AMUNDSEN UNHEARD FROM; NO ANXIETY

NOW RELESS, PROGRESS WORD IS IMPOSSIBLE

Weather Favorable and Hope of Return Is Entertained

LIKELY LANDED

Experts Believe Explorer Has Stopped at Pole or Intervening Land

COPENHAGEN, May 23.—Copenhagen was still without news of Amundsen at 5 o'clock this morning, but there were no signs of anxiety here over the safety of the explorer and his companions.

HOPE OF SAFETY

OSLO, May 23.—The Shipping Gazette reports that the weather conditions for Captain Amundsen's Polar flight continue very favorable, and that there is every hope of the expedition returning safely.

THINK HE LANDED

Those whose Arctic experience or other special knowledge warrants expressions of opinion, appeared today to think that Amundsen's continued absence indicated that he had landed at the Pole or had discovered an intermediate body of land upon which he had descended for closer investigation and more accurate location.

FRENCH SCORE IN MOROCCO COMBAT

Drive Against Centre of Riff Position Puts Rebels to Flight

RABAT, French Morocco, May 23.—The situation of the French forces opposing Abd-El-Krim's Rifian rebellion is reported to have been greatly improved by a brilliant operation in the central sector under the direction of General Count De Chambrun.

Leave for Europe

MONTREAL, May 23.—About 500 members of the touring inter-state post graduate clinic assemblies of American physicians, who have spent the past few days in Montreal inspecting local hospitals, departed for Europe last night on the liners Cord and Ausonia.

American Physicians Complete Inspection of Montreal Hospitals.

Mahomet Relics Are Sold By Attendant

CONSTANTINOPLE, May 23.—The hereditary keeper of a portion of the sacred relics of Mahomet has been arrested for selling precious silver relics to bazaar merchants who substituted them with cheap plated copies.

The Weather

MORNING REPORT.
Maritime—Southerly winds; fair and moderately warm today; probably becoming unsettled at night.

FIRES FOLLOW EARTH SHOCK AT TOYO-OKA

Residents Terrified And Many Casualties

A RECORD TREMOR

Horizontal Vibration of Three Inches, Greatest in Thirty Years

OSAKA, May 23.—Two hundred houses were reported collapsed and numerous fires were raging today in the vicinity of Toyo-Oka, a town of 7,700 population, 80 miles northwest of Osaka, as the result of an earthquake which sent terrified residents into the streets fearing a repetition of the Tokyo disaster of 1923.

CASUALTIES FEARED

TOKIO, May 23.—The department of communications received an official dispatch from Toyo-Oka this morning, which said:

TERRIFYING SHOCK

LONDON, May 23.—The Evening News correspondent at Tokio says an earthquake in Southern Japan was a terrifying nature. Some loss of life is reported, but there are no details.

FELT AT KOBE

Dispatches from Osaka say the earthquake lasted for three minutes. A severe shock was also felt at Kobe.

NORTHERN LANDS BELONG TO CANADA

Freuchen Says Any Claim Set up by Norway Would be Disputed.

COPENHAGEN, Denmark, May 23.—That Canada long ago annexed any land discovered northward of the Dominion was pointed out here today by Peter Freuchen, the Danish Polar explorer, in commenting on King Kiankon's authorization to Captain Rood Amundsen to take possession in the name of Norway of any territory discovered in the course of his present Polar flight.

SMALLPOX SCORE

Wholesale Vaccinations Ordered After Outbreak in Long Island Communities.

NEW YORK, May 23.—Thirty cases of smallpox have been reported in Massasset and Great Neck, Long Island, by the state health department. Dr. E. H. Marsh, secretary of the department of health, said while there is no epidemic, situation warranted wholesale vaccinations.

The Weather

MORNING REPORT.
Maritime—Southerly winds; fair and moderately warm today; probably becoming unsettled at night.

ILLUMINATE
NIAGARA FALLS

Maritime Province Man in Charge of Great Lighting Project

W. D'Arcy Ryan of the General Electric Co. Has Two Brothers in Saint John.

A despatch from Niagara Falls says that in future the falls will be brightly lighted at night and tourists will be able to view them as well as in the daytime. The man who arranged for the lighting, W. D'Arcy Ryan, is a Maritime Province man, born in Kentville, N. S. Two of his brothers reside in this city, J. G. Ryan, manager of the Canada Nail and Wire Company and J. W. Ryan, manager of the Union Bank of Canada.

Mr. Ryan is one of the best known men in the spectacular lighting field in the world. He had charge of the lighting of the Panama Canal, The Panama-Pacific Exposition and the Centennial Exposition at Rio Janeiro. He is the inventor of a device that was first used for lighting the falls some time ago. May 23 has been chosen as the night on which the new lighting will be first turned on.

The Illumination
Twenty-four powerful 36-inch searchlights, of special design, have been installed by the General Electric Company in Victoria Park on the Canadian side of the falls. Besides illuminating both falls and the rapids, by casting the rays of the 24 lights in an upward beam, a shaft of light visible for 100 miles will be possible. By placing color lenses over the lights and spreading the beams in fan-like arrangement, an even far more beautiful and spectacular scene is provided by nature from the north coast of the falls.

Starts Monday
Queen Victoria's birthday anniversary is the date chosen for the official beginning of the illumination. It will be the most powerful single illumination ever undertaken, every electrical innovation applicable having been drafted for service.

Returns Filed With Utilities
Communications received by the Board of Public Utilities report the Matapedia Light and Power Company, supplying current to the Town of Campbellton and that of the Canadian Cottons Ltd., Marystown, supplying the town of Marystown with current.

A copy of the contract between Campbellton and the Matapedia Light and Power Co. has been referred to the Utility Commission for approval. It has been in force since January of this year and the company will receive about \$40,000 a year from the town.

The Canadian Cottons Ltd. have been selling current to Marystown since 1916 and the return filed with the board shows that they receive between \$5,000 and \$6,000 a year for the current sold.

"DIAMOND DYE" IT
A BEAUTIFUL COLOR

Notices of Births, Marriages and Deaths, 50 cents.

BIRTHS

LUNDY—On May 21, 1925, at the St. John Infirmary, Mr. and Mrs. W. Maurice Lundy (nee Creary) a daughter.

DEATHS

MCLIVEN—At his residence at Red Head, at an early hour Saturday morning, May 23, 1925, John McIlveen, aged 70 years, leaving two sons and three sisters to mourn.

Funeral on Tuesday from his son's residence, 22 Elliott row, to Fernhill cemetery at 2:30 o'clock.

BYRNE—At the General Public Hospital, on May 22, 1925, after a short illness, Liddy (Patterson), widow of Maxine Byrne, leaving two sons and five daughters to mourn.

Funeral on Monday afternoon at 2:30 from her son's residence, 408 Main street, to Fernhill cemetery.

PALMER—At her parents' residence, Pleasant Point, on May 22, 1925, Hazel Dorothy, second daughter of Albert and Mary Palmer, leaving two sons and five daughters to mourn.

Funeral on Monday morning at 7:15 to St. Rose's church for requiem high mass at 8 o'clock.

HARRINGTON—At Boston, Mass., on May 22, Ellen Josephine, wife of William Harrington and daughter of the late Richard and Elizabeth Harrington, leaving her husband, two sons, two daughters, two brothers and four sisters to mourn.

Funeral at Boston, Mass., on Sunday afternoon, May 24, 1925, at 2 o'clock, from the residence of Mrs. J. William Smith, leaving two sons, four daughters and three brothers to mourn.

Liquor and Gas Bad Mixture

ATLANTIC CITY, N. J., May 23.—Bootleg liquor and the gas from automobile exhausts were blamed for an increase in throat diseases by Dr. John E. MacKenzie of New York, speaking before the American Laryngological Society here. Dr. MacKenzie said exhaust pipes should be at the top instead of the bottom of automobiles.

MAKING DISPLAY AT LOCAL MUSEUM

At Natural History Society Lecture Room Used For Showing For Visitors.

The Natural History Society is getting ready for the summer season, the season when the lectures are as plentiful as bees in a swarm. The lecture room of the society's museum is being turned into a hall for the display of some of the collections of the museum that ordinarily cannot be shown because of lack of space.

A number of interesting articles have been included in the recent donations. F. Ferguson has presented a book entitled, "Pictures from English Literature," which contains some good illustrations, reproductions of the work of some of the best known English artists. These pictures all are illustrative of some famous pieces of English literature. The narrative of the book was written by John Francis Waller.

Mrs. Robinson has given some articles of military uniform that will be welcome additions to the military relics. Her gifts include spurs, sword belt, forage haversack and full dress tunic of the 52nd Fusiliers and two fine officers' swords. One is a sword of the 52nd Fusiliers and was made by Maynard Harris & Co., of London. The other sword also has its London maker's name inscribed on the blade. It is considerably older and was probably used in early Victorian days.

Mrs. Alfred Morrissey has given a specimen lobster, prepared as a museum exhibit by a resident of Grand Manan, who claims to have discovered the process of keeping a lobster in its natural colors without tinting.

Mrs. George Topping has given the museum two volumes of impressive size. They are two of a series which forms the complete "Comprehensive Commentary of the Holy Bible," and were published in 1855 and 1857. One volume has the commentary on the books from Genesis to Judges and the second from Ruth to Malachi. The very lengthy title page inscription gives the information that these volumes have the marginal references and are Matthew Henry's commentary edited by Rev. William Jenks.

Thieves Get \$28; Rifles and Watch

Petty thieves who have been operating in the city for the last few weeks transferred their activities to West Saint John yesterday, when two breaks occurred. Maurice H. Tufts, who conducts a grocery store in Guilford street, was robbed of \$28, while Patrick Keane, who operates a restaurant in Union street, lost two rifles and a gold watch.

Mr. Tufts' building is being painted, and while he was in the yard supervising the work the thief or thieves entered the store and took \$28 from the till. The detectives are investigating the matter.

DERBY BETTING.

United Press.
LONDON, May 23.—The latest betting prices for the Derby which will be run on Wednesday are as follows: 9 to 1 against Cross-Bow and Manna; 100 to 9 against Conquistador; 100 to 8 against Ptolemy; 100 to 6 against Solario; 18 to 1 against Runnymede and St. Brian; 20 to 1 against Zlonist; 22 to 1 against Dignity; 40 to 1 against Vicar, Priory Park and Pons Ansonum; and 50 to 1 against the others.

A Clear \$100 Less in Price

Unrivalled labor-saving machines bring the Kane price of this work of Art in time-defying Granite down from \$600 to \$500.

Lettered and shipped freight free anywhere in the Maritime. Full five feet across and two and one half tons in weight.

None can quote like Kane & Co. for none have their modern type of men and equipment. A patronage without approach permits lower costs and lower profits. Send for catalogue or phone for their card to bring you to their numerous exhibits.

DINGLEY BRINGS 49.
The S. J. Governor Dingley arrived in port this morning at 10 o'clock from Boston with 40 passengers and a fair cargo. Edward H. Carter, American vice-consul here, arrived after a visit in the United States.

WON PRIZES.
William Taylor and Wilfred Murphy, of Grade 8 of St. Vincent's school, yesterday received books as prizes for the best marks in English history made in their classes. The prizes were awarded by the Lady Roberts Chapter, I. O. D. E.

BUILDING MATTER.
Harry Green, reported by Inspector Carleton, for an alleged infraction of the building law, appeared before Magistrate Henderson in the police court. Mr. Green promised to carry out the inspector's wishes in the case and the matter was allowed to drop.

GOVERNOR IN CITY.
Hon. W. F. Todd, lieutenant-governor of New Brunswick, Mrs. Todd and Miss Winifred Todd of St. Stephen arrived in the city last evening from Fredericton, where they had been attending the closing exercises at the University of New Brunswick. They are traveling by automobile and will leave for St. Stephen this afternoon.

THE STATUTES.
The committee in charge of the consolidation of the New Brunswick statutes met in Fredericton this week and considered routine matters in connection with the work. Hon. W. F. Jones, K. C. of Woodstock, presided, with J. E. Dever, St. John, and N. A. Landry, K. C. Bathurst, members, and K. E. MacLaughlin, secretary, present.

BOYS AND GIRLS EQUAL
Seven marriages, 24 births and 11 deaths were reported at the Board of Health office for the week ending today. The new babies are 12 boys and 12 girls. The deaths were from the following causes: Myocarditis, two; broncho-pneumonia, two; meningitis, malnutrition, convulsions, heart failure, cancer of liver, premature birth and cardiac decomposition each one.

Funerals

The funeral of J. Willard Smith will be held this afternoon from his late residence in Orange street, where a short service will be held. At Queen Square church, the funeral service will be conducted at 8 o'clock by Rev. Nell MacLaughlin, pastor of the church.

Rev. Dr. B. C. Borden of Annapolis Royal, N. S., father-in-law of W. Roy Smith, who died at West Saint John, will give an address. Rev. Robert Smart of Westfield, who has for several years been pastor of the family of Fredericton and Rev. H. A. Good, who will represent the New Brunswick Insurance Alliance, of which the late Mr. Smith was an executive officer.

