CALE BRINGS DEATH AND DESTRUCTION

EASTERN U.S. AND CANADA SWEEP BY BLOW

Several People Killed And \$1,500,000 Damage Done

MANY ARE INJURED

Wind, Rain, Snow and Sleet Leave Trail of Wreckage Over Wide Area

CHICAGO, April 20.—A severe wind and rain storm, approaching the proportions of a tornado in some localities, swept a destructive course from Wisconsin to New England yesterday.

Several persons were killed and approximately \$1,500,000 damage done while property damage was estimated at more than \$1,500,000.

Two persons were killed in Peoria, Ill., while a man was electrocuted at Macomb, Ill., when he picked up a live wire.

In Central Illinois, Peoria and Pekin were the hardest hit. In Peoria where property damage was estimated at \$500,000, two night watchmen, George Wender and Frank Hammett, were killed when the walls of the Walker Hardware Company's plant fell.

In the residential districts of Peoria, trees were uprooted, porches torn away and roofs sunk in. Families fled into the streets, fearing a repetition of the recent tornado. The steps of the Wesley Methodist Episcopal church was scattered for half a block about the neighborhood.

A flour mill at Belleville, Pa., was destroyed by fire with a loss of \$100,000, while the rest of St. John's Catholic church, at Canonsville, Pa., was demolished, while 70 persons were attending Sunday school.

Fifteen persons were injured in Pittsburgh and property damage there was placed at \$800,000.

PROVINCE REPORTS That the snow-storm did not affect the northern part of the province is indicated by the Western Union today.

St. Stephen—Snowing all night, temp. 24, no clearing.

Frederick—Cloudy and cold, wind east, no snow.

Woodstock—Cold and fair.

Edmundston—Fine and cold.

Halifax—Fresh north west, temp. 25, six inches snow fallen.

Sydney—Fresh north east, snowing, temp. 24.

NEW YORK MIXTURE.

ALBANY, N. Y., April 20.—Over the week-end and district was grazed by a terrific wind, hail, snow, sleet and rain storm which only died down late last night, after heavy damage had been wrought to orchards and telephone and transmission lines.

FOOT DEEP IN ONT.

TORONTO, April 20.—Old Ontario suffered a relapse of winter over the week-end, and the central portions of the province had to dig themselves out of snow in some places a foot deep.

The fall followed on the heels of an electrical storm, the most severe so far this spring, which was accompanied by torrents of rain.

Belleville reports snow to a depth of 12 to 15 inches. Lindsay had 11 inches and in Orillia, eight inches fell.

In Midland snow and lightning came together. The farmers with much graves expect that the sugar season, which was practically over, will have a new start.

Toronto had a few inches of snow, but it did not interfere with traffic. Kingston had its milk supply held up for a few hours.

IN NOVA SCOTIA.

HALIFAX, April 20.—After two months of perfect spring weather, winter came back with a rush, and today parts of Nova Scotia were smothered in a driving snow storm.

Starting late last evening, snow fell in Halifax throughout the night and this morning had reached a depth of several inches, while a brisk wind from the northeast made matters worse for traffic.

TWO EARTHQUAKES.

TOKYO, April 20.—The most severe earthquake experienced in a year in Japan occurred in the Tokio region at 45 minutes after midnight this morning. A second quake was felt at 5:30 o'clock this morning. No damage was done.

Britain Is Concerned Over Chaos In European Politics

By HERBERT BAILEY. British United Press. LONDON, April 20.—The turbulent state of Europe with Bulgaria on the verge of a general revolution, Germany flirting with Hindenburg, France facing bankruptcy and calling in the anti-British Callaux to save the situation, all Northern Africa ready to blaze up at any moment, all this is causing concern in British official circles and Austen Chamberlain is greatly perturbed at this turn of events.

BULGARIA ASKS TO INCREASE MILITIA

Requests Permission For More Militia Following Recent Disturbances. PARIS, April 20.—The Bulgarian government has asked the Allied Council of Ambassadors for permission to add 10,000 men to its militia. The request follows the recent disorders attributed to Communist agitators, including an attack on King Boris, and the bombing of the Cathedral in Sofia, with the loss of 100 lives.

LITTLE INTEREST IN ELECTIONS IN GERMANY

Marx and Hindenburg Start Last Week of Campaign for President

FIELD MARSHAL HAILED AS A NATIONAL HERO

Stresemann Comes Out Squarely in Support of Aged Warrior.

Canadian Press Despatch.

Berlin, April 20.—With the decisive balloting in Germany's first presidential election only a week off, popular interest in the fight between former Chancellor Marx and Field Marshal Von Hindenburg continues dormant or of a wholly negative character.

Dr. Marx continues to draw huge audiences on his tour of the metropolitan centres. Von Hindenburg's campaign got under way at Hanover yesterday. He is being presented to the German voter not only as a national hero but as a man who is above parties and partisan politics and who is ordained to bring to the Fatherland a much needed national unity.

MATTERS OF SENTIMENT.

Observers believe that if he is elected president next Sunday his victory will be the result of sentiment rather than political expediency.

While both groups are banking on a percentage of the unbelieved voters, there is an impression that Von Hindenburg is likely to attract the greatest number of the 12,000,000 voters who abstained from the polls on March 29.

REVIEWS PARADE.

HANOVER, Germany, April 20.—Dressed in his brilliant gala uniform, Field Marshal Von Hindenburg yesterday reviewed a monster demonstration of his left hand resting on the hilt of his sword, and with his right hand frequently saluting as detachment after detachment marched past, the presidential candidate stood almost like a statue for 90 minutes.

PRIDE MARSHAL WAS NOT FORGOTTEN BY HIS NATIONAL FOLLOWERS WHO HALLED HIM AS "DER RETTER," (THE SAVIOUR), AS THEY PASSED IN SALUTE.

HINDENBURG ENDORSED.

Berlin, April 20.—In a personally signed statement appearing today in the Zeit, the official organ of the German Peoples party, Dr. Gustav Stresemann, the Foreign Minister, squarely endorses the candidacy of Field Marshal Von Hindenburg.

Return of Winter Gives City People An April Surprise

A little blizzard set in over Saint John late last night and left a blanket of snow in its wake. It subsided about noon today. The prospects say clearer sky and a steady cold temperature, although perhaps not any colder than during the gusty snowfall.

It was a bit disappointing to people generally to wake up this morning and find winter in the saddle again. Some homes had shed their double windows, others had let furnaces burn low and self-feeders were taken down, depending upon open grates. The snow had prompted some to let their autos

Funerals

The infant child of Mr. and Mrs. Andrew Cowley, 24 Barker street, was buried this afternoon from the residence of the child's parents. Interment was made in the old Catholic cemetery.

Mrs. E. Blanche Palois. The funeral of Mrs. E. Blanche Palois was held today from her late residence in Hampton to St. Mary's church here, where the service was conducted at 12:30 o'clock by Rev. W. P. Dunham, rector, who accompanied the funeral party to Saint John on the suburban train. Rev. C. Gordon Lawrence assisted Rev. Mr. Dunham in the service, conducted here at Fernhill, where interment was made. Many beautiful flowers came with the body or were presented here.

John T. McCready. The funeral of John T. McCready was held from his late residence, 173 Douglas avenue, this afternoon, with service at the house, conducted by Rev. W. E. Fuller, curate of St. Luke's church. Interment was made in Fernhill. The funeral was attended by many friends and there were many beautiful floral tributes.

