## WOMEN'S BIBLE CLASS ORGANIZED

All Women Of Congregation Cordially Invited—Farewell Party To Miss Marion Balcom—Personal Notes.

Paradise.—A surprise and farewell party was given to Miss Marion Balcom at her home Friday evening, March 21st. A very large number of friends were present and a delightful social evening was spent. Miss Balcom left for Boston on Tuesday morning to visit relatives previous to taking a hospital training as a nurse. Miss Leon Gail recently made a trip to the N. S. Sanatorium for the purpose of consulting a lung specialist and having an X-ray examination. Miss Evelyn Lonsley, of Acadia, is making a short visit at her home here.

Mrs. C. J. Durling, of Woodstock, N. B., was a week end guest at the home of her sister-in-law, Mrs. R. S. Leonard.

Mr. S. S. Rugles, of Halifax, assisted by Mr. Roy Whitman, are now wiring the Parsonage for electric lights.

The Willing Workers class gave a surprise party on the evening of March 22nd to Miss Eva MacGregor at the home of one of the members of the class, Miss Margaret Freeman. The class presented to Miss MacGregor a lovely box of stationery in appreciation of her helpful interest in the work during the winter. Miss MacGregor has been spending the winter at the Parsonage. She returned to her home in Cambridge, Mass., Tuesday, March 25th.

Mrs. Ralph Beard, of Halifax, is visiting here with her parents, Mr. and Mrs. F. W. Bishop.

Much needed new hymn books are being procured for the Sabbath school and Prayer Service.

The Women's Bible Class, of the Paradise S. S. became an organized class on Sunday morning, March 23rd. The following officers were appointed:—President, Mrs. W. S. Smith; Vice-President, Mrs. J. H. Balcom; Secretary, Mrs. J. H. Balcom; Treasurer, Mrs. W. H. Robinson. A cordial invitation is extended to all the women of the congregation to join in the study and privileges of this class. An effort will be made to make the women's class as large and in every way as attractive as is now the Men's Organized Class.

A Sauer Kraut tea and concert was given at the Vestry of the Paradise Baptist Church on Monday evening at which a large number attended. Both the tea and concert were excellent.

## OBITUARY

**Mrs. Mary E. Morse.**  
On Saturday, 15th of March, at the home of her son, Everett Morse, of Brighton, Mass., there peacefully passed to the Great Beyond, Mrs. Mary Elizabeth Morse, at the advanced age of 85 years.

Mrs. Morse was born in Clarence, N. S., June 27th, 1838, daughter of the late Israel and Hopestead Barnaby Elliott. She was a woman of rare literary attainments and possessed in a marked degree ability to express her beautifully trained mind, although handicapped from early childhood by entire deafness. She had the rare gift of a ready writer and gave pleasure to her many correspondents. She maintained throughout her life her connection with her home church, Clarence and Paradise Baptist, of which she was a member since girlhood.

After the death of her husband, Mr. Parker Morse, she removed to the United States and during later years was tenderly cared for by her son, Everett Morse, and wife, at their home in Brighton, Mass.

Besides those who mourn for her are two nieces, Mrs. Laura Bishop, Clarence, and Mrs. E. H. McCurdy, Waterville, Maine, and a nephew, L. L. Elliott, Clarence, and many relatives and friends. A son, Arthur, predeceased her many years.

The funeral services, conducted by the Rev. F. A. Moore, were held at the Undertaking Rooms in Boston, the casket being placed in the receiving tomb in Forest Hill Cemetery to be removed in May to the family lot, Pine Grove, Middleton, N. S.

The following appropriate tribute to her memory was read at the funeral service:—

Why can we mourn, when, gently as  
Glides into day, thy spirit, glad and free,  
Went forth to break into the new glad song  
That raptured souls are singing endlessly?

Why should our hearts lie heavy in this grief,  
When, in the ways of peace her feet  
Have gone?  
When, like the fruit turned golden in the sun,  
The Master came and chose the ripest one?

He came to give the worn out body rest,  
To soothe, to quiet, every throbbing pain,  
And still the voice of longing and regret,  
In a deep calm that naught can break again.

He came with heavy hand, but good intent,  
For her the sweetest smile, for us the frown,  
To lead her from the shadow of her Cross,  
Up to the peaceful sunlight of her crown.

Her hidden life in broadened lines will run,  
Her loving spirit blossom more and more;  
For us 'tis death, for her 'tis life of life,  
The opening, not the closing, of the door.

We may not hear the voice so strangely dumb,  
We may not touch the hand so strangely cold;  
"Dust unto dust," we bow to the decree,  
But she herself is ours to love and hold.

## REMOVAL NOTICE

## IMPRESSIONS OF FLORIDA

The Monitor Has Interesting Talk With Mr. Karl Freeman, Optimism And Enterprise Have Revolutionized This State.

Mr. Karl Freeman arrived home on Friday's express after an absence of six weeks, a full month of which was spent in Florida.

While there he took occasion to visit a considerable part of the state and get a comprehensive outlook on conditions generally.

During the month he travelled something over two thousand miles and visited most of the important centres of the State by auto.

The Editor of The Monitor, in discussing the matter with him, was able to glean some facts of interest, especially so as increasing numbers of Nova Scotians visit the State during the winter months and many have acquired orange groves there.

We give a few outstanding general features which impress the visitor and they are not without their lesson to Nova Scotians.

As Florida is a sandy country generally, with stone expensive on account of long hauls, a problem of prime importance was roads. This was tackled and immense sums of money spent, particularly during the past ten years. The result is shown in good and ever improving highways, making communication easy and allowing of convenient and profitable settlement of the country. This improvement in connection with hotel accommodation, railway construction, etc., encouraged and developed the immense tourist traffic during the winter months.

Development companies were numerous and the number of real estate men was legion.

Mr. Freeman instanced the case of one company, the Holly Hill Development, which had acquired 6,000 acres of land, which was divided into five acre blocks for sale. A general plan followed was for purchasers in acquiring land to make initial payments, spread the remainder over five years, during which time the Development Company looks after the orange grove. The payments made take care of taxes, upkeep, etc. It is advisable, however, for the person investigating be sure of having money enough to see the matter through if they wish to keep possession.

Many Nova Scotians were met by Mr. Freeman. Questioned as to their general opinion as to which was the better proposition—growing apples in Nova Scotia, or oranges in Florida. He said that the general opinion among our people was that apple growing was the more certain of adequate results, though there was, of course, some difference of opinion on this. The past season had been a most unprofitable one with oranges at a low water mark price.

The country, while very beautiful, was not, to his mind, as attractive in appearance as Nova Scotia during her summer months.

One thing struck him though, in regard to the people, and that was the spirit of optimism and enterprise. It had revolutionized the country. From this it is evident that Florida people are not among those to whom all far away fields look green. They dig in and boost and spend their money at home, overcoming some big natural disadvantages. This The Monitor considers, points a moral to Nova Scotia.

Epitaph: "He didn't have time to stop at the crossing; he has plenty of leisure now."

## ELECTION OF OFFICERS IN ROTHSAY LODGE

On Thursday evening, March 20th, the following were elected officers of Rothsay Lodge, A. F. & A. M., for the ensuing term:

Bradford Hutchinson, W. M.  
J. T. Archibald, S. W.  
H. T. MacKenzie, J. W.  
P. H. Fowler, Treas.  
V. A. Lloyd, Secty.  
S. B. Marshall, S. D.  
Angus P. MacDonald, J. D.  
F. M. Graves, S. S.  
A. E. Phinney, J. S.  
Wm. Manthorn, P. M. Tyler.  
P. R. Fay, P. G. W., Marshall.  
H. B. Hicks, P. D. G. M., Chaplain.  
P. M. M. C. Foster and P. M., C. B. Longmire, were appointed Auditors.

## PERSONAL MENTION

One of the nicest courtesies you can show your friends is let them learn through this column of your visit whenever you go away. Let us know when you have visitors at your homes. The Monitor will consider it a courtesy whenever you give us an item of this kind. Write or phone No. 12 or 102.

Mrs. B. W. Crowell, R.N., was a passenger to Boston on Friday, she was called home early in December, owing to the illness of her mother, Mrs. Wm. C. Shaffer, Karsdale. She will visit relatives and friends in Boston and New York before returning to her home in Cleveland, Ohio.—Spectator.

Mrs. C. H. Phinney, of Middleton, was a passenger Tuesday morning from Boston and before proceeding to her home is spending a day with her son, Fred Phinney, at Mrs. E. H. Crosby's, Main St.—Yarmouth Light.

Messrs. Howard and Israel Crosscup, who were home from Lynn, Mass., to attend the funeral of their mother Mrs. Julia Crosscup, have returned to the Massachusetts city.

Mr. W. Dibona, of Brighton, Mass., is visiting his partners, Messrs. E. R. and J. P. Orlando. Mr. C. Collins, Rossway book-keeper for the firm, is also visiting here.

Mr. Norman Dargie left on Thursday for Halifax, where he entered Victoria General Hospital for a foot operation.

Mrs. A. P. Pulsifer, who has for the past three weeks been visiting her sister, Mrs. E. R. Orlando, left on Friday for her home in Halifax.

Mr. Forrest Milbury was out on Friday last for the first time since he was injured from a fall from the roof of the shed attached to the Royal Bank building.

Mr. Will McDonald, who has been spending the winter here with his parents, Mr. and Mrs. Joz's McDonald, left last week to resume his automobile business in Truro.

Mr. O. C. Jones left for Boston on a short visit Friday, returning Tuesday of this week.

Mrs. Charles Goldsmith, of Belleville, left for Boston on Friday, called there by the illness of her husband, from pneumonia.

Paul Yates, photographer, of Digby, accompanied by Mrs. Yates, arrived in Halifax Thursday. Mr. Yates was in the city for the purpose of attending the meeting of the Nova Scotia Publicity Bureau.

Mr. and Mrs. C. L. Sabine spent the week-end in Windsor, the guests of Mr. and Mrs. A. J. Purvis.

## FOX BREEDERS HOLD MEETINGS

Largely Attended Session Here—After Government to Reduce Tax—Industry Increasingly Valuable in This County.

A large and enthusiastic special meeting of the Nova Scotia Branch of the Canadian Silver Fox Breeders' Association was held on Tuesday afternoon and evening of last week in the Board of Trade rooms.

About seventy-five fox breeders were present and Annapolis County was most thoroughly represented from Torbrook down to Bear River.

President Dr. E. A. Randall, of Truro, was in the chair, and Secretary E. M. MacDougall, of West Gore, Hants Co., was also present.

It may interest readers to know the Nova Scotia Branch was organized in Truro last August and the growing importance of fox raising in the Province amply justifies its existence. Tuesday's meetings were characterized with great interest and thorough discussion of various matters pertaining to the industry in general and to the care of foxes in particular. There was also considerable time occupied in discussing the various taxes which the local government extracts from this industry.

Dr. Randall, Truro, A. L. Davidson, Middleton, ex-M.P., and Mr. A. B. Clarke, Bridgetown, were appointed a committee to formulate and draft resolutions in this connection. One of the resolutions asks the Local Government to either take off or in the charged on each pelt or else exempt the industry from Municipal taxation.

Another resolution asks that the tax of one hundred dollars levied on outside the Province buyers of furs be done away with, as it is considered a drag on the industry and militates against profitable sales.

Resolutions along these lines were adopted unanimously at the evening meeting, and a committee consisting of Dr. E. A. Randall, Truro; E. M. MacDougall, West Gore; Mayor H. B. Hicks, and A. B. Clarke, of Bridgetown, will bring these matters to the attention of the Local Government.

There was also some discussion directed against the tax of \$5 imposed before breeders can ship.

It was also considered that it was not legal for owners of foxes outside ranch owners to pay for a permit to keep foxes and owners so situated were recommended to resist payment, the Association promising to back them and have the matter tested in the courts. This applying to persons owning foxes but having them kept for them on ranches the property of other citizens.

A general discussion took place on Scoring of foxes—that is a marking for points, also on general care of foxes, medicines for use in their ailments. In this latter line Mr. W. A. Warren, of this town, is well stocked and has the general agency for excellent preparations.

Under Canadian Registry, foxes must go 85% perfect. Registration was strongly recommended by the President on the grounds of greater profit on sales.

