PROCEEDINGS OF THE
ANNUAL MEETING OF THE SOCIETY

HELD ON TUESDAY, OCTOBER 10TH, 1871.

IN ST. PAUL STREET WESLEYAN METHODIST CHURCH,
ST. CATHERINES.

HON. J. C. AIKINS, SECRETARY OF STATE,
IN THE CHAIR.

The Meeting was opened with singing and prayer.

An Abstract of the Society's operations having been read by the Rev. Dr. Wood, and the Financial Statement made by the Rev. Dr. TAYLOR, the following resolutions were unanimously adopted by the Meeting:—

I.—Moved by the Rev. ALEX. SUTHERLAND, of Toronto; seconded by the Hon. J. R. BENSON, of St. Catharines:

That the Report, an abstract of which has been read, be adopted and published; and that the following be the officers of the Society for the ensuing year:—REV. E. WOOD, D.D., and REV. L. TAYLOR, D.D., General Secretaries; and JOHN MACDONALD, Esq., and REV. I. TAYLOR, D.D., Treasurers.

II.—Moved by WM. BEATTY, Esq., of Parry Sound; seconded by the Hon. JAS. FERRIER, of Montreal; and supported by the Rev. S. S. NELLES, D.D., *President of Victoria College, Cobourg*:

That the continued prosperity of the Society, as manifested by the Reports from the Missions, is cause of warmest gratitude to Almighty God, and should inspire us with confident belief that the Church's advancement, in spiritual triumphs, will mark the history of her future enterprises, and lead to the universal diffusion of the liberty, love, and power of the great salvation, purchased for all men by the Saviour's death.

III.—Moved by JOHN MACDONALD, Esq., *Lay Treasurer*; seconded by the Rev. WM. MORLEY PUNSHON, M.A., *President of the Conference*:

That this Meeting devoutly recognizes the goodness of God in the liberal and voluntary income placed at the disposal of the Committee for the maintenance and enlargement of the boundaries of the Church. In connection with earnest prayer for the more copious effusion of the Holy Spirit upon the Missionaries and the people, this meeting earnestly calls for augmented resources, that prompt appointments may be made to numerous places now needing ministerial supply within the Canadian Dominion, and as early as possible in the Societies of other Churches in sending the tidings of salvation to other nationalities as yet but partially acquainted with the truth as it is in Jesus.

IV.—Moved by JUDGE DEACON, of Pembroke; seconded by W. H. GIBBS, Esq., of Oshawa:

That the thanks of this Meeting are hereby presented to the Hon. J. C. AIKINS, *Secretary of State*, for the interest he has shown in the operations of the Society; and for his kindness and ability in presiding over this Meeting.

MISCELLANEOUS RESOLUTIONS.

Extracted from the Minutes of the Missionary Committee.

TIME FOR THE BRANCH SOCIETIES' RETURNS.

"It having been seen that the time taken by the Branch Societies for sending in their Lists and Monies was yearly becoming later, and the financial interests of the Society having suffered by the consequent late publication of the Annual Report, it was

"RESOLVED—That the Treasurers' Report shall be closed from year to year on the last day of June, and that Superintendents of Circuits are required to use all practical effort to have the subscriptions on their respective Circuits collected, and paid to the Treasurers, at or before the Session of Conference."

REPORTS OF MISSIONS.

"RESOLVED—That the Report of the Religious state of Missions be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the Revision of that Meeting."

RETURN FROM DISTRICT MEETINGS.

"RESOLVED—That the Chairmen of Districts, in compliance with the Directions of Conference, forward to the Mission Rooms, as early as practicable, a copy of the recommendations to this Board by the September District Meeting for grants of Missionary money, the same to embrace the number of Members, Children on each Mission, and the probable amount of the current income."

NAMES TO APPEAR IN REPORT.

The following minute of the Sub-Committee of Consultation and Finance, was adopted by the General Committee, November 5th, 1868 :—

RESOLVED—That it be recommended to the Missionary Committee to print in the Missionary Report, after the present year, only the names of subscribers who pay \$2.00 or upwards to the Missionary Fund, and that a notice to that effect be printed on the cover of the Missionary Report this year."

NOTE.—This regulation comes into operation for the year 1868-9. Superintendents should be particular in gathering up the Lists of Collectors on their Circuits and Missions, and read the names of all one dollar subscribers, in addition to those of higher amounts, at all their Missionary Meetings annually.

FORM OF A BEQUEST

TO THE WESLEYAN METHODIST MISSIONARY SOCIETY,

I give and bequeath to the Treasurer or Treasurers, for the time being, of the Wesleyan Methodist Missionary Society of Canada, the sum of

out of such part only of my personal estate as shall not consist of mortgages or chattels real, to be paid and expended by them under the direction of said Society, in the aid and support of the Missionaries upon the different Mission Stations of said Society, and the receipt or receipts of such Treasurer or Treasurers, for the time being, shall be a sufficient discharge to my Executors. And the published Minutes of the Conference of the Wesleyan Methodist Church in Canada shall be a sufficient evidence of authority for the said Treasurer or Treasurers upon which to demand and receive payment of said bequest.

N.B.—Devises for such purposes as the above, of land, or of money to be obtained from the sale of land, or of money charged on land, or secured on mortgage of land or tenements, or to be laid out in lands or tenements, are void; but money may be given by will, provided that it be directed to be paid out of the personal estate, as is set out in the form of bequest.

REPORT.

CHRISTIAN earnestness develops itself as much in the continuance of well-doing, as in the commencement of successful enterprises in the spread of Divine truth. If there are opposing obstacles standing in the way of introducing the Gospel to those who need it most, it requires no very profound acquaintance with the history of all classes of society in every period of the world's history to be assured that hostile elements are always confronting the progress of the Church of the living God, and that these can only be conquered by that "power from on high," which the true servants of God know to be the only barrier to the destructive aims of the enemies of the cross, and which is also the privilege and common inheritance of the servants of Christ to possess and exercise.

Anxious to commence operations in fields "white unto the harvest," the present Report would have been historically important if to the Committee had been committed the ability to open new Missions, or largely and immediately to extend the operations of those already established; but, as the past year has been the first of the Society's financial independence of all aid beyond what was obtained from the Canada Conference alone, it was judged the more prudent course to adopt, was to wait the issue of the year's income, before incurring responsibilities by the entrance upon new enterprises, which would seriously have interfered with the obligations by which they felt bound to maintain every department of their work for the support of which the Society was already pledged. Whilst, therefore, the movements of the Society do not embrace the formation of new Missions in the more remote boundaries of the Dominion, they are associated with supplying the much-called for assistance to sustain and increase the efficiency of Domestic Missions, thereby providing additional agency and ordinances to those immediately around us, where religious destitution and limited means constituted an appeal to the Church not to be neglected without grave responsibility. And yet the testimonies of the year are

illustrative of the wisdom of perseverance; the power of Faith in God; Love to the Lord Jesus Christ; and demonstrative of the fulfilment of the Divine promise,—“Lo, I am with you always.” It will be seen on some of the more distant Missions, where the servants of the Society were suffering from a loathsome epidemic, or afflicted with personal bereavement, or enduring the loss of vigor of mind and body, whilst the sympathies and care of the Committee have been practically called into exercise, the great Shepherd and Bishop of souls has provided pasturage for his followers, and found means to break the bread of life to the hungry, and led to fountains of living waters those who were athirst for spiritual satisfaction and rest. The Committee report of the

SASKATCHEWAN DISTRICT,

THAT the year has been a very eventful one: war has existed between some of the different Indian Tribes on the Plains, which has not only interfered with the plans and labors of the Missionaries, but their lives and those of their families have been frequently in peril, yet the passions of the heathen have been kept in subjection by an invisible arm, so that none have fallen by the rifle or the tomahawk, although facts have come to be known of their being on the Mission premises with the full intention of robbery and murder, without the least suspicion of danger by those who were innocently engaged with social duties in the house, and in the field with manual labor. “The beloved of the Lord shall dwell in safety by him, and the Lord shall cover him all the day long.” Deut. 33 ch. 12 v.

Another source of long-continued trial has been endured from the devastations occasioned by a sweeping and pestilential disease. Small-pox has literally slain its thousands of Indians, whose bones are scattered over the surface of this grand country on the spot where they have fallen, like those of the buffalo and the elk. It is a melancholy and affecting truth, that most of them perished without the light and consolation of the Gospel. During this afflictive visitation at Victoria two of the much-loved daughters of the Rev. G. McLougall fell victims to the malady. Their early death was accompanied by blessed manifestations of saving grace, shown in their triumphant departure to the better home above. If it were possible for sorrow of this nature wounding parental and brotherly hearts to be intensified, this was the lot of the family being left alone—all that was mortal, and so recently affectionately attractive, was committed to the grave by the father and son.

The disar families at the of suitable seemed at on and war were by the noble Bay Company these months season of heal of the past, t of the prese carrying out writes, under

The disarrangements occasioned by war and disease placed the families at the Mission stations under great inconvenience for the want of suitable supplies; the outside world approached them not; and it seemed at one time that those who had escaped death from sickness and war were likely to fall from famine. In this emergency, actuated by the noblest feelings of sympathy and benevolence, the Hudson Bay Company's officers were of great assistance; so that providentially these months of bodily and mental sufferings and dangers yielded to a season of health, gratitude, and safety. Undismayed by the calamities of the past, the Missionaries gathered in district council in the spring of the present year, and arranged for future plans of operations in carrying out the work to which they are appointed. Mr. McDougall writes, under date of March 2nd, 1871:—"We expect to hold our miniature District Meeting at Edmonton next Monday, when I hope to arrange with the brethren as to our summer's work. Two of us must go with our people to the Plains, and John with the Mountain Stoney's."

The Chairman assigns satisfactory reasons why a Missionary should reside at Edmonton House permanently, thereby furnishing a steady and regular supply of Divine ordinances to a community where for many years Rundle and Woolsey stately ministered the Word of Life; but in consequence of so many importunities from Indian tribes in other places, this first lodgment of the Missionary nearest the Rocky Mountains, of late years was but occasionally visited by the Missionary from Woodville. Even this could only be done by leaving his family totally helpless and unprotected, fifty miles from a "pale face," which in such times as those of the past year must not only have been fraught with conscious insecurity and danger by his family, but these very exposures would disarm him of that energy and concentrated power essential to spiritual success, and prompt to a hasty return to those whom he was bound to protect and comfort, surrounded as they were by savage and bloodthirsty men. Classed with other reasons, the missionaries state—"The place is becoming a very important one, because there are many English-speaking people, and troops are expected to be stationed there." The Mission at

VICTORIA

Has recovered from its interruption by the untoward occurrences referred to, hence all the means of grace are well attended, and the school continues to be well patronised by the regular attendance of

Indian children. Chief Factor Christie's testimony to its efficiency, and his gift of ten pounds sterling for its maintenance, are encouraging proofs of the success which marks the present state of the Mission, and illustrative of the value set upon this portion of the Society's undertaking, by one whose qualifications for judgment none can question, and whose spontaneous testimony the Committee highly esteem. Of this testimony Mr. McDougall says :

"Mr. Christie's note is only one of many which I have received from men of the world. They well know that the Missionary is the best agent to treat with these wild fellows ; and had it not been for the criminal falsehoods of the Jesuits we would have the perfect confidence of these tribes. John is the peace-maker. Blackfeet, Crees, and Stoneys, all claim him, and it is no more than truth to say that his efforts for their salvation are as disinterested as they are laborious. He starts this evening for the Mountain, expecting to be absent for a month. The rivers are breaking up, and all travelling must be done in the night, the snow being too soft in the day time. The Hudson's Bay Company give all the assistance in their power. It is a misfortune that he is not ordained. There will not be less than 30 or 40 to baptize. Can you allow us another man for the Saskatchewan ? We must be ready for this Bow River, and if the new Missionary had a little training in the country it would prepare him to take charge of one of the established missions, relieving one of us for the new work. Do not forget us. Our country has a great future, and now is the time to sow the precious seed."

His last communication is dated April 3rd, in which he says :—

"Received another letter from the Mountains. The Stoneys are waiting for the missionary. John will, D.V., spend some time with the Blackfeet. Do send us a healthy, zealous young man."

WHITE FISH LAKE.

Under the fostering care of the Rev. Henry Steinhaur this Mission continues its career of prosperity and usefulness. Spiritual and temporal enlargements steadily mark its history. There are wants affecting the pastor and the people which need to be supplied ; the first relates to the claims of his children for better educational advantages, partially met now by the excellent teacher residing there ; and the second, the great need there is for a new Church. In putting this strongly before the Committee and the Canadian Church, Mr. Steinhaur says :—

"In the Report that I now send, I said that our little sanctuary was by far too small to accommodate all who would attend the ministrations of the word, and indeed ever since our work here has become more consolidated, we have felt the great want of a new, better, and larger sanctuary. We have endeavored to do something towards procuring

timber for this laudable object, and that is as far as our poor people can go, for they are extremely poor. In former days, when fur-bearing animals were numerous, they would not have gone so far for help to build a house of prayer; but now it is their misfortune that their means of gaining anything are entirely cut off by the disappearance of fur-bearing animals, which was their cash in former days. In 1867, when we petitioned for a schoolmaster, we had at the same time begged assistance from our good Christian friends in Canada, and in the Report of that year, I saw our petition for help to build a Church was favourably spoken of in that Report, and fully expected that help would be given; but Hope deferred maketh the heart sick, and our timber will thus lie rotting away if no help is forthcoming. I am not envious at the prosperity of other Mission Stations in material improvement, because as I have already said, we can compare with them in other respects. I am the more bold to write thus to you, by your kind assurances in your esteemed communications to me to make known my wants which may further and promote the interests of the Mission. Would that some of the friends of Missions in Canada could be here to see and report our position and wants, and let them be known in their true light, undoubtedly they would feel the importance and see the necessity of lending their aid towards the contribution for a Wesleyan Church for the poor Indians of White Fish Lake."

THE SCHOOLS.

"Our Day-school still continues to prosper; the average attendance is 45,—30 of whom can read in the New Testament, and the rest have made a fair beginning. There are 25 in arithmetic classes; some have made great progress in this branch, and understand as far as simple proportion thoroughly. Many passers-by have visited the school, and wondered that children who, two years ago, were altogether unacquainted with any one word of the English language, can now read, write, and cipher with such alacrity as these children appear to do. Our school has attracted the attention of some of the gentlemen connected with the Hudson's Bay Company, and they have done nobly towards assisting the people of this place to procure a schoolmaster; and I must say, that our schoolmaster deserves highly to be commended for the deep interest he takes in teaching the poor children. He is just the man in the right place, adapted for the work of such a laborious task, having to contend with difficulties unknown to those who have never been placed in such a position.

"The Sabbath-school is also well attended, and a deep interest is manifested by both parents and children, in the reading of the Scriptures and singing the various hymns to the praise of the Triune God."

There are 112 members in communion belonging to this settlement of Crees.

WOODVILLE AND EDMONTON.

