TEN PAGES—ONE CENT

VIOLENT ARTILLERY FIGHT NEAR HILL 140

Active Trench Combat in Vicinity of Li-hons - Germans Using Asphyxiating Bombs in Champagne District

Paris, Oct. 14.—The French War Office announces that in the Artois district, the artillery fighting continued last night, both sides taking part. This has been particularly violent in the southwest of Hill No. 140, between Souchez and Givency. The fighting from trench to trench with bombs and torpedoes has continued with great activity in the region of Li-hons. In the Champagne district the enemy has directed a fire with asphyxiating bombs against our rear lines. To this our batteries everywhere have replied. A German attack in the forest to the west of Tahure has been checked by our fire. There has been a reciprocal and almost continuous cannonading in the Lorette district, in the vicinity of Reillon and Leintrey.

WHAT HELPED THE RUSSIANS TO VICTORY

The Hague, Oct. 14.—Russia's recent successes are declared by a Dutch correspondent in the Eastern front to have been due to the overwhelming superiority of her supply of munitions, which took the Austro-Germans completely by surprise, and with which, it is said, they were unable to cope.

SEVENTEEN GERMAN STEAMERS SUNK

London, Oct. 14.—Seventeen German steamers, which ply in the Baltic Sea, are missing, according to a Uter-helm dispatch to the Evening Telegraph Company. They are believed to have been sunk by British submarines.

ITALY'S PREMIER BACK FROM FRONT

Rome, Oct. 14.—Premier Salandra has returned from the front where he had interviews with King Victor Emmanuel and General Cadorna chief of staff, long conference with the minister of war and finance. No statement has been made as to decision reached.

Sunk in Mediterranean

Paris, Oct. 14.—The Messageries Maritimee liner Yvanho, has been torpedoed, presumably in the Mediterranean Sea. She did not sink and her crew were safely landed to the boats and were safely landed.

Yvanho was Sunk

The Yvanho was of 6,474 tons. She was last reported as having sailed from Algiers on July 14, for the Dardanelles, and therefore was probably in the French government's service.

Turco-German Report

Berlin, Oct. 14.—Constantinople reports that the Turks have shot down a hostile aircraft east of Er Arish. The aviators were captured. El Arish is on the Sinai Peninsula, about 100 miles east of Suez. It was in this region that the Turks made their unsuccessful attempt to reach the Suez Canal. Of recent months there have been no reports of military activity in this vicinity.

GETTING READY TO WINTER THE TROOPS IN FREDERICTON

Arrangements for Placing Bust of Nelson in Legislative Chamber

Fredericton, N. B., Oct. 14.—Captain Jago of the Royal Canadian Engineers, Halifax, is here inspecting military quarters with a view of ascertaining how many troops can be quartered here during the winter.

A conference of representative of the Intercollegiate League is to be held in St. John tomorrow. A supposed that Acadia and the U. N. B. play home games for the Clarke trophy will be considered. Captain Ian McLean will represent the U. N. B.

Rev. Alfred Hall of Toronto, commissioner for the Strathcona Nelson medals, is here today arranging for installation of a bust of Lord Nelson in the legislature chambers. The bust is of copper from Nelson's flagship and is mounted on a small circular column of oak and rests on a pedestal patterned after the Nelson Column in London.

St. John & Quebec Railway directors returned last night after inspection of the road.

Members of the provincial government are still in the city and met this morning. They will likely finish their business tonight.

Mayor is Acquitted

Indianapolis, Oct. 14.—Mayor Joseph E. Bell was yesterday acquitted of the charge of conspiracy to commit felonies in connection with the primary election of 1914.

Germans Using New Type of Submarine To Lay Mines in Paths of Peaceful Ships

London, Oct. 14.—Archiebald Hurd, writing in the Daily Telegraph of the submarine blockade, says: "Everyone is by this time aware that the submarine piracy, though it has deprived us of many merchant ships and surgeons, has been a military failure."

"Now the Germans have inaugurated a fresh policy with a new type of submarine. It is built to lay mines, and is, apparently, to discharge torpedoes. Ships of this class are now busily engaged in trying to destroy our own and neutral ships, for there can be no dis-

BRITISH ARE IN GREAT ATTACK ALL ALONG THE LINE

Fate of Germans in Belgium May Hang on Outcome—Headquarters Reported Moved Back—Italy to Help in Balkans

New York, Oct. 14.—A news agency despatch from London published here today, says:—Following last night's report that the German headquarters staff had moved back twenty-five miles, indicating a possible retreat of the German right wing, a message to the Daily Telegraph from Rotterdam declares a terrific battle is going on from the coast to Arras, and that for the last two days big guns have roared continually in Flanders. "Further to south another great battle is reported. According to this message, the fate of the Germans in Belgium, and perhaps in Northern France, hangs on these fights. Their whole line is declared to be endangered by the success of the allies between Ypres and Arras. The correspondent declares that in Belgium hundreds of trains are being held in readiness in case of retreat of the army. "Huge reinforcements are said to have been flung into the German battle line in their renewed efforts to drive back the allies and relieve the pressure on their lines near Lens, where the gravest danger is said to confront them.

SAVE MONEY AND AT THE SAME TIME GET BETTER CROPS

Practical Advice to Farmers Given by Official of Ottawa Experimental Farm Here Today

Methods by which the farmers of New Brunswick may not only save considerable sums of money but ensure for themselves better crops in some lines, were outlined by M. O. Malte, D. Sc., of the Central Experimental Farm, Ottawa, who was in the city today on his way through the province on a tour of inspection of the experiments.

Mr. Malte specializes on the production of forage plants, a matter of great importance to the farmers of the maritime provinces where diversified farming is the rule, as compared with the west where the tendency has been to concentrate on the one crop.

For a country which has such diversified possibilities, Mr. Malte said that nothing could be more important than good clover crops, but many of the farmers in New Brunswick complained that this was an impossibility because the clover would not stand the winter.

The Dominion Experimental Farm at Fredericton Junction has shown that hardy varieties suited to the climate can be grown here just as well. It is not a difficult matter, Mr. Malte said. Any farmer can do it himself, all that is required is that he should gather his own seed from the plants which have survived one winter, as some of them always will, and perpetuate this strain. In a number of cases he will have crops which will surpass anything he can get from the best imported seeds, as the local grown seed is better to grow than seed produced under different conditions.

The same rule, he said, applied to alfalfa, and if farmers would take the trouble to gather their own seed from the best of their plants they soon would have a variety perfectly suited to local conditions. This would put an end to the failures which partially discredited alfalfa here and which have been due to dependence on seed grown under entirely different soil and climatic conditions.

The turnip and mangel crops are important also in a live stock country where the best food has to be specially grown. In the maritime provinces the turnip crop is especially important and here again the seed question is important. In the past, practically all the seed has been imported from France and Germany and now this source is cut off. There may be enough for 1916 but there will be none of only inferior stock available for 1917. It is up to the farmers of Canada to grow their own seed and that this can be done has been shown at the Fredericton Junction farm, where as much as 1,700 pounds of turnip seed has been raised on an acre.

It has been demonstrated that seed for any field roots, especially turnips, can be secured anywhere that they can be grown for food and if the farmers would do this they would have substantial sums of money, an element which is so important in farming as making money.

"If the farmers go about the matter in the right way they may not only save themselves considerable money but may eventually develop an important money-making line. It will take time and care before that point can be reached, however," was Mr. Malte's parting message.

GERMANS ADMIT GREAT ATTACK BY BRITISH

Berlin, Oct. 14.—A general attack by the British along almost the whole front from Ypres to Loos, accompanied by bombardment of the Belgian coast, is reported in the official statement of today from the war office. All attacks of the British are said by army headquarters to have failed.

ITALY TO HELP IN BALKANS

Paris, Oct. 14.—Premier Viviani announced to the senate today that Italy probably would take part in the Balkan operations.

London, Oct. 14.—Sir Edward Grey, Secretary for Foreign Affairs, announced in the House of Commons today that the co-operation of Russian troops in the Balkans had been promised, as soon as the troops were available.

LEWIS IS REAL LEADER OF THE BATSMEN IN WORLD SERIES

Foster Has .500 Bat He Played In Only Two Games

Philadelphia, Pa., Oct. 14.—The official averages of the world series which closed with the Red Sox a winner in four of the five games played, shows George Foster, the little pitcher of Red Sox, as the best batter with an average of .500, although Duffy Lewis of the Boston club was the real leader with .444, and Luderus of the Philadelphia club second with .428. The figures for the ten leading batsmen, as compiled by the official scorers, are as follows—Foster, .500; Rixey, .500; Lewis, .444; Luderus, .428; Hooper, .393; Cady, .388; Gainer, .383; Chalmers, .388; Hobbitt, .318; Speaker, .294; Greenish was non-runner, with .132. Manager Carrigan of the victorious Red Sox, and Manager Moran of the Phillies, declared the 1915 world series would go down in baseball as one of the hardest ever fought for premier honors, and both were agreed that the series would go down in baseball as one of the hardest ever fought for premier honors, and both were agreed that the series would go down in baseball as one of the hardest ever fought for premier honors.

