

GOOD THINGS COMING TO THEATRES OF ST. JOHN

GEM'S BIG BILL ONLY

TONIGHT AND TOMORROW

Only two more days for the Gem's big vaudeville and picture bill. It is well varied with comedy, singing, dancing, acrobatic work, and a general jolly time in four fine vaudeville acts, and notably in the excellent play, "The Divorce Game," built upon that noted stage play, "Mlle. Fifi." Come tonight at 7.45 or 9 o'clock.

PICTURES OF LAST OFFENSIVE

At a late hour this forenoon the Imperial Theatre management was informed that the British Official Weekly to be shown today and tomorrow contains some interesting glimpses of our heroic army in the last great offensive which commenced on March 21. Equally interesting will be views in Palestine after the British occupation and notably a gathering of the populace around an Australian band giving an open air concert. Further pictures in this issue of the Weekly show Highlanders meditating a concert in front of the ruined Cathedral at Arras, French soldiers preparing for the next German drive, tractor tests in England and France for greater production and a dozen other subjects of absorbing moment.

ONE SHOW AT IMPERIAL TOMORROW AFTERNOON

Imperial Theatre will have only one programme tomorrow (Thursday) afternoon, commencing at two o'clock. At four o'clock the splendid band of Loyallist Chapter, Daughters of the Empire, will commence.

OPENS VICTORIA DAY

"The Hidden Hand" Pathé's four-star serial, opening at the Star Theatre on Friday, May 24. Don't miss the opening chapter.

THE AMUSEMENT TAX

How It Will Be Collected at the Theatres

Regulations governing the collection of the amusement tax, which will be collected at all theatres after June 1, were passed at the recent meeting of the provincial government. At the request of the Premier, E. S. Carter has been engaged in the work of completing the necessary preparations and in this work he has had the assistance and co-operation of Walter H. Golding and the other theatre managers and owners. The new tax is one cent on each ticket costing twenty-five cents or less; two cents on tickets up to fifty cents; five cents on tickets from fifty to seventy-five cents and ten per cent of the face value of all tickets costing 75 cents or more. For arranging for the introduction of the new tax, careful consideration was given to the regulations in effect in Nova Scotia and upper Canadian and western provinces so that this province might benefit by their experience.

THE AMUSEMENT TAX

The first requirement was the tax ticket which must be purchased by the patron and deposited in a receptacle in the theatre lobby. To meet this need three and a half million are one-cent tickets; one and a half million are two-cent tickets; and the balance are five-cent tickets. These will be printed in strip form and furnished in rolls. As each ticket will be numbered consecutively, it will be easy for managers to count his attendance by checking the number of the first and last ticket sold. They will cost the province nine cents per thousand.

THE AMUSEMENT TAX

The law requires that the tickets be placed in a satisfactory receptacle, but it has been possible to secure only one-third of the number required of the approved style of ticket-chopper, and temporary arrangements are being made for the balance. Their cost will be between \$40 and \$50.

THE AMUSEMENT TAX

As it is the desire of the government that the theatre owners should be put to no additional expense, they will be furnished with a supply of tax tickets, approximately a month's supply, without advance payment. The appointment of returns to the provincial treasurer each month between the first and the tenth, they will be credited with ten per cent of the amount they have collected. At the end of the fiscal year the cost of the ticket choppers and of the tickets used will be deducted from this ten per cent accumulation and the balance paid to the theatre owners to reimburse them for incidental expenses in connection with collecting the tax.

THE AMUSEMENT TAX

There are fifty theatres in the province, with a total seating capacity of 30,000. Figuring from the number of seats and the number of performances given, some optimists have estimated that the government will secure a revenue of \$100,000 from this source, but the government's estimate is far below this amount.

THE AMUSEMENT TAX

In order to ensure the smooth operation of the law an inspector is required and this post has been filled by the appointment of Herbert J. Anderson, Mr. Anderson was engaged in the amusement business for several years and has the knowledge and experience essential for the office. The appointment is one which has met with general approval.

GET RID OF HUMORS

Hood's Sarsaparilla is the Medicine to Take—Makes Blood Pure

Dry, moist, scaly teeth, pimples, boils, and other eruptions come from humors, which may be either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous.

Hood's Sarsaparilla, the old reliable medicine, helps the system to discharge the humors, and improves the digestion and assimilation.

Get Hood's Sarsaparilla from your druggist. It may be confidently relied upon to do its work. It purifies the blood, tones the stomach, and builds up the whole system. It goes to the roots of disease, and its beneficial results are permanent. It sets things to rights in the system. Remember to ask for Hood's Sarsaparilla, because nothing else acts like it and nothing else can take its place.

The Peal of Wedding Bells

Does it not bring visions of the day when your own little girl will be a blushing bride? And don't you hope that when she marries, "Daddy's Gift" will be such as will add much to her happiness?

Well then, why not commence now to provide for her dowry by means of an Imperial Endowment Policy on your life?—You'll scarcely miss the small yearly savings required to maintain it.

In this way you can make sure of having available when she reaches a marriageable age any sum you choose. And, if you should die in the meantime, the full amount of the policy will be paid to her or to her guardian immediately.

We'll tell you all about Imperial Endowments if you'll send us your name and address. And your asking for the information will not place you under any obligation whatever.

PERSONALS

Miss Stella Payson, Orange street, who has been visiting in Aylesford, N. S., returned to St. John yesterday.

Dr. J. H. Frink left last night on a visit to Ottawa.

Mrs. Robert Maxwell has announced the engagement of her daughter, Vera Theresa, to Arthur Ernest Goss of Campbellton, the wedding to take place in June.

Percy W. Thomson returned to the city today from Boston.

Miss Isabelle E. Mays, who has been training at the Worcester City Hospital during the last year, arrived in the city at noon today to spend her vacation with her parents, Mr. and Mrs. Robert Mays, Queen street.

The condition of former Commissioner J. V. Russell is improved today, according to a report from the infirmary this afternoon.

NO INQUIRY INTO GENERAL CONDUCT OF WAR, SAYS WILSON

Washington, May 15.—President Wilson let it be known today that he seriously objected to any investigation of the "general conduct of the war." In a letter to Senator Martin, he pointed out that the Chamberlain resolution directing a renewal of the inquiry into aircraft production and other war activities is unnecessary.

SOME LUMBER ON THE MIRAMICHI LIKELY HUNG UP

Fredericton, May 15.—James Robinson of Miramichi says that driving conditions in those waters are not favorable and much lumber will likely be hung up. The recent heavy rains caused a rapid rise which was followed by cold weather and a fall in the water. The rise carried much lumber into the woods along the banks of the streams and the drop left the logs there.

Up to noon today collections for the Y. M. C. A. Red Triangle fund in York and Sunbury amounted to \$10,000.85. The sum allotted to the two counties was \$10,000. The returns are not yet complete.

ENTERTAINMENT FOR THE CONVALESCENT SOLDIERS

A party of ladies representing various patriotic organizations in this city gave a pleasant entertainment for the convalescent soldiers at the army last evening. An excellent musical programme was rendered by Mrs. W. C. Ross, Mrs. Arthur Jones, and Miss Alicia Heales. A refreshment committee composed of Mrs. John Bullock, Mrs. Frederick Whelpley, Mrs. Waring, Mrs. Walter H. Golding, Mrs. Ernest deMille, and Miss Gladys Whelpley. Others present were Miss Barker, Mrs. Herbert Cressie, Mrs. Bessie Wilson, Miss Annie Wilson, Mrs. Arthur Bentley, Mrs. Nelson, Mrs. Bert Waring, Miss Ole Golding, Mrs. John Jos. Miss Hazel Gray, Miss Alice Haslet, Miss Etta Sampson, Miss Fannie Sampson, Miss Bessie Gray and Miss Cosman.

POLICE COURT

Andrew Irvine appeared in the police court this morning to answer a charge of drunkenness. He was arrested on Monday evening on a similar charge and was released yesterday. He pleaded with Magistrate Ritchie for another chance, promising that he would get out of town, but as he had made a like promise yesterday and failed to keep it, he was refused a hearing and sent back to jail.

