3000 WINDSOR CANADIANS

Deportation of P. M. Employees  
Is Resented—St. Thomas  
Memorialize Parliament—Men  
Under Notice Will Wait Until  
Forced Out.

Windsor, May 26.—(Special.)—The arbitrary action of the Dominion government in ordering the immediate deportation of half a score of P. M. employees from the St. Thomas branch of the Canadian National railway has aroused a storm of indignation and dismay among the people of this city. Three thousand persons cross the Detroit River daily from Windsor, Walkerville and St. Catharines to the American cities of Detroit, Toledo and Cleveland. The American authorities are now threatening to take retaliatory measures and to deport all Canadian employees who are employed in the P. M. service. This would mean the loss of their livelihood for many of the families who are dependent upon the wages of these employees. The whole agitation has done much to prejudice American opinion against the Dominion government and its policies. It is believed that the Dominion government is not willing to see the P. M. service in the St. Thomas branch of the Canadian National railway. It is believed that the Dominion government is not willing to see the P. M. service in the St. Thomas branch of the Canadian National railway. It is believed that the Dominion government is not willing to see the P. M. service in the St. Thomas branch of the Canadian National railway.

William Hunter, general storekeeper of the Canadian division of the P. M. service at St. Thomas, who left as a result of his removal from the P. M. service, was in Detroit. He stated that six of the 12 officials at St. Thomas were ordered to leave Canada at once, but that the others were allowed to remain until they were able to take their families with them. Mr. Hunter says he believes the whole trouble was started by people in London, who are opposed to the P. M. service. He says that the Dominion government is not willing to see the P. M. service in the St. Thomas branch of the Canadian National railway. It is believed that the Dominion government is not willing to see the P. M. service in the St. Thomas branch of the Canadian National railway.

Minister of Works Hyman is taking advantage of the feeling against the P. M. service in London, where the P. M. service is not popular, and is playing to the gallery. He is trying to get the P. M. service out of the St. Thomas branch of the Canadian National railway. It is believed that the Dominion government is not willing to see the P. M. service in the St. Thomas branch of the Canadian National railway.

St. Thomas wants them. Citizens generally opposed to the Order of Deportation. St. Thomas, May 26.—(Special.)—The city council has passed a resolution memorializing the Dominion government to withdraw its order of deportation from the P. M. employees in the St. Thomas branch of the Canadian National railway. The resolution also asks that the Dominion government should be asked to allow the P. M. employees to remain in the St. Thomas branch of the Canadian National railway. It is believed that the Dominion government is not willing to see the P. M. service in the St. Thomas branch of the Canadian National railway.

Nothing more has been done, the city wants the men to stay. The impression is that some men will decline to go, and that the Dominion government will be taken under the Habeas Corpus Act to stay proceedings until the company can make its case, when the company expects to show that there was good reason for the charges made and that there was no undue discrimination against Canadians.

WILL GO TO MONTREAL TO SEE NEW SWITCHBOARD. Ottawa, May 26.—Members of the parliamentary telephone committee, along with the Dominion telephone company, will go to Montreal to-morrow to inspect the new switchboard installed by the Bell Telephone Co.

TO SHOW TEDDY. St. Peterburg, May 26.—A new York (Special.)—The Russian ambassador is sending to America a document from the czar to show the Russian efforts to prevent the war with Japan.

HORSES TRAMPLE 3 MEN IN BOER WAR SPECTACLE. Opening Performance at Brighton Beach Before 20,000 People Marred by Accident.

New York, May 26.—Three men were seriously injured and another died after being trampled on in the Boer war spectacle at Brighton Beach to-night. The accident occurred in the tableau representing the death of Peter Paul von Bismarck, when more than 300 men on horseback, representing the Boer army, were ordered to charge over the heads of the British soldiers. The horses, which were badly frightened by the British soldiers, trampled on the Boer soldiers. The accident was caused by the fact that the horses were not properly trained. The accident was caused by the fact that the horses were not properly trained.

Joe Carr Examined. Dr. Beemer, superintendent of Mimico Asylum, made a mental examination of little Joe Carr yesterday. Beyond that he would require careful study and he would have to see her from time to time. He did not care to say anything about it until it was necessary for him to do so in evidence.

Andrew Gets a Fiver. Winnipeg, May 26.—Leo Andrews was tried at the Port Arthur assizes on a charge of shooting Engineer Towel with intent to murder, was found guilty and sentenced to four to five years in Kingston Penitentiary.

Try "Love Inlet" Canned Salmon. Always Reliable. Doubles the Surplus. Montreal, May 26.—(Special.)—The Montreal Light, Heat and Power Co.'s statement of earnings shows a surplus for the year of \$478,000, or over double of last year.

Campbell's English Chop House Quick Lunch. Nothing as Good. There is nothing as good for your feet as "Formona." It instantly cures burning, tired and aching feet. Try it, 25c per bottle. At all druggists.

Use "Manie Leap" Canned Salmon. The best packed. (Canadian Associated Press Cable.) London, May 26.—At a meeting of the Land Corporation of Canada it was decided to pay a dividend of 1-1/2 per cent.

## WARSHIPS NEAR SHANGHAI

CHINESE MAKE THEM LEAVE

May or May Not Have Been Portion of Rojstevsky's Fleet—Congratulations From Roosevelt.

CREATES CONSTERNATION. London, May 27.—The Times correspondent at St. Petersburg says that Russia's decision to extend the area of hostilities into Mongolia has evoked a sentiment akin to consternation among the diplomats there. It is regarded, he says, as the first step towards annexation, and the opening up of questions of partition of China.

Shanghai, May 26.—There are indications that the Russian warships have divided his fleet. Seventeen vessels of the Baltic fleet anchored at Saddle Island last night. It is believed that they coaled there, and that from that point they will proceed northward through the Yellow Sea.

Saddle Island is about 75 miles south-east of Shanghai. The Chinese authorities ordered the Russian warships to leave within 24 hours. The Russians thus far have entirely ignored the order.

HAVE GONE. Shanghai, May 27.—The Russian war vessels that were off the Saddle Island left last night. The Chinese authorities ordered the Russian warships to leave within 24 hours. The Russians thus far have entirely ignored the order.

SAY IT CAN'T BE TRUE. St. Petersburg, May 27.—(1.30 a.m.)—While a flying raid of one or two combat vessels in the eastern waters was admitted as a possibility by the naval authorities here, these authorities are not to believe that the project of Rojstevsky's squadrons in any important sense has taken place, as is reported from Shanghai.

They prefer to assume that the reported Russian ships reported to be off the Saddle Island are units of the transport fleet without special fighting value, and that perhaps they have been sent thither to confuse the scent for Togo.

CHINESE ORDER THEM OFF. London, May 27.—The Shanghai correspondent of The Daily Express says: All the Chinese cruisers in the waters cleared for action to-day, and the Tairai went to the Russian consulate and demanded that the Russian ships leave within 24 hours.

Cabling from Shanghai, the correspondent of The Daily Express says: The Russian Baltic fleet proceeded to Saddle Island last night. It is believed that the main Russian fleet is in the neighborhood of Fusan (province of Cheanghai).

The correspondent says that President Roosevelt has wired the viceroy of Manchuria to take steps to preserve Chinese neutrality.

VLADIVOSTOK LEAVES. Tientsin, May 27.—A private telegram received here states that the Russian Baltic fleet has left Vladivostok, going in a southerly direction.

ROJIS IS CURED. St. Petersburg, May 27.—(1.30 a.m.)—The Russian, this morning prints an interview with Vice-Admiral Rojstevsky's physician, who claims that the admiral's ailment was cured by the use of the Russian medicine.

HULL ALDERMAN ACCUSED. Failure in License Bylaw Causes Some One to Squeal. Ottawa, May 26.—Hull has a civic sensation in the shape of a charge that one of the aldermen accepted bribes from would-be license holders to secure the rescinding of the bylaw reducing the number of hotel and saloon licenses. The move failed by the casting vote of Mayor Aubrey.

MAJORITY OF SIX SUPPORTS SUNDAY SALE OF LIQUORS. (Canadian Associated Press Cable.) London, May 26.—The second reading of a bill to prohibit the sale of intoxicating liquors on Sunday was defeated by six votes. R. W. Perkins, M.P., upholding the bill, opposing the example of the colonies.

RUSSIAN CAVALRY'S GREAT RAID FIGHT, BURN, LOOT, CAPTURE. CHOOSE AN AUSTRALIAN AS CHAMBERLAIN'S OPPONENT. (Canadian Associated Press Cable.) London, May 26.—The West Birmingham Liberals yesterday decided to invite R. Outhwaite, an Australian, to oppose Right Hon. Joseph Chamberlain at the next general election.