Bulgars Cut Serbian Line of Communication

Athens, Oct. 14.—Communications have been cut between Nish and Trahova, for a distance of five miles.

Fifty miles south of Nish, on the trunk line between Belgrade and Saloniki, possession of which is the immediate objective of Serbia's forces, is the town of Vranja, which is probably the one referred to. Vranja is on a portion of the railroad which bends nearest to the Bulgarian frontier, at which the invading Bulgarians have been expected to cut the communications of the Serbians.

Serbian Confident

London, Oct. 14.—Serbia is making a desperate attempt to stem the large German and Austrian forces which are being suggested continually. Serbian officers profess confidence that it will be possible to make successful resistance even with inferior numbers on account of the difficulties which the mountainous country presents to the invader.

The Serbians are awaiting Bulgarian attack between Gulevici and Strumitsa, near the Greek border. They expect an attempt will be made to cut the railroad between Saloniki and Nish and in anticipation of such a move have concentrated artillery in this district.

MARTIAL LAW AT SALONIKI

Paris, Oct. 14.—Declaration of martial law at Saloniki on Tuesday is reported by the Athens correspondent of the Havas News Agency. General Monchovo, who is in command of the Greek forces here, ordered his troops to salute the French and British officers. The commander of the allied troops will issue a similar order.

Prince Nicholas, brother of King Constantine, has been nominated military governor of the interior zone.

Bulgaria Needs Munitions

Athens, Oct. 14.—Bulgaria has in stock only 1800 shells for each gun, according to information from Serbian sources, and it is essential for its troops to effect a junction with the Austro-German within a fortnight. It is reported from Sofia that German officers and German workmen from Constantinople erected a large munitions factory, which now is working night and day.

Montenegro Doing Well

Paris, Oct. 14.—King Nicholas of Montenegro is quoted by the Petit Parisien as saying: "We are fighting in the enemy's territory. We are ready and fear nothing."

Useless Seeking To Have Change Made In Winter Billeting of Troops

Ottawa, Ont., Oct. 14.—The location of troops to winter quarters in the cities and towns of military divisions was recently decided upon. The decision was supposed to be final but there has been a steady stream of deputations to Ottawa, seeking changes.

It is said at the militia department that such requests are useless, and that while deputations coming to Ottawa will be received, there is little probability of any change being made in the arrangements.

All new recruits raised in the towns and smaller centres, are to be billeted for the winter where they are enlisted.

SOVERBY BEST SHOT IN 26TH

Moncton Boy, Who Enlisted Here is Chosen Sniper

Jack Sowerby who is with the 26th Battalion writes to his brother, Robert, as follows: "We go to the front some time in the next twenty-four hours or at least that is the order now. I was picked out for a sniper ten days ago and have done nothing since but practice shooting. I fire between 100 and 150 rounds every day at small targets and moving cans, and the lieutenant was the only man in the 26th Battalion that made marksmanship. I thought I was just high in my company, but I was the highest man in the 26th. I was told this morning, I could have my pick of the Canadian or English army rifles for sniping. A sniper has a lot of extras. I will have field glasses and a watch and a compass that I can set at night and rubber boots and a lot of other things. I am not sure what rifle I will take yet. The Ross rifle is the very best at target shooting but it is long and heavy to get around after dark, more than English rifles. "Sniper" Jack Sowerby belongs to Moncton. He was born in Shediac. He was for a time employed in the C. E. S. and later with J. H. Corbett, contractor, and for some time with the St. John Preciding Company where he enlisted. His father is in poor health though able to work a portion of the time, his mother has been an invalid for years and has been bedfast for the last six months, while his only sister is undergoing treatment in the Jordan Sanatorium, River Glade, but she is improved in health.

GETTING NEAR TO SOME FORM OF COMPULSION IN MOTHERLAND

London Times Says He Has Represented to Colleagues That Recruiting Lately Has Fallen Off Seriously But Believes He is Not the One to Decide Course

London, Oct. 14.—No decision on the question of conscription was reached at the cabinet meeting yesterday, according to the Daily News. There was a prolonged discussion and the conscriptionist ministers pressed hard for a decision but failed to carry their point. There is little doubt, the Daily News says, that Lord Kitchener's sympathies now are definitely on the side of conscription.

The Times asserts, however, that the war secretary has declined to assume the responsibility of deciding what course shall be followed. He is reported to maintain that he entered the cabinet as a soldier, not as a politician, and therefore does not regard himself as responsible for choosing the method for raising men.

Lord Kitchener has represented to his colleagues that recruiting lately has fallen off seriously and that men must be found some how, but that he is unfamiliar with social and industrial conditions in the country, and that it is for him to state his requirements, and for the country to fill them. Hence, the Times declares, the real responsibility now rests upon the cabinet.

It is generally supposed that Lord Derby, when appointed director of recruiting, was given six weeks in which to show whether or not his voluntary recruiting campaign would be a success. Apparently unable to do this, he has been asked to enter the army as not meeting with the success expected, and the likelihood of some form of compulsion is becoming stronger.

RUSSIAN TROOPS AGAINST THE BULGARS

Geneva, Switzerland, Oct. 14.—The Russian troops have been withdrawn from Bessarabia, near the Roumanian frontier, and are being concentrated at Odessa. From this point the Russian says, a movement will be undertaken against Bulgarian ports.

Pullman Co. Earnings

Chicago, Oct. 14.—The Pullman company's revenue in the year ended July 31, 1915, was \$41,518,884, a falling off of \$8,212,681 from the preceding year. The total net surplus is \$6,518,460.

WEATHER BULLETIN

Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis—Showers have been general over Ontario and British Columbia, elsewhere in the Dominion the weather has been fairly high in all the provinces.

Fair to Moderately Warm

Martime—Moderate to fresh southwesterly winds, fair and moderately warm today. Friday, southwest and west winds, some local showers but mostly fair.

New England Forecasts—Cloudy to night and Friday. Probably showers, somewhat cooler. Friday, moderate winds, mostly south.

How the Italians hide their "75's" and house the gun crews.

Will Japanese Troops Be Sent Into The War?

London, Oct. 14.—The Russian foreign office has been informed, says a Petograd despatch to the Times, that the wish has been expressed at Tokyo that preliminaries to negotiations for Russo-Japanese alliance be concluded as speedily as possible.

It is reported that Russia is about to send a high official on a special mission to Japan.

BULGARIA'S WAR LEADER

King Ferdinand of Bulgaria in his car, off to the front.

INTERESTING T. L. E. OF LIFE AT FRONT, BY BUCTOUCHE BOY

Corporal McNair, who is now at the front, a son of Anthony McNairs, of Buckhough, Kent county, writes as follows:

"Somewhere in France," Sept. 10th, 1915.

Dear Dad:

I have not heard from you for some time, but thought you would like to hear how things are going on out here. I am in the best of health so far, and if old Fritz does not interfere, I hope to pull through O. K. This afternoon Fritz laid a few acres in our field. We are back in reserve at present, about a quarter of a mile from the front line, in dug-out, of course. Fred's home and mine consists of a hole in the ground three feet deep, roofed over with sand bags for shell fire. The nearest shell burst about twenty yards from us, but did no damage. The dugout is four feet wide, so you see we have not got too much room, but still we are as happy as clams. We are safe from stragglers, but the high explosives would make a sorry mess of our home. When I first came out I was nervous enough about shelling, but it is like anything else, one gets used to it, although I have still a wholesome regard for it. It is daily a sight to see them shelling an aeroplane. Perhaps he is up half a mile flying around, when all of a sudden you see several bursts of smoke which look at first about the size of a fifty cent piece; then, if you are beneath it, you can hear something whizz and the fragments fall all around. When the guns get the range of the straggler, he is by that time a couple of hundred yards away, so it is a good deal of luck if they hit him. The moment the Germans begin shelling, you get an aeroplane to observe, if possible, the position of the guns.

White a plane is up as a rule they do not shell us much. But regularly between six or seven, and seven, they send over what the boys call the "flying of hate." The last time we were in the front they shelled us and killed a few and wounded several, but no one on our platoon got hit. I am going to try and get a ring made from the nose of a German shell if I can get one large enough to fit you. The next time you send tobacco send the chewing in one parcel and DDU's best in another, so I will stand a chance of getting one. Did Mr. Irving get the helmet I sent him? Fred sent me one but it never got there. We get them at Festubert after the battle. That was the closest call I have had so far. We were carrying out the wounded down a road they were shelling and snipers had their guns trained on the road. I was a stretcher-bearer that night, volunteered to do it as there were a lot of wounded men in the trenches, who would have died if not taken to the dressing station. About sixty out of our battalion went besides the regular stretcher bearers. A shell lit in a crowd of the boys and killed eight. I was reported killed, but thanks to luck I popped through. This battalion was one of the ones that got cut up at Ypres. We lost about 900 there, mostly gassed. I got a taste of the gas, but not enough to hurt. It looks like a big yellow cloud about ten to fifteen feet from the ground. Our respirators though not the best, will withstand it, and the wearer not suffer any ill effects. This battalion went in 1904 strong and came out with 193. Quite a few have come back since from hospital. Now, Dad, I guess I will quit for a while. When you can drop me a line. Best regards to all of the folks.

