

### COAL MINERS MUST SETTLE OR ARBITRATE

#### Drastic Turn in Affairs Taken by Action of Lloyd George

#### NO LONGER CAN ALL TRADE BE TIED UP

#### Friday Likely to Decide if Compulsory Settlement Will be Necessary.

London, May 30.—The coal strike situation has taken a dramatic turn over the week-end. The miners and owners have been given to understand that the government has said its last word to them—namely that they must either agree or submit their dispute to compulsory arbitration.

The proposals of the government, as shown according to a report of the proceedings at the last government conference, include both temporary and permanent settlement of the dispute.

#### The Proposal

The government's proposal is that during a temporary period wages will be scaled down gradually to an economic level by the aid of the government's grant of £10,000,000 and the owners' profits will be used to assist in breaking the fall. The permanent settlement is to be by one of three forms of arbitration, viz. a national wages board, or tribunal of three or a single arbitrator. The terms of reference are all ready and exclude the raising of the question of a pool of wages.

The government's proposals will now go before the district meetings of the miners' union for discussion and the men's notes will be considered by the executive on Friday. The owners meet on Wednesday.

### BLACK WATCH IN U. SILESIA

#### Killed Soldiers Given Great Reception as They Parade to Barracks

Oppeln, Silesia, May 30.—The first battalion of the Black Watch arrived here today and was welcomed by hundreds of children who threw flowers at the British soldiers. They broke into the marching squads trying to hold the soldiers' hands and about gleefully as the bandpipes screeched the music of the march.

The residents of the place lined the sidewalks smilingly and the men doffed their hats as the killed troops passed. The Scotsmen were pleased at the reception and patted the children's heads and exchanged greetings with the crowd.

#### Germans at Salute.

The German policemen stood at rigid salute until the whole column went by and then went laughing about their duties. The Italians appear eager to co-operate with the British in driving out the insurgents; they have heard that this was the plan. The Black Watch will be quartered here until the remainder of the British forces arrive. It is said they will then be ready to take the field within a week.

### Farmers Object To Grain Prices

#### Opposed to Entire Control of a Grain Board by Federal Powers.

Wayburn, Sask., May 30.—The Royal Grain Commission dealt with several well-to-do farmers at today's sitting here, and many advocates of the 1919-20 Canadian wheat board with modifications appeared before the commission. Daniel Sinclair, a prosperous local farmer, was opposed to entire control of a grain board by federal authority.

Oliver Peacock, farmer, did not favor cleaning grain in a new country, but where land had been worked ten or fifteen years it was better to clean grain before shipping. Mr. Peacock told of a case last November when he sold flax at \$1.29 which later brought \$1.98.

### PREACHER HAD PREPARED FOR A TIME OF FAMINE

Santa Ana, Calif., May 30.—The discovery of two tons of food, securely sealed and buried deep in a canyon near here, caused an investigation by Sheriff C. E. Jackson today.

He said he found the cache had been buried by a local preacher and two members of his congregation, who explained that they had acted on a Biblical passage which they believed foretold a time of famine. The sheriff declined to give their names.

#### Forty Hurt at Memorial Day Celebration When Wharf Gives Way Suddenly

Ashland, Wis., May 30.—More than two score persons received minor injuries and several hundred others had narrow escapes when the Commercial Dock, on which Memorial Day exercises were in progress today, gave way, toppling the crowd into Chequamegon Bay. It was believed all were saved.

### GARFIELD BACK IN DEATH CELL AFTER ESCAPE

#### Laughs at Things That Occurred in His Sensational Flight

#### RIGID RULES TO GOVERN VISITS

#### Rev. Mr. Gaetz Not Allowed to Enter the Cell Any More.

Georgetown, May 31.—Norman Garfield, escaped murderer, who was recaptured at Stewarton, treats the whole episode as a huge joke.

"If I had had a gun they would never have taken me," he said. "I don't know what ever possessed me to lay down on the seat at Stewarton station and go to sleep without a gun. They took me by surprise."

"When I was going out the jail door at Woodstock I felt something click at my coat tail. I thought it was the person," Garfield said, and then he laughed.

During the course of his talking he said nothing regarding his escape from the cell other than that he was overpowered by the guard. He took him unaware.

Started on Flat Tire. "When I took that Ford car at Woodstock I started out with a flat tire. That was my first handicap, but I kept right on going through the main streets of Brantford and Paris.

"When I got to that place south of Dundas the car gave out and then I got a '600 40' million on a train. I broke into a little house beside the track and was getting a 'jigger' out so that I could get away faster," Garfield continued. The thing would not work as he wanted it to, and he abandoned it. He then got a ride to Milton.

When the fugitive got to Milton he broke into garages in an effort to secure another car.

"Every garage I got into I found the cars locked up tight. I was handcuffed there again. I came to a church and saw four cars in front of it. I tried them and they were all locked."

"There was a band concert in progress, and after securing a hat and some cigarettes I went and listened to the concert for a while and mingled with the people."

"I felt kind of tired then, and went into a secluded spot and had a sleep, and then came on to Stewarton. When I got there I felt tired again, and laid down on the seat. When they came to me I made to get away, and if I had had a gun it might have been an other story."

#### Preacher is Restricted.

One of the latest developments in the case of Norman Garfield, is that he will be hanged in the jail yard instead of inside the jail, as at first intended.

Rev. Mr. Gaetz, the Methodist minister who has been Garfield's spiritual adviser since through whose visit last Wednesday the opportunity opened for the prisoner's escape, visited the condemned man Saturday afternoon.

The minister resented this, and before leaving the jail he asked the sheriff to permit him to visit the prisoner without a guard being present. The sheriff refused. He told the minister that anything that was to be said to Garfield must be said in the presence of a guard.

The visits of the family have been limited to an hour and the minister's visits to half an hour.

#### SEVEN YOUTHS ARRESTED.

Sydney, N. S., May 30.—Seven young men ranging in age from fifteen to twenty, were arrested by the city police tonight, charged with a serious offence against a girl of seventeen here Sunday night. They were subsequently released on bail and will be given preliminary hearing in the city court tomorrow morning.