It is interesting to note that fox raising here commenced in 1913 when four pairs were purchased at a cost of \$60,000 by the company, of which Mr. A. B. Clarke is manager. The highest price ever paid in the Province for a pair, was we understand, \$32500 for West Gore when Mr. E. M. MacDougall is the leading spirit in the industry. From the beginning mentioned above the industry has grown in this county till now there are sixty ranches ranging from 79 pairs in the Bridgetown ranch down to one or two pairs in others owned by single owners. There are, it is said, nearly four hundred pairs of silver black foxes in the county. The average value per pair is now about \$500. A similar lot of foxes all registered would run at least sixty per cent higher in value. Pelts viz, we are informed, quoted about \$450 per pair and furs are averaging 75% higher in London than a year ago. As conditions in Europe grow more settled the outlook in furs naturally grows brighter.

The fox industry has now become well established in this county and bids fair to become more valuable and more a source of profit every year.

Correct this sentence: "It was only a nut that needed lightning," said the auto mechanic, "and a quarter will be enough."

## NOTES AND NEWS OF LAWRENCETOWN

Lawrencetown.—Mrs. (Dr.) Phinney went early in the week to Yarmouth.

Mrs. Sandford went to Aylesford on Saturday to see Mrs. Sandford's (Sr.) who was quite ill, but after a very serious operation on her throat is now better.

Miss Lewis, Principal of the Lawrencetown school, spent week-end in Paradise.

Mrs. D. M. Balcom has gone to spend a few days in Middleton with her daughter, Mrs. L. Beals.

Mrs. C. Young was in town on Thursday.

Mr. Duncan, Bridgetown, was in town on business. He was a guest at the home of Mr. D. M. Balcom.

Miss Peters, well known in Lawrencetown, who is in Melrose, Mass., will soon return to Middleton for the Summer.

Mr. Elliott, from Clarence, was a guest at the home of Dr. and Mrs. J. B. Hall.

Mrs. Pollard, under the skilful treatment of Dr. S. Pearson, has made a good recovery from quite a serious illness.

Mrs. G. McNayr has not been very well during the winter, but is now feeling some better.

Mrs. Baker, who was in the Middleton Hospital, is now quite well.

Mr. Forman Bishop has been rather poorly, a severe cold.

Mr. T. Elliott has taken over for the Summer a pleasant apartment near the Elm House as a rush of visitors is expected for the coming season.

Quite a number of commercial gentlemen have been in town this week.

Mr. Alton Brown is visiting relatives and friends in Boston and vicinity. During his absence Mrs. Brown and baby Carol are stopping with her parents, Mr. and Mrs. T. G. Bishop.

L. D. Hanley has a fine lot of logs at his mill and will commence sawing operations soon. This will give employment to quite a number of men for several months.

R. W. Elliott is making extensive repairs on the buildings he recently purchased from the P. H. Saunders estate.

Mrs. E. H. Freeman, who has been visiting her son and wife in Windsor, N. S., for several weeks, is expected home soon.

Mr. S. H. Daniels delivered two cars of Sydney slag to the farmers in this vicinity last week.

## CENTRAL CLARENCE

Miss Lily Stevenson has returned to her home after spending the winter in Montreal.

The Crokinole party was held at the home of Mr. and Mrs. M. V. Potter on Wednesday evening last.

Mr. and Mrs. Will Johnson and baby, of Port Lorne, were visiting at E. W. Sprowl's on Tuesday last and Fred Balcom and sister, also Miss Wilson, were guests on Sunday at the same home.

Mr. and Mrs. James White and son, Weldon, were recent visitors of friends in Canning, King's Co.

Mr. M. C. Marshall was ill the past week but is now improving in health.

Quite a number of friends from here attended the funeral of the late Rupert Chesley, held at Paradise on Sunday last. Mr. Chesley was a former resident of this community and the family has the sympathy of their friends in their bereavement.

Mrs. Floyd Smith and Marguerite Marshall visited Miss Ringer at the Valley Hospital, Middleton, on Wednesday last. Miss Ringer is expected to return to Clarence this week.

The special services closed on Mar. 13th, and on the following Saturday Mr. Spinney went to Freeport to help in the work there. Pastor Smith was not with him the last week, owing to ill-health, and there was no preaching service on March 16th, but he was able to resume his duties again on Sunday last.

Rev. A. J. Prosser, in the course of his sermon on Sunday morning took up briefly the question of playing cards. He did not see evil in the game of itself but its fascinations led many people to fritter away much time uselessly and in so doing neglected the worth while things while dissipating strength and energy by late hours.

## UNITED CHURCH NOTES

At the Young People's meeting last Friday, Dr. Armstrong gave a fine talk on Judge Halliburton. It was greatly enjoyed. The Young People's Society is getting into its stride.

All this week, with the exception of Tuesday, the Pastor will be holding Special Meetings in the Church at Bentville.

Tuesday evening the Granville section is having a Congregational Sociable—a report of this will be given next week.

The Prayer Meeting this week will have the pleasure of listening to Capt. Archibald, one of the Great War Veterans. Let our people turn out in full force.

In view of the Pastor being away at Bentville each evening the Choir is asked to make a special effort to meet at 4 p.m. Friday for a practice.

Next Sunday night the Pastor will deliver the sixth in the series of sermons on "Personal Evangelism" when the problems presented by "prospects" will be dealt with.

13,078 pounds of butter were manufactured by the Middleton Creamery during the month of February. Business keeps on the incline, and Mr. J. D. McKenzie says prospects for a bright Summer season are very gratifying.

## PERSONAL MENTION

One of the nicest courtesies you can show your friends is let them learn through this column of your visit whenever you go away. Let us know when you have visitors at your homes. The Monitor will consider it a courtesy whenever you give us an item of this kind. Write or phone No. 12 or 102.

Mrs. B. W. Crowell, R.N., was a passenger to Boston on Friday, she was called home early in December, owing to the illness of her mother, Mrs. Wm. C. Shaffer, Karsdale. She will visit relatives and friends in Boston and New York before returning to her home in Cleveland, Ohio.—Spectator.

Mrs. C. H. Phinney, of Middleton, was a passenger Tuesday morning from Boston and before proceeding to her home is spending a day with her son, Fred Phinney, at Mrs. E. H. Crosby's, Main St.—Yarmouth Light.

Messrs. Howard and Israel Crosscup, who were home from Lynn, Mass., to attend the funeral of their mother Mrs. Julia Crosscup, have returned to the Massachusetts city.

Mr. W. Dibona, of Brighton, Mass., is visiting his partners, Messrs. E. R. and J. P. Orlando. Mr. C. Collins, Rossway book-keeper for the firm, is also visiting here.

Mr. Norman Dargie left on Thursday for Halifax, where he entered Victoria General Hospital for a foot operation.

Mrs. A. P. Pulsifer, who has for the past three weeks been visiting her sister, Mrs. E. R. Orlando, left on Friday for her home in Halifax.

Mr. Forrest Milbury was out on Friday last for the first time since he was injured from a fall from the roof of the shed attached to the Royal Bank building.

### ACCEPTED AGREEMENTS SHOULD BE KEPT

Has J. B. McLachlan the real interests of Labor at heart, or are his present efforts directed toward a disruption?

Viewed from the outside there is certainly a great desire all over the Province that the peace and stability prevail in connection with the operation of Nova Scotia's largest employing industry.

That the present fiery speeches of the ex-labor official are not very acceptable to the U.M.W. is shown from the fact that his advice to the men to strike on the job and his prophecies of a tie up as soon as navigation opens have induced Wm. Dalrymple, representation of John L. Lewis, in district 26, to call his bluff.

While the agreement was not perfect it appears conceded in best informed U.M.W. circles that it was the best obtainable. Particular objection is made to the clause that requires the men to keep on working pending the settlement of disputes.

This, McLachlan states, takes away from the men their strongest weapon, the right to strike. American miners, by advice received, have agreed to this clause written into their agreement.

One thing is clear that the U.M.W. have accorded good treatment to N. S. miners but if the latter will not be governed by the laws and usages of their union they cannot expect nor will they receive its support.

It is not conceivable that the issue will come to this. There is too much good hard common sense in the brains of most of the men to allow matters to come to that pass and they will in time work out a solution of the cross issues and mysteries which often cloud the most important matters and keep the public in a state of bewilderment.

It appears evident that the U.M.W. is not going to allow obligations to be treated as "scraps of paper".

### AEROPLANES FOR ALL

London Daily Telegraph: The progress which has already been made with the low-power aeroplane constitutes a warning to the incredulous. They have been caught before by the turn of events. Let them be on their guard lest they be proved wrong once more. "Aeroplanes for all" may seem to contain an element of absurdity, but the age of miracles is not ended.

As Sir Richard Gregory has reminded us "during the past fifty years there have been more scientific discoveries

and applications than in the whole previous history of the human race." And the record is certainly not closed so far as aerial flight is concerned.

Extract from The Farmer's Advocate of February 14th, 1924:  
"W. W. Baird, Superintendent of the Experimental Farm at Nappan, gave a very concise report of some of the experiments which have been carried on at the farm in the use of lime and fertilizers. It was very encouraging to note that the slag produced at Sydney, N. S., had given as good, and in some cases more economical yields than were obtained from imported slags."

SYDNEY, NOVA SCOTIA

### DIFFICULTIES OF PUBLICATION

The North Sydney Daily Herald as a daily organ emphasizes the difficulties which newspapers are up against particularly when the centre of publication are either not quite large enough for profitable publication or other reasons outside the question of management crop up.

The expense of running even weekly papers is far greater than the general public can conceive of, while the expenses connected with the publication of dailies has all over Canada during recent years particularly proven in many cases prohibitive. This is instanced in the utter disappearance of many papers and in the amalgamation of interests. Expense of publication is still practically at peak prices.

While there has been a reduction in some items of expenditure others have remained stationary or in some cases have risen. The North Sydney Herald, during the nearly four years of its existence, was conducted with ability, enterprise and skill, by a gentleman thoroughly familiar with all phases connected with the issuance or publication of a newspaper. The fact that four dailies have been published for some years in Cape Breton also made the problem one of greater difficulty.

The management will continue to publish its weekly edition, a field in which the Herald achieved a most enviable success many years ago from the time it came into the position of Cape Breton's best weekly.

Under the present management by Mr. J. S. MacDonald these traditions have been and will be fully upheld.

### THE MARITIME PORTS

It has been shown clearly that freight can be transported over the Canadian National system from Port Arthur to St. John as cheaply as it can be carried from Port Arthur to Portland. No railway executive has denied this statement. Therefore the Maritime Provinces must continue to protest against the enormous shipments of Canadian grain to Portland while our own ports are idle. If that is good business for the Canadian National Railways—and no amount of mere talk will convince us that it is—it certainly is to be doubted that it is good business for the country.

Sir Henry Thornton is placing the Canadian National System on its feet financially, and for that the taxpayers are quick to praise him, but would it not be even more profitable for the railway in the long run if full use were made of the Maritime ports? This is a question which can never be settled until it is settled right.

### HOOPER HEADS U. S. COMMISSION

Washington.—Secretary of Commerce Hoover will head the United States commission selected by President Coolidge under an agreement with the Canadian Government to cooperate in considering the proposed St. Lawrence-Great Lakes deeper waterway project with the joint engineering board. A similar "national" commission is to be appointed to advise the Canadian Government, and at the same time the joint board is to be enlarged by the addition of two more Canadians and two more United States engineers.

Declaring the "project of opening the Great Lakes to ocean-going ships and development of the great power resources of the St. Lawrence River" has been a hope long treasured by many millions of our people, President Coolidge expressed a desire, that the United States commission "consider the whole project in its economic and utility" are to be sought and if it is found advisable to undertake the project at this time the commission is to work out preliminary proposals for an international agreement covering the "construction, finance and administration" aspects of the work.

Sometimes what is really indolence is mistaken for wisdom. The evidence of nature is worth more than the arguments of learning.

### WONDERFUL SHOWING OF THE C. N. R.

The Net Earnings of The Government Road Nearly Eighteen Millions.

Montreal.—Final figures showing the complete statement of operating results during 1923, were announced by the C. N. R. These figures show that the net earnings of the system during last year were \$20,236,563.09 as compared with \$2,886,711.55 in 1922, or a net increase of \$17,349,851.54. They differ only slightly from the estimated earnings for 1923 as announced by Sir Henry Thornton, President and Chairman of the Board of Directors early in January of this year.