Mr. Smith will sing favorite hymns and William MacGowan, bass soloist, will sing "Crossing the Bar." The twelve pall-bearers will be Gershon S. Hayes, C. B. Lockhart, R. T. Hayes, M. L. A. W. Shives Fisher, Joseph Taylor, S. S. Stephenson, Rev. A. H. Gilmore, E. R. Macham, Arthur Kilpatrick, John S. Tilton and Captain J. H. McKinney. The family pew will be draped in purple and black.

Quadrilles of flowers have been sent to the bereaved home, with tokens of love and respect from people in all walks of life. The Queen Square church sees a very handsome wreath.

Rev. Dr. Borden came into the city last evening to attend. Mr. and Mrs. H. C. Read, the latter a daughter of the late Mr. Smith, have also arrived from "Stonewall, Sackville, and George W. Smith of Bridgeport, Conn., brother of Mr. Smith, has also come to the city for the funeral.

Joseph H. Murphy.
The funeral of Joseph H. Murphy, son of Mr. and Mrs. Frank Murphy, 9 Chubb street, was held this morning from his parents' residence to Holy Trinity church for requiem high mass, taken by Rev. Francis Cronin. Interment was made in the old Catholic cemetery. Rev. natives were pall-bearers and there were many spiritual and floral offerings.

Properties in South End Are Purchased

Richard P. Jackson has purchased from W. V. McKinney, executor of the estate of the late James McKinney, property at the corner of Broad and Carmarthen streets. It consists of three dwelling houses, two in Broad street and a vacant lot.

PERSONALS

Mrs. Charles E. Lowe, who has been visiting her daughter, Mrs. Harry J. Evans, and Mr. Evans, Sussex, returned on last evening's train.

J. Benson Mahony, who has been on a business trip through the province, returned to the city last evening.

J. Wilfrid Tait, one of the teachers in the Chatham Grammar School, came into the city last evening and will visit his mother, Mrs. S. F. Hatfield, and his sister, Mrs. Ella Booth, at 202 Princess street, for the holiday.

A. W. Covey arrived home last evening from Moncton.

Master Charles Robertson, son of Charles S. E. Robertson of Moncton, arrived last evening to spend the holiday with his aunts, the Misses Grace, Elizabeth and Alice Robertson, King street east.

Dr. W. S. Carter, superintendent of education, and Mrs. Carter, motored yesterday from Fredericton with E. S. Carter and this morning went through to Kingston to spend the holiday at that place.

TOO MANY BOYS GET TO COURT

Magistrate Henderson, in Juvenile Session, Comments on Conditions

Warns That Lads Are Getting Into Bad Habits—Cases Are Detailed.

Four juvenile cases were given a hearing before Magistrate Henderson in the police court this morning. The number of cases and the seriousness of one of them elicited comment from His Honor. He said he was sorry to see so many boys getting into trouble and forming habits that would harm them.

Three pleaded guilty to a report of mining admittance to the Queen Square theatre yesterday without paying admission. The proprietor said he had difficulty with boys in this respect.

J. Boyd McMan, truant officer, stated, charged with throwing stones and breaking windows in Gandy & Allison's warehouse to the value of \$30, came up this morning. A list of other boys who also threw stones was handed in, and they will be asked to appear when the case comes up again on Saturday. His Honor said if the parents interested would get together and decide on some plan of paying the damage it would not be necessary to have another hearing of the case.

STEALING COAL.
Seven juveniles, charged with stealing coal from the C. N. R., pleaded guilty and were sent before the cells by Magistrate Henderson while he considered what punishment should be inflicted. He said this was a serious case. C. N. R. Officer Burden said he caught the boys on a coal car with four gallons practically full. He said the railway had considerable difficulty in preventing boys from stealing coal. The juveniles also were charged with truancy, and the parents were fined \$2.

Another juvenile, charged with breaking a giant firecracker into a barber shop in King Square last evening, causing an explosion, also came up for trial. He denied that he did it, and the case was set over for a while until witnesses could be called.

No Cooking School Class This Afternoon

Through an error in the advertisement of the New Brunswick Power Company in last night's Times a Cooking School class at Gas Range Headquarters was announced for this afternoon.

There will not be any class this afternoon, the regular afternoons for these being on Tuesdays and Thursdays.

COLLISION.

About 9 o'clock last evening auto driven by Royden Foley and J. J. Driscoll were in collision in the Loch Lomond road. Mr. Foley's car was just leaving his own grounds, and Mr. Driscoll's car was moving straight ahead when the accident occurred. It was a side-on collision, and Mr. Driscoll's car was spun around and lost a wheel.

VANDALISM.

A lady traveling through the city went into the ladies' waiting room at the Union Station and was amazed to see the mirror over the wash basin disfigured with initials, evidently done with diamonds. She said she wondered if the persons so exploiting their diamonds knew that they had considerably damaged the marketable value as well as violating a trust in destroying the mirror put in the station for travelers' convenience.

AMLAND BROTHERS, LIMITED 19 WATERLOO STREET

BANK MERGER IS SANCTIONED

Union of Two Canadian Institutions Announced by Finance Minister

Shareholders Must Vote on the Plan Before Amalgamation is Put Into Effect.

OTTAWA, May 22.—Hon. James A. Robb, acting Minister of Finance, announced tonight that he had given his consent to the purchase of the Union Bank of Canada by the Royal Bank of Canada.

Before the agreement can finally be approved by the governor-in-council, it required ratification by the shareholders of both banks as provided by the Bank Act. Shareholders of the Union Bank are to receive one share of Royal Bank stock for each two shares of Union Bank stock.

EARNINGS REDUCED.

Mr. Robb stated that in asking his consent to the agreement of sale the directors of the Union Bank had represented that in view of substantially reduced earnings, with no prospect of early improvement and the difficulty (despite the most rigid economies) of curtailing proportionately the cost of operation, they were faced with the necessity of making a drastic cut in the annual dividend, which would result in a substantial drop in the value of

the bank's shares and further, might adversely affect the general standing of the bank.

TO HELP STOCKHOLDERS.

To obviate the possibility of such a serious situation, and in order to protect the shareholders and the public, as well as in the interest of general financial stability, the directors of the Union Bank, after exhaustive consideration, deemed it their wisest course to obtain the consent of the Acting Minister of Finance to a sale to the Royal Bank.

Inasmuch as the head office of the Union Bank is in Winnipeg and as it has more branches in the Middle West than any other bank, the Acting Minister of Finance stated he was glad to be able to announce that the Royal Bank of Canada has given assurance that in future its executive offices in Winnipeg will be made much more important than in the past.

McLean Hospital, Waverley, Massachusetts

The twin shingle saves both Time and Money

THE Twin shape of Bird's Asphalt Shingles has made them known as the one man, one hand shingle. Each Twin Shingle though covering double the area may be laid as easily as an ordinary shingle, without extra motion and in the same time, and requiring but two thirds the quantity of nails.

And what is more—Bird's Asphalt Twin Shingles are fire-safe and weather-proof, yet cost no more than ordinary shingles. Their permanent non-fading colors, Red, Green or Blue-Black, will lend charm to any building.

The Twin shape "two shingles in one," is an exclusive Bird feature—not made by any other manufacturer.

Bird & Son Limited—Hamilton, Ont. and Pont Rouge, Que.

Fess-Holden Morgan Automatic Oil Burning Favored by Women

WOMEN favor and understand Fess Automatic Oil Burning Equipment. They like it because it is so downright simple and free of complications and troubles. In the living room or hall there is a little thermostat (heat regulating thermometer). When more, or less, heat is required a simple adjustment of the thermostat does the work.

They like Fess equipment because it goes right along with its job of keeping the home cosy and warm, doing its work thoroughly, quietly, reliably! Women don't have to worry about it, fuss over it—in fact, they do not have to think of it at all. To them, it is as simple and logical as electric light.

Fess- Holden Morgan Automatic

Men Folk Like Their New Freedom

As for the men of households heated by Fess or Fess-Holden Morgan Oil Burners! The men boast to their coal-burning neighbors how much better their houses are heated the Fess way.

Men luxuriate in their freedom from having to shovel coal, carry heavy cans of ashes, sweep and scrape; they like the idea of going to the cellar only once a month perhaps, instead of three or four times a day in the wearying years of coal heating. Owners of larger Fess-Heated homes do not have to employ a furnace man!

Children's Health is Better Now

In Fess-Heated homes children have fewer colds, coughs and other little illnesses. The secret of this is that no matter how viciously cold or mild it is outside you can keep your home uniformly, evenly heated, the Fess way. Grandma and Granddad like the nice, even warmth. And because oil is so wonderfully clean it doesn't create any dust or grime; this means far less cleaning to do.

And that is the whole family!

SAFETY! All Fess equipments have been approved by the Hydro Electric Commission and accepted by the Canadian Fire Underwriters' Association. The entire line of Fess equipment, which is the largest and most complete manufactured, has been tried out under severest conditions and has proved its worth for all cases, both in homes and commercial institutions.

Don't order coal! Obtain from us the Fess-Holden Morgan list of 2,000 Canadian homes oil heated the Fess Way. We will gladly give you a demonstration with no obligation to you whatsoever.

New Price for HUDSON COACH (Was \$1840)

Today's Hudson Super-Six Coach costs less than half the price at which the open models have sold. With the world's largest production of 6-cylinder cars, quality is constantly improved and therefore Hudson is more than ever

"The World's Greatest Buy"

Hudson's leadership is based upon ten years' concentration in refining a great car around the famous Super-Six motor. This exclusive invention added 88% to motor efficiency, yielding 76 horsepower without added weight, size or cost. It almost doubled car endurance. No design, however costly, has been found to excel Super-Six smoothness, reliability and performance. There has been constant improvement in every detail. Easier steering, greater roadability, more comfort, better materials, finer workmanship, handsomer appearance, and more lasting finish. In all ways it is the greatest Hudson and the lowest priced Hudson.

SAINT JOHN, N. B., MAY 23, 1925.

WARNING VOICES
There is a note of alarm and of warning running through newspaper comment in Central Canada in relation to the lack of unity and the need for broader economic policies to promote settlement and prosperity in the Dominion.

that it is in itself a danger to the trade of the Allies.
Lloyd George describes the present French Ministry as a very able one, and he believes the mass of the French people are opposed to any aggressive policy.

THE PART THE NAVIES PLAYED
Some rather peculiar views as to what he thinks did happen in the great war, and what might have happened, have been expressed in a series of articles in the New York World by Professor W. O. Stevens, formerly an instructor in English at the United States Naval Academy.

Replace those old fixtures with new.
You change the style of your furniture and rugs; these will look so much better if you complete the work by installing new fixtures.

GERMANY AND FRANCE
Lloyd George takes the position that Great Britain and the overseas Dominions will show an increasing determination to steer clear of new agreements with any European country until both France and Germany have produced further evidence of good faith and progress toward peaceful conditions.

THE PART THE NAVIES PLAYED
Some rather peculiar views as to what he thinks did happen in the great war, and what might have happened, have been expressed in a series of articles in the New York World by Professor W. O. Stevens, formerly an instructor in English at the United States Naval Academy.

GERMANY AND FRANCE
Lloyd George takes the position that Great Britain and the overseas Dominions will show an increasing determination to steer clear of new agreements with any European country until both France and Germany have produced further evidence of good faith and progress toward peaceful conditions.

should be sufficient to cause every driver to approach a railroad with caution.
Men in a hurry, the careless, the over-confident, should all remind themselves that the race with death is generally a losing venture as well as an exceedingly foolish one.

Odds and Ends
"You never know what you'll find among the odds and ends."—From "Notes by a Waitress."

What's the Hurry?
(Portland Oregonian)
He believed that he was going to Smith's Corners to see a man about a trade for town property.

Which is Yours?
(Toronto Globe)
Hon. Mr. Motherwell predicts that the next great war will be between men and insects. It is to be hoped that each man will be allowed to pick out his particular insect opponent.

Minard's Linninet for Corns and Bunions.
Indeed, this was curious conduct, for there was no need of haste. He could reach Smith's Corners, talk with his prospect and be back long before noon.

Fables On Health

FOR TREATING SUNBURN

TENDER skin, unaccustomed to the burning rays of the sun, should not be exposed to the hot sun. If it is, the result often is sunburn and much discomfort. A layer of suitable cream is a good protection. This should be spread on thickly, and allowed to sink into the skin. Then enough should be taken off, if one is particular about his or her appearance, to keep the face from appearing too greasy. On coming into the house the face should be washed of the cream with warm water and a pinch of bicarbonate of soda. Then moisten the face with a lotion made of: Tincture of arnica, four ounces; glycerine, eight ounces, and rose water, four ounces. If, in spite of the precautions, the face becomes red, sensitive and swollen, the first thing to do is to soothe it with compresses of steril-

WAS TIGHT BASQUE

The popular dance frock of the moment is full skirted and has a tight basque. It is made of pastel colored chiffon.

Adventures of the Twins

BY OLIVE ROBERTS BARTON. MISTER WILD DUCK'S PARTY.