A Sure Tip for the Races. One tip which will not fail you is on a sure winner, radnor water mixed with either rye or Scotch is the first favorite. Do not forget to back radnor between events.

Suits or Overcoats pressed 50c. McCaskey's, 88 Bay-St. Phone 3870. A Pointer for the Races. Showed the weather prove warm at the races, do not forget that radnor water makes a most delicious mixer with Scotch or rye.

Mr. Hyman, nervously: I wish they could have sent me out in a safer boat.

OKVILLE HAS FIRE SCARE ASKS TORONTO FOR HELP. Engine Company Was Going Up Early This Morning, But Local Firemen Checked the Blaze.

About 1.45 this morning Chief Thompson received a telephone message from Mayor Robertson of Oakville asking that assistance be sent from Toronto to help fight a fire which threatened the destruction of the town of Oakville.

The fire consumed O'Neill's bakery at Oakville, only a piano and a table being saved. The fire was caused by a gas leak in the kitchen. The fire was caused by a gas leak in the kitchen.

At 2 o'clock this morning fire in a stable on Berkeley-street above Queen street, near the corner of the city hall, was extinguished. The fire was caused by a gas leak in the kitchen. The fire was caused by a gas leak in the kitchen.

MARTIAL LAW AT WARSAW. 1000 Troops in City—Three Die From Injuries. Warsaw, May 26.—After nearly 48 hours of mob law here, the authorities today interfered. Patrols of infantry and cavalry were sent out to suppress the rioters who were engaged in the destruction of property.

IN CONNECTION WITH THE EMBASSY. Mr. Choate's story yesterday was that his holdings of this stock amounted to 2400 shares. One brokerage firm in town, which was carrying a large portion of this amount, was said to have demanded further margins and they were not forthcoming.

For the last two years it has been known that the local operator had made a fortune out of this stock. The fact that the stock has long since ceased to be a speculative favorite has, of late months made this difficult to account for. The last three years has been an expensive luxury and has become a burden during the last few months.

## HYMAN AGAINST GRAY

IT'S GOVT. VERSUS PEOPLE

London Conservatives Wouldn't Hear of Any Other Nomination on an Issue That's Straight—Starts in With Confidence.

London, May 26.—(Special.)—It took less than five minutes to-night for the Conservatives of London to nominate William Gray by acclamation to carry their banner in the contest against the re-election of Hon. Charles S. Hyman, minister of public works, to his seat in the Dominion House. With the selection, concluded, the candidate, Mr. Gray, M.P. of East Grey, and Dr. Welford of Woodstock, delivered addresses, which constituted the first gun in the campaign.

# DAY'S DOINGS IN HAMILTON

## J. G. STEWART'S JEWELLERY

Was Well-Known Jeweler—Boy May Lose Eyesight as Result of Powder Explosion.

Hamilton, May 26.—(Special.)—John G. Stewart, a jeweller, well-known in the city, died suddenly this evening. He had been ill only a few days from pneumonia. He was the second son of Thomas B. Stewart, Hamilton, formerly of Woodstock, and was 34 years of age. A widow survives him. The funeral will be held Sunday afternoon at 2 o'clock at St. Paul's Presbyterian Church, where the body will lie in state. The body was brought to Hamilton from New York with his diamond ring, valued at \$250. The coal office of John M. Brown & Co. is closed, and the creditors are getting anxious. Mr. Brown is not in the city.

**BREVITIES.**  
The West End Pleasure Club will hold a boxing and wrestling show in the Star Theatre, Thursday, June 8. Efforts are being made to have Terry McGovern box a Toronto boy, Harry McDonald and Tommy Hickey will wrestle at 115 pounds.

Miss Lillian B. Skidde, who was formerly soprano soloist at St. Paul's Presbyterian Church, has been appointed soloist at St. Andrew's Church, Vancouver, B.C.

The sewers committee will not bury the property in the west end that is now being used for a coal yard, about what it cost last year.

Mrs. Haskins, wife of Wm. F. Haskins, banker, Dunville, who died yesterday, will be buried from the residence of Raymond L. Haskins, 62 South Victoria avenue.

H. S. Lees has been taken into the law firm of Lees, Hobson and Stephens. John Wilke was arrested this morning charged with stealing \$130 from Howe's restaurant.

Veterans' Club, 5 cents each, at Billy Carroll's Opera House Cigar Store.

The Toronto Daily and Sunday World delivered to any address in Hamilton before 7 a.m. daily, 25 cents a month; Sunday 5 cents a copy. Hamilton office, Royal Hotel building, Phone 365. Desk Room To Let—Pinned location in Hamilton. Apply to E. F. Lockwood, World Office, Hamilton.

Office and bank safe and vault banks repaired. Crisp, the locksmith, 611 Queen street, Hamilton.

**Telephones and Lighting.**  
Surprise and annoyance are expressed by the Electrical Review because in the course of a recent investigation of a fire in a London telephone exchange one of the experts who was questioned advised telephone subscribers to get away from their instruments during thunderstorms, and said that it would be better to disconnect the exchange to discontinue its service while the storms were going on.

The Electrical Review says that the surprising statement for a telephone man to make at this time, particularly as he cannot show any records in support of his statement, "We believe if statistics were taken of the exchange would show that there is no more danger from lightning using a telephone or operating on a telephone than one is exposed to by using a telephone, and the proposal to shut down the exchange until the storm is over would not be listened to for a moment in any instance." It is on the side of the electrician, it is said, that the interruption on one in five years, say, due to one unexpected cause, but to shut off telephone communication every time it thunders is not to be thought of.

It is pleasant to be told by authority so high that telephoning in thunderstorms is not particularly dangerous, for many of us have to do so but the assurance is not exactly convincing, for we have all kinds of evidence to show that lightning has chosen a telephone wire as the most convenient path by which to enter houses and cause disaster, or at least alarming, consequences to the person using the instrument. The danger is great, and ought to warrant a suspension of the service is not contended by anybody except the abnormally timid, but most people will retain the suspicion that it is a little better than just to shut off telephone communication every time it thunders is not to be thought of.

**Licence Commissioners.**  
Col. Davidson and Major Murray were last session of the board of licence commissioners, held yesterday afternoon, when they were presented with the licence of Peter A. Small, 211 West Queen street, who was granted the right of transfer of his shop licence from West Queen street to 211 West Queen street. James Somers of 50 East Queen street asked that his licence be transferred to 50 East Queen street. This was granted subject to advertisement. P. E. Callon of 57 Simcoe street asked that his licence be transferred to P. E. Callon, 177 Church street, to Fred Bain. The last two were laid over to be considered at the next meeting of the board.

**COFFEE CONGESTION.**  
Causes a Variety of Ails.  
A happy old lady in Wisconsin says: "During the time I was a coffee drinker I was subject to sick headaches, recurring every 2 or 3 weeks, and sometimes lasting 2 or 3 days, totally unfitting me for anything."  
To this affliction was added, some years ago, a trouble with my heart that was very painful, accompanied by a smothering sensation and faintness. "I would be unable to lie down, but was compelled to sit gasping for breath until I was perfectly exhausted."  
Dyspepsia, also, a few years ago came to make life harder to bear. I took all sorts of patent medicines as well as doctor's prescriptions, but none of them helped me for any length of time.

The doctors frequently told me that coffee was not good for me, but without coffee I felt as if I had no breakfast. I finally decided about 2 years ago to abandon the use of coffee entirely, and as I had read a great deal about Postum Food Coffee, I concluded to try that for a breakfast beverage. I liked the taste of it and was particularly pleased to notice that it did not "come up" as coffee used to, I soon found that it was doing much more than that. The bad spells with my heart grew less and less frequent, and finally ceased altogether, and I have not had an attack of sick headache for more than a year. My digestion is good, too, and I feel much better than once more a healthy woman. I know my wonderful restoration to health came from quitting coffee and using Postum Food Coffee. Name given by the Postum Co., Battle Creek, Mich.

"There's a reason," and it is this. Coffee has a direct action on the liver with some people, and causes partial congestion of that organ preventing the natural outlet of the secretions. Then follows biliousness, the wonder of all, headache, constipation and finally a change of the blood corpuscles and nervous prostration.

"BUY OF THE MAKER."

Next month will be one of the greatest "going away" months of the whole year—what with weddings—business trips—pleasure trips and the "manufacturers' trip to Britain—there'll be an almost constant packing of trunks—

What about a new trunk for yourself?—here's a Saturday and Monday special—

Waterproof canvas trunk—34 inches long—steel bound—brass clasp—cotton—bells and locks—deep compartment tray—strong straps—usually sold at \$4.99—now—only—\$3.99.

