ASQUITH MAKES THREE PROPOSALS

Men Postpone Coal Strike Notices, Owners Admit Principle of Minimum Wage; All Negotiate to Settle Amount of It

(Canadian Press) London, Feb. 23.—According to the Daily Telegraph, Premier Asquith, at the conference at the foreign office yesterday, proposed: First, postponement of the date of operation of the strike notices; Second, that the owners should admit the principle of a minimum wage; Third, that negotiations should cease to settle the amount of the minimum wage.

against the notion that we have no rights in this question. Mixed feelings of optimism and pessimism prevail today among those directly interested in the coal trade dispute. While the great majority of the general public finds it hard to believe that such a calamity as a national strike of coal miners involving nearly 1,000,000 men will be allowed to occur, the coal owners on the whole take a less favorable view of the situation.

The Yellow Letter
A Fascinating Mystery Story
By WILLIAM JOHNSTON

Reading the letter, who has been impatiently awaiting a telephone message from Louise Farrah...

CHAPTER III—(Continued)
That meant much—or nothing. It may have been mere senile hysteria superinduced by the great shock...

"Do you know Crandall? What color I regretted that I had to say no to the first question, and that I did not, to the latter, which query amazed me greatly...

"What a wonderful man you are!" I exclaimed as the doctor's door closed behind him. "How did you learn that Doctor Berner had been called after Elser killed himself?"

"I don't think so. Her sister and I were talking of the Elser suicide last night after we saw the evening paper, and Louise said she would have known it if her sister was acquainted with him."

"Large quantities!" I gasped. "Were there more than two?"
"Of course," he snapped, in a way that showed me he did not wish to be questioned further. Then he reached for his hat and coat, and with an abrupt "Come along!" he was on his way to the elevator.

For several years I have been in the employ of the Erie Railroad Company, and in their employ I was taken with kidney trouble. I tried several doctors, but seemed to get no results from their treatment...

Daily Hints For the Cook

BEEF STEW
First remove the bone from a sirloin steak and cut into large cubes. Roll in flour, season to taste and fry in hot lard until browned, pour hot water over meat, and stew three quarters of an hour. Add thickening and serve.

CREAMED ONIONS
Peel, wash and boil until tender a quart medium sized onions. Drain off the water and put in enough milk to nearly cover them, salt and pepper to taste and simmer over a low fire until the onions are tender. Add a lump of butter the size of an egg. When the milk boils remove from the fire.

ROAST RABBIT
Dress, clean the rabbit thoroughly and soak in salt water for a few hours or all night. Then put in a dripping pan and fry with salt, pepper and a little flour. Cut salt pork in thin strips and lay the rabbit with them, spread some butter over all, put a little water in the pan and roast in the oven until perfectly tender, basting often.

EAT WHAT YOU LIKE

And What Agrees With You, But Do Not Eat Too Much

Digestion Will Be Good If You Regulate the System With DR. CHASE'S KIDNEY-LIVER PILLS

Overeating is the great cause of liver troubles, biliousness and constipation. The digestive system becomes clogged with poisonous waste matter, the liver fails and then follow kidney disorders of the most painful and fatal form, such as rheumatism, Bright's disease and dropsy.

The beginning is almost invariably with the liver and should be overcome by the prompt use of Dr. Chase's Kidney-Liver Pills before serious disease is developed.

An occasional dose of Dr. Chase's Kidney-Liver Pills when the liver gets sluggish and the bowels constipated will keep the whole digestive system in healthy working order.

Hundreds of thousands of people have found this out by their own experience and would not think of being without this medicine in the house. Others have been restored to health by this treatment after their cases had reached more serious and complicated stages.

LIBERAL VICTORY

The Borden government received a rude shock yesterday. Hon. George P. Graham was elected in South Renfrew, and will take his seat in the House, beside Sir Wilfrid Laurier.

FAMOUS RELIC MISSING

Sword of Suleiman Has Disappeared From the Turkish Treasury

THIS IS DREADFUL

W. Morgan Shuster has returned to New York and delivered himself of a sweeping condemnation of the foreign policy of the British government.

How About That "Generous Price Cutter" ANY WAY?

Note the "generous price cutter," how he furnishes you some well advertised goods at a few cents under-price, and then charges you liberally for prescriptions or something you do not know the price of.

DR. A. W. CHASE'S CATARRH POWDER 25c

Improved BLOWER. Heals the inflamed membrane, clears the nasal passages, stops droppings in the throat and permanently cures Catarrh of the Nose, Hay Fever, etc. BLOWER FOR ALL AFFECTIONS OF THE NOSE, THROAT AND LUNGS.

The St. John Standard printed the news of the great Liberal triumph in South Renfrew yesterday under these headlines: "Laurier may retire from leadership soon."

in the field when the Borden government gives place to its successor.

South Renfrew—the beginning of the end.

Liberals all over Canada will derive new courage from yesterday's victory in South Renfrew.

Mr. Copp is giving the provincial government press a lot of worry. He will give them more.

If there is to be a fast Atlantic service, St. John should be given a fair test as a terminal port.

A car ferry at Quebec would head Grand Trunk Pacific freight to St. John within two years. The East St. John harbor works cannot be completed too soon.

The Unionists will have a demonstration in Belfast, but the Home Rulers were there first, and Mr. Winston Churchill's speech has gone on the record.

The various Conservative Clubs which have sprung up hereabouts since the party got the patronage will not hold meetings to rejoice over the victory in South Renfrew.

The Nova Scotia government will join more vigorously in the fight against tuberculosis. The municipalities must be educated in all the provinces to take a more active part in the campaign.

Ontario, which defeated Sir Wilfrid Laurier, is the first province to send him a message of good cheer, accompanied by a sturdy fighter in the Liberal cause. It is a good omen.

With American as well as English and western Canadian capital coming here for investment, St. John is steadily attracting some attention abroad. Let us all come.

With Laurier, Pugsley, Graham, Lemieux, Carvell, Clark, Guthrie and other critics opposite, the Borden government finds itself in trouble most of the time.

The Federation Gleason said yesterday: "Today the electors of South Renfrew will give their opinion of Mr. Graham's management of a great public trust."

The Fredericton Mail says: "The St. John Standard referring editorially to the local bye-election held in York in March last, says: 'The Legislature was in session and every member of the opposition did his best to secure the return of Dr. Atherton, the Liberal candidate.' This statement is on a par with most of the political fiction the Standard serves out to its readers. Dr. Atherton never was the Liberal candidate at a bye-election in York. The Standard editor has another trick coming to him."

The net result of yesterday's by-election in South Renfrew is that the prestige of the government is shattered, and Sir Wilfrid Laurier gains an able supporter in the House. When attacks are made upon the railway policy of the late government, Mr. Graham will be there to reply.

George Jelly, who is employed in hauling logs from the woods to a mill at Townsend, N. B., has invented a method of his own for keeping warm on very cold days. He sets up on the load of logs a small iron stove with a smokestack seven feet high. He carries a good supply of small wood and when he has a good fire going he cooks his dinner and warms his coffee while his oven are steadily trucking along. On his return trip with the empty sled he puts a frame around the stove and rigs up a little wigwam, where he can take a comfortable nap when he feels inclined.

In St. Stanislaus' Catholic church of Pittsburg eight couples were married at one time on last Monday. The ceremony attracted the attention of the wholesale produce men, whose yards are close at hand and when the procession of sixteen happy persons emerged from the church the cheering was long and loud. The approach of Lent is given as the cause of the rush.