"Well, well, well!" said Doctor Bill to Nancy and Nick. "I do believe that I have everybody cured. My hospital is almost empty." But scarcely were the words out of his mouth when they heard a flapping noise outside, and opening the door they saw a large brown bird with a black head and black wings just lighting on the doorstep. "Why, hello there, Mister Wild Duck!" exclaimed Doctor Bill reaching out to shake hands. "Come right in. Is this a social call or a professional visit?" "I don't know what that big long word means," said Mister Wild Duck, limping in, "but to make a long story short, I'm in a bad way and I'm name. I swam most of the distance to your house with a hole in my leg, and it wasn't any fun. My wing is hurt, too, and it is hard to fly."

A Chic Sports Frock

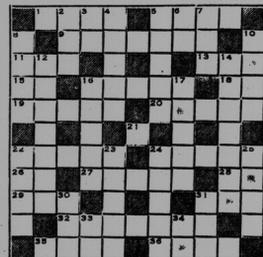

THIS delightful sports frock is made of black patterned printed crepe in two tones of red on a white background. The border is of white crepe to match the upper part of the scarf.

DEEP OVAL BACK The deep oval line in the back is featured in all the ultra smart evening frocks.

Social Notes of Interest

Miss Ann Armstrong gave a most enjoyable picnic luncheon at Crescent Lake, yesterday in honor of Miss Althea Hazen and Miss Catherine McAvity. The tables were centered with pink gladioli and narcissi and an artistic place card was at each cover. The covers numbered sixteen. After lunch bridge was enjoyed on the veranda when the prizes were won by Miss Helen Wilson, Mrs. Campbell Mackay and Miss K. Bell. Those present were Miss Althea Hazen, Miss Catherine McAvity, Mrs. T. E. G. Armstrong, Miss Catherine Bell, Mrs. Wallace Alward, Mrs. Campbell Mackay, Mrs. Cecil West, Mrs. James R. Curry, Miss Frances Kerr, Miss Emily Sturden, Miss Katherine Bell, Miss Kathleen Sturden, Miss Audrey McLeod, Miss Barbara Jack, Miss Doris DeVeber, Miss Alice Tilley, Miss Helen Wilson, Miss Jean Angus and Miss Elisabeth Armstrong.

Mr. and Mrs. L. P. D. Tilley moved yesterday to their summer residence in Rothesay.

Mrs. Leslie Peters, of Halifax, is the guest of Mr. and Mrs. Frank Peters, Orange street.

Mr. and Mrs. Ralph Fowler and Miss Emily Fowler, of New York, arrived Tuesday and have opened their summer camp at Gondola Point.

Miss Elsie Matthews, who was a Crick-shank, Duke street, returned to Clifton yesterday.

Miss May Earle and Miss Crook-shank moved this week to their summer cottage at Hampton.

Miss Eileen Williams, daughter of Mrs. F. E. W. Williams, returned from the Royal Victoria College, Montreal, this week.

Mr. and Mrs. Arthur N. Carter are receiving congratulations upon the birth of a son yesterday.

Mr. and Mrs. W. B. Turner have moved to their summer residence at Millville.

Mr. and Mrs. George Warwick and family moved yesterday to their summer residence at Westfield.

Mr. and Mrs. Martin F. Smith kindly lent their residence, Douglas avenue, Wednesday evening when the Millville Summer Club gave an enjoyable and successful bridge of 24 tables. The prizes were won by Mrs. Connor, Miss M. J. Lynch, Mrs. Seely, Mr. Grant Smith, Mr. George Gray and Mr. W. H. Turner. Among those present were Mr. and Mrs. W. A. Fisher, Mr. and Mrs. H. W. Macdonald, Mr. and Mrs. George Gray, Mr. and Mrs. T. Arnour, Mr. and Mrs. J. Brittain, Mr. and Mrs. Grant Smith, Mr. and Mrs. George F. Gregory, Mr. and Mrs. W. H. Turner, Mr. and Mrs. A. Brown, Mr. and Mrs. F. W. Munro, Mr. and Mrs. Sherman Dearborn, Mr. and Mrs. D. Machum, Mrs. W. B. Gray, Mrs. Vandevost, Mrs. W. J. S. Nyles, Mrs. C. Olive, Mrs. F. A. Ainsworth, Mrs. J. MacLellan, Mrs. Cox, Mrs. Walker, Mrs. Green, Mrs. Seely, Mrs. Connor, Mrs. Montgomery, Mrs. F. McDonald, Mrs. G. Smith, Mrs. Drice, Mrs. B. G. Wang, Mrs. A. B. Taylor, Mrs. M. S. Saul, Mrs. F. W. Dolan, Mrs. J. E. Armstrong, Mrs. A. E. Macaulay, Mrs. L. M. Curran, Mrs. B. Fisher, Mrs. H. J. Machum, Mrs. L. C. Lawson, Mrs. John Tilton, Mrs. M. Bridenbarg, Mrs. Spivill, Mrs. Holly, Mrs. Knowlton, Mrs. Uden, Mrs. McDonald, Mrs. Dickson, Mrs. H. Langley, Mrs. Baird, Mrs. J. B. Spilane, Mrs. John Vaughan, Mrs. W. Anderson, Mrs. B. Smith, Mrs. F. Taylor, Mrs. Lawlor, Mrs. A. J. Mulvaney, Mrs. A. Macdonald, Miss Wilson, Miss M. McLean, Miss Inez Boddell, Miss E. Foster, Miss Branscombe, Miss M. Green, Miss Weston, Miss Belle Goddard, Miss L. Sweet, Miss Audrey Turner, Miss M. Wilson, Miss G. Campbell, Miss Helen Woodrow, Miss Marjorie Staples, Miss G. Humphrey, Miss Lawton, Miss G. Langley, Miss Fieveling, Miss M. Bolton, Miss M. G. Lynch, Miss Olivia Gregory, Miss Z. Smith, Miss M. Foster, Miss Barnhill, Miss Shaw, Mr. Dupuy, Mr. L. Leon, Mr. A. Smith, Mr. B. Whitehead, Mr. W. Brooks, Mr. F. J. Flett, Mr. E. Lingley, Dr. B. Hutchinson, Mr. A. Walker, Mr. Richie, Mr. K. Langley and Mr. H. Springer.

The marriage of Miss Mary Henderson, daughter of Mr. and Mrs. Charles Herbert Henderson, of St. Stephen, to

Mr. Evans Hill, son of the late Mr. Henry E. Hill and Mrs. Hill, will take place on June 10 in St. Stephen. The engagement was announced some time ago.

Mrs. Mary Coulter, sister of Mrs. M. I. F. Carvel, with her husband and a party of friends, has left Los Angeles, Cal., where they have been residing, to take a trip to Toronto by motor. They will travel in two cars. There are seven in the party, which will camp en route.

Mr. Robert B. Inch, son of Mr. and Mrs. James Inch, of Oak Point, is taking the short course for teachers at Truro, N. S.

Rev. Frank M. Milligan, one of the secretaries of the Maritime Religious Education Council, has been in Chatham assisting at the Sunday school convention being held there this week. Miss Mamie Nichol, who has many friends in Saint John, was soloist for the sessions.

Miss Elspeth MacLaren, daughter of Dr. and Mrs. Murray MacLaren, who has been in Ottawa with her parents during the sessions, was among those who served at a tea and reception at the Parliamentary cafe Wednesday afternoon when Mrs. C. G. Power and Mrs. F. S. Cahill, wives of two Quebec members, entertained. Mrs. A. B. Copp and Mrs. J. H. King assisted in pouring.

Mr. and Mrs. A. H. Chipman left Saint John this morning for Wolfville, N. S., to attend the closing exercises of Acadia University, where their daughter, Miss Carol Chipman, is graduating in arts.

The invitations have been issued for the wedding of Miss Emma Catherine McAvity, daughter of Mr. and Mrs. John Alexander McAvity, of 84 Orange street, to Mr. William Arthur Ives Anglin on Tuesday, June 2, in St. John's (Stone) church.

Mr. and Mrs. T. B. Macaulay, of Montreal, are leaving early next week for Saint John to attend the wedding of their son, Mr. Douglas Macaulay, to Miss Althea Hazen, daughter of Sir Douglas and Lady Hazen. Others from Montreal who will attend are Mr. and Mrs. C. A. Sutton, Miss Edith Cushing, Mr. Donald Cushing, who will be best man, Mr. T. R. Kerr and Mr. H. B. Griffith.

Miss Vera G. Northrup, daughter of Mrs. B. L. Northrup, has entered the Training School for Attendant Nurses at 222 Newbury street, Boston, where the Household Nursing Association is in charge. Miss Northrup will take a theoretical training for six weeks and 46 weeks of practical training in one of the larger hospitals of Boston, after which she will be graduated as an attendant nurse and hold registration in the Household Nursing Association Registry.

Miss Thelma M. Alexander, of Sussex, has completed a course of study at the Framingham Hospital Training School and received her diploma at the graduation exercises recently. Miss Alexander was a graduate of the Sussex High School.

Mrs. Fraser Armstrong, who has recently gone from here to Kingston, Ont., with her husband, who was for a time town manager of Windsor, N. B., was the hostess at a delightful afternoon tea in her new home recently for the graduating class of the Kingston General Hospital.

Don Humphrey, who has been visiting his parents, at 14 Orange street, left Thursday for British Columbia.

Mrs. John W. Wadman of Honolulu is the guest of Mrs. I. O. Beakley, West Saint John.

Mrs. R. N. Dean, 72 St. James street, has gone to Brookville, and will spend the summer at her cottage, Cliffview.

TENDERED SHOW.
 A delightful novelty shower was tendered Miss Jean Dunnett by her associates in the employ of the F. W. Woolworth Company, Thursday evening, at the home of Miss Edith Perry, Adelaide street. Between 30 and 40 were present and she received many lovely gifts. The gifts were wheeled into the room in a prettily decorated carriage by Miss Audrey Oldfield. The evening was spent enjoyably and good wishes as well as gifts were showered upon Miss Dunnett, whose marriage is to take place in the near future.

NEW LEADERS FOR CITY PLAYGROUNDS

Saint John Supervisors and Assistants Are Given Allotment For Season.

The supervisors and women play leaders of the Saint John Playgrounds' Association met yesterday, arranged their schedule of work and received their allotment of centres from Miss Emma I. Heffer, general superintendent of the playgrounds. The meeting was held in the board room of the Y. M. C. A.

Two new leaders are being introduced to the work this year, coming with exceptional qualifications. Miss Mildred McCutcheon has been taking a special course in athletics at Acadia University, Wolfville, N. S., and Miss Ethel McFadden has been a student at the Margaret Eaton School of Expression and Physical Education, Toronto.

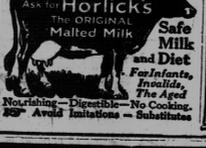

Among the young men is Sanford Goldman, son of Mr. and Mrs. J. Goldman, who comes from McGill University, where he has taken physical training and has been in charge of boys in the Baron de Hirsch School, receiving high praise from the head of the school.

The allotments of centres and the play leaders are as follows: West Saint John, Miss Ethel Hawker, assisted by Miss Gerarda Wilson, play leader, and Arthur Burns, physical instructor for boys; Centennial, Miss Catherine O'Neil, Miss Eileen O'Connor and Harold Barkley, Allison, South End, Miss Beatrice Mooney, Gordon Marr; East End, Miss Eugenia Kelly, Sanford Langlois; King George, Miss Marion Hamilton, Hugh Kennedy, with Miss McFadden to assist both of these grounds with play. The grounds will open the first week in July.

EMPIRE DAY AT LORNEVILLE
 The schools at Lorneville, District No. 12, under the direction of Miss Alice Titus, observed yesterday with lessons on Empire Day by the teacher and participated in patriotic songs. Miss Valerie Gaunce, of District No. 11, gave lessons on the making of the British flag.

JAS. N. ROGERS CHOIR SINGER FOR 60 YEARS

At 76 Still Gives Voice to Praise in St. Mary's

ACTIVE ALSO IN SUNDAY SCHOOL

Worthy Saint John Citizen, Too, Gave Many Years to Work for Seamen.

In the news a few days ago appeared announcement of the resignation of James N. Rogers as secretary of the Seamen's Mission Society here, after 25 years of faithful service. That record of giving of time and talent to a good cause is, however, not the only claim that Mr. Rogers may make to valuable use of his time and abilities, for he has been very active in church work and for 60 years has been a choir singer.

Mr. Rogers saw the work for seamen grow from a struggling endeavor into a large factor in the life of this seaport city and the institute affiliated with the Navy League. Mr. Rogers said that present conditions in the institute were vastly different from those of the early days, when he, with others, had little but faith on which to conduct it. The late Herbert C. Tilley, president for some years of the association, with his Christian grace, is recalled by Mr. Rogers with a happy smile. He is a life member of the association.

