Question: What is pure paint?
Answer: B-H "English" Paint
70% pure white lead
30% pure white zinc
equals 100% pure paint

Why?

Because white lead and white zinc, mixed in these proportions, produce a paint that resists the elements better than that made by any other formula. Scientific tests and practical experience extending over many years absolutely prove this to be so, and that is why

B-H "ENGLISH" PAINT

is made by this formula. It is pure paint in the truest sense of the word. A mixture of 10% white lead and 90% white zinc might be called "pure paint" but the expression would be misleading, because the compound would not fulfil all the requirements of a first-class exterior paint.

B-H "English" Paint is pure paint that works easily, penetrates deeply, spreads well, holds its color and lasts years longer than ordinary kinds.

You can get genuine B-H "English" Paint from

L. W. SLEEP

who are our local agents. Ask them for color-cards.

Repairing of Boots and Shoes of all Kinds

Has resumed business at the old stand in his new building.

Orders Solicited and Carefully Executed.

FOR SALE!

Those interested in building lots at the west end, would do well to confer with E. C. Johnson, as he is now offering for sale the only available lots at this center.

Queen Mary's Needlework Guild.

The Guild was founded in London on the outbreak of the war by Her Majesty, the Queen, with the object of collecting garments and useful articles for distribution by Her Majesty to the soldiers and sailors, and to the refugees and civilian population to whom suffering and want is brought by the most terrible war.

An appeal was made in the British Press to the Women of the Empire for co-operation and support in the work that was proposed.

Her Majesty to form a Branch of Queen Mary's Needlework Guild in Canada.

As this is intended as a war emergency Guild only, it was thought to be desirable that extensive organization should be entered into; no hard and fast rules were laid down, and where new Provincial Branches are formed, it is advised that each Branch should make its own rules to suit the circumstances in the respective districts, and that collections of donations should be forwarded once or twice a month to the Guild Headquarters, 116 Windsor Street, Montreal, for shipment to London.

Regular sewing meetings are not held, the main thing is to have a central point, where anyone wishing to contribute to the Queen's work may leave a donation, have it acknowledged and then forwarded to Montreal.

In the working of the Guild, Her Majesty's chief aim has always been to meet the greatest need and to avoid overlapping in the distribution of the various articles, so that the donations are used to the best possible advantage. Her Majesty personally inspects and supervises the work, and is kept informed as to where the things are most needed.

To give an idea as to where the donations ultimately go, the following may be mentioned: various regiments; hospitals of the Allies, many things went to the wounded around Ver un, Meopotamia, Russia, Italy, the Queen of the Belgian's Hospital; prisoners of war, clearing stations; Navy League; trawler men; Princess Louise's Fund for sick swimmers; Soldiers' Children; etc.

Y. M. C. A. has facilities for the care of stragglers; sick paroled women and children; women interned in Austria; married y homes.

Gracious messages of thanks and appreciation are sent to her loyal supporters in Canada by Her Majesty the Queen, who is always most interested to know the source of the many contributions to her work.

The badge of the Canadian Branch is a small brooch in the form of a shield, with a royal blue cross on a white ground and the initials of the Guild. These Badges cost 25c each.

During the summer of 1915 the Monte L ladies heard so often that what the Canadians at the Front were most in need of was Home News; though newspapers were posted, in very many cases they did not reach the men at the front. It was of this, the ladies of Q. M. N. G. started a news paper clipping scheme, but this was found to be quite inadequate. A suggestion was then made that a newspaper be printed specially for the soldiers, and "The Soldiers' Gazette" is the result. This little paper is financed from a special fund, which is kept going by voluntarily public subscriptions. In this way, 16,000 copies are posted in bulk to France every week, by an officer appointed by the Minister of Militia to see to the proportionate distribution of it amongst all Canadian regiments at the front, and the convalescent camps and hospitals overseas.

One soldier from western Canada writes from England to a friend in Montreal: April 28th, 1916—I have seen a copy of "The Soldiers' Gazette" in the hospital here, and I think it is the best thing I've seen yet. I got more news from it than I have heard in the last year.

Numerous letters of praise, appreciation and gratitude have been received from both officers and men, all of whom eagerly looked forward to receiving the paper.