### GRAND TRUNK TO GET LOAN OF \$89,000,000

#### Vote Starts Lively Scrap When Brought Before the House.

#### CANNON ATTACKS SIR JOSEPH FLAVELLE

#### Part Required to Pay Debts Due and Remainder for Bills Maturing.

Ottawa, Ont., May 30.—A loan of \$89,000,000 to the Grand Trunk aroused keen criticism in the house tonight. At the time, the house was in session on the railway estimates. Lucien Cannon of Dorchester seized the opportunity to attack Sir Joseph Flavelle, appointed chairman of the Grand Trunk Railway temporary board of management. Sir Joseph, declared Mr. Cannon, bore the most hated name of any man in Canada.

He was the greatest war profiteer in the Dominion, and had earned a most unenviable reputation during the great struggle while acquiring millions. The people of Canada expected the government to see that the huge sums voted for the Grand Trunk were not placed in the hands of a man like Sir Joseph Flavelle, unjustified.

Mr. Cannon's attack called forth a warm defense from Hon. J. D. Reid, minister of railways, who was piloting the estimates. There was not a man in Canada who had a better reputation than Sir Joseph Flavelle, he retorted.

#### Best Hated Man.

He was the greatest war profiteer in the Dominion, and had earned a most unenviable reputation during the great struggle while acquiring millions. The people of Canada expected the government to see that the huge sums voted for the Grand Trunk were not placed in the hands of a man like Sir Joseph Flavelle, unjustified.

Mr. Cannon's attack called forth a warm defense from Hon. J. D. Reid, minister of railways, who was piloting the estimates. There was not a man in Canada who had a better reputation than Sir Joseph Flavelle, he retorted.

#### Needs Sir Joseph.

It would further be in the best interests of Canada if the government could secure Sir Joseph as chairman of the Canadian National Railway board. The attack made by Mr. Cannon was entirely unjustified.

The minister made an extended statement to the committee in explanation of the item under discussion part of the total amount had been used to pay accounts due or overdue when the government took over operation of the road.

#### Some of the Details.

These amounts, totalling over \$89,000,000, would be consigned by the arbitrator to making their way, in addition to the fifty millions, there was due, or would fall due, during the coming year, for rentals, interest, operating deficit, capital expenditures, etc., some \$49,000,000. There was due \$22,000,000 under G. T. R. guarantees, while the Grand Trunk had resources available of \$32,000,000, leaving the net sum of \$89,000,000, the amount of the vote.

#### Wanted it Reduced

F. S. Cahill (Pontiac), moved that the item consisting of \$89,000,000 for the Grand Trunk and \$26,000,000 for the Grand Trunk Pacific be reduced by \$22,000,000. This amendment was defeated.

A. B. Copp (Westmorland), then drew the attention of the minister to the fact that it was one o'clock in the morning and suggested that the minister be allowed to stand for the present.

The minister objected that no progress had been made. Finally, however, he agreed to the suggestion.

#### Big Delegation

The delegation includes representatives of the three provincial governments, the Maritime Board of Trade, the Commercial Club of Board of Trade, Halifax City Council, Commercial Club and Board of Trade, Moncton Board of Trade, New Brunswick Retail Merchants' Association, Sydney, North Sydney and Sydney Mine's Boards of Trade and town council, and Trades and Labor Council and Board of Trade and town council.

#### Nova Scotia's Men

Nova Scotia is represented by Hon. R. E. Finn, member of the Government without portfolio, Prince Edward Island by Premier Bell and New Brunswick by Ivan Rand of Moncton. The present protest is the outcome of a conference held in Moncton on April 29 at which representatives from all parts of the three provinces were present and at which the following resolution moved by H. J. Logan, President of the Maritime Board of Trade, and seconded by A. E. Triggs of Salisbury was unanimously adopted: "That the old intercolony be operated directly under the control of the Department of Railways and that the freight and passenger rates be in accordance with the terms and promises under which New Brunswick and Nova Scotia entered Confederation."

Among the men in the delegation are H. J. Logan, Mayor Fitzgerald of North Sydney and Dr. McLean, Mayor of Sydney. Tuesday night there will be a conference with the Maritime representatives in Parliament and Wednesday morning the meeting with the Cabinet will take place.

### British Say Trials By Germans Fair

#### Solicitor General Declares British Witnesses Treated Properly in War.

London, May 30.—Sir Ernest Pollock, the solicitor general, has returned to London from Leipzig, where he attended the opening trials of the German "war criminals." He was impressed, he said, with the authority of the court, which was equivalent to the British jury system. The president was a man of striking character and impartiality.

#### Examine All Fairly.

The British witnesses were examined with complete fairness and their testimony was well interpreted, according to the solicitor general, who declared he was satisfied that the court might be regarded with the fullest confidence. A British police inspector who attended the trial of Sergeant Hayne, thought his sentence of ten months was fair.

#### Maritime Delegations En Route to Urge Keeping of Confederation Pact.

### MARITIME LEADERS IN THE DELEGATION

#### First Time Atlantic Coast Provinces Ever Made United Stand for Rights.

Special to The Standard. Confederation, N. B., May 31.—"Confederation promises must be kept"; this is the slogan adopted by the large Maritime delegations of Maritime men who are proceeding to Ottawa to lay before the Dominion Government the plea for just and equitable treatment in the matter of railway rates and to urge that the promises held out to these provinces at the time of the Union be made good by the successors of the "Fathers of Confederation."

This delegation is making history just as that which came from "Canada" to confer with the Maritime provinces in connection with Union did, inasmuch as this is the first time that three provinces have banded together to fight for their rights. Delegations a plenty have packed their grips and gone to Ottawa but they have always gone on local matters and the powers that be have chosen to ignore these provinces by the sea.

The delegation includes representatives of the three provincial governments, the Maritime Board of Trade, the Commercial Club of Board of Trade, Halifax City Council, Commercial Club and Board of Trade, Moncton Board of Trade, New Brunswick Retail Merchants' Association, Sydney, North Sydney and Sydney Mine's Boards of Trade and town council, and Trades and Labor Council and Board of Trade and town council.