DEATH OF CHILD.

Friends of Mr. and Mrs. William J. Currie will sympathize with them in the loss of their infant child, Frances J., who died today.

LADIES' COATS.

You can always get something to suit you at Wilcox's. We have them from \$128 to \$280.00 and we can assure you there are no better values in town for the money. Charlotte street, corner Union.

PANTRY SEARCHED.

The food controller has given the committee authority to search pantries to find an oversupply of food stuffs, but he never said a word about you ladies having a new style or serge suit or sport coat, such as Brager has at 185-187 Union street.

WAR IS A PROBLEM.

When you say war to a person it makes him shudder. To many a home besides causing advance on all the necessities of life. With all this starting you in the face you wonder how you can buy the clothing your family requires on your wages. Have you called on Brager's, 185-187 Union street.

CHILDREN UNDER FIFTEEN MUST BE VACCINATED

In co-operation with the Board of Health the managers of all theatres in this city will refuse admission to all children under fifteen years of age who cannot show a certificate of successful vaccination. Children can secure the necessary certificate by applying to the physician who vaccinated them. This rule will be rigidly enforced commencing Saturday of this week, but it is expected it will not be continued for many weeks. It is part of the Health Board scheme to bring about a hundred per cent vaccination among the children of the city.

CIDER MILLS PROVIDE MARKET FOR SURPLUS APPLES.

The heavy stocks of apples recently held by Annapolis Valley fruit growers and dealers have caused them considerable anxiety owing to the advanced season of the year and the decline of the Ontario market. The "Evangelical" cider mills have come to the rescue and have purchased large quantities of fruit.

Consumers of this healthful and refreshing beverage have the unique privilege of being able to purchase new sweet apple cider at the end of May, just the same as they did in the fall. The S. S. Valinda arrived in St. John with a cargo from Bridgetown for local and western markets, the latter including a shipment of 100 barrels for Vancouver. An industry of this kind is of very great assistance in the maritime provinces.

Bed Room Furniture

That suggests quiet and peace; that makes your bedroom a haven of rest and comfort; that delights the eye and meets the requirements of your pocket-book. That's the kind of Bedroom Furniture you will find at MARCUS'.

We have one large floor given over to Bedroom Suites only—and no matter what their price, they constitute good value.

Must Fight To Clean Province

Rev. W. D. Wilson Tells of Conditions Under Prohibitory Act. Dr. Shearer Addresses Social Service Council

Dr. Shearer, dominion secretary for the Social Service Council, was the chief speaker at a meeting of the local council held in the Stone church school room last evening. Other speakers included Rev. W. D. Wilson, chief inspector under the prohibition act, and Rev. F. S. Dowling, local secretary.

Rev. Mr. Wilson was the first speaker. In a very able manner he told of some of the conditions in our own province which had come under his notice since the commencement of the enforcing of the prohibition act in New Brunswick. He said that some people are of the opinion that the inspectors have a picnic but this he very emphatically denied. We have had our lives threatened and some of the inspectors have been badly beaten. He said the work of an inspector up as being an undesirable task. The enforcing of the provincial prohibition act, he said, had revealed to him conditions simply appalling. To clean this province, he said, will mean much work on the part of many and the only way to cope with it is for the temperance people to hang together and fight the fight to a finish. He said that most of this trouble had been in the northern counties and chiefly in the county of Gloucester. In the county of Madawaska he said, the act is being enforced better than in any other county. One of the Roman Catholic priests in the county was lacking the prohibition act and is a very enthusiastic temperance worker. This, he said, accounts for a lot of the advancement.

Rev. Mr. Wilson said that the inspectors have a problem in Minto which is hard to cope with. In Minto there are Germans, Austrians and other nationalities, and it is hard to keep the whiskey from them. He told of an incident where a German woman came to Minto from Montreal and brought with her twelve quarts of whiskey. Two inspectors are kept on the job continually.

Speaking of the liquor trade in the province in the future in regard to drunkenness alone, he said that in Campbell, where they averaged fourteen drinks per week, they have only had an average of one drunk in jail per month since May, 1917.

He said that the inspectors know of two or three places in the province where liquor is being sold, but as yet they have no evidence against the parties, but expect soon to have some. Rev. Mr. Wilson asked the local council for cooperation. If prohibition is to remain, he said, the people must back it. The prohibition act has made a wonderful change in the social life of the province during its short existence.

Years Three Ticks.

Dr. Shearer very eloquently set forth what advancement social service in Canada has made during the past year. He said that nothing the Social Service Council has attempted to do as yet has fallen through and there was nothing that it was afraid to undertake. This year, he stated, there are three things to be accomplished, child welfare, the abolition of patronage and the suppression of venereal diseases.

Dr. Shearer pointed out that the churches were taking up social service work as part of their church work and placing it in the same category as foreign missions and home missions. He said the churches are waking up, the Methodist church led the way. The Presbyterian and Church of England following. He said just recently he had a call from a Catholic priest wishing the full particulars of social service so that he might put them before a meeting of their bishops which is soon to be held in Quebec, Canada. He said that social service was a platform which all creeds and colors could stand shoulder to shoulder on. The western provinces have gone strides ahead of the eastern provinces

Y.M.C.A. Shows Good Results

Increased Membership and Cash Balance Reported at Annual Meeting—Directors Elected

At the annual meeting of the Y. M. C. A., last night George E. Barbour, president, on behalf of the directors, submitted a very happy report on the progress of the year. In every way the last twelvemonth was pronounced a splendid success. Despite the fact that nearly four hundred of the active members have done khaki, the membership on May 1 was 1,046, was approximately two hundred in excess of any previous year. The difference is made up chiefly in the junior and business men's departments.

George E. Barbour presided and there was a large attendance. Following the reading of the minutes of the last meeting, the directors' report was submitted. In the outset, the report congratulated the members of the Y. M. C. A. on the accomplishments of the year. Attention was directed specifically to membership, the physical department, social and religious work and the boys' branch. The president also referred to the work done among the military including the formation of seven Red Triangle rooms. The receipts from the dormitory accommodation during the year amounted to \$2,798.77. Due to the strenuous efforts of the finance committee and especially to the tireless enthusiasm of the chairman, the year closed, not only with all debts paid but with some of the standing indebtedness lifted, with new heating apparatus installed and other repairs made.

The financial statement, which was read, showed receipts during the year amounting to \$281,100 and expenditures aggregating \$237,274, leaving a balance of \$43,826.

Notes of appreciation were extended to the members of the employed staff, the president, the chairman of the finance committee, and others who have helped materially in the year's success. All related briefly.

Five new directors were elected, replacing the five who retired this year. They were: H. A. Porter, H. W. Rising, W. H. White, O. J. Fraser and J. A. Kennedy.

RECENT DEATHS

Captain Angus McDonald.
Many will regret to learn of the death of Captain Angus McDonald, which occurred yesterday at his residence, 20 Orange street. He was in his seventy-fourth year and was one of the best known citizens of the city. He was born in Inverness (Scotland), and came to this country when a young man and settled in the city of Moncton. Later he removed to St. John and for many years was employed as a bookkeeper by the Times Printing Company. Some years ago he retired and had been enjoying the twilight of his life in rest and comfort. He is survived by five daughters—Mrs. George Bonfield, of this city; Mrs. C. B. Hicks, of Boston, and the Messrs. Elizabeth, Fieboe and Maude, at home; also one grandson, John McDonald, at present overseas. The funeral will be held on Saturday afternoon at 2:30 o'clock, from his late residence.

Alexander Rowston.
Alexander Rowston passed away on Monday at Whitehead, King county, at the advanced age of eighty-seven years. Mr. Rowston was born at Whitehead and passed the whole of his long life there. He was a well known farmer, and for the last thirty-nine years had filled the office of postmaster.

Curtis Clarke.
Curtis Clarke, the twelve-year-old son of Mr. and Mrs. Odlur Clarke of Chipman, died on Monday.