IN CHURCH WORK.
It was of his church relations that Mr. Rogers spoke with most delight. He was born in Winton, Somerset, England, on December 7, 1849, and sang there when a very little boy in the Anglican church. Later he joined the large choir of St. Andrew's Anglican church in Bristol, where he sang until he was 20 years old, when he came to Canada. He loves to recall the days when he sang bass in St. Paul's church, under the charge of the late Canon deVeber, whose influence, he said, has been an inspiration to him during his life. The late Archbishop W. H. Raymond and the present rector, Rev. R. Taylor McKim, of St. Mary's, he also warmly referred to in their connection with his life and work.

AT ST. MARY'S.
After singing for 20 years in St. Paul's, Mr. Rogers went to St. Mary's

Chorister at 76

JAMES N. ROGERS

He was president of the British and Foreign Bible Society of Saint John and is now on the executive. He has been a teacher for 30 years in Sunday school and is now assistant superintendent with Rev. Mr. McKim of St. Mary's Sunday school. Mr. Rogers carries on a private commercial business and walks far each day to call upon his customers. He is very chummy with a ready wit and a keen mind. When asked if he had ever smoked, he said merrily, "No, I never found the chimney."

Former Labor Premier Is Guest at Dinner

LONDON, May 22.—Right Hon. James Ramsay MacDonald, former prime minister, will sail for Canada on the Megantic, Oct. 2, and will spend some time visiting the important centres of the Dominion. This evening the ex-premier was the recipient of an unusual honor—a dinner given for him by the "Father of the House of Commons," T. P. O'Connor, in recognition of Mr. MacDonald's high personal and political character, and his great gifts as a writer and a speaker.

There's Health For You In My Treatment

As a woman, like you I have suffered from headaches, backaches, constipation, nervous attacks, sleeplessness. Experience and study have taught me the remedies. Now I can help you. Simply send me particulars about yourself, and I will forward, *absolutely free*, ten days' trial treatment. I have helped hundreds of women.

ROYAL VICTORIA COLLEGE MONTREAL
A RESIDENTIAL COLLEGE FOR WOMEN STUDENTS ATTENDING MCGILL UNIVERSITY (Founded and endowed by the late Rt. Hon. Baron Strachan and Mount Royal)
Courses leading to degrees in Arts, separate in the main from those for men, but under identical conditions; and to degrees in music.
Applications for residence should be made early as accommodation in the College is limited.
For prospectus and information apply to The Warden.

Grand Falls Children Have Fingers Amputated

GRAND FALLS, N. B., May 22.—Curiously similar were two unfortunate accidents which happened in its vicinity during the last few days. The eight-year-old daughter of Mr. and Mrs. Daniel Corbin, of Sisson Bridge, had her hand badly injured by her young brother dropping an axe upon it while they were playing together, and the 20-month-old child of Mr. and Mrs. Hans Jensen, of Grand Falls, had its fingers caught in a washing machine. The little Corbin child was brought into the hospital here and Dr. Puddington amputated two of her fingers but was able to save the third finger which had been less severely cut. The accident to this child happened on Wednesday. The Jensen baby had its hand crushed this morning and it was found that the injury was so serious that one finger had to be amputated.

Miners Decide To Continue Strike

SYDNEY, N. S., May 22.—The strike of the miners in the British Empire Steel Corporation collieries in Nova Scotia, now approaching the end of its third month, will be continued, according to unanimous decision of a convention of the United Mine Workers of America, District 26, today.

CORNS

Lift Off—No Pain!

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly it comes off. For a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calms down, without soreness or irritation.

TO EXPECTANT MOTHERS

Letter From Mrs. Ayars Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Spring Valley, Sask.—"I took the Vegetable Compound before my last confinement, when I got to feeling so badly that I could not sleep nights my back ached so across my hips, and I could hardly do my work during the day. I never had such an easy confinement and this is my sixth baby. I read about Lydia E. Pinkham's Vegetable Compound in the 'Farmer's' and wrote you for one of your books. We have no druggist in our town, but I saw your medicine in T. Eaton's catalogue. I am a farmer's wife, so have all kinds of work to do inside and outside the house. My baby is a nice healthy girl, I am weighed nine pounds at birth. I am feeling fine after putting in a large garden since baby came. (She is as good as she can be.) Yours is the best medicine for women, and I have told about it and given written to my friends about it."—Mrs. ANNIE E. AYARS, Spring Valley, Sask.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers, and should be taken during the entire period. It has a general effect to strengthen and tone up the entire system so that it may work in every respect as nature intends. All druggists sell this dependable medicine. Give it a trial.

M'MURRAY OUT OF CABINET

Resignation of Solicitor-General Accepted by the Government

Home Bank Affairs Said to be Reason for Action by McMurray.

OTTAWA, May 22.—Resignation of Hon. E. J. McMurray from the portfolio of solicitor-general in the federal government was announced in the House of Commons this afternoon by Premier King.

Officially Mr. McMurray's withdrawal and its acceptance are ascribed to "matters of a professional and private nature." Such are the terms used in letters which the Prime Minister read to the House in explanation of the incident.

HOME BANK BLAMED

Premier King did not mention Mr. McMurray's liability to the Home Bank, but it is common knowledge this was what led up to the result announced today. At the time of the bank's failure it is stated that the obligations of the firm of which Mr. McMurray is a member were in the neighborhood of \$100,000. Rumor has it that recently he reached an understanding with the liquidators of the bank whereby they undertook to accept a part payment immediately on the understanding that further efforts would be made to meet the balance.

PRACTICAL WORK BY BOY SCOUT LEADERS

Enjoyable Outing at Sandy Point Last Night by Party of Fifteen.

The Scout leaders of the city had their first outing for practical demonstration of scout law, and a party of 15 leaders were transported to Sandy Point in automobiles kindly provided by Dr. H. B. Spangler, Dr. B. Post and Scout Master Eli Boyaner and J. M. Tobias.

There were 15 in the party and when they arrived at the spot selected they found that F. Choppin, assistant district commissioner, and L. L. Johnson, secretary, had prepared a camp fire and had the coffee piping hot. When the food had been given due attention, Dr. Post gave a talk on camp sites with special reference to sanitation. L. L. Johnson told of the requirements of a troop camp site. F. Choppin gave a practical demonstration of how camp fires should be built and there was a council fire to round out the evening. Scouting songs were sung heartily and singing camps were discussed.

Agnes MacPhail Asks Question in Commons

OTTAWA, May 22.—"Are there any peace schools maintained by the Dominion government, or do they just teach one line of national policy?" asked Miss Agnes MacPhail, Progressive, Southeast Grey, in the House this afternoon, while questioning an item for the expenditure of \$1,800 at the Royal Military College, Kingston, for "wharf repairs and protection work."

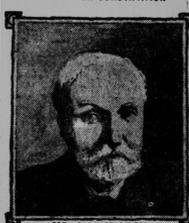

Hon. J. H. King, Minister of Public Works, did not reply to this query.

INDIANS BAR CHURCH UNION.

WINNIPEG, Man., May 22.—The Indians of the Ojibwa tribe will be with the continuing Presbyterian Church.

A FREEMASON'S SUFFERING

"FRUIT-A-TIVES" WORLD'S BEST REMEDY FOR CONSTIPATION

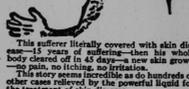

MR. J. H. McLEOD

"I was troubled very badly with Rheumatism and Constipation and tried a great many remedies without relief, until a friend of mine recommended 'Fruit-a-tives'. I took several boxes and was very soon completely relieved and am very grateful to 'Fruit-a-tives'. I think that 'Fruit-a-tives' is the best remedy in the world and have recommended it to a great number of friends who have benefited by it."—J. H. McLeod, Nova Scotia Freemason's Home, Windsor, Nova Scotia.

Constipation is the great curse of old age. Yet day by day, more and more elderly people are enjoying vigorous health through 'Fruit-a-tives'. This natural fruit juice—made from intensified fruit juices—ensures the complete natural digestion of food for people of all ages. At your dealers, 25c and 50c.

who were special guests, contributed much to the evening's pleasure.

For Aches and Pains—Minard's Liniment.

The following is a list of the names of the members of the committee who were present at the meeting held on May 22nd, 1925, at the residence of Mr. J. H. McLeod, Windsor, Nova Scotia.

ALL WELCOME—COME!

Rheumatism and Lumbago Are Banished By

Dr. Williams' Pink Pills

They Give New Vitality—and more.

Some diseases give immunity from another attack, but rheumatism and lumbago (which is really muscular rheumatism) work just the other way. Every attack invites another.

There is scarcely any disease which physicians find more difficult to treat successfully than rheumatism. Long study, however, has shown that the seat of the disease is in the blood. By maintaining the quality of the blood, you are doing the best possible thing to prevent and combat rheumatism.

That is why Dr. Williams' Pink Pills has proved successful in thousands of cases of rheumatism and lumbago. These pills enrich the blood and enable it to throw off the poisons of the disease. And so long as the blood is kept pure and rich, there need be no fear of a return of the trouble.

Mrs. Annie Wright, Woolchester, Ala., says—"I was a sufferer from rheumatism for six years and most of that time my life was one of misery. I tried several doctors but never got more than temporary relief. The trouble seemed to affect my whole system. Finally I was advised to try Dr. Williams' Pink Pills and through these I found complete relief. I can strongly recommend Dr. Williams' Pink Pills to anyone suffering from this trouble."

The New OVERLAND SIX

Bigger Crops

More profit from POTATOES, better LAWNS, FLOWERS and VEGETABLES.

No matter where you use Soilgro—on your potatoes, corn, grain—on your lawn, flowers or in your garden, you'll be amazed at the growth it promotes. Soilgro feeds any plant that has roots. It is the new scientific method of hastening and increasing growth. It is cheap—for six dollars you get a package that will do for a good sized lawn and garden, or an acre and a half of roots or grain—for all summer. It is easy to apply and eliminates for the man in town, the difficulty of procuring and the objection to applying barnyard manure or other fertilizer. On farms it can be used with manure with splendid results.

Here's what one man says about Soilgro
Tennaskaming, Que. Sept. 4, 1924.
"I take much pleasure in saying that I got my results from Soilgro. We had a very bad summer for flowers. I am pleased to say my flower garden took first prize at the Exhibition and as there is but one other place that has used Soilgro we both had the best gardens."

Original of this letter is in our files. We will be glad to give the writer's name if desired.

BRITISH CRITICISM OF U.S. CAMPAIGN

CONTROVERSY IN CANADA CALLED BITTER, INTENSE

Article Draws Comment From Toronto Union Bureau of Information

REV. DR. FLEMING HAS EVER OPPOSED MERGER

Writer Has Never Been in This Country, Observes Toronto Statement.

TORONTO, May 23.—A Canadian Press cable despatch from London quoted from an article appearing in the British Weekly by the Rev. Dr. Archibald Fleming in which he deplored the "bitterness and intensity" of the church union controversy in Canada.

Referring to this despatch the Church Union Bureau of Information in a statement issued last night said: "In the first place, Dr. Fleming is not of Edinburgh, as the cable states, but is minister of St. Columba Church, London, which is connected with the Established Church of Scotland. He has always been opposed to union in Canada, chiefly on the ground that he is a strong advocate of a union of world-wide Presbyterianism. He has never been in Canada, and can scarcely appreciate the union situation in this country."

"In regard to the British Weekly, that paper has adopted a non-partisan attitude on the question of union in Canada, but the editor's views on the present controversy may be judged by an editorial entitled 'The Ethics of Controversy,' appearing in the current issue of that paper, in which some veiled but very pointed remarks are made. The editor states that a church is 'in danger of stagnation' which is left long without controversy."

COW WINS CROWN FOR FOURTH YEAR

Is Proclaimed Queen at Cow-Fighting Tournament in Rhine Valley.

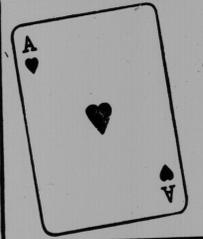

VEVEY, Switzerland, May 23.—For the fourth year in succession a small, long-necked cow named Violet was yesterday proclaimed "Queen of the Queens" at the cow-fighting tournament held at Sion, in the Rhone Valley.

Violet is from Martigny, where she holds sway over all the local "queens." The best animals that Sion could produce were collected to do battle against her.

Lasts 10 Minutes.

In ten minutes her fights were over. Deliberately picking out her opponent, Violet bore down upon her with head lowered and nostrils dilated. Horns clashed and bells clanged as the two came together with a terrific impact. Few of the rivals, however, could stand more than two seconds against Violet's hurricane charges, and after assuring herself that none was left to challenge her supremacy, she quietly

N. B. Priest Is Dead In Rome

GRAND FALLS, N. B., May 22.—Rev. Elor Martin, parish priest of St. Andre, Madawaska county, for about 20 years, has died in Rome where he was on pilgrimage accompanying His Lordship Bishop Chalmers, of Chatham, as secretary. The news of his death was received by Rev. Monsignor Dugas of St. Basil, today in a cablegram, which was the first word that had been received concerning Father Martin since he sailed from Boston on April 22 for Rome.

Saint John residents will recall Father Martin's visit here en route to Boston. He was present in the sanctuary in the Cathedral on Monday, April 27, when Bishop Chalmers and Bishop LeBlanc took part in the Benediction service before their departure for Rome.

