MR. MULLIN THOUGHT HE WAS NOT GETTING HIS RIGHTS

But Judge Forbes Threatened to Squelch Him—Police-man Crawford Hauled Over the Coals—Evidence in the Golding-London Case.

In court this morning Wm. Golding was recalled to the stand and was cross examined by Mr. Skinner. Witness denied having told Officer Crawford that the watch belonging to Mrs. Wood was at his father's house. His father did not tell the officer that he knew where the watch was. The witness accompanied by Officer Crawford and his father went down to the cellar in his house with a lamp. He had no idea of what the officer wanted in the cellar. His mother did not say she was sorry that witness got in trouble, when the officer came to the house.

Officer Crawford was recalled by Mr. Skinner. He stated that when he went to arrest Golding, the latter said: "If there'll be no trouble over it, I'll go and get you the watch." Officer Crawford said that Golding told him that he guessed he was drunk and that he knew where the watch was in an alley off Union street. At this stage Mr. Mullin made a remark to the effect that Crawford's evidence was not proper in rebuttal. Judge Forbes stated to Mr. Mullin that he would have to make less objections. Mr. Mullin—"I feel, your honor, that my rights have been suppressed."

Judge Landry—"You sit down Mr. Mullin. I order you to sit down. If you don't obey your rights will be more suppressed. I'll take care of you." Mr. Mullin took his seat.

Cross examined by Mr. Skinner, Crawford said that Golding told him to accompany him to the cellar and he would give him the watch. His honor said that Golding's father commenced digging in the cellar for the watch.

Mr. Mullin—"I feel, your honor, that the witness is making a mistake in saying that Golding's father commenced digging in the cellar for the watch. He said, 'I'll go and get you the watch.' He said, 'You know where it is, because you would have found it in the morning.'"

Cross-examined by Mr. Mullin, Crawford admitted that Golding had told him to do all he could for him. Judge Forbes here took occasion to say that there must be a great lot of witness in this case. He said that the witness alive who have been leading about the court for the past four days listening to the trial. His honor thought it would be better for these men to be at work. Crawford denied having called James Golding the prisoner, a 4-11-11. He also denied saying to James Golding that he (Golding) was the thief and not his son.

Mr. Mullin—Crawford, do you remember having been sued in the police court by James McAvity for payment on a barrel of coal?

Mr. Mullin—"Didn't you swear in court that you didn't receive the coal? Crawford—"I don't remember."

Mr. Mullin—"Didn't you swear in court that you didn't receive the coal? Crawford—"I don't remember."

Judge Forbes here stated that this had nothing to do with the case, and he protested against Mr. Mullin asking such questions. Crawford stated that he remembered having been sued by Mr. McAvity, but it seemed like a dream to him, as he had been sued a great many times.

Mr. Mullin—"Didn't you swear in court that you didn't receive the coal? Crawford—"I don't remember."

RACING CIRCUIT HAS BEEN ARRANGED

For the Present Summer in New Brunswick. St. John is to Have Two Days of Sport—A Lot of Fast Horses Coming From Maine.

FREDERICTON, June 4.—There is now before the management of the various race tracks throughout the Maritime Provinces a proposition to form a midsummer circuit of harness race meetings. Last evening the directors of the Fredericton Trotting Park Association met to consider the matter so far as it relates to the local track and it was decided to enter the circuit and give a two days midsummer meeting in this city as well as the big meeting during the Fredericton 1907 exhibition.

Hugh O'Neill one of the local track directors has taken an active part in the preliminary work of forming the circuit, and recently when in Bangor and Boston interviewed several. The result was a number of Bangor and New England horsemen expressed a willingness to bring their racing strings to the Provinces for the circuit racing season. Mr. O'Neill has had a conference with Mr. Bert Flemming, the new owner of Moosepath Track, St. John, the scheme and he has been in communication with Hugh Gallagher of Gallagher Bros., Woodstock, the owners of the Woodstock track. As has already been announced Springhill, N. S., is to hold a meeting on Dominion Day and Monday, one of the 7500 members. The case has been discussed generally for more than a year. But the side of the prosecution has never been developed, and even now it is said much will be left to the evidence, and from its commencement the case will be full of surprises. The case of the state, it is said, will show that no less than 28 murders were committed by what is known as the "Inner Circle" of the federation, which it will be asserted that independently of the knowledge of the members, and at no stage of the proceedings will an attempt be made to show that more than a score of men had any knowledge of what was going on.

HALIFAX AND FRANGE AT PEACE ONCE MORE

Strikes Settled Today—In Halifax the Affair Was Well Conducted

HALIFAX, June 4.—The longshoremen's strike came to an end today when the Pursons Withy people received a call from the head office instructing them to accede to the demands of the men. All hands are at work again. The strike was the best conducted ever in this city. It was generally felt that the request for five cents more per hour was reasonable and the men had the sympathy of the press and public.

