D'Annunzio Has Fleet of Four Warships

Italian Craft Named As Units of the Fiuman Navy

Matter Settled Because We Have Possession, Says General Garibaldi—Would Have Gone Into Fiume In Fifteen Days If D'Annunzio Had Not

Pola, Monday, Sept. 22.—(By the Associated Press)—Four Italian warships, the battleship Dante Alighieri, and the destroyers Mirabello, Duilio and Abba, are named as units of the Fiuman navy in a proclamation written by Captain Gabriele D'Annunzio and distributed in this city.

The proclamation praises the men of the ships for their loyalty to the Fiuman cause, and extols them for their "valorous acts."

It is said here it was because of the desertions of these four vessels from the Italian navy that Allied commanders were forced to withdraw from the harbor of Fiume, which was considered unsafe while the Dante Alighieri was anchored there, and was loyal to the D'Annunzio cause.

Despatches from Fiume soon after D'Annunzio's coup stated the Dante Alighieri was unable to leave that port because her machinery had been damaged by the crew, but more recently it has been reported she had departed, having on board Admiral Cassanova, who was placed under virtual arrest in Fiume when he landed and attempted to interfere with D'Annunzio's control of the town.

Consider It Settled. Paris, Sept. 24.—(Havas Agency)—"As a nation we consider the Fiume matter settled because we have possession," said General Giuseppe (Peppino) Garibaldi to an Associated Press representative here this morning. Garibaldi had just reached Paris from Rome, coming on what was said to be an important mission from which he would go to meet Gabriele D'Annunzio in Fiume.

"Had D'Annunzio not gone in," continued Garibaldi, "we would have done it within fifteen days. If President Wilson were moved by the right spirit he would permit the whole question to be decided by Great Britain, France and Italy. In that case, we are satisfied that our right would be recognized, as they already are recognized by the majority of Americans."

W.C.T.U. DELEGATES IN CONVENTION

Thirteenth Annual Session Opened in Portland Street Church—Representatives From All N. B. and P. E. L.

The thirteenth annual convention of the W. C. T. U. of New Brunswick and Prince Edward Island met this morning in the Portland street Methodist church, Mrs. L. R. Hetherington presiding. Mrs. Seymour led the devotions, and prayer was offered by Mrs. Gerard. Mrs. Seymour's message to convention was "Consolation." She pointed out that Christ was the Great Comforter, and as Christian women must reflect Him, doing as He did. "We just rise in this life as we help to raise others." God must be first in everything, others second and ourselves last. She urged all to put their very best into the work. The situation at present demands it.

The president then took the chair and spoke a few words of greeting, and declared the convention open for the transaction of business. The Crusade hymn was then sung and the Crosses psalm read.

Mrs. R. D. Christie offered prayer. The roll call showed an attendance of about forty, including officers and four superintendents of departments. The minutes were read and committees appointed.

Mrs. Seymour read her report on "evangelistic work, showing that despite of the "flu" epidemic the good work went on and much help was given to the needy; clothes, food and literature were distributed.

Mrs. O. D. Hanson reported on sailors' work. More than 100 comfort bags were made and distributed; also money, literature and refreshments were contributed.

Mrs. M. L. Stevens gave a good report on parlor meetings.

Discussion followed in which Mrs. McWha, Mrs. Christie and others took part.

Mrs. Lawson moved for a revision of the corresponding secretary's leaflets. Mrs. McWha read a report on L. T. L. work, a most important department, and it was regretted that only a few of the unions had taken it up.

HUGE TASK FOR NEW MINISTRY

Sir Eric Geddes, as Transport Minister, to Bring All British Lines Under Single Control—Vision of the Future

London, Sept. 24.—(Reuter's)—The transport minister came into existence yesterday when Sir Eric Geddes began as minister of ways and communications, the huge task of bringing under a single control the whole transportation of the country. Sir Eric believes this will result in economies by being the means of eliminating competition between lines and resulting waste by the co-ordination of operations between the docks and the railways. He hopes to eliminate haulage and delays.

Sir Eric recently wrote that transport must go hand in hand with housing. "I visualize," he said, "the dock laborer of the future living in a garden city with a branch labor exchange in connection with the dock area, and putting in his free time in his garden, from which he will be called by telephone to his work at the docks. This will do away with hanging about public houses in congested and cramped areas of our seaports. To do this, however, we must have adequate and quick means of conveyance between the worker's home and the docks that has to be worked out."

Despatches from Fiume soon after D'Annunzio's coup stated the Dante Alighieri was unable to leave that port because her machinery had been damaged by the crew, but more recently it has been reported she had departed, having on board Admiral Cassanova, who was placed under virtual arrest in Fiume when he landed and attempted to interfere with D'Annunzio's control of the town.

SEPTEMBER BRIDES

Denison-McHarg. The home of Mr. and Mrs. George McHarg, 90 Portland street, was the scene of a pretty wedding this morning.

The bride was given away by her father and the ceremony was performed by Rev. H. L. Elmer of St. Matthew's church. The bride was given away by her father and the ceremony was performed by Rev. H. L. Elmer of St. Matthew's church.

MacFarlane-Lynch. A nuptial happening of much local interest took place at seven o'clock this morning at the residence of Mr. and Mrs. William Lynch, City Line, when their only daughter, Miss Ellen (Nelle) Lynch, was united in marriage to Francis Stanley Perkins MacFarlane.

The ceremony was performed by Rev. J. T. Jenner, pastor of Charlotte street Baptist church, in the presence of their immediate relatives and a few close friends. The bride wore a travelling suit of Alice blue broadcloth with hat of mauve and Alice blue velvet and mauve plume. She carried a bouquet of bridal roses. A sumptuous breakfast was served after the ceremony in the dining room, which was decorated with sweet peas and trailing maiden-hair ferns.

Layden-Hamilton. A wedding of interest took place this afternoon at 2 o'clock at the home of Mrs. David Hamilton, 22 Adelaide street, when her daughter, Miss Hildred, was united in marriage to Albert Layden of Sydney, N. S. The ceremony was performed by Rev. Mr. Hudson, pastor of Victoria street Baptist church. The bride, who was given away by her mother, looked charming in a dress of white satin and carried a bridal bouquet of roses. She was unattended. Following the ceremony a dainty wedding luncheon was served.

Four Witnesses Heard in Murder Case. Andover, N. B., Sept. 24.—Four witnesses were examined for the crown this morning in the case against Joseph Greaser charged with murdering Felix Francoeur. His Honor Judge McKeown is presiding and the crown is represented by the attorney general, Hon. Mr. Byrne.

As Hiram Sees It

The Settlement. "Hiram," said the Times reporter, "what did you learn that is new in the city today? When are they going to build that new Nurses' Home?" "Just as soon as the contractors kin make it," said Hiram. "Them councillors is proud fellers. They don't like no cheap job. They're like the gal that went into the shoe store an' picked out a pair of boots that looked all right an' fitted 'er to a T. Then she ast the price an' the clerk he said 'seventy dollars.' 'Oh, could you be any good at that price?' 'I'm sorry, but I wanted a sixteen dollar boot.' 'Well,' says the clerk, 'I kin mark these up to sixteen dollars.' 'Oh, could you, really?' says she. 'Thanks ever so much—you may wring them up.' That's the way with them councillors. They want a \$200,000 Nurses' Home—an' the blame fools of contractors can't see it. If they'd jumped their price the way they do the last time the council ast 'em to the Home 'd be under way afore this—yes, sir."