The final figures for the year are:

Operating revenues:  
1923—\$24,926,456.04.  
1922—\$24,059,025.05.  
Increase—\$867,430.99.  
Operating expenses:  
1923—\$23,689,892.95.  
1922—\$23,172,313.50.  
Increase—\$517,579.45.

Net revenues:  
1923—\$20,236,563.09.  
1922—\$2,886,711.55.  
Increase \$17,349,851.54.

Final figures for December, 1923, show the net earnings for that month to be \$3,632,960.12 as compared with a deficit of \$2,885,404.52 in the corresponding month of 1922, an improvement of \$6,518,364.64.

During the month of December, 1923, the operating ratio was 84.04 per cent. as compared with 112.63 per cent. in December, 1922, a decrease of 29.59 per cent.

During the 12 months ending December 31st, 1923, the operating ratio was 92.06 per cent. as compared with 98.77 per cent. during the corresponding period of 1922, a decrease of 6.71 per cent.

### BLACK COAT FEVER

Johannesburg Times (discussing aversion of whites to manual labor): This tendency is nationally dangerous. If white people are to do less and less of the real work of South Africa, the white race will become less and less essential to the development of the country. Much of the trouble is due to the false idea that so much of the labor a white man would take a pride in doing in Europe or America is "Kaffir's work" in South Africa. Some of it is caused by an educational system which gives the white boy a thin veneer of ill-digested knowledge, but leaves him with no vocational bent and not enough real training to fit him for a good billet anywhere.

### THE REAL PUZZLE

Providence Journal: The Manchester Guardian discusses at length "The Origin of the Umbrella." But what we want to know is not where they come from but where they go to.

### AVONPORT YOUTH BELIEVED TO HAVE LOST LIFE IN CALIFORNIA

There seems but little doubt but that the youth shot to death by an unidentified stranger in Paso Reubles, California, is really Brenton Borden, son of Brenton Borden, of Avonport, N. S. Mr. Borden has received a description of the murdered man which closely tallies with that of his son. In order to prevent any mistake, Mr. Borden has telegraphed to the California authorities to have the dead youth photographed and have a picture sent on. If the photograph proves to be that of Brenton Borden, Jr., his body will be brought home to Avonport for interment.

### HOOPER HEADS U. S. COMMISSION

Which Will Co-operate with Canada on Proposed Deep Waterway.

Washington.—Secretary of Commerce Hoover will head the United States commission selected by President Coolidge under an agreement with the Canadian Government to cooperate in considering the proposed St. Lawrence-Great Lakes deeper waterway project with the joint engineering board. A similar "national" commission is to be appointed to advise the Canadian Government, and at the same time the joint board is to be enlarged by the addition of two more Canadians and two more United States engineers.

Declaring the "project of opening the Great Lakes to ocean-going ships and development of the great power resources of the St. Lawrence River" has been a hope long treasured by many millions of our people, President Coolidge expressed a desire, that the United States commission "consider the whole project in its economic and utility" are to be sought and if it is found advisable to undertake the project at this time the commission is to work out preliminary proposals for an international agreement covering the "construction, finance and administration" aspects of the work.

Sometimes what is really indolence is mistaken for wisdom. The evidence of nature is worth more than the arguments of learning.

## LIMBS AND BODY ALL SWOLLEN

### "Fruit-a-lives" Relieved Both Dropsy and Sick Kidneys

#### The Wonder of Fruit Medicine

Those who know they have kidney trouble—who suffer with pain in the back—who are up frequently at night—will welcome the news that "Fruit-a-lives", the wonderful medicine made from fruit juices and tonics, will positively relieve kidney and bladder troubles—as proven by this letter. "Our little girl had kidney trouble and dropsy—her limbs and body were all swollen. We decided to try "Fruit-a-lives". In a short time, the swelling went down. Now, she is the healthiest one of the family!"

### WANT CERTAIN POWERS OF MAGISTRATES RESTORED

Hon. J. J. Kinley, of Lunenburg, and Hon. John A. MacDonald, of King's County, have both presented petitions to the House of Assembly asking that legislation passed last year restricting the powers of the Stipendiary Magistrates within the incorporated towns may be repealed. The petitioners, who are merchants, lawyers and other professional and business people state that the Stipendiary Magistrates have hitherto been very useful in collecting small amounts due them before their powers were restricted in this particular, and the lawyers now do not wish to be troubled with this business, and will not do this work as cheaply as the Magistrates can afford to do it.

### OPPOSED TO DEEP WATERWAY

New York Board of Trade Against The St. Lawrence Scheme.

New York.—The New York Board of Trade and Transportation went on record as being opposed to a deeper waterway for ocean-going vessels from the Great Lakes by the Atlantic by way of the St. Lawrence River. The Board decided that it could not approve the project until it had learned the probable cost of the waterway and the benefits that would accrue to the United States and Canada.

Montreal.—Strong opposition to the proposed joint deep waterways scheme for the St. Lawrence between the United States and Canada was expressed by Noulon Cauchon, engineer, of Ottawa, in an address before the Chambre de Commerce. Instead of this, he advocated an all-Canadian project, namely, the deepening of the Ottawa River from Ottawa to Cardinal, Ont., and from Ottawa to Montreal. He urged that this route could be constructed in two years at much less cost than the St. Lawrence undertaking. Apart from the inherent difficulties of dual control, the St. Lawrence plan would lead to the production of more power than Canada could assimilate at present and this would mean its diversion to the United States, to the undoing of Canadian industries.

### CUPID NOT AS BUSTY AS USUAL IN NOVA SCOTIA DURING PAST YEARS, REPORT TABLED IN HOUSE SHOWS

Decided Decrease in Marriages—Grim Reaper Scored Fewer Deaths in 1923 Than in Preceding Year—Halifax Boasts the Highest Birthrate of all the Counties—High Deathrate in Antigonish; Very Low in Lunenburg.

For several years there has been a decided decrease in marriages in Nova Scotia. In 1920 the number of marriages solemnized was 4,411; for 1921, 3,550, and for 1922, 3,169. The decrease for 1922 over 1921 was 381, and the decrease for 1922 over 1920 was 1,242.

The number of illegitimate births for 1922 was 460, an increase of 67 for the last report. There was a decrease in twin births for the year 1922, the figures for that year being given as 134, compared with 139, for the previous year. One birth of triplets was reported.

There was a decrease of 228 births from January 1st, 1922, to December 31st, same year, over the previous period. The total number of births in Nova Scotia for that time was 12,653 and the birth rate per 1,000 of population was 24.23, according to the report of the Deputy Registrar-General relating to the births, marriages and deaths in Nova Scotia which was handed down to the House of Assembly on Friday. The births exceeded the deaths by 6,014 and births exceeded deaths in all counties. In the towns the births exceeded deaths in all but the town of Lunenburg.

The deaths for the calendar year showed an increase of 259 over the previous year, the total deaths numbering 6,679. There was no epidemic of any kind reported for that year. The death rate of the Province increased in that period from 12.28 to 12.75 on the basis of one thousand of population.

The deaths from tuberculosis numbered 695, this showing an increase of 7, as compared with the report for the preceding year.

The occupations of the people dying in that period was as follows: 854 farmers; 169 craftsmen; 288 laborers; 157 miners; 184 fishermen and huntsmen; 115 clerks; 91 professional; 159 transportation; 24 lumbermen; 219 manufacturers; 157 mercantile; 297 domestic and personal; miscellaneous occupations; 1953 were recorded as having no occupation and 2948 whose occupation were not stated. Of the 2948 having no occupation stated 588 were under 14 years of age.

There was a decrease in the number of persons dying under one year of age, the total being 1239, while twelve persons, five men and seven women died over 100 years of age, and 215 persons died between the ages of 90 and 100 years.

The birth rate for Halifax County was the highest, 27.50, the lowest of all the counties being Shelburne, with 18.49.

The birth rate for Halifax City was 29.85, the highest of all the cities and towns being Springfield with 37.84, and the lowest, Glace Bay, with 14.52.

The death rate for Halifax County was 13.72, the highest being Antigonish County with 16.32 and the lowest, Victoria County, with 10.32.

### CANADIANS SHOULD EAT MORE FISH

"People in Canada are not eating enough fish," declared A. H. Brittain, Vice-President and General Manager of the Maritime Fish Corporation, to a Herald reporter at the Halifax Hotel and in proof of this he cited the fact that the annual consumption in Canada was only \$1.25 worth per person.

The total production of Canadian fish last year was valued at \$40,000,000. Of this about one quarter was consumed in Canada, and the remainder was exported; \$10,000,000 worth as preserved and canned fish; \$10,000,000 worth as salted and smoked, and \$10,000,000 worth as fresh or frozen.

Mr. Brittain's company has large plants both at Canso and at Digby. The firm did a big business at both plants last season, but owing to the competition of Boston fresh fish, the prices received by the fishermen were very low.

As to the prospects for next year, he refused to hazard any predictions, but he did say that he thought that the cancellation of the privileges of American fishing vessels on the Nova Scotia coast, which happened late last summer, made the future of the Canadian fish industry all the brighter, particularly as it would leave more bait for our own fishermen and although for the time being some hardship might be felt by those who were accustomed to supply the American vessels, on the whole, the effect would be beneficial.—Herald.

While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## PLAN "FULL SPEED AHEAD" FOR THE HUDSON BAY ROAD

The Pas, Man.—The rehabilitation of that part of the Hudson Bay Railway constructed some years ago, will be undertaken just as soon as weather condition permit, according to a statement made here by A. E. Warren, general manager, western region, Canadian National Railways. An appropriation was made for this by the Federal Government last year, but owing to the lateness of the season, little work has never been used, deteriorated badly and it is understood that much work will be necessary to put it in shape again.

Mr. Warren said he had been instructed by Hon. George P. Graham, Minister of Railways and Canals, to proceed "full speed ahead" on the Hudson Bay Railway. He left here on an inspection trip of the line in order to plan for immediate work just as soon as the frost will permit.

## AUTHORITIES WILL NOT PROSECUTE, IT IS SAID

Clementsport.—It is reported that another deer has been shot out of season, this time between the main road and "Potter's Meadow". The informant remarked that it had not been reported to the authorities, as nothing is accomplished by so doing. It is feared this impression prevails.

## KEEP DOWN THE TAXES AND SAVE THE TOWN

This is the slogan everywhere. One hears it, reads it and sees it put into force. There is no more important than the need of reducing taxation. Town Council should make it a primary concern to keep down the tax rate. This requires firmness. It means that a deaf ear must be turned to many requests that in themselves sound reasonable and even desirable; but a merely negative attitude will not be sufficient. There must be a positive reduction.

Perhaps the brightest side of the taxation situation, says the Financial Post, is the growing appreciation by the public that lower levies must necessarily be accompanied by less spending. Boards of Trade which are usually calling on the various governments for local improvements to be financed out of the public purse, are leading the present campaign for retrenchment.

The Brantford Examiner diagnoses the whole question of civic expenditure and taxation accurately when it says:

"After all, it is the taxpayers rather than the city council to decide what rate of taxation we are to have in the future. They must ignore the sentimental injunction 'ask and ye shall receive', remembering that when they receive the payments must come out of their own pockets in the shape of taxation."

Peterboro Examiner: "The cold hard fact is that the city pays for nothing—it is the taxpayers who pay and you tenants whose taxes are wrapped up in your rent. You pay your share of every civic enterprise that is undertaken, you contribute your little bit to every civic grant that is made, your pocket is touched every time the civic treasury is successfully raided. There is no purse from which the spending bodies can secure the money they pay out save the purse of the citizens, and if that appreciation of the case could only be driven home to everybody the city fathers would have less trouble in keeping down the tax rate."

## OUTRAM

Preaching service on March 30th, at 11 a.m., by Rev. D. W. Dixon.

Mr. George Banks and wife, of Hampton, were guests of Mr. and Mrs. J. D. Banks, on March 19th.

Mr. and Mrs. Will, Elmore and baby of Douglasville, were recent guests of Mr. and Mrs. John E. Stoumb.

Mr. Sidney Stevens, of Berwick, was a guest of Mr. and Mrs. Bayard Marshall, on March 18th.

Mr. Alfred Healy and son Walter spent March 19th in Bridgetown.