The death of John Welch of Leonardville, Deer Island, occurred recently. He was ninety years old.

Abel Allen of Skeddie died yesterday morning. He was seventy-four years old. His wife was formerly Miss Calhoun of St. John.

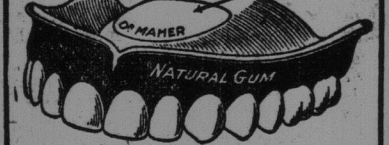

David Curry, an old and respected resident of Forest Glen, died very suddenly on Sunday evening. He was seventy-five years old.

TWO ANNIVERSARIES.

Loyalist Day and the 24th of May—they both are close at hand, the one marking the beginning of the city of St. John, the other the birthday of Victoria, the Good. In other years we were wont to celebrate them by Polymorphian parades, torchlight processions, holiday sports and in other ways. But that custom was dying in the last decade or earlier and little except a school holiday and suspension of business marked these anniversaries.

THE CALL FOR MEN.

Germany is now said to be bringing troops from the Roumanian front to the western battle-line. This emphasizes the warning of Earl Reading spoken in New York last night. He said: "The crisis is not passed, and it never will be passed until the victory is won."

REARGUARDS.

(By Harold Begbie, in the London Chronicle.) Henceforth forever if Britain be in peril of schism or anarchy; Henceforth forever if selfish breaths threaten her soul with traitorous death— O fiercely then let her bugles blow, And her flag with scorn be run to the mast, And tell it, tell it in all her bounds, Till the air is thick with its golden dust.

Old Folks' Coughs Permanently Cured

The Public is Lured in the Frauds of the Modern Disease-Beating Cures. Elderly people take cold easily. Unlike young folks, they recover slowly, if ever. That is why so many people past middle life die of pneumonia. Even though pneumonia does not develop and kill, coughs certainly weaken all elderly people.

MR. MAYES EXPLAINS.

In discussing work done on Rodney wharf last evening by S. H. Mayes, the council on Monday was apparently laboring under a misapprehension, according to Mr. Mayes' statement. Some time ago repairs were necessary to the lower side of Rodney wharf, and he, engineer, had asked Mr. Mayes if he would do it. The job entailed the driving of thirty to forty piles and Mr. Mayes gave a figure of \$250 per pile and was given the work to do. He carried out the contract and as the sum total of the contract was less than \$200 the engineer was within his rights in awarding the contract. When this statement was presented and described in an amusing manner, those taking part in the programme were: Mrs. LeRoy King, Mrs. Welford, Arthur Robertson, Kenneth Robb, Louis Lingley, Louis Porter.

TO PUT IRELAND ON WAR FOOTING

DUBLIN, May 14.—The Lord Mayor has received passports for America, and arrangements for his immediate departure are in progress. This was announced in a report at a meeting of the anti-conscription conference held at the Mansion House today.

ON WESTERN FRONT

London, May 14.—In an attack along a mile front near Moriancourt the Germans penetrated the British positions at one place. Field Marshal Haig reports that at all other points on this line the Germans were repulsed with heavy losses, and that the Australians later recaptured the lost position. Although the Germans everywhere remained in comparative quiet, except for their artillery work, it is recalled behind the allied lines that this state of affairs will not last long for the enemy is known to be preparing methodically for a resumption of hostilities.

WAS EXCHANGED

Ottawa, May 14.—In view of Dr. Beaudry's arrival in Holland, the following telegram, received by the prime minister from the government of the Netherlands, was published: "German government has agreed to exchange Doctor Beaudry for Von Beelov, interned in England and state that he will join next party transferred via Holland. Advise your ministers not to publish at present."

ASK FOR COMPLETE PROHIBITION

Washington, May 15.—Complete prohibition of the manufacture and sale of alcoholic beverages during the war was asked of President Wilson and congress yesterday in a memorial signed by the National Service and War Time Commissions of twenty Protestant denominations and six inter-denominational agencies. MAURICE'S NEW POST. London, May 14.—Major-General Maurice, whose retirement was ordered after the explanation made by Premier Lloyd George in the House of Commons in answer to charges contained in a letter written by General Maurice, has accepted an offer to become the military correspondent of the Daily Chronicle. This announcement was made by the paper itself, and his first article will appear tomorrow.

PEAT AS FERTILIZER.

It is suggested that the peat bogs of Canada may be made a source of fertilizer. The Montreal Herald quotes an American writer who says that peat is of great value as a stimulant for jaded soils, and that in Whiteville County, Illinois, its production on a large scale as fertilizer has been undertaken. The peat of Canada may not be as good for this purpose as that of Illinois, but here is what the American writer says about it: "Some years ago a test of this peat deposit indicated that it would make an excellent fuel when pressed into bricks, and a factory for this purpose was erected. But the cost of treating the peat in this manner was found to be excessive and the enterprise was abandoned. On some of the cleared land, however, the superintendent of the factory started a small garden and the results were so amazing that he could hardly believe his eyes. Everything that was planted came up so quickly and in such abundance that the spot became the wonder of all the neighboring farmers. A half acre planted to onions, for instance, produced 400 bushels, or at the rate of 800 bushels per acre. Celery, potatoes, beans, and corn were planted with similar results. This set the superintendent to thinking and he had a sample of the peat analyzed. This analysis showed that it was rich in many elements essential to plant-growth, and he decided that even if the peat could not be utilized in the manufacture of fuel, it would make an ideal fertilizer. The factory, accordingly, was changed from a factory to a fertilizer establishment, and now there is a ready market for all that can be produced."

After a Hard Day's Work

Rub the tired muscles with a few drops of the soothing, refreshing, antiseptic Absorbine, Jr. You will find it pleasant and convenient to use and remarkably efficacious. This liniment invigorates jaded muscles, limbers the joints and prevents second day soreness and lameness after a strenuous, tiresome day of sport or work. America's best athletes and trainers use Absorbine, Jr. to relieve strains and wrenches and also as a rub-down before vigorous exercise to prevent such conditions. Absorbine, Jr. is concentrated and therefore economical—only a few drops are required at an application. One ounce Absorbine, Jr. to a quart of water or witch hazel makes an invigorating rub-down and general purpose liniment. \$1.25 a bottle at drugists or postpaid. TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or head noises go to your drugist and get 1 ounce of Parmit (double strength) and add to it 1 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises will give this prescription a trial.

PLANT LICE.
Plant lice are the enemies of almost all kinds of plants. They are known as "Aphid" and "Green Fly." They attack and destroy vegetables at an appalling rate, living solely on the juice which they suck from the plants. They multiply rapidly and should be controlled before they cause the leaves to curl or the stems to wither.
Vegetable plants cannot produce crops of value if they are allowed to become weakened as a result of the attack of plant lice. They make their appearance early in the season and as soon as they are noticed the plants should be sprayed either with whale-oil soap (one pound dissolved in six gallons of warm water) or commercial nicotine sulphate (40 per cent.) as sold by seedmen and as recommended on the cans. Half a pound of Laundry soap should be dissolved in every ten gallons of water.

ROOT MAGGOT.
If you are planting out cabbage and cauliflowers this week they should be protected from root maggot attack by placing around the stems a disc made of one-ply tarred felt paper. For small gardens, square discs may be cut with a sharp knife. These should be 2 1-2 inches by 2 1-2 inches, with a slit running from one side to about a quarter of an inch beyond the centre of a cross cut made at the centre extending one-quarter of an inch in either side. The discs should be placed around the stems immediately the plants are set out. In placing the disc one side is raised sufficiently to allow the parts of the stem, the end of the slit to point upwards and thus fit close to the stem.
The whole disc is then pressed down firmly so that it will rest evenly on the ground and prevent the adult flies reaching the stem near the earth to lay their eggs from which the maggots develop.