ISSUE STILL IS DOUBTFUL IN STEEL STRIKE

National Committee Representing Men Prepare for Long Seige—"Will Fight to Bitter End" They Declare—Two More Dead, Four Stabbed, Two Fatally, and Crew of Workers Beaten—Opposing Sides Issue Conflicting Statements

Reports from all steel centres today recorded little change in the alignment of the opposing forces of the labor unions and the steel companies. In the Mahoning Valley of Ohio, the strikers success is complete. The industry which is the backbone of Youngstown and a score of neighboring villages is paralyzed and all its 44,000 wage-earners idle. Elsewhere the struggle is being carried on with varying success. The issue still is doubtful in the great strategic sectors radiating from Pittsburgh and Chicago.

Pittsburgh, Pa., Sept. 24.—Interest in the nation-wide strike which has been in progress since last Monday centers today in the meeting here of the National Committee for organizing iron and steel workers. Those in charge touch with the strike are of the opinion that the season, called by William R. Foster, secretary-treasurer of the committee, will bring out important facts relating to the walk-out of the thousands of workers who heeded the call of their leaders.

Mr. Foster declared that the committee will not consider "peace plans," but will discuss the advisability of extending the strike to include seamen on Great Lake one carrying vessels and union trainmen. The question of financing the strike will come up, and Mr. Foster says he will bring to the attention of the committee the "unprovoked assault" by state troops on strikers.

According to the secretary, the union is preparing for a long struggle and declares the workers will "fight to the bitter end."

The strike situation in the Pittsburgh district remains practically unchanged with employers and union leaders issuing conflicting statements as to the number of men involved in the walk-out. The union men declare that thousands of workers are joining the ranks of the strikers daily and that scores of mills have been crippled.

Employers with present conditions, which, it is announced by a representative of the Carnegie Steel Company, are "improving." Despite the conflicting statements from the contending parties, it is known that many mills in the district are shut down completely, and that the strike has forced while others are operating at only one hundred per cent.

Plants Picketed. Union activity in the district today was marked, for the first time since the strike opened by the placing of pickets near plants. This action being taken on instructions from the strike committee.

Meetings of strikers throughout the district will be held during the day, according to an announcement from Secretary Foster.

Two More Killed. Disorders incident to the strike continued in the Pittsburgh district yesterday and last night. The most serious outbreak occurred at Farrell, Pa., where two men were killed during a clash between strikers and their sympathizers and state troops. In the disorders of Monday and Tuesday at Farrell and other points, four persons have been killed, more than a score shot, many others have been slightly wounded and hundreds of arrests have been made.

Strikers Returning to Work. Cambridge, Ohio, Sept. 24.—Strikers here are slowly returning to work. It was reported that five of the ten mills at the Guernsey plant of the American Sheet and Plate Company are in operation and the sixth mill will be in operation today. On Monday, after the strike call, only three mills were in operation.

Four Men Stabbed. Cleveland, Ohio, Sept. 24.—Four men were stabbed, two probably fatally, and two others were badly beaten near the entrance of the American Steel and Wire Company's Hewlitt plant this morning in the first serious local disorder of the strike.

The trouble broke out when a street car stopped near the plant to let off men bound for work at the mills.

Little Change in Chicago. Chicago, Sept. 24.—While leaders of the district remain pessimistic, heads of steel mills each claimed gains, there appeared little change today in the number of mills in operation. A majority of the mills were still closed and only three held during the day, according to an announcement from Secretary Foster.

FEUD BETWEEN MESSRS MURPHY AND ROWELL

Later Session It Will Be Renewed Next Session of the House

One Man One Seat. Jocular Reply to Query About MacLean and Rowell's Alleged Coming Retirement From the Cabinet—Tribute to Hon. Frank Cochrane

(Special to Times). Ottawa, Sept. 24.—The serial debate between Hon. Mr. Rowell, president of the privy council, and Hon. Charles Murphy continued. A further instalment was projected yesterday when the last named gentleman had his second innings. His statement was strong, and would doubtless have drawn a storm of fire from Mr. Speaker's constant interference.

The speech, in fact, consisted of a series of breaches of the rules of the house by the speaker to silence the speaker's constant interference. The speaker, however, left no doubt concerning his opinion of the president of the privy council, and he was under no obligation to give such notice in a debate on the address. He denied that he had ever said that the fund raised by Amos, Flavell and others was to pay Mr. Rowell a salary. What he said and what he now repeated was that it was raised to compensate him for loss which he had incurred in the purchase of the property which he had taken should not interfere with his personal relations. Mr. Murphy said:

"He got no letter from Sir Wilfrid after he spoke at North Bay, and certainly not after he spoke in March." This was about as far as Mr. Murphy went in rebuttal, but he made a statement which indicates that this debate may continue as long as the parties to it are in public life at least, for Mr. Murphy has announced that he will bring it up again next session and he may get further if he can stand up on the then Speaker's blind side. Mr. Rowell's rejoinder will probably come about 1922.

Private Members' Bills. After the little flurry of the afternoon provided by Mr. Murphy the house last night returned to the discussion of private members' bills, including those on "Thought Incor Day" and the making of election day a public holiday, measures which have already been up for discussion several times.

Mr. Jacob's bill received a good deal of criticism and some support. Hon. Mr. Doherty, who was leading the house, favoring the principle of the measure and suggesting it should go to the privileges and elections committee.

Several supporters of the government urged that the practice of running for election by one member, a practice which they condemned, should be dealt with by the bill. Hon. R. Lennox, who now represents two constituencies in the house, Massonville and Gaspe, said that he agreed with this sentiment. In his own case the reason he had not elected which seat he should sit for was due to the fact that there

Some Grounds For Hope In Russian Situation

Innocent Man Was Suspected

New York Business Man Nearly Arrested in Connection With Mail Robbery—No Other Arrests in View

Montreal, Sept. 23.—"There is nothing in the news now being circulated that some arrests are about to be made in Montreal in connection with the Harlake train robbery," stated Chief Lorrain of the provincial detective force, tonight, "but," added the chief, "just a few hours ago we were about to arrest an innocent man, a business man from New York, who is now free because he could give a good account of himself and as well put us on to a good clue."

The man referred to by Chief Lorrain is Basil E. Carran, 1228 Broadway, New York, who is the owner of a patent for an automobile top, the selling privileges for which had been granted to J. B. Proteau, of Quebec, one of the men under arrest for the train robbery.

Proteau had been indebted to Carran to the amount of \$3,000 for goods received and the privilege of selling the automobile top in Quebec district. As only \$1,000 of the indebtedness had been made good, the New York man was insisting on payment of the overdue balance. It was his efforts to communicate with Proteau that brought him under the notice of the provincial detectives and until satisfied today by his explanation he was unknown to himself under surveillance.

Great crowds assembled about the harbor and had a commanding view of the prince as he saluted from the bridge of the ship and then walked down the gang plank to shake hands with the delegation of welcome, formed of civic, provincial and military officials. The inspection of troops formed up along the street was attended by intermittent cheering and cries of welcome, and the excited people surged into the ranks of grenadiers, kilts, infantry and sailors which extended to the doors of the hotel, where the prince finally went in, to rest.

Miles of bunting fluttered in the glow of a brilliant sunset, and tonight the municipal buildings of the city were ablaze with lights.

The city's formal reception to the prince begins tomorrow with the presentation of addresses. Tonight the official dinner and dance at Government House occupied the prince and his suit.

Parliament Building. STOOD TEST OF FIRE. Ottawa, Sept. 23.—The new parliamentary buildings were the scene of a fire tonight, and had for the fireproof construction a configuration such as that of February 1916 might have ensued. The blaze occurred in an inside room in the basement among some boxes containing asbestos and the firemen had to drag their hose through corridors, etc., in order to reach the fire. The damage to property was about \$2,000.