DOCTORS CONDEMN RUBBER CORSETS

London Physician Says They Are Very Injurious and Uncleanly.

LONDON, May 23.—Rubber corsets, which many fashionable women are wearing in the hope of becoming slim, were strongly condemned by Dr. R. King Brown at a recent lecture at the Institute of Hygiene.

He described rubber corsets as "atrocious" and added that they were "very injurious" and "uncleanly."

"Rubber corsets," he said, "transgress every principle of modern clothing, interfere seriously with the functions of the skin, and last, but not least, are most uncleanly."

"It is to be hoped that the wearing of such garments is only a passing craze, and that women who have been induced to wear them will reconsider the position in the interests of their health and beauty."

The wearing of rubber corsets, Dr. King Brown said, might produce all kinds of skin disease, as well as body diseases.

"The more open the mesh of a fabric is the better—the air should go freely through all cotton and woolen garments. No greater number of undergarments should be worn than is necessary to keep the body comfortable and warm. Any extra heat should be got by suitable food and exercises."

Recently Sir Bruce Bruce-Porter, the distinguished physician, declared rubber corsets to be unhealthy and "damnable."

DEATH CLAIMS EARL OF YPRES

Former Commander of British Army Succumbs to Recent Operation

Led the British Army Safely Out of Peril at Mons to the Marne.

DEAL, Eng., May 22.—The death here today of the Earl of Ypres who as Field Marshal Sir John French was one of the most outstanding figures in the early years of the war with Germany came at a time when his reputation was somewhat belittled by the controversy surrounding his military strategy during the trying months subsequent to the opening of the war.

The Earl, who was 73 years of age, had been ill since March 19, when he underwent an operation for appendicitis in London.

The controversy concerning the Earl of Ypres has been before the British public particularly since he published his book on the war entitled "1914," which contained much outspoken and adverse criticism of his subordinates, and some French generals, which did not except Lord Kitchener. The argument has been especially bitter concerning the battle of Le Cateau and General Sir Horace Smith-Dorrien's part therein.

The Earl of Ypres, earlier known as Field Marshal Viscount French, relinquished command of the British forces in France and Flanders to Field Marshal Sir Douglas Haig in December, 1918, after 16 months' warfare with the Germans. He had been termed "the luckiest man in the British army."

MADE MASTERLY RETREAT.

Outnumbered by the enemy and short of high explosives needed to halt their advance, he had handled the British army in a masterly way in his weeks later, with nearly 1,000,000 men, he fought the historic battle of the Marne in 1914, during which he saved the British Expeditionary Force from annihilation and secured the evacuation of the British Expeditionary Force from the Scheldt estuary.

"SHELVED" IN 1893.

The Earl of Ypres was 41 years old and a half-pay Colonel on the retired list in 1893. He had been shelled to give younger officers a chance. In 1893 the British military authorities decided to revise their cavalry drill book. Sir George Lach, then inspector of cavalry, under whom French had served in India, chose him to write the new regulations. It was a success, French was made assistant-adjutant-general of cavalry and thereupon headed direct for the command of the first hundred thousand British soldiers who met the first terrific German onslaught.

CREATED VISCOUNT.

Upon his retirement as Commander-in-Chief of the British forces in France and Flanders, Field Marshal French was created a Viscount, and designated as Commander-in-Chief of the British Expeditionary Force in the United Kingdom. He served in this capacity until May 11, 1918, when he was made Lord Lieutenant of Ireland. On Dec. 19, 1919, when he was making a tour of Ireland, an attempt was made to assassinate him. His party was ambushed and fired upon but he escaped injury.

Ottawa I. O. D. E. Prepares To Greet National Convention

OTTAWA, May 22.—Further arrangements for the holding of the national I. O. D. E. annual meeting and silver anniversary during the week commencing May 31, were completed at the monthly meeting of the Municipal chapter, I. O. D. E., here yesterday.

The opening ceremony will be an interesting and memorable service on Sunday, May 31. Special members of the order are invited to this as well as to the tea and garden party at the Experimental Farm on Friday, and to the reception given by the National Chapter executive on Friday evening. The tea at the Experimental Farm, will be under the auspices of the local chapters and those in the vicinity.

The Municipal chapter will entertain the National chapter and guests at a banquet on the evening of the King's birthday. Other entertainments include the garden party at Government House, and a reception given Thursday evening by the wives of the cabinet ministers.

LONDON FINDS OLDEST STATUE

Figure Believed to Represent King Alfred Discovered at Westminster Hall.

LONDON, May 23.—Which is London's oldest statue? This distinction is claimed for a figure, believed to represent King Alfred, which has stood in Trinity square, Southwark, for nearly 100 years, and is believed to be more than 600 years old.

Recent research by Alick Abraham, given in the "Southwark Diocesan Gazette," shows that the statue was brought to light early last century in a curious way. When, in 1883, Richard II ordered the restoration of Westminster Hall after a fire, the walls were heightened, new windows were added, the famous roof was set up and the north porch, with its many niches and statues, was built.

A hundred years afterwards two taverns, bearing the remarkable names, Heaven and Hell, were erected against the north wall of the porch, hiding most of the niches and statues. The taverns were allowed to stand until about 100 years ago, when they were pulled down, and the statues were revealed.

With one exception the statues were destroyed or buried in 1925. The exception found its way to Trinity square, Southwark. The right hand is missing and the left, somewhat mutilated, is thought to have held aloft a short sword.

MARRIAGE SERVICE MADE IN GERMANY

English Writer Makes Plea For Revision of Obedience Question.

LONDON, May 23.—"Our marriage service was made in Germany," writes Florence Fenwick Miller in the current issue of the "English Review," in which she makes a plea for a revised service, to set at rest the vexed question of a wife's obedience to her husband.

"The coarseness and the assertion of the right of the more powerful to exact absolute unresisting submission from the weaker, the right divine of brute force," she writes, "came into England in Germany four centuries ago."

"The exordium of the marriage service was first placed in the Prayer-book in 1549, and for this Cranmer was almost wholly responsible."

"It is almost identical with the wording of the service book of Hermann, Archbishop of Cologne, which was prepared largely by the uncle of Cranmer's German wife, Olsander of Nuremberg."

The writer alleges that Cranmer, during his stay in Germany, came strongly under the influence of his wife's relations.

Veterans In Service

JOHN COLLINS

In the days when the Port of Saint John was known throughout the world as the leading ship centre of Canada and one of the most important in the world; when sailors from every clime and every one of the seven seas were to be seen in the city streets; when street brawl and bloody ones at that, were daily occurrences here—it was during this strenuous period in the city's history that the life of a policeman was fraught with danger. It was a time when the baton and even the revolver were being used to quell violent disturbances and preserve the King's peace so that his loyal subjects might pursue their vocations unmolested. Of that band of men who preserved law and order here there were more zealous or proficient in the discharge of his onerous duties than Policeman John Collins, and none was more feared by evildoers than the stalwart Irishman, who today, despite his advancing years, still is on the job for the Canadian National Railways at the Long Wharf.

For 28 years without a break, John Collins was an imposing figure at the depot here as station policeman, and a never-failing courtesy and kindness endeared him to hundreds of people passing in and out at the big iron gate. About five years ago, ill-health compelled him to give up these duties, and today, after 40 years service with the company, he is stationed at the Long Wharf guarding the company's interests there.

THROUGH GREAT FIRE.

Many and varied are John Collins' experiences over that long stretch of faithful service, but there is one incident that stands out clearer than others in his memory. This one happened on the night of the fire that destroyed this city in 1877.

"It was in the back business then," he says, "and had just finished a job in King street, when a woman hailed me to go to her hotel in Church street to get her belongings and drive her to the north wall of the porch, hiding most of the niches and statues. The taverns were allowed to stand until about 100 years ago, when they were pulled down, and the statues were revealed."

With one exception the statues were destroyed or buried in 1925. The exception found its way to Trinity square, Southwark. The right hand is missing and the left, somewhat mutilated, is thought to have held aloft a short sword.

PRINCESS GETS JOB IN VIENNA COURT

Widow of Ruler of Samos is Appointed Interpreter—Speaks Six Languages.

LONDON, May 23.—Princess Helene of Samos is officially announced to have been appointed interpreter to the district law courts of Vienna.

This brief announcement recalls the tragic fate of her late husband, who, though a Greek and a Christian, was much esteemed by the Sultan of Turkey. He carried out a number of diplomatic missions for Turkey, and finally, in 1907, became the ruler of the autonomous island of Samos.

He freed the peasant population and framed useful laws, but after ruling for a few years he was mortally wounded by an Athenian assassin, and the marble palace, where he and his Austrian wife lived a happy patriarchal life, was burned to the ground.

His widow, born Helene Chari, sister of Vice-Admiral Baron Arthur Chari, was left with a small pension, which latterly was insufficient to support her, and she was obliged to give language lessons. She speaks French, English, Italian, Greek, and Esperanto, as well as her native German.

COMMENCEMENT AT WESLEYAN DRY

Alumni Warned and Asked to Help Uphold The Prohibition Laws.

MIDDLETOWN, Conn., May 23.—Wesleyan has deemed the difficulties pertaining to the enforcement of the liquor laws of enough importance to be one of the principal subjects of a special notice sent to all alumni regarding the approaching installation of its new president, Dr. James Lukens McConaughy.

In the notice is a quotation from The Yale Alumni Weekly which urges returning alumni to co-operate with the college authorities in upholding liquor law enforcement.

It says unwisdom of action of alumni at commencement may serve to undo the faculty's work of a whole year with the undergraduates.

The pamphlet further reminds the alumni that disregard of the law would be most embarrassing at a time when many guests were present to take part in the installation ceremonies.

WOULD BENEFIT COUNTRY, SAYS C. P. R. OFFICIAL

Canadian Industry Would Profit by Move, Declares Walter Maughan

REFERS TO ATTITUDE OF UNITED STATES

Many Would Stay; All Would Leave Some Money, His Argument.

OTTAWA, May 23.—An open-door immigration policy could not harm and would benefit to some extent the development of Canada, was the opinion expressed by Walter Maughan, of the Canadian Pacific Railway passenger department before the ocean rates commission of the House of Commons yesterday.

The United States before the war, he said, had admitted about 1,200,000 aliens every year. He believed if Canada was less rigid in its regulations, Canadian industry would greatly benefit.

Asked if a transient population was desirable Mr. Maughan stuck to his guns. Such a population could not deprive Canada of anything, many of them would stay and all of them leave some money in the country.

Bought \$50,000 Raphael For \$15

Old Master's Picture Claimed for Losses in 1822 Disturbances.

LONDON, May 23.—Old masters stated to be worth over \$27,000 were mentioned in a compensation claim in Dublin court recently.

Mrs. Power, a lace and embroidery manufacturer, was claiming for losses in the 1822 disturbances. One of the pictures was said to be a Raphael, valued at \$60,000.

So far as she could remember, said Mrs. Power, she bought a Raphael picture of the Madonna and the Child in a Garden for two guineas or fifty shillings in a Dublin auction room.

Mrs. Power was allowed \$7,500 for furniture and stock destroyed, but the judge said that he would consider the evidence as to the value of the pictures.

Vol. 1, No. 81. SAINT JOHN, MAY 23, 1925. Fair

A Record!

Last Thursday a whole carload of Moirs 5c. Bars went forward in a single shipment to Toronto. The size of the shipment is remarkable enough by itself, but more astonishing still, it consisted solely of reserved city bars, showing how popular this bar must be.

Hitherto the name of this bar could not be mentioned because production could not begin to cope with demand. But by increasing the plant capacity a further 2,000 boxes a day, it is now fairly safe to say that the name of this new winner is Moirs \$1,000 Puzzle Bar.

Never has a bar met with such instant success, provoked such an avalanche of orders!

"For of such as these"

LOOK into the trusting eyes of your children and you will never deny that there is a heaven on earth.

The Mutual Life of Canada is an association of men like you, who have children and the mothers of children to cherish and protect.

There is no profit in it for anyone—except the policyholders themselves. All profits earned by the Mutual Life of Canada are returned to the policyholders, after all claims and administration expenses are paid.

Let us send you the Mutual Book. You'll thank us when you understand what Mutuality is.

SAINT JOHN MAN IS INVENTOR

Daniel Harrigan, of North End, Heard From in the West

Seeks Patent for Device in Lumbering, Following Injuries He Sustained.

Daniel Harrigan, who was born and brought up in the North End of Saint John, former student at St. Peter's boy's school, employe of lumber mills in Saint John and Maine and now a resident of Fresno, California, has invented and is seeking a patent for a device which he claims will take the danger out of the dumping of logs from logging cars.

"When Dan Harrigan was injured while unloading logs in an eastern state the thought struck him that there was unnecessary danger in unloading logs, and during the time he was recuperating from his accident an idea came to him. This has resulted in the logging 'bunk' and he has applied for a patent. He believes his invention will put an end to accidents in connection with the unloading of lumber cars if the device is put in general use.