Mr. John Balsor and son, John, Jr., who have been here this Winter logging, returned to their home in Digby County on March 18th for an indefinite time.

Mrs. Frank Marshall and son, Lawrence, of Middleton, are visiting her sister, Mrs. W. M. Bent.

Messrs. Balsor and Bowley, of Aylesford, were in this place recently in the interest of cattle buying.

Mr. Frank Balsor, of Torbrook, recently visited his mother, Mrs. Sabina Balsor, also other relatives and friends in this place.

Mr. Orland Daniels, of Granville Centre; Mr. Milledge Stoumb and Mr. Charles Barteaux, of Mt. Hanley, recently called on friends in this place.

Mr. Fred Mossman, who had the misfortune to cut his foot quite badly while chopping in the woods for Mr. Ellis, of Mt. Hanley, was a recent guest of Mr. and Mrs. George Andrews for a few days. He has now returned to his home in Lunenburg Co.

Mr. and Mrs. Walter Healy, of Medford, Mass., were recent visitors at the homes of Mr. and Mrs. A. M. Healy, and Mr. and Mrs. Edmund Bent.

Those from here who attended the Pageant at Mt. Hanley on Sunday evening enjoyed it very much.

## HYDRO FOR CHESTER

Local Company Being Formed To Furnish Light and Power For Community.

Chester.—A meeting was held here at which a company was formed for the installation of a hydro-electric lighting system for the town of Chester, with power plant to be located at East River. Officers of the company were elected and the project is progressing rapidly, a large amount of the stock having already been subscribed for. A general lighting and power system has been a long-felt need in Chester.

## ORDER GIVES C. N. R. INVERNESS RAILWAY

An order was passed Tuesday in the Supreme Court authorizing the Eastern Trust Company as receiver to give up possession of the Inverness Railway Company to the Canadian National Railways under the terms of the lease recently made and approved by the government of Canada. It is expected that the management of the road will be assumed by the C. N. R. at once.

## AUDITOR'S REPORT SETTLES RUMORS IN KING'S COUNTY

Municipality Has \$50,000 Outstanding Liabilities, But There Is No Shortage In Accounts.

Kentville.—Present outstanding liabilities of approximately \$50,000, with no shortage of funds, and no grounds for suspecting anyone of misappropriation, were the features of the report made to the Municipal Council of King's County, in special session here, by the representative of Price, Waterhouse & Co., of Montreal, who has just completed a thorough audit of the County's books.

Outstanding liabilities at the end of 1923, the report states, were \$50,000. Inquiry elicited from Mr. Chalk, the special auditor, the explanation that the involved condition of the County's accounts and financial affairs was due partly to the fact that last year's estimates were \$20,000 short of actual requirements, and further to the poor health of the late Municipal Clerk and Treasurer, Cutler L. Dodge, who died after a two years' illness.

The Council decided that in order to relieve the financial situation, the estimates for 1924 will have to be revised, and that a bond issue should be made at an early date of \$50,000 to cover all unpaid bills, and leave a balance for contingencies. The bonds will be for a fifteen year term. The meeting was called especially to receive and deal with the special auditor's report, and the Councilors expressed the gratification felt generally throughout the County that the situation which has given rise to ugly rumors, is due only to what the auditor stated to be lack of a proper system of book-keeping.

A resolution of sympathy for the family of the late Clerk and Treasurer was passed unanimously by the Council, and will be forwarded to Mrs. Dodge.

J. Howe Cox, of Cambridge, was appointed to succeed the late Mr. Dodge in the dual municipal office. There were three other applicants for the position: Burpee L. Bishop, Kentville; R. S. Kinsman, Harborville, and H. R. Morse, Kentville.

All members except Councilors Gail, Morris and Ward, were present.

## HEARTS OF OAK

Buluwayo Chronicle: It is, and always has been, the main human element that has given such superiority to the British Navy. Those are very fine warships which comprise the squadron now visiting South Africa—some of the finest afloat; but the types of fighting ships are changed very rapidly in these days. What does not change is the character of the officers and men, and the efficiency of their training. In these respects, the British Empire is as far ahead today of all other Maritime nations as it was at the time of Trafalgar.

We cannot bring warships to Rhodesia, but we can send Rhodesians to help man them.

The foremost work of the Navy during the World War was recognized by Rhodesia as much as by any part of the Empire, for the battles of this Colony were also fought in the North Sea, the Atlantic and the Indian Ocean. The Navy was fighting for the overseas Empire as much as for the Motherland.

## BIG INCREASE

Canada's Trade Shows Advance of \$192,188,650 in Eleven Months.

Ottawa.—Canada's total trade for the eleven months of the fiscal year ending February, was \$1,771,351,283, or \$192,188,650 more than in the corresponding eleven months of the previous year. Both imports and exports shared in the increase.

Of domestic exports in the eleven months, agricultural and vegetable products with a total of \$365,000,000 form the largest item. Next comes wood and wood products with a total of \$245,000,000 of imports, iron and its products came first, the total being \$156,000,000.

## CRUSHED BY HORSE

James Connick, of Digby County, Meets His Death In An Unusual Manner.

Carleton.—James Connick, a returned soldier, while working in the logging camp of W. E. Mattinson, received serious injuries which resulted in his death at Yarmouth Hospital, on Sunday morning. Connick, a blacksmith by trade, was working as a driver, and, going into the stall to adjust a blanket, so startled the horse, which was probably asleep, that it fell on him, so crushing him that he lingered only two days. The victim, who saw considerable active service overseas, made his home in Hectanooga, Digby County, where he is survived by his wife and four young children.

## ROBIN HOOD FLOUR

BERRY-AND CURRANT BOXES  
On and after the first day of October 1924, all berry or currant boxes manufactured in Canada shall have a capacity measurement of, and all boxes containing berries or currants packed in Canada for sale, shall contain when level full as nearly as practicable one or other of the following quantities:—  
(a) 67.2 cubic inches (approximately 1 quart).  
(b) 33.6 cubic inches (approximately 1 pint).  
Persons requiring berry or currant boxes for the 1924 crop are urged to place orders for boxes of the above capacities in order that after the shipping season they will not have a surplus of boxes of other sizes. Under no circumstances will the manufacturer or sale of boxes of sizes other than those specified above be permitted after October 1st, 1924.  
G. E. McINTOSH, Commissioner.

**HAMPTON**  
 Miss Charlotte Pash left for the U.S.A. on Tuesday, 25th. Gloom has again passed over our village when Mrs. Harold Chute passed away on the evening of 22nd after an illness of about seven weeks. The services were conducted by Rev. D. W. Dixon, Internment at Hampton cemetery.  
 Emon Hamilton, while working on the wood saw had the misfortune to cut his hand and wrist very badly. Medical aid was called but they thought it advisable to send him to Halifax where he is now undergoing treatment at the Victoria General. We all wish Emon a speedy recovery.  
 Mr. Patriquin is visiting his brother, Mr. Lewis Patriquin, of this village.

**A GOOD SPRING TONIC**

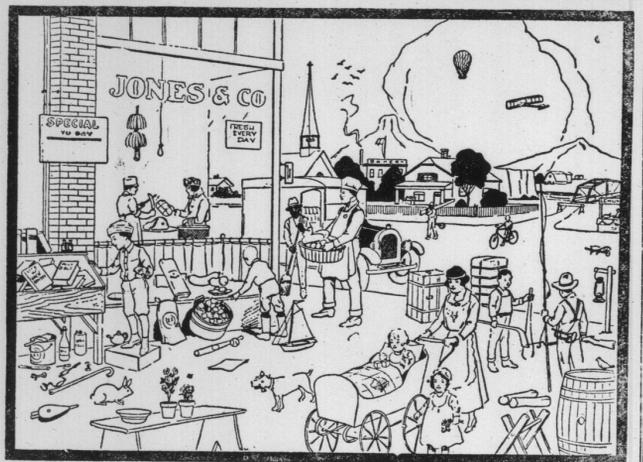

One That Will Quickly Improve Your Health.

With the passing of Winter many people feel weak, depressed and easily tired. No particular disease, but the system lacks tone. You find yourself tired, low-spirited, unable to get sound sleep at night. All this is the result of closer in-door confinement of the Winter months, and shows that the blood has become thin and watery. New enriched blood is what you need to put you right, and there is no other medicine can give you this new blood as surely and as speedily as Dr. Williams' Pink Pills. This new blood goes to every part of the body and quickly improves the general health. The digestion is toned up, you have a better appetite, nerves are strengthened and sleep is refreshing. The value of Dr. Williams' Pink Pills when the system is run down is shown by the experience of Mrs. Peter Arndt, Ravenscrag, Sask., who says: "I was in a badly run-down condition, and prostrated with nervousness. I did not sleep at night, and grew so weak that when I tried to move about I would be overcome with dizziness. I heard about Dr. Williams' Pink Pills and got a supply. After I had taken a few boxes I began to feel better. Continuing the use of these pills my appetite improved, I slept better at night, and I was soon as well as ever I had been. I have also given Dr. Williams' Pink Pills to my daughter, aged fourteen, with the best of results. I desire in this way to express my thanks for the great benefit I have found through the use of these pills, and to recommend them to others in need of a blood-building medicine."  
 You can get these pills through any dealer in medicine, or by mail, at 50c. a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

**GRANVILLE FERRY**

Mr. and Mrs. George Amberman, who have been spending the Winter months in Malden, Mass., returned home Tuesday.  
 Mrs. Gratoaux and daughter, Miss Lottie, returned home from Halifax on Monday.  
 Mrs. Arthur W. Chisholm spent last week at the home of Mr. and Mrs. R. T. Chisholm.  
 Miss Olive Buckler, of Dalhousie, is a guest at the home of Mr. and Mrs. Horace Mills.  
 Mr. and Mrs. V. H. Amberman entertained a number of their friends on Friday evening.

**Win \$1,500**

**How Many Objects in This Picture Begin With the Letter "B"**

The above picture contains a number of objects beginning with the letter "B". Just take a good look at it—there are all sorts of "B" words. Nothing is hidden; you don't have to turn the picture upside down. Make a list of all the objects in the picture, the names of which begin with the letter "B". You can easily see such objects as "boy", "bench", and "hat". The others are just as easy. Have the whole family join in—see who can find the most. Fifteen cash prizes will be awarded for the 15 best lists submitted. The answer having the largest and nearest correct list of visible objects shown in this picture starting with the letter "B" will be awarded first prize; second best, second prize, etc.

**JOIN IN THE FUN**—This Picture Puzzle Game can be enjoyed by everybody—young and old alike. Fathers and mothers, uncles, aunts, grandmothers and grandfathers all join in with the children in playing this game. It is a game that's equally as interesting to all. Oh, no, you're not too old, and it's not too easy for you. You'll find that out after you have tried it for a few minutes. In fact you are apt to be surprised to find the children spotting "B-words" objects much easier than you do. It is a delightful game—a carnival of fun, you might say. The fun comes when a number are playing and you are trying to see who can find the most. Now remember, no one is too old—it's a game for everyone—for it makes no difference whether your age is seven or seventy, you can enjoy this game. Here's a chance for the young to study, the middle-aged to think and the old folks to brush up. It's equally interesting, educating and fascinating. Nothing hard—a little different, that's all. Look it over, talk it over and then all get out a pencil and paper and have a jolly good time.

**Open to All—Costs Nothing to Try**

The Morning Chronicle and The Evening Echo invites you, Mr. and Mrs. Reader and family, and all your friends, to join in this puzzle game. It doesn't make a speck of difference whether you are six or sixty years old. Here's your chance for some dandy fun. Wait until you have tried it, and you'll say it's "GREAT". The most fun you have had in a long time. Write down the "B-words" you have a mind right NOW! Then study the picture for more and when your list is made up send it to The Chronicle Publishing Co., Ltd., "Puzzle Manager", and try for the big cash prizes.