HARBOR AND FERRY. Letters from R. W. Wignome, M. P., to both the mayor and the secretary of the board of trade this morning said that the government had consented to an amendment to harbor bill providing for the reservation of approaches for the ferry on both sides of the harbor and he expected that the matter would appear on the order paper this week. He also intimated that there would be no difficulty in having the amendment adopted.

The company is authorized to engage in the business of buying, selling and manufacturing batteries and motors.

Not So Encouraging. London, Sept. 24.—A Bolshevik wireless message received today from Moscow says that Red troops, commanded by General Zubkoff, are reported to have occupied Tomsk, three hundred miles east of Omsk, the all-Russian seat of government on the Trans-Siberian railway line.

The foregoing, if confirmed, would seem to indicate an insurgent rising behind General Denikin's lines which had resulted in the seizure of an important strategic point on the trans-Siberian line in Central Western Siberia. While Tomsk is not on the main line, it is at the terminus of a short branch line extending northward from Talga and is the principal strategic and trading centre of a vast region.

Trotzky's Views. Stockholm, Sept. 24.—Leon Trotzky, the Bolshevik minister of war and marine, speaking at Petrograd recently, gave a detailed programme of Bolshevik military operations, saying among other things: "It is not in Finland or Estonia that the immense world combat against capitalism can be fought, but in Great Britain and America, and above all, in the Far East."

Favorable Reports Received From Admiral Kolchak

Appears to Have Improved His Position And to be Advancing With Well Organized Armies—Poles May Unite With Anti-Bolshevik Forces in the South

Paris, Sept. 23.—(By the Associated Press)—The attempt by the Bolsheviks to negotiate peace with Eschou and the forces of General Denikin, the anti-Bolshevik leader in south Russia, soon may establish communication and co-ordinate their efforts in fighting to Bolshevism in the Ukraine, have revived interest in the Russian situation among the peace conference delegates, many of whom have asserted that they are pushed by conflicting statements from representatives of the great powers as to the policies of their governments in dealing with Russia.

The refusal of the German general, von Der Goltz, to obey the orders of the peace conference that he evacuate the Baltic provinces of Russia, and Germany's declaration that she cannot be responsible for his movements, leaves the conference for the moment in a helpless position as there is no disposition to ask the Poles, who already are engaged to expel von Der Goltz and no other nation has forces available.

The Poles already are so busy with the Bolsheviks and so unsettled at home that the great powers apparently are unwilling to impose more military burdens on them.

Reports Are Favorable. Reports received from Admiral Kolchak by the Russian committee in Paris give hope that the anti-Bolshevik leader in the Omsk region has greatly improved his position on both lines of the trans-Siberian railway and that his armies again are well organized and moving westward against the Bolsheviks. Despatches received from the Denikin forces also are favorable, and the Bolshevik wireless communications from Moscow, admitting the serious character of the Bolshevik manoeuvres and recognizing the mistake of the Soviet government in not attempting to check Denikin's advance, immediately so as to save the Soviet Russia fuel supply, give much encouragement to the anti-Bolshevik Russians in Paris.

When the Russian government and the anti-Bolshevik premier, to negotiate a peace with Estonia, Latvia and Lithuania, apparently has failed because Lenin insisted that all three states should join in the negotiations, it is expected that he will renew his efforts. Lenin hopes, it is said, that the rivalries between the three states may be reconciled and some agreement reached by them with the Bolshevik government at Moscow, as the three states are dependent on the Bolsheviks for co-operation with the anti-Bolshevik Russians in Paris.

There are many rumors of agreements entered into between the Poles and the Ukrainians, especially the Ukrainians under General Petura, to unite in movement against the Bolsheviks, but this combination is denied by Polish officials in Paris, who say that combinations with Petura are impossible, that they cannot find any Polish general's names which had resulted in the seizure of an important strategic point on the trans-Siberian line in Central Western Siberia. While Tomsk is not on the main line, it is at the terminus of a short branch line extending northward from Talga and is the principal strategic and trading centre of a vast region.

TO CELEBRATE THE JEWISH NEW YEAR

This is New Year's Day with the Jewish people throughout the world, the feast of Rosh Hashanah, and in all the synagogues throughout the world the year 5680 will be ushered in with special services this evening. For the new synagogue at the corner of Wellington Row and Carleton street, Rabbi Doctor Blumberg arrived in the city from Chicago today to conduct the services. This evening to conduct the services.

The services in the new and the old synagogues in this city will be followed by the blowing of the Shofar or ram's horn. The services in the Hebrew residents who number some 275 families in both congregations. The census shows that the total is about 1400. The new synagogue seats some 900 and the old about 850. Quite a number are coming in from outside points to join their local brethren in the festivities. Canton Fletcher will officiate in the new synagogue.

The festival is distinguished by the blowing of the Shofar or ram's horn. In addition to its joyous and optimistic character, it is one of great solemnity and sacredness. On Rosh Hashanah the Jewish people are reminded of the beginning of the year with a view to consecrating themselves to a nobler life during the year to come. The religious services which mark the observance of the holy day emphasize that the door to improvement and betterment is constantly open.

The New Year is the beginning of the most sacred of the Jewish holiday seasons. It is the first of the Ten Days of Atonement, the holiest and most sacred day in the Jewish calendar. A few days after the Day of Atonement, the Feast of Succoth or Tabernacles is celebrated during a period of eight days, in commemoration of the ancient Palestinian harvest festival and the wanderings of the Israelites through the wilderness.

From six o'clock this evening until the same hour on Friday evening all Jewish places of business will be closed.

A NEW CONSTABLE. Robert Crawford was sworn in as city constable by His Worship Mayor Hayes this morning. Mr. Crawford was at one time a member of the local police force and was later chief of police at Campbellton. Latterly he has been a member of the Dominion force.

(Continued from page 1.) practically every one in operation worked with a reduced force. Two of three plants at East Chicago employing 1,800 men are not affected by the strike, because of an existing agreement between workers and employers.

Workers Badly Beaten

The only disorder in this district since the inception of the strike occurred at Indiana Harbor last night, when strike sympathizers outside the Conte plant of the Mark Manufacturing Company, attacked about twenty-five men as they left work. Eight or nine men were badly beaten and were taken to an emergency hospital after Indiana Harbor police stopped the fighting.

Ohio Industry Paralyzed

Youngstown, Ohio, Sept. 24—Ohio's greatest steel center, the Mahoning Valley, with the city of Youngstown as its chief centre, is completely paralyzed. The steel strike has resulted in the closing of every mill in the valley. Forty-four thousand men are idle and weekly wages aggregating approximately \$2,500,000 are unearned and unpaid.

Having received 1925 letters in five years from some resident of Long Beach Calif., whose writing was so poor the letters could not be read, former President Taft has asked the postmaster there to find the anonymous correspondent and learn what it is all about.

PIMPLES ITCHED AND BURNED
Face Was Badly Disfigured. Cuticura Soap and Ointment Healed.

"Small red pimples and black-heads began on my face, and my face was badly disfigured. Some of the pimples festered while others scalded and there were places where the pimples were in blotches. They used to itch and burn terribly. I saw an advertisement for Cuticura and I tried them. They stopped the itching and burning and I used four cakes of Soap and three boxes of Ointment which healed me." (Signed) Miss V. A. Hayes, St. John, N. B., Dec. 26, 1918.

VETERANS' BAND IN FINE CONCERT

The first public concert given by the band of the Great War Veterans' Association since its return from overseas afforded pleasure to a large gathering in the school room of Ludlow Street Baptist church last evening. The audience was enthusiastic in its reception of the various numbers given by the band while these by other local talent were also greatly enjoyed. The concert was under the patronage of Brigadier General Macdonnell, officer commanding No. 7 District. Mayor Hayes presided and made the opening speech.

