The Russians are conducting their operations with great

leisure in this northern sector and their communications speak of heavy

Twelve Thousand About Braved Torrid Heat at Jackson's Point.

#### MANY ADDRESSES

Lieut.-Cols. Greer. Lennox and Williams Among the Speakers.

About 12,000 people attended the "Lennox picnic" at Jackson's Point yesterday, and in enthusiasm and interest the affair seemed to be on an equality with any of the nineteen annual events preceding it. As an evidence of the increased wealth and buying power of the farming community, shown in the number of motor cars, variously estimated at from 500 to 600, the picnic was a revelation. A marked feature of the gathering was the absence of prominent Toronto and county men, their places being largely taken by women and girls. This was attributed in a great measure to the fact that the farmers are not more than half thru with their haying. The intense heat and the dusty condition of the roads militated greatly against the pleasure of the occasion, but, nevertheless, the affair was voted a success.

Lieut. Col. Lennox, as commander of the 208th Irish Fusiliers, was the central figure in the day's proceedings, and was accompanied by a number of the staff officers and men, together with the pipe and brass bands of the regiment. The splendid band of the 220th York Rangers' Overseas Battalion, and a number of local organizations! were on the grounds during the afternoon.

One of the features of the day was the platform speaking, presided over by Capt.

grounds during the afternoon.
One of the features of the day was the platform speaking, presided over by Capt.
Joseph Thompson.

Everyone Welcome.

Lieut.-Col. Lennox, who spoke briefly, declared the gathering had no political significance, and that everybody was welcome, irrespective of creed, color or political tendency. The Irish Fusiliers were a fighting lot, and would give a good account of themselves at the front.

Lieut.-Col. Greer, commanding the 180th Sportsmen's Battallog, gave an address replete with counsel, and calculated to arouse enthusiasm. The colonel had just arrived from Borden camp, and stated that, notwithstanding all that had been said, about the camp, he had suffered more from the heat yesterday than at any time during his training at camp.

"The uppermost thought in my mind now is that, while we have made sacrifices, we must be prepared to make still further, if the cause of the empire demands it," he declared.

Lieut.-Col. Williams, chief recruiting officer of Toronto district, in an impassioned address, made a strong appeal for recruits, and declared that if the cause of the allies was overthrown, civilization would be thrown back a thousand years. More and more men were necessary for the safety of the empire. Previously reported unofficially, now officially prisoner of war—503287. Sapper

would be thrown back a thousand years. More and more men were necessary for the safety of the empire.

J. A. M. Armstrong, M.P. for North York, stated that he had offered himself to the militia department in a mechanical capacity, familiarity with the motor industry rendering his services more valuable in that department than in any other. So far he had not been accepted. Hon. Dr. Preston, Hon. W. H. Hoyle and others spoke.

A number of "Irish colleens" enter-

A number of "Irish colleens" enter tained the crowd during the afternoon.

#### GRAVE SUSPICION, BUT EVIDENCE NOT CONVINCING

Three Men Charged With Theft Given Benefit by Judge Morson.

Oniff Krofsky, who were charged with equitted in the criminal court yester day by Judge Morson. Saprin, who kept his money in a trunk, discovered on July 5 that it had disappeared. Later it was found hidden in the register in the room occupied by the accused, who boarded with Saprin. A key owned by Krofsky was found in the trunk from which the money had been taken.

YORK COUNTY HIGHWAY Commission Meeting With Great Deal of Difficulty in Se-

curing Laborers.

The York County Highway Commission are meeting with a great deal of difficulty in securing laborers to carry on the construction work outlined by the engineer during the summer. While the proconstruction work outlined by the engineer during the summer. While the program laid out was not an extensive one, unless the labor market improves, it is doubtful if the 15 or 16 miles decided upon will be all built.

The oiling of the system already completed is held up thru inability to get oil. George S. Henry and W. H. Pugsley, both members of the commission stated yesterday that three cars of oil ordered in Hamilton weeks ago had not yet been delivered. Scarcity of labor on the railways is responsible for this. In some places tar and sand is being adopted as a cheaper and equally satisfactory expedient.

#### GETTING IT PRETTY LIVELY IN TRENCHES

Pte. John Probert Says the Boys Will Soon Be Home Again.

Mrs. Walter Foster, 193 Earlscourt avenue, yesterday received a letter from her son. Pte. John Probert, Canadian overseas contingent, in the trenches, in which he says: "It has been pretty lively here lately, but I have pulled thruagain airlight. I should like to get over to Canada again for a week or two, but never mind, we will soon be home again."

Pte. Probert has been in France since the commencement of the war and took part in the battles of fSt. Julien, Langemarck and other engagements without receiving a scratch.

He spent his 21st and 22nd birthdays in the trenches.

#### RETURN TO BARRACKS AFTER A LONG TREK

The officers and men of the 234th Battalion, commanded by Lieut.-Col. Wallace, returned to their barracks at Ravina Park yesterday after spending seventeen days on a very successful trek. They covered a distance of about 150 miles, passing thru the following places: Port Credit, Erindale, Streetsville, Brampton, Caledon, Alton, Caledon East, Balgrave, Bolton, Malton, Caledon East, Balgrave, Bolton, Malton, Casselmore, Clareville, Cocksville, Dixle, Islington and Lambton. They left Toronto on July 3rd, and during the time they were away a number of recruits were obtained. The battalion was well received thruout the district they covered and during their stay at Bolton football and baseball were enjoyed by the men. The whole battalion are in first-class condition after their trip.

#### OAKWOOD POULTRY SHOW.

The regular monthly meeting of the above association was held on Monday evening, July 17, in the Ratepayers Hall, Oakwood, avenue. President Arthur Bennett was in the chair. # IS TO BLEED PUBLIC"

So Declares H. A. Newman at Meeting of Citizens' Committee.

#### TO MEET AT EXHIBITION

Plans to Be Discussed to Further Application to Railway Board.

"I am pleased to see by the press that the mayor and board of control are interesting themselves in our fight with the express and railroad companies," said Chairman J. R. MacNicol at the executive committee meeting of the citizens' express and freight campaign, held at headquarters, corner of St. Clair avenue and Dufferin street, last evening.

"The more help they afford us, the better we will like it," he said. "We have now arrived at the point where we

have now arrived at the point where we should get our big press advertising scheme working, and a committee to select subscriptions in this regard appointed, commencing with the St. Clair district."

The following were appointed: Clifford E. Blackburn, Henry Parfrey, L. L. Jarvis, H. A. Newman, J. E. Tupling, Harry Bell, Ed Claver, John Walshe and J. R. MacNicol.

The following resolution was adopted:

J. R. MacNicol.

The following resolution was adopted:

"That the secretary write the B. I. A. requesting the privilege of installing a booth on the grounds during the association's sports, for the purpose of obtaination's sports, for the purpose of obtaining signatures to the campaign petition."
Regarding the recent communication in the press as to the attitude of the Dominion Express Company, H. A. Newman said:

"Bleed the Public."

"I have been advised of recent date that the express companies have repeat.

"I have been advised of recent date that the express companies have repeated their long-offered excuse for non-delivery in suburban districts that, owing to the shortage of labor, they could not make the deliveries. The reason for the non-delivery is that they have more profitable business within their present its than they can handle with their present staff, and they well know that deliveries outside of those limits will not pay them as well as delivery within. The one object they have in view, and which is so often indirectly referred to, is how best they can bleed the public, with the least possible expenditure. The express and freight campaign committee are to have an open meeting during the Exhibiand freight campaign committee are to have an open meeting during the Exhibition. The sooner the express companies realize that the citizens' committee is in earnest, the better it will be for all concerned. The companies will be brought to realize that they are still operating under a public service charter, and that they are not companies organized to plunder the public at their will and pleasure."

#### DEAD OF WOUNDS. Mrs. J. Peacock Notified of Her Son's Death.

Official notification from militia head-quarters at Ottawa was received yester-day by Mrs. J. Peacock, 254 Nairn ave-nue, Earlscourt, of the death of her son, Driver James Peacock, Canadian over-seas contingent, from wounds in the chest received in action. Ptel Peacock was 19 years of age and the second eld-est son of Mr. and Mrs. J. Peacock. The father and two other sons are at present in the trenches and the youngest boy has recently enlisted as bugler. Mrs. Peacock is working on munitions of war in a Toronto factory.

EARLSCOURT HOUSE DESTROYED. Fire Wipes Out Home of J. Crompton at Branstone Road, Fairbank.

Shortly after 2 o'clock yesterday afternoon the one and a half-storey frame
dwelling owned and occupied by J.
Crompton, Branstone road, Fairbank, was
completely destroyed by fire. The damage is estimated at \$1000 and is not covered by insurance.

The cause of the fire is unknown. Mr.
Crompton, who is a widower, was away
from home and his little child was in the
house, but fortunately escaped injury.

TAKE NOTICE that the Council of the Corporation of the Township of York intends to construct, as Local Improvements, the following works, and intends to specially assess a part of the cost upon the lands abutting directly on the work, namely:

CONCRETE SIDEWALKS.

LONDON, July 19—The meetings mow being held between the minister of munitions and the representatives of the various trades, indicate a general acceptance of a postponement of the August holidays as requested by the government, in order that full munitions supplies for the reen at the front may continue.

LONDON, July 19—The meetings meetings at the paid in ten annual instalments.

With One of These Summer Suits THE SUMMER'S only half over-why not get one of our warm weather suits now

and live the rest of the season enjoyably? We'll fit you with a suit of clothes that's so light, cool and airy that you could wear it down in the region of the equator with the utmost ease and comfort.

You need have no fear of uncertainty about one of these suits keeping you at a desirable temperature, for they're made of thin materials that are porous enough to permit the air to freely circulate, and that are so light in weight

that you'd scarcely believe you wore a suit at all. Their style is very dressy and smart, inncluding the popular pinch-back coats, with form-fitting backs that have half belt sewn on at back, with seams running from shoulder to three inches below belt. They are quarter lined and have three patch pockets.

Trousers are tailored in correct outing style, with belt loops and cuff bottoms.