**OBSERVE THE RULES**

1. Any man, woman, girl or boy residing in the Maritime Provinces who is not an employee of The Halifax Morning Chronicle or Evening Echo, or a member of an employer's family, may submit an answer.
2. All answers must be mailed by April 12th, 1924.
3. All subscriptions must be in by April 19th, 1924.
4. Answers should be written on one side of the paper only and words numbered consecutively 1, 2, 3, etc. Write your full name and address on each page in the upper right hand corner.
5. Only words found in the English dictionary will be counted. Do not use hyphenated, compound or obsolete words. Use either the singular or plural, but where the plural is used, the singular must be counted and vice versa.
6. Words of the same spelling can be used only once, even though used to designate different objects. The same object can be named only once however, any part of the object may also be named.
7. The answer having the largest and nearest correct list of names of visible objects shown in the picture that begin with the letter "B" will be awarded first prize, etc. Neatness, style, or handwriting having no bearing upon deciding the winners.
8. Candidates may co-operate in answering the puzzle, but only one prize will be awarded to more than one household; not will prizes be awarded to more than one of any group outside the family, where two or more have been working together. Winners in "B-Word" game cannot participate in the "B-Word" puzzle.
9. All answers will receive the same consideration regardless of whether or not a subscription for either The Morning Chronicle or Evening Echo is sent in.
10. There will be three independent judges, having no connection with The Morning Chronicle or Evening Echo who will judge the answers submitted and award prizes at the end of the puzzle game and participants by sending in their list, agree to accept decision of the judges as final and conclusive.
11. The judges will meet on April 26th, 1924, and the announcement of the prize winners and correct list of words will be published in both The Morning Chronicle and The Evening Echo as quickly thereafter as possible.
12. Subscriptions (both new or renewed) by mail or carrier will be accepted. However, in order to be eligible for the \$1,500 Prize at least one NEW subscription must be sent in. A new subscriber is one who has not been seen in the Morning Chronicle or The Evening Echo since March 1923.
13. No subscription for less than the regular advertised rates of The Morning Chronicle and The Evening Echo will be accepted to count in the Puzzle Game. No commission allowed to agents.

Should any rule not be clearly understood, the Puzzle Manager will gladly explain.

13th Prize	0.20	0.40	2.00
14th Prize	0.15	0.30	1.50
15th Prize	0.10	0.20	1.00

**You can win \$1,500**

**Easy to Win \$1,500—Here's the Way**  
 It costs nothing to take part and you don't have to send in a single subscription to win a prize. If your list of "B-words" is awarded FIRST PRIZE by the judges, you will win \$1,500; but if you would like to win more than \$1,500 we are making the following special offer, whereby you can win bigger cash prizes by sending in yearly subscriptions with remittance to cover, a either The Morning Chronicle or The Evening Echo, Halifax, Nova Scotia. This is the plan: Should the judges award your answer to the "B-Word" Picture Puzzle first prize, and you have sent in NO subscriptions to either The Morning Chronicle or The Evening Echo, you will win \$300. (See first column in prize list).  
 If your answer is awarded FIRST PRIZE by the judges, Morning Chronicle (new or renewal), and you have sent in TWO subscriptions to either The Morning Chronicle or The Evening Echo (two new or ONE new and ONE renewal), you will receive \$300 instead of \$300.  
 We will give extra amounts on all prizes in the same proportion. (ONE new and ONE renewal), and you win second prize, you will receive \$200.00, and so on down. (See second column in prize list).

**Subscription Rates—Payable in Advance**

By Carrier in Halifax or Dartmouth:	By Mail:
The Morning Chronicle: One Year \$6.00	The Morning Chronicle: One Year \$6.00
The Evening Echo: One Year \$5.00	The Evening Echo: One Year \$5.00
One Year \$5.00	One Year \$5.00

Two yearly subscriptions to The Echo by mail will count the same as one yearly subscription to The Chronicle by mail.  
 The offer applies to rural route patrons, as well as subscribers in cities and towns. If you are already receiving The Halifax Chronicle or The Evening Echo, your subscription will be extended to its present expiration. Send in a NEW subscription with your own \$1.00.

**DALHOUSIE WINS IN DEBATE**

WITH MCGILL AT MONTREAL  
 Judges' Unanimous And Vote Of Audience Stands At 86 To 10.  
 Montreal—Dalhousie emerged victorious in the debate with McGill University Thursday night, the audience voting 86 to 10 in favor of the visitors and the judges being unanimous.  
 The debaters were:  
 Dalhousie: Donald McInnes, Leonard Fraser and Sydney Gilchrist.  
 McGill: H. Batslaw, A. Lloyd, and H. Portal.  
 Professor Stephen Leacock presided, and the judges were Rev. Canon Almond, John Murray Gibson and Winfield Hackett. The subject of the debate was: "Resolved, that there are social remedies for the present industrial unrest."  
 Dalhousie took the affirmative and McGill the negative. The debate resolved itself into an argument as to the interpretation of the resolution, the affirmative claiming that "social remedy" did not imply a cure for every existing industrial unrest, and the negative setting out to prove that a social remedy was a permanent cure for unrest.

52-1-t.p. FATHER and MOTHER.

## CHEVROLET gives Quality Transportation at the Lowest Cost per Mile

**T**HE automobile as a productive factor in Canadian business has proved of greater value than any other single invention. By shortening distances and time, the automobile brings buyer and seller together more quickly, conveniently and economically than any other means of transportation.

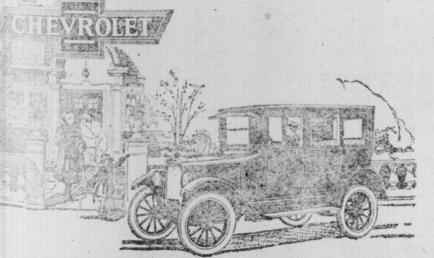

The automobile has increased man's earning power many times over. And Chevrolet, the lowest-priced quality car in the world provides this efficient transportation at a lower price per mile than does any other car built.

Continuous daily service under difficult conditions only proves the complete dependability and stamina of this practical car.

In appearance Chevrolet does credit to any business house or professional or private person. In appointments and equipment it is as complete as the most discriminating owner could wish.

Chevrolet is an investment that will pay good dividends. Investigate.

## MELVERN SQUARE

Mrs. Harold Mason and little daughter, Marguerite, of Falkland Ridge, and Mrs. Charles Hoyt, of Middleton, spent a few days last week with their parents, Mr. and Mrs. George Brown. Mr. Raymond Burns is also visiting at the same place.

Mr. and Mrs. Sumner Brown and son Alden, who spent the Winter in Waverley, Mass., have returned to their home here.

Mr. and Mrs. Hallett Armstrong, of North Kingston, were recent visitors of Mr. and Mrs. Edward VanBuskirk. A pie social and sale of fancy work was held at the home of Mr. and Mrs. Fred E. Baker on Friday evening. Quite a large number were there and a very pleasant time was enjoyed by those present. Over thirty dollars was added to the fund for the repairing of the hall in this place.

Mrs. J. G. Masters spent the week end with her mother, Mrs. Eliza Stronach.

Mr. and Mrs. B. W. Woodbury and Leon, of North Kingston, were recent visitors of Mr. and Mrs. George O'Neal.

Miss Hilda Goucher spent a few days last week with Miss Georgie VanBuskirk.

Miss Longmire, of Kingston, spent Sunday with Mr. and Mrs. J. A. Gates.

Miss Almira Burns, of Forest Glade, is staying for a few weeks with Mrs. E. E. Phinney.

**DEEP BROOK**  
Mrs. Garnet L. Benson and family, who have been spending the Winter in Bear River, have returned to their home at Deep Brook.

Mrs. Jane Marsters entertained very pleasantly her daughter, Neva, and party of friends of Bear River, at a clam supper on Monday evening.

Mr. and Mrs. Eldern Berry have gone to Torbrook for an indefinite time.

Miss Laura Sulis has returned home from Bridgetown, where she has been for the Winter months.

John E. Rawding, accompanied by his mother, returned home from Boston on Friday of last week.

Mrs. Wm. McFadden, of Clements-ville, is spending a few days with her daughter, Mrs. Carl Nichols.

Mrs. L. E. Sherman spent the week-end with relatives at Bear River.

Mrs. John Adams entertained a very large and pleasant meeting of the Dorcas Society on Wednesday afternoon, March 19th.

Mr. E. V. Hutchinson spent the week-end at his home here.

We are glad to see our assistant Postmaster out again. Miss Hilda Adams took charge of the Post Office during Mr. Sulis' illness.

Mrs. Robert Spurr and Mrs. J. F. McClelland are spending a few weeks with relatives and friends in Boston and vicinity.

Miss Annie Ruzgles is spending the week-end with her parents at Bear River East.

Providing the ice goes out the stmr. "Valinda" will arrive at Bridgetown the latter part of this week and will carry on the regular service for the season.

**Public Auction**  
To be sold at PUBLIC AUCTION on the premises of  
SYLVESTER BENT, Belleisle, N. S.  
—ON—  
THURSDAY, APRIL 3rd, 1924.

At One O'clock Sharp.

**THE STORY OF TEA THE SURB ITSELF**

The tea-shrub is an evergreen, of the camellia family. It grows in the wild state to 15 or 30 feet high, with leaves 6 to 9 inches long.

Under cultivation to produce a wealth of succulent shoots, it is kept to 2 or 4 feet. Before plucking it is cut down to one foot, allowed to grow for nine months, then cut down and given three months to grow again.

Then come the rich, delicately flavored flushes—the finest producing, Pakwana Golden Orange Pekoe.

450 Cups to a Pound  
Steep—Steep—Steep.  
**Pakwana Golden Orange Pekoe**  
THE BEST OF THE FIRST FLUSH

# RED ROSE TEA "is good tea"

Folks who want the very best use RED ROSE ORANGE PEKOE

## The BEST Is The CHEAPEST

Quality articles are made for people who are tired of the extravagance of cheap things—E. W. Howe.

When men realize the extravagance of cheap clothing they turn to the custom tailor. Once a man experiences the joy and economy of wearing a custom-made suit he will wear no other. He finds he gets quality in material, in workmanship, and distinctiveness in style almost impossible to obtain in clothes made under factory conditions.

In order to bring the facts home to the man who has not experienced the satisfaction of clothes built to his individual measure, we are using this space to direct his attention to their importance. Every week this space will tell of the economy in clothes made to your measure.

## NOVA SCOTIA

Persons who are inclined to disparage Nova Scotia as an agricultural country will be interested to read some of the comments of a prominent Irish journalist and contributor to Agricultural papers in the Old Country. This gentleman, Mr. Charles Reid, visited the Province last Summer, also making a tour of other parts of the Dominion. His article on his impressions of Nova Scotia appeared in the Belfast Weekly News late in the Autumn. The entire article is exceedingly interesting as the observations of a disinterested outsider. However, we have room here for only a few selections.

Mr. Reid was greatly impressed with the marsh lands about the head waters of the Bay of Fundy. "They consist of the alluvial deposits for centuries from the flooding of the narrow inlets that pierce the land on the top of the Bay of Fundy, where the tides reach a height of forty to fifty feet. The early French settlers a century and a half ago, when France owned Canada, conceived the idea of building dykes to keep back those high tides, and thus secured thousands of acres of the richest lands in the world which have been bearing heavy crops of hay, reaching sometimes over three tons an acre year after year without any manuring. It is said the only thing required to renew fertility is to admit the tide to overflow once in a hundred years."

"All through the Valley of Truro and on towards Halifax I saw the heaviest crop of timothy and clover I have yet seen anywhere reaching sometimes to three and four ton acreages. There seems to be no attempt to use a seeds mixture, and consequently the timothy does not afford a good sod for grazing." The writer goes on to say that the artificial fertilizers used in these regions are of lower grade than those used in the Old Land, suggesting that better results would accrue from the use of higher grade materials.

Commenting on the root and silage crops, he suggests that the acreage of roots is lower than one might expect to find, but this is partially explained by the necessity of hustling the Spring work on account of the lateness of the start. He is deeply impressed with the growth of silage crops, especially sunflower on good land. "The land of Nova Scotia is generally of a light clay loam and very fertile in the valleys, while the sheltering hills are mostly clothed with timber, chiefly spruce, pines and white birch."

He is surprised at the cheapness of many farms with good buildings, especially those which are located near the market towns, remarking at the close of the paragraph dealing with this, "One might go further than Nova Scotia and fare worse. It is a land of valleys and richly-wooded hills, while the roadsides are gay with wild flowers, such as briar, golden rod, and the sweet scented evening primrose."