The special features in the band's programme were the "Highland Patrol," the overture "Masenello," cornet solo with band accompaniment "Roses of Picardy" by J. Owens, the two humorous "Lucy Long" and "A Southern Wedding," and the famous London success "Chu Chin Chow." Under the direction of Murray Long as bandmaster, the band easily maintained the high standard for which it has become known and the general verdict was one of highest appreciation and delight at the excellence of the programme rendered.

Solos by Mrs. B. C. Ferris, DeWitt Cairns and readings by L. Robertson and Little Miss Vera Roberts added greatly to the success of the affair, each receiving hearty applause. Miss M. E. Mullin as accompanist contributed towards the general pleasure of the concert.

During the evening candy was sold in Olive Parsons, Lillian Cameron and Audrey Campbell.

The committee in charge was R. Hunter Parsons, Miss M. E. Mullin, C. E. Rupert and J. P. Ring.

Some thirty soldiers from the D. S. C. R. hospital were guests at the concert.

After the performance refreshments were served to the members of the band and other artists by the following committee: Mrs. Geo. Price, Mrs. J. Black, Mrs. Wm. Campbell, Mrs. H. McLoon, Mrs. C. Peir and Mrs. A. Horton.

WILL HOLD CONCERTS BUT NOT ON SUNDAYS

A meeting of the committee which is making arrangements for having regular periodical concerts during the winter was held last evening at the residence of Mrs. Kent Scovil. It was decided to have a public meeting in the Imperial Theatre next Tuesday evening at 8:30 o'clock.

The committee was advised that Sunday concerts could not be held strictly in accordance with the law, so it was decided to hold one week-day concert and it is hoped that a club of 600 or 700 members can be formed.

Committees were appointed to canvass for members and also to arrange for auditoriums for the concerts which will be held this winter.

POLICE COURT

In the case of Roy Morrison, charged with breaching curfew on the S. S. Governor Dingley, which was resumed yesterday afternoon, Harry E. Williams, first officer of the steamer, gave evidence regarding the theft and also of finding samples of the goods taken in the defendant's sleeping quarters. It was also mentioned in the evidence that another man charged with the same offence is now in Bangor, Maine, awaiting trial. The case was postponed until other witnesses can be obtained.

Stella Gordon, who was tried recently for theft and allowed to go on suspended sentence on condition that she go to her home in Digby, was again seen in the city and was arrested by the police. Yesterday she was sent to the Good Shepherd's Home.

Cyril Moore, county policeman, last evening arrested James Ketterman on a six months' old warrant charging him with carrying firearms contrary to law and discharging them on the public highway. It was said that the warrant had first been given to the Bay Shore police. The prisoner was taken before Magistrate Allingham and released on \$900 bail.

MONCTON MEN SAFE

Moncton, Sept. 23—The seven young men of this city who were missing since Sunday have been found. They became stalled in their motor boat in the strait on Sunday and were unable to make shore or to catch the attention of any passing craft. They anchored off Cape Sable, but when Tuesday evening came they saw their situation growing worse and two of them with great difficulty piloted a canoe to the mainland through the storm. When they got ashore they were able to get in touch with their people at home and the news of their safety soon spread causing relief and pleasure.

PLANS AIR LINE FROM NEW YORK TO TORONTO
New York, Sept. 24—If the plans of Carl W. Riddick of Montana, a son of Congressman Riddick who recently resigned from the government air mail service, are carried to completion, a regular airplane service will be established between this city and Toronto with daily schedules for machines capable of carrying from six to sixteen passengers. Riddick left yesterday for Toronto, where he will purchase the first of his fleet. He will fly back to New York, mapping out a route for his future service. Riddick believes passenger schedules can be made as regular as those of the Air Mail Service and that the undertaking can be put on a commercial basis. Riddick was classified in the service as a "super pilot," and is said to have had more flying time to his credit than any other man in the eastern division. He left to become associated with Roger J. Adams of the Adams Aerial Transportation Company of this city.

RUTH WILL BECOME A 400 BATTER IN 1920

So Says Ed. Barrow, Manager of Red Sox and He Tells Why; Will Shorten His Swing

"After Babe Ruth has satisfied himself with banging up a record for home runs which never will be touched, he will become a 400 hitter, he will just meet the ball and will bat them to left field as well as Ty Cobb!" So declared Ed Barrow, manager of the Red Sox, the other night. And then he continued: "He wants to establish a record of thirty or thirty-five home runs and when he has done that he will start getting a lot of base hits which will win even more games than his home runs, because he'll get so many more base hits than home runs. For he'll be a legitimate 400 batter."

RUTH WILL BECOME A 400 BATTER IN 1920

"Do you remember how he shortened up on his swing early in the season and hit them to left field?" continued Barrow. "That was because he was getting after him to do that very thing. He was not getting many home runs, but he was hitting the ball well and helping us a lot. Then he started to get the home runs and every time he went to bat he naturally wanted to knock the ball out of the lot for a home run."

Service and Growth

Great and permanent growth in any institution is impossible except on the basis of genuine service to the public. For 87 years we have aimed to give a sound and comprehensive service—yet with a friendly and sympathetic one—to our customers. Our present strong position is a measure of our success—but more largely a measure of our usefulness. Why not let us serve you too?

HUNDREDS HERE NOW PRAISING IT

Over Three Hundred St. John People Call on Local Druggist in One Day to Purchase Tanlac.

Although placed on sale in St. John but a short time ago, the demand for Tanlac, the medicine that is accomplishing such surprising and gratifying results throughout the American continent, has already assumed record-breaking proportions here.

Remarkable as it may seem, more than three hundred, or to be exact, three hundred and thirty well-known people called at the Ross drug store and F. W. Munro to obtain the medicine and to tell of the benefits they had derived from its use.

One of the most important papers read today was that by J. F. Connor, commissioner appointed by the governor to investigate the New York State Industrial Commission. He dealt with a large number of investigations which had been conducted by him and stated that he had arrived at the conclusion that the system of direct settlements between the employer and the employee or an insurance company is inadvisable.

Royal Meeker, United States Commissioner of Labor statistics, appealed for the adoption of a uniform and adequate compensation law throughout the United States and Canada.

Winipeg, Man., Sept. 23.—The Board of Commerce did not hold a session today, owing to the fact that Harry Whittall, K. C., conducting the inquiry for the government, was engaged in court work.

Mr. Auld also announced that a definite announcement will be made Wednesday regarding distribution of sugar for Western points.

In a statement given out today by J. B. Hugh, K. C., a representative of the Coca Cola Company, it is announced that if it can be shown that fruit is going to waste in any part of the west, the Coca Cola Company is prepared immediately to ship direct at "cost" four cars of sugar.

The Coca Cola Company, the statement says, has been placed in a wrong light by the evidence given before the Board of Commerce Monday. They have in stock 240,000 pounds of sugar, or six carloads. The company requires one and a half cars a week or it will be compelled to close its plants in Winnipeg and the west, and thereby throw 275 employees out of work.

Up to the present, the statement adds, in order to meet the requirements of the country during the fruit season, this company has already released at cost, seven carloads of sugar, amounting to 280,000 pounds.

Edmonton City Council and the Veterans' Association members present the case for the returned men, the city fathers showed their determination to have a square deal executed at virtually no expense to the city.

Steel stocks advanced. New York, Sept. 24.—(Wall Street)—Leading shares were in demand at the opening of today's stock market, yesterday's literally being carried to greater lengths.

Lenoir's Testimony. Paris, Sept. 24.—The docket in the case of Pierre Lenoir, who was reprieved from execution at virtually the last minute last Friday morning, was referred today to M. Leconte, high court prosecutor, who will decide whether the content of his testimony is necessary in the impending trial of Joseph Calixtus, former premier.