HALIFAX, June 4.—The seamen's strike is regarded as being virtually ended and the men are everywhere expected to resume work within 24 hours. The navigation companies have accepted the government's accommodations and will restore the officers and crews without imposing any penalty. The French trans-Atlantic line hopes to enable La Provence to sail from Havre tomorrow.

The only discord appears to be at Bordeaux where some of the delegates notably a man named Bussaclet, finding that the local organization is discontented with the proposed compromise arrangements are trying to secure a reversal of the decision to resume work, but apparently without any chance of success.

MONCTON, N. B., June 3.—The mark of fifty seconds set up for the quarter mile dash at the recent intercollegiate sports in St. Stephen by W. P. Rutledge of the U. N. B. team will not be broken until the end of the season. Joseph P. Wood of this city, captain of the U. N. B. track team, has received word to that effect from F. W. Meyer of Halifax, honorary secretary M. P. A. A. Immediately after Rutledge's performance at St. Stephen Wood wrote to Halifax and asked that Rutledge be given the credit of establishing a maritime record for the event. The reply says that the association cannot recognize any record unless made in open competition. Intercollegiate sports were confined solely to three colleges and therefore the performance will not be recognized as a maritime record.

The two days' horse racing meet is not to be held in June, but on July 1 and 2.

LONDON, June 4.—In a boxing carnival at the National Sporting Club tonight, Sam Langford and Sam McCoy, Americans, easily got the better of their British opponents. Langford knocked out Jeff Thorne in the first round and McCoy beat away Bert Berrier in the third round. Jim Driscoll defeated Joe Bowker, the bantam weight fighter, in the seventeenth round.

NEW YORK, June 4.—In a most unsatisfactory ten-round bout, Harry Harris of Chicago, defeated Tommy Murphy, the "pride of Harlem" in the eighth round on a foul before the National Sporting Club at Lyric Hall last night. Murphy was disqualified for using his head while in a clinch. Whether the foul was intentional or not, the spectators could not decide, but referee White declared it was and made the announcement from the ring. Up to this time Murphy had a commanding lead and looked as if he had the encounter well in hand. The fight was a vicious affair in which many hard punches were exchanged.

CHICAGO, June 4.—"Compulsory Inter-connection Between the Bell and Independent Telephone" will be the principal subject of discussion at the convention of the National Independent Telephone Association, which will open here today. Resolutions declaring the U. S. government unfair in its treatment of independent companies will be introduced as a result of an order forbidding postmasters to install the police force. He discharged by duty in a dignified way and is a creditable officer of the law.

Mr. Mullin was not satisfied with his address when court adjourned until two o'clock.

THE HAYWOOD TRIAL HAS BEEN BEGUN AT LAST
Jury is Now Complete and the Case Was Formally Opened This Morning

BOISE, Idaho, June 4.—The trial of Wm. Haywood, secretary and treasurer of the Western Federation of Miners, charged with the murder of Frank Sienenberg, former governor of the State of Idaho, commences in earnest this morning, at 8:30 o'clock. The trial will probably be the most important case brought into a court in this country. The charge will be that Haywood, one of the high officials of a powerful labor organization, having been given authority by the members to use his office and the funds of the Western Federation to promote its interests purely as a labor organization, so used his office as to become one of the secret leaders in a gigantic plot to revolutionize society and by murder and terrorism bring about conditions that threatened existing forms of government.

It was the murder of Sienenberg and the confession of Orchard that laid bare the alleged plots and counterplots that led to the arrest of Haywood, together with Meyer, the president of the federation, and Pettibone, one of the 7500 members. The case has been discussed generally for more than a year. But the side of the prosecution has never been developed, and even now it is said much will be left to the evidence, and from its commencement the case will be full of surprises. **Mr. Mullin Objects to London's
Alleged Confession, But
Judge Forbes Admits it as
Evidence—Hearing in the
Stealing Case Still Going On**

In the County Court this morning, the case of Wm. Golding and Joseph London, was taken up. Golding was on the stand and he held up under rigid cross-examination. Mr. Mullin and Officer Crawford had a few tips and Judge Forbes was called upon to settle many questions of law.

Officer Crawford, who was being examined when the court adjourned on Saturday, was recalled. The witness on Saturday offered evidence of an admission made by London when he was arrested by Officer Mullin. The witness, contended that this evidence should not be allowed. The point was unsettled about the confession. Mr. Mullin stated that he was not a witness in the case, but that he would settle the dispute in court this morning.

Mr. Mullin asked the witness if he was not a witness in the case, but that he would settle the dispute in court this morning.

Mr. Mullin then addressed the jury. He described the home of his client, Wm. Golding. The latter resided on Brussels street with his mother who is a prisoner in the night of the robbery, the prisoner was at his home. He remained in his mother's room until about 2 o'clock on Good Friday night.

