

NEW YORK.

NEW YORK STOCK MARKET.—January 12, 1899.

MARKET ERRATIC CHANGING FRONT SEVERAL TIMES—STOCKS CLOSE CONSIDERABLY UNDER HIGHEST—A GOOD DEAL OF MANIPULATION TO HOLD PRICES FIRM.

New York, Jan. 12.

British consols are up 3-16. The Bank of England rate remains unchanged. The market for Americans is steady with moderate advances Louisville in the lead.

The political news this morning is not without interest, there seems to be a suspicion in Washington that the defiant attitude of Aguinaldo is due to promises of support from some foreign government presumably Germany.

The situation in Manila continues strained and also at Iloilo. The authorities at Washington believe that bloodshed will be averted.

During the first two hours of yesterday's trading the bearish element made all the use possible of the situation in the East and also of what they called the weak technical situation in the market.

The statement of Louisville and Nashville road is in all respects satisfactory. In spite of the fact that large amounts have been taken from earnings and put into permanent improvements, the Company for the six months ending December 31st earned over and above all fixed charges and taxes about 2 p.c. on the common stock.

Louisville gross earnings from July 1st, increase \$753,126.

Southern Railway earnings for first week in January, increase \$40,651; from July 1st, increase \$1,566,738.

CHICAGO.

SELLING BY ROOM-TRADERS CAUSES A SETBACK—CORN STEADY BUT CLOSES UNDER HIGHEST—PROVISIONS ACTIVE

Chicago, Jan. 12.

The early cables this morning were not so strong as might have been, considering our close of last night. March being quoted at 5s 9 1/2 and May at 5s 9 1/2 an advance of only 1/4 on yesterday's trading price.

Corn opened steady and seems to be in a very strong position. Farmers seem to realize how poor the corn crops is, and what a scarcity of merchantable corn there will be next summer and in consequence are holding it with wonderful tenacity.

Chicago should be getting some 1,500 to 2,000 car loads a day, it is not getting one-third of that amount.

Feeders have taken also an unusually large percentage of corn this winter and States which in former years were exporters are now importers.

Montreal was a buyer of pork this morning. Second cables were again weak and wheat eased off in sympathy.

There was little to note in the afternoon transactions. Royal Electric and Colored Cotton Bonds were the only two stocks which showed advances, the rest of the list being steady.
