SIXTEENTH PARLIAMENT OPENS TODAY

SELECTION OF SPEAKER ONLY BUSINESS ITEM

Hon. Rodolphe Lemieux to be Named by Government

PARTY CAUCUSES

Formal Opening With Speech From Throne Tomorrow—Much Interest

OTTAWA, Ont., Dec. 9—The preliminary opening ceremonies, the election of a Speaker of the House of Commons and party caucuses will make a crowded day for the start of the sixteenth parliament of Canada today.

The ceremonies will be of a brief nature, and there will be little of the color of tomorrow's official opening. The Commons will assemble at 3 o'clock without a Speaker in the chair, and the clerk will be the presiding officer. They will be elected by the House of Commons, and the election will be held in the Upper House, where Chief Justice Anglin, acting as Deputy for the Governor-General, will be waiting on the throne. The Commons, grouped at the bar of the Upper House, will be, of course, without a Speaker for an official spokesman, and they will be directed to return to their chambers and elect the officer.

ADJOURN TO FRIDAY. The Commons will then adjourn until tomorrow, when, being properly constituted, they will proceed to the Senate, this time to hear the Speech from the Throne from the lips of His Excellency. The official business of the day will be the election of a Speaker of the House of Commons, and the election of a Speaker for the House of Commons, and the election of a Speaker for the House of Commons.

WANT FRENCH-CANADIAN. TORONTO, Ont., Dec. 9—A special despatch from Ottawa to the Mail and Empire today says: "Owing to much criticism of the Government for having a French-Canadian in the cabinet from Ontario, many Liberal members from Quebec and other provinces have urged on the government to make such an appointment. It is understood that Hon. A. Lapierre, member for Nipissing, is to be made a member of the cabinet without portfolio. The announcement of this appointment will be made within a few days."

PREMIER SPEAKS. OTTAWA, Dec. 9—"All doubts about whether or not we have proper authority to negotiate and sign international treaties and whether or not we have a nationhood of our own, should now be ended," said Premier King yesterday.

"Our status as an autonomous Dominion within the Empire is now settled, is a working reality." Deep satisfaction at being home again was expressed by the Prime Minister, who dealt with the results of the Imperial Conference and especially upon what he deemed the unusual fortunate circumstances attending that appointment of Hon. Vincent Massey as Canadian Minister at Washington. He thought it fitting that the actual formal appointment of Mr. Massey should have been made during the Imperial Conference.

ORMISTON IS TAKEN Man wanted in McPherson Case is Finally Arrested

HARRISBURG, Pa., Dec. 9—Kenneth G. Ormiston, wanted in connection with the Alvin Karpis-McPherson kidnaping case, in Los Angeles, has been arrested here, police announced today.

Chief of Police Thompson said that Ormiston had been apprehended in a rooming house on South Front street, between 9 and 10 o'clock last night, and had been housed in a local hotel all night in custody of a Chicago detective and one from the local force.

Carol Likely To Return To Rumania Before End of This Week PLEADS FOR DEEPER INTEREST IN AMATEUR UNION

Inchcape's Jibes On Chinese Missionaries Rouses Storm Of Opposition In England

LONDON, Dec. 9—Lord Inchcape's attack on British missionaries in China as one of the main causes of much of the unrest in the country and demanding their immediate recall, has raised a storm of opposition. Lord Inchcape is the head of the P. O. Line and he is being denounced today for making a speech at a time when many missionaries are in grave peril in China.

CENSURE MOVE BEATEN, 339-131

Ramsay MacDonald's Motion on Coal Strike Is Lost

LONDON, Dec. 9—Censure of the Government's policy during the coal strike was moved in the House of Commons yesterday by Ramsay MacDonald, leader of the Labor party, but the motion was defeated 339 to 131. The Liberals abstained from voting although former Premier Lloyd George, their parliamentary leader, declared that he personally agreed with Mr. MacDonald's criticism.

PREMIER REPLIES. The Prime Minister had a stormy session from the Laborites, who greeted him with hisses and shouts of "Mussolini!" The Conservatives responded cheerfully, without going into the details of his policy. Mr. Baldwin declared he was not to be intimidated by threats and said he would hold a general election in good time—not, however, until he was ready.

BOOKS DESTROYED British Columbia Liquor Exporters Have no Accounts

VANCOUVER, Dec. 9—The Consolidated exporters of British Columbia with sales of liquor last year amounting to six and one quarter million dollars have no general books prior to October 1923, because they have been destroyed. It has been the practice to destroy these books and records ever since 1923, when a resolution was passed at the annual meeting establishing the practice.

EMPEROR ILL. The illness of Emperor Yoshihito again is causing anxiety. Until the last two or three days improvement was being noted in his condition.

Huge Snake Captured After Long Search

RIO JANEIRO, Brazil, Dec. 9—A huge snake 24 feet long and weighing 352 pounds, has been added to the Zoological Garden after a hunt that extended over a period of 9 months. It is the largest living snake in captivity in Brazil. The snake, known as a "sucuri," was captured in Central Brazil and was taken after it had eaten an enormous meal resulting in its becoming inert. The specimen is extremely dangerous and hunters are wary of trying to capture it. Popular tradition says that the succuri eats only four times a year. Its scientific name is Eunectes murinus.

The Brittain Survey

AS A convenience and service to readers of The Evening Times-Star, this issue contains a separate four-page supplement of the Brittain survey and recommendations. In this form it will be easier to preserve, or file for reference, after reading. Be sure you get this supplement.

M'VICAR AVERS NEED OF BETTER UNDERSTANDING

Annual Sessions of C. A. A. U. Open Here This Morning

ARE WELCOMED

Many Reports Filed Showing Activities During Past Year in Canada

MANY suggestions for the adoption of a scheme by which younger athletes who have overstepped the amateur marks and who as a result are barred from amateur sport may be re-instated, will be brought before the annual meeting of the Amateur Athletic Union of Canada during its annual session here. This morning the meeting was devoted to the receiving of credentials and reports. Some of the reports emphasized the necessity of a scheme by which some of the younger athletes who were barred from amateur ranks be reinstated. J. A. McVicar, Winnipeg, in the presidential address expressed himself as favorable to some such scheme. He also pleaded for more active interest in the amateur union.

REPORTS PRESENTED. The first business was the adoption of the last annual report and the reading of several letters from past presidents expressing regret at being unable to attend the session. A resolution was then passed ratifying the action of the executive and national committees during the past year. This was followed by a resolution admitting the press, after which the various reports were given. The gymnastic, wrestling, boxing and track and field reports were referred to the resolutions committee as was that of the treasurer.

MARITIME MEN. President McVicar suggested in the cause of harmony and good fellowship that the representatives of the New Brunswick and Nova Scotia provincial branches be admitted to the meeting. This was unanimously passed on motion of S. F. Doyle, seconded by Charles McIlroy.

President McVicar, followed by the chairman of the Olympic committee, and called on Professor T. H. Dowden, of University of Toronto, a vice-president, to take the chair. Following this, further reports were read including those of the affiliations and alliances, women's athletics committees and those from the various affil.

Special Act Needed To Change Title

LONDON, Dec. 9—That special acts will have to be passed, through the Canadian Parliament and other of the Dominion Parliaments, as well as through both British Houses changing the title of the King as a result of the Imperial Conference has just been discovered. Changes in the title of the King have always been regarded with distaste here, but no difficulty is expected in making the title conform to the new condition.

EMPEROR ILL. The illness of Emperor Yoshihito again is causing anxiety. Until the last two or three days improvement was being noted in his condition.

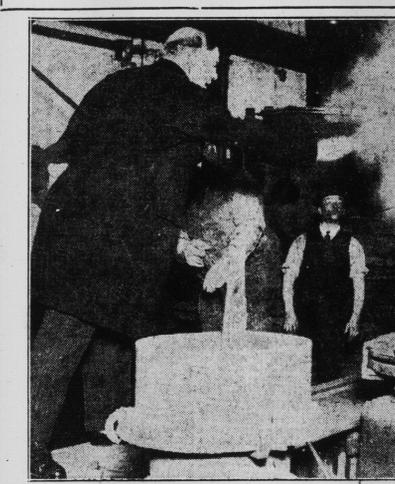

Christmas Stocking Fund Is Rapidly Nearing \$1,000 Mark

THE fund of the Empty Stocking appeal is meeting with a somewhat better response and today the sum of \$112.85 was received, making the total to date \$741.53. Several donations are coming from various parts of the provinces, and the Saint John people should not let the other parts of the province get ahead of them in the good work.

A donation acknowledged recently of \$7 from Cambridge, should have read as \$5 from the H. H. Sewing Circle, Cambridge, and \$2 from the L. and B. W. Cambridge.

Following are the donations received today:

Premier Watches Casting of Bells

WHILE in England Canada's Prime Minister paid a visit to the bell foundry at Croydon, where were being cast the bells that will hang in the great tower above the Parliament buildings. Mr. King is here shown tossing a Canadian coin into the molten metal as it flowed into one of the casts.

TWO MORE STEAMER LINES FOR R. M. S. P.

Leyland and Red Star Companies Involved in New Deal, Says Report

NEW YORK, Dec. 9—Sale of two more steamship lines, the Leyland and Red Star, to the Royal Mail Company is being considered by the board of directors of the International Mercantile Marine Company here. International Mercantile stockholders will be asked to consent to the sale.

Up To Grain Pool Now, Says D. R. Turnbull

HALIFAX, N. S., Dec. 9—"That's very gratifying and shows what concentrated effort will do," said D. R. Turnbull, president of the Halifax Board of Trade, last night, when shown a despatch from Ottawa announcing the enlargement of the loading facilities of the Halifax grain elevator.

2 KILLED BY TRAIN

C. N. R. Express Hits Sleigh at Quebec Crossing

THREE RIVERS, Que., Dec. 8—Olivien Lemire, 50, and his nephew, Henri Lemire, 20, both of St. Leonard, of Aston, County of Nicolet, were killed when the Canadian National Railway fast train coming from Quebec hit their sleigh at the level crossing near far away from the village. The accident was unnoticed by the driver of the train and both bodies, caught by the engine by the garments, were dragged along as far as Drummondville before they were found.

PRINCE HAS GLASS IN EAST END PUB

Wales Causes Excitement and Enthusiasm Mixing With Ex-service Men

LONDON, Dec. 9—The spectacle of the Prince of Wales drawing a glass of beer in an east end public house in the Bricklayers Arms caused some excitement and considerable enthusiasm at Stepney Green in East London last night. The Prince made a surprise visit to a concert given by the Mile End branch of the British Legion where he met many ex-service men and during the interval the landlord of the Bricklayers Arms invited him to cross the road to his public house. The Prince of Wales shook hands with those who were drinking in the bar and invited them to join him. He then drew a glass of ale and drank some handing the rest around to those present.

SKATING MEETINGS Dates Set For Ontario Title Championships

TORONTO, Dec. 9—The Ontario outdoor speed skating championship will be held on February 19 and January 29, for the national outdoor championships, it was decided at the annual meeting of the Ontario Speed Skating Association here yesterday. J. J. McGarry was re-elected president. The association was reported to be in sound financial condition.

ADOPT 5-DAY WEEK CHICAGO, Ill., Dec. 9—The five-day week will go into effect for 2,000 Chicago cloak makers, December 19, officers of the International Ladies' Garment Workers' Union announced yesterday. Saturday work is abolished except at time and a half pay.

MARIE INSISTS ERRANT PRINCE BE CONSIDERED

Queen Appears to be Mistress of Delicate Situation Now

PALACE BURNS

Conflicting Reports Regarding Ferdinand's Health Being Sent Out

PARIS, Dec. 9—Former Crown Prince Carol is likely to return to Rumania at an early date, says a Bucharest dispatch to the Trans-Alpine News Agency.

Queen Marie, who seems more and more mistress of the situation, the despatch adds, "already has succeeded in making it understood that the decision of last January accepting Carol's renunciation of the throne, must be re-considered and his position again examined into."

It is possible that he will be invited to return at an early date, even before the end of the week. It is further believed a new regency council will be appointed before the King becomes worse."

KING'S HEALTH. In this connection the correspondent in Budapest of the Echo De Paris says he has received advice to the effect that the physicians attending King Ferdinand are all that the physicians attending King Ferdinand makes it possible for him hereafter to concern himself with state affairs.

BUCHAREST, Dec. 9—That the condition of King Ferdinand is satisfactory is all that the physicians attending King Ferdinand are willing to say about the royal patient.

Information concerning a second operation, which was reported to have been performed yesterday, is being carefully withheld. As a consequence, rumors are plentiful.

BUCHAREST, Dec. 9—The throne room, where King Ferdinand and Queen Marie have welcomed many a grizzled diplomat to Rumania, will be graced by a new and magnificent carmine curtains, was a mass of charred wreckage tonight. It will cost \$100,000 to repair the entire central section of the palace as reception rooms, state halls and the grand audience chamber itself all were destroyed by the flames.

Adding another sorrow to the queen who is at her husband's bedside at the detached palace at Cotroceni, the news of the conflagration completely overcame Her Majesty's usual grief since her distasteful arrival here Saturday.

Reports that only a portion of the palace furniture was saved and that many of the rooms where she had enjoyed her greatest triumphs and completely destroyed reached the Queen just before surgeons began a second major operation on King Ferdinand. She had time to hear only a brief report of the disaster before she took up her station outside the operating room to await the result of the new attempt to restore her husband's health.

The fire originated in the servant's quarters of the palace, which had been deserted temporarily by his chief occupants.

The Weather

SYNOPSIS—Pressure is high over the Western States and on the Pacific coast with a shallow low area over the Lower Mississippi Valley and a deeper one moving southward across Northern Manitoba. Snow or rain has fallen throughout the Maritime Provinces, while in nearly all other parts of the Dominion the weather has been fair.

FORECASTS. Snow or Rain. MARITIME—Moderate to fresh winds, fair; Friday, fresh winds, cloudy, probably followed by some snow or rain.

NEW ENGLAND—Cloudy, probably followed by rain late tonight and Friday; rising temperature tonight except in extreme southern Massachusetts; warmer Friday, increasing east winds.

Temperatures. TORONTO, Dec. 9—Highest during day. Lowest during night. Winnipeg 8 22 22 22 Toronto 26 34 18 Ottawa 22 30 22 Montreal 24 22 22 Quebec 16 22 15 Saint John 14 28 14 Halifax 28 28 28

ONE-YEAR SENTENCE IN YARMOUTH CASE

Capt. Butler Found Guilty of Obstructing Dominion Atlantic Railway Line

YARMOUTH, Dec. 8.—County Court Judge Giesler, in Yarmouth, rendered his decision in the case of Capt. King vs. Capt. Watson B. Butler, of Yarmouth, on a charge of obstructing the Dominion Atlantic Railway line on Water street, in the town of Yarmouth. The judge, in giving his decision, quoted from the Criminal Act covering such cases and also from decisions given in cases of similar bearing. He felt there was no other course but to find the accused guilty.

MAILS FOR BRITAIN

Arrangements for Week-Ending Dec. 18 Announced

The chief superintendent of railway mail service announces that despatch of mails to the United Kingdom during the week ending Dec. 18, will be as follows:

Correspondence specially addressed for the New York route to connect with S.S. Columbus, sailing from New York on Monday, Dec. 13, at midnight, close 5 p.m. Dec. 11.

Full letter and paper mail for Great Britain and countries via Great Britain to connect with the Cunard liner Antonia, sailing from Halifax to Plymouth, Havre and London on Monday, Dec. 13. This steamship will also be used for direct mail for the continent including direct parcel post for France, close 5 p.m. Dec. 11.

Parcel post and specially addressed correspondence for Great Britain and countries via Great Britain to connect with the White Star liner Baltic, sailing from Halifax to Liverpool on Monday, Dec. 13, at midnight, close 5 p.m. Dec. 11.

Business correspondence for London and specially addressed correspondence for the New York route to connect with the S.S. Herengaria, sailing from New York on Wednesday, Dec. 15, at 2:30 p.m., close 5 p.m. Dec. 13.

Direct parcel post for France and Belgium to connect with the C. P. S. S. Minnesota, sailing from Saint John to Cherbourg, Southampton and Antwerp on Wednesday, Dec. 15, close 11 a.m. Dec. 13.