He then went out and arrived at the Everyday Club a few minutes later. He remained there until about 10 o'clock when he was left for home. He met London on the way and the two went to the Victoria Hotel for a drink. "I might here state," said Mr. Mullin, "that the two prisoners were not the only ones in the bar at the time. He knew of a young man named McLaughlin who was in the bar (Continued on Page 5.)

FIRE ON STMR. OCEANIC DID MUCH DAMAGE

Steerage 'Furnishings' Destroyed Together
With a Large Quantity of
the Cargo

NEW YORK, June 2—The fire on the steamer Oceanic, which was discovered in the steerage shortly after one o'clock this morning was not brought under control for two hours. The crew was called to quarters and did what it could to extinguish the flames but when they were called to the cargo outside aid had to be called. In the after-hold were 1,870 barrels of glucose, which burned like oil and that part of the cargo was safe. It was below the water and there was nothing spectacular about the fire. The crew closed the after compartment and then the firemen drenched the flames. All the bedding and other perishable fittings of the steerage were destroyed in addition to a quantity of freight. Among the cargo was some theatrical scenery, belonging to Forbes Robertson, who recently left for England after a successful season in America, and this is said to have been burned or damaged. The origin of the fire is unknown but the suspicion was prevalent today that it was the result of incendiarism. The loss will reach several thousand dollars. It was stated that the sailing of the steamer Wednesday will not be delayed.

WON'T LET THE RAILWAY LAY A NEW PIPE LINE

Charlottetown Council Opposes the Installation of a Separate Water System—A Row With the Commissioners.

CHARLOTTETOWN, June 2—Owing to a dispute between the railway department and the commissioners of Charlottetown, the former have decided to abandon the city water and install a system of their own. Application was made by W. B. McKensie, chief engineer of the I. C. R., to the city for permission to lay a pipe line from a source of supply just outside the city to the railway works. This application was discussed at a special meeting of the city council on Saturday. The councillors condemned the action of the water commissioners in not coming to terms with the railway as a revenue of \$1,200 per year will be lost to the city, but the meeting nevertheless passed a resolution stating as the city affords fire and police protection free to railway property within the city, that permission should not be granted to the railway to lay a water pipe line through the city property.

MONCTON, N. B., June 2—Non enforcement of the Scott Act in Moncton was severely criticized by Magistrate Kay in passing sentence on the police court this morning, and incidentally A. Landry was sentenced to a month in jail, without the option of a fine, if he being the first case disposed of for some time. For several months Magistrate Kay has been imposing fifty dollar fines, and in expectation of this Landry, who is the proprietor of the Riverside Hotel, pleaded guilty. The magistrate in passing sentence said the act was not being properly enforced in the city and he authorized the notaries to enforce it. The court was not going to help them.

REV. C. W. GORDON BEFORE THE CANADIAN CLUB

The great popular thy Rev. C. W. Gordon, of Winnipeg, has attained in St. John as a speaker was well exemplified today at the luncheon given at White's restaurant by the Canadian Club. Mr. Gordon was the speaker of the occasion, and his audience was composed of business men, professional men, in short, men representative of the best of St. John. Too many tickets for the luncheon were sold and the dining halls were crowded to the utmost.

After the luncheon Rev. Father Gaylor, who occupied the chair, called the meeting to order. The guest of the day was unanimously elected an honorary member of the club. Father Gaylor briefly introduced Mr. Gordon, who rose to speak amid applause.

Rev. Mr. Gordon was greeted with hearty applause from the large gathering. He stated that as those present were mostly all business men it would not be advisable at that hour of the day to detain them any longer than was necessary. He thought the Canadian Club a grand organization. Residents of this city should know all about the Dominion, and he advised those present not to confine their knowledge to the winterport city only.

Speaking of St. John as a winter port, Mr. Gordon said he hoped the city would succeed in having the harbor so improved that it would be one of the finest in the world. He understood that the shipping facilities here were very good. The speaker mentioned that a person cannot be a good and loyal Canadian, in the full sense of the word, unless he has travelled and seen for himself that great country which lies west of the lakes. There are things which Canadians should do. They are to make themselves posted on all Canadian affairs and to own "shiping stocks" out of which they can secure valuable information about Canada. The speaker mentioned that Canada's imports and exports have reached the high mark of \$600,000,000. The United States combined imports and exports amount up into the billions, but when this matter is looked into it will be found that the larger population of the States is wholly responsible for this difference.

Mr. Gordon went on to say that Canadians should not look upon their country as being small because her sister nation's foreign business is so much larger, because Canada is growing and it should be the aim of every Canadian to make her one of the foremost nations of the world.

SAYS THAT WOMEN WERE THE BEST OF ALL SOLDIERS

**THIRTY THOUSAND CHINESE
REBELS ARE UNDER ARMS**

Six Hundred Were Killed in a Battle With
the Troops, But are Gathering Strength
and Will Continue the Fight.