Besides the general and Montreal news, "The Soldiers' Gazette" includes the most important items taken from the newspapers of the various Provinces throughout the Dominion. These Provincial papers are a special feature of this little paper, and add considerably to the cost of production as new type has to be set up for them. On this account subscriptions from friends in the Provinces are especially welcome. More troops are going every week, and a greater number of copies ought to be sent, but this can only be done by the voluntary co-operation of the public throughout the Dominion.

"I can't understand this code of ethics. What code is that?" "The one which makes it all right to take a man's last dollar, but a breach of etiquette to take his last cigarette."—Louisville Courier-Journal.

Be Canadian.

The national and business men who have inaugurated a movement to promote closer and more cordial relations between the people of Ontario and Quebec provinces are doing more good service for Canada than those who are busy with the narrow selfish interests of narrow provincialism, religious fanatics and party politicians who seize every opportunity to stir up ill feeling.

The improved relations idea might be extended to include the whole Dominion, and the hatreds and jealousies between the two older provinces might be smoothed out.

Against such a policy, too, there are many things to be said. Canada is a land to be proud of, and its residents everywhere should be glad to call themselves Canadians. If there is discord it will be a bad thing for the country all round, and its growth will surely be retarded.—Montreal Gazette.

No Chance For Germs.

Disease germs cannot live in rich, red blood. It is people in low vitality that fall victims to germ diseases. By using Dr. Chase's Nerve Food you enrich the blood, increase vitality and prevent disease germs from finding lodgment in your body. There's wisdom in prevention. It's easier to keep well than to get well.

Cross-Eyed Mentally.

Do you ever start to say something and find yourself using the word you hadn't the faintest idea of using? Just a little cross-eyed mentally, aren't you? Did you ever mean to jam your foot on the accelerator and slam it down on the break instead; have you ever put salt twice on the same plateful of food when one of the applications should have been pepper? Did you ever laugh at the wrong time at the theater, or sneeze unnecessarily at a funeral, or fall to sleep quietly where you should be now awake, where the poor chap has been dead six months? Sure you have, everybody does it. We are all just a little bit mentally cross-eyed sometimes, and we don't know it until it seems that we are looking. What we really need to look out for is not doing queer things too often. If we do not know the tolling what may happen. We may get into the papers!—Springfield Union.

St. Joseph, Lewis, July 14, 1903
Minard's Lignum Co., Limited.

Gentlemen, I was badly kicked by my horse last May, and after using several preparations on my leg nothing would do. My leg was black as jet. I was laid up in bed for a fortnight and could not walk. After using three bottles of your MINARD'S LINIMENT I was perfectly cured, so that I could start on the road.

Yours truly,
Jas. Dubes,
Commercial Traveller.

A Word About Gossip.

Gossip is not objectionable when it is kind and well meaning. To live in the world surrounded by neighbors, taking no interest in their personal life, is to be a social outcast. To be a gossip is to be a social outcast. To be a gossip is to be a social outcast. To be a gossip is to be a social outcast.

Even If War Is On You Must Have Clothes

And we are well prepared to serve you in this line.

Our work in MEN'S CLOTHING OF ALL KINDS is winning us a reputation. We use the best materials, employ the best workmanship and our styles are always right.

We guarantee every garment and shall be pleased to show goods and quote prices.

A. E. Regan, Wolfville

Minard's Lignumet for sale every where.

Callers

Of course they will take a cup of tea and, naturally you are anxious it should be "just so."

Pin your faith to KING COLE next time, and see how well it will serve you.

"You'll like the flavor"

Distribution of Seed, Grain and Potatoes from the Dominion Experimental Farms, 1916-1917.

By instructions of the Hon. Minister of Agriculture a distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples for general distribution will consist of spring wheat (about 5 lbs.), white oats (about 4 lbs.), and field peas (about 5 lbs.). These will be sent out from Ottawa. A distribution of potatoes in sample of about 3 lbs. will be carried on from several of the experimental farms, the Central Farm at Ottawa and Q. 1068. All samples will be sent free by mail.

Only one sample of grain and one of potatoes can be sent to each farm. As the supply of seed is limited, farmers are advised to apply early. Requests received after the end of December will probably be too late.

Anyone desiring a sample should write (post free) to the Dominion Central Experimental Farm, Ottawa, for an application blank.

J. H. GRISDALE,
Director, D. M. Experimental Farms.

Value of Clean Living.

