THE RUSSELLS. The Russell family, who have held the position for years, has a quiet, sensible, economical, and married man who lived without show or display in a cheap home in the Creole section of the city. He had no pretensions, was not dissipated, and, so far as known, did not smoke. According to his story, he discovered a large sum of money in a package of cigars, which he had bought for his family. He had a quiet, sensible, economical, and married man who lived without show or display in a cheap home in the Creole section of the city. He had no pretensions, was not dissipated, and, so far as known, did not smoke.
