to be a success. The matter is excellent.  
For sale at Anderson's.

**Pic-Nic.**—The bakers and con-  
fectioners are off pic-nicing to Puslinch  
Lake to-day. We presume the bakers  
knead a little recreation now and then,  
while the confectioners are well entitled  
to some of the sweets of this life. We  
trust their cake will not be dough.

The life of P. T. Barnum, written by  
himself, 900 pages, illustrated. Reduced

World's Fair, on Thursday, August 6th.

**KNOX CHURCH.**—We remind our readers  
that the Rev. Dr. Fraser, who is about

this evening, at half-past seven.

**STILL ANOTHER.**—The Good Templars  
are going to hold a picnic to-morrow, at  
Paradise, and the Committee and all  
who are desirous to be present, meet at  
their Hall to-night to make final arrange-  
ments. Boats will be provided for the  
excursion.

**A SERIOUS OCCURRENCE.**—On Friday,  
24th inst., a three-year-old daughter of  
Mr. A. McLellan, of Doon, fell through a  
culvert on the railway track to the hard  
ground ten feet below. The result was a  
severe shock which caused concussion of  
the brain.

**BOUND FOR THE OLD COUNTRY.**—Mr.  
Arthur Hogge and Mr. Thos. Sexton, of  
Guelph; and Messrs. J. B. & J. A. Pres-  
ton, of Harrison, started on a trip to  
Britain to-day (Thursday), by the Allan  
Line. We wish them *bon voyage* and safe  
return.

**THE CONSEQUENCE OF HASTE.**—As  
Joseph Crossman, a young man who  
lives near Breslau, was returning home  
from the village at a late hour on  
Saturday night, 25th inst., he met with  
a severe accident. The night was very  
dark, and as he was nearing the railway  
bridge over the Grand River, rain began  
to fall, which made him anxious to get  
home. He started over the bridge on a  
run, and when some distance over,  
missed his footing and fell heavily on a  
cross beam, and was saved from a fearful  
fall of fifty feet to the river below. His  
injuries consisted of a broken rib, a  
bruised chest, and a large gash in his  
right leg which lay bare the bone. Dr.  
Bowley has the case in hand.

**AT THE RECENT meeting of the Orange-  
ville Council, a lady, who had occupied a  
seat in the chamber, listening patiently  
to the deliberations, rose suddenly, ad-  
vanced majestically, and before the assem-  
bly were aware of her intention, deposited  
carefully in the lap of the Reeve an  
interesting specimen of humanity, in  
the shape of a plump young infant, with  
the remark that "he'd better take  
charge of this yer young'un." Naturally  
a gallant gentleman, the Reeve was  
suddenly put at being unable to return  
thanks to the lady, who beat a hasty re-  
turn before the excitement had subsided.**

**FORESTERS' JUBILEE IN TORONTO.**—The  
Ancient Order of Foresters commenced a  
three days' *fete* and jubilee in Toronto on  
Wednesday. Visiting brethren from  
Guelph and other towns and cities  
throughout Ontario were present. About  
twelve o'clock they assembled in force at  
the City Hall, where a procession was  
formed, and proceeded through the principal  
streets to the cricket ground, which  
presented an animated appearance, up-  
wards of 5000 people being present. The  
principal feature of the day was the band  
competition, the *Duffin* and *Dunn*  
Bands of Oshawa taking the first prize of  
\$125, and a piece of plate; the Band of  
the G. T. Brigade taking the prize of  
\$350 and a piece of plate, for Volunteer  
Bands. Lieut. Governor Crawford and  
Mrs. Crawford were present in the even-  
ing and distributed the prizes to the suc-  
cessful competitors.

**RAILWAY EXTENSION.**—A large and in-  
fluential meeting was held at Wingham,  
on the 24th inst., for the purpose of con-  
sidering the propriety of raising a bonus  
to bring the Toronto, Grey & Bruce  
Railway into Wingham. Mr. John Greg-  
ory was called to the chair, and the  
meeting was addressed by all the leading  
men in the place in favor of granting a  
liberal bonus to the road.

## BY TELEGRAPH TO THE MERCURY

**Emperor William going to  
Italy.**  
Accidental Shooting.

**Hon. E. D. Holton interviewed  
His Statement of the Beecher  
Case.**

London, July 30.—The Vienna jour-  
nals say that Austria has received a cir-  
cular note from Germany, urging the  
great powers to continue to prevent the  
continuance of the Carlist atrocities in  
Spain, and has given a favorable reply.  
The *Morning Post* asserts that Germany  
will propose in the Brussels Congress, the  
recognition of the present Government of  
Spain.