CHINA—AMOI, China, June 2—The conditions at Chang Chow, of which Amoy is the port, and at Sioke, are unsettled. Many refugees continue to arrive here and numbers of missionaries of all denominations have reached Swatow. Quiet is maintained there, though there is great anxiety as to the outcome of the revolt in the surrounding country. The rebel leaders allow no looting and no foreigners have been molested so far as known. There is a small American mission at Chang Chow.

The centre of the uprising is at Jun, 30 miles southwest of Amoy. The officials there arrested the leaders of an organization known as the "White Fans," charging them falsely with being pirates. The prisoners escaped, collected their followers, killed the prefect and other officials and held the local magistrate as a hostage. Emboldened by their success, thirty thousand rebels gathered and threatened Chio Chow Fu. Troops were hurried from Canton and Fu Chow and engaged the rebels yesterday between Swatow and Amoy, with the result that six hundred of the latter were killed. The rebels withdrew, but were not dispersed and are rapidly recruiting.

The correspondent of the Associated Press is in a position to confirm the statement that the outbreak is not anti-foreign, but anti-dynastic. The White Fans are a revolutionary organization and are very strong in Southern Fo Nien. The movement has been growing steadily for the past eighteen months. The leader of the insurgents is a Chinaman named Soon Wen, who was educated in Japan. The rebels are well organized and well fed, but badly armed. The local troops refused to attack them.

CHATHAM, N. B., June 2—Alex. Cooper, a ticket of leave man, was arrested here on Sunday by chief of Police Dickison, on the charge of shooting a valuable colt belonging to Alex. Fenton, who lives in the lower end of the town. The shooting is supposed to have occurred early Sunday morning, the colt being found dangerously wounded this morning with a bullet in its shoulder. During the night a stone was thrown through the front window of James McEwen's house and the glass and window sash were badly smashed. Three bullets were also fired through the house of Thomas MacFarlane and Cooper is thought to be responsible for these as well. Two cartridges, 44-0, were found outside Mr. Fenton's stable and several people heard the shots during the night. Cooper was brought before Magistrate Connors this morning and remanded for the purpose of gaining further information.

The Man Who Organized the Finnish Revolution, Having Escaped From the Russian Police, is in New York to Continue His Work.

NEW YORK, June 2—Capt. J. Kock, leader of the famous Finnish Red Guard, the revolutionary militia of Finland, although searched for by the secret police of Russia, over all Europe, arrived here and is staying with friends on the east side, says the World today. There is a price of many thousands of dollars on his head but Capt. Kock declares that he will continue his work for the liberation of Finland and that uprisings greater and more terrible than those of the past will confront the Russian Government. The Finnish Red Guard consists of 10,000 men and 5,000 women, all armed with the latest model Mauser rifles, well drilled, and capable of being mobilized at a moment's notice. In an interview, Capt. Kock said: "The best soldiers in my army were the women. I had a division of women led by women officers and they did splendid service and were sometimes braver than the men. I rejoice to think of my women troops. They were the best shots and runners. The women soldiers in the Red Guard were the working women, domestic servants, and peasant girls. We had a strong army which was excellently equipped, although secretly equipped."

In telling how his country was relieved of Russian oppression by general strikes and without bloodshed, Capt. Kock said: "We disarmed the Russian police and soldiers, and banished them from our country. The women played a most important part in this work. Our women are great and brave."

Capt. Kock says he organized the militia in the Sveaborg fortress but failed in his project there because the navy did not join and bombard the works. For his part in this enterprise Kock had to leave the country.

Dave Hennessy in Jail for the 40th Time
—Magistrate Wants to Know Who
Sells Liquor on Sundays.

In the police court this morning Thomas Keating was fined \$4 for drunkenness and his car for resisting the police, and in default of payment was sent to jail for two months. A man named Magee who did not assist Police-man Hamm in making the arrest but for his actions is said by the officer to have been somewhat responsible for Keating's arrest was not in court. Mrs. Keating gave her husband in charge and then assisted him in resisting. He was sentenced this morning Mrs. Keating pleaded with the court for her husband's release, stating that although she gave him in charge he was wrongfully arrested. As she left the court she said she would get Mr. Magee. The magistrate said the woman to find out where her husband got the liquor after leaving it would be better to let him clear if the guilty person who gave him the liquor could be prosecuted.

David Hennessy was sent to jail for the 40th time, having been arrested Sunday morning. The magistrate said it was not Hennessy who was wanted in court but the person who gave him the liquor.

Paul Jones, a Russian was charged with drunkenness in the I. C. R. depot Saturday. The Russian was crazed with liquor. He did not wait to pull the cork, but as quickly as possible bit the neck off the glass bottle and poured the liquor down his throat. He was escorted from Halifax to Boston and has been robbed of \$16, a valise and an umbrella. He was allowed to go with the understanding that he leave the town this afternoon.

