Strong Opposition Here to Embargo on Canadian Pulpwood

MOB ATTACKS FELIN EXCHANGE

BOARD OPENS
CONFERENCE
IN ST. JOHN

American Concerns Agree
That Embargo Will
Curtail Trade.
FORESTS GROWING
Sessions Resumed This Af-
ternoon to Hear Other
Witnesses.

The general course of the evi-
dence given at the Pulpwood En-
quiry which opened at the Court
House this morning was very
similar to that which was elicited
in Nova Scotia. Of the witnesses
who appeared, all were with one
exception opposed to the em-
bargo.

Representatives of both the
farmers and small holders and
of the big companies testified.
The latter, mainly American con-
cerns, agreed that an embargo
would have the effect of curtail-
ing or stopping their operations
in Canada entirely, and there
would be no likelihood of their
plants being moved to Canada
until a good many years, if at
all, as owners would not con-
sider moving until their exist-
ing plants had depreciated to such
a point that renewal would be
necessary.

Police Find Lively
Drug Trade in Clubs

Paris, Oct. 16.—A section of the
Paris police known as the "Society
Brigade" has discovered that a
lively trade in drugs is being con-
ducted by certain persons in the
Paris clubs. The authorities dis-
creetly followed a trail, which they
allege led to a drug store in the
fashionable Roulle section. The pro-
prietor, Clostre, and his principal
assistant, Lafontaine, were arrested
and held without bail charged with
the unlawful sale of drugs.

FIVE MEN SUCCUMB
IN BLAZING FOREST

Marquette, Mich., Oct. 16.—Five men
were burned to death yesterday in a
forest fire near Birch, Mich., twenty
miles from Marquette. The dead
were employees of the Lake Indepen-
dent Lumber Company of Birch, and
were working on railroad construction.
Telephone lines between Marquette
and the copper country have been
severed due to the fire and little
information was obtainable. Inter-
ests of men to go to the fire zone were
being organized here last night.

ing September than during August or

istence 17 disputes involving 18,844
employees and a time loss of 83,297
working days compared with 18 strikes

and a time loss of 87,297 working days.
In September of 1922 there were re-
corded 23 strikes affecting 17,736 em-
ployees and with a time loss of 99,732
working days.

GULF COAST SWEEP
Tail End of Big Hurricane Hits
Shores Along New
Orleans.

New Orleans, Oct. 16.—The entire
Louisiana gulf coast was being swept
by strong winds, which, in some in-
stances, had reached the proportions
of a hurricane, reported yesterday as
a disturbance 200 miles at sea, due to
a strike inland northwesterly at about
longitude 91, approximately 170 miles
west of the mouth of the Mississippi
river.

Hildesheim and Eifel, in the Provin-
ce of Hanover, while attempting to

cils.

the German charge d'affaires, has

London, Oct. 16.—The taking
over by the British Government
of some of the wealthy but un-
developed portions of the Domini-

unemployment in Great Britain
was urged by A. Somerville, M.
P., in a speech at Ascot last night.

DIVIDED
OVER NAVAL
BASE PLAN

English Views are Sharply
Divergent Over Singa-
pore Proposal.
LOOK TO DOMINIONS
Admiral Scott Says Safety
Only in Airplanes, Mines
and Submarines.

(Associated Press).
London, Oct. 16.—Opinion here re-
garding the proposed British naval
base at Singapore is so violently di-
vided that special interest is attached
to the lines the Dominion Premiers,
especially those of Australia and New
Zealand, will take on Wednesday when
the question is expected to come before
the imperial conference. The belief
prevails here that Australia favors the
project and is willing to contribute to-
wards defraying its expenses, and ac-
cordingly, opponents of the base are
doing what they can to bring its sup-
porters to the contrary view.
Admiral Percy Scott, who has no
confidence in the utility of battleships
and who is hotly antagonistic to the
Singapore plan, told a meeting of the
Australian association of London last
evening that the proposed base was
utter foolishness. The only key to
safety and defense he said, was in the
use of airplanes, mines and subma-
rines.
If these were properly provided and
properly operated, he said, a Japanese
fleet could never reach Australia nor
could a U. S. fleet reach Japan in the
event of hostilities, while if Singapore
were similarly equipped no hostile
ships could ever get within 200 miles
of that port.
The admiral said that a wicked, wanton
and unprovoked attack of the tax-
payers' money to construct such docks
at Singapore and that the idea had
originated with men who were either
ignorant or too lazy to analyze the
basis for their opinion.
Admiral Mark Kerr who is now at-
tached to the Royal Air Force took
the same line. He asserted that a dis-
tinguished U. S. admiral had told him
that "if you build a base at Singa-
pore, you will scrap every battleship she
was building. The present type of
ship, Admiral Kerr said, was as obso-
lete as Nelson's wooden ships.

