RETREAT OF MACKENSEN CONTINUES

BRITISH GAIN HALF MILE—FRENCH APPROACH COMBLES

FOUR WINNIPEG JOURNALISTS JAILED FOR CONTEMPT OF COURT

LT.-COL. GRAHAM IS SUSPENDED FOR STRAPPING YOUNG PRIVATE; ALLEGED TO BE AN INCORRIGIBLE

Commander of London's Own Admits He Disobeyed Regulations, But Contends He Had Sergeant's "Spank" 18-Year-Old London Boy in Fatherly Spirit to Save Him From Disgrace.

Lieut.-Col. C. M. R. Graham, who organized and has commanded the 142nd Battalion (London's Own), is in the city, while Acting Minister of Militia McCurdy decides whether or not he is to be dismissed for administering corporal punishment to Pte. Bellinger, until recently with the 142nd, now transferred to one of the battalions at present training in the city.

Pte. Bellinger is 18 years of age, and in a statement made to The Advertiser this morning, he was described by Col. Graham as a young incorrigible in whom the colonel had a fatherly interest. His "crime sheet," said the colonel, had at least fifteen offences on it, and he had been repeatedly admonished for breaches of discipline.

Threw Away His Rifle. His conduct had attracted the attention of other officers while inspecting the records of the London battalion, and when, after this, and following suggestions that what the lad needed was a

"good spanking," the private again was guilty of further breaches of discipline, throwing away his rifle while at drill, and telling his company commander to "Go to H—." Col. Graham had Bellinger before him, and told him that he was tired of trying to correct his lapses, and that, just as he would act with his own son, he was going to administer a spanking.

Sergeants Would Strap. Col. Graham said that he then communicated with Sgt. Colter, acting battalion sergeant-major, and gave him orders to take Bellinger to a tent and give him a spanking. The sergeant, Col. Graham said, aided by Sgt. Gilder, Bellinger's company sergeant, took Bellinger into a tent, and with a strap which was formerly a rifle sling, but which had been softened by use as a razor strap by one of the sergeants, gave him seven or eight slaps on the buttocks. One of the sergeants held

FIGHT FOR MONASTIR HAS BEGUN; SERBIANS CAN SEE OBJECTIVE

But Strong Entrenchments of the Enemy Must Be Passed Before City Falls, Says British Correspondence.

London, Sept. 23.—Ward Price, the official British press representative in the Balkans, in a dispatch to the Daily News from the Serbian front near Florina, states that the battle of Ostrovo is now over, and that the battle for Monastir has begun. Rapid though the first part of the Serbian advance has been, he says, it must not be thought disappointing, if it now goes more slowly.

Strong Defences. "The Serbs," he continued, "are fighting within sight of Monastir, but across that broad valley up which they look there is a stretch of three lines of strong enemy entrenchments prepared at leisure throughout the year. The first is the one the Allies are attacking now. The next is the strongest of all, and runs on the other side of the former Greek frontier.

WINTER CAMPAIGN OF ALLIES WILL BE CONSTANT ATTACK

Have Enemy by Throat and Will Cut Off His Wind.

NO LONGER PLAY FOR TIME

Lieut.-Col. Rousset Predicts That Allies Will No Longer Remain Inactive.

Paris, Sept. 23.—(New York Times Cable).—Lieut.-Col. Rousset says operations of the coming winter campaign will differ from those of predecessors. He said: "I think that I can predict that the coming winter will not be entirely one of stagnation, and waiting on all fronts. No doubt the sledge-hammer blows we intend to deal will be separated by greater intervals, but remaining in the winter, we do not intend to remain merely in an expectant attitude."

Have Foe by Throat. Having everywhere seized our foe by the throat, we intend to allow him only as much breathing space as the circumstances render inevitable."

The situation, the critic says, is no longer what it was at the beginning of the winter campaign. On all fronts the Allies, he says, have already driven in a wedge of victory. In Picardy, the Anglo-French armies have established indubitable ascendancy over the Germans, whose powerful counter-attacks are continually repulsed and sterile in results.

Mark Time No Longer. "The Allies, he goes on, are no longer playing for time, as during former winter campaigns, so as to store up material and munitions for the coming summer. The production of armaments will certainly tend to increase during the coming months, but the Allies are no longer obliged to mark time for it. For all these reasons, Rousset continues, it is unlikely that the approaching winter will see a total interruption of fighting as was the case in former years.

CAUSED PRIVATE TO BE "STRAPPED," IS NOW UNDER SUSPENSION

—Photo by George Henry. LIEUT.-COL. C. M. R. GRAHAM.

CABINET GETTING DOWN ON KNEES TO THE ENTENTE

Greeks Said to Have Wired Proposal to Enter Conflict.

READY TO JETTISON CREW

Fruitless Efforts Continue to Secure Response From Allies.

ACT OR GREECE DIES

This Is Attitude of Venizelos to Spineless Leaders of Nation.

[Canadian Press.]

Athens, Sept. 23.—Via London, Sept. 23.—The Greek Government is said on the best authority to have telegraphed definite proposals to the Entente capitals, which, if accepted, will mean Greece's entry into the war. If the uncertainty of the relations between Greece and the Entente continues it is regarded as not improbable that Greece may declare war on Bulgaria on her own account.

Semi-official efforts of the Cabinet to ascertain from the Entente ministers here a statement as to the desires of the Allies' governments have been fruitless. The ministers were given to understand that as many as three members of the Greek Cabinet were ready to resign if the Entente wished. The sole reply was that instructions had not been received.

British Aircraft Seriously Damage Foe's Aerodromes

Several Heavily Bombed, While French Flier Attacks Mannheim Works.

London, Sept. 23.—12:00 p.m.—British naval aeroplanes have successfully bombed German aerodromes at several points in Belgium, the admiralty announced today. Especially notable results were secured by this and previous bombardments of the aerodrome at St. Denis, Western, says the announcement, which follows.

"The enemy aerodrome at St. Denis Western was again attacked yesterday by a squadron of naval aeroplanes. The results appeared to be highly satisfactory. Reliable reports now at hand show that very considerable damage and many casualties had been caused by previous bombardments of this objective."

In the early hours this morning, enemy aerodromes at Ghislerville and Handaeme were heavily bombed by a naval aeroplane squadron. All the machines returned safely."

GERMAN TOWNS BOMBED.

Paris, Sept. 23.—12:05 p.m.—Flying nearly 100 miles beyond the German border, eight Warrent Officer Baron last night bombarded the important works at Ludwigshafen, in the Palatinate on the Rhine, and at Mannheim, across the river from Ludwigshafen. The official report of today says the bombardment caused a large fire, and several explosions at Mannheim.

LABOR LEADER SUED

[Special to The Advertiser.] Winnipeg, Sept. 23.—Seven leading members of the trades and labor council this morning entered libel actions against A. W. Puttee, ex-M.P., prominent labor leader, for the reflections cast upon them by Puttee in a report sent to the Dominion Trades and Labor Congress from Winnipeg. Each wants \$10,000 damages.

EVERY FRONT LOOKS BRIGHT FOR ENTENTE, SAYS CRITIC

Col. Repington Says Teutons Are Losing Steadily.

RETRIEVING NO LOSSES

But Losing Great Numbers of Men Everywhere.

GERMANS GROW DEJECTED

And Anxiety Regarding Next War Loan Is General in Country.

[Canadian Press.]

London, Sept. 23.—(New York Sun Cable).—Col. Repington, the military critic of the Times, reviewing the whole situation of the war, sees things favorable for the Allies on all fronts. "Except against Rumania, the Austro-Germans and their satellites have scored no successes in many months past," he writes, "and have not retrieved any losses. West, east and south they have lost great numbers of men, and continue to lose them."

He deprecates building too much on the order from Gen. von Falkenhayn in reference to the great war and test on German guns and stores of munitions which the war office has just published. He dwells, however, upon the significance of the German fleet still avoiding battle and the increased effect of the blockade as reflected in German newspapers and letters from prisoners.

Dejection Marked. "The Germans at the front are still fighting well," he adds, "but the dejection has been marked. Where the material and moral condition of the people is slowly, but steadily, deteriorating, anxieties regarding the next loan are general, and the fact that German troops have continually to be sent to all fronts to make amends for the failures of Germany's allies provokes bitter comment."

"When the veil is lifted we shall probably find that Germany has suffered far greater losses in men, money, ships, credit and material than we have any idea of, while we can be satisfied that Germany's aggressive war has brought her as much misery as her worst enemy could desire."

Is Very Confident.

Col. Repington writes confidently of the situation on the western, Italian and Russian fronts, though he says the accumulation of German and Turkish troops replacing the Austrians, also the

LIGHTSHIP MISSING, PASSENGER SHIP ON ROCKS AND DOOMED

[Canadian Press.] Portland, Sept. 23.—The Eastern Steamship Corporation's steamer Bay State, bound from Boston for Portland, went ashore on Haycomb Rock, just off the tip of Cape Elizabeth, during a heavy fog early today. The 250 passengers were taken off in lifeboats and dories. The steamer lies high and dry in a dangerous position.

A coastguard cutter and the tug Portland notified by wireless, hastened from Portland to the assistance of the Bay State, but as the steamer was pounded heavily in the ground swell it was thought advisable to have the passengers removed by the crew of the Cape Elizabeth coastguard station.

West of Two Lights. The point where the vessel struck is a half-mile west of the Two Lights and the station.

Soon after daylight the steamer commenced to blow out her boilers, and it appeared probable that her bottom had been punctured, and that water had reached the fireroom. It was feared that she could not be saved. The tug Portland on her arrival attached a line to the steamer, but on the first pull the hawser broke and efforts to haul her aloft were temporarily abandoned.

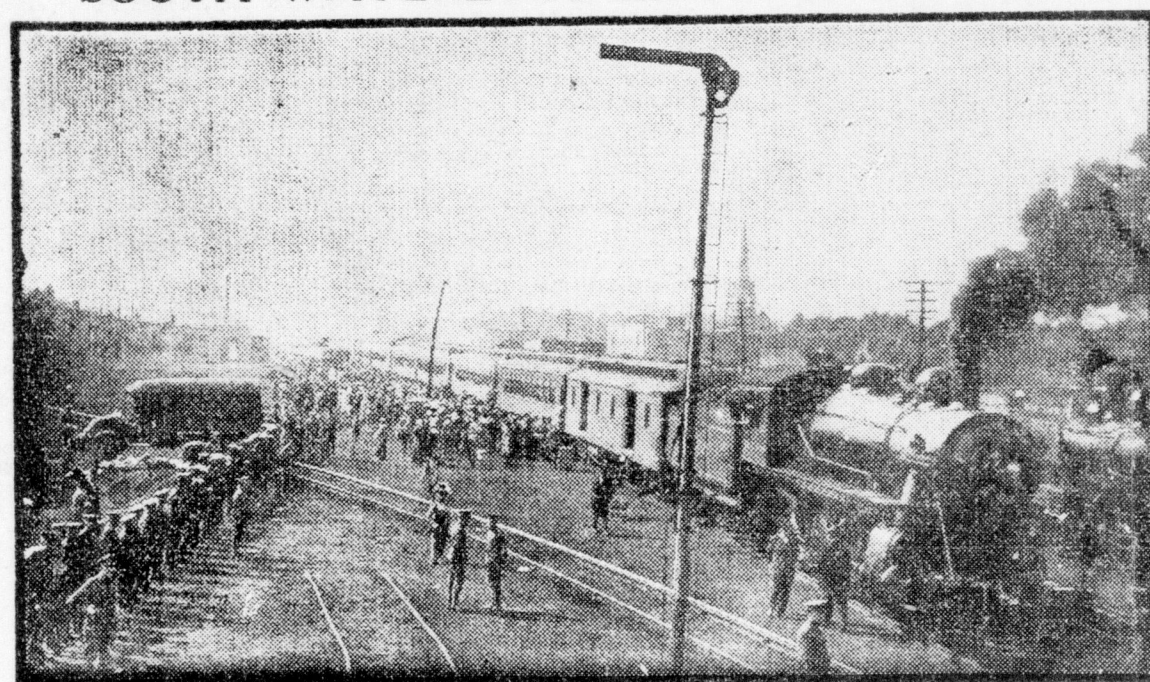

It was thought that the absence of the Cape Elizabeth light ship from her station five miles offshore might have caused the Bay State to run off her course. The lightship was towed to Portland for repairs three days ago, and replaced by a buoy.

In Service Many Years.

The Bay State left Boston last night on her regular trip to Portland in command of Capt. Strout. The steamer has been in this service many years, having been built at Bath in 1885. She registers 1,555 tons net, and is 281 feet in length, 42 feet beam, 15 feet depth. Her home port is Boston.

MACKENSEN FORCED TO GIVE UP DANUBE FORT

SOUTH WATERLOOS LEAVING LONDON

Advertiser Illustration. Snap taken during the entraining of the 11th (South Waterloo) Battalion at the Rectory street station of the Grand Trunk on Friday afternoon. The picket lines of the 160th and the special train that conveyed the Waterloo unit to the east are shown.

French Patrols Reach Outskirts of Combles And Capture Prisoners

Find Many Dead Germans Lying on Field—Aviators Engage in 56 Air Battles and Bring Down Four of Germany's Aeroplanes.

[Canadian Press.]

Paris, Sept. 23.—French patrols approached the edge of Combles, on the Somme front, last night. The official statement issued here this afternoon says they found a great many dead Germans on the field, and took a few prisoners. South of the Somme there is a active artillery fighting.

French aviators engaged in 56 aerial fights yesterday. Four German aeroplanes were shot down.

Many Dead Found.

The text of the announcement follows:

"To the north of the River Somme last night passed in relative quiet. French patrols making their way to the southern boundaries of the village of Combles found numerous German dead on the field. These detachments captured fifteen German prisoners, including one officer."

"To the south of the Somme there has been in various sectors fairly spirited artillery fighting. Elsewhere there has been intermittent sniping."

"On the Somme front, French aviators delivered, during the day of September 23, a total of 56 aerial combats. As a result of this activity four enemy aeroplanes were destroyed while four others were seen falling disabled. We could not, however, follow the fall of these machines to the ground, but it is known that two of them were compelled to make a landing. In the course of these fights, Adjt. Dorne destroyed his eleventh German aeroplane at a point to the south of Douaumont, while Lieut. Deullin brought down his seventh machine to the south of Doingt. Adjt. Tarascon destroyed his sixth enemy machine to the southwest of Hogny. The fourth German machine reported destroyed crashed to the ground at a point southwest of Roquigny."

"In the region of Verdun, Adjt. Lenoir attacked a German aeroplane at very close quarters and brought down his opponent within the German lines at a point to the north of Douaumont. This makes the tenth enemy machine destroyed up to the present time by Adjt. Lenoir."

"French aviators engaged in throwing bombs also have displayed great activity along the entire front. In Belgium one of our fliers has thrown down four bombs on the barracks in the forest of Houtholst. In the region of the Somme a detachment of sixteen French aviators

HEIR TO EARLDOM KILLED IN ACTION

Lieut. Stanhope of Grenadiers Brother of Earl Stanhope.

[Canadian Press.]

London, Sept. 23.—Richard Philip Stanhope, lieutenant of the Grenadier Guards and heir to his brother, the seventh Earl Stanhope, has been killed in action. It was announced today. He was 21 years old.

BRITISH RAID ENEMY'S TRENCHES ON STRUMA

Naval Aircraft Bombard Transport Near Drama With Results.

[Canadian Press.]

London, Sept. 23.—12:30 p.m.—On the Struma front our patrols successfully raided enemy trenches in the neighborhood of Komarian, causing casualties," says the official report of today in regard to the Macedonian campaign. "Our naval aircraft bombarded an enemy transport near Drama, apparently with good results. On the Dobruja front we raided enemy trenches at three points."

CLAIM ATTACKS REPULSED.

Berlin, Sept. 23.—Via London, 10 p.m.—Russian and Rumanian troops in Dobruja have been attacking Field Marshal von Mackensen's forces on both flanks of the battle line, according to the war office announcement today. The attacks, which on the one flank were near the Danube and on the other southwest of Toprali, fourteen miles southwest of Constanta, were repulsed.

CLAM ATTACKS REPULSED.

ANOTHER HALF MILE OF GERMAN LINES IN BRITISH HANDS

Advance East of Courcellette and Capture Strongly Fortified System—Counter-Attacks Driven Back.

[Canadian Press.]

London, Sept. 23.—3:35 p.m.—German trenches on a front of about a half-mile east of Courcellette, in the Somme region, were captured by the British last night, the war office announced today.

The official statement says:

"A further advance was made last night by our troops east of Courcellette. A strongly-fortified system of enemy trenches was captured here, and our line was advanced on a front of about a half-mile. Some prisoners were taken."

"West of Mouquet Farm the enemy counter-attacks at nightfall yesterday with great violence, but was driven back by our fire with heavy losses."

"There was considerable artillery activity during the night on many parts of the battlefield. East of Bethune an enemy ammunition dump was exploded by our artillery fire."

STRIKE IS CALLED FOR WEDNESDAY IN GREATER NEW YORK

NEW YORK, Sept. 23.—Organized workers in virtually every industry in Greater New York were formally called upon late today to cease work at 8 o'clock next Wednesday morning in sympathy with the striking traction employees. Labor leaders assert approximately 600,000 men and women are involved.

The call was embodied in resolutions adopted at a conference of labor leaders representing the federated bodies in all the boroughs of the city, as well as many national and international unions. The call, it was said, would be issued, not only to organized workers in New

York, but also to those in Yonkers, New Rochelle and Mount Vernon, and would extend throughout a wide range of industries.