Two drunks failed to appear in court and forfeited deposits of \$5 each. The magistrate said that every Monday morning there are a number of arrests for drunkenness and he has asked the police to find out where the unfortunate get the liquor, but there is never a report against the persons who sell the goods.

F.M.A.'S SHUT OUT
BY FAIRVILLE BOYS.

The St. Roses of Fairville appeared out on Saturday evening with a snow-white uniform with red trimmings, and in the presence of a few hundred fans gave the Father Matthew Association a shut out. The Fairville boys in five innings followed up their batting averages by eleven hits and ten runs crossed the plate. They only had one error and that, made by Downey, was almost inexcusable. They were playing the game at all times in snappy style.

FRANK LIKELY TO TAKE LONG TRIP
Will Sail to New York in Yacht Louvina
—Lot of the R. K. Y. C. Boats Out Saturday.

On Saturday afternoon the yachtsmen had their first opportunity of spreading the sails of the craft and enjoying a sail up the river. About forty of the amateur skippers took advantage of the fine weather and the presence of the boats. Several of the boats went up as far as the Reach, but the majority did not go above Belyea's Point. The weather is a little chilly yet for solid comfort, but those who were out on Saturday, being the hardened members of the club, enjoyed the day thoroughly. What was more enjoyable was the customary impromptu smoker before the blazing fireplace of the club when the old races were sailed again, old stories retold, and plans for the summer cruise were discussed.

The closing exercises of the forty hour devotion took place in St. Joseph's church, Silver Falls, at half-past seven last evening. Rev. Willard McDonald of St. Paul's Presbyterian church, Fredericton, occupied the pulpit of St. Stephen's Presbyterian church in this city at both services yesterday, while Rev. Large congregations were present and the preacher's words were attentively followed.

For the first Sunday since the passage of the new Lord's Day Observance Act the drivers of backboards and other vehicles appeared in the streets yesterday. On the previous Sunday several of the men had driven parties to the police, they, however, decided to test the law, as they do not think it was intended to operate against them, as to prevent mountaineers and others driving to the cemeteries. St. John has a very useful Every Day Club, where any man can spend an evening free of cost, in an agreeable and instructive manner. We observe that a somewhat similar institution has been opened in Halifax at Trinity Hall, on Cogswell street. It is a good move and we wish it all success. Without too much restraint and without too much license in its management, the Trinity Brotherhood should be the light of the new club as useful and as helpful as the Elder Brethren of Trinity have made the season light along the coast of England; and perhaps may be equally successful in keeping weary mariners in safe harbor.—Halifax Echo.

Seven girls from the children's choir of Calvin church sang more than 100 numbers at the excellent sacred concert in the Every Day Club hall last evening, and were heard with infinite pleasure by the audience that filled the hall. Stratton; solo, Miss Beattie Hill; duet, Misses Hazel and Edith Megarity; solo, Miss Emily Roberts; duet, Misses Comben and Rev. Mr. McLean; solo, Miss Jean Hannah; solo, Miss Woodley, accompanied on the piano by Miss Blanche; whistling solo, Walter Nixon; chorus, girls' choir. Mr. Stratton's clarinet solo and the whistling solo by Mr. Nixon lent a very pleasing variety to the programme.

A quiet but pretty wedding took place at 6 o'clock this morning in Trinity Church when Miss Mary G. Chesley, daughter of Mr. and Mrs. John A. Chesley, was united in marriage to Mr. Alexander Baillie, son of Mr. and Mrs. Charles Baillie, of Horsfield street, teller of the Royal Bank at Montreal. Rev. Mr. Armstrong performed the ceremony. The bride who was given away by her brother, Mr. Harry Chesley, was attired in a travelling suit of grey broadcloth with hat to match. After the ceremony Mr. and Mrs. Baillie left for the depot where they took the 6:45 o'clock train for Boston and Montreal. They will reside at the latter place. SAYS SCOTLAND WANTS A NATION'S FREEDOM

Goals of London Hear Bitter Harangue Against the Government of England.

LONDON, June 1.—The Gaels in London met last night in solemn convocation to discuss the future of "Gaeldom," which is Gaelic for Scotland.

There were two scores of them, of whom nearly half were "bonnie lassies," and they gathered in the fine old Scots Corporation Hall in Crane court, Fleet street, where, beneath the massive royal arms, such phrases were hurled about as "feudal system," "Sassenach," and "hideous fabric of a foreign power."

Mr. Gillies, a Gael who has crossed the Tweed, read a paper in English on the Gaelic movement, in which, with a gravity worthy of Bernard Shaw, he scarified his brother "Anglicised Scots," bitterly lamented the "denationalisation" of the modern Highlander, and made a fierce appeal for the revival of the Gaelic language, the re-Gaelicization of Scotland and the throwing off of the brutal English yoke.