Researches into family histories have shown in a very striking way the value of a good, clean ancestry. This it is which has caused eugenists to call attention to the urgent need of dealing comprehensively with the problem of the feeble minded. For wherever this respect and add greatly to the extension of criminality and immorality. The value of being well born is beyond compare, and it comes to a duty of parents to assure it for their children. Among the families whose records have been minutely and carefully traced two stand out in instructive contrast.

In 1744, according to the records of the eugenist, a woman was born named Ada Take. True to her name she took everything there was to be had in the way of liberties and licenses. She died a confirmed drunkard, and altogether she had 7-9 descendants. Among them were 100 children born out of wedlock, 181 women of immoral life, 142 beggars, 46 workhouse inmates and 76 criminals. It has been estimated that this woman cost the country \$1,200,000.

By way of contrast, the Ladies' Home Journal tells of an Englishman, born in Queen Elizabeth's time, a "ryman with a good wife. In the year 1900 there had been 1,394 descendants of this family traced and identified. Of them, 205 were college graduates, 13 college presidents, 65 clergymen, 107 lawyers, 33 judges (one a vice-president of the United States) 75 army and navy officers, 60 prominent authors, and 16 railroad and steamship presidents.

Nothing could show more clearly the importance of good birth, not only to the family, but to the State. If all cases of defective heredity could be eliminated, social problems would be more easily and effectively solved. The great personal lesson in that it pays to live a clean life, if parents have the good of their children at heart.

Pointed Paragraphs.

If you would please a woman, don't talk—listen.

However, it is far better to grin than to groan.

The youth who courts a tall girl has high ambitions.

People who think before they speak seldom say much.

If the smile won't come off it soon becomes monotonous.

The sap has stopped oozing from the crop of spring poets.

It's surprising how smart a boy can be—when his mother tells it.

A loss of dollars sometimes brings the spendthrift to his senses.

How we dislike people who are always dramatizing their troubles.

A successful black-mith can either shoe a horse or make a horseshoe.

A girl likes a young man who is different from one who is indifferent.

A woman may accept any old excuse—if a nice present goes with it.

When a woman is harboring a brainstorm it is a man's cue to say nothing.

Few men have sufficient confidence in their own veracity to believe all they say.

But perhaps there are a few small boys who would object to being kidnapped to the circus.

More than 100 diseases may be caught by kissing; says an eastern physician, and it will be just our luck to die from something else.

DR. A. W. CHASE'S CATARRH POWDER 25c.

Is sent direct to the diseased parts by the improved method. It is the only powder that cleans the air passages, stops discharges, and relieves the irritation. It is the only powder that is safe for the eyes, nose, and throat. It is the only powder that is safe for the children.

DR. A. W. CHASE'S CATARRH POWDER, 25c. per box. Sold by all druggists.

The Steel Passenger Car.

When the steel passenger car was introduced into American railway systems, the immediate object was to diminish loss of life in collisions. The replacement of equipment will have cost the railways approximately \$50,000,000 and incidentally has considerably increased the cost of operation, as heavier locomotives are required to haul the trains. The President of the Chicago & Great Western Railway says:

"These heavier locomotives, with heavy steel equipment behind them, running at high speed, in case of accident become more destructive than any of the trains in the days of the wooden cars; in fact, we have records of the complete destruction of steel passenger cars that would be impossible to build with a rear-end collision from a train running fifty or sixty miles an hour."

The substitution of steel for wooden cars has also dealt a serious blow to the lumber industries of the Pacific Northwest and has increased the danger of forest fires. Car material provides a market for the common grades of lumber, and the elimination of this market has meant a large portion of waste left in the woods. Waste left in the woods means increased forest fire hazard, and greater difficulty in clearing land for agricultural development, so that in the opinion of the Pacific Coast lumbermen the cost to Uncle Sam has been much more than \$50,000,000—indeed it would be more like a billion dollars—all of which has ultimately to be paid by the public.

Nurses on Service to Rest in Switzerland.

Hotel-keepers of Switzerland have invited 1,800 nurses from all the belligerent countries to rest and recuperate in their hostels from their arduous battlefield duties. Word to this effect comes to Prof. James Cusin, President of the Toronto Swiss Society.

The nurses are invited to spend three weeks, and the invitation is good for the remainder of the summer. Great pains have been made to welcome the nurses, and already 700 from France have accepted the Swiss hospitality, and were accorded welcome by a committee of women. Railroad fare is cut in half, and all the people of Switzerland are welcoming the nurses.

Indigestion Resulted From Bad Case of Inactive Liver

Experience Proved That Dr. Chase's Kidney-Liver Pills Were Exactly What Was Needed.