It is of course unfortunate to have British policy riddled by so able a critic as Mr. Shuster, and perhaps he should have been prevailed on while in London to remain there and track Sir Edward Grey in his duty as foreign secretary. The only consolation we have is that King George thinks a lot of Grey, and lately conferred upon him a very high honor. Perhaps after all, King George knows almost as much about it as Mr. Shuster. Or should we spell it Shyster?

POPULARITY "What is your idea of being popular?" "Having more than three occasions a year to wear a dress suit."

VAGUE The Agent—"The house is just a stone's throw to slide out the back door and go into the next door neighbor's—Philadelphia Telegraph."

NOT MUCH LEFT Hiram—"Has old man Sampson made his will?" Hank—"Gawd, no. Hain't got nothin' ter leave 'cept the rheumatism."—Boston Transcript.

A TRUTHFUL CHILD Visitor—"Your mother wasn't expecting me, was she?" Little Girl—"No, she didn't even have time to slide out the back door and go into the next door neighbor's—Philadelphia Telegraph."

TOO SOON He—"What are the names of the newly-married couple in the next flat?" She—"We haven't been able to find out yet. They still call each other 'Birds' and 'Pats'."

READY TO DESERT He—"Marie, suppose you and I were all alone on a desert island, what is the first thing you'd do?" She—"Thank goodness that I know how to swim."—Variety Life.

AUTO ARISTOCRACY "What's your aristocratic friend growling about?" "He has a grudge against the plain people," responded the Wood Street Wonder. "On what score?" "Says they wear so many rubbers that it forces up the price of the automobile."—Pittsburg Post.

PROPERLY DRESSED A man who would have proper dress, the merchant tailors say, just nine-and-thirty suits of clothes. Just have for night and day. He must have them for business use, for motor and for horse. And suits for golf and other sports, for opera and divorce.

TO MANY NOBLE MEN To many noble men who try to struggle through this life with suits that number ten; And there are others who exist, And somehow keep alive, Who never owned more suits of clothes At once than merely five.

IT USED TO BE A SUIT FOR FALL, Another suit for spring, A summer and an evening suit, Was quite the proper thing. But thirty-nine suits all at once Is something that appals The man to whom food cost scarce leaves Enough for overalls.

THE PROVINCIAL DAIRY SCHOOL

The next session of the New Brunswick Dairy School will open in Sussex on March 19, when there will first be a ten day course in butter-making, both for creamery and home butter makers, with a full course of lectures upon the production

and care of milk and cream, covering the selection, testing, care and feeding of dairy cattle as well as the prevention of and remedies for common ailments. Instruction will be given on the care and operation of hand and factory separators, and for those who desire it there will be training in soft-cheese making for home dairies. During the course, to which ladies are especially invited, lectures upon the production and marketing of poultry and eggs will be given by Seth Jones, provincial poultry superintendent. Lectures upon animal and field husbandry will be given by Professor E. S. Archibald and veterinary science by Professor John Standish, both of the Nova Scotia Agricultural College. This course will close on March 29, and on April 2 a course in cheese-making will begin, continuing till April 12. During both courses, instruction in milk-testing will be given. It is expected that all those who are intending to operate creameries or cheese factories will attend one or both of these courses. Tuition is free and board can be obtained at reasonable rates. The staff, in addition to the special lecturers mentioned, will consist of C. W. McDougall, superintendent and lecturer; L. C. Daigle, instructor in milk-testing and cheese-making; George Ransom, instructor on hand separators; Albert Conrad, instructor in butter-making. Applications stating which course the applicant desires to take, should be sent to C. W. McDougall, Superintendent, Sussex, N. B., from whom all information may be obtained.

LIBERALS OF MONCTON IN RALLY

Great Enthusiasm Over Victory of Hon. Mr. Graham in Renfrew

STRAIGHT TALK BY SPEAKERS

Senator McSweeney, C. M. Leger and Geo. R. McCord—"Borden Not Big Enough for His Job"—Mr. Flemming Gets Raking

(Special to Times)

Moncton, Feb. 23.—The Moncton Liberal club at its monthly meeting last evening was addressed by Senator McSweeney, C. M. Leger, M.P., George R. McCord, of Sackville. The meeting was an excellent one. As strong points were made by the speakers, and announcements of the results of the bye-election in South Renfrew were made, much enthusiasm was manifested.

H. C. Charters, president of the club, occupied the chair. Senator McSweeney spoke briefly, reviewing conditions at Ottawa since the opening of the present session, contrasting the Liberal and the Conservative parties, showing that the opposition, under the leadership of Sir Wilfrid Laurier, is ably dealing with the issues of the day, while the government forces are endeavoring to evade important questions.

Mr. Leger, after congratulating the club on the splendid quarters, spoke of the feeling of confidence in the ranks of the Liberal party. He dealt with various phases of provincial politics, including the record of the government, now in power at Fredericton with the promises made while in opposition. He also criticized the gerrymandering of Westmorland county, saying that it had been done by the government in the hope of partisan gain, and contending that the city of Moncton should have been given more than one representative.

Mr. McCord delivered an able address. He said that there was a feeling abroad that the present government at Ottawa would not last long. He declared that reciprocity was not dead, as it was in the west, and he believed that this question would take a leading place in the discussions during the next provincial campaign. He noted that an effort was being made to put Liberals in the corner as knucklers.

Partners supporting the Liberal party had been brow-beaten by the Conservatives, expressed doubts as to the success of Mr. Flemming's policy. Farmers said that before farmers were brought into the province, attention should be given to conditions which have resulted in so many vacancies in the province. Production should be encouraged by giving larger markets to the farmers of the province.

Sir Walter's Good Fortune

Sir Walter Raleigh has been called to take a cup of tea with Queen Elizabeth. "It was very good of you, Sir Walter," said her majesty, smiling sweetly upon the gallant knight, "in your own mind on the other day so that my feet should not be wet by that horrid puddle. May I not instruct my lord treasurer to reimburse you for it?" "Don't mention it, your majesty," replied Raleigh. "It's only cost two and six and I have already sold it to an American collector for £8,000."

Listless, Backward Children

Made Bright and Active by Dr. Morse's Indian Root Pills

Many a growing boy or girl is set down as constitutionally slow, stupid or lazy when it is really a question of inactive bowels, lazy liver or sluggish kidneys.

The growing child, with a hearty appetite, certainly cannot long remain healthy and bright if the bowels and the kidneys, are choked up with impurities that should be thrown off promptly. The muddy complexion, dragging limbs and dilate for mental or physical effort show plainly that the child needs Dr. Morse's Indian Root Pills to set up the liver and kidneys and regulate the bowels. Dr. Morse's Indian Root Pills do this most effectively, cleansing the whole system, purifying the blood, aiding the digestion and giving plenty of life and activity. As upon the education obtained may depend the success in life of your boy or girl—see to it that the general health of the child is such that pleasure and not a hardship. Made from roots and herbs by W. H. Comstock Co., Ltd., at Brockville, and sold by all dealers at 25c. a box.

FURTHER SIGNS OF EXPANSION OF CITY

One of the most interesting developments in the rapidly changing real estate situation was the intimation given yesterday by the president of the St. John Railway Company that financial interests are considering the establishment of another amusement park on the outskirts of the city...