# The Bell Piano

If you could learn for yourself the names of some of the buyers of Bell Pianos in this country you would admit that these instruments are in the homes of our most refined and fastidious people; you would agree that they have been purchased by persons whose ownership is a certain proof that the instrument is musically of the highest class. Indeed, many of these same discriminating patrons of ours have pleased us with the thoroughness with which they have gone into the question of piano selection. In such instances the Bell has been decided upon only when it was finally demonstrated to be musically the superior of all other pianos that had been considered.

This is worth consideration by the prospective buyer. The truth is that the tone of this Bell piano is delightful. It has power and brilliancy and delicate sweetness, all in combination in such remarkable degree as to make the piano the preference of those whose musical education allows of the keenest appreciation of piano merit.

Not only is the instrument delightful in its musical attributes, but from the piano maker's standpoint we think it could not be better. The illimitable quick repeating action, the scale drawing, the regulating, the details of construction both outside and inside, the varnish work, and the architectural beauty of the cases themselves challenge comparison.

We offer this instrument to a discriminating musical public as the finest piano that ceaseless pains and skill and ample experience of the trade, with the addition of unlimited capital, can secure.

We rent Bell Pianos for the entire summer. Get our quotations.

Bell Pianos are made, guaranteed and built to last a lifetime by the largest makers of pianos in Canada. Send for catalogue and book of pictures of prominent musicians, mailed free.

If you would pay but a nominal sum for a piano, let us sell you a Square. We have many bargains in the Basement. As low as \$3 monthly. Used organs from \$6 up. Send for our list of used Uprights.

Caronia at Queenstown.

Word was received in Toronto yesterday that the Caronia of the Cunard Line had arrived at Queenstown late Wednesday night and proceeded to Liverpool yesterday. This boat had a large passenger list of Torontonians, while leaving New York harbor the boat was stuck in the mud for some time, and it was feared that it had caused her some injury. She was but a few hours late in her arrival at the Irish port.

HOW'D YOU LIKE TO BE AN INDIAN?  
CRACK SHOTS FORM AN ASSOCIATION

To Promote and Foster Legitimate Shooting Interests—Starts With Good Membership

At a pow-wow held at the Queen's Hotel, it was decided to institute a society to be known as "The Canadian Indians." For several years the devotees of the gun, resident in the United States, have had a hand known as "The Indians," which was composed of the foremost shots of that country. For some time past the formation of a similar organization in Canada has been contemplated, and its success is now an assured fact. The general objects and purposes of the society are: (1) Promoting and fostering legitimate shooting interests. (2) Promoting good fellowship among its members. (3) Giving aid and promoting shooting tournaments which may be determined by the association. (4) Doing all to encourage and proper to carry out the purposes of the association.

Those present in person at the pow-wow, and those who signified in writing their intention of joining were as follows: Forest H. Conover, Leamington, Ont.; McManis, Highgate, Ont.; George W. McGill, Toronto; A. Duff, T. D. McGraw, P. W. Matthews, J. H. Thompson, George E. Vivian, Charles H. Harrison, Alex. E. Fleming, George Wolf, Alex. Wolf and J. W. Sanderson, Toronto; D. J. Kearney and W. E. Gilling, Montreal; G. G. Thompson, T. M. Craig and J. H. A. Goodhue, Sherbrooke, Que.; F. A. Henry and E. D. White, Ottawa; H. Marlett, Simcoe; D. Hunt, Walter P. Thompson, Thomas Upton, Dr. J. E. Overholt and John Hunter, Hamilton; S. M. Sceraton, London; William Lewis, Owen Sound; W. A. Smith, Kingston; J. W. McNeill, Toronto Junction; C. J. Mitchell, Brantford; J. E. Cantelon, Clinton; W. E. Hall, Elmira; J. G. McNeill, Port Hope; and H. A. Mallory, Dryden.

The annual fee was fixed at \$5; the membership limited to forty, and each applicant must pass a unanimous ballot. To be eligible for membership "The Canadian Indians," it is necessary that one be a true devotee of the art of trap shooting; is desirable, but not requisite, that he be a good shot; but it is absolutely essential that he be a good fellow and a gentleman. The keynote of the organization is absolute fairness in everything, as between one chief and other, and in all relationship of the tribe as a whole with the outside world. Each member of the tribe shall be given an Indian name, with the designation of "chief." These names will be chosen by the council of chiefs at the next meeting. The chief scribe was also instructed to procure a suitable emblem for the society.

The following are the first officers: Forest H. Conover, high chief; D. J. McManis, vice chief; Thomas A. Duff, chief scribe; and chief of war; while the council consists of Messrs. George W. McGill, J. P. White, F. A. Henry, Thomas Upton, J. B. Goodhue and J. E. Sceraton. The initiatory committee will be appointed at the next meeting, which is to be held at Ottawa on Aug. 15, the second day of the annual gathering.

HOSPITAL GRANT A STEAL  
SAYS DISSATISFIED MEDICO

Premier Whitney's Offer Does Not Appeal to All—Situation is One Where Doctors Disagree.

There is no fresh development in the situation so far as the dissatisfaction voiced by certain medical practitioners against the terms of arrangement for the new hospital scheme is concerned. It had been rumored that a meeting would be held last night, but it did not come about. The intention is, however, to confer again very shortly, and in the meantime the doctors are not idle, but are preparing a line of argument that they regard as very strong. One of those prominent in the movement had some very emphatic remarks to make when approached on the subject last night.

"What do I think of the hospital scheme?" It's a steal, that's all. The province has no right to make a grant for a project that is mainly intended to benefit the medical faculty of the university. The poor patient does not seem to be entering into the calculations at all.

"What right has the province to subsidize any one course of tuition more than another?" he continued. "It would be just as reasonable to expect the dental college or any other to be so endowed. The students who are going in for the medical profession expect to make a lucrative practice of it, and it is right that they should pay for what they get. There are 625 students now in attendance paying \$100 per year, and the revenue realized goes to the faculty. Naturally it is to their interest that the new hospital should be built, since it will add to the attendance and will thus mean more money for the faculty."

The speaker pointed out that in 20 years from now, Toronto will have spread out beyond Brimley on the north, and to like extent in other directions. He asked how could a central hospital located on College-street be expected to prove even fairly accessible and convenient.

"HOME OF THE HAT BEAUTIFUL."  
We Are Looking for Big Business To-Day

WE WILL HAVE IT!  
WHY?  
Because few, if any, stores show as stylish Millinery—because the Costume, Shirt Waist Suit and Waist values are supreme—because we sell good shoes less than wholesale prices—because our best prices will be bettered to-day. We are out for a great big day's selling—the last Saturday in May—If you help us we will help you to these values.

- HATS AT 10c**  
Seems quite ridiculous, does it not, and most people would pass this item by because other stores advertise hat sales and you are disappointed when you see them; not so here. We are through with these hats, we're piling in case on case of white goods for June selling. These are good shapes, in brown, navy, black and tans, that have been selling at 50c to \$1.25, suitable for children, misses, young women and matrons, there are about 1000 to sell and the price today will be.....**10c**
- CHILDREN'S SAILORS 50c**  
400 Children's Sails, very fine quality, trimmed with all silk ribbon to match, the \$1.00, \$1.25 and \$1.50 hats, going to-day at.....**50c**
- LADIES' READY-TO-WEAR AT 98c**  
220 Ready-to-Wear Hats for young ladies and misses, mostly in white and Tans, that have been as high as \$3.50, but mostly \$1.50 to \$2.50, values, to-day.....**98c**
- 221 BOXES FLOWERS AT 10c EACH**  
221 boxes, 24 in a box, is equal to 5304 bunches (only), that's the exact invoice we got from the grower, and there will be no more this season. color, and the price, front circle, to-day.....**10c**
- NEW POLO HATS \$1.49**  
4 cases, 10 dozen new Polo Hats, just here from New York, these we bought to sell at \$2.50, but we've changed our mind to your advantage, every.....**1.49**
- ELEGANT NEW STREET-HATS \$2.50**  
If we said all we mean about the \$2.50 offer, it would look like exaggeration, so we simply say we don't think any prettier lot of hats have ever been offered our doors than the 50 we have expected to sell this season, and we're going to sell to-day at.....**2.50**
- ELEGANT SILK WAISTS, \$5**  
The handsomest collection of Silk Waists that money and taste experience could produce, on sale here for the first time, other stores would ask \$8 to \$10 for not more stylish, our special price, to-day.....**5.00**
- SHIRT WAIST SUITS AT \$5**  
A five-dollar suit to-day will give you a choice of ten smart styles in Shirt Waists, that the should be, and other stores would ask \$8 to \$10 for not more stylish, our special price, to-day.....**5.00**
- JACKETS AT \$5**  
20 only Ladies' Jackets (a few misses) in covert, tweeds, and box pleated ends in black, navy, and tans, \$7.50, \$8 and \$10; the price of this little lot, to-day.....**5.00**
- SILK COATS AT \$5**  
Last week some of our customers were disappointed because they didn't come in time to secure one of these Black Tulle Silk Jackets, so we made a bargain with the maker to let us have 25 for to-day's selling. Here they are, a little less than last week's price, to-day.....**5.00**
- STEAMER CAPES \$5**  
Are you going to the old country or Muskoka or on a trip anywhere? You can get 250 worth of comfort on cool evenings out of one of these \$10 Scotch steamer capes, which we offer at half price to-day.....**5.00**