"What is perhaps of most interest to Northern farmers is the orchard valley of Annapolis, generally so-called, but comprising a number of valleys sheltered by low well-wooded hills. These stretch over a length of from 50 to 60 miles and up to 10 miles wide, comprising from 62,000 to 63,000 acres of orchards, mostly of those rich, juicy, finely colored apples for which Nova Scotia is famous. Land is, of course, more expensive about this district, which looks rich and prosperous, there being seldom failures under the system carried out." The writer goes on to speak of the yields of the orchard lands and to commend in the highest terms the care given to the trees in pruning, manuring, spraying, etc. The article throughout, as may be inferred from these quotations, is exceedingly appreciative of the good features and advantages of Nova Scotia.

## FOR U. S. ANGLERS

Camp Cottages To Be Erected At Ship Harbor Lake For Visitors.

Among sportsmen visiting Ship Harbor lakes have been several parties from the United States and among such, a few years ago, was J. Pierpont Morgan, of New York. Evidently those beautiful angling waters have been made rather widely known, for word was received in the city that about a dozen camp cottages for United States parties. The cottages are to be built near the lower end of the big lake on land leased for the purpose.—Chronicle.

## "TEA POT DONE"

We have read a great deal about the oil scandal in Washington. It may be very bad in some instances, but is it really necessary to besmirch every one within reach? We thought before the developments took place that the Standard Oil Co. was one of the chief sufferers from competition of the Sinclair Oil Co. Could it be that they are at the bottom of this whole mess?

OBSERVER.

## HELP FOR YOUNG WOMEN

Mrs. Holmberg Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Viking, Alta.—"From the time I was 15 years old I would get such sick feelings in the lower part of my abdomen, followed by cramps and vomiting. This kept me from my work (I help my parents on the farm) as I usually had to go to bed for the rest of the day. Or at times I would have to walk the floor. I suffered in this way until a friend induced me to try Lydia E. Pinkham's Vegetable Compound. I have had very satisfactory results so far and am recommending the Vegetable Compound to my friends. I surely am glad I tried it for I feel like a different person now that I don't have these troubles."

Letters like this establish the merits of Lydia E. Pinkham's Vegetable Compound. They tell of the relief from such pains and ailments after taking it.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ailments in this country, and thousands of voluntary testimonials prove this fact.

If you doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to the Lydia E. Pinkham Medicine Co., Cohasset, Ontario, for Mrs. Pinkham's private text-book and learn more about it.

## MOSCHELLE

Miss Gladys Whitman, of Round Hill, was a guest last week of her grandparents, Mr. and Mrs. G. A. Barteaux.

Mrs. W. F. Ritchie went to Kentville on Friday to visit Mr. and Mrs. Wentford Ritchie.

Miss May Ritchie returned on Friday from a few days' visit with her aunt, Mrs. Buckler, Granville Ferry.

Mrs. Modena Wear and daughter, Pauline, of Annapolis Royal, spent the past week at the home of Mr. and Mrs. Harold Ritchie.

Arthur Barteaux, of Kentville, is spending a few days at the home of Mr. and Mrs. Guy Barteaux.

Messrs. Edward Fair and Merrill Barteaux returned from Lawrence town on Friday after attending the Short Course the past three weeks.

## GRANVILLE FERRY

The ladies of the Baptist Church and their husbands Capt. and Mrs. C. W. Croscup a surprise on Thursday evening, it being Mrs. Croscup's birthday. The first part of the evening was spent very pleasantly in piano music, reading, etc., the latter part by radio concert. The presentation of a very nice box of stationery and correspondence cards, etc., being made by Mrs. J. H. Rhodes.

Rev. A. J. Prosser gave a very interesting talk on Child's Welfare in the Baptist Church on Sunday, March 16th.

Mrs. S. C. Shaffner, who has been spending the Winter months with Mrs. Calnek, returned to her home last week.

Mr. Gordon Mills spent the weekend in Dalhousie.

Mr. Carmen Mills, of Bridgetown, is cleaning and repairing engines on steamer Valinda this week.

Mrs. Homes Masters, who has been a guest at the home of Capt. and Mrs. C. W. Croscup, returned to her home in Berwick on Friday.

Few men are capable of answering the arguments of a pretty woman.

## How to Purify the Blood

"Fifteen to thirty drops of Extract of Root, commonly called Mother Sida's Curative Syrup, may be taken in water with meals and at bedtime, for indigestion, constipation and bad blood. Persistence in this treatment will give permanent relief in nearly every case." Get the genuine at druggists.

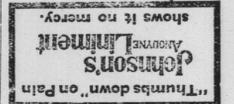

## CONVICTION UPHELD IN SCOTIA CASE

Full Bench Upholds Magistrate's Action in Imposing \$500 Fine.

Following a decision given by the Full Bench in the case of the King vs. Percy Scott, of Montreal, convicted in Sydney for sending liquor into Nova Scotia from Montreal, sustaining that conviction, announcement was made from the Attorney General's department that similar proceedings would probably be instituted against other offenders. With Mr. Justice Mellish dissenting, the Full Bench upheld the conviction of Stipendiary Magistrate Hill in the Scott case.

Charged with shipping liquor from Montreal to Sydney Percy Scott, who is manager of Dow's Brewery, was arrested in November last at the instance of the Attorney General's department. The prosecution was a test case resulting from complaints about the wholesale shipping of ale by Quebec breweries into Nova Scotia. While in many cases, seizures of the goods had been made there had been no actual proceedings against the actual parties instituted. Scott was tried at Sydney, convicted and fined \$500 and costs.

The decision is regarded as an important one from many standpoints as it establishes clearly that a company cannot mask itself behind the actual individual who is responsible for the shipment of the goods in question. Further the case applies the principle established by the so-called National Bell case decided in the Privy Council in July 1922 to the effect that where there is no appeal and the conviction is good on its face, the evidence before the lower court cannot be inspected on certiorari proceedings.—Herald.

## AGITATORS A MENACE TO THE MINERS

Archie Terris Says MacLachlan Speeches Are Designed To Disrupt The U. M. W. of Nova Scotia.

Archie Terris, Labor Member for Cumberland in the Nova Scotia Legislature, and delegate to the International Convention of the U. M. W., sees only added confusion in the public expressions of opinions, both by members of the International and opponents of the U. M. W. policy in Nova Scotia, according to what he said to the Morning Chronicle.

Mr. Terris, like all other U. M. W. members, is disappointed in the present agreement between the U. M. W. and the British Empire Steel Corporation. It was not what the men were led to expect; but all things considered it is not an unprofitable contract. When the International Convention was held at Indianapolis, practically all of the delegates from Nova Scotia were refused recognition by the International. The locals were not in good standing, being in arrears. In spite of this, the International supported the district in their negotiations; sanctioned the stoppage of work and instructed the International delegates in the district to endeavor to negotiate a contract.

The district was faced on January 16th with a 20 per cent reduction in Cape Breton, and, instead, had obtained some advance.

The speeches of James B. MacLachlan, since his release from Dorchester, Mr. Terris declared, were deliberate attempts to disrupt the U. M. W. of Nova Scotia. He says that all agitators of this type should be discontinued by the United Mine Workers and by the public generally. They are no help in the present and may do much harm toward peaceful settlement of differences in the future.

Mr. Terris takes a purely practical view of the attitude of the Nova Scotia District toward an election to replace the present provisional officers. There will be no election, Mr. Terris says, until the locals have paid up, their levies and are in good standing with the International Union. As soon as this standing has been made, it will be time to talk of the election of permanent officers for the district.

In any event, the only policy possible for the members of the district to pursue will be accepted with good grace the terms of the contract that has been made for them by the provisional officers and to keep the production up to its best standard under it.

## WANT THEIR \$75,000

Sydney Mines.—The merchants of North Sydney and Sydney Mines are taking joint action to recover monies by the U. M. W. Provisional Board for relief orders issued to the miners during the progress of the recent industrial suspension. The Herald is informed that the International President, J. L. Lewis, has repudiated the action of the U. M. W. executive in District 26, and until the whole matter is investigated the merchants will have to await the decision of the International Board. The merchants claim it in the vicinity of \$75,000.

## Great Interest In Results Of Syrup Used By Noted Doctor

Many Now Use Prescription For Stomach Trouble, Colds, Headache, Nervousness and Run Down Condition.

## BUILDS UP SYSTEM INCREASES STRENGTH

With men and women in all walks of life pointing to their own quick relief, there is little wonder that everyone is talking about the syrup used by Dr. Thacher, or that druggists report a constant increase in its use.

These people have demonstrated that symptoms such as those described above are often the result of a sluggish condition of the liver. They now know that relief comes quickly when the liver is properly cleansed with Dr. Thacher's Liver & Blood Syrup.

Gives Quick Relief  
There is a scientific reason for this quick relief! When working as Nature intended your liver purifies your blood, every drop of which filters

through the liver every fifteen minutes. Your liver furnishes the secretions that are essential to proper digestion and nourishment. Also, your liver supplies the secretions Nature uses to lubricate your bowels so that they can move naturally, gently and regularly every day. And, how can your liver do these three things properly when it needs to be cleansed and toned? The result is you often wake up feeling dull and tired and frequently suffer from one or more symptoms, such as sick headaches, acid stomach, gas, constipation, colds or a nervous, upset condition.

## TRIAL GUARANTEE

Get quick relief, yourself! Try just a spoonful of Dr. Thacher's Liver & Blood Syrup after the next few meals to cleanse and tone your liver and help Nature build up your system. Notice the quick difference in the way you look, eat, sleep and talk. You will be completely satisfied otherwise druggists are authorized to return your money.

Dr. Thacher's Liver & Blood Syrup is sold by W. A. Warren, in Bridgetown; by Watson E. Porter, Pharmacy in Lawrenceton, and by leading druggists in every city and town.

## KING'S COUNTY SPORTSMEN ARE ENTHUSIASTIC

Constitution Adopted At Second Meeting Of The Association—Some Of The Rules.

Wolfville.—The Fish, Forest and Game Protective Association formed in Wolfville on March 4th (as fully reported in The Herald) held its adjourned meeting in the Town Hall Tuesday evening, the attendance being larger and the proceedings even more enthusiastic than on the former occasion. The President, Rev. Dr. Douglas Hemeon, presided, and was supported by all the officers and executive.

Ernest Redden, who was elected Secretary-Treasurer at the previous meeting, resigned, and on his nomination, A. L. Guest, local manager of the Bank of Montreal, was voted his successor.

Dr. Leslie Eaton, on behalf of the executive, submitted a draft of the proposed constitution, was discussed clause by clause and adopted.

Article 9, of the constitution, contains the following interesting rules and pledge:—

1. Never in sport endanger human life.
2. Never kill wantonly or needlessly or brutally.
3. Obey the laws, both Provincial and Federal. Work for better laws and uphold the law-enforcing authorities.
4. Never be a fish or game hog.
5. Respect the rights of farmers and property owners, and also their feelings.
6. Always leave seed birds in covers.
7. Love the woodland and its denizens, and be a gentleman.
9. Protect the woodland by care in kindling and extinguishing all fires.

—Herald.

## Stimulate Your Business by Advertising

### GERMANY CAN PAY!

It is part of the German propaganda he covers it up with the figures of to so belittle her means of paying the Reparation Commission. Imparting to the sympathy of persons who have studied German and the pity of the other powers, resources concede that the demands addition to this, there is gross misrepresentation of the total amount that Germany is called upon to pay. man National wealth, according to It is constantly said that the total amount required is \$22,000,000,000. The Overseas Telegram says: "This is a half truth, and a very most dangerous lie. There who put it forward fail to add that payment is spread over approximately forty years. The present cash value of Germany's debt, reckoning 5 per cent on the deferred payments, is in the neighborhood of \$13,000,000,000. This would lift the German mortgage. Yet steadily the public is told by those who must know better, that the total is more than double the real sum. As to Germany's capacity for paying \$13,000,000,000, Bernard M. Baruch, chief U. S. financial expert in Paris in 1919, estimated that she could pay \$15,000,000,000, and the American delegation supported this figure, which was regarded moderate. Keynes, whose pro-German bias is notorious, estimated in his first book that Germany could pay \$10,000,000,000. He has since admitted that he underestimated her capacity and is now in substantial agreement, though 400 is beyond her strength.

# You Can't Beat Tanlac Says Alberta Citizen

### "The Tanlac Treatment Made Me Look And Feel Like A Different Man" Says Petro.

"The Tanlac treatment has made me look and feel like a different man," is the positive statement of H. G. Petro, well known citizen of Okotoks, Alberta, Canada.