SCHEME DESCRIBED.
"His invention consists of an iron bunk to be set up at each end of flat or logging cars. The bunk has two flanges, forming a channel to keep the logs from sliding while being shipped, and a stake at each end. A lever is operated to release the logs when they arrive at their destination. As the lever works from the side opposite the one on which the logs are dumped, the operator would be in no danger of injury, Harrigan says.

"The bunks at each end of the car are all that will be necessary to keep the logs in place, according to Harrigan, and the chaining of the logs will be done away with, as well as other paraphernalia and machinery which have heretofore been a part of the logging car. The bunk may also be used for hauling heavy iron pipes in all fields, he says, by changing the iron channels for wood to keep the iron from slipping.

HAS OFFERS.
"Although Harrigan first thought of a safety appliance for logging cars many years ago he did not start actual work on his invention until three months ago. He has under consideration several offers for manufacture of the bunks, but he is yet to make his decision as to the manufacturing.

"Harrigan has worked in nearly all of the logging camps in this district off and on for nearly 20 years, and also worked for eight years as a car builder. It was in the car building work that he gained his experience which made it possible for him to make a reality of his idea.

"Harrigan was also a federal officer in California for the U. S. government.

TO JOIN BROTHER.
Miss Helena Hurley, who was born in Saint John and here and there 76 years, will leave this evening for Boston with her brother, Joseph C. Hurley and Mrs. Hurley on the Governor Dingley, to reside with her brother and his wife. Miss Hurley has many friends in Saint John and will regret her decision to go to a new home. She has resided for many years at 18 St. Patrick street, where she called yesterday to bid her farewell.

THE OLD HOME CALLS.
HONOLULU, May 22.—A wealthy Scotchman, who has left Hawaii for a 7,000-mile trip to Scotland, said he was going there just to "pick a few sprigs of heather and eat a dish of haggis."

Lost and Found. See the want ad page.

Work and Cheeriness Bring Pension to Humble Worker

SCHENECTADY, N. Y., May 22.—In the pensioning of Mary Toohy, at the General Electric Company works here, after 20 years' service as cleaner in an office building, it was brought out that "being early to work and always having a good laugh ready to spring" were two of Mrs. Toohy's assets.

Mrs. Toohy swept the floors, collected towels and papers, cleaned and dusted in Building 29 of the General Electric plant; but, in addition to this, she was the "mother of the department."

Asked if Mary was always on time, through her long years of service, the superintendent of the buildings replied, "Why no, she was always ahead of time."

Building 29 was Mrs. Toohy's "home," and she took as much interest in it and those who worked there as if it had been her own home and the people in it her children. Workers always gathered around her when she started to laugh; they had to laugh with her.

BABY FATALLY HURT AS AUTO IS DITCHED
KENTVILLE, N. S., May 22.—The nine-month-old son of Mr. and Mrs. Alex Durso, of Cambridge, near here, was shot from his mother's arms and hurled against a telegraph pole early last evening when the car in which the Durso were driving near their home was ditched by a fast moving car traveling in the same direction. The child died a few minutes after the collision.

ARE YOU TORTURED WITH ECZEMA?
Eczema, or Salt Rheum, as it is commonly called, is one of the most agonizing of all skin diseases.

The intense burning, itching and smarting, especially at night or when the parts are exposed to heat are almost unbearable and relief is greatly welcomed.

The most reliable and effective remedy for this trouble is **BURDOCK BLOOD BITTERS**

Mrs. J. R. Johnson, R. R. No. 1, Oshawa, Ont., writes: "For years I was troubled with eczema, and had that terrible itching and burning sensation, and could find no relief for it, until after my second bottle I began to see a great difference, and I can now, advise anyone troubled as I was to use this wonderful remedy."

For sale at all druggists and dealers; put up only by The T. Millburn Co., Limited, Toronto, Ont.

IN SEARCH FOR THEM.
Two drunken men in a six-cylinder automobile were bad enough on a suburban road a few days ago, according to a magistrate's report, but the men indulged in cowboy tactics by shooting with a revolver at barnyard animals as they whizzed past.

An effort was made to identify the outfit and for that matter the quest is still on. The officer of the law promises all the book says if they are ever brought before him.

FUNERAL IN ROXBURY.
The funeral of Mrs. Ellen Josephine Harrigan, whose death was reported in the Times-Star yesterday, will be held on Sunday afternoon in Roxbury, Mass. Her brother, William Kierwan and her brother-in-law, Edward Cronin, left for Boston last evening's train to attend the funeral. Many friends here read with great regret of the death of Mrs. Harrigan.

JUNE BRIDE HONORED.
Miss Helen Cotter, Duke street, last night entertained at a bridge and novelty shower in honor of Miss Margaret Power, whose wedding will take place next month. Several beautiful gifts to mark the occasion were received by the prospective bride.

RAIN QUELTS FOREST FIRES.
PORT ARTHUR, Ont., May 22.—With the coming this morning of a general heavy rain, the forest fire epidemic in the district may be considered over for the present.

ONT. DRY LEADER ASSAILS NEW BEER.
Rev. Ben Spence's Attack Draws Response From Attorney General.

WINDSOR, Ont., May 22.—Rev. Ben H. Spence, well-known prohibitionist leader, editor of the Pioneer and former secretary of the Ontario branch of the Dominion Temperance Alliance, spent yesterday in this city, getting his impressions of the inauguration of the legal sale of 44 beer.

In a statement given out by Rev. Mr. Spence says: "The Pergamon National beer policy went into effect in Windsor yesterday with a bang. The results of the operation of this new beer policy are a stronger condemnation of that policy than the most severe criticism that has yet been offered. The new beer room proved to be more degrading in form than the old bar-room ever was. The uppermost feeling of the observer was that of disgust and humiliation. This Ontario of which we have been rightly proud has become a boozing place where depraved and disloyal American citizens mix in a companionship of debauchery. The influence of the new situation is wholly degrading."

SEES POLICY REPUDIATED.
"One man expressed the opinion that taking it all in all it was a good start—that is, it was a good beginning of the breakdown of prohibition in Ontario. My opinion is that the contrary is more likely to be the result. Ontario did not stand for this new beer policy and the more she sees of it the less she will like it. Putting the 'kick' into beer has put kick into good citizens in Ontario. The province has been shamed in the eyes of Canada and the world—her citizens resent it."

MR. SIMMS RETURNS.
L. W. Simms, who has been ill in Montreal, returned here this morning and went to Wolfville, where he will attend the closing of Acadia University. He is a member of the board of governors of the university. It was said this morning that Mr. Simms had recovered from the indisposition which affected him in Montreal.

LIKELY NEXT WEEK.
Concessions for the exhibition here this year have not yet been let by the Exhibition Association by G. W. Frost, assistant manager of the exhibition said this morning that many applications had been received and the committee would probably get to work next week.

ENGAGEMENT.
Mr. and Mrs. William Campbell, 81 Hilyard street, announce the engagement of their youngest daughter, Marjorie K., to George F. Craft of West Saint John, the wedding to take place in the near future.

Let The Women Tell Their Story

Every woman is interested in another woman's letters, and we shall give the women a chance to present their experience with Dr. Chase's Nerve Food by quoting from their letters.

"From my experience as a wife and mother I find that the majority of users of Dr. Chase's Nerve Food are women, especially women passing through the change of life; next by young mothers to regain strength after baby comes, and also by mothers for their young daughters entering their womanhood. While it is good for all classes of humanity, I am sure it is especially so for women, as they seem to be troubled most by nervous diseases."—Mrs. H. ALCHORN, 28 Gerald Street, Charlottetown, P.E.I.

Girlhood
Mrs. M. E. ROSSON, 170 Dublin St., Peterboro, Ont., writes: "My daughter of 15 lost appetite, color and was on the verge of nervous collapse. Five boxes of Dr. Chase's Nerve Food completely restored her health and nerves."

Motherhood, Middle Life
Mrs. A. ENNER, R.R. No. 4, Walkerton, Ont., writes: "For some time after the birth of my first child I was in a weak, nervous condition. I could not sleep well, had frequent headaches and dizziness in the ears. I also had neuralgic pains in my body, twitching of the nerves and was subject to weak spells. I had indigestion and seemed tired and languid. I began to use Dr. Chase's Nerve Food and found the results most satisfactory. I have used a great many different medicines, but never found one as good as Dr. Chase's Nerve Food. It is especially good for quieting the nerves and I feel very grateful for the good it has done me."

Critical Age
Mrs. C. NICOLO, Gormley, Ont., writes: "I can assure that I owe a prolonged term of life to Dr. Chase's medicine. Like many others, when at the critical stage of middle age, I threw aside doctors' medicine and turned to Dr. Chase's Nerve Food and Kidney-Liver Pills. For three months I continued to use this combined treatment and cannot find words to tell how much it helped me."

Womanhood
Mrs. N. C. McDONALD, RR. No. 2, Colborne, Ont., writes: "When a girl, my health became run down. I was sleepless, had nervous headaches and finally developed St. Vitus' Dance. I was completely relieved by a course of treatment with Dr. Chase's Nerve Food. I am married now, have three children and have had no return of the old trouble."

Advanced Years
Mrs. MARY ROWDON, 22 North St., St. Catharines, Ont., writes: "My husband died in February, 1928, at the age of 74 years, and after that my nerves became very bad. I started taking Dr. Chase's Nerve Food and have found it all you claim it to be. For run down constitution and tired, exhausted nerves, there is nothing like it."

Advanced Years
Mrs. MARY ROWDON, 22 North St., St. Catharines, Ont., writes: "My husband died in February, 1928, at the age of 74 years, and after that my nerves became very bad. I started taking Dr. Chase's Nerve Food and have found it all you claim it to be. For run down constitution and tired, exhausted nerves, there is nothing like it."

Dr. Chase's Nerve Food
It is woman's greatest friend at every critical stage in her life and is endorsed by women everywhere. 60 cents a box of sixty pills, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

Advanced Years

NUTRIMENT IN THE MOST USEFUL FORM
Father John's Medicine contains as one of its most important constituents the Purest Cod Liver Oil—Blended By Exclusive Process with Other Valuable Ingredients
If the nutriment which a food contains cannot be extracted by the digestive organs, then such food is of little value. Cod liver oil is rich in nutriment but in its ordinary form it is difficult for most people to digest. But in Father John's Medicine it appears in such a form that even weakened systems can digest and assimilate it. This is why Father John's Medicine is such a valuable body builder.
Dr. Harvey A. Sell, expert chemist of New York, made an analysis of Father John's Medicine and in addition to commenting on the high quality of the different ingredients, he made special mention of the cod liver oil as follows:
"The cod liver oil is broken up more completely than in any other medicine we have ever examined of this type, some of the particles being as small as 1-250,000th of an inch in diameter. This fineness facilitates absorption by the digestive organs."
It is easy to understand Dr. Sell's point too, for milk, which is an emulsion of butter-fat, can be taken by babies, whereas cream or butter could not. This is because the milk contains the butter-fat in such minute globules.
In Father John's Medicine some of the little globules of oil are only one-tenth the average size of the globules of butter-fat in milk, so it is readily seen why this preparation is so easily digested and builds up health and strength.

Perfect Table Linen
Women who delight in the exquisite refinement of perfect table linen choose Brown's Pure Irish Linen. Look for the little shamrock woven into the corner of each article.
Ask your dealer to show you this famous line.

HARD WORK IS CURE FOR ILLS

Prominent Auto Executive Says Eastern Provinces Must Help Themselves

K. T. Keller Contends That Materials for Prosperity Here in Abundance.

Given a solution to the Cape Breton coal impasse and two years of earnest and well directed effort on the part of the Maritime people, K. T. Keller, vice-president and general manager of the General Motors of Canada, Ltd., sees prosperity in store for these provinces of the east. Mr. Keller, with J. H. Beaton, sales manager of the company, was in the city last night on his way to Oshawa, Ont., after a tour of New Brunswick and Nova Scotia, part of which was covered by automobile and during which he visited most of the larger towns and cities.

SPRIT OF SUCCESS.

The "stuff" needed was here, Mr. Keller said last night. The country was among the finest in the world and the land would grow the crops that would make farming prosperous. The people were of the best stock, steady, dependable and energetic. All that was needed was a spirit of success and a little broad-minded thinking to direct activities.

He advised the people not to get too close to the picture when looking at conditions here, but to get a wider view of things. He believed that there was too much "one-crop" farming to make the returns attending good and thought that a more diversified policy could be followed to advantage.

CALLS IT BAD SIGN.

The orchards of Nova Scotia were too much devoted to the same varieties of apples, and were not keeping up with the demands of the world markets, he believed. The same was true, to a large extent, of other parts of the province. He thought that there should be more hogs and cattle raised and that the supply of these articles should be at least great enough to meet local demands. It was a bad sign, he declared, when one was met in New Brunswick restaurants and hotels with ham and bacon raised and cured in the United States or Upper Canada.

Diamonds Are Stolen

By New York Bandits
NEW YORK, May 22.—Two robbers today held up James E. Keer, representative of a Manhattan jewelry concern owned by Albert Lorch & Co. and took diamonds which Keer said were valued at \$100,000. The robbers, who held Keer up as he was riding through the Newark jewelry district in his automobile, escaped before police arrived.