MAKE THE WEAK Strong and Powerful

Let any person who is weak, broken-down, old and decrepit in physical weakness, full of pains and aches, gloomy, despondent and cheerless—any person who wants to be stronger and younger than he feels—let him come and tell me how he feels, and I will tell him how he can get strong. This is to those who are afflicted with Nervous Debility, who get up tired in the morning, have Backache, Rheumatism, Stomach, Liver, Bladder, and Kidney Trouble, who are constipated or suffering from nerve or muscular affliction or some form of Paralysis and Locomotor Ataxia, who don't want money that I don't earn, I don't need it, and am not after it. But I am after the dollars that are now going wrong in the quest of health. Look at all these poor creatures of humanity that are spending all they earn on quackery that is ruining their systems—that have spent all they have earned for years without gaining a pound of strength for the hundreds of dollars wasted.

That is the money that I am after, because for every dollar I take I can give a thousand per cent. interest to those who invest it. I have cured so many cases right here that I can prove my claims to you, but if that proof is not enough I'll give you the names of people right near you—where you are. Is that fair?

Most of the Belts that I am selling now are to people who have been sent to me by friends whom I have cured. I think that is the best evidence that my business is success from the standpoint of cures, as well as on the dollar side. I have restored strength and health to thousands of weak people with my

DR. McLAUGHLIN'S ELECTRIC BELT

with its special attachments for all parts of the body. My appliance brings the grand curative power of electricity within the reach of all suffering people. Electrical treatment at a physician's office, sanitarium or hospital is beyond the reach of most people, both as regards time and money. My prices are reasonable, and my appliance is used without loss of time.

"I suffered from kidney and bladder trouble, contracted in South Africa, and was discharged from the hospital as incurable. Six weeks' use of your Belt and I was able to go around, and am now able to work. I attribute my cure to the use of your Belt."—WM. F. BROADBENT, Clarkson, Ont.

"I have found a complete cure of sciatica, rheumatism and back trouble from the use of your Belt, after three and a half years' suffering and doctoring. I am also restored completely from St. Vitus' Dance."—ROBERT C. AINSWORTH, 175 Rectory Street, London, Ont.

"After a short trial of your Belt, I firmly believe that anyone wearing one as you direct, cannot fail to receive the most gratifying results."—ALEX. GRAHAM, Guelph, Ont.

I know how sceptical people are after paying out hundreds of dollars without getting any benefit, and know that many would pay after they were cured. To those I say, set aside those prejudices, give me evidence of your humanity by offering me reasonable security for the Belt. I will arrange it with necessary attachments suitable for your case, express it to you, and you can

HE'S BEEN WELL EVER SINCE

A. D. Miller Has an Experience With Dodd's Dyspepsia Tablets That's Worth Remembering.

"I wish to state that Dodd's Dyspepsia Tablets are the best medicine anyone can take for Dyspepsia." The speaker was A. D. Miller, of Toronto, Ont., and when he was asked for his reason he continued, "I had been troubled with indigestion and Dyspepsia and during the summer of 1900 my doctor treated me for Liver Complaint but I kept growing worse.

"My appetite was very irregular, and I started eating and drinking very little. I had lost all my weight and I was very nervous. I had been told that Dodd's Dyspepsia Tablets were the best medicine for my trouble, and I bought a box of them. After using half a box I felt better, and after using the whole box I was well and I have been well ever since."

C., Toronto. **BANKERS:** The Royal Bank of Canada, Toronto; The Royal Bank of Canada, Havana, Cuba. **SOLICITORS:** H. W. Maw, Esq., of Dewart, Young & Maw, Toronto; Edward L. Delgado, Havana, Cuba.

On June the 1st Ten Thousand Acres only will be sold at \$20.00 per acre. After this is sold a further issue will be sold at \$40.00 per acre.

Buy New and Save Money. You can't duplicate this land for less than \$50.00 per acre to-day in Cuba.

Buy a Business Lot at \$50.00 to \$75.00 which will rapidly increase in value. Terms Cash; or 25% cash and 25% each month till paid for.

The First Issue of the Company's Business, Residential and Winter Resort Lots.

The Site Consists of 640 Acres, About One Square Mile in Area.

It is situated on a slight elevation, sloping from the centre on either side towards the sea, chosen very carefully by the members of our company and the company's engineers with a view toward insuring perfect drainage. The location is well suited to the development of a thriving business and residential community.

This tract is being divided by many avenues and a grand boulevard. The arrangement is effective, and when the streets and avenues have been cleared, leaving only the stately royal palms, there will be no more picturesque beautiful spot in the tropics. Most of the lots are 50 x 125 in size, except where otherwise surveyed, as per map.

These lots are unusually large and their size gives plenty of room for lawns, gardens, fruit and shade trees. The first issue will be sold for \$50.00 to \$75.00 each lot, according to location. Call or write for a prospectus and get your choice. Only a limited number will be sold at this price.