Hugh Payne, New York State organizer of the American Federation of Labor, tonight issued the following official statement: "It was decided by unanimous vote of representatives of eighty unions of Greater New York and vicinity that there shall be a general suspension of all work in all trades and industries in Greater New York and vicinity, the same to commence Wednesday, September 27, at 8 a.m."

SCHOONER BURNS WITH LOSS OF ALL ABOARD

Burned Hulk of Panama Found on Gulf of California.

[Canadian Press.]

San Diego, Cal., Sept. 23.—News of the destruction by fire on the upper waters of the Gulf of California of the auxiliary schooner Panama, with the loss of all on board, including Capt. Frank Pasquale, his wife, Engineers Charles Leddick, and three American seamen, was brought here last night by Capt. Blair of the schooner Freda. The burned hulk was discovered by a Mexican fishing boat between Tiburon Island and Santa Rosalia.

Continues Retreat in Dobrudja Province Before Russian and Rumanian Forces—Germans Admit Attacks, But Without Explanation, Claim Repulses.

(Canadian Press.)

Rome, Sept. 23.—Via

London, 12:52 p.m.—

The retreat of the German army, under Field Marshal von Mackensen, in the Rumanian province of Dobrudja, continues, according to a telegram received by the Wireless Press today from Switzerland. The Danube fortress of Silestria, recently captured by the Germans and Bulgarians, is said to have been abandoned to the Russian and Rumanian forces.

Russian naval forces in the Black Sea are said to have resumed their bombardment of the Bulgarian seaport of Varna.

CLAM ATTACKS REPULSED.

Berlin, Sept. 23.—Via London, 10 p.m.—Russian and Rumanian troops in Dobruja have been attacking Field Marshal von Mackensen's forces on both flanks of the battle line, according to the war office announcement today. The attacks, which on the one flank were near the Danube and on the other southwest of Toprali, fourteen miles southwest of Constanta, were repulsed.

HAD NARROW SQUEAK SAYS CITY ENGINEER OF HIS WOUNDING

Escaped Death by Half Inch,
He Writes.
CALLS BATTLE INFERNO

60 Hours' Strain Near Limit
of Man's Endurance, Writes
Major Ashplant.

Ald. Henry B. Ashplant has received a direct communication from his brother, Major W. N. Ashplant, late city engineer, who was officially reported wounded on September 2.

The major fortunately is not dangerously wounded, but had a very narrow escape, being struck in the ear and neck by a shrapnel splinter. The letter to hand is from the man's Canadian Field Ambulance, in the field, dated September 5.

Referring to the "lucky nature of my wound," Major Ashplant says: "Gee, but (was a near thing for me) another half-inch and I'd be pushing daisies. I've got the pieces of shrapnel, a very nice souvenir from 'Fitz,' and an ugly piece of it is from one of his deadly high explosive 5.9 shells, one of the best shells made. I had only come up from what recently was a German dugout, now our advance battle headquarters, to get a breath of fresh air and a rest. Our artillery and that of the enemy were pounding away at each other with all caliber guns, but about ten shells of ours to his one. I just laid down on the side of the smashed-up trench in my 'tin hat.' Two or three of my runners (messengers) were stretched around me, and when 'plus,' I felt as though half my head had gone.

Seemed Like Brick.

I up and hoped I ground for a few seconds and soon realized what a squeak I had. The velocity of the falling splinter seemed like a brick, compared to what it actually was. One of my runners soon had my field dressing on, and from my tunic, and going down into the dugout the artillery liaison officer washed off the dirt splash and blood and iodine the wound, after which I strolled down to our front regimental first-aid post and got temporarily fixed up.

I was ordered to immediately get to the main dressing station, but I was feeling nearly all in, having only had four hours' sleep in six days, which under the hellish strain of this battlefront is near the limit of a man's endurance.

Eighteen Hours in Dugout.

For eighteen solid hours I had been at the bottom of that dugout, working with the contaminated atmosphere of those irritating hydrochloric gas or ally doing this victim work, and the place is swarming with big blue-bottles, which thrive on the dead laying off scores of buried. I had spun incidentally to an adjutant's duties in the field in direct communication with the O. C. companies in the front line and supporting units. I reserve battle headquarters in the rear, etc.

I wasted no time getting away. I was, of course, a walking case, I went it overboard, but had to pick my way through the German artillery barrage. Heavens alive! I thought I'd got my neck in a trap, but I got out, and what is transpiring around here, going to the dressing station, I found our brilliant major being fixed up with a badly smashed left arm.

Great favorite of his, were plowing some of our batteries, which were firing our route. I eventually got into the 6th Australian dressing station and had the serum against tetanus pumped into my right breast. Also was given two with some 'Scott's' brand liberally did go down!

From how that Capt. Cosby, who had been hit with shrapnel in the right hand, we were ambulance. I was given a bath, a dressing, and re-bandaged 'my scratch' and put me to bed like mother would tough.

Regular Inferno.

Next morning I strolled down to watch some German prisoners badly wounded and being fixed up. Prussian Australians and some big fellows, which this morning, 'tis a awful shambles, close to the lines we are holding, and there, at the front, unburied. It's been Fritz is getting it hot now, and his morale is getting shattered. He is fighting a losing game now, and his troops are beginning to know, and his soldiers are beginning to know, and his turn on their arrows, besotted, selfish military leaders, but Germany is to be cleaned from within.

One of these Germans, an N. C. O., speaking a little English, said: "We did not know what a bombardment was like. Verdun was a picnic to this," so I guess we are giving it him pretty bad, the art of putting his hands up, and these prisoners are glad to be in our hands.

Back in Week or So.

Two big wire cages of prisoners are in close proximity to here, and it is surprising how indifferent you get to what may happen when once in the line, this war and gets among the hot stuff without losing some of his anatomy. I go and get on the job again.

DOCTORS HARD PRESSED

Army Medics Have Strenuous Life at Front.

The Somme offensive has meant the multiplying of duties for the staffs of the various Canadian hospitals in France, to send the briefest messages home. For some time no letter has been received from Lieut.-Col. Evans Davis, O. C. No. 3 Stationary Hospital, due to the heavy responsibility resting upon him.

A clergyman friend who called at the hospital to see him, reports that he was obliged to wait several hours before being able to have even a word with the busy doctor-commander.

FUTURE CONDUCT IS TO DECIDE THE FATE OF 118TH BATTALION

Will Probably Be Made Two-Company Unit—Col. Bradley To Resign, Is Rumor at Camp Borden.

[Special to The Advertiser.]

CAMP BORDEN, Sept. 22.—The future of the 118th (Kitchener) Battalion depends largely on the conduct of the officers, non-commissioned officers and men.

The discipline of the battalion for one recruited upwards of a year ago, according to headquarters, the resignation of twelve officers the other day uncovered the fact that not all was harmonious, and today it was practically decided to form the battalion into a two-company unit.

The establishment of officers still on the strength is sufficient to deal with the new formation.

Col. Bradley May Resign.

It is rumored that Lieut.-Col. T. P. Bradley of the 14th (Lambton) Battalion will resign his command shortly and proceed overseas almost at once. He is the O. C. of the present time he is garrisoned at Camp Borden, and may be permitted overseas.

LONDON PRISONERS
IN GERMAN CAMP
RECEIVING PARCELS

Have Reason to Bless Sergt. Watt at Stendal.

SUPPLIES ARE ARRANGED

Local Women and Organizations Are Sending Food to Imprisoned Canucks.

Many fellow prisoners in the Stendal camp, Germany, have had reason to bless their good fortune in being associated with Sergt. "Bob" Watt, son of Mr. and Mrs. P. J. Watt of this city, who was captured at Ypres a year ago last April. Sergt. Watt has written home from time to time, telling of his comrades and particularly of those who, like him, have suffered for lack of comforts. The sympathy aroused in his own family has extended to others, both individuals and organizations, who result in a prisoner at Stendal lacks attention from kind-hearted London people, it is because their needs are not known to Sergt. Watt.

In a recent letter to his sister, Miss Margaret Watt, he wrote:

"We have a lot of new Canadians here now and are always pleased to receive parcels to distribute to these chaps. We have formed a Red Cross committee for that purpose, and any parcels sent for general distribution please have addressed care of President British Red Cross Committee, Stendal camp. You can send big parcels care of the American Express. I do not know what it would cost, but you can find that out. Such things as tinned meat, fish, milk and sugar are very acceptable. Don't send corn flour or pancake flour in general distribution parcels. Shirts, socks and underwear will have a warm reception. Believe me, we are very grateful for the help your societies give us."

Request for Londoners.

A card to his mother contains this special appeal: "There is a London and to this camp, David Saunders, 4th C. M. R. Regiment, No. 400859, he is in 2nd Company, and his camp number is 498. He is in the 23rd Battalion and would like to go to St. Peter's Church. See what you can do for him."

Writing from the Stendal camp to Mrs. Medall, 351 Ontario street, this city, Pte. H. Olney says: "Just a few lines to let you know I am receiving the parcels O. K. and all in good condition, but as our correspondence will not permit me to write to all, I thought it best to write to you and let you know how everything is going on."

Boys Looking Fine.

"In the first place, the boys are all looking fine, and enjoying themselves here as well as they can under the circumstances. They are always looking for the time when we will all be home again. It has been a long time since we were captured, but I hope it will all be over soon. I have in the last post received from Canada four parcels, one from Mrs. J. Dodd, two from G. Hayman and one from Mrs. Hart. The contents were just the things we need. You should see 'Bob' Watt cooking his pancakes. Sometimes we have a bad press of food, but we manage to get the meal just the same. I wrote Mrs. T. Brown on the 15th of June, one month or more ago, that I can do, and we are limited to three parcels."

Thanking you and your friends for your kindly assistance to me, I remain, gratefully yours,

PTE. H. OLNEY.

TORONTO FAT STOCK SHOW

As evidenced by advertisement on another page, the Toronto Fat Stock Show are giving special attention to the farmer and breeder, and are offering many handsome prizes for classes where stock must be bred, fed and owned by the exhibitor. This is along the right lines, and should bring out a good entry.

The Traction Tread is an Integral Part of Dunlop Tires.

The durability of the "Traction" grip is assured by moulding the corrugations and tread at one time, thus making a surface which looms larger and lasts longer than that to be found on any other anti-skid tire in existence.

KILTIES GET RECRUITS

Good Results Are Following Efforts Made at Fairs.

Recruiting in the city for the 24th Scottish Borderers is proceeding at a brisk rate, but the names of the recruits cannot be announced for a few days as they are not yet all sworn in.

Sergt. E. H. Tansley and two men are carrying on the work of the unit in the city and are to be seen busy at work on the downtown streets all day. The recruiting office at the armories is kept open as well.

The remainder of the party which was recruiting here during Fair week has been working at the smaller rate and has been working at the smaller rate throughout the country and report good progress. The recruiters expect that the man with the remainder of the party will be back in London about Saturday.

2217,000 DEMAND FOR L. AND P. S. R. EXTENSIONS

Commission Asks This Be Given Without Vote of People.

City Clerk Baker has received a communication from the London Railway Commission asking the city to issue debentures to the amount of \$75,000, and to permit the L. and P. S. R. to expand \$2,000 from surplus earnings, a total of \$117,000.

The money is to be used for additional equipment, etc. The council is asked to give this permission without a vote of the people.

FOUR FOR OVERSEAS

Four men signed on with the Engineers for overseas service yesterday and one for home service. The overseas men were C. W. David, 274 Wharncliffe road, city; Wm. Makin, Detroit, D. D. Mackie, formerly of Kingston, Ont., and a man who has put in four years in the American navy, and R. Boocock, also of London.

These four were the home service men. He enlisted for overseas some time ago, but was returned to London as unfit for active service.

Sergt.-Major W. J. Barrett, 1st Battalion, C. E. F., has been transferred to the Special Service Company.

REMOVAL FROM CITY OF BENEFICIARIES IS BEING DISCOURAGED

Patriotic Fund Has Difficult Task, However.

LEAVES MANY DESTITUTE

Trips to England by Soldiers' Families Proving Disastrous.

One of the difficult tasks which repeatedly confronts the management of the London Patriotic Association fund is that of discouraging beneficiaries from going to the old country in the belief that they will be near their husbands. In doing so, the association is carrying out the specific request of the British Government, made on the grounds that the colonies are in a better position to look after the dependents of soldiers than the mother country.

In addition, the management of the association has again and again witnessed the disastrous results to the wives and children from leaving Canada and going to England, where they are in the first place, leaving for overseas means the forfeiting of the patriotic fund allowance. Again, it usually means delay in arranging of other payments. The case was today cited of a woman who was obliged to wait three months after reaching England before she could obtain her separation allowance.

Eight Go This Month.

Tales of distress come not only from relief organizations in England, but also from soldiers' wives who have returned. Notwithstanding the warnings, and the penalty of forfeiting the patriotic fund allowance, no less than eight soldiers' wives, with their families, have this month left London for England.

The British Government's wish in the matter is expressed in a declaration not allowing men to go to meet their wives. It has been found that they are often in a large number of cases, often literally preyed upon men at the front.

One case has just come to notice of a sergeant who expected to remain in England, and sent for his wife and children. He received unexpected orders to go to the front, and had to act one hour with his family before being obliged to start for France.

The usual procedure before leaving for overseas is to sell all the household effects. This means fairly ample means for traveling. But in a large number of cases it means coming back practically destitute.

Debts Added to Burden.

Several have reported that they are not only without money on their return, but that they have been obliged to borrow money in England to come to the front, and consequently have debt added to their other burdens.

With the present cost of living in Great Britain, the separation allowance and share of husband's salary is totally inadequate for needs.

One case advised to remain in Canada has been that of a woman with five children receiving \$25 from the patriotic fund, which makes her total income \$45 a month. She states she cannot live on this here. In England it will be reduced to \$40, where living expenses are higher.

A soldier's wife who has found employment in England, has written to her sister stating that she is earning 20 shillings a week and spending 18 shillings a week for board, which means she has 20 cents a week for clothing and incidentals.

English newspapers are calling attention to the plight of the wives and families of many colonial soldiers who arrive in London. They go there with the impression that the husband and father will be able to run over from France to spend occasional week-ends with them, only to be sadly disappointed.

One case recently mentioned in the Daily Telegraph was that of a Canadian woman who arrived in England, to be near her husband, only to find that he had been wounded in a French hospital, and that there was no means of reaching him.

"Because of the request of the British Government, from what we have seen ourselves, and the general tenets of the soldiers' wives and families, we are strongly advising them to remain here," was the statement made today by the chairman of the local Patriotic Association.

THEFT IS CHARGE.

DRESDEN, Sept. 22.—A lad aged about 15 years, who in the local "lock-up," charged with the theft of a bicycle pump and other articles from John Graham's barn.

URGES EVERYONE TO QUICKLY GET ON WATER WAGON

Drinks Glass of Hot Water Before Breakfast to Wash Out Poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or nasty breath, in fact, to feel your best, day in and day out, just try inside-bathing every morning for one week.

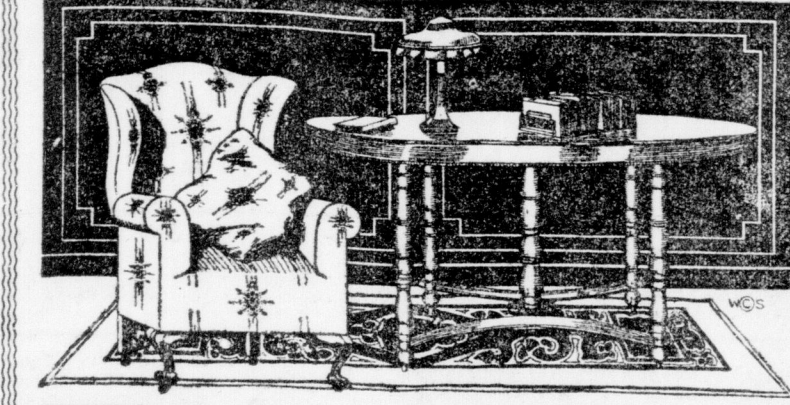

Before breakfast each day drink a glass of hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow, and in complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.

WE MAKE OLD FURNITURE NEW

Have You Some Pieces a New Covering Would Improve?

The Inviting Chair

So restful that one cannot withstand the desire to rest one's "weary bones." Just this sort of a chair should be part of the furnishings of every room. We have a number of such chairs, splendidly upholstered, of rich lines, in our Furniture Department. Specially priced in September Housefurnishing Sale, Third Floor.

The Aftermath of Wallpaper Sale

Monday morning we will make a final clearance of every roll and odd lot left from Wednesday's sale. After filling all orders sold during this sale, we find a number of lines left which will be grouped and ready for final clearance Monday morning. Only a few bundles. Come early.

AFTERNOON LUNCH—3 to 5:30—Cold Roast Beef, Potato Salad, Buttered Rolls and Cup of Tea or Coffee, 25c.

VOICE OF THE PEOPLE

The City Auditor and the Utilities Commission.

To the Editor of The Advertiser:

Is it not a matter of regret that the group of level-headed businessmen who make up our public utilities commission should be such a sorry-looking exhibit as they are reported to make in their attitude towards the city auditor's appointment?

This evident desire to load the taxpayer with a foolish, wasteful, and duplicate expense, will not deceive any wide-awake citizen. Transparent stupidity will bring its own reward in due time. It is not business. There is no middle so far as the city council is concerned. We have made a clean job of a strictly business proposition, and can deliver the goods completely, but to quantify and qualify with a saving to the taxpayer of fully \$1500 per year on what the "muddleheads" hoped to force us into paying. Is that the same spot?