Urges British To
Carry Out Mandate

New York, Oct. 16.—A resolution by
the American Jewish Congress insist-
ing that the British mandate over
Palestine be carried out, will do more
towards making the Jewish national
home a fact than any other possible
act, Israel Zangwill yesterday asserted
before a luncheon audience at the sec-
ond session of the congress.
"England," he said, "respects U. S.
opinion and wants U. S. co-operation
to restore peace. I am willing to meet
a committee and draw up the results
I suggest in order to impress the
British Government."

Only 1,275 People In
France Out of Work

Paris, Oct. 16.—The French Gov-
ernment has no unemployment problem
on its hands. Statistics compiled by
the ministry of labor show that only
1,275 persons are out of work in all
France, of whom 60 are in Paris,
whereas in March 1921 the number of
unemployed was 91,226. Of this num-
ber 45,100 were in Paris.

Masaryk's Visit
Interests Paris

Paris, Oct. 16.—Great importance
is being attached to the visit of
President Masaryk, of the Czechoslo-
vak Republic, who arrives in
Paris today.
An elaborate reception pro-
gramme has been arranged begin-
ning with the president's arrival at
11 a.m. at the Bois de Boulogne sta-
tion. The plans called for President
Millerand, Premier Poincare and the
cabinet to greet M. Masaryk at the

This afternoon after placing

at City Hall with President Miller-

LLOYD GEORGE GETS

(Canadian Press).
London, Oct. 16.—Customs formal-
ities—how to simplify them and make
them a help rather than a hindrance to
international trade, was the question
of primary interest discussed yesterday
at the opening session of the International
Customs Conference.
In a consultative capacity an im-
portant group is here to the interna-
tional chamber of commerce, which really
framed the basis of the present meet-
ing at its conference at Rome. These
delegates will be freely consulted as
important problems on the agenda are
discussed.
Questions like national tariff poli-
cies have been officially struck out of
the programme on the ground that
they are not ripe for international treat-
ment, but the delegates have admitted
privately that the present conference is
probably only the forerunner of an
attempt to take up the huge and con-
troversial questions of tariff and com-
mercial policy and endeavor to secure
some universal agreement.

SENTENCE 2,000
BUFFALOS TODIE

Expert Gunmen Are Engaged
To Cause Death At First
Shot.

Edmonton, Oct. 16.—The two thou-
sand buffalo ordered slaughtered in
Walworth Park by the Federal Govern-
ment will be done by rifle bul-
let, by expert gunmen, according to
A. S. Duclos of Edmonton, who has
the contract for the slaughter.
Mr. Duclos denied that Indians are
to shoot the buffalo with bow and
arrow, while a moving picture machine
"shoots" the scene. At the meet the
number of buffalo that will be killed
in producing the film will run to about
ten and this will be done by ex-
pert and experienced gunmen.
It is very important that these ani-
mals are killed by the first shot Mr.
Duclos said, so as to keep the animal
in a cool condition to get the quality
of the meat. The process is carried
out exactly in the same manner as in
the large packing plants with the Gov-
ernment inspection of the meats.

U. S. Ambassador Says
No To Cabinet Offer

London, Oct. 16.—Dr. Otto Ludwig
Wiedefeld, German ambassador to the
U. S., who has been on leave in Ger-
many, left Berlin yesterday to resume
his duties in Washington, according to
the Exchange Telegraph, after a con-
ference with Chancellor Stresemann, at
which Dr. Wiedefeld is reported to
have refused an offer to join the cabi-
net.

Oklahoma Water
Falls Five Feet

Oklahoma City, Oct. 16.—Water at
the city reservoir, ten miles west of
here, has fallen six feet since mid-
night, according to an announcement at 8
a. m. by C. E. Breta, superintendent of
the water works. Although there has
been no drop yet in Oklahoma City,
this is believed to indicate that the
crest of the flood is upon the city and
that the water will not go higher.

boring hill upon the modest dwelling in

popular subscription among the inhabi-
tants of Romagna, the commune in
which his birthplace is situated. The

British sentiment Dr. Thornwell Jacobs
has decided to withdraw the request
of Oglethorpe University that the body
of Gen. James E. Oglethorpe, founder
of Georgia, be transferred to the pro-
posed shrine on the campus of the uni-

made against the transference of the
body by a number of the leading news-
papers.

supposedly murdered woman found
floating on Toronto Bay, Sept. 27, is
now thought to be that of Miss Kath-
erine Ann Foley, of Rochester, N. Y.,
who has been missing since the latter
part of August.
A niece of Miss Foley visited police
headquarters yesterday and identified
a photograph of the body as that of
her aunt.

diverting the waters of Lake Michigan
to the Chicago drainage canal.

Faces Second Murder Trial

MRS. HELEN ELWOOD STOKES

New York.—The spotlight of the world's sensational interest
is centered on one red-haired, determined woman—Mrs. Helen
Elwood Stokes, who having won one of the most contested divorce
cases of the decade, faces a second trial because of a technical er-
ror in court procedure.
She must refute 49 charges of misconduct brought up by her
husband, an elderly millionaire.
She faces an army of recruits from all parts of the country,
each waiting to offer evidence against her character.
She is confronted by the Stokes millions, every dollar ready
to spend its power and influence against her.
Every act and deed of her life is to be aired and spread out
for a second time before a sensation-loving world.