"Before taking Tanlac I was sorely troubled with indigestion, gas bloating and a tightness in my chest that made me short of breath. My appetite was gone, my circulation poor, and

headaches and dizzy spells would strike me most every day. I also had a bad swelling in my leg. "Three bottles of Tanlac put me in A-1 condition in every way. I have a rousing appetite, sleep like a log and am rid of all my troubles, even the swelling in my leg. Incidentally I have gained so much weight that I am too big for the clothes I wore before taking Tanlac, and am feeling fine. You can't beat Tanlac."

"Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold."

Take Tanlac Vegetable Pills.

#### WEDDING

##### Sabine-Comeau.

A very quiet wedding was solemnized at the Baptist Parsonage, Bridgetown, on Monday evening, Mar. 10th, when Miss Mildred Comeau, of Bridgetown, formerly of Meteghan, N. S., was united in marriage to Clarence W. Sabine, second operator at the Bridgetown Power Station, and only son of Mr. H. R. Sabine. The ceremony was performed by Rev. A. J. Prosser.

The bride was attired in a gown of brown tulle, with hat of brown plush and was attended by Mrs. H. R. Sabine, while the groom was attended by his cousin, Mr. Gordon Norman.

The bride received many useful gifts including china and silverware. Both Mr. and Mrs. Sabine have many friends who join in wishing them many years of happy wedded life. They will reside in Bridgetown in the future.

#### MILK AND MILK SUBSTITUTES FOR PIGS

(Experimental Farms Note.)

A hog feeding test, recently conducted at the Central Experimental Farm, Ottawa, indicates the particular suitability of skim-milk for newly weaned and young pigs. It also indicates that after the hogs have reached 3½ or 4 months of age other feeds than skim-milk are capable of giving greater and more economical gains when such feeds are used to supplement the meal ration.

Three lots of eight hogs each were fed a basic meal ration supplemented with skim milk, milk powder and Pro-lac meal. The hogs were placed on the experiment shortly after weaning.

The test lasted for 90 days and for the first 60 days Lot 1 was fed meal and skim milk, Lot 2 meal and milk powder, and Lot 3 meal and Pro-lac. During this period Lot 1 made the greatest gains with the lowest meal consumption and at considerably the lowest cost per pound of gain in live weight. Lot 3 made the lowest daily gains, consumed slightly more meal and cost .25 of a cent more per pound of gain. Lot 2 on milk powder made the second highest gains but consumed considerably more meal—22 of a pound more than Lot 1—and cost 1.99 cents more per pound of gain than Lot 1.

For the remaining 30 days the three lots were uniformly divided, one-half of each lot continuing on the former ration while the milk or milk substitute was withheld from the remainder of the hogs.

The outstanding feature of this part of the test was the good showing made by the hogs receiving Pro-lac meal. This lot made an average daily gain of 1.4 pounds in live weight with a feed cost per pound of gain of 6.16 cents as compared to Lot 1 on meal and skim-milk with an average daily gain of 1.33 pounds and a feed cost per pound of gain of 5.35 cents while Lot 2 on meal and milk powder made an average daily gain of 1.33 pounds with a feed cost per pound of gain of 9.34 cents. The check lots from which the milk supplements were withheld made a uniform daily gain of one pound in live weight per hog at a cost of 6.45, 7.32 and 7.59 cents per pound respectively.

W. G. DUNSMUIR, Assistant Animal Husbandman, Central Experimental Farm.

#### HOME NURSING OF PNEUMONIA

(Dept. of the Public Health, Province of Nova Scotia.)

In view of the prevalence of pneumonia and other respiratory disorders, information respecting the directions which should be followed by the persons who must nurse these cases may be valuable. It is NOT advised that, because these instructions can be followed by a nurse who has not had special training, the advice of a physician on each case be dispensed with. No diseases to an extent greater than do acute "colds" or "lung troubles" of any kind so require the attention of a physician. Call the physician immediately.

You can help him, however, by remembering these instructions:

1. Pneumonia is infectious and may be spread by the sputum (spit) and the discharges from the nose.
2. The patient should have a separate room, if possible on the sunny side of the house. Remove all unnecessary furniture, and keep the room well ventilated.
3. Collect and destroy the sputum (spit) and the linen, handkerchiefs, etc., soiled with it or with the discharge from the nose. Chloride of lime or a solution of carbolic acid or some such disinfectant should be placed in the dish in which the patient spits. Handkerchiefs or linen should be soaked in a similar solution before boiling and washing. If paper handkerchiefs or old pieces of linen or gauze are used to spit in, burn these promptly.

#### TO LIVE, IT IS NOT LIFE BUT TO BE WELL

The lips, face and hands of the patient very quickly become soiled with material containing the infection and must be washed frequently.

6. The hands of the nurse also become infected by touching the hands, clothing, bedding, or handkerchiefs of the patient. Therefore, the nurse should wash frequently. Plain soap and water is sufficient for this.

7. Avoid placing oneself immediately in front of the patient, or of "taking his breath" when attending on him.

8. The disinfection of the room after recovery is not necessary, if above instructions are carried out.

During the season when pneumonia is prevalent the following precautionary measures may be taken:

- a. Avoid crowded or ill ventilated rooms.
- b. Avoid fatigue, chills or unnecessary exposure.
- c. Avoid excesses of all kinds.
- d. Keep fit.
- e. Gargling and nose-washing with a mild solution (such as a teaspoonful of common salt to a pint of water) may be of benefit.

(These instructions will apply to any of the acute "lung diseases," including Influenza, Measles, Whooping Cough, or even the ordinary "cold in the head.")

#### DISCUSSES MARKET FOR VALLEY APPLES

##### Prominent Fruit Grower of Berwick Says N. S. Does Not Produce Dessert Apples.

Annapolis Valley apples are not packed in boxes because varieties suitable for boxing are not grown in Nova Scotia, said S. C. Parker, of Berwick, for 25 years Secretary of the Nova Scotia Fruit Growers' Association, and a fruit grower and shipper all his life, in an interview with a representative of The Herald.

"Certain varieties of apples," he went on, "lend themselves to box-packing. These are the Yellow Newtown, Delicious, Winesap, and Jonathan. They are the rosy, uniform apples that may be seen in the shop windows of Halifax. They are not grown in Nova Scotia. They cannot be grown in Nova Scotia. The climate of this Province is too damp and dull to produce that desirable color. The only apples grown here that can be boxed with advantage are a few Gravensteins and Macintosh Reds."

Two-thirds of the apples grown and exported to the British market during the last 40 years have been composed of the following varieties: Baldwins, Ben Davis, Stark and Gano and Fallowater, which cannot conceivably be considered as being suitable for box-pack, he said.

"The question of flavor, too," said Mr. Parker, "has been over-stressed. Nova Scotia apples have not the finest flavor in the world. Every variety of apple has its own peculiar habit. The Gravenstein reaches perfection in Nova Scotia. The Baldwin as grown in New England is quite different to the Baldwin grown in this Province and the Northern Spy as grown in Ontario is unexcelled. Ben Davis, Stark and Fallowater, forming a large proportion of the apples exported from Nova Scotia have no flavor at all, anywhere. The other varieties mentioned which, with these, make up two-thirds of the total quantity exported, have very little flavor. They are not comparable with the boxed dessert apples from British Columbia or Oregon on the sunny Pacific Coast," he said.

Mr. Parker referred to the query in the Halifax Herald as to why Halifax did not get good apples from the Annapolis Valley. The foregoing, he said, would partly answer that question. The bulk of the fruit grown was not suitable for dessert purposes so much as for domestic purposes. A further complaint was made that when apples were purchased as "No. 1's" in the ordinary grocery store, they usually turned out to be very poor No. 3's.

The fault here did not lie with the fruit-grower, but with the grocer. "The fruit-grower is just as honest as the Halifax grocer and perhaps a little more so. Incidentally \$40,000 have been lost to the Valley growers through the failure of three Halifax commission men this Fall," said Mr. Parker.

The grocers get what they pay for. In a recent article in The Evening Mail it was stated that Wentzell's Ltd., always bought Nova Scotia fruit and bought nothing else. That was because they bought apples in carload lots from reputable dealers or growers. By far the majority of dealers in Halifax take what comes in on consignment, because they can

#### BELLEISLE

Mrs. Archie F. Troop returned from Middleton on Monday where she spent the last week with her aunt, Mrs. W. Covert.

Mr. Eugene P. Troop has returned home after spending the winter in Boston.

Mr. Gladstone Parker, of Bridgetown, called on friends here during the last week.

Mrs. Eunice Bent returned to her home in Young's Cove on Saturday.

Miss Cora Parker is visiting her sister, Mrs. Wallace Covert, Jr., at Karsdale.

Mrs. Ralph Horton and sons, of Upper Granville, are visiting her parents, Mr. and Mrs. John H. Bent.

Miss Florence Homes spent the week-end at Granville Centre, the guest of her friend, Miss Hazel Gillist.

Mr. Ned Bent, of Woodstock, N. S., is visiting his brother, Mr. E. M. Bent, Mrs. Joseph Graham, of Lawrence-town, recently visited her brother, Mr. Carman Gesner.

Mr. Charlie Troop left last week for the U.S.A. where he intends spending the summer.

Miss Josephine Willett spent the week-end at Upper Granville with her friend, Mrs. A. E. Marshall.

#### DOMINION ATLANTIC RECORD IN FEBRUARY

The Dominion Atlantic, during the month of February, had a record for all D.A.R. passenger trains on time, including the convenient and popular night train operating between Halifax and Yarmouth. The high record shows 92 per cent. on time during the month.

When consideration is given to weather conditions, etc., other trains to meet, and boat connections to make, and the many other things which go to more or less delay trains, it is creditable to note that the record is so near the 100 per cent. efficient service mark.—Chronicle.

get it "cheap" and naturally the "cheap" stuff is the refuse of the Valley, he said. If they wanted good apples they must be prepared to pay for them.

"Nova Scotia is, and is destined to become, an enormous producer of low-grade apples," declared Mr. Parker. "And the English market takes those apples and pays a good price for them."

To prove this he cited the grading at the Berwick Fruit Company, of which he is a member this year. They have shipped 40,000 barrels, twenty per cent. of these were 1's, 15 per cent. were No. 2's, 25 per cent. were No. 3's, and the remainder were Domestic. It pays Nova Scotian growers to ship the low grade apples because the cost of the freight to the British Isles is not excessive. British Columbia, on the other hand, ships nothing but No. 1's. Excessive freight rates, and the long haul, make anything else unprofitable.—Halifax Herald.

# Yours to Enjoy

"Thank God for Tea! What did the world do without it—how did it exist? I am glad I was not born before Tea."

Thus wrote the brilliant Sydney Smith in the early days of the nineteenth century, and countless thousands have echoed his sentiments since. But if Sydney Smith could so enthuse over Tea as it was then, what would he say of it to-day, when science in growing and art in blending have brought your cup of Tea to such a high point of perfection.

And what would he think of to-day's cost? At an incomparably lower price you are able to enjoy Tea of a deliciousness Sydney Smith never knew or imagined.

#### MUNICIPAL CLERK OF KINGS DIES

##### C. L. Dodge, of Kentville, Passes Away in Hospital After Brief Illness.

Cutler L. Dodge, Municipal Clerk and Treasurer, and one of the best known and most prominent citizens of Kentville, died at the Victoria General Hospital on Saturday shortly after noon. He was 66 years of age.

Deceased had been in failing health for some time and was removed to the hospital for treatment about three weeks ago.

Mr. Dodge was born in Kentville and lived practically all his life there. He was the son of the late Hon. T. L. Dodge, member of the House of Assembly and Legislative Council. His mother was formerly Miss Harriet Hamilton, of Halifax. The late B. H. Dodge, M.P.P., was a half-brother. Mr. Dodge was for many years connected with the firm of T. L. Dodge & Company, and previous to that time was an extensive buyer and shipper of produce. During the year 1899 he was inspector of the construction work of the Kentville Post Office.

In January, 1914, he was elected Clerk of the Municipality of King's County, and to the office of Treasurer in November, 1916.

Besides his wife, who, before her marriage, was Miss Jean Landers, daughter of the late David and Almira Ross Landers, of Margareville, N. S. deceased is survived by one daughter, Elaine, at Macdonald College, two sons, Murray and Stuart, of Kentville; three brothers, Ernest H. of Kentville, Colonel G. A. Dodge, of Ottawa, and Harry, of Bridgetown.