Berlin, July 29.—The Emperor Wil-  
liam is to visit Italy during the present  
year, probably in autumn. The *Provin-  
cial Correspondence* expresses the hope  
that the visit of the German squadron to  
the coast of Spain will effect a happy  
change in Spanish affairs. The *North  
German Gazette* states that the squadron  
will leave British waters about the begin-  
ning of August for its new station.

New York, July 30.—Private advices  
from Havana state that the Cuban forces  
have crossed the Trocha and committed  
great destruction in burning of Spanish  
plantations in the Trinidad Valley, two  
Spanish forts also burnt. A force of  
emancipated negroes were also in the  
neighborhood of Cinfuegos destroying  
plantations, and are successfully enslaving  
slaves and Coolies in Cuban ranks.

Milwaukee, July 27.—The *Sentinel* of  
to-morrow will contain the interview  
with Hon. E. D. Holton, who was pre-  
sent at the interview of Bowen and Car-  
penter, and refers to Tilton's letter pub-  
lished in the *Brooklyn Union* a year ago  
last spring, dated January 1st, 1871,  
calling Bowen's attention to a statement  
made by him, that Beecher had been  
guilty of improprieties with a number of  
women, and was unsafe for visits to the  
houses of members of his church. Hol-  
ton saw the letter while in Hartford;  
went to New York and called on Bowen,  
Carpenter being present; he (Holton)  
talked about the letter and asked Bowen  
squarely if he had made such charges  
against Beecher to Beecher himself, and  
if he knew them to be true. Bowen re-  
fused to deny or acknowledge their  
truth. Holton construed his silence into  
an admission that Tilton's letter truth-  
fully stated what had transpired.

Elmira, New York, July 29.—Ella  
Johnston accidentally shot Miss Bella  
White at Wellsville, Allegheny County,  
to-day. Some two weeks since Miss  
Johnston showed great courage and bra-  
very by driving away from the house  
some burglars who were attempting to  
make an entrance. For this, she was  
presented by her admiring friends with  
a fine revolver, and it was while practis-  
ing with this that it was accidentally  
discharged and Miss White mortally  
wounded.

**POLICE COURT.**  
(Before the Police Magistrate.)  
July 30.

The case of Thomas Birmingham, for  
sinking nine cedar posts on Queen street,  
encroaching on the highway, was again  
brought up by C. C. Kelly. The defend-  
ant was bound over to appear at the  
next court of competent jurisdiction, on  
his own recognizance of \$400.

James Hocking, charged by C. C. Kelly  
with killing two swallows, contrary to  
law, was fined \$1 and costs.

John Watson, charged by P. C. Dooley  
with being drunk on Market Square, was  
fined \$1 and costs.

**The Philadelphia Kidnapping Case.**  
A rather curious case of kidnapping has  
occurred in Philadelphia. Two little  
boys, sons of a well-to-do merchant named  
Reas, were sometimes allowed to play  
on the street near their father's residence,  
which was in a quiet nook in the city.  
The lads were treated to candies by some  
strange man, who after they had ingrat-  
iated themselves into the confidence of  
the little fellows, persuaded them to take  
a ride with him. That was the last  
heard of the boys till after two days'  
feverish search, the younger was found  
on the street ten miles from home. By  
advertisements in papers a kind of com-  
munication has been established with the  
thieves, and they have offered to restore  
the missing boy for \$20,000. This sum  
the father is unable to pay, and a strange  
mystery seems to hang around the whole  
affair. Some have gone so far as to al-  
lege that the kidnapping is part of a deep  
game played by the father of the missing  
child to obtain a large sum of money  
which, owing to business embarrassments,  
he stands greatly in need of. This view  
was made public through the press, and  
brought out an indignant denial from  
Mr. Reas. A Philadelphia gentleman,  
whose invalid wife has been driven al-  
most insane by allowing her mind to  
dwell upon the perilous position in which  
the child stands, offers to pay the ransom  
of \$20,000 asked for the return of the  
child, if his captors will deliver it up im-  
mediately. A party in New York ad-  
vertises to make known the whereabouts of  
the kidnappers for \$20,000.

The comet is looked upon by the Japa-  
nese as a favorable omen in connection  
with the war with Formosa, where the  
tribes have come to terms with Japa-  
n and accepted the flag of the country.

American Independence day was pro-  
perly observed at Yokohama with a  
grand ball at the American Consulate.