SPEAKS ON AEROPLANES.
Lieutenant Stephen Dawson gave a highly interesting and instructive talk to the boys of the C. S. E. T. class of Exmouth street church in the Glad Tidings Hall last evening. Lieutenant Dawson illustrated a camel aeroplane and explained the different stunts that are performed with it. He also outlined the various types of aeroplanes, how they were made and operated and gave illustrated sketches of the east coast of England where he has been operating. The boys were delighted with the talk and showed keen interest.

Rewiring Plans Are Postponed

New Inspector Will Pass On Hospital Plans

The Municipal Council

Quarterly Session Hears Reports of Finance Committee on Municipal Home Inquiry—Smallpox Precautions

The proposal to rewire the General Public Hospital at a cost of \$5,500, was laid before the quarterly meeting of the County Council yesterday, but was laid over until the next meeting in order that the recently appointed electrical inspector might pass on the plans.
After the reading of the minutes the council went into committee to hear the commissioners of the General Public Hospital who were present. Dr. Thomas Walker, the spokesman of the party, stated that the board of commissioners had passed a resolution recently that in view of the fact that the electric lighting system of the General Public Hospital being obsolete, that the municipal council be requested to go over the installation and effect the necessary repairs. The commissioners believed that the work would cost in the vicinity of \$5,500. Councillor Hilyard said that in view of the fact that there was not before the council a report by Electric Inspector

Wilson, he felt that the matter should be carried over until the next meeting, to receive such a report and that it was given over to the finance committee to handle.

Councillor Carson seconded the motion but before it was put Councillor Fisher said that he felt that this was work that should be attended to at once and if held over it would mean a two months' delay at least. Commissioner Bullock pointed out that in view of the circumstances surrounding the case he would, at best, be able to get in \$2.75 per day for Constable J. H. Saunders. The committee also reported on the municipal home inquiry.

The finance committee was adopted. It recommended the provision of \$15,878 to meet smallpox expenses, not more than \$800 to purchase an automobile for the medical health officer; the employment of a second policeman for patrolling purposes and that amount of \$800 be made to get in all the taxes possible.

The two members requested by the finance committee to be appointed to meet with the board of health while smallpox was prevalent in the city, were appointed by the warden, who called upon Commissioners Bullock and Hilyard to attend to this work.

The superintendent of the Boys' Industrial home addressed a letter to the council stating that the water supply of the home came from an open pond, and he had investigated the condition and environment of this supply and found that ducks came there to swim in it. Manure dumps and barnyards were in close proximity to the pond, and he felt that the water supply was in great danger of serious pollution. He asked that an investigation be made of this water supply. The letter was turned over to Dr. G. G. Melvin for action.

Councillor O'Brien moved that the turnkeys in the county jails be paid fortnightly instead of monthly. This motion was adopted. On motion of Councillor O'Brien, William Quilty was appointed policeman for the Bay Shore at a salary of \$2.50 per day, and would enter upon his duties on May 24.

Present at yesterday's session were Warden Golding, Commissioners Fisher, Bullock and Hilyard, and Councillors Howard, Bowland, Bentley, Carson, Shillington, Stephenson, Thompson, O'Donnell and O'Brien.

much of her service as a pastor's wife had been rendered. Rev. Aaron Perry of the University of Manitoba, accompanied by his wife, has come east for the vacation period, and will enjoy a period of rest at the ancestral home on the Washbrook. He is a graduate of Acadia, of the class of '01, and a cousin of Prof. H. G. Perry, professor of biology at Wolfville.

Rev. H. Carter, who for many months has been held fast as a prisoner in the penitentiary at Pexeraux by sickness, has now, at the advice of his physician, entered the hospital at Halifax.

Rev. John R. Egan of Monks, N. Y., arrived last week in St. John, and plans to take up pastoral work here. He is a graduate of Rochester Theological Seminary, and during his student days was pastor of the Meigs street church of that city, now the South Avenue church. For the last few years he has been engaged in evangelistic work. He left St. John on Saturday for Deer Island, where he expected to spend Sunday. He will be a valuable addition to our pastoral force.

Rev. P. C. Reed, who for some months has been engaged in military Y. M. C. A. work, with headquarters at Halifax, has been appointed to transport service for patients requiring trips to Europe and return with men invalided to Canada or returning on furlough. He expects to sail from Halifax soon.

Mrs. J. H. MacDonald has returned to St. John, after spending the winter with her sister in West Virginia. Her many friends are glad to greet her again, and to note the evidences of health and vitality. Evidently the southern climate has agreed with her. A brief visit at this office last week was appreciated.

Rev. J. S. McFadden of Andover is now at the home of his father-in-law, T. Whit Colpitts, Forest Glen. Although still weak, he has practically recovered from the fatigue of the journey from Andover, and hopes are entertained that he will continue to regain strength. He expects to enter the sanatorium at River Glade soon.

REPORT OF RIFLE IMPORTATION INTO U. S. FROM GERMANY.

New York, May 14—Reports that thousands of rifles had been secretly imported from the Krupp works at Essen in order to "Germanize" the United States were related at an inquiry today conducted by Major-General Lewis in reports of hoarding of arms by Germans in the United States.

Edgar A. Holmes, of this city, a witness, credited the reports to a man named James K. Crossley. Holmes, a broker, tried to buy the rifles, but was unsuccessful, he said. During the negotiations Crossley told him that some 1,000,000 rifles had been imported from Essen via the Hoboken docks of two German steamship companies and were to be used in the United States, if the Germans were successful in reaching the English Channel ports.

TRIANGLE CLUB CLOSING.

The final meeting of the Triangle Club of the Fairville Baptist church was held last evening at the home of George Brown, president, at Lancaster Heights. A. M. McLeod, military secretary of the Y. M. C. A. was present, and a number of soldiers entertainers with him. Selections were rendered by the Lancaster Ladies' Quartette, and there were other items on the programme which brought much applause. A letter was read from Rev. P. R. Hayward, a former pastor of the church, now in Y. M. C. A. work in Toronto, and this proved of

EVERY SOLDIER SENT IS FULLY EQUIPPED

Ordnance Department Says it is Meeting Every Demand Imposed by New Programme

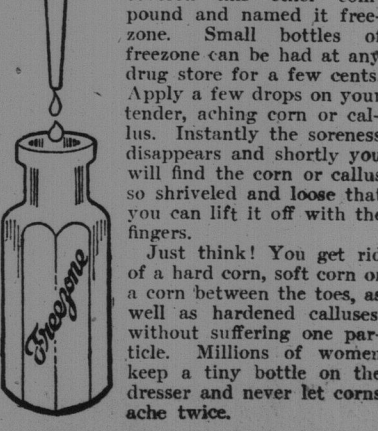

Washington, May 14—Although American troops were going overseas in large numbers, the Ordnance Department has been able to keep up with the new programme, and every soldier who boarded a transport was fully equipped with arms, ammunition, the Ordnance Bureau. Artillery and machine guns already were in France in sufficient quantities, it was said, to meet immediate demands. The statement said: "The Army Ordnance Department has thus far met every demand imposed by the new programme for overseas shipment of American troops."

"Despite the great acceleration in the sending of American forces to France, no infantryman goes aboard ship without a United States model 1917 rifle, (modified Enfield), bayonet, belt, haversack, pack carriers, handlovers, bayonet scabbard, and full mess equipment. "Tonnage is today a limiting factor in the shipment of ordnance material overseas, especially because of the present necessity of increasing the transport of infantry regiments."

"Sufficient supplies of artillery—French 75 millimeter and 135 millimeter and American heavy railway artillery—are already in France to meet the present demand. Sufficient machine guns are also immediately available for American forces in France."

