TIMBER FARMING REVEALS JUDGES AT PT. ARTHUR PROBE

Russell Co. Bought Merchantable Pulpwood From Homestead Clearings.

POLITICAL ATMOSPHERE

Port Arthur, Ont., June 9.—After having heard on Monday and Tuesday about the timber miners and the timber fishermen, the Latchford-Riddell commission Wednesday afternoon learned the details of timber farming. James Taylor was the witness from whom most of this evidence was drawn by Crown Prosecutor R. T. Harding. Taylor had been a sub-contractor taking out wood for the Russell Company, and he told how he and others located homesteads and in clearing them for agricultural purposes found it necessary to cut a large amount of merchantable pulpwood, for which they found a ready buyer in the Russell Company, which, in turn, found it convenient and profitable to buy, because they were permitted to clear wood taken from homesteads for shipment to the United States.

It appeared to be the practice of many of these homesteaders that they were very closely associated with the Russell Company to go on the land and cut the timber and sell it, and, as Mr. Taylor said, in answer to a question, the amount of timber when taking up a homestead was a great consideration, and it appeared from a letter from the department, signed by Mr. Grigg, that an inspector had reported that buildings erected on the Taylor farm property were much more like lumber camps than like the ordinary farms houses.

Careless of Boundary Lines. Among other things, Taylor also went to making subdivisions without paying any attention to what was in them, and to cutting timber without paying attention to boundary lines.

A political atmosphere developed during the afternoon while evidence continued on Page 2, Col. 4.

SAYS INDIAN FORCE JOINED THE REBELS

Latest Bolshevik Yarn Claims British Are Retreating Towards Bagdad.

London, June 9.—During the night of June 9, a provisional government was formed in Resht, Persia, sixteen miles southeast of Enzeli, headed by the revolutionary leader, Mirza Kutchuk, according to a wireless message sent out by the Russian soviet government Tuesday. The revolution was warmly greeted by the local population, the message says.

The British are hurriedly retreating toward Bagdad. They abandoned Resht without fighting as the Indian troops were opposed to fighting against the revolutionaries. A considerable part of the Indian forces are alleged to have gone over to Mirza Kutchuk.

NO TRUTH IN REPORT. London, June 9.—Mr. Bonar Law, in the house today, when asked if there were any grounds for the Bolshevik boasts of the rout of British forces at Resht, Persia, said there was no justification for the reports, which were probably based on the fact that the British were some time ago voluntarily withdrawing from Resht under the scheme for reducing British commitments abroad.

SMALL BOY KILLED BY FALLING BRICK

Three and one-half-year-old John Harovitch, 46 Cameron street, was so badly injured at 3:30 yesterday afternoon when a brick falling from the roof of a building struck him on the head that the child died in the Hospital for Sick Children. It was stated by the police of Clarence street division that the little boy was playing in front of a four-story building in the course of construction at 192 Spadina avenue when a brick fell from the roof of the building and struck him, which was struck by a brick, which had fallen from the fourth floor. The child's skull was fractured. An inquest will be held.

REPUBLICAN PARTY IS FACING A SPLIT OVER LEAGUE PLANK

Irreconcilables Threaten Break Unless It Declares Against Covenant—Small Committee Attempts to Find Compromise, But Antis Are Resolute—Atmosphere of Sullen Defiance.

Chicago, June 9.—After a long discussion of the league of nations issue which it was said failed to bring the opposing sides appreciably closer together, the resolutions sub-committee decided shortly before midnight to abandon efforts at an agreement tonight.

Chicago, June 9.—It looked tonight as if the League of Nations were likely to prove the monkey-wrench in the machinery of the Republican national convention. For the present, possible candidates are forgotten, the fight has switched to the League of Nations plank in the Republican platform, and tonight there was an open threat of a break in the party over this issue. Senators who are classed as irreconcilables to the league threatened to leave the party unless it declared flatly against the league. The ultimatum was delivered in dramatic fashion at a conference of leaders. It put the league issue suddenly to the fore of all other questions before the national convention, not excepting even the nomination of a presidential candidate.

Today the delegates assembled in the Coliseum and all they had to do was to listen to a few speeches. The convention's work was held back while in a quiet room down town a dozen men representing the treaty reservationists and the treaty irreconcilables, gathered about a table and tried to decide what policy the party would adopt with regard to the league covenant.

At the conference of leaders where the threat to split the party developed, Senators Borah, of Idaho, Brandegee, of Connecticut, and McCormick, of Illinois, represented the irreconcilables, and former Senator W. Murray Crane, of Massachusetts, in past conventions a national leader, spoke for the group demanding a plank for the league, with reservations. Senator Watson, of Indiana, chairman of the resolutions committee, undertook the role of peacemaker.

Seeking Middle Course. To night the leaders were only half heartedly attempting to conceal their apprehension over the situation. Most of them grimly predicted an agreement, but none appeared to be sure of his ground. A session that promised to last thru the night, resolutions sub-committee, headed by Senator Watson, sought to find a middle course.

ULSTER VOLUNTEERS IN DITCHED BATTLE WITH SHINN FENIERS

Fifty Raiders Were About to Burn Courthouse When Surprised.

NINE CASUALTIES

Belfast, June 9.—A pitched battle, resulting in several casualties, was fought last night in the village of Liselwell near Enniskillen. A patrol of Ulster volunteers surprised 500 raiders, who evidently were about to burn the courthouse. Two of the latter then were wounded, one of them being shot thru the lung. The raiders' casualties are estimated at seven. These men were carried off by their comrades. A large amount of inflammable material was found on the courthouse by a military detachment, which arrived after the flight of the raiders.

BURGLARS MAKE BIG JEWELRY HAUL

Entered Rotenberg Home on Spadina Road—\$5000 Loss Reported.

Burglars made a haul of \$5,000 worth of diamonds and jewelry last night when they broke into the home of Harry Rotenberg, 77 Spadina road. The burglary was committed while members of the household were out, and the thieves searched the upstairs section of the house, from the attic down. They were evidently undisturbed in their work, and after gathering up their loot walked out the back door.

When Mr. Rotenberg returned to his home shortly before midnight the theft was discovered and the police informed. The diamonds stolen consisted chiefly of rings and necklaces set with diamonds. The jewelry and personal effects stolen were valued at \$5,000, according to Mr. Rotenberg when spoken to by the World.

It is the belief of Mr. Rotenberg that the burglars were entered by means of climbing thru an unlocked window of the pantry. A list of the stolen articles was kept a close lookout on the pawnshops in the event of an attempt being made to dispose of the jewelry.

TAX EXEMPTION FOR ALL VETERANS

For Five-Year Period, Proposed by Hon. Rodolphe Lemieux.

Ottawa, June 9.—(By Canadian Press).—A five-year exemption for returned soldiers from taxation under this year's budget is proposed in a resolution to be submitted to the commons Friday by Hon. Rodolphe Lemieux. The resolution in full reads as follows:

"Whereas the returned soldier and his dependents have already borne their share of the burdens of war and contributed invaluable services to the preservation and prosperity of the state, and whereas the recent rise in taxation as set forth in the budget will increase the difficulty of getting re-established in a productive capacity by greatly augmenting the cost of living, this house is of opinion that all returned soldiers who have seen overseas service should be exempted from the new taxation for a period of at least five years. That a certificate of a discharge certificate be considered sufficient evidence of a right to this exemption. That legislation to this effect be enacted during the present session."