The steamer *Milbank*, of Sunderland,  
from Cathagen for Sunderland, sunk off  
Dungeness by collision with the steamer  
*Hankow*. Fifteen of the *Milbank's* crew  
were lost.

## Local and Other Items.

A branch of the Bank of Toronto is to  
be established in St. Catharines.

Mr. J. P. Merritt, of St. Catharines,  
had \$700 worth of hay destroyed by his  
burns being burned on Wednesday night.

The King of Ashantee has paid a fur-  
ther instalment of \$6,000 to Great  
Britain on the war indemnity.

A writer in the *Canada Farmer* recom-  
mends the application of well-slacked  
lime as a potato bug destroyer.

The youngest son of Mr. S. Bedford,  
butcher, of Mount Forest, had his arm  
broken by the upsetting of a cart, on  
Wednesday, the 22nd inst.

The *Savannah News* treats the Beecher  
case with brevity. It says: "If this  
had been a Georgia affair, Beecher's  
obituary would not be among the bound  
volumes of the *Morning News*."

It is said that the Transatlantic  
Steamship Company will appeal against  
the award of the British Admiralty  
Court in the case of the abandoned  
steamer *America*.

Mr. S. B. Eddy has been offered one  
million dollars for his lumber, milling  
and general business at Chaudiere, and  
refused it. He started business without  
a cent, 18 years ago.

The Government of Egypt have asked  
for a full account of the United States  
Signal Service and Weather Bureau, and  
the manner of collecting statistics and  
facts about the weather. A full Signal  
Service train and all the apparatus as  
used by the American army on the plains  
are being fitted out to be sent to Egypt.

**Crops in Ontario.**—In this town-  
ship the crop is unusually good, and is  
being secured in splendid condition.  
Spring grains look generally healthy, al-  
though the dry weather is beginning to  
tell in some places. Fall wheat is thin  
on the ground; but should a seasonable  
rain come soon, there is every prospect  
of an abundant harvest being reaped by  
the industrious husbandmen.

**Clifford Items.**—A Hook and Ladder  
Company has been organized in this  
village. It is supposed that the Council  
will grant \$100 in order to procure the  
necessary equipment. The village Council  
have committed the statute labor, and  
reduced the charge from \$1 to 75 cents  
per day, the whole amounting to about  
\$300, \$200 of which is to be spent on  
sidewalks.

H. M. Stanley has addressed a letter  
to gentlemen at Nottingham, in answer  
to the question whether he is of the  
same opinion as the late Dr. Livingstone  
respecting the use of spirituous liquors  
by travellers. Mr. Stanley replies to the  
effect that a man who needs the support  
of such liquors is unfit to travel in  
Africa, and that a drunkard cannot  
stand a tropical climate.

The Rev. Wm. Cochran, M. A. of  
Branford, while in his pulpit last Sunday,  
became so ill that he was unable to  
proceed with the service, and had to be  
taken home. His illness has doubtless  
been brought on by over-exertion, his  
labors during the last few weeks, being  
both arduous and various. Though  
at present prostrated, he is progressing  
favorably, and with needed rest and quiet  
will doubtless soon rally.

The Chicago Board of Public Works  
has been instructed to provide for  
better supply of water; to have all  
wooden buildings removed from within  
the city limits; and the formation of a  
corps of sappers and miners for the fire  
department is favored. The Board of  
Undertakers also insist upon the addi-  
tion to the department of new and more  
powerful steamers, the construction of  
fire-walls, the demolition of inflam-  
mable buildings, and the rigid enforce-  
ment of the building laws.

The Yankees are getting ready for  
the centennial of their Independence,  
and at Philadelphia in 1876 they mean  
to speak of the biographies of those who  
were present at the signing of the Decla-  
ration in 1776. An old Delaware lady,  
Mrs. Hester Authors, has declared her  
intention of being on hand and speaking  
for herself. She was present in Inde-  
pendence Hall, Philadelphia, in 1776, be-  
ing then a girl of 14. She is now 112  
years old, smart and active, and visits  
Philadelphia once or twice a year on the  
cars.

A contemporary has been working out  
a sum in geometrical progression, to  
show that the support of the Royal  
family will soon be an embarrassing item  
in the expenditure of the British Nation.  
The annual charge for allowance to Her  
Majesty's family and relations amounts to  
£175,000. Royal families are proverbially  
fruitful. The Prince of Wales has half-a-  
dozen children, and when the  
progeny of his eight royal brothers and  
sisters come up for their claims, about a  
million pounds will be required to satisfy  
them. The third generation, at the same  
rate, will require £5,000,000 sterling  
annually, and the calculator does not  
dare to go further. Likely many mem-  
bers of the fourth generation will emulate  
the example of Peter the Great, and "go  
and learn a trade."