International Questions Give
Away To Wedding Puzzle

Cologne, Oct. 15.—The little village of Hohenberg, near here, is now
more interested in domestic complications than it is in international ones.
The town is absorbed in working out the complexities of two matrimonial
adventures beside which the table of affinity appears ridiculously simple.
The puzzle started two years ago when a 68-year-old widower wood-
man and married the village belle, a maid of 21 who thus became the step-
mother of her husband's forty-year-old son. Emboldened by his father's
example the son married the mother of his step-mother, by which his own
father became his son-in-law. Then the 22-year-old wife presented her
husband with a daughter and the elder bride the same thing, and so the
first lady's grandmother is also her sister-in-law.

CITY HALL
ATTACKED
BY RAIDERS

Doors are Locked at the
Stock Exchange at
Berlin.
MANY INJURED.
Strong Guards are Thrown
Around Buildings in
Capital.

(By Canadian Press).
London, Oct. 16.—A mob
tried to force its way into the
Berlin stock exchange today,
says a Central News despatch
from the German capital. The
doors were promptly closed and
the police took up the task of
dealing with the attacking
throng.
The mob also tried to storm
the city hall, the message states,
but the police appeared in strong
force and seemed to be masters
of the situation after fierce fighting
in which a number of persons
were injured, several seriously.
For the moment, adds the mes-
sage, the city hall and the stock
exchange have been locked and
strongly guarded, and the Wil-
helmstrasse closed to pedestrians
and vehicles.
Boost Causes Anger.
Berlin, Oct. 16.—The sudden increase
in the price of the four-pound-loaf of
bread, which brought the price from
94 to 460 million marks, has caused
considerable excitement and anger
among the Berlin working class. It
has also been responsible for much
of the plundering of bakers' shops by
gangs of youths and women.
The police have little difficulty
in dispersing the small crowds that
demonstrate against the high food
prices in various parts of the city. In
Leipzig, however, the officers used their
batons to break up the crowds
manifestants.

PREPARING FOR
SCHOONER RACE

Preliminary Event to Be Held
Off Gloucester in the
Near Future.
Gloucester, Mass., Oct. 16.—Prelim-
inary races between the new schooner
Columbia, the Henry Ford and the
Elizabeth Howard, of New York, an-
other cup aspirant, will be held in the
near future to determine the U. S.
challenger for the International Ameri-
can trophy, according to present
plans of the U. S. race committee.
Postponement of the first race in this
year's international series from Octo-
ber 20 to October 27, announced last
night by the cup trustees in Halifax,
was made at the request of the U. S.
committee for the purpose of getting
the Henry Ford to compete in the
preliminary races.
The Henry Ford, last year's chal-
lenger, was defeated by the Canadian
Bluenose, present holder of the trophy,
in last year's races. The schooner has
been absent on a fishing trip, but is
expected to arrive in time for the
trials.

Ask City Assistance in
Home Bank Affair

Montreal, Oct. 16.—Included in pe-
titions submitted to the city council
yesterday, was one signed by twenty-
five depositors asking the city au-
thorities to intervene on their behalf
with the federal government in order
to protect them from suffering losses
on account of the suspension of the
Home Bank.
The council resolved to forward the
petition to Ottawa for consideration.

agreed upon at a meeting of provincial
premiers held in Quebec last week.

day. A committee composed of the deputy

F. O. FRENCH NOW DRIVER OF TAXI

Cousin of Vanderbilts in New York Says He is Strapped.

New York, Oct. 16.—Francis O. French, eldest son of Amos Tuck French, has become a taxicab chauffeur.

"I'm doing it because I'm strapped," explained this first cousin of William H. Vanderbilt at 18 West Seventy-second street, where he occupies a top floor furnished room.

Some of the people who may undertake to explain to him why he should not drive a taxicab are his associates in the Harvard Club. Some of them have tried already, he confessed yesterday, but they have not succeeded in altering his conviction that driving a taxicab is the most healthful, gainful and honorable occupation that is open to him right now.

His aunt, Lady Cheylesmore, of London, now on her way to New York to attend the wedding of her other nephew, William H. Vanderbilt, who is to marry Miss Ebbly Davies, may try to dissuade him. Then there is the membership of the Knickerbocker Club for him to contend with.

At the Mogul Checker Cab Company offices it was explained that Mr. French had been put through their school, that he had been instructed what sort of treatment he was expected to accord the public.

The new taxicab chauffeur is a brother of the former Mrs. Jack Geraghty, who eloped from New York in 1911 with the family's chauffeur. In 1918 his brother, the late Edward Tuck French, phone operator of Manchester, N. H. Recently Mr. French's wife, who is Eleanor Burrill, divorced him.