Full mail for Great Britain and countries via Great Britain to connect with the C. P. S. S. Montcalm, sailing from Saint John to Liverpool via Belfast on Wednesday, Dec. 15. This steamship will also be used for direct parcel post for Belfast, close 11 a.m. Dec. 13.

Full letter mail for Great Britain and countries via Great Britain to connect with the S.S. Minnesota, sailing from New York on Wednesday, Dec. 15, at noon, close 5 p.m. Dec. 13.

China whistles are being used by some railroads to eliminate the harsh effect of locomotive whistles.

The Rim of The Limelight

"KIND" HIGHWAYMEN

NEWCASTLE, Pa., Dec. 8.—"Please don't take my coat," pleaded Mrs. Susan Felton when two highwaymen held her up within a few hundred feet of her residence here. And the highwaymen proved their

gentlemanly qualities by allowing her to retain it. When confronted by the two men, who tried to remove the valuable fur, she quietly told them that she had been ill for several days and had a severe cold. So in place of the coat she presented the highwaymen with her purse, containing \$2 and two diamond rings which was accepted with a show of courtesy.

THE CATS KITTENS

NEW YORK.—The Bermuda liner, Ft. St. George, has a problem on its hands.

Two years ago "Minnie," a timid little purring kitten, came on board to make her home—and was welcomed. But no one thought to check up on her antecedents or general character. The other day the liner blew into port in a gale and when the baggage room was cleared it was discovered that Minnie was a proud mamma again, bringing the number of her children up to 22.

There's gotta be a limit on Minnie's passenger list some way. It looks like the older ones would have to go to work on some other liner.

LOSES BY A TAIL

PITTSBURGH, Pa., Dec. 8.—"Scottish Prince Red Ladie," a red tabby owned by Mrs. George C. Lewis, this city, might have won the championship at the Quaker City cat show had it not been for the fact that one of the judges discovered that "Red's" beautiful tail had been shorn. As it was an outsider came in and won the award. Now "Red" is angrily licking his fur and tasting his mutilated appendage. A woman, employed to care for him, ignorantly clipped his tail.

Titled Wyoming Earl Is Early Riser

MORCHARD BISHOP, England, Dec. 9.—A. H. Wallop, known in the Great Britain country as a "good account" and over here as Lord Portsmouth, who has returned to his native country to take his seat in the House of Lords, has been getting up at 5 a.m. as he did out West, much to the astonishment of his neighbors.

Certain formalities have to be completed with and it may be several years before the peer, who became an American citizen thirty odd years ago, has all the details arranged. Lord Portsmouth, who succeeded to the title last year upon the death of his brother, has become known as England's earliest rising earl.

Newcastle Pastor Is Honored On Eightieth Anniversary

NEWCASTLE, Dec. 8.—Rev. P. Dixon, pastor of St. Mary's Catholic church, here, was the recipient of a presentation and numerous congratulations today, his 80th birthday. The venerable pastor was presented with a handsome china dinner set and carving set by his congregation and all during the day he has been receiving congratulations from admirers of every creed in the Town of Newcastle, where he is held in the highest esteem.

Father Dixon was born at Dunmore, County Galway, Ireland, on Dec. 8, 1846. He came to Canada when 17 years of age and was ordained priest in Montreal on Dec. 18, 1870. Previous to his ordination he was a member of the faculty of St. Michael's College in Chatham where he was professor of Latin and Greek. He has always been recognized as one of the most learned men and ablest lecturers of his time.

GOLDEN JUBILEE.

Six years ago Father Dixon celebrated his golden jubilee and was presented a set of golden vestments and a purse of gold by his congregation. During his many years as parish priest at Newcastle his life has been an exemplification of all that is good and noble and though time has lessened his physical vigor his brilliant mentality is unimpaired.

SECOND RESIDENT PRIEST.

The reverend father succeeded Father Babineau as the second resident priest of Newcastle. When he was first stationed here there was no presbytery and but a basement of a church. His congregation was scattered over many miles and transportation, especially during the winter months, was full of hardships and difficulties but his inspired zeal and physical vigor surmounted all obstacles. Churches soon sprung up throughout the missions. The present church and presbytery were built at Newcastle and this year a church has been built at the mission at Beaverbrook.

Prince George Gets Equipped For Snow Hike

THE nice white snow was all right to look at, but H. E. H. Prince George found it a bit heavy for walking, and when he started out yesterday to see the sights of the city about he soon discovered that his footwear wasn't quite the right thing, and with his companion he stopped at Gray's Shoe Store, near the Elm street corner on Main street, and went in to purchase overshoes. He was a very considerate and amiable customer, and when the clerk asked him if he was Prince George he admitted the fact. He got his overshoes and now, properly equipped for his tramp in the snow, set out once again and was evidently enjoying his sight-seeing trip.

4 DIE IN POWDER BLAST

Miner Wearing Carbide Cap Tries to Open Keg of Explosive in Penny Home

INDIANA, Pa., Dec. 8.—Four persons were killed when Clair Beck, a coal miner, attempted to open a keg of gunpowder while wearing a miner's cap containing a lighted carbide lamp in the home of his brother, Isaac Beck. News of the tragedy, which occurred last Monday at Shelltoot, an isolated mining village, reached here today.

13 HURT IN MISHAP TO CAR

Trolley Jumps Tracks at Jersey City Bridge and Hits Steel Girder

JERSEY CITY, N. J., Dec. 8.—Thirteen persons were reported injured today, when a Greenville trolley jumped the tracks on the Morris Canal bridge at Communipaw avenue.

The front tracks left the rails, turning at right angles to the car, and caused it to crash into a steel girder. Most of the injured received their hurts in the small panic created by the rush to get out. The injured were:

The Evening Times-Star

The Evening Times-Star, printed at 25-27 Canterbury street, every evening (Sunday excepted) by New Brunswick Publishing Co., Ltd., 25-27 Canterbury street, St. John, N. B.

THE LATE FRANK B. ELLIS

A COMMUNITY is always the poorer when an outstanding citizen passes out of life. Saint John sincerely mourns the passing of Mr. Frank B. Ellis, who filled a position involving great responsibility with the highest credit to himself and advantage to the community at large.

THE BRITAIN REPORT

THE TIMES-STAR presents to its readers today a supplement containing the greater part of the Britain report. The first impression made, not only upon the members of the City Council, in regard to this report is that of its exhaustive character.

POLAND AND PILSUDSKI

ONE moment it looks as though Poland were striding forward to new power and predominance in Eastern European affairs; the next it appears that the Poles are determined to wreck Poland. Meanwhile, Marshal Pilsudski stands a somewhat inscrutable and not easily understood figure, undoubtedly in a position to dictate yet not dictating according to accepted standards.

OUR INDUSTRIAL FUTURE

THE word "industrialist" in Canada has meant, all too frequently, in an era now closing either a man who is training up raw materials and shipping them out of the country, or a man who is operating a branch factory making equipment of foreign design to supply the market.

FRANCE AND ITALY

WHATEVER views we may hold on the policy of Fascism, nobody can blink the fact that the violent death of the Italian Prime Minister would be a catastrophe for his own country first of all, and for Europe afterwards.

IMPORTING MORE EGGS

THERE are seasons when the industrial Canadian hen does not produce enough eggs to supply the home market. At present large quantities of American eggs are being imported to supply the demand.

A WELL GROUNDED COMPLAINT

THERE is much complaint about delay in the handling of freight by the Canadian National Railways between points in the Maritime Provinces. Goods shipped, for example, to a point beyond Moncton, may be held up at the Montreal quicker in many instances than the consideration given to shippers from Montreal.

Settlers for Canada

"Naturally the St. John's Stackerkin King" is much encouraged to find immigration again increasing. Immigration for the first nine months of this year is 66 per cent over the corresponding period of the previous year.

Other Views

SCIENTISTS JOIN FORCES

DR. TORY says that in the future that is accomplished by research work in Canada, Japan, or the United States which bears upon the world of the world surrounding the Pacific ocean will be made the common property of the scientists of all three countries.

THE RISING TIDE

FORTUNATELY there is abundant evidence of the returning tides. Foreign trade is still on the increase, railway net earnings are buoyant, Canada leads the world in newspaper production, immigration is rapidly increasing, and, as the president of the Canadian Bankers' Association, Mr. C. E. Nell, said, there are no indications that we are at yet approaching the end of the present rise in business activity.

Better Building Record

BUILDING permits issued by 63 cities in Canada during October were valued at \$14,614,543, as compared with \$11,096,389 in the preceding month and \$11,212,944 in October, 1925.

The Immigrants

IMMIGRATION last year has brought more settlers than last year. In the past nine months 112,000 immigrants have entered Canada. Of these 41,000 were British, 16,000 from the United States and 54,000 were non-British.

Happy Days Coming

CHEMISTS report that sawdust can be converted into sugar. The time it may be possible for a thrifty housewife to scoop up enough sawdust at a mill yard to "put down" her winter fruit.

Premier King Tells About the Dominion

(Canada, London, Nov. 27) MR. MACKENZIE KING broadcast an address on "The Problems of Canada" from the London radio to the British Broadcasting Company on Friday last week.

SOLUTION OF PROHIBITION PROBLEM CLAIMED FOR DEMOCRATS

By ALBERT C. RITCHIE, Governor of Maryland. THE Democratic credo offers the one and only solution of the Prohibition problem. We have always believed the right of each state to settle in its own way questions which intimately concern its people.

Poems I Love

"Preyer for a Little Child" by W. M. Letts.

THIS quaint little English song has long appealed to me. It is just what I need, it is so beautiful, Miss Letts wrote "The Spire of Oxford," one of the finest of all the war poems; and she always sings with skill and unforced simplicity. There is no artificiality in her work; it is as spontaneous as sunlight.

After Dinner Stories

A CERTAIN Hebrew gentleman once went to Africa on a hunting trip. When he came back the home folks gave him a testimonial dinner down at the delicatessen, and somebody asked him to read about his most terrifying experience.

Just Fun

LADY—"You say you are ill today?" Joe—"Yesum, sumpin wrong with my throat. And it's your fault. Ma said you always give me a pain in the neck and now I got one!"

Who's Who

IN THE DAYS NEWS.

BISHOP WILLIAM T. MANNING THE Rt. Rev. William T. Manning, Bishop of the Protestant Episcopal diocese of New York, recently delivered an address before the members of a number of patriotic and historical societies.

WIDER INTEREST IN UNION IS URGED HERE

Continued from Page 1

ated branches of the union represented. At the request of the meeting, no publicity will be given these reports until they are dealt with by the resolutions committee. The report of the public committee was also referred to the resolutions committee. At 12:30 o'clock the meeting was adjourned until 2 p. m.

OTHER ACTIVITIES

Lengthy reports were submitted by Dr. A. S. Lamb, the honorary secretary, T. R. Loudon, chairman of the affiliations and alliances committee, John De Gruchy, chairman of the women's athletic activities committee, the latter report being submitted by J. H. Crocker in the absence of the chairman, and the report of the National Registration Committee.

PRESIDENT'S ADDRESS

It has been a great education as well as a great privilege for me to act as President of the Amateur Athletic Union of Canada. It has, however, been brought home to me very forcibly that from out of the fifty or sixty representatives of branches of our Association and of the National governing bodies affiliated with us, there are some forty or fifty who assume their duties lightly, and simply for the public and honor incident to the office, and without any thought of their responsibilities; and some twelve or fifteen throughout the whole Dominion who honestly put their whole heart and soul into the job that they are expected to do.

I know that all we need to settle any question of Amateur Rules is a National spirit of friendly co-operation. Let us forget our own local troubles which in the light of national unity may really prove to be trivial. Let us agree to co-operate in a friendly spirit, as good sportsmen should, ways do. In all our dealings with one another, let us keep in our minds the Golden Rule and, instead of trying to get something that will be nice for ourselves, let us build for the future of amateur sport throughout the whole Dominion.

AMATEUR QUESTION

May I also quote from the regulations of the Congress at Geneva in 1921 as follows: "If it is proved that any of the National Associations do not follow the amateur status, the International Federation will, after investigation, make the necessary arrangements with the Association at fault." Is it possible to conceive that this great Federation should ever have reason to "remunerate" with the Amateur Athletic Union of Canada? "Let us commence our meeting by re-affirming our creed, 'An amateur who competes for the love of sport.' This brings us to the conclusion, gentlemen, which we cannot escape, that one who competes for money is not an amateur, nor can he be an amateur so long as he continues to do so.

Another question of great importance to most of our members is what to do with the man who has stepped outside the bounds. Many of our young men have competed for money, and because there has been no other local competition for him to enter. Some have voluntarily returned to the professional ranks only to find they are not sufficiently skilled to hold a place with their team. Some have been ill-advised and bitterly regret the move. Are we to keep these men out of all organized amateur sport? Do we not encourage them to make false statements of their professional status? Do some of us not gloss over the professional acts because we know the rule to be "once a professional always a professional"? Is not the fact that our rules would be more carefully followed if we should provide a means whereby these men could return to amateur competitions? We do not even say "Once a criminal always a criminal." Why should we be more harsh in sport?

Again, we must keep in mind the declaration of the amateur status of the I. A. A. F. that "Anyone who shall have knowingly become a professional shall not be reinstated as an amateur," but for local and purely Canadian competition let us extend mercy where mercy should be given and if we find a young man who, for one reason or another, has lost his amateur status, but who wishes to again compete for the love of sport, let us take him in and help to make a good Canadian citizen of him, instead of standing aside and encouraging him to become a cheat or worse.

MEETING AT CENTRAL POINT

While certain sportsman's agreement was made at the last meeting as to the place of the next annual meeting that will unquestionably be respected if the people of the West so desire, may I, without expressing any personal opinion, offer a suggestion that the next meeting of this association consider the advisability of con-

Got Relief From Dyspepsia

Mrs. Clarence Sealy, Bathurst, N.B. writes: "I suffered a long time from dyspepsia. I used tablets and medicines of all kinds, but got no relief until I started using

After taking two bottles I can gladly say that I became much better, and now eat most any kind of food without having to suffer for it after."

For the past 45 years B.B.B. has been put up only by The T. M. B. Co., Limited, Toronto, Ont.

N.B. EXPORTS 800,000 CHRISTMAS TREES

Buyers From U. S. in Province as Early as Last July

Canadian Press FREDERICTON, N. B., Dec. 9.—Approximately 800,000 Christmas trees have been exported from the Province of the United States market this year, according to an unofficial estimate based on shipments of some 400 carloads averaging 2,000 trees per car.

METHOD OF PURCHASE

Trees were purchased from private land owners under an arrangement which permitted the purchasers to select and inspect their individual trees before being tied into bundles for loading and shipment. Operations were supervised to some extent, by officials of the Department of Lands and Mines in order to ensure that the trees exported were not cut from Crown Lands, where the cutting of young growth is prohibited.

FERDINAND RALLIES FROM OPERATIONS

King of Rumania in no Immediate Danger of Death, Says Report

BUCHAREST, Rumania, Dec. 9.—The series of surgical operations necessitated by King Ferdinand's intestinal ailment has been completed. It will require a period of seven days, it is estimated, to ascertain whether the artificial organ (a silver tube) installed in the lower intestine yesterday will function as a satisfactory apparatus, is working satisfactorily.

MISSED PRINCE BY LOOKING FOR HIM

Mrs. Gray Would Have Met King's Son Had She Stayed in Store

When a prince comes to town there is usually a rush of patriotic citizens, all eager to catch a passing glimpse of a member of the Royal Family, but not every citizen has the distinction of a visit from the noble personage himself.

Mrs. Gray, of Gray's Shoe Store, Main street, on Tuesday morning had her mind that whatever happened she was going to see King George's youngest son.

However, fate was against her, for while she was at the Grand Point, looking for His Royal Highness, His Royal Highness was at that moment seated in Mrs. Gray's store, and she missed him by looking for him.

CANADIAN BUILDING FOR WASHINGTON

Mansey Will Rent Offices Now But Permanent Quarters Desired

TORONTO, Ont., Dec. 9.—Canada may enter the question of securing a "Canadian Building" at Washington, Premier King said, when interviewed on his return to Ottawa yesterday from Europe, says an Ottawa dispatch to the Globe.