NEW SUGAR PROJECT

The matter of a sugar refinery in the city was revived yesterday by the visit of Norman J. C. Mather, of the financial firm of Murray & Mather, Toronto. Mr. Mather says his firm has made the financial arrangements for the Atlantic Sugar Refineries, Limited, the successors of F. C. Durant, and Mr. Mather came here to determine the present status of the company's agreement with the city...

GREAT CITY HERE

What may be taken as expert evidence as to the present boom having a very real existence was given yesterday by Mr. Mather, who has been making inquiries with a view to investment here. He was particularly interested in the possibility of bringing a cheaper power to the city and regards this feature as one of the essentials of "making the city a great manufacturing as well as a great exporting city."

"There is no reason why you should not have the greatest city of Canada right here," Mr. Mather told a reporter. "We are only on an island here, St. John and we have nearly 400,000 population. I think the wise young man in St. John today will conclude to stay right here and help to boost, and in fact, I had more of the western spirit prevailing in St. John today than I have found anywhere else on the Great Lakes. I am often at Ottawa on business and in meeting the members of parliament I find they are beginning to talk their own provinces and to insist that you will get a fair share of the money spent for attracting immigration to the Dominion. This is not my first visit to the maritime provinces and I find that after all they were not dead, but sleeping and that now they are beginning to wake up."

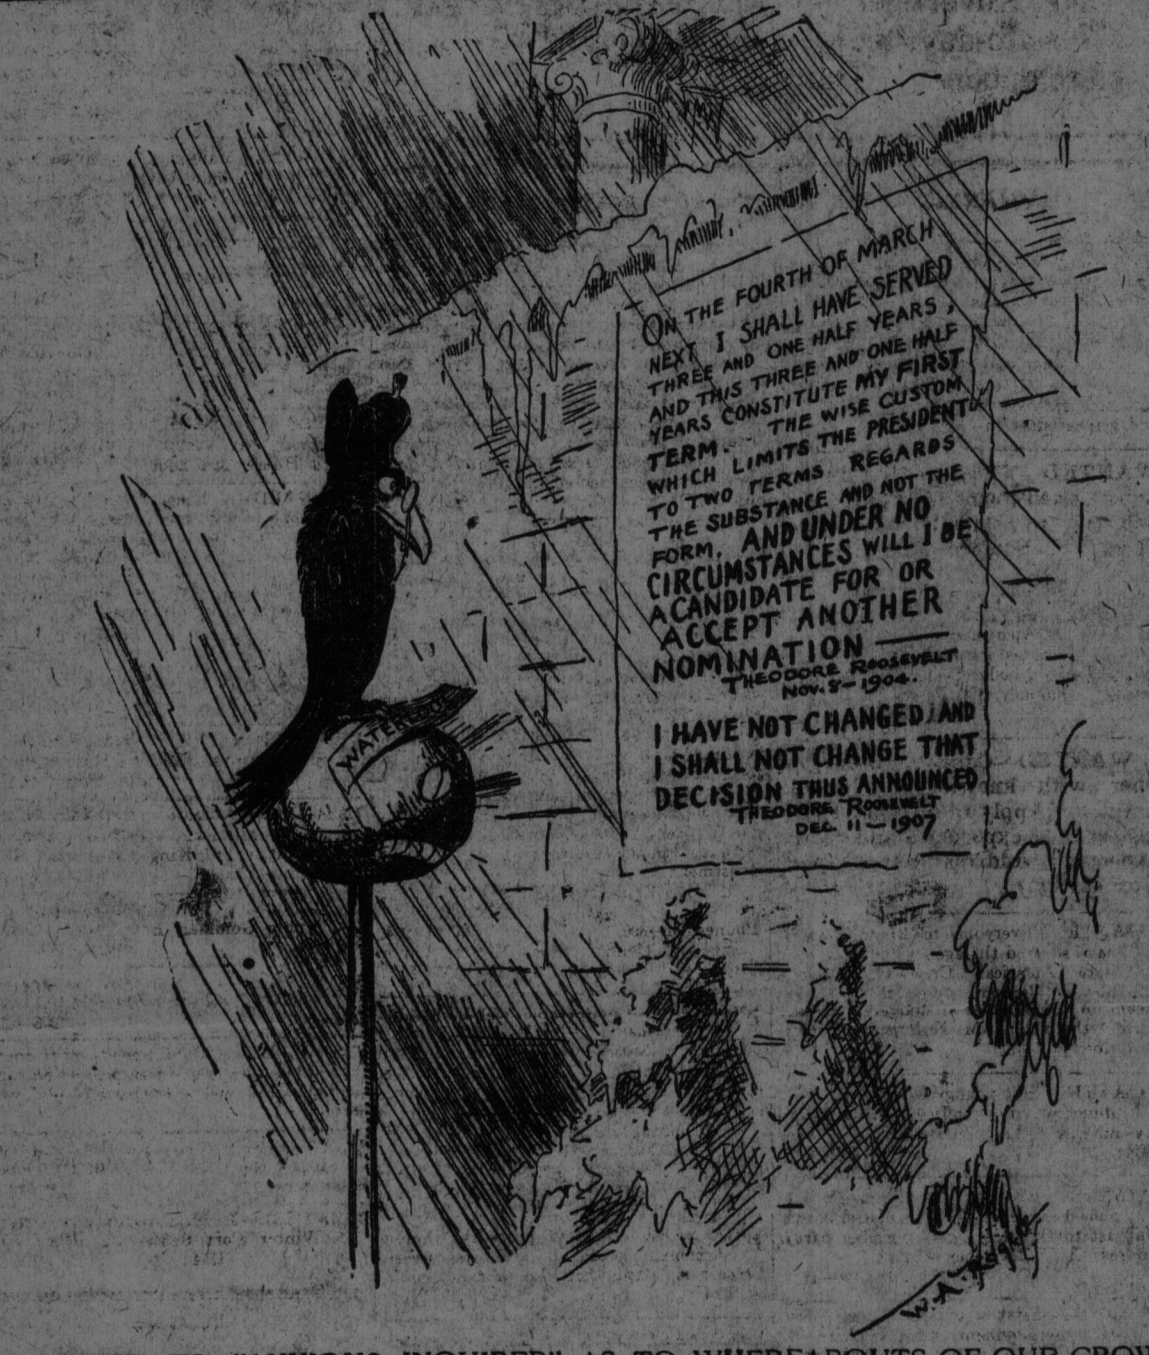

MORNING LOCALS

Ex-Senator N. M. Vance, of Bangor, will leave by the Dominion of Ireland today on a visit to the Old Country. He declined to say last evening anything about the purpose of his trip. The concert and piano recital under the auspices of the Ladies' Club, in Centenary church last evening, was greatly enjoyed. The numbers were all well received. The programs included the following: Piano solo, Misses Smith; reading, Roy Harding; vocal solo, Miss Currier; piano solo, Miss Hilda Galley; vocal solo, Miss Drake; piano duet, Mrs. Barnes and Miss (Catherine) Heddley; Miss Turner's reading, Miss Lundy; piano duet, Miss Hilda Galley and Miss Dorothy Waterbury. Wm. A. Tobin, of St. George street, west end, a C. A. R. freight conductor, was blown from the top of a car at Gaspeaux yesterday and received a bad shaking up and a broken ankle. He was brought to the city and sent to the hospital. Martin Wilson, a "tomboyman," as struck by a line of dead while working on a head line steamer at Sand Point last night and had one of his legs broken. A provisional organization for a branch of the National Highway Association was formed here yesterday with the following members: T. H. Bealbrooke, H. C. Scho...