England Ponders Currency Inflation To Revive Trade

London, Oct. 15.—Currency inflation as a means of reviving Great Britain's sagging trade and of reducing unemployment is now being widely discussed.

That such a scheme has been suggested to the Government by reputable authorities is known, and one proposal involving the sum of £100,000,000 was said by Minister of Labor Barlow to have been put forward by no less an authority than Frederick Goodenough, chairman of Barclay's Bank.

Mr. Barlow said such a proposal was worth consideration, but that neither he nor the Government was responsible for it. A number of plans, he added, have been considered and developments are in sight. The minister explained that this is a good way as any. I had reversed in the Street two and a half years ago and I am tired of having an uncertain future.

pressed a hope that either Premier Baldwin or himself would soon be able to make an announcement on the subject. Mr. Barlow, however, was apparently mistaken as to the authorship of the £100,000,000 inflation proposal, as The Daily Express quotes Mr. Goodenough as saying: "I never suggested anything of the kind."

Insufferable boils on each of the three children was the experience of Mrs. Mary H. Lloyd of New Albany, Ind. All treatment seemed in vain. "Three medicine spoons went down three tiny throats twenty times daily. Boils still came. The little sisters still cried."

"A sedentary life," writes the Rev. James E. W. Cook, of Wilmington, N. C., "leads to torpidity of the liver and kidneys, to constipation, and to the misery of acute indigestion. No man in such a condition can feel bright and competent to face the duties of the day. He awakes in the morning with a bad taste in his mouth and a dull feeling in his head. Not only Monday but every day is painted a depressing blue. His life is threatened with failure."

"It was while feeling thus that I determined to investigate Fleischmann's Yeast. To-day constipation, indigestion, and all their attendant ills have gone—like evil geni before a magic wand. The Arabian Nights contain nothing more wonderful."

THE burning misery of an "acid stomach"—the clogging poisons of constipation—the pain and disfigurement of an unsightly skin—they are all needless. Gradually we are realizing the truth about such disorders: realizing that in the vast majority of cases they are due simply to wrong habits of living and eating, and that the body—given a real chance—can conquer these ills itself. It is foolish to expect the impossible. Of course, cases that demand medical or surgical aid are not generally curable through the yeast treatment. But in 99 out of every 100 ordinary cases of constipation, skin eruptions, or digestive trouble, Fleischmann's Yeast can accomplish literally amazing results.

GIVES ADDRESS ON MARKS OF CHRISTIAN The mission services in St. Paul's church which are being conducted by Very Rev. Dean D. T. Owen, D. D., Dean of Niagara, were attended by very large congregations yesterday afternoon and last evening and his moving eloquence and direct appeal made a profound impression. In the afternoon at 4 o'clock he gave the first of a series of addresses on prayer, and spoke of the reasons for prayer. This afternoon he will speak of how to pray. In the evening his theme was "What Constitutes a Christian." The characteristics of the true Christian, he said, were to be personally devoted to Christ, to have faced the problem of God and grasped the fact that God is a loving Father to exemplify which fact Christ stated His whole life, to have faced the problem of sin and redemption on Calvary; to have faced the problem of worship, which was one of the greatest needs of the present time, and, finally, to hold Christ's ideal of service and His attitude towards men. In closing Dean Owen appealed to the people to use the mission as a time for starting again in Christian life. He offered many prayers of intercession in

GOOD SIGNS.

The official estimate that the wheat crop of the West alone will run from half-a-billion to \$800,000 in value is by no means the only encouraging news of the day.

THE AFTERMATH.

With a fine air of finality a Brandon writer puts these assertions on the record: "Those who anticipate the great war will ever provide books, fiction, stories, history or legends that will live for generations must be disappointed."

CONSERVATIVE LEADERSHIP.

RECENT WEDDINGS

Tilley-Camp.
Miss Hazel Gertrude Camp, daughter of Mr. and Mrs. A. L. Tilley, of Cambridge, Queens county, was married last evening to Roy James Tilley, son of Mr. and Mrs. Archibald Tilley, also of Cambridge. The ceremony was performed at 7 o'clock by the Rev. George Macdonald, of Victoria Baptist church, at the parsonage. The bride wore a pretty suit of blue periwinkle with hat to match and grey squirrel fur. Mr. and Mrs. Tilley, who were unattended, will spend a few days in the city before returning to their home in Cambridge, where the groom is a prosperous farmer.

SUES HIS RIVAL AFTER DIVORCE

Asks \$10,000 for Alienation of Affections While Overseas.

Barrington, Vt., Oct. 16.—Ralph W. Tyler, ex-service man, has brought suit in Chittenden County Court against Howard C. Stevens, charging alienation of the affections of Mrs. Tyler while her husband was doing service overseas. Tyler asks \$10,000 damages. Tyler divorced his wife in 1919, naming the defendant in the present suit. Stevens was divorced by his wife, the mother of five children, that same year. Later Stevens married Mrs. Tyler at Portland, Me., and they now live on a farm near Underhill Centre, Vermont. Tyler charges that while he was overseas, and even after he returned, a period between January, 1918, and November, 1919, the defendant Stevens alienated the affections of Mrs. Tyler and finally induced her to leave the plaintiff's home.