Your son, "MAC."

GERMAN PRISONERS ENJOY THEMSELVES AT AMHERST, N.S.

Prisoners costumed for amateur theatricals in the prison camp at Amherst. Note their happy expressions.

On Friday and Saturday For Cash

BIRTHS

GRAY—On October 10, to Mr. and Mrs. A. J. Gray, 28 Orange street, a daughter.

MARRIAGES

MOORE-JOHNSTON—At the residence of the officiating clergyman, Rev. B. H. Noble, 41 Cedar street, October 13, Walter D. Moore of Long Reach, N. B., and Mrs. Nettie M. Johnston, formerly of Pittsfield, Mass.

DEATHS

MAGEE—Suddenly on the morning of Oct. 14, at 37 Millidge Avenue, Elizabeth A., beloved wife of James S. Magee, aged 81 years, leaving her husband, three sons and one daughter to mourn. Funeral from her late residence Sunday afternoon, September begins at 3 o'clock. Friends invited.

SMITH—On the 13th inst., at the General Public Hospital, William F. Smith of 47 Sewell street, leaving wife and one son, John K., of No. 5 Co., C. A. S. C., now in France. Notice of funeral hereafter.

IN MEMORIAM

BELLMORE—In loving memory of Bertha Bellmore, who departed this life September 20, 1915. Two years have gone and still we miss her. Friends may think the wound has healed but they little know the sorrow. That lies within the heart concealed. FRIEND.

CARDS OF THANKS

Mrs. Randall wishes to thank the many kind friends for the sympathy expressed by them in her recent sad bereavement, especially Mrs. Chapman and those who ministered to Mr. Randall in the last moments of his life.

LOCAL NEWS

SLIGHT FIRE

A tarpot upset this morning in Carleton and did a little damage to some fishing gear at J. Fred Belyos's where tarring process was being carried on. He said this morning that the loss was hardly noticeable, and that it would cover the damage, which was for the most part confined to a fishing net.

Wyandotte dancing class tonight.

Friends of "Bud" Tippets will be pleased to hear that he has been appointed a preventive officer and has joined the Customs House staff.

Next Friday he'll be here—Neal of the Navy.

All hail to Neal of the Navy.

10 K. Gold Chain free with every pair eyeglasses for the balance of this week. See our ad. page 7. K. W. Epstein, 24 Co. Optometrists, 198 Union.

See him at the Gym this week—Neal of the Navy.

A large 82 photo of your child free "Children's Week" at The Reid Studio, corner Charlotte and King streets. See our window display.

Gribble next Sunday.

NOTICE

The members of True Blue L. O. L. No. 11, are requested to meet on Friday evening, Oct. 15, at the home of Edwin F. Tibbets, W.M., 241 King street, west.

A New Discovery

Father Morrice's remedy for Rheumatism and all kidney troubles, purely vegetable. No Cure—No Pay. All drug stores.

RECRUITING RALLY

In the new Temperance Hall, Westmorland road, tonight, a recruiting rally for the 8th Battalion, will be held in the evening. A good programme has been arranged.

NOTICE

Members of Union Jack Lodge No. 85 P. A. F. B. please attend at 8 p. m. Friday, at Imperial Lodge No. 42, in the evening, in unveiling memorial to late brother Rudolf Meckel.

TRIMMED HATS FOR THIS WEEK-END AT MRA'S

The feature for Friday and Saturday in the millinery salon will be a special showing of trimmed hats at only five shillings each. They will be offered in a wide range of the season's popular shapes, and trimmed in such a variety of handsome effects that they should prove most tempting at this popular price. There will also be a big display of untrimmed hats also of children's hats and bonnets. See these five dollar hats in King street window.

DR. GREENFELL

Dr. Wilfred Greenfell of Labrador passed through St. John yesterday and will be away to the United States, to arouse a deeper interest in his work among the deep sea fishermen.

CAUSE FOR THANKS

Frederick Mall Potatoes are selling at 28 a barrel and it is predicted that 38 will be reached before long. The people of this province should thank their stars that the local government does not propose to pull off any patriotic potato stunt this year.

IMPERIAL TONIGHT AND TOMORROW

"Captain Courtes", the five-act romantic comedy of the early forties in California made a splendid impression at the Imperial Theatre yesterday and will be concluded tonight. Dustin Farnum as the chivalrous outlaw, seeking revenge on the slayers of his parents, gives a most artistic and dashing performance. His horsemanship is a little short of marvellous. It is a most elaborate play with unique scenery of the Spanish mission character, and very picturesque. A Vitagraph comedy and Heraldic Weekly are included in the same programme also the Woods Musical.

PATRIOTIC DRAWING

Sale of Tickets Going With a Swag—Many Demands

SOME MORE TAKEN TO KIRKWALL; OTHERS FREED

Kirkwall, Scotland, Monday, Oct. 11.—(Delayed by censor)—The Danish steamer Virginia, which sailed from New York on Sept. 28, for Christiania with a general cargo, and the Swedish steamer Orion from Philadelphia, Sept. 22, for Stockholm, with a cargo of coal, have been brought here. The Norwegian steamer Aldin from New York, Sept. 21, for Stockholm, and which arrived at Kirkwall Oct. 7, has been released.

JURY SELECTED

The forenoon jury was expanded today by Coroner Roberts to inquire into the death of William H. Smith who died in the hospital yesterday from injuries sustained from a fall of an elevator in the warehouse of J. S. Frost, Smythe street—Walter Logan (foreman), Robert C. McAfee, George K. Frost, H. C. Lennon, J. W. McAlary, Roy Morrell and G. M. Robinson. The inquest was postponed until the call of the coroner.

On the surface, submarines derive their motive power from oil or petrol; submerged, they are driven by electricity.

RECENT DEATHS

The death of Jeremiah H. Hanington, occurred at his home in Scotch Settlement, Westmorland county on Tuesday. The deceased, who was seventy years of age, was a respected resident of that section.

William Falconer of Notre Dame, Kent county died Oct. 7th. He was fifty-one years of age and is survived by his wife and eight children. One of his sons has just returned from the front.

WALL STREET NOTES

(J. M. Robinson & Sons' private wire telegram.) New York, Oct. 14.—Bank of England rate unchanged at 5 p. c. Rock Island stockholders meet in Chicago to elect seven new directors. Steel trade organs say railroad purchases are increasing, steel makers looking for further price advancement.

Representatives of Guggenheim and American Smelting Co. to confer today with Secretary Lansing over the threatened confiscation of mining properties by Villa.

Twelve industrialists of 57; twenty rails of 26. Developments in connection with the progress of the allied bill on loan during the next few weeks, are expected in some responsible quarters to stimulate the stock market.

SOLBIER ATTACKS PRINCE OF WALES?

French Corporal Enters Inn and Fires on Officers

Wife Was a Waitress - He Believed She Had Been Flirting With Customers

Paris, Sept. 28.—(Correspondence)—Last week the Prince of Wales, while taking tea in an inn at a British station near Ypres, was shot in the arm by a French corporal. The attendant at the inn is an attractive looking young woman who was passing as an unmarried girl under the name of Barthou, but, as a matter of fact, she is married to a corporal in a French hussar regiment named Huguet.

Mr. Barthou had many admirers, among the British staff officers, among whom the inn became a popular resort for tea, or other refreshments when any of the staff had visit this corner of the British lines. News of this state of affairs reached the husband, who became furiously jealous. Huguet wrote to his wife to say that stories about her flirtation with British officers had reached him, and that she had been unfaithful to him, and he would shoot her and then shoot himself.

As a matter of fact, the stories that had reached Huguet were grossly exaggerated. The British staff officers treated Mr. Barthou properly and between none of them and the pretty Briton was there any levity of conduct. One young officer, indeed, on the staff, who had fallen very much in love with her, proposed to her and had ceased, after her refusal to marry him, to visit the inn.

On last Saturday the husband obtained twenty-four hours leave from the trenches and unexpectedly turned up at the inn where his wife was employed at about five in the afternoon. The Prince of Wales and another officer were having tea in the inn at the moment. It appears that Huguet watched his wife talking to the prince and his companion and then was seized with a blind rage. He rushed into the room and without a word of warning fired two shots in succession, one at his wife and another at the two staff officers. Then he turned the weapon on himself.

The prince and his companion sprang at him, but the corporal fired before he could be seized and wounded him in the neck. The Prince of Wales was wounded in his arm just above the wrist. The corporal was taken to a field hospital by the Prince of Wales in his motor car, where the prince also had his wound dressed.