Section Men Killed. Brockville, Ont., Sept. 23.—Joel Jobic, aged eighteen years, of Actonville, Quebec, and Ligorio Ferguson, of the same age, whose home is in Rock Forest, Quebec, were killed at Leamington, Ont., on Thursday morning, Sept. 18.

UPHOLDS PRINCIPLE OF NEW BRUNSWICK ACT

New York Industrial Commissioner Has Found Compensation Settlements Between Employer and Employee Inadvisable

Toronto, Ont., Sept. 23.—Problems which confront boards whose duty it is to administer the Workmen's Compensation laws and the best method of dealing with and solving these problems are being discussed at the sixth annual meeting of the International Association of Industrial Accident Boards and Commissions, which opened here today.

At the sessions, which will continue Friday at noon, many responsible and prominent men of compensation boards in Canada and the United States will deliver addresses and read discussions on the various topics which will be front before the convention.

One of the most important papers read today was that by J. F. Connor, commissioner appointed by the governor to investigate the New York State Industrial Commission. CATARHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have had noises go to your druggist and get 1 ounce of Parmit (double strength), and add to 1/4 pint of hot water and 1 ounce of granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open breathing become easy and the mucus stop dripping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial.

Chicago May Clinch League Pennant Today. Chicago, Sept. 24.—With the opening date for the world's series set and all seats for three games at the Chicago American League Park sold, the White Sox today went out to take the single game needed from St. Louis to validate the arrangements. Eddie Cicotte, White Sox pitching star, has been specially groomed to lead a victory today and clinch the pennant.

Of his five remaining games, Chicago needs but one single game. Planning their hopes to a victory today, White Sox partisans were anxious for Detroit to beat Cleveland, should St. Louis trounce the league leaders.

With four games more to play, a single vote will put Cleveland out of the running and give the pennant to Chicago.

The Candidates in Massachusetts Elections. Boston, Sept. 24.—Complete returns from the state primary yesterday showed the nomination of Richard H. Long for governor by the Democrats by a margin of more than twice that of his three opponents combined. The vote was—Long, 58,627; former Governor E. H. Foss, 11,158; former State Senator G. F. Monahan, 9,719; former Congressman F. S. Dellich, 4,222.

John F. J. Herbert, of Worcester, was elected to the nomination for lieutenant-governor. Governor Calvin Coolidge and Lieutenant Governor Channing Cox were renominated by the Republicans without opposition.

Edmonton City Council and the Veterans' Association members present the case for the returned men, the city fathers showed their determination to have a square deal executed at virtually no expense to the city.

SAY! WHEN DO WE EAT?

You'll Find the Follows Who Have Learned to Use Stuart's Dyspepsia Tablets Right on the Job for Work, Play or Food.

Dyspepsia or indigestion may follow a glass of milk as easily as a plate of bacon and eggs. Today you may eat heartily and feel fine. Tomorrow you may bolt a stomach full of gas, sour risings, biliousness, a feeling of bloated heaviness and other distress. Indigestion is a fault from infancy to old age, no matter what you eat, so the thing to consider is how you may eat freely get away with it fine and not suffer any of those distressing indignities. Stuart's Dyspepsia Tablets have solved this problem for a host of people.

In fact, they are so well known that many physicians prescribe them for indigestion, dyspepsia and other digestive disorders. They contain ingredients which act with an alkalic effect, just as the stomach does in perfect health. Thus you may eat those foods you may deny yourself, for fear of distress. Try this harmless plan of enjoying life. Tablets at any drug store, and there will be no thought of trouble after eating.

Premier Hopes to Meet Caucus Next Week. Ottawa, Sept. 24.—A message was received from the prime minister at the Conservative caucus today stating that he hoped to be able to meet the members again at caucus next week. An official statement relating to the caucus is expected tonight.

After Severe Sickness

Nothing Hastens Recovery Like Vinol. Sickness usually leaves the patient with poor, devitalized blood, and so nervous and weak that it often seems as though strength never would return.

Here is Proof that Vinol Creates Strength. "The influenza left me all run down and so weak I could not work. Nothing seemed to help me until my daughter brought me a bottle of Vinol and it accomplished wonders for me and I took it up and restored my strength quickly. I cannot praise it enough."—Mrs. W. J. Nixon, Vanleek Hill, Ontario.

Vinol Creates Strength. Increases For City Workmen At Commissioners' Discretion.

Council Authorizes Higher Pay For Those Earning Not More Than \$3.50—Increase Limited to 50 Cents and Total To \$4 a Day.

Whereas the common council has received a petition from the city public service leagues asking for an increase of fifty cents per day in the wages of employees of the several branches of the civic service, and

Whereas the increase asked for is intended to apply to all employees without regard to ability or efficiency of such employees in the work entrusted to them, and

Whereas in the opinion of the common council it is not possible to maintain harmony and a high standard of efficiency in the several branches of the service unless these employees displaying superior ability in the performance of their duties are duly recognized and suitably rewarded for such services;

Therefore, resolved that each commissioner be empowered and at his discretion to increase the salaries of the employees of his department earning not more than \$3.50 per day, to an amount not to exceed \$4 per day, the increase in any case not to exceed fifty cents per day.

Unanimous Decision. The foregoing is the essence of a resolution moved by Commissioner Jones and carried unanimously at the weekly meeting of the common council held yesterday afternoon.

The resignation of Mrs. Margaret Dever from the board of school trustees was read and on motion accepted and Commissioner Jones instructed to write to Mrs. Dever to convey the appreciation of the council for the splendid and faithful service she had given while a member of the board.

**FORMER KAISER
STILL SILENT**

Has Yet No Answer to Plea of Monarchists—Many Hope a Hohenzollern Again Will Rule Germany

Amerongen, Sept. 23.—(By Associated Press)—The former German emperor has refused to break his long silence so far as the public is concerned, even at the behest of the monarchist leaders of Germany. Ignatius T. Lincoln, the German agent who was at one time a member of the British parliament and was named during the greater part of the war, returned hastily to Berlin today with his guest, "Herr Anderson," after a conference at Bentinck Castle this morning.

It was believed that Lincoln came to Amerongen for the purpose of obtaining some direct word from the former emperor, which he could deliver to the Hohenzollern supporters. But if he did obtain it, the nature of it is not disclosed. Just before hastening by automobile to Utrecht, immediately after the conference, he said he had not been authorized to talk.

It is known at Amerongen that, while the monarchists in Germany do not consider the time ripe for any revival of the Hohenzollern claims, they have been somewhat disturbed by the reports that the former royal family seems content to settle down in Holland and have recently bombarded both the former emperor and former Crown Prince with information purporting to show that the greater part of the population of Germany will, sooner or later, urge a limited constitutional monarchy, with a Hohenzollern king.

One of the many German monarchists, who has recently been in Holland, explained the situation to the correspondent.

"In Germany," he said, "the present Socialist government is not likely to stand a long struggle, which will ultimately settle down to a contest between the extreme Left and the Monarchists. In this, I think, the latter are bound to win."

Hohenzollerns Still Popular.

"The Hohenzollerns are still immensely popular, particularly the Crown Prince, Prince Henry of Prussia, and the Crown Princess, and the children of the princess are living unmolested, and courteously treated, in Potsdam."

"Perhaps the former Kaiser himself may never return to the throne, but the belief of our party is that one of the Hohenzollerns, sooner or later, will rule Germany again and with the consent of the Allies, who would appreciate the efforts of such a government combatting Bolshevism."

Preparations are being continued by the ex-emperor for his removal to Doorn, with all signs of his intention to make a long stay.

Lincoln, who five weeks ago was released from prison in England, arrived at Amerongen accompanied by Herr Anderson, about whose identity there is much secrecy, but who is believed to occupy a prominent post among the monarchists of Germany.