Minard's Liniment for Corns and Bunions.

CARE OF FOREST WEALTH PREACHED

Forestry Association Officials Here on Anti-fire Lecture Tour.

G. Gerald Blyth, of Ottawa, general secretary of the Canadian Forestry Association, passed through the city last night on his way to Halifax. He is on an organization tour of New Brunswick and Nova Scotia in the interests of the association. The plans of the association for demonstration work this year in these provinces had been changed considerably, he said. The car which was formerly attached to railway trains and moved about the country in that way had been dismantled and a motor truck would be used in the rural sections instead.

Fire Protection.

It was planned to pay more attention this year to the rural centres, he declared, and, to carry the message

of fire protection for the forests into the farming districts in an endeavor to educate them in the need for more care. There would be one truck for New Brunswick, one for Nova Scotia and probably two each for Quebec and Ontario.

The New Brunswick outfit would be under the command of a competent lecturer, probably Dr. W. C. Kierstead, of Fredericton, Mr. Blyth said. It was hoped to reach parts of the province that the railway car could not get to.

Mr. Blyth added that he expected Babson Black, general manager and president of the association, would be in Fredericton soon.

Mr. Blyth is at the Royal Hotel.

FORMER WARDEN OF KENT COUNTY DEAD

Chris Atkinson Succumbs to Stroke.

RICHIBUCTO, N. B., May 22.—Chris Atkinson, former warden of Kent county and for several years representative of Carleton parish in Kent County Council, died at his home in Konchibouguac today in the seventieth year of his age. Mr. Atkinson had been in failing health since last year, when he was stricken with paralysis. He suffered a second stroke a short while ago and did not rally.

USHERS ENJOY BANQUET.

Twenty-four ushers of Centenary church enjoyed a banquet last evening in Room No. 1, with Harry Jayman and W. J. Wetmore presiding. The annual business meeting followed a delicious dinner, served by the Ladies' Aid of the church.

Veterans Called To Annual Convention

OTTAWA, May 22.—A call was sent out today to more than 800 branches of the Great War Veterans' Association throughout Canada to assemble for the seventh national convention of the association at Ottawa on June 24, continuing six days.

TENDERED NOVELTY SHOWER.

Miss Florence E. Titus was hostess at her residence in Elliot row last night when a novelty shower was tendered to Miss Marjorie Simonds who is to be a June bride. A large number of friends assembled and the bride-to-be received many beautiful gifts. The evening was pleasantly spent with cards and music. Dainty refreshments were served.

Think Ahead to 1935-1940-1945!

Experience has proved this fact: it pays to select your roof with an eye to the future. Buy a roof that will last—a roof that long years from now will be as good as the day it was laid. Buy a roof that "once on your building is entirely off your mind."

Barrett Giant Shingles give you that kind of roof—definitely meet every roofing requirement.

- (1) Lastingly weather-tight—they never rot or rust.
- (2) Soundly economical. They're low in first cost and economical to lay. Made and laid three at a time. Nail them right over the old roof.
- (3) Free from maintenance expense—they never need painting or staining.
- (4) They're fire-proof—a sure safeguard against flying sparks and embers.
- (5) They're beautiful—have a weather surface of slate in soft red, moss-green, or shadowy blue-black.

See the nearest Barrett dealer. Ask to see Barrett Giant Shingles and other Barrett Roofings.

Write us today!

Tell us the building or buildings you plan to roof or reroof. We will send valuable free booklets containing information that will be helpful in solving your roofing problem.

Over 500 New Studebakers Each Day-

TO MEET the insistent demand for the New Studebaker models, Studebaker's mammoth factories began, on April 1st, to produce over 500 cars per day!

But even this gigantic production has not been able to stem the tide of orders.

Orders from Canadian dealers for shipment during May were three times greater in number on May 1st, this year, than on the same date last year.

The demand for May follows on the heels of the April record—when sales showed an increase of 109 per cent over the same month last year.

The public knows that the New Studebaker models are a year in advance of current design. Knows that the greatest motor car value in Canada is the New Studebaker. Acting on this conviction, thousands of people, each month, are naming Studebaker as their choice of motor cars.

If you have not seen the 22 New Studebaker models, see them today. Learn for yourself why Studebaker has captured the favor of automobile buyers throughout the world!

The following are delivered prices for Studebaker cars in New Brunswick and P. E. I. points.

SAINT JOHN-MADE GARMENTS INVADE MIDDLE CANADA AND WEST

Union Street Industry Now Keeps 120 Employees Busy After Start With Six

Maritime Clothing Manufacturing Co. Makes Ladies' Coats and Men's Overcoats, Thousand and More Weekly—Firm Boosts Saint John And Looks For Expansion.

THIS WEEK'S Saint John industry story has to do with a subject of interest to every individual and in every home. It is the making of ladies' coats and men's overcoats. How many people know that there is a bustling place in Union street where hundreds of these articles of wear are turned out weekly, where 120 people are employed? How many realize that stylish, well-made garments of local manufacture are being worn not only in the city but are finding a ready market in Montreal and Toronto in competition with firms there? It is so, however, and the Maritime Clothing Manufacturing Co., at 196 Union street, is sending the name of Saint John abroad as a manufacturing centre.

Employ 120

Some 120 people are employed by this progressive firm and they are turning out ladies' coats at the rate of 600 to 700 a week and in a short time expect to bring their weekly output of men's coats up to the 400 mark. This is the heart of the industry kept busy humming in the hive of the Union street factory of the Maritime Clothing Manufacturing Company. Although the factory has made great strides in its output progress, Nathan King, manager, says that the comparison between its present and expected output may be likened to the minnow and the whale.

STARTED WITH SIX

In 1917 two brothers, Max and Nathan King, the former now traveling representative and partner of the firm, with his brother as manager and other partner, established a small factory at 196 Union street and their payroll had six employees listed upon it. Their efforts met with considerable success from the start and with the continually increasing demands for their products, the plant has been enlarged until, as at the present time, it employs 120 men and women and occupies the whole of the two large and roomy floors of the Union street building. Starting with but a half dozen or so sewing machines, this number has been increased until now it has reached the 60 mark.

Fifty skilled workmen, men and women, operate these machines which are run entirely by electricity. Our grandmothers who were accustomed to the sewing machines that refused to perform their duty unless under quite severe foot pressure would receive a surprise if they could visit the plant of this modern manufacturing firm and see an operator place a foot on the lever and, with very little pressure, keep the needle humming until the foot was removed.

Cutting Machine

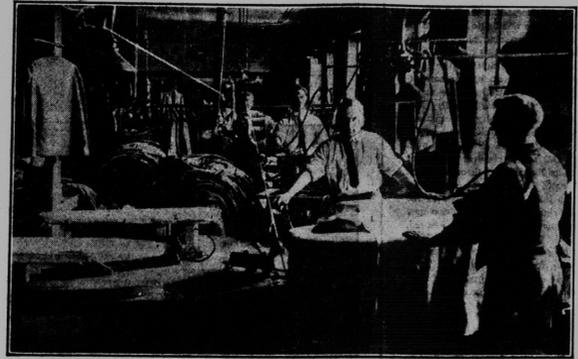

As the electric sewing machine is a great time and labor saver, so is the electric cutting machine, which rests upon a cutting table, 26 feet in length, in the cutting room. This machine is capable of cutting 120 ladies' coats at one time and goes through the cloth as a sharply-honed razor would go through cheese.

What a change from the old-fashioned hand shears which, even in the hands of an expert cutter, could manage to cut but two or three coats in the time that it takes the electric cutter to do 120. While improved machines are the topic, the buttonhole machine also merits mention. This also shows how time brings improvement. By use of it a buttonhole may be made in one-half minute, where formerly by hand it would take 15 or 20 minutes.

Keeping Record

The manner in which the Maritime Clothing Manufacturing Company keeps an eye on the amount of work they employ has a number and, in the office, at the end of each day a look is taken at the work of the "numbers" and the amount of work done recorded in the corresponding books. Thus the man-

Pictures Show Busy Scenes in Saint John Industrial Hive

Here is the pressing department of the Maritime Clothing Manufacturing Co. In the foreground is the heavy, flat pressing machine. The heavy irons are also to be seen. The sunniness of the room. This condition prevails in all departments of the factory and makes working conditions agreeable.

This is a picture of the sewing room of the Maritime Clothing Manufacturing Company. The electric sewing machines are seen in action. In the upper left hand corner are finished coats, ready for removal to the stock room. Notice the space between the operators, giving all workers plenty of room.

agement is able to tell at a glance what progress their employes have made in the course of their daily work.

The pressing room, in connection with the sewing room, contains four heavy pressing machines, which not only press the cloth but remove any particles of dust that may have become adhered to the unmade goods after the cloths have left the factory and before they are cut and patterned into coats.

These machines demand skilled employes. Huge irons are also used for pressing that part of the coat which the flat presses are unable to reach. The machine is of interesting construction. The bases and other parts of the framework are made of iron. When the cloth is to be pressed it is placed between two flat lengths bound in such a way as to contain moisture. This latter feature but takes the place of the damp cloth used in ordinary household pressing. Outside of the actual pressing and removal of dust particles in the cloth, this machine also imparts a sort of "tone" that insures longer life to the finished article.

The cloths used in this plant are imported from English and Canadian mills. By having the cloths cut in such big lots and making a reasonable turnover, Mr. King said the company is able to keep pace with Upper Canadian competitors. He asserts that the products of the firm are perhaps better known in Montreal and Toronto even than they are in Saint John. The shelves in the plant are laden with hundreds of coats made or in the making.

The Times-Star reporter was shown several finished sample coats made for this coming fall and was impressed by their stylish and durable appearance. Coats of all colors and styles, plain and trimmed, are all ready to be shown for fall.

FURS

The fur department, in which are made the fur collars, cuffs and various trimmings for the ladies' coats, is in charge of Patrick McCann, practical furrier of many years' experience. The furs are purchased in their raw state and are sent out to the plant, where they are returned to be dressed. They are

fashioned by Mr. McCann and are then seen and stitched by a young lady experienced in this particular branch of sewing. Electric sewing machines are also used in this department of the business.

Men's Overcoats

The other article produced by the factory is the overcoat for men. This branch was established two months ago in what was formerly the A. G. Hall in the Union street building on the third floor. In this department, as well as in the cutting room, is a 26-foot cutting table with electric cutter. Twenty-five people are employed on this floor and while the output of men's overcoats amounts at the present time to between 200 and 400 weekly, Mr. King said that within a very short time he will endeavor to have the output increased and to augment the present number of 25 employees in this department to 50 or 75.

At the present-time output the factory, he said, is sold up for the next three months. Particularly in Western Canada are the salesmen's efforts on behalf of this product of the firm meeting with splendid results.

SKILLED LEADERS

Naturally these various departments, especially the cutting room, demand skilled hands. J. Aronovitch, who designs all the ladies' coats, has been with the firm for years. Twice a year he journeys to New York for the purpose of getting ideas of the latest creations and throughout the year the firm receives sketches of the new models as soon as they are designed. Thus the firm is able to keep in company with Dame Fashion.

Boost Saint John

Messrs. King are boosters for Saint John and Maritime Province business. Nathan King says that he is eager to enlarge his already humming business as quickly as possible to do his share in relieving unemployment. Practically the entire staff of employes are Saint John men and women. Max King, manager of the firm, says that he is a strong believer in the city of Saint John and advocates employing Saint John people for Saint John production.

The King brothers were formerly in business in Amherst, N. S., making pants. The Amherst plant was established a year or so after the Saint John factory and from the start the product met with success. For a time the Amherst branch was used solely for "make-

up" purposes, the cloth being cut and kept in Saint John and shipped to Amherst as the demand warranted. The finished product was then brought to Saint John for distribution. As the Amherst-made trousers being sold in all parts of Canada. Before the King brothers sold out to a group of Amherst business men, they were putting out 2,000 pairs of trousers weekly.

"When the King brothers were in charge of their Amherst plant, they supplied the majority of the town's demand with their product and employed Amherst help. English and Canadian cloths were used. The Messrs. King have no interest in the Amherst plant now, however.

"The Maritime Province," said Nathan King, "are as good a place as any other in the Dominion to do business in and just as it was and still a strong believer in Amherst, so I am in Saint John. May our business continue to increase and may Saint John continue to prosper."

MYSTERY SHROUDS CRAIG'S PRESENCE

In London on Official Business, Ulster Premier Arouses Speculation.

LONDON, May 22.—Secrecy surrounds the visit here of Sir James Craig, premier of Northern Ireland on what is described as an urgent official business. His presence is arousing much speculation as to what the Ulster Boundary Commission will bring down in its findings. In some quarters it is stated unequivocally that the verdict is more favorable to the Free State than to Ulster, although it would be surprising if any peculiar favor was shown to Ulster's detriment.