The prince then proceeded to headquarters and reported the whole incident to the commander-in-chief. The corporal, under military law, is liable to be shot, but no official notice will probably be taken of the incident. The corporal's wife almost immediately after the incident left the inn and went to a hospital where her husband was taken and is looking after him herself.

MRS. J. V. ELLIS ELECTED PRESIDENT N. H. S. LADIES

Mrs. C. F. Mathew Retires After Serving Twenty-seven Years—Association to Aid Patriotic Funds

At the annual meeting of the Ladies' Association of the Natural History Society yesterday afternoon Mrs. George F. Mathew retired from the president's chair after serving for twenty-seven years.

During the year which has closed the association did much valuable work and, in addition to their usual activities raised a considerable sum for the Patriotic Funds. This policy will be continued during the coming season.

The following officers were elected for the coming year:

President—Mrs. J. V. Ellis
Honorary president—Mrs. George F. Mathew
Vice-presidents—Mrs. John A. McAvity, Mrs. John H. Thomson, Mrs. Wm. Neale, Mrs. J. R. McIntosh, Mrs. J. H. Frank
Treasurer—Miss Grace W. Leavitt
Recording secretary—Mrs. F. B. Cowling
Corresponding secretary—Miss Edith M. Kee

The members of the executive are as follows: Mrs. J. P. Billock, Mrs. W. F. Burditt, Mrs. J. A. Coster, Mrs. T. H. Rankin, Miss Alice Sater, Miss E. P. Homer, Mrs. J. R. Hooper, Mrs. Harold Lawrence, Mrs. R. T. Leavitt, Miss Longmaid, Mrs. C. A. Macdonald, Mrs. A. MacRae, Mrs. F. W. Murray, Mrs. M. McIntosh, Mrs. Wm. Raymond, Mrs. J. E. Secord, Mrs. John Sealy, Mrs. Wm. Shaw, Miss J. G. Sidel, Mrs. G. F. Smith.

Mrs. George U. Hay, who for many years has been an active member of the association, was unanimously elected a life member of the society, in recognition of her valuable services.

The annual conversation will be held on the evening of Nov. 2, Mrs. Charles A. Macdonald was appointed convener of the committee in charge.

Final arrangements were made for the following lectures: "Musical Sketches" which is as follows:

Oct. 27—Poland, Miss Homer, Mrs. Rose Scott
Oct. 28—Folk Songs of Various Nations, Mrs. G. F. Mathew, Mrs. Wm. Shaw
Nov. 4—Music of Shakespeare, Mrs. F. E. Ellis, Mrs. J. M. Barnes
Nov. 11—Italy, Mrs. C. A. Robinson, Miss Louise Knight
Nov. 18—Russia, Miss Beidermann, Miss Louise Knight
Nov. 25—Oratorio, Mrs. John Sealy, Miss Hea, Miss Wilson.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She Mixed Sulphur With it To Restore Color, Gloss, Thickness

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Just few applications will prove a revelation if your hair is fading, gray or dry, roughly and falling. Use the Sage Tea and Sulphur recipe at home though, is troublesome. An easier way is to get the ready-to-use tonic containing about 50 cents a large bottle, at drug stores, known as "Wyleth's Sage and Sulphur Compound" thus avoiding a lot of nature's while wispy, gray, faded hair is not what we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyleth's Sage and Sulphur, no one can tell because it does it so naturally, even. You just dampen a sponge or soft brush with it and draw it through your hair from the ends all the way up to the roots. Morning all gray hairs has disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

NEW POLICY AT THE GEM IS POPULAR

Double Bill at Every Show, Matinee and Evening - Getting Ready For "Neal of the Navy"

The new policy of giving all feature productions with double bills afternoon and evening at the Gem Theatre is attracting a large and increasing audience. The policy which was inaugurated this week has met with hearty favor. At yesterday's show the feature, a two part episode including a two part Lublin Drama "Money, Money, Money," a stirring story of commercial life and the temptations of those who have the daily handling of enormous sums. There was also the show "The Exploits of Elaine" and the serial "The Survivors." Special emphasis is now being placed upon the engine bills and long runs as a result of additional features at both afternoon shows.

LOCAL NEWS

Deal of the Navy will soon be in the hands of the public.

"The Blue Mouse," presented by the Parcello Stock Co. at the Opera House, tonight Friday and Saturday, is a first class comedy drama written by Clyde Fitch. When first produced the play had a run of over one year in New York and has since been successful in all the large cities. It is considered to be one of the best plays Clyde Fitch wrote during his long reign as America's leading playwright. There will be a matinee on Saturday.

RECTOR BELIEVES INTRUDER A BURGLAR AND SHOTS HIM

New Orleans, Oct. 13.—Rev. Byron Holley, rector of St. George's Episcopal Church shot and killed Lansing Pearsall, son of a prominent railroad man here. Dr. Holley told the police he shot Pearsall, thinking he was a burglar.

About 9 o'clock in the morning Dr. Holley telephoned police headquarters that he had shot a man in the rectory study. The minister told the police that while in his office, he heard some one in his study adjoining. Taking a pistol he stepped into the study and saw a man near the door.

"The intruder did not answer my questions as to who he was, and when he wanted," Dr. Holley said, "and when I ordered him out he made a motion as if to draw a weapon. I fired and the man fell."

Several hours later the man was identified at the morgue by Nathan G. Pearsall, claim agent of the Tennessee & Pacific Railway, as his son Lansing, 23 cents. There were eleven pearls in one year old. No reason for the young man's presence in the rectory could be given by his parents or friends. Dr. Holley said he had never seen Pearsall before.

Police found a window in the rectory parlor had been opened. Young Pearsall lived several blocks from the Holy home in the next street.

TO PLAY ARSENE LUPIN

The well known detective story "Arsene Lupin" which in its dramatized form had quite a lengthy run in the states, is the play selected for presentation in the Opera House next month by the L. L. B. Society. D. J. Corr will play the leading role, and the production will be directed by J. R. McCloskey. The proceeds are to be given to the Patriotic Fund. This society has already several dramatic successes to its credit, including especially "Men and Women" and "When We Were Twenty-One" and further laurels are anticipated in their playing of "Arsene Lupin." The dates announced are November 29, 26 and 27. man fall.

C. E. Jager found \$175 worth of pearls in an order served to him on a Chicago dining car. His dinner cost him 75 cents. There were eleven pearls in one year old. No reason for the young

MORNING NEWS OF WAR

In the reply to Serbia's announcement of the Bulgarian invasion Greece declines to come to her assistance on the grounds that the existing treaty had in view only the preservation of the balance of power among the Balkan states and not the contingency of a general conflagration. In the present situation, the note continues, Greece might destroy her relations without hope of saving Serbia and that common interests demand that the Greek forces be kept in reserve for a better use later. The note concludes with the statement that Greece will maintain an attitude of neutrality, but that she will give Serbia every assistance compatible with the Greek's international position.

Deleage, Delinister of France, has resigned owing to ill health, and nervous exhaustion and his portfolio has been taken by Premier Viviani. When the announcement was made to the chamber of deputies a vote of confidence in the government was adopted. Edwin Samuel Montague, financial secretary of the treasury, discussing the budget in the British House of Commons yesterday, said that the people must be prepared to put half their income at the disposal of the government, either in the form of taxes or loans. He reviewed the tremendous war expenditures involving an outlay for this purpose of two-thirds of the ordinary estimated revenue and warned the nation that only strictest economy on the part of the individual would make it possible to meet the demands of the war.

Eight persons were killed and thirty-four wounded in the latest Zeppelin raid over London.

A Zeppelin dropped five bombs over Chateau Thierry, on the Marne, last night but did no damage.

Serbia may publish the text of her treaty with Greece because of the course the latter has taken.

Bulgaria charges that Serbians were the aggressors in their first clash, on last Monday.

THE WAR NEWS.

The only cheering news in last night's cables came from Russia, where the Russian army in eastern Galicia had gained another victory over the Austrians, and had also held the Germans in check at every point, and at one point forced them back.

United States, India, Japan, Russia in Asia, Tunisia) the 1915 production amounts to 822,818,866 quintals of wheat, compared with 698,947,479 quintals in 1914, or 122.9 per cent of the latter production.

On the western front the French report concedes the capture of some trenches by the Germans, and tells of heavy fighting and an extremely violent bombardment, which shows that the enemy is well provided with ammunition and has strong forces with which to attack.

These figures, it will be noted, do not include the production in Germany or Austria, but it may be assumed that their crops would also show a proportionate increase.

Along the British lines there has been comparative quiet for some days, and there is nothing to indicate what the next move will be. More and more troops have gone over from England, and these now include about 60,000 Canadians.

Summarising the following conclusions: "The last world's production shows for all the cereals a surplus over the quantities necessary for consumption. The excess will serve non-producing countries which import cereals and flour, such as most of the tropical countries and colonies."