On their arrival at Amerongen from Berlin by way of The Hague, where they were in conference with prominent Germans, Lincoln and Anderson were met by General Bommer, who succeeded General von Esdorff as the former Kaiser's chief aid.

While refusing to talk about his visit to William Hohenzollern, Lincoln expressed the opinion that the bitter feeling against Great Britain would not end for a long time.

"Personally, I told the British authorities that in my writings I would devote my life's work against England," said Lincoln. "I am already beginning."

Seek Friendship of United States.

Regarding the United States, Lincoln said the feeling in Germany was different and that he knew positively that efforts looking toward good relationship were under way.

A London despatch under date of July 3 said that Lincoln would be deported to Hungary. The British government revoked his naturalization certificate early this year following his conviction and sentence to three years' penal servitude on a forgery charge. Lincoln was arrested in Brooklyn, N. Y., in August, 1915, on a charge of forgery preferred by the British consul in New York.

Lincoln declared that he was a German spy and that England really wanted to try him for this offense, and fought for his liberty by applying for a writ of habeas corpus. The United States district court, however, ordered his extradition to England on the forgery charge, but he escaped from the custody of the deputy marshal only to be rearrested almost immediately. He was finally deported on May 27, 1916.

THE BUSINESS COLUMN

(Continued from page 7.)

"I often heard things like this, but didn't pay much attention, but when twenty-three women have a particular store in this city that they will not buy goods in any more and I over-hear them telling their reasons, I begin to wonder. I own stock in some of those stores, and I am going to see how this condition of affairs can be remedied. The accounts of even twenty-three women a year mean quite a little profit!"

DOMINION TIRES

The Favorite Tires of Experienced Motorists

WHEN a man buys his first automobile, his mind is on the car as a whole—not on individual parts. Often, he is content to accept the tires that go with the car.

BUT experience sharpens judgment. He keeps a record of tire service. He weighs cost against mileage. He talks tires with other motorists. He finds out—by the speedometer—that **DOMINION TIRES** give more mileage, less trouble and more satisfactory service in every way.

THIS is why **DOMINION TIRES** have the largest sale in Canada among experienced motorists. They know that **Dominion Tires are Good Tires**—and you will know too after you have tested **Dominion Tires on your car.**

local store the other day, when told what Jennisch had said, replied: "Maybe he is right. Personally, I have a living to make and I have to sell goods and keep my job. But I will say that some women shoppers are very hard to suit and a girl, when she is tired and hot, will sometimes make a sharp reply to them. It is also true that many of the young girls working here and in other stores, don't really have to work. They make enough to buy a few clothes and they meet young men who take them out, and so what do they care if they are 'reported' and lose a job? They can always get another just as good, so they 'sass' away at customers to whom they think they have the right to talk back."

"Stores want us to be nice to customers and treat them courteously and so on, but they instruct us not to give so much time to any one customer, and they don't like us to have 'regular' customers. They claim that when a patron 'knows us too well and comes in us all the time, she will talk too much on other subjects and use up a lot of time during which another strange woman

would be buying something. Then, too, we sometimes get commissions on the amount of our daily sales and a woman taking up a lot of time while another is waiting to buy, might make us lose sales for the stores and incidentally ourselves."

Pattern Departments That Boost Store Sales.

So marked have been the improvements in the sales of piece goods through the influence of the pattern department that R. R. Irvine, Jr., of Irvine's, Provo, Utah, says they are contemplating letting one girl of the staff specialize on patterns and have charge of the department. Not only have the patterns made the piece goods sales stronger in the last few years, but they have increased the grades bought.

The store, which has a fine ready-to-wear department as well, is now selling goods worth \$6, \$7, \$8 and \$10 per yard where it used to be that it could not handle these grades.

The method of suggestive salesmanship used by the salesgirls in showing patterns produces the sales. Women are

buying of Irvine's materials for suits, coats, dolmans, capes and evening garments as the result of the patterns' influence. Naturally, this business means a more staple stock even if it does run up into money, as compared to the same amount in ready-to-wear garments on which the styles are bound to change.

Irvine's uses a toilet goods department to attract women to the store. Mr. Irvine said that the few cents saved on this class of goods was a magnet that the women could not resist.

Will H. Mathers, Delta, O., has kept a very close watch on his pattern department and satisfied himself that this feature had an influence on the piece goods department. Now he has it located at the very front of the store, and at the front end of the piece goods stock. The woman who gets a pattern is looked upon as a gilt edge prospect for an order of piece goods—and pains are taken to see that she sees what the piece goods department has that will suit the pattern she has bought.

While the W. J. Moyer, Mercantile Company, Grand Junction, O., does not have a sales girl exclusively for its pattern department the girl who handles

Every 10c Packet of **WILSON'S FLY PADS** WILL KILL MORE FLIES THAN \$8.00 WORTH OF ANY STICKY FLY CATCHER

Clean to handle. Sold by all Druggists, Grocers and General Stores

the patterns is pretty nearly such. She has the telephone and a few tables in the neighborhood of the pattern stock. In this way she almost specializes and as she has occasion to learn the stocks the patterns help her "get on" in the various sections of the piece goods department.

Some years ago the pattern department of W. H. Wright and Sons Company, Ogden, Utah, was a losing feature of the store. Later the store began to use them for just what they are designed to be—makers of sales in the piece goods department. Now they make money. G. A. Wright, of the store, said that in his estimation nine-tenths of the women come to the store just to get the patterns. And so many stores make the mistake of putting the patterns where they are too easily gotten, the women come and go with just the patterns. By locating the pattern department back in the piece goods department and putting in charge not the lowest salaried or most inexperienced girl, but one who possesses salesmanship, the store uses patterns for just what they should mean to a store—a means to sell piece goods.

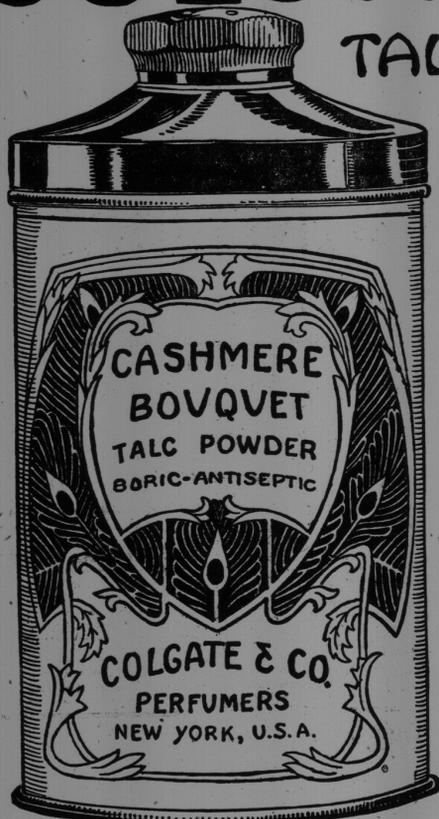

Mr. Wright is a strong believer in a retailer not only handling, but pushing nationally-advertised merchandise. He feels that in order to make certain that the retailer will tell local people that his store is the place to get the goods that national advertisers have made them

FARM COLONY FOR VETERANS PLANNED

Legion Secures Tract of 4200 Acres in New Jersey For Use of Returned Soldiers and Sailors of U. S. Forces

Newark, N. J., Sept. 24—Work will be begun at once on a farm colony at Winslow, N. J., for returned soldiers and sailors, a model for similar colonies in every other state, it was announced here tonight by the New Jersey branch of the American Legion, which has launched the movement.

