New York Sun for 1872 TO ALL WHO CAN READ. The New York Weekly Sun Doubled in Size without Increase in Price.

With the beginning of 1872, THE WEEKLY Sun has been doubled in size. It now contains eight pages instead of four, making it equal in dimensions to any other weekly secular journal published in this country. At the same time its price has not been increased. It will be fur nished to subscribers at the uniform rate of one dollar a year for each copy. To this rate no exception will be made and no reduction will e possible, either to clubs or agents. Every subscriber who sends a dollar will receive a cop

for a year.
While THE WEEKLY SUN thus furnishes a much reading matter as other papers published at double or treble the price, it will contain new features which will add greatly to its interest and value as a family newspaper. Its independence of opinion, and its unqualified hos-tility to Tweedism and Grantism, and every form of public robbery, bribery, and corruption, will be maintained, while in point of political news its readers may rely upon always receivin the most accurate, as well as the freshest, in el ligence that can possibly be obtained. The enlargement enables us also to devote additiona space to valuable agricultural intelligence, and to print interesting stories and romances more extensively than hitherto. For miscellaneous reading, presenting the quaint and humorous aspects of life, and for useful information repecting not only what takes place in this me tropolis and this country, but in all other parts of the world, we now have ample room.

In its new form The Weekly Sun is the cheapest paper of its class in the United States: and we appeal to such of our readers as approve its ideas and objects, and find it interesting and

valuable, not only to renew their own subscriptions, but to recommend the paper to their friends and neighbors.

This year is destined to be a memorable one in the history of the country. We are on the eve of a most significant Presidential election, and political movements will for many months be watched with unusual interest. As a journa free from the trammels of party, THE WEEKLY Sun will continue to uphold the principles NOTMAN'S true republican government. Its readers are invited to sustain it in that work. The truth,

irrespective of party prejudice or official in fluence, will always be told in its columns. Terms of the Weekly Sun-A journal containing eight large pages, published every Wednesday morning-To all mail subscribers, whether single or in clubs, one dolla u year each, always in advance.

Gallant Rescue of Exhausted and Famished Men! The Yarmouth Herald says :- " On Sunday morning last, two men-father and son-named George Crowell and George H. Crowell, of Bear Point, Barrington, left Morris' Island, Argyle, for home, in a sail boat, with a smaller boat in tow. They got among the drift ice off Pubnico Point, where they remained all Sunday and Sunday night. About nine o'clock on Monday morning they succeeded with great difficulty in reaching one of the "Brothers Islands," where they effected a landing. Being seen from the main land, five men attempted to go to their relief by hauling a dory over the ice, but from the dangerous nature of the ice they were compelled to put back, after one of their number had fallen through. In the

afternoon another attempt was made by four men to reach the island, happily with success, after two-and-a-half hours hard and perilous exertion. The two men on the island were found in an exhausted and famishing condition from severe exposure and want of nourishment, having had nothing to eat for more than 30 hours. Their rescuers are deserving of much praise. Their names are Peter Amero, Charles Amero, Frederick Morris, and Caleb Goodwin."

I am not in the ring, but you better give us the Branch; you promised to go for it if you got a certain number of names, and I liberated you. Well I want £1000. I won't give it. Well, I'll meet you, said he, at Dingwell's, at 10 o'clock. All right. Hooper did not attend, but told Mr. Dingwell that he was to meet me at his place. Met Dingwell next morning. He said Hooper was looking for me—was at the Patriot office, to a caucus meeting. Met Mr. Hooper afterwards near Large's corner. We walked down Queen street.

Foster's Corner. Champion Plate Polish, WHEN THE BAND BEGINS TO PLAY-WHISKY Colonial Book Store. WHICH will save considerable time and trouble, and will be found invaluable, as it will clean the article from dirt or grease, as well as produce a most brilliant polish. The Proprietor can, with the greatest confidence, recommend his "Champion Plate Polism" as an article superior to anything of the kind ever offered to the public. One trial of it will ensure constant use: and as it saves so much time and labour, besides producing a very lasting polish, Housekeepers will find it worth their while to use "Atkinson's Champion Plate Polish," for cleaning and polishing all kinds of silver and plated goods.