The situation is really very simple. On July 3 Frank Jewell, C. A., voluntarily resigned all the city audits, on the ground of ill-health, and inability to continue the work in addition to a large private practice. On the recommendation of the board of control the city council accepted Mr. Jewell's resignation with regret. It was our duty to secure an equally competent man to take up the increasing responsibilities of our audit department. In Mr. Dunlop we have reason to believe the city has a competent successor to Mr. Jewell. Mr. Dunlop has engaged to give the city's interests his full time, which Mr. Jewell never did. The various "acts" referred to so unciously by the chairman of the utilities commission, all, and every one of them, agree that the city auditor controls the commission audits, while our commission operates as a single word authorizing the appointment of any person to audit the books of the commission except the city auditor. Mr. Dunlop, C. A., is now city auditor.

Chairman Pocock has not a leg to stand on, even Mr. Jewell has refused (wisely) to be dragged into a breach of professional etiquette, much to his credit. The act Mr. Pocock refers to gives the commission the same legal right to bury itself, as to appoint any person but the city council's choice for their senior auditor. I had given Mr. Pocock credit for better manners, in his attitude to a professional gentleman with Mr. Dunlop's credentials. It remains to be seen if Messrs. Scruton

We again remind you that we do upholstering of all kinds of furniture, whether new or old, also we re-cover bedroom boxes or window seats and re-cover cushions for reed chairs, settees or corner seats and also remind you that we guarantee our work to be thoroughly satisfactory. We employ only thoroughly experienced upholsterers in our workroom; therefore we see that no piece of work is slighted. Also we only ask a moderate price for expert work, and will be glad at any time to furnish an estimate on any work you may require.

We also have a splendid assortment of Tapestry Coverings, which we were very fortunate in securing, priced as low as \$1.50 and up to \$6.00 yard. These are from the manufacturers of England, Scotland, France, Italy and United States. We save for you the wholesaler's profit by buying direct.

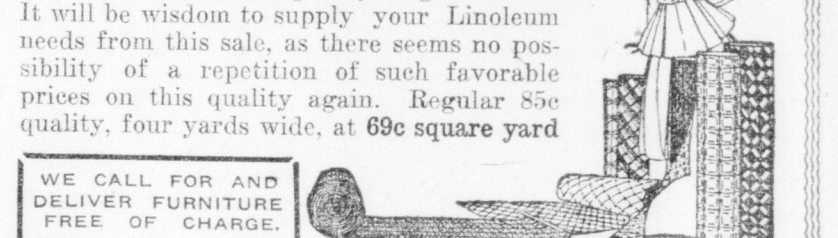

A SPECIAL LINE OF TAPESTRIES AT \$2.25 YARD.

Some new designs in Tapestry, in both light and dark grounds medallion, verdure and floral effects, copying closely many antique color combinations. These are particularly good value, and today's price would be \$3.00. Our special, \$2.25 yd.

Reduced Prices On 12 Foot Wide Linoleums

We had not anticipated another Linoleum sale this season, but we were fortunate in receiving a shipment of heavy four-yard wide Cork Linoleum into stock this week that should have reached us months ago. They were bought when prices were much lower than today. The designs are exceptionally good, including tile, floral and parquet effects, and the quality is guaranteed. It will be wisdom to supply your Linoleum needs from this sale, as there seems no possibility of a repetition of such favorable prices on this quality again. Regular 85c quality, four yards wide, at 69c square yard

WE CALL FOR AND DELIVER FURNITURE FREE OF CHARGE.

There is also a number of Gilt and Floral Parlor Papers, regular values up to 25c roll, all clearing at 5c

New Fall Oatmeal and Decorations are here, selling at old prices, full eight-yards roll, 30c inches wide

Cut-out Borders with bands at from 8c yard up

THIRD FLOOR.

AFTERNOON TEA, 15c.—Buttered Toast, Orange Marmalade and Cut Cake with Cup of Tea or Coffee, Special, 15c.

CITY MINISTERS RUNNING "BILLY SUNDAY" SPECIAL

Arrange Excursion to Detroit to Hear Famous Evangelist.

Action taken by the Ministerial Alliance means that Londoners desiring to hear Billy Sunday, the famous evangelist, will have an opportunity of going to Detroit during the coming week at special rates, assured of seating accommodation in the Tabernacle.

When the subject was brought up at a meeting held on Tuesday night at the city hall, Rev. H. H. Bingham stated that many who would like to go were deterred from doing so owing to probable inability to find accommodation in the great auditorium in which the services are held. Coupled with the decision to take action in regard to securing a special rate and special train was another, almost equally necessary, to make special arrangements for accommodation for the London contingent. Under the auspices of the Colborne Street Methodist Church, space has been reserved in the Tabernacle. The special train leaves London via C. P. R. at 11 o'clock Thursday morning.

DEADLOCK CONTINUING IN CIGARMAKERS' STRIKE

Last Firm Still Refuses to Come to Terms With Union.

"It looks as if all bets are off," said W. T. McKay, agent of the International Cigarmakers' Union, to The Advertiser following the conference held Friday between a delegation from the local Cigarmakers' Union and Brenner Bros.

"We have gone as far as we can, and will make no further concessions, as we have tried to give the men a square deal, and as far as we are concerned the matter is ended," said A. H. Brenner, commenting on the situation that has remained unchanged for some weeks.

The above statements from representatives of both parties interested in the cigarmakers' strike showed a deadlock and further indicated that the strike will not be finally settled at an early date.

Brenner Bros. were among the first to refuse to grant the cigarmakers' demands in their revised scale of prices, which became effective August 5 last.

FUND FOR PRISONERS
OPENS AT OTTAWA

Farewell Gift to Duchess of Connaught
Is Started on Way.

OTTAWA, Sept. 22.—The Dominion-wide movement to co-operate in a farewell gift to the Duchess of Connaught, which, at the request of His Royal Highness, will take the form not of a personal gift, but a fund to aid Canadian prisoners of war, opened auspiciously in Ottawa today with two donations of \$500 each from the local chap-

ters of the Daughters of the Empire. The organization for the fund in each province is in charge of the wife of the lieutenant-governor. Lady Borden is in charge of a special effort in the capital.

VILLA WAS NOT THERE.
WASHINGTON, D.C., Sept. 22.—Gen. Trevino, the Carranza leader at Chihuahua city, telegraphed the Mexican embassy here today that Villa did not take part in person in the attack on the Chihuahua city garrison last week. The attacking forces, he said, were made up of a combination of bandit juntas.

ALLIED TRANSPORT,
FRENCH SUBMARINE,
SUNK BY THE FOE

Berlin Says Troopship Went
Down in Mediterranean.

BOMB HITS SUBMERSIBLE

Entire Crew Reported To
Have Been Rescued and
Made Prisoner.

BERLIN, Sept. 22.—Via Sayville.—The admiralty today issued the following statement:

"A German submarine on September 17 sank in the Mediterranean a completely filled hostile transport. The steamer sunk in 43 seconds."

The French submarine Foucault has been sunk in the Southern Adriatic by bombs dropped from Austro-Hungarian naval aeroplanes, the Austrian admiralty announced today. The entire crew of 29 men were rescued and made prisoners.

The admiralty statement reads:

Austrian Report.

"An Austro-Hungarian naval aeroplane in the Southern Adriatic sank by means of bombs the French submarine Foucault. The aeroplane's pilot was Lieut. Cieslowski and the observer was Lieut. von Kilmburg. The entire crew of the submarine, comprising two officers and twenty-seven men, many of whom were in a very poor condition, were rescued and made prisoners by the naval aeroplane mentioned and by another piloted by Lieut. Komjovec, with Cadet Severa as observer. "Half an hour later the imprisoned crew was taken over by a torpedo boat while the two officers were transported to land on the naval aeroplanes."

No French submarine Foucault is located in available naval records. The sunken craft was probably the submarine Foucault, built in 1912 at Cherbourg. She was 167 feet long, 16.3-foot beam, with a speed of 12.5 knots above water and of 8 knots submerged. She was equipped with six torpedo tubes. Her complement is given as comprising 24 men.

The French submarine Foucault on January 14 this year was reported in Rome to have sunk an Austrian scout cruiser of the Novara type in the Adriatic. On January 16 the Overseas News Agency, a semi-official organization in Berlin, reported that no Austrian ship was missing, and added, "the Foucault must have sunk a ship of the Entente powers by mistake."

Dunlop "Traction" Tread Idea
Rests on Sound Practice.

Because the tread of "Traction" represents in rubber the corrugations of a traction wheel, it has an unusual grip on the road.

LAWYER GOT \$2,000,000
OF CLIENT'S MONEY

Judge Orders Him Held on a Charge
of Perjury.

CHICAGO, Sept. 22.—Jas. R. Ward, attorney for Edward W. Morrison, an alleged millionaire bankrupt, was ordered held to the grand jury by Federal Judge Landis today on charges of perjury.

Ward has come into possession of \$2,000,000 worth of property owned by Morrison, whose vanishing millions have been a subject of inquiry before Judge Landis.

BANK OF MONTREAL
SUES POLICE CHIEF

TORONTO, Sept. 22.—The Bank of Montreal has entered action against Chief of Police Henry J. Grassie, Michael B. Shortall and the Bank of Toronto. The action is to recover possession of \$1,915 in bank bills, which it is alleged, were stolen from the branch of the Bank of Montreal at New Westminster five years ago.

It is alleged that the money was deposited in the safety deposit vault of the Bank of Toronto by Maurice Flanigan, and that he authorized Shortall to withdraw it. The money is in the possession of the police.

NOTED MUSICIAN
OF MONTREAL

Advices the Use of "FRUIT-A-TIVES," the Famous Fruit
Medicine.

MR. ROSENBERG.
April 20, 1915.
533 Casgrain Street, Montreal.

"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-tives.' I was a sufferer from these complaints for five years, and my sedentary occupation, music, brought about a kind of Intestinal Paralysis—with nasty headaches, belching gas, drowsiness after eating, and pain in the back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try 'Fruit-a-tives,' and now for six months I have been entirely well. I advise anyone who suffers from that horrible trouble—Chronic Constipation with the resultant indigestion, to try 'Fruit-a-tives' and you will be agreeably surprised at the great benefit you will receive."

"A. ROSENBERG."
Fifty cents a box, 4 for \$2.50, trial size, 25c. At all dealers or sent post-paid by Fruit-a-tives, Limited, Ottawa.

WITH TAKING A BRIBE
TO STOP PROHIBITION

Peterson of Guelph Alleged To
Have Paid \$500.

JURY FAILS TO AGREE

Witness Says M.P.P. Both Ad-
mitted and Denied He Had
Received Money.

REGINA, Sept. 22.—Chas. W. Cawthorpe, M.P.P., for Biggar constituency, faced trial today in the supreme court on a charge of corruptly accepting a bribe in connection with the banish-the-bar bill before the Legislature in December, 1912. The charge, the crown stated, was based largely upon alleged admissions made by Cawthorpe to Frank Brunner and other witnesses that he had received \$500 in two payments of \$250 each from Clayton Peterson.

To John Sufferin, a Battleford hotelman, the crown said, Cawthorpe had stated while paying his bill, "You hotelmen are easy. Here is some of your own money back."

Frank Brunner said he talked to Cawthorpe in his hotel. "We were talking about the bill, and I asked Cawthorpe if he got any of the money, and he said he got \$250 from Mr. Peterson. He said that some of his friends also got paid. He mentioned Simpson and Totzke, but I couldn't possibly swear to all the names mentioned."

Then, some time later, Brunner said, "I asked how much money he had got, and if he knew whether Peterson had paid out the money got from the association. He said he was satisfied all right, that he had got his."

"Did he tell you how much he got?" asked Crown Prosecutor Sampson.

"Yes, \$500," said Brunner.

During 1912 Brunner said, Cawthorpe was in Brunner's hotel looking for money to oppose the temperance legislation then proposed. He denied receiving any money from Clayton Peterson or anyone in December, 1912, for his vote or influence in connection with the banish-the-bar bill. He denied that conversations Brunner had had with Sufferin Cawthorpe said he had a loan and paid it back on June 2, 1914, and had used only the words: "Here's your money, Jack."

The jury failed to agree.

GERMANS ADMIT LOSS
OF SMOTRECHT HEIGHT

BERLIN, Sept. 22.—Via Sayville.—The official statement issued at Austro-Hungarian headquarters reads:

Rumanian front: The situation is unchanged.

"Front of Archduke Charles: In the Carpathians the Russians' attacking activity has fallen off slightly. Russian attacks north of Dorna Watra, southwest of Luceacu and in the district of Ludova were repulsed. The summit of Smotrecht was lost again. On the front of General Boehm-Ermoli the artillery combats increased. East of Svitichiv the enemy occupies fresh columns to our attacks. Everywhere the enemy was repulsed.

"Italian and southwestern theatres: There were no incidents of importance."

NO DISAGREEMENT.
WASHINGTON, Sept. 22.—Secretary of State Lansing today denounced as wholly untrue published reports that he and President Wilson's political adviser and President Wilson's political adviser and President Wilson's political adviser had disagreed over legal phases of the retaliatory legislation aimed at Great Britain's interference with trade.

He said the department regarding the legislation were not in shape to be discussed, and that no conclusion had been reached as to enforcement.

BETTER THAN SPANKING

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, 12 Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way.

Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

SUB WARFARE
WILL REFLECT
UPON TEUTONS

Allies to Limit Operations of
Tonnage.

CECIL MAKES STATEMENT

Shows How Blockade is Likely
to Prove More Ef-
fective.

LONDON, Sept. 22.—The continued depletion of the world's supply of tonnage as a result of the operations of the submarines of the central powers, will be met by an increase in stringent measures by which the Entente Allies design to control shipping, so as to insure it being used to the best advantage of the Allies, and prevent it even indirectly aiding their opponents, according to a statement made to the Canadian Press today by Lord Robert Cecil, minister of war trade.

Lord Robert admitted that even the present rate of destruction, without considering the possibility of a resumption of unrestricted submarine warfare, meant a serious loss to the world's tonnage, and that consequently it could not be expected that British coal or other British facilities should be expended on ships carrying goods to blacklisted firms.

The Entente Allies will increase their shipping measures, which already are proving valuable, in making the best use of available tonnage in proportion as the Germans succeeded in destroying merchant ships.

Entente Allies First.

The minister of war trade said that as a matter of course the Entente Allies would be favored, as regards the use of tonnage, and that neutrals engaged in Entente allied trade or in suspected neutral trade would be given the next consideration. Neutrals suspected of neutral acts, he added, would not enjoy the usual facilities.

Lord Robert said that the answer of Great Britain to the American Government's protest against the seizure of mails would be sent to Washington almost immediately, and that the reply to the American protest with regard to the blacklist imposed by the Entente Allies would follow shortly.

A SPLENDID WAY TO RE-
DUCE ONE'S WEIGHT.

There is, perhaps, no one thing that shows the passing of one's youth so much as the horrible tendency of some of us to put on too much weight after we have reached the age of 25 or 30. However young our faces may appear, our figures "give us away."

The cause of this over-stoutness is that our stomachs convert the food we eat into fat because there is not enough oxygen in the blood to produce a proper combustion to destroy the fatty tissue. To reduce your weight go to a good druggist and get all of orlene in capsule form and take one after each meal.

It is sold only in original sealed packages. Out of one taken at meal times gives you all the benefit of the food you eat, and at the same time dissolves the fatty tissue from any part of the body where there is excessive fat. In this way many have reduced their weight at the rate of about a pound a day, and no flabbiness is left.

Any druggist can supply you, or a large size box will be sent on receipt of \$1.00, postal note or money order. Address D. J. Little Drug Company, Box 1240, Montreal, Can.—Advt.

NEW AGRICULTURAL COLLEGE
FOR EASTERN ONTARIO

TORONTO, Sept. 22.—Hon. J. S. Duff, minister of agriculture, announces this afternoon that a new agricultural school is to be established through the Ontario department of agriculture for the purpose of serving a large proportion of Eastern Ontario. It is to be located on land which has been secured adjacent to the town of Kemptonville, in the county of Grenville. Plans for the buildings and for organizing the work are being undertaken at once. It is understood that the total capital cost will be in the neighborhood of \$100,000, to be financed with the aid of moneys received under the federal agricultural instruction act. An agreement to this effect has just been approved by the minister of agriculture at Ottawa.

NERVOUS
HEADACHE

Nervous, sick headaches tell of exhausted nerves, and warn you of approaching prostration or paralysis. By enriching the blood Dr. Chase's Nerve Food restores the wasted nerve cells and thoroughly cures headaches, sleeplessness and other nervous disorders.

50 Cents a Box, All Dealers, or Edmondson, Bates & Co., Limited, Toronto.

"CASCARETS" FOR
YOUR BOWELS IF
HEADACHY, SICK

For Biliousness, Bad Breath,
Colds, Indigestion and
Constipation.

Enjoy Life! Live Your Liver
and Bowels Tonight and
Feel Fine.

Your tongue is coated! Look inside your watch cover and see! That's bad business. What have you been eating? What were you drinking? What kind of a lazy chair did you take exercise in? Now don't think it doesn't matter, because, it's your bowels that talk now every time you open your mouth. That doesn't help your popularity, nor your earning capacity. Besides, a person with bad bowels is in a bad way and a coated tongue or a bad breath are sure signs of bad bowels and poor digestion.

Why don't you get a 10-cent box of Cascarets at any drug store and give your liver and thirty feet of bowels the most, gentlest, cleansing they ever experienced. Take one or two Cascarets tonight and wake up feeling fine and fit. All Headache, Fullness, Biliousness, Bad Breath, Stomach Sourness, Cold and Constipation—wake up with your head clear, tongue clean, stomach sweet, liver and bowels active, step elastic and complexion rosy.

Cascarets work while you sleep—never gripe or sicken. Cascarets act so gently that you hardly realize you have taken a thorough cathartic. They don't bother you all next day like salts, pills, oil or calomel—Cascarets being perfectly harmless is best children's laxative.