Clarence Kingston. The funeral of Clarence Kingston, six-year-old son of Mr. and Mrs. George Kingston, was held from his parents' residence, 187 Prince Edward street, this afternoon, with service at the house, conducted by Rev. Robert G. Fulton. Interment was made in Fernhill.

Frank Christopher. The funeral of Frank Christopher was held this afternoon from his late residence, 294 St. James street, to Fernhill with service at the house, conducted by Rev. Hugh Miller, of St. David's church. Floral tributes were presented, bearing testimony to the respect in which Mr. Christopher had been held.

Music Lover Writes of Cantata Sung in St. David's Church.

"Music Lover" sends to The Times-Star the following: "A very commendable rendition of St. John's cantata, 'The Daughter of Jairus,' was given last night by the choir of St. David's church, under the efficient leadership of J. Bayard Currie. The beautiful seven-page organ introduction, through well chosen registration and true interpretation, with many kinds of contrasting tempi and tone colors, affording here and there delightful musical surprises, prepared the way for the variety and intensity of this beautiful work.

"Conducting is a very special and subtle art. The modern conductor, at times, under certain circumstances, must depart from the tempo and forms which the composer has laid down. But we cannot refrain from congratulating Mr. Currie on his apparently effortless effort in conducting his choir of 88 voices. Without undue exertion, he got precision and perfect phrasing, balance and rhythm. The man who gets the best effects by the simplest means is the true conductor.

"Most effective work was done by the soloists, and with the chorus, they are to be congratulated, not alone in the variety and intensity of the cantata, but in the beautiful pianissimo, and double pianissimo parts, by far the severest test in the art of the singer. Beethoven, on finding a pupil yapping over the keys, kindly tapped him on the shoulder—'My boy, any fool can play fast. It takes a matter to play slow.' May we borrow the words, and reverently paraphrase it: 'Any fool can sing loud, it takes a matter to sing soft.'

FARM BIRTH RATE HIGHER THAN CITY

United States Census Figures Show West With Fewest Spinners.

The birth rate in the farming areas of the United States is 22 per cent. greater than in the cities and 24 per cent. greater than in the villages, according to a report published by the Institute of Social and Religious Research, which gives under the title, "A Census Analysis of American Villages," the results of a study of 2,500 census data for villages.

The figures in the report show that at the last census period the average number of children to each woman between 15 and 45 years of age in villages was 1.87, compared with 1.28 in the cities, while in the farming areas the average number was 1.95.

The population in the villages is shown to be distinctly younger in its composition—and characteristics from the population in the strict farming areas. The analysis shows, for example, that in the farming population there are 109 men to every 100 women, while in the villages there are only 95 men.

BILIOUS and SICK HEADACHES ARE CAUSED BY CONSTIPATION

Once you allow your bowels to become constipated you will become troubled with bilious and sick headaches, and for relief, you must help your liver to remove the poisonous bile that is circulating in the blood and upsetting the entire biliary system. For this purpose there is no other remedy so equal.

MILBURN'S LAXA-LIVER-PILLS

Mrs. L. G. Nethercott, R. R. No. 1, Oshawa, Ont., writes: "I was awfully troubled with constipation and sick and bilious headaches accompanied with severe vomiting spells which made me very miserable. I tried different remedies, without relief, but since taking Laxa-Liver Pills the headaches and constipation have disappeared, and I am very thankful for what they have done for me."

S. C. IRVINE IS DEAD

SAINT JOHN, N. B., APRIL 20, 1925.

THE CONFERENCE FAILS

There will be general disappointment because of the failure of the conference called by Premier Armstrong for the purpose of effecting a settlement of the Cape Breton mining troubles. The meetings, at which the Premier conferred at length with the heads of the British Empire Steel Corporation and the United Mine Workers, lasted several days, and Hon. Mr. Armstrong appears to have brought to bear all of the pressure at his command and all the influence he could exert in seeking to find common ground, but the effort was in vain, and statements issued by the chief participants after the conference hold out little hope for any peace in the mining district in the near future.

FRENCH FEARS

Having been invaded twice in fifty years by German armies, France today is asking what guarantee she has against a third invasion by a Germany having perhaps twice the French population. The extent to which fear on this score is felt in France today is brought home sharply by a London correspondent of the Christian Science Monitor, writing from Paris just before the fall of the Herriot ministry. He had previously been in Berlin, and he contrasts German confidence about the future with French uneasiness. He found in Germany that people there are confident that their country will again become—and at no distant day—one of the great powers of the world. In France he found no such confidence in the future, and this difference he attributes to certain facts which the French constantly have in mind. To-day Germany is a nation of more than 60,000,000 people. France has about 40,000,000, not counting her possessions. The population of Germany is increasing, while that of France is stationary, if it is not declining. "If we look forward twenty years," says this writer, "which will be the dominant power in Europe? Will it be France, still but 40,000,000 strong? Will it be Italy, safe behind her Alpine frontier, and thinking not of Northern Europe, but of expansion to the south and east? Will it be the many little nations of the Balkans? Or will it be a prosperous, industrious Germany of some 80,000,000? There seems to be only one answer."

SAVING OUR FOREST CAPITAL

Provincial Secretary Hetherington dealt with a most important question in his budget speech in pointing out how vital it is that New Brunswick's forests should be protected against fire. The average citizen scarcely realizes how slow forest growth is and how vitally necessary therefore is real conservation. Dean Howe, head of the Forestry Department of Toronto University, recently issued a warning against the danger of postponing a proper forestry policy until forest capital had become impaired beyond remedy. The Dean says the extent to which the work of fire prevention has been undertaken is as yet by no means sufficient. He believes that insect pests can be effectively controlled. He throws some light upon the business of re-planting, saying that even if there were a law under which one new tree was planted for every tree cut down that would not solve the problem of preserving Canada's forests for posterity. He has found that out of 1,000 to 2,000 trees planted per acre in a nursery area, only about 500 will survive, and of the 500 the trees eventually attaining a diameter of one foot would not number more than 150 to the acre. According to his figures, in order to produce the average sawlog it would be necessary to plant seven or eight seedlings. He thinks it probable that for every tree 150 years old there were great numbers which perished. He says at the present time the average age of trees being cut for pulpwood in Ontario is eighty years, and that of pine sawlogs one hundred years or more. Artificial planting must hold a subsidiary place.

Carleton Veterans and Cadet Corps March to Church.

LOCAL NAMES IN STORY OF BATTLE

Soldiers Praised by Pastor and Urged to Combat Vice.

The Carleton branch of the G. W. V. A. commemorated the ninth anniversary of the second battle of Ypres by attending divine service at the Methodist church, West End, yesterday. Rev. F. T. Beaman preached a powerful sermon, during the course of which he pointed out the duty of ex-service men to fight vice as they had fought the enemy. The choir, under the direction of F. J. Parker, rendered appropriate music and the church was decorated with Union Jacks and Canadian flags. The front of the altar was a profusion of flowers.

TELLS OF BATTLE.