These suits are made of soft finished tweeds in pleasing patterns of light grey homespun; medium grey with pin stripes and dark grey with small checks. Sizes 34 to 40. Price ..... 13.50

Other lines of fashionable two-piece pinch back suits are made of summer weight cashmeres and cheviot finished materials and navy blue serges. They are exceptionally well tailored suits; designed after the very best styles of the season. Fashionable young men will be particularly pleased with this assortment of suits. Prices, \$18.00, \$18.50 and ..... 20.00

Three-Piece Summer Suits Made of the Very Best Warm Weather Materials

Very satisfactory summer suits are also made in the three-piece style with a great variety of pinch back, "tuck back," and pleat back coats. They are in either two or threebutton styles, all with half belt sewn on at back. Some are lined throughout with lustre, while others are skeleton lined. The vests have five buttons and the trousers are fashionably

made in outing style. In this assortment there's a splendid choice of patterns to choose from, including fawn and olive with small checks, medium grey with Glen Eckert checks, shepherd's checks and navy blue cheviot serges.

These suits are so made that if vest is left off, the suit will look just like the ordinary two-piece suit. See them-try on the coat—no obligation to buy. Sizes 34 -Main Floor, Queen St.

A Dip in the Lake Will Cool You Off And Here's a Bathing Suit for 69c

T'S A MAN'S Twopiece Bath ing Suit, made of mercerized cotton, in dark navy, with red trimmings. All sizes. Exceptionally good value at . .

## **CALL COMES FOR WOMEN WORKERS**

Munitions Board Urges the Recruiting of Female

#### PROVED SATISFACTORY

ing the recruiting of women to work in munitions factories In Great Britain there are now tens of thou-sands of girls and women thus em-ployed and their work has been of inestimable value to the cause of the allies. They are easily trained to handle machines and have proved competent and reliable workers. Chairman Flavelle believes there are thousands of women in Canada who would be similarly available and who be glad to do essential war An illustrated book of instrucs on the employment and train-of women munition workers issued the ministry of municions has been sent to every manufacturer in Canada engaged on munition contracts. There are already hundreds of siris and women employed in the shell factories in Canada. They are reported to be giving good satisfaction.

More are needed."

Foresight Justified. Foresight Justified.

From the above it would seem that the foresight of the Women's Emergeticy Corps is justified, For months they have been asking women to register to do work for which they felt there would inevitably be a call before long, and now the call has come. It has come to both the women and the manufacturers, for each it is equally urgent.

Some flundreds of women are already employed in Toronto, but their entrance into the factory was not heralded with any blast of trumpets.

Now we may take it for granted that their are amongst those who have Now we may take it for granted they are amongst those who have given "good satisfaction."

Chairman Flavelle says he believes there are thousands of other women in Canada who would be glad to do essential war work. Now is the opportunity to show that this belief is well founded.

One aspect of the question that may answer the call, are not those who as to any outside employment. The answer must come from those in the home, from those who have been aced to find their employment and daughters who may be spared from home duties to answer what at the moment seems the more imperative and even higher call, these

Query Answered. Why? someone may ask. Because already almost every woman is employed. The women who will now come forth with an offering of their services will be on the same plane as the men who volunteer to join the colors. Each is prepared to do his or her "bit" for the country on patriotic grounds. In addition the workers will be fairly woll paid. The majority will find that money which they have earned themselves is the sweetest they have nost every woman is employed themselves is the sweetest they have ever handled. If they are not in need of the money they may earn, there is opportunity all about them for using it along various patrictic lines. Anyone doubtful as to the mede of procedure in the matter of obtaining work on munitions will get information at the headquarters of the Women's Emergency Corps, 559 Sherbouwne street

The young woman was only marrie Sunday night, when she and her hus-Those Already Engaged in Factories Are Very
Capable.

A despatch from Ottawa vesterday stated that the Imperial Munitions Board has received from the British Government further orders for \$35.000,000 worth of heavy shells for delivery early in 1917. Commenting on the scarcity of men and the general scarcity of labor, the despatch continues:

As one means of meeting the situation the munitions board is now urging the recruiting of women to work in the munitions of the police, Mr. Geller fell asleep, and dic not miss his wife until he awoke at 3 o'clock yesterday morning. Hearing in agony on the couch. He hastily summoned a doctor, and ascertained that she had taken poison. The unfortunate woman was rushed to the hospital, where she died an hour later. The reason for her rash action is not known, altho neighbors say that Mrs. Geller had trouble with her parents before her marriage. and, who is a furrier, immediately

## **OPERATION FAILED TO**

Died From Injuries Received in Fall From a Freight Car.

William Krimach, aged 41, of 128 Portland street, died in the Western Hospital yesterday morning as the result of injuries received when he fell from a freight car at Strachan avenue siding, Monday.

Krimach was an employe of the Public Cold Storage and Warehouse Co.. and was engaged in loading a car at the time of the accident, when somehow he fell from the car. He was picked up unconscious and removed to the hospital, where it was found that he had concussion of the brain. A trepanning operation was performed upon him in the effort to save his life, but without avail. The body was removed to the morgue, and an inquest will likely be held.

#### ISSUED CHEQUE WITH NO FUNDS AVAILABLE

Private Smart Will Be Brought Back From Camp Borden to Face Charge.

Pte. J. M. Smart of the 204th Battalion was arrested yesterday at Camp Borden, charged with fraudulently obtaining the sum of \$150 from Samuel Patton of the Elias Rogers Coal Co. It is alleged by the police that Smart gave Patton a cheque for the above amount to straighten an account, for which there were no funds available. Detective Mulholland left last night to fetch Smart back.

### CORP BALL MAY BE ALIVE.

#### norrow night. COMMITTED FOR TRIAL.

Charged with having posed as red at Galt Hospital at 11 o'clock this morning of George Caldbeck of the firm of S. F. McKinnon & Co., Toronto. The funeral (private) will take place Thursday to Peterboro.

Charged with having posed as a dector and fraudulently obtained \$179 from Duncan McDonald, Frank Knifeton came up in the police court yesterday and was committed for trial.

The Non-cathartic Nature-cure for

Constipation

Helps the System to Cure Itself.

You cannot cure constipation by violent methods. Violence is

never effective against nature. That is why the use of morning

salts and purgative pills so easily become a habit. These things

do not cure the trouble; they only force matters, and in so

doing weaken the bowels till natural action becomes impossible,

and you have to go on taking your pills or salts indefinitely. Compare Dr. Cassell's Instant Relief. This great tonic laxative

helps nature by strengthening the bowels, natural action is restored and a cure effected which is real and lasting.

Dr. CHAS. F. FORSHAW, D.Sc., F.R.M.S., a well-known British

Scientist, writes:—"Never take Salines or Purgatives for Constipation—to force Bowel action is to aggravate the trouble and create the

# TROTTING RACES

Chief Attractions at Wholesale and Retail Butchers' Picnic Yesterday.

#### **EXCELLENT TURNOUTS**

Splendid Horses and Wagons on View for Competition.

Glorious weather prevailed for the annual picnic of the Toronto retail butchers, which was held yesterday at Exhibition Park during the afternoon and evening, about 3000 people attending. An extensive program was arranged and the majority of the events were carried out successfully. The large crowd in the grand stand were entertained by the band of the 48th Highlanders, but the chief attractions for adults were the trotting and pacing for adults were the trotting and pacing reces and the turnouts of the delivery wagons of the various retail and wholesale butchers in the city. Hundreds of youngsters had the time of their lives, eating soda-biscuits and watermelons and smothering their faces with jam. They entered enthusiastically into the large number of amusing contests provided for their entertainment, and incidentally pro-voked roars of laughter among the

A large number of soldiers, many of them returned wounded men from France, were present, and they also participated in some of the events on

the program.

Races Hotly Contested.

In the half-mile trotting race some very fine horses were entered and the event was hotly contested. Four heats were run and it was some time before the horses were started for the final. Eventually John Locke's horse, Mony. ran out winner, creating a record for

the track, running the half mile in 1 minute 6 seconds. Effic Wright, owned by W. Hezzlewood, was second; Col. Osborne's Jerry Currens third and R. J. McBride's Royal Belle came in last. For some reason the final of the pacing race was not carried out, but in the two heats which were run Lacon-da and Patron Dillard were the win-

Some excellent horses and wagons Some excellent horses and wagons were on view in the retail butchers' turnout. In the competition for those east of Yonge street the following were winners: 1, W. A. Pamphilon, 715 Yonge street; 2, Clayton Meat Co., 583 Yonge street; 3, W. A. Pamphilon; 4, George M. Calgey, 211 Wilton avenue.

Fewer Competitors.

There were less competitors in the

To transport the huge army of workers which will go west to harvest the crops the Canadian Pacific Railway will run special ex-cursions at greatly reduced fares. Going west to Winnipeg \$12.00, plus ½c per mile beyond. Returning trip ½c per mile to Winnipeg, plus \$18.00 from Winnipeg to starting point. Dates and full particulars regarding train service will be announced shortly. W. B. Howard, District Passenger Agent, To-

## POWER SUPPLY NOW ASSURED THE HYDRO

There Need Be No Further Anxiety, Says Premier Hearst.

(Continued from Page One)

to go to the American customers. The understanding, he believed, was that There were less competitors in the event for butchers west of Yongs's street, in which Groves Brothers, 696 Yongs street, took first and fourth prizes, and S. A. Levack, Dovercourt road, second and third.

Gunns, Limited, carried away all four prizes in their event, having the best wagons and horses of the abattoirs and wholesale butchers.

Tem Bartrem won first and second prizes in the centemen's roadsters' the power it needs. The company

first year the hydro has first call on all the power it needs. The company only turns out 100, (0 horsepower, so the hydro cannot go over that figure."

Hon. Mr. Ferguson explained the culmination of negotiations in this way: "You see the federal government allows the export of power by a system of licenses. What they can do is simply each year lower the amount of

tem of licenses. What they can do is simply each year lower the amount of power to be exported."

A Long Conference.