Personal affliction—exposure to the intrusions of unfriendly because warlike visitors,—the prevalence of the epidemic encircling the station, and the disturbed state of the whole district, have been opposing elements to the anticipated success of the past year. Still, Mr. Campbell's visits to Edmonton House, and his travels to the tents of the Stoneys at Mountain House, in addition to the ordinances at Woodville, have been seasons of profit. Up to the 10th of May he thus speaks of the result of his labors for the last two months:—

"I returned home on the 3rd of May, and since then have been busy, every day endeavouring to lead this people, who have just pitched in from the mountains and plains, to that Jesus 'who calleth upon all men everywhere to repent.' Every afternoon is spent in preaching and prayer meetings; and God is with us, blessing the people and saving sinners. I speak the truth when I say that the awakening spirit has come upon the people, and there is a general enquiry about salvation. We have now over 40 tents around us, and we try to make the best use of our time possible. On Sabbath last we had our Sacramental Services—a day that will be long remembered by many of the poor Stoneys. The fellowship-meeting was the best that I have engaged in since I left Canada. Some who never spoke earnestly before, told us of the love of Jesus, and with swimming eyes besought the people of God to pray for them. On Sabbath we celebrated two marriages, two baptisms, and admitted eight persons to the Lord's table for the first time. Here is the report for the last two months: baptisms, adults 11, children 62, total 73; marriages, 8; admitted to the Lord's table for the first time, 8. To us these facts are triumphs; they speak of His power, who saveth to the 'uttermost all that come unto God by Him.' Bless God; we feel encouraged to labor more earnestly for the salvation of precious souls, and desire to consecrate ourselves more entirely to God. Eighteen have joined since New Year."

In this District the Chairman reports "there are not less than 450 members."

RED RIVER DISTRICT.

Winnipeg	GEORGE YOUNG, <i>Chairman of the District.</i> One wanted.
High Bluff	Matthew Robison. One to be sent.
Norway House—Rossville.....	Egerton Ryerson Young.
Nelson River.....	To be visited from Rossville.
Oxford House.....	John Sinclair, Native Missionary.

Mr. YOUNG reports his labors greatly increased by the arrival of the troops, about 80 of the first battalion attending his services as adherents, others frequently coming in the evening, and 10 belonging to the class. Notwithstanding the aspersions thrown against these men, Mr. Young maintains, on the whole, they are a credit to Ontario. The Committee acknowledge with gratitude their indebtedness to their Presbyterian friends for the use of their Church on Sabbath evenings, our own accommodation being too limited to receive the numbers desirous of attending. The finishing of the New Wesleyan Church will give greater scope to the missionary's usefulness. The disbanding of the troops would of course diminish the congregations, but immigrants are rapidly making their way to this new and promising colony, so that the place of the soldier would soon be filled up by the civilian. A very earnest request is made for an additional missionary to be sent to Winnipeg: on Dominion day Mr. Young writes,—“New settlements, some 20, 30, and even 50 miles off, are springing up, and I am anxious to be the first to visit and preach to them. If no help is sent, I shall feel greatly embarrassed. As yet I have no news of that official visit to these far-off missions which we all deem so important. Surely you will not fail this year. I am thankful to state our prospects are brightening. We rejoice in prospect.”

HIGH BLUFF.

Additional efforts have been made by Mr. Robison for the erection of places of worship, encouraged by the adhesion of the people, and their own struggles and sacrifices for the accomplishment of this laudable object. A vote of five hundred dollars to assist the settlers within the bounds of the Mission will liberate Mr. Robison from his financial embarrassment, incurred by his zealous and disinterested advances to hasten to completion these buildings for divine worship. Without them little could be done for securing regular services, or the establishment of Sabbath-schools for the benefit of the young. It is

pleasurable to record the free-will offering of one generous sister, whose heart was affected by a letter from High Bluff in the May number of the "Notices," to whom the Treasurers are indebted for two hundred and sixty dollars, to be appropriated to this Mission. If the Canada Wesleyan Missionary Society is to maintain the *prestige* she has acquired for following the settler into the bush, and seeking the Indian in his native forests, the attention of the Church must be steadily directed to the wants of Manitoba, where, in addition to the voice of the stranger calling for ministerial care, many sons and daughters of her own family will be found there seeking new homes, whose spiritual claims must not be forgotten; or if remembered, must not be set aside with an intention of future recognition, but should at once command an increase of missionary funds and laborers.

NORWAY HOUSE—ROSSVILLE.

At this station the work of God continues to prosper under the persevering toils of the Rev. E. R. Young. Visiting "from house to house," faithfully preaching the Gospel, and regular attendance upon class and prayer-meetings, are sure to be followed with the tokens of a spiritually healthy and fruitful Church. To the proofs of holy living are to be added those of triumphantly dying. Of these Mr. Young has been encouraged with many since his residence at Norway House, and none more satisfactory than those recorded in the history of the past year. His attention is still centred upon Nelson River, where his labours have been greatly blessed, and which still laments the want of a stated ministry. Not content with his long and hazardous journeys to this post and Oxford House, he says in his last letter received at the Mission-rooms,—"I feel very anxious to do more among the Pagan tribes around me." Long winters and short summers—heavy snow storms and intense frosts—men clad in furs, and depending principally upon the wilderness, rivers, and lakes, for an uncertain subsistence, change not the love which glows in the missionary's breast and prompts him to make more than ordinary efforts to save them, nor diminish their claims upon the Church for the light, instruction, and comfort which Christianity imparts; but because of the existence of the natural disabilities which attend their high northern homes, invest them with stronger claims than the residents of palmy southern climes,

Agents, amon have resultec show the re different hab race around and misery.

Like unto the Moravians in Greenland, it does appear that God has especially invited the attention of this Society to the miserable condition of the Indians in the Northern portions of the Dominion of Canada, and has already set His seal of approbation upon their labors wherever their missionaries have opened their messages of mercy and salvation. Any man may be pardoned using the following language, whose whole soul is engaged in trying to do good,—“I think,” says brother E. R. Young, “this is the best mission in the world; I love it dearly. It will be twice as large in another year. Tripping will soon cease, and the Indians must look more to the land for their support. Overly thirty little new farms have been marked out, and the work is going on. But it requires patience and hope with the Indians; and some help must be given to the poor creatures.”

Notwithstanding the destruction of the frame of a new Church by a violent hurricane, the Report from OXFORD HOUSE speaks of renewed efforts to erect a more commodious sanctuary, and earnestly pleads for help to complete it. The return of “100 members, at the village, besides about as many scattered over their hunting-grounds, with a number of persons who attend here, and at the other places,” furnishes the result of the year's expenditure of labor and money; and but for these the community might still have been Pagan, superstitious, and materially and morally wretched, or manipulated by the agents of a system which in other places in the territory exhibits a refined and improved heathenism.

The membership of the District is reported to be 413.

MISSIONS ON THE PACIFIC COAST.

BRITISH COLUMBIA DISTRICT.

ENCOURAGING success has attended the work of the Society's Agents, among the Indians especially, in this district. Extra services have resulted in the conversion of a goodly number, some of whom show the reality of the change effected within them, not only by different habits of life, but by earnest endeavours to rescue the fallen race around them still in pagan darkness, from their danger and misery.

The President's visit to the Colony was timely and valuable. Mr. White's continued affliction rendered it necessary that some alteration should be made to conduct the work with vigor, and the brethren themselves needed the moral support and cheering inspirations which one so gifted and experienced could plenteously supply. Impressed with the representations of the extent and hopefulness of the field for continued Missionary operations, the following are the appointments, as made by the Belleville Conference :—

<i>Victoria, Vancouver Island</i>	William Pollard.
<i>Nanaimo and Maple Bay</i>	Thomas Derrick, Cornelius Bryant.
<i>Sumas and Chilliwack</i>	George C. Clarkson.
<i>New Westminster, and Lower Frazer River</i>	Amos E. Russ.
<i>Cariboo</i>	Joseph Hall.
<i>Indian Tribes</i>	Thomas Crosby.

WILLIAM POLLARD, *Chairman.*

Mr. Crosby will be assisted by two native brethren in his visits to the scattered Indian Tribes, one of whom the President speaks of possessing very promising abilities for the ministry ; the other well endowed for usefulness, but more advanced in life, and both are really pious and devoted to God and His work. The Committee look forward to progress and conquests for the cause of Christ among these outcasts and wanderers ; and notwithstanding the constant changes taking place in communities drawn together for mining enterprises, or dependent, in a great measure, upon their success by those engaged in commercial pursuits, the good already effected, and the stability exemplified at the stations already established, constitute some remuneration for the labor and expense bestowed upon the Mission for the past eleven years. Being now incorporated as a part of the Dominion of Canada, should the anticipations cherished of the benefits following this measure be realised, the Churches will share in the enlargement of population and the increase of material power to do good, whilst to the Committee, as the founders of this Mission, the satisfaction is cherished of having established the ordinances of religion in the principal places of the Colony accessible to immigrants, who may come from any part of the world where Methodism is known, and at once feel "at home" when joining in the worship of the God of their Fathers, and constituting a power for good with other religious organizations throughout the Colony that will aid in the suppression of vice and the maintenance of virtue.

Uninterrupted labors here have been rewarded with some success : to maintain a good congregation and have a small increase of the membership in the midst of commercial depression and a changing society, is a cause for devout thanksgiving. In addition to the ordinary duties in the town, attention has been paid to Chinese immigrants, and to destitute places around Victoria, thus calling out the talent of the Church to strengthen the hands and work of the Ministry. Membership 106.

NANAIMO.

This Mission has been placed under disadvantages by the continued affliction of the esteemed Chairman, whose previous services among the Settlers and Indians had been well appreciated and useful. The ordinances have been held as regularly as possible, but the want of the faithful attendance of the chief Pastor has been the principal loss. With praiseworthy effort and self-sacrifice Mr. Russ and the other brethren have done all that could be accomplished in sustaining the general work on the district, as well as that at Nanaimo. Members 65.

NEW WESTMINSTER.

A review of our ecclesiastical year calls for gratitude to God and renewed devotion to His blessed service.

Upon taking charge of this Mission eight months ago, I found that Chilliwack had been made a separate Mission, which, together with removals and deaths, had left us with a total membership of 26 ; but by the blessing of God we now report,—Members 30 ; on trial 1 ; total 31.

Our Circuit work is regularly planned each quarter, and, by the help of three Local Preachers, my Sabbath appointments are equally divided between the town and country, and the means of grace are, as far as possible, sustained.

The New Westminster congregation, though still small, owing to a reduced population, has shown signs of improvement during the year. The Sabbath-school work is diligently pursued by a few devoted male and female teachers, but the attendance of children is not so large as formerly, because of frequent removals.

The Indian Sabbath-school, began last August, and the Indian department generally upon the Circuit, fails to receive that attention and care which their requirements demand. We need the assistance of a native agent, who might follow the Indians in their frequent migrations, and converse and preach in their own tongue. During the

winter, the Indians are mostly away from town, and it is only in the summer months that we have the prospect of a good attendance. In visiting the country appointments, I generally avail myself of the opportunity of assembling the Indians around their camp-fires, and through the imperfect medium of the trading Chinook jargon, endeavor to lead them away from the errors of Popery, and the superstitions of heathenism to the Lamb of God, the only Saviour of men.

CORNELIUS BRYANT.

CHILLIWHACK.

Last year this Mission formed a part of the New Westminster Circuit. Brother Crosby superintended the work until I came in October last. At the camp-meeting in September many Indians and a few whites were added to the number on trial. The Circuit is large but the population small, there are consequently several preaching places, but very small congregations. Yale is the only town on the Circuit. We have not a member in it, and seldom visit it. In the vicinity of this Mission the people are altogether engaged in farming and stock raising. They are prospering, and will be able to give more liberally to every good cause than in the past.

The Indian work is the most interesting feature of the Mission. We have four classes, each led by a Chief. So far we have had to drop but few. They manifest a great desire for religious knowledge, which we are trying to impart. David Sallaselton has rendered us much assistance in overseeing the work during the winter, but as he is now away we have to preach to the people in "Chinook," the trading jargon.

A building, as a nucleus for a parsonage, has been erected—size, 12 feet by 20—in which I am living. We trust in God for future success. Members (white) 36; on trial, 1; total, 37. Indians on trial, 57; total 94.

GEORGE CLARKSON.

CARIBOO.

Our report to the close of August, embracing so many particulars, renders it unnecessary to be lengthy for the present half-year. As this is our third year, it will be but justice to Cariboo to review the past:—A church, \$2000; parsonage, \$400; improvements on church and parsonage property, \$320; towards support of minister—first year, \$206, second year, \$486, third year, \$735 50; and at present not a cent of debt on church, parsonage, or furniture on your Cariboo Mission. Your work among the Mines cannot be measured by general rules, or its spiritual power and usefulness estimated by numbers in class. Here are men from all countries and of all creeds, every kind of belief, and every form of unbelief. Your representative here will need a strong character, fixed creed, strong heart, love of his work, confidence of his brethren, and strong faith in God.

US BRYANT.

In the future of this upper country I think I see a large population. The "Peace River" country promises to be rich in gold, and Lightning Creek, 13 miles from Barkerville, shows indications of becoming a large "camp," and receives regular visits from your Missionary.

I record, with thankfulness, your kindness in granting the \$113 special on my last year's deficiency of salary, and am happy to report that this year I have no *grant special* to request.

I am well, kindly treated, and happy, and am of opinion that the triennial change of ministers is as necessary here as elsewhere.

THOMAS DERRICK.

INDIAN TRIBES.

The work to which I am especially designated covers a large stretch of country on the mainland and Vancouver Island, and is comprised within the bounds of the Victoria, Nanaimo, New Westminster, and Chilliwack Missions.

If it be efficiently prosecuted, it requires a great diffusion of labor, and allows for little concentrated effort. However, by the help afforded by the brethren stationed on the different Circuits, the regular Indian services, and visits among the various tribes have been, as far as practicable, sustained. The principal aid which I have received has been from our two native brethren, Kujshan and Sallaselton. They have nobly continued the services in my absence at Nanaimo and Chilliwack, and their labor deserves recognition and material recompense from the Church, which they have so faithfully served.

My first half-year was principally spent at New Westminster and Chilliwack, including a short supply to the white work after Brother Browning's removal; and two visits to Vancouver Island. The last half-year has been occupied by an endeavor to supply the Nanaimo and Maple Bay Circuits, during the severe affliction of the Chairman, the Rev. E. White; as also in attending to my own department, giving me four regular preaching services on Sabbath, besides numerous others on week nights. I have, therefore, to rely mainly upon the testimony of other brethren as to the state of the work of God among the heathen tribes on the other Circuits during the past half-year, as personal inspection on my part was impossible, under the circumstances. In regard to the work at Nanaimo, you will observe a small decrease,—a few have proved unfaithful; others have shown much weakness, but thank God, many are faithful, and growing in grace.

You will notice a large increase on the Chilliwack Circuit, mainly the fruits of the campmeeting. We think that the fruits on that Mission have been very cheering, as it is only two years since it was formed, at which time all the natives were following Heathenism or Popery. In Victoria and New Westminster much good has been accomplished, and I look with hope to the efforts put forth, and the good seed that is sown, to bring forth fruit abundantly. But in this great field we need more agents; a school teacher for Nanaimo and

By the An-ka-menem language we are enabled to reach upwards of 4,000 Indians, divided up into small tribes, in a distance of over 200 miles.

I have travelled by steamer and canoe, on foot and horseback, about 2,821 miles during the year.

Outside of our present range of labor there are thousands of natives, on the West Coast of Vancouver Island, and the shores of the mainland, still unblest by Missionary efforts, and waiting to hear the glad tidings of salvation. Total members, 92.

Annual Report—Indian Missions.

xxiii

Our membership,—all casualties duly considered,—presents a slight increase, some adults having been restored to the Divine favor, and a few young persons of both sexes, members of a select Bible-class, having united with us. Two of our members have died triumphant in the faith.

Another church has been projected, and an extra appointment has been taken up.

The Sabbath-school is becoming exceedingly interesting and important. We return 32 scholars, some of whom are members of our Church.

As regards secular education, there is a desire on the part of many of our Indians to have but one school, in lieu of the two now in operation, but to have a *first class* teacher, so as to give a higher tone to the educational status of this people. Two of our youths are at the Muncey Institution, and others are desirous of securing like advantages. The Indians, we believe, are on the eve of important changes, and we think that the time has come for the more civilized bands to have a status in society equal to that of the white man. They ought no longer to be regarded as minors, but receive that recognition at the hands of the Government which, as the bare remnant of a noble race, they have a right to expect. It is too late in the day to assert, as has been recently done, that "the mental condition of the Indian renders extreme caution necessary in all intercourse between him and the white man."