WALKED THE FLOOR FOR HOURS NERVES WERE SO BAD

PREDICTS MACKMEN WILL COP PENNANT IN AMERICAN LEAGUE

VETERAN COACH SAYS THEY ARE OUT IN FRONT TO STAY

Considers Cochrane Best Catcher in Baseball, And Harris, Rommell and Gray The Greatest Trio of Pitchers

NEW YORK, May 22.—"Connie Mack has organized a team of Philadelphia Athletics as strong potentially as the champions he disbanded in 1914 because they were too good, and he'll win the American League pennant sure," a veteran American League coach said here today.

"I'm not working for the Athletics and I might get a call from the boss if he heard I was going around applauding for them, but this time it is certainly no state secret that the Athletics are not a flash and that they are up there to stay," he said.

"Mack has everything that a champion team needs, young hustling players well schooled, fine pitching and a winning spirit. In Cochrane the former college star he has the best catcher in baseball. He is the one new player who has really made the team. He has put a dash and fire into their play that thrills an old timer. I don't believe I have seen a better prospect. He's a killing hitter, a deadly thrower and the fastest man on the bases in the league."

A Great Trio
Harris, Rommell and Gray are the best working trio of pitchers in the league and they'll have another one in Lefty Grove, who has had a hard time getting started. Connie Mack found he was too nervous to start a game and he's getting him cooled off by working him up at the bat.

"I can't see the Yanks at all. The White Sox can't keep up their pace. The Tigers are shot with a sore arm weakness and the Senators haven't the real class to go over the entire route with the throttle open."

Concede Giants Pennant
"From what I have seen of the National League teams and our paths have crossed several times, the Giants are a cinch for the pennant. With better pitching than they have had in years, the club doesn't lack a cinch. That trade to Chicago looks like it might develop into a combination as good as Wright, Maranville and Grimm, but I doubt it."

Reds Look Promising
"The Reds look like a promising team when the club gets into first class condition but Rube Bressler is not a real first baseman, and the same may have won a championship with a weakness at the front door."

Vance Has Sore Arm
Dancy Vance will have to pitch as well as he did last year to put the Brooklyn Robins in the position of a great contender. He has had a sore arm all year but it looks now as if he is working around into shape. The Cubs showed some good early season form but Alexander can't win the pennant alone."

SOFT BALL LEAGUE

St. Jude's Church Team Defeats Church of the Assumption Nine in Opener

The opening of the soft ball outdoor season in West Saint John took place last evening when a team from St. Jude's church defeated the Church of the Assumption team by a considerable margin. The game was somewhat in the nature of an experiment and was much enjoyed by those taking part in it. The weather was a bit cold for spectators and, consequently, they were not numerous.

BABE RUTH BETTER

Home Run King is Expected to Leave Hospital in a Couple of Days

NEW YORK, May 23.—That crackling sound heard on the boxes of the Harlem yesterday morning was Babe Ruth, the convalescent slugger, knocking practice home runs again around the Yankee Stadium. His chauffeur, who did the pitching, could not get Babe at all. The synthetic home runs did not help the staggering Yanks out West, but they did help revive Babe's belief in his batting eye. With each crack of the bat the ball soared to distant points, three or four landing in the remote bleacher seats.

"HAIR-GROOM"

Keeps Hair Combed, Glossy Well-Groomed all Day

"Hair-Groom" is a dignified combing cream which costs only a few cents a jar at any drug-store. Millions use it because it gives that natural gloss and well-groomed effect to the hair—that final touch to good dress both in business and on social occasions. Even stubborn, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is greasy; also helps grow thick, heavy, lustrous hair.

Professional Teams Are All Set For Opening of Season

Along The Sport Trail

By RAY HANSEN

IT IS CERTAINLY gratifying to see the interest which is being manifested by citizens in general in the efforts of local harness racing magnates to have a half mile track constructed on the Exhibition grounds. As has previously been announced there will be no more racing at Moosepath Park after this season and the horsemen must go elsewhere to secure a site. If they are unsuccessful then this popular summer pastime will be erased from the sport calendar and will be relegated to the list of "has-beens." This would be regrettable for harness racing, when conducted properly, is a fascinating pastime. For many years the sport was allowed to drift into the discard locally, but during the past three years has been gaining in popularity by leaps and bounds. The construction of a track on the exhibition grounds is feasible and would not only mean keeping the game alive, but would be a stellar attraction for the annual fall show. Harness meets are big features at every exhibition held in leading centres throughout the Maritime Provinces and Maine as well as in many New England cities and Saint John would do well to fall in line. Every enthusiast in the city should make a point of placing their signatures on the petition now in circulation. If the citizens will unite a new track is already assured.

IT MUST CERTAINLY be pleasing to Connie Mack to see his team out in front and fighting for the pennant. It will recall visions of his great team of 1914. He has worked hard to organize a championship contender and fans all over America will wish him luck.

LOCAL FANS will be interested in Vincent Shields' work with Quincy in the Three I League. According to accounts of games published in the St. Louis Sporting News, the former St. Stephen star hurler is being used for relief work. In a list of games published Shields was twice inserted to relieve other pitchers. On the first occasion he stayed in two innings. On another occasion he relieved a team-mate and worked for the greater part of the game. He was at bat twice and had one hit, one out and one assist. He struck out four batters, but also issued four free tickets to first and allowed five hits in six innings. His team is at present occupying the cellar position.

THE INVASION of foreign boxers to the United States appears to have died out. It is only a year or two ago that promising boxers kept arriving seeking international honors in practically every division from flyweight to the heavies, but it now appears to have completely collapsed.

MICKEY WALKER, welterweight champion of the world, will have a chance to win another crown when he clashes with Harry Greb, middleweight champion, at the Polo Grounds, New York, on May 29. In meeting Greb he will not have to give away much weight as he is able to get into good fighting trim at 135 pounds. Since Walker made such a good showing against Mike McTigue, light heavyweight champion last winter in Newark, many close followers of fistiana are confident that he can take Greb's measure. It should be a great fight for both as willing mixers and Walker is an exceptionally hard hitter. Greb is a physical marvel, but lacks a good punch. His tactics are sometimes questionable, but Walker has a style similar to give and take at any kind of game. Walker has a style similar to Jack Dempsey and is a heavy body puncher. It will be recalled that Jack Britton, the former welterweight champion, said that Walker hurt him more than any other man he had ever met when he was winning the championship from him. Greb adheres to no training rules and will meet anyone at any time. He has an abundance of confidence, but sooner or later he will take the count.

BASE BALL FAILS IN TRIAL

Paavo Nurmi Slows up in Last Lap of Big Race in Boston Will Try Again

CAMBRIDGE, Mass., May 22.—Paavo Nurmi, Finland's great distance star, running a "good mile" as he has promised to do, failed tonight to lower either the world's or the American one-mile record, although it was understood that he would try for a new mark on the fast Harvard stadium track.

Nurmi's time for the mile was 4:15.13 seconds, 4-45 seconds slower than his own world record and 2-5 seconds slower than Norman Taber's American record.

Horse races at Moosepath, May 25 Admission 35 cents. Grand stand free. Three classes—free-for-all, named race and 2-30 class. Races start 2:30 sharp. Daylight time. 18089-5-25

THE rule relative to an illegally batted ball is not often interpreted literally. If it was there would be much to a ball game except the umpire calling the batter out for leaving the lines of his position.

The rule says an illegally batted ball is a ball batted by the batsman when either or both of his feet are upon the ground outside the lines of his position. This rule was made to prevent batters from purposely stepping out of the box in order to make it easier to hit a curve or spitball. The idea being to hit the ball just before it took its last deceptive break.

It is a baseball truth that nine out of 10 batters as they step into the batter's box, have one foot outside the batter's box when they connect with the ball. It may not be upon the ground when the contact is made but at the finish through of the swing it is there.

Umpires ignore this because the batsman is in no way cheating, merely following through on his swing. However, when both feet are out of the box it is a different matter, the batsman being called out.

TEN ROUND DRAW

Phil Rosenberg and Harold Smith Divide Honors in Chicago Bout

CHICAGO, May 23.—Phil Rosenberg, of New York, world's bantamweight boxing champion, and Harold Smith, of Chicago, last night engaged in a ten round draw in a show opening the outdoor boxing season at East Chicago, Ind., according to a majority of the newspaper men at the ringside.

WATERBURY, Conn., May 22.—Louis (Kid) Kaplan, of Meriden, world's featherweight champion, knocked out Steve (Kid) Sullivan, of Brooklyn, N. Y., in the fifth round of their scheduled ten round bout here tonight.

When Sande and Flying Ebony Triumphed

Under the skillful handling of Earl Sande, Jockey, who recently left a hospital cot, Flying Ebony raced to victory in the Kentucky Derby. It shows the first time in the history of the great racing classic that a field horse finished first. In the top picture Sande is shown near the rail leaving Flying Ebony out for the home stretch. Below, Sande is shown leading for the wire.

WESTERN TEAMS TURN TABLES ON EASTERN CLUBS

NEW YORK, May 23.—Braced by their complete reversal of yesterday in which they turned the tables on the eastern clubs, by sweeping every game, western teams of the National League today prepared for their final stand of the disastrous Atlantic seaboard invasion.

HOOPER WINS RACE

Defeats Crack Oarsmen and Will Race Boreford for Gold Cup

PHILADELPHIA, May 22.—Walter Hoover today won the right to challenge Jack Boreford, of England, for the Philadelphia Gold Challenge Cup. In a trial race over a mile and a quarter course, on the Schuylkill River, Hoover defeated John Blessing, jr., Paul Costello and W. E. Garrett Gilmore, all of this city.

WHISKEY AND ALK TAKEN IN NEW YORK RAID

NEW YORK, May 22.—Ale and whiskey valued at more than \$100,000 were seized by customs agents this afternoon on the steamship Boston, of the Eastern Steamship Company's line, and the freighter Winters.

Customs officials said it was the big seizure ever made from coastwise vessels.

PLAYERS HAVE WORKED HARD TO GET READY

Winners To Get 60 Per Cent of the Net Receipts

After many hard practices, which resulted in sore and torn muscles, the two local professional teams will stage their grand opening on the East End diamond on Monday afternoon. The Saints will line-up with the majority of players which comprised the old St. Peter's championship team, while the Alerts will include many of the former Vets' nine.

The diamond is said to be in better condition than ever before and if the weather is favorable a fast and snappy brand of ball is anticipated. The teams will not only fight for a magnificent trophy, but the winner of each game will receive 60 per cent of the net receipts and the losers 40 per cent. The extra amount of money to be won or lost will, it is expected, result in making the members of the teams put forth every effort to win and fight hard until the last man is retired.

Line-up of Teams
The game will be called at 3 o'clock sharp by Umpires McCormick and Cooper. Managers Dever and Mullet have announced that their line-up for the opening contest would be as follows:

Position	Saints	Alerts
Catcher	Gosnell	
Pitchers	Davis, Johnson, King, Parlee and O'Toole	Lawlor
First Base		MacGowan
Second Base		Lowney
Third Base		Stewart
Shortstop		Gibbons
Left Field		Garnett
Centre Field		Bonnell
Right Field		Castello

EARL COMBS IS LEADING BATTER

Has Mark of 415 and is Closely Followed by Team-mate

Ken Williams and Bob Meusel Are in a Deadlock for Home Runs.

CHICAGO, May 23.—Earl Combs of the skidding New York Yankees, is the new batting leader of the American League...

Leads Base Stealers Jameson, of Cleveland, by scoring 29 runs, is the best run getter...

Other leading hitters, in fifteen or more games: Simmons, Philadelphia, 28; Burns, Cleveland, 27; Yastch, Boston, 26; Goslin, Washington, 26; Hellmann, Detroit, 25; Wingo, Detroit, 24; Sheehy, Chicago, 24; Boone, Boston, 24.

Hartnett, of the Cubs, increased his home run record to eleven by smashing out two more, while George Burns, of the Phillies, has secured the lead as a run getter with 29 tallies.

Earl Adams of the Cubs, is out in front of the base stealers with seven.

HOPPE LEADING IN BILLIARD MATCH

Has Margin of 123 Points Over Cannefax World's Three Cushion Champion.

NEW YORK, May 23.—Willie Hoppe was in his finest three-cushion form last night when he met Bob Cannefax in the continuation of their three-cushion match at the Strand Academy.

The form displayed by Hoppe in the block last night was brilliant, though he fell one short of equalling his high-run mark of the afternoon session.

TO BUILD BRIDGE. ANNAPOLIS, Md., May 22.—The Fort Anne Park Commission at a meeting on Monday discussed plans for a new bridge over the most into the fort square and decided on a stone-arch structure of similar style to the old sally-port of the fort.

Smugglers' Records Are Found in Boston

BOSTON, May 22.—Federal officers who raided an office in Haymarket square today said they believed they had uncovered the biggest rum-running organization found in this city since the Volstead act went into operation.

Records seized, they said, revealed that three steamers together with schooners and a fleet of 35-knot speed boats were used and that wholesale bootleggers and persons of prominence throughout the country were customers. Unfurnished rooms to let. See the want ad page.

BUSHBY TO RUN IN SKEENA.

PRINCE RUPERT, B. C., May 22.—George Bushby, head of the Prince Rupert Marine Products Company, was chosen last night by the Conservative nominating convention here to contest the Skeena riding in the next federal election.