To the north of Florina an attack

The Quality Sign on Underwear

THIS Season's new lines emphasize even more forcibly Mercury's leadership in QUALITY and up-to-dateness.

Mercury Underwear combines the smart shapeliness and ultra comfort of the Mercury closed crotch design with the superb softness, loitness and "lively" quality of the highest grade imported wool garments.

In fact, Mercury garments go through the same processes of manufacture as the highest class imported lines, and the handsome shaded effects are exclusive to Mercury garments.

See the new lines at your Gents' Furnishers. Business and professional men who desire light weight combined with warmth will find our Mercury No. 1200 fills the bill.

Mercury Natural Wool Combinations and two-piece garments are also highly recommended.

Mercury Underwear

(Made in Canada)

Mercury Mills, Limited, Hamilton, Canada

Instant Relief for Sick Headache

Nausea and Heartburn

You cannot have sick headache when your liver is right. Dr. Cassell's Instant Relief sets it right, and that is why it cures sick headache and other bilious troubles so quickly, so surely, so thoroughly. It is not violent, like so many preparations, and you don't need to keep on taking it. It just helps your liver to regain its power, and thus natural action and natural cure follow at once.

"Science Sitings," a prominent English scientific journal, says (April 11, 1910): "Providence has given us the means to devise means to compensate nature for our ill-treatment of her. The means at hand come from natural sources, and we have them embodied in such splendid combinations as Dr. Cassell's Instant Relief."

Take Dr. Cassell's Instant Relief for constipation, biliousness, torpid liver, sick headache, dizziness, speech before the eyes, flatulence and windy spasms, acidity, heartburn, impure blood, and that dull, heavy feeling which is a sure indication of liver troubles.

Price 50 cents, from all Druggists and Storekeepers.

Or direct from the sole agents for Canada, Harold F. Ritchie and Co., Ltd., 3, McCaul Street, Toronto. War Tax 5 cents extra.

Dr. Cassell's Instant Relief is the companion to Dr. Cassell's Tablets.

Sole Proprietors: Dr. Cassell's Co., Ltd., Manchester, England.

H. C. OF L. PROBLEM.

SOME method of reducing the high cost of living is being earnestly sought throughout the Dominion, and in many other lands at this time, and schemes of all kinds are being proposed, some worth consideration and others too obviously useless or unworkable to receive much attention.

But is it not in the hands of the individual to govern this cost to some extent? If home-made bread is cheaper than bought, each one who is feeling the pinch can stop patronizing the baker and arrange a regular baking day at home without inducing all her friends and neighbors to do likewise.

By home manufacture and the use of inexpensive ingredients to take the place of some whose price is now excessive, other articles of daily use can be cheapened and brought within the reach of those whose purses are now unduly strained.

This individual power to bring down expenses does not excuse the Government for inaction. It is not urged that no steps need be taken by the authorities to ascertain the reason for high prices and, if possible, reduce them. This is highly desirable and a very apparent duty, but the people can assist.

There is also the question of waste in the great majority of houses. Half a loaf of bread is stale and instead of being used in one of the numberless ways possible, it is thrown into the garbage can. Potatoes are peeled with more regard to speed than economy. Other things are lessened in value in like manner.

The utilizing of every ounce of food-stuffs purchased and the elimination of some almost valueless luxuries from the daily menu would leave more change in the pocketbook at the week-end. These are methods within the reach of all which can be taken in anticipation of more sweeping reforms through the instrumentality of the law.

IS IT A THREAT?

IT IS TO BE inferred from the conduct of Hon. Robert Rogers in virtually threatening the judge in charge of the late graft investigation in Manitoba, in which Rogers himself was called, that the Dominion cabinet intends to regulate the judiciary hereafter.

THE TIME TO STRIKE.

THE TOP OF A PAGE in the Vancouver Sun contains the pictures of women who helped the Liberals win in British Columbia. It is time for the women of Ontario to strike. These are the days when governments have to move. They cannot safely take the "women-be-damned" attitude which has characterized the Conservative administration in Ontario. They have repeatedly denied the vote to women, both in minor municipal affairs and for the broader provincial issues.

Is the vote to be given to women to all other parts of Canada and denied the women of Ontario? With the Liberal each session introducing legislation to give power to the hands that knits for the soldiers and rocks the cradle as well, the Legislature, at last seeing through its grimy glasses the signs of public opinion, will be ready to sue for favor and grant what is the most plain right in the world—a right for women to deal in some measure with affairs that are closest to the home—child welfare, temperance, schools and a host of other vital matters, toward which now their opinion is not invited.

It is time to strike for women's votes in Ontario. Let the Legislature be given a warning up the next time it meets. And, by the way, who has a better right to the ballot than the soldier's wife, rich or poor?

THE ACME OF COURAGE.

IT requires courage to fight in the trenches and to take an honorable part in resisting attacks or driving home an assault, but to escape from a German prison camp and succeed in reaching England must take all the heroism of which man is capable.

The average British and Canadian soldier does not know ten words of the German language. He is captured in battle and taken to a prison camp in an enemy country, and there decides to attempt flight. What is his prospect? First there is the difficulty of leaving the prison ground, with the attendant risk of being shot dead or caught and viciously ill-treated by his guards. But if he has the good fortune to get into the open, it is only to find himself in a country where practically everyone will be delighted to hand him over to the military if he is a friend. At most he may possess a compass and map, and as these may be trusted to find his way to the border and cross into a neutral nation's territory. He will receive no other help.

Germany is alive with soldiers, on duty day and night to see that no one enters or leaves its boundaries without official permission. In the interior are soldiers and police on the lookout for every man who is not familiar to them and only too eager to make arrests. All these are the sworn enemies of the escaping man. Food he must steal, for he dare not attempt to purchase it when a single spoken word would betray him as an alien. Walking is the only available means of transportation, and it is not only slow but full of danger. Every hour he spends in the country is 60 minutes of intense anxiety and nerve-racking strain, and he must face all this alone and with ever-open eyes.

When at least such an one has crossed the line and finds himself in Holland, Switzerland or Sweden what relief and joy he must experience. His trials are nearly over, and it is comparatively easy to get to England.

There is no excitement of battle, no blood-lust or seeling red for the escaping prisoner. What he accomplishes must be done in cold blood and with every danger fully realized. To be successful he must have the courage which would guarantee him a Victoria Cross if an opportunity to win the reward were to come his way.

WHAT ARE YOU DOING?

BELGIUM has a claim upon the heart and the pocket of every man, woman and child in London. The school kiddies in this city are taking their pennies to their classrooms for the Belgian kiddies.

None of the Belgian kiddies or their mothers or fathers have more than three-quarters of what they need to be properly nurtured. What are you doing for the Belgians? Mrs. A. T. Edwards, 183 Oxford street, is the local treasurer of the Belgian Relief Fund.

NEW BRUNSWICK'S SHAME.

NEW BRUNSWICK electors appealed to to repudiate the former premier, Flemming, who was condemned by a royal commission, principally because of the heroic work of Mr. Carvell, M.P., refused to respond and rejected two Conservatives.

In the early stages of the war, the Greek army would have been most valuable to the Allies, but it has lost morale and ambition. Nevertheless, with a great objective before it, it might "come back" and win for Greece at last the right to be classed among the countries who fought bravely for humanity and helped crush the Hun. But it becomes increasingly evident that Venizelos must hold the reins of power before anything is accomplished.

lution is necessary, it will be only when he is assured that such a movement will have all the support requisite and is certain of success.

In the early stages of the war, the Greek army would have been most valuable to the Allies, but it has lost morale and ambition. Nevertheless, with a great objective before it, it might "come back" and win for Greece at last the right to be classed among the countries who fought bravely for humanity and helped crush the Hun. But it becomes increasingly evident that Venizelos must hold the reins of power before anything is accomplished.

Had the Teutons cut this line and got to Constanza, great difficulty would have been experienced in bringing Russian supplies and reinforcements to the battlefront. The danger has been averted, and it is improbable that it will again become acute. Mackensen has been defeated and his troops will not immediately recover from the shock.

EDITORIAL NOTES.

Villistas have killed two Britishers are now entitled to congratulations from the Kaiser.

If Hon. W. J. Hanna does retire there will be a quiet but joyful celebration among some of his colleagues.

There are still one or two editorial pages which have neglected to have a paragraph on Turkey and Thanksgiving.

Some young officers will feel that a load has been lifted off their shoulders by the new order making mustaches not necessary.

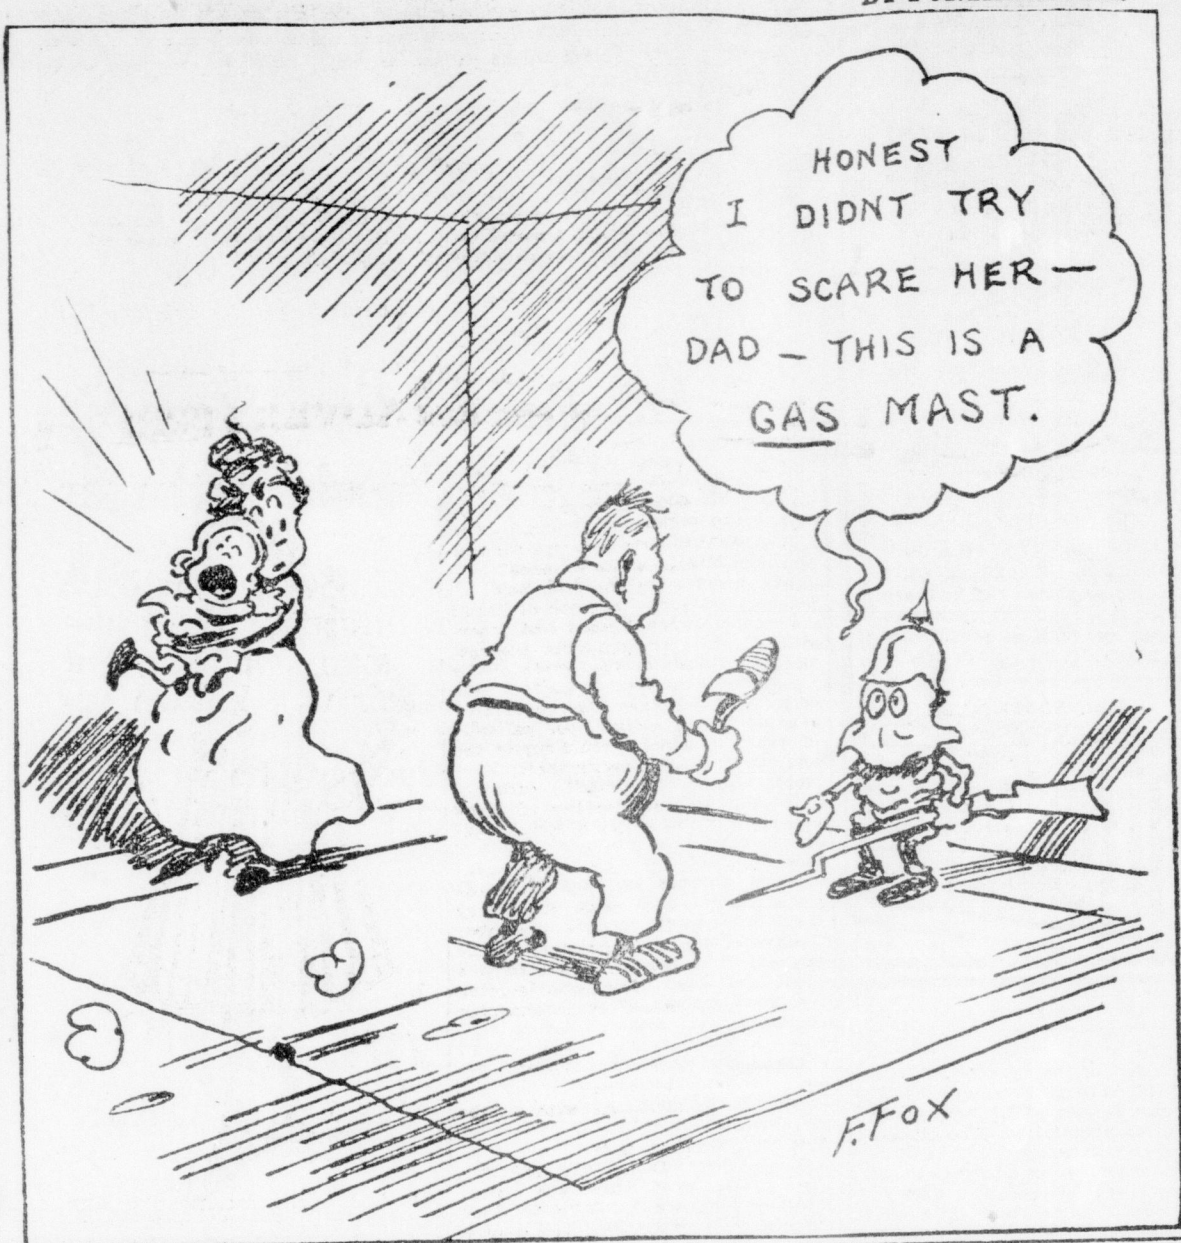

If the Kaiser and Franz Josef continue to furnish such incentives for dismissed army officers, there will be keen competition for dismissal.

The fact that Premier Kologoropoulos smokes French tobacco proves nothing. Many a British soldier is delighted to get Turkish cigarettes.

An Eskimo offers to prove beyond doubt who was the discoverer of the North Pole if given \$1,000,000. He may get some good money to keep the secret.

The Cure

[By Alden Pierce.]

Mary stopped in front of an immense grey stone building set well back from the street and sentience by a row of Norman poplars. Right beside it was another building of the same size and type, with a row of the same kind of trees in front. She hesitated. Which was the library? Her aunt had given her a novel to exchange. Well, I've got to find somebody to take it. I feel like Bluebeard's wife. Where do you suppose all the people in this end of the globe have disappeared? There must be a circus somewhere! Well, I've got to find somebody to take it. Let's see, which door shall I take? My mother told me to take this one! There, that's settled. The first door to the right it is then.

As it happened the door was open, and on it in small letters the word VISITORS.

Mary went into the deep-carpeted, leather-furnished room, and found emptiness there, too. "Why 'Visitors,' I wonder, when there is no one to visit? I am beginning to think this is the outpost of a cemetery." She was nearer right than she thought.

While debating her next move, she heard a footstep in the hall. "Thank goodness!" she said at last. If she passes this door without coming in I'll scream! But "he" did come in. That is, he stopped in the door, looking at her up and down, and then he went on to the next door. Mary decided that she would be too heavy to pick up bodily and run off with, and finally nodded a curt "good morning."

"Good morning," returned Mary pleasantly. "Will you tell me if this is the library?"

"Next door," answered the man. "This is the Stuyvesant Hospital."

"Oh!" said Mary. "And there's a man upstairs that is yelling his head off for some girl, and I'm about as my wit's end to know what to do. Will you tell me?"

"He'd know the imposition!" "No, he wouldn't. He's out of his head. Besides, he's all bandaged up and can hardly see."

"Wouldn't the nurse do?" demurred Mary.

"She did for a week, but he knows the difference some way now. He feels for her cap and cuffs. He keeps calling for Mary. He told your head. And as it's brain trouble as well as broken bones, he probably won't get better. But we must keep him quiet if we can. I think you'd better come. It will only take a few minutes."

"All right," said Mary, catching at her book nervously. "You'll have to tell me what to say."

"You won't need to talk. Anyway he'll do the talking. Let him hear your hand if he wants to. He may even want to kiss you."

Mary drew back.

"Better let him," said the doctor. "It won't mean anything to you, and it may save his life."

"Well, if it means his life, I suppose," consented Mary.

The doctor took them to the third floor. The doctor led the way through a wide corridor to a room with 45 marked on the glass door. He held it open and Mary passed in. The nurse nodded and took her book. "I'm glad you came," she said.

On a white iron bed a man lay swathed in bandages, which crossed and recrossed his face. His eyes, nose and mouth alone escaped, and for all Mary could make out he might have been Ethiopian or Mongolian, 18 or 70. He kept muttering incoherently, his eyes starting restlessly toward the room.

The doctor went to the bed. "Here's Mary," he said. "We've brought her to see you."

"How was he hurt?" whispered Mary to the nurse.

"Football!" was the laconic answer.

Mary went quite close and half bent over the sick man. "Here I am!" she said softly, and repeated, "I'm here—what's his name?" she asked quickly. "Jim! Call him Jim!"

"I'm here, Jim!" she repeated, and laid a soft cool hand on the hot one restlessly clutching at the cover. Instantly the fingers turned and held hers, the restless eyes fastened themselves on her face and grew quiet. "Mary?" he said. "I know you would say yes. I love you, Mary. You will marry me, won't you? I've waited so long."

"This is wonderful. We've got to keep it up. He's quieter than he's been for days."

"Yes," said Mary.

The man turned over and tried to move his other arm.

"Take this other hand," said the doctor. So Mary sat down on the edge of the bed and took the sick man's other hand in hers.

"What do you want, Jim?" she asked kindly.

Something was gripping her heart. Away off in her own city a man named Jim loved her. And she had refused his love. But she knew that if he were hurt like this, helpless and fighting for his life, she would do all she could to save him.

"I know you'd come, Mary," said the sick man gripping her hands hard. "You came to tell me you loved me, didn't you? Kiss me, Mary." And stooping, she kissed him.

And so, holding her hands and talking and muttering, he gradually grew quieter until he slept.

"It's marvelous!" said the doctor. "I'd no idea it would be like this. He may sleep now for hours, and waken in his right mind. I think, my dear young lady, that you can flatter yourself you have saved a life."

WAIT A MINUTE!

—By J. H. F.

The real reason why Detroit did not win the pennant was because Ty Cobb did not hit .400.