The Dominion executive of the Grand Army United Veterans heartily endorsed the action of Hon. R. Lemieux in putting this motion before the house. They went on record as congratulating him on having the courage of his convictions. Fred Marsh, provincial organizer of the G.A.U.V., (Continued on Page 5, Col. 6.)

GOVERNMENT DEPORTATION BILLED KILLED IN SENATE

Ottawa, June 9.—(By Canadian Press).—The government's bill repealing the clauses in the Immigration Act giving the minister of immigration power to summarily deport British-born residents of Canada found guilty of sedition or conspiracy against established authority—this legislation was passed last year at the time of the Winnipeg strike—was rejected in the senate today by a non-party vote of 30 to 17. This means that the law will stand as passed last year and that no changes can be made during the present session.

SELF-RATIONING THE ONE CURE!

WHEN and where will the drop in the cost of living begin, so as to put an end to disputes over wages? It can't begin in rents: for houses are very scarce everywhere. It can't begin in bread or meat: for wheat and its grain substitutes promise a reduced yield, and cattle for food are decreasing in number, and cost more to feed. Sugar is away. But garden truck for food, clothes, foot wear and the like, meats, many manufactured goods are coming down in price. And other things not yet reduced must soon follow.

Increased charges are in sight, rather than lower ones. Professional men are all increasing their charges. The only hope seems to be in the general public going on strike against those who are holding them up, no matter who they may be. If labor can strike for still higher wages, why can't the whole people go on strike for cheaper food, cheaper goods, cheaper service? Let the great suffering public out their requirements of all kinds in two! Cut a lot of them out entirely!

If they don't we'll all have to go on rations. Let each consumer ration himself! Self-rationing in all things is the only likely and widespread cure. You can't cut out the left boot and buy only a right one; nor can you do without sugar or bread, but you can buy a three dollar pair of boots instead of a six dollar pair, and you can cut out bread waste, use less meat and cheaper meat; half of your quota of sugar and tobacco; half your amusements and candy; half your tripping and holiday ventures.

Cut everything one-half. A world war mad and hysterical will then come to its senses! We're all crazy about what we want, and crazy to get it. Cut out half of it all! Go on strike against the hold-up man, whoever he may be!

JUDGE MACLENNAN WASTES NO TIME ON MERE FRILLS

Conciliation Board Likely to Deal Swiftly With Toronto Street Railway Issue.

WANTS HARD FACTS

There can be no doubt whatsoever that Justice MacleNNan of Montreal is one of the strongest personalities who have ever sat in Toronto as chairman of any board of conciliation. He does not spend time or bother over trivial triflings, but goes direct to his point and soon cleans up the argumentative sides of each question. At yesterday's sitting of the conciliation board to deal with the differences between the Toronto Street Railway Company and their employees as to wages, hours of work, closed shop, and some minor matters, the judge did not let either side get out of hand. When any speaker began to wander from the subject under discussion the judge quickly pulled him up and brought him back on the main road. The judge's concluding remark on the commission rising last night "I expect all evidence to be in by one o'clock on Thursday," was a gentle intimation that he did not intend to unnecessarily prolong the board's sittings, and meant to finish the whole business in almost record time.

Associated with the judge on the board are W. H. Moore, representing the T.R.C., and J. T. Vick for the employees. Controller Gibbons and ex-Controller Robbins are presenting the men's case, whilst R. J. Fleming and Fred Hubbard are defending the employers. A general talk over the proposed new agreement presented by the employees was the chief business of the day. (Continued on Page 5, Column 2.)

A. J. SMALL CIRCULARS SENT OUT BY POLICE

The last of the Ambrose Small circulars being distributed all over the world were sent out from the detective office last night. Letters from persons who think they have information of a useful nature in the mystery case are arriving at headquarters daily. A number of letters were received last night, one of which was decidedly funny in spots.

It was from a colored man in Philadelphia, who, according to his printed literature, is known across the border as "Professor" Williams. Williams asks that he be furnished with some of Small's pictures and effects that he may take to the police the fate of the missing millionaire. The letter is mingled with others as being useless.

Sir Henry Drayton Announces, in House, Important Changes in Luxury Taxation—Boots and Essential Clothing to Be Taxed Fifteen Per Cent. on Excess, Instead of Ten Per Cent. on Total Selling Price—Expensive China, Like Furniture, to Be Subject to Impost.

CHANGES WILL NOT BE MADE RETROACTIVE; FINANCE MINISTER'S REPLY TO CRITICISM

Ottawa, June 9.—Important changes in the luxury taxes are impending. In the house tonight Sir Henry Drayton, minister of finance, indicated some changes he intends to propose. In brief, they are: (a) Boots and essential articles of clothing to be taxed 15 per cent. on the excess, instead of 10 per cent. on the total selling price. (b) Expensive furniture, walking sticks and expensive china to be subject to luxury tax. They were not previously included. (c) Exemption limit increased on furs, coats, caps, muffs, neckpieces, robes and rugs. (d) Modifications in the tax on sporting goods, velvets, velveteens, lace and ribbons and carpets.

Sir Henry did not give formal notice of his proposed amendments. This will be given later. He also made it clear to the house that the taxes as laid down in the budget speech would be still in force for the present. "Nothing said tonight," he declared, "will alter the present law until the resolutions have passed the house."

Criticism is Roused. Consideration of the proposed changes was deferred until Thursday, but the procedure aroused some criticism. Dr. Clark of Red Deer queried the minister of finance if the budget proposals were to be taken as serious proposals, now the minister was giving a whole list of alterations in detail. To this, Sir Henry replied that no changes in principle were proposed. Certain luxuries were to be included which were omitted in the original resolution. Certain modifications were proposed in deference to suggestions received.

A modification was proposed, Sir Henry added, in regard to sports and games. Articles required for the popular games would be exempted from tax up to a certain amount, as for instance: baseballs and bats except up to \$1.25; mitts and gloves, exempt to \$1.50; skates, exempt to \$2; footballs, exempt to \$3; lacrosse sticks, to \$1.50; hockey sticks, to 75 cents.

A tax of 15 per cent. was also proposed on all extravagant furniture of walnut, mahogany, rosewood, etc. A tax also would be placed on expensive china and crockery.

Sir Henry also announced that he proposed to put a tax of 10 per cent. on all candy and substitutes for candy, except when packages, or labeled pieces marked 10 cents or less, and with some other special exceptions. On chewing gum and substitutes the tax is to be reduced from ten to three per cent. He proposed to increase the tax on motor cars retailing at \$5,000 or more each from 15 to 20 per cent.

The originally proposed cumulative tax of 44 on lime juices, medicines and perfumes is to be made non-cumulative and reduced to 32. It is proposed to abandon the present stamp taxes on patent and proprietary medicines and perfumery. Furs will be taxed 10 per cent., instead of 20 per cent., as originally provided. Clocks and watches in excess of \$10 each will be taxed.

The tax upon playing cards is to be taken considerably. Not Retroactive. Mr. Rinfret (St. James, Montreal): "May I ask the minister whether this new budget, if it may call it so, is to take effect immediately, or only when a bill is introduced and passed; and will the new taxes be retroactive?" "So far as anything new is concerned, it will become effective on a measure thereto being introduced in the houses."