WHOLE FAMILY ARRESTED FOR FEARFUL CRIME

Slew Father and Buried His Disembodied Body in Yard of Home Madrid, Feb. 23.—A terrible story of crime is reported from Alicante, Spain. A well-to-do cattle dealer, named Pascual Panabá, lived with his wife, six daughters and two sons in the village of Almoradi. The father was a man of excellent repute and much respected, but his sons were notorious gamblers and evil livers. On January 20 Panabá had occasion to remonstrate with his youngest son over some act, and the lad resented it so strongly that his father boxed his ears. From that date the father was not seen by the neighbors. The family spread the report that he had left home after a quarrel. This explanation did not satisfy the missing man's brothers, who set on foot searching inquiries. As nothing could be ascertained as to Panabá's whereabouts, the local authorities were consulted, and a magistrate visited the family to question them. Their answers were so contradictory and confusing that the magistrate's suspicions were aroused, and he had the house searched. Still no trace of the missing man could be discovered. Then the magistrate ordered a newly-piled heap of wood in a corner of the garden to be removed and the earth dug up. As soon as the wife heard of this she fainted. After digging for a little time the body of the cattle dealer was unearthed. It was frightfully mutilated, the head being severed from the body and one leg being missing. The family then confessed their crime. One of the sons dug a hole for a dead animal, and the father was asked to see if it was big enough. As he peered into it the eldest son killed him with an axe. Finding that the hole was not large enough, the body was dismembered, and one leg subsequently found, was buried elsewhere. All the family were arrested and as they were being removed to jail the neighbors tried to lynch them. The Deirer Mint is coining new nickels for the first time in its history, at the rate of \$9,000 a day. The coinage will continue for ten days, and in that time about 1,000,000 of the five-cent pieces will be struck off.

Vast Trade of South America

The foreign trade of the Latin-American republics with all the world during the last five years has advanced from \$1,700,000,000 gold to \$2,300,000,000 gold, an increase of \$600,000,000, according to the annual report of Director General John Barrett, of the Pan-American Union. The total value of the trade exchanges between the United States and the other republics of this continent has grown in the same period from \$68,000,000 to \$90,000,000, an increase of \$22,000,000. These figures serve to give an idea of the commercial importance of the Latin-American republics. Impressive as the figures are they represent only a fraction of what the trade of the Latin-American republics will become when all of them settle down to a tranquil orderly and industrious existence and they begin to be developed in a really systematic manner and on a scale commensurate with their varied and inexhaustible resources. It is easier to know what to do than it is to do what you know.

A WEAK, ACHING BACK CAUSED HER MUCH MISERY

Could Not Work and Had No Ambition For Anything. These who have never been troubled with kidney trouble do not know the suffering and misery which those afflicted undergo. Weak, lame or aching back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged. Doan's Kidney Pills are a specific for all kidney troubles. Mrs. W. R. Hodges, Fielding, Sask., writes: "A few lines highly recommending Doan's Kidney Pills, which I did, and I have been troubled very much with very sick headaches, and a weak, aching back which caused me much misery, for I could not work and had no ambition for anything. My kidneys were very badly out of order, and kept me from sleeping at night, I tried many kinds of pills and medicines but it seemed almost in vain. I began to give up in despair of ever being well and strong again, when a kind neighbor advised me to try Doan's Kidney Pills, which I did, and am thankful for the relief I obtained from them, for now I am never in trouble with a sore back or sick headaches. I will always say Doan's Kidney Pills for mine, and can highly recommend them to any sufferer. Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, mailed direct on receipt of price by The W. Milburn Co., Limited, Toronto, Ont. When ordering direct specify 'Doan's'.

NORTON GRIFFITHS' GREAT CONTRACT ON THE PACIFIC

Understood That the Cost of British Columbia Work Will Be More Than Seven Millions

(Victoria Colonist) The Norton-Griffiths contracting company has been awarded the contract for building the government docks at the port of St. John, an undertaking that will cost in the neighborhood of seven million dollars, and while the fact is interesting on account of the magnitude of the contract which has been signed and ratified by the parties, it is also interesting on account of the fact that it represents the first government contract to be awarded this great contracting firm in the Dominion, and when it is considered that Sir John Jackson endeavored to obtain the same for his world-renowned dock-building company it will be realized what the contract means to the Norton-Griffiths concern, which, within the past few years has extended the field of its operations all over the world. While there is no definite date to go upon it would not be at all surprising in the event of the government deciding to construct similar docks on the Pacific coast a project that has been long considered and long agitated for, if the same company secures the contract. At the present time the Norton-Griffiths firm is largely represented in the city of Victoria, being engaged in the construction of several important blocks, among which might be mentioned the Belmont hotel on the corner of Humboldt and Government streets and the Union bank on Government street. It is only recently that the company has come to Canada at all, but their name is well known throughout Europe, the United States, South America and the Far East. Only a few months ago Mr. Norton Griffiths, the head of the great concern, was in the city of Victoria consulting with Premier McBride in regard to provincial developments, and it is yet possible that as a result of these conversations something tangible may ensue. When Mr. Norton Griffiths left here he went to Mexico where his contract has been awarded for the construction of a great line of railroad. After putting things in shape there he went back to London where he negotiated for another great railroad contract in Russia, and at the present time he is in the city of St. John, where the country after having signed up an important agreement for the execution of work there.

Railroad construction is the special forte of the company but, of course, they are open to do all kinds of contracting work providing it is big enough for their enterprise. The present contract to build the docks at St. John for the Canadian government is the only work of the kind they have put through on this side of the Atlantic, but their ability to do such a work was demonstrated in Singapore, where they built what is considered to be one of the finest docks in the world. At St. John it is understood that a grading dock will be included in the list of requirements.

VERDICT GIVEN IN THOS. EVANS INQUEST

The coroner's jury, which investigated the death of Thomas Evans, a fisherman who was killed by falling down the hatch of the steamer Shenandoah on July 7, 1911, brought in the following verdict last night.

"We, the jury empaneled to inquire into the cause of death of the late Thomas Evans, find that he came to death through injuries received by falling down a hatch on the steamer Shenandoah while discharging cargo and also

"We find that from the evidence, although the steamer is equipped with an electric light plant, such lights were not turned on at the time of the accident, also

"We find that the hatch cover was of the bunk type which should not have been used

"That these facts are evidence of negligence on the part of the officers of the steamer and contributory to the cause of accident."

The victim of the accident lived for several weeks and before his death his sons also sickened and died. Coroner Berryman commended the verdict. Judge J. M. Armstrong represented the steamship company and D. Mullin, K. C., the Evans' family.

Annexation Decree Proclaimed

Rome, Feb. 23.—The royal decree proclaiming the annexation of Tripolitana and Cyrenaica, was presented yesterday by Premier Giolitti in the chamber of deputies and in the senate. Patriotic speeches were made and scenes of enthusiasm ensued.

THAT TIGHTNESS OF THE STOMACH

Caused by Formation of Nauseous Gases from Undigested Food—Instantly Stopped by a Smart Dose of

When you feel as if your stomach was being tightly choked—when the pain is intense and you break out in a cold and clammy perspiration and there is a lump in your throat, and you are weak and nauseated—all you need is a Smart's Dypesia Tablets to clear away the wreckage of undigested food from the stomach and intestine and restore you to your normal self again.