We return as members—Indians, 68 ; on trial, 4 : Whites, 12 ; on trial 4 ; Total, 88.

GRAND RIVER.

Early in the past year this Mission was plunged into great sorrow by the sudden and unexpected death of the Missionary, the Rev. Thomas Lawson. He was earnest, zealous, and laborious ; and by his piety and kindness had won the affections of the people. The fruit of his labors had already begun to appear in the edification of the church and the conversion of sinners, and we trust that many more will appear as "stars in the crown of his rejoicing in the day of the Lord Jesus," as the fruit of the seed he has sown. In September, he held a camp-meeting about seven miles east of the Mission, at which the Spirit of God was poured out, and a class of 16 members was formed. This class has since increased to 25. They are making preparations to build a small church as soon as they are through with their seeding. This appointment was commenced and kept up chiefly by the Indian local preachers, whose labors have been divinely blessed.

The Mission appointment has maintained its usual interest. The religious services are pretty well attended, and the members are generally consistent in their lives. It is much to be desired that they would take greater interest in the education of their children, and thus render the Mission-school more potent for good. Members, Whites, 48 ; Indians, 69.

MUNCEY.

Last fall we held a camp-meeting on the Mission; the weather was delightful, and the meeting very successful. Many were reclaimed, and a number professed to obtain religion, and united with us in church-fellowship.

Several of our members have died during the year. Among the number was Chief Skylor, of the Oneida tribe. He was 94 years of age. He was a member of the Wesleyan Methodist Church for 30 years. A large concourse of whites and Indians attended his funeral. Also, an old exhorter, of the Ojebway band, who died on his way to the camp-meeting last fall; and a class-leader. Their end was peace.

Our services have been well attended; and the number of scholars attending our day-schools have increased. A new class has been formed at the Institution, which is doing well: a number connected with it meet in class. We are going on with our new Mission Church, and hope to have it finished this fall. If the friends of the Indians would give us some assistance in this good work it will be thankfully received.

Bro. Sickles, and our members at Oneida, are making arrangements to refit our Mission Church there this summer. The work is in a good state at Oneida. Some have united with us in church-fellowship who for some time have been identified with another branch of the Church. Members, Whites, 8; Indians, 137; Total, 145.

MORAVIANTOWN.

Arrangements have been recently made with the Superintendent General of Indian Affairs for the deed of a lot of land on which to erect another sanctuary for the benefit of the Indians upon this reserve, who are anxious for the continuance of Wesleyan services. Efforts are now being made to accomplish this, leaving the former church, built by the Society and the subscriptions of Wesleyan friends, in the possession of the party who so unjustly assumed the ownership of it, on consideration of the payment of One Hundred Dollars. The last report states: "We held a Quarterly Meeting with them. There were present about 40 Indians, and several white people. Some 10 or 12 Indians bore testimony to the power of the Gospel to save "from sin."

SNAKE AND GEORGINA ISLANDS.

We have nothing very special to state concerning this work. During the year we found it almost impossible to give the Indians the attention we desired. Crossing to the Islands is at all times a difficult and sometimes a dangerous work. We often travelled from Mount Albert to the shore, a distance of about 19 miles, and back, without

A better arrangement for the work might be made by placing a man at Sutton, where, without inconvenience, if he was disappointed one day, he could cross the next or third day, or in calm weather. The Indians have been faithful in attendance on the means of grace, and we have made some additions to our membership during the past year. In the fall we contemplate holding a camp-meeting on Georgiana Island.

RAMA.

In reviewing the work of the year on this Mission, I find abundant reason to be devoutly thankful to Almighty God for the many tokens of His favor with which it has been crowned. Both in the ordinary and special means of grace His Spirit has been vouchsafed and His presence enjoyed, so that souls have been converted and restored, and the people of God improved in their spiritual life.

"My fellow-laborers, whose names are in the book of life," have been diligent and faithful in the discharge of their several duties, and the people generally have shown a lively interest in everything pertaining to the prosperity of the Mission. About \$100 were raised last year for improvements in the Church and day-school, and this year nearly \$50 toward a well, and other conveniences at the Mission House, thus relieving the Missionary Society of the necessity of any grants for necessary repairs and the extension of the work.

Our Missionary subscriptions and collections reach the noble sum of \$105 13, and something has been contributed to all our connexional funds. The day-school, in its general features, has given me great satisfaction. It has been kept open the whole year, and nothing can exceed the assiduity, kindness, and efficiency of Miss Barrett in her "work and labor of love." In the Sabbath-school and in the general work of the Mission she has been made a great blessing.

The few white friends who attend the Indian Church have shown a noble generosity towards your Missionary and the cause of God, thereby affording one of the clearest and strongest proofs of the benefits which the Gospel has conferred upon the Indians. In the village of Atherly, near which an appointment has been kept up among the white settlers by the Rama missionary for a number of years, a church, with half an acre of land, has been secured this year, which will prove in a few years, under the Divine blessing, the centre of a new circuit. So that Indian Missions are not altogether unproductive in this respect. This is only one of several outgrowths which have taken place. At different points around this Mission during the last 10 or 15 years, the Gospel has been introduced, and the cause established by the agent of your society located at Rama.

The number of Indians in society is about the same as last year. When at home they are regular in their attendance on the means of grace, which they appear to enjoy as seasons of refreshing from the presence of the Lord. The day-school is in a healthy state, notwithstanding the smallness of the number who attend. In agriculture and domestic economy it would be to us a source of comfort if we could report greater improvement.

H. REID.

ALNWICK.

At the close of another year on this old Mission—one of the oldest in the Dominion—your Missionary feels grateful to God for the measure of success vouchsafed. Our new Church, to which reference was made in my last report, was dedicated to God by the Rev. Dr. Wood, in October last, under very auspicious circumstances; and as an evidence of the very warm attachment this people have for the ordinances of religion, they generously contributed nearly \$900 towards its erection, although they number only about 200.

The Rev. J. Sunday, chief of the band, is especially grateful that his people have thus shown their regard for religion, in connection with the Church that sent missionaries to them upwards of forty-four years ago. The Indians, when at home, have been very regular in their attendance upon the public and social services. Class and prayer-meetings are highly prized by the membership, and we have here some very devoted people.

The Sabbath-school has been conducted regularly, yet it is very difficult to obtain spiritual success among the youth of the band. We would that they were as earnest in religious matters as their parents have been. There has, however, been a decided improvement in their morals. Drunkenness—that bane of the Indian—is a rare thing among us.

Attendance at the day-school has been irregular on the part of some of the children, in consequence of their absence from home; yet I think they show an aptitude to learn equal to white children. The average has been a little higher than that of last year.

Three of our aged Indian members have died in the Lord. One of them, Brother Thomas Fraser, is especially missed in our social means of grace. He had been a faithful class leader for very many years, and has now joined the sainted Case, Peter Jones, and others, in that land where there is no death.

HIAWATHA.

In presenting the annual report of this Mission, I regret that truth obliges me to confess considerable reason for discouragement. Much hardness of heart among the unconverted, and some awful departures from moral purity in the Church itself have, during the year,

filled our hearth, and enforced, and but faithful labors blessed to some which distinguish given place to religious convictions prevalent. They worked to some conversion, and wife to show greatly owned thankfully received.

filled our hearts with sorrow and heaviness. Discipline has been enforced, and unfaithful members expelled or dropped. Our humble but faithful labors have, however, especially of late, been owned and blessed to some extent. The reckless disregard of God and His truth which distinguished our young people of both sexes, has certainly given place to more thought and feeling, and in some cases to decided religious conviction. Death has been busy, and sickness remarkably prevalent. These agencies, in the hands of Divine wisdom, have worked to some extent for good. One clear and remarkable death-bed conversion, after a great struggle,—in which case the efforts of my dear wife to show the terror-stricken soul the way of salvation, were greatly owned of God,—has cheered us. Three other happy deaths we thankfully record. We have also five on trial.

Our case will stand as follows, viz. :—Died in the Lord, 4 ; removed, 2 ; expelled, 2 ; dropped, 5 ; total lost from these causes, 13 ; while we have in full membership 43, and 5 on trial, making a total of 48—decrease 5 ; yet we are fully satisfied that the Mission is in a far more healthy condition. The Sabbath and day-schools have been kept up, with very little intermission, through the year, and I am happy to say, latterly, with visible success.

We have worked hard in raising a new and beautiful Church on this Mission, which will soon be completed, free from debt. Towards this work our Indians have contributed \$750.

Sickness has been frequent in the Mission House, and one dear little daughter, aged three and a half years, whose heart had evidently been prepared for her heavenly home, has passed to the skies.

ST. CLAIR.

With feelings of gratitude to God I write to say that in the past Conference year the means of grace have been well attended. Very few families absented themselves for a little time from the Reserve. Meeting the classes personally has given me much comfort and encouragement. In this means of grace I have met some, though unlettered, yet for about 38 years have adorned the power of Divine grace. Also a few months ago, William Kachenoding, who used to get drunk and abuse his associates, the work of God has brought to his right state of mind, and he now rejoices in God his Saviour. He assists in leading a class. A backslider for many years, Charles Madwayah by name, joined with us a few weeks before he died. His wife, faithful to the end, followed two weeks after, saying that she was not afraid to die. An aged sick woman, about 104 years of age, requested to be baptized by your Missionary. After answering the questions she was baptized in the Christian's faith. She died a few days afterwards. She was the mother of old Mr. Rodd, a member of the English Church on this Reserve. One class leader, Wazah-

wahnequa, died in the enjoyment of peace. I visited and administered the Sacrament of the Lord's Supper to him. Asking him if he was happy, he said, "Yes! and that I might be so, I have labored while I was in health." He looked so happy that I said to him, "It may be that you will recover." He said, "Just as the Lord sees best," and he died the next morning.

The old Chief, Joshua Wawanosh, has also passed away. It will be remembered that he was one of the first converts of the Methodist Missionaries on this Mission, and that a few years since had joined the English Church. I consider him a Methodist at heart. His son William told me, "that when his father prayed it was according to his first way, and when he sang it was the Methodist hymns." Father Waldron and I visited the Chief in his sickness. The day before he died I and his family sang and prayed in his room. In consciousness he said that his trust was in Jesus.

The membership now, after deducting deaths, is 190, there being a small increase of 5. The day-school has been well kept, and attended by about 40 scholars. The band furnishes the school books and the greater part of the teacher's salary. The Sabbath-school has also been kept up, but is in want of catechisms and singing books.

Our Indians, with their own hands, have put up a neat frame Church, 30 by 50 feet, with a coat of paint and a tower for a bell, and the floor laid; what it needs is lath and plastering, pews and pulpit, paint and a bell. A tea-meeting was furnished by Wm. Wawanosh, which brought \$23 71, and this is all the money we have at present. Another Indian is to furnish a tea-meeting next Thursday, the proceeds to be applied to the new Church. May the Lord send help. With the work that our people can do I think \$200 would finish it.

Kettle Point, which is about 30 miles from St. Clair, where there is a log chapel, I have visited monthly. A small band at Sauble Reserve come about 4 or 5 miles to Kettle Point to hear the Word preached. Religious services are kept up every Sunday at both places by the teacher, D. Sawyer, and the local preachers. The day-school at Kettle Point is small, but might be large if the children at the Sauble could attend.

WALPOLE ISLAND.

In presenting the annual report of this Mission, your Missionary would offer thanksgiving and praise to Almighty God for sustaining grace and providential mercies in afflictions and calamities. Among the Indians on the island mortality is on the increase. A number of our members have passed away happy in the Lord. One of our leaders, who has been sick for several months, requested to have the Sacrament of the Lord's Supper administered to him. Brother Alexander Steward, by request, accompanied me. When we arrived a number of pious Indians were waiting for us. We spent an hour with the afflicted, that will not soon be forgotten by those present. The presence of God was powerfully felt in its forgiving and sanctifying influence. Truly it was good to be there.

The death of our Mission School teacher, Brother D. Moore, was sudden and unexpected. He loved his work, and died at his post, leaving a glorious testimony as he passed away—"I know the blood of Jesus Christ cleanseth from all sin." His death has caused a felt want, approaching a calamity. He has been much lamented by the Indians.

Missionary collections and subscriptions are far in advance of last year. The Chairman of the District attended our last Quarterly Meeting. The Indians were much pleased, and good effects follow.

WILLIAM CROSS.

SAUGEEN.

Though the spiritual state of this Mission is not as good as we could desire, yet there are many who attend to family worship and all other means of grace, and whose lives are consistent with their profession of religion. Some, who were not members, have died during the year. We had the privilege of pointing them to "the Lamb of God that taketh away the sins of the world," and then hearing their testimony of their trust in Christ and their hopes of heaven.

At our camp-meeting last August considerable good was done. Some who joined us at that time have fallen away, others are steadfast, giving evidence by their lives that they have been with Jesus. The Mission School is doing well under Mrs. Dowling, who is untiring in her efforts to do the children good. The average attendance is large. The school at French Bay (supported by the Indians) has been kept open all the year, but the average attendance is small. There is a Sabbath School at each of the appointments.

Two years ago a new Church was built in the village, at a cost of nearly \$2,000, including stoves, lamps, and organ. The Indians paid the whole amount. Last fall we succeeded in getting up a new Mission House, woodshed, and stable, at a cost of \$652. The Missionary Society generously granted the sum of \$125 towards the erection of the buildings. There is a debt of \$60 on part of the buildings, for which no provision is yet made. The school house at French Bay is to be lathed and plastered, and otherwise repaired this summer, which will make a decided improvement for preaching in and school purposes. We hope to be able to build a new school house in the village this season. With a new Church and Mission House and other contemplated improvements, and I trust a growing interest in religion on the part of the Indians, this is becoming a much more desirable field of labor. We hope the blessing of God will accompany the feeble efforts of your Missionary, and that much good may be done in the name of Jesus. Increase in membership, 14. CAPE CROCKER.

During the past year, by the blessing of God, we have had peace, and a good degree of prosperity. Our regular services (when the Indians are at home) are well attended, and deep interest is taken in all the means of grace. Our Quarterly Meetings have been seasons of great refreshing. The greatest drawback to religious prosperity on this Mission arises from the wandering habits of the Indians—nearly all of whom are away from home the greatest part of their time, exposed to many temptations and the pernicious influence of bad and unscrupulous white men. Our Missionary Meeting was one of the best and the most successful of any they have ever had; the interest was good, and the subscriptions nearly double that of any previous year.

During the year a number of children have died, and two adults, both of whom died happy in the Lord—taken from the Church below to the Church Triumphant. One of whom—James Snake—was for many years a useful and consistent member of our Church, and much respected by the whole band. His sickness was lingering and very painful. In my frequent visits I found him patient and full of strong confidence in God. It is one of the greatest consolations which the missionary has, that though they are exposed to so much evil in their wanderings, yet, with few exceptions, when they sicken and die, they die well. The Church of England Catechist and his family have united with us, and he is now one of our most useful members, and an acceptable local preacher. I have to report a small increase in the membership; we have 66 members, 19 on trial, 2 have died; 85 in all.

JOHN DOEL.