His reformed with dreadful scorn to a newspaper which had ventured to make fun of the Gaelic movement. But he was just as scornful of the Scottish newspapers—"or rather, the English papers published in Scotland," as he called them.

He lashed those "Anglicised Scotsmen," he said, take only a sentimental interest in the Gaelic movement, and give it "spasmodic and unreliable" aid. He declared that the people in Scotland who do not speak Gaelic are only fit to be called "North Britons" and are "on a par with the Chinese soldiers at Weihaiwei, who used mongrel pidgin English."

The English government, composed of Anglicised Scotsmen, were no use to the Gaels, and would crush the Gaels out of existence or deport them, if they thought they were in earnest.

"The Gaelic language is, he asserted, the Gaelic power" by which Gaeldom would free the weapons which would "break into as many fragments as a potter's vessel the hideous fabric of our impious and despotic yoke."

"Scotsmen are sick of the union and wish to be free," he cried, and he looked forward to the time when they would achieve the national independence for which Bruce fought and Wallace died.

OUTRAGE CONTINUES IN HAPLESS ARMENIA

Turkish Officials Grind the Peasantry and Create Another Reign of Terror.

GENEVA, June 1.—Droschak, the organ of the Armenian Federation in Geneva, asserts that there has been a recrudescence of the Turkish cruelty in the neighborhood of Van.

A dispatch has been received via Tiflis from the Armenians in Van, (Turkish Armenia) stating that the governor, Ali Bey, is draining the province and adopting the most atrocious means to secure the payment of taxes, that are twenty-two years in arrears. The people who are already proverty-stricken and famished, are in a state of despair.

The Turkish collectors, unable to get money, are taking possession of everything they can lay hands on, especially furniture and implements of labor. They even destroy houses, cut down trees and sell the furniture by auction.

Some of the measures adopted by the tax-gatherers are indescribable. They violate women, tear the moustaches from men and force them to drink five or six liters of water. An inhabitant of the village of Aratenz has died from ill-treatment, and a child has been killed there in its mother's arms. At Hayatazoor 2,300 men, women and children have passed six nights in the streets.

CRIMEAN HEROES ATTEND

THE ROYAL LEVEE

Veteran Officers Whose Bravery in the Indian Mutiny Has Been Recognized, Assembled Today.

LONDON, June 2.—The third levee of the season was held by King Edward at St. James' Palace this afternoon and was more than usually interesting because of the presence of a large contingent of officers who served during the mutiny in India half a century ago, and whose exploits constitute the most eventful chapters of the great struggle of Delhi and the defense and relief of Lucknow.

Some fifty veteran officers, headed by Field Marshal Lord Roberts, about a dozen of whom were the coveted Victoria Cross, formed the most interesting group at the function, with them being a handful of civilians whose gallant deeds in 1857 led to the first bestowal of the Victoria Cross on non-military men.

The King drove to St. James' Palace from Buckingham Palace in state, escorted by a detachment of Life Guards.

McNamara and occupied by Miner, Read & Garrette, a wholesale firm of New Haven. The loss is estimated at about \$25,000 with partial insurance. Considerable gasoline was stored in the building, causing two explosions. One dramatic was knocked unconscious by falling brick, and several others had narrow escapes.

TOPSFIELD, Mass., June 2.—The body of E. Davis Brooks, who yesterday committed suicide by taking cyanide of potassium following an interview of the officers of the Merchants National Bank, of Topsfield, in which it is claimed that the validity of notes presented by Brooks was questioned, remained unclaimed by relatives to-night. The father of the young man, P. R. Knowles, of South Montville, Me., was notified of the suicide today but has sent no word regarding his coming to claim the body. For some reason, said to be connected with previous financial troubles the man had taken the name of Brooks previous to becoming principal of the school here.

WILLARD IS IN JAIL IN DEFAULT OF BONDS OF \$15,000 SET BY THE COURT. HE SAYS HE DID NOT SHOOT EDWARDS.

Willard is in jail in default of bonds of \$15,000 set by the court. He says he did not shoot Edmundson, who was in the hands of U. G. Haskell, of Beverly, the bank's attorney, to meet his loans and allow of his return to Topsfield.

PROVIDENCE, R. I., June 2.—Both Edmundson and Amos N. Gorham, the two men employed in the office of the time-keeper of the Brown and Sharp Mfg. Company, who were shot last Friday by another clerk, Fitzroy Willard, following a quarrel between Willard and Gorham, are in the hospital, and it is expected that warrants will be sworn out tomorrow charging Willard with the murder of both Gorham and Edmundson.