NEWS NOTES ABOUT PROMINENT BAPTISTS

(Maritime Baptist)
Rev. N. A. MacNeill has entered upon his fifth year of service at Salisbury, N. B. His pulpit ability is appreciated by all the congregations on the field and is recognized far beyond the limits of his pastorate. Two of his sons are in France, in comulant service. Much sympathy will be extended to the veteran pastor of the Hoigdon-Richmond church. It is fitting that MacCurrie should end his life where so

HARDWARE MARKET

"Hardware and Metal" May 11.
 Rapidly advancing markets feature the situation in turpentine during the week, prices going up from 8c to 10c, a gain, with prospects of even higher levels being reached. At primary points the market on this commodity shows in- creasing strength. Great difficulty in getting shipments through to Canadian ports is being experienced, and supplies are within a very small compass.
 A further advance in tin of 15c a pound features the metal markets. This, it is intimated, is the result of increased costs, due to advances in primary mar- kets. Stocks are at a very low ebb, and no shipments from Great Britain are re- ported on the way. Solder has been in- flamed to higher levels by the increase in tin, and quotations are up about 3c per pound in some quarters, which has served to narrow the range. Stocks are none too heavy, and manufacturers are trying to equalize distribution as care- fully as they can.
 The outlook for all steel grows more uncertain. The action of the United States government in taking over the op- eration of the mills must result in fair stocks of sheets are reported avail- able, and a very firm under-tone exists. Max Petroleum must be conducted on the basis of a constantly decreasing sup- ply.
 A very big advance in China bristles has been put into effect at primary points, and this has resulted in a very firm under-tone. French and Russian bristles are not coming in, and under the exceptional heavy demand for war work in shipbuilding, railroad equip- ment, etc. there has been some question as to whether bristles available would take care of all requirements. Com- brooms are in a very firm market, and higher prices are not altogether unex- pected.
 The general tendency of the markets during the week has been upward. Fire- welded coil chain quoted at higher levels, and other lines similarly affected include small bore rifles, shovel, spade and scow handles, blow torches, fire pots, nut and chain wrenches, automatic hand drills, spiral screwdrivers, breast drills and alarm bells. An advance in some quarters of 1 1/2c per pound on horse shoe nails has been made, and horse clippers have also gone to higher levels. Ready roofing is another line to make an advance, and asbestos sheath- ing is up. Business in spring lines is reported excellent.

GROCERY NEWS

The following comment on the market situation as regards food stuffs ap- peared in Canadian Grocer last week:
 Occupying the place of prime im- portance at all centres, is the new tax as now imposed on tea, coffee, tobacco and matches. The trade generally has bowed to the inevitable, and while some points in the new rulings are being cleared up, new prices representing just the amount of the tax have been estab- lished. Some further slight adjustments may be found necessary when a clear interpretation of the new taxes is avail- able.
 The certainty of what has happened and the uncertainty as to what may happen are making it increasingly difficult to do business. All branches of the trade are facing new problems al- most every day, and the solvent is being determined as the questions arise. Conditions are decidedly unusual and require unusual remedies, but busi- ness generally may be said to be mov- ing along satisfactorily.
 Montreal-The market has not been characterized by many price revisions, and the condition of trade is reported fair. Interest centres in the sugar situ- ation again, from the fact that the fall- ure of raws to arrive in usual quantities from the usual sources has compelled buying of Cuban and other sugars at en- hanced prices. This will probably mean a change in price for refined sugar in the near future. Molasses has been coming to hand better the last week, and one jobber secured delivery of fifty carloads. The new tax on matches will result in a considerable advance of price for the various sized packages. New prices are being figured out. Some advance was made on cayenne pepper, the amount be- ing about three cents a pound. Margarine is down in one quarter 1 to 1 1/2c a pound. Pigs are very scarce and honey is almost unobtainable. It is stated that the government has taken practically 100 per cent of the available shipping, and that for regular trade needs applica- tion has to be made to the shipping board.
 Toronto-Prices on tea have ad- vanced ten cents a pound, and coffee five to six cents a pound to cover amount of tax now imposed. Whether quotations as now ruling will hold is a little uncer- tain as yet. The extra cost of handling tea, as represented by the interest on the increased investment, added insur- ance charges, etc., will be more than the ten cent tax involved, and how this extra is to be absorbed has not yet been fully determined.
 A new schedule of sizes is being worked out in tobacco, and when these are marketed the advance in price is expected to run from twenty-eight to thirty-five cents a pound. There has been little, if any, change made in quotat- ions on existing stocks. Cigarettes have, however, made a stiff advance, averaging about \$2.30 per M, and new prices arriving on cigars show a higher scale of values.
 Quotations on prunes were sent out on May 1, but withdrawn again before

GROCERY NEWS

any orders were placed under instructions from the United States govern- ment. The prices asked, which should show the tendency of the present mar- ket, figured out, somewhat higher than present costs being worked on by job- bers.
 The market in respect to nuts shows continued firmness. Stocks are light, and with a possible complete restriction on exportations, spot markets are hold- ing very firm, with prices comparatively high levels and prospects of even higher prices being named as the sea- son advances.
 Spot stocks of spices are reaching a very low point, with prospects of renew- ing none too bright. Stocks at distribut- ing points in the United States are reach- ing the vanishing point, and prices on new supplies arriving for the local market will, it is thought, range from five to twenty cents per pound above present quotations on all lines.
 Winnipeg-Already the restrictions placed on candy manufacturers, limit- ing the amount of sugar which they can use, is being felt, and a candy short- age may be said to be developing. The situation in respect to sugar as yet shows little real improvement. Receipts have by no means reached a point where orders are being taken care of in their entirety, though hopes for better condi- tions exist.
 The sale of matches has been tempo- rarily discontinued until a distinct inter- pretation of the new tax and definite instructions are available. This is ex- pected towards the end of the week.
 The tax on tea and coffee has in- fluenced prices upward. The tax on coffee is not expected to affect consump- tion to any extent. Advances previously made did not have that effect, and the higher prices now prevailing are not expected to curtail the demand ap- preciably.
 New vegetables being offered are green peas, turnips and beets.

LICENSING OF CHAUFFEURS

Any person operating a motor vehicle as a chauffeur is required under an amendment passed at the last session of the Legislature to the Motor Vehicle Act to undergo an examination in order to obtain a certificate of competency. The undersigned has been authorized by the Hon. P. J. Veniot, Minister of Public Works, to examine all applicants for a chauffeur's license and to issue cer- tificates of competency which must be forwarded to the Department of Public Works. All parties desiring such ex- amination must send in their applications to the undersigned immediately, address- ed to Provincial Garage, Chipman Hill, St. John, N. B., so that they may be notified of the date and place of exami- nation.
 All chauffeurs now holding licenses obtained since January 1st, 1918, as well as all new applicants are required to undergo an examination.

Farmers Appeal In Vain For Exemption of Sons

Delegation of Five Thousand, Largest Capital Has Seen, Besieges Government; Premier Answers That Government Will do its Duty

Ottawa, May 12—Five thousand farmers from Ontario, Quebec and New Brunswick, the largest deputation in the history of the capital, pleaded in vain with the government and parliament today for a relaxation of the rigid military service regulation, so as to exempt the food producers, or at least to grant them leave of absence till after the harvest.

The reply of the prime minister was courteous but firm. The government, he declared, realized their difficulties but the stern task which the government had undertaken of keeping its pledge to the men at the front to provide the necessary reinforcements must be fulfilled. There could be no relaxation of the law. The only thing that was promised was that where there were special cases of hardship they should be brought to the attention of the minister of militia.

To the reiterated plea of the deputation's spokesmen that exemption had been promised them during the election campaign of last autumn and that, relying on those promises, they had gone ahead preparing for increased production this year, Sir Robert declared: "You speak of solemn covenants and pledges. Do you imagine for one moment we have not a solemn covenant and pledge to those men who have been in the trenches, some of them for three years. The promise of exemption was spoken in the national interest as we understood it last fall; the order in council passed recently abolishing exemption was also in the national interest as we understand it now."

While the answer of the prime minister, earnest and eloquent as it was, did not turn away the wrath of the farmers, it is significant that at this afternoon meeting in the arena, which partook somewhat of the nature of an indignation meeting if somewhat restrained, the delegates were still to do their utmost in the way of production, leaving the responsibility for the proposed exemption to the government. The deputation was a somewhat remarkable and significant display of

Hands Swollen With Rheumatism

And Suffered Much From Backache in Spite of All That Two Doctors Could Do—Cure Vouchered For by His Pastor

Spencer's Island, N. S., May 15—This letter tells of the complete cure of rheumatism by the combined use of Dr. Chase's Nerve Food and Kidney-Liver Pills.