### ESPERANTO IS LOST; CREW IS THOUGHT SAFE

#### Racing Schooner That Captured North Atlantic Championship Goes Down.

#### NO WORD YET OF FATE OF THE CREW

#### Name Found on Dorries by Elsie Second That Came to Rescue.

Halifax, N. S., May 30.—The American schooner Esperanto, Captain Tom Benham, founded today one and a half miles south of Cape Sable Island, according to a wireless message received here tonight by the department of marine and fisheries. The radio said that the schooner Elsie Second, Captain Geel, stood by the Esperanto. The message was as follows: "American schooner Esperanto, Captain Tom Benham, founded Cape Sable Island, Captain Geel, schooner Elsie Second, stood by. Esperanto sunk to cross-trees. We turned over her dorries and found name. Captain Geel left before we reached her."

#### Seeking the Crew.

The department of marine and fisheries here is inquiring by wireless if Cape Sable Island knows whether Captain Geel took off the crew of the Esperanto.

The Esperanto is presumably the Gloucester schooner which last year won the international fishing schooner races and captured the championship of the North Atlantic. She is a Gorton-Pew fisheries boat.

#### Full Load of Fish

Gloucester, Mass., May 30.—Gloucester mariners were stunned tonight when they learned that the schooner Esperanto of this port, which won the international fishing vessel race of Halifax last fall, had foundered near Cape Sable. Captain Benham had previously sent word to the owners, the Gorton, Pew Vessels Company that he had a full fare of fish and was about ready to start home after eight weeks on the banks.

Replying to a question as to whether the government would adopt the suggestion of colonial autonomy for North and South Ireland and have the proportionment of the national debt submitted to arbitration, Premier Lloyd George said that even if parliament approved such proceeding "I have reason to believe it would not be accepted by the men responsible for the violence in Ireland, but on the other hand would be resented by them as weakness on the part of the British government, and an encouragement to further violence."

The Prime Minister said there could be no question of making good out of the British exchequer the damage to the Dublin customs house caused by the recent incendiary descent upon that building.

### DRAYTON TABLES LATE ESTIMATE

#### Finals Demand Additional \$23,959,842 to Meet Bills to Meet Bills of the Nation.

Ottawa, May 30.—Supplementary estimates tabled in the House this evening by Sir Henry Drayton, minister of finance, total \$23,959,842. Of the amount \$12,900,000 is provided for loans to provincial governments to encourage the erection of dwelling houses (in substitution for an item in the main estimates of \$10,466,000 which is dropped), leaving less than \$12,000,000 for all other purposes, current, capital and demobilization.

The main supplementary last year totalled \$62,000,000 and the year before \$36,700,000.

The sum of \$355,000 is included for agriculture, of which \$300,000 is additional amount required under head of "health of animals."

#### For Labor Department.

There is a vote of \$100,000 under labor department for unemployment relief, and for the same purpose under soldier's re-establishment an amount of \$600,000 to provide further assistance to pensioners and vocationally trained disabled men, either married or single with dependents, who received assistance as such prior to March 31 last under the regulations then in effect. Under re-establishment there is \$623,000, to make good expenditures arising from recommendations just made by the committee on pensions, insurance and re-establishment, making \$23,900,000 in all.

### NEW YORK VETERANS PARADE

New York, May 30.—Tens of thousands of veterans of the Civil, Spanish and World Wars marched today in parades throughout Greater New York in honor of the dead they had left behind them on the crimsoned soil of battlefields and under the white-flecked waters of the sea.

The parade was the outcome of a conference held in Moncton on April 29 at which representatives from all parts of the three provinces were present and at which the following resolution moved by H. J. Logan, President of the Maritime Board of Trade, and seconded by A. E. London, May 30.—Mr. Lloyd George announced in the House of Commons today that it was proposed to strengthen the crown forces in Ireland, and that a statement would be made to parliament on the subject when the arrangements were completed.

The Premier, in thus confirming the recent informal statements that additional troops were to be sent to Ireland, added that it was not intended to send the reservists there.

#### Not For Sinn Feiners.

Replying to a question as to whether the government would adopt the suggestion of colonial autonomy for North and South Ireland and have the proportionment of the national debt submitted to arbitration, Premier Lloyd George said that even if parliament approved such proceeding "I have reason to believe it would not be accepted by the men responsible for the violence in Ireland, but on the other hand would be resented by them as weakness on the part of the British government, and an encouragement to further violence."

### Five Cent Bread Is Latest Dream

#### North Dakota Farmers Insist Price of Wheat Will Permit Old Price.

New York, May 30.—The farmers of North Dakota are working to bring back the 5-cent loaf of bread. They declare bread can now be sold at the old standard figure, based upon the present price of wheat, and are planning to demonstrate this to the rest of the country.

H. A. Davis, of Brookline, Mass., Eastern representative of the Bank of North Dakota, said today that the banks will soon float a \$2,000,000 bond issue through its banks to establish a flour mill at Grand Forks, through which the demonstrations will be carried out.

"Bread could be selling at 5 cents a loaf now, and it should be," Davis said.

"The difference between the present price of bread and the nickel is unfairly taken by millers, transportation men, middlemen, and others operating between the farmers and the consumers.

The experiment now being carried out in North Dakota will show that this waste can be eliminated and that wheat can be brought to the public in the form of a 5-cent loaf of bread.

### Cattle Embargo Probe Under Way

London, May 30.—Sir Daniel Hall, chief scientific adviser to the minister of agriculture, was the first witness before the Royal Commission appointed by the Government to inquire into the embargo on imported cattle which met today under the chairmanship of Lord Finlay. Sir Daniel's main point was that he would not admit that any pledge had been given by Lord Erle and Right Hon. ### KILLED CRAZY MAN TO SAVE FRIEND'S LIFE

#### Insane Farmer Had Revolver Pressed Against Policeman When Shot.

#### TWO POLICEMEN WERE MAKING ARREST

#### Victim Was Shooting up the Neighborhood When Officers Called.

Ottawa, Ont., May 30.—A tragic shooting took place about five o'clock yesterday in the township of Catocnis, in the County of Prescott, some seventeen miles from L'Original, when Constable Ernest Johnson shot and killed instantly Oliver George Sproule, a farmer, aged 25, who is said to have been insane.