After the service the parade re-formed and marched back to the cycling rink by the same route. On King street Col. Anderson took the salute in the march past. Mr. Beaman, in extending a welcome to the veterans, paid a glowing tribute to the service they had rendered the nation and humanity. J. G. Hart gave a brief description of the second battle of Ypres which began on April 22 and continued until May 3, during which time the Canadians held the line against the German invasion although vastly outnumbered. The Germans had the advantage of superiority of artillery fire and the additional dastardly weapon of gas. By sheer grit and heroism they saved the situation, and Ypres anniversary had been the recognized day for an anniversary parade of the veterans until Armistice Day was selected instead. Mr. Hart said Col. T. E. Power and "Bull" Tippet, past president of the

JEALOUS MAN KILLS GIRL WHO LAUGHED AT HIM

Shoots Foreman Who Kidned Him and Then Wounds Himself
VICTIM'S BODY IS RIDDLED WITH BULLETS
Shooting Causes Pandemonium in Fashionable New York District.

NEW YORK, April 20.—A young Armenian cloth dyer, named Alexander Takorian, 35 years old, shot his foreman and a 22-year-old girl designer in their work room, because the foreman had "kidned" him and the girl had laughed.

His fusillade of 12 shots filled fashionable Sutton Place, around the corner with pandemonium. The police found the girl dead, the foreman wounded so badly that he is expected to die, and the young workman critically injured by a wildly-aimed bullet to his own forehead.

Girl Killed. The young woman, Golih Mintz, 22 years old, a graduate of the National Academy of Design and Art, was killed instantly, toppling dead from the chair in which she sat. Two bullets struck her in the neck, a third in the right breast, and a fourth in the hip.

Takorian and the foreman had both worked in the place about four years. The girl came two years ago. Their friendly relations remained undisturbed. The girl was pretty—the three joked together. It was not until last week that Takorian showed jealousy.

They had been talking and joking, Chenon said. Suddenly Takorian grew angry. "You've got to quit making love to Miss Mintz," he told the foreman, who told him to mind his own business and get back to work.

Afterwards the foreman called Joseph J. O'Delan, the proprietor, and told him that Takorian refused to work and spent all his time annoying the young woman. The employer went from the company's show room at 808 Fifth avenue to the left and reprimanded the employee.

"I'll get even," Chenon said he murmured. Ten Shots Fired. The girl and the foreman started work as usual in the rear room the next day. Takorian worked outside near one of the doors leading into the separate rooms, Chenon said.

Suddenly, Chenon said, Takorian rushed into the smaller room. There was a sudden rattle of shots.

IS REPAIRING HIGH CHIMNEY AT REFINERY

Steeplejack, at Work Here, Grandson of Pioneer of Calling
DID WORK IN CITY ELEVEN YEARS AGO
Tells of Veteran's Selection of Dangerous Means of Livelihood.

Robert White, who comes from the Miramichi district and is a grandson of James Duncan Wright of Edinburgh, Scotland, the first man in the world to earn a living as a steeplejack, is working on the sugar refinery chimney here, and will probably do other dangerous jobs over the continent in this steeplejack and chimney-scaling repair work.

Here 11 Years Ago. It is interesting to hear this young man talk about his peculiar vocation. Eleven years ago he painted and repaired the outside of the New Brunswick Power Co. chimney, also those of the York and Cornwall cotton mills.

Grandfather Wright was a sailor, and one day in his native city of Edinburgh he fell into discussion with some church wardens over a method of repairing a twisted weather-vane atop the steeple. The sailor man was entrusted with the task of reaching the damaged vane, which he did by flying a kite with tackle attached across the very top.

Flushed with success of his first experiment, Wright gave considerable thought to repairing masonry and structural work at inaccessible heights. He invented simple devices from time to time and in a short while had become a professional lofty worker.

Wear and Tear. Robert White says that there is more wear and tear to industrial chimneys than people imagine. Chemical effects of smoke, acids, fumes of all kinds, as well as weather elements generally destroy the vitality of these towering structures, and it is important that they be carefully inspected and mended from time to time.

SLEEPING SICKNESS MENACE TO WORLD

League of Nations to Launch Campaign Against Spread of Disease. By HENRY WOOD (United Press Staff Correspondent) GENEVA, April 20.—Before the close of the year, the League of Nations expects to summon an international conference for the purpose of launching an organized fight against the spread of sleeping sickness.

Although not a member of the League, the United States will be invited to participate in the conference. The rapid spread of the disease to northern countries, especially to England and the United States, has made it advisable to the League to summon a world-wide conference on the subject.

One of the most important questions to be considered will be that of sending a mission of the best international specialists on the subject to equatorial Africa in order to study the disease at the place of its origin. It is expected that this mission would be able to develop the best means of making a campaign against the particular fly that is believed to cause the malady.

LIBERALS CHOOSE DR. ROOS. LONDON, Ont., April 19.—Dr. Cecil C. Roos, of Hyde Park, was nominated on Saturday by the Liberals of East Middlesex as a candidate for the commons. This riding is now represented by A. L. Hodgins, Progressive, who was elected in a three-cornered contest in 1921.

INSTRUCTIONS TO BEGIN. Instructions of boys and girls of the cathedral for their first communion will be begun this week. The confirmation instructions this year will be deferred until the fall because of the absence of Bishop LeBlanc in Rome.

Weddings

Laverdiere-Dugay. This morning at 8:30 at the Church of the Assumption, West Saint John, Miss Martha M. Dugay, daughter of Mr. and Mrs. D. Dugay, West Saint John, became the bride of Joseph Emile Laverdiere, son of Mr. and Mrs. E. Laverdiere, of St. Valere. Nuptial mass was celebrated by Rev. J. J. Ryan. The bride, who was becomingly gowned in a tailored suit of navy, with gray hat, shoes and stockings to match and wore a red fox fur, was attended by Miss Josephine Caisson, and the groom was attended by Dennis Savay. The popularity of the young couple was shown by the many handsome gifts received. They will leave this evening for Montreal.

Briggs-Sutherland. The marriage of Mrs. Ellen B. Sutherland and Hugh Briggs, both of this city, was solemnized this afternoon at 2 o'clock at the First Presbyterian church, West End, Rev. W. McE. Matthews officiating. Stanley Bannister and Mrs. Alice McLean attended the bridal couple. They left for Montreal on the afternoon train and will visit several Canadian cities before returning to Montreal, where they will reside. Mr. Briggs is connected with the Cunard Line company.

Former Klan Chief And Two Friends Indicted. INDIANAPOLIS, April 19.—D. C. Stephenson, former grand dragon of the Ku Klux Klan, and two companions, Earl K. Ling and Earl Gearty, were indicted on a charge of first-degree murder Saturday by the Marion county grand jury which has been investigating the death last Tuesday of Miss Madge Oberholzer, 28, of Indianapolis.

The murder charge is based on the allegation that the three men failed to provide medical attention for Miss Oberholzer after she had taken poison at a Hammond, Ind., hotel.

SHE DIES OF NEEDLE PRICK. TORONTO, April 19.—Mrs. A. W. Guest died in Wellesley Hospital here from the effects of a needle prick, received in her finger five weeks ago. The point of the needle broke off and remained in her finger, bloodpoisoning setting in.

New Kind of Madame X for STOUT Women!

Specially designed for the stout woman who not only wishes to reduce waist and hips quickly—but wants to wear smaller size dresses at once.

LARGE women will welcome this marvelous new kind of Madame X designed individually for them.

There is no other corset like it. It is entirely new. Gives you all the comfort and suppleness that your more slender sister enjoys—plus an immediate reduction of several inches at waist and hips and special support where you need it most.

Just try it on—see how the disfiguring fat is instantly moulded away! This improvement goes on constantly as you continue to wear the girdle. For the soft but wonderfully resilient rubber—strong enough to control the figure without stiff boning—never loses its slenderizing, massaging effect and does not stretch out of shape.