According to the prisoner, the shooting of Edmundson was unintentional, the latter receiving his fatal wounds by the accidental discharge of the revolver while he was trying to disarm Willard. Edmundson's death, which occurred at about midnight last night, was followed by the death of Gorham.

CARELESS ELEVATOR OPERATORS.

A reckless habit of many elevator operators is that of neglecting to use their control levers at the end of the runs, depending upon the automatics at top and bottom. The practice is a growing one and is fraught with danger, especially on the down runs and to plunger machines on the up runs. Operators have been observed frequently to start an express car down and then entirely let go of the control lever. The best automatic cutoff device is subject to possible disarrangement by the sliding of stops, jumping of rope or other slight mishap, and operators should be disciplined into the proper use of the control at both end landings.—R. P. Bolton, in Engineering Magazine.

TOMORROW AFTERNOON IT IS EXPECTED THAT THERE WILL BE A BIG TIME AT CLIFTON WHEN FROM THE W. P. FLEETING SHIP STEAMER GREAT PREPARATIONS HAVE BEEN MADE FOR THE LAUNCHING AND A LARGE NUMBER OF PERSONS ARE GOING FROM THE CITY. PEOPLE LEAVING BY TRAIN CAN GET FROM ROSEBAY TO CLIFTON BY STEAMER. THE NEW STEAMER WILL BE A SIDE-BOATER AND WILL HAVE GOOD ACCOMMODATION. SHE WILL PLY BETWEEN ROSEBAY, MOSS GLEN, CLIFTON AND THE WILLOWS, AND CONNECT WITH THE TRAINS AT ROSEBAY.

BELIEVES HE HAS FOUND A LONG LOST TITIAN

The Remarkable Story of a Famous Painting Missing for Hundreds of Years, Now Thought to be in St. Louis

ST. LOUIS, Mo., June 2.—Edward Sells, of St. Louis, believes he has identified a painting that he purchased a year ago for less than \$100 as the famous St. Jerome, painted by Titian about 1531. No trace of the painting has been heard since about 1623. Sells purchased the picture from Allison Stewart, a St. Louis mining engineer, to whom it was given, in 1903, by a Padre of the mountains of Honduras, after Stewart had given him a liberal offering of silver for his poor. In 1531 Titian painted St. Jerome by order of Duke Frederigo Gonzaga, of Mantua. Before 1623, when Charles I. of England, bought most of the art treasures of the Gonzagas, the St. Jerome had disappeared. Sells has learned that when Cortez conquered Honduras early in the sixteenth century, a member of the Gonzaga family, accompanied him and remained in Honduras. It is his theory that the painting was carried to Honduras by this man. Stewart obtained the picture in the town of San Gerónimo, of which St. Jerome was the patron saint. Sells has received a letter from Mrs. Julia A. J. Adams, an English painter of Titian saying she believes she has Titian's St. Jerome. The painting is very old. The canvas is hand-made and is filled with red clay after the custom of the Renaissance period.

ST. JOHN AUTOISTS GETTING SPEED CRAZY?

Two Distinct Complaints Made to the Star Office Today—The Whirl of a Big Car on the Marsh Last Evening—Rockwood Park Regulations Violated

The automobilist enthusiasm which has seized upon many St. John people, young and middle-aged, has reached such a pitch that speed limits and careful thought for the horse driver and pedestrians have apparently been forgotten. The absence of any precautionary measures, or rather the non-enforcement of them has given more or less permission to wild autoists to drive as fast as they like.

An instance of high speeding was witnessed last night on the Marsh Road, where scores of quiet driving parties were returning from a day's outing. In this procession of carriages there were several family parties of women and small children, and as the devil wagon with its glaring lamps came tearing on in the dark, horses jumped, stamped and in some cases only the coolest and most expert horse-manship saved the carriage occupants from injury. One driver, who was giving an invalid friend an airing, seeing the oncoming machine and gauging its speed by its hum, headed his horse into a by-road to allay the fears of the sick person. When the big car whirred past its occupants could not be identified, but the statement is made that a speed of fully forty miles an hour was certainly shown by the auto.

From another source complaint comes to the Star that a few days ago a late automobile traversed Rockwood Park without molestation, which is a direct violation of the Horticultural Association's regulations. The Star's informant will swear in this statement.

If autoists are allowed to run their machines through Rockwood the complaint says the popular resort will be destroyed as far as quiet family driving parties are concerned, for the largely increased grounds contain so many steep roadways, narrow by-roads and sheer declivities that an automobile meeting a carriage load of women and children in one of these passages—particularly the hills—might result very seriously.

Altogether it seems as if the people who own horses, and also some who do not, are awakening to the necessity of allowing full speed to those who do not appreciate the dangers of it. Main street, North End, and Douglas Avenue, are favorite speed ways, and the way some busy merchants cut corners and cross streets in their runabouts, gives shudders to the men on the sidewalk.