"Tomorrow these changes now proposed will be in effect thruout the country?" Dr. Beland pursued. "By what are the retail merchants thruout the country to be guided to-morrow?" Dr. Beland continued.

By the resolutions already tabled," was Sir Henry's reply. Sir Henry also announced that instead of velvet and velveteens being taxed on the whole piece, they would be taxed when selling in excess of \$2 a yard; instead of all lace and braid being taxable, the amendments would provide for a tax on lace and braid when sold in excess of 25 cents a yard, and be \$6, instead of \$3.

Consider Income Tax Act. When the house went into committee for further consideration of the income tax act, Sir Henry Drayton's allowance was that it would upset the budget (Chamby-Vercheres) proposed that the exemption allowance out of taxable income be made \$600 for each child, instead of \$200, as provided. He estimated that the minimum figure for the upkeep of a child was now \$563 per year. Sir Henry Drayton said the objection to the increased allowance was that it would upset the budget of taxable incomes.

H. S. Lavigneur (Quebec county) said that he had had twenty-three children and supported the amendment. (Continued on Page 2, Col. 5.)

SUGGESTED CHANGES IN THE LUXURY TAXES

Putting Tax on Excess, Not Total Cost—Articles Affected Include Boots, Shoes, Slippers, Overcoats, Trousers, Dresses, Skirts—To Tax Walking Sticks.

Ottawa, June 9.—Sir Henry Drayton's amendments to the luxury tax, suggested in the commons tonight, included proposals that the tax on boots, shoes, pumps and slippers might be raised from ten to fifteen per cent. on all of these cost \$20 or over. The tax to be figured on the excess over \$9 instead of the total cost of the article. Sir Henry submitted further amendments in regard to essential articles of clothing. Instead of ten per cent. on the full cost, the tax on the following articles, if present suggestions are adopted, will now be fifteen per cent. on the excess:

New Tax on Clothing. Trousers, sold separately from suits, in excess of \$12 per pair; coats, men's and boys', sold separately from suits, (not including leather coats lined with sheepskin) in excess of \$25 each; cloth overcoats, men's and boys', women's and misses', in excess of \$60 each; waistcoats, men's, sold separately from suits, in excess of \$5 each; dresses, women's and misses', (except suits), in excess of \$45 each; skirts, separate from dresses (except silk), in excess of \$60 each; coats, women's and misses', sold separately from suits, (except silk), in excess of \$30 each.

The further stipulation is made that on articles of clothing, the selling price of material and the cost of manufacture, when sold separately, are to be combined for determining the selling price. No change, Sir Henry added, was proposed on the tax on articles which might be regarded as an extravagance reduced from ten to three per cent. entirely within the control of the purchaser.

Changes in Candy Tax. The changes proposed in paragraph 8 are as follows: Candy and substitutes for candy and confectionery: A tax of ten per cent. on all candy and substitutes for candy, except on original packages, and original labeled pieces, bearing the name of the manufacturer on the package or labels, retailing for ten cents or less; also confectionery described and known as gross goods sold to children at one cent each. These exceptions not to apply to candy at any time when sold by the manufacturer in bulk. On chewing gum or substitutes therefor, the tax is reduced from ten to three per cent. Further suggestions will be made. (Continued on Page 2, Column 2.)

Chicago, June 9.—Vigorous opposition to federal legislation similar to the Kansas industrial court measure, to unrestricted immigration, and to the use of injunction proceedings in strikes, was contained in a set of "demands" which Samuel Gompers and Matthew A. Woll, of the American Federation of Labor, submitted today to the resolutions committee of the Republican national convention.

Legislation which proposes to make strikes unlawful or to compel the wage earners to submit their grievances or aspirations to courts or to governmental agencies, is an invasion of the rights of the wage earners, and when enforced makes for industrial serfdom and slavery," the statement said, regarding the Kansas law.

Labor pledged itself, it added, to uphold the federal law protecting the rights against "unwarrantable legislation of writs of injunction, either prohibitory or mandatory."

"It is essential," continued the statement, "that additional legislation regulating immigration should be enacted, based on two fundamental principles, namely, that the flow of immigration must not at any time exceed the nation's ability to assimilate and Americanize foreigners coming to our shores, and that at no time shall immigration be permitted when there exists an appreciable degree of unemployment."

Other demands included: Immediate relief from high cost of living burdens; extension of the farm loan act to give credit to all properly organized co-operatives and individual farmers; issuance of a monthly statement by the department of labor on the cost of manufacture of staple articles; prompt federal investigation of profits and prices and the making account of all income and other tax returns; observance, enforcement and the labor provisions of the Bach-Cummings law, and direct election of federal judges by the people for terms not exceeding six years.

The statement also declared against the use of force by the United States in Mexico to compel Mexicans to meet the demands of persons who purpose to "exploit" Mexico's resources.

DECLARES THAT GERMANY IS NOT FIT TO LIVE IN

Geneva, June 9.—Field Marshal Alexander H. R. von Kluck, who commanded the right wing of the German army in its advance on Paris in 1914, has arrived with his family at Amrau, 41 miles northeast of Berne. He declared today life had become insupportable in Germany and said he intended to buy a chateau and live in Switzerland henceforth.

Field Marshal von Kluck was one of the Germans demanded for trial by the allied governments. He was accused of the assassination of hostages at Serres and the massacre of civilians at Aerechou.

LACK MECHANICS TO REPAIR PLANES

British Volunteer Air Force Has Run Up Against Good-Sized Snag.

London, May 28.—Nothing further has been heard of the volunteer Territorial Air Force about which so much was written a few months ago. General Trenchard, questioned on the subject, said that it was "under consideration" and that no other announcement could be made.

There is reason, however, for the belief that a scheme has been framed and that it is now held up until one or two knotty problems are solved. Money will be required for the Territorial Air Force, and the treasury are taking a very stiff line. But the biggest difficulty is in recruiting the mechanics. It is essential, if pilots and observers are not to be the victims of "accidents," that people engaged in the care and maintenance of machines on the ground should be trained and experienced men.

How can a volunteer air force be run without mechanics, and how are mechanics going to be attracted to volunteer? The answer probably is—when they see a good chance of flying themselves and of being organized for men who can both fly and do repair work. But that would mean an entirely new conception of the air force, and so is unlikely in these times.

BOLSHEVIK TROOPS FORCED TO RETIRE

Moscow, However, Claims to Have Won Initial Successes in the Crimea.

London, June 9.—Reports that Russian Bolsheviki forces fighting on the northern Polish front have been forced to retire are confirmed in an official statement issued at Moscow yesterday and received here by wireless. The statement follows: "Southwest of Piotok, after fierce fighting, our troops have retired eastward to new positions east of the River Minuty, where fighting continues with the advancing enemy, who is in superior force."

Our advance on the right bank of the Dnieper River, 43 miles north of Kiev, is developing successfully. "In the Taraschka region our troops, developing their advance, occupied a number of villages from 14 to 20 miles north of the town of Taraschka."

"Enemy attacks in the region southwest of Beresna village have been repulsed. In the Kanef region our advancing troops, supported by a flotilla, occupied Rnitsker village."