Note the special features. This is a Madame X specially adapted to your individual requirements.

Comfort—style—reduction! Stop in today and have a fitting with this new kind of Madame X.

See what perfect comfort and ease it is for you. Too good to miss. Guide \$11.35.

Imitations can be priced lower but the Ostermoor costs less per night A \$15 mattress that will last only half as long is much more expensive than the Ostermoor at \$25. Yet both may look alike, on the outside. How can you choose? Careful buyers know that for 30 years and more the Ostermoor has never failed to give more value per dollar of cost than any other mattress made in Canada. Only clean, safe new cotton is used. Its deep felted layers are laid and tufted by hand to form a cushiony bed whose luxury has no equal. Yet, because it lasts longer, the Ostermoor costs least in the end. Your merchant can supply it at the new and lower price. Look for the Ostermoor label before you buy.

Have the Zest for Living and the Power to Work

BREAKDOWNS in the best years of life! Slowing down of energy just when it should be at its height. These are conditions found in a startlingly large number of homes today. And the great cause in most cases is not overwork and worry as is so often stated—but wrong foods. At least a third of all we eat should come from a certain class of food elements called carbohydrates. They are very essential to proper nourishment. We must have them. Grape-Nuts is an excellent source of the carbohydrates. The whole wheat and malted barley from which it is made give it a vast store of these energizing elements. Twenty-two hours of slow baking make the carbohydrates ready for instant assimilation in the most easily digested form. Have the zest for living and the power to work. Eat right. Eat Grape-Nuts often. It is supremely delicious. Serve with milk or cream at breakfast or lunch time. All grocers have it. A wax-wrapped package keeps it crisp and safe. Four teaspoonfuls is sufficient for each helping—costs less than one cent a serving. Ready to eat. "There's a Reason" Grape-Nuts Made in Canada

TRIBUTES ARE PAID FOUR CITY CLERGYMEN

Are Honored by Evangelical Alliance at Dinner Today
FIFTY GATHER AT FAREWELL EVENT
Rev. Messrs. MacLaughlin, Hutchinson and Rice and Dean Sampson Guests.

was a long time ago. When he announced his intention of retiring from St. George's, a strong protest was made by the church, and so he delayed his purpose, which will be fulfilled in the autumn, when he and Mrs. Sampson will make their home in the city, to the pleasure of all their friends. This was voiced in all the addresses.

REV. DR. HUTCHINSON
Rev. David Hutchinson, D. D., was given high praise by those addressing the assembly. He had labored in Main street Baptist church since 1905, coming here from Moncton. Previous to that he had been in Brampton, Ont., and on May 3 of this year he will return to Ontario to take up the work of the Brockville Baptist Church. Dr. Hutchinson in reply said that he had invited by the Brockville people last October and he had considered their invitation with others from larger churches. The charge was much smaller than Main street, but was chosen by him because he preferred at this time in his life to take up a smaller pastorate. He will not have an easy task, he said, following Rev. Dr. W. Weeks, now in Richmond, Va.; the late Rev. Dr. Gilmore, of MacMaster University, Toronto; and Dr. Syracuse, now in a large church in the United States.

REV. NEIL MACLAUGHLIN
Rev. Neil MacLaughlin had been in Saint John churches for 13 years, coming to Portland Methodist church, where he labored for four years. He went from there to Fredericton and then to Hamilton, Bermuda, after which he returned for four years to Portland church, and then came to Queen Square, where he had been for five years. Rev. Mr. MacLaughlin was born in Prince Edward Island, of Scottish Highland descent, and he had made an honored place for himself in the Maritimes, as well as in the individual parishes where he had labored. Rev. Mr. MacLaughlin was regretful at leaving his many friends in Saint John, but expressed pleasure at taking up work in Bathurst. Mrs. MacLaughlin, who was Miss Alice Wells of Sackville, received her measure of praise for her earnest work, aiding her husband in the large churches he has filled.

REV. J. M. RICE
Rev. J. M. Rice, B. A., was given many words of commendation for his earnest work in Fairville and his helpfulness in the alliance as acting secretary on many occasions. Rev. Mr. Rice, who is the son of the late Rev. S. H. Rice of the N. B. and P. E. I. Methodist conference, came four years ago to Saint John from Sussex. His father, who was Minister of New Brunswick, and has been his ready helper in all good works. Rev. Mr. Rice has a brother, Rev. Harry Rice, who will come to Queen Square this year and as the former is going no further than Marystown, the regrets at his leaving were tempered with the feeling that he would often be in Saint John, and so not out of touch with the alliance.

REV. W. J. JOHNSON
Rev. W. J. Johnson, president of the alliance, was in the chair. More than 50 guests sat down to the banquet, including the wives of the clergymen. Spring flowers made the tables very attractive.

REV. DEAN SAMPSON
On conclusion of the banquet, Rev. Mr. Johnson presented the toast to the Rev. Mr. MacLaughlin, and then to Rev. Mr. Rice. The national anthem was sung and Rev. E. E. Styles, secretary of the alliance, responded to the toast to the church, also presented by Rev. Mr. Johnson.

TRIBUTES PAID.
The various churches in the Alliance were represented in addresses by Rev. A. L. Fleming, Anglican; Rev. H. A. Goodwin, Methodist; Major Thomas H. Burton, Salvation Army; Rev. S. S. Poole, D. D., Baptist; and Rev. W. McN. Matthews, Presbyterian. Each paid tribute to the clergymen who are leaving this city, referring to the valuable services of all.

WARM APPRECIATION
Warm appreciation was extended to Rev. W. J. Johnson, who has ministered in St. George's church for 35 years. He came from Devonshire, England many years ago and labored in Prince Edward Island, coming from the parish of Milton to St. George's, West Saint John. His wife, who was unable to be present at the banquet, owing to church duties, was Miss Pettiback, of Prince Edward Island. She has been a faithful helper in his work.

REV. W. J. JOHNSON
Rev. W. J. Johnson, president of the alliance, was in the chair. More than 50 guests sat down to the banquet, including the wives of the clergymen. Spring flowers made the tables very attractive.

BOY SCOUTS HAVE HIKE TO DARK LAKE

Four City Troops Represented in Outing—Help in Fire Prevention Week.
Four of the city troops of Boy Scouts were represented in the hiking party which visited Dark Lake Saturday. It was a jolly outing. The troops were No. 2, St. Paul's; No. 3, Mission; No. 14, Victoria street Baptist, and No. 26, Syrian. The leaders in charge were C. G. Hoyt, Mission troop; J. M. Tobias, Syrian troop, and L. L. Johnson, district secretary.

TASCHEREAU DENIES
MONTREAL, April 20.—That he did not use the words ascribed to him in a statement reported to have been made by Hon. P. J. Veniot, Premier of New Brunswick, in connection with the Quebec bill authorizing the Grand Falls hydro development in such part as authorization by the local government was necessary, and that he had not seen Premier Veniot in connection with that bill, is the denial made by Premier Taschereau, of Quebec.

REV. J. M. RICE
Rev. J. M. Rice, B. A., was given many words of commendation for his earnest work in Fairville and his helpfulness in the alliance as acting secretary on many occasions. Rev. Mr. Rice, who is the son of the late Rev. S. H. Rice of the N. B. and P. E. I. Methodist conference, came four years ago to Saint John from Sussex.