That "Heavy Feeling of the Stomach" is Instantly Relieved by a Smart's Dypesia Tablets

Thousands of people have learned so well how sure and dependable Smart's Dypesia Tablets are for all stomach ills that they are never without a package at home and at the office, and upon any indication that the stomach is a little weary they take a Smart's Tablet after each meal for a few days until the digestive organs get rested up again.

This is a splendid plan to follow and always results in much good. The appetite is improved, the food is relished more, your sleep is more refreshing and your disposition will make you friends instead of enemies.

For Indigestion, Sour Stomach, Belching Gas, Coated Tongue, Intestinal Indigestion and all Stomach Disorders and Pains—For Loss of Appetite—nothing is better than Smart's Dypesia Tablets for sure and instant relief.

Use them freely—they are as harmless as sugar would be—and are by no means to be classed as "medicines." They have no effect whatever on the system except the benefits they bring you through the proper digestion of your food.

All drug stores sell Smart's Dypesia Tablets. The price is 50 cents per box. If you wish to try them before purchasing, address F. A. Stuart Co., 10 Stuart Bldg., Marshall, Mich., and a trial package will be sent you free.

WILL BUILD MANY APARTMENT HOUSES

This Summer to See Great Activity in This Line in Toronto (Toronto World)

There are now about one hundred apartment houses scattered throughout the city. This number will probably be nearly doubled by the end of the summer.

Eight or ten apartments are now under construction, chiefly in the north end of the city. Several architects are known to have plans under way. Builders are promised considerable work of this class of structure.

Enquiry for sites is quite a feature of the real estate market, and as the number available is rapidly decreasing, keen competition is resulting. Locations close to downtown are most in demand.

The proposals to ask for legislation to keep apartment houses out of certain districts of the city has, so agents say, developed the building of them this spring. Demand for room is the chief reason for the activity, for there is difficulty in getting tenants months in advance.

Many of the objections to apartment houses have disappeared. The building of them has been learned that they must be put up in keeping with architectural standards.

CHURCH OF ENGLAND INSTITUTE ANNUAL

The annual meeting of the Church of England Institute was held last evening. The following officers were elected:

President—Rev. E. B. Hooper. Vice-president—J. E. Schindler. Secretary—Mrs. L. P. D. Tilly. Treasurer—Mrs. W. D. Foster. Mrs. Geo. F. Smith.

Council—R. E. Coupe, Chas. Coster, W. H. Sadler, J. E. Secord, H. H. Pickett, H. B. Branson, H. A. Porter, Mrs. E. M. Shaddock, Mrs. W. O. Raymond, Mr. Thos. Walker, Mrs. J. M. Hay, Mrs. Noland, Mrs. John McMillan.

The reports of the Ladies' Association and the managing committee were satisfactory. Owing to the absence of the president, who had in the interim appointed a city missionary, the question which will involve the raising of a considerable sum of money, was referred to the incoming council. There was some discussion in regard to the management of the institute during the year, but nothing definite was decided on.

INTERESTS ST. JOHN

A move of much importance to St. John was brought to the attention of the local board of trade yesterday when a strongly worded resolution was received from the Quebec board calling upon the dominion government to take immediate steps to provide a powerful car ferry from Quebec to near Lewis for the transportation of Grand Trunk Pacific trains. The board considers the suggestion of great moment to St. John as the carrying out of the recommendation by the government will mean that through trains from the west will be coming into the city within two years, or immediately upon the completion of the new transcontinental road waiting for the Quebec bridge.

Pacific officials have frequently expressed confidence that their through trains will be arriving at Courtenay Bay before the harbor and wharves are ready, and if the missing link at Quebec is supplied by government action as requested in the resolution their prophecies are sure to be fulfilled.

The local board considered the matter of such importance that the council yesterday approved the idea appointed a committee to consider the proper wording of a resolution and placing it before the proper authorities.

A conscience-stricken Civil War veteran who stole a mule from the government when he was a soldier, has sent to the secretary of the treasury a draft for \$200 to ensure the account. The contribution was forwarded through a Methodist minister at Greenfield, Ind.

A SCENE IN HANKOW, CHINA

A scene at Hankow, China, around which the successful revolutionary movement centred for a considerable time, and which was partly burned. A Canadian missionary in a telegraphic despatch to this country tells of the amazing experience of himself and his wife in this city. He witnessed terrible scenes of bloodshed and plunder and escaped in forty households under escort of brigands and with the assistance of Chinese Masons after the troops and police had looted the place.

LIBERALS WIN A GREAT VICTORY

Hon. Mr. Graham Elected in South Renfrew by Large Majority—Liberal Rejoicing and Conservative Gloom in Ottawa

Renfrew, Ont., Feb. 23.—Hon. George P. Graham, ex-minister of railways and canals, who lost his seat in the house of commons in the election of September 21, when he was defeated in Brockville by John Webster, regained a place beside Sir William Laurier today, when in the by-election in South Renfrew, he was elected by a victory over Dr. Maloney, the Conservative candidate.

With only a few small polls to bear from the general majority stood at 291. In twenty-three polls Graham had a majority, while Maloney led in eleven. Dr. Maloney was strong in the town of Arnprior, where his majority was 122, but in Renfrew Mr. Graham had a large lead.

Before the assembling of the house at Ottawa, Feb. 22 (Special)—Liberalism triumphant, militant and enthusiastic, dominated the parliamentary corridors to-day. The Liberal party, who had been in the opposition for some time, were in a state of jubilation. The Liberal party, who had been in the opposition for some time, were in a state of jubilation.

Mr. Cope, M. P. of Sudbury, leader of the local opposition, arrived in the city yesterday. He spoke enthusiastically of the Liberal victory and said that it was a great triumph for the Liberal party.

Mr. Cope expressed great pleasure over the result in the South Renfrew election, and said that the return of Mr. Graham to parliament would be heralded with delight by the Liberals all over the dominion.

COLD WEATHER SORES

Some people's skin is so tender that in winter they are never long free from cold sores, blisters and chaps. For Zamb-Bok is really fine. Mrs. P. Drummond, of Theford Mines, Que., writes:

"For three years, as soon as cold weather has started, my little daughter's face and hands have been covered with rough warty patches, which before long turned into nasty sores. These would itch and smart terribly. They would remain on her face from fall until spring, and we could get nothing which did her any good, until a short time ago I started using Zamb-Bok. Now, after Zamb-Bok treatment, the sores have entirely disappeared, leaving her skin as smooth and clear as a possible."

Zamb-Bok also cures eczema, ulcers, piles, abscesses, chapped hands, cold sores, and all skin injuries and diseases. Send a box, all stores.

"Give us one in Nova Scotia," supplemented Mr. Sinclair, of Guysboro. But the applause died.

WAS TROUBLED WITH Headache AND Constipation.

After Suffering For Two Years Was Cured By BURDOCK BLOOD BITTERS.

Headache of whatever nature is nearly always symptomatic of other diseased conditions, rather than a disease itself, but in most cases a disordered stomach, constipation, or bad circulation is the chief source of the difficulty. Burdock Blood Bitters removes the cause of the trouble through its cleansing, strengthening and tonic action on the stomach, liver, bowels and blood.