For the Canadian Minister would be content with rented offices, but if developments warrant it, Mr. Mansey would consider the question of a Canadian Building in the United States capital, said the Premier.

"TIGER" GRIEVES

Clemenceau Moved at Funeral of Claude Monet Yesterday

GIVERNY, France, Dec. 9.—With tears streaming down his aged, wrinkled face, Georges Clemenceau, France's war-time premier, yesterday trudged behind the body of his lifelong friend, the famous Impressionist painter, Claude Monet, as it was borne to its last resting place.

The "Tiger" who rarely if ever has given a public display of grief, appeared tired and heartless, as he walked half the distance to the cemetery and then, trembling with emotion, permitted friends to persuade him to finish the trip in an automobile.

Marriage Date Is Forgotten By Court

NEW YORK, Dec. 9.—Count Ludwig Salm-Hoogstraten couldn't remember the date of his marriage to Millicent Rogers, standard oil heiress, when he took the stand in his separation action yesterday, but he told in detail of financial benefits which he derived to him from the ceremony. Several times during the ordeal, the Count, a dashing figure in formal attire, completely lost his composure, and he and the opposing attorney shouted at each other as though physical conflict were the only possible sequel.

Japanese Freighter Sends Distress Call

TOKIO, Dec. 9.—The Japanese freighter Seine Maru, bound from Vancouver, B. C., to Yokohama, sent out a distress call today saying it was caught in a storm off Nemuro, Hokkaido Island, and in a dangerous condition. Her rudder is broken. The steamer Wei Wu Maru is hurrying to her assistance. The Seine Maru carries a crew of 82 men.

Use the Want Ad. Way

Letters To The Editor

A PLEA FOR ECONOMY.

Editor Times-Star: Sir,—The Mayor's suggestion to the commissioners on Monday last that they consider a 20 p.c. cut in their appropriations for all city departments is timely and, I am sure, will be commended by all thinking taxpayers, both owners of real estate and tenants.

Property owners are faced with vacant and unsalable holdings, and tenants are obliged to take lodgers to help meet rent already high enough. Under our present assessment law with its inflated property valuation and high rate of 3.86 p.c. the padlock is effectively placed on new construction. Any increase in the rate or valuation will make the conditions operating against real estate most deplorable. Economy should be the slogan under present conditions.

Our commissioners were not elected to dispense charity or pose as philanthropists. Personally, I think there is considerable "sentiment" in establishing a community hall in Carleton at a cost of over \$70,000 and in transferring ferry patrons across the harbor for less than cost. There are a number of excellent school buildings on the West Side that could be used as a community hall, and a ten cent rate for ferry passengers would wipe out the annual loss on that item of about \$70,000.

The City Council speaks of widening Mill street; an expensive operation which would not relieve traffic to any degree; the logical thing at Mill street is an overhead roadway. Thanking you for your valued space, Mr. Editor,

Panel Curtains in Fibre Silk, Ecran and Paris shades. 2 1/4 and 2 1/2 yards long. \$3.75 to \$13.75 each. (Curtain Dept.—Second Floor.)

Position Unchanged, Says General Smuts

PRETORIA, South Africa, Dec. 9.—General Jan Christian Smuts, former premier of the South African Union, delivered an address here yesterday at the congress of the Transvaal members of the South African party, of which he is leader, on the subject of Dominion Status. General Smuts said that in essence, the position of South Africa now was exactly as it was years ago, and the recent Imperial Conference in London had merely given formal confirmation to what was already established. South Africa's status, he added, had not been given by party leaders or statesmen, and no statement had a right to claim credit for it for that status was gained by the thousands of our flesh and blood, who now lie sleeping on battlefields throughout the world.

AGRICULTURISTS MEET. FREDERICTON, N. B., Dec. 9.—The meeting of directors of Agricultural Society No. 34 which operates Fredericton Exhibition, is being held this afternoon for the purpose of electing officers. Alonzo Staples, president, has expressed a desire to retire from the office.

Prize Winners Announced For Poetry

MONTREAL, Que., Dec. 9.—Mrs. R. E. McDougall, under the name of "plum" of Margaret Gibson, was the first prize winner of the competitions held under the poetry group of the Canadian Authors' Association. The announcement was made last night by Sir Andrew McPhail. The terms of the contest stipulated that the work would be a short unpublished poem. Second prize winner was Miss Stella Babinbridge. The winner of a prize for the best English lyric poem was Miss Margaret Ross. The foregoing are all Montrealeans. One prize was awarded in the junior section, the successful writer being Miss Dorothy Livesey, of Toronto. Other winners were withheld until the next competition.

MINERS ENTOMBED

Thirty of Party of 68 Are Rescued So Far at Evansville

EVANSVILLE, Ind., Dec. 9.—Reports received here at 9 a. m. indicate that thirty of the men entombed in a coal mine at Francisco were rescued from the shaft. It was said there were several dead at the foot of the shaft. A total of 68 men were in the mine when the explosion occurred, according to the latest report.

FUR WAISTCOATS-MITTENS

Fur waistcoats and mittens for afternoon wear have appeared on Piccadilly and along Oxford street. The mittens are made of supple short-length fur. On chilly days the waistcoat is slipped over velvet frocks. Women are wearing the fur waistcoats to afternoon bridges parties instead of brocade coats. The waistcoats are made sometimes from inexpensive crimé-de-lain rabbit, agnia from mokin.

U. N. B. EXAMS

FREDERICTON, N. B., Dec. 9.—Today terminal examinations at the University of New Brunswick began. They will continue all next week.

MOTOR BUS PARLEY

FREDERICTON, N. B., Dec. 9.—Hon. D. A. Stewart, Minister of Public Works, is here on departmental business and will remain a day or two. The conference with the representatives of the Motor Bus Companies and other operators will take place after the meeting of the Provincial Government to be held here on or about the 15th.

Every Last One of Us Loves Flattery, So the Art is Worth Cultivating—But Don't Be a Bungling Jolliter and Lay It On Too Thick or Too Often—The Subtlety of Flattery is the Implied Compliment.

WHEN the cheerful workers of society start out to do their fellow creatures their nice work is flattery. They hold that the compliment is the skeleton key that unlocks every heart and opens every pocketbook.

BUT, while this theory is good, the execution of it is often so bungling that it falls of its object. For the art of the jolliter is one of the most difficult arts in the world and requires a master hand.

A TOUCH too little—and it dawns its object with faint praise. A touch too heavy—and it nauseates with its fulsome. The earnest carelessness of technique—and it weakens the effect. The slightest error in judgment—and it offends where it was meant to please.

IN a word, successful flattery must be a perfect art. A compliment must be so cleverly disguised that the recipient does not recognize it as a jolly but accepts it as a simple and deserved tribute of his merits.

DOROTHY DIX NOT appreciating this, is where flatterers make their great mistake. Knowing that all of us love praise and that every mother's son and daughter of us is amenable to the soothing influence of having our fur stroked the right way, they think that our appetite for soft talk is insatiable and that we can be stuffed with fulsome compliments ad lib.

THIS is a tactical error. Few of us are sufficiently egotistical to care for flattery that is open, unblushing and inexhaustible. To be agreeable, it must be applied sparingly and judiciously, as if it were ointment, not thrown at us with a trowel as if it were some adhesive sweet stuff that could be trusted to stick where it hit.

AS BETWEEN the sexes, women are more adept flatterers than men. Because they have had more experience. From time immemorial woman's well-being has depended upon the skill with which she could jolly some man along. Thus has she become ambidextrous in handing out flattery with both hands.

ANY Dumb Dora can hit the mark with a compliment every time and tell in two minutes after she meets a man just where the vulnerable spot is in his vanity.

A GOOD illustration of the insidious and subtle flattery with which women treat men may be observed in the general attitude of the feminine sex, which adopts the position of incense burner toward men in general.

ALSO, if you will notice in any company, every woman wears an alert, interested, lam-ing-the-time-of-my-life expression no matter how dull and stupid is the man to whom she is talking.

LIKEWISE, women pretend to receive every word a man utters with the reverent attention of a child no matter how much more they know about the subject than he does. Having thus practiced throwing bouquets at mankind in general, women seldom miss her aim when she singles out some particular man as the target at which to hurl flattery. Now, generally speaking, there are four mistakes that the jolliter makes.

THE first is in fumbling his approach. Out of a clear sky he hurls the obvious compliment at us, and the individual who pays an obvious compliment is either a fool or takes you to be one.

FOR any one to break into a sudden shapody about your beauty or your cleverness does not rouse a thrill of gratified vanity in your breast. It suggests to you that you are about to be worked and that you will have to pay for this burst of admiration with cold cash or pull a string somewhere for the behoof and benefit of the flatterer.

THE next mistake that the unskilled flatterer makes is in not using sufficient discretion in paying his compliment.

OCCASIONALLY you meet a person whose vanity is so colossal that it is impossible to pay him a compliment and every one of them will hit the bull's-eye every time.

BUT most of us are only vain in spots. We have a dim suspicion that we are a little shy on some good qualities, and so when we are praised for virtues we do not possess the compliment falls because our intelligence gives the lie to it.

THEREIN is where the indiscreet flatterer errs. He complimented us for the wrong thing.

THE third place where the individual who starts out to soft-soap his way through life falls is in being too universally flattering. Women are particularly prone to this mistake.

WE ALL know women who think to make themselves agreeable by heaping compliments upon every one they meet. Every man is so handsome, so brave, so intelligent, so strong. Every new gown a sister woman wears is the most exquisite creation they ever saw. Every baby who is born is a wonder. This pen of praise that would be music to your ears if it were sounded for you alone becomes a jarring note when you discover that they say the same thing to everybody else.

IT is only the inexperienced flatterer who compliments self-evident merit. He has his reward, to be sure, but it is nothing compared to that of the discriminating jolliter who seeks out the hidden quality that we feel a cold and unappreciative world has overlooked and compliments us on that.

THE ugly man who has made a name for himself in literature or art or business or one of the professions is a thousand times more pleased to be thought a lady-killer than a genius. The clever woman would rather be praised for her complexion than her brains and the domestic woman will cook herself to death for him who praises not her bread but her literary taste.

BUT the subtlest form of flattery and the one that goes to our heads is the implied compliment. No praise of your judgment for advice. No tribute to your beauty or sonnet to your eyebrows as flattery as finding that some one has bought a real silver frame for your photograph. Only women and diplomats are deft enough to do this, and insinuate admiration too great to be uttered. And they are the past masters of flattery.

"VANITY of vanities, all is vanity," saith the preacher. It can get us all one way or another.

DOROTHY DIX.

These New Hats

BEHIND THE SCREEN

By GENE COHN THE queen is dead! Long live the queen! No movie queens have passed beyond public favor recently, but that the film mogis think there is a chance of some of them doing so is clearly evident by the unusually healthy crop of baby stars.

More than a year ago a motion picture company started a movie school. The "pupils," following "graduation," made one picture. And nearly every one expected that would end the thing and the old players could go serenely on their way.

But it now begins to be evident that the film producers were in earnest, for within the last few months at least four of the 16 have been given prominent parts, three of the four winning their big chance within the past few weeks.

When W. C. Field's new comedy, based on the stage production, "The Pottery," is shown, the public will see in the role of Mamie Potter, a young Atlanta, Ga., girl named Ivy Harris. Folk down home know her as Marian Ivy Harris, but the film people clipped off that first name as too long to fit the electric lights.

When Paramount's "Love's Greatest Mistake," which Edward Sutherland now is filming, inevitably comes to the public, the fans will see a young blond named Josephine Dunn.

"Jo" has been in several Broadway musical comedies, the most recent one before coming to the films being "Kid Boots." She originally came from Denver.

In the same picture is another girl, this one from Wichita, Kas. She is Iris Grey, and, while her part is not the leading one that "Jo" will have, it is a good one.

JOSEPHINE DUNN had no idea of going into the films. But no other girl friend made an appointment for a screen test and Josephine went along. The cameraman suggested that she sit for a couple of pictures, and she found herself in the film school while the friend lost out.

IVY HARRIS

MENUS For the Family

MENU HINT. The following menu may be used for luncheon, supper or Sunday tea. The Sally Lunn is very delectable served with cheese, jelly, honey or marmalade for breakfast or afternoon tea. Soups are also one of the most delightful "hot breads."

Applesauce Omelet. Canned Peaches. Sally Lunn. Cocoa.

TODAY'S RECIPES. Applesauce Omelet—Eight apples, four eggs, one cup sugar, one tablespoon butter, spices to taste. Stew apples and wash fine, add butter, sugar and spices. When cold, add eggs well beaten, then bake brown.

Scotch Whole Wheat Scones—Three teaspoons baking powder, two cups flour, one-fourth teaspoon salt, one and one-half cups whole wheat flour, one-half cup butter, one-half cup sugar, one egg, three-fourths cup milk. Sift flour, salt and baking powder and add whole wheat flour. Rub in butter with the tips of the fingers or cut in with a knife and add sugar. Beat egg, add milk and pour into dry ingredients, making a soft dough. Knead the dough lightly and divide into two pieces. Make each piece into smooth round, roll out and cut into six pieces. Lay on greased tin and bake in moderate oven for twenty minutes. Brush over tops with sweetened milk a few minutes before they are done and return to oven to finish baking. This makes twelve scones.

Fashion Fancies THIS VERY SMART SPORTS OUTFIT ACCENTS BRIGHT COLORS.

The new slip-ons are marked by extreme brightness of color. They are more often striped than plain, and this use of irregular stripes gives ample opportunity to introduce gay colors. Above, for instance, is shown a slip-on striped in bright blue, green and yellow, with a simple round neckline that fits close at the base of the throat. The skirt is green kasha, and the small hat repeats the bright green note.

See-Sawing On Broadway

THERE remains at least one cafe in Manhattan—and this in wild, wild 42d street, if you please—where women still are forbidden to smoke.

The other day I heard an 18-year-old girl with a head waiter a five-minute speech on equal rights and modern women. At the end of which he politely suggested, "That may be quite right, but you'll have to eat elsewhere if you wish to smoke."

Strangely enough, this place is not flooded with fat dowagers and old-fashioned women. In fact a man I know, who prides himself on being a "surveyor," brings the report that he has noticed more smoking among fat dowagers and old-fashioned types than among any others.

THOSE who were inclined to sigh at the space accorded the passing of Valentino when measured beside that of Dr. Eliot may find some solace in a few figures I have just gathered.

The rush for old films in which Valentino appeared, according to a Broadway film agent, lasted for but a few weeks, whereas, a member of the "who's-who-of-bookings" tells me, the sale of five-foot shelves goes on apace.

THE West Point influence on Broadway may make the theatergoer become weekly more amusing. Not only is the military academy uniform suggested by that of the late film palace, but the solemn discipline and carriage of these seat conductors is carefully patterned.

Going to the smoking room in the basement of one million-dollar-wonder theatre the other night I was amazed to see a side door open and out came marching in double file some 50 of these "superfluency users."

Their heads were thrown back, their backs rigid, their feet swung out rhythmically and a "floor captain" sent them up the stairs with unsmiling severity to martial them in the saloon in time for the closing of the picture.

I learned later that the almost fawning politeness of these young men is the result of a month of schooling. Anyone searching for future valets might look them over carefully—with this warning, however: I have heard that just before performance the clock "trap doors" may be heard as usual on the cement floors just behind the theatre.

HEALTH SERVICE Treating Tuberculosis That Attacks Larynx

By DR. MORRIS FISHBURN TWENTY years ago, tuberculosis of the larynx, that part of the breathing tract which holds the vocal cords, was considered promptly fatal. The disease began insidiously, with a gradual disappearance of the voice, and the patients were severely affected before medical treatment was begun.

With the advance of our knowledge of tuberculosis, special attention has been paid to this serious form, so that today such patients have a good chance of survival, and indeed of complete cure. Much depends, however, on an early diagnosis so treatment may be undertaken before the lungs are seriously involved and before the body has succumbed to the tuberculosis poison.