If every sufferer from indigestion would study his case as did the writer of this letter the great majority would find sluggish action of the liver and bowels to be the cause of trouble.

It is then an easy step to finding the cause, for there is nothing like Dr. Chase's Kidney-Liver Pills to awaken the action of the liver, kidneys and bowels. With these organs performing their natural functions the system is thoroughly cleansed of all poisonous waste matter and the process of digestion is no longer impeded.

Mrs. W. L. Jones, Hill Spring, Ala., writes: "I have often thought I would write and tell you how much I appreciate Dr. Chase's medicine, especially Dr. Chase's Kidney-Liver Pills. I suffered terribly from indigestion and did not know what was the cause. I got to using Dr. Chase's Kidney-Liver Pills and was so improved that I began to study the matter. I found that the indigestion resulted from a bad case of inactive liver, and as soon as I got the liver working right, I didn't have any stomach trouble or indigestion, nervous spells vanished and the 'bites' ran away. I am never sick now, but should the old trouble return, I know how to cure it quickly."

There is a whole host of derangements which disappear when the liver is set right. Biliousness, indigestion, headache, irritability, constipation are a few of the more common results of torpid liver action. By the use of Dr. Chase's Kidney-Liver Pills you can control all such disorders. One pill a dose, it costs a box, all dealers, or Edmanston, Bates & Co., Limited, Toronto.

Red Rose Tea "is good tea"

THE ACADIAN.

WOLFVILLE, N. S., SEPT. 15, 1916.

Editorial Brevities.

Canada's new war loan will provide an investment which should appeal to every citizen with money on loan.

Canadian single taxers at their annual convention at Niagara Falls recently, decided to urge upon the Dominion government, in view of the enormous war expenditure, the necessity of raising revenue by a tax upon the land values of the Dominion.

Collapse of the great centre span of the Quebec bridge, while being placed in position on Monday, naturally will raise fears and doubts as to the strength of completed portions of the structure.

There are many Americans who really feel ashamed of their country's neutrality in the present war of the democracies of Western Europe against the attempt to hasten military autocracy upon the world.

It is not that our fathers' English blood burns in us now that England bleeds; 'tis not Friendship for France, nor pity for the lot of Belgium buried in invasion's flood that scorns neutrality, but there's a flame hot in the hearts of men whose spirits live blazing for faith and freedom.

Neutral—with Belgium broken in the dust! —Lita

Wolfville High School Record at the Provincial Examination, June, 1916.

At the recent provincial examination for High School certificates, thirty-nine candidates from Wolfville High school wrote and thirty-three obtained the certificates for which they wrote.

Grade XI, 8 candidates, 6 successful—Pauline Parry, Miriam Chisholm, Marion Grant, Karl Mason, Angela Herbin, Gladys Newcombe.

Grade IX, 18 candidates, 18 successful—Margaret Ford, Theodore Rand, Fred Herbin, Marie Mason, Gladys Jones, Felice Herbin, Mildred Pick, Margarita Catten, Ruth Morrison, Marcia Calkin, Nina Wickwire, Evelyn Porter, Maribel Angus, Helen Young, Harold Jones, John Crowell, Mildred Simson, Walter Johnson.

The thanks of the children of the Tabernacle Sunday School, as well as all interested in the work, are due to Mr. A. V. Rand and Capt. Pratt for the very kind assistance they gave in conveying children to and from the Beach in their autos.

Minard's Liment cures Neuralgia.

Death's Harvest.

CHARLES F. ROCKWELL.

The death of Charles F. Rockwell took place at his residence, Kentville, early Monday morning after a short illness, at the age of 69 years.

Mr. Rockwell was born at Upper Dyke in this county, July 3, 1847, son of the late Judah and Prudence Rockwell. During his early life he engaged in teaching and filled that position in many of the leading schools of the county.

He was prominent for many years in civic politics, being Councillor for the town and also Mayor for several years. Among the fraternal orders he was very prominent, being an Oddfellow for 41 years.

He was prominent for many years in civic politics, being Councillor for the town and also Mayor for several years. Among the fraternal orders he was very prominent, being an Oddfellow for 41 years.

The funeral service was held on Wednesday afternoon and was conducted by Rev. A. C. Borden. The services were under the auspices of the I. O. O. F. and burial at Upper Canada.

MRS. W. A. CLEVELAND.