**A RAZ STORY.**—The following raz story  
comes from Massachusetts:—After a  
shower, a few days since, a number of  
men were seen to go down the roof of the  
old Cowe & Hatheway Hotel, West Brook-  
field, to the eastward to drink. A  
party watching their movements counted  
twenty-one, and among them an old rat,  
with five young ones approached the spot  
the old mother holding a straw in her  
mouth, and the five little ones each  
holding the straw, and being led in this  
manner to the edge and placed in a row.  
The old one took the first one, winding  
her tail around it, letting it down to the  
water, and then placing it to the right in  
the row of small rats. Then she took  
the one at the left, and letting it down  
to drink, placed it to the right again,  
and so on with the whole, after which  
they all took hold of the straw, and the  
mother, with the straw in her mouth,  
led them back to their hole.

The best kind of a salesman for these  
dark times is an advertisement in a  
newspaper. It never tires in its labors,  
and never shirks its duty; it talks to  
customers when they are in the best  
mood to be favorably impressed. It has  
access to the merchant, the scholar, the  
artist, the mechanic, and the farmer.  
It goes unquestioned into the most  
private and sacred of retreats. The law-  
yer listens to it while working up his  
case; the doctor dives into it when not  
divining diseases; the ladies have it in  
their laps while leisurely lolling in their  
bonnets. It is present in thousands of  
places at the same moment.

IT IS NOT WHAT YOU EAT BUT what you digest that makes you strong. Unless the food taken is perfectly dissolved, assimilated and converted into pure blood, general nervous and physical prostration inevitably result; the whole system is impoverished; degeneration of the organs and tissues follows, and if there be hereditary predisposition to scrofula or consumption it will surely be developed and the constitution gradually broken down. The foundation of good health and a sound mind is a vigorous stomach and perfect nutrition. Dr. Wheeler's Compound Elixir of Phosphates and Chills is Nature's own remedy for derangements of the digestive organs, purely physiological, harmless, and positively certain to restore nervous and muscular force.

N.B.—The medicine is entirely vegetable in its composition. In all cases of failure, dealers are requested to refund the money. Buy of none who do not warrant it, as all dealers receive back their money from the proprietor.

**BASE BALL ITEMS.**  
The Baltimore defeated the Athletics in Baltimore yesterday by a score of 5 to 1.

The Philadelphia professional nine played at Washington on Tuesday with the amateur National club of that city. The Philadelphians won the game easily by a score of 11 to 3.

The Stars of Guelph and their namesakes of Galt had a match game on the Fair Ground yesterday, which resulted in favor of our "stars" by a score of 49 to 13.

The game between the Silver Creek Club of this town and the Silver Leafs of Hespeler on Mr. Slesman's ground yesterday afternoon resulted in a victory for the Creeks by a score of 33 to 19.

The two crack nines of Kingston had a game yesterday afternoon. The St. Lawrence beat the Stars 18 runs—35 to 17.

Walkerton was honored with a base ball match yesterday afternoon—and an interesting one, too, says the report—between the Silver Leaf Club of Harrisston and their Silver Stars, when the Harrisston boys didn't run round the bases as many times by 30—the score at the close being 74 to 44. That's an awful score, boys—118 runs—why, Bell's nine would play five games and not make that number.

Two nines are coming up from Bowmanville some time next week to play with clubs in this town. The arrangements are not yet perfected.

The game between the Bankers and Lawyers, which should have come off to-day, was not played, and consequently there was "no fun." The reason was, that when a run was made on the banks for players, it was checked by a cry of "No funds." The Bankers' stock appears to be low.

The Mountain Rangers went to Galt this morning for a match with the juniors of that place.

Remember the game with the Woodstock Excelsiors to-morrow. The advertisement gives full particulars.

**MANUFACTURE OF COCOA.**—We will now give an account of the process adopted by Messrs. James Epps & Co., manufacturers of dietetic articles, at their works in the Eastern Road, London. See article in *Cassell's Household Guide*, p. 96.

In Mr. Howland's lecture at St. John, N. B., he recommended that the Maritime Provinces should do away with their petty Governments and unite to form a single Province. "This would give them greater influence, and at this all that is patriotic in Ontario would rejoice."