CHRISTIAN AND BEAUSOLIEL ISLANDS;

By the blessing of the Head of the Church upon our labors with this people during the past Conference year, we have not only held our own, but some advancement has been made. Our conviction is that the missionary money expended for the benefit of this people and the labors of the Missionary are not all in vain. Some of the fruits of this expenditure and labor may be seen in the experience and general religious character of many among this people, and in the happy deaths which from time to time take place. Though the Missionary and his family may be conscious of many privations while residing on such an isolated place as Christian Island, still to be instruments in the hands of the Lord in bringing souls to Christ and leading believers to perfect holiness in the fear of the Lord, is more than sufficient to outweigh considerations of minor importance. If it be said many of the Indians are unfaithful, our reply is not more so than among the Whites, in proportion to numbers and advantages. If it be thought by some that there are still certain vices found among the Indians, we would say the worst vices of the Indians have been learned from the Whites, and with all the faults, real or supposed to exist with the Indians that

We expect soon to be able to furnish the Sabbath School with a good library, as Mrs. Hurlburt has very recently secured, through a friend, \$15 25 for this purpose. We are thankful to God that we can return an increase of members, an advance in missionary money, and general prosperity.

PARRY SOUND, &c.

This Mission includes four small settlements of Indians, far apart, scattered over 100 miles of dangerous coast. They are too few to furnish a missionary and teacher for each, and so they have no school in either. Could they all be induced to settle near the Sound they might be supplied with school and pastoral oversight. This has been a mournful year for the Mission. While on my first visit to them I was called back to bury my own little boy. When our boat was furnished and we were about to start for the last visit, on the 8th of May, my interpreter's little boy, who had been sick for a good while, was taken suddenly worse, which prevented us from going. He died on the 10th, with visions of heaven in view, glad to depart.

Death from putrid throat has made its ravages among our people at French River. Strong drink, too, counts its slain. In consequence of our failure to reach them this spring I cannot give their numbers. They will be considerably less than the returns of last year. Our camp-meeting was well attended, and produced a good effect upon those present. If it could have been followed up by the services of an effective agency, fruit might have been gathered. Missionary meetings were held among them in the winter. Their subscriptions are less than last year, owing to sickness, failure in fishing, hunting, &c. May this people be visited with "showers of blessing" is the prayer of

and then has burst forth during the past year. The local Committee in Montreal have paid good attention to the rights and claims of that part of the community who have united with the Wesleyan Church at Oka, and notwithstanding there are grave subjects affecting personal rights and religious freedom still to be adjusted, hopes are not given up of effecting some change in the relationships of the two antagonistic parties, which may result beneficially to the Iriquois in greater temporal and spiritual prosperity. The Rev. J. Borland has had the more immediate direction of this part of the work, and from his report the Committee place upon record the following review of the Mission:—

“Our work among the Indians at the Lake of the Two Mountains has, during the year, been faithfully and successfully prosecuted. To say that this has been done in the presence of a well organized agency of the Papacy is to say all that is necessary to show that difficulties of no ordinary magnitude have met us at every step. But the Lord, who so signally owned our labors among these Indians from the very first, is still our help and our defence. Strenuous efforts have been made to bring these Indians back to the yoke of the Papacy, and I regret to say that by means not at all commendable, they have in some instances been successful. A few have retraced their steps to worse than Egyptian bondage, over whom, I doubt not, the priests have had their rejoicing; but I rejoice to add that the great bulk of the Indians, with their three chiefs at their head, remain firm to us; while the conversion of others, and as well as of several French Canadians, more than make up for those we have lost. The growth in grace and in the knowledge of our Lord and Saviour Jesus Christ by a very large portion of these Indians is a pleasing fact, especially as it is so satisfactorily attested by entire abstinence from intoxicating liquors (the Indians, as well as the white man's bane), by regular attendance upon the means of grace, and by the heartiness with which they engage in the prayer and fellowship meetings which are held each week among them. The little school-house in which the meetings are held has long been too small for them, many being obliged to retire, or to remain outside the building during the progress of the service conducted within. To this state of things we must for the present submit, as the priests of the Seminary—the masters of the occasion for the present—determine we shall not build a Church there so long as they have the power to prevent us. But this state of things will not, we vain would hope, be permitted to continue much longer, as surely the Government will yet feel that some measure of justice, from them at least, should be dealt out to these sons of the forest. We have been able to place at the Grammar School connected with our College at Cobourg, during several months of the year, a very promising young Indian from Caughnawaga. Methodistic subjects, as well as in those strictly mental, he will become an efficient teacher of the Gospel to his countrymen. Another young man of much promise for our work of the Indians of the Lake of the Two Mountains, is attending our school there. He is very diligent, and labors hard to become educated, and thus qualified for usefulness. Surely the Lord's favor is shown to us in raising up and putting into our hands for culture and use two such young men of promise.

"Our school at Oka (the name of the Indian village at the Lake of the Two Mountains) gives much satisfaction. Miss Parent, the teacher, in her monthly reports, speaks highly of the conduct and progress of the children generally. In one instance she writes:—'They'—the children—'are very intelligent and love to come to school, and seem to be grateful for what is done for them. They are very attentive at morning prayer, and are particularly fond of singing. It is one of the most encouraging schools I have taught, and I believe that much good may be done here.' Again she writes:—'Another month has passed away since I gave you some account of my school. This has been a very busy, as well as a very encouraging month to me. I feel thankful to God that He enables me to see the progress of these pupils in spiritual, as well as temporal things. They are much encouraged now they can understand a little English, and can sing English hymns; they appear to long for that part of our daily exercise.'

"Thus in each department of this Mission field are we given to see the hand of the Lord upon us for good, and are bound therefore to renewed acts of devotedness to the labors of this deeply interesting department of our work."

MR. PARENT, the Missionary, writes,—

I am thankful to be able to report that, notwithstanding the difficulties with which we have to contend, and the evil influences which are brought to bear upon the Indians by the Romish priests, there is a steady increase in piety in most of our members. There is a good attendance upon the means of grace, which are greatly enjoyed. A small increase is also reported in our members. The total number of members is 146. A great difficulty in the way of the work in the Mission is the want of a building large enough to contain the people who come. And the priest uses this as an argument to discourage the Indians, saying that the Methodists will not build a Church here. A Sabbath-school has been organized, with a tolerable attendance, the number being about 30. The day-school has been in successful operation, with but one short interruption on account of sickness, during ten months; and the attendance, though not so good as we could desire, yet has been very creditable.

HAMILTON AND PARIS.

At the close of another year I look back on my labors with mingled feelings of gratitude and sorrow. It has been a year of great anxiety for the prosperity of this Mission. But although the Lord has sustained my own soul under the manifold difficulties and trials connected with the work on this Mission, and the presence of the Lord was often felt in our meetings, yet we did not realize the success we so earnestly desired. My labors have not been altogether in vain—a few souls have been brought to feel their lost state and joined our Church. Financially the few members have done well, although the missionary contributions are smaller than last year, on account of having one appointment less than last year, and also because our German members in Hamilton subscribed largely towards paying for our Church lot in this city. One cause that this Mission suffered from was that the Missionary had to be absent so often on the Sabbath to attend other appointments. I preached in Paris every other Sabbath, and visited the Preston Missions once every quarter, to administer the Sacrament and encourage the brother on that Mission. We received 5 on trial during the year, but as we lost 8 members by altering boundaries, some by removal, and also some by withdrawal, leaving us 41 members and 4 on trial. May the Lord give us a thorough revival on this Mission is the prayer of your missionary.

S. KAPPELÉ.

PRESTON.

It has pleased the Lord to bless the work of His weak servant during the year, especially at the protracted meeting he held at Doon last winter. The friends came from near and far, and well attended the meetings; the Holy Spirit blessed the Word, and sinners were awakened, and with tears cried for mercy unto the Saviour who has the power on earth to forgive sins. Several souls found peace in the blood of the Lamb, while others were yet earnestly seeking. Also in Preston several joined our Church, and the Sabbath-school is in good condition. The meetings at my five appointments were well attended. The work of the Lord amongst us is getting along gradually, but surely. My prayer is that the Lord may strengthen His work amongst us with His Spirit, and that the gates of hell may never prevail against it. Members, 53.

RANKIN.

We find it no easy task to give a correct account of our stewardship. One feels so tempted to represent things as righteous over much—speaking indefinitely of all but the I.

During the past year we could frequently appropriate to ourselves the language—"The whole head is sick and the whole heart faint;" and again, "O that my head were waters." Bitter roots have sprung up, nor have they withered, like Jonah's gourd. Our unskilful hands seem not sufficient for these things. But there is a balm in Gilead. We take courage to report some progress. At one appointment, during special services, one soul found peace; others sought, but fainted. At another appointment, two—man and wife—joined us, desiring to flee from the wrath to come; their earnest perseverance has graduated them to full membership. At several other appointments there is a cheering progress in spiritual life and holding up of holy hands for God to revive His work. At our last appointment in Thorne, after reading the rules of our Church, five gave their names, four of whom we had for some time delayed, fearing that they knew not the full import of the step. We believe Thorne is worthy of our best efforts, and though fifty miles from the Mission-house we gladly give them monthly services. We would be unfaithful to our trust did we not love our brethren after the flesh. Nor count we our lives dear, but will willingly spend it to their service. Our finances are satisfactory, considering their temporal circumstances. Removals continue to lessen our ranks. We deem it right to record that several English families to whom we "preach the Word" in connection with a German appointment, have very liberally contributed to our finances. FRENCH MISSIONS.

DURING the year the Rev. J. Borland's influence in this department has been beneficial to the men and the work in which they are engaged. He reports upon this branch of our enterprise:—

"A review of the French and Indian Missions in the Province of Quebec during the past year furnishes many reasons for devout thanksgiving to the great Head of the Church, for, amid difficulties peculiar to those Missions, the pressure of which has oftentimes been painfully felt, the hearts of the Missionaries have been cheered by manifestations of Divine power and blessing that give promise of results beyond what they have yet witnessed. The French people, judging from events of not unfrequent occurrence, are becoming more interested in, and they inquire more readily after, Divine truth, than at any former time; hence, they will listen to expositions of the Gospel,

and even court discussion on points of difference between their Church and Protestantism in a way that evinces an independence of thought and action, as unusual as it is hopeful for the cause of the Saviour. An ever vigilant priesthood and their helpers would prevent this, and in some instances they do so to a certain extent, but in others their failure is very manifest, and speaks much for the decline of priestly power in at least certain portions of this priest-ridden Province.

"In a number of their appointments the missionaries have to conduct their services in both French and English—the people are so mixed, or live so contiguous the one to the other. The services are thus necessarily lengthened, but the usage is found to be very beneficial to both classes. Larger congregations are hereby secured, as into such the French, Canadian will more readily come than to a smaller one, and of his own people simply. During the winter I attended a series of missionary meetings with the brethren, when the congregations were uniformly of this mixed character. Addresses in each language were given, and large audiences were evidently much impressed and profited. Contributions to our Missions were liberally and cheerfully given, and that by some who had not formally connected themselves with us.

"While visitations of Divine influence have encouraged the Missionaries generally in their labors, our brethren in Roxton and Canaan (the latter a part of the Roxton Mission) were especially cheered. On their labors the result of such visitations was a revival of religion and the conversion to God of nearly fifty persons, several of whom were French and Irish Romanists. The work extended over several weeks, and the effects in various ways are still pleasingly visible, especially in large and attentive congregations, and in lively and spiritual class and prayer meetings. It was especially gratifying to me when attending a missionary meeting in the Church in Roxton shortly after, to see there an Irishman, with several of his sons— young men grown—now devout and attentive to each part of the service; whereas the last winter, at a similar service, inspired by rum and Romanism, he rudely interrupted me while addressing the people on the need of Missions among the Romanists of the country.

"Monthly meetings held with the brethren in their several fields of labor have very much strengthened their hands and encouraged their hearts in their work; while public meetings held upon such occasions have tended to awaken and stimulate in our people generally an interest in our French work.

"An educational institute, such as each society engaged in Mission work among the French has, we should have also. The importance of this kind of instrumentality is increasingly apparent year by year. The training of French youth in Biblical knowledge, enforced by daily examples of the power and grace of the Gospel of the Saviour, would have on them a most salutary influence, and as well through them on their relatives and friends, who in large circles extend around them."

Mr. CHARBONNEL reports of his work :—

“The field extends from Gras Pound, in Bolton, to Adamsville, in Farnham, over 26 miles, and is composed of the following localities :—Bolton, South Stukeley, Waterloo, Shefford Mountain, Shefford Plain, and Adamsville. There are three places in which I hold regular services, namely—Frost Village, Shefford Mountain, and Adamsville. I have given as much time as possible to visiting from house to house—sometimes the whole week, sometimes a great part of the week, as my health allowed it. I have tried to pull down Romanism, but I try to build Christ much more, and I censure the confidence that Roman Catholics put in their priest. I have always extolled Christ as the only One in whom man is to trust. I have avoided any expression that might be offensive against either Rome or the Romish priesthood, never failing to extol anything that is good or worthy of commendation, at the same time observing that all the good cometh from Him alone who is the spring or source of goodness and moral excellency, even the Lord Jesus Christ, who alone can save, and wishes to save, those that trust in Him.”

ROXTON.

It is with pleasure that I can report very favorably of my ministerial labor on this Mission during the present year. Last autumn I held protracted meetings for several weeks in succession, and many sinners found peace by faith in Christ. Membership, 70 ; on trial, 5 ; total, 75 ; increase, 35—without counting 8 removals from the circuit ; 34 are of English origin ; 25 baptisms, 2 burials, and 4 marriages ; and I have distributed 5 copies of the Holy Bible and 14 of the New Testament.*

ORANGEVILLE.

We have had some prosperity on this Mission. In the village of Orangeville we have a good cause, but have been much hindered during the past year, because of the smallness of the old Church.

*COMMITTEE ON THE FRENCH WORK.—The President of the Conference, the Co-Delegate, the Missionary Secretaries, the Ministers of the Montreal and St. John's Circuits, the Hon. James Ferrier, Messrs. William Lunn, J. A. Mathewson, John Torrance, T. M. Bryson, James Akins, James Ferrier, jun., William Clendinning, Andrew Hood, James McMillan, J. J. McLaren, Montreal ; and James McPherson, St. John's.

However, this want will be soon met, as the new Church, 65 by 40 feet, costing \$6,000 or \$7,000, will be opened for Divine service about New Year's, 1872. We have five appointments, from which we only received \$66 this year;—two others do better. The outposts of this Mission are as much missionary ground as any in Ontario. Members, 155; increase 9.

T. S. HOWARD.

KLINEBURG.

For many years past Klineburg has been a Circuit for one married minister, receiving a grant from the Contingent Fund. Last year the May District Meeting thought that its circumstances and interests called for an additional laborer. The Conference therefore sent a second preacher, with the understanding that a grant from the Mission Fund would be given for a few years. We are glad to be able to report that during the year our labors have been attended with marked and unusual prosperity. The quarterly returns from the classes have advanced \$120 over last year. The Church Relief Fund has advanced from \$3 30 to \$7; the Contingent Fund from \$8 85 to \$17 25; Victoria College Fund from \$6 to \$8 33; Missionary Fund from \$146 28 to \$259 78 (being over \$50 more than we receive from the Missionary Society); while, notwithstanding removals, &c., our membership has advanced from 100 to 180.

We have had many converted during the year, both in the ordinary means of grace and in special services. At Morrow's appointment, where we had only four members at the beginning of the year, we have had a blessed revival, resulting in a good class, composed of men and women remarkable for piety, zeal, and liberality. At Nobleton we had a very remarkable and extensive revival. In the space of four weeks we had about 60 converted, of all ages—many of them heads of families and promising young men. We have now 85 members at this appointment, where we had only 25 at the commencement of the year. In Klineburg we have secured a new and superior organ for the Church, and an excellent choir leads a very large and ever-increasing congregation in singing. We have here two prayer-meetings a week; the class-meeting is well attended. The members have considerably increased at this appointment during the year, and we are expecting, and have already indications of an extensive revival in the village. Our people are greatly encouraged by the success of the past year. We have no doubt that with hard work and God's blessing, we will have prosperity in the future, and in a few years will be self-sustaining.