When Johnson took aim and shot, Sproule had a loaded revolver against the breast of Deputy Sheriff S. W. Wright, who, with Johnson, had gone to arrest Sproule.

#### Prosperous Farmer.

Sproule was a prosperous farmer, who lived alone with his brother on their farm three miles from Fournierville. About a year ago it was noticed that Sproule was acting strangely. As a result Sproule was examined and determination was reached to send him to an asylum. The story the Deputy Sheriff Wright tells is that a sister, who is now living in New York, came and objected to her brother being sent to the asylum. She said she would take him to New York, get him treatment and finally work. She started out with him, but at Montreal Sproule escaped and returned to the farm.

#### Shooting at Neighbors.

Yesterday Deputy Sheriff Wright received a message from Catocnis county that Sproule was shooting the neighborhood and a request that assistance be sent to arrest him. Deputy Sheriff Wright set out with Constable Johnson and motored to the farm.

There they found that Sproule had disappeared in the neighborhood of Prescott, having hiked up a horse and buggy after attempting to shoot several of the neighbors.

Later, when Sproule returned to his farm, Deputy Sheriff Wright sprang on him and attempted to pin him down.

#### Space Very Small.

The space in the stable was small and apparently only one man could get at Sproule at a time. Sproule proved to be very powerful. Despite the sheriff's efforts he broke away and succeeded in pulling his own revolver and leveling it at the sheriff's breast. It was at this stage that Constable Johnson, who, with the others, were trying to grab Sproule, who fought like a maniac, pulled his own revolver and shot Sproule through the

### Tommy Milton Won At Indianapolis

Driving a Frontenac Special He Captured the 500 Mile Automobile Race Yesterday

Swooshy, Indianapolis, Ind., May 19.—Tommy Milton, driving a Frontenac Special, won the five hundred mile automobile race here today.

Roscoe Scarla, driving a Duesenberg, finished second, 3 minutes behind Milton. The victory gave Milton \$20,000 for first place and more than \$8,000 in lap prizes.

The time was 5 hours 24 minutes 44.25 seconds, an average of 89.62 miles an hour, a new track record for cars of not more than 183 cubic inches piston displacement.

Ralph Pancher, driving a Ballot special at a terrific speed led in the race when the driver's entered the curve to the pits at the last lap with this trouble. His average for 250 miles was 92.53 miles an hour.

De Palma had won \$10,600 in lap prizes provided to being forced out. Of the twenty-three entrants, only eight completed the 500 miles and seven of these were American made machines.

The terrific pace set by De Palma, which established new track records up to the first 100 miles, was given by experts as the reason for so many cars being forced out.

Louis Fontaine gave the spectators a real thrill when he car turned turtle on the north turn of the track hanging on the edge over the heads of hundreds of persons.

But "Fruit-a-tives" Brought Health and Strength.

29 St. Rose St. Montreal.

"I am writing you to tell you that I owe my life to 'Fruit-a-tives' medicine. I took it when I had given up hope of ever being well.

I was a terrible sufferer from dyspepsia—had suffered for years; and nothing I took did me any good. I read about 'Fruit-a-tives' and tried them. After taking a few boxes, this wonderful medicine made from fruit juices, I am now entirely well."

### EXCAVATION OF ANCIENT CITY OF BIBLICAL TIMES

Seven Cities Have Stood on Site of Town of Beth-shan.

Philadelphia, May 20.—Beliefs of an or more cities which successively stood on the same site and of nine different civilizations are expected to be revealed by the excavation of the biblical city of Beth-shan, in Palestine which is to be undertaken in June.

The work will be done under the direction of the American Expedition to the Eastern Shore of Palestine, Curator of the Egyptian section of the Museum of the University of Pennsylvania.

Official permission to undertake this work has been received from the government of Palestine.

Beth-shan is now known as Beisan. It is situated in the valley of Jezreel, just west of the Jordan and not far south of the Sea of Galilee.

More great battles are believed to have taken place within sight of this city than perhaps on any other spot known to history.

The investigators hope to find there the keys to the whole history of that section of the world written either on marble slabs containing the laws, decrees, treaties and other information or on bronze tablets or written in clay, with cuneiform characters.

### Why Grandpa is So Popular

GOOD health and good humor usually go hand-in-hand. The sufferer from torpid liver, indigestion or irritated nerves cannot easily maintain a happy countenance and a cheerful disposition, whether young or old.

Through overwork and an extra amount of mental strain, I became very nervous and run-down. I began using Dr. Chase's Nerve Food and they certainly seemed to touch the right spot.

Men and women of advancing years are learning more and more the benefits to be obtained by the use of this great restorative. It seems to supply exactly what elderly people require in order to keep feeling well and happy.

Mr. D. F. Armstrong, R.R. No. 2, Mallorytown, Ont., writes: "Through overwork and an extra amount of mental strain, I became very nervous and run-down. I began using Dr. Chase's Nerve Food and they certainly seemed to touch the right spot."

His Brother, Who Served With Belgians, Now Puts in His Claim for It.

Paris, May 19.—Efforts by two princes of the House of Bourbon-Parma to recover possession of the celebrated Chateau de Chambord which was seized by the French government during the war, is one of the most interesting aftermaths of the great conflict.

The Chateau is more than 400 years old and is one of the most striking and interesting of the famous feudal establishments of ancient France.

SATURDAY'S ELECTIONS
Newspapers opposed to the Meighen Government are exhibiting a good deal of unholy glee because the majority for the Government candidate in the York-Sunbury on Saturday fell so far short of that received by Col. McLeod in 1917.

Wages were increased in 1919 and 1920 on the argument of the high cost of living. If the wages in such industries were fair prior to 1918 or 1919, and were increased in proportion to the increase in cost of living, the argument now would be unavailing.

From Fighter To War Veteran

Georges Carpenter, Officer at Flag Raising and Decorates War Heroes' Graves.

Manhasset, N. Y., May 30—Stepping out of the role of the fighter, Georges Carpenter today appeared as a war veteran, pilgrim and apocryph.

Rising early, the challenger spent a short period at calisthenics, then breakfasted. At seven o'clock he officiated at a flag raising on his lawn and hoisted the Stars and Stripes and the Tri-Color to twin mastheads.