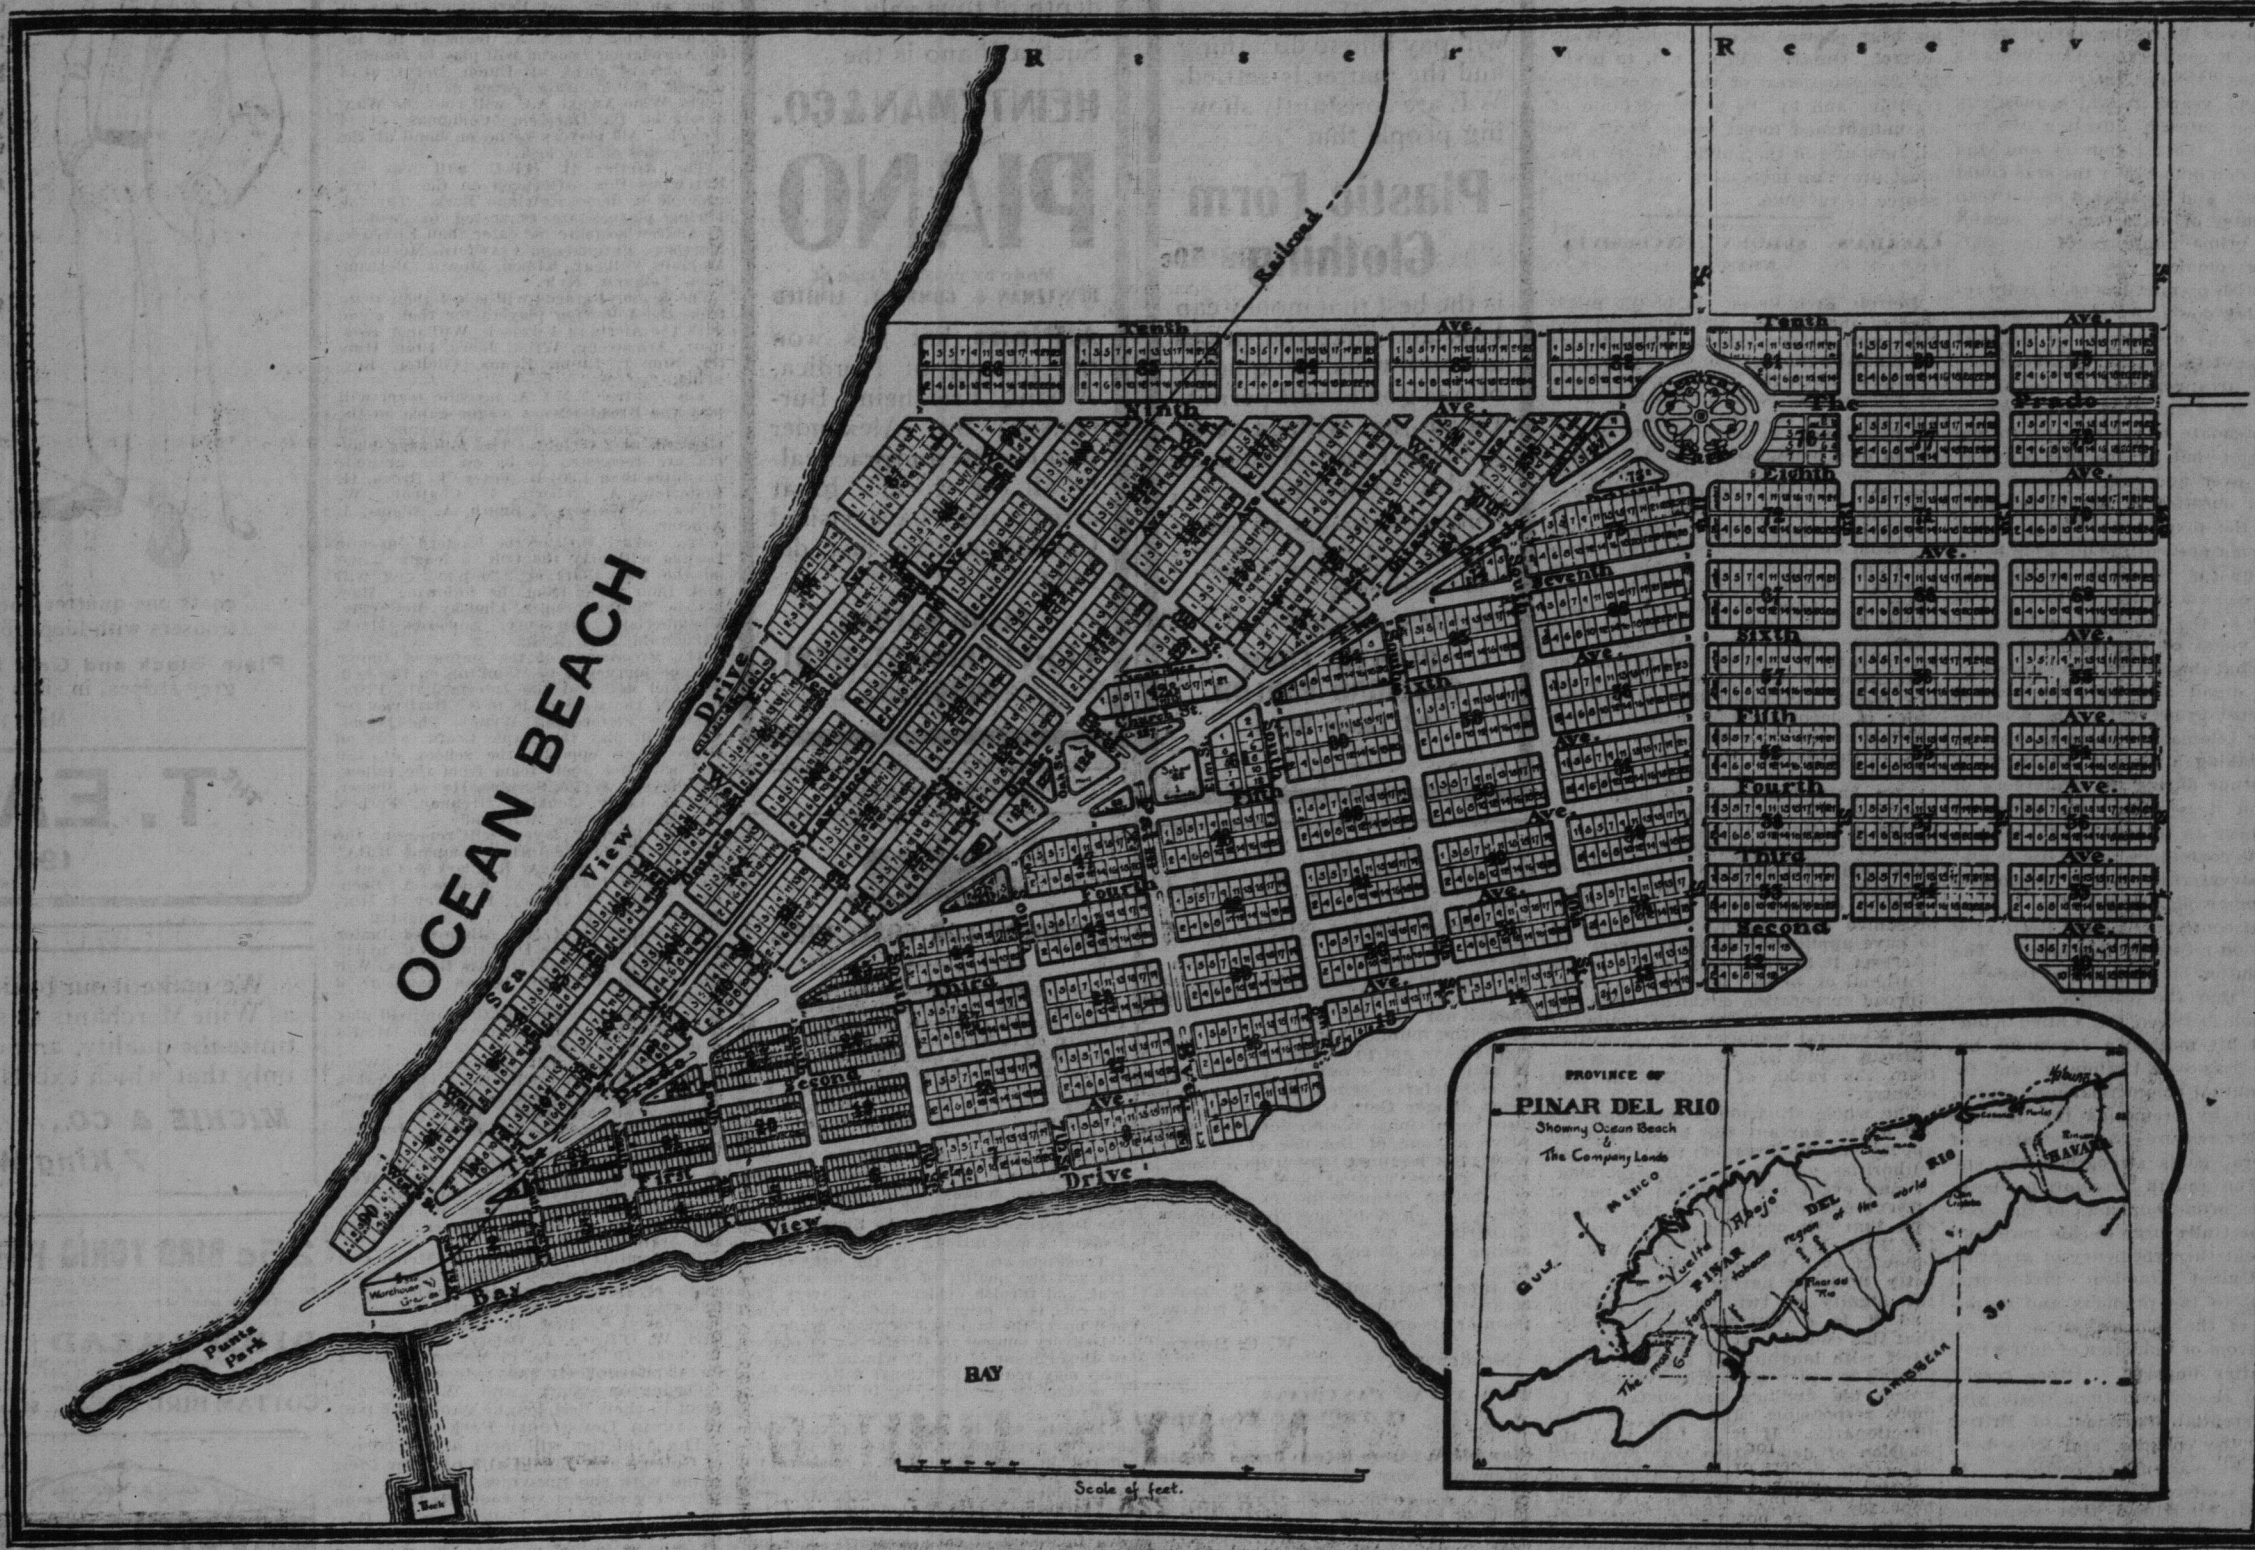

Hundreds of Canadian families have purchased plantations from our company, and are going to make their home on our estate.