Nearly all day yesterday the Ontario Cabinet was in conference discussing the question. Sir Adam Beck was the question. Sir Adam Beck was present in the morning and it is understood that the agreement between pro-vincial and federal authorities was reached over the long distance tele-phone. When first approached by the Dominion Government it is said that the power interests wanted to compromise and supply 32,000 horsepower by December and the balance, 18,000 h.p., in January. Sir Adam Beck would not agree to this on the grounds that the hydro needed the current right away The hydro s heaviest burden will come ember and will have materially lessened by January.

The Swift Canadian Company bought 100 cattle—butchers at \$7.75 to \$8.25; good cows at \$7 to \$7.40; medium cows at \$5.50 to \$6.50; bulls at from \$6 to \$\$; 150 hogs, weighed off cars, at \$11.65; 100 choice spring lambs at 14c to 14½c lb.; sheep at from 4½c to 7¾c lb.; 50 calves at from 11c to 12c lb.

R. Carter purchased for Puddy Bros. one deck of hogs, weighed off cars, at \$11.65.

Puddy Bros. bought: 100 lambs at from 13c to 14c lb.; 20 heavy sheep at 4c to 4½c lb.; 8 calves at 11½c lb.; 20 prime butcher cattle at \$8.75.

W. J. Johnston bought for Davies, Ltd., 250 hogs, fed and watered at \$11.25, and weighed off cars at \$11.50.

H. P. Kennedy

purchased 150 stockers and feeders at from \$5.50 to \$7.50.

MONTREAL CATTLE MARKET. MONTREAL, July 19.—The feeling was quiet at the local live stock market today, due to a light run of all classes of stock and the heat, there being a falling off in the consumption of meat in the hot weather. Prices were practically unchanged. Quotations were as follows:

lic to 12c lb.; good, 9½c to 10½c lb.; medium, 9c to 10c lb.; common, 7½c to 5½c lb.

Three decks of hogs—Fed and waterd, at \$11.40 to \$11.50; weighed, off cars, t \$11.70.

J. Atwell & Sons sold:
1 carload steers and heifers, 830 lbs., \$7.50

Dunn & Levack

d 13 carloads:
utcher cattle—3, 1010 lbs 24 500

deck was the agreed signal by which the natives were summoned out across the water for the passengers. Holmes kept his parrot in the studio during the filming of "A Tortured Heart," in which he appears with Virginia Pearson, and the bird kept up his chatter of many languages, to the annoyance of Director Will S. Davis.

doza is his favorite part of all that he has so far played.

He was reminded that the hero was of Spanish discent, "So am I," said Mr. Moreno. "Of course, I was partial to him. But there is a reason deeper than that. In this play I did not have to do one artificial thing. "I was playing myself," he added. CHICAGO LIVE 51 Cottle—Receipts, 15.000; market, weak; beeves, \$6.80 to \$10.75; stockers and feeders, \$5.20 to \$8.15; cows and heifers, \$3.25 to \$9.30; calves, \$8.50 to \$11.75.

Hogs—Receipts, 24,000; market, unsethed; light, \$9.30 to \$10.05; mixed, \$9.30 to \$10.05; heavy, \$9.20 to \$10.18; rough, \$9.20 to \$9.40; pigs, \$8 to \$9.35; bulk of sales, \$9.50 to \$10.

Sheep and lambs—Receipts, 15.000; Sheep and lambs—Receipts, \$6.75 to \$10.40.

WINNIPEG GRAIN MARKET. WINNIPEG, July 19.—Wheat dropped 3/2c in July, 5/2c in October and 5/2c in 1)ecember on the local market today. Oats were 1/3/2c lower for July and 5/2c for July, 2 3/2c for October and 3/2c for November. November.

The market resembled one of those before the rust scare started. Even the professionals were disgusted, as the fluctuations scarcely allowed the slightest scalping trade.

Wages from 30 to 51 cents per hour. Apply AETNA CHEMICAL COMPANY Drummondville, P.Q.

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS.

The sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency) on certain conditions.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm-of at least 80 acres, on certain conditions. A habitable house is required, except where residence is performed in the vicinity.

Live stock may be substituted for cultivation under certain conditions.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price, \$3.00 per acre.

Duties.—six months' residence in each of three years, after earning homestead patent; also 50 acres' extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price, \$3.00 per acre.

Duties.—Must reside six months in each of the conditions of the certain districts. Price, \$3.00 per acres. Duties.—Must reside six months in each of three years, cultivate 50 acres, and erect a house worth \$300.

Stevenson. an immediate block of 12,500 horse- time as the military situation warrants hydro-electric committee had their representatives visit the trenches at way, the figure formerly agreed upon- the front, the necessity has gradually \$12-being accepted by the company. been impressed upon the British work-There are two points to be noted in man, and he has responded in the finconnection with the transaction.

The government should realize fully that it has been entrusted with the knowing that they contributed to the stewardship of its power for just such victory to an extent which cannot be The action taken was wholly in the public interest, and a pro-public government need not fear urged that the case was one of emerthe verdict of the people. It may be gency, but governments are always facing emergencies. There is an emergency every day or governments would not be required. The function of a government, especially in a young and progressive nation, is action and Big Force Advances Southleadership. The government which can combine such leadership with good judgment is invulnerable.

These are truisms, but unfortunately they are not always present to the mind of cabinet ministers. If the government would act in the presence of the daily emergencies which arise, in the same spirit in which they have faced this hydro-electric problem, Ontario would soon have a model state of affairs. There are several matters quite as important and quite as urgent as the regulation of electric power export which might be handled with equal promptitude and authority. In view of a possible early close to the war, certain, apparently, within a year, a vigorous policy would secure for the government a complete revival of the confidence which recent events have

shown to be on the wane. The other point should be of inter est to the corporations. It is evident sian and Austrian detachments are in to everybody else, and ought to be constant touch with each other and to them, that politics is not going to be any longer a polite means of milking is rapidly drawing near the mountain barrier. Unable to bring up their heavy artillery over the muddy roads the Austrillery over the muddy roads the Mountains of the benefits which should accrue of the benefits which should accrue trians are retreating to the mountains from the possession of public resources. to make a stand. In the Delatyn sec-The war has been a gigantic demonstration of the mutual dependence of all the units of the state. The corporations must not expect that the old order is to be re-established after peace has been declared. The men who have fought in the trenches are not coming home to be mere hewers of wood and drawers of water for the corporations. The men and women who have given their sons and their sons' sufferings and blood on the fields of Flanders and France will not calmly agree that their sorrowing chil-north of the Odzer marsh.

In the region south of the Dwina, as dren are to be delivered from the Germans in Europe to be handed over to

the corporations at home. Where public property and public resources have fallen into private hands, it should be more and more made a surprise attack on the Gerfully recognized that these treasures belong to the people and must in due course be restored to them. There is no need for revolutionary action, or at least nothing more revolutionary than occurs every day on the stock exchange, when, for one reason or another, a security loses its value, Corother, a security loses its value, Corporation BEAURICH CIGARS privileges are securities on a falling market as far as the corporations are concerned and they had better agree with the adversary quickly while he is in the way with them, lest a worse

thing befall them. More especially this applies to the hydro-electric corporations. They must MICHIE & CO., LIMITED be aware that, apart from public sen-

timent altogether, the growing competition of the Hydro-Electric Commission must deprive them of the profitable monopoly which they had hoped to maintain. With the advent of power from the new Chippewa development, the occupation of the electric corporations will be less and less attractive. There are plenty of channels for the activity of capital outside the obvious public utilities and the exploitation of such resources as by their nature belong to the people and form their common wealth, the common wealth of the individual members of the corporation, just as much as of the

soldiers in the trenches. Capital and capitalists will readily adjust themselves to the new point of view. The idea of nationalizing the railways of Canada has not shocked anyone or caused any sudden deaths. Neither should the nationalization of the express companies, nor of the telephones. The public ownership of electric power has opened the way to many other applications of the principle, and in lumber, in metals, in other common resources of the nation, the people should find a way to facilitate the exercise of their commercial genius and the employment of their capital. cost-has definitely expanded the commercial interests of the province. So, likewise, would the public ownership of all public services, whose joint use is essential to commercial success. The Ontario Government, under Sir James Whitney and Sir Adam Beck, made the first step on this progressive constructive platform. It should have the courage and the foresight to proceed boldly along a path which has already proved so fortunate. No mistake can be made while action is taken in the interests of the people.

est spirit. The result is an unlimited call for The first is the attitude of the government. The prompt action after Monday's breakdown has brought such results as any constituency is pleased to see following government action.

Shortage in this respect was solely reportant lessons of preparedness and the undeniable effectiveness of a united empire. Canadians have taken a more hardless year at Loos and other points. The Europeans have to see following government action. The organized trades will have the supply of shells on all the fronts. satisfaction after the war is over, of measured in definite terms but which must be admitted to be indispensable.

Considerable satisfaction will be felt in Ontario over the announcement of the government last night that the Canadian Niagara Power Co. had ca-Among those present was Dr. H. H.

Stevenson.

The address of Grand Master Luke covered a wide range of topics. He dealt especially with the war, lauding the prompt and certain answer that Canada gave the motherland when the call for help came. The Canadian public has learned from the struggle the important leasured of preparedness and the

no war past.

The grand master then praised the response male by every dependency of the British crown. He declared that Germany, who began the war with the allies, was finding out that truth will prevail and that no sacrifices are too great for the allies to make to defend the principles of right and justice.

Finances Are Sound.

He extended sympathy to Past Grand Masters Malone and Gibson, whose sons have fallen for the empire. He paid the highest tribute to Earl Kitchener, both as a soldier and as a district grand warden of the United Grand Lodge of England.

den of the United Grand Lodge of England.

Touching upon financial matters, the grand master said that the grand lodge, while not equal to 1915, was in splendid shape. The revenue for the year was \$46,550, and the expenditures for ordinary purposes totalled \$19,107. The membership shows a net gain of 1867, standing now at 60,850. There are on the register 441 warranted lodges. The various Masonic lodges have contributed \$46,717 to the Belgian Relief Fund and expended for benevolence during the year \$36,070.

## **WOULDN'T LET PRIEST ACT AS INTERPRETER**

Failing Acceptable Linguist, Cor- Andrew Goldie Last Seen oner Bateman Adjourned Inquest Last Night.

ON BODY OF BI KRIMACH

Was the Victim of an Accident in West Toronto Plant Ten Days Ago.