TICKLING A SYMPTOM Many persons still delay special consultation until the loss of the voice has become almost complete and swallowing has become a painful effort. In the interest of safety, especially for one who may have tuberculosis elsewhere in the body, it is best to consult a physician in case there is a slight change in the timbre of the voice, even without actual hoarseness, or when there is a persistent tickling in the throat.

Observers in the various hospitals established for veterans by the United States government have been much concerned over the case of patients

the world with carefree heart, to cast all toil aside. Full well I know I cannot model life's ways to my desire, but could you know the dreams I hold, my visions flower and fire! Could you but glimpse the loneliness my eager feet pursue, the realms toward which I ever press, the wonders that I woo, you, too, would then forget the strife and burden of the day, could you but know this hidden life, the glory of its way!

A red silk umbrella is effectively topped with a handle that combines red lizard, natural snake and ivory.

The Rhyming Optimist

By ALINE MICHAELIS. Too faulty are the tasks I do, too frail the strength I own, too often vainly I pursue a hope, to find it flown. Perhaps it seems a futile thing, the effort which I make, a bird with drooping, broken wing, a reed the first winds break, perhaps it were the wisest part to drift with wind and tide, to greet

Flapper Fanny Says

A lot to get a coat of tan is just a skin game.

A Thought

I have been young, and now am old, yet have I not seen the righteous forsaken, nor his seed begging bread.—Ps. 37:25.

SO I like life and I like righteousness. If I cannot keep the two together, I will let life go and choose righteousness.—Mencius.

SPANISH MEDAL TO WOMAN MADRID—Rosa Ruiz, who started her own embroidery business at the age of fourteen, when her employers went out of business, today at the age of 65 holds in her still sprightly hands the honor of being the first woman in Spain to receive the special bronze medal for Labor awarded by the government.

3 TUGS AND FERRY END ICE BLOCKADE

Steamer Yanked Out and Way Opened For Movement of Carriers

SAULT STE. MARIE, Mich., Dec. 8.—Three powerful little tugs and the plant car ferry Sainte Marie brought the greatest ice blockade in the history of Great Lakes navigation practically to an end today.

While the big railroad ferry was smashing into the ice barrier, the tugs hauling ahead and swinging from side to side, yanked the steamer General Garretton out of its ice moorings in West Neeshish channel and opened the way for the movement down of grain carriers that since Dec. 1, had been caught in a jam of ice that closed the "bottle neck" of lake navigation routes.

With the deliverance yesterday of the steamer, the General Garretton became the "key log" of the jam.

Lying at an angle across the West Neeshish channel the Garretton blocked the path of the grain flotilla stretching out for twenty miles astern towards Sault Ste. Marie.

When the tugs "bitted" the Garretton out this afternoon they towed her into open water and soon she was proceeding to Lime Island under her own power.

New Airplane Brakes For Short Landings

LONDON, Dec. 9.—Brakes for aeroplanes which would make landings possible in short spaces have been perfected by experts and are soon to be put to practical tests. They are designed especially for use on ships and on tops of tall buildings.

One scheme consists of an arresting mechanism similar to that of the hydraulic buffers used on railroads. Another contrivance includes a rod of cable suitably attached to the airplane and a hook or anchor fixed to the outer end. Upon landing the hook is lowered to pick up engaging means such as a series of cross ropes which in turn connect to the braking mechanism.

Ford Buys Iron Pit In Newfoundland

ST. JOHN'S, Nfld., Dec. 8.—A report from Brigis states that Henry Ford, Detroit motor car manufacturer, has purchased the iron ore mine at Suro's Pond, Conception Bay. The price paid for the property was said to be \$100,000. The mine had not been operated for several years but was investigated by experts last summer and it is understood that diamond drill equipment is being shipped from the United States by the new owner with a view to resumption of mining at an early date.

Deaths

Peter Thomson
Mrs. Sidney C. Young of the Union street apartments has received a telegram from Hamilton, Ont., announcing the death of her brother, Peter Thomson, a respected resident of that city and father of P. A. Thomson of the prominent Canadian financial firm of Nesbit, Thomson, Co., Montreal, and also of Melvin Thomson, associated with his brother in financial circles. Miss Norma Thomson is a daughter. Both P. A. and Melvin Thomson have numerous friends in Saint John in business and social circles. Arthur J. Nesbitt of the Montreal financial firm is a Saint John boy.

James Ross
The death occurred at his home, 110 Rockland road, on Tuesday of James Ross, after a protracted illness. He leaves to mourn his wife, formerly Emily Ward; two daughters, Mrs. R. H. Simpson, of this city, and Miss Ella Ross, at home. Four nieces also survive. Mrs. Edwin Tench, of Brantford, Ont.; Mrs. I. Pearson, of Highfield, N. B.; Mrs. Herbert Northrup, and Mrs. William McKee, of Saint John. A nephew of the deceased, George Murray, of Pearsonville, N. B., also survives.

Amos T. Ganter
After an illness of only eight days, Amos T. Ganter, aged 99 years, died in the General Public Hospital on Tuesday afternoon. For the last few years Mr. Ganter had been residing with Mr. and Mrs. Neil Peterson, 270 British street. He leaves one son, Frederick, residing in the Southern States, and one niece, Mrs. Robert Carlin, of this city.

For many years the late Mr. Ganter had been employed at different places as a carpenter for the C. P. R. and was well known. He was a native of New Brunswick and for a long time resided at Red Rapids, Victoria county. He had been in good health until recently.

The funeral will take place from Brennan's undertaking parlors, Main street, on Friday afternoon at 2:30 o'clock.

Miss C. C. Haggerty
After an illness of about two months, Clavie Genevieve Haggerty, eldest daughter of Mr. and Mrs. William G. Haggerty, of Mill street, Fairville, died last evening at her parents' residence, in the 16th year of her age. She was of a bright and lovable disposition and very popular with her young associates and had endeared herself to all who knew her. Her early death will be heard of with keen sorrow. She had recently entered the vocational school for special studies. Besides her parents she is survived by three brothers, Gerald, Donald and Billy, and by one sister, Olive, all at home. The funeral arrangements had not been completed last night.

John Phillip
Further word relative to the death of John Phillip, father of Mrs. W. Grant

ELECTRIC POWER IN CANADA IMPRESSES

Sir Alfred Mond Refers to Advancement in Use of Energy Here

LONDON, Dec. 8.—Rt. Hon. Sir Alfred Mond, M. P., who recently returned from a visit to Canada, was impressed with the Dominion's advancement in the matter of electric power.

In an interview here he contrasted the difference between Canada and England in this respect. He said: "The use of electricity in Canada for domestic purposes is an example to England."

"I was told in Toronto that on Monday, 'washing day,' there is a difference of 10,000 horsepower between that day and the other days of the week on the load the wires carry."

Sir Alfred Mond is head of the Mond Nickel Company, which has mines and a smelter at Coniston, near Sudbury, Ont.

Evidence of Asiatic Migration Discovered

SEATTLE, Dec. 9.—Half-buried mud hovels of primitive design held upright by ivory tusks, found on uninhabited, rocky islets in Bering sea, have furnished additional evidence that the first inhabitants of America might have come from Asia, by way of Alaska. The dwellings were discovered by officers of the cutter Algonquin of the United States coast guard's Arctic patrol, while cruising the eastern edge of St. Lawrence island, east cape of St. Lawrence island. In the frozen earth the guardsmen uncovered skulls and bones of humans and lower animals and crude metal implements.

The Rainbow bridge in the Navajo mountains on the border of Utah and Arizona is the greatest of all known natural arches.

Smith, of Saint John, has been received from Scotland. He was fatally injured on Nov. 15 in a collision between his motor car and a passenger train.

"Mrs. Smith and her daughter are returning on the S. S. Montclair after visiting her former home, following her father's death."

Mr. Phillip had just left his home, Dandelion Home Farm, when for some unexplained reason he failed to see the train approaching his private crossing.

The impact of the collision demolished the car and threw Mr. Phillip 80 yards. He was picked up unconscious and medical examination showed fractures of both arms and legs with possible internal injuries. The accident occurred at 1 o'clock in the afternoon and Mr. Phillip passed away the following night. He was a prominent Aberdeen-Angus stock breeder.

Golden Wedding Anniversary In Home At Moncton

MONCTON, Dec. 8.—A very pleasing event took place at the home of Mr. and Mrs. John Donald, 96 Archibald street, last evening the occasion being the celebration of their golden wedding anniversary. About 60 relatives and friends assembled at the house and extended their congratulations to the honored couple. A delightful evening was spent during which Rev. Dr. R. M. Stevenson gave a pleasing address, congratulating Mr. and Mrs. Donald on passing the 50th milestone of their married life, and expressing the wishes of all present for many happy anniversaries to come. Among out of town guests attending were: Mrs. W. S. Teed, Miss Ethel Teed, Mr. and Mrs. Chesley Parry, Mrs. Harry Tingley, Mrs. Martha Tingley and Mrs. Jack M. Oulton, of Sackville; Mrs. George MacLeod and Mr. and Mrs. G. W. Merrill, of Saint John; Mr. and Mrs. E. Donald, of Magog, Que.; Mr. and Mrs. W. E. Donald, of Montreal. Mr. and Mrs. Donald were married in Sackville on December 7, 1876, by the Rev. Mr. Brown, and they have resided in Moncton for the most part of the half century, where they have a large number of acquaintances and are held in the highest esteem of a wide circle of friends.

"I Had Bilious Attacks and Stomach Weakness"

Mrs. Wm. Robinson, Yorker, Sask., writes: "I suffered from stomach and liver trouble, and used to have bilious attacks so bad that I could do nothing for weeks at a time. My stomach would be so weak that not even a drink of water would stay on it. On my sister's advice, I began to use Dr. Chase's Kidney-Liver Pills, and must say that they have made me feel like a new woman."

HOLD BACK BRIDGE MOTION FOR REPORT, SAYS MAYOR

GOVERNMENT MIGHT ASSUME WHOLE CHARGE

Nationalization of Port Should Include Free Transportation for All

DELAY OF FEW DAYS NOT SERIOUS MATTER

Commissioner Frink States Position Relative to Comment on Course

FERRY deficits, Duncan report, harbor nationalization and harbor bridge all entered into discussion at a meeting of the committee of the whole this morning without action being taken on any. It was suggested by Mayor White that in view of what might be expected from the Duncan report it would be wise to delay sending the bridge resolution to the government until it was ascertained whether a bridge might not be included in the nationalization scheme.

An additional expenditure of \$1,000 on the ferry steamer Governor Cardozo was forecast by Commissioner Frink.

The report of Dr. Brittain was not discussed but informally it was said by Commissioner Frink that what he had to say would be committed to writing and Commissioner Wigmore said it needed careful study before the council would be in a position to make any statement. He suggested that when it was taken up the report be dealt with section by section.

MORE FOR FERRY. Commissioner Frink reported that the ferry steamer was not yet ready as some additional repairs, not yet fully determined upon, had to be made. He thought that the steamer was taken from the dry dock only a few minor repairs remained but in addition to the \$6,700 already expended a further \$20,000 would be required to complete the repairs. He would not be satisfied if in the end the cost of repairs reached \$30,000. When it was remembered that this amount must be added to next year's tax bills, which are \$12,000 for repairs to the Ludlow, he thought his resolution for the building of a harbor bridge was timely.

HARBOR SUBJECTS. The Mayor said the matter of nationalization of harbor was entirely different from government by a commission and that he felt it was so much bigger than an ordinary business proposition of a railway bridge, in which the city might well share the cost, that it was wise to delay sending the resolution of Commissioner Frink to the government.

The Duncan report would soon be available and he believed it would recommend that justice be done to these provinces and to this port. In any broad scheme of nationalization there must be included free transportation to all parts of the city for foot and vehicular traffic, at no cost to the citizens of Saint John.

SHARING OF EXPENSE. Commissioner Frink said he must mildly criticize the remarks of His Worship for he did not think the government, or any government, would build a bridge across the harbor without any expense to the city. His resolution, in which the city offered to bear a share of the cost, had been moved with a desire to get some action and had first been submitted to the mayor, who had agreed that it was timely. If the government were willing to build the bridge so much the better for the city, but he did not think they would.

Commissioner Harding said that in Glasgow transportation facilities across the river had been provided at no cost to the citizens.

The Mayor said that while he agreed that the resolution of Commissioner Frink was timely, he felt that in view of the bigness of the question of nationalization, and from information he had received he felt the subject was to be dealt with in its bigger aspect, and it would be wise to wait a little before sending the resolution to the government. A bridge across the harbor was a logical part of the development of the port if the government was to make a better harbor leading into Saint John, and it might well be made to serve all classes of traffic.

DR. FRINK'S COMMENT. Commissioner Frink said he had received news of prestige and also poured out on his head vials of wrath on his resolution, but he was impetuous to both and so long as he was a member of the council no one "is going to put a rag on me."

Mayor White asked the commissioner why he had been charged with being an obstructionist and it had been said that it would be wise to wait a little before the harbor bridge matter had not been brought before Sir Andrew Duncan.

Commissioner Wigmore agreed with

Local News

TWO CARED FOR. Two men were taken in for protection last night at police headquarters.

BANK CLEARINGS. Saint John bank clearings today were \$2,897,696; last year, \$3,109,968; in 1924, \$2,444,246.

ON WAY TO SAINT JOHN. The wireless station, Red Head, reported today that at 12:35 p. m. the steamer Parthena was 180 miles south, bound for Saint John.

FUNERAL SATURDAY. The funeral of Miss C. G. Haggerty will take place Saturday morning at 8:30 to St. Rose's church for high mass of requiem. Interment will be in Holy Cross cemetery.

TWO TODAY. Two men were in the Police Court this morning on drunkenness charge. One colored man denied the charge and was to be brought in again this afternoon. The other pleaded guilty and was fined \$2 or two months jail.

TO CURLERS MEETING. Charles G. Sanford, K. C., representing the St. Andrew's Curling Club, of Saint John, on the executive board of the New Brunswick branch of the Royal Canadian Curling Association of Canada will be in Moncton today for a meeting of that body.

VESSELS REPORTED. The Signal Service at the Custom House reports: 8:30 a. m., S. S. Brandon, 87 miles south of Sable Island; 8:45 a. m., S. S. Minnedosa, 140 miles east of Sable Island; 7:30 a. m., S. S. Montcalm, 90 miles southeast of Cape Race; 7:30 a. m., S. S. Ottawa, 288 miles east of Cape Race.

CARDS ENJOYED. An enjoyable card party was held at the home of Mr. and Mrs. John McColledge, 108 City Road, last evening. Bridge and forty-fives were played at four tables. Dainty refreshments were served by the hostess, Mrs. H. G. Gibson.

TO SPEAK ON LIGHTING. The Saint John Branch of the Engineering Institute of Canada will hold their annual meeting in the N. B. Telephone Co. building, on Chipman Hill, this evening at 8 o'clock. The speaker will be Stanley Webb, of Wabigo Electric Co., on "Industrial Lighting." Mr. Webb will also lecture on house lighting. The public are welcomed.

CHRISTMAS SEALS RETURNS VARIED. Some \$10 Contributions Received; Also a Few For Less Than \$1

Amounts varying from 25 cents to \$10 are being received by the committee in charge of the distribution of the Christmas seals being sent out under the auspices of the Saint John Society for the Prevention of Tuberculosis. Of course, the number of \$10 donations has been few, but they are doubly appreciated on account of the fact that they fill some of the gaps left by those who return the seals. The smaller than \$1 subscriptions also are welcomed, as they indicate an interest in the work.

Some hesitancy has been expressed by people returning money in the envelopes sent out with the stamps, fearing that they will be taken from the mails. The postmaster, however, has taken special charge of the return of these envelopes, so it is practically assured that none will go astray.

Again some people, who would like to make a larger contribution than \$1, but feel they cannot do it, look on the dollar return as too small. A member of the committee said today that if every person returned \$1 for the 100 stamps sent, the association's objective would be realized, and, after slight loss was the amount asked and expected. If anybody felt free to send more, that was to be decided by themselves, but the \$1 contribution from all would achieve the aims of the committee.