Von Mackensen's drive was so successful that he thinks he will run to Vienna, and we'll see the Russians out trying to catch him.

The Americans are mad at both Great Britain and Germany, and may send their 450 soldiers to capture both these countries.

Greece is preparing for its finish. King Constantine may yet find St. Helena a splendid place in which to pass his declining years.

The provincial license commission frowns upon barmaids, and a lot of other things. Frowning seems to be the only labor given in return for their fairly plump salaries.

Anent this discussion on women's dress, one must admit that a lot of men are using their eyes.

Officers will no longer be required to wear moustaches, a militia order says. Oh, well, some of them will not be missed.

Probably if some men kept as close an eye on the main chance as they do on women's hose, they would be right up where the big money is being paid.

King Constantine, in his desire to keep Greece out of war, bids fair to start a family row that would make the other row look like a picnic.

A lot of rich women in New York are adopting wait babies. Dogs apparently are going out of fashion.

Edna Goodrich is appearing in the House of Lies. As Edna has been married several times she should know something about that.

We have had the vampire woman, the wolf woman, and other kinds of animal woman, but you never see a dramatization of the sheepish woman, at least hardly ever.

The oldest billposter is dead. He stuck to life quite a spell.

Villa is so nearly dead that he is just able to lead a few thousand troops, and capture a city or two. He's in a bad way.

The inspired person who wrote about the "incarnate poetry of a slightly ankle and curving shoulder," must surely have been thinking of Bill's poetry.

Kansas citizens have just lynched a white man. It is refreshing to know that lynchers are not recognizing the color line.

Now that Hon. "Bob" Rogers has straightened out the judiciary of Canada, he might spend a few profitable hours in teaching Sir John Hughes the fine points of the military game.

There have been no drunks in the police court for some days. The habit of sobriety must be contagious.

Those crocuses must have decided that spring has really come. It looks like it.

Having placed most of the Liberals and Liberal newspapers in the ranks of enemies of recruiting, it might be in order for some of these apologists to recommend J. Wesley Allison for knighthood or some other favor at the hands of His Majesty.

It has been, or rather should be mentioned, by some of these Conservative newspapers that it was not the Liberals that beat Bowser up.

It looks as if it is about time that Kaiser Bill divorced Von Hindenburg. He's getting kicked about a bit every day.

A few more defeats, and there will be a general strike of German generals.

The high cost of living is causing much talk these days, but just so long as it continues to be just talk, there will not be much relief for the gent who has to dig down for the price of a steak. Let something be done, that will start the thing going in the right direction.

The Cincinnati ball club will finish last in the National League, the very best place for the Cincinnati ball club.

The temperature act seems to have as many holes as a Swiss cheese.

"Billy" Hanna may quit politics. William John knows when to pull a farewell.

LONDON TO DETROIT AND RETURN VIA CANADIAN PACIFIC RAILWAY. WAY, \$2.75.

The Canadian Pacific Railway will run an excursion to Detroit on Saturday, September 23, leaving London at 11:20 a.m. train, at rate of \$2.75, including war tax. Tickets will be good on all regular trains returning up to and including Monday, September 25. Tickets and full information at the City Ticket Office, corner Dundas and Richmond streets. H. J. McCallum, City Passenger Agent. 6c.

THE QUEEN CITY SPECIAL—LONDON TO TORONTO VIA CANADIAN PACIFIC.

The traveling public are directed to the excellent train service between London and Toronto, particularly the "Queen City Special," leaving London at 9 a.m. daily, and arriving in Toronto at 12:15 p.m.

STORIES OF BRITISH NAVAL HEROISM

The Origin of the Expression "Blood Is Thicker Than Water"

Written for The Advertiser by Judge Barron of Stratford

Dedicated to the Boy Scouts of Canada.

Admiral Sir James Hope, in the second China war, on the 25th of June, 1859, attempted to force the entrance of the Peking River. In spite of traditional heroism so magnificently shown by one and all, he experienced disastrous defeat. He was humiliated on all sides and could not withdraw, but could he get the aid of 600 men in reserve there was yet a chance to save his ships, but how to tow them into action was a quandary. The admiral was himself lying wounded on the deck. At this crisis the commander of the fleet, Lord Dufferin, U. S. N., whose ship was lying seven miles out of range. A midshipman carried the request, but the commander answered him:

"No. It is worth more than my commission. My country is at peace with China, and it would be a declaration of war. I cannot do it."

The midshipman stood at salute, then turned and passed over the side of the ship. He was in great distress, for he knew too well what the refusal meant.

"Stop, young man," sang out the commander. "You tell me your admiral is wounded."

"Yes, sir," was the reply. "If he had those 600 men towed into action the admiral thinks he could withdraw, does he?"

"He does, sir," answered the midshipman.

"Blood is thicker than water. A brother sailor in distress. I will help him out," and he did.

The small U. S. steamer Teytan towed the men into action, and the admiral was able to withdraw. The generous act cost the commander the loss of his coxswain, who was killed, and Lieut. Trenchard, U.S.N. (afterwards admiral) was seriously wounded. This incident is said by

some to be the origin of the expression "Blood is thicker than water." The story would be incomplete without referring to the dispatch of the secretary of the U. S. navy, which is as follows:

"Navy Department, Washington, 8-8-59. 'Sir—I have received your No. 36, dated 4th of July, 1859, relating principally to the action between the Chinese forces and the allied squadrons of England and France, at the mouth of the River Peking on the 25th June last, and to your proceedings on that occasion. Your course, as indicated in your dispatches, meets with the approval of the department. Your obedient servant."

ISAAC JONCEY, Secretary of the Navy.

LOBO LIBERALS TO MEET.

A meeting of the Liberals of the township of Lobo will be held in the town hall at 8 o'clock on Tuesday evening, September 26, at 8 o'clock a good attendance is requested, as business of importance will be discussed.

JUDGES HAD BUSY DAY
AT MARSHALL CLOSING

One Driver Fined—Others Are Warned
About Juggling Positions in
Pacing Event.

MARSHALL, Mich., Sept. 22.—With the 2:19 trot going six heats and 2:24 pace five heats, it was impossible to start the 2:40 pace at the last day's shortship circuit races at Calhoun fair, and it was called off.

Birdie Welch won the 2:24 pace, after dropping the third heat to George E. Hutton, and fourth to College Boy. The judges decided that Trudell held back College Boy, and put up Grapentine in the fourth heat, allowing him \$25 out of College Boy's winnings.

Dan Hopkins was fined \$50 for holding Birdie Welch back in the fourth heat.

After Pearl Thorne won two heats in the 2:19 trot, Hal Erwin took the third with Frances Belmont. Helen Wilstar was set back from second to sixth place for swinging in stretch, and all the others moved up. Decoration took fourth heat, Frances Belmont being placed fourth for running. Erwin's mare won fifth heat, Helen Wilstar being placed sixth again, instead of second, for running. Pearl Thorne and Frances Belmont raced off sixth heat. Summary:

2:19 Trot, 3 in 5, Purse \$300.
Frances Belmont, b. m., 1 2 1 4 1
Pearl Thorne, ch. m., 1 3 3 3 2
(VanVleet) 4 4 2 1 2
Decorations, ch. g., 4 4 2 1 2
(Shackett) 5 5 5 5 5
King McKerron, b. h., 2 5 4 3 5
(Grapentine) 3 3 3 3 3
Aileroid, b. g. (Hopkins) 5 5 5 5 5
Helen Wilstar, b. m., 6 6 6 6 6
(Hoffman) 6 6 6 6 6
Bell McKee, George D., Wildston were drawn.

Time—2:19, 2:18, 2:18, 2:18, 2:20, 2:20, 2:24.
2:24 Pace, 3 in 5, Purse \$300.
Birdie Welch, b. m., by Anyman Boy (Hopkins) 1 2 4 1
George E. Hutton, b. g., by Mabel Grit (Erwin) 3 3 1 2 2
College Boy, b. g., by Collegian (Trudell & Grapentine) 2 2 1 3
William J. K. b. h. (Dorvis) 4 4 4 4 4
Strong Heart, b. g. (Warner) 5 5 5 5 5
Frank Ross, b. g. (Grapentine) 6 6 6 6 6
Time—2:17, 2:18, 2:18, 2:18, 2:17, 2:17.

DUCHESS MCKINNEY WINS
WOODSTOCK FREE-FOR-ALL

Lucille Simmons Also Captures a Race
On Closing Day of Fair.

[Special to The Advertiser.]
WOODSTOCK, Sept. 22.—The main feature at the fair today was the horse races. The free-for-all brought out a fast lot of horses, and some excellent sport was witnessed.

In this event Duchess McKinney proved her worth by winning the last three heats after coming in third in the first heat.

Lucille Simmons brought home the bacon in the 2:40 class, duplicating Duchess McKinney's performance. Billy Martin won the free-for-all dash by capturing two out of the three heats.

The results:
2:40 Trot or Pace, Mile Heats.
Queen of Peace (Field Bros.) 4 2 2 3
Rose El Dillard (Porter) 1 3 3 3
Red Herring (Stephens) 4 4 4 4
Best time, 2:24.

Free-For-All, Mile Heats.
Duchess McKinney (Porter) 3 1 1 1
Bertha Walsh (Walsh) 1 2 2 3
Bertha Belle (Davies) 2 3 3 2
Emily De Forest (Chittick) 4 4 4 4
Best time, 2:14.

Running Race, 5/8-Mile Heats.
Billy Martin (Douglas) 3 1 1
Billy Meyers (Pollock) 1 3 2
Lady Dot (Dent) 2 2 2
Best time, 1:10.
Starter, Byron McCarty.

ALLIES HAVE CAPTURED
55,800 HUNS ON SOMME

Allies Close in On Combles, Which Enemy Tries in Vain to
Rescue—British Line Less Than Four Miles From
Bapaume.

LONDON, Sept. 22.—From July 1 to Sept. 18 the French and British took more than 55,800 prisoners on the Somme front. This announcement was made in the French official statement issued tonight. Of these 34,000 were taken by the French, whose operations covered a larger area than did those of the British.

Every Allied gain made has been held, the counter-attacks of the Germans failing in each case. This morning the enemy made an attempt to recapture positions taken by the French between Le Priez farm and Rancourt, southeast of Combles, in an effort to relieve the situation about this village, which is daily becoming more critical. The assaulting waves were checked by the French artillery fire, the enemy being compelled to retire to his trenches, after suffering heavy losses.

FRENCH PUSH FOE BACK.

Following this the French took the offensive on the outskirts of Combles, capturing a well-fortified house held by the enemy, and taking 100 prisoners, including three officers. Further east trench elements and forty prisoners were taken.

Further north the British made an important gain last night. Two lines of German trenches on a front of about a mile between Flers and Martinpuich were taken, straightening the British line at this point and reducing the distance to Bapaume to a little over three miles.

ICELAND PAYS LONG-
DELAYED VISIT TO N. Y.

First Ship Since Lief the Lucky in 1,000 A. D., Comes to
America—War Has Created First Millionaires and
First Labor Strikes on Island.

New York, Sept. 22.—The Gulfoss, said to be the first Icelandic ship to visit the shores of the western hemisphere since the days of Lief the Lucky, tied up in the harbor here yesterday with a cargo of herring. Aboard the Gulfoss, a little steamer of 800 tons, is a crew of Icelandic sailors, officers by Icelandic navigators, and speaking virtually the same language that Lief, son of Eric the Red, spoke when he landed at Cape Cod about the year 1000. The ship is in command of Capt. Sigurdur Pjetursson, who told

of the remarkable prosperity that has come upon Iceland since the European war started. Amazingly high prices for the products of the island have brought prosperity in the last two years. The war created the first millionaires in Iceland, he declared, and also gave the island its first experience with labor troubles and other disorders of modern civilization. A strike of the fishermen's Union on the island lasted throughout last summer, the captain said.

PENSION BOARD CHIEF
ANNOUNCES PAYMENTS
TO BE MADE SOLDIERS

Range From \$480 to \$1,000 a Year Up to Rank of Captain
for Total Disability—Widow to Get 80 Per Cent of
Pension.

MONTREAL, Sept. 22.—Mr. J. K. L. Ross, chairman of the board of pensions committee, in addressing a recruiting meeting on behalf of the Irish Canadian Rangers in Dominion Square tonight, announced some interesting figures for pensions for soldiers and dependents. For total disability, rank and file, the pension will be \$480 a year; color-sergeant, or other sergeants, color-commander, sergeant-major, \$510; regimental sergeant-major, \$620; lieutenant, \$720; captain, \$1,000. Those entitled to be awarded pensions are divided into six classes, as follows: First class, for total disability, 100 per cent; second class, 80 per cent; third class, 60 per cent; fourth class, 40 per cent; fifth class, 20 per cent; sixth class, less than 20 per cent. Up to each of these, and including the rank of lieutenant, totally disabled, and in addition totally helpless, a further allowance not exceeding \$250 a year may be made. These up to and including the rank of lieutenant dis-

GERMANY WILL ALSO
HAVE A BLACKLIST

Begins by Placing a Ban On Trade With
Dutch Firms.

AMSTERDAM, Sept. 22.—Germany is enacting Britain's example in the matter of the anathematized blacklist. The names have been made public here of some half a dozen Dutch firms who have a place upon it. They are excluded from all export from Germany, neither may any material of German origin be supplied them. Further, there is a long list of firms who can only obtain German material when they give proof that this is to be used in the manufacture of goods destined solely for use in Holland or her colonies.

RALLY IN EXETER.

EXETER, Sept. 22.—Today's day will be observed in James Street Methodist Church Sunday school on Sunday. The morning service will be given over to children's services. In the afternoon the scholars will meet in the school room and march into the church, where a mass meeting will be held.

Weak, Nervous Children
Quickly Gain Strength
Under Following Plan

Nervousness, just like weakness, is a family predisposition. We inherit tendencies to disease just as we inherit physical resemblances. The strain of study, social duties, work at home—these all tend to make nervous troubles among children. No wonder that St. Vitus Dance, Epilepsy, and constant headaches have become alarmingly common. Pain, anger, listless young people are met everywhere.

It is nothing short of criminal for parents to neglect signs of weakness in their children. By ignoring the slightest symptom of nervous or mental strain, you may condemn your child to life-long invalidism. If any member of your family complains of headaches, fear of going into dark places, give them that wonderful tonic, Ferrozone. Strength of body and mind, healthy nerves, ability to study with comfort, all the attributes of health quickly follow the use of Ferrozone. It establishes strength, energy, endurance, vim—does this by filling the whole system with nourishment and tissue-forming materials.

It's because we know the enormous good that Ferrozone will do, because we are sure every child and even grown folks, will be permanently benefited, that we urge you to give it a trial. All dealers sell Ferrozone in 50c boxes six for \$2.50, or direct by mail from The Catarrh Company, Kingston, Ont.

LIQUOR FORCES
WOULD PUT END TO
ALL IMPORTATION

Believe a Tight Lid Would
Cause a Reaction.

WILL DEFINE THE LAW

License Board Will Issue a
Mandatory Letter to
Warehouses.

TORONTO, Sept. 22.—For once the temperance and liquor forces seem to have found common ground. They both profess eagerness to have the "loop-hole" in the new Ontario temperance act plugged up by an early amending of legislation.

Temperance men want total prohibition in the confidence that it will demonstrate its own advantages in every activity of life. Liquor men want total prohibition because they argue that the people will then get sick of it in a short time. So the indications are that the part of the act involved, respecting deliveries, may be amended with some unanimity.

Asked today concerning a rumor that Mr. James Haveron, K.C., counsel for the liquor interests, had been responsible for the clauses in the temperance act which supplied the loop-hole, Mr. J. D. Flavell, chairman of the provincial board of commissioners, gave it an official denial. "The clauses in question," said the chairman, "were taken word for word from the Macdonald act in Manitoba."

Haveron's Part.
"Some misapprehension seems to exist as to the part Mr. Haveron played in the preparation of the act. As a matter of fact, he was called into consultation only regarding the clause dealing with dilution or transfer of leases, matters in which the middlemen and hotel property-owners were interested and not the general public. It is perhaps well that this should be understood."

In view of the general misunderstanding of the "loop-hole," which has apparently arisen, Mr. Flavell today intimated that it was the intention of the board to issue a definite and mandatory letter to operators of expert warehouses, pointing out that any attempt to divert liquors from such places within the provincial boundaries would be met promptly with severe punishment and with the withdrawal of the approval of the board to the warehouse that offends.

Pledges Liquor Support.

In a statement issued today Mr. Haveron is credited with the declaration that on behalf of the hotel interests he approached the council of the alliance pledging liquor support to a measure absolutely prohibiting the importation of all liquor into Ontario.

CLINTON SHEEP SWEEP
PRIZES AT SYRACUSE

All Were Sold to Americans at Big
State Fair.

[Special to The Advertiser.]

Clinton, Sept. 22.—The Bell Telephone Company has a gang of 25 men making improvements to the local system, many of the wires and considerable cable is being placed under ground. This has meant a great deal of work, as the streets are heavily macadamized. James Snell & Sons made a clean up at the state fair held at Syracuse, N. Y., with a flock of eight sheep. They won the grand champion prize for the best flock of Leicester; champion prize for ewe, and champion for ram. They also took first for flock; best ewe lamb; 2-year-old ewe; shearing ewe; lamb; aged ram; shearing ram; ram lamb; ram and two of his get. There were four competitors. James Snell, who had charge of the flock, sold them all before returning home.

FRENCH CHAMBER VOTES
BIG WAR CREDITS

Unanimously Agrees to Expenditure of
Nearly Nine Million Francs.