At the city morgue last night Coroner Dr. Bateman opened an inquest into the death of B. William Krimach, 41 years of age, who a few days ago met with an accident at the Public Cold Storage and Supply Co., which resulted fatally at the Western Hospital on Tuesday afternoon at five o'clock. Failing the presence of an interpreter acceptable to Dr. Bateman last night, he declined to proceed further in the case, and accordingly adjourned the inquest until tonight. Rev. Father Boyarzuk, at whose church on Edwin street, West Toronto, Krimach worshipped, was present at the in-quest and volunteered to act as interpreter, but was not accepted.

Later Rev. Father Boyarzuk, who was accompanied by William Speers of West Toronto, stated to The World that every preparation had been made for the funeral from 128 Portland street Artillery engagements continue on the Riga front. At Lake Misdzial a Russian lake flotilla under Lieut. Olsordered and a large number of fellowcountrymen of the dead man had made arrangements to attend, also that the postponement entailed a hardship on a number of people. Rev. Father Boyarzuk further stated that Coroner Bateman suggested to him to get an inter-

lery fire. The Austrian batteries did not reply to the bombardment, but after the infantry began to advance they opened up with intense gusts of fire. The Italian infantry pluckily The following district deputies were pressed on and gained new positions on the rocky slopes of this mountain Strong Austrian detachments attacked the Italian lines in the Pasubio valley and were repulsed with heavy losses. Strong forces of hostile artillery kept the Italian positions under heavy fire in the Lagarina valley, but his hombardment was effectively and this bombardment was effectively an-

Artillery actions were fought on the remainder of the front. The firing was especially intense in the upper Boite, H. E. Cudwell, Toronto; Toronto Centre, J. H. Rowland, Toronto; Ontario, on the heights west of Gorizia. Some on the heights were disclosed by the cnemy at the head of the Sisera.

Marostica, northeast of Vicenza in Venetia, was made a target for bombs by an Austrian aeroplane, and some of the inhabitants were killed or intured.

## PRUSSIAN COURAGE WON RECOGNITION

British Accorded Honors of War to Defenders of Ovillers.

sisted Almost to Last Man.

LONDON, July 20.—(2.35 a.m.)—The pally Telegraph's correspondent at Brit-Daily Telegraph's correspondent at Brit-ish headquarters in France praises the bravery of the members of the Third Prussian Guard, who defended Ovillers Prussian Guard, who defended Ovillers to the last against overwhelming odds.
"These men," says the correspondent, "had long been in a hopeless position. They were starving because all supplies had been cut off by the British neverending barrage. They had no water, so they suffered from thirst. They were living in a charnel house, strewn with dead comrades and wounded, delirious for lack of drink.
"Human nature could make no longes." "Human nature could make no longer

"Human nature could make no longer resistance, and at last the officers raised the signal of surrender and came over with 140 men.

"The fighting had been savage. At close grips, in the broken earthworks and deep cellars, there had been no sentiment, but the British and Germans flung themselves at each other with homes and conbut the British and Germans hung them-selves at each other with bombs and any kind of weapon. But now, when all was ended, the last of the German garrison received the honors of war, and none of our soldiers deny them the respect due

## **AGED MAN MISSING** MAY BE DROWNED

Near High Park on Tuesday.

CLOTHES FOUND \*

Suit Answering Description Discovered in Swimming Bath Locker.

Clothes corresponding to those said to 70, of 37 Isabella street, whose disappearance was reported to the police yespearance was reported to the police yesterday, were found last night in a locker at Brooker's Swimming Baths, Sunnyside, by a man who had occasion to use the locker. In the pocket of the coat the police found a book containing Goldie's name. It is thought that the old man went in for a swim and was drowned.

Mr. Goldie disappeared from his home Tuesday. He was last seen to step out

PTE. W. MAINES IS DEAD AT THE CAMP HOSPITAL

Was Twenty-Three Years of Age and a Fine Type of Soldier.

The death occurred at the Exhibition Camp hospital yesterday of Pte. W. Maines of the 208th Battalion. Pte. Maines was admitted to the hospital on May 25, suffering from intestinal obstruction, and since that time gradually grew worse until his death yesterday. His home was at 654 Wilton avenue. He

man suggested to him to get an interpreter, a course which he refused to adopt. Efforts were then made to induce the coroner to hold the inquest at a early hour this morning in order that the body which was in an advanced state of decomposition might be interred, but the request was refused.

BROKE BOTH WRISTS AND NOSE.

Fall From Ladder Was Disastrous to Charles Holdge.

While painting his house yesterday afternoon Chas. Holdge, 4 Condor avenue, fell from a ladder, a distance of 12 feet, breaking both his wrists and his nose. He was removed to St. Michael's Hospital in the police ambulance,

His home was at 654 Wilton avenue. He was 23 years of age, and married. Pte. Maines was a fine type of solder, and his house great regret to all who knew him.

Yesterday about sixty patients were discharged from the Exhibition Camp Hospital, and they will report back to their battallons. About one hundred other patients who were convalescent were given passes for two weeks, in order that the Manufacturers' Building, which is the present convalescent hospital, might be vacated in order to undergo preparations for the Exhibition Camp Hospital, and they will report back to their battallons. Of the patients who were convalescent were given passes for two weeks, in order that the Manufacturers' Building. Those on leave will report when their time is expired at the hospital on Gerard street, and, if sufficiently recovered will be sent back to their battalions. Those who require treatment will call at the camp hospital from time to time, as here and the was 23 years of age, and married. Pte Maines was a fine type of solder, and his home was a fine type of solder, and his death causes great regret to all who was the was 23 years of age, and married. # PEACE DEMANDS

Overflow Meeting Necessary Make Successful Advance on Group of Germans Will Heavy Reinforcements En-Open Agitation for Easy Terms.

WILL EDUCATE PUBLIC

Extreme Wings of Annexationist Parties Will Be Combated.

BERLIN, July 19 (via London, July 20, 12.15 a.m.)—A campaign of oratory, designed to check the extreme annexationist movement represented by the Conservatives and the right wing of the National Liberals, is being organized by the so-called German national committee, whose chairman is Prince Von Wedel, formerly viceroy of Alsace-Lorraine and now general adjutant to the emperor. The speaking campaigh includes many of the most prominent names in German science, industry, trade and agriculture.

One of the executive officers in a statement to The Associated Press said that the committee was without fixed program, but that the guiding principle was the Bismarckian one of achieving the attainable.

"We fit night want an honorable pages."

the Bismarckian one of achieving the attainable.

"We frenkly want an honorable peace," he said, "but not at any price. We do not want peace delayed thru the efforts of those who demand that we take all we can get and hold fast to everything our military power enables us to, without regard to future consequences.

To Discuss Alms of War.

"Our desire is heartily to support the chancellor's policies, but we disagree with the government's prohibition of public discussion of the alms of the war."

The campaign will begin on August 1, when public addresses will be made in fifty cities. Police permission has already been granted, which is significant, considering the government's previous policy regarding the discussion of the war aims.

The principal newspapers already are

poincy regarding the discussion of the war aims.

The principal newspapers already are in favor of the committee's program and an active program of education will be conducted in the press.

It is significant that Dr. Spahn, the Catholic leader, came to the defence of the chancellor in the reichstag against the pamphleteers opposing his policy. Since then it has grown more evident that the Catholics are gravitating toward the parties of the left because of their support of the chancellor against the tendencies of the Comprovative porties and the annexationists, which are strongly supported by the agrarian leaders and important groups of big manufacturers.

# AIRCRAFT BOMBED

Were Hit, is Berlin's Assertion.

Sea Forces of Enemy Were Observed, Statement Adds.

BERLIN, July 19 .- The bombardment by German naval aircraft of the Russian harbor of Reval, on the Gulf of Finland, last night was announced today by the German admiralty. Bombs were dropped on cruisers and other warships, numerous hits being observed, one submarine being seen to have been hit four times.

Serious fires broke out on the docks as a result of the bombardment, says the statement. All the raiders return-ed undamaged to German warships in waiting outside the bay. The statement follows:

"German naval aeroplanes on the evening of July 18 bombarded enemy cruisers, torpedo boats, submarines and military establishments at the naval port of Reval. Numerous unquestion-ed hits were obtained on the enemy's

guns and enemy aeroplanes all the German aeroplanes returned unharmed to the sea forces that waited outside the bay. Altho the German sea forces were visible in the clear weather, and the aircraft were able to locate them despite a fog that came on in the early morning, no sea forces of the enemy were observed."

## **BIG RUSSIAN FORCE** OPENS OFFENSIVE

able Launching of Strong Attacks.

**EMPLOY MANY GUNS** 

Austrians Admit Formidability of Drive, But Profess Optimism.

BERLIN, July 19, via London, July 20, 12.14 a.m.—Reports from the southeastern front indicate that the Russians, after a fortnight of comparative inactivity, have brought up heavy reintorcements of infantry and cavalry, and have now resumed a strong aggressive on the head waters of the Moidava, near the Hungarian frontier.

A change in the weather has facili-tated the operations, after clear hot weather, in which it was impossible to conceal the movements of troops for idden attacks in great force. Russians are showing the utmost ten-acity, and their artillery is playing an important role in the operations. The Austrian mountain hatteries, however have achieved splendid results agains

The Russians prepare only hasty field positions, believing that the Aus-trian resistance can soon be broken but the reports say the Austrian in-fantry is withstanding all the attacks

and filling the ground in front of the trenches with Russian dead.

The correspondents intimate that the time is approaching when the Austrians will assume the offensive and try to roll back the Russian tide.

Miss E. M. Villeneux, Miss E. Ballanters E. Mackinson, B. G. Gray, M. Sing from unchanged to a rise of 5c. chance for peace. The market closed Notwithstanding that black rust reports seemed worse than at any time since the infection was discovered, the wheat market appeared at first to be almost wholly under the sway of bearish cable despatches. It was said to be the pravailing view at Liverpool that North American supplies were large, and were likely to increase in the near future. Besides, the outlook for shipments from Russia, in event of peace being declared, was mentioned as having become a factor in European estimates of values. Announcement that the Russians had crossed into Hungary, and that the Swiss ment that the Russians had crossed into Hungary, and that the Swiss envoy at Washington had discussed with the American state department the outlook for a stoppage of hostili-ties, tended further to depress the

Persistence of the black rust advices led in the last part of the day to something of a rally in wheat values, altho at no time to above yesterday's latest figures. The damage reports covered a wider territory in the spring crop states than has heretofore been the case. It was said ed hits were obtained on the enemy's forces. For example, one submarine was hit four times. Serious conflagrations broke out on the docks.