NORMA TALMADGE AT QUEEN SQUARE

Seen in a New Spectacular Triumph, "The Eternal Flame."

After "Smile" Through" it may sound almost too good to be true to say that Norma Talmadge has made an even better production. But after viewing her in "The Eternal Flame," the First National attraction which began an engagement at the Queen Square Theatre last night, it becomes evident that this is the greatest photodrama of Miss Talmadge's career. Adapted from Honoré Balzac's "La Duchesse de Langeais," with all the color and pomp and glory of the Second Restoration Period in the Court of Louis XVIII, it is an epic of the screen, and Norma, as the beautiful and flirtatious duchess, is superb. Magnificent are the settings revealed in this gorgeously spectacular photodrama. Particularly so is the great ballroom scene in the Court of Louis XVIII, with hundreds of cavaliers and their ladies on the floor. The photography is the last word in the art of the cinematographer, and the direction by Frank Lloyd is the work of a master craftsman. Conway Tearle, as the Duc de Langeais, is a most convincing artist, and Adolphe Jean Menjou is admirable as the Duc de Langeais. Others in the cast who contribute to one of the finest pictures of a decade are Wedgwood Nowell, Rosemary Theby, Kate Lester, Thomas Ricketts, Irving Cummings.

FIND REMAINS OF OGLETHORPE AND WIFE IN TOMB

Georgia's Founder in Brick Vault of English Church 138 Years.

Cranham, England, Oct. 15.—(By A. P.)—Resting in a lead-lined elnwood coffin, almost as well preserved as though it had been deposited yesterday, the body of James Oglethorpe was found this week in a brick vault under the floor of the little parish church here, where it was buried 138 years ago. The body of Lady Oglethorpe, who died two years later, rests beside that of her husband in a similar coffin. Large bronze nameplates give unmistakable evidence of the identity of the bodies.

Time and the elements have apparently laid only a light hand on the venerated Briton, who laid the foundations of the present American states of Georgia, Alabama and Mississippi, for the only sign of decay in the coffins is a slight break in a seam at the head of the general's coffin, which ex-

ting this boat for the route. No action was taken, as a quorum of the committee was not in attendance. G. W. Mullin, secretary of the Lancaster and Indian River Ferry Commission, said the sum of \$1,000 voted for fitting up the boat had been expended and about \$600 more would be needed to put her in commission. The bill

of J. Fred Williamson for extras over his contract price of \$1,600 for installing the machinery would be nearly \$800, and the bill for carpenter work would be about \$200. Commissioner Bullock, chairman of the ferry commission, said the first intimation he had of the need of money was on Friday last, and he had then

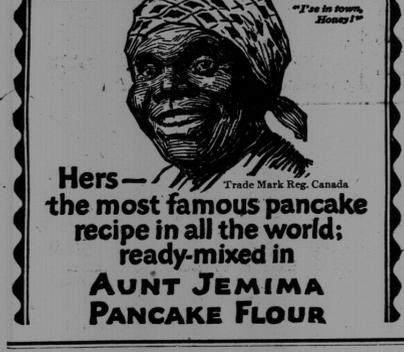

given orders that the work be stopped until funds had been provided. Commissioners Wigmore and Thornton said this looked like a repetition of the experience with the E. Ross.

WOMEN'S CITY CLUB FOR BIG BOND ISSUE

Favors \$50,000,000 for N. Y. Institutions to Be Voted on in November.

New York, Oct. 16.—The Committee on Public Health and the Board of Directors of the Women's City Club of New York, of which Miss Mary Garrett Hay is president, has gone on record as favoring the bond issue of \$50,000,000 for State hospitals and other State institutions which is to be voted upon at the November election. Resolutions adopted urge the members of the club to vote favorably and to "exert all practical efforts towards disseminating information of the subject."

The preamble to the resolution points out that "a large number of the buildings of the State hospitals for the insane, feeble-minded, crippled children, incident tuberculosis and other unfortunate were erected before modern methods of fireproofing were known, and are a constant and serious menace to the lives of the patients and their caretakers." The preamble continues: "The overcrowding in the hospitals for the insane, amounting to more than 7,000 patients, an excess of about 24 per cent. over their proper capacity, further increases the fire hazard and seriously interferes with curative treatment, reducing the possibilities of recovery."

"The State institutions for the feeble-minded can receive only about one-half of these classes of the feeble-minded who are a menace to themselves and to the welfare of the communities in which they live. "Buildings for such purposes, suitably constructed, will continue in use for several generations, and it is manifestly improper that the hand-picked taxpayers of today should meet the full costs of such buildings, the benefits of which will continue over many years. "By unanimous action of both branches of the Legislature and the Governor, there is to be voted upon an election day a bond issue of an amount not to exceed \$50,000,000 for these State institutions which would correct these conditions and would avoid the financial injustice of saddling the entire cost upon the present taxpayers."