Sixteen Innings And Then A Balk

Brooklyn's Pitcher Made Balk to Plate and Lost the Game to Boston.

Boston, May 30—Boston took both morning and afternoon games from Brooklyn today, the former 3 to 3, and the latter, 6 to 5, in a sensational, see-saw sixteen inning game.

Returning to the camp, Georges Deschamps, his manager, he then went by train to Oyster Bay and placed upon the grave of Theodore Roosevelt a blanket of red, white and blue flowers.

Unconscious But Clutched The Ball

New York, May 30—Right fielder Neale, of the Philadelphia Nationals, today was knocked unconscious in the morning game with the Giants at the Polo Grounds when he ran against the concrete wall of the bleachers after catching a fly.

Australians Won. London, May 30—The Australian Cricket team won the first test match from England at Nottingham today by ten wickets.

JUNIOR BASEBALL. The North End Shamrocks defeated the East End Pirates by a score of 10 to 2 on the government grounds at Fort Howe last evening.

Bad Day For The U. S. Tennis Players

English Players at St. Cloud, France, Were Victorious—Defeat Was Great Surprise.

St. Cloud, France, May 30—The defeat of Mrs. Molla Bjurstedt Mallory, United States women's single tennis champion, and William T. Tilden, Philadelphia world's grass court champion by Miss Holman and J. T. Baines, of England, in the mixed doubles of the world's hard court championship here today, completed a disastrous day for the United team members.

All except Mrs. Mallory, Arnold Jones and Tilden were eliminated, although Tilden started the day auspiciously by putting out W. C. Crowley, of the British team, in the men's singles. Tilden's form, however, was not convincing, he being sluggish and uncertain in his play which was further emphasized by the manner in which he played in the mixed doubles.

For the first time in the history of tennis in France royalty was represented when Princess Kapruthala and Prince Bhargur Singh, of India won the mixed doubles by default from Miss Spencza of France and M. Ashland of Armenda.

## DIVIDEND GAIN SENT TEXTILES UP TWO POINTS

Day Closed With Dominion Textile Stock at 137 Points.

## PAPERS WERE QUIET AT LOWER PRICES

Utilities and Steamships Were Steady to Firm or Small Gainers.

Montreal, May 30.—In a very dull market today on the local stock exchange Dominion Textile took the lead on the excellent statement made by the company advanced to 137 in early trading. Despite, however, the increase of the dividend from ten to twelve per cent, the issue fell away in later trading and closed at 137, a net gain of two points.

Overturners and Penman's in the same group did not follow Textile's lead, the former easing a point to 93 and Penman's holding at 100.

Papers Very Quiet  
The paper group were again not prominent. Abitibi and Laurentide each gained a point at 37 and 91. Riondon and Wagemack were each unchanged and Brockton was down a small fraction while the Spanish issues each sagged two points.

The utilities were steady to firm. Power at 84-1-4 gained a fraction and Quebec Railway at 23 gained a point. Stronger stocks included Steamship preferred up a point at 55-1-2 and General Electric which netted a large fraction at 112-1-2. Weaker issues took in Steel of Canada off a fraction, iron was unchanged in the bank stocks Hochelaga gained a point and Royal two points. Total sales, listed, 3,992; bonds, \$20,150; rights, 4,969.

### MURDERED IN REVENGE

Montreal, May 30.—That Bert Harris was murdered in revenge is a theory under consideration by the police here in connection with the finding of his body, foot hand and foot by wife, in the River DesPrairies, on Friday last.

It is stated that the victim had been implicated in a shooting affray out of which the desire for revenge arose.

## Chocolate King Joins Big Bank

### Senator Menier of Anticosti Fame Added to Staff of Bank of Montreal.

The board of directors of the Bank of Montreal has announced the election of Senator Gaston Menier as a member of the Board of Directors of the Bank of Montreal (France).

The appointment will no doubt be well received both in Paris, where the name of Menier needs no introduction, and in Canada, where the banker has large business interests. He is the owner of the island of Anticosti, a large island, 135 miles long and 30 miles wide, at the mouth of the St. Lawrence River.

The late Henri Menier acquired the island in 1896, stocked it with game and built a beautiful chateau. On succeeding to the property, Mr. Gaston Menier continued the work of developing the large natural resources of the island, but it now boasts a model retirement, pulp mill, canning factory for fish and lobster, and other activities.

Mr. Menier pays frequent visits to Canada and knows Canadian conditions thoroughly. His co-operation will no doubt materially assist the Bank of Montreal in furthering the interests of Canadian manufacturing in France in developing the commercial intercourse between the two countries.

## Krupps Employ More Than Before The War

### Over 12,000 More Men at Work Now Than in July, 1914.

New York, May 30.—A correspondent of the Guaranty Trust Company, writing from Berlin reports that the Krupps are employing more men now than in the month immediately before the outbreak of the war. This total does not include workmen in five other manufacturing undertakings which are controlled by or work in alliance with the Krupps.

At Essen, in addition to the casting and rolling operations formerly carried on, 74 different kinds of machines, apparatus or technical articles are being produced. The Krupps cast steel works have been extended from a pro-w area of 242 acres to 1,400 acres, and the construction of railway material has reached enormous dimensions.

The Krupp concern has now absorbed the Rhine Metallware and Machine factory and that great war plant is now engaged in the manufacture of agricultural machinery and engines.

Works, Dresden (large manufacturers of cameras and moving picture apparatus) are also specializing in the manufacture of cash registers, textile machinery and oil and sugar refining machinery.

## Lenine Admits Commune Bankrupt

### Riga, May 30.—According to a direct Moscow despatch received today from independent sources, Niko- lai Lenine, the Soviet Russian premier, declared yesterday that communism was in complete bankruptcy and asked the president of the office of the all-Russian central executive committee to approve the liquidation of the state and the recall to Russia of the constitutional democrats and other parties to aid in rebuilding the state. The statements contained in the despatch have not been carried in any official Bolshevik advice, nor has anything tending to confirm them been received from any other source.