Anti-Bolsheviki forces in the Crimea have begun an offensive movement to have won initial successes. The Bolsheviki retrieved a part of the advantage lost, however, says the soviet official communique, which reads: "In the Crimean sector, after artillery preparation, the enemy started an advance along the entire front, fighting with tanks and armored cars and trains. At the beginning our troops were driven back near Peregop, (at the neck of the Crimean Peninsula) but starting a counter-attack, re-captured a great part of the lost ground."

Counter-Offensive Developing. Warsaw, June 9.—The Polish counter-offensive against the Bolsheviki between the Dvina and Upper Beresina under Gen. Pilsudski, president of the republic, is developing very favorably, according to an official statement issued by the general staff yesterday.

The Poles, breaking the desperate resistance of the Bolsheviki, annihilated the third and twelfth Bolsheviki divisions and have occupied Czernica and Pilsna, 25 miles south.

MONSTER METEOR FALLS IN OKLAHOMA

Was of Greenish-Blue Color and Carried Long, Wedge-Shaped Tail.

Okmulgee, Okla., June 9.—Geologists were expected to examine a huge meteor, which fell, and burned itself out near here last night, after lighting the skies over several southwestern states. Hundreds of persons in Missouri, Kansas, Arkansas and Oklahoma watched the meteor's flight, reports received here said.

when it passed over that city the meteor appeared to be within a few hundred yards of the earth and that the head apparently separated into four parts, but remained together as a mass, and that during the last few seconds of the fall the southern sky was lighted with a blue green flash.

C. B. Smith, an astronomer authority at Muskogee, said he believed the meteor was thrown off from a destroyed planet between Jupiter and Mars, as it appeared to travel from west to east.

KING GEORGE OPENS THE WAR MUSEUM

Comprises Military and Naval Exhibits From Every Quarter of the Conflict.

London, June 9.—In the opening today of the Imperial War Museum by King George, the Crystal Palace reserved for one day, at least, a measure of its glory of 40 years back. The museum remains open until next October and comprises military and naval exhibits from every quarter of the war.

The King expressed thanks to the allied governments and the dominions for their assistance in the project. "The museum recognizes," continued his majesty, "that success in modern war is no longer an achievement of a few leaders of the professional class, but the result of devoted and heroic work by millions of men and women co-operating as parts of one vast living machine. This museum will ever preserve to the memory of future ages that we owe under God, our success, not to armed forces alone, but to the labors and sacrifices of soldiers, civilians, both men and women alike."

BABY'S MARVELOUS ESCAPE

Ask anyone who has ever used Pyramid Pile Treatment what it means to get relief from itching, bleeding or protruding piles or hemorrhoids.

The fact that almost every druggist in the U.S. and Canada carries Pyramid in stock at 40 cents a box shows how highly this treatment is regarded.

JOINT INDUSTRIAL COUNCILS FAVORED

Prof. Gill Says Raw Materials Yield Citizens of High-est Type.

Vancouver, June 9.—Dealing with the problem of technical education, the C. M. A. convention today, Prof. L. V. Gill, of the department of labor, Ottawa, said the policy of establishing joint industrial councils on the principle of the Willey scheme in England was rapidly growing in favor in Canada, but as yet no organized effort had been made to forward the movement, although eleven joint councils had been established in the Dominion. The true function of the educational system was to produce citizens of the highest order possible from the raw material, this raw material being the youth of the country. Tracing the progress of a child thru school, he remarked that from the age of 14 to 18 was the most favorable period for the real development of the boy, yet 90 per cent. of the boys had no guidance whatever at that stage of their lives and they were allowed to drift out into the world quite untrained for the battle of life.

Dollar for Dollar. Under the technical education act, the Dominion government had agreed to pay to the provinces \$1,000,000 a year for ten years on the undertaking of the provincial governments to spend dollar for dollar. The great need of the provinces was a proper supply of instructors. In this connection, it was of the utmost importance that the provinces should all have the same system of technical training, and that salaries paid the instructors must be greater than the maximum they could earn in productive work. Vocational training must fit into the present educational system, the apprenticeship system having been found to be no longer effective. After dealing with several phases of technical training, Prof. Gill said the co-operative system could be worked out to completeness only in large centers.

ANNOUNCE PROBE OF TORONTO FIRMS

Commerce Board to Investigate Charges Against Shoe Company and Sugar Merchants.

Ottawa, June 9.—(Canadian Press).—A charge that the Manhattan Shoe Company of Toronto, took an unfair profit in the sale of a pair of shoes recently will be investigated by the board of commerce of Canada, in Toronto, Monday next, June 14, at 11 a.m. The board will also sit in the afternoon of the same day to inquire into charges of hoarding of sugar, laid against H. P. Eckhardt, of Toronto, and J. A. Stewart, merchants of Toronto. The board's inquiry into sugar profiteering in Ottawa will be continued in Ottawa Thursday afternoon, when the Ottawa merchants will be asked to produce the invoices into wholesale transactions preceding the sale to a returned soldier in Ottawa, which will be followed up by a definite prosecution of the Ottawa merchants on the charge of unfair profit taking.

WILL RETURN TO IRELAND BY THE ZIG-ZAG ROUTE

Chicago, June 9.—Eamonn de Valera, Irish leader, said here today that the convention of the Republican convention he would go to San Francisco, and afterward to New York city. Altho he announced no further plans, a member of his party said that when he went back to Ireland he "would go by the zig-zag route," explaining that this meant in a roundabout way, to avoid detection by British authorities.

THESE ARE LEAN DAYS FOR RAILWAY STOCKS

The decline in railroad stocks seems to be general in Canada and the United States. Yesterday on the New York market, Great Northern preferred, which was \$48 in 1906, sold below 70. Union Pacific, which at one time was up to 219, was down to 112. Northern Pacific sold in 1908 at 232 1/2 and yesterday below 70. C. P. R. sold at 111 3/4 against an old high of 233.

JUDGE MACLENNAN WASTES NO TIME

(Continued From Page 1).

Both Manager Fleming and Fred Hubbard took exception to the closed shop proposal, contending that it put the company at the mercy of the union and that the open shop principal had worked well for 29 years and should be continued until the expiry of the franchise next year. Controller Gibbons argued that if the employees were members of the union it would tend to prevent strikes. The chairman did not mince words in giving his opinion. He said that no man would want to join the union he did not think he should be forced to.

The employees' demands that they be paid for overtime hours per day worked or not, brought forth the information from Mr. Fleming that last year's award cost the company in wages almost \$1,000,000 extra resulting in starving the road and depriving it of its proper upkeep. The employees' representative declared they were going to stand for eight hours a day cause and the chairman asked if they thought such a demand was really fair. Controller Gibbons said he would stand out for a stated hour day and contended that the Toronto men did as much work in eight hours as the Ottawa or Hamilton employees did in twelve hours. Mr. W. H. Moore remarked that an eight-hour day was impossible in Canada. It was responsible for the depopulation of the rural districts and the hoarding conditions in the big towns. A delegate contended that men on Mr. Moore's road who were paid a monthly wage got full pay whether they worked eight or even only two hours per day.

REBURN BECOMES CITY FINANCIER

Board of Control Recommend Appointment of Treasurer's Department Head.