Here's a popular way to serve Kellogg's Bran—greatest health food!

Most every one who realizes how effective Kellogg's Bran is for the permanent relief of constipation has their own particular way of serving this wonderful cereal. Most families eat it as a cereal with milk or cream. Others sprinkle it on their favorite hot or cold cereal. Every one enjoys its nut-like flavor!

If you are cooking a hot cereal try this method—Measure off two table-spoonfuls for each member of the family. Mix it with the cereal and cook as you always cook the cereal.

Kellogg's Bran is scientifically prepared and ready to eat, but its regulatory powers are in no way impaired if you cook it with other cereals.

Kellogg's Bran has won the friendly recommendation of physicians because it does give prompt and permanent relief from mild or chronic constipation and because it can be eaten without forming a habit. Again, Kellogg's Bran will free you from drastic, dangerous cathartics.

When constipation conditions exist in your system or when you are threatened, do not take half-way measures. Foods with a partial bran content cannot free you! What you must have is Kellogg's Bran because it is ALL BRAN! Go the limit; get relief!

Every member of your family will delight in eating Bran raisin bread, muffins, pancakes, macaroons, etc. Recipes on every package.

Start eating Bran to-day! Get well—keep well—keep disease out of your home! First-class hotels, clubs and restaurants serve Kellogg's Bran in individual packages. All grocers.

The cost is less than the price of the ton of coal you can save by leaving the furnace out for a few days longer. And "Majestic" Heat is healthful, for the "Majestic" heats like the sun heats. Any electric plug serves the Majestic. The back and handle are always cool—all the heat is thrown where it is wanted.

Insist on a Majestic Heater. The nameplate "Majestic" is on the front of every genuine Majestic Heater. All good dealers are proud to sell the "Majestic."

The Crash in Prices Will Make This the Outstanding Fur Sale in Eastern Canada

EVERY COAT—EVERY FUR PIECE AT SURPRISING REDUCTIONS

We believe this event will go down in our Business History as our greatest triumph. The values offered are more attractive than any you have dreamed possible. The month of March last brought us fine Fur Coats that had been sold to us by manufacturers at less than the cost of production—these are all included.

We have had sales but none to compare with this one; the very boldness of this stroke of fur merchandising will mark this sale for all time.

Our guarantee with every garment—even at these low prices.

We know that to achieve our aim the prices must speak for themselves and they will.

Y. W. C. A. SEASON OPENS WITH RALLY

Plans for the big rally which the Y.W.C.A. will formally open this season this week are now well advanced. The rally will demonstrate the varied activities of the Association. The Travelers' Aid work will be presented by the convener of the committee in charge, Mrs. James V. Robertson. The members of the industrial clubs have come forward eager to take their part in the programme and both the Booster Club and the Loyalty Club will have an important share in the rally events. The physical department activities will be demonstrated by a gymnastic display given under the direction of Miss Richards, the physical director. The latest venture of all, the kindergarten work, will have its special niche in the programme also. It is hoped to have a demonstration of the kindergarten work but this has not been definitely decided. Reference will be made to the activities at the residence and cafeteria and the association's general work will also be presented. The plans for the rally have been in charge of Miss J. Flemming, general secretary. Besides the Y.W.C.A. demonstrations it is planned to have some special numbers and Mrs. H. B. Peck has consented to give readings.

ST. JOHN MEN NAMED IN LIST

Montreal, Oct. 15.—Dr. R. W. Powell, Ottawa, registrar of the Medical Council of Canada, announces the names of candidates who straggled alphabetically, have successfully passed the examinations held during the past week here, and are now duly entered upon the Canada Medical Register, with the qualification of L. M. C. C.

They include the following: J. M. Anglin, St. John, N. B.; E. S. Boyle, Wallace, N. S.; F. J. Buckley, Dalhousie, N. B.; M. H. Dawson, Truro, N. S.; O. B. Evans, St. John, N. B.; H. S. Everett, St. Andrews, N. B.; G. P. Inches, St. John, N. B.; V. O. Mader, Halifax, N. S.; A. L. MacLean, New Glasgow, N. S.; D. F. McEldan,

And Every Boy May be Aladdin

It looks like an ordinary room—but enter it reverently. This is the home of heroes, the scene of battles, and the castle of high romance. Huck Finn and Tom Sawyer live here; the Knights of the Round Table; the Pirates of Treasure Island, and the brave gentlemen of Ivanhoe. They will be part of your boy's life forever, if only you are wise. Whatever else your best room may have, put books and an Edison MAZDA lamp at the head of each bed. For a lamp is a magic thing. By its light every lad may be Aladdin. He opens his book, touches the lamp, and the genie appear.

Go to the Edison Mazda Lamp Agent in your neighborhood. He knows just which lamps will give the best lighting effect with every fixture in your home—and at the lowest cost.