NIAGARA.

The membership on this Mission, though small, is strongly attached to Methodist doctrines and usage. The town and circuit generally has shared the depression of trade and population, which has, of late years, affected this entire frontier, especially since the abrogation of international reciprocity.

There are, nevertheless, some signs of encouragement. The renting of the commodious and tasteful Canada Presbyterian Church, effected by my esteemed predecessor, has proved of great advantage; as have also the visits of the Missionary Secretaries and other brethren from Toronto and elsewhere. By this means, service has been maintained twice every Sunday throughout the year, with manifest benefit. Notwithstanding a somewhat increased expenditure, in consequence of the above-mentioned arrangements, the finances generally exhibit an advance on those of the previous year, and, after filling several vacancies, we report a slight increase of membership. Members, 79.

W. H. WITHROW.

DUNNVILLE.

Dunnville, that has always been a Mission, has no immediate prospect of becoming a Circuit. Its geographical relation to neighbourhoods around will prevent alteration of boundaries, and such are its circumstances, that the prospect of increasing its members within present limits is not bright.

This year has been one of peace, comfort, and some degree of prosperity with us. Fifteen members have been added by trial, and 2 from other Circuits; which, provided against 8 removals, 4 deaths, and 3 dropped, leave an increase of 2. Present membership, on trial 2; total, 72. In the town the congregation has more than doubled; but in the country attendance there is no perceptible increase.

The parsonage has been much improved by furnishing within, and painting and fencing without, and its debt reduced \$150 00.

The people are not demonstrative, yet have a strong sympathy with their minister, and cheerfully tax themselves to meet his necessities.

We will gladly enter upon another year's labor with a people whose unvarying kindness has made us feel it a privilege to travel Dunnville Mission.

POINT ABINO.

This old Domestic Mission remains about in the same state as last year. We have here a small number of old and faithful members, and surrounded as they are by an uncongenial population, and cut off from other portions of our work, there is but little for expansion without a mighty outpouring of the Holy Spirit, and greater diligence and zeal on the part of our people. Members, 67. THOMAS HURLBURT.

CAYUGA.

God in His infinite mercy continues to own our labors on this interesting Mission. Our congregations have doubled; the connexional funds are increased; church edifices renovated; your Missionary's income augmented seventy-five per cent.; four Sabbath-schools have been organized; seven new class leaders appointed; and, during the last two years, one hundred and fifty-four have been received into our Church, who are now regularly meeting in class; and should your Missionary Board continue the small grant given last year for a short time longer, we will raise the balance required for sending an additional laborer into this field, white unto the harvest. To God alone, who has accomplished this mighty work, be all the glory. Members removed to other Circuits, 16; died, 6; dropped, 16; on trial, 50; members, 150; total, 200. WILLIAM SAVAGE.

During this year God has been with us. Fourteen have been received on trial and three by letter; 19 have been separated, in various ways, from the Church, so that we return a decrease of two members. We regret this decrease. Severe and protracted personal affliction has prevented us from putting forth those efforts for the salvation of souls which good health would have enabled us to do. We are happy to say that the Sabbath-schools are in a prosperous condition, the congregations are good, and we humbly trust that richer tokens of God's presence and grace may be given to the entire mission. The number of members on the Mission is 182.

The collections for connexional funds are all in advance of last year, and the congregations are good. This Mission has suffered by removals and deaths, so that only a small increase in membership can be shown, and part of the Missionary Grant having been withdrawn, too much of a burden has rested this year on the people of this Mission. They pay nearly \$7 per member for the support of the ministry, besides paying over \$1 per member towards the Missionary Fund, and liberally supporting the other funds of the Church. Surely our Missionary Committee will not withdraw the needed aid from such a willing and generous people. Members, 43.

Our year's labor has "not been in vain in the Lord." God has graciously heard the earnest prayers of His people and sent down "showers of blessing." At the Waterford appointment especially our hearts have been made very glad in this respect. To the Master be all praise. The whole field is in a prosperous condition, and bids fair to become in a few years one of our most desirable Circuits. We were greatly cheered and encouraged by the presence of Dr. Taylor amongst us during the winter. The Waterford people will long remember his animated and edifying address, and will hail with joy any future visit he may be able to make us. Full members, 120; on trial, 12; total, 132.

We have had some conversions, and also some who have come from other Circuits; and having lost two by death, and a few by "dropping," we are able to report a net increase of fifteen. Many of our members appear to be growing in grace, and our Church has, we believe, grown in the estimation of many who have not united with us. Members, 105.

There are three Churches on this Mission, with two other preaching places, a parsonage, and some furniture. Our congregations are good, our people are kind and agreeable, and contribute liberally of their means to the support of the Gospel. Some improvement has been made on the Melbourne Church, and a shed has been built. We have received during the year 15 members, but can report no increase, for we have lost 15 ; 13 removed, 1 died, and one was dropped. Members, 100.

Closing my third year of service on this Mission, we are naturally led to review : this we do with gratitude and humility, ascribing all the glory to Him, that worketh in us both to will and do. We have secured to the connexion a very eligible parsonage, with garden, stable, &c., centrally situated in our work, with only a debt of \$90 remaining, most of which is secured by subscription. The debt on our beautiful Church in Dresden, has been much reduced, the building completed and dedicated. All our connexional collections have annually increased. Sabbath-schools organized and efficiently sustained, and a steady and pleasing advance in the number of our membership each year. The friends have endeavored with the aid of the Missionary Fund, to sustain satisfactorily the minister laboring amongst them. As a crowning glory each year, God has blessed our labors in the calling out of darkness into the fellowship of His Son precious souls, and add them to His Church. The noble set of men in our official Board are anticipating an early independence of Missionary aid. Members, 136.

MOORETOWN.

Our congregations have increased largely during the year, and we have enjoyed rich manifestations of the Divine presence. New settlers are rapidly moving into the eastern parts of the two Townships, the most of which comprise this Mission. This has rendered it necessary for us to take up more work than we can properly attend to; hence the Quarterly Board of this Mission urge the necessity of dividing and re-arranging this part of our work. Although we have lost during the year, 26 members by deaths, removals, and by the administration of discipline, we are yet able to report an increase of 25. Present membership, 182.

The general aspect of the work of God on this Mission, is, on the whole, encouraging. Wesleyan Methodism, in this section of country, has always had much to contend against; but, through the Divine blessing, it was never more prosperous than it is at present. During the past year we have had more than the average number of removals, and several have gone out from us; yet, we are thankful to report for two years a clear increase of thirty. Our claims have been met in full, and all our funds, with one exception, are in advance of last year. Part of our work on this field is very laborious. We travel 20 miles down the Sauble, where we have two week evening appointments, at one of which quite a number of French attend our ministry. This portion of our work involves not a little self-denial; part of the road is very bad, and in winter, the journey is often attended with positive hardship. Members, 135. EDWARD CRAGG.

TEESWATER.

Your Missionary felt some anxiety in coming to this field last Conference, from its having been supplied by an inexperienced young man the previous year, but was pleased to find that he had done his work nobly. The field is purely Missionary, and too scattered for proper working in its present shape, having eight or nine miles square in the centre occupied by unapproachable German Roman Catholics. There were eight appointments, one of which was given to another Circuit, and one given up. We have still eight preaching places, having taken up two new ones, one of which is an important Sabbath appointment, at which we received 11 members. At only two of the eight appointments have we Churches,—one frame, but unfinished, the other log. Our people talk of building at a third appointment, and have received the munificent gift of a building lot, from a Presbyterian minister, but have not done much towards it, the past year having been one of failure of the crops in this part of the country, and the people being very poor. Though we report a decrease, yet we have received during the year 32 new members, most of whom were from the world. Our decrease arises from being obliged to put the disciplinary rule in practice, for many had habitually neglected meeting in class for a long time, so that, unwillingly, we had to drop their names. Our congregations are good and increasing, especially in Teeswater and Belmore, in which places your Missionary would be glad to preach every Sabbath, for in the latter village the people are without any preaching every alternate Sabbath, it being the head of the Mission. The spirituality of the membership is very satisfactory, and the Lord has been with us, and a few souls have been gathered from the enemy's ranks. Our people, though not blessed with much of earth's riches, are effectually laying up treasure in heaven. Some are passing away, but peacefully and triumphantly. We are looking for a greater outpouring of the Spirit: may it speedily descend. Members, 118; on trial, 7.

AINLEYVILLE.

At the close of the third year of evangelistic toil, we find abundant cause for gratitude and hope, though we cannot but acknowledge a feeling of disappointment that more good has not been accomplished. The good seed has been sown in both ordinary and extraordinary means, and fruit has been garnered in the Master's name. We have now ten fortnightly and one weekly appointment, besides one week-night service; at which at least one hundred and sixty families are accommodated with the means of grace. We have twelve classes, and report two hundred and eleven members. One of these classes was this year received from Seaforth. There are seven Sabbath-schools, one or two of which are Union schools. We return thanks for what God has wrought; for the seasons of grace and sweet delight enjoyed with God's people on the Ainleyville Mission. And as Brother Schram and myself

take our leave at the bidding of the Conference, we enjoy a lively hope of re-union with them above, and devoutly pray that, in the providence of God, they may be aided in their journey by a succession of laborious and devoted ministers. Members, 211. C. BRISTOL.

TROWBRIDGE.

We have had many tokens of the Divine favor during the past year, and, amidst usual discouragements, many encouragements. We were blessed with a gracious revival at the commencement of the year, which enables us, notwithstanding an unusual number of removals, to report a small increase. Our hearts are thankful as we review the past, and see that the hand of the Lord has been upon us for good. We have erected a very comfortable and respectable Church at the Molesworth appointment, with a prospect of liquidating the debt in a few years. Notwithstanding we think that our past experience with the people of this charge has been on the whole encouraging, yet we are looking expectantly for still more gratifying success in the future. Already the showers begin to descend. Members, 131.

WINGHAM.

God has this year given us "peace and prosperity within our borders." In the ordinary and extraordinary means of grace, sinners have been converted, so that, although we have had to mourn over a large number of defections and removals, we report an increase of 15. Notwithstanding the present has been a year of more than ordinary financial depression, we are, financially, greatly in advance of any past year. Members, 286 ; on trial, 14 ; total, 300.

LUCKNOW.

This Mission is looking up. The Church, generally, is in a healthy and progressive state. A long-felt want has been supplied, in the shape of a commodious Church and a comfortable parsonage in the village. The willing few feel the financial pressure of this undertaking, but are much encouraged by the growing interest and enlarged congregations. With proper care and generous aid for a time, Methodism may anticipate a future in Lucknow. Members, 86 ; on trial, 6.

ERIN.

Although there are on this Mission many discouragements, the work has during the past year been steadily progressing. All the means of grace are well attended, and we have not been without evidence of the Master's presence. Several have been converted, and others have attained a higher Christian experience. The Connexional Funds have been well sustained, and the people have contributed liberally to the support of your Missionary ; but as the membership is small, and their means limited, the amount thus contributed is not large. The people are well pleased with the change effected in the boundaries of this Mission at the last Conference, and desire, if the Missionary grant can be continued, to remain as they are.

The burning of the Church in Erin village last July clouded our prospects for a time ; but by a noble effort of our people and aid received from abroad, early in January, standing on the old site, another, built of brick, was finished and dedicated. The new Church is much superior to the old, both in material and appearance. The debt remaining on the Church is small, only \$150 being yet unprovided for. A debt of \$320 on the old Church has also been removed during the year. The Lord has visited His new Temple. As the result of special services held therein this spring the Church has been greatly benefited, the membership enlarged, and the bonds of Christian union have been strengthened. Owing to a number of removals we report only a small increase. Members, 46 ; on trial, 11.

GARAFRAXA AND LUTHER.

These two townships formed a part of the Erin Mission till last Conference, when they were formed into one, with three preaching places in each township. During the year we have opened another in Garafraxa, which bids fair for success, and if we had an additional laborer in the field we could break up fresh ground. A fine opening presents itself in Luther, especially in the Colbeck settlement, in the

north-east part of the township. There would be full work for another minister, without going into the adjoining Township of Amaranth. It would, of course, for a time require a larger grant from the Mission Fund, but it would be money well spent. I would plead hard for "another man," both in the interests of Methodism and for the sake of the people. With two ministers appointed there is bright hope for this Mission. The congregations at all the seven places are good, the best attention is given, the people are kind, the neighborhood is healthy, and there is plenty of exercise for the preacher. We arranged for Missionary Meetings to be held in two fresh places, so that the money raised for Mission purposes is about \$17 in advance of last year. A number of removals and some members dropped, leave us with 121 members.

W. BRADLEY.

ROCKWOOD.

We are thankful to be able to record that during the year now closing we have succeeded in placing our Rockwood Church out of debt. Thus, fifteen years after its dedication, men have ceased to hold a claim against this house of God. At Crewson's Corners, in the Township of Eramosa, a small rough-cast Church has been built, on which only \$50 of debt remains. The prospect of establishing a good society at this appointment has been blighted by the burning of a tannery last fall, which gave employment to some of our best members; and as it is not to be rebuilt, some have had to seek employment elsewhere. A loss of 27 members at this one appointment is a serious item; yet, with a neat little Church, a membership of 15, and a Sunday-school nursery with 47 children, recently organized, from which we hope fruit may be gathered by other gleaners, there is still room for hope. In membership we have received by certificate 2, and on trial 24, but report notwithstanding a decrease of 30, occasioned chiefly by removals. Several families, among them some of our best paying members, have gone to other parts of Ontario, and some to the United States. Others are talking of removing next spring. Hence unless some change be effected in our boundaries this must continue Mission ground for some years. This Mission is now thirteen years old, and yet last year was the first in its history in which your Missionary's claim with the grant was met in full. All Connexional Funds were also largely in advance of any former year, and our people, who are for the most part poor, but liberal according to their means, were beginning to feel highly encouraged, when lo! as a result of presenting a good financial sheet, the Missionary Committee cut \$100 off our appropriation. This gave very great dissatisfaction, and our officials said, "Well! if we have to pay that \$100 more to our Circuit Funds, we cannot sustain the Mission Fund," and now, as the result of this, and the removal of members, our Missionary contributions are about \$35 less than last year. The other Connexional Funds have been well sustained. Members 128.

GALT.

This field, lately admitted into the list of Home Missions, as a matter of necessity, has for many years been a source of deep anxiety both to the pastor and the few devoted members and friendly adherents of our Church. This anxiety has chiefly arisen from the fact that the ground is so thoroughly occupied by a section of the Church more adapted to the national character and antecedents of the people of the town and vicinity—a fact which precludes the hope of any marked increase in the membership of the Church. The want of a larger Church is seriously felt, and could it be obtained, there is no doubt that the congregations would be much larger. The want of pews has every now and then no doubt deterred families from making their home amongst us, and every assistance should be afforded the people so as to leave them as free as possible to provide increased Church accommodation. Giving, as they do, for ministerial support, an average sum per member considerably in advance of any field on the entire District, they should be encouraged. Your Missionary respectfully suggests the continuation of the appointment of a married minister, and a liberal grant for a few years to aid in his support.

H. CHRISTOPHERSON.

BERLIN.

Though certain hinderances, of which we have formerly complained, arising from the geographical features of the Mission, and the language and religious prejudices of the great mass of the community, have done much to retard the work, yet we have not been altogether without success. Several persons, some of them of great promise, have, we trust, been savingly converted to God and united to the Church. Though at two or three appointments the spirituality is not at all what we could desire, yet the most of our classes indicate a good degree of spiritual life, and our love-feasts are seasons of refreshing from the presence of the Lord. Two of our Churches which were encumbered with debt have been, during the year, entirely relieved. We are also thankful to record the fact that not one of our members has, during the year, been removed by death, and that though several have removed, and some have been dropped, we are still permitted to record a small increase. Members, 217; on trial, 5; total, 222.