SIX NAMES ADDED. Council of Board of Trade Enlarged Today

The officers and members of the council of the Board of Trade, elected at the annual meeting, met this morning to elect six additional members of the council. Those elected were A. Patterson, G. E. Barbour, H. P. Robinson, A. H. Wetmore, N. P. MacLeod and W. E. Scully. The first meeting of the new council will be held on Tuesday morning next at 11 o'clock.

Mayor White said that it might be well to wait and see if the government would pay the entire cost of a bridge. He could appreciate the feeling of Commissioner Frink, who since he had been acting as head of the ferry department had come to a fuller realization of the need of some other means of communication with West Saint John.

THINKS BLAZE ON WEST SIDE WAS INCENDIARY

Fire Marshal Expresses Opinion Regarding Fire in Cattle Shed

CHARGE AGAINST MAN AT FREDERICTON JCT.

Warrant for George H. Hallett Sworn in Three Tree Creek Case

When asked this morning if he thought the fire in the cattle sheds at Sand Point, last Sunday, was of incendiary origin, H. H. McCallan said that he could not believe anything else in the face of the testimony gathered by him during his investigation of the matter.

In some quarters, it was learned this morning, the theory has been advanced that, owing to dissatisfaction among certain elements, it was felt that there had never been sufficient watchmen placed on duty in the sheds, the fire had been set for the purpose of showing the formation of the sheds to the north country. This is the basic reason for the fire, according to the fire marshal, and he is of the opinion that a sufficient number of watchmen were not employed on the government property at Sand Point.

According to evidence taken by the fire marshal the opinion was expressed by several that the fire was of incendiary origin. The watchman who was on duty at the time of the outbreak of the fire was attending the furnace about 1,000 feet from where the blaze was first discovered, it was stated by H. G. Gibson.

FREDERICTON JCT. CASE. Yesterday at Fredericton Junction before Magistrate George W. Smith, information was laid against George H. Hallett, who resides near Fredericton, charging him with being the instigator of the fire that last April destroyed a property owned by the Three Tree Creek. A warrant was sworn out for the arrest of Hallett.

Eltinge Elmore, field representative of the International Brotherhood of St. John to help organize a branch of the Kiwanis Club here. \$100 membership in the club, which is now 100,000. With 16,000 clubs organized. There are two branches in the city and two in the province. H. S. Higman, Ottawa is the Kiwanis Governor for Canada. Mr. Elmore will be host to dinner tonight at the Admiral Beatty Hotel where he is registered, when several prominent members of the city not connected with existing luncheon clubs will endeavor to form a branch of the Kiwanis Club here.

E. Elmore is in City Today on Organizing Mission—Meeting Tonight

WILL DISCUSS NEW SCHOOL FINANCES. City Committee and School Trustees to Have Meeting Friday Morning

Mayor White announced this morning that a special meeting of the committee of the whole would be held tomorrow morning at 11 o'clock at the request of the chairman of the Board of School Trustees. It was desired at this meeting to take up with the council the matter of expenditure on the Vocational School.

It was desired to get this matter closed before the end of December. His Worship said, in order that the provincial government might get the grant from the federal government, which would lapse with the end of this year.

MINNEDOSA AND S.S. MONTCALM AT WEEK-END. The latest report on the Canadian Pacific steamer Minnedosa is that she is expected here about 8 o'clock on Saturday evening. She is coming from Antwerp, Southampton and Cherbourg and has 98 cabin and 401 third class passengers.

The Canadian Pacific steamer Montcalm, from Liverpool, is bringing 65 cabin and 228 third class passengers. She is expected to reach port about 10 o'clock on Saturday morning.

PERSONALS. Mr. and Mrs. J. H. Kierstead, Robtson, announce the engagement of their daughter Rosa D. to A. Victor Thompson, the marriage to take place in the near future.

The conditions of Harold Chapman, son of Mr. and Mrs. George Chapman, 64 Lancaster street, West, who recently underwent a serious operation in the General Hospital, remains unchanged.

Mr. and Mrs. Clifford I. Robinson, Charlotte street, have as their guest Mr. Robinson's aunt, Mrs. W. J. Raymond, of Montreal.

Mrs. W. W. Baird arrived in the city today from Philadelphia to attend the funeral of F. B. Ellis, former Arthur D. Welch, of Portland, Me., lawyer and student of international affairs, who lectured in Imperial Theatre last evening on the Mexican question left today for Moncton where he will speak tonight.

Robert S. Ritchie returned from Montreal today.

E. Palmer Kinman returned from Upper Canada on the noon express.

Miss Morgan of New York is visiting her sister, Mrs. Lunney, wife of Dr. E. W. Lunney.

A. C. Currie, manager of the Eastern Steamship Co. here has returned from Boston.

IN MEMORIAM. BROWN—In sad and loving memory of Mrs. George A. Brown, wife of W. Brown, who died Dec. 8, 1925.

One year has passed, Dear Mother, since you and we did part. Oh, what would we give today to sleep you to our hearts.

HUSBAND, DAUGHTER MADE-LENS, SONS BOY AND VICTOR.

Experience of Saint John Man With Slick Thief On Train Warning To Others

A prominent Saint John business man suffered a considerable monetary loss through the operations of a slick Bostonian last week, it has just become known. He was seated in a Pullman in Boston station, with the train starting in a few minutes. Entered a well-dressed, gentlemanly-looking man, who seated himself near by. He had not been relaxing on the plush-covered upholstery more than a few seconds when the man, who had been sitting next to him, while an expression of anxiety settled on his countenance. "I'm sorry, but I have a fix," he exclaimed to the Saint John man. "I've just been married, and I find I've come away with that amount out of my pocket. 'I've no time to go back, as the train is about to leave. Do you think you could help me out till we get to Portland?' The man's appearance was such as to justify confidence in his story and he was such a good actor that the traveler from here was impressed and sympathetic and agreed to meet the other's wishes. About \$40, he had said, would see him through. Taking some bills—about \$30 or \$35 from his pocket, he was starting to count off \$40, when the stranger snatched the roll and ran from the car. The Saint John man speeded after him and the chase continued through the train shed, but his eye catching sight of a clock, the local man saw he had but one minute before the train time, and he had to give up his money or lose his trip home. He chose the former alternative. On relating his experience to a friend, he was told that he was not the first to have been so played upon and that there appeared to be a band of these thieves trying this game recently. And so the story is told as a warning to others.

BIRD SANCTUARY PROVING SUCCESS

High Bruce left for Truro today. He told a Times-Star reporter that the initial stages of the establishment of a bird sanctuary in Rockwood Park have turned out quite up to expectation, if not better. Several young birds bred here and a bird sanctuary is being planned for the winter season this fall, and may bring back with them in the spring scores of others and eggs from various parts of the country. This is the basic reason for the establishment of the sanctuary, let them fly away and then they naturally return to the native haunts, and the birds are guided to the next season it is expected the birds held for breeding purposes will be sold to the public. The plan is to further extend this scheme of establishing a landing place for hundreds of thousands of migrants in season.

CHARGES AGAINST LAWYER REPORTED. Name Not Announced in Connection With Barristers' Council Meeting

It was learned this morning that charges concerning the professional conduct of a Saint John barrister were aired at a special meeting of the council of the New Brunswick Barristers' Society, held yesterday in Fredericton. Dr. F. R. Taylor, K. C., president of the society, said this morning that a special meeting of the council had been held for the purpose of hearing the charges, but he refused to say what the outcome had been and to whom the charges had been substantiated.

While the exact nature of the charges has not been made public, it was intimated that they concerned a monetary transaction. The barrister in question was not present at the meeting and it is not known whether a defence was made to the charges. The name was not given.

DIES AT AGE OF 95

Mrs. Elizabeth Egan Passes Away in City

At an early hour this morning Mrs. Elizabeth Egan, widow of Patrick Egan, died in her home in the city at the age of 95. She was born in the city and was a member of the Holy Cross Cemetery.

Ford Officials To Visit Saint John

H. R. Campbell, vice-president and manager of the Ford Motor Company of Canada, Ltd., and B. B. Muir, formerly advertising manager and recently promoted to sales manager, will visit Saint John on their way to the export fields, returning from England to Ford, Ontario, last June. The two men will be in Saint John for a few days on their way to the export fields in the east. They have only recently completed a tour of Western Canada.

Estate of Late John A. Pugsley In Probate

Letters testamentary have been granted in the estate of the late John A. Pugsley to William G. Pugsley, his brother, who was named in the will as the sole executor, and beneficiary. There was \$8,000 life insurance payable to the executor. The value of the estate was nominal.

TOYS FROM OVERSEAS

After a long voyage, C.G.M.M. steamship Canadian Trapper, arrived in port yesterday from London and Antwerp, bringing a large cargo of general freight, including a large shipment of toys. The weather all day across was very stormy. On last Sunday night the ship encountered the westerly storm, which was so severe that the ship was forced to anchor in weathering it. Off Cape Race last Tuesday night, a heavy northerly gale was encountered, but no damage except delaying the ship.

Three Slightly Hurt In West Side Sheds

Three accident cases were treated at the emergency hospital this morning, none of the injuries being serious. James Carberry, working in No. 3 shed slipped on the track and sprained his right foot. After treatment he returned to work. Joe Lizotte, working in No. 6 shed had the muscles of his back hurt when a bag of four fell on him. After being treated he was sent to his home, Chapel street. Frank Crawford, working in No. 1 shed had the skin taken off both thumbs. He returned to work after having the wounds dressed.

COUNTY HOSPITAL.

The monthly meeting of the Board of Commissioners of the Saint John County Hospital was held this afternoon in the office of the county secretary. It was possible the estimates for 1927 would be taken up.

IN MEMORY

The Saint John High School was closed this afternoon out of respect to the memory of Miss Annie Blanche Myles, late Grade 10 teacher, whose funeral took place this afternoon.

HAWKS AND OWLS IN HORDES PREY ON GAME BIRDS

Local Fish and Game Association Gets Letter From Boston

DRIVEN NORTH BY SCARCITY OF FOOD

Investigation in New Brunswick Asked for by Committee

The Saint John branch of the N. B. Fish and Game Association has received a communication from the committee on ruffed grouse investigation, Boston, in which attention is called to the migration of predatory hawks and owls and asking help of the local association in protecting game from these birds.

Copies of the letter have been sent to the ten other branches of the N. B. Association and at the annual meeting here of the Saint John branch this week the matter will be discussed and members asked to co-operate.

The following is a copy of the letter from the Boston committee: "The New England grouse, particularly the ruffed grouse, is being driven north by a tremendous flight of hawks, owls and other predatory animals driven from their nests by a scarcity of food. The birds are likely to be very seriously depleted in numbers by this great migration of predators and it is an important bearing on the ruffed grouse situation. The New England grouse, particularly the ruffed grouse, is being driven north by a tremendous flight of hawks, owls and other predatory animals driven from their nests by a scarcity of food. The birds are likely to be very seriously depleted in numbers by this great migration of predators and it is an important bearing on the ruffed grouse situation.

TELL ABOUT WORK IN SHORT SPEECHES

Central Baptist Men's Brotherhood Enjoy Good Program—Thirty in Attendance

The Men's Brotherhood of Central Baptist church held a successful social in the church parlors Tuesday evening. The president, Arthur L. Clark, presided and there were grocers, a lawyer, doctors, clergymen, insurance men, accountants, mechanics, furriers, telephone mechanics, railwaymen, druggists, coal dealers, salesmen, shoemakers, teamsters, etc. The social ended with the serving of refreshments under the direction of Herman Wheaton and Estay McKim. The chairman thanked all who had contributed to the success of the evening. More than 30 were present. Rev. B. D. Knott is teacher of the brotherhood.

L.W. MOWRY CHOSEN AS CHIEF RANGER

Not only in the office of the Saint John Globe in succession as his respected father, the late Senator John V. Ellis—a conspicuous figure in the political arena of the province in the formative period following Confederation and up to the time of his death—F. B. Ellis proved of service to his fellow citizens as treasurer of the Home for the Aged, as president of the Natural History Society, at one time secretary of the Tourist Association, in the Board of Trade, the Canadian Club and assistant in projecting the "Our Ladies' Home, long since successfully established. A high sense of citizenship and a high sense of duty were characteristic of the public affairs of this country in general, and the Maritime Provinces and New Brunswick in particular, while in Saint John civic affairs he was a master of detailed information covering important periods of development and progress. He was blessed with a remarkably retentive memory and a gift for assimilating data. His personal acquaintanceship with wide and public men on both sides of politics and permanent officials in Canada's administrative circles were his friends. He was of scholarly attainments, an enthusiastic traveler in distant parts, a student of art and literature.

Court Quagondy of Foresters Elects—Public Installation Next Month

At a largely attended meeting of Court Quagondy, No. 1,572, I. O. F., held in the Temple Building, Main street, last night, the following officers were elected: Thomas A. Armour, court deputy; Hon. W. F. Roberts, court physician; E. W. Mowry, C. R. B.; R. F. Brittain, J. B. D. W. Brown, P. C. R.; George Chase and F. L. Belyea, financial committee; D. W. Brown and F. L. Cameron, trustees. The officers will be installed publicly in January, and an efficient committee has been appointed to arrange this. High Court officers and members of sister and subordinate courts will be in attendance.

Government To Meet On Dec. 14

It was announced today by Premier Baxter that a government meeting would be held in Fredericton on the evening of December 14th.

SHOPPING DAYS TILL CHRISTMAS

Bevies, all little boys. You had better not run loose. Instead of gifts for Christmas you will likely get the deuce.

In Canadian newspaper circles Mr. Ellis was respected as an executive man of integrity. In the Canadian Press Association he held the position of vice-president until a recent date, an office which brought honor upon him from youth in the printing press and the various branches of newspaper work of the dominion. Brought up from youth in the printing press and the various branches of newspaper work of the dominion, he was identified with the constructive work of the dominion. Brought up from youth in the printing press and the various branches of newspaper work of the dominion, he was identified with the constructive work of the dominion.

Stricken By Death

FRANK B. ELLIS. Former proprietor and editor of the Saint John Globe, who was stricken by death at his residence here early today.

LATE EDITOR OF GLOBE IN HIS 60TH YEAR

Passes Away After Several Attacks in Last Few Years

ACTIVE IN WORK FOR COMMUNITY GOOD

Tributes Paid at City Hall by Mayor and Commissioners

THE funeral of Frank B. Ellis, one of Canada's foremost newspaper men, up to a few months ago editor of the Saint John Globe and chief proprietor, will be held Saturday afternoon at 2:30 from the family residence, Queen Square. Relatives living in Western United States and British Columbia will, obviously, be unable to attend. They have wired family messages. Mr. Ellis died about 2 o'clock this morning, following a seizure on Tuesday.

The funeral will be from the late residence of Mr. Ellis, Queen Square, and services will be conducted by Rev. C. G. Lawrence of Trinity and Rev. B. G. Fulton of Centenary church. Mr. Ellis had but recently passed his 60th birthday.

Mr. Ellis was so thoroughly at heart an enthusiastic member of the Saint John community, knowing the needs of the city's progress, the needs and potentialities of New Brunswick, in the great scheme of Canada, that death today elicited expressions of regret from men and women with whom he had been in contact for years from the rank and file of citizens in general. Messages of condolence poured into the Queen Square home during the forenoon, some by wire.

AT DESK THOUGH ILL. Although stricken several times during the past few years Mr. Ellis courageously returned to his desk and personally directed the editorial policy of his paper until it was sold a few days before he died. He remained in his chair in an advisory capacity during the transition of ownership and following John Haggerty's purchase of the paper. Mr. Ellis carried on valiantly to the last, uncomplaining and cheerful.

IN COMMUNITY WORK

Not only in the office of the Saint John Globe in succession as his respected father, the late Senator John V. Ellis—a conspicuous figure in the political arena of the province in the formative period following Confederation and up to the time of his death—F. B. Ellis proved of service to his fellow citizens as treasurer of the Home for the Aged, as president of the Natural History Society, at one time secretary of the Tourist Association, in the Board of Trade, the Canadian Club and assistant in projecting the "Our Ladies' Home, long since successfully established. A high sense of citizenship and a high sense of duty were characteristic of the public affairs of this country in general, and the Maritime Provinces and New Brunswick in particular, while in Saint John civic affairs he was a master of detailed information covering important periods of development and progress. He was blessed with a remarkably retentive memory and a gift for assimilating data. INTERESTING OLD SEXTANT FOR MUSEUM

Presented by Dr. McIntosh—Fund Started to Purchase Rare Specimens

An old sextant with a very interesting history has been purchased by Dr. William Macintosh, curator of the Natural History Museum, and by him presented to the Society.