[Canadian Press.]
Paris, Sept. 22.—The Chamber of Deputies today unanimously voted war credits for the remainder of the year amounting to 8,838,000,000 francs. The Socialist party, with the exception of the three "Kienthalists," Deputy Blane, Raffin-Dugens and Brizon, resolved unanimously at a special meeting today to vote for the credits demanded by Finance Minister Ribot. The resolution while rejecting "any policy of prolonging the war for the sake of conquest," adds: "We are ready to make every effort to insure the territorial integrity of a France which includes Alsace-Lorraine."

AGREE TO ARBITRATE
THE TUBANTIA CASE

Denmark and Germany Will Submit It
to Committee.

BERLIN, Sept. 22, via Sayville wire.—The German and Dutch governments have come to an agreement to submit to an international committee of investigation after the end of the war the question involved in the sinking of the Dutch steamer Tubantia.

"This decision," says the Overseas News Agency announcement, "was taken in the interest of friendly neighborly relations."

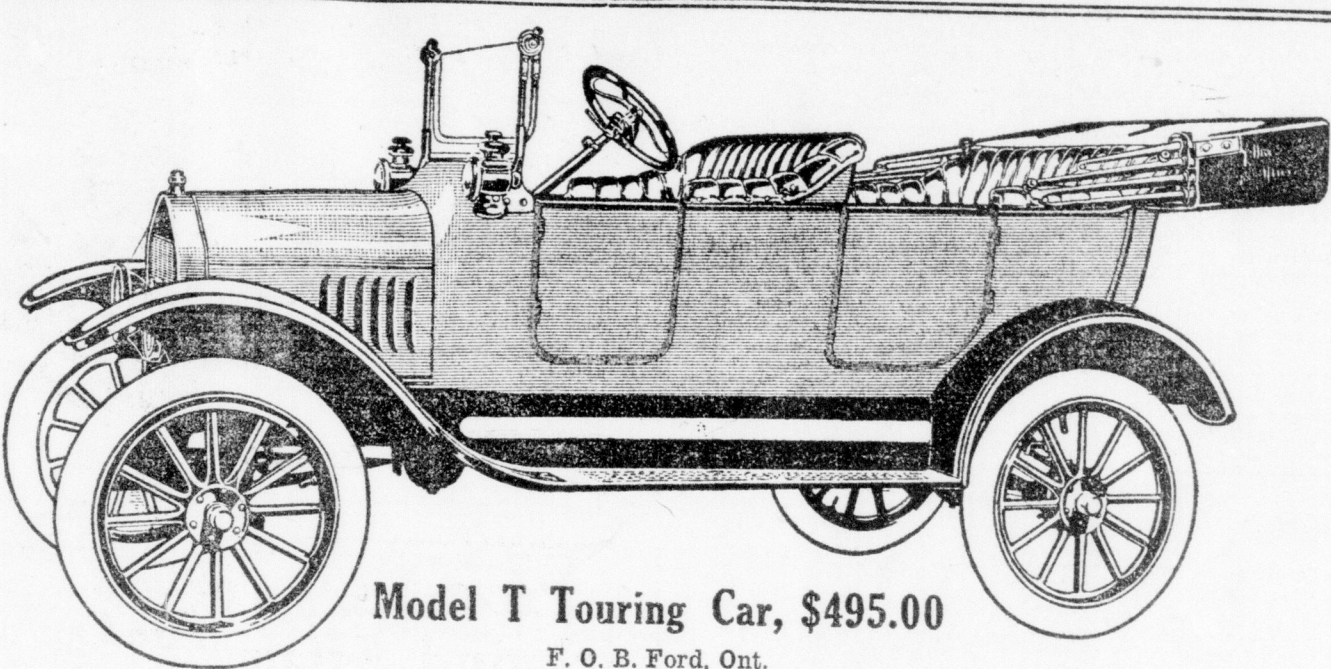

The Tubantia was sunk off the Dutch coast on March 16 last as the result of an explosion. A controversy arose between the German and Dutch governments over the responsibility for the disaster, the Dutch claiming that the Tubantia had been torpedoed by a German submarine, producing a fragment of bronze found on the liner which the Dutch ministry of marine believed to be part of a German torpedo. Germany admitted the German origin of the torpedo, asserting that the commander of the submarine from which the torpedo came, said it was not fired at the Tubantia on March 16 but at a British warship on March 6, and that it missed its target.

TRADES STORE FOR FARM.

EXETER, Sept. 22.—George Bedford, merchant, has exchanged his store for the 150-acre farm of Mr. Tower, in the township of Aldborough. He is also offering his beautiful house on Huron street and his two houses on William street. Mr. Mr. Bedford bought the business from Carling Bros. a few years ago.

If YOUR family were
living in Belgium NOW

You'd Look on the Belgian Relief Fund
As the Finest Thing in the World.

King Albert's war-worn soldiers, holding the line at the British left, certainly look on it in that light. It gives them courage for the fight, and hope for the future, for it is saving the lives of their loved ones.

The work which the Belgian Relief Commission is doing for humanity has never been equalled. For nearly two years now, from two to three million destitute Belgians have been fed, and horrible wholesale starvation averted. While the Relief Fund has only been sufficient to provide the bare necessities, these people, who have absolutely nothing else, have been saved by the three slices of bread and the pint of soup dealt out to each one daily.

Can it be kept up, on a steadily growing scale, till Belgium is free again?

That depends largely on Canada, and partly on YOU.

The demands on the Fund are steadily growing, as more and more Belgian families reach the end of their resources. More money must be given to keep up even the slender rations now possible. But the end of the war does not seem so far off now, and if we can keep up and even increase our gifts for a little while longer, we shall be able to save the heroic Belgian people for a new and regenerated Belgium.

Will you do your part? Will you undertake to feed one—or several—Belgian families till the war is over, by contributing \$2.50 per family per month?

Whatever you feel you can give, send your subscription weekly, monthly, or in one lump sum to Local or Provincial Committees or

Send Cheques Payable to Treasurer

Belgian Relief Fund

13 59 St. Peter St., Montreal.

\$2.50 FEEDS A BELGIAN FAMILY ONE MONTH.

subscriptions may be sent to Local London Committee, Mrs. A. T. Edwards, Treasurer, 183 Oxford Street, London.

It is given that if this is not done it is probable that Christmas gifts this year will consist largely of cash, to the great injury of business. The trade commission unanimously says that the Government has confiscated goods in months in advance of taking them for military purposes and then makes no allowance for depreciation, interest, loss on investment and storage costs, and asks therefore that all confiscated goods be taken up within three months of their confiscation, with a full allowance for the costs involved.

ATHENS STRIKE ENDED.
Athens, Sept. 21.—Via London, Sept. 23.—The strike of the street car employees in Athens and Piræus has been ended through the intervention of the cabinet. The settlement of this strike has averted a general walkout which was threatened. The street car employees struck on September 11 on account of the increased cost of living. Postal and telegraph employees threatened to join the strikers, and labor troubles were reported at the same time in many other industries.

DO IT NOW

and a great shock to his friends. The funeral was conducted by Lucan Lodge, No. 76, I. O. O. F., of which Mr. Preston was an old and valued member. His wife and one daughter, Miss Maude, are left to mourn their loss.

IF YOUR THROAT IS HUSKY
CATARRH MAY BE STARTING

A weak or irritated throat is the first step towards Catarrh. Everything depends on your remedy. A cough mixture slips quickly over the weak tissues, drops into the stomach, and does little but harm digestion. It's altogether different with Catarrhoxone—it cures because it gets right at the trouble. You inhale Catarrhoxone, breathe in the vapor of healing balsams that strengthen and restore the weak throat tissues. You'll never have colds or coughs. Throat trouble and Catarrh will disappear with the use of Catarrhoxone. Get the large dollar outfit, which includes the inhaler; it lasts two months, and is guaranteed to cure. Smaller sizes, 50c and 50c, sold everywhere.

KILLED IN ACTION.
THAMESFORD, Sept. 22.—Official word was received today that George F. Tackaberry, B. R. No. 3, Thamesford, had been killed in action in the recent fighting.

FUNERAL OF S. U. PRESTON.
LUCAN, Sept. 22.—The funeral of Samuel U. Preston was held from the family residence, Beach street, this afternoon, to St. James' Cemetery for interment. The services were conducted by Rev. Wm. Lowe, Mr. Preston, who was in his 63rd year, and been ill for the past couple of months, but his death on Tuesday was sudden.

PROF. MULVENEY'S WORLD FAMOUS REMEDY

Is Saving People's Lives in All Parts of the World, While the Professor Sits in His Office, Where You Are Invited to Call, at 167 Dundas Street, Toronto, and Be Convinced of This Fact. The Indisputable Evidence to Be Seen, the Results of What His Remedy Has Done for Suffering Humanity, Removes All Doubt. It Would Be Wise to Save This Page for Future Reference.

BABY HILLSON
of Welland.

This is Baby Hillson of Welland, Ont. He was relieved of a monster tapeworm by Prof. Mulveney's World Famous Remedy, without any bad results or after-effects.

Mr. and Mrs. Wm. Hillson desire to recommend this wonderful remedy to all who are afflicted with one of these horrid monsters, as it is easy to take and certain in results. No starving necessary.

Words would fail to express their delight. Their address is 27 Griffith street, Welland, Ont.

Sept. 24, 1914.

Dear Sir,—Your wonderful remedy received, and I took it according to directions, and am pleased to say the tapeworm was expelled, the head and all, in one hour and a half—first motion of the bowels. Your medicine is certainly a wonderful discovery, and no words can express my thankfulness to you. During the last nine years I have taken five other doses of medicine and starved from 36 hours to 48 hours and 50 hours before I took your medicine, and it would only fetch part of it away. I shall tell my doctor at—of your great cure, that he may direct others to you. I know of another lady who has been troubled longer than I, and will send your address to her. I feel it a duty to let all who need help, as I did, know of your worthiness, for what you can do for me I know you can do for others. I hope you may be spared a long life to continue your noble work, but sincerely hope you will in some way leave your discovery, so that it won't die with you, for it is so easy to take and acts so quickly.

Gratefully yours,

Mrs. Near Ingersoll, Ont.

The original of this letter can be seen at 167 Dundas street.

Toronto, Dec. 23, 1912.

To Whom It May Concern: This is to certify that I, Mrs. Pitchford, suffered from Tapeworm for over three years, and I am pleased to say that one dose of Prof. Mulveney's famous Tapeworm Exterminator expelled it and relieved me of that deadly monster, the head and all, in six hours. I am pleased to recommend his wonderful cure to others. You are at liberty to use my name in advertising. This testimonial is unsolicited.

Mrs. Pitchford.

Toronto, Ont.

This Tapeworm may be seen at Prof. R. L. Mulveney's office, 167 Dundas street.

Hamilton, June 23, 1913.

This is to certify that my son was in poor health for some time. We did not know what was wrong with him. He doctored with several doctors without any success. I went to the drugstore and got medicine for him several times without any benefit to him whatever. I was beginning to think there was no cure for him. I went into a grocery store one day and noticed that a Toronto paper on the counter. I picked it up and looked at it. The first thing I saw was Prof. Mulveney's Wonderful Tapeworm Cure. I told my son about it. That is how I found out about the Tapeworm Cure; so we decided to try the remedy. I sent for the medicine; he took it according to directions and one hour and thirty minutes after taking, the tapeworm was expelled from the system. Words would fail to express our gratitude. It is my earnest prayer that Professor Mulveney may long be spared for the sake of suffering humanity.

Mrs. McKenzie,

128 Robert street, Hamilton.

Toronto, April 26, 1913.

This is to certify that Prof. Mulveney's Tapeworm Exterminator expelled a monster tapeworm from my system in less than an hour without previous starving or sickness, and I am pleased to say to recommend his remedy to others, as it does all he claims it to do, and you are at liberty to use my name in advertising.

Mrs. Alice Robertson.

Toronto.

Mother's Friend Many Children's Lives Saved

By Prof. R. L. Mulveney's World Famous Remedy

FOR SICK CHILDREN.
EXPELS STOMACH AND PIN
WORMS.

This valuable medicine expels Stomach or Pin Worms. It is not only valuable as a Worm Medicine, but is an excellent Tonic, Physic and Appetizer; strengthens the Stomach, Liver and Kidneys, and has stopped some of the worst cases of Wetting the Bed. Many children that were wasted away to a shadow have been built up and made healthy and well from its use, and their mothers made happy. Good for Coughs and Colds; also cholera, Fever, and is useful in cases of Whooping Cough, Measles or Scarlet Fever. It is a real Mother's Friend, and gains its name from restoring sick children to health and quietness.

MOTHER'S FRIEND.

This valuable medicine is working wonders in all cases of sickness among children. I have one case in mind just now of a little girl eleven years old, who had been treated for over four years without any marked improvement. In fact she got worse all the time. Her case seemed to puzzle the physicians in attendance, and they finally agreed that an operation on the stomach would be necessary to find out what was the matter. Her father, being opposed to an operation, called and got a bottle of Mother's Friend. He told me his little girl was in almost a hopeless condition, that she measured 38 inches around the stomach, and her body wasted away to skin and bones; her arms no larger than a broomstick; she was a beautiful, patient child, with a lovely disposition, to make a long story short. Mother's Friend took away the enlarged condition of the stomach, built her up so she was able to go to school, which was, of course, a surprise to everyone in their neighborhood, and her mother and father made happy.

Another case comes to my memory of a baby about two years old. The mother brought her to me in her arms. She was wasted away to a living skeleton and was a pitiable looking sight. This case was beyond all reasonable hope of recovery. I thought, well, your faith is great if you ever expect this child to get well. She purchased a bottle of Mother's Friend, and took it home, used it and the little one was relieved of scores of worms of different kinds. It was about three months after when this lady brought the little one with her to my office. She was relieved of the worms of Mother's Friend. She said her own children and another for one of her neighbors she had recommended it to. I did not recognize either the lady or the child until she told me of the circumstances. She said: "Do you not remember me bringing a baby in my arms all skin and bones? This is her; isn't she a fine healthy child now? No one would have believed it. Worms was the trouble. She got rid of scores of worms. Now you can see for yourself what a fine healthy child she is. Just look at the rosy cheeks."

About a week or two ago a lady called for a bottle of Mother's Friend. She said her little boy had been taking fits for 24 hours and the doctor had given him with brain fever. She had asked a lady friend to call in and look at him and she pronounced him to have worm fever, recommended her to try Mother's Friend and a few minutes after taking the first dose he went to sleep and next morning was relieved of a lot of stomach worms. The little fellow has had no fits since and he is healthy and well.

Sent post-free to any address on receipt of price. It is not poison. Price, \$1.00. Put up two packages in one parcel. Each package makes one pint and a half of medicine, just twice as much as in liquid form. Manufactured by PROF. R. L. MULVENEY, 167 Dundas Street, Toronto, Ont.

St. Catharines.

Prof. Mulveney, Dear Sir: When I was in Toronto a few months ago I got a bottle of your remedy called Mother's Friend Worm Medicine and it has been a treasure and I am now out of it and want to get more. The first time I gave it to her there came from her like a nest, it was just full of worms four or five inches long and also small worms most like maggots and some pin worms, and ever since, when I give her medicine, she passes several worms and a great many pin worms. This morning there was three little fish worms; she was also restless, throwing herself and kicking and getting scared and talking. I got up and gave her the Mother's Friend Worm Medicine, and this morning her stool was full of pin worms and those three large worms like fish worms. I have one more dose yet to give and I must have more. I enclose an order for \$1.25 as I don't just know what it will cost to send it here, so if it is any more than 25c to send it, let me know. Thanking you very much for your valuable medicine. My little girl is four years old. Hoping to receive this medicine by return mail, I remain yours respectfully.

This letter can be seen at Prof. Mulveney's office, 167 Dundas street, Toronto, Ont.

Toronto, Dec. 25 (Xmas Day), 1915.

This is to certify, I, Walter Belland, 11 Trinity square, have used Prof. Mulveney's World Famous Tape Worm Remedy, and it has proved all he claims it to do, expelling Tape Worms, the head and all, after doctor and other remedies failed. It is now three months since, and I am feeling fine. I can recommend this remedy to all who are afflicted. I spent over \$300 before trying the Professor.

WALTER BELLAND.

YES,
OPEN
UNTIL
10 P.M.
EVERY
DAY

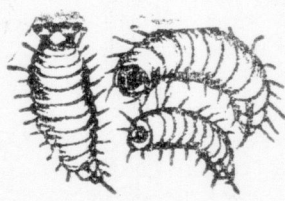

WORMS

Yes, That's the Trouble

No doubt you have read of Prof. R. L. Mulveney's World-Famous Tape-worm Remedy. But have you called at his office, 167 Dundas Street? Have you seen the collection of the horrid monsters his Remedy has expelled from people of all ages, from the baby less than two years old to the aged grandfather and grandmother? People of all ages seem to be afflicted with these internal monsters that sap away the life of their victim. If you have not been at 167 Dundas Street already, you will be more than surprised and repaid for your visit, for the most interesting exhibition in the world is there to be seen, and no one can realize, or imagine, or believe that such horrid-looking things could be expelled from a human being. Why, he has bushels of these life-destroying, horrid monsters from human beings; also letters and testimonials from those relieved, expressing their heartfelt gratitude and thankfulness for being relieved of them. No one can visit Prof. R. L. Mulveney's place of business without being impressed with the fact that Prof. Mulveney's remedies are saving the lives of thousands of sufferers and restoring them to health and happiness. Thousands of people are being operated on for some supposed internal obstruction, when Tapeworm is the cause of their misery. The Professor has many from people who have suffered the pain of the surgeon's knife, when one or more of these horrid monsters were eating their lives away and one dose of his World-Famous Remedy expelled them in from 20 minutes to two or three hours without previous starving and without causing any sickness or distress.

The joy and satisfaction expressed by those relieved of them must certainly bring joy and pleasure to the proprietor of such a valuable remedy, and convince all that it is a blessing to humanity from the Most High.