Mr. Wm. Redmond, Carleton Place, P. E. I., writes: "I have been troubled with headache and constipation for about two years. After trying every doctor I knew, a friend advised me to try Burdock Blood Bitters. I found myself, after using one bottle, getting much better, and after using three bottles I was completely cured."

"After that was over, I was with my cousin very sick, and the doctor told her there was something wrong with her. I told her to use Burdock Blood Bitters and she was cured in a short time. I can safely recommend it to all."

MARRIAGE REFERENCE TO COURT

Dominion Cabinet Has Fixed on Terms; Text of Order

QUESTIONS SET FORTH

Concluding Words of Judge Charbonneau in Giving Hebert Case Judgment Yesterday—Some Interviews in Connection With the Judge's Decision

Ottawa, Feb. 22.—The cabinet has fixed on the terms of the reference to the marriage law. The text of the order in council is as follows:

"The committee of the privy council, on the recommendation of the minister of justice, advise that pursuant to section 69 of the Supreme Court Act, the following questions be referred to the Supreme Court of Canada for hearing and consideration, namely:

1.—(A)—Has the parliament of Canada authority to amend the whole or in part, Bill No. 3 of the first session of the twelfth parliament of Canada, entitled, "An Act to amend the Marriage Act?"

2.—Every ceremony or form of marriage hereafter performed by any person authorized to perform any ceremony of marriage by the laws of the place where it is performed, and duly performed according to such laws, shall everywhere within Canada be deemed to be valid notwithstanding any differences in the religious faith of the persons so married, and without regard to the religion of the person performing the ceremony.

3.—The rights and duties of married people of the respective persons married as husband and wife, and of the children of such marriage, shall be absolute and complete, and no law or canonical decree or custom of any province of Canada shall have any force or effect to invalidate or qualify any marriage or any of the rights of the said persons or their children in any manner whatever.

(B)—If the provisions of the said bill are not all within the authority of the parliament of Canada to enact, which, if any of the provisions are within such authority?

4.—Does the law of the Province of Quebec render null and void contracts entered by a Roman Catholic priest, a marriage that would otherwise be legally binding, which takes place in such province?

(A)—Between persons who are both Roman Catholics, or

(B)—Between persons one of whom only is a Roman Catholic.

5.—If either (A) or (B) of the last preceding question is answered in the affirmative, or if both of them are answered in the affirmative, the parliament of Canada has authority to enact that all such marriages whether

(A)—Hereafter solemnized, or

(B)—Hereafter to be solemnized shall be legal and binding.

The last part of Judge Charbonneau's judgment in the Hebert case came over the wires yesterday too late for publication. Part of it is here given. In concluding the judge said:

"Personally, I don't think the Roman congregation ever intended the No Tenere decree to have a civil effect. It applies to Roman Catholics only. As for the archbishop's nullification, it has the same effect but not more than the decree, upon which it is based. It simply declares that no Catholic marriage ceremony was performed."

The formal judgment follows:

"Basing itself on the motives above given in detail, the court annuls the judgment of March 23, 1911, declares the marriage of the late Eugene Hebert and Dame E. Cloutier celebrated on July 14, 1908, before the Rev. William Timmerlake upon production of a license dated July 9, 1908, good and valid, declares that the decree proclaimed by the congregation of the council of the Roman Catholic church on August 2, 1907 beginning with these words: 'No Tenere inveniuntur' has no civil effect on said marriage, that the decree of the archbishop of the diocese of Montreal dated November 13, 1909, produced in this case, by the plaintiff, has no judicial effect in said case, and rejects the opposition of the defendant opponent and of the terec opponent as null, as to the other conclusions therein taken, as to the party bringing his own case from the date of the inscriptions of the defendant opponent and of the terec opponent as null respectively December 5, 1911."

The judgment was awaited by a large number of lawyers who for over an hour and twenty minutes listened most carefully to the reading of the bulky document, ex-

HOME RULE BILL

March 20 is the Date—Unionists to Have Belfast Demonstration

London, Feb. 21.—It has practically been arranged that Premier Asquith will introduce the home rule bill in the house of commons on March 20.

London, Feb. 22.—A counter demonstration on a vast scale in reply to the great home rule gathering presided over by Lord Pirrie and addressed by Winston Churchill and John Redmond on the 8th instant, is being arranged for Easter Tuesday at Belfast.

The speakers are to be Bonar Law, the Ontario leader, Sir Edward Carson, the leader of the Ulster Unionists, and the Duke of Abercorn. There is to be a huge procession, in which over 100,000 Ulsterists and Orangemen will march to the meeting place.

NOVA SCOTIA TO AID IN BATTLING WHITE PLAGUE

Halifax, Feb. 22.—The thirty-fifth parliament of Nova Scotia was opened this afternoon by Governor MacDowall with an unusually long speech from the throne. It is the second session of this parliament.

The speakers are to be Bonar Law, the Ontario leader, Sir Edward Carson, the leader of the Ulster Unionists, and the Duke of Abercorn. There is to be a huge procession, in which over 100,000 Ulsterists and Orangemen will march to the meeting place.

WHAT THE MARKETS DO

(Toronto Globe Wednesday)

A drop of three to five cents per bushel in barley prices featured fluctuations in the local grain market during the past week. Potatoes are down to 85 to 90 cents a bushel for mailing barley loaded in cars at country points.

Winter wheat was one to two cents lower at 95c to 96c, corn (American yellow) at 77 1/2c, while Ontario oats were a fraction higher at 45c to 46c. At interior points, and milled was advanced 1/2 per cent.

Montreal live stock prices showed no change of importance, the only variation from last week being a recession of 5c in hogs, which now sell at \$8.45 for country points, and \$8.70 per hundred pounds, fed and watered at the local market.

In Montreal cattle were 25c higher, and hogs 15c higher. Butter was rather dear in a retail way locally, but prices for rounds lots did not show any appreciable change.

Eggs were a shade easier, owing to the advent of milder weather.

Wholesale merchants were relieved by the arrival of several thousand packages of creamy butter from New Zealand.

The receipt of potatoes from Ireland, had a bearish effect here. Toronto wholesale quotations for Ontario varieties now range from \$1.75 to \$1.90 per bag, and from \$1.90 to \$2.00 for Delaware. The Irish potatoes are going at \$1.80, the same as Ontario.

Seeds and sugars continue firm at the advances noted a week ago.

CONSTIPATION, BILIOUS HEADACHE AND SOUR STOMACH MEAN CASCARETS TONIGHT SURE

No odds how bad your liver, stomach or bowels; how much your heads ache, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish intestines—you always get the desired result with Cascarets.

Don't let your stomach, liver and bowels make you miserable another moment; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the poison and effete matter which is producing the misery.