"Made in Canada"

Glenville, N. S.; G. F. Skinner, St. John, N. B.; H. G. Smith, St. John, N. B.; and A. L. Wilkie, Antigonish, N. S. At the close of the Dorcas meeting of the W. A. of St. George's church last night a social hour was spent to say farewell to Mrs. John Fitzpatrick, one of the members who is leaving at the end of the week to make her home in the United States. The president, Mrs. Corey Green, on behalf of the branch presented Mrs. Fitzpatrick a sterling silver bar pin set with rhinestones as a parting gift and as a mark of appreciation of her faithful work in the W. A. Rev. W. T. Sampson, the rector and Rev. W. DuMoulin, the curate, were present and both spoke words of encouragement to the branch which is commencing another year's work.

PEDIGREED PUP TO HELP ORPHANS

A pedigreed Newfoundland dog pup was last evening presented the New Brunswick Protestant Orphanage fair executive as a contribution from Mr. McPherson of the Red Head road. It is a handsome youngster and should be a bench-show aristocrat in days to come. The fair managers want bids for this puppy not caring to trust him to the auction process. He is valuable but all sensible offers will be considered. Newfoundland dogs were always the friend of children and this one is going to be an orphan's practical helper.

A good crowd was in attendance at the fair in St. Andrew's rink last night. The attractions were all well patronized. Tonight the door prize will be a load of wood and the Carleton Cornet band will provide the music. On the afternoon of Wednesday, the last day of the fair, the orphans of all the institutions, in the city both Protestant and Catholic, are to be the guests of the management at the fair and will be shown all the sights. The door prize on Friday night was a wicker chair and it was won by ticket No. 4976. It has not yet been claimed and unless it is claimed this evening it will not be held longer. The prize winners last night were as follows: Excelsior, butter dish, W. H. Sitson; ten pins, silver cracker jar, T. Campbell; shooting gallery, silver butter dish, Foster Thurston; bagatelle, alarm clock, Charles Byers; ladies' bean toss, first, Mrs. Barton; second, Mrs. J. Geary; gentlemen's bean toss, razor and cigarettes, George Olford; devil among the tails, sweater, R. J. Anderson; door prize, load of coal, ticket No. 6620, owner unknown.

FORMER GOVERNESS A SUICIDE IN LAKE

Chicago, Oct. 16.—The body of Miss Anna A. King, a governess, was found in Lake Michigan, tied with a clothesline to a pier at Hubbard Woods. In the pocket of her coat, lying on the pier, were a notebook and a copy of the poem, "Pippa Passes."

Miss King had written a letter to Miss Emma Wellman, a friend, not long before her death in which she asked to have her body cremated, and said: "What does it matter if a person goes crazy? Why should I go on with the drudgery of the world?" This letter was read at the inquest today and a verdict of suicide was returned.

Miss King, born in Utica, N. Y., in 1869, had been out of work and in ill health, according to Miss Wellman. According to acquaintances, Miss King was an unusual type of woman, who a few years ago exhibited several rare ferns at the Field Museum of Natural History.

She had appeared depressed last week and had left a small amount of money in an Oak Park bank "to pay her burial expenses if anything should happen to her," a banker said.

NEHF CRACKS IN EIGHTH; GIANTS LOSE LEAD AND SERIES HONORS

Yankees Win Sixth and Last Game Before a Record Crowd.

New York, Oct. 16.—His mighty left arm weakened from overwork, his mind weary from the strain of out-thinking, outwitting his opponents, Arthur Neff, McGraw's last pitching ace, collapsed yesterday in the eighth inning of the sixth world's series game, and the New York Yankees rode to triumph and their first world championship. They overcame a three-run lead to win the game 6 to 4, and the series four games to two.

Then Schang went to bat, hit the first ball to left field for a safety. Scott next—not a dangerous batter, yet he hit a single down the first base line. Schang went to third. Miller Huggins' brain began to work. Hoffmann was sent to pinch hit for Penneck. On four straight balls Hoffman walked. Bases full. Joseph Bush went to bat, pinch hitting for Witt. Four straight balls, all inside, one run forced in.

Donovan Aways

Louis Donovan, Maritime 126-pound amateur boxing champion, left last evening for Toronto to compete in the Eastern Canada Olympic trials there on Thursday and Friday of this week.

chase was broken down by the sustained attack of the Yankee men. Every pitcher on McGraw's staff tried and failed to check the batting streak of the American League champions. In the very first game John Watson was batted from the box by the Yankee slingers. The Giants won the game, however, through poor luck experienced by Hoyt, the youthful flinger of the Yankees, and a surprise home run by Stengel in the ninth. The score was 5 to 4, Stengel's homer providing the margin of victory.

J. D. O'CONNELL WINS VERDICT

Judgment Given in the Ice Cream Case—Auto Matter Also.