On the first day of June we shall issue ten thousand acres at \$20.00 per acre; after that amount is sold a further issue of ten thousand acres will be issued at \$40.00 per acre.

The same quality of lands can't be bought in Cuba for less than \$50 per acre anywhere to-day.

Our business and residential lots will be sold rapidly, so don't let this opportunity pass; it is a chance in a lifetime. The same lots will advance in price rapidly. Hundreds are going to be sold in September who have already located for their plantations.

So rich is the soil of Cuba that a tract the size of a city lot will furnish all the fruit and vegetables that a family can consume.

Value of an Acre of Land in Cuba.

Not only is Cuba attractive as a winter and health resort and permanent place of residence, but the fertility of its soil gives it agricultural advantages which are fast making it famous as a field for the cultivation of Citrus Fruits and Early Vegetables.

Every acre of tillable land in Cuba is, in our opinion, worth \$100 as it is to-day. Cultivated in oranges for instance, it is worth \$1000.

These assertions seem broad, but they are not the less true.

Every acre of good citrus fruit land in Cuba will yield from \$300 to \$500 yearly. Call the average \$250 and you have TWENTY-FIVE PER CENT. PROFIT ON \$1000 VALUATION—that is, of course, on the supposition that your land and planting COST YOU \$1000 per acre. California orange groves pay these returns, and are sold at these prices, in spite of their drawbacks, which don't exist in Cuba.

### Resources

Citrus Fruits, such as Oranges, Grape Fruit, Pineapples, Lemons and Limes, grow almost without care, while early vegetables—Potatoes, Beans, Peas, Tomatoes, Cucumbers, Onions, Corn, etc., can be grown and shipped in December and January, when they bring the highest prices in the Northern Markets.

The light soil of the Island—a rich loam—is loose and easily worked. Its fertility is marvelous. In fact, the climate and the safety of his investment make it a natural fruit orchard and a huge winter vegetable garden, requiring only ordinary effort to yield a rich harvest, its position below the "frost line" insuring to the orange grower the permanency and safety of his investment and far larger returns than can be obtained in Florida or California, since in those localities enormous sums must be expended to protect the orange groves from the killing frosts which frequently prevail.

### JAP RESERVES IN REVOLT NOT ALLOWED TO GO HOME

Report is From Chinese Sources—Oyama's Tactics Puzzle and This is One Explanation.

Queshu Pass, Manchuria, May 26.—The Japanese tactics are puzzling. They give way at the slightest pressure against their centre on both the rail-road and the Mandarin road. The Chinese ascribe the retirement to trouble among the reserves some of whom they say are almost in a state of revolt because the government has not kept its promise to return them to Japan.

The retirement of the Japanese centre is interpreted by some of the Russian officers as a postponement of Field Marshal Oyama's offensive because of the bad state of the roads, but this view is not shared by all the officers.

Fleet May Be Divided. Shanghai, May 26.—There are indications that Rear Admiral Rozhdestvensky has divided his fleet. Seventeen vessels of the Baltic fleet anchored at Suidie Island last night. It is believed they could there, and that from that point they will proceed north.

Call It a Diversion. Tokyo, May 26.—It is believed here that the action of the Russians in sending some vessels to Shanghai is part of a diversion plan to draw off a portion of the Japanese fleet. It is thought that possibly the Russians intend to intern the slower craft, but the visit and withdrawal of the faster vessels is regarded to be without purpose unless as a diversion.

British Consuls Held. Naganaki, May 26.—Three British consuls, which were loaded with coal at Moji (terminus of the Kishu Railway, Japan), for Hongkong, have been detained under orders from the government.

Chief of May 26.—All Japanese steamers arriving at this port today have been ordered held here pending further instructions.

Japanese Finances. Tokyo, May 26.—Baron Kemura, minister of finance, and Baron Shibusawa, addressed the clearinghouse as the Japanese financial crisis. Baron Kemura said that the financial capability of Japan had completely surprised the world. He was glad that Japan was showing a financial and productive ability as well as strength on the battle field.

CONDUCTOR MAY DIE. Brantford, May 26.—(Special.)—Conductor F. Henry of the G.T.R. construction crew, while trying to board his train near the Governor's road subway in the outskirts of the city, slipped and fell thru the subway to the ground, 25 feet. He sustained a serious fracture of his skull.

Smallpox Cases. Several cases of smallpox have broken out in Jerseyville, near here. The families afflicted have been quarantined and all precautions have been taken to stay the spreading of the malady.

BALFOUR WON'T BE MOUND. (Canadian Associated Press Cable.) London, May 26.—Premier Balfour, replying to a question by the members to be discussed at the colonial conference, said he had no control over the colonial governments, and nothing done by the conference can be binding on his majesty's government.

Midst a shower of merriment and a cyclone of enthusiastic outbursts the "Bovary Burlesque" left their home-land to gather new laurels and win new triumphs, and if there ever was an organization traveling thru the valley of ever-blooming humor and undying charm, it is certainly must be the "Bovary Burlesque." The mere announcement of their appearance at the Star Theatre next week has vaccinated the entire staff of this popular burlesque house with spirit of activity. A one act comedietta and a number of clever sketches precede the musical extravaganza.

Still Unclaimed. The remains of Charles Fiddle, who was killed by a train at New Toronto Tuesday night, have not yet been claimed by friends. The body is at Craig's undertaking establishment. Relatives of Marshall Amy, who was killed with Fiddle, took the remains to Park Road yesterday for burial.

Liberal Convention on Tuesday. Woodstock, May 26.—The Liberal convention to nominate a candidate for the house of commons for the by-election in North Oxford on June 13 will be held here on Tuesday next.

Fiancee of Jas. Fitch Thomson Thus Loses His Fortune.

The funeral of the late James Fitch Thomson will take place in Cayuga this afternoon.

The rule of the Episcopal Church forbidding the marriage of divorced persons met Miss Edna Alice Little, a million dollars. She was the fiancée of Mr. Thomson of New York. Upon his deathbed the man, whose fortune had just been made, asked to be married to the young woman, but Rev. Dr. Dyer, Episcopal chaplain, refused to perform the ceremony because he had been divorced, and the woman he loved will have no share in the estate.

Work Will Go on at Once. The committee of the Ontario Land and Survey in putting off the settlement of the Kew Beach Falls dispute, which is being organized by H. S. Holt, president of the Montreal Light Heat and Power Company, C. R. Hooper, director of the P. R. and F. W. Thompson, vice-president of the Ogilvie Flour Mills Company, Limited.

The construction work will be pushed forward as rapidly as possible, and the first installation of 10,000 complete in time to permit the company to deliver power into Fort William on June 1, 1906.

R. S. Kelch of Montreal is to be chief engineer. R. W. Leonard of Hamilton, engineer of construction and W. Kennedy civil engineer.

There were only two tenders received for grading and seeding Queen Alexandra School grounds, the lower of \$1250, being from W. J. Symons. Trustee Davis thought the work could be done by day labor for \$500 or \$600, and the committee decided to have the work carried out in this way.

The committee appointed to act as mediators in the differences between Principal Hicks of Queen Alexandra School and the caretaker, Herbert reported good results likely to come from the holding out of the olive branch in the way of future harmony. Mr. Hicks was censured for not having reported to the board a fire that lately took place in the school.

The purchase of lots of a frontage of 16 feet and 44 feet 2 inches, for adding to the playground of Kew Beach school was approved.

Traffic at Level Crossing. A report compiled by Engineer Rust to show the amount of traffic at the Grand Trunk crossing on East Queen street is interesting as evidence to be adduced when the city makes application to the railway commission for a level crossing there. The test was taken for the twenty-four hours beginning with 6 a.m. May 24, and it is as follows: 1328 street cars, 1772 other vehicles, 1328 pedestrians, 328 bicyclists and 301 perambulators crossed, while 94 trains went thru.

Grand Trunk Railway System. Earnings from May 15 to 21, 1905, were \$46,170, as compared with \$65,325 during the same period last year, showing a decrease of \$19,155.

### MEETING HELD IN A SCHOOL TRUSTEES ARE INQUISITIVE

Request That Principal Appear and Give His Reasons—Caretaker, is Censured.

The property committee of the board of education was in a critical mood yesterday, and the actions of the principals of both Phoenix-street and Queen Alexandra schools came under the ban of its displeasure. A letter written by Trustee Davis read stating that the principal of the former school had allowed a means of escape to be held in the building one night recently.