### AUSTRALIAN EXCHANGE.

Washington, May 30.—U. S. Trade Commissioner A. W. Perrin in a cable message relative to the conditions in Australia reports that the exchange situation shows scarcely any appreciable improvement. The exchange rates now being issued in favor of London to a limited extent the banks are endeavoring to discourage importations and are calling in their loans. There have been a number of failures among minor concerns during the past month and two important concerns have been placed under receivership.

The amount of currency in circulation amounts to 59,000,000 pounds sterling which is some 2,000,000 more than a year ago. The government arranged to meet its bonds maturing May 1 by means of short-term loans from the banks. The share of New South Wales borrowed 4,500,000 pounds in London at six and one-half per cent.

### BUYERS' LADIES' EYELASHES.

New York, May 30.—Ladies' eyelashes have become salable articles. The dressing table in midday's bonnet may now be adorned in addition to the numerous other things mere man is supposed to suppose are natural, with artificial lashes that paste on right over the regular ones.

This innovation in feminine attractiveness was on display here recently at the American Ladies' Hair Dressing Association Exhibition. Other nature savers included a half bobbed wig to cover the old-fashioned long hair, thus relieving the necessity of cutting it. A parable in moving picture form was shown, demonstrating how a wife, who had lost her husband's affection, regained it by rejuvenating her rose petals cheeks.

## Good Advances in All Listed Grains In Winnipeg Pits

### Report That Winter Wheat is Damaged Seriously is the Cause.

Winnipeg, Man., May 30.—Good advances were recorded in practically the entire list on active market here today. Private advice that damage in the winter wheat belt is greater than has been reported is undoubtedly the underlying cause of the advance, and the end of the important delivery month of May has also necessitated the final adjustment of accounts.

May wheat dropped at 1.95 today while July and October reached a high of \$1.69 and \$1.33 1-8, respectively. The close was 2-5-8 to 3-2-2 cents higher.

### Cash Wheat Strong.

The cash wheat market continued strong today, while the coarse grains also showed strength. Close: Wheat, May, 1.92; July, 1.67 1-2 asked; October, 1.31 3-4 asked. Oats, May, 47 1-8; July, 47 1-4; October, 47 3-8.

Canadian prices: Wheat, No. 1 northern, 1.92 1-2; No. 2 northern, 1.89 1-2; No. 3, 1.85 1-2; No. 4, 1.74 1-2; No. 5, 1.57 1-2; No. 6, 1.42 1-2; track Alberta, Saskatchewan and Manitoba, 1.77 1-2; Oats, No. 2 c.w., 48 5-8; No. 3 c.w., 44 1-8; extra No. 1 feed, 44 1-8; No. 1 feed, 42 1-8; No. 2 feed, 41 1-8; track, 46 1-4.

Toronto, May 30.—Manitoba wheat No. 1 northern, 1.92 1-2; No. 2, 1.89 1-2; No. 3, 1.85 1-2; No. 4, 1.74 1-2; No. 5, 1.57 1-2; No. 6, 1.42 1-2; track Alberta, Saskatchewan and Manitoba, 1.77 1-2; Oats, No. 2 c.w., 48 5-8; No. 3 c.w., 44 1-8; extra No. 1 feed, 44 1-8; No. 1 feed, 42 1-8; No. 2 feed, 41 1-8; track, 46 1-4.

### United States In Honoring Fallen

#### Elaborate Memorial Day Services in New York With President Attending.

New York, May 30.—Soldiers and sailors who gave their lives to the U. S. were honored in New York today with the most elaborate programme of Memorial Day ceremonies in the history of the city.

For the first time men who gave their lives in the service of the merchant marine were given a place in the day's exercises. Their mothers— the Gold Star Mothers of the Merchant Marine, 200 strong—put out in a little flotilla of launches on the Hudson River, and as they passed between the long rows of United States navy destroyers anchored there, flowers were dropped upon the water in memory of their departed heroes whose graves are at the bottom of the sea.

### Lloyd George's View of Coal Strike

#### Workers Must Get Rid of Idea That Owners Make Enormous Profits.

London, May 30.—Following is a summary of Mr. Lloyd George's attitude on the coal strike as prepared by a London newspaper writer and based upon the British Prime Minister's recent speeches on the strike situation.

The first thing is to get rid of the notion that there are huge profits in the coal business. The coal owners and capitalists are trying to rob the miners of their share.

The mines are not paying because of starvation and make an ever increasing cost of every article would go up.

There is no conspiracy to reduce wages, but the taxpayers cannot be asked to contribute to keep up the wages of one industry.

Government control has done more to destroy the coal industry than a million speeches could have done.

The principle of the national pool is a premium on inefficiency. It would mean a gigantic army of inspectors.

If we surrender to threats and starvation and make an imprudent peace, we may be irretrievably damaging the industries of the country.

### CROSS CHANNEL SERVICE.

London, May 30.—The Royal Dutch Air Service Company, (a statewide concern) that commenced operating a luxurious air line service between Croydon (near London), England, and Amsterdam, has been suspended. The Dutch company, which was operating with writing tables for each passenger, and the interiors of the cars are fitted with ashwood panels, mirrors, etc. The through fare to Copenhagen is 10 pounds, 10 shilling sterling. Between the latter place and Copenhagen air connections are provided. The through fare to Copenhagen is 36 pounds 5 shillings sterling.

### NO. 10 IS SILENT.

London, May 30.—Number ten Downing street, the official residence of Premier Lloyd George has been inundated with requests for confirmation or denial of reports from Belfast that De Valera and Mr. Lloyd George had held a conference, but a definite yes or no to this question is being withheld.

## GOSSIP AROUND THE MARKETS

Results of Dominion Textile Co. Ltd. for year ending March 31 last were \$1,780,939 against \$1,701,245 the previous year, which after deductions leaves balance available for common stock equal to 18.57 per cent. Working capital was \$6,398,472 against \$6,002,415. President Sir C. B. Gordon remarks upon the sharp shrinkage in inventories and on the company's policy of contracting business at largest plants and closing down the smaller plants.

Committee of larger creditors of the Hordorn Company have issued a circular requesting the unsecured creditors to grant a stay of all legal proceedings until July 15th, and for the privileged creditors within the same period to proceed no further than the registration of their claims, falling which the company will be forced into liquidation when which is doubtful if any means would be left for the benefit of the unsecured creditors.