Judgments in two cases were rendered by Judge Barry at an adjourned session of the St. John County Court this morning. In the case of the Purly Ice Cream Co., Ltd., vs. J. D. O'Connell a claim for \$22 for ice cream delivered to the defendant at Havelock last year, at one of his picnics for children, the court ruled in favor of Mr. O'Connell with costs, except witness fees for several people who were brought from Havelock for the defendant. In reading his decision, Judge Barry said that the question at issue was that of a verbal agreement as to the price per gallon. The plaintiff claimed it was \$1.90 and the defendant, \$1.40. Defendant had admitted liability of \$17. After summing up the evidence, His Honor said that the weight was with the defendant and he therefore gave judgment for Mr. O'Connell. J. B. M. Baxter, K. C., and Roy A. Davidson represented the plaintiff and D. Mullin, K. C. the defendant. Second Judgment. In the case of R. S. Miller vs. Percy S. Wheaton, an action to recover \$280 on a promissory note, and a counter-claim of the defendant for \$386.85, representing an amount paid on account of the purchase of an automobile together with \$111.38 for repairs, the judge dismissed both actions. He ruled that the plaintiff, having recovered the automobile from a friend of the defendant, Wheaton was not liable for the unpaid balance. He was of the opinion that the amount claimed by the defendant for repairs was large due to his own inexperience and that the initial payment was called out during the time that the defendant had used it, and that, therefore, the counter-claim was not allowed. On account of the circumstances of the case, he ruled that each party should pay his own costs. C. J. McIlroy was for the plaintiff and Arthur N. Carter for the defendant.

PARKER CASE GOES OVER FOR A WEEK

Certificate of Doctor Says Woman Not in Condition for Trial.

A further adjournment of one week was ordered this morning by Judge Chandler in the Circuit Court in the case of Mrs. Bessie Parker, charged with performing an illegal operation on a young woman, and on which a jury disagreed at the September sitting of the court. E. S. Ritchie, appearing for Mrs. Parker, presented a certificate from Dr. G. O. Baxter, in which he stated that he had been treating the defendant for heart trouble since her arrest and that in his opinion she was not in a fit condition to stand trial. He asked that the case be set over to the next term. W. M. Ryan, for the Crown, said that the certificate was not supported by affidavit and asked that Dr. Baxter be brought to court to testify as to the prisoner's condition. As no move was made in this direction, he asked that the case be proceeded with as soon as possible. The court then ordered the case to be heard on next Tuesday morning at 10 o'clock. The old panel of jurors will be in attendance, as well as an additional panel of 20 which will be summoned.

HAPPY DOUBLE FAIRVILLE EVENT. Novelty Shower for Bride and Birthday of Her Father. An interesting double event took place last evening at the home of Mr. and Mrs. Frank Masson, Main street, Fairville, when about 100 friends gathered and gave a novelty shower to their daughter, Mrs. Bell Belyea, formerly Miss Helen Masson, who was recent bride, and also to extend congratulations to Mrs. Masson's father, George Fowler, on the occasion of his sixtieth birthday. During the evening, on behalf of the members of the family, Postz Fowler presented to his father a handsome silk umbrella, on the handle of which was a silver plate bearing an inscription in keeping with the occasion. The old gentleman feelingly responded, thanking his relatives for their kindness. Mr. Fowler has four children and 17 grandchildren. Despite his years, he is in excellent health. Later in the evening, an attractively decorated little cart, laden with gifts, was drawn into the room by little Kathleen Masson, sister of the recent bride, and Mrs. Belyea officiated at the opening. The contents of the cart included some handsome and costly presents, and a few of the packages afforded considerable surprise and humor. The evening was spent with music and games, after which dainty refreshments were served by the hostess, who was assisted by Miss Grace Masson and Miss Frances Pink. The occasion was brought to an end when the assembly sang "For They Are Jolly Good Fellows," with special reference to the representatives of the two generations for whom the event was given.

As Hiram Sees It. "Hiram," said The Times reporter to Mr. Hiram Hornbeam, "I feel worse today than I did yesterday. Must I listen to your talk again today?" "I just wanted to say we was gonto hev a tea meetin' out to 'The Settlement,'" said Hiram. "An Hanner said me to give you an invite to her table." "Oh," said the reporter, "that's different. Go right on. Yes?" "An' she said she'd hev one of them deep punkin pies laid one side fer you," went on Hiram. "I knew it," said the reporter. "I knew Mrs. Hornbeam would never go back on me." "An' Birdie McWhat said," continued Hiram, "that maybe you'd give us a little talk on beans." "What's that?" yelled the reporter. "She said," went on Hiram, "that some of the other gals was sayin' you didn't know beans—but she knowed better." "My compliments to the fair Birdie," said the reporter, "and tell her I would prefer to discuss peaches." "If you did," said Hiram, "an' Birdie thought you meant her—you'd be gittin' mighty close to the beans." "How so?" queried the reporter. "Birdie," said Hiram, "is awful bashful. If she thought you was alludin' to her—she'd be a scarlet runner."