The death of Selina Rand Miner, wife of the late Wm. A. Cleveland, occurred at her home at Wolfville Ridge Sept. 8th. The deceased was 78 years of age and had been in failing health during the last year, suffering from heart trouble.

The remains placed lovingly among beautiful flowers, were interred in the family lot at Willow Bank. The deceased lady was born at Gaspereau and lived in her home at Wolfville Ridge for the last fifty seven years.

On Wednesday evening, at her home on Gaspereau avenue, the death occurred of Augusta, wife of Rev. E. E. England, after an illness of less than a week.

Of a family of ten children she is survived by two sons and three daughters: Arthur R., of California; Burpee W., of Kingston, N. S.; Mrs. T. J. Edwards, of New Hampshire; Mrs. S. B. Saunders, of Quebec; Miss Berta, at the old home; twelve grandchildren, one great grandchild; a sister, two brothers and a large circle of other relatives.

Her children rise up and call her blessed.

Mrs. (Rev.) E. E. ENGLAND. On Wednesday evening, at her home on Gaspereau avenue, the death occurred of Augusta, wife of Rev. E. E. England, after an illness of less than a week.

Some very high records were made by various pupils and deserve special mention. Margaret Ford, of Grade IX, led the school with an average of 88 and two thirds, out of a possible 100.

Both were present at the end Mrs. England suffered a paralytic shock last Friday and steadily lapsed until the end came peacefully at about 5 o'clock on Wednesday evening.

Are you satisfied with your tailor? Can you get a perfect fit and satisfaction every time? Try a 20th century suit or overcoat made to your measure at F. K. Bishop & Co., Ltd., and you will wear no other.
The public schools have re-opened with the largest number of pupils ever registered at the beginning of the year. There are 308 in attendance, and more are expected in a few days. There are two new teachers on the staff, Miss Nichols, in the place of Mrs. Steele; and Miss Gallagher, who succeeds Miss Purdy. Both come to us highly recommended.
Sosp.—Actual 15c. value for 10c. while the supply lasts. A. V. Rand.
We wish to thank most sincerely the many friends and neighbors who assisted with kind words and deeds during the illness and death of our beloved mother, Selma R. Cleveland; those who sent flowers, who sang her favorite hymns so sweetly at the funeral, and those who helped in any way to make the last months of her life pass more pleasantly.
Her CHILDREN.
It is a great satisfaction to know when you leave your measure for a suit of clothes or overcoat that you will get same without fail in two weeks from date ordered. F. K. Bishop Co., Ltd., will measure you for a suit or overcoat, and can deliver same within two weeks. A perfect fit guaranteed or no sale.
We are getting new customers every day for the 20th century clothes, made to your measure. We would be glad to have you look over our samples, and we positively guarantee you a good fit. F. K. Bishop Co., Ltd.
The services at the Canning Methodist church next Sunday, 17th inst., will be as follows: 11 a. m., sermon by the pastor—'Foundations of Life.' Sunday School at the close. 7:30 p. m. the building will be at the disposal of the Y. M. C. A., at Aldershot, for a concert in the interests of their work. Come early. Sit as near your neighbor as you can so as to bring the greatest good to the greatest number. Ushers at the door. A cordial welcome. Service at Sheffield Mills at 3 p. m.
When buying a suit or overcoat you, no doubt, want the best. 20th century clothes are made by experts and satisfaction guaranteed. We would be glad to take your measure for a suit or overcoat and if not satisfactory in every way we will not ask you to take same. F. K. Bishop Co., Ltd.
On August 24th the sad news came to Mrs. Janet Marshall, the matron of Acadia Collegiate Academy, Wolfville, of the death of her only son Herbert Marshall, at Keene, New Hampshire. The deceased was twenty-six years of age, and although not in general good health, his demise was a severe shock to his friends. Mr. Marshall, when quite young, professed his faith in Christ at Hampton, N. S., where the family at that time resided, and was baptized by Rev. R. B. Kinley. He has ever since been a faithful and consistent follower of his Lord and Master. At the time of his death he was a member of the Keene Baptist church, and the Eaton Brotherhood of Sunday School Workers. The remains were brought to Hampton, N. S., for burial. On Sunday night a service was held in the Keene Baptist church by Rev. Mr. Sherwood, who spoke in the highest praise of the Christian life and example of the departed brother. The service at Hampton, N. S., was conducted by Rev. R. B. Kinley, who spoke from Matt. 28:6. He is not here for He is risen. Besides his widowed mother he leaves a sister, both of whom have the heartfelt sympathy of a wide circle of friends.—Maritime Baptist.