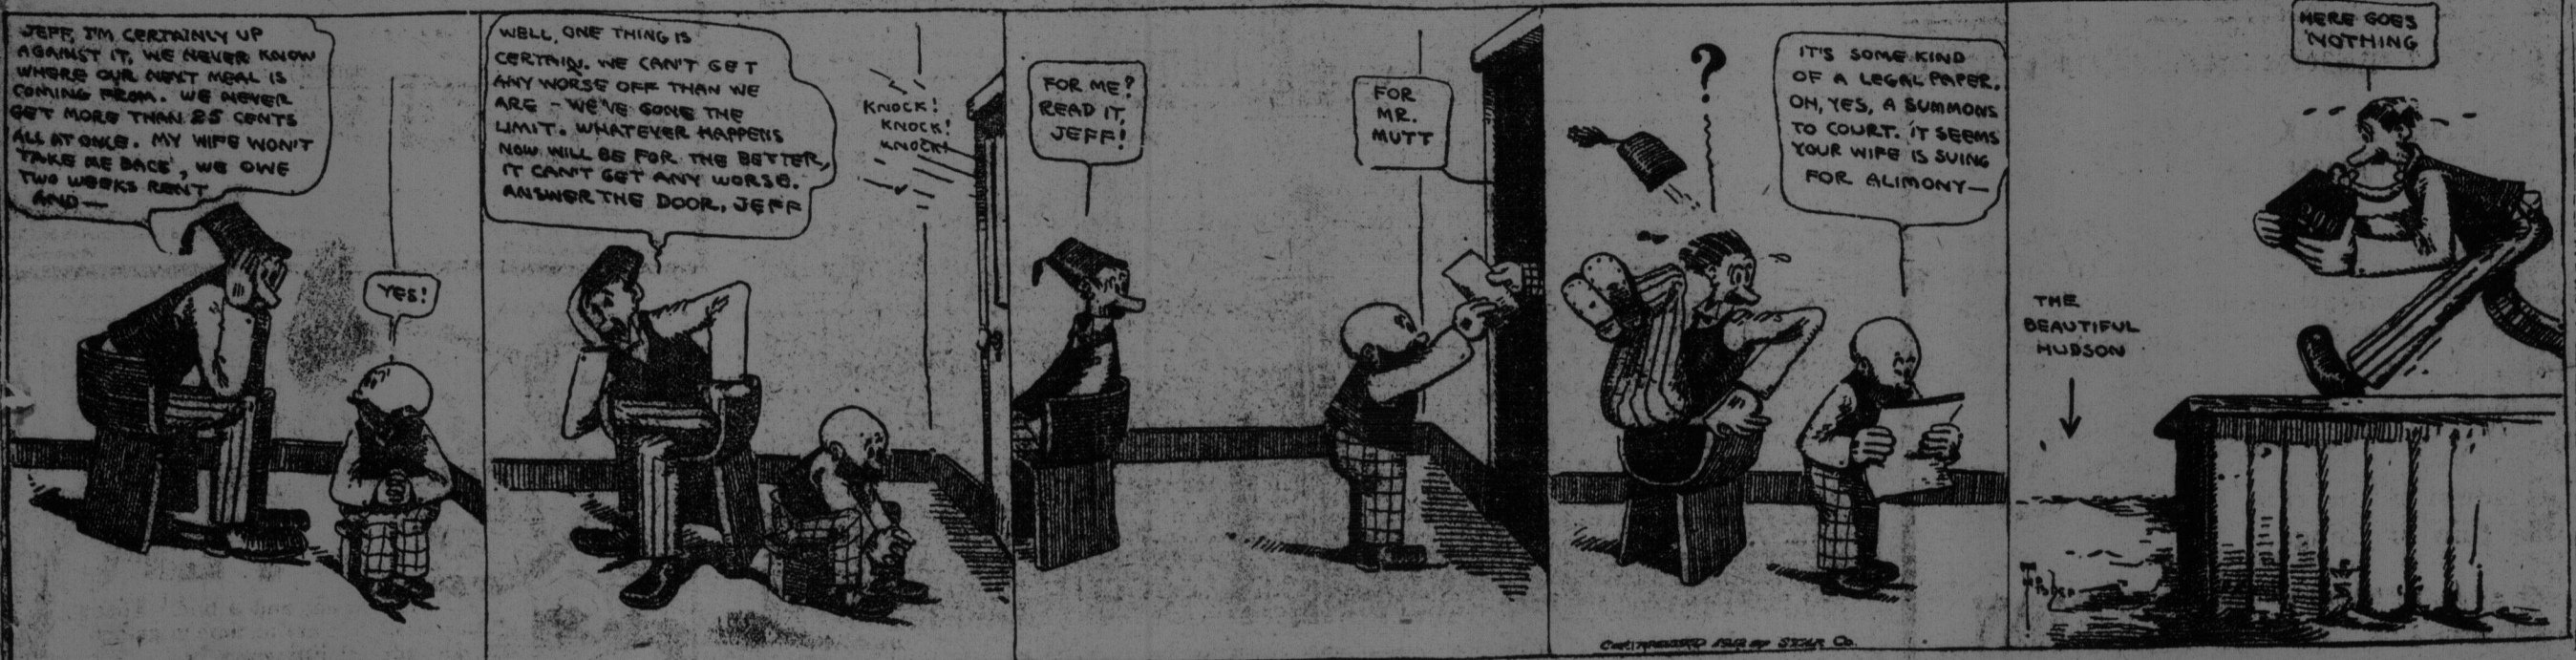

Take a Cascaret now, don't wait until bedtime. In all the world there is no remedy like this. A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. Don't forget the children—their little sides need a good, gentle, cleansing, too.

BAD BILL DAHLEN, VETERAN AND ONE TIME GLASSY PLAYER, WORKING HARD FOR BROOKLYN

Here we have old "Bill" Dahlen, the manager of the Brooklyn National League team. The grim looking fellow is probably one of the best known players in the country. Veterans that he is, and in his day one of the classiest performers, he is now engaged in trying to place the City Churches on the National League map, and with his material on hand "Bill" is likely to spring some surprises.

was hoped to have the Scotch curriers, who have completed their tour of Canada and the United States, present at the meeting, but they did not arrive in the city yesterday as expected.

The election of officers for the new club resulted as follows: Hon. president, Senator Wood; president, J. A. Sinclair; Thistle Club, vice-president, M. Lockie; Moncton Club; 2nd vice-president, J. H. Hawthorne, Fredericton Club; secretary, treasurer, B. Stevens, St. Stephen Club; chaplain, Rev. G. F. Scovill, Carleton Club; C. S. E. Robertson, St. Andrew's Club; and George M. Wilson, Hampton Club, members of the executive.

The Ring. Victory for Klans. San Francisco, Feb. 22—Frank Klans, of Pittsburgh, was given the decision over "Sailor" Petrovsky of this city today at the end of a twenty round bout.

Kelley Beats Brown. Kenosha, Wis., Feb. 22—Hugo Kelley of New York outpointed George ("Knock-out") Brown of the same city in a ten-round bout here last night. The men are middleweights. Due to Brown's hanging on tactics, the contest resembled a wrestling bout more than it did a prize fight.

Vernon Arena, Los Angeles, Cal., Feb. 22—A new featherweight champion was proclaimed here today when Johnnie Kilbane, of Cleveland, Ohio, clearly outpointed, outgained and outstaged Abe Attell, the hitherto invincible champion.

Kilbane's victory was clear cut and decisive and came as a surprise, as the fight began the odds were 10 to 4 on Attell, and little Kilbane money in sight. Johnny had the better of all the rounds with the possible exception of two. He left the ring with one mark over his eye, where Attell butted him with his head. Attell was badly bruised. Nine thousand persons witnessed the fight.

A hot sun greeted the crowd packed in Vernon Arena today to witness the featherweight championship battle. Inside the arena scarcely a breath of air was felt.

Kilbane was first to enter the ring. He climbed through the ropes at 3.15 and was greeted with wild cheering. He wore green trunks. Attell climbed into the ring at 3.17 and was greeted by the spectators, despite the fact that he was a big favorite in the betting.