By a vote of three to two, the board of control yesterday recommended the appointment of Harry Reburn to the position of finance commissioner of Toronto at a salary of \$8000 per annum. Mr. Reburn is the present head of the accounting branch of the treasurer's department. Only three names were voted on by the board of control—Capt. James Allen, Capt. T. C. Wood and Mr. Reburn, altho Controller Ramsden said he believed the man recommended by the retiring finance commissioner, Geo. Ross, was still available. Only Controller Ramsden voted for Captain Allen, Mayor Church and Controller Maguire voted for Capt. Wood, while Controller Gibbons and Cameron opposed and Controller Ramsden not voting. Mr. Reburn was nominated by Controller Gibbons and Controllers Cameron and Ramsden also supported the nomination, while Mayor Church and Controller Maguire in opposition. In nominating Mr. Reburn, Controller Gibbons said the appointment of Mr. Bradshaw had been a very wise move for the city and the department was now so well organized that a member of the department such as Mr. Reburn would be a valuable asset. Mr. Black, the deputy treasurer, he said, had declined the appointment, but Mr. Bradshaw had said he was fully capable to handle the position.

Bond Seller Needed.

Mayor Church favored the appointment of an outstanding financial man, and Controller Maguire thought the city should have a man experienced in marketing bonds for the next three years at least. "I thought Mr. Bradshaw had left the city's employ," said the mayor. "He was appointed consulting financial adviser on my motion," replied Controller Maguire. "I think Mr. Gibbons added that it might be better to appoint a man who would carry on the system established by Commissioner Bradshaw than a very young man who might introduce another system. The appointment can be approved or sent back by a bare majority of council, but another appointment by council would require a two-thirds vote."

Mr. Reburn is 46 years of age and has been in the city treasurer's department for 30 years, passing thru nearly all the branches in the position of chief accountant.

BLOODHOUNDS TRAIL CARUSO JEWEL THIEVES

Easthampton, N.Y., June 9.—Two bloodhounds and a posse of volunteers today joined the police in the hunt for the thieves who last night stole \$500,000 worth of jewels from the home of Enrico Caruso, opera singer. The dogs picked up a scent whose footprints were found near the house and followed it for some distance, finally losing it at a point where the searchers said there was evidence an automobile had stood. The belief of detectives that the robbery was an "inside job" was strengthened today by Mr. Caruso, who said she was convinced her movements and those of her sister-in-law, Mrs. Park Benjamin, Jr., had been watched before the robbery.

TWO MASKED MEN OBTAIN FUNDS OF BOURGET BANK

Ottawa, June 9.—Two masked men broke into the living rooms over the Bank National at Bourget, a small village about 26 miles from here, on the Canadian Pacific short line, between midnight and one o'clock this morning. The men, Napoleon Longtin and her daughter, the latter acting manager of the bank, at the point of revolvers, and forced them to open the safe from which they took between \$8,000 and \$9,000.

WANT CHANGES IN LUXURY TAX

Canadian Manufacturers' Association Consider Business is Being Injured.

TARIFF PREFERENCE Further Concessions to Trade Within the Empire Are Favored.

Vancouver, B. C., June 9.—Immediately following the unanimous and enthusiastic elevation of J. S. McKinnon, Toronto, to the presidency of the association, the delegates of the Canadian Manufacturers' Association convention, at the closing session today, turned their attention to a series of resolutions dealing with such important matters as preferential tariff, a new Franco-Canadian tariff, scientific research, improved cable service, opposition to the introduction of the metric system in Canada, arbitrary rates in Vancouver Island lumber shipments to the United States, country of origin regulations and amending the business profits tax to deduct debt account from net earnings. Declaring that as a present enforced the luxury tax was working great detriment to business through Canada, a resolution has been presented urging earnestly that the government should give most careful consideration to it with a view to its amendment, having due regard to the revenue which would be lost therefrom, before fully enforcing it. It was decided, after some discussion to refer the matter to the resolutions committee to be adopted as follows: Imperial Preference. Other resolutions presented by the resolutions committee were adopted as follows: Petitioning the Dominion government to use its influence in hastening adoption thruout the empire of the British customs tariff for empire products; favoring negotiation of a new Franco-Canadian customs tariff convention as soon as conditions are opportune; scientific research thru a national research institute, which was passed with the suggestion that \$500,000 be appropriated for the purchase of equipment of a site, construction and equipment with \$50,000 to cover salaries and maintenance. Thru further resolution the legislative council was requested to take the necessary steps to ascertain what can be done to improve the cable service from Canada to other countries, and to co-operate with the government and commercial organizations in conducting such investigation. Determination to oppose any attempt to substitute the metric system of weights and measures for the system now in use in Canada. A request was made to the department of trade and commerce to provide trade commissioners at the earliest possible moment with the proper facilities for the proper display of exhibits of such Canadian manufactured goods as there might be a market for in countries where there are not now commissioners stationed. Mark Imported Goods. The next resolution requested the Canadian government to supplement the present declaration of the country of origin which accompanied all imports, by the requirement that such goods, particularly of manufactured goods as there might be a market for in countries where there are not now commissioners stationed. Mark Imported Goods. The next resolution requested the Canadian government to supplement the present declaration of the country of origin which accompanied all imports, by the requirement that such goods, particularly of manufactured goods as there might be a market for in countries where there are not now commissioners stationed.

FOURTEEN KILLED IN TRAIN WRECK

Freight Train Crashes Into Rear of Passenger Train on New York Central.

Schenectady, N.Y., June 9.—Fourteen persons were dead at 9 o'clock tonight as a result of the rear-end collision on the New York Central three miles west of this city early this morning. One is said by hospital physicians to be dying. Over fifty were injured. Railroad officials at the wreck said this afternoon that all railroad equipment had been found in perfect condition, leaving the inference that Martin Doyle, engineer, now dead, had some three signals and had run his express train 70 miles an hour into the rear of a stalled passenger train. Tracks were cleared at 5:30 o'clock. Of the 40 persons taken to the hospital here, 15 remained tonight. Scores of others received attention at the wreck.

The train which suffered the shock of the collision and on which virtually all the killed and injured were passengers, was No. 28, a New York Central passenger train from Buffalo to New York. It consisted of baggage and mail coaches, express car, two day coaches, and two Pullmans, one of which was destined for New York and the other for Boston. The train which crashed into it was a Michigan Central special of ten cars carrying express for the American Railway Express Company. The rear car of the passenger train was split in pieces by the impact. The train had stopped in an open field between Genesville and Scotia, villages near here, because of a defective water pipe in the engine.

TAX EXEMPTION FOR ALL VETERANS

(Continued From Page 1).

It was stated that he was glad somebody appreciated the injustice of making those who won the war pay for it. This matter has occupied the attention of the members and officials of the association for some time, and a great deal of gratification is felt, now that action has been taken towards exempting the soldier and his dependents from this additional burden. Local Veterans' associations have been corresponding with Ottawa with a view to obtaining some such legislation as this for some time, and J. V. Conroy, provincial secretary of the G.W.V.A., stated in an interview with The World last night that resolutions have been passed at meetings of the organization's branches worded very much as the above, and sent to Sir Henry Drayton. "Anyway, it is a move in the right direction," stated Mr. Conroy. "The soldiers bore the country's burdens during the war, and exemption from taxation is the least they can expect."