It Puts the Spring in Spring-cleaning!

Who says Spring-cleaning isn't jolly? It's one of the biggest "larks" in the whole year to those who know how to make it so. Out come buckets and brooms, sleeves are rolled up, and everyone sets to work cheerily to set the house to rights. No one grumbles, no one gets worried or irritable. That's how you ought to tackle Spring-cleaning, and you can, if you go about it in the right way. When you have that feeling of not being quite up to the mark, and housework is a long dreary drudge that never seems to be finished—there is something wrong with your health. That "something" is almost entirely a matter of your internal system. Your liver and kidneys are not working as they should, with the result that poisonous waste matter is collecting in the blood and lowering the tone of the body. You must take steps to put that right—in the Kruschen way. Every morning, in your breakfast cup of coffee or tea, take as much Kruschen Salts as will fit on a 10 cent piece. You can't taste the tiny dose, but it effectively cleanses your blood and clears your system of the waste material that is depriving you of vigour. Soon you will begin to feel better, more full of life and vitality, fresh and smiling, strong and well from first thing in the morning till late at night. You owe it to yourself to start the Kruschen habit at once. The sooner you do so, the sooner you will get back that glorious feeling of radiant health—the much-talked-of "Kruschen feeling."

STEP-SON OF MYSTERIOUS BILLY SMITH WINS NATIONAL TITLE

FORMER SAINT JOHN STAR
GAVE CHAMPION HIS START

Days of Famous Middleweight Recalled When
Bernard Barde Batters His Way To
Amateur Championship

OLD TIME fight fans at the national amateur championships the other night would have gathered an extra thrill if they had only known that one of the youngsters who battered his way to a national crown was the stepson of one of the most famous middleweights who ever drew on a glove—Mysterious Billy Smith—says Bill Cunningham in the Boston Post.

Bernard Barde, the Dartmouth College sophomore, is the young man in question. Entirely upon his own responsibility, unaided and unsupported by his college, young Barde journeyed down to Boston and battered his way to the national championship in the 147-pound class.

Barde proved that he could take it with the toughest of them when Charles Adanson of Milwaukee whanged him in the body in the second round of the title fight and doubled him over like a hinged slat. The Dartmouth boy was in plain distress but he covered coolly and got out of the jam like a veteran.

Married Barde's Mother
It was Billy Smith's schooling touched up by Eddie Shervin's polish that saved the college boy. For old Billy married Barde's mother when Barde was just a kid and has always been vastly proud of the boy. He always refers to him as "my boy," and he taught him boxing early although he always maintained that the lad should never push the cherry colored leather professionally.

Smith's Great Record
Mysterious Billy Smith was one of the roughest, toughest, gamest fellows who ever showed in a Boston ring. By nature a writer, he fought his greatest battles against middleweights and they were cyclonic affairs. Smith was a fighter rather than a boxer. He was clever enough, but his real game was two-fisted, back-breaking slugging. He met all the best of them, Kid McCoy, Joe Walcott, Tommy Ryan, Peter Maher, Kid Layhine, Jim Judge and the rest. His ring career started in 1922 and his last recorded fight occurred in Portland, Me., away back in 1923. Joe Walcott was his opponent that night and Walcott won the fight.

After that Smith drifted to the Far West and settled. He had called it a home for quite a while then. He is at present in the hotel business on the Pacific coast.

ROVERS WIN FROM
MONCTON "Y" GIRLS

Local Star Basketeers Have Good Lead in Championship Series.

The Y. W. C. A. Rovers defeated the Moncton "Y" ladies' team on Saturday night on the Moncton floor by a score of 19 to 13 in the second game for the provincial title. The game was fast and furious from start to finish as both teams were out to win. The Moncton team had never been beaten on its own floor and the Rovers had not suffered defeat this season.

As the Rovers' first encounter with the Moncton team this season resulted in a win for the Rovers by 21 to 14, and the championship is being decided on a point basis with three games to be played, the Rovers now have a lead of 18 points over the Moncton team.

The number 13 has seemed to follow the Rovers through every game this season, and they have adopted it as their lucky number. The final game will be played in St. Vincent's gymnasium on Saturday night when the Trojans will also play the Halifax St. George's team in the game for the Maritime title. A very exciting night is expected by the basketball fans.

After the game in Moncton on Saturday night the Moncton team entertained the visitors most hospitably and dancing was enjoyed.

Former Saint John Ball

Want Exhibition Authorities To Establish Racing Track

Along The Sport Trail
By RAY HANSEN

ACCORDING TO belated reports received from the semi-annual meeting of the Maritime Branch of the A. A. U. of C. held recently in Moncton, Honorary President A. W. Corey was given a warm welcome. He was apparently the storm petrel and engaged in many spirited clashes with several delegates. He opposed the appointment of W. P. Wolcott of Halifax as president of the Maritime Basketball Association, as a result of which some "hot shot" was exchanged. J. E. Ahearn of Halifax took exception to Mr. Corey's assault on Cape Breton sport. A. C. Gillespie, who resigned as vice-president, was also out seeking the local official's scalp. After the buffeting or verbal barrage had been indulged in for some time oil war was sounded on the troubled waters by President Millie who ennobled Honorary President Corey's work in connection with the Olympic team and his untiring efforts to promote sport in this city. We will venture to say that "A. W." was in his element. When trouble is brewing it can be taken for granted that the local official will be on hand with an abundance of ammunition.

THERE IS NO need of the Moncton "Y" girls wasting their time coming here next Saturday to play the deciding game with the Saint John Rovers. When the local basketball stars start flirting with No. 13 it is time for their opponents to pack away their suits in moth balls. It is doubtful if there is another team in the world who has a better "drags" with old man jinx.

FROM PRESENT indications efforts to form a Commercial Baseball League will be successful. A meeting with this object in view will be held in A. W. Corey's office tomorrow night and judging from reports received several business houses are contemplating entering teams. They may be handicapped for star batteries, but one thing is sure the members should enjoy the games. A few years ago a Commercial League was in vogue and many thrilling matches were staged. The hardest worker in the league that year was the scorer. This resulted from carelessness on the part of publishers in not making the error column larger, and the space for referee pitchers longer. If the league materializes some real friendly rivalry should keep interest at fever heat.

ACCORDING TO despatches received, Merwin Jacobson, who formerly played on the St. Croix and Marathon clubs in the N. B. League, has been sold by Baltimore to Jersey City. Local fans frequently refer to Jacobson as the big leagues as the former Saint John contender, but they are in error.

A THREE-YEAR-OLD Clydesdale stallion was recently sold at an auction in Scotland for the enormous price of \$22,000. He was the champion this year of the Royal Agricultural Horse Show and has won the Cawdor Cup at Glasgow two years in succession. The champion of this year's London Shire Horse Show weighed 2,670 pounds, this being much in excess of actual weight of most draft stallions. When a drafter brings a price as high as this under the hammer, it speaks volumes for his worth.

TROJANS WIN BY
LARGE MAJORITY

Defeat St. George's Team of Halifax in Playoff For Maritime Title.

HALIFAX, N.S., April 19.—The Trojans, of Saint John, defeated the holders of New Brunswick, and present holders of the Maritime Province title, arrived here on Saturday evening and shortly after showed the way to the St. George's team of this city by more than doubling the score, when at the finish of the game its officials announced that the visitors had won 62 to 28.