Attell and Kilbane met at one side of the ring and Attell "jabbed" the Cleveland lad because of his green trunks. Both men appeared in the best possible condition. Attell's sore eye was nearly healed.

The men were called to the centre of the ring at 3.25.

Mantell Defeats Papke. Sacramento, Cal., Feb. 22—Whatever claim Billy Papke, of Illinois, may have had to the middleweight championship of the world is now the undisputed property of Frank Mantell, of Pawtucket (R. I.). Mantell so well carried a twenty-round decision over Papke this afternoon that even Tom Jones, Papke's manager, was discouraged and announced that he would have nothing more to do with the Illinois boy.

Kennel (Boston Herald). Son Beats Noted Father. Announcement of the defeat yesterday at the Westminster show in New York, of Ch. Nellote Gamin, up to yesterday acknowledged to be the best French bulldog in the world, by Normal Nabob, Gamin's best son, the property of Arnold Lawson, came quite as a surprise to Boston and New England dog fanciers.

It was not as much that Nabob was regarded as being an inferior dog to its

great father, but many were of the belief that Nabob would not be able to show to distinct advantage, remembering its experience with a flash-light picture taken in the ring at the recent specialty show of the French Bulldog Club of New England.

The two dogs were ready to be judged in their first match for the \$300 purse, and when the powder exploded Nabob tried to bolt the ring and became so ill that expert fanciers believed that the dog would never be able to show again. Mr. Lawson experimented with the dog, and, having been proven to his satisfaction that Nabob was himself again, the match was declared on again, the first judgment to be made at the big Westminster show in New York. The second match for the purse will be held at the all-breed show of the Eastern Dog Club at Mechanics' building in April, and if a third contest is necessary the date will be decided after the Boston judgment.

Nellote Gamin is owned by Purly brothers and was the five-time champion. It has long been regarded as an ideal show dog in every sense of the word, consequently it will be seen where Normal Nabob now stands in the world of French bulldogs. The last named is yet a puppy, and at the recent show of Frenchies in Boston it cleaned up everything. Arnold Lawson showed his dog in New York. Nabob won many blues and specials in New York yesterday.

Skating. McLean Wins More Laurels. Syracuse, N. Y., Feb. 22—To his international titles won in Boston, New York and Saranac Lake, Robert McLean, of Chicago, added the eastern indoor skating championship at one-half mile, one mile and two miles at the Syracuse Arena tonight. The summary: 200 yards dash—Won by O. B. Bush, Vancouver (B. C.); R. McLean, 2nd, Time, 22.45. 400 yard dash—Won by O. B. Bush; R. McLean, 2nd, Time, 44.45. Half-mile—Won by R. McLean; W.

MOUNTAINOUS SEAS IN THE BAY

Mount Temple Commander Reports a Wild Night in Fundy Waters — Today's Waterfront News

The C. P. R. liner Mount Temple, Captain Moore, from London and Antwerp with a large general cargo and 573 passengers, arrived at Sand Point this morning about nine o'clock and docked at No. 1 berth. The big liner, which left Antwerp on Feb. 8, arrived off the island yesterday morning at last past eight o'clock, after having had a fairly good passage across. While waiting for the tide, in order to come to Sand Point, the storm, which did so much damage on land and sea yesterday, arose, and she was forced to remain anchored there. At night, however, the gale grew so violent that Captain Moore thought it would be advisable to turn his vessel seaward again.

This course was pursued and the steamer was taken down the bay for several miles and rode out the storm without any mishap. She came up to the island again early this morning and from there proceeded direct to her berth at the point. Captain Moore said this morning that last night's storm was one of the strongest he has ever in. The wind blew at the rate of sixty miles an hour and the seas were mountainous high, washing the docks at frequent intervals. Everything was all right on board the big liner however, and there was little, if any, alarm among the passengers.

The Mount Temple brought 573 passengers, most of them of different nationalities, and a fine, healthy looking lot. There was very little sickness among them on the way over. Most of them are for western points and will go forward by special trains this afternoon. They were inspected at the sheds this morning by the immigration officials and with the exception of one or two, will be allowed to proceed on their way.

The C. P. R. liner Empress of Ireland will leave at 11 o'clock. Besides a large number of passengers, she will carry the coal steamer Lungan, Captain Paterson, arrived in port this morning from Louisiana, with 700 tons of coal for R. & W. F. Starr. The steamer arrived off the island last night, but like the Mount Temple, was forced to ride back to sea and ride out the storm. She came up this morning and anchored in the stream. She will dock at the coal pocket some time during the afternoon.

The S. S. Blodestan, Captain Forest, sailed this morning at eleven o'clock for Bermuda via Halifax with a large general cargo.

The S. S. Manchester Commerce which was due in port yesterday afternoon, did not arrive until this morning, having been detained on account of last night's storm. The big liner anchored in the stream at Sand Point and will dock early this afternoon.

The Allan Star, Pomeranian was to leave for Antwerp for the morning, but will not leave until tomorrow.

The S. S. Inishowen Head, Captain Kane, sailed between 9 and two o'clock this afternoon for Dublin with a large general cargo, consisting principally of grain, deals and flour.

PETERSON TOLD HIM DALEY BREAK WAS MADE BY ANOTHER

Detective Killen Adds to This Interesting Evidence in This Case

Hearing in the case against William Peterson, charged with breaking and entering the barber store of James Daley in Dock street, and also the premises of the Church of England Institute in the same street, was continued in the Police Court this morning. Detective Killen told of going to barber shops in the city and securing razors, which the prisoner had sold. He also told of visiting the Church of England Institute on January 12 and looking over the store. He found an iron bar on the floor. This was produced in court at a previous hearing. On cross-examination the witness said that before Peterson was arrested he had suspected another man for the Daley break. The prisoner had told him that this man was the one who had made the break, and that he had gone to sea on the S. S. Scotie. Upon enquiry this information, the detective said, was found to be false.

This closed the case for the prosecution, and E. S. Ritchie for the defendant announced that he would call one or two witnesses to-morrow. The case was then adjourned, and the prisoner was further remanded to jail.

Walter Hold, charged with stealing a horse and sleigh belonging to Charles Crawford, was further remanded until this afternoon.

John Wood, reported for driving his team on the sidewalk in Mill street was fined \$8. The fine was allowed to stand.

Four prisoners, charged with drunkenness were fined \$8 each. Hearing in the case against James Tufts, charged with securing goods under false pretences, will be continued this afternoon.

SUNBURY MERCHANTS MAY FORM BOARD OF TRADE

The merchants and business men in general of Sunbury County have arranged to hold a meeting at Fredericton Junction on Monday night next for the purpose of talking over the formation of a board of trade for the county. Councillor David Mersereau, who is in the city today, is securing information from the local board.

DEATH OF EDWARD RICKARDS.

The death of Edward Rickards occurred yesterday afternoon in the General Public Hospital. He was about sixty years of age and was employed as a painter in the city. He came to St. John from his home in Ireland many years ago and had lived here ever since. He had been ill about a year and was confined to the hospital for several weeks. The funeral will take place tomorrow morning at half past nine from P. Fitzpatrick's undertaking rooms. Members of the Painters' Union will attend.

BURIED TODAY.

The funeral of James McMillan Blaine took place this afternoon from the home of Mrs. Mahy in Metcalf street. Funeral services were conducted by Rev. B. B. Nobles and interment was in Cedar Hill cemetery. Many friends attended.