## **DUNLOPS LEADING** DARKNESS ARRIVED

Sensational Finish to Ontario Cup Game—Baracas Ready for Next Round.

The Ontario Soccer Cup competition, "Toronto series," was got under way last night, two games being staged, Dunlops and Batcas and Royal Canadian Dragoons playing at Victoria Coilege grounds.

In the Dunlop-Eaton game great interest was shown, as seen by the large crowd that lined the field when Referee Charley Hall started the game. Eatons played two men short for a few minutes, but when the teams were at full strength it was seen that a fast game was in store for the crowd. Dunlops had the better of the opening exchanges, Art Barron enthusing the crowd with his runs and perfect centres.

Ben Baldwin, who was making his initial bow this season for Eatons, showed that he has lost none of his old time form, his tackling and feeding his forwards being a treat to witness.

After 15 minutes play Art Barron eluded all opposition and shot from near the goal line, the ball went obliquly into goal and was kicked out again, but Referee Hall pointed to the centre. This success encouraged the rubber men and Yeates nearly added No. 2 from a fine centre from Gow, the ball missing the goal by inches. Stupparel was next in the limelight, as with practically an open goal he shot into Coomb's hands. Coombs passed out to Yeates, who ran clean thru but kicked the ball too far, and Adgey ran out and cleared. For a few minutes Adgey was besieged with shots, but he saved them all, Some of his clearances being miraculous. Eatons settled down after this and some real football was displayed on both sides after the usual breather.

Eatons started with a rush, but Sharpe was selecent and serve them hade. They re-

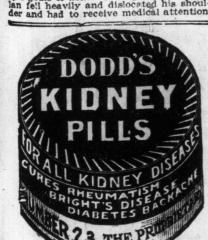

after this and some real football was displayed on both sides after the usual breather.

Eatons started with a rush, but Sharpe was safe and sent them back. They returned to the attack and forced three comers in succession, Sharpe again clearing with a huge punt to Barron, who was at the other end in a trice. Yeates headed his centre over the bar. Play for the most part was fairly even, each side gaining the advantage in turn. During the closing stages Eatons pressed vigorously and claimed that one shot from Stuppard went into the net. Referee was doubtful and disallowed the point after consulting the linesmen. The crowd in the meantime had swarmed on the field and the referee called the game on account of darkness. The outstanding features of the game were the fine display given by Baldwin and Adgey for Eatons and the sterling play of Jack Sharpe at back for Dunlops (his usual position being centre forward). Anderson and Bruce played well for Eatons, as did Barron, Yeates and Gow for Dunlops.

The teams lined up as follows:

Datons — Adgey, Harrison, Martin, Adams, Baldwin, Brookes, Anderson, Bruce, Grey, Eddie Stuppard.

Dunlops—Coombs, Sharpe, Douglas, Moore, Cowper, McLean, Barron, Lowe, Yeates, Gow, Brown. Referee C, M. Hall. The game between Baracas and Royal Canadian Dragoons was full of thrills, the soldiers being out to avenge a league defeat of two weeks ago. The play was not with them, as they had a penalty siven against them, from which Baracas sord, and J. Williams in clearing his lines accidentally kicked the bail into his own goal. The soldiers failed to score, altho they were value for an even break, and Baracas enter the semi-final by 2 goals to none. During the game Rallan fell heavily and dislocated his shoulder and had to receive medical attention

## THE WEATHER

OBSERVATORY, Toronto, July 19.—(8 p.m.)—The weather has been fine today thruout the Dominion and very from Ontario to the Maritime Provinces.

### TWO COUNTY UNITS TO LEAVE BORDEN

Peel and York Battalions Expected to Move Eastward Shortly.

ABSENTEES RETURN

Number Away Without Leave Now Twelve Hundred and Sixty-Six.

By a Staff Reporter.

CAMP BORDEN, July 19.—Two
units in camp here, the 126th Peel
County Battalion, Lieut.-Colonel P. J.
Hamilton, commander, and the 127th York County Battalion, Lieut.-Colonel
F. F. Clark, commander, will, it is
expected, leave for points eastward
shortly. Intimation of this was received in camp today. The giving of "haying furlough" to the members of these two battalions has been cancelled. The 126th Peel Battalion is within one hundred men of being up to full strength. The 100 absentees

Gertrude, second daughter of the late
Robert Wynn, formerly of Brighton, to
William J. K. Bellamy of Toronto.

DEATHS.

Engineers.

In accordance with the suggestion made at yesterday's conference of medical officers, brigadiers are to detail in brigade orders daily a brigade medical officer, who will be responsible for the medical services and the sanitary condition of the brigade lines.

Temp. Capt. E. Trump, D.A.A., and Q.M.G., is appointed to the permanent staff, with rank of captain.

Promotions and Appointments. made at yesterday's conference of medical officers, brigadiers are to detail in brigade orders daily a brigade medical officer, who will be responsible for the medical services and the Temp. Capt. E. Trump, D.A.A., and Q.M.G., is appointed to the permanent staff, with rank of captain.

Promotions and Appointments.

Promotions and appointments are announced today as follows: Rev. N. A. MacEachren to be chaplain of the 134th Toronto Highlander Battalion. Rev. A. E. Lavell, chaplain of the 125th Brant Battalion.
Capt. W. A. Cockshutt to be major in the 125th.
Lieut. J. B. Heron, 2nd Field Company, C.E., to be captain in No. 1 Construction. Battalion.

struction Battalion. F. A. R. McNair to be lieutenant in No. 1 Construction Battalion.

To be majors in the 134th Highlanders, Capts. T. P. Grubbe and P. E.

Illegal Absentees Return Parade state of camp today shows 235 illegal absentces have returned since yesterday, reducing the men absent without leave from 1501 to 1266. Today full strength of camp is given as 32,140. Of these 243 are on regular

leave. Col. Graham, 142nd London Battalion, takes exception to press reports of yesterday's showing of men illegally absent, claiming they were only based on tattoo reports. The 142nd, he says, has now only one absentee.

Arrangements for 15,000 troops to go on leave this week-end have been made. New regulations drawn up made. state that in returning to camp next Monday from leave, troops must only

travel on special schedule of trains provided by C. P. R. and G. T. R. Harper, customs broker, 39' West Wellington st., corner Bay st. HALL-PRINGLE.

COBOURG, July 19.—At Cobourg. Ont., July 18, the marriage was solemnized of Miss Edna E. Pringle, only emnized of Miss Edna E. Pringle, only daughter of Mrs. Harry Pringle, Cobourg, and T. F. Hall, barrister, also of this town. The ceremony took place at the home of the bride's mother. Rev. H. R. Horne officiated. Great bowls of brown daisies lent a golden glow to the rooms and the bride was glow to the rooms, and the bride was in old bold crepe de chine, with collar of duchesse and rose point, and carried white roses and daisies. The bridesmaid, Miss Gladys Black of Tweed, cousin of the bride, was in brown and carried brown daisies.

Five to Six Dollars

celled. The 126th Peel Battalion is within one hundred men of being up to full strength. The 100 absentees are men who have overstayed their leave. The 126th spent the first half of the summer in training at Niagara Camp. The 172th Battalion was quartered at Mount Dennis before coming to Borden.

Camp Sergt.-Major Hargreaves lectured the sergeants-major of all units in camp today. He pointed out the necessity of having uniformity in the system of guard-mounting. He will confer with the sergeants-major weekly.

Altho the authorities doubt that the man arrested in the 204th Battalion, following an altercation with another soldier, is either a Turk or a spy, they have ordered enquiries in both Toronto and Brantford Cities, where he recently lived.

Big Number Going on Leave.

Colonel Walter Maughan and P. J. Lynch held a conference with staff of the full strength which came in yesterday, causing much waste, the market being stip much waste, the market being slightly better. They sold at 7c to 10c per box, an odd one of better quality bringing 11c; but the bulk sold at 8c and 9c, even the 10c being hard to secure.

Lemons are the centre of interest at the present time, as they are advancing in price by leaps and bounds, partly because they are difficult to obtain. Yesterday's prices ranged from \$5 to \$6 per case, and they are expected to still advance.

Raspberries sold from 15c to 20c per box.

Cherries remained about stationary at Tuesday's quotations.

Cabbage is coming in more freely and has declined, selling at from \$2.75 to \$3.25 per case.

Leamington hot-house cucumbers ad-

Blueberries—\$1.25, \$1.50 and a few at \$1.75 per 11-quart.

Cantaloupes—Arizona, \$6.25 to \$6.50 per case for standards; \$2.25 for flats; Colorados \$3.25 to \$3.50 per case.

Currants—Red, 4c to 6c per box, 35c to 50c per 11-quart, and 25c per 6-quart.

Cherries—Canadian, sour, 25c to 40c per 6-quart, and 50c to 75c per 11-quart, sweet, 60c to \$1.10 per 6-quart, and \$1.50 to \$2 per 11-quart.

Gooseberries—4c to 6c per box; medium sized, 30c to 35c per 11-quart, and large choice fruit, 50c to 75c per 11-quart.

Grapes—California, Malagas, \$4 per case.

choice fruit, 50c to 15c per case.
Grapes—California, Malegas, \$4 per case.
Lemons—Verdilli, \$5 to \$6 per case.

## A Message to Thin Weak, Scrawny Folks

An Easy Way to Gain 10 to 30 Pounds of Solid, Healthy, Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say: "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

cf duchesse and rose point, and carried white roses and daisies. The bridesmaid, Miss Gladys Black of Tweed, cousin of the bride, was in brown and carried brown daisies. Stuart Clarke, brother of the groom, was best man. Mr. and Mrs. Hall left town later for Muskoka for the honeymoon. The bride's traveling costume was a suit of light navy taffeta with hat to match.