The Balkan situation does not improve. Greece, in her reply to Serbia, makes it clear that she will not enter the struggle at present, and her remark that her forces will be kept in reserve for a better use later is open to more than one construction.

Recruiting for the 88th N. B. Battalion is off to a good start. Col. Fowler will have little difficulty in filling the ranks, once the campaign has been launched all over the province.

DAMPENING THE POWDER

The Halifax Herald heads an article by its correspondent at Sussex as follows: "Is it rank cowardice or studied treason? Are the young men of St. John determined to make an unenviable name for themselves and New Brunswick throughout the Empire and become the special joy and conscripts of the Hun?"

Although the pendant is worn to a greater extent than ever before, it has by no means displaced the heavy necklace for dress occasions.

This heading is over an article in which the correspondent at Camp Sussex asserts that St. John is sending a poor class of recruits to Sussex, and that they are the class to whom the \$1.10 a day appeal, and are quite unfit to associate in the same battalion with the young gentlemen from Nova Scotia.

WE ARE SHOWING A TREMENDOUS VARIETY IN BOTH PENDANTS AND NECKLETS FOR THE COMING SEASON.

The letter of this correspondent would not be worthy of notice but that it is approved and featured by the Herald, which uses some large type to make it more prominent.

WE CLAIM TO CARRY VERY SUPERIOR LINE AND WE CAN DEMONSTRATE TO YOUR SATISFACTION IF YOU WILL FAVOR US WITH A CALL.

The feeling grows that some form of conscription will be adopted in the United Kingdom. Men are not responding in sufficient numbers to the appeal for recruits, and it is said Lord Kitchener now favors compulsory service.

Samuel Driscoll of Seaview, St. John county, charged with manslaughter in connection with the shooting of Artemus Randall, was committed for trial yesterday. William R. Smith was committed on the charge of wounding Henry Rogers.

MORE GRAIN THAN LAST YEAR

The September bulletin of the International Institute of Agriculture shows that the war has not adversely affected the production of grain in countries outside of Germany and Austria, concerning which no statistics are given.

DRISCOLL AND SMITH ARE COMMITTED FOR TRIAL

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity.

What are Peps

Peps are the new treatment for coughs, colds and lung troubles. They are little tablets made up from Pine extracts and medicinal essences.

LIGHTER VEIN.

Please may I keep my book till Monday? asked the small voice of a small boy the other day over the tall counter of a public library.

WHEAT MARKET WANTED

The west is disturbed over the question of a wheat market. The Toronto Globe says: "The Manitoba Grain Growers' Association has forwarded a memorandum to Sir Robert Borden urging upon the government the absolute necessity of enabling the western farmer to sell no grade and low grade wheat for domestic consumption in the United States."

The Full Pearl Necklace is As Fashionable As Ever

Although the pendant is worn to a greater extent than ever before, it has by no means displaced the heavy necklace for dress occasions.

CEETEE UNDERWEAR

Diamonds

The "War" has not lessened the demand for diamonds—the reason being, no doubt, that of all commodities "The Diamond" is affected less by business panics or depressions than any other. It is stable. It holds its value, while other classes of merchandise suffer. It is thus a safe investment at all times. Our prices have not advanced. We can show you some excellent values.

RECRUITS COME IN STEADILY

88th and Siege Battery Both Prove Popular — Canadian Casualties — Sergt.-Major Edwards Promoted

The recruiting for the 88th Battalion was begun in St. John yesterday, and six men joined the colors, Frank Walsh and J. W. Stackhouse of this city, H. Armstrong of Birmingham, Eng.; Ed. H. Scott, Dorchester; Hugh Stevens, Miramichi; and Frank Doucet, Bathurst. The new 88th battery being raised here is rapidly filling. Among those who have enrolled in it is Charles A. Worrell, formerly of the city police and lately a private detective here.

An enjoyable smoking concert was held last night in the recruiting offices in Mill street, when addresses were given by Lieut. F. Del. Clements, Pte. D. W. Shaw, John Keefe, L. P. D. Tilley, N. C. and R. E. Armstrong, who presided. The casualty list last night reported the serious illness of Lieut. Col. H. R. Casgrain, of Windsor, Ont., brother of Hon. T. Chase Casgrain, postmaster general, in hospital at Alexandria, Egypt. Gunner Wm. Grant Blair of Barney's, River, N. S., is reported dangerously ill in France. Miss McDougall, Nine Mile Creek, P. E. I., 29th Battalion, wounded; and Major D. A. Macfarlane, Halifax, 29th Battalion, returned to duty.

A letter received by his father, J. S. Edwards, Halifax, from his son, Sergt. Major Roy Edwards, 29th Battalion, this week, told of his promotion to the rank of warrant officer. The letter was from the front near where the battalion was billeted.

NEAL OF THE NAVY IN PORT TOMORROW COMING TO GEM

Featuring Wm. Courtleigh Jr. and Lillian Lorraine, two famous stars of the film, the new serial "Neal of the Navy" will be opened at the Gem tomorrow. The first installment is entitled "The Survivor" and shows the hero in herculean efforts to save a shipwrecked crew near Mount Pelee, which is in eruption with great streams of molten lava pouring down its sides. Much success is predicted for "Neal of the Navy". The characters are true to life and the story is exceptionally interesting. While there are many adventurous scenes aboard ships, and peculiarly appropriate to the present time for the hero is a naval lieutenant—there are also many tender love scenes, and the settings are such as to appeal to popular fancy. Be on hand early tomorrow for the first showing of "Neal of the Navy" to be given with other good features.

LOCH LOMOND FAIR AND PATRIOTIC DANCE

Much competition was evidenced yesterday in the various classes in the show of live stock at the Loch Lomond Fair, while the display of country produce and ladies' work was exceptionally good. The weather was delightful and the fair proved a success. Patriotic features were featured in the evening. Two bull calves were auctioned by Commissioner Wigmore, bringing \$4 and \$9 respectively. The money going to the Patriotic Fund. A cake in a guessing contest was won by C. H. Smythe, was re-donated, and was auctioned off by Commissioner Potts. Hon. Dr. Baxter being the buyer at \$25. Patriotic addresses were given by Messrs. Baxter, Woods and Macfarlane, and Commissioner Wigmore, Potts and McLean, W. E. Foster, a brief address, saying he did not feel like making a recruiting appeal until he was in a position to volunteer himself. Alex. Johnson presided during the giving of the addresses.

During the evening a dance was held the proceeds going to the Patriotic Fund.

Edward C. Pigford, a miner of Monaghan, Pa., the father of thirteen children, after having \$50,000 in real estate transferred to him by his father-in-law Julius Glasser, announced that he would not quit his job "digging coal in the pits."

Just Try This When Hairy Growths Appear

(Modes of Today.)

A smooth, hairless skin always follows the use of a paste made by mixing some water with plain powdered delatone. This paste is applied to the hairy surface 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No pain or discomfort attends the use of the delatone paste, but caution should be exercised to be sure that you get real delatone.

Game Hunters

Can you shoot straight? Can you see plain what you are shooting at? Many accidents occur during the hunting season by not being in possession to secure the object plain. Our shooting glasses make distant objects stand out brilliantly. Call and see them.

Seeing is believing. We believe that you should see us about your eyes. Let us advise what is best for the eyes. Glasses that are right preserve the sight.

We duplicate all kinds of broken lenses without any prescription.

EYES EXAMINED FREE!

No Charges for Reading or Tightening Glasses

In the Low Rent District.

(Open Evenings)

FIXED HIS HORSE WITH GREEN SPECTACLES AND FED IT SHAVINGS

You've heard of the farmer who tried this, but do you think the horse was fooled? The incident occurred to our mind the other day when a lady (the mother of a family) who had been a staunch user of Zam-Buk for years wrote us and said a dealer had sold her child some other preparation he said was "just as good as Zam-Buk and a little cheaper." "We tried this substitute," she wrote, "and it made the sore place so bad we got quite alarmed. When the real Zam-Buk was applied however, the sore soon began to go the right way."

See the danger? Imitations of Zam-Buk are only too numerous and they may do harm. Zam-Buk is prepared in a peculiar way and from special ingredients which if even they were known, would be made useless unless put together in a certain manner. Zam-Buk is the "diamond" there are many "imitations" but why trouble with them when the real thing is within the reach of your pocket? Zam-Buk at 60c. box allows a reasonable profit to the seller and you can afford 50c. Some dealers so believe in the merits of Zam-Buk that they forfeit their profit and sell it for 35c., 40c. or 45c., (according to the quantity they sell) rather than sell inferior preparations. Of course if you buy from these dealers, their loss is your gain, but wherever you buy be sure to see the Zam-Buk on each box before parting with your money. The Zam-Buk Co., Toronto, offer a free trial box to mothers who send a 1c. stamp to pay the postage.