Mr. Leary had taken undue liberties, and had a fire resulted from the use of lamps not a dollar of insurance could have been collected. Superintendent Disher gave testimony to having found a number of disarranged chairs and several lamps when he chanced to visit the school the day after the meeting. Mr. Leary had later written him to explain that it had been originally designed to hold the gathering in the caretaker's quarters, but that at the last moment this had been found impossible.

Chairman Leves contributed the remark that he had been asked by a number of ratepayers who were friends of Mr. Leary not to make the matter a subject for inquiry. The committee was not so minded, however, and on motion of Trustee Smallpiece Mr. Leary and Caretaker Creighton must appear and make explanation.

### ACCIDENTS AT LINDSAY.

One Man Succumbs and Two Others Badly Hurt.

Lindsay, May 26.—(Special.)—Early this morning a man named Robert Wilcox, an employee at the Raven Lake Cement Works, near Victoria road, died in the Ross Memorial Hospital here as a result of his injuries, received by being caught in the machinery on Tuesday. His right arm was torn off, his left broken in two places, and he suffered from severe internal injuries.

Caught in Machine. This morning a young man named Dennis O'Leary, an employee at the Sylvester works, was caught in the gearing of a machine he was operating and had his left arm badly mangled. The little finger and the one next to it had to be amputated, but the third can be saved.

Jammed Against Tree. About noon to-day Robert Graham, constable at Sturgeon Point, summer resort near here, was jammed between a tree and a wagon he was driving and was badly injured on the head and right arm.

Burglars at Belleville. Belleville, May 26.—Fred Robinson was set upon by three tramps, knocked senseless and robbed on Wednesday night. The affair happened in the outskirts of the city.

During the last few months there have been small burglaries in this city, and the police arrested Ernest Flieger. In Flieger's house were found articles belonging to the different places robbed. His brother, Walter Flieger, was a short time ago sent to Kingston for four years, being found guilty of porch climbing in Toronto.

Woman's Auxiliary Thanksgiving. The third annual thanksgiving service of the St. Barnabas (Chestnut) branch of the Woman's Auxiliary will be held on Tuesday morning at 10 o'clock. There will be a celebration of holy communion and a missionary address by Rev. H. C. Dixon. The vicar of St. Barnabas hopes there will be present as many members as possible of the other branches, to whom cordial invitation is extended.

NOT REVOLVING DOORS. Editor World: I notice in yesterday's paper that several persons have suffered from crushed hands in use at the ponderous swinging doors in use at the city hall. Permit me to inform the readers that the folding doors referred to are not revolving doors, as they are not yet installed at the city hall, otherwise such accidents could not happen, even to a child.

G. W. Gaden. Dragged to Death by Cow. Kingston, May 26.—Cuthbert Summers, residing near Lansdowne, was fatally injured while leading a cow. The rope became entangled about his feet. The cow ran away throwing the farmer and dragging him. He was found against a fence and pulled over a seeding machine. His abdomen was torn open, and he was otherwise mutilated.

### HIS JUMP FOR DEATH OR LIBERTY

How Italian Eluded Detective Greer on Fast Moving Train.

Port Arthur, May 26.—(Special.)—"I took the leap to end my life." This was the reason given by Leo Andreas, the Italian, for his attempt to escape from justice on Tuesday, when he was being brought to Port Arthur to stand trial on the charge of shooting with intent to kill.

It was one of the most desperate attempts at escape that Provincial Detective Greer has witnessed in his long career. When the train was about five miles from White River, and traveling along at a speed of at least thirty-five miles an hour, the prisoner jumped from a window and made good his escape.

Andreas was handcuffed, requested to get to the closet. He was followed by the detective. In entering the place the prisoner went first, and then slammed the door in the detective's face, springing the lock.

Greer watched thru the keyhole, and he saw Andreas breaking the window, and he hurried away to the policeman to get a key. When he returned the prisoner had gone. The train was stopped and the detective went back, expecting to find the man killed. He found a hole in the sand about a foot deep where Andreas had fallen. The man had made good his escape. Greer then put the section and bridge crews employed on the line on their guard.

Andreas kept traveling in the bush until 9 o'clock that night, when he again came out to the track, some miles east of where he had jumped from the train. He was seen by a constable in repairing a bridge at this point, and the man not being able to cross the river with his hands cuffed, had to come out to the track. He went to some of the men of the bridge crew and implored them to cut the brackets. The men had been informed of his escape, and they took charge of him. It was a miracle he was not killed, as in the spot in which he alighted was about the only place on the line where he could have escaped so luckily, as all along the line it is very rocky and only a few yards on either side of the spot where he struck were large boulders.

Never before has another person made a free offer such as this. I do not distribute cheap samples broadcast, but am daily sending out dozens of my full power Dr. Sanden Electric Belts absolutely free of charge, and they are the same in every respect as though full cash prices were paid. The proposition is simple. If you are ailing, call at my office and take a Belt home with you. Or, if at distance—no matter where—and your name and address, and I will at once arrange to deliver to you one of my Belts, with suspensory or other attachment needed. Use same according to my advice until cured, then pay me—many cases as low as \$5. Or, if not cured, simply return the Belt, which will close the transaction. That's all there is to it. If you prefer to buy for cash, I give full wholesale discount.

Not One Penny in Advance Nor on Deposit. Not a cent unless you are made well. I make this offer to show men what faith I have in my own remedy, and I can afford to take the risk because not one in a thousand, when cured, will cheat me out of the small amount asked. It pays me and my patient. My business more than doubles last year. Each Belt embodies all of my exclusive inventions (latest patent March 7th, 1905), and all patients receive the benefit of my 40 years' experience, a knowledge of infinite value, and which is mine alone to give. I am the originator of the Electric Belt treatment, and all followers are imitators. This I will prove by any guarantee you ask. You wear my Belt all night. It sends a soothing current (which you feel) through the weakened parts, curing while you rest. Used for lost manhood, nervous debility, impotency, varicocele, lame back, rheumatism, lumbago, dull pain over kidneys, pains in all parts of the body, kidney, liver, bladder disorders, constipation and stomach troubles. Send for the belt to-day; or, if you wish more information, write me fully of your case and I will send you a descriptive book, case and receive my personal reply. I will also send my descriptive book, sealed, free of charge. I have thousands of recent testimonials from grateful patients. Would you care to read some of them?

Let me take charge of your case at once. I will put new life into you in two weeks' time. Don't you do the worrying. Put that on me. I will take all the risk. I have something to work for. Unless you are cured I get no pay. Address

LIKES THE "KIDS" HOSPITAL.

Dr. Mackenzie Forbes of Montreal Pays Visit to Toronto.

Dr. Mackenzie Forbes of the Hospital for Sick Children, Montreal, spent the best part of yesterday in visiting the Hospital for Sick Children on College-street, and the Lakeside Home for Little Children at the Lighthouse Point on the island. He was accompanied by J. Ross Robertson, the president of the hospital, and shown every detail of the work in all the departments. Dr. Forbes was delighted with his visit, and said the hospital on College-street, where there are fifty patients, and the Lakeside Home, where there are about 110, were models in all the details of medical, surgical and nursing work.

He was inspired particularly with the absolute cleanliness of both institutions, and the perfect arrangements for handling the patients as they should be handled in an up-to-date hospital.

## YORK COUNTY AND SUBURBS EAST TORONTO'S TAX RATE

Will Probably Be 14 Mills—Assessment is on \$1,504,935, an Increase of \$600,000.

Toronto Junction, May 26.—Mrs. Geo. H. Dean has asked for an order for protection from her husband, George H. Dean, a city street car employee, living at 38 Western-avenue. At the police court this morning Mrs. Dean was represented by her solicitor, G. W. P. Hood, and Mr. Dean by Mr. Agnew. Mr. and Mrs. Dean have a son, George, who is now a student at the University of Toronto, and have one child, Magistrate Hood allowed the order for protection until Tuesday.

Alfred Tassels is to answer to a charge of using threatening language to a neighbor.

William Butchart and Alfred Butchart have been summoned on the charge of riding bicycles on the sidewalks, and Joseph Brown will have to answer to a charge of disorderly conduct.

There are about 50 tagmen dogs in Toronto Junction, and Chief of Police Royce intends to issue summonses at once to the owners.

A parlor meeting of the W.C.T.U. will be held at the home of Mrs. Schultz, 57 High Park-avenue, on Tuesday evening next, when the work in the department of the lumber camps will be presented, and a paper on a program of vocal and instrumental music.

A large attendance of ladies of the town will be present at the W.C.T.U. in its work.