HAMILTON HIGHWAY SPEEDERS' 'BOGEY'

Speeding on the Toronto and Hamilton Highway is becoming a luxurious pastime because of the vigilance displayed by the "road cops" who apply their contribution to the offenders, swift and sure. At a motor court held yesterday at Port Credit, over twenty cases of speeding were disposed of and fines imposed, ranging from one to ten dollars and costs. Out of the heavy calendar only one case was dismissed that being the charge against Charles De Rossiers, who was driving a car in the service of Provincial Officer W. J. Cameron, of Windsor. The defence was given as speeding in the discharge of duty. The accused were causing a large touring car from over the line and suspected of having a cargo of liquor. The officer's defence was sustained by the evidence that he successfully ran his quarry to earth and made arrest of the parties concerned.

ASSAULTED LANDLADY.

In the sessions yesterday Judge Coatsworth sentenced Patrick McLaughlin to one month in jail for assaulting Agnes Bell, with whom he was boarding.

HEAVY IMMIGRATION TO BRITISH COLUMBIA

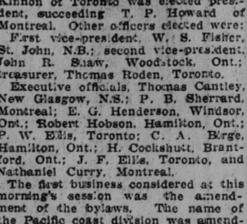

London, June 9.—The record of immigration to British Columbia shows a particularly heavy number of wealthy immigrants during the last 15 months representing an aggregate capital of 12 million dollars. In addition, there are hundreds with capital of less than \$100,000. English domestics are said to be showing a preference for the Pacific slope.

Pulp and Paper Should Be Exported Under Government Regulations.

Why should not legislation be passed prohibiting the export of pulp and paper except under license and regulation? No unfair or unjust regulation would be made, we are sure...

Ontario and Radium.

If radium ores are commercially mined in Ontario great service will be rendered to science and humanity; for radium is, so far, used principally for medical purposes...

Has the Ontario bonus been provided for with reasonable foresight? When a gramme of radium has been bought for \$120,000 it is obvious that the discovery of radium ores in commercial quantities will bring to their discoverer so much wealth that twenty-five thousand dollars will be almost negligible reward...

To interest gold-blooded capital in radium is therefore more difficult than to enlist it for the metals that everybody uses everyday. So much is this the case that in the United States it is the government that has conducted the separation of radium ores at a cost that worked out at \$37,529 per gramme of radium produced...

Alongside such experience the Ontario government's offer of \$25,000 is a very small affair. It is inadequate to ensure development of the radium resources already proved, and inconsequential if the discovery of radium would, in its field, prove to be in any way comparable to what the discovery of silver was in cobalt and zinc in Porcupine.

to have it settled one way or the other. It should not be difficult for the government to decide to whom the merit belongs for the discoveries that have already been proved...

Why then, should not the government decide whether there has been discovery of prospects that will warrant the allocation of the \$25,000 bonus on condition that say one-half of the money be spent, under its eye...

So startling has been the increase in recent years in working expenses that an ordinary railway company is pretty fortunate these days to earn operating expenses. The National Transcontinental and the Grand Trunk Pacific have never been able to pay operating expenses, and probably no one in this country expects the intercolonial, constructed for military and political rather than for commercial purposes, to more than pay its way.

Railway Rates and the Railway Situation.

The Montreal Gazette rises to remark: There is evidence of a growing conviction on the part of press advocates of public ownership that the huge deficit of the Canadian National Railway system must be made to disappear if that policy is to survive.

The Gazette in this connection quotes the pessimistic utterance of The Winnipeg Free Press to the effect that the piling up of these annual deficits and their payment out of the public treasury will lead to national bankruptcy.

So startling has been the increase in recent years in working expenses that an ordinary railway company is pretty fortunate these days to earn operating expenses. The National Transcontinental and the Grand Trunk Pacific have never been able to pay operating expenses...

There was a time not many years ago when the Canadian Northern actually earned enough money to pay its operating expenses and fixed charges. But since then the cost of operation has increased enormously, with no proportionate increase in passenger and freight rates.

The solution of the problem, we think, is not so difficult as it appears to The Free Press, or quite as simple as it appears to The Montreal Gazette, which does not think the icing can cover the too thickly laid upon the cake of the C.N.R. But there is a solution.

CHOOSE SITE IN OTTAWA FOR R.C.M.P. BARRACKS

Ottawa, June 9.—A tract of land, 20 acres in area, in the immediate outskirts of the city has been chosen as the site for the new barracks of the Royal Canadian Mounted Police. The estimated cost of the new buildings is said to be in the neighborhood of \$500,000.

CONSIDER RENEWAL OF WHEAT CONTROL

Sir G. Foster Announces Cabinet Debates Continuing Board's Jurisdiction.

Ottawa, June 9.—(By Canadian Press)—Replying to H. H. Stevens, (Vancouver Centre) in the house this afternoon Sir George Foster said that the government will still have under consideration renewal of the powers of the Canada Wheat Board for another year. If it were decided to control the crop during the coming year, legislation would be necessary.

It was the duty of the Canada Wheat Board, Sir George added, to secure the highest possible market price for wheat, having regard to the world market.

Mr. Stevens, in the marketing of the Canadian wheat crop by the Canadian Wheat Board resulted in lowering the cost of flour to Canadian consumers.

Sir George Foster: "That is largely a matter of opinion. In order to give a reasoned judgment, you would have to know what would have been the cost of wheat to the miller and the price would have been charged for flour by the millers, if the crop had not been controlled."

Judges' Chambers. Before Masten, J. Jarvis v. Clark—H. Cassels, K.C., for defendant appealed from master's judgment, 2nd inst., dismissing application to dismiss action for want of prosecution; J. K. Ferguson, K.C., for plaintiff. Judgment: In spite of delay I would not be disposed to dismiss the action but for the fact that the claim in respect of neglect of O'Hara and Co., insolvents, as brokers, and as Clark is the only defendant there is no ground of action. Appeal allowed and action dismissed with costs.

Laroux v. Jallbert—A. A. Macdonald for Assignee Jallbert and T. M. Partridge appealed from refusal of judge of district court of Rainy River to grant execution; C. M. Garvey for defendant. Judgment: I can't help thinking the assignment was made to defeat claim of Jalbert against Laroux. The order of the local judge pointing was right. Appeal dismissed with costs.

Weekly Court. Before Masten, J. Kennedy v. Collier—J. Kelly for plaintiff moved to continue injunction

CANADIAN BISLEY TEAM IS NAMED

Totals Twenty Men—Four Represent the City of Toronto.

Ottawa, June 9.—(By Canadian Press)—The Canadian Bisley team to represent Canada for 1920 has been selected after competition in the various provinces. The party will sail from Montreal on June 12 on the Corsican under command of Lieut. Col. R. M. Beckett, of Quebec. There are 22 men on the team.

It is as follows: Commandant—Lt.-Col. R. M. Beckett, Quebec. Adjutant—Major T. P. Elmit, D.S.O., Ottawa.

Captain F. R. Martin, 106th Regiment, Calgary, Alta.; Lt.-Col. P. E. Bowen, 19th Dragoons, Edmonton, Alta.; Sgt.-Major E. J. Read, W.O., C.M.S.C., Victoria, B.C.; Major F. Tilley, K.C., for Tudhope; in which it is so far Tudhope and his stock was concerned. It would be unfair—indeed fraudulent—to hold him to his contract to keep shares which he had obtained by reason of the expected benefits to a company in which he was interested when those benefits were minimized or destroyed by another company. I am of opinion that the directors could and in reality did enter into a compromise with Tudhope, and that the restoration made by Tudhope. I would dismiss the appeal with costs.