CHARGED WITH THEFT.

Herman Berman, 133 Mutual street, was arrested yesterday afternoon by Acting Detective Thompson on a charge of theft, Geo. Langley is the complainant.

Making elements of them out through the body as waste.

## EVEN BREAK ON THE DAY SHOCKER ADDS ANOTHER

Thirteenth Win for Local Pitcher When He Scored a Shutout in First Game of Double Bill-Leafs Failed to Hit in Second Contest.

The Leafs wound up the present home stay by staging another bargain for a goodly crowd of fans, and incidentally split the card with the Newark Indians. Urban Shocker pitched his thirteenth win for the locals in the opening fixture and his fourth successive shutout, when Newark collected only four hits and no runs. Toronto scored

Shocker struck out twelve men, and yesterday's performance of letting down Teney's crew with four hits makes only fourteen hits secured off the league's leading pitcher in the last four games he has pitched, a marvelous record.

The second game came close to ending in serious trouble. The Indians beat us 6 to 0, but at one stage, when we had a chance, the umpire pulled a decision that roused the fans and the players. With every base occupied in the eighth, Murray hit one down the third-base line that was labeled three bases, and most people thought it fell fair. Umpire Handiboe ruled that the ball dropped foul, and an awful roar arose. Murray was so mad that he grabbed the umpire by his coat lapel and tried to drag him down the line to show him where the ball fell. Manager Birmingham kicked loud and long, but it was useless, and both Murray and Birmingham were banished to the clubhouse. Manning had then to bat for Murray, and finished the game in centre field. A crowd gathered round the entrance to the clubhouse after the game, but Lena Blackburne saw that Handiboe got to the clubhouse

The Leafs found Enright, the man they drove from the box on Tuesday, a huge puzzle, and secured only three hits off him in seven innings. Enright was benched in the eighth with the bases full and two balls on Murray.

forced Kritchell at the plate, and Trout rolled out.
Enright kept it rolling along until the eighth. McTigue batted for Herbert and beat out a hit to second. Truesdale was walked, and then Smith laid down a roller. Enright pulled a bone by throwing too late to second, and all runners were safe. He gave Murray two balls and was benched. Healey, an infielder, who subs at short and first base, took a turn at pitching. Murray landed one down the third-base line that looked safe, and Handiboe spoiled our fun by calling it

Handboe spoiled our fun by calling if foul. His decision raised a storm, and it ended by Murray and Birmingham being sent to the clubhouse. Manning finished

sent to the clubhouse. Manning linished up for Murray by fanning, and the next two batters died. This ended our only chance of scoring. Russell yielded two runs in the ninth, for the visitors to make their total six.

full and two balls on Murray.

First Game.

Shocker showed one of his best performances in the opening game when he shut out the Indians 2 to 0, allowing them only four hits. Shocker fanned twelve men and always had the situation well in hand. Smallwood pitched nice ball too, and after the first imnings he moved down the Leafs in style.

Dawson Graham hurt his leg when he collided with Egan at the plate in Tuesday's game and hobbled around the first bag in real pain for the biggest part of the first game. He finally had to retire and Paul Kritchell finished the job at the first corner. We lost the second game, 6 to 0, but enough action was crowded into the eighth innings to set the fans in an uproar. It was here that Umpire Handiboe made his great foul decision, and the changes were many and fast. Newark benched a pitcher, the Leafs used a pinch hitter and were forced to press a pitcher into action to take Murray's place when he was ordered to the clubhouse. Herbert was back in his old streak of hard luck when the visitors got a run over in the first innings. Smith booted Cable's roller and then threw it wide, the Newark runner pulling up at the halfway stop. He rode home on Callahan's double.

and Paul Kritcheli finished the job at the first corner.

The Leafs went to work right away and got shocker a safe lead. Truesdate poled a single on his first appearance and galloped home on Smith's mammonth double to deep left. Murray promptly sacrificed and then Smith trotted in after Graham's high fly had been gathered in. This was the only scoring of a contest of airtight pitching.

Shocker simply bowled them over as they came up and when Smith and Kritchell tried hard to make trouble by booting a couple of rollers in the eighth Shocker made the next batter whiff and Trout gathered in a fly for the third out.

Shocker was warmly applauded all thruchell tried hard to make trouble by booting a couple of rollers in the eighth Shocker made the next batter whiff and Trout gathered in a fly for the third out.

Shocker was warmly applauded all thruchell the fixture and the biggest week-day forced Kritchell at the plate, and Trout rolled out.

Enright kept it rolling along until the seventh before scoring again. Two runs came in this round. The first two hitters laid down bunts and beat them out, and a sacrifice moved them up a base. Two singles sent them home.

The Leafs couldn't do anything with Enright. He was a trifle unsteady, as far as control was concerned, but very steady in so far as letting any base hits run wild. He walked the first two in the second and Blackburne sacrificed. Kelly forced Kritchell at the plate, and Trout rolled out.

## **ANOTHER YANKEE** ON INJURED LIST

High Turns His Ankle Chasing a Fly-Donovan's Men Win Doubleheader.

At New York (American)—Despite the loss of another player, Outfielder High, who wrenched an ankle while coming in for a short fly in the second game, New York, retained is lead by twice defeating St. Louis yesterday by scores of 5 to 0 and 5 to 4. It was the sixth double-headed New York has won on the home grounds this season. In the first game Russell shut out St. Louis with four hits, two being scratches, while the Yankees pounded Koob hard.

In the second game New York hit

Russell and Nunamaker.

Second game—

St. Louis .... 0 1 0 0 0 1 2 0 0—4 9 1

New York .... 0 1 1 0 3 0 0 0x—5 8 2

Batteries: Hamilton, Davenport and Severoid; Fischer, Mogridge, Shawkey and Nunamaker.

At Philadelphia—Cleveland hit the ball hard, took advantage of Hasselbacher's wildness and Witt's errors and won from Philadelphia 12 to 5. Score:

R.H.E.

Philadelphia 12 to 5. Score:

Cleveland .... 1 0 5 0 0 2 0 2 2—12 12 1
Philadelphia . 1 2 0 0 0 1 0 0 1—5 9 3
Batteries: Bagby and Daly; Hasselbacher and Carroll.

At Washington—Chicago and Washington split even, Chicago winning the first game 6 to 3 and Washington the second 6 to 2. In the first game, after E. Collins' error had aided Washington to tie the score, Johnson went in to pitch, and three singles, a hit batsman and a sacrifice fly gave Chicago its winning margin.

First game—
Chicago .... 0 1 0 2 0 0 0 0 3—6 6 2
Washington ... 0 1 0 0 0 1 0 1 0—3 6 4

## Yankee Soccer Team Schedule in Sweden

NEW YORK, July 19.—Thomas W. Cahill, secretary of the United States Football Association, who will accompany the American soccer team when it leaves for its Scandinavian tour next week, yesterday received the official schedule for the five matches to be played under the auspices of the Swedish National Gymnastic and Sporting Association of Stockholm. The list includes a match against a representative Swedish team, which will be the third of the series at Stockholm. The schedule follows: chedule follows: August 15, vs. All-Shtockholm at Stock. August 18, vs. All-Stockholm at Shtock-August 25, vs. Gothenburg at Gothen August 28 vs. All-Christiania at Chris-Addust 20 vs. Am-Ciristiania, at Christiania.

The tour will last seven weeks and in addition to the foregoing additional matches may be played, including possibly some in Holland, but these will depend largely upon the showing made in Norway and Sweden.

WON A

Captures the Ohio for Trotters-St. Frisco's New Mark -The Summary.

CLEVELAND, July 19.—Today was bargain day at the North Randall Grand Circuit races, with six events on the program. Walter Cox rode his first 1916 victory with Mabel Trask, the much touted trotter, in the first big trotting classic of this year's Grand Circuit, the Ohio. St. Frisco, driven by Frank Jones of Memphis, won the opening heat, setting a new record, 2.04%, for the Ohio Stake. In the unfinished North Randall Three-Year-Old Trotting Sweepstakes, Pr-pressive Loud won the deciding heat

Year-Old Trotting Sweepstakes, pressive Loud won the deciding heat pressive Loud won the deciding heat easily.

The Beaver won the unfinished 2.05 pace in straight heats.

In the 2.09 pace Bondalin, which last season was the champion three-year-old pacer of the Pacific coast, after dropping the first heat, paced his field into the ground and won as he pleased.

Gilbert Patch, one of the few favorites that have gone over during the present meeting, won the 2.15 pace.

The 2.11 trot was won by Billy Durfee's Esperanza, another long shot.

## PREPARATIONS MADE TO DEVELOP NEWRAY

Gang of Men Stripping New Veins -Free Gold Being Discovered.

Little time was lost in the reopening of the Newray mine of Porcupine, and at the present time, with Mana-Charlebois in charge, aggressive development is being pushed, A con-tract has been let for diamond drillundertaken by the company itself \$200,000 in ore was taken out.

The reopening of the old Rea pro-

perty, under the new title of Newray, has caused a great deal of interest among the mining men in the north, and among those who are interested in the development of the Porcupine Camp. This property was one free gold is being found on one vein, of the first to be staked out in Can-ada's premier gold camp, and it gave pits. The contractor has put his diapromise of great things. Its location mond drilling plant on the property was considered ideal, and many veins and will commence operations to lopromise of great things. Its location As on the Hollinger and the McIntyre and Jupiter properties, the strike of these veins was in a northeasterly

direction. At the time that Rea was opened up much money could have been saved had there been the same amount of development in the camp as there is at the present time, but at that time had been but little done, and much of the money spent on the Ren s in the nature of exploration.

Present day knowledge of the geo-graphical formations of the camp, which has been gained at the expense the various mines, has put the Newray in a decidedly different light to the days when it was first pros-

Despite the utmost confidence that the original owners had in the property, and employing the best engineering talent that could be had, reverses and the apathy of investors were responsible for the closing down the mine after thousands of dolhad been expended in aggressiv development. At the time the mine was shut down the main shaft had been carried down 425 feet on the vein No. 1, and had been heavily timbered thruout. Stations were cut at the 200, 300 and 400-foot levels, with crosscuts from each cutting the vein.