#### LAWRENCETOWN WOMEN'S INSTITUTE HOLD MOST INTERESTING MEETING

On Thursday afternoon, Mar. 13th, the regular monthly meeting of the Women's Institute was held in the vestry of the Methodist Church which was bright with potted tulips and hyacinths for the occasion. Owing to the presence of Miss MacDougall, Supt. of Women's Institute the meeting was of more than ordinary interest and an invitation was extended to the Institutes of Williamston, Paradise and Bridgetown, also to the ladies of Clarence, who are thinking of organization in the near future.

Notwithstanding the day was one of the most unpleasant of the winter, about forty ladies braved the elements, a number being present from the Institutes of Williamston, Paradise and Bridgetown, also to the ladies of Clarence, who are thinking of organization in the near future.

Following the routine business, Mrs. E. C. Shaffner delighted every one with a vocal solo.

Miss MacDougall was then introduced and before her address led in singing a new hymn, "For Home and Country," written especially for Institutes by an Institute member. There are now in Nova Scotia eighty-five Institutes with three thousand members.

Miss MacDougall prefaced her remarks with the question, "What does the Institute mean to you personally?" emphasizing the necessity of solid foundation based on high ideals. The importance and work of the Standing Committees were discussed, and all members were advised to make themselves familiar with the school law. The Institute creed was repeated in closing.

Copies of the Institute paper "Home and Country" were distributed. The last issue of six hundred did not supply the demand. If the circulation could be increased to one thousand the paper would be self-supporting.

Mrs. A. Rumsey moved a vote of thanks to Miss MacDougall for her interesting and instructive address, seconded by Mrs. J. Stoddart.

A vocal duet was very pleasingly rendered by Mrs. Aubrey H. Whitman and Miss Ethel Shaffner, after which a social hour was spent, the Lawrence-town ladies serving afternoon tea.

#### BELLEISLE

At the supper at Upper Granville last week the sum of \$47.50 was realized for the fund for church repairs. Miss Jennie Inglis, of Tupperville, has been a recent guest at the home of Mr. and Mrs. Clifford Bent.

Miss Cora Parker is visiting her sister, Mrs. Wallace Covert, at Lower Granville.

Mr. Inglis Goodwin is visiting his aunt, Mrs. Lemuel Elliott, Mt. Hanley.

Mr. Gladstone Parker, of Bridgetown, spent several days last week with old friends here.

Miss Bessie Young, of Granville Centre, returned home on Saturday after a few days' visit with her cousin, Mrs. Ernest Bent.

Mrs. Ralph Horton and children, of Upper Granville, are visiting her parents, Mr. and Mrs. John H. Bent.

#### MAIL CONTRACT

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 11th April, for the conveyance of His Majesty's mails, six times per week, between

PARADISE P.O. & PORT LORNE P.O. under a proposed contract for a period not exceeding four years dating from the 1st July next.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the terminal and route Post Offices, and at the office of the undersigned.

# Crusoe Knew What He Wanted And He Got It

ONE of the most persistent advertisers in the history of success was Robinson Crusoe. He knew what he wanted—a ship—so he put up an ad. for one. He flung up a shirt on a pole, at the top of his island. That, in the language of the sea, was plain to every seafaring man.

The circulation was small, there was no other medium, but Crusoe kept at it, despite the fact that he got no enquiries for a long time. He changed his copy, as one garment after another was flung out, and in the end got what he wanted.

Crusoe used the best medium at his disposal. The best medium in Annapolis County, Mr. Advertiser, is The Weekly Monitor. It goes direct to the people to whom you wish to tell your story. The above columns, persistently and you are bound to obtain results.

**This simple method for youthful loveliness**  
 Millions have learned this easy, natural way to keep that schoolgirl complexion

The beauty and charm that is priceless to every woman and girl may be had by this simple method.  
 Millions have found the secret of having and keeping complexions radiant and lovely as a schoolgirl's. A method that you, too, may employ.  
**Regularly do this**  
 Cleanse the skin regularly, authorities say, to keep your complexion lovely, radiant, youthful. But beware of harsh cleansing methods. They injure skin.  
 Wash thoroughly with Palmolive Soap—each night before retiring. Rub the creamy, foamy lather well into the tiny pores. Rinse—and repeat the washing. Then rinse again.  
 Then—if skin is dry—apply a little cold cream. That is all. Skin so cared for is not injured by cosmetics, by wind and sun, or by dirt.  
**The simple, correct way**  
 You cannot find a more effective beauty treatment. Because Palmolive Soap is blended of rare palm and olive oils—famous for mild but thorough cleansing qualities since the days of Cleopatra. And it is inexpensive.  
 Just make sure you get Palmolive—which is never sold unwrapped. All dealers have it. Get some and follow this simple method for a week. Results will surprise and encourage you.  
 Remember that arms, shoulders, throat need this treatment, too. Let Palmolive do for your whole body what it does for the face.

**THE PALMOLIVE COMPANY OF CANADA, LIMITED**

**SURVEYING PARTY REPORT MOOSE PLENTIFUL**

John Pigott, of the Barnham survey party, spent Sunday at home. He reports mouse very plentiful around Borgia Lake. Some of the party usually see or start some every day. In the survey party are about twenty-three men making a general survey of the land and working westward. On Monday they were moving from Perotte to Greywood living in vacant houses owned by the company. A few nights ago two of the men lost their way and were obliged to spend the night in an old camp they had to use part of for fuel. Next day they were located by a searching party.

**Local Happenings**

A meeting of the Children's Aid Society will be held in the Board of Trade rooms at 3 p.m. today (Wednesday) and a public meeting in the Baptist Church Vestry at 8.15 in the evening. Mr. E. H. Blois, Provincial Superintendent of Neglected and Delinquent Children, will be present at both meetings.

An interesting programme will be given by the boys and girls of Mission Band in song, dialogue, reading, in United Church, Saturday afternoon, March 29th, at 4 p.m., Admission 15c, 52-t.t.

The Spectator says that a property tax sale advertised in that paper is believed to be only the second of its kind in the history of Annapolis Royal. Two years ago, it states, the town collected 96 per cent. of its taxes and this may be fully equalled before last year's list is completely handled. In Bridgetown last year 99 per cent. of the taxes had been collected for 1923 when the general financial statement was issued.

When a housekeeper is having visitors, that is the time she is most particular about the quality of tea she buys, for she likes to hear her guests say: "Oh, Mrs. So-and-So, what delicious tea!" And to be sure that they will say this, she gives them MORSE'S SELECTED ORANGE PEKOE, the richest and finest flavored tea ever imported to this country.

The third degree will be put on at Crescent Lodge on Thursday evening next. Refreshments will be served at the close of business proceedings. A large attendance is specially requested.

**SEWING CIRCLE GOSSIP**

There was some discussion at the Sewing Circle this week about the things one should give during Lent. The wife of the new Bank Manager said she supposed that on the theory that Lent was the time for personal sacrifice, she should try to give up drinking LUXOR ORIENTAL COFFEE. It would not be hard for her, she said, to give up Bridge or Mah Jong because she did not care particularly for them, but she did love her breakfast cup of LUXOR ORIENTAL COFFEE and to miss it would indeed be a serious deprivation.

In an account of the performance at Berwick on March 11th of "The Farmerette," the correspondent of the Halifax Chronicle made the following reference to one of the performers who is a highly esteemed Granville lady:—One of the characters who made a big hit was Gracious Ann Bean, the "Human String Bean," a middle-aged lady of colour—a great believer in "calicoethics." This part was taken by Miss Annie I. Roney, and she did it to perfection, and the local hits that she worked in convulsed the audience.

The Colonial Garage this week received another shipment of Chevrolet cars for the season's rush.

**WEDDING**

**Gesner, Gattl.**  
 A quiet wedding took place on Monday evening when Rev. Cranswick Jost, D.D., united in marriage at his residence, Mr. Roscoe Gesner and Miss Amelia Mabel Lois Gattl.

**WHERE THE BEST TEA GROWS**

The Tea plant flourishes best on the well drained side of a mountain in a country where there is plenty of moisture and a warm sun. Certain parts of Ceylon, India and Java are ideal for the growing of delicious tea, hence from those countries come the finest varieties. "SALADA" is a brand of the choicest qualities grown in these three most famous tea-growing countries in the world.

**HEIRS WANTED**

Missing Heirs are being sought throughout the world. Many people are today living in comparative poverty who are really rich, but do not know it. You may be one of them. Send for Index Book. "Missing Heirs and Next of Kin," containing carefully authenticated lists of missing heirs and unclaimed estates which have been advertised for, here and abroad. The Index of Missing Heirs we offer for sale contains thousands of names which have appeared in American, Canadian, English, Scotch, Irish, Welsh, German, French, Belgian, Swedish, Indian, Colonial, and other newspapers, inserted by lawyers, executors, administrators. Also contains list of English and Irish Courts of Chancery and unclaimed dividends list of Bank of England. Your name or your ancestor's may be in the list. Send \$1.00 (one dollar) at once for book.

**DECISION RESERVED BY FULL BENCH IN LOCAL CASE**

Mr. K. L. Crowell returned on Saturday from Halifax where he spent the week at Appeal Court in connection with the case of James Murray vs. the executors of the estate of the late Annie Freeman.

We understand in connection with this claim that the Registrar of the court of Probate recommended that the executors proceed to settle up the estate and this view was taken by Judge Grierson. Last week the case came before the Full Bench. Messrs. Barry Roscoe, K.C., and T. R. Robertson, K.C., as appellants and K. L. Crowell as Respondent. Decision was reserved. The case arose out of a claim against the estate for wages and services rendered.

**OBITUARY**

**Mrs. Harold Chute.**  
 The funeral took place on Tuesday at Hampton of Mrs. Harold Chute, after an illness of several months. The deceased, who was a daughter of Mr. and Mrs. Joseph Marshall, is survived by her parents and by husband who on one of the standard oil steamers now in Southern waters; by two brothers, one sister married in Lynn, and Sherman and Donald at Hampton. The deceased was scarce twenty years old at the time of her death and was married only about a year. Her early decease is much regretted by her friends. The funeral service was conducted by Rev. D. W. Dixon.

**OBITUARY**

**Mrs. Mary Elizabeth Elliott Morse.**  
 The death of Mrs. Mary Elizabeth Elliott Morse took place at the home of her son, Everett Morse, 120 Kenrick Street, Brighton, Mass., on Saturday, March 15th. Mrs. Morse was an aunt of Mrs. A. L. Bishop and L. L. Elliott, Clarence.

Nothing doth hurt more in a state than that cunning men pass for wise.

**The Economy in Clothes Made To Your Measure**

The custom tailor does not have to work down to a price. He does not have to make a profit for himself. He does not have to listen to the pleadings of a dealer, hundreds of miles away, for something to be sold at a low price and a long profit. The custom tailor patrons are his personal friends, and he treats them as such. They rely on his knowledge to give them satisfaction, and it would be business suicide to betray that confidence. His reputation is built on the satisfaction of his customers.  
 It requires the same amount of labor to make a suit from an inferior piece of cloth, as it does from the best, so the tailor naturally chooses only the best-wearing, carefully dyed goods. He is trained to know cloth. He knows the exact number of threads and the tensile strength those threads must have to give wear and retain shape—and he insists upon the cloth he buys meeting the standard this knowledge demands.

 BRIDGETOWN

**New Telephone Directory**

A new issue of the Telephone Directory for the Western District is in course of preparation and lists will be closed on April 10th.  
 The Directory serves our subscribers in "The Valley" (including Brooklyn, Clarksville, Hantsport and Windsor in Hants County) and in Digby, Lunenburg, Shelburne, Queens and Yarmouth Counties.  
 Persons who wish to become Telephone Subscribers at this time and Telephone Subscribers who want changes made in their listings are urged to send in their orders to their Exchange Managers at once and at all events not later than April 10th.  
 We cannot undertake to give effect in the new issue to Orders received after that date.  
 Advertisers are reminded of the high merits of the Telephone Directory as an advertising medium. It is in use alike in the home and in the office, and reaches the hands of the most desirable class of patrons in each community it serves. Some space is still to be had either in the Alphabetical or Classified Sections. Exchange Managers will gladly quote rates on request.