One member of the audience quickly appreciating the facts of the situation promptly offered to make a donation towards the establishment of such a fund.

FOR MARINE ROOM

The sextant which was indirectly the means of inaugurating the purchasing fund will have a place of special interest in the marine room at the museum.

HALIFAX ELEVATOR WILL BE IMPROVED

Extra Conveyor Gallery to Be Constructed, Says Malcolm

OTTAWA, Dec. 8.—Increased loading facilities at the government grain elevator at Halifax has been decided on.

Hon. James Malcolm, minister of trade and commerce, announced tonight that an additional conveyor gallery will be put under construction forthwith.

TOOK PART IN PLAY

Among those taking part in the dramatic comedy "A Village Lawyer" presented by the Dominion Dramatic Club in Victoria street Baptist church hall on Tuesday night, was Miss Sylvia Ham.

Don't Worry—the Car's alright

Don't let car worries spoil your enjoyment of the season. Even if it is below zero and you have parked in the open no damage will come to it if there is Maple Leaf Anti-Freeze in the radiator.

There is no other Anti-Freeze just as good as Maple Leaf Anti-Freeze, it keeps the car freeze-proof at any temperature, it keeps the cooling system entirely free from choking, rusting or scaling, it allows free and clean circulation at all times—It is the only Anti-Freeze that can be tested when desired for freezing resistance.

Avail Yourself of "Alco-Meter" Service

Every garage or filling station displaying the "Maple Leaf" sign sells Maple Leaf Anti-Freeze and is equipped to render "Alco-Meter" Service. With the "Alco-Meter" and the Maple Leaf chart they can quickly tell you if the mixture is on the safe side or if it needs strengthening.

Canada's First U. S. Envoy Is Rich and Talented

VINCENT MASSEY, SKETCHED FROM A PHOTOGRAPH

TORONTO, Dec. 9.—The Honorable Vincent Massey, Canada's first minister to the United States, is a young man for so important a post.

Massey is not a self-made man in the accepted sense. He rather is that type of Canadian known as the "gold-spoon" Canadian, born to wealth and culture and fine surroundings.

HAS SCHOLASTIC MANNER

A rich young man, with every opportunity, Massey has been well educated. He was born in Toronto, and received his early education at St. Andrew's College, and Toronto University.

SERVED IN CABINET

Prior to his defeat in the last Dominion election he was made a minister of the Liberal government, holding rank in the cabinet without portfolio. This largely was due to the fact that at the time he was president of the firm of Massey-Harris Co., Ltd., established by his grandfather.

CHRISTMAS AT SAILORS' HOME PLANNED FOR

Ladies' Auxiliary of Seamen's Institute Expect to Entertain About 500

The Seamen's Institute Christmas treat for the sailors in port will be held this year on the evening of Dec. 25, when it is expected that about 500 sailors will be entertained.

WILL WELCOME GIFTS

The nature of the treat will depend upon the generosity of the friends of the sailors. Each Christmas many gifts are received for the sailors' treat and the auxiliary hoped that the gifts this year would come in an abundant measure.

SHOWS DISCRIMINATION

The magnificent furnishings of Hart House, the paintings, the books, the great organ, the theatre and the wide provision for various sports, all show the nature of a man who thinks in many directions, and who possesses unerring discrimination in the search of beautiful things.

6 LINERS TO CALL IN HALIFAX SHORTLY

HALIFAX, Dec. 8.—The Ocean terminals of Halifax will have a busy week-end when six trans-Atlantic liners will call from Friday to Monday, four taking Christmas passengers, mails and freight to the Old Country and Continental ports, and two coming from Europe to land passengers.

Base Formed in Maine to Fight Liquor Traffic

SOUTH WEST HARBOR, Me., Dec. 8.—Several coast guard patrol boats have arrived from Rockland to make their headquarters here for the present, acting as a base for both land and water operations against liquor smugglers, who may try to bring in liquor for the Christmas trade from Canadian points.

NOVA SCOTIA FRUIT BODY ELECTS LADY

KENTVILLE, N. S., Dec. 8.—For the first time in the 63 years of its existence the Nova Scotia Fruit Growers' Association, at the close of the annual meeting here today, elected a woman as vice-president.

8 doctors out of 10 advised Nujol type of treatment

DOCTORS from coast to coast were recently asked whether they advised the Nujol type of constipation treatment to their patients. 80.7% answered "Yes".

Doctors Advise Nujol Nine doctors out of every ten told us they were advising the Nujol type of treatment for their patients in place of laxatives and for these reasons: 1. Nujol is not habit-forming; 2. A more natural method; 3. A lubricant is better than a laxative; 4. Does not gripe; 5. Is not irritating; and 6. Nujol gives lasting relief.

Unlike Laxatives Laxatives and cathartics act by irritating the intestinal tract. They cause the bowels to frantically expel the contents of the intestines and thus rid the system of the drugs that pills and potions contain.

Nujol For Constipation. Get a bottle of Nujol from your druggist today. Doctors advise it for constipation, whether chronic or temporary. Avoid substitutes.

EX-EMPRESS IS TRAGIC FIGURE

Marie of Russia now Living Quiet Life in Denmark

LONDON, Dec. 9.—There is no more tragic figure in all Europe than the aged Empress Marie of Russia, who, in her native land of Denmark clings to the pathetic belief that somewhere in their own country her son, Nicholas II, and his family are hiding.

Admiral Poliakoff gives us a sharply etched picture of a woman, who, in the long list of pitifully inefficient and selfish rulers of Russia stands out by reason of her tenderness, her virtues, and her wisdom.

Sister of Queen Alexandra, Princess Dagmar, as she was known on her marriage to the Grand Duke Alexander, was brought up with much simplicity in her Danish home.

She was engaged to the Grand Duke Nicholas, heir to the Russian throne, with whom she was deeply in love. He had always been delicate, and his illness ended fatally. On his deathbed he begged his brother Alexander to take his place and make Dagmar happy.

After the marriage of her son, the Emperor Nicholas, to Princess Alice of Hesse, afterwards known as Alexandra, there began that dramatic conflict between the Dowager Empress and the Empress which makes one of the most interesting studies in history.

The Dowager Empress exercised considerable political influence on her son, and the story of Russia might have been vastly different had not a few years of Nicholas allowed his mother's influence to continue to rule his life.

RASPUTIN'S INFLUENCE

The greatest anxiety was felt by the Dowager Empress when she found that the young Tsaritsa was almost wholly under the influence of the disreputable Rasputin.

Alexandra does not appear to have been much impressed with him at first, but when she learned that he served on behalf of her son Alexis, and she accepted them, she had unconsciously settled her own doom.

Alexis was to die if a miracle did not appear. Grigory offered his services. He prayed for the last two years, and brought splendid results, it was said yesterday by Miss H. Dykeman, director of Public Health Nursing Services, who has lately visited Campbellton to confer with Miss White, the local public health nurse, regarding the work there. From June to November this year there were only nine deaths of infants under one year in Campbellton, while in the previous year the number of infant deaths in that period was about 11 or 12. During those two years the public health nurse was carrying forward special measures of infant welfare. In the year preceding that is in 1924, there were 28 infant deaths in same period.

FISHERMEN SUFFER HEAVILY IN STORM

14 Digby Vessels Lost and Damage Runs Into Thousands of Dollars

DIGBY, Dec. 8.—It is estimated that at least fourteen shore fishermen's boats were sunk or badly damaged along the coast of Digby county in the blizzard of Monday. Those who have reached town from points along Digby Neck on the Bay of Fundy shore carry stories of the terrific storm. Tremendous seas picked up the fishermen's boats and swamped them in a moment.

Waves as high as an ordinary house rolled in on the rocky shores and smashing against the breakwaters, sent the spray one hundred feet in the air. From all accounts the storm was the worst that ever happened off the Digby coast.

MONETARY LOSS GREAT.

The boats that are lost or damaged represent many thousand of dollars, and the fishermen suffered a heavy blow.

The roads along Digby Neck were broken today and the first mail arrived this morning since Saturday.

The government pier at Digby was also damaged.

U. S. BODY TO SIFT GOULD PAYMENT

Stories of \$100,000 Gift to Officials in Rail Job Here to be Aired

WASHINGTON, Dec. 8.—Investigation of stories of a payment of \$100,000 by Senator Gould, Republican, Maine, to New Brunswick officials in connection with a railroad contract will be conducted by a subcommittee of the Senate elections committee headed by Senator Goff, Republican, West Virginia.

The investigation was ordered by the Senate yesterday on motion of Senator Walsh, Democrat, Montana. Other members of the subcommittee appointed are Senators Shortridge, California; Denness, Illinois; Republican, and King, Utah, and George, Georgia, Democrats.

The first meeting of the subcommittee has been called for next Monday morning, and at that time, Senator Gould and Senator Walsh will be invited to appear and designate the witnesses they wish summoned.

Long Tresses Win Queenly Honor

For the first time in six years a girl with long tresses has been selected queen of the freshman class of the University of Oklahoma. She is Miss Eleanor Jane Bowman, 17 years old, of Pauls Valley, who won a field of seven. She is an attractive brunette.

Campbellton Welfare Work Brings Excellent Results

Miss Dykeman Tells of Reduction of Infant Mortality There

The intensive infant welfare work that has been carried on in Campbellton, N.B., during the last two years, has brought splendid results, it was said yesterday by Miss H. Dykeman, director of Public Health Nursing Services, who has lately visited Campbellton to confer with Miss White, the local public health nurse, regarding the work there. From June to November this year there were only nine deaths of infants under one year in Campbellton, while in the previous year the number of infant deaths in that period was about 11 or 12. During those two years the public health nurse was carrying forward special measures of infant welfare. In the year preceding that is in 1924, there were 28 infant deaths in same period.

MISS WHITE IN CHARGE.

In 1924 infant welfare work was hardly touched. The high infant mortality rate that year drew attention to the great need of special work. Miss MacPhail was placed in charge as public health nurse and through her efforts that rate was reduced by more than half. Miss White, who is following Miss MacPhail, is carrying the work forward with still greater success and has been able to reduce the number of infant deaths still further. The great distances between different sections of the town has made the work of the nurse more difficult as much time is lost in getting from place to place.

Many Japanese In Fishing Industry

TOKYO, Dec. 9.—The people of Japan generally are regarded as silk growers or rice farmers, but, as a matter of fact, a large proportion of the population is fishermen. It is estimated that more than 2,000,000 Japanese gain their livelihood from fishing. The value of marine products harvested yearly is in the neighborhood of 251,000,000 yen.

While it is well known that Aspirin means Bayer manufacture to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

GLASGOW DRIES AND WETS WIN VICTORY

Local Option Vote Leaves Things Pretty Much as They Were

Canadian Press Despatch.
GLASGOW, Dec. 8.—The vote taken on local option in 10 of Glasgow's 17 wards yesterday leaves things much as they were formerly.

Park ward a high class residential district, voted for the repeal of the limitation of liquor licenses. This partial "wet" victory, however, is discounted by the result of the polling in Pollock Shaws, a large industrial area, which voted for a reduction of one-fourth of the number of licenses.

The net result of the voting in the 16 wards is that the "wet" wards have shown a decided preference for the retaining wet while some of the 16 wards which have had a limited number of licenses have maintained this policy by only the narrowest majorities.

More Beer Licenses In Province Granted

FREDERICTON, Dec. 8.—Sixteen retail licenses have been granted on the recommendation of Chief Inspector W. L. McFarlane, to the following: William A. Flowers, Shediac; Robert W. Hammond, Edmundston; Andrew V. Landry, Caraquet; C. Allison Peck, Hillsborough; John A. Atherton, and Ira McAfee, Woodstock; Lager Drug Company Ltd., Moncton; Evelyn S. Sherman, Milltown; Gaudiose Chouinard, St. Quentin; C. Allan Poole, Woodstock; Ralph G. Henderson, Sackville; Joseph Cumberland, Drummond; Donald Fraser, Chatham; P. Hefferman, Perib; Ella F. Hunt, Fredericton; Ralph Logan, St. Stephen; Lowell Fairweather, Sussex.

Society Seeks Entrance Here For 6,000 Jews

TORONTO, Dec. 8.—The Jewish Immigrant Aid Society will request the Dominion Government to admit to Canada 6,000 Jews from European countries during 1927. The society is recognized as the official agency through which Jewish people may be brought to Canada. The quota this year was 3,000.

ELECTION OFFICERS SEEKING CHECKS

Not Paid Yet For Work in Federal—No Undue Delay Says Sheriff

The officials who were appointed to conduct the recent Federal election in Saint John-Albert district have been wondering when they will receive their remuneration for services rendered. None of them has as yet received any payment. Sheriff A. Wilson when asked about the matter yesterday said that the pay checks would not pass through his hands but would be sent directly to those who had served as officials. He did not think there was any undue delay in the sending out of the checks and said that he had been informed that the checks were being issued at the rate of 1,500 a day from the central office which was about as fast as the work could be handled.

1,800 OFFICIALS HERE

There are about 1,800 of the officials in this electoral district and since there are 245 electoral districts and probably 1,800 officials in an average number for each consti-

WRECKED VESSEL LOADED AT ALBERT

Had Lumber and Lath Cargo From Saint John Firm

HOPEWELL HILL, Dec. 8.—The three-masted schooner W. N. Reinhart reported ashore and likely a total wreck near Provincetown, Mass., had a cargo of 308,000 feet of long lumber and 144,000 laths, shipped by the Bonny River Lumber Co. at Albert, and consigned to Sheppard & Morse, Sibley Island, New York. The schooner cleared at Albert ten days ago. One of the rescued men, Leslie White, belonged to Harvey and was a son of the late Freeman White. It was while the schooner was at Albert, just ready for sea, that the vessel's cook, Albert Tower, of Sackville, the captain's brother-in-law, was lost, it was supposed, falling off the deck into the Sleepy River. The body has not yet been recovered. News of the wreck of the vessel, which belonged in Sackville, was received by the Bonny River Company here yesterday.

TRUCK IN TROUBLE.

One of the Fundy Company's motor trucks got into difficulties yesterday afternoon when proceeding down King street. In turning in to permit other traffic to pass, the large truck became embedded in the deep snow and it was necessary to resort to the use of shovels before it could be moved.

Imports of rubber heels into Japan are doing away with wooden sandals.

The work of issuing checks is somewhat arduous. In the meantime the election officials are hoping the government will see its way clear to hurry despatch of the checks.

IMPROVEMENTS AT HISTORY MUSEUM

Coin and Fossil Collectors Now Shown to Better Advantage

Much work has been done at the Natural History Museum recently by Dr. William Macintosh and his assistant, Miss Leonora Belyen, in rearranging cases and showing various collections to better advantage. For some time they have been busy on the collection of coins, and have polished the faces of some of the oldest of the coins in order that the inscriptions may be more readily decipherable. The coin collection will be shown to better advantage now that the rear stairway on the main corridor of the museum has been removed.

The coins are always prime favorites with visitors and at almost any time during the visiting hours there is at least one person bending over the case eagerly scanning the contents. The coins have been placed on grey tinted paper which shows them off very effectively.

The collection of fossils is now undergoing a cleaning process and is being carefully labeled. The fossils are too numerous to be all displayed in the confined quarters of the museum, but they are kept in well constructed cases in order that students may have ready access to them.

HAD SUFFERED FOR YEARS WITH RHEUMATISM

Tried many remedies—Simple home treatment brought relief

A sufferer from acute rheumatism for many years, a Winchester, N. H., man at last found that he could always get rid of the pain, and relieve the swelling and stiffness by a simple home treatment.

"After trying various remedies," he writes, "Sloan's Liniment was recommended to me, and it stopped the pain."

What is the reason for these remarkable results?

Simply that Sloan's doesn't just deaden the nerves. It stirs up your own forces to get rid of the conditions that are causing the pain.