Mr. Spicer was so bad that his hands would swell and cause him much suffering from the pain. He could not sleep at nights and was rather discouraged when two doctors could not help him much.

His cure was perfected three years ago, and is strongly endorsed by his pastor, who says he seems to be in perfect health.

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes costs \$2.75. Dr. Chase's Kidney-Liver Pills, 25 cents a box, at all dealers, or Edman-Bates Co., Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

SKIN TROUBLE FOR 25 YEARS

On Hands and Fingers. Could Not Work. Cuticura Healed.

"After vaccination I was affected with skin trouble on my left arm and later it set in in both hands and fingers. I suffered so much I was unable to do any kind of work, and it used to keep me awake at night. I suffered an awful itching and burning, and my fingers were swollen."

"I had the trouble over twenty-five years when I read of Cuticura Soap and Ointment. I tried it with success. I bought a box and now my hands are healed." (Signed) Miss A. Cadieux, Chamblay, Canada, Que., Mar. 25, '17. Use these super-dainty emollients for every-day toilet purposes and prevent skin troubles.

Striving Address by Madame T. Chase Casgrain Before Gathering of I. O. D. E. Members

Madame T. Chase Casgrain, regent of the Magdelaine de Berchères chapter, I. O. D. E., herself a French woman, has been addressing the regents of the St. John chapters of the order, made up of strong supporters of the reconstruction work in the war-scarred provinces of France.

War Veterans in New Home

Formal Opening of Club-house Last Night

Appeal for Funds

Lieut.-Governor Pugsley and Other Prominent Citizens Among the Speakers

The formal opening of the War Veterans' new home in Wellington Row, last night, was an occasion that will be remembered with extreme pleasure by all who were present. There were many speakers, who all had something of interest to say, and there was also a programme of music and recitations.

The chairman for the evening was E. A. Schofield, who filled his position most successfully, and the first and chief speaker was His Honor J. A. Governor William Pugsley, who spoke of the pleasure it was to him to be invited to address the new home, because he felt that the home would be a meeting place for the brave men who had returned from facing the realities of the war, and that the meeting of these men would undoubtedly tend to preserve the spirit of liberty, democracy and national honor.

The speaker, Hon. W. E. Foster, before he was asked to speak for him. He felt there was one thing more he wanted to say to the notice of the citizens of St. John. Disabled soldiers were always returning from the front, and he felt that they were gradually receiving less and less attention, and that the returned men must be kept up. Meetings such as the present one were productive of much good.

WOMAN WORKS 15 HOURS A DAY

Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice.

Perru, Ind.—"I suffered from a displacement with backache and dragging down pains so badly that at times I could not be on my feet and it did not seem as though I could stand it. I tried different medicines without any benefit and several doctors told me nothing but an operation would do me any good. My druggist told me of Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to factory and work all day, come home and get supper and feel good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. ANNA MERTLAND, 28 West 10th St., Perru, Ind.

Women who suffer from any such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

SAGE TEA DANDY TO PARENK HAIR

Look years younger! Use the old-time Sage Tea and Sulphur and nobody will know.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Weyche's Sage and Sulphur Compound" at any drug store.

Mrs. A. M. Powell, Norval Station, Ont., writes: "I cannot speak too highly of Weyche's Sage and Sulphur Compound. I suffered five years with my hair and beard, but the last two years I have wakened up as if I were smothering. I did not get so very weak that the doctor was called in, and he said it was my heart, and that I must take great care of myself. I saw your advertisement in your almanac for Milburn's Heart and Nerve Pills and said I would try them. I have only taken two boxes of them, and I feel a new woman. I will recommend them to anyone afflicted with heart trouble."

Milburn's Heart and Nerve Pills are 25c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SUFFERED TERRIBLY WITH HER HEART

Would Wake Up Smothering

The terrible smothering and choking up sensations and sinking spells, the feelings of dizziness and faintness that come over those whose heart and nerves are deranged causes the greatest distress of both mind and body.

Major Wetmore's Address

Major S. S. Wetmore, D. A. A. and Q. M. S. Military District No. 7, representing Colonel A. H. Powell, said that he was very glad to be invited to speak at the opening of the new home of the war veterans.

The new building, formerly the Elks Club, is admirably suited to its present use. As several speakers the presentation of such a home by the citizens was a very fitting way in which to commemorate the war and the men who had given their lives for the country.

CABLE TO OTTAWA REFERRED ONLY TO EARLY DAYS OF WAR

Ottawa, May 14.—The following statement has been received by the Canadian government from the British government to be published as official news: "War office summary: A correction should be made in the weekly circular telegram dated May 10, summarizing operations to May 9, the text of which reads: 'Entente so confident, that given choice of small immediate American army for defence or waiting till reinforced by complete, powerful, self-supporting army, have chosen latter.' Owing to an error in compilation it was not made clear that this related to the period when America first joined the war, and had no relation to present events whereby the American army is being brigaded with the Entente armies.

Children's Shoes

THE buying of children's shoes is a difficult problem for parents these days. We believe you will want to know some of the important facts that we can tell you on this subject. So far as your own boots and shoes are concerned—that is, shoes for men and women—you know that advanced prices are necessary. This situation has been accepted as inevitable.

But when it comes to paying advanced prices for children's shoes, some parents are apt to regard that as a different matter.

As a matter of fact, while there is less material in a child's shoe than in an adult's, they cost almost as much to make. A boy's shoe costs as much today as did his father's a few years ago. And this is a condition which it is not possible to avoid.

Efforts to buy shoes for children at low prices because they are children's shoes, are not practical. Suppose you were to demand children's shoes from your dealer at the prices current two years ago; he in turn would exert pressure on the manufacturer to supply a cheaper shoe, one which he could sell for less money than conditions make possible. The result would be most unsatisfactory, because to cheapen a shoe beyond a certain point, just in order to meet an impossible price, is wasteful. Such a shoe cannot give the wear it should.

Make it a point to buy good shoes for your children—shoes of sterling quality, and be assured that a good shoe cannot be made except at a reasonable price, everything considered.

We make thousands of pairs of children's shoes a year. They are made in a factory where extreme care is taken in the selection of materials, where the grade of workmanship is high, and under manufacturing conditions of the greatest efficiency and economy.

In Ames Holden McCready shoes you get full value, and it is not possible to get the same value for less money.

The next time you have occasion to buy children's shoes, ask your dealer to show you shoes branded A.H.M. Perhaps your children are wearing these shoes now—but the next time, as a matter of value and economy, look for the A.H.M. stamped on the sole.

GIVE FURTHER REASONS FOR CLOSING LOBSTER HATCHERIES IN CANADA.

Ottawa, May 14.—Further reasons for the closing of lobster hatcheries in Canada were given this morning before the fisheries committee of the house by Ward Fisher, an official of the department. He said that revision of close season regulations was being made which would result in greater preservation of fisheries. Mr. Fisher also declared that a large number of protests from fishermen against the continuation of the hatcheries had been received. Dr. Chisholm, Inverness, declared that hatcheries which had been in existence for a large number of years had been satisfactory and had resulted in preservation of fisheries, whereas others, established for five or six years, had not brought such good results. He favored the continuation of the hatcheries until such time as they were shown to be unsatisfactory in every way.

ALL PRISONERS FOR THREE YEARS MAY BE EXCHANGED

London, May 14.—Lord Newton, parliamentary under secretary to the foreign office, announced in the house of lords today that in view of the agreement reached between France and Germany for the exchange of men who had been prisoners of war for eighteen months, which, he believed, involved civilian and military prisoners, numbering altogether 330,000 on both sides, the British government had consented to reconsider the question of the exchange of prisoners, both combatant and civilian, who had been in Germany for three years. "If such an agreement could be concluded," he said, "it would put an end to the extreme hardships these men have undergone and would not be a bad bargain, as the numbers exchanged would be approximately equal."