WORMS!

Produce miserable feelings; in some cases their victim is so uneasy and feels so miserable he cannot describe his feelings. They cause irritable disposition and melancholy. The victim constantly thinks something is going to happen, a fearful feeling is produced and a fear of Death. Some people think everyone is their enemy and imagine that everything they do will hurt them. They get nervous at everything, and think their case is hopeless. Some have the desire to commit suicide, and ask their friends to watch them, as they will tell them they are afraid of themselves. The awful feelings make life unbearable. Children roll and toss in their sleep, some holler and others grind their teeth, complaining of pains in the bowels; some children are feverish and have bad breath, others wet the bed, take spasms, wake up in frightful dreams, take convulsions or fits; some children of strong constitutions look perfectly healthy, while others pine away and die. Many children have died from convulsions, and in a short time after death worms have crawled out of their nose and mouth, showing the cause of their untimely end. It is sad to think that thousands of people are suffering from some kind of worms and are being treated for the wrong disease, as

Physicians who have used his remedy in their practice. The worms they relieved their patients of by this World-famous Remedy are in his office, with words of praise from these many doctors, void of prejudice, and willing to aid the patient by using what they considered to be the most valuable, sure, and certain remedy.

The pages of all the newspapers in the city would be filled with testimonials of those his remedy has relieved, and they would not contain half or quarter the testimonials he could furnish. A visit to 167 Dundas street will convince you that he has a remedy that certainly does its work, and as health is the greatest wealth, this remedy is invaluable, and can be obtained at a very reasonable price, which is not given to only those who sit at his office or writing for information, but will be sent free of charge. The Professor will be pleased to give a free demonstration, and explain everything, without money and without price. The only charge in connection is for the remedies, which are guaranteed as per directions on packages, which are of course, conditioned.

Write for further information, free, and send self-addressed, stamped envelope, with your address written plainly, for reply. These remedies are sold only by PROF. R. L. MULVENEY, 167 DUNDAS STREET, near corner of Ossington Avenue, between Arthur and Queen Streets, Toronto, Ont., Canada.

Professor Mulveney, Dear Sir:

It is with pleasure we send a testimonial for the good of others, to let them know the good you are doing in the world. Your Tapeworm exterminator is all you say it is in every way. My son had a tapeworm a year, and I do not know what we would have done if I had not seen your announcement in a Toronto paper. My son had treatment of doctors; one doctor informed us it would take two weeks to get the tapeworm away, and insisted on my son going to the hospital, but I could not send my child, for he is very nervous. Your cure expelled the worm in three hours without starvation or pain. My child used to put in awful nights grinding his teeth, tossing in bed, and never satisfied with his rest; it was the first tapeworm I had ever seen. I felt just like putting it in the fire right away. Not one mother in the world has any cause to feel nervous to give the cure to her child. Just follow the directions, nothing can go wrong. I am sure we will never forget you, and the good you are doing. We belong to the Life Brigade, and we wish you a long life and happiness and success in every way, thanking you for your kind attention in doing all you profess to do. Yours respectfully,

Rheumatoid is a preparation for the relief of all pain, for Toothache, Headache, Earache, Pain, Swelling or inflammation in any part of the body. It gives instant relief to the sufferer; for Sore Throat, Enlarged Tonsils, Diphtheria, Laryngitis, Adenoids, Pleurisy, Inflammation of the Lungs or Bowels, Appendicitis, Rheumatism, Neuralgia, Gout, Sore Feet, Corns, Bunions it kills pain, subdues inflammation. It is a real life saver in cases of Croup and other throat and lung troubles. Can be used for all pain, giving instant relief, and used it three times for itself. No one should be without it. It is a doctor at home. Rheumatoid is manufactured by Prof. R. L. Mulveney and tens of thousands of bottles have been sold by him, and he has yet the first one to come back dissatisfied with its pain-killing quality. It never fails. The testimonials and letters from those who have used it are sufficient evidence to convince the most skeptical as to its life-saving merit, \$1.00 per bottle.

SAVED LITTLE GIRL'S LIFE

TOOK CONVULSIONS
A HORRID MONSTER
TAPEWORM

BABY BROOKS,

of Toronto.

Toronto, Aug. 15, 1912.

To Whom It May Concern: This is to certify that we have used Prof. Mulveney's World-Famous Tape-worm Cure with most gratifying results. My baby, two years old, took convulsions, and we discovered she had tapeworm. I lost no time in going to Prof. Mulveney to get his cure, which we got and used, and I am pleased to say baby was relieved of a monster tapeworm, about 20 feet long, the head and all, in about two hours, without causing her to be sick, and without previous fasting. I have great reason to be thankful, as we realize this remedy has saved baby's life. I am giving Prof. Mulveney her picture, taken a week after being relieved of this monster, which he will be able to show you. I have given him perfect liberty to use it in any way he may deem fit in order that others may learn of this wonderful remedy.

Yours respectfully,

Mrs. B. Brooks.

Why Not Try B'Well

It Makes People Feel Well

B'Well is a medicine that assists nature, made from roots, barks, herbs, leaves, etc. The concentrated extracts of these herbs tone up the stomach, regulate the liver, act on the kidneys, and it contains a harmless worm destroyer that is sure death to worms, but harmless to even the youngest infant and can be used with perfect safety.

B'Well is not a tapeworm exterminator and is not recommended for that trouble. B'Well is restoring thousands of people to health. I am not going to enumerate the different diseases and complaints that people have been relieved of from the use of B'Well, as it would take up too much space. I can simply say that restlessness and disease cannot remain if you take this medicine for a time, and it will surely make you feel fine.

It does not contain poison in any form, or narcotics that only relieve pain, but the different roots and herbs that regulate the system. It stimulates the stomach, liver and kidneys into healthy action, helps digestion, and keeps the bowels regular, expels all gas from the system and takes away the bad feeling around the heart and fearful feeling from the head, depressed spirits and melancholy simply vanish and a cheerful spirit takes their place. B'Well is a blessing to those that feel life is a burden, to them that are downhearted and unhappy from disease. B'Well carries the poison out of the system through the natural channels of health and as the poison is carried out of the system, nature restores herself and a cheerful spirit follows, as there is nothing like good health to make a person cheerful and happy. People treated for Epileptic fits have been restored by its use. Don't ask me if it cures this, that and the other disease. It is different from the most medicines advertised as cure-alls, and I am not advertising this remedy as such, but simply advertising it as a medicine that has and will regulate the system, carry the poison out of the blood, and common sense must surely tell you the result. Men and women who have been nervous wrecks, with hollow cheeks and sunken brow, have become plump, healthy and cheerful from its use, and I can only say what is done for others it will surely do for you. Young men and women whose faces were covered with pimples and a sickening sight to look at are now free from them from its use. Men, women and children who had eating ulcers and running sores have been healed, and what it has done for them it is likely to do for you. Terribly itchy scaly skin diseases have disappeared from its use and the sufferers made happy and healthy.

Prof. Mulveney's world-famous Tape Worm Remedy is saving thousands of valuable lives, and B'Well is doing just as much for those requiring this kind of medicine.

The letters from people who have used B'Well are sufficient evidence as to its merits. Price \$1.25 per bottle, six bottles \$6.00.

B'Well is put up in powder form for convenience to send to foreign places by mail, which does away with all breakage. The package of powder makes twice as much medicine for the same amount of money. Full directions for making. Price \$1.25, six packages \$6.00.

Write for further information, free, and send self-addressed, stamped envelope with your address written plainly for reply. These remedies are sold only by Prof. R. L. Mulveney, 167 DUNDAS STREET, near corner of Ossington Avenue, between Arthur and Queen Streets, Toronto, Ont., Canada.

Financial, Market and Commercial Section

THE LOCAL MARKET

Potatoes were cheaper on the local

market, this morning. Friday they

dropped slightly from the high price

which they have maintained for several

weeks. Today they sold as low as \$1.25

a bushel. The highest price was \$1.60.

The drop is attributed to the importa-

tion of large quantities. Tomatoes were

brisk, with the price steady at 45c to

50c a basket. Good cabbage remained

scarce, and sold for 50c to \$2 a dozen.

Beets were unchanged at 20c. Onions

were steady at 40c a dozen, but green

corn was higher, scarcely any selling for

less than 15c a dozen.

Apples were fairly brisk at 50c to 55c

a bushel, and plums were firm at 30c

to 40c a basket. Pears brought \$1 to

\$1.25 a bushel and peaches 50c to 55c a

basket. Canteloupes were plentiful,

selling at \$1 to \$2.25 a dozen. Grapes

were steady at 25c to 30c a basket.

Eggs jumped suddenly and sold for as

high as 40c a dozen retail. The average

price, however, was 35c. Butter was

firm at 27c a pound, for creamery, and

35c for dairy. Poultry was unchanged.

Chickens alive whole sold at 16c a

pound, and old fowl at 12c to 15c.

Dressed chickens brought 80c to \$1.40

a pair, retail.

Practically no hay was offered, as

over a hundred loads were brought in

during the week. The price was steady

at \$12 to \$14. Straw was scarce, and

the price firm at \$7.50 to \$8.50. New

oats were slightly cheaper at \$1.55 to

\$1.62 a cwt. Old oats were steady at

\$1.85 to \$1.92 a cwt. Barley was un-

changed at \$1.35 a cwt, and wheat at

\$1.87 to \$2.05.

Live hogs were firm at \$11.25 to \$11.40.

Sales of fat hogs were made at \$8.75 to

\$9.50. Dressed hogs were sold at \$13.50

to \$15.75. Hides and wool were un-

changed.

GRAIN.

Winnipeg, Sept. 22.—Wheat closed

25c @ 3c higher, with October at

\$1.51 1/2, November at \$1.51 1/2, and May at \$1.53 1/2.

Oats were 1c to 1 1/2c higher, with Octo-

ber at 23c, November at 23c, and May at 23c 1/2.

Barley was up 1/2c, closing at 31c. Flax closed 5 1/2c to 6c high-

er, with October at \$1.95 1/2, November at \$1.95 1/2,

and December at \$1.95 1/2.

It was a strong, unimproved market

from start to finish. An improved de-

mand for all grades of cash wheat, but

there was considerable speculative trade

both in cash and futures.

14-YEAR-OLD TRIES TO END HER LIFE BY DRINKING CARBOLIC

Couldn't Get Clothes She Wanted—Was Despondent

EXPRESSES WISH TO DIE

Had Threatened to Take Life Before, Mother Tells Reporter.

While in a fit of despondency, due to continued ill-health and her inability to make money enough to provide herself with the clothes she desired, Edith Wood of 39 Miles street drank part of a bottle of carbolic acid last night, and is now in Victoria Hospital in a precarious condition.

The girl, who is only 14 years of age, was found by soldiers at 9 o'clock last night lying on the sidewalk at the corner of Rattle and Adelaide streets in a convulsive condition. A partly emptied bottle of carbolic acid was clutched in her right hand. She was unable to speak, and the soldiers immediately summoned the police ambulance, which rushed her to Victoria Hospital, where the stomach pump was applied.

When she recovered consciousness, she stated that she had drunk the acid because she was tired of living, and might as well die one time as another.

Threatened to End Life. The mother of the girl told an Advertiser reporter today that the child had frequently threatened to end her life because she was ill and despondent and because she could not get money enough to buy clothes she wished and at the same time contribute to the support of the family.

She has been employed of late at a glove factory, but complained that she would not stay because of the small wages she received.

She left her home Friday morning, taking her lunch, and her mother knew or heard nothing of her again until she was informed by a messenger at 11 o'clock last night that the girl was at Victoria Hospital in a supposedly dying condition from the effects of drinking the acid.

Kathleen Ferriss of 44 Miles street, a girl chum, who is employed at the same factory, stated that the Wood girl had declined to go home after receiving her pay envelope yesterday, saying that she was afraid to return with the amount because it was so small.

"Come, let's beat it to Galt," said Edith Wood to Kathleen Ferriss, according to the statements of the latter girl.

Suggested Suicide Pact. The Ferriss girl declined, when it is said that Miss Wood then suggested that they both go to the woods, take poison and die together.

After this conversation they parted, according to the Ferriss girl. It is claimed that the carbolic acid was obtained in an East London grocery store, but the girl refused to tell her mother where.

At the hospital she displayed no regrets for her action, and told her mother that she was still tired of living and hoped that she might die. At the hospital it was stated today that she was expected to recover.

Here's Your Hat, We're Very Sorry, Greeks to Schenk

Director of German Spies Tells How He Left Athens.

AMSTERDAM, via London, Sept. 23.—The Berlin Lokal Anzeiger announces that Baron von Schenk, former chief director of German propaganda in Greece, and who was sent out of Greece by the Entente powers, has reached Berlin. In an interview in the Lokal Anzeiger, he is reported as saying:

"Greece now is completely under the thumb of Venizelos, although the people are still our friends. When the Germans came to expel me, they wept, saying: 'Excuse us for what we are compelled to do under the stress of circumstances, and for which we are very sorry.'"

GAS ATTACK FAILS TO DISLodge RUSS

Petrograd, Sept. 23.—Via London, 2:55 p.m.—German troops in the region of Lake Narocz, on the northern end of the Russian line, launched a gas attack lasting two hours yesterday, and the intervals between the gas waves dense columns of Teuton troops advanced against the Russian positions, says the Russian official statement issued today. The attacking forces, the statement adds, were driven back each time.

MISSANABIE NEAR QUEBEC WITH RETURNING SOLDIERS

[Canadian Press.] Quebec, Sept. 23.—The C. P. R. liner Missanabie is expected in port before noon today with passengers and a large number of officers and men invalided home from the front or returning to take fresh commands in new battalions. The following is a list of the officers: Majors G. F. O'Grady, 8th Battalion, in charge; Lieut. Bidwell, 20th Battalion; Lieuts. Mackie, C. A. M. C.; G. E. Ellis, 53rd Battalion; Capt. C. O. Evelyn, C. A. V. C.; Hon. Capt. H. A. Tremayne, 62nd Battalion; Lieuts. K. C. Feltow, 25th Battalion; G. K. MacBeth, 26th Battalion; H. G. Birks, 42nd Battalion; Lieut. Carling, C. A. S. C.; Major C. B. Mills, C. F. A.; Capt. B. P. Watson, C. A. M. C.; D. G. McKay, medical officer; S. J. McLennan, C. A. M. C.; Lieuts. T. R. Jones, 6th Brigade, assistant officer in charge; W. H. MacAuley, 20th Battalion; H. J. Montgomery, 24th Battalion; P. W. Beattie, 8th Brigade; Wm. Anderson, C. F. A.; Capt. W. A. Smith, C. A. M. C.; E. E. Smith, C. A. M. C.; B. H. MacKenzie, 24th Battalion; R. T. MacKenzie, 1st Battalion; Lieut.-Col. J. H. Cameron, C. A. M. C.

Although officially it is not known locally that the Major C. E. Mills in the above list is the former commander of the 6th Field Battalion here and one of the best-known artillery officers in Canada, it is believed that he is the Major Mills referred to. Lieut. Carling of the C. A. S. C. is a son of Fred Carling, Ottawa, and a cousin of the two Lieuts. Carling of a London, sons of John A. Carling of this city, who have been mentioned in dispatches for their bravery.

OVER MILE IN 12 HOURS

Twelve Hundred Prisoners Fall Into Hands of Dominion's Boys.

GLORY FOR MAPLE LEAF

Historic Day for Nation When Lines of Germans Were Smashed.

The 15th of September will ever be an historic day for Canada. Our men have won a signal victory over the enemy. They look confidently forward to others.—From the report of the official Canadian representative.

OTTAWA, Sept. 22.—The Canadian general representative at the front sends the following account of recent important operations participated in by the troops from the Dominion of Canada, including the capture of Courcellette and adjacent positions: CANADIAN CORPS HEADQUARTERS IN FRANCE, Sept. 22, via London.—The Canadian troops have been actively participating in the great battle of the Somme. Already, in a series of brilliant attacks they have forced the Germans back for over a mile beyond their original line. They have captured Mouet farm, having finally overcome a desperate resistance they have attacked and carried the sugar refinery and its lines of connecting trenches, and then following up this success with a boldness of plan and action of execution not excelled in this war, they have on the same day organized and delivered fresh attacks which made them masters of the whole village of Courcellette.

Have Over 1,200 Prisoners. The Canadians have taken over 1,200 prisoners, including 32 officers, together with two guns, a large number of machine guns and several heavy minenwerfers, or trench mortars, and in the course of the heavy and sustained fighting they have inflicted very serious losses upon the enemy.

A Montreal battalion was the first to enter the battle, coming up through a heavy hostile barrage to the assistance of hard-pressed troops practically in the middle of an attack. They were closely followed by the Canadian Scottish from Vancouver and by a Toronto battalion. These battalions, although they delivered no assault, were given a very difficult and trying task to perform. They were heavily shelled in trenches newly dug or recently captured from the enemy, and the exact location of which it was almost impossible to determine. Yet, despite very adverse conditions, they consolidated their trenches and repelled several hostile bombing attacks.

24 Men Whip 200 Germans. At one time there was considerable movement remarked near Mouquet farm. Men were seen jumping from shell hole to shell hole, and finally a large party in full marching order attempted to approach the farm. Our men opened fire and dispersed them. In this locality at 6:10 the next morning, about two hundred Germans attacked a trench held by Lieut. G. B. Murray and Lieut. B. L. Cook, with 24 men of another Montreal battalion. The enemy used their bayonets freely in the first rush and succeeded in entering the trench. A counter-attack was promptly organized, however, and their success in expelling the Germans from the greater part of the captured position.