Apply lightly without rubbing, and at once you'll feel the comforting warmth as fresh, healing blood begins circulating through the affected spots. The stiff, swollen tissues relax, the inflammation goes down, the pain stops, and soon you feel normal again. Get a bottle today and have it on hand. All druggists—35 cents.

Tough!
—the high cost of smoking.

TREND OF VALUES CONTINUES AT MONTREAL OPENING

ALCOHOL, MOST ACTIVE, MOVES UP FRACTION

Wall Street Prices Tend Toward Higher Levels

MONTREAL, Dec. 8.—The general trend of values continued mixed at the opening of the local stock exchange this morning. Alcohol was again the most active leader and revealed an irregular trend. Opening up one-eighth at 3 1/2, this issue advanced to 3 3/4, eased back to the opening price of 3 1/2, but in later transactions again sold at 3 3/4. Breweries were off five-eighths at 105; Dominion Bridge gained five-eighths at 115 1/2. Power lost three-eighths at 70 1/2, and Smelters was up a quarter at 35 1/2.

FUR FARMS IN CANADA BRING IN BIG REVENUE

Total in Operation Include 2,117 Fox Farms and 59 Mink

TORONTO, Dec. 8.—Preliminary figures on the fur farms of Canada for the year 1925 indicate continued expansion of the industry.

The number of fur farms in operation in 1925 comprised 2,117 fox farms, 59 mink farms, 50 raccoon farms, five skunk farms, four marten farms, three fisher farms, one chinchilla rabbit farm, six rabbit farms, one Siberian hare farm, and one Caracul sheep farm—a total of 2,248 farms.

The total value of fur-bearing animals on the farms for the year 1925 was \$9,793,371, which the fur farms contributed \$3,727,148 and the miscellaneous fur-bearing animals \$6,066,223.

The silver fox breed of the fur farms is of chief importance, the value of these animals in 1925 representing 29 per cent. of the total value of all fur-bearing animals on the farms.

The revenue derived by the fur farms from the sale of pelts for the year 1925 was \$4,445,068, or 14 per cent. of the total value of the fur-bearing animals on the farms.

The number of live fur-bearing animals sold in 1925 was 15,906, of which 12,004 live animals sold for \$445,068, or 14 per cent. of the total value of the fur-bearing animals on the farms.

The number of live fur-bearing animals sold in 1925 was 15,906, of which 12,004 live animals sold for \$445,068, or 14 per cent. of the total value of the fur-bearing animals on the farms.

MARKET IMPROVES FOR CANADIAN PULP

MONTREAL, Dec. 8.—The earlier evidences of improved market conditions for the output of Canadian pulp mills have worked out satisfactorily in the latter part of the year, and the average for the ten months to the end of October shows an improvement in all four classes that are subdivided in export records.

1926 CAR LOADINGS TO SET UP RECORD

Total of 2,955,655 Reached to End of November of This Year

MONTREAL, Dec. 8.—There is now not the slightest doubt but that the record for car loadings in 1926 will be set up a new high record.

Last year they exceeded by a slight margin the record of 2,900,000 cars in 1925. The market closed at that price, and there were no offerings below \$20.50.

Total dealings on the Standard and Toronto exchanges were very active yesterday's burst of buying. The stock market, prior to its latest move, had been in a state of comparative inactivity.

With respect to the results itself, it can be said safely that development work has met with very favorable results. It will not be surprising, therefore, that the market has advanced to a level of \$20.50.

The price mentioned runs parallel with the price of the market, and many prospective buyers have been waiting for a better opportunity to purchase.

Certainly, interests closely connected with the distillery industry have been investigating the situation. It is stated that some of the distillers are well satisfied with the present position.

The foregoing shows a most interesting one, inasmuch as it indicates that the distillery industry is in a position to meet the demand for its products.

\$1,000,000 GAIN IN B. C. SMELTERS

Production For 9 Months This Year is Compared With That of 1925

VICTORIA, B. C., Dec. 8.—Estimates prepared by the Department of Mines show that the production of the B. C. smelters in the first nine months of 1925 was \$1,000,000 more than in the corresponding period of 1924.

The production of the B. C. smelters in the first nine months of 1925 was \$1,000,000 more than in the corresponding period of 1924.

MORANDA SHOWS UPWARD TREND IN TORONTO MARKET

TORONTO, Dec. 8.—A remarkable performance was given recently by Moranda Mine shares, when new high ground for all time was attained.

Remarkable Performance Given in Record Rise

MONTREAL, Dec. 8.—Financial Council says—Who, if anybody, is going to be the ultimate purchaser of Hiram Walker & Sons, Limited? The street has determined that someone or group will shortly acquire this old-established and prosperous organization.

The price mentioned runs parallel with the price of the market, and many prospective buyers have been waiting for a better opportunity to purchase.

Certainly, interests closely connected with the distillery industry have been investigating the situation. It is stated that some of the distillers are well satisfied with the present position.

The foregoing shows a most interesting one, inasmuch as it indicates that the distillery industry is in a position to meet the demand for its products.

With respect to the results itself, it can be said safely that development work has met with very favorable results. It will not be surprising, therefore, that the market has advanced to a level of \$20.50.

The foregoing shows a most interesting one, inasmuch as it indicates that the distillery industry is in a position to meet the demand for its products.

With respect to the results itself, it can be said safely that development work has met with very favorable results. It will not be surprising, therefore, that the market has advanced to a level of \$20.50.

The price mentioned runs parallel with the price of the market, and many prospective buyers have been waiting for a better opportunity to purchase.

Certainly, interests closely connected with the distillery industry have been investigating the situation. It is stated that some of the distillers are well satisfied with the present position.

ASBESTOS EXPORTS SLIGHTLY INCREASE

MONTREAL, Dec. 8.—Exports of asbestos from Canada are running very close to those of last year, with the totals showing a slight gain. Proportionately there is a somewhat better valuation. This condition is just what was anticipated earlier in the year, however, as late in 1925 United States firms had stockpiled fairly heavily and larger shipments were not looked for until late in the year.

LATE EDITOR OF GLOBE DIES IN HIS 60TH YEAR

(Continued from Page 8.)

work until he joined the writing staff he took full advantage of his father's prominence in politics, to fortify himself with information relative to Canadian affairs which stood him in such excellent stead throughout his life.

It was his chief relaxation of late years to visit Europe and enjoy progressive journals in the storied places of that old land. Much of his time was spent in London after passing through Europe via the Mediterranean route.

His wife and only son, Shirley B. of the editorial staff of the Saint John Globe, and residing at 71 Orange street, the late Mr. Ellis leaves four brothers, Dr. W. Leonard Ellis, 182 Prince street, West Saint John; George D. Ellis, Manager of Quebec Flour Mills, of this city; Joseph Ellis, barrister in Vancouver, B. C., and John Ellis, of the editorial staff of a paper at Yakima, Wash. Mrs. Edward H. Taylor, 228 Guilford street, West Saint John, and Mrs. Margaret Lawrence, 71 Orange street, are sisters.

REGRETS AT CITY HALL

Feeling reference was made this morning by the members of the Common Council to the death of Mr. Ellis and sympathy was extended to the family.

Mayor White said it was with the deepest regret he had learned of his death. His association with Mr. Ellis dated back a great many years and 20 years ago when he was in the mayoralty of this city. Mr. Ellis was a daily caller at City Hall. He had always found him a keen student of municipal affairs and in his death the city had lost a valuable citizen.

Commissioner Frink concurred in the sentiments and suggested that His Worship's remarks be made a matter of record and entered on the minutes of the Common Council. Commissioner Wigmore and Harding also paid tribute to the good citizenship of Mr. Ellis and supported the suggestion of Commissioner Frink.

FUSILIERS FORM COMMITTEES FOR THE CARRYING ON OF SPORTS

WILL TAKE UP FOOTBALL AND OTHER GAMES

Sport in Saint John Should Boom as Result of Action

SPORT in Saint John should receive fresh impetus by the formation of strong committees by the Saint John Fusiliers for the handling of the various games and pastimes. This organization has taken over the Saint John Hockey Club, which will not rest there as steps have been taken to have the club represented in other lines of sport as well as hockey. Besides the general committee, active and strong committees have been formed for the carrying on of football, basketball, hockey, baseball, rifle clubs and bowling.

SPECIAL COMMITTEES

Following are the special committees: Football: Capt. Heans, chairman; Lt. Millidge, vice-chairman; Maj. Gale, Lt. Miller, C. M. S. Hennessy; Sgt. Jones, C. M. S. Quinn, Capt. Gow, C. M. S. Morrison. Basketball: Lt. Grant, chairman; Lt. Jones, vice-chairman; Lt. Armstrong, Capt. Peters, Major Holder, Lt. Foster, Sgt. Morgan, Sgt. Dunham. Hockey: Major Bell, chairman; Major McQuade, vice-chairman; Lt. Gill, Lt. Schuchler, Lt. T. A. McAvity, Baundmaster Perkin, C. M. S. Parks, Pte. M. J. Jarvis. Baseball: Major Holder, chairman; Lt. Millidge, vice-chairman; Capt. Scott, Lt. Murray, Major McQuade, Capt. Warwick, Lt. Hamilton, Lt. Kee, Sgt. Horseman, Sgt. Summers, Sgt. Andrews. Rifle Clubs: Capt. Scott, chairman; Capt. Clawson, vice-chairman; Major Gale, Lt. J. H. M. Pettus, Sgt. Jones, C. M. S. Ferguson, Sgt. Jones, C. M. S. McLaughlin. Bowling: Capt. Harrison, chairman; Capt. Warwick, Major Gale, C. M. S. Moore, Lt. S. M. Pettus, Sgt. Jones, C. M. S. McKel. Field Uniforms: Major Bell, chairman; Lt. Armstrong, Lt. McCready.

Hockey Results

MOOSE JAW, Sask., Dec. 8.—Three thousand fans at the Stadium rink here last night and sat through 70 minutes of spectacular hockey as the Calgary Tigers and the Moose Jaw Minors battled to a 2 to 2 draw in the Prairie League's local opener. Overtime failed to break the deadlock. STRATFORD, Ont., Dec. 8.—After 14 minutes of fast and furious overtime playing, the Stratford Nationals to-night came out on the short end of a 4 to 3 score in their match here with the Hamilton Tigers. MINNEAPOLIS, Minn., Dec. 8.—Minnesota and Duluth hockey teams played to a 2-2 tie here tonight. An extra period was played, but no score was made. REGINA, Sask., Dec. 8.—Regina Cane went into first place in the Prairie Professional Hockey League to-night when they scored a hollow 9-1 victory over the Edmonton Eskimos. Manufacturing of split pine shake shingles has been revived on a commercial basis by Henry Ford, who has used the old fashioned shingles to restore historic buildings here has bought.

League Leading Senators Favored To Defeat Detroit Cougars Tonight

Maritime Situation Aired Before Executive of A. A. U.

"There will be no possible decision in the Maritime Provinces' case before Friday," Dr. A. S. Lamb stated last evening when interviewed. "The question of division of the Maritime branch cannot possibly reach the general session of the Canadian Amateur Athletic Union before that date," he said in concluding. An informal discussion between members of the Maritime Provinces branch of the Canadian Amateur Athletic Union, the New Brunswick branch of the union and the Nova Scotia branch, the latter two provincial branches only, and delegates of the C. A. A. U. took place yesterday afternoon here at the Admiral Beatty Hotel, where the general session of the annual meeting of the delegates of the Union to hear all three sides of the Maritime situation. The main meeting began this morning at 10 o'clock.

In a statement issued by the Maritime branch of the C. A. A. U. stated that all present at the meeting had been sworn not to disclose any of the discussion that took place within and absolutely not to divulge any information on the subject whatever. The meeting was held behind closed doors and with the exception of the delegates all others were barred.

CASE IS STATED

At 2:30 o'clock a meeting of the executive of the C. A. A. U. was held and following this representatives of the Maritime branch, the Nova Scotia branch, and the Nova Scotia and New Brunswick branches last evening. No information on the result of the meeting will be divulged until the case is presented to the general meeting on Friday, Dec. 18. Lamb stated. The meeting yesterday was an effort to get the point of view on the situation expressed by the various representatives and to reach the keynote. In general the meeting was an exchange of ideas.

COMMITTEES MEET

Last evening meetings of various committees were held. These were the resolution, registration and credential committees. The rules committees of boxing, wrestling, fencing, handball and gymnastics also met, but no information will be divulged until the next session, which starts this morning at 10 o'clock. Every province in the Dominion was represented as far west as Alberta. Among the prominent officials present were J. H. MacVicar, president; Dr. A. S. Lamb, honorary secretary; A. W. Covey, vice-president; P. J. Mulquhann, chairman of the Canadian Olympic committee, and others. Sam Doyle, president; L. B. MacMillan, secretary; Harry Bleakney, vice-president; and Charles Gillespie, represented the M. P. B. at the meeting. Norman MacLeod, the N. B. provincial body, and A. C. Pettus and A. W. Millie, the Nova Scotia body.

SESSIONS TODAY

The sessions today will open at 10 o'clock. Among the first business to be dealt with will be the receiving of reports from the credentials, resolutions and registration committees. Other reports will be submitted during the session which will continue until Friday. Today the meeting will be adjourned at noon for dinner to be reopened at two o'clock for the afternoon session. The Maritime case will not reach the meeting before tomorrow.

Slaves once were hired out to the U. S. railroads by their masters for \$20 to \$25 monthly, records of old railroads in the south reveal.

St. Pats Meet Blackhawks and Canadiens Play Pittsburgh

MONTREAL, Que., Dec. 9.—Ottawa Senators, possibly rejoined by Cy Denneny, wing man, who, with Finnegan, was hurt in a motor accident at Ottawa last week-end, play the Detroit Cougars at Windsor tonight. The two other National Hockey League games scheduled for tonight are Chicago at St. Pats, and Canadiens at Pittsburgh. Although Cougars have been showing fine form and have won second place in their standings, the Senators are favorites in the game. Nightingale is apparently back in form, judging from his showing at Chicago on Tuesday. At Toronto, St. Pats meet the Chicago Blackhawks, the team that gave them their first defeat of the season, and their supporters hope that the green shirts will lay their jinx where it started. Two old Toronto favorites are this season wearing Blackhawks sweaters, "Babe" Dye and Cully Wilson. Canadiens left at full strength for Pittsburgh, having come out of their hard encounter with Maroons without any serious injury. Pittsburgh, who have been resting up since Saturday, have speed to burn, working, as they do, two light fast forward lines. Canadiens have apparently hit their true form.

Local Hockeyists Are Rounding Into Shape

The Saint John hockey team had an hour and a half workout at the Arena last night under the watchful eye of Coach Larry McLennan. The coach reports a great improvement in the team over previous practices and it looks as if this city is to be represented by a first class aggregation this season. The first home game of the season is scheduled for January 7, so the boys will have plenty of time to get in shape before the opening encounter. Charlie Germain, world's champion skater, also had a light workout last night at the Arena and is getting in shape for the season's races. Charlie has not made known his plans yet as to what meets he will take part in, but it is distinctly understood that his title will not be involved until the Olympics of 1928. The usual skating night will be held at the Arena this evening. Colored motion pictures are being taken by means of a 30,000-watt incandescent bulb, the largest ever made.

Sport Potpourri

NEWCASTLE UNITED went to the top of the first division and Hull City went to the top of the second division on Saturday as the result of games in the English Association Football League, but each has the same number of points as the club immediately beneath it, so the upward move does not carry with it much significance. Sunderland lies second in the upper section with 24 points to 23 of Huddersfield Town and Burnley, whilst in division two Swavesey, runner-up, leads Middlebrough by two points, 26 to 24, and Manchester City holds fourth position with 25. In the Scottish League Motherwell, Glasgow Rangers and Aberdeen continue to show the way, 35, 24 and 23 points, respectively. THE "All-Black" from New Zealand sustained the heaviest defeat of their tour, Saturday, when they lost an international game against the pick of Welsh professional rugby footballers at Pontypool, 34 points to 8. In contrast to the visitors, the Welshmen tackled strongly, ran straight and hard and handled the ball cleverly. REPRESENTATIVES of 25 United States colleges attended the annual meeting of the Intercollegiate Lacrosse League, which was held Saturday and Sunday at the Hotel Pennsylvania, New York. It was the first two-day meeting the association had ever held and the largest representation present and the enthusiasm indicates that this sport is going to have a very active season in 1927. REPORTS that H. A. Jennings, former manager of the Detroit American League Baseball Club, it is said, to succeed T. E. Specker as manager of the Cleveland Americans are sent out from Scranton, Pa., Jennings' home. Jennings refused to confirm or deny the rumors.