LISTOWELL.

The year has been marked by many discouraging circumstances; yet, withal, by some that are otherwise. Your Missionary has been confined to the house by sickness for three months, and from its effects rendered incapable of attending to the full work for many additional weeks. Brother Thompson has also been afflicted during one month with the same disease—typhoid fever. During these seasons of affliction the Rev. Nelson Brown rendered efficient aid in the supply of the various pulpits. Our new Church, erected as the result of the

industry and perseverance of my predecessor, has been opened, and the Church in Listowell has been painted. Debt, however, still encumbers the Churches at three leading appointments. There have been 19 members received from all sources, and 47 lost by all causes. Present membership, 180; decrease, 23. Funds mostly in advance.

H. W. P. ALLEN.

TEVIOTDALE.

The state of the roads and the distance between some of the appointments are a serious hindrance to the successful working of this Mission. Over 50 persons have united with us during the year; but after deducting for removals and those dropped, we return a net increase of only 7. Members, 75; on trial, 40; total, 115.

MILLBANK.

Much time has been spent this year in week-night services, which, as well as the ordinary meetings, have been well attended. But the removal of so many of our members from the Mission leaves us with a small numerical decrease. Our people are giving way before the tide of German immigration, which threatens to overflow this whole section of country. Our congregations, schools and finances are in advance of last year. We have erected and opened a comfortable Church in Wright's neighborhood, and hope for a brighter future. Members, 112; on trial, 3.

ARTHUR.

When, at the commencement of the year which is now nearly numbered with those that preceded it, I arrived in Arthur, I felt very much dejected indeed, upon learning that we had no Church edifice whatever in the village or its vicinity—not as much as a log building bearing the name of a Church. The spiritual atmosphere seemed so dark that I could not summon up courage enough to try and lift up the curtain or veil that shut out futurity from my view, and through the dark vista that intervened fancy I could see far off in the distance, after the lapse of years, a Church erected on some beautiful site in this village. But lo! contrary to my most sanguine expectations and those of our best friends here, I was permitted in the Providence of God to see, on the first day of the first month of the new year, a nice, new frame Church, erected on a site at once the most eligible and the most commanding in the entire village. I am satisfied that whatever I have done in this matter be entirely ignored, and the whole credit of the work be given to my worthy predecessor, Rev. A. D. Miller, who, amidst a multiplicity of difficulties and discouragements staring him in the face, not having at that time a solitary male member in the village, single-handed and alone—but not alone, for God was

One of the appointments (Shaw's) was taken at last Conference from Arthur, and added to Teviotdale, from which appointment my predecessor received \$25 for his own support, and \$15 to the Missionary Fund, together with proportionate contributions to the other Connexional Funds. Keeping, therefore, this fact in view, it will be at once seen that all the Funds this year on this Mission are respectively in advance of the sums raised for similar objects last year. I commenced here with 34 members. Of these 2 have moved away, and 2 have withdrawn, which would leave 30; but in lieu of the 4 we have thus lost, we have got 10; this leaves our present membership—on trial, 6; full members, 34; total, 40.

MOUNT FOREST.

The work on this Mission during the year has been going steadily forward, so that we are enabled to report some increase, after dropping a goodly number for delinquencies. A review of the labor on this field for the past three years gives occasion for thanksgiving. We have lived and labored in peace and with success. Instead of 4, we have now 8 appointments, all giving hope of enlargement. This extension has occasioned great increase of labor, for the same labor has been bestowed on the old appointments, and at each of these additional places we hold class-meetings. The membership has been increased from 102 to 164, and the various means of grace are much better attended at all but one of our preaching places. Among the additions are a large proportion of young people, and yet the income of the Mission has increased nearly \$200. If this work is to be maintained and carried forward an additional preacher must be sent next year. The people have hoped for this, and been disappointed for two years. The future gives promise of prosperity if this is done. Our village congregation has doubled in these three years, and will, with the certain increase of population here, continue to enlarge. It needs the regular Circuit preaching twice each Sabbath. Members, 155; on trial, 9.

WALTER'S FALLS.

We have had peace and prosperity, and the Lord has added to the Church such as should be saved. The debt on the parsonage has been liquidated, and preparations are being made to build a Church, 30 by 40 feet, in the vicinity of Woodford, this summer. After allowing for removals, deaths, &c., we report 134 members, and 10 on trial, Total, 144.

THORNBURY.

About 70 souls have professed converting grace, through "the power of God," attending our weak endeavors. We regret to be able to report only a small increase. Some "went out from us," others have removed, a number have been dropped, and two died. Our finances are encouraging, our people active, and God is with us. One Church has been built, placed out of debt, and sanctified by a Divine baptism of converting grace. A fine property has been purchased for a parsonage, at a cost of \$1,500; \$100 of which has been raised during the year; \$400 more is to be raised and paid over in November next, and something over \$300 in February following. During the 4 years of paying for the parsonage, the Stewards will need suitable help from the Missionary Committee, which we earnestly ask for them. They offer to go off the fund as soon as the parsonage is paid for. Churches are much needed on this Mission. Subscription lists are circulating in aid of a proposed Church at one of our appointments, but we almost feel like restraining the people, under the weighty responsibilities now upon them. On trial, 3; members, 247; Total, 250; increase, 4.

Through another varied year the Lord has kindly brought us. The village has undergone much financial vicissitude during the year, and is, at present, financially much depressed. PORT ELGIN.

This Mission was formed last May District Meeting of a part of the Invermay Circuit, giving to it three appointments, viz.:—Alexandria, Southampton, and Port Elgin, with a membership of 64. At each of the above-mentioned places there is service every Sabbath. We have also a week-day appointment at Bruce, about eight miles from Port Elgin; here we have organized a small class. The formation of this Mission we believe was wise and timely. Financially, there is a great improvement. For Missionary purposes we raised this year \$87 51; last year on the same ground, \$40 69. There is also an improvement in the attendance. In Southampton, the congregation is three times as large as when we first came; in Port Elgin, the hall in which we worship has repeatedly been too strait, and some were obliged to leave. At all the appointments there has been an increase. We organized a Sabbath-school in Port Elgin, which has been in operation since last fall. Library 119 volumes, at a cost of \$40. We own two lots, each one-fifth of an acre, both deeded to Conference—either available as a Church site. There is over \$1,000 subscribed towards a brick Church, which we expect to have ready to worship in by next winter. Deducting for those who have withdrawn, dropped, and removed, we return an increase of 19. The officials of the Mission are wise and good men. The present aspect of this field is encouraging. Members, 76; on trial, 7; total, 82.

PAISLEY.

Your Missionary feels grateful to the Giver of all good for the Divine influence that has attended the preaching of the Word in the past year; so that he is still able to report advancement. Souls have been converted, believers encouraged, comforted, and built up in their most holy faith. After deducting for removals, &c., we have a net increase of 20. Paisley is a rising place, that, with care and the Divine blessing, in a very few years will be one of the most desirable appointments in this part of our work. We have here a kind and noble people. Members, 129; on trial, 11.

At the principal appointment there was a large new Church opened in February, 1870; but it was destroyed by fire in the June following. A larger Church on the old lot is almost finished. This has been the cause of large financial demands upon the people, which, with a small grant (\$50) from the Missionary Fund, leaves a large deficiency. At this appointment there was an extensive revival just before the District Meeting of 1870. Some continue steadfast, but, as the case frequently is, many have fallen away. Your Missionary, from sleeping in a damp bed last December, has been unable fully to perform his Sabbath duties; hence, very little special effort has been put forth. After deducting 13 for removals, 2 withdrawn, 23 dropped, we return 132 members.

JOHN H. ROBINSON.

CHATSWORTH.

The Chatsworth appointment, hitherto comparatively weak, has been considerably strengthened. The congregation has increased, and 17 have been added to the class. The Sabbath-school is also increasing in numbers and interest. The friends at Shiloh have paid off a debt of \$50 on their Church, and erected a shed, which, when completed, will be a great benefit; as most of the congregation live a considerable distance from the Church. We have 5 classes on the Mission, and all have had some additions during the year. I am sorry to state that we have but one Sabbath-school. The reasons assigned are, that in some places there are none to take hold of the matter, and in others, there are schools carried on by other denominations. We report 7 on trial, and 83 in full membership; making a total of 90.

JOSIAS GREEN.

KEPPEL.

This Mission has been described as a "hard one;" and, though there is a perceptible improvement, it is likely to maintain that character for some time. Several things, somewhat peculiar, contribute to this. The country is new, very few of the people are here over ten years, and most of them very little more than half that time. The character of the country is such, that it does not admit of general settlement; the neighbourhoods are not large nor populous; and separated by considerable spaces; the roads between these are of the roughest description; and often unbroken in winter. The people are divided about equally in their religious adherences among the three prevailing Protestant denominations. These, and some others, have Missionaries laboring for the good of these scattered sheep in the wilderness. This, for the present, is against the acquisition of numbers, and the formation of strong societies; at the same time, we believe that our cause has a growing influence over the general community, and is gaining a stronger hold on the hopes and hearts of our own people. In some places, efficient work is being carried on amongst the young by means of the Sunday-school. Though we report a small

AMABEL.

It is with unfeigned gratitude to the Giver of all good that we present this Report. The Mission is but new, and some parts thinly settled; yet the people are extremely kind, and gladly receive the Word of life. There is a steady attendance on all the means of grace, thus showing an appreciation of Methodism. While we long for and desire our people to take higher ground in the Divine life, we are thankful that a few bear testimony to the power of Christ's blood to cleanse from every stain, and many more can say—"Being justified by faith, we have peace with God through our Lord Jesus Christ." Two Wesleyan Methodist Sabbath-schools, though small, are likely to do a good work. The children are anxious to learn the way to the Kingdom. Two others, Union schools, on which our people are engaged, are working very harmoniously. Financially we are in a prosperous condition; the Missionary subscriptions are nearly double those of last year. By sending two men, and giving them a liberal grant from the Missionary Fund, we might extend our work to the new settlements in the regions beyond, and thus accomplish much good, that would redound to God's glory and the good of Methodism. COLLINGWOOD.

Through a kind Providence we have been led to the close of another year. Our congregations have gradually increased, and the Trustee Board resolved to erect galleries on three sides of the Church. These are so nearly completed that we expect in a few weeks to occupy the Church in its improved form. The membership has nearly doubled, and the spirit of piety has greatly increased. The Sabbath-school with us, is a means of great good. Our infant-class numbers above 100, and we have a Bible-class of 40. The finances of the Mission are improving, and reasonable expectations are entertained, that this will, in a few years, be one of our most interesting self-sustaining stations. Members, 94; on trial, 10.

ORILLIA.

In this rising village, unsurpassed in beauty of surrounding scenery by any in Ontario, Methodism has long contended with the day of small and feeble things—the population consisting principally of adherents of the Church of England and the Presbyterian Church; but, we are thankful to state, that the labor of our predecessors in days gone by is now bearing fruit. Through the generous efforts of a noble-hearted people, an excellent parsonage, excelled by few, was erected some years ago; this was supplemented last year by an elegant brick Church, with tower and spire—an object of ornament and beauty. During the past year, our protracted meeting in Orillia was blessed with success; and, as a result, an exceedingly interesting class of young persons added to the Church. Notwithstanding the burden of a heavy debt on the Church, a comfortable shed was completed and paid for. At Barrs' appointment, our special services were Divinely owned; Methodism has taken a new start; a class-meeting and Sunday-school formed; the week-day prayer-meeting resuscitated; a shed is in process of erection; the Church is to be improved, and a small but long standing debt cancelled. All our Connexional Funds are in advance, and we thank God to see the cause of Christ and Methodism making advance in these parts. Members, 126.

The Stayner Mission embraces parts of 5 Townships, some of the worst roads in Canada, and many devoted and hearty Methodists. We feel satisfied, that could the Mission be divided, and an ordained minister be placed on each part, that such an arrangement would conduce to much greater prosperity than can be reasonably expected while it retains its present form. Owing, to personal and family affliction, and other circumstances, your Missionaries have not been able to bestow as much labor on some parts of this field as they have desired; yet we have been blessed with many indications of God's presence and favor. We thank God for the conversion of souls, and other signs of spiritual prosperity. The friends at Avening village have determined to erect a Church, to cost about \$700. A building site has been secured. The contracts have been let, and nearly \$400 already subscribed. May God continue to bless and prosper this people! Members, 240.

This Mission having been left last year without a minister, was not properly attended to; so that when I came on at the beginning of this year I found that many whose names were returned had left the Mission, and many more had ceased to attend class. One of the classes had not been met for some months, and but few attended some of the others; so that we had to strike off about 40 names the first quarter. During the year the Lord has blessed us. We have had peace, and some degree of prosperity. Our congregations have been good. A few have given their hearts to God, and united with His people. Members, 108.

The field here is very extensive, reaching from Washago in the south, to the head of Fairy Lake in the north, a distance of 55 miles; and from Draper in the east to Port Carling in the west, being from 35 to 45 miles wide. It takes us 6 weeks to go around the Mission, having established preaching at the most important places; myself and colleagues preaching 3 times on Sundays, and occasionally on week days; as we preach at Bracebridge every Sunday evening, and the Local Preachers in the morning. Immigration has increased so rapidly during the year, that it is impossible to supply the demand for preaching. To give only a very scanty supply there must be two additional laborers sent in next year. The population has more than doubled in the last two years, and there is likely to be a much larger increase from immigration this year than in any former year. The log Church mentioned by Brother Phillips last year as being erected, is not yet completed. Through Divine mercy, we have been enabled to build 2 neat frame Churches, both the same size, 22 by 36 feet, Gothic style. One is in Bracebridge; it was opened in December last, by the Chairman of the District, who did us good service; owing to the lateness of the season we were not able to paint it. The whole, furnishing it and all, cost \$600. With the subscription before opening, and proceeds of the opening services and tea meeting the next evening, and a subscription at the tea meeting, the entire cost was met, and it is now free from debt. The congregation has more than doubled since we built. The other is in Morrison; cost of building and painting outside \$502 33. It was opened by the Rev. Dr. Wood, the Rev. F. Berry, and the Rev. J. L. Sanders, and again the whole debt is provided for, without applying for help from the Church Relief Fund. There was a debt of \$300, and interest at ten per cent, on the parsonage, extending over three years; the \$100 and interest due this year is provided for, without making application abroad. The Mission is on the whole in a healthy and prosperous state; although we have not had as large an increase as we desired, yet God has given to myself and colleague a degree of success, for which we bless His name. We received on trial 39; 22 from other Circuits—total, 61; 11 removed, 1 died, 2 withdrawn, and 32 dropped—total lost, 46. We have on trial, 15; in full membership, 136—total, 151; increase, 15. There is nothing particularly interesting to communicate respecting this Mission. A little progress has been made during the year in some departments of the work, and altogether, the Mission presents a cheering aspect. BRUCE MINES.

The fluctuating character of mining interests gives our work here a somewhat uncertain character. A time of depression in the mine rapidly thins the population, while brighter prospects cause a sudden influx. Though we have been affected by these changes during the past year, we thank God that our congregations have been uniformly good, and that our financial condition is prosperous. 15 persons have been converted and added to the Church, and several others, who were till lately apparently regardless of religion, have begun to attend God's house. With few exceptions our members have been steady and consistent, but some of these exceptions have been such as to make God's children bitterly mourn. Our work is at present confined to the mines; but as there is a prospect of some free grant townships being opened in our neighbourhood, and as St. Joseph's Island, 8 miles distant, is about to be settled, we hope our borders will be soon enlarged. SAULT STE. MARIE.