THE GIRL WHO SMILED THRU

By MARION RUBINCAM

EXPLANATIONS. CHAPTER 106. Yet the greeting was commonplace enough. For months Alice had hoped for this meeting, for years she had dreamed of it—and now she and David stood face to face again, and free!

"That's all right," Alice said, "but I thought, when you disappeared from college, that you were going back home to marry Marlow. There was nothing else to think." David answered, "And soon after you left, your little room mate practically told me so."

"That was before I wrote her saying I had broken off with Lawrence," Alice explained. "That interesting fact she omitted to mention," David said. "But of course it was natural enough I never hunted her up, except to find out why you had left so unexpectedly. There were no meetings were casual enough, there was no reason why she should go out of her way to tell me you had broken off your engagement."

"So I thought, of course, you had married. You said often you might forget me if you did—and after Lois died, I heard nothing different." "Alice—Alice dear—when she said you were free, and tell you was too—could I?" Alice asked. "No, I suppose not—anyway, let's bless Lawrence Marlow for thinking out the whole thing and writing me, to get it straight."

"Yes, let's bless him. For I was so miserable—when I never heard—after I knew you were free again—David stood up, dropping her hand. "Alice—Alice dear—," he said, pleadingly. "And he held out his arms to her."

Tomorrow—Happy Plans. WORLD'S DAILY BRAIN TEST. BY SAM LOYD. 15 Minutes to Answer This. No. 210. A farmer says that one side of his right-angled triangular tract of land measures 47 rails in length, and he wants to know how many rails of equal length it will require to enclose the entire tract. Now, assuming that each of the other two sides is an exact number of complete rails in length, how can he answer the man's question? Answer to No. 209. The two articles of diet represented by the rebuses are POTATOES (pot 8 toes) and SALT. (Copyright, 1920, by Sam Loyd.)

MAYOR OF HULL AFTER "BLIND PIG" PROPRIETORS. Ottawa, June 9.—Mayor Louis Cousineau of Hull reiterated in a brief statement today the remarks he made at Monday night's meeting of the Hull city council, when he announced that a vigorous campaign would be waged against all illicit liquor sellers in the city of Hull. This morning, Mayor Cousineau issued specific written instructions to Chief of Police Groulx to investigate every individual whom he "blinds" and haul them to court.

PETITION CITY FOR SEWERS AND WATER Ratepayers Discuss Annexation, School Buildings, and Other Matters.

Danforth Park and Eastdale Joint Ratepayers' Association at a largely attended and animated meeting held in Second School, Barrington avenue, last night, unanimously decided to petition for the installation of sewers and water service in their districts.

Mr. Rowe, in commenting upon the petition, stated that the petitioners were in a congested condition, and becoming more so, and at any moment we may have an epidemic in the district.

Proceeding, Mr. Rowe said "water is immediately essential, and if necessary the sewers could lay over for a short period. The installation of both conveniences, taking the water from the river Dan, will cost \$175,000, and from Scarborough \$250,000. I recommend Scarborough, which will be the cheapest in the long run," said Mr. Rowe.

Mr. Mitchell said more satisfaction would be given by York township council to the city of Toronto, which cannot supply water for at least seven years.

Regarding a new school for the Danforth Park district, school section No. 28, J. J. Collier reported that practically 100 per cent. of the residents were in favor of a canvas made of the district. The site is already chosen and the building would be a permanent solid brick structure.

U. F. O. PICNICS IN YORK. The members of the local club, U. F. O., in the east side of York township, will hold a picnic on Saturday afternoon next at Donalda Farm (Mrs. D. A. Dunlop), Don road, just south of the York Mills side line.

ST. ANDREW'S PICNIC. Active preparations are now being made for the Sunday School picnic in connection with St. Andrew's Parish Church, Pape Avenue, Church, Pape Avenue. The Sunday school, which is the largest in the eastern section, has 400 children on the roll and never less than 200 at attendance, 800, according to Rev. A. A. Bryant, rector.

BUILDING BRICK PIERS. Brick piers to replace the wooden posts are being built under St. Andrew's Parish Church, Pape Avenue, Tomdorden, and minor repairs are being made to the church at the present time.

PROGRESS ON SIDEWALK. The fine concrete sidewalk on Pape Avenue, east side, is completed from the head of the street to near Aldwych avenue, and will shortly link with the concrete walk terminating at the city limits.

WILL MEET DURING SUMMER. Owing to the importance to the district of the sewer and water schemes, the Tomdorden Ratepayers' Association decided to hold their meetings during the summer months, and not to adjourn to a special order of meeting in former years. The association also decided to co-operate with the G. W. V. A., Tomdorden branch, in their annual field day to be held next month.

DANFORTH THIRSTY CROWD ENJOYS BAND. Between 4000 and 10000 people enjoyed a band concert given by the Roden branch, G.W.V.A., brass band in Withrow Park, last evening. Selections from popular operas and patriotic music featured the program, and of a special order of merit, W. Goldsmith was musical director.

## ASK REORGANIZATION OF RAILWAY BOARD

### Controllers Decide to Send an Appeal to the Provincial Government.

### POLICE SEEK INCREASE

At the suggestion of Mayor Church the board of control, unanimously adopted a resolution yesterday calling upon the provincial government to reorganize the railway board. In the course of his criticism of the railway board, Mayor Church seemed to suggest that the city's legal department had been lax in pressing the city's claim for more street cars. Controller Ramsden objected to that. He said there had been no lack of vigilance on the part of the city officials. They had no way of compelling the street railway company of fares, contrary to the railway board failed to force them. "But there were no results," replied the mayor warmly.

Controller Maguire said that if the railway board had been as active in getting the order for more cars enforced as they were in preparing legislation in the interests of corporations the city would have received the new cars.

No Increased Fares. At the suggestion of the city solicitor the board authorized the preparation of a bylaw notifying the Toronto Street Railway Company that the city would take over the railway system at the expiration of the company's franchise in September, 1921.

The Toronto district labor council forwarded a resolution yesterday urging the city to call for an investigation of the street railway company's books and to oppose the application for an increase of fares. Controller Cameron said she board was interested only in keeping the present fares in force. No action was taken regarding the communication.

In reply to a recent communication from the board, Chief Grasset of the police department replied that the board of police commissioners were not disposed to reopen the question of the appointment of the theatrical censor. The board of control had taken the matter up at the request of the soldiers' organizations.

Municipal Airports. An appeal was made to the board of control yesterday by the Aero club of Toronto for aid in establishing a municipal airport in Toronto. Both landing stations near the city, they pointed out are now controlled by private companies. Aviation was rapidly developing and the city should have a station at the disposal of trained aviators. Fifteen acres of the waterfront property was suggested as the most suitable location. The board told the deputation that the question would be discussed with the harbor board, and an answer given within a week.

Printers Want Revision. A deputation of printers representing Caswell Co. Ltd. and Noble Scott Ltd., asked for a revision of the three years contract obtained by them one year ago to handle certain city printing. They contended that wages had advanced 46 2-3 per cent. and materials 62 1-2 per cent. since the contract was made and they were therefore losing money. The matter was referred to the city clerk for a report.

An appeal was made by John Macdonald and others for the usual grant in aid of the open air horse show. They were assured that something would be done.