Dividend declarations are: Shawinigan Water and Power Co., 1-3-4 per cent. for quarter to June 30, payable July 11 to record June 27. Penn Water and Power Co., 1-3-4 per cent. payable July 2 to record June 17. ### BLACK HAND OUTRAGE.

Hamilton, Ont., May 30.—For the second time within a week a black hand outrage has occurred in this city. Yesterday morning an attempt was made to blow up the residence of I. G. Lombardo by the use of dynamite. The front verandah was wrecked, a large hole was torn in the wall of the house and the windows were smashed by the force of the explosion but no one was injured.

### Presidential Salute.

A presidential salute of twenty-one guns was fired by the three destroyers in the mothers sailed down the river. The mothers were escorted by the junior naval reserves.

The parade in Manhattan was in charge of the Grand Army of the Republic and was composed of units from practically every branch of the fighting force.

Men who fought in the Allied armies during the war also were in the procession, including a contingent of Canadian vets.

At service hospitals, a number of wounded soldiers were given a day of entertainment. Athletic contests, vaudeville performances and other forms of amusement were arranged for them.

### Why Suffering?

Nottingham, May 30.—Strike is having a serious effect on the two leading industries of Nottingham, lace and hosiery. Factories have already closed and unless there is a settlement of the strike in the near future, the hosiery industry will be forced to close for lack of fuel. In the March there was a general improvement in these industries but the coal strike came just when the lace and hosiery were making preparations for their operations and a long working for many who are out of employment.

## GERMANS BUSY CATCHING GAME FOR THE FRENCH

### Rabbits and Partridge Hard to Get is Wail of the Teutons.

### FRANCE INSISTS UPON DELIVERY

#### Materials as Fast as Possible to Collect Them.

Berlin, May 30.—More than six hundred thousand rabbits and many thousands of partridges, which Germany is obliged to deliver to France and Belgium by the terms of the treaty, are still at large in Germany. This delinquency on the part of Germany is described in a memorandum issued which sets forth Germany's accomplishments to date in connection with the many and varied duties she assumed when signing the Versailles treaty.

### Cannot Be Caught.

The official document explains it by saying that the rabbits and partridge could not be ensnared.

The original Koran of Caliph Osman, and the skull of one of the Turkish Sultans, demanded by the King of the Hejaz, has not been surrendered. Aside from these fallings the foreign office declares that Germany has lived up to her obligations fairly well as regards the delivery of commodities designated in the reparations catalogue.

### NEW C. N. R. HEADQUARTERS.

Ottawa, May 30.—Whether Montreal or Toronto is to be the headquarters of the Canadian National Railways will be one of the questions to be determined after consolidation of the Grand Trunk and the National lines is put into effect. The claims of the two cities have, it is understood, been considered, but a definite decision has not yet been reached. It is expected that the permanent board of management which will administer the consolidated system will be appointed within the next couple of weeks or so.

## Banking Service for All

AS the majority of the first directors of the Bank of Montreal, formed in 1817, were Scotchmen or bore Scotch names it was but natural that they should seek in Canada "to extend and to perpetuate for the farmer and the merchant the benefits and stimulus of a system the worth of which Scotland's prosperity could abundantly prove." One of the outstanding features of the system was the maintenance of numerous branches by banks of large capital.

The Bank of Montreal, in adopting this feature from the outset, laid the foundations of a service by which branches have been established throughout the entire Dominion.

At each of these branches the full service of the complete organization is available.

Through this service the Bank of Montreal offers to all classes of the community, from the smallest savings depositor to the largest commercial organization, good and adequate banking facilities. Each customer whether his account be large or small is welcome as a client of the institution.

### ONLY ONTARIO DEPENDENT ON AMERICAN COAL

Other Provinces Gradually Using More of Own Local Production.

**URGE COMMISSION TO CONTINUE PROBE**

**Early Purchase of Winter Supplies Urged in Government Report.**

Ottawa, May 30.—The appointment of a government officer for the purpose of keeping in close touch with the fuel situation in Canada and with sufficient power to cope with any emergency which may arise, in order that the Canadian people may suffer no inconvenience through fuel shortages is urged in a report of a special house committee on Canada's fuel resources, tabled in the Commons this afternoon.

The committee recommends that this officer should have authority to acquire into all phases of the fuel situation and to select such experts as he may deem necessary to carry on the work entrusted to him. Other recommendations by the committee are: Development of the water powers to the greatest possible extent in order to supply hydro-electrical energy to industrial plants. Encouragement of transportation of coal by water and efforts to reduce the cost of such water transportation.

Encouragement of the use by domestic consumers of domestic coal, coke, peat and briquettes instead of imported anthracite.

**Urges Early Buying**

That all consumers be urged to purchase their coal in the early summer when the transportation facilities are at their best and that transportation companies be asked to assist by substantial reduction in freight rates in such periods.

That Canadian coal operators be urged to produce and store at suitable points in Quebec, Ontario and Manitoba large quantities of coal, with a view to the manufacture of coke and by-products and as a substitute for imported anthracite.

That a campaign of education be carried on to teach the people of Canada to use Canadian coal wherever possible and instructing them in the best methods of doing so.

**Maritime is Safe**

The report of the committee sets forth that the Maritime Provinces, British Columbia and Alberta do not suffer to any degree from scarcity of coal. Saskatchewan and Manitoba are gradually using more Alberta coal and are also developing their own enormous fuel resources. Owing to the absence of shipping from the St. Lawrence during the winter, Quebec, which in 1915 obtained 2,942,272 tons of coal from Nova Scotia, in 1920 procured only 286,022 from that province, the balance of her supply being secured from the United States.

"Ontario," says the report, "is unfortunately, at present almost entirely dependent on the United States for her coal supply and is in such a position that a prolonged strike in the United States mines or the development of such a situation as would prevent the export of coal from that country, would result in a cut off from its usual source of supply. In such an emergency, the present production of coal in Canada is entirely insufficient to supply the needs of the people of Ontario, even if the transportation of the same were practicable."