Trojans Win From Y. M. C. A. Seniors

The I. O. F. Manchester Unity team took three points from the National Drug Company team last night in a match game on the Central alleys. The following is the summary: C. McConnell, 86 105 88 279 9-3; E. Carr, 83 91 82 266 88 2-3; L. Leaman, 72 66 76 214 71 1-3; J. Gilzean, 91 96 91 278 92 2-3; W. McKenzie, 87 83 83 263 87 2-3. Total, Avg. 417 443 440 1300. The Repeater team took three points from the National Drug Company team last night on the Central alleys. The following is the summary: J. O. F. M. U. Total, Avg. 312 299 308 949. The Carshop's team lost four points to the Railwaymen last night in a match on Black's alleys. The scores were 1,241 to 1,297.

High School and Knox Win Intermediate Basketball Contests

Trojans established a firm lead in the Saint John Senior Basketball League last evening when they trimmed the Y. M. C. A. quietlily by a 44-18 score. Malcolm was the big man for the winners scoring most of their points as well as outshining the other nine men on the floor in generalship. The winners although far from their last season's form but fair to take their place as one of the outstanding basketball squads in the east. The Y team, although up against a more experienced outfit, turned in a neat exhibition of the popular indoor pastime and in the second period with the Trojan reserves against them peppered the basket continuously.

High School ran into a snag against Rangers, but managed to pull out in a hotly-contested game, 48-39.

Table with 2 columns: Team, Score. Includes Trojans, Y. M. C. A., High School, Rangers, Patterson, Centre, Malcolm, Rockwell, Hollis, Josselyn, Kerr, Robertson, Sterling, Frost, Brown, Curren, Humphrey, Millidge, Referee, George Lockhart.

The Labor party of Ireland is urging a government loan for the reconstruction of State property destroyed during the fighting, work which is now being financed out of revenue.

The Very Amount You Had In Mind

\$20 for the down payment—and never mind the \$8 a month for 10 months, for the Moffat Electric can save that much every month on the lower Hydro rates. Giving Wife or Mother a Moffat Electric Range is a simple affair after all. And—Boy!—look what you are giving! An automatic quick cooker that cuts out all the cleaning and fire tending chores. Heat so sure and so steadily regulated on the turn of a button that you get better looking and better tasting meals, than ever before. Cooking no longer work, it becomes an Art and smarter dishes are set before you. Handier Every Way. Breakfast ready half an hour ahead of other stoves. An oven that cooks safely while the Missus goes marketing, operating on held-in heat, the current right off. Time for her to go calling or shopping in the afternoon. If she arrives home at ten to six the Moffat Electric helps her have supper on the dot. Enamel, Porcelain and Nickel outside, enamel lined oven with balanced-heat, no other like it. Choice of any type burner, liquid thermometer. With such exclusive features the Moffat costs no more than inferior ranges. Choose now to make sure of delivery and date of free installation. Open tonight. Our Own Hydro Canterbury Street. Open tonight.

BEAR RIVER SCHOOL HAS GOOD SHOWING

Splendid Marks Made by Students at Quarterly Examinations

DIGBY, Dec. 7.—The first quarterly examinations at the Bear River school, have been highly satisfactory, both from the standpoint of attendance, and the extra high marks made.

Grade 1, Winifred Young, 77; Ronald Rice, 75; Grade 2, Isabel Davis, 86; Harriet Woodworth, 81; Grade 3, Ira Davis, 88; Pauline Rice, 82; Grade 4, Lewis Langley, 89.9; Elipete Milligan, 89.6; Grade 5, Margaret Milligan, 81; Nancy McIntyre, 91; Grade 6, Rosalind Warren, 89; Bertha Dukeshire, 84; Grade 7, Marion Trade, 89.4; Henry Romans, 89.8; Grade 8, Woodford Harris, 84.1; Harriet Green, 84.

HIGH SCHOOL—Grade 9, Lillian Wade, 78; Alda Benson, 78; Grade 10, John Hamilton, Florence Peck, Grade 11, Mary Hirtle, 81; Marion Ford, 78.

DEMPSEY MAY FIGHT IN N. Y. IN MARCH

Decision Will Be Reached When He Comes East to Face Court Actions

NEW YORK, Dec. 9.—Jack Dempsey will return to New York early in 1927 to fight the many court actions his former manager Jack Kearns has brought against him.

Rickard indicated that Dempsey may fight in Madison Square Garden in March if a suitable opponent can be found.

The elimination series is the true method of developing the outstanding challengers for the title, Rickard says.

SPARTANS TRIM HUSTLERS—The Spartans won from the Hustlers by a score of 56 to 12 in the Girls' City Basketball League game played last night, under boys' rules.

Right guard Lena Bain Milly Izard Jean Perry The referee was Roy Smith, who handled the whistle to the satisfaction of both sides.

THE NUT CRACKER by JOE WILLIAMS

IT'S hard to beat the old Army game, but the Navy showed it could at least be tied.

OVER in Pittsburgh they have rephrased it to read, "The Four Horse Laughs From Notre Dame."

TIMES do change. In years gone by the scribes devoted the winter months to firing managers. Now the managers fire themselves.

TRIS SPEAKER quit because his legs went back on him. Most managers quit only when the customers go back on them.

SEVEN big league managers have passed out of the picture since the season closed. . . . Still it's a poor manager that can't pass on seven.

PETE LATZO WINS IN WHIRLWIND FINISH

Gets Newspaper Decision Over Joe Simonich—Title Not at Stake

NEW YORK, Dec. 9.—Pete Latzo, the fighting miner of Scranton, Pa., has again demonstrated his right to the world's welterweight championship.

Coming from behind in the fourth round of a ten-round fight with Joe Simonich, hard hitting slugger from Butte, Mont., at the Newark Armory last night, Latzo carried the battle to his opponent with a whirlwind finish that earned him the decision of newspapermen at the ringside.

Latzo's title was not at stake, and he fought as a middleweight, tipping the scale at 154 pounds. His victory was the third since he won the title from Micky Walker last May. Latzo last summer knocked out Willie Harmon in five rounds, and won on a foul from George Levine in the fourth.

NICK ALTROCK is no longer in baseball today as a manager who is still managing.

Some Views of Movie Folks About Clothes

HOLLYWOOD, Dec. 9.—Here is what some of the screen folk have to say of clothes.

Jean Hersholt—"Like the horse and buggy, pataoons and hoopskirts, the correct has become irreversibly historical."

Adolph Menjou—"Men's styles run in cycles, as do women's. If a man hangs on to his clothes long enough they will come back into vogue again."

Richard Dix—"If I see a piece of goods that I like in a window, I go in and have a suit made, if I need one. I buy ready-made clothes occasionally, if something strikes my fancy. That's the advantage of playing 'average young American' roles. I don't even have to be careful about my haircuts."

John Miljan—"Clothes don't make the man, but they do make the villain. A villain must get the whole story of his character into his clothes."

The funny part of the papers is the part that tells how prices are coming down.

IMPERIA

A Delicious Comedy, Every Foot of It! FINAL SHOWING TODAY

EDWARD EVERETT HORTON LAURA LA PLANTE

A RIP-ROARING FARCE COMEDY of a young man who pines another girl off as his wife—for business reasons—when he is suddenly accosted by his real wife and the prizefighter husband of the other girl. And then the lights went out!

FRIDAY-SATURDAY "Lovey Mary" Also New Serial "SNOWED IN"

Final Vote Is Proposed For Maritime Case

ALTHOUGH the committee on division of the Maritime branch of the A. A. U. of C. has not reached a decision yet, it has proposed that the annual meeting call for a vote, properly conducted on the entire matter.

It is suggested that a date be set for this poll after ample time for argument pro and con and that a union official, preferably Dr. Lamb, come to a place in the Maritimes and receive the returns and announce the result.

A WOMAN'S hour of triumph is to find an electric light burning in the cellar just after her husband has made a speech on economy.

British Raqueters To Visit Canada

BOSTON, Dec. 9.—Canada and the United States will entertain a picked squad of British raquet players for a month this winter, according to an announcement by the United States Raquet Association.

The British are scheduled to play for the International Latham Cup in Montreal early in February. They will visit other Canadian cities.

TROJAN-ROVERS WON.

The Trojan-Rovers won from the St. Jude's team in the second game of the Girls' City Basketball League played last night on St. Jude's floor and the score was 51 to 2.

STORES BRIGHT AND WELL FILLED FOR CHRISTMAS

Further Visits on Shopping Tour Reveal Much for Selection

Visits to stores, in addition to those already referred to in the Times-Star Christmas shopping tour, emphasize the variety of the stocks on display for choice of regular purchase or in the holiday specialty present lines.

WATERBURY & RISING LTD. "The most attractive stock of practical gifts in the history of the firm" was the statement of the floor manager, Waterbury Rising's, in King Street.

F. W. DANIEL & COMPANY. A complete new interior and new stock with not an old piece of merchandise in the store lends a bright atmosphere to the store of F. W. Daniel and Company, Limited, Charlotte Street.

FRANCIS & VAUGHAN, LTD. Those who have started to do Christmas shopping early find that the stores have done their holiday part. Shopping in Francis and Vaughan's, King Street, many thoughtful suggestions are displayed.

D. MAGEE'S SONS LTD. Apart from their usual line of high grade hats and caps, the store of D. Magee's Sons, Ltd., is well stocked

Rev. Mr. Scott's Letter in Times-Star Bearer Fruit

Soon after Tuesday's Times-Star was on the street, containing the letter of Rev. George Scott relating the story of three destitute families found by him, his telephone bell rang and a prominent citizen said he would be glad for \$10 worth of coal for them.

MAKING FINAL TRIP AFTER 42 YEARS' SERVICE

Duncan McIntosh, Well Known Steward of C. P. S., Is Retiring

Duncan W. McIntosh, chief steward on the S. S. Metagama, of the C. P. Line, now laying at Sand Point, is on his last voyage in the service.

Born in the little village of Clachan Hill, near Oban, in Argyllshire county, Scotland, on May 21, 1889, Mr. McIntosh received his start in education from his father, who was a country schoolmaster.

SORRY TO GIVE UP SEA

When asked how he felt about being retired, Mr. McIntosh replied, "I am very sorry that I must give up the sea, because I have loved it from a child and throughout my years of service have formed the acquaintance of many thousands of persons including shipmates and passengers.

Mr. McIntosh has won notice as a writer, and among his works is a book of religious poems, which he dedicated to his father and mother. Speaking of the writing of his book, which is called "The Traveler's Companion," Mr. McIntosh said, "I say many things but I won't allow myself to write one single word that does not glorify God, who has been so good to me, and has guided me safely over many boisterous seas."

For kindness to the shipman refugees who traveled on the ship on which Mr. McIntosh was chief steward during the Great War, he received from the King of Belgium a medal of "The Silver Palms of the Order of the Crown of Belgium." These medals are given only by the King of Belgium and there are only about 90 awarded.

TRAFFIC HELD UP ON FERRY FLOATS

Truck Stalls and Vehicles Are Unable to Leave The Boat

On the 9:40 o'clock trip this morning from the Carleton side, the ferry boat was held up for a few minutes owing to a congestion of traffic on the floats. On arrival at the Carleton floats, the vehicles leaving were led by a heavily loaded truck, which stalled when half way up the floats, thus preventing some vehicles from leaving the ferry.

RECOMMENDATIONS AND COMPLETE SUMMARY OF CIVIC SURVEY

(Continued from page 3.)

renewal work will have to be undertaken before very long.

At the present time the City has in its employment several engineers capable of doing better and more efficient work than they are doing now.

ENGINEERING STAFF

At the present time the City has in its employment several engineers capable of doing better and more efficient work than they are doing now.

GENERAL

To a certain extent the work carried out by the different Commissioners has been satisfactory.

CONCLUSIONS

The conclusions which I follow are: (1) That considered as a whole the engineering work carried out by the City is well above the average.

THE WATER MAINS.

(5) That provided the council desires to take steps to reduce the abnormal loss of water then there is no need to lay down a water main of more than 6 inches in diameter.

GARBAGE SYSTEM

(11) That a system of garbage collection instituted as it can be carried out more economically by the City than by individual property owners.

for the establishment of a Town Planning Act so as to give the City full control over the subdivision of all property including the layout and grading of streets and that the Act should be wide enough to cover the entire portion of the city which would be drawn up as well as an area outside the existing city limits.

CITY AND COUNTY

Administrative relations with the Municipality of the City and County of Saint John.

RECOMMENDATIONS.

As a result of the survey made and the consideration which I have given to this whole matter I make the following recommendations:

REDUCE WATER WASTE.

(4) That immediate steps should be taken to reduce the enormous waste of water at present taking place. This should be done in the following way:

Accounting Methods

An examination of the City's accounting methods as a basis for the proposed reconstruction of the City's accounts.

RECONSTRUCT SYSTEM.

(7) That irrespective of the findings of the proposed audit the general accounting system should be reconstructed.

CITY CHAMBERLAIN

That the present "cash accounting" basis of the various corporation departments be entirely reconstructed and a system of "revenue accounting" along modern lines substituted therefor.

ment Rolls be subject to alteration. At the end of each year, the accumulated unpaid taxes, as shown by the Tax Rolls, should be reconciled with the appropriate Corporation Control Account covering "Taxes Receivable."

DEPOSIT OF CASH.

(2) That cash receipts be deposited in the bank intact each day and that the bank statement and all disbursements be made therefrom.

CITY COMPTROLLER.

That, subject to any required amendments to existing statutory provisions, the jurisdiction of the City Comptroller be extended to include:

ASSESSMENT DEPARTMENT.

(1) That Land Value Maps be used as the basis of valuation.

CITY CHAMBERLAIN

That the present "cash accounting" basis of the various corporation departments be entirely reconstructed and a system of "revenue accounting" along modern lines substituted therefor.

ASSESSMENT DEPARTMENT.

(1) That Land Value Maps be used as the basis of valuation.

CITY CHAMBERLAIN

That the present "cash accounting" basis of the various corporation departments be entirely reconstructed and a system of "revenue accounting" along modern lines substituted therefor.

information (a) court revision numbers; (b) land value map number; (c) street and number; (d) name of applicant; (e) revised assessment; (f) personal property, income and special assessors' field books; (g) folio reference and entry on district commissioners' field books; (h) time limit assessment prior to completion of assessment roll of current year; (i) in the case of a delayed revision (folio) on journal entry.

CONCLUSIONS

The Citizens' Research Institute of Canada desires to record its appreciation of the co-operation it met with on all sides in its administrative survey of the City of Saint John.

CONCLUSIONS

The Institute does not wish it to be inferred from the recommendations herein that it favors a return to the old administrative committee system of government.

CONCLUSIONS

Under close supervision by the City Council and the City Engineer, the work done by the various departments has been satisfactory.

CONCLUSIONS

The Institute does not wish it to be inferred from the recommendations herein that it favors a return to the old administrative committee system of government.

RAIL DATA FOUND TO CONTAIN ERRORS

Cross-examination by C. P. R. Counsel Shows Many Discrepancies

OTTAWA, Dec. 9.—As was expected the cross-examination of the witness for British Columbia who had prepared the voluminous mass of exhibits for the government, uncovered many glaring errors as well as discrepancies.

Counsel for the railways finally forced the witness to admit that his whole exhibit number 105, consisting of some 40 pages of tabulated matter, was full of inaccuracies and of practically no value in rate making.

Albert and Saskatchewan have applied to have the rate cases held separately from the general withdrawal of the exhibit.

The investigation into the cost of carrying coal has given evidence over the general rate case when the board reconvened after the new year.

This appears to be an attempt on the part of the railways to avoid the features of the general rate case in which they are interested.