The colony's purpose, the announcement adds, is to stand as a "practical and living memorial to perpetuate in the life of our nation the ideal and the spirit of the men who died in the great war." The organization has acquired 4200 acres for the project, including a village of fifty houses, an inn, store and church and a tract of good forest land on which stand sturdy oaks.

This property will be divided into 420 ten-acre farms, on which model homes will be erected, in which an effort will be made to utilize, "in the most practical and artistic manner," every inch of space. Sixty acres will be reserved for a pond which will be stocked with fish and used as a pleasure lake in summer and a skating pond in winter. It will also supply the community with milk. The estimated cost of the project, including clearing 8,700 acres, erecting houses, road building and equipping the plant with water supply and drainage is \$1,000,000.

Miss Maria Mead of the American Institute of Architects is at work on plans to insure ideal homes from an architectural and economic standpoint. Three-room apartments have been provided in the plan for unmarried men and women. Management of the colony will be on the old town meeting plan and men and women will participate equally as stockholders. Care of the aged and children has also been planned. An agricultural expert will be employed as production manager, and there will be a trained social manager, whose duty it will be to develop social and recreational activities. Col. Richard Derby, a son-in-law of President Roosevelt, is one of the directors.

HE WAS FOR PEACE, SAYS SULTAN OF TURKEY

Paris, Sept. 24—Mohammed VI, Sultan of Turkey, in an interview with the correspondent of the Journal des Debats, is quoted as saying that he endeavored, immediately after ascending the throne in July, 1918, to communicate with the Entente through Ferid Pasha, Grand Vizier and Foreign Minister, and negotiate a peace, but was unable to do so because of difficulties of a varied nature.

The Sultan added that history ought to record the step he took then as the first and most sincere effort of a belligerent to end the war.

He declared that the installation of Greeks in Smyrna, which was followed by an announcement that towns and territory clearly Turkish in the western part of the Empire would be taken from the Turks, had provoked the just resentment of his people, but he said that factious social and recreational activities. Col. Richard Derby, a son-in-law of President Roosevelt, is one of the directors.

He said he desired to maintain order and secure the obedience of his subjects and that he hoped the Turkish peace delegates soon would be called to Paris.

24 U. S. ARMY OFFICERS JOIN HASKELL IN TIFLIS

Take Over Relief and Administrative Work in Armenia Under High Commissioner

Tiflis, Transcaucasia, Sept. 24—Twenty-four American officers have arrived from Paris, headed by Colonel James C. Rhea. They are under orders to report to Colonel William Haskell, High Commissioner for the Four Great Powers in Armenia, and will be detailed to various duties in connection with American relief.

Six of the officers are to be sent to districts around Tiflis as district commanders, while the others are to be detailed to staff duties in Tiflis and other centres of operations in the Near East relief zone. Colonel Rhea has been designated chief of staff of Colonel Haskell's organization for "Near East Relief," which has been operating under the direction of Herbert Hoover.

The organization has taken over the American Relief Administration, the American Committee for Relief in the Near East, the American Red Cross, and all other American relief organizations in Lower Caucasia, as well as the governments in all the disputed neutral zones between the Armenia, Georgia, and Azerbaijan republics, except Batum, where the

British maintain martial law. This is purely an American organization, and with its personnel of American army officers it already is exercising the authority delegated to Colonel Haskell by the Peace Conference.

Colonel Haskell when appointed High Commissioner was given charge of all economic questions in Armenia and most extended powers. All relief organizations in Constantinople, Georgia, and the provinces throughout Turkey are to report to him, and he in turn is to report to the supreme council.

A Short Route to Increased Production

Efficiency of equipment is the shortest route through which you can increase production, and offset the high cost of material and labor.

Your first consideration should be to get the most out of the power that you are paying for.

Dominion Friction Surface Belting

will transmit as near one hundred per cent. of each power unit as can be transmitted by a belt.

During more than fifty years of experience in belt building for power transmission, we have perfected a special friction compound that acts not only as a water-proofing, as a vulcanizer to the fabric plies of the belt, but enables Dominion Friction Surface Belting to take a grip on the pulleys that practically eliminates all power waste.

Our engineers will be glad to show you, without charge, how Dominion Friction Surface Belting shortens the route to increased production, thereby lowering your manufacturing cost. Their services are available through our nearest Service Branch.

CHAMPIONSHIP OF AMERICAN LEAGUE MAY BE DECIDED TODAY

White Sox are Meeting The St. Louis Browns and Need One Game to Clinch The Pennant

The failure of the White Sox to win either of their last two games at Boston, coupled with the continued successes of the Cleveland club for the last several days, has delayed the clinching of the title by the Chicago Americans. The pennant race in the junior league may be settled today, when the Browns open a two-game series at Chicago and the Indians meet the Tigers at Detroit. One more victory for the White Sox, who have five games to play, will settle the issue, as will one more defeat for the Indians. The probabilities are stretched to their utmost to concede the Indians a chance to win, even though they are now within four games of the lead. The Sox are not going to lose five straight to the Browns and Tigers, nor is it likely that the Indians will win all four from the same clubs. While the Reds have been taking things easy for several days, the White Sox have been trying to win the game that will make the pennant certain, but this can hardly be counted upon as a handicap to the American League Clubs which have had time to rest up for the world's series have not always shone to advantage in the baseball classic, and some clubs which have had to fight almost to the last day of the season have been highly successful. Rest is sometimes beneficial before undertaking news-making tasks, but steady work is not always a handicap. All indications point to the White Sox being the favorites when the series opens in about ten days. The Chicago team appears to be a better-balanced combination than the Reds—one that is strong in all departments. The lack of high-class pitchers to aid Cicotte and Williams has been emphasized considerably, yet the Sox have had a strong group of American League contenders for four-fifths of the season, so perhaps the weakness is more fancied than real. The White Sox have clearly outclassed the other teams of their league, have played together for three or four seasons, have been through one world's series, and are not likely to be affected by nervousness. Pat Moran has a fighting team, and it deserves the honors which it has won. From a distance it would appear that taking the measure of the White Sox in a nine-inning series is a more difficult task than winning the championship of its own league.

KRAMER HOME FIRST IN CYCLING DERBY

Veteran Defeats Eaton and Spencer Before 16,000 Enthusiasts at Newark

Frank Kramer triumphed over Raymond Eaton, the national champion, and Arthur Spencer, the Toronto star, in the world's champion cycling derby at one mile at the Velodrome at Newark, N. J. Sixteen thousand fans cheered madly as Kramer led Eaton and Spencer over the tape in the order named. The world's championship has not been contested since the war, and this race has been run in Newark as a substitute for it since 1918. Kramer's victory today over Eaton was the third time in succession that "Big Steve" has triumphed over Eaton, the boy who took his title. Kramer jumped into the lead a lap and one-half from home and went into the last lap leading with Spencer second and Eaton third. Spencer tried hard to get by Kramer going into the first turn but failed. He jumped his bike with everything he had in him. His wheel wobbled and it looked as if he might fall but he soon righted it and was on his way after Kramer. Spencer chased him around to the home stretch, with Eaton following him. Coming down the stretch Spencer was on the outside and Eaton on the inside. Kramer reached the tape first, while Eaton just nudged Spencer out for second place. Eaton, after finishing first in the five-mile open, was disqualified for teaming with Pete Drobach and Tom Bello. Drobach and Bello were both suspended for the balance of the season. Reggie McNamara was awarded first place. Willie Spencer second and Alf. Goulette third.

FIRE ESCAPE CASE
The case against Edward Sears for not erecting a fire-escape on his building occupied by the Y. W. C. A., was allowed to stand for one week, and it is thought satisfactory arrangements will be made in the meantime.

WILLIAM M. DIAMOND
The death of William M. Diamond took place today at his home in Summer street, Lancaster, West St. John, at the age of fifty-nine years. Besides his wife he leaves one son and one nephew. A large circle of friends extend sympathy to the bereaved ones.