**HIT BY COAL STRIKE.**

Nottingham, May 30.—The coal strike is having a serious effect on the two leading industries of Nottingham, lace and hosiery. Several factories have already ceased work unless there is a settlement of the strike in the near future other factories will be forced to close down for lack of fuel. In the month of March there was a general feeling of improvement in those industries and the coal strike came just at the time when the lace and hosiery trades were making preparations for extending their operations and thus furnishing work for many who are now out of employment.

### Airship Patrol For Horse Race Derby at Epsom Downs Expected to Bring Huge Crowd of Spectators.

London, May 30.—Police airplanes will co-operate with an airship in watching and regulating highway traffic between this city and Epsom Downs on Wednesday, when the Derby will be run.

The activities of this new traffic squad will add a novel feature to Derby Day this year. Restricted train service, which has been ordered as a result of the coal strike, is expected to bring thousands of additional motor cars and buses to the Epsom road, which in normal times is packed with every conceivable sort of vehicle journeying to the Downs to witness the popular race.

Fearing serious congestion of traffic, the authorities have invoked the aid of telephoto posts, which will promptly attend to any necessary diversion of traffic.

### Temporary Motor Shops.

A large temporary motor repair shop has been established at the Downs and automobile associations have provided relief motorg. The usual catering arrangements have been made to provide luncheons for fifty thousand persons.

The race will have an international character, the horses entered including A. K. Macomber's U. S. racer The Bohemian, which will be ridden by Frank O'Neill, and the Epsom horse Leontine, today's best showed entrants, but some may be withdrawn before Wednesday. As The Bohemian was recently beaten in France, his chances are registered by the odds of 100 to 2, against. The favorite for the moment at least is Craig A. Eran, Viscount Astor's colt, which won the classic thousand guineas on April 23. Betting on this horse is 4 to 1, but Sir James Buchanan's Alan Brock is close up at 5 to 1.

### QUEBEC FOREST FIRES.

Interesting Talk On Russian Matters

Rev. Henry B. Clarke, Late of C. E. F., at the Rotary Club Luncheon Yesterday.

One of the most interesting addresses that the members of the Rotary Club have had the pleasure of hearing for some time was that delivered at yesterday's luncheon by the Rev. H. B. Clarke on Russia and its people.

Mr. Clarke, who was one of the chaplains to the Canadian expeditionary force which went from this country to Siberia, said that people in Canada and probably in other parts of the world also, were usually under a very false impression as to Siberia, which was really a wonderful country.

Mr. Clarke then went on to describe in considerable detail the origin and causes of the present disturbed condition of Russia, dealing with the activities of the various political parties, first under Kerensky, later under Lenin and Trotsky, the latter being both assumed names and not the proper ones of the men who used them.

Kept Ale In His West End Fruit Shop

George Chagaris Fined \$200 in Police Court—James Boyle Fined for Assault.

George Chagaris, charged with having liquor in his possession in other than his private dwelling pleaded guilty in the police court yesterday afternoon and was fined \$200. K. A. Wilson appeared for the defendant and W. M. Ryan for the prosecution.

The liquor in question were several bottles of wine which the inspectors seized in the defendant's fruit shop on Rodney wharf because the percentage of alcohol exceeded that allowed by law.

James Boyle was fined \$20 for assaulting Annie Deigo in the Dufferin Hotel where they are both employed. The defendant pleaded guilty and paid his fine.

Engineers Laugh At McKenzie Statement

Excavation Dredged for New Harbor at Courtenay Bay Not "Filled In."

The statement of D. D. McKenzie in the House of Commons Saturday, that the excavations dredged for the new harbor at Courtenay Bay had filled in and his calling upon the government to stop further work there has caused more or less amusement among engineers and other connected with the work.

The Standard was informed by one of the engineers yesterday when asked as to whether or not there was anything in the McKenzie statement, smiled and said that nothing very serious had occurred. Back of and at one end of the coffer dam, he said, a rock dam had been built to act as a retaining wall for the dirt and rock forced back there by the dredge.

Minnie Ferris is Wanted in Sister City Where She is Charged With Theft.

Minnie Ferris, of Halifax, was arrested on King street at 9.30 last evening by Det. Constable Biddiscombe on a warrant charging theft. The arrest was made at the request of the Halifax police. The detective department was informed in communication by long distance phone last evening, and Miss Ferris will be held in custody awaiting the arrival of an officer from the sister city. She was accompanied by two girl companions at the time of the arrest, who, after being questioned by the local sleuths, were allowed their liberty.

Dangerous Place For Automobiles

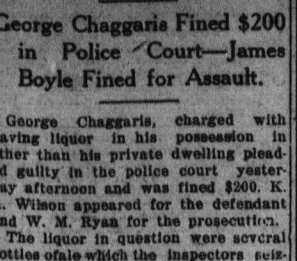

Car Owner from West St. John Says Chesley St. Near Bridge is Very Narrow.

A resident of West St. John, who is a motorist and believes in "Safety First," has suggested that while it is necessary for cars to take the Strait Shore Road during the time that Douglas Avenue is closed to traffic it would be wise for those in authority to widen Chesley street at the corner near the falls. The turn here is very sharp, the street narrow, and it is claimed that it would be impossible for two automobiles to pass. The traffic policeman would, it is said, be useful at this dangerous spot so that serious accidents may be prevented.

St. John Car Owners Find Remedy for Tar and Road Oil Trouble.

As a result of yesterday's warm weather, many motorists report that some of the roads on which their composition material has been laid were so affected by the heat that tar was picked up by the wheels and thrown to the bodies and fenders of the cars. They were not long, however, in discovering that the tar can be easily removed, without the slightest injury to car, by an excellent tar and road oil remover, procurable at the stores of W. H. Thorne & Co., Ltd.

BAPTIST Y. P. A. HELD RUBBER SOCIAL

The Baptist Young People's Association held a "Rubber Social" in the Tabernacle church last evening. The idea is for all the members to bring old rubbers, and these are to be sold and the proceeds are to be turned into the association fund. A very pleasing programme was held: Reading, Mr. Brown; reading, Florence Welch; "An Employment Agency," a comedy sketch by Miss Heffer and six boys from the East End Club; reading by Edith Welch; reading, Harold Mallory; solo by Miss Marion Page, and a reading by H. V. Copp, after which refreshments were served and the young people broke up, voting the social a success.