On the 200-foot level extensive drift- BOSTON CREEK MINE ing was done and crosscuts driven into both walls for a distance varying up to 300 feet. Considerable lateral work was also done at 257 feet, where another station had been cut and a crosscut here proved the quartz body be 30 feet in width. At the 300 foot level the greatest amount of work was done, with over 1000 feet of

Of the total area of the property some 320 acres, two-thirds of it had been trenched and 280 acres of it

The property lacks nothing in the way of equipment, and as soon as any quantity of ore is taken out it will be treated in the ten-stamp mill which is ing, in addition to the work which will on the property. The mine is fully be undertaken by the company itself, equipped with boilers, compressors, the original shaft from which over lighting and pumping plant, all of which is in good running order. Dur-

pro-ing the short time the mill was in the operation no less than \$210,000 was produced in gold. A full crew of men are now working, mainly on stripping new veins, and a wire down this week says that cate the big vein with as little delay

### DOME RAND INCREASES

TIMAGAMI, July 18 .- The Dominion Rand Company is fast increasing its output of copper and a large tonnage of high-grade will shortly be sent out from the number one property. The rapidity with which development and output are now going on at the Do-minion Rand are evidenced by the fol-lowing: For the first quarter of 1915 copper ore shipments were 47,912 lbs., and up till June 1, 315,024 lbs. Shipments during July are running from 100,000 to 200,000 lbs, per week and the total cutput now is 715.094 lbs. Even the present large tonnage will be increased as quickly as new equipment and provision for shipping can

Free Gold Showing in Ore Blown Out of West Drift.

POSTON CREEK, July 18 .- "Highdrifting and crosscutting, while on the grade ore with lots of visible gold ap-400-foot level a crosscut was run to pears on the west drift after shooting last round this morning. Vein at 200

foot level stronger than ever." The above despatch was received vesterday from the manager of the

Boston Creek Gold Mines Co. recently said:

level on the R.A.P. Syndicate at Boston Creek is four feet wide of very high-grade ore. To operate the holdings of the R.A.P. Syndicate there has just been formed a company called the 000,000, a charter of which has been in existence for some months. Two hundred and fifty thousand dollars have already been subscribed for develop ment and 500,000 shares will go into the treasury. The directorate is F. M. Richardson of New York, president; W. B. Albright of New York, president; W. B. Albright of New York, vice-president; J. K. Papassimakes of Boston Creek, H. D. Symmes of Niagara Falls and J. P. Bickell of Toronto, directors. This merger will take in the townsite on both sides of the T. and N. O. track OUTPUT OF COPPER at Boston Creek, the R.A.P. claim upon which the work is now being carried on, and the Kenzie claim where a shaft is down about 30 feet. It is the intention to continue to sink to the 200 foot level, cut a station there and do some diamond drilling. A central shaft will be located and it is possible that a mill will be built. The con-pany as at present formed is well-financed and the operations of the Boston Creck Gold Mines are likely to be extended very considerably in a short time. Mr. H. D. Symmes will be the manager of the property.

## Spectacular Ore Showings

SUDBURY, July 18 .- A. M. Bilsky and a party of Montreal capitalisis have returned from the Atlas Gold Mine in Asquith Township with some splendid camples of ore showing free gold. Mr. Blisky says the ore is more spectacular than anything yet found should replace the Commentary of the form of the should replace the control of the should replace the control of the should replace the sho and a party of Montreal capitalists have returned from the Atlas Gold Mine in Asquith Township with some splendid samples of ore showing free gold. Mr. Bilsky says the ore is more spectacular than anything yet found outside the Croesus mine in Munro. In placer the vein runs over 2000 ounces of fine gold to the ton. The Atlas mine is in the Shining Lake district.

Mine gord and Timiskaming deep shafts to tap the lower contact are going ahead rapidly. The mines are running along steadily.

A short distance away the People's Mining Company is continuing the mine is in the Shining Lake district.

# GETTING HIGH GRADE OLD PRODUCERS

Several Old Properties Have Reopened and Are Shipping Ore.

## PORCUPINE'S PROGRESS MOST SATISFACTORY

Great Ontario Gold Camp Experiencing Big Changes With Rapid Development.

#### TONNAGES INCREASED

Growth of Country Reflected in Prosperity of Timmins-Real Estate Boom.

Porcupine is going thru some big changes and is developing very rapid-ly, more rapidly than those not very closely in touch with mining in northern Ontario think. Since the first of the year some big things have been done by the mines, particularly along the line of increasing tonnages. The towns in the Porcupine district are benefiting in proportion, Timmins especially, where over two hundred houses have been built or are now under construction this year. course some of these are in the suburbs. Several business blocks, a large theatre and an impressive station for the T. & N. O. Railway are under construction. The growth has been so great that an extension of the waterworks system is imperative. South Porcupine and Schumacher properties are valuable and a real estate boom

The amalgamation of the Hollinger. Acme and Miller-Middleton properties into a \$25,000,000 company has convinced many skeptical people that convinced many skeptical people that
Porcupine is not a small camp. The
dividends of one per cent, every four
weeks puts the Hollinger Consolidated
among the greatest mines of the
world. Other amalgamations have
been proposed and C. W. Summerhayes of the Porcupine Crown and C.
H. Poirer of the Porcupine Vipond
are examining the McIntyre, McIntyre
Extension and Jupiter McIntyre to
valuate the properties for a proposed valuate the properties for a proposed amalgamation. South of the Hollinger the Porcupine Vipond and North Thompson mines are each being ex-

amined by the other and an amalgamation may result.

Proposed Merger.

If it goes thru the Vipond mill will probably be increased to 400 tons a day or a new mill of that capacity built. The veins run thru both probuilt. The veins run thru both pro-

perties and an amalgamation should be mutually satisfactory.

Probably the biggest thing going on in Porcupine is the building of the two thousand ton a day addition to the Hollinger mill. This will give the company a tonnage of 4000 tons a day. By the time the mill addition is completed the central shaft will be ready for operation. The underground work-ings of the three mines in the amalgamation are being coupled up so that when the enlarged mill is working, ore can be drawn from many sources.' Actual construction of the mill should

start shortly.

The Dome Mines is steadily increasing its mill capacity. The tonnage fell below May, the record month, in June because of water trouble, but this has been remedied and July should be a record month. The stamps are being steadily replaced by tube

It is the consensus of opinion among mining men that the option in the Dome Extension will be taken up by the Dome Mines.

Greater Production. The McIntyre mill is being remodeled in some details which will result in an increased production. development underground at the Mc-Intyre have been more than satisfac tory. The big vein, sixty odd feet wide, cut on the 700-foot level has been proved for a considerable distance. The twenty-five foot vein found along the line of the McIntyre and the Extension at a thousand feet has been drifted on with good results. A diamond drill hole from No. 5 shaft cut a vein over twenty feet wide at about 900 feet on the McIntyre. The

Jupiter is steadily sending ore out for treatment. There is little to say regarding the Porcupine Crown. The long steadily, turning out its regular tonnage, and continues to pay divi-dends. Some exploration work has

portance found in new veins cut.

The Vipond mill closed down for a bering of the shaft from 300 to 400

Shaft Being Sunk. dewatered and mining will be started been done on the first three levels; within the next few days.

If the amalgamation with the Vipond A large number of prospectors are is consummated it will not be hard to couple the workings of the two mines.

Another mine in the Pearl Lake second Larger Lake section.

Another mine in the Pearl Lake second Larger Lake second Lake second Larger Lake second Larger Lake second Larger Lake second Lake second Larger Lake second L old Larder Lake section.

The R. A. P. Syndicate is letting all its mining work by contract. The station is being cut at 200 feet and drifting will be started on that level shortly. It is proposed to explore the eastern part of the proposed to explore the eastern part of the present shortly. It is proposed to continue the started on that level shortly. The Schumacher is making tion, the Schumacher, is to be devel-

Adjoining the Dome Mines the West may be erected. Operations should be started shortly on the Kenzie property adjoining, including the holdings of the Boston Creek Gold Mines, Limited, recently formed. grade vein on which the shaft is being sink has been showing up very well.

Newray Reopens.

ANOTHER DIVIDEND Operations are coming back to mid-dle Tisdale. The Newray is preparing Directors of Coniagas Mines have campaign. The only vein worked underground, tho several were found on mine closed down.

Several smaller operations are being carried on and more should be heard of them shortly. The opinion in the camp is favorably disposed to the Rea, now the Newray and the camp pioneers will heartily welcome this mine into the producing stage again. The mine is fully equipped for aggressive development and engineers all claim that the company's 320 acres are clearly in the Hollinger, Mcin-R. Pearce. tyre vein zone.

MINES and MINING

During the past two weeks there has been a big slump in what is known in financial circles as "war babies," which include stocks of all kinds dealing directly or indirectly in war supplies.

Several weeks ago I pointed out in an article in these columns that sooner or later there must be a readjustment in values of war stocks, as many were selling at abnormal prices.

While it is true that many companies for the past eighteen months have earned sensational profits, it is also true that these profits came as a direct result of the war, and when peace is declared they cannot hope to continue such remarkable earnings.

The truth is that speculation in war stocks has been greatly overdone and the poor investors who have purchased at top prices will find that they are in for a big loss if they don't get out before

the crash comes. I called attention a few weeks ago to the fact that the big banks down in New York had given brokers notice that motor stocks would not be accepted as good collateral for loans and since then there has been a decline of from 10 to 30 points in some of the best motor stocks dealt in on the New York Exchanges.

This decline is only natural, and I will indeed be surprised if we do not see still lower prices for all the high-class motor and war

1915 and 1916 have been banner years in the motor industry and many of the leading automobile manufacturers sold their entire production long before the machines were assembled at the factory It certainly has been a wonderful year for the automobile, and taking the trade as a whole, it was never so prosperous as it is today.

Many motor companies will show earnings this year of 20, 40, 50, 75 and even 100 per cent., and it is on account of these wonderful profits that I issue a note of warning to friends and clients.