MR. AND MRS. GEORGE L. HARGROVE CELEBRATE GOLDEN WEDDING

Mr. and Mrs. George L. Hargrove of Chance Harbor celebrated their golden wedding anniversary on Thanksgiving Day. They were married in St. John by Rev. R. E. Bill on October 11, 1865, and have resided at Musquash and Chance Harbor ever since. They have had seven children, five of whom survive and there are thirteen grandchildren. All but two of their descendants were present for the celebration and a great interest was manifested by the bride, maid fifty years ago. During the day a purse of gold was presented on behalf of the family by Rev. J. D. Wetmore and another on behalf of the neighbors by Deacon David Thompson. Mr. and Mrs. Hargrove still enjoy excellent health.

ITALY, TOO, HAS HER BOY WARRIOR HERO

Fifteen-Year-Old Lad Used Great Ingenuity to Reach Front and There Distinguished Himself

Turin, Oct. 14.—Gian Antonio Cassol, a Milanese boy only fifteen years of age, has been proposed for the Distinguished Service Medal for successive acts of valor on the Italian front.

The son of a prominent criminal lawyer, Cassol, left home last January to fight with the Garibaldian Volunteers in the Argonne. When that corps broke up he returned to Italy, and, despairing

of getting himself enrolled in the regular fashion, bought a complete military outfit and set out toward the front.

After a spell of bad luck, by a ruse he managed to get in with the Sixty-eighth Infantry regiment, in which was embodied a large contingent of Lombardy Volunteers, but, after a month's service was sent home as an "infant."

However, this enthusiastic and unusually well developed son of Italy coaxed his father into aiding him to join the Fifty-fourth Infantry stationed at Ivrée, whence, under the pseudonym of Private Giuseppe Fonda he soon had the joy of again starting for the firing line.

Time after time he was foremost in volunteering for dangerous reconnoitering work, spurring on by his own example, companions who idolized him. Finally, on September 7, while heading a daring reconnoissance right up to the enemy's barbed defences, he was killed

Remember—there is NO substitute for "WINCARNIS."

DON'T confuse Wincarnis with "Beef, Iron and Wine." It is not a "Beef, Iron and Wine." Wincarnis is a Tonic, a Restorative, a Blood Maker and a Nerve Food—all combined in one delicious life-giving beverage. That is why over 10,000 doctors recommend it.

There are no "just as goods." If you will try a small bottle to-day, you will at once recognize the difference between Wincarnis and a "Beef, Iron and Wine." Reject all substitutes. Insist on getting Wincarnis.

Canada's Naval Policy

The history of the war shows that a great mistake was made in carrying out the naval policy agreed upon at conference held in London in the early summer of 1911, at which Sir Wilfrid Laurier represented Canada, and which the parts to be played by the Canadian and Australian fleets were defined.

The above furniture is all mahogany.

ROY F. POTTS, Auctioneer

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizziness, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flush any time.

KIDNEY DISEASE WAS KILLING HIM

Until He Used "Fruit-a-lives," The Great Kidney Remedy

Hagersville, Ont., Aug. 26, 1913. "About two years ago, I found my health in a very bad state. My kidneys were not doing their work and I was all run down in condition. Having seen 'Fruit-a-lives' advertised, I decided to try them. Their action soon aided, and the result all that could be expected. My kidneys resumed their normal action after I had taken upwards of a dozen boxes and I regained my old-time vitality. Today, I am as well as ever."

B. A. KELLY. 30c a box, 6 for \$2.50, trial size 25c. Ask dealers sent on receipt of price by Fruit-a-lives Limited, Ottawa.

fleet of cruisers and destroyers. Tenders were received in May, 1911, and the Canadian minister went to England to consult with the British minister as to the merits of these tenders. Then came the general election of 1911, which necessarily delayed the carrying out of the policy for the few summer months. The Borden government came into power in October 5, 1911, and the policy was abandoned. The British Dreadnoughts were established without our aid. There are thirty-eight British Dreadnoughts as compared with Germany's twenty-one. If there had been forty-one British Dreadnoughts the result would have been no different. But if the policy agreed upon in 1909 had been carried out Canada might have played a part similar to that of Australia. Canadian cruisers might have been used to the assistance of Australia and Japan in defending the coasts of Canada. Canadian cruisers might have played an important part in conveying Canadian troops across the Atlantic. Canadian destroyers might have been protection against attacks of submarines in our own waters.

The Toronto News says that the German submarine campaign has failed. True. But how? We have not been informed fully as to the methods used by the British Admiralty, but we cannot be wrong in believing that destroyers and our own submarines were the very important part. The work was not done by Dreadnoughts, important though they would not have been necessary in our particular duty. Canada ought to have done as Australia did and it is certain that Canada will eventually do so. The policy which was begun in 1909 but was interrupted and abandoned by the present government for purely selfish reasons and to please the Quebec Nationalists—Toronto Star.

RECENT DEATHS

George Gray died in Moncton last Friday leaving his wife, one daughter and two sisters and five brothers. One brother, James, lives at Pecosquis.

RECENT WEDDINGS

The wedding of George P. Melrose, formerly of St. John, and now engaged in the forestry service of British Columbia, to Miss Agnes Lombard at the home of the bride's parents, in Missoula, Mont., took place on October 5. After a wedding trip Mr. and Mrs. Melrose will reside in Vernon, B. C. Mr. Melrose is a son of Mr. and Mrs. A. B. Melrose of this city and is a forestry graduate of U. N. B.

YOU try PRIMECREST FARM SPECIAL BUTTERMILK. THEY'LL tell you the difference; and it is perfectly safe—must be—for it is made from high-grade milk that is first clarified, then separated, then pasteurized, and the butter made from New, Sweet, Rich Cream; THAT IS WHY YOU get in it that Delightful, Distinctive Flavor you never forget. Quarts Only at 5 cents. In Sterilized, Sealed Glass Jars. Come Out and See Us, Soon, at Primecrest Farm South Bay Saint John. Phones: West 373—West 374—After 6 p.m., Main 723.

ASIA MINOR COPPER IS SOUGHT BY ENEMY

Almost Inexhaustible Supply Obtainable From Arghana Maden Mine

London, Oct. 14.—The Daily Mail points out that the success of Germany in establishing connections with Turkey would mean the solution of Germany's copper problem as virtually inexhaustible supplies of the metal would be available from the Arghana Maden mine in Asia Minor. This mine, although hitherto much neglected, is one of the richest mines in the world, the newspaper says, and under German management it would soon be shipping copper wholesale over the new Baghdad railway. "Turkey," the Daily Mail adds, "could also be very helpful in the matter of cotton although she would hardly be able to furnish all of this staple needed by Germany."

THINK GERMAN NAVY OFFICERS ARE INSULTED

Von Tirpitz Partisans Take News of Arabic Settlement Very Hard--"Doubt a German's Word"

Berlin, Oct. 13--The news of the Arabic settlement was almost lost in the discussion over the Balkan situation and is arousing no general interest. The press, with a few exceptions, refrains from all comment but gratification at Count von Bernstorff's success is expressed in quarters which have consistently worked for a good understanding with America.

GERMAN PEOPLE KEPT IGNORANT OF ALLIES' DRIVE

Deliberately Misled, Being Told Just a Few Trenches Have Been Lost--Widespread Depression

London, Oct. 13--There has arrived in London Miss Lorette Weil, a young American woman who has just left Berlin after studying music there for two years. She told the Daily Chronicle many interesting stories about recent events in Germany.

DISAPPOINTMENT SURE, BERLIN PAPER WARNS

Final Results of War Are Bound to Prove Bitter Pill--Some Plain Talking

Amsterdam, via London, Oct. 14--The Korrespondenz of Berlin, which is the organ of the national liberal party, warns the nation not to be too hopeful. The newspaper asserts that the government does not permit public discussion of Germany's objects in the present war and that the German people are heavily concerned themselves with its objectives along altogether illusory paths and are bound to be disappointed at the final results of the war, which will bring most intense bitterness to the people throughout Germany.

WERE BLANKETS AND SADDLES STOLEN?

(Amherst Guardian)

The preliminary examination of P. T. Smith, who is charged with having in his possession military stores knowing them to have been stolen will begin before C. E. Casey next Friday afternoon. The crown will be represented by J. A. Hanway and it is understood that F. L. Milner and C. R. Smith will appear for the defence. One of the witnesses is a clerk in the store of the accused.

RECRUITING MEETINGS

A Contrast Between St. John and Small Nova Scotia Place

(Amherst News)

There were two remarkable recruiting meetings held in the maritime provinces last Friday evening. One in St. John, attended by more than one thousand people. The speeches were eloquent, the stage settings were all that could be required and as a result four St. John men enlisted. The other recruiting meeting was held in a country hall at the cross roads at Southampton, a small hamlet in this county. A downpour of rain preceded the meeting making the roads almost impassable. E. N. Rhodes, M.P., and Lieutenant J. L. Ralston, M.P., political opponents in days of yore but now united in the dire course where the speakers. There were not fifty present at the gathering but at the close of their addresses five stalwart recruits were added to the ranks. The "boys" of Southampton know that Lieutenant Ralston had given up one of the largest law practices in the province to do his part in the fighting they knew that Mr. Rhodes had offered his services in any capacity in which he could be useful to the government. Ten per cent of the audience volunteered. That small meeting held in a little hall on a lonely country road should go down in history.