The players from the sister city showed great form in every part of the contest, and although the locals put up a real hard battle the Trojans were not in any great danger from start to finish despite the fact that they had traveled by train all day and were defending their title on a strange floor in the presence of strange fans. While the score was rather one sided, the game proved an interesting one and pleased the large number of people who were present.

ST. PETER'S Y.M.
A. WILL ORGANIZE
HOUSE LEAGUE

Given Permission To
Use Park For
Games

At a meeting of St. Peter's Y. M. A. held yesterday afternoon in their rooms in Douglas avenue plans were made for the organization of a four team House Baseball League. Formerly the Y. M. A. had their own league and for years competition for premier honors among the various teams was keen. In addition the Association decided to enter a team in the Intermediate League.

May Use Park.
Rev. James Cloran, C. S. R., rector of St. Peter's church, who was present at the meetings informed the members that the park would be available for their games this year. He said he was contemplating moving the tennis courts back close to the fence in centre field and having them screened in. He is also considering removing the large bleachers in left centre and having that section filled in back to the fence. This would take time, but as soon as it was accomplished he planned on placing the tennis courts there permanently.

Parish Playgrounds.
The park will not only be available for the House League of the Y. M. A., but will also be a playground for members of St. Peter's parish. Elaborate preparations will be made for tennis matches and tournaments.

Game Called When
Policeman Sighted

As the result of a complaint that boys were playing ball in a field owned by Miss Parks of Cranston avenue yesterday afternoon, Police Constable Bettie made a hurried call and as he approached the scene a number of boys ran away. The youngsters had not only been engaged in playing ball but had set the dry grass on fire and it was several minutes before the police officer stamped the fire out. It is likely that the names of some of the boys will be learned and that they will be obliged to pay a visit to the police court.

Bowling Tourney
On Imperial Alleys

THE big bowling tournament among employees of the C. P. R. will be staged on the Imperial alleys this evening. There will be two teams composed of 20 players each. One is to represent east and the other west side bowlers. The east side "candlepin artists" are under the management of John McLaughlin and will be captained by R. A. Sewell. The west side will be under the management of G. K. Carleton, with D. H. Ryan as captain. Keen interest is being manifested in the tournament, and as considerable rivalry exists between the members every string is expected to be keenly contested. Larry MacLaren has been coaching the east side team and predicts an overwhelming victory for them.

THIS YEAR TO
END SPORT AT
MOOSEPATH PARK

Would Be Added A
traction At Annual
Fair

As the change in ownership recent of the Moosepath Park is not expected to lead to any further development of horse racing there but on the contrary will mean an end of that historic cent as a racing grounds after this year, it is suggested that the exhibition authorities here look into the question of establishing a racing park in connection with the annual fair. There are few places of importance in the Maritime Province with the exception of Saint John, that do not boast a well-equipped race track in connection with their buildings and in view of the fact that such an establishment has long since passed the stage of a venture to one paying really—and a very profitable one, at that—it is felt that some more along these lines might well be initiated in Saint John.

THE RIFLE

Saint John Club Holds Final
Shoot—Spoon Winners of
Series.

The first cost probably will be heavy but that a race track here, properly managed, would not pay for its handsomely, can hardly be entertained when it is considered that Chatham Moncton, Woodstock, Fredericton, Stephen, Riverview, Freague Isle, Horton, Caribou and several other towns much smaller than Saint John, more than make both ends meet in addition, to placing a community-owned race track in the field and operating it on the circuit.

The objection has been made that in the restricted area of the present Exhibition grounds a half mile track could not be constructed except at enormous cost. That probably could be determined through the opinion of expert track builders. If an up-date racing track could be built as well as a baseball diamond in connection with it, there are many who believe long felt want would be filled.

LIFTED TO STARDOM WITHOUT HAVING SOUGHT FILM CAREER

Sally O'Neil, Ordered to West by Doctor, Stumbles Into Limelight.

HOLLYWOOD, April 18.—Six months ago Sally O'Neil was a school-girl with no greater ambition than to graduate with honors.

Today she is playing a motion picture role written and at first destined for the screen's most noted actress, Mary Pickford.

Also there is the prediction of Marshall Neilan, famous director, that in a surprisingly short time she will be one of the outstanding stars.

"It all seems too wonderful to be true," declares this pretty 17-year-old girl.

"Just a couple of weeks ago I had never been inside a studio, or had any hopes of seeing the inside of one."

"And now all this—oh, I just can't tell you how enthusiastic I am."

Hero of this modern Cinderella story is Chance, Fate, Kismet or what you will. Thousands of girls—extra-hammer daily at the studio gates vainly seeking the chance that came to her unsought.

Not Sally. She was never in an extra line, or peeping through a casting director's window.

Fate Takes Hand.

Born in Bayonne, N. J., in 1908, first name of the future shadowland celebrity was Chotiele Noonan. Her father, now dead, was T. F. Noonan, ex-judge of the State Supreme Court.

After usual preliminary education, Chotiele entered the convent of Notre Dame, New York City, and was there until fate—in the nature of heart trouble—took a hand.

"Winters here are too rigorous for

you," the doctor told her. "Go west." She did, choosing Los Angeles.

Pending the time when her health would permit her to re-enter school, Miss Noonan decided to see Los Angeles. Amongst other places was one of the city's best known hotel ball-rooms.

Meanwhile, unbeknownst to Chotiele, Marshall Neilan had struck a snag in motion-picture production.

She Qualifies.

Agreement had been reached, some months previous, for Neilan to direct Mary Pickford in a play he had himself written.

But at the last minute Miss Pickford

Tom Mix Sees London Mayor

LONDON, April 20.—Tom Mix, American movie actor, visited the Mansion House, official home of the Lord Mayor of London, and presented that dignitary with a five-gallon sombrero, similar to the one he recently gave Governor Smith of New York. Mix also presented the Lord Mayor's wife with a Mexican blanket. After an hour's visit in the Mansion House Mix went to the Tower of London.

Crowds of London's urbane and cheered the movie cowboy, but were somewhat disappointed when he negotiated the maze of traffic in the vicinity of the Mansion House and the Bank of England in an automobile instead of astride his famous pony.

N. Y. HIPPODROME TO BE DEMOLISHED

World's Largest Playhouse to Give Place to 15-story Bank Building.

NEW YORK, April 20.—The Hippodrome, after 20 years still the world's largest playhouse, will be torn to New York as a result of a real estate deal which will transfer the Sixth avenue block to a leading Wall street banking house before the end of the week. According to reports, the building will be demolished after the B. F. Keith lease expires in October, 1926, and replaced by a 15-story bank and office building.

A price of \$4,000,000 is reported for the theatre and the site, which 20 years ago represented an investment of \$2,700,000.

The theatre has a 200-foot frontage in Sixth avenue and 240 feet on each side street. It was said that the proposed building of a subway under Sixth avenue and the prospects of removing the "H" structure had decided the fate of the building, and that this time the sale of the property would go through without a hitch.

Pauline Garon Explains Why She Smokes Pipe

Pauline Garon of the younger set of screen stars, caused at least a mild tremor in Hollywood when she quit cigarettes and took to smoking a pipe.

Some of the older stars flipped the ashes from their monogrammed cigarettes and registered horror when the actress appeared on the set with a man-sized briar which she smoked with perfect unconcern. Others, however, failed to record even a temporary shock.

"It's merely because I like a pipe and there's less danger of fire with one," explained the actress. "A cigarette is more apt to burn the end of one's dressing table or set fire to the things hanging on the wall."