A few of the big standard motor companies will no doubt continue to earn large profits, but the vast majority of motor companies, especially those that were recently organized, will be lucky to earn 5 or 6 per cent., and I am of the opinion that many of the smaller companies will be forced to the wall in the next two years.

This is not a wild statement, and I believe almost any wellinformed financial man, who is familiar with the motor industry, will verify it, for in my opinion the increase in production is far ahead of any possible demand, which can result in only one thing

over-production. Almost without exception the large motor companies have greatly increased their manufacturing facilities; some of them have arranged for more than 100 per cent. increase in production for that no "extra" dividend will be declared at next week's quarterly meet-1917; while even the more conservative companies have planned to turn out more cars than ever.

In addition to this enormous increase in production from the old established motor companies, there are the new companies to be reckoned with, many of which are starting out on a big scale. At the least calculation there must be nearly two score of new motor companies in the United States alone, and this is not counting the small town companies that purchase parts from various concerns, assemble them in a small shop and turn out a machine that is sold

I am not a pessimist, and although I firmly believe there must locally. be a readjustment in the motor trade sooner or later, I do not believe

it will affect our general prosperity. I point to the motor trade because at the present moment there is a large number of new motor stocks on the various exchanges good deal better undertone yesterday, which are being absorbed by a certain class of investors, and I want my friends and clients to understand basic conditions before they

place their funds in such investments. Experience has taught me that the average investor buys on present conditions without a thought of the future, and those who follow this rule with motor stocks will find themselves left holding the bag.

When you make any kind of an investment, look at the past and present of the company and then take a peep at the future, for it is the future that really counts after all is said and done, and although the past and present may be ever so rosy and bright, remember your dividends depend on the future.

The very best investment today is in something that has a great future and in this respect you should not overlook silver and silver

While copper, lead, nickel and zinc have had their day, silver's day is yet to come, and the best judges of such matters are unanimous in saying we shall see silver selling at 75 to one dollar an ounce after peace is declared.

Even the layman, who will look up statistics, will have no trouble in finding there is a big shortage of silver in all parts of the world -he will also find there is an ever-increasing demand, which must sooner or later be supplied. Dispatches from London tell us that the Indian Bazaar, which

held enormous supplies of the white metal, has disposed of practically all the silver held by that powerful body for more than a score of years, and this was the last big reserve of white metal held in the entire world. London, the chief market for silver, has been depending on

small supplies shipped from Canada and for more than three months

small supplies shipped from Canada and for more than three months has held less than \$1,000,000 in reserve.

London alone is in the market for \$500,000,000 worth of silver, and nearly every European country must buy large amounts to back up the paper currency issued since the war.

No one will dispute the fact that there cannot be any over-production it duction of silver, for before there could be any over-production it would be necessary to discover several new silver districts like Cobalt today produces almost one-fifth of the total supply of silver, and swing which would be augmented by the scramble of the shorts to caver.

Dome Extension and McIntyre Extension and McIntyre Extension and McIntyre Extension.

although this will no doubt be a banner year in production for Cobalt, still the increase will hardly be noticed when compared with the huge demand. All of the producing silver mines of Cobalt must have an era of prosperity that should last for the next ten years, and my sincere advice to friends and clients is to purchase good silver stocks before the big advance comes. You certainly can make no mistake by placing some of your spare funds in a stock like Kerr Lake, now selling slightly below par and paying 20 per

Kerr Lake has broken all records in the production of silver since March i every month since then has been an eye-opener for those who think Cota back number.

At present prices Kerr Lake returns from 23 to 25 per cent. yearly on your investment, and figuring that the production is sold at 60 cents per ounce, which is very low, the company is earning more than double its dividend re-

In my opinion Kerr Lake is an excellent investment, returning a high rate In my opinion Kerr Lake is an excellent investment, returning a high rate of interest that is as certain as anything can be for many years to come. Should silver go to 75 cents or a dollar, which is not only possible, but quite probable, Kerr Lake would double or treble in value, so those who purchase probable, Kerr Lake would double or treble in value, so those who purchase Kerr Lake as an investment are receiving more than 20 per cent, yearly and have an excellent opportunity of seeing their money doubled in a short time. I would also advise friends and clients to purchase a block of Lorraine Consolidated stock, now quoted at 25 to 27 cents on the exchange.

This, in my opinion, is the best silver prospect in the Cobalt district, and the shares may at any time become very valuable.

the shares may at any time become very valuable.

Work is being pushed rapidly on the Lorrain Consolidated, and I would not be at all surprised to hear of a big strike any day. By placing your funds in silver properties you are looking to the future and such a future must bring peace and prosperity to Cobait and Canada.

## STOCKS RECOVER **MUCH OF LOSSES**

Special Issues Regain Two to Three Points on Average.

FRENCH LOAN DOES IT

Munitions and Equipment Give Breadth to

NEW YORK, July 19.—Stocks dis-played pronounced recuperative power today, specialties of almost all descrip. today, specialties of almost all descrip-tions, particularly those under recent severe pressure, scoring average gains of two to three points, with greater advances in the more volatile issues. The rise was brought about by a com-bination of favorable circumstances, which included well defined reports of

which included well defined reports of forthcoming war contracts.

The apparent success of the new French loan, in which dealings on the "when issued" basis were made in the open market, and the weekly reviews of steel trade authorities, which referred to increasing tonnage of exports, exorcised a favorable sentimental influence. Local money conditions reflected further ease both as to call and time accommodations.

Obviously advances in the stock list were made largely at the expense of an over-confident bear element, which had extended its operations to the point where any reversal might prove disastrous. Indications of urgent covering of short contracts were frequent that the session.

Shipping shares regained much of their former prominence, with advances of one to two points for Mercantile Marine preferred and United Fruit and 5 1-2 for Atlantic, Gulf and West Indies common, with 3 for preferred. U. S. Industrial Alcohol reestablished itself in speculative favor by an abrupt rebound of 7 3-4 points to 112 1-4 on rumors of another profitable contract with the French Government.

U. S. Steel led the market,

The mining market was compar atively inactive during the early part of yesterday at the Standard Stock Exchange, with the volume of business small, but the closing was brighter

Dome Extension and McIntyre Extension held the centre of interest and furnished the features of the market with advances. The former issue opened at 34 1-2 and in the afternoon a demand sprang up which forced the stock up rapidly to 351-with 36 bid on the close, McIntyr 35 1-2 Extension opened higher at 46, but

stock.

Porcupine Vipond was higher on the close at 42. Teck-Hughes held steady

Reserve changed hands at 47. Mc-Kinley sold at 57 while 60 was paid for an odd lot. Timiskaming went back 1-2 point to 521-2, but closed better at 53.

Obviously advances in the stock list

ering of short contracts were requested during the session.

Munitions and equipments like Bethlehem and Crucible Steel, the Locomotive Railway Steel Springs, American Car, Pressed Steel Car and the Motors and their accessories contributed to the breadth of the trading. Shipping shares regained much of their former prominence, with ad-

ng.
Rails were backward most of the day, but Union Pacific, Canadian Pacific and Reading moved forward at the close. Coppers, Tennessee excepted, were in fair demand, and Tobaccos augmented recent substantial advances. Total sales amounted to 455,-

IN INVOILED MINIVITE

The Toronto Stock Market had a and some certainly came because of recent buying by investors who believed that prices had been unnecessarily de-pressed in certain directions. A feature of yesterday's business was the demand for the shares of the financial institutions, a certain indication of a supply of money for investment. Trading in the more speculative stocks was not important but the pressure which has been present in the market for several weeks was lifted and buyers had to advance bids to get fillings made. Some of the rallies were ex-tensive but the advances were sufficiently general to create the belief that the market had made a definite turn. Cement, Brazilian, N. S. Steel, Maple Leaf and Toronto Rails were the firm-est issues. The buying was light in even these, however, and with any fur-ther new business the ralkes might easily carry to a much greater extent. The market at the close was admitted to have a little better appearance than at any time during the present month.

Can. Landed ... Can. Perm. ...

Mackay .... do. pref. ... Maple Leaf ... N. S. Steel ...

Extension opened higher at 40, but eased off a point later.

Dome Lake held quietly at 32 1-2 after its recent advance and Big Dome changed hands at \$26.00, the first transaction for some days in this issue. Hollinger opened lower at \$29.30 and sold up 10 points to \$29.40.

Jupiter displayed a tendency to become firmer selling up to 28 1-2 and closing at 28, a net advance of 1 point for the day. A lot of McIntyre was for the day. A lot of McIntyre was 5000 shares being absorbed readily at 150. It is reported that the inside in-terests are steadily accumulating this

at 26 and West Dome Consolidated eased off a point to 35.

Trading in the Cobalts was light and rather scattered. Adanac sold at 138 and Beaver made a low record for this movement at 36 1-2. Chambers-Ferland at 20 was steady and Crown Reserve changed hands at 47. Mc-

A SUGGESTION:-

Individuals, called upon to administer a relative's or friend's estate, rarely have the necessary time and experience, but are reluctant to refuse a service to a friend. Yet a testator often wishes to have an Executor who is personally acquainted with his family and affairs. In such cases, this Company ally acquainted with his family and affairs. In such cases, this Company will gladly act as Co-Executor with an individual. This plan frees the individual from much responsibility and ensures for the estate systematic business-like management.

# Thursday Shopping News at Simpson's

These are days full of interest for economical buyers. Each day sees a host of seasonable merchandise marked down for quick clearance---some of them get into the newspapers, but there are ever so many others, and mostly the best values, that we do not advertise owing to the quantities being too small. It will pay you to stroll through the store any day to look for the not advertised specials.

## Let Your Feet Share in the Summer Outfitting

Our Shoe Department was never in better shape to give you the benefit of unlimited choice. The newest, smartest boots are offered at prices you cannot easily match elsewhere. See these Thursday:

\$7.00 TO \$10.00 HIGH CUT WOMEN'S NOVELTY BOOTS,

14 different styles; 139 pairs of Women's High Laced and Button Boots, taken from our regular stock, and all this season's best lasts and styles. Your choice of buckskin, gray, ivory, African brown and white kid; Goodyear welt and hand-turned soles; covered and leather heels. All sizes from 2½ to 7 in the lot, though not in every style.