WANTS \$6,000,000 FOR U. S. ARMOR PLATE PLANT

Secretary Daniels Urges Congress to be Independent of Private Concerns--Navy Yard Underbids Competitors

Washington, Oct. 13--Secretary Daniels will ask Congress at its coming session to appropriate sufficient money to begin work on a great government armor plate factory.

He said today that official reports to the department show such an establishment would cost between \$6,000,000 and \$7,000,000. Navy officials say Congress will be asked to appropriate first only from \$400,000 to \$500,000, for site and preliminary work.

Establishment of a government plant has been under discussion for about twenty years and various commissions have reported on the advisability of such an institution.

Secretary Daniels pointed out that the government powder plant has been a practical success and that by next year the government will be able to get from its own sources all the powder it needs.

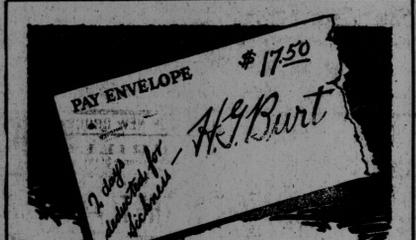

With a government armor plate factory and powder plant in active operation, the government, it is said, would be at all times prepared for emergencies.

It is expected the armor plate factory will be built somewhere near the coal fields of Pennsylvania or Virginia.

Official figures given out at the Navy Department today show the government navy yard at Mare Island, San Francisco, can build two of the proposed new torpedo boat destroyers for \$712,500 each, which is \$156,000 less for each vessel than the amount asked by William Cramp & Sons of Philadelphia, whose bids are the lowest made by any private concern. Mare Island promises delivery in twenty months.

They Fit Like a Glove

You will never really know underwear comfort until you try "Knit-to-Fit", a full-fashioned glove-fitting suit with-out folds or wrinkles, that cannot bind in any position you take and yet allows perfect freedom of motion.

When Health is Wrong The Pay is Short

Getting ahead in this world calls for mental and physical forces kept upbuilt and in trim.

Often the food one eats "makes" or "breaks"--it depends upon the kind of food. In many cases the daily dietary lacks certain essential elements for keeping brain and body at their best.

Over 18 years ago a food was perfected to offset this lack--

Grape-Nuts

—and it has stood the test of the years.

Made of whole wheat and malted barley this famous pure food supplies all the nutrients of the grains including their mineral salts—phosphate of Potash, etc.—necessary for building brain, nerve and muscle.

Grape-Nuts has a delicious nut-like flavor; is always ready to eat—fresh and crisp from the package; so thoroughly baked it is partially predigested.

Thousands "on the job" every day know "There's a Reason" for Grape-Nuts

Made in Canada —Sold by Grocers everywhere. Canadian Postum Cereal Co., Ltd., Windsor, Ont.

LATER WORD ABOUT OROMOCTO BURGLARIES

Further word comes to the Times about a series of daring burglaries which have caused tremendous excitement along the St. John river in the vicinity of Oromocto. Doors which had not been locked for ages are now closely barred at night, windows are buttressed and the men of the house retire to sleep with fire-arms close at hand. The whole neighborhood is on the watch, and was

HOOPER'S HOMER PUT AN END TO HOPES OF PHILLIES

The Red Sox clinched the championship of the world yesterday when they defeated the Phillies by a score of 5 to 4. Home runs by Harry Hooper and Duffy Lewis were deciding factors in the fourth straight victory over the Philadelphia team.

Mayer started to pitch for the Phillies, but was hit hard and was replaced by Rixey in the third inning. The Red Sox sent Foster in in an endeavor to end the series and he came through, although he was forced to extend himself to stave off defeat. Both teams were hitting the ball hard and the result was in doubt until the ninth inning, when Hooper's homer into the bleachers made the Red Sox "champions of the world."

National League Park, Philadelphia, Pa., Oct. 13.—The Red Sox are champions of the world. They won their title by taking the fourth straight game from the Phillies this afternoon in the ball-park of the National League champions 5 to 4. A home run smash by Harry Hooper that bounded into the center field bleachers sent the Phillies down to defeat in the ninth inning. It was the fourth circuit-clout of the game. Today's struggle that decided the championship was in sharp contrast to the four previous battles. It was a slugging melee in which both clubs battled savagely. The playing field today was lightning fast, far faster than the one in Boston. In practice the batted ball sped over it in a way that indicated that the infielders would have to be on their tiptoes all the time. The Philly park seemed tinner than ever after two days of play at Braves' Field but the Boston players did not fear the heavy artillery of the Phillies any longer. Both teams were given a rousing reception upon their arrival here from Boston. A thousand or more rooters from Boston came down in the same train confident of seeing the wind up of the series in favor of the Red Sox at the afternoon clash and they were not disappointed. That the best team won there can be no doubt. Both teams throughout the series played with less confidence than in any previous series, but the Red Sox had it on their adversaries in team play and batting to say nothing of the better showing of their cat's paw pitching staff.

FRENCH'S AID ROSE FROM RANKS

Gen. Sir William Robertson Worked His Way Up. SEES THAT ARMY IS FED Troops Were Supplied. Even When Things Were at Their Worst—Proud of His Own Staff

Little is known to the outside world about Gen. Sir William R. Robertson, K. C. V. O., K. C. B., D. S. O., whose remarkable career from the ranks to chief of staff of the army is so well known to that of Sir John French, the Commander-in-chief, has been described

as that of the general manager of a great corporation to that of its president. A powerfully-built country boy, he came to London at the age of nineteen and enlisted in the 10th Lancers. Promotion from the ranks is not frequent. The great majority of officers come from the military school at Sandhurst. But the door is kept open for a private of good education and character. By passing a special examination he may get a Commission. Young Robertson had received only an elementary education, but set out to make up for the deficiency by study. He invented his shilling a day, which is the pay of a British private, in books. As a British regular trooper has none too much time to himself, he used to go courtesies to read by him from Bacon and the English classics while he was grooming his horse or cleaning his equipment.

Not until he had served ten years did he pass the examination which gave him a commission in the 8th Dragoon Guards. He was then twenty-nine, and the average second lieutenant had about eight years the state of him on the army list. In the course of lineal promotion he could never hope to be more than a major; special promotion, however, could only be obtained through distinguished service. Gen. Macdonald, who won fame by his charge on the Trenchard, and other eminent British commanders who had risen from the ranks had won their way as natural leaders in the field. Robertson's career is the more striking, officers say, because it is due to excellence in organization, and in the application of the methods of modern war, which presupposes the grounding of a thoroughly scientific military education.

Four years after he had received his commission he had won enough attention to be assigned to the Intelligence branch of the Quartermaster's Department in India. In India he found his opportunity. Rewards are given to officers for learning native dialects.

To the average officer there is nothing very attractive in spending hours with a native "mushli" or teacher in acquiring a tongue which can be of use with only some frontier tribe. Robertson offered his mushli a quarter of the reward when he was proficient enough to earn it by passing an examination.

Sir William, when he is reminiscent, will recall what an excellent bargain this proved to be. The mushli saw to it that his pupil did not fail to improve any spare moments. He would be waiting at his pupil's door at daybreak and put him through an hour's lesson before breakfast. Having mastered one dialect, Robertson undertook another, and then another. Soon he became known as a language expert. This gained for him another opportunity, which was to apply his knowledge by exploration on the northwest frontier. When the Chitral campaign with the Distinguished Service Order for services which included gallantry in action when he was severely wounded.

Now he was a "marked man" in the service, marked by stubborn application which had brought him from the ranks and by his demonstrated ability. "Every one had to admire him," as another general said. "He had won his way without influence against odds by sheer hard work, making the most of his natural gifts."

On the staff throughout the South African campaign, he earned the praise of Roberts and Kitchener by his capacity for getting things done when others sometimes failed. When in 1910 he was placed in command of the Army Staff College even those who agreed that he had shown himself to be the man for the place were amazed at the thought that a man who had been for ten years a private, without any ground-work of regular academic education, should become the director of an institution which gathers the ablest officers of the army for instruction in the higher branches of war and gives the character to army organization in time of war. Meanwhile he had kept on with his languages. He now knew French and German, and he had studied the Continental army systems. There seems to be general agreement that his improvement of the Staff College marked an epoch. As Director of Military Training at the War Office, he later had much to do

LECTURE ON CHRISTIAN SCIENCE

GIVEN BY George Shaw Cook, C.S.B. Member of the Board of Lectureship of The First Church of Christ, Scientist, Boston, Mass.