CAPTAIN BAILEY'S APPEAL DISMISSED

Toronto, May 14.—Captain George T. Bailey's appeal against the sentence of three months in the jail farm, imposed upon him for having made statements said to have been prejudicial to recruiting, was dismissed by Judge Winchester in the sessions this afternoon, pending an appeal for clemency to be made by Bailey's counsel to the minister of justice at Ottawa. Captain Bailey, who was a member of the C. A. M. C. in England, stated at the Dominion Alliance convention that ninety per cent of the troops were drunk on Christmas Eve, and that if the Germans had known of their condition they would have broken through.

CAILLAUX DEFENDS HIS DEALING WITH THE BONNET ROUGE

Ex-Premier Says He Has Not Subscribed to It Since War Began—Applause in Court Quickly Subdued.

Paris, May 14—Former Premier Caillaux was brought into court from his prison cell today to testify in the treason trials growing out of the Bonnet Rouge

affair. He was called at the request of counsel for M. Landau, one of the accused, who was a reporter for the Bonnet Rouge.

Before M. Caillaux began his testimony, Col. Voyer, the presiding officer, admonished him to confine his remarks within the proper limits.

"The only point at issue," said Col. Voyer, "is whether the witness mentioned the name of Marx, of Mannheim (a German banker, through whom hundreds were supplied for the Bonnet Rouge propaganda) to M. Landau in September, 1916. Please keep to that point."

M. Caillaux denied emphatically that he had mentioned Marx in 1916. He said he had never heard of the man until July, 1917, and then only when the Bonnet Rouge case was discussed in the chamber of deputies. It was brought out that the name and address of Marx were found on a slip of paper among the documents belonging to M. Caillaux, which were discovered at Florence. The former premier explained this by saying the paper was handed to him by a Swiss merchant, who was introduced to him under the pretext that he was to

talk about the exchange of merchandise between France and Switzerland.

"I dismissed him brutally," declared M. Caillaux.

Continuing, M. Caillaux said: "I have never given one franc to the Bonnet Rouge since the war began. It is true that I subscribed 40,000 francs before the war, but this fund was exhausted at the beginning of hostilities. At the time I was engaged in defending my honor against a bitter press campaign. The Bonnet Rouge defended me, and therefore I helped it."

"I have defended my honor in the past, and will do so in the future, with all possible means at my command."

M. Caillaux's voice rose to a high pitch and he exhibited emotion as he made this declaration. A ripple of applause broke out. It was quickly suppressed.

"It is my contention," said he, "that a public man in time of war must consider every possibility of bringing about a favorable peace, no matter where it comes."

M. Caillaux's testimony seemed to be disturbing to the accused, who immediately began to attempt to shift the responsibility upon each other.

ABSENTEE DEPOTS ESTABLISHED AGAIN

Owing to the number of young men, which, however, is not considered large, of the ages of 20, 21 and 22 years, inclusive, who have failed to comply with the simple notification from the registrar to report for service, waiving all exemptions, the military authorities have deemed it necessary to re-establish temporarily the absentee detachments.

Already several have been opened again and officers placed in charge. Yesterday it was learned that Lieutenant D. Palmer will proceed to Perth, where he will take over the duties as O. C. of the absentee detachment, while Lieutenant J. W. Harmon will go to Woodstock in a similar capacity. Both officers have been carrying on for some months with No. 1 New Brunswick Depot Battalion.

Lieutenant-Colonel A. H. H. Powell, acting G. O. C. Military District No. 7, left yesterday at noon for Halifax on military business relative to the districts. He will be away for a few days. During his absence Major S. S. Wetmore, D. A. A. and G. M. C. is in charge at local headquarters.

It has been announced in district routine orders that in future all parties returning from overseas will be dealt with at the clearing depots according to new regulations. All men for military districts Nos. 1, 2, 3, 4, 6 and 7, will be cleared at disembarkation at Halifax or St. John. Telegrams will be sent to the secretaries of the Soldiers' Aid Commission as through the C. E. F., informing him who are returning for his particular district; telegrams will also be forwarded to the G. O. C. of the district

concerned, stating the number of men in their district party. Furloughs will be granted to those applying, the length of time will be two weeks for those returning from overseas for disposition, while those returning on compassionate grounds the length of furlough will not exceed five weeks in Canada.

NEW YORK FANS ARE RIDING "ZIM"
Giant Third Baseman Can't Make a Misplay

New York, May 10.—It has come to a point where the fans just can't keep off Heinie Zimmerman.

The example set by the rapid bleachers of Chicago is being well followed in New York. Heinie is made to feel at home every time he figures in a play that works with reverse English in his glory.

Memories of the famous play in which Heinie pursued Eddie Collins across with a run during the last world's series must rankle in the breasts of the New York fans, for they certainly have picked him out to ride, and everyone is a jockey.

A short time ago Heinie gave the fans a chance, and they went after him strong. Ivy Olson was the brilliant bird in this play, which took place in Ebbets field, Brooklyn, during the Giants' string of opening victories.

Ivy popped up a dinky fly over second base which Kauff started after. George Burns also had an idea he could take care of it, so he beat it after the ball. Arthur Fletcher and Larry Doyle also decided to horn in and they went after the ball. The four of them, shouting for the play, suddenly stopped to let George do it, and George wasn't handy. The ball fell safe. Olson had reached

BENNY KAUFF NOT PHYSICALLY FIT FOR MILITARY SERVICE

It appears that, after all, the Giants are not to lose the services of Benny Kauff as soon as had been generally expected. According to Benny himself, the local board physician in Marlin, who examined him for the army, found that he was not physically fit for use as a fighting man and recommended that he be given special classification as an automobile mechanic. Kauff thoroughly understands the mechanism of a gasoline engine and has long expressed the wish that if Uncle Sam calls him to the colors he may be assigned to an ambulance driver, as he feels that he is better suited to this sort of work than for ordinary soldiering. As the list is not yet completed those given special classification are not included with a district's regular quota, but are called only when there is a demand for their special services.

first by this time, and noting that second base was unprotected because Fletcher and Doyle had gone out to chase the fly, he beat it for second. Heinie Zimmerman was the only member of the Giants to take note of the situation, and he dashed for second base, yelling for the throw. No one threw, so Olson discovering that third base also was denuded of a protector, kept on and made that hassock without any trouble.

And the crowd rode Heinie Zimmerman. Zim was the goat. He was no more to blame for what had happened than he was when Bill Rudden stepped out of the way and let Heinie chase Collins with the ball in his hand. Fletcher was the man to blame, for he, as captain of the team, should have called the play on the fly ball. Thus either himself or Doyle would have been left to protect the middle bag.

But Heinie Zimmerman wouldn't be the Great Zim and all the rest of the things they call him if he didn't break out occasionally with something to give the fans a chance to ride him for. His disposition invites the attack of the spectator, even though his misstep is one that would be totally overlooked in another player.

NOVELTY SHOWER.
Friends of Mrs. Alexander Anderson (nee Mowry) tendered her novelty shower last evening at the home of her sister, Mrs. Fred Byfield, St. Paul street.

ON WAY TO WINDSOR.
About thirty members of the Jewish Legion, which is being mobilized in Windsor, N. S., arrived in the city today from Montreal en route to Windsor.

RUMORS WERE INCORRECT.
R. Chipman Golding has returned to the city after spending a vacation in Massachusetts. During his absence rumors that he was seriously ill gained circulation; fortunately they were without foundation.

NOBLE GODFREY.
At six o'clock this morning, in the First Presbyterian Church, West St. John, Rev. Dr. J. A. Morison united in marriage two popular members of his congregation, George Frederick Noble and Miss Gladys Gregory Godfrey. The bride and groom have the good wishes of many warm friends.

KNIGHTS OF COLUMBUS.
A degree team from the local branch of the Knights of Columbus will leave this evening for Moncton where they will assemble the first degree of several candidates. Those making the trip will be Dr. W. P. Broderick, grand knight; William M. Ryan, chancellor; Harry Regan, deputy grand knight; Ray Mosey, warden.