Advertisements, subscriptions and new items for The Toronto World may be addressed to Box 490, Toronto Junction Postoffice, or left at 108 East Avenue-street.

All the telegraph wires in the famous pool room were taken out yesterday, and the place finally closed to the sporting public.

Billy Duncan's horse got away on Keele-street, and after describing a swift curve on Dundas it came within about one inch of smashing Tovey and Anderson's plate glass window, and was brought to a stop by a telephone post. The horse's legs were badly scratched, and the dashboard of the buggy was bent double, but no other damage was done.

The statement made by Rev. A. P. Brace that License Inspector Bond is "not in sympathy with the temperance or temperance" has created considerable indignation in Toronto Junction.

Mr. Bond is not only a temperance man, but an out and out teetotaler.

Of the six members of the annexation committee only Mayor Smith, Councilor Sainsbury and C. M. Hall attended last night. The mayor was disgusted and will have Mayor Urquhart of Toronto to discuss the matter.

Mrs. Harper, wife of ex-Constable Rodney Harper, died last night after an illness of several years.

Weston, May 26.—A well-attended meeting of the West York Women's Institute was held last night at the Weston branch of the Y.M.C.A.

The president, Mrs. Macfarlane, presiding, the feature was a paper on "The Education of Our Daughters."

The eloquent speaker started out by emphasizing the importance of giving daughters the best possible education.

Some kinds of education lead away from home, and should be avoided. Home is the central place of our life, and it is a woman's place.

"We can't call it home where women do not reside," said Mrs. Macfarlane, "the garden of Eden, how much less in these days when the cares and worries of life are so many."

It was important to begin early to teach girls to work. They should be taught to do housework, to cook, to sew, to make good bread, to make good soup, and to know how to prepare vegetables, because it is not the luxuries we live upon, but the necessities.

"A knowledge of home nursing was important, and every girl should be good with the needle, for when they are married they will be able to make good use of their time."

Information was laid with Magistrate Cruikshank yesterday by one of the boarders, Mrs. Kennedy's, Main-street, that another boarder named Joseph Kiddle, had stolen a watch, chain and pocket from him.

Mr. Kennedy, who lives at 107 Main-street, worked at Moffat's, and on Monday day wrote a note to the police to collect his watch.

The watch, chain and pocket disappeared at the same time.

York Mills. A pretty wedding was celebrated on Thursday night at the Church of St. Vincent, by Rev. R. Ashcroft.

The bride was Miss Vine Denby, eldest daughter of John Denby, of the firm of Denby & Co., of 107 Main-street.

The groom was Mr. Arthur Denby, son of the same family. The ceremony was performed by Rev. R. Ashcroft.

The bride and groom were accompanied by a large number of guests, and the wedding was a most successful one.

Rev. J. W. Exeter, rector of Exeter, will preach in the Church of England Pavilion on Spruce-avenue, Balmby Beach, to-morrow, at 11 o'clock.

This will be the beginning of the summer work, and in future service will be in the evening, as it has been for thirteen years.

Riversdale. The benefit of putting the district north of Withrow-avenue into the city limit has been the means of inducing parties who lived in the other portions of Toronto to build this spring some of the residents of Riversdale, Danforth, Balmby and other avenues.

Some of the large property-owners are in favor of having the district of Danforth-avenue to 80 feet between Broadview and Pape-avenue. They will give the necessary lands without compensation.

After a short stay at Kansas City he returned to Chicago, and thence went to his home at Manitowish, Mich., where he started a high-class orchestra, which he has since moved to Chicago.

American League Union of Rochester, N.Y., he found his way there, and after a short stay he returned to his home at Manitowish, Mich., where he started a high-class orchestra, which he has since moved to Chicago.

His present engagement will run up to time till the Ward Baker has his own ideas of violin playing and lays great stress on purity of tone and quality of expression, while his love of melody is exceptionally strong.

His one ambition is to go to Europe, and there complete his musical training. As he seems now to have fairly turned the corner and sees better times ahead, his ambition bids fair to be realized.

The Eminent Professor of Medicine

In his farewell speech, said: "The Physician has three enemies—ignorance, apathy and vice. The most dangerous foe is apathy. That is, an indifference as regards that state of your health, neglecting those small but sure signs of a decrease of Natural Electricity without which decrease no disease can enter into your body."

## An Apathetic State of Mind

is a sure sign that you are run down in health. The body lacks this Natural Electricity. It becomes ill, the sick body affects the mind, and the mind affects the body. Electricity is the most valuable of all man's physical possessions. With it he can defy disease of every kind. It makes the body so vigorous that all accumulated poisons are expelled, while the system becomes so resistant that no disease can find a foothold. It is first and last the finest, best preventive against illness in any shape or form. Electricity is

crease of more than \$600,000 over last year. This means that a rate of 12 mills on the dollar will produce as much as did 12.7 mills last year. However, as more money is to be required this year, the rate will probably be 14 mills.

## East Toronto Council.

Mayor Richardson presided at the special meeting of the town council last night. The meeting was held in the hall of the Ontario Agricultural College, respecting their request for a land grant for factory sites free of tax.

The council was instructed to request the company to be granted subject to the following provisions: The company to provide the cost of advertising and submitting a bylaw to the ratepayers and the cost of any special legislation that might be required. The company will be granted three acres upon which to erect a factory.

Barrister E. A. Foster was requested to draw up a bylaw to be submitted to the ratepayers and the cost of any special legislation that might be required. The company will be granted three acres upon which to erect a factory.

The clerk was instructed to request the Toronto Railway Co. to remove their Y from Balmby-avenue. The property committee then reported in favor of a new horse wagon at \$150, to be built at Canada.

The question of drains having been surreptitiously connected with the sewerage system, the committee reported in favor of the same.

## DR. OSLER

The Eminent Professor of Medicine

In his farewell speech, said: "The Physician has three enemies—ignorance, apathy and vice. The most dangerous foe is apathy. That is, an indifference as regards that state of your health, neglecting those small but sure signs of a decrease of Natural Electricity without which decrease no disease can enter into your body."

## An Apathetic State of Mind

is a sure sign that you are run down in health. The body lacks this Natural Electricity. It becomes ill, the sick body affects the mind, and the mind affects the body. Electricity is the most valuable of all man's physical possessions. With it he can defy disease of every kind. It makes the body so vigorous that all accumulated poisons are expelled, while the system becomes so resistant that no disease can find a foothold. It is first and last the finest, best preventive against illness in any shape or form. Electricity is

## The Only Natural Cure

WE have. It restores the natural power and strength to the weakened system and nature does the rest. IT NEVER FAILS to restore this Nervous Force, therefore IT NEVER FAILS to cure you of whatever ailment you may be suffering from. Do not hesitate, if you are suffering from Rheumatism, Gout, Kidney or Liver Troubles, Nervous Exhaustion, Varicose or any other disease, to take advantage of DR. MACDONALD'S FREE OFFER.

By means of DR. MACDONALD'S ELECTRIC BELT a constant stream of this Natural Electricity is poured into the system, curing and healing. Do not doubt. Disabuse your mind of all prejudices. All I ask is to give it a trial. It has cured thousands. IT WILL CURE YOU. I do not ask any responsible person to pay me a cent until he is cured or well on the road to complete recovery. Write me at once.

YOU CAN

## Guard Against Reverse Of Fortune

By taking out an Accumulation Policy in the Confederation Life Association

These policies contain no restrictions, are plainly worded, and furnish the maximum of protection at the minimum of cost.

The guaranteed, extended insurance paid-up policy and cash value are plainly shown year by year in the policy.

The policy is an ideal investment, combining absolute security with most liberal provisions.

A letter to one of the Association's agents will bring you full particulars.

crease of more than \$600,000 over last year. This means that a rate of 12 mills on the dollar will produce as much as did 12.7 mills last year. However, as more money is to be required this year, the rate will probably be 14 mills.

## East Toronto Council.

Mayor Richardson presided at the special meeting of the town council last night. The meeting was held in the hall of the Ontario Agricultural College, respecting their request for a land grant for factory sites free of tax.

The council was instructed to request the company to be granted subject to the following provisions: The company to provide the cost of advertising and submitting a bylaw to the ratepayers and the cost of any special legislation that might be required. The company will be granted three acres upon which to erect a factory.

Barrister E. A. Foster was requested to draw up a bylaw to be submitted to the ratepayers and the cost of any special legislation that might be required. The company will be granted three acres upon which to erect a factory.

The clerk was instructed to request the Toronto Railway Co. to remove their Y from Balmby-avenue. The property committee then reported in favor of a new horse wagon at \$150, to be built at Canada.