AT THE IMPERIAL THEATRE Sunday, Oct. 17, 3 P.M. No Collection. Seats Free.

A North Middleboro young woman walked barefooted through the streets at 11.30 the other evening. She was not introducing a fad; she merely had dreamed that her parents were in a neighbor's house and she arose in her deep and went for them. When the door was opened at the neighbor's the girl awoke and ran home without stopping to explain her errand.

TO THE ELECTORS. I AM up for election as a councillor for the Parish of Lancaster, and understand a canvas is being used against me to the effect that I am no friend of the laboring man. Personally I know that such a canvas is, to the electors, known to be false, but my immediate associates urge that I publicly deny it, and at their request I hereby do so. (Signed) R. H. CUSHING. Lancaster, Oct. 13.

LOCAL NEWS

POLICE COURT
In the police court this morning, Edward Donovan was fined \$10 or four months in jail for drunkenness and furious driving in Brussels street.

DEATH OF CHILD
Friends of Mr. and Mrs. Timothy Boyle, 109 Harrison street, will sympathize with them in the loss of their six-year-old daughter Sarah, who died yesterday.

MARRIED IN MONTANA
Word of the wedding of George P. Melrose and Miss Agnes Lombard, in Missoula, Mont., on Oct. 8, has just been received. Mr. Melrose was graduated in forestry by the U. N. B. in 1914 and is now in the British Columbia forestry service.

FOUNT OVERFLOWING
The water fountain in Bridge street, North End, is causing annoyance through an overflow of water and merchants in the vicinity are asking that it be repaired. Last fall the trough in the fountain overflowed and the water froze across the roadway, but it is hoped that this will not be allowed to recur.

HAS GONE TO NEW GLASGOW
R. V. A. J. Archibald, who recently accepted a call from the New Glasgow Baptist church, left for his new field of labor on Tuesday. He was pastor of Charlotte street Baptist Church, West St. John, N. B., has been called to Charlotte street church, but has not yet accepted.

ANKLE HURT
While getting into an automobile in King street this morning W. H. Dunham of North End slipped and had his foot caught and ankle badly hurt. He was attended by Dr. C. M. Pratt. Mr. Dunham's friends will be pleased to know that his injury is not more serious but he will be confined to his home for a few days.

INDOOR BASEBALL
The members of Companies "A" and "B" of the 62nd regiment assembled at the armory in Lower Dock last evening and after a programme of drill, carried on a lively game of indoor baseball. It is the intention to continue the drill by following it on Wednesday evenings with athletics, thus giving opportunity to young men to develop physically besides getting an idea of military drill.

FOR THE S. P. C.
The treasurer of the New Brunswick Society for the Prevention of Cruelty to Animals, has received the following contributions to the funds—George Dick, \$1; W. E. Scully, \$2; John Galbraith, \$2; Baird & Peters, \$2; W. H. B. Sallie, \$1; C. E. L. Jarvis, \$2; Mrs. Murray MacLean, \$1; W. Leonard, \$1; Col. M. B. Edwards, \$2; Theo. H. Estabrooks, \$2; James Robertson Company, \$1; Bowyer Smith, \$2; National Drug & Chemical Company, \$2; Waterbury & Rising, \$2; A. O. Skinner, \$1; Dr. James M. Magee, \$2; John Sealy, \$1; Hon. J. NEW 36-INCH MAIN TO CITY FROM LATIMER

Commissioner Wigmore's Plan—Work for Better North End Water Service Progressing

Working out of the scheme for providing a new main to add to the water supply and pressure in the North End is progressing steadily. The first step was the construction of the new line from city road to Mount Pleasant, which gives a strong force at the very top of the hill, one of the highest levels in the city. This new line has been extended by the new main which has been laid through Cedar Grove Crescent and the Millidge property, to Kingston avenue. This section, in which the sewers were laid also, called for some engineering work as part of it required a fill to a height of about five feet and another section called for a rock cut six feet deep. To carry the connection to Main street all that is required is a crossing to Barker street and a stretch along Military road.

To make the distribution more even the commissioner of water and sewerage hopes to link this system with the extreme North End by a main running through Portland Place and connecting the new main recently laid in Metcalf street.

In order to improve the supply to the city and to provide against such emergencies as occurred recently when the old mains were both out of use, the commissioner hopes to be able to go ahead soon with the construction of the new thirty-six inch main from the city to Lake Latimer. As bond issues are not regarded with favor during war times he has suggested that he may go ahead with the work, doing a small stretch at a time as funds are available from the surplus of the department. As each stretch was laid it would be cross connected with the other mains so that it could be used at once and would always be available in case of a break in that section.

CALL FROM 26TH IN BELGIUM TO ST. JOHN MEN TO ENLIST

A letter from Private William Gormley of the 28th Battalion, tells that they were in Belgium, about ready for the trenches. He said he did not see any boys at home do not enlist for they were certainly needed. He would be glad to get into the trenches in order to take part in more exciting experiences as he was tired of waiting with little to do. He wished to be remembered to his boys at home. Private Gormley gave his address as "B" Company, 6th Platoon, 28th Battalion, Army Post Office, London, England.

CHAS. GRAY, FORMERLY OF ST. JOHN, TO WED DAUGHTER OF MR. JUSTICE ANGLIN

Mr. Justice and Mrs. F. A. Anglin announce the engagement of their daughter, Muriel, to Charles Gray, son of the Royal Bank, Ottawa. The marriage will take place very quietly, on October 20, in the city. Justice Anglin is on the supreme court of Canada, and is the eldest son of the late Hon. T. W. Anglin of St. John. Miss Muriel is his eldest daughter, and is very popular in Ottawa society. Mr. Gray was in the Union Bank of Halifax before it was absorbed by the Royal. His first wife, who died several years ago, was Miss Leek, of St. John.

SYDNEY HART GOES TO JAIL UNDER SENTENCE OF YEAR, STACKHOUSE FREE

Judge Barry this morning sentenced Sydney Hart, who pleaded guilty to a charge of bigamy, to serve one year in jail commencing from August 13 last, and in the case of the King vs. Charles W. Stackhouse, who pleaded guilty to the theft of several small amounts in the London Life Insurance Company, the prisoner was allowed to go on suspended sentence.

The court adjourned until Wednesday, when the case of Clements vs. the Bank of Nova Scotia will be tried. The special jury in this case will be required to be present at that time.

The case of Levi Downey vs. the Commission of Sewers for the Parish of Hopewell, et al., is being continued in the Chancery Division before Mr. Justice White today.

I. C. R. BRAKESMAN KILLED

Wm. Robinson Was Taking Another's Place on Run North

SUDDEN DEATH OF MRS. ELIZABETH A. MAGEE

Friends of Mrs. Elizabeth A. Magee, wife of James S. Magee, were shocked this morning when they heard of her sudden death. Last night she was apparently in the best of health and retired about the usual hour. At an early hour this morning her husband found her dead in bed. Heart trouble was thought to have been the cause of her death. She was a woman of kindly disposition and was beloved by all who knew her. Besides her husband she is survived by three sons, Frank P. of The Times, George H. and Ivan, and one daughter, Mrs. Jennie E. Brown, of this city, and one brother, George, of Boston. Her funeral will take place on Sunday afternoon at 3 o'clock from her late residence, 37 Millidge avenue. Many friends will extend sympathy to the bereaved family in their great loss.

PRICE WEBBER'S RECOVERY

The friends of Price Webber in St. John and territory are legion, and every one of them will learn with pleasure that the veteran and popular actor is apparently on the road to recovery after a very critical operation. That Mr. Webber, who is in Dr. Cousin's Hospital in Portland, Me., is expecting soon to reach the convalescent stage, is the cheery news received this morning from Mrs. Webber, who has been at her husband's bedside since the commencement of his illness.

Forgetting

A large percentage of people use their memories to "forget" what they do not want to remember.

Is your business or your product one that you can chance having put out of mind?

Don't you need the reminder of newspaper advertising?

Don't you need the same advertising to tell new people your story?

Don't you want your business to march forward instead of backward?

Are you not taking too much for granted when your advertising does not appear in this newspaper?

The time to advertise is NOW.

KING STREET COR. GERMAIN **GREATER OAK HALL**
SCOVIL BROS., LIMITED, St. John, N. B.

Don't Miss This

As already advertised, we will put on sale tomorrow a limited number of Mop Outfits, exactly as illustrated, at 65c. This includes mop, complete, with 54 inch handle, and large tin of Cedar Oil Polish, and anyone who has seen one of the hundreds of these which we sold a few weeks ago, does not need to be told that they are wonderful value at this price.

In addition to being used for treating the mop after it has been washed, the Cedar Oil Polish has proved to be one of the best liquids we have seen for use as a furniture polish. Used on chesecloth in the ordinary way, it quickly imparts a hard, durable lustre, without that tendency to smear easily, so often noticeable after using other liquids.

Please Note That the Sale is For One Day Only. After That the Usual Price Must Apply.