"It may look funny at first, but I expect girls will be smoking pipes soon just like the men. Why not?"

Hospital Love-Tangle Mystery

"K—THE UNKNOWN"

NURSE SIDNEY PAGE, HER HEART FILLED BY DREAD, stood before the closed door of a hospital operating room where the man whose wife she had promised to become lay, his life dependent upon the surgical skill of a famous man. Intruding into her sorrow came another woman from whose tear-stained face stared agony of soul and from whose teeth-whitened lips came babbling facts that changed Sidney Page's dread to horror—the man she was to have wed had been shot while coming from a secret rendezvous with the woman who crowded for place of vantage before the door. Then the story grows more complex.

Ben Hur Film Will Have Cost, \$3,000,000 When Completed

BY LINCOLN QUARBERG
United Press Staff Correspondent.

HOLLYWOOD, April 18.—More than \$2,000,000 has been lavished the last 12 months on the filming of "Ben Hur" in Rome, Italy, and today the picture is back in the throes of production at Hollywood.

Fully another six months will be required to complete the picture of General Lew Wallace's famous novel. It is estimated by officials of Metro-Goldwyn, producers.

The entire "Ben Hur" company has returned to Hollywood from the Eternal City where many of the scenes were filmed, admittedly under difficulties. Directors, players and cameramen are working overtime to speed production and retrieve lost time; but it will be several months before the picture is ready for release to the public.

In the returning troupe were Roman Navarro, who plays the part of Ben Hur; May McAvoy, who portrays the role of Esther; Carmel Myers, the exotic and passionate Iras; Francis X. Bushman, interpreter of the mighty Messala; Kathleen Key, who plays Tirzah, Claire McDowell, in the role of Ben Hur's mother, and Nigel de Bruin, as Simoes, the bond slave.

No Political Troubles.

Director Fred Niblo, who brought the players back to the States, denied on his return that the political situation in Italy and later troubles with Italian workmen had interfered with progress of the picture in Rome.

"The weather was not favorable in Italy and it would have delayed our production plans several months had we remained in Rome to complete the picture," he said.

"The Italian government offered us every co-operation and we employed thousands of Roman workmen and extras for some of the most important and picturesque scenes of the production."

Niblo added, however, that the Italian workers were somewhat slow as compared to Hollywood's expert technical crews and that the elaborate sets and structures required as background for the various Roman settings were not constructed as rapidly as expected.

Expenses mounted rapidly, too, it was pointed out, when the Metro-Goldwyn-Mayer company was compelled to lease 400 acres of ground upon which to build the exterior sets, including the Joppa Gate of Jerusalem, the Tribunal, Jerusalem streets and

TRAFFIC CASE. In the police court today John Baig paid \$10 for infringement of the traffic regulations.

WRIST BROKEN. Stewart Spear, son of the station agent at Brookville, broke his wrist while playing baseball on Saturday near his home. He was brought to the General Public Hospital.

DID NOT MEET. The Monday meeting of the committee of the Common Council was not held this morning. It will be held tomorrow afternoon at 2.30, before the regular council meeting.

GOES TO BUCTOUCHE. Rev. Joseph Batters, who was recently ordained priest, will go to Buctouche to replace Monsignor Hebert, during latter's absence in Rome. At the Cathedral, Rev. Eugene Reynolds will be in charge during the absence of Father Duke.

CITY PAY DAY. Today was the semi-monthly pay day at city hall. The sum of \$12,415.01 was paid out as follows: Official, \$2,979.23; sundry, \$1,783.25; marines, \$289.24; ferry, \$1,460; fire, \$275; police, \$3,717.87.

FREDERICTON MARKET. In the Fredericton Market on Saturday prices were—Eggs, 50 to 55 cents; Butter, 80 to 85 cents; Maple sugar, 60 cents; Maple sugar, 14 to 15 cents; Pork, 14 to 15 cents; Apples, \$2.20; Potatoes, \$1; Parsnips, \$3; Live pigs, \$5 each.

SUNDAY SERVICE. The choir of Tabernacle Baptist Church with the pastor, Rev. A. L. Tedford, went to the Old Ladies' Home, Sunday afternoon. There was singing by members of the choir and Mr. Tedford gave an address. The visit was greatly appreciated by the people in the home.

SCHOOL BOARD BONDS. Only two bids for the bonds offered for sale by the Board of School Trustees had been received at the office at noon today. There, with any that may have been mailed this morning and did not reach the office until afternoon, will be opened and the award made at the meeting of the board this evening.

PREPARE FOR RESTORATION. Measurements of the old post office building are being made by architects from Ottawa with a view to preparing plans for the restoration of the building along lines similar to those of the structure before the fire. It is expected that six weeks will elapse before tenders are called for the work.

POLICE COURT CASES. Charles Carlin and Edward LeBrislin appeared in the police court this street last night. They pleaded guilty and were fined \$20 each. Thomas J. Ritchie, charged with being stowaway on the steamer Canadian Mariner, was remanded. Two prisoners were fined \$5 each for drunkenness and two others forfeited deposits.

DIAMOND RING LOST. One day last week a lady whose home is in Brittain street missed a diamond ring from the dressing table of her room. Search proved unavailing. Her little child, of tender years, was questioned, and made to understand that if she had seen the ring she was to bring it to her mother to the window and showed her that he had thrown it out there. It has not yet been recovered.

WEDDING ANNIVERSARY. Mr. and Mrs. J. W. Fillmore, of West Saint John, received a happy surprise when a large company of their friends assembled at their home on Friday evening to honor them on their 18th wedding anniversary. A handsome buffet was presented them, with many good wishes. Mr. and Mrs. Fillmore thanked their friends cordially. Forty-five were played and supper served.

PAVING WORK. Commissioner Frink said this morning that he was preparing the call for tenders for the paving of the track section on Indian town Hill. This work was included in the estimates for this year. It was to be done out of appropriation. The sides of the road, he said, were in fairly good shape, but the track section had not been paved where the sides were done and needed looking after.

As Hiram Sees It. "Well, sir," said Mr. Hiram Hornbeam to the Times reporter, "when I looked out of the window this morning I thought I was in a Manitoba blizzard. You orto have seen the look the hens give when they started to go out an' get some exercise. They always hev cold feet—but they wasn't lookin' fer a couple of inches of snow this April mornin'." Hammer said he wouldn't lay an egg. It's curious to watch dumb critters when the's a big change in the weather. Well, sir—I s'pose that snow was up there bet to come down. I always heer' old folks say a snowstorm this time o' year was good for the land. It leaves something that helps to make things grow. I call-late we'll see the grass jump as soon as Old Sol gits a chance to warm the ground up a little. You're a gonto git an abattoir, I hear. Well, sir, I mind one thirty years ago Tom Hay used to holler for one every time the slaughter house commission met—an' him an' Mr. Nigra an' Dr. Dan Berryman used to hev great fights over it—but it never come to nothin'. I guess I'll raise a few more pigs this year—yes, sir."

INCOME TAX TIME LIMIT APPROACHES

Statements Must be in by April 30—Mounties Arrive here For Duty.

Only 10 days remain in which to file federal income tax statements, and the office of the Inspector of Taxation here is a busy place these days. All single persons with an income of over \$1,000 are required to file a statement on or before April 30 in each year and enclose with the statement at least one-quarter of the amount of tax due for the year. Married men have an exemption of \$2,000, and an additional exemption of \$500 for each dependent child under 18 years of age.