NO CAUSE FOR ALARM
Two new cases of typhoid were reported to the Board of Health today, one from East St. John and the other from the west side. It was said by an official of the board that there was no cause for alarm, as every precautionary measure was being taken to prevent the spreading of the disease, yet the source of the disease has not been discovered.

GOING WITH NEW CONCERN.
In another paragraph in the Times-Star reference is made to a farewell tendered F. C. Macneil, local manager of F. B. McCurdy & Co. on the occasion of his joining a new Canadian-American corporation which is establishing offices in Montreal and which later will probably have offices at other parts of Canada. Mr. Macneil will be Canadian representative.

NO TRACE OF PARENTS
No trace of the parents of the infant found yesterday morning in a vestibule in Carleton street has been found. The only clue the detectives have is that some clippings from a Halifax paper were found in the basket, which points to the fact that the baby might have been brought in on the Halifax train at six o'clock and put in the vestibule. Apart from this very slight clue, the matter still remains a mystery.

BEING DISCHARGED.
Lieut. Guy Williamson, M. M. of St. Stephen, N. B., a member of the 98th Battalion, was in the city today to get his discharge after nearly five years' service with the colors. He returned home about a week ago, accompanied by a young lady from the old country as his bride. Mr. Williamson joined in the ranks of the 26th and won the military medal and his commission in the field. He has of late been employed on special duty in England.

CALAIS APPLICATION HEARD.
A hearing of the application of the Calais Water & Power Company for increased rates was taken up by the Public Utilities Commission in the government rooms, Prince William street, this morning. Evidence of the superintendent, Irving Bradley, was taken and will be resumed this afternoon. G. O. D. Otty presided and associated with him were Commissioners A. B. Connell, K. C., and Felix Michaud, and Fred P. Robinson, secretary.

J. C. MCGREGOR DEAD
J. T. Knight, of the firm of J. T. Knight & Company, was advised by telegram this morning of the death of J. C. McGregor, of the firm of J. W. Carmichael & Co., Ltd., of New Glasgow. Mr. McGregor was well known in the business community of this city, his steamers Pruders and Mimac being frequent traders at this port. He was a director of the Nova Scotia Steel and Coal Company, manager of the Eastern Car Company, and in addition was largely identified with the building and principal industries of New Glasgow. Many friends will learn of his death with feelings of regret.

LIEUT. J. F. SMITH HOME.
Lieut. J. Frank Smith, who has been attending St. Dunstan's College, London, Eng., has, on medical advice, returned home for a rest before proceeding with his studies. Lieutenant Smith was a member of the first contingent. He went over with the 1st Field Ambulance commanded by the late Dr. Duval and won his commission in France. He was invalided home because of wounds received and lost his sight entirely after an operation performed in Montreal for the removal of shrapnel from his eyes. After the train was backed to where the lad had fallen and he was picked up and taken to his home.

HAD A LONG WAIT
The suburbanites who unfortunately happened to be on the Sussex train last evening were very much annoyed at the apparently unnecessary delay at Coldbrook while waiting for the Halifax train to pass. This delay has happened quite frequently during the summer and no complaints have been made, but yesterday was "the straw that broke the camel's back," the train had a twenty-seven minute wait on the siding. Passengers remarked that there should be no excuse for such extended delays; that the railroad should have train despatchers, not train detectors, and that the "meet" could have been made at Torryburn, three miles further on instead of where it was.

DEMONT'S CHAPTER
DeMont's Chapter, I. O. O. E. held their first regular meeting since June at the rooms of the board of trade this morning with the regent, Mrs. G. K. McLeod, presiding. Mrs. McLeod, who was the chapter delegate, gave an interesting report of the annual national meeting of the order held in Montreal in May. A satisfactory report was also given by Mrs. Ambrose, convener of the prize committee for essays in grade 8 on "What We Owe the Navy." It was decided to send a contribution of \$10 to the municipal chapter and also to express their willingness to assist in the promotion of educational work. The chapter was ready to assist in supplying a nurse at a salary of \$80 per month for child welfare work.

FINED \$200 UNDER THE LIQUOR ACT

Several Cases of Alleged Violations Before the Magistrate This Morning

The defendant, Halfpenny, told of living in Smythe street and keeping a beer shop there, with the license in his own name. He said he did not take a drink on the day in question nor offer any person a drink. He said also that he has had rheumatism for some time and has not done any work for six months. The defendant, Miller, came into his house and told his daughter that a schoolmate of hers was going away on the train and wished to see her. She asked her father to go and he and Miller went down to the station and met a soldier. While the daughter was talking to her schoolmate, Miller and the soldier went into the toilet on the train and the defendant said he followed them. On cross-examination by Policeman Pierce, the witness said he does visit the station quite frequently and was recently put off the Halifax train at 11:45 p. m. by the policeman for not having a ticket. He also said, in answer to a question by Policeman Pierce, that the inspectors under the prohibition act had visited his place of business during the last two months. In his evidence the defendant said that Miller told him that the liquor belonged to the soldier. Policeman Pierce then gave evidence to the effect that Miller did not tell him the soldier owned the liquor and that the soldier and Halfpenny both told the policeman they did not own the liquor but Miller said he did and that he got it from a fellow near the station but did not give his name.

Scott E. Morrell, counsel for the defendant, Halfpenny, made a motion for a dismissal against Halfpenny which was granted.

The defendant, Miller, was fined \$200 or six months in jail.

A case against John Lane, who is charged with having liquor in his residence illegally, was resumed. George A. Henderson, clerk of the police court, produced the records of the court and proved that the defendant was arrested on July 17, 1918, for violating the intoxicating liquor act by having unlawful possession of liquor. On July 24 the same month he was fined \$200 or six months in jail and served his time in jail. At that time the defendant lived in the city and now he lives in City road. The magistrate adjudged the defendant guilty but postponed the case until tomorrow when he will be sentenced. Parents who have the character in mitigation of the penalty. J. A. Barry appeared for the defence.

A case against Thomas Short, charged with having liquor in his possession other than in his private dwelling, which stood for judgment, was resumed, and was dismissed as there was no case made out against him. E. S. Ritchie appeared on his behalf.

Three men, charged with drunkenness, pleaded guilty and were remanded to jail. Two of them said they had been drinking lemon and three bottles of the extract were found on one. A man who was charged with deposit for drunkenness did not appear.

FREE NIGHT SCHOOL FOR BOYS AND MEN

Next Monday evening the school board will open the free evening schools for boys and men. In the King Edward school, corner of St. James and West street, there will be classes in reading, writing, spelling and arithmetic. In the Centennial building, on Brunsels street, mechanical drawing will be taught.

These schools afford a splendid opportunity for boys and men to improve their education and thereby increase their earning capacity. Parents who have their children in the school should urge them to enter. Those who have never attended school will be gladly received and taught to read, write and spell. Arithmetic and writing will receive special attention.

A fee of two dollars is collected from each pupil upon enrollment. This, however, is refundable on the basis of attendance. If a pupil does not miss any time his entire fee is returned to him at the end of the year. About one-half of his fee is returned provided he attends half the time.

In past years many business men strongly recommended the free night school to boys and men in their employ who were handicapped in life by lack of education. Following this advice, many enrolled in the school and in the course of a few months their services became of a valuable to their employers and consequently they received increases in their salaries.

Those who wish to enroll may pay their fee of two dollars to A. Gordon Leavitt, secretary to the school board, Union street, or to either of the instructors, Rex R. Corners, principal of the King Edward School or A. G. Gunter, principal of the manual training school. Returned soldiers are extended a special invitation to attend these classes.