Annexations Discussed. A deputation headed by John Harris waited on the board and asked for an early decision on his and other annexation appeals from the North Danforth and Todmorden districts. He suggested that the city seriously consider the annexation of the strip of York township lying south of Cronyn and Sammon avenues, right thru to the Scarborough line. Mr. Harris

was told that a special committee was now working on this matter and would probably have a report ready for the board next week.

### Appeal from Policemen.

A deputation of police constables appealed to the board to make the recent increase of \$100 a year effective from January 1 last. As the matter stands the increase becomes effective on July 1st. The granting of the request would be an additional expenditure of \$1200.

Controller Cameron expressed the opinion that the board of control had nothing to do with the question. It was a matter for the police commissioners to deal with. Chief Grasset said the increase would have been granted had they not been told by Commissioner Brudenell that the funds were not available. The request will be considered.

### Plays, Pictures and Music

"Daddy Dumplings"—Robins Playoffs. Seats are on sale today at the Royal Alexandra Theatre for next week's attraction, "Daddy Dumplings," the brand new play, which was written by two of the foremost authors in America, George Barr McCutcheon and Earl Carroll, for Edward H. Robins, who will next season star genial Tom Wise in it.

Edward H. Robins has given the new play a superb scenic setting true to detail in every respect. This scenery, after being used for the local presentation, will be sent to New York and used when the play is given its metropolitan showing early this coming fall.

While "Daddy Dumplings" is looked upon as one of the most beautiful stories or plays ever presented by the local company, a play with one of the most beautiful love stories ever told, it is essentially a comedy, for there is just the right blending of laughter to relieve the heart throbs which are natural to the play. When a man has a family of seven children and happens to be a bachelor, there is bound to be talk, likewise humorous situations are sure to arise. "Daddy Dumplings" is at the head of a family of seven, and he is a bachelor. The matinee will be as usual on Wednesday and Saturday.

"Father and the Boys." That Edward H. Robins is setting a record that will take a lot of beating is evidenced from the names of the different plays he is presenting this season. George DuMaurier, George Barr McCutcheon, Earl Carroll, and for the week of June 21, America's most famous modern humorist, George Ade, author of "Father and the Boys," the comedy offering for that week, with Tom Wise in the leading role.

"The Birth of a Nation." David Wark Griffith, who started the Strand, is a photoplay that is a native of Kentucky. He began his public career as an extra actor in a Louisville stock company. He also studied grand opera and developed a splendid baritone voice. He became interested in pictures as a scenario writer, but from his first entrance into a motion picture studio he was the promising figure of American directors. His numerous inventions and his wonderful judgment soon placed him at the forefront of the ranks. He is recognized as the greatest director of motion picture productions in the world today. He has gained this eminence in seven years and commands the largest salary ever paid a director of any amusement enterprise on this continent. "The Birth of a Nation" is to be given a revival at the Grand Opera House next week, with a matinee every day.

At Loew's Next Week. "The Fear Market," a wonderful story of New York society life, featuring the dramatic star of the screen, Alice Brady, and Larry Semon, in his latest comedy concoction, "Solid Concrete," will be the outstanding picture features at Loew's Yonge Street Theatre and Winter Garden next week. "On Manila Bay," a masterpiece electrical panoramic ingenuity, headlines the vaudeville, which also includes: Gehan and Gehan, equilibrist; Moore and Fields, jazz boys; Alf Ripon, Scotland's premier ventriloquist; Gene and Margaret, pianolog, and Tasmanian Trio, in eccentric originalities.

"You Art the Man"—Regent. That a considerable traffic in diamond smuggling is going on in South Africa is revealed in the striking new Paramount Aircraft picture, "You Art the Man," coming to the Regent Theatre next week. Robert Warwick is the star, and has the role of a young English soldier of fortune in the Kimberley diamond field. He is the innocent victim of the smugglers and serves a three years' jail sentence to protect a girl. Later he vindicates himself. "You Art the Man" was adapted by Margaret Turnbull from a novel by F. E. Mills Young. Lois Wilson is the leading woman. J. M. Dumont, Clarence Burton, and C. H.

### CITY HALL NOTES

Miss Jean Norris, a judge of the juvenile court of New York city, was a visitor to the city hall yesterday morning, and attended the meeting of the board of control as a spectator.

The city health department reports 16 cases of smallpox in the city at present. The disease is now under control.

### HEAVY FINE FOR ASSAULT.

In the sessions yesterday Judge Coatsworth imposed a fine of \$750 on Joseph Burke for assaulting County Constable Scott. A charge of assault on County Constable Ford was dismissed. Accused paid his fine with a \$1,000 bill and, scoring to wait for his change, instructed the clerk to hand same to his counsel.

### A PERSISTENT DRUNK.

Bill Carey was yesterday sentenced to sixty days in jail for being drunk. His appearances before the police court magistrate on several previous occasions were responsible for the jail term.

### SPANKING NOT RIGHT, SAYS MAYOR CHURCH

Farm Superintendent Asked to Stop Practice Until Investigations Are Made.

That spanking of youthful offenders at the municipal farm for first offences is not the popular method of correction is evident from a statement just made by Mayor Church, who has requested Major Morrison of the farm to temporarily refrain from having further spankings carried out. His worship has requested the city solicitor and Property Commissioner Chisholm to report on the power of judges to order spankings. He has had several complaints and threats from parents of actions for damages against the city in respect of alleged injury sustained by their boys thru spankings.

The jail farm was established for reformation and reclamation work, and is not a prison. If spankings are to be administered it should be done on provincial property, and not on city property," quoth the mayor. Meantime the city solicitor intimates that he has nothing to say for publication on the subject.

### WILLS AND BEQUESTS

The deceased Lt. Geoffrey Hughes, a Liverpool shipowner, left Ontario estate valued at \$4,385 made up of 60 Brazilian shares. Deceased altogether left over two million dollars.

Under the will of the late Henry Gain, a carriage trimmer, his estate of \$10,947 passes to his widow. Flora F. German will inherit the estate left by her brother-in-law, Richard Lane, valued at \$6,981.

The deceased Lucy F. Rooney died intestate, leaving estate valued at \$6,321, and to this her husband and son succeed in equal shares.

Under the will of the late Mrs. Bertha M. C. Bennett a life interest in her \$4,500 estate is left to her husband, and on his death, in equal shares to her three children.

Under the will of the deceased Mary Wilson, a life interest in her \$4,376 estate is left to her husband, James Wilson. On his death, the estate and nephew inherit.

P. C. Anderson inherits the estate left by his deceased wife, Mrs. Bessie Anderson, valued at \$2,600. Earl Grant Allen, a clerk, died intestate, leaving estate of \$2,800. His heirs are his parents, two brothers and a sister.

### DRUNKEN AUTOIST TO JAIL.

For being drunk while in charge of an auto, Thomas Williamson was sentenced to one week in jail. As he had spent four days already in that institution awaiting bail, the court decreed that that time would go to his credit on the sentence.

### ALGONQUIN PARK.

Two thousand feet above the sea level, two hundred miles north of Toronto, and 170 miles west of Ottawa lies the provincial government reserve known as "Algonquin Park," an area of lakes, rivers and streams, and pine and balsam forests covering nearly 2,000 square miles. Good hotels owned and operated by the Grand Trunk Railway offer first-class accommodation at reasonable rates. The ideal territory for the camper and angler.