The past year has been one of toil and anxiety, but our reward is God's blessing upon our labor. Our people here have long felt the need of a suitable place in which to worship; this barrier to success is now removed, as there has been erected during the year a good and comfortable Church. Size, 27 by 41 feet. This Mission's faithful friend, P. S. Church, Esq., gave us a suitable lot on which to build. Sheriff Carney has been active in his efforts to raise means, and the hearty encouragement given us by our esteemed Chairman is worthy of record. Other connexional property has been acquired, to the value of \$460. Our congregations have been increasing, our work extending, and appointments multiplying. We report an increase in membership of 20; the Missionary contributions more than treble last year. We have a class formed, a prayer-meeting well attended, and a Sabbath-school organized. From the extension of our work, the surrounding opposition, and the increasing desire on the part of many for our means of grace, we deem it essentially necessary for the honor of Methodism, the maintaining of our position, and any great success in winning souls for Christ, that an additional minister be appointed here the ensuing year. The most of the Indians on these old Missions, though left without a minister for years, have persistently refused to join any other Church, and resolved to hold to the one that first gave them the Word of life. The prospects for the revival of these Missions are all we could desire, and more than we could expect. The buildings at Garden River are very much out of repair for the want of proper oversight. parsonage, and opened 2 Churches during the year. Neither of the Churches are finished; one is considerably in debt. The parsonage is in debt about \$400. The net increase in our membership is but 24. We want a deeper spirituality: may the Holy Spirit come down! The division of our work, with an additional laborer at Rosseau, is a necessity to meet the wants of an increasing population. The people are poor, the work is hard; but we are looking for better days. There is a falling off in the amount raised for the Mission Fund this year. But it is from the avails of the Camp Meeting collection. Last year was the inception of our Indian Mission. The movement was popular; the appeal well aimed; Messrs. Dodge, Haigh, and others gave liberally. We lack the outside support this year; but our income from ordinary sources has increased. With liberal support in men and means, this wilderness will yet "bud and blossom as the rose." Members, 82; on trial, 2. S. TUCKER.

Through the mercy of God, the year has been marked by blessings, both temporal and spiritual. We opened a very neat and well-finished Church in the winter, and presented it to the Lord, free from debt. We have 2 others in progress, to be finished this summer, which, when completed, will give us a good Church. At each appointment we have had the happiness of seeing precious souls converted to God, for which we feel thankful. We report 10 on trial, 103 in full membership; total, 113; increase, 21. The work of Christ was never more encouraging here than it is at present. We have had this year 50 conversions to God, and 4 at least, have attained to the blessing of "perfect love." Others are growing after it. Your Missionary has succeeded in organizing 3 new Methodist Sabbath-schools, which are doing well. We are up in nearly all the Connexional Funds. There is, however, a deficiency in Mission expenses. This is owing, in part, to the straining effort which was made at the close of last year to return the Mission clear, and partly from the comparative failure in crops; but mainly, in cutting down the Missionary grant. We now return 100 members—8 received from other circuits, 10 have removed, and 3 dropped; making an increase of 15 on last year. To God be all the glory. A. C. WILSON.

MANVERS.

When we came to this Mission two years ago, it was in a healthy condition, as left by Brother McCann, who preceded me—reported then 134 members. After making up heavy losses from removals and deaths, &c., we report this year 194—a net increase on the two years of 60. Many of these are poor, and give little; some nothing, to the support of your Missionary. Your Missionary has been engaged in building a parsonage, which was very much needed, as there was no convenient place to live in, but what was termed by Brother J. C. Wilson, "The place of departed spirits"—an old tavern, and log at that. The spirits, by the way, needed not to be very *spiritual* either, to find ingress or egress very readily, as we often found to our sorrow, when the whistling winds and pelting snow came into our dwelling without asking our leave. The material of the new building is wood, with brick outside. Size, 32 by 25 feet. There is a stable and driving house, 32 by 24 feet. We have occupied the premises, though not quite completed. Spiritually, the Mission is doing well, as the above facts indicate; though we see enough to grieve and humble us at times.

CAMPBELLFORD.

We report a small increase in the membership of the Church, and trust there are encouraging indications of greater progress in the future. Campbellford, especially, is coming up to a noble, progressive standard; and could we but bring up the other parts of the Mission to a corresponding position, we might very soon relinquish any claim we may have to the consideration of the Missionary Committee. However, for the present, and in consideration of the truly Missionary work necessary on some of the poorer parts of the Mission, it would only imperil our cause, and seriously cripple the work, to deprive it still further of Missionary aid. Our friends at Campbellford are contemplating very generous efforts to complete their Church, by the erection of a tower, &c.; and we trust the day is not far distant, when "our holy and beautiful house" will be in every sense a credit to Methodism, and an honor to the cause of God. HASTINGS.

Our congregations at every appointment good; in some, a marked improvement. During the greater part of the year we conducted 2 large Bible-classes, which were well attended. We trust that the instructions imparted will prove a blessing to many of them. Our Sabbath-schools are efficient, and well attended; we have organized one new one. All our Connexional Funds are slightly in advance of last year, and our Missionary Fund 40 per cent. We have paid through the year about \$224 on our parsonage debt, as also money towards its improvement. The people have fully met all the claims of your Missionary; so that, this year, we are enabled to report our salary as paid in full. This liberal and kind-hearted people have paid to the cause of God in proportion to their means—yes, beyond their means. We have lost, through the year, by removals and deaths, 18 members; so that we have to report a decrease of 2. Members, 80.

WARSAW.

The Rev. G. H. Davis, the Chairman of the District, thus writes :—

"This Mission, during the year, has been in a prosperous condition. In the winter, the Missionary, Brother Sloan, since deceased, commenced a series of special services at an appointment called Grant's Church, which were very successful ; and resulted not only in the quickening of the members of the Church, but also in the conversion of considerable numbers. Indeed, the labors and night travelling in connection with these services, it is to be feared, brought our departed Brother and his wife to premature graves. Great good was achieved, and great was the grief of the people at the loss of their pastor and his beloved companion, who have gone to their reward in heaven ; but it is a question whether if some of our excellent brethren, by being a little more merciful and considerate to their bodies, would consent and endeavor to remain in the Church, to bless her with their militant labors somewhat longer, it would not be as wise and well-pleasing to 'God? In alluding, therefore, to the prosperous condition of this Mission, we cannot do so without feeling great grief at the loss the Church has sustained in the early and lamented decease of so excellent and devoted a Missionary and his wife. Members, 88 ; on trial, 3."

BOBCAYGEON.

The Word preached has at almost all the appointments been well attended. Most of the classes have met regularly, and several weekly prayer-meetings have been kept up all the year with interest. A Sabbath-school we commenced soon after last Conference in the village, under our own control, has so far succeeded most admirably. There is considerable increase in all the various funds of the Church, excepting the Circuit Fund. In a word, there has been advancement in almost every department of the work of the Lord, and there are indications that it will still advance more and yet more rapidly ; and that this large and somewhat unwieldy Mission will soon become a Circuit, or else a Station, and perhaps two Circuits. Members, 200.

MINDEN.

The ordinary services have been, in general, "seasons of grace and sweet delight;" and the *spiritual worshippers* have expressed themselves as having renewed their strength, while waiting upon the Lord. Though we cannot report and rejoice in a large addition to our membership, yet it is cause of gratitude that a few have resolved to be upon the Lord's side, and have cast in their lot with us—may they be kept faithful to the end, and so obtain a crown of life. It is earnestly requested, that a second preacher be appointed to the Mission for the ensuing year—there is abundance of work for two. After deducting a few removals, and 1 death, we report an increase of 14 members. Present membership, 87.

FENELON FALLS.

In closing my third year's labor on this Mission, I cannot but express my gratitude to Him "who giveth the increase," for the prosperity with which He has most graciously favored us during the year. Through the influence of various means and agencies, about 100 persons have been converted to God, and have united with us in Church fellowship. At the last quarterly visitation of classes, it was our aim to return none as members of our Church but those who meet in class, and continue to manifest a "desire to flee from the wrath to come, and be saved from their sins." After filling up vacancies, occasioned by "removals, dropped," &c., we are able to report an increase of 70. Three Wesleyan Sabbath-schools have been organized, and \$50 have been expended for Sunday-school requisites. Something has also been done by lecturing and preaching to discourage the use of intoxicating liquors, which is still the greatest curse of the age. One new appointment has been taken up during the year, affording religious advantages to a neighborhood who had formerly been deprived of them. On the whole, this Mission is a pleasant and desirable field of toil. Wesleyan Methodism is destined, if properly cared for, to maintain her present position as foremost of the Churches of the Lord Jesus in this section of country. Members, 138; on trial, 8.

HAVELOCK.

We found the flock led by Methodism without any shepherd, and without any hopes of obtaining one, to break unto them the bread of life. We commenced a special service in our beautiful little Church at Blartin, and for five weeks we "labored on at God's command," at the conclusion of which, we received 30 into the pale of the Christian Church. We have felt the presence of God at all our appointments. To His glory be it said, we have had seals to our ministry, and precious souls for our hire. Large and attentive congregations have always been found at all our appointments, 9 in number, and the members on this Mission are to-day as they have been in the past, a host, when led by the faithful minister of Christ. Members, 105; on trial, 10; increase, 20.

HALL'S BRIDGE.

The people on this Mission during the past year have been greatly afflicted with the ague. It has been so general, that very few families have escaped it; but notwithstanding, I am enabled to report that the congregations have been as good as could be expected, and deep attention has been given to the preaching of the Word of life. In the village of Hall's Bridge an appointment has been taken up, and the attendance and attention have been encouraging. On the Mission we have 4 Sabbath appointments in summer, and 5 in winter; besides the Indian Mission (Mud Lake) and 2 Sabbath-schools. Received 11, withdrawn 2, dropped, 2; but after all deductions, there are, white members, 42. Indians, 55.

CHANDOS.

The labors of the past year have not been unsuccessful. The unoccupied land being rapidly taken up by a good class of settlers, we fearlessly (although it may seem like an old story) predict a brighter future for this Mission. There are now 4 regular appointments, some occasional ones, all well attended; 3 classes manifesting considerable spiritual life, and 3 Sabbath-schools, for which we hope much. We thank God that His presence has not been withheld, and that some have been converted through the instrumentality of the preached Word. Having to strike off a large number from our class books, we must report a decrease of 4. Number of members at present, 42.

It is with feelings of devout gratitude to Almighty God we attempt to report the state of this Mission. In addition to the regular appointments, we have held special services, which have been greatly blessed and owned of God in the conversion of sinners and reclaiming of backsliders. We received on trial for membership, 56; after deducting 14 removals, 12 dropped, and 1 withdrawn, we return 136 members, and 12 on trial; increase, 29. We have established 2 new Sabbath-schools, numbering 30 scholars each. They are in a prosperous condition.

FLINTON AND ADDINGTON ROAD.

In winding up the affairs of my second year on this Mission, I see much to humble me before God; yet much for which to be thankful. We have had difficulties to contend with, and we have tried in the spirit and power of our Divine Master to be true and firm to the Church bought with blood Divine; we have had to bring all our troubles to the mercy seat, and deal with them with an eye single to the glory of God; and although by times almost discouraged, yet God has been with us in convincing and converting power during the year. Special services were held in different parts of the Mission, souls were converted, and the membership quickened. After making up for the losses from all sources, we have a net gain of 17 members—giving us a membership of 68.

PHILIP T. ROBLIN.

MADOC.

This Mission has made some progress during the year. After making up for one death, ten removals and twenty dropped, we have been able to return an increase of ten members. In the village, the members and friends have succeeded in raising a subscription for the purchase of a bell, which cost \$175. It is now used not only for Church purposes, but as the village bell. They have also expended \$350 on the Church, in painting, erecting a spire on the tower, and other improvements, and paid \$100. At Hazzard's Corners there is a contract let for some improvements on the Church, to the amount of \$500. Members, 170.

BANNOCKBURN.

Though the people in general have to contend with the privations of the backwoods settler, yet they have succeeded in paying off the debt on the parsonage at Millbridge, which is a great acquisition to the Mission. One Church in Cashel is being pushed on to a state of completion, notwithstanding the prediction of many to the contrary. Thus the Mission is in a state of *material* prosperity. The means of grace are highly appreciated; weekly prayer-meetings are kept up, and about twenty have been converted; fifteen of whom have joined our Church. Six have removed. Our present membership is 63; increase, 9.

W. NORTON.

DENBIGH AND MATTAWACHIN.

Denbigh and Mattawachin Mission is large, extending into seven townships, having eleven appointments; the congregations are small, owing to the distances between the several settlements and places of preaching. The inhabitants are mixed in point of faith. In addition to our Church members, there are adherents to the M. E. Church, Lutheran, English Church, Presbyterian, Roman Catholic, and a few Infidels. Privation is the lot of each; particularly on account of the roughness of the country and the bad state of the roads; nevertheless, some have manifested the warmth of true Christianity in acts of kindness to your Missionary, and have shown their appreciation of the Gospel by their liberal subscriptions: considering their circumstances, they have done nobly. During the year past the Lord has honored us with His presence; many times His Spirit's power has been manifested in the ordinary means of grace, and souls have been converted. Twenty-two have united with us in Church fellowship. Eighteen of the former members have removed to other parts, some of these class leaders and local preachers. We now return a membership of 62; 10 of whom are on trial.

WILLIAM COOK.

MAYNOOTH AND CARLOW.

Brother Hames and myself have felt the past year to be one of pleasant Missionary toil on this important field of labor. On account of there being two Missionaries, we have been enabled to carry out the work more efficiently than could be done by one, because of the great extent of country to be travelled over; we have also taken up six new appointments. An earnest desire to hear "the Word," and deep spiritual concern, are manifest throughout the Mission. There are eleven Sabbath and two week-night appointments. The Lord was graciously present with us at a meeting held at Maynooth in the fall, when six persons professed conversion—five still remain members of the Church, and witness a good profession. Brother Ruttan rendered us noble service, as also did Brother Hames, being the principal instruments in the work. There have also been additions at other appointments, and by immigration; so that our present membership

amounts to 44 in full connexion, and 40 on trial. We are greatly in need of preaching-places, there being no Churches, and at present only three school-houses on the Mission, which are occupied by the Presbyterians as well as ourselves. There are three Union Sabbath-schools (Methodist and Presbyterian) on the Mission, and three Wesleyan.

O. GERMAN.

BRUDENELL AND BARK LAKE.

The sacred influence of the Holy Spirit has left many testimonials of its soul-elevating and sin-destroying power. Many are the discouragements and triumphs of the messengers of mercy in this place, yet, in view of the past, we have to "thank God and take courage. Financially, the Mission is still advancing, having raised the last year \$416 for our cause. With regard to the future, some may ask—Is it a desirable place for immigration? In some respects it is; in more respects it is not. The character of the land is such as to call for arduous labor to comfortably support its cultivators. Yet, considering the high price grain commands, the future looks more favorable. One of the great inconveniences experienced in this place is, the almost impassable state of the roads during the summer seasons, which I believe the government is taking steps to remedy, by wisely expending large grants on these roads. The Church membership is small—15 last year—and after losing 2 by removal, and 1 by death, we only return 20 members.

By the tender mercy of God we are brought through another year, which, to this Mission, has been a time of sore trial and loss, both in numbers and finance, but, I think, no less true piety. Some are evidently growing in grace. The locality is very discouraging, in regard to land for cultivation or business; timber poor, and, of course, diminishing; therefore, our cause cannot be kept up here without great help and sacrifice. Two souls have been brought to God during this year, and more appear to be on the way. We hope yet to praise Him, who is the "help of our countenance, and our God." Members, 60.