Mounties Arrive Here. N. P. MacLeod, inspector of taxation for New Brunswick, said this morning that returns posted and bearing the date of April 30 would be accepted, but the sender must be careful not to post them so late in the date that they would be marked May 1, as any bearing the latter date would be refused. The usual detachment of R. C. M. P. arrived in the city yesterday and went on duty today at the local office to guard the cash as it comes in.

More Cattle Here. Another large shipment of cattle is to be sent from Montreal this week to Saint John. There are 63 cars, containing more than 1,500 head, to come here within the next few days. Twenty-eight cars are for shipment on the S. S. Salacia, which is due to sail on Friday, 19 on the Canadian Mariner, also booked to sail on Friday, and 22 on the Manchester Brigade, which is to leave here next Saturday. It is expected that the stock will leave Montreal Wednesday and Thursday.

Miss Minnie Fraser Guest at Farewell Party of Sunday School Class.

Miss Minnie Fraser, who is to leave soon for Los Angeles, California, with her family, was made recipient of a farewell party and a gift by the Sunday school class at the home of Mrs. C. Watters on Friday evening, when 80 of her friends assembled at her home to bid her adieu. The party, for the party, which was held at the home of Mrs. Fraser, 298 Gullford street, West Saint John, was a very pleasant occasion, with an address in rhyme.

Cadets of City In Rifle Shooting. The second series of tests in rifle shooting among the Saint John cadets was held on Saturday, when the following scores were made: St. Peter's school, McManis, 72; Connolly, 70; Garey, 68; Burgoyne, 68; Porter, 68; Paul, 68; T. Lifford, 68; Gramann, 60. Dufferin—Murphy, 47. Albert—Girvan, 52; Hamilton, 49; Cooper, 44; Blizant, 44; Merrillweather, 48; Lanyon, 48; Peer, 26. St. Vincent—Chamberlain, 47. Alexandra—Haines, 60; Campbell, 46; Connor, 41; Pascoli, 42. LaTour—Edwards, 26. West Side Cadet Corps—LeBlanc, 50; J. Long, 73; M. Lemmon, 70; Viney, 65; G. Stanley, 60.

Delves Into Matter Of Electric Signs. That if the regulations adopted in other cities and the fees charged there for the privilege were exacted here it would cost some money to those intending to erect electric signs here, Commissioner Frink remarked this morning. He said he had received word from Ottawa, Toronto and Hamilton. Some required an indemnity bond with each sign, and others, while not requiring the bond, had stringent regulations and exacted quite a license fee. Just as soon as he had heard from other cities to which he had written, the commissioner said he would prepare a report.

Prince Arthur Now Is On Bay Route. The Eastern steamship liner Prince Arthur, which arrived in port yesterday, from the Bay route from here to Digby, replacing the Empress, which is laid up for annual overhauling and repairing. At C. P. R. headquarters this morning it was announced that the Empress has been placed in Lewis' slip. M. McD. Duff, general manager of the C. P. R. Great Lake service is in the city in connection with repairs to the Empress.

Clarence Moore Not to Stay With Worcester. Clarence Moore, who was given a try by the Worcester team of the Eastern League, has been let out, according to word received by A. Chip Olive, who was largely responsible for the local boy's chance. The news was not unexpected as accounts from Worcester told of 20 players seeking berths on the club. It will be recalled that only recently Moore was credited with being one of the most promising youngsters seeking a regular berth. He is at present in Boston visiting relatives.

SAINT JOHN "IV" JUNIORS ALSO ARE CHAMPIONS

Word Comes They Lead Canada in Hexathlon Contests

FOLLOWS CLOSE ON NEWS OF SENIORS

Some Fine Records Made—Malcolm's Shot-put Best in Dominion.

Close upon the announcement of the winning of the Canadian Hexathlon championship by the Y. M. C. A. senior department of this city, comes news today of the capture of the same national championship by itself, the Saint John Juniors boys' team. The team, which stood out individually pre-eminent in their weight classes. This analysis proves the leadership of the Saint John boys on individual merit.

THE WINNING BOYS. The boys who won the national distinction for Saint John are—W. Chamberlain, S. Wilson, Roy Green, Walter Stewart, Hesen Dykeman, Harry Foville, Russell Patterson, Harry McCarron, Blair Lippett, Ronald Watters, Jack McIntosh, Donald Skinner, Jack Jones, R. Johnston, Lloyd McFarlane, Harry Stanton, B. Thomas, H. Parry, Charles Hunter, Francis Armstrong, Arthur Thorne, Percy Wakeham, R. Brown, Lawrence Copeland, Ken Peterson, Don Maxwell, Walter Worth, Jack Andrews, Don Rivers, Len Roberts, Percy Livingston, Russell Naves, Walter Wilson, Wesley Stewart, Ronald McLean, R. Morehouse, Jack Madnum, Ronald Seely, Lawrence Simpson, Jack Hall, Arthur Roberts, Don Fraser, Charles Curran, A. Chisholm, Eric Golding, Lyle Stratton, Gordon Belyea, George Murray, Douglas Peters, F. Price, A. Cunningham, Lowell Tapley, L. Alexander, Grenfell Logie, W. Folkins, Roy Smith, Ered Skinner, R. Morse, Hugh Kennedy, Roy Hazlett, Lawrence Bayly, Aubrey Priest, Clarence Barbour, Jack McDonald, Jack Armstrong, Morris Fowler.

THE OUTSTANDING BOYS. These boys were divided into five classes as judged by weight. Those scoring highest and maintaining the superiority throughout Canada were—80 lb. class—Roy Green, 228 points; 95 lb. class—Lloyd McFarlane, 228 points; 110 lb. class—Ronald McLean, 650 points; 125 lb. class—Lyle Stratton, 634 points; Unlimited class—Aubrey Priest, 650 points.

Further statistical advice from the senior Hexathlon championship was a short while ago by the Juniors of the Y. M. C. A. shows that Andrew (Beef) Malcolm made a pit of 48 with the 12 lb. shot, thus establishing a Y. M. C. A. record for this year's contest throughout the continent. He was the all-round highest in his group for Canada, scoring 215 points. Now that the Juniors have emulated their big brothers in winning the Canadian team, they are keenly anticipating the score sheets which deal with the international Hexathlon.

THE GRAND TOTALS. The grand totals of the Canadian junior contest show: Saint John with 15,242; Moosejaw, 12,005; Kitchener, 11,862; London, 11,481; Calgary, 10,996. This is the B-class of cities.

SIDEWALK REQUEST

Beatty Hotel Wants Concrete Walks Placed Under Local Improvement Act.

Commissioner Frink said this morning that he had received from the Admiral Beatty Hotel Company a request that concrete sidewalks be placed in front of the hotel in Charlotte street and south side of King Square. They ask that this be done under the Local Improvement Act, under which the owners of the property pay one-half of the cost and the city one-half. The commissioner is having the road engineer make an estimate of the cost to submit to the hotel company, after which he will bring the matter to the Common Council.

BIG BERGS REPORTED. Reports from Cape Race received today by the Signal Service at the Custom Office tell of many large icebergs drifting in this direction. On April 17 they were in latitude 48.90 north, longitude 49.37 west, drifting 150 degrees true, four to 10 knots an hour. A large iceberg was reported on the same date in latitude 47.80 north, longitude 48.34 west, drifting 150 degrees true, six to 10 knots per hour.