Yesterday afternoon two young men caused considerable worry to pedestrians by their fast driving through the different avenues. They spent the best part of the afternoon in the park, annoying all who were strolling in the walks and their actions in speeding about the roads were dangerous both to old and young. No park policeman could be seen in the vicinity of the lake.

MORE ARRESTS IN THE STOVE STEALING CASE

Warrants Issued Against Oscar Peterson and Hanford Geldart.

Wm. Mahoney has been sentenced to two years in Dorchester prison for stealing from the McClary Manufacturing Company's warehouse on Celebration street, but Manager Irwin has not finished his work of getting after persons who he thinks have robbed his company. This morning he called at the police court and swore out warrants for the arrest of Hanford G. Geldart and Oscar Peterson for acting together in the stealing of a range. Before the trial is through other articles, including another stove, may be charged against them. The police this morning arrested Peterson in his work in the I. C. R. yard, where he is foreman of the car cleaning department, and Hanford Geldart will be arrested this afternoon. Geldart was a former employee of the McClary Company. He is charged with having sold the stoves to Peterson, and that Peterson purchased the stoves knowing them to be stolen. Peterson has been in the I. C. R. employ for a long time and has a good standing. He was greatly surprised on being arrested this morning. He has a family residing on City Road and claims that he will be able to clear himself of the charge against him.

Manager Irwin, of the McClary Company since the discovery of a stove being stolen in April has so far located no less than nine stoves that have been stolen, with other goods from the warehouse.

PROPOSAL TO START AN ART GALLERY IN ST. JOHN

S. Craven Betts Makes a Suggestion by Which the People May Buy Pictures Very Easily—He Offers to Assist

The following extract of a letter to the Star from Mr. Craven L. Betts, well known here, contains a suggestion regarding the establishment of an art gallery worthy of consideration.

Salmagundi Club,
Fourteen West Twelfth Street,
New York.

I am in New York with a lame foot having had a mishap on the "Subway." While inactive I have been thinking over a proposition which Mr. Nagle, the portrait painter, has suggested to me. It is not in the measure of an experiment, but a bona fide proved thing, having been thoroughly tested and proved a success. Briefly it is this:

Mr. Nagle went to Watertown, N. Y., a city of some twenty-five thousand souls and made a proposition to the art club there. In this he told them that if he was advanced \$100 for expenses, he would guarantee them, for the town, an oil painting approved by the citizens. They asked him how this could be done. He said—Hire a hall and I will send two first class pictures by the foremost New York artists for selection. There will be an admission of 10 cents, everyone in the town having a vote, school children and all. The thing was arranged. Mr. Nagle went to Watertown, gave three addresses and the thing talked about in the papers, got his two pictures, exhibited them, and the people went by thousands to see and vote on them. In all some \$600 odd was paid in 10 cent admissions, the papers every day giving the attendance and the vote. A great interest was excited in the town over the matter and enough money was raised to buy the picture selected. Mr. Nagle went to the painters having the biggest vote and an arrangement was made, whereby the city of Watertown got the two pictures for the \$100, each man taking less than his price for the picture. The thing has been a great success to the city, as they have the nucleus of an art gallery already formed, the property of the city. It is the intention every spring and fall to have an exhibition run on the same lines and one or two pictures got for the galleries at each event. Nothing can be more beneficial to a community than this proposition. The educational value of it is immense, and the return for the money is substantial. Just think of it! In ten years a city like St. John could have a collection of thirty or more pictures by the greatest artists in America. And the value to the children in giving them an interest in art would be incalculable. I wish you would take this thing up seriously, and see if you cannot arouse an enthusiasm about it in St. John. Call on Scott of the Star, he knows me, and get his support. I will have time this summer to carry the thing through, but I will have to see the artists before their summer fitting. You know I am a member of the club, half of whom are painters. I know all the best of them, and can secure any ten of them I choose, for they will all be glad to submit pictures for such an exhibition. Write to me and give me your ideas on the subject, and how you think I can go about it. The board of education, the board of the club, the city government, or some wealthy man might put up the preliminary \$100. This I would want for my art education and labor in the matter, which might take a month. The expenses of the hall, etc., would be defrayed by the admissions. The whole thing outside of the selection of the pictures, the hiring of the hall, the keeping of the cash record, etc., would be in the hands of the committee. I would merely place the pictures in your hands with what effort I made there-into being under their consideration. I think it would be advisable to follow out Mr. Nagle's plan, which had such an unqualified success. If your committee would think me capable, I would give an address or perhaps two. Mr. Nagle gave three, on the advantages of an unqualified success. If your committee with an exposition of the present scheme. If your committee preferred, I would depute one of your own number to do the work. I do not seek self glorification over the thing. I would be content not to be known in the matter at all and let anyone who liked get the credit. I am, however, desirous of doing something for St. John in an art way, and this is both extremely interesting and practical.