F. K. Bishop Co. LIMITED

Successors to C. H. Borden.

Personal Mention.
(Contributions to this department will be gladly received.)
Mrs. Angus Murray is spending a week with friends in Halifax.
Miss Bessie Curry, of Amherst, is visiting at the home of her brother, Mr. Elias Curry.
Miss Daisy Sierp, who has been spending the summer at her home here, returned to Boston on Tuesday.
Miss Eunice Curry, who has been spending some weeks at Nappan, returned to Wolfville to resume her studies.
Dr. and Mrs. Esty returned on Friday last to their home in Lafayette, Ind., after spending a very pleasant summer in Wolfville and at the Beach.
Mr. E. W. Fox, who has spent the summer at Camp Borden, returned home on Monday. His account of the operations at the big camp during the summer is most interesting.
Mr. and Mrs. George Shaw, of Pawtucket, R. I., are visiting at the home of the former's father, Mr. E. B. Shaw. Mrs. George Marsh and little son, of the same city, are also visiting at the former's old home.
Announcement has been made at Fredrick, of the appointment of Mr. Byron Robinson, a graduate of Cornell University, as assistant to R. P. Stevens, N. B., director of elementary agriculture. Mr. Robinson, who is a native of Nova Scotia, will be engaged at Sussex and Woodstock, and has excellent qualifications for the position to which he has been appointed.
Mr. Edson Graham left on Saturday last for Boston, where he will attend the Photographer's Convention, which is an annual affair in that city. Mr. Graham is a most progressive member of the profession and never misses an opportunity to get the latest hints in the art. During his absence the studio is open as usual, except that no settings will be made until the 18th of Sept., when Mr. Graham will be back.
Mr. Lloyd Woodman left on Friday last for Ottawa, where he has accepted a position with the drug firm of Allen & Cochrane. This firm operates no less than thirteen stores in Ottawa and is the largest firm of the kind in that city. Mr. Ernest Bosterman formerly of Wolfville, is a member. Mr. Woodman was one of our most popular young men and will be much missed. THE ACADIAN wishes him a successful career.
Money to loan on mortgage security. Apply to E. S. Crawley, Wolfville.

Greenwich.
On Saturday, Sept. 2nd, our annual picnic was held, at Evangeline Beach this year. A good number went and enjoyed the day in spite of the rain most of the afternoon.
On Monday, Labor Day, in the afternoon, a number of young people, twelve in all, chaperoned by Mrs. Burpee Bishop, drove to Starr's Point, where they indulged in bathing and had a corn boil, which was good eating, also made a cake and with other good things finished with lots of ice-cream, and with the enjoyment of the frolic, a grand time was the verdict by all. The drive home in the big wagon was made more enjoyable by the singing of songs, also by chattering for their chaperon. On arrival at Mr. Bishop's a pleasant musicale was enjoyed in the evening with more ice-cream.
On Tuesday evening, of this week, another good time came off and was enjoyed by about fourteen young people accompanied by Mrs. B. Bishop and N. W. Brown. It was a marshmallow w-bake, a huge bonfire being made up in Mr. J. E. Forsythe's pasture. On the gathering of the party there, the verdict by all was a fine time and all the marshmallows they could roast and eat. The fire-light was much enjoyed, and the whole was a novel treat.
Our teacher of the past two years, Miss Elliott, was one of the party, at Starr's Point on the afternoon of Labor Day. She has the primary department at Falmouth Centre this year.
Miss K. Thorpe has charge of our school here. We wish her success.
Miss Leah Forsythe, accompanied by her friend, Miss Stella Neary, spent the week end with Miss Forsythe's sisters, Mrs. Rand and Mrs. Stevens, Wolfville.
Mr. Edgar Forsythe, who cut his foot badly with an axe, is still unable to be around, but doing well.
Miss Fairs recently visited her sister, Mrs. R. Neary.
Mrs. Shipley, River Herbert, is visiting her daughter, Mrs. H. Johnson.
Dr. Meek, of New York, recently visited his niece, Mrs. D. xter H. Forsythe.
Miss Millie Fraser, who has spent the last two years in Boston, is visiting at her home here, on her vacation. We understand that Mr. and Mrs. Fraser had nine of their children with them on Sunday afternoon, their

WHY SPRAY TWICE?