Merely Preparations. But these actions, important and commendable though they were, were only preparatory to the greater offensive that was to follow. The first assault was undertaken by an Eastern Ontario battalion against a salient in the German line some 500 yards in length. This battalion carried out its task in a manner little short of perfection.

Sharp at 4:45 one afternoon, in broad daylight, and under an almost cloudless sky, three companies, under command of Major Vanderwater, sprang from their trenches and advanced steadily towards the German line. In front of them our artillery laid down an intense barrage, and our men followed so closely that they were almost in the midst of their own shells. One German machine gun was still in operation, but it did not succeed in stopping the advance. Some of the enemy continued to shoot until the last moment.

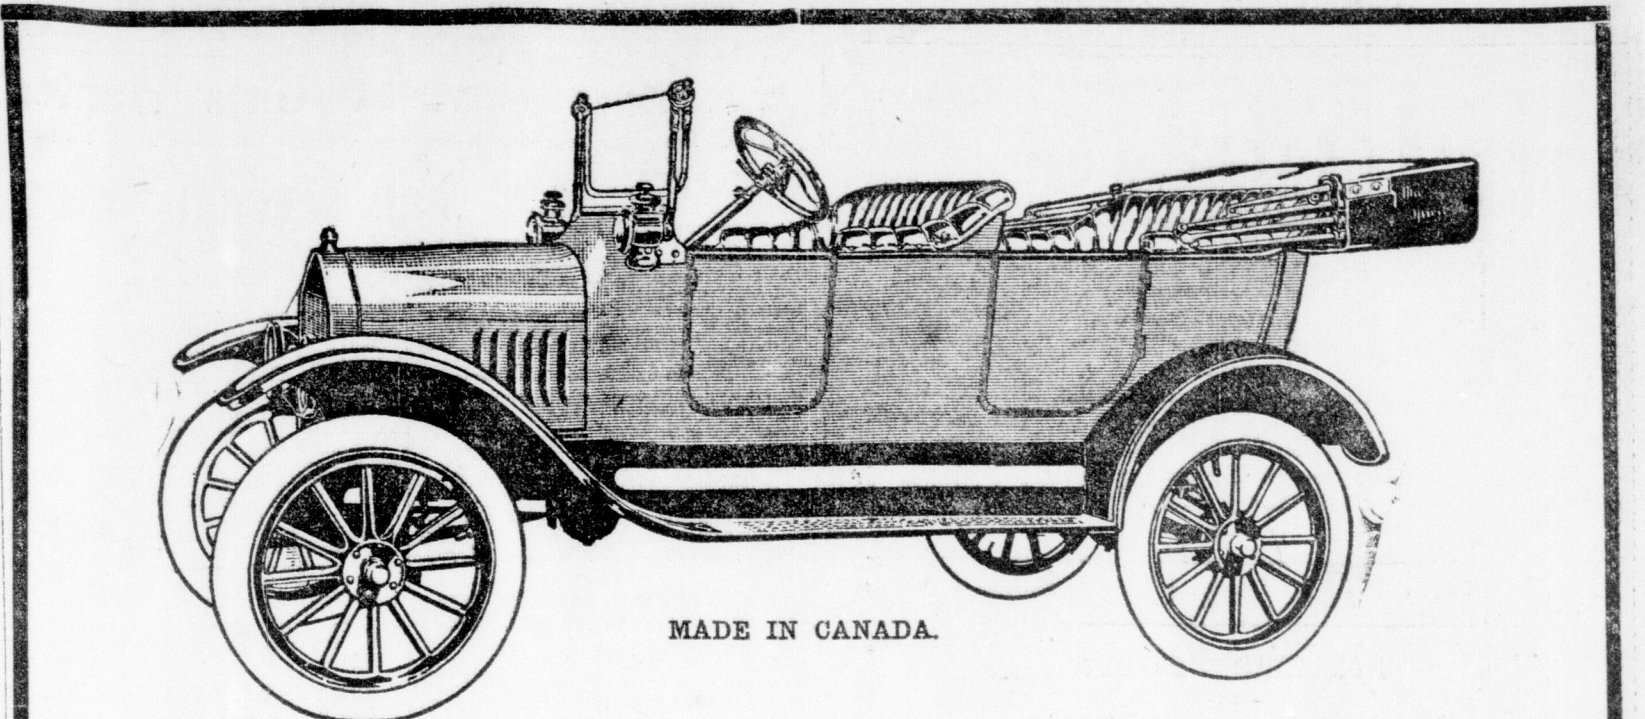

Officer's Death Avenged. Thus several of our men, including two officers, were killed on very short notice by the German trench. But their death was avenged, for with an irresistible onrush our men poured into the enemy lines. Those of the enemy who did not immediately surrender were shot down as they ran from hole to hole, either by a Lewis machine gun, which Lieut. Douce had promptly brought into action, or by our snipers. Altogether about 80 prisoners were taken and the trench was filled with German dead.

This successful enterprise, depriving the enemy of a valuable observation post, straightened out our line, and carried our positions forward some 200 yards, thus preparing the ground for the more general assault of September 15th.

Counter-Attacks Repulsed. In the meantime the Germans attempted several counter-attacks which were promptly repulsed. There was also a constant and at times intense artillery duel. Several cases of desertion from the German lines occurred, and upon two occasions large parties of the enemy seemed to try to come over and surrender.

Four hostile aeroplanes were brought down over our lines after aerial combats, much to the delight of the men in the trenches. The co-operation between the infantry and the flying corps was intimate and most successful. We obtained an accurate and constant supply of aeroplane photographs, and were promptly advised of any change or movement in the enemy's lines. When observation was favorable as many as twenty of our captive balloons were visible at a time.

The Great Attack. The morning of September 15th dawned bright and clear. There was

a frosty nip to the air. Suddenly our massed artillery burst into a frenzy of activity. Shells of every calibre were hurled over the heads of the waiting infantry. Shortly after 6 o'clock our battalions began their attack. Before them the artillery barrage advanced stage by stage, with a remarkable precision and a great intensity of fire. In successive waves our infantry moved forward, climbing over the shell-torn ground, leaping the battered trenches. Among them burst

the enemy shells. The noise was terrific. Machine gun and rifle fire poured into them. Steadily they moved the last ridge, saw Martinouch on their right, and looked over to the brick ruins and white chalk mounds of the sugar refinery, and the trenches to the right and left, which were to be their objective.

IF ALL PLAYED OUT, TRY THIS PRESCRIPTION

When that overpowering weariness and a never-rested feeling comes over you, it shows some serious disorder is undermining your health. The cure is simple. Build up the system and nourish the body back to health by pure, wholesome food. The one sure means of doing this is with Dr. Hamilton's Pills. They are a marvelous aid to appetite—convert all you eat into nutriment and tissue-building material. Thus a weak body is supplied with new nerve force, hardy muscle and firm flesh. Lasting good health is sure to follow. If you really want to get well and stay well, use Dr. Hamilton's Pills, 25c per box at all dealers.

WELLINGTON MILLS, LONDON, ENGLAND.

No sooner were the first lines of German trenches secured than the assaulting waves pressed inward. In their midst, moving ponderously, but steadily, came several of the new armored cars. His majesty's Landship "Creme de Menthe" led the way, and the effect upon our men was electrical. In vain the Germans rained a stream of bullets against the invulnerable cars, but they were powerless to stop the advance.

Although our infantry were the first to reach the sugar refinery, the cars assisted materially in silencing the German machine guns, and in engulfing the enemy trenches, and the deep, strongly-protected dugouts off the sugar refinery. Ten officers, including a battalion commander, were made prisoners. At the same time the trenches of either flank, known to us as the "Candy" trench and the "Sugar" trench were stormed and captured.

London Men in Battle. In this attack men from Toronto, London, Ottawa and Kingston fought side by side with men from Winnipeg, Regina and Vancouver, and with men of the mounted rifles from Eastern Canada.

Aeroplanes hovering overhead established contact with the infantry and reported to headquarters that the whole of our objective had been secured and that patrols were being pushed forward towards Courcellette, and the gun-pitted road to the south-east.

It was after this attack that the corps commander, Sir Julian Byng, decided to strike another immediate blow at the enemy. He ordered that the village of Courcellette, together with a line of German trenches between Mouquet farm, and the northwestern edge of the village should be attacked. The manner in which the orders were carried out reflects the greatest credit upon all concerned.

parations were completed and the new attack was launched. The objective was a difficult one, including a large and strongly-fortified village on the right. A famous French-Canadian battalion, having as its objective the larger part of Courcellette, behaved with the greatest skill and gallantry. They stormed across the tangle of streets and trenches and ruined houses, inflicting heavy losses upon the enemy and finally established themselves in advance of the northern and eastern edges of the village. They showed much individual enterprise in overcoming the resistance of isolated posts and in bombing the German fortified cellars and dugouts.

On their left a Halifax battalion co-operated brilliantly in the capture of the rest of the village.

Gain of Twelve Hours. A Canadian light infantry battalion, which has already seen long service, together with a Montreal battalion, at the same time captured the line of trenches to the west and establishing a strong position. Thus within little more than twelve hours the Canadians had captured the whole of the Ger-

man defensive positions on a wide front to a depth of from 1,000 to 2,000 yards. This was accomplished in the face of a desperate and determined resistance, in which the Germans fought with the courage of despair.

It is an authentic fact that bodies of machine gunners were found chained and padlocked to their guns.

No sooner were the enemy positions captured than the work of consolidating them and strengthening their defense was undertaken by our engineers.

Good Work of Pioneers. Field companies and pioneer battalions working under heavy fire accomplished marvels. Strong points were constructed and nearly 2,000 yards of communication trenches dug.

Further attacks of a more local character for the purpose of improving our positions were successfully made. For the whole operations our losses were not disproportionate to the results achieved.

The 15th of September will ever be an historic day for Canada. Our men have won a signal victory over the enemy. They look confidently forward to others.

arrest here, and will be taken back
by Detective Croome.

Found! A Watch.

It looks as though it belonged to
a substantial citizen. It feels that
way, too; it's smooth and solid and
thin. It slips into your pocket like
a silver dollar and lies there snug
and flat.

It keeps good time. It's the kind
of watch your friends check their
time by—that always gets you to
your train while it is still in the
station.

We have been looking for this
watch for years. We know our
customers want a thin, accurate,
15-jeweled bridge model watch like
this; but until now the price of
such a watch has been more than
they cared to pay. That is why
this watch is such a find. It is a
15-jeweled movement in a gold-
filled case. The price, \$12.00.

SPLENDID WORK DONE BY CATHOLIC WOMEN DURING THE PAST YEAR

Actively Engaged for Red
Cross and Patriotic Service.

NEW OFFICERS CHOSEN

Miss Murdoch Elected Presi-
dent at Annual Meeting
Yesterday.

After one year of splendid patriotic
service, the Catholic Women's Patriotic
Society, now an auxiliary of the Red
Cross Society, yesterday afternoon held
its first annual meeting in St. Peter's
Hall.

Mrs. Bernard C. McCann, to whose
efforts the organization of the society
was in a considerable measure due, was
in the chair, and, presenting her presi-
dential address, thanked her co-workers
of the past year for their loyal support
and their untiring service. She also im-
pressed the importance and necessity
for continuing, unremitting effort dur-
ing the coming year in the way of pro-
vision for the sick and wounded sol-
diers, and comforts for those in training
and in the field.

New Officers Chosen.
The election of officers for the com-
ing year resulted as follows: Honorary
presidents, Mrs. Coffey and Mrs. B. C.
McCann; president, Miss Murdoch; vice-
president, Mrs. Allen McLean; secretary,
Miss Darcy; treasurer, Miss M. O'Flah-
erty.

A review of the year's work, embody-
ing reports of all departments, was pre-
sented as follows by the secretary, Mrs.
Allen McLean:
One year ago the Catholic Women's
Patriotic Society was organized in order
that the Catholic women of London
might have an opportunity to show in a
tangible manner their interest in the
soldiers, not only of Canada but of the
allies, who are at such a great sacri-
fice, doing their bit for all that the
British flag stands for. That our bit
has been worth while I think you will
agree from the following account of the
work done by the women of the four
parishes, and will I hope encourage you
to even greater efforts next year. For
the need is even greater today than a
year ago.

Secured Funds.
Our first plan was to release by means
of monthly subscriptions sufficient funds
to provide the society with materials for
the making of shirts, pajamas, socks,
scarfs, surgical supplies, etc., which
were donated monthly to the Red Cross
Society. This we did for four months
at an average monthly expenditure of
\$150. At the end of January owing to a
change of plans by the Red Cross
Society we discontinued our subscrip-
tion list and became a Red Cross Aux-
iliary accepting the materials for work
from the Central Society, only raising
funds for any patriotic work we decided
to undertake.

Our united efforts have resulted in
the making of 7,500 articles, of which
2,114 represent donations to the Red
Cross Society during the first four
months of work; 175 pieces were made
up for the Western University Hospital
Unit.

The total amount of our monthly col-
lections was \$552.93, and our expendi-
ture for materials, etc., was \$529.58,
leaving a balance of \$123.35 in bank, when
we became an auxiliary of the Red
Cross on February 1.

Christmas Boxes.
Our first patriotic work was the send-
ing of Christmas boxes to 30 Catholic
soldiers who have left London previous
to October 1, and a large Christmas cake
to Nursing Sister McLeod in the Galli-
poll. The boxes contained cigarettes,
cigars, tobacco, chocolate, gum, etc., at
a cost of \$52.48. A large quantity of the
contents was donated by the following
gentlemen: Messrs. Masuret, Garvey,
Nolan, Burns and Gaste. Grateful ac-
knowledgments of these gifts have
been received from the majority of the
recipients.

On March 7, we entertained the
Catholic soldiers of the 70th Battalion in
St. Mary's Hall. A pleasant evening
was spent in cards and music, and the
men greatly appreciated the kindness
of the ladies.
The poor children of Serbia were re-
membered with a donation of 17
dresses made from new material and 107
undergarments made from the pieces left
after cutting. These were delivered

to the Serbian relief fund raised in the
city.
One of the pleasant features of the
work was the sending of quantities of
chocolates, cigarettes, and other gifts
to Rev. Father Doe, Canadian chaplain,
France.

When the appeal was made in the city
for French relief, we felt we must
help those who are carrying the heaviest
burden of the war, and therefore a
check for \$20 was sent to the fund.
Also a check for \$5 was given to the
Belgian relief. These amounts, together
with cartage, which has been a heavy
item, also postage and other incidentals,
have reduced our cash on hand to \$8.24.
We also sent a quantity of religious
reading to Nursing Sister Regan, who
has charge of the Catholic wounded in
the Duchess of Connaught Hospital at
Cliveden, England.

Helped London's Own.
A short time ago we were asked for a
contribution to the sock fund being
raised for the 142nd Battalion, and
thought we should do something to make
London's Own men more comfortable.
As the appeal came during the holiday
season, we asked the few ladies we were
able to reach for contributions which
resulted in the sum of \$11 being col-
lected, and 7 pairs of beautifully-knit
socks from the St. Martin's branch.

While busily working for the sick
and well soldiers, the heroes who had
laid down their lives were not forgot-
ten, two regular masses being offered
for those who went forth so bravely
never to return.

This completes the first year's work
of the Catholic women of London. I
am sure the sewing days have been
enjoyed by all, and even though we now
work hard that fact that we are now
able to say, when rebellion, when liberty
and when civilization were at stake we
did our duty, which will be sufficient
recompense for our past efforts and an
incentive to continue until the end of
this awful struggle.

MILDRED McLEAN, Secretary.

EVENING CLASSES TO OPEN IN OCTOBER

Technical School Instruction Covers
Wide Variety of Work.

The evening and special afternoon
classes open in the London Technical
and Art School on the first Monday in
October. Students may register any
afternoon or evening next week.

The evening classes for men and boys
cover a wide variety of technical and
industrial work. Shop instruction is
given in machine shop practice, tool-
making, gear cutting, carpentry and
joinery, cabinet-making, roof framing
and stair building, building construction,
plumbing, electrical work, sign
drawing, special art courses in painting,
designing, modeling, wood carving and
special draughting courses in mechani-
cal, architectural and sheet metal
drawing. With these courses is given
the mathematics essential to the trade
instruction. Courses in English are
also provided.

The fees for the evening classes are

A CRITICAL YEAR FOR SHOES

This is a critical year for footwear.
Leather has advanced in price tremen-
dously. All shoe findings have had an
equal advance and labor has also had
a very marked advance. Consequently
largely upon the high cost of living.
The finished shoe must necessarily be much
higher at the manufacturer's hands, but
you'll find our prices have not been ad-
vanced beyond the usual margins in
normal times, while quality has been
jealously guarded. See Our Ladies'
Shoes at \$2.49, \$3.50, \$4.50, \$5.00, \$5.50,
\$6.00, \$7.00, \$8.00 and \$8.50.

2:00 to 4:00, to meet those interested in
the classes.

LADY IS APPOINTED CRINAN POSTMISTRESS

Mrs. Jessie McIntyre Succeeds To Her
Husband's Post.

CRINAN, Sept. 22.—A popular ap-
pointment has been made in the local
postoffice, when Mrs. Jessie McIntyre
was appointed postmistress by the
postmaster-general to succeed her hus-
band, who died recently. The position
of courier on R. R. No. 1 has also been
transferred to Stuart McIntyre, son
of the new postmistress.

"There's a Reason For Everything"

There's a reason for PARNELL'S breads being used in
the majority of the homes of London and district.

There's a reason why every child who once eats a piece
of PARNELL'S Bread wants no other.

"Quality Is the Main Reason"

and coupled with the quality in every loaf we bake is
just the proper cooking and an individual taste that is
not duplicated in any other bread. To appreciate this
you'll have to try a loaf.

We specially recommend our wrapped "Snowdrift," at
your grocers, from our wagons, or by 'phoning us.