A FAREWELL GIFT.
A party of fifty friends of Miss Mabel Porter, King Street, West St. John, gathered at her home last evening and tendered her a surprise party. A traveling bag was presented to Miss Porter by Miss Reta Carleton on behalf of the gathering, and the gift was accompanied by good wishes. The recipient is leaving the city. Games and music were enjoyed and refreshments were served.

FAIRVILLE TRIANGLE CLUB.
The Triangle Club of Fairville Baptist church met at the home of the president, George Brown, Lancaster Heights, last evening for their last meeting of the season. There were more than fifty present, and the following programme was much enjoyed: A Soldier's Message, devotional exercises, lead by A. M. McLeod (Y.M.C.A.); vocal selection, Lancaster Ladies' Quartette (Miss James Murray Long, W. Brown, Vincent and Osborne); reading of letter from Rev. P. B. Hayward now in Toronto, who founded the Triangle Club; vocal solo, W. McEachern; solo, Mrs. Murray Long; address, "A Soldier's Life at the Front," A. M. McLeod (Y.M.C.A.); remarks, Mrs. H. Carr, president of Ladies' Aid Society; address, H. Riecker. Mrs. Edmunds, principal of Fairville school, spoke on the necessity of the men cropping the parsonage garden, and the president arranged that the men of the club would meet on Thursday night and begin active work. Votes of thanks to all who assisted in the entertainment were passed and the meeting closed with the National Anthem.

JOSEPH McNAMARA OFFERS TO PUT ON BIG SPORTS FOR VETERANS

St. John, N. B., May 14, 1918
To the Editor of the Times:
Sir:—As an answer to Mr. A. Schofield's appeal for funds for the G. W. V. A. Home, Mr. Joe McNamara made a splendid offer to the veterans. He will put on a track meet of up-to-date athletic sports at Moscopath park, under the auspices of the Y.M.C.A., of which he is physical director. Mr. McNamara's name as a sportsman is well known, and his offer is a guarantee of good clean sport. His offer is the total receipts for the veterans' new home.

MR. BARRANCO TO LEAVE FOR WASHINGTON TONIGHT

Cesar Barranco, who has filled the office of Cuban consul at this port for the last four years, will leave this evening for Washington for final instructions before assuming charge of the office in Toronto, to which he has been promoted. Mr. Barranco has worked assiduously to promote the interests of his country while he has been in St. John, and as a result of his stay here Cuba is better known to the people of New Brunswick and trade relations have improved. During his stay in St. John Mr. Barranco has made many friends who will sincerely regret his departure, while appreciating the honor that has been conferred upon him in selecting him to such an important post as that in Toronto. Mr. Barranco was busy today bidding good-bye to friends, but expressed regret that the time at his disposal would not permit him to see all of them. His successor is B. Martinez, who has had experience in consulate work in Shanghai, and who comes to St. John from Washington, where he served as vice-consul in the United States capital. Mr. Martinez arrived in St. John ten days ago and has been engaged in taking over the affairs of the office.

PRESENTATION MADE TO MISS GILCHRIST

Last evening the parlor of Knox church was the scene of a very pleasant gathering, when the officers and teachers of the Sunday school met in honor of one of their number, Miss Mary Gilchrist, who is soon to be one of the principals in a happy event. Local solos were excellently rendered by Mrs. Fraser and Miss Helen Irvine, after which the superintendent, J. J. Irvine, on behalf of the Sunday school, presented to Miss Gilchrist a handsome mahogany curio cabinet fitted with china and doilies. He expressed regret that they were about to lose her and appreciation of her valuable and unselfish services, together with best wishes for her future happiness. Rev. H. H. Fraser added appreciative words and kind wishes, and Miss Gilchrist gratefully expressed her thanks.

VACCINATION IN PRINCE AND WELLINGTON TODAY

At the noon meeting of the board of health today seven physicians were named to make the house-to-house vaccination in Prince and Wellington wards. The work is to be started this afternoon. The physicians named are Doctors Emery, Barry, McDonald, Fleming, Nugent, Kelly and McCourt.

ANTI-HOARDING LAW IN EFFECT AT 12 TONIGHT

W. S. Potts Emphasizes Fact That Hoarders With Small Supply on Hand are Not Aimed at

The anti-food hoarding law will go into effect tonight at midnight. Any who have laid in a supply of flour or sugar has still a few hours left in which to dispose of same at full market value. If there is failure to comply with the law officials can search their homes and not only seize the goods but also have them arrested and a fine of \$100 to \$1,000 imposed. Walter S. Potts, who is the local official charged with enforcing the law, says that it is not the small holders of flour or sugar at whom the law is aimed but those who hoard away large quantities of these necessities. All those who have less than a barrel of flour or no large quantity of sugar need have no fear, but others who may have a quantity stored away must risk having the full penalty of the law imposed upon them. Mr. Potts said to a representative of the Times that the idea was to get people to use what they had and then become educated to buying in smaller quantities, so that there should be enough for all. He said that there was always a danger of some people buying food in large quantities while others would be left without any. Up to late a considerable quantity of flour and sugar has been returned to dealers and in all instances the people received the market value. It is expected that more will be returned today and that at least the vast majority of citizens will conform with the requirements of the law.

THE SOLDIER'S MESSAGE TO MOTHER AT HOME

Bring Home Gift of Freedom And Then Live For Highest Ideals
Canadian Army Headquarters, May 15
(By W. W. Willison, Special Correspondent of the Canadian Press)—Despite the unseasonable weather, which has been unduly cold and wet, officers and men of the many units have succeeded during recent days in securing some measure of relaxation from the continuous months of strain. At any time the great battle may mean an unprecedented demand on the troops, but until that time Canada at home should not worry unduly over its men in France.

Amongst the peace activities of the corps has been the observation of methodical day on May 12 Canadian Y. M. C. A. officers who were prominent in the movement tell me that unprecedented demands were made upon their special stationary for writing of letters to mothers. One hundred and fifty thousand specially printed sheets of note paper were placed in such establishments by the association. In addition 25,000 special cards bearing a message to mothers were printed by the Y. M. C. A., and given to men to send home. The message reads in part:—"It is really you, our mothers and our homes, for whom we are fighting. When the gift of freedom is ours then we will come home and lay it reverently at your feet, for it will be hallowed by the blood of many comrades. Then we shall devote our lives to service in our country, in the rebuilding of happy homes and noble citizenship. Pray for us that this high and holy vision may never fade from our minds and that we may be given courage and patience to finish our task. What a glorious home-coming there will be. Till then we remain where we are, fighting for our mothers and homes."

REV. R. P. HAYWARD WRITES OF HIS WORK

Last evening at a meeting of the Triangle Club of Fairville Baptist church, a letter of much interest was read from Rev. R. P. Hayward, now of the Y.M.C.A., respecting the success of his work among the soldiers in Ontario. "My present work is much different from that which I carried on in Fairville, but still I am by no means quite well adjusted to the change. "I have heard, no doubt, of the 'Earn and Give' campaign by which the boys' department set out to get 6,000 boys in Canada to accept the ideal of national service to the extent of agreeing to earn and give \$10 for Y.M.C.A. work among the soldiers. The whole task of organizing Ontario for this campaign was turned over to me. Ontario was responsible for 2700 boys, and at noon today (May 11), when I left the office, returns from the different centres in the province showed \$212 to date. We will reach 3,000 by the first of the week."

CHILDREN UNDER 15 MUST SHOW VACCINATION PAPER OR KEEP OUT OF THEATRES

Yesterday at the request of the board of health, theatrical managers attended a meeting at which they were asked to co-operate in combating smallpox of the city. After Saturday next no child under fifteen years can enter any theatre unless the child can show a certificate of successful vaccination. A placard will be placed in the theatre lobbies and slides will be shown on the stage announcing the new regulation. Physicians after vaccinating children are quite willing to give a certificate. The board is well pleased at the way in which the theatrical men are assisting.