Experiments Show Conclusively the Value of This Method

Prof. Blair of Nova Scotia writes: In order to gather information as to the value of the early sprays as compared with the later ones a series of tests in which plots were sprayed before, and twice after the blossoms in 1915, were compared with those sprayed once before the blossoms and twice after. In one series of experiments the one spray before the blossoms was put on about midway between the first spray, which was put on just after the leaf buds were nicely opened, May 15th, and the second spray put on just before the first petals opened May 21st, or just before about the time the blossom clusters were showing pink. This was called a midway spray. In the other test the one spray before the blossoms was put on just before the petals of the flower clusters opened. There was a difference of from two to three per cent. only in favor of two sprays before the blossoms. The two most important sprays were the ones just before and just after blossoming. From results obtained it would seem that should the period between the opening of the leaf buds and the opening of the petals of the flower clusters be short owing to unfavorable conditions, one spray may be sufficient to give practically clean fruit, but should this period be extended two sprays should be given. A study of results from soluble sulphur plots sprayed at different dates indicates that the early spray was quite an important one, and that the two applications before the blossoms were advisable. On the day following the application of the midway spray at Beavert there was a sharp rainfall of about quarter of an inch. As was the case with the spray after blossoming, which showed that soluble sulphur is not an adhesive spray, and that a heavy, quick rainfall may reduce its fungicidal value and bring about increased burning, as was the case with these sprays. It would seem, therefore, that it is wise to make two applications before blossoming; first after the leaf buds open, and second just before the blossoms open, which dates correspond with those advised for the best control of insects.

RUSH GRAIN THROUGH

Speedy, Efficient Methods Used in Giant Elevators

Grain out of condition has three degrees of classification as to its condition, they being tough, damp, and wet. The shrinkage which all these out-of-condition cars suffer on being dried is accepted at Fort Arthur or Fort William by a test machine, in which a weighed sample of the car is dried in a hot air oven, and the steam from the moisture in the grain is passed through a cooling chamber and condensed, and by its quantity telling exactly the amount of moisture in the grain. The weight of the grain is deducted from the weight of the grain being dried. When the car has been unloaded, word is given to the weighmen, both elevator operators and scale unloaders, and the weight stamped automatically on a strip of thick paper on which is a record of the daily reports, are filed away for future reference. All the weigh tickets are numbered, and the number is written on the scale, which adds to the weighing outward on vessels—telling weight in each car, and the exact identity of the grain is lost and only its equivalent in grade and weight is guaranteed for delivery.

WEEDS ON CITY LOTS

Drastic Action Demanded to Eliminate This Menace to Agriculture

At a meeting of the Commission of Conservation stress was laid upon the increasing prevalence of weeds. Earnest pleas were made for action to overcome this detriment to agriculture. While farming interests are exerting themselves to eliminate this serious handicap, they have but cause to complain of the prevalence of weeds on city lots and subdivided land upon the outskirts of cities and towns. This land, often forming some of the best farms, offers ideal conditions for the growth of weeds, and they flourish in great luxuriance. The owners in many cases are non-residents, and consequently do not appreciate the condition of their property.
Municipal officers and road-masters should be given the authority and compelled to have weeds cut upon vacant property, the cost of doing the work to become a local charge against the land. The majority of owners would be willing to pay the cost of weed cutting, if it is hoped that the service will be taken, so that vacant urban property may no longer be regarded as a dangerous weed menace.

Carrying a Stapler

A handle, fixed on the side of a stapler so that the ends balanced, overcame the difficulty ordinarily experienced in carrying it. It is worth while to spend sufficient time in fastening the handle to insure that it will be at the proper place.—From Popular Mechanics.

elder son being absent, also Miss Bertha, who is in Saskatoon. Two of their sons are training in the 21st Batt., N. S. Highlanders, Aldershot Camp.
Mrs. F. Forsythe recently visited her son, Chesley, at Ellershouse. Ormond Forsythe also was a recent guest of his brother Chesley.
Mr. and Mrs. L. Franklin, who have spent some time with their daughter, Mrs. Ernest Johnson, recently left for a visit to their daughter in Saskatchewan.

When you are wanting a suit or overcoat call at F. K. Bishop Co., Ltd., and look over the 20th century samples. They are showing an extra large range of samples and will guarantee you a perfect fit.