GANANOQUE.

We are glad to report spiritual and financial prosperity on this field of labor. The congregation in Gananoque itself has been largely increased, while during the year a dozen persons have professed conversion to God. The Sabbath-school is in a very efficient condition, and is doing much for our cause in this place. The prayer-meetings have been well attended, and have been seasons of refreshing from the presence of the Lord. To meet the future wants of this town, a new and commodious church is about to be erected. We shall need a little longer the fostering care of the Missionary Committee; but, as soon as possible, our spirited friends will relieve them of the burden. Knowing the past, we thank God and take courage. Members, 86.

WESLEY CASSON.

PITTSBURG

Includes the Township of Pittsburg and part of Leeds,—affording full work for two preachers. Some of the appointments have been supplied with the preaching of the Gospel for a goodly number of years by Wesleyan ministers, but the larger proportion of the work is new. The past year has been one of uninterrupted peace and some degree of prosperity. The attendance upon public worship has been marked by increasing numbers of devout and constant hearers: the class-meetings in most of the appointments have been well attended. One church, "beautiful for situation," in good taste in external proportions and internal arrangement, has been dedicated to the worship of Almighty God,—the cost of which is about \$1,000, and but little debt incurred. Provision has been made for the erection of a stone church at South Lake appointment, and a debt of some years standing on the Wesleyan Church has been liquidated.

In reply to inquiries emanating from the Missionary Board, it may be stated that the average of "quarterage," per member, is three dollars and a-half per annum, and the Missionary contributions, per member, amount to one dollar and a quarter. A few years more of the fostering care of the Missionary Society will place this Mission among the desirable Circuits of the Connexion. Members, 160; on trial, 7.

WM. BRIDEN.

CENTREVILLE.

We have received into society 13; 2 have died; 4 have been dropped; and 15 have removed;—leaving 8 less than we commenced the year with. Our Connexion Funds are all in advance of last year; but the friends here think that the "grant" last year was unjustifiably small. There are 55 members on the Mission who average \$3 per member, and 90 who make up the other \$98. We have succeeded in paying most of the debt due for renovating Centreville Church. An organ costing \$140, and paid for, has been placed in the church, for which we are greatly indebted to the spirited efforts of a few young friends, and our worthy M.P. for his liberal subscription.

S. FEAR.

The friends at Enterprize have resolved to add a tower and spire to their Church, and also to repaint it inside and out, and to supply it with a new shed and new fence, for which they have a good subscription.

E. S. KOYL.

HARROWSMITH AND FRONTENAC.

I am thankful to the great Head of the Church, that although the three years of my connection with this Mission have been years of excessive labor, with but little visible fruit in the conversion of sinners and sanctification of believers, they have been years of peace and harmony.

On this Mission there are thirteen appointments, requiring twenty-one sermons in four weeks, which I have been endeavoring to supply. To meet the wants of this Mission an additional laborer is required. Aid from the Mission Fund, with the outpouring of the Holy Spirit, would make this a much more desirable field of labor. Members, 117; on trial, 3.

W. W. MILLER.

TAMWORTH.

We have now come to the close of the second year upon this field of labor. Without casting any reflections upon former laborers upon this Mission, it becomes our duty to state that for the past eight or nine years the country work of this Mission, at almost every appointment, has been in a state of constant and rapid decline. This has been owing to a very large egress of the Protestant and ingress of the Roman Catholic population; also, to the presence of other agents in the field, who have divided our influence and support. Yet we are thankful to be able to report an increase in nearly all our Connexional Funds. Our social and religious status, especially in the village, has greatly improved. We have organized one new Sabbath-school during the year, which is doing well.

This Mission, judging from the present aspect of the work, will be a pensioner on the Missionary Fund for many years to come. And it will not do to curtail the grant, as it has been during the last three years, or else both Missionary and people will suffer, but especially the former. On trial, 1; Total, 158.

W. W. LEECH.

KENNEBEC.

The state of the work here exhibits no very remarkable feature. All our finances are in advance of any previous year, except the Missionary collections. This exception is not the fault of the people, but owing to a disappointment occasioned by the deputation, which prevented us from holding our meeting at a proper season. The Sabbath-schools, one of which was organized this year, are accomplishing a good work. Membership, 4 received; 4 removed; 4 dropped. Present membership, 36. May God bless a willing people!

This Mission in its present form embraces the whole of one Township and part of another, and has on it five Sabbath appointments and three week-day appointments, at two of which service is held once on each Sabbath, and in the other three, once in each alternate Sabbath.

The congregations are large and attentive; and in some of the appointments composed principally of young persons. There has been granted to us during the year, at one of the appointments, a gracious reviving influence, resulting in the quickening of believers and the conversion of sinners; but in consequence of removals, deaths, and dropped, we report a decrease of 22. But the contributions to Circuit Income and Connexional Funds are in advance of last year; and in the Missionary Income there is an increase of over 40 per cent.; and if the Circuit is left undisturbed, without further curtailment of its bounds, it will have no difficulty in assuming henceforth an independent position. Members, 153; on trial, 19.

All the interests of our Church have been sustained during the past year. There has been a slow but steady improvement, and there are indications of increasing good. A new Parsonage has been erected, and will be ready for occupancy in the course of a few weeks. It is situated on a beautiful corner lot adjoining the Church, is built of brick, and two storeys high, and will be a credit to the Connexion. We are hopeful of the future. Members, 40; on trial, 5.

AVONMORE.

Taking all things into consideration, we report this Mission in a healthy state. Though greatly disappointed this year, with regard to the division of this large field, yet our people have sustained the cause here nobly, and we have had many refreshing scenes that caused our hearts to rejoice. Financially, our people have done nobly: we return a clean sheet. On trial, 6; removed, 3; died, 3; dropped, 10; total removed, 16; which compels us to report a decrease of 10 members. We are expending \$1,000 on the Moulinette Church. We have peace in all our borders. Members, 124; on trial, 6.

The services have been regularly conducted during the past year, and one new appointment was taken up. We have to contend against a constant removal of members which, although they go to help the work of God in other places, keeps our numbers from increasing, notwithstanding several conversions and additions.

We have organized one new Sabbath-school on a Connexional basis, where last year a Union school existed; and our schools are better attended than the year previous.

Our brethren have retained, with a few exceptions, their wonted liberality; and yet, owing to a heavy fire at the head of the Mission, which has temporarily paralyzed the village, our finances are on the whole below last year. Members, 85; on trial, 4; Total, 89.

We have to report from some parts of this field a measure of success. In other parts there does not appear much fruit, beyond a respectful hearing of the Gospel message. We have been comforted by the steady faithfulness of the people of God, by their cordial attachment to Methodism and its Institutions, and by their kindness to ourselves. During the year the opposition of enemies and the unpleasant rivalry of friends, complained of in former years, have given us no trouble. Financially, with a few exceptions, our people have done well. There is a small debt still remaining upon one of the Churches—Bethel; the other Churches are entirely free. After filling up vacancies we report a decrease of 3. To very many of these dear people, going on to the better kingdom, we are united in bonds that our removal cannot sever. Members, 75.

The attendance at preaching is increasing. A very large proportion of the community around, who are in the habit of attending Divine service, although not members of the Methodist Church, have strong leanings towards it, and just now many of them express their belief in her doctrines.

On the west end of the Mission, in the Township of Palmerston, where the membership of our Church are mostly all Scotch, there is much encouragement for pastoral labour. Men, women, and children

Taking the Mission together as a whole, the prospects are considerably better than they were a year ago. Number of members, 80.

The ordinary services have been regularly kept up on this Mission during the past year. Though we have suffered from deaths, removals, &c., we are enabled to report a small increase. We have nothing special to report from this Mission. We have had a few accessions to our membership; our Sabbath-school in the village is in a prosperous condition; and our prayer and class-meetings well attended. We regret, however, that owing to the increased expense of living in this lumbering district, together with the circumscribed nature of the field, that the Mission is making but slow progress towards independence. The bridging of the Ottawa will enlarge our boundaries, and very materially add to the interests of the Mission. Members, 75; on trial, 2.

Being able to report progress during the past year, leads your Missionary to thank God, and take courage. There has been an advancement in all the Connexional Funds; and besides this, the parsonage has been neatly furnished, and over \$1,100 promised to aid in the erection of a Church at Renfrew. Sixteen have united with us in society, five have been dropped, and three have removed; which leaves an increase of eight. Thirty-three have been baptized. The piety of our people on this Mission is not so high in its tone as is desired, still, the last Quarterly Meeting was an extraordinary time of refreshing. The extensive lumber business carried on in this part of the country is a hinderance to spiritual progress. The congregations are somewhat irregular, in consequence of Methodism being weak. CALABOGIE.

We were well received by all classes, and much encouraged by the readiness of the people to listen to the "truth as it is in Jesus" in their homes, as well as from the sacred desk. The presence of the good Lord has been graciously manifested during the past year, in the increased spirituality of the followers of Christ, and the awakening of many who have been in carnal security to a sense of their danger and need of salvation. There are precious souls to save on the Calabogie Mission, and though financially the prospects are poor, the roads rough and forbidding, and the work difficult, yet, to the faithful Missionary, a promising field of usefulness is opened up in the anxiety expressed by the people for the preaching of the gospel, and their readiness to listen to its great truths. The people express a willingness to do their best towards the support of the Missionary in their midst; and, while we recommend that the Mission be sustained, we feel confident that there are Missions whose future prospects are less promising than that of Calabogie. The Mission is large, being some forty miles in extent. There are seven appointments, all well attended. We have two classes which meet regularly, and whose future is promising. The connexional collections are not so large as they might have been, had not the greater part of the grant from the Mission Fund being withdrawn, leaving the support of the Missionary almost entirely to the resources of the people. Members, 17; on trial, 3.

several preaching appointments have somewhat increased. Our greatest difficulty is in securing the attendance of the members upon the ordinary social means. Our best endeavors during the past year have not been altogether in vain, as we believe the success of Methodism, to a very great extent, depends upon our success in this respect. We will not remit our efforts till this most necessary and desirable object is secured. Membership, 55. WILLIAM SANDERSON.

One year ago, we found this Mission in a prosperous condition, and is still increasing in importance. Our people are engaged this year in parsonage building, with much enthusiasm. We have five Sabbath-schools, sustained by faithful and efficient superintendents. Our congregations are good, especially the one at the Eardley Church, which has increased four-fold during the year. Financially, we are in advance of any previous year. God has been pleased to bless us with His gracious presence in bringing some souls out of darkness; so that, after filling up 19 vacancies, we report an increase of 2. Members, 86; on trial 2. J. H. On this Mission we have succeeded in erecting a Church this year, which has been dedicated to the worship of God, and is almost clear of debt. We have dropped several members, but others who are sincerely trying to follow the Saviour have filled up their places; so that we can report an increase of five on trial. There are persons at most of the appointments who are under conviction of sin, and enquiring what must they do to be saved. One new appointment has been taken up, which promises fair for the future, but is very inconvenient. There is material here for a good Mission. Several persons profess to have received a change of heart. The contributions are considerably in advance. Members, 70; on trial, 5. WILLIAM KNOX.

March Mission embraces part of the townships of March, Tarbolton and Huntly, has two Churches, and two other preaching places.

We have got one of our Churches seated and painted during the year. There have been some difficulties on the Mission owing to the fire, which swept over a great part of the country, consuming one of our preaching places. Since which, we have been preaching in a private dwelling. There is a membership of 65, and a decrease of 7 during the year—by removals.

LONG ISLAND LOCKS.

Here we have one week-night and five Sabbath appointments, somewhat incompact, extending from Manotic village to Eastman's Springs; and the members and adherents of our Church are few, with the exception of the Locks' appointment, where we have a large class and congregation, both of which have increased during the past year. Here also we have a prosperous Wesleyan Sabbath-school (the only one on the Mission) and during the winter months I conducted a Bible-class of interesting young people, who have not forgotten, in a pleasing manner, to give expression to their gratitude. Members, 97; on trial, 3.

OSGOODE.

The Circuit is in a better state spiritually, and in financial matters there is steady improvement. As we have no new ground to take up, and our congregations, though good, greatly made up with members of other Churches who have their own ministers to support, and as our people are not wealthy, it will be some time before Osgoode can become self-supporting. Our Church in Duncanville has been neatly plastered, and was dedicated to the worship of Almighty God on the last Sabbath of January, by Brothers Peake and Connolly. The sermons were both excellent and suitable for the occasion. Our congregations, since we occupied the Church, are excellent; and a flourishing Sabbath-school has been organized. The parsonage property at Metcalfe has been greatly improved in appearance by the building of an excellent picket fence around the whole lot.

We have dropped 17; present membership 109, which gives a small increase of 5.

JOSEPH H. CHANT.

BEARBROOK.

There has been a very marked attention paid to the public ministry of the Word during the whole of the year; the more social, but equally important means of grace have not been so faithfully observed, principally from the lack of efficient and faithful leaders. From a similar cause the Sabbath-school work has likewise suffered; the children are numerous and willing to attend, but the teachers are few. We hope, however, to do better during the present season.

The great want of this Mission is the more central location of the minister's residence, and a new Church at the head of the Mission—

GRENVILLE.

Just twelve months since the parsonage in the village was burned down, consequently we had no house, &c., for a minister or his family. This exposed us to serious difficulty. We have now a well finished house, stables, &c., and an improved church. When the property is fenced in we believe it will be worth \$2,000. The mileage of this Mission is too much for one laborer. The people on the back part are asking for a helper for next year. The work on some parts has been of an encouraging nature; our congregations have been good, not sitting room enough at times. We have now four classes. Our spiritual state is not what we could wish it to be, yet the power of God has been among us, and some have been converted; others are now in an awakened state and seeking the Lord—two aged disciples dead—seven new members to be added to last year's numbers, making 71.

JAMES NEWBATT.

THURSO.

This is one of our oldest Missions on the Ottawa River. The majority of the population in this section of country is Roman Catholic, Irish and French. The Protestants are divided into several denominations, leaving the numbers small for each. And the population is not increasing, as there is not anything to induce settlers to come here. We have maintained our ground, and that is all we can say. Members, 36. Average attendance about 150. The finances of the Mission have been sustained.

NORTH WAKEFIELD AND TEMPLETON.

The year has been eventful. The ever-to-be-remembered night of the 17th of August, with its fearful desolating fire, rendered homeless many families; even my colleague had a narrow escape with his life. The intense heat of the summer sun, together with the raging fires, caused widespread destruction to crops and property.

A spirit of emigration has removed several of our members. The fluctuating lumber interests have told upon our financial affairs. Yet, notwithstanding these and other causes of depression, we have found "at evening time it has been light;" judgment has been mingled with mercy; the year has been "crowned with goodness."

We report 10 removed, and 2 withdrawn. Members, 155; on trial, 2.

AYLWIN.

This field, under God, has been steadily advancing in spiritual and temporal interests during the past year. Over twelve weeks have been spent in protracted meetings, resulting in the accession of 38 probationers. Two new appointments have been taken up in remote sections of the country. The Mission is 55 miles in length, and 30 miles in breadth. We travel the whole extent in three weeks, being from home on an average four days a week. This incessant toil is irksome, but not without fruit. We are building a new Church at one of our most northern stations (Dunnings), which, when completed, will be the largest and best of the three frame Churches on this Mission. This Church will unite two appointments, and increase the congregation.

Our members and friends nobly sustain the schemes of the Church. The last Quarterly Lovefeast was the most interesting and profitable we have held with this people. God was in the midst. Reviewing the past two years, we thank God and take courage. Our net increase is 5. Members, 166; on trial, 14.

This little Church has suffered during the year from the removal of five families, including seven members of the Society. The Protestant element in the "Canton" seems rather discouraged and unsettled. The disciples of the "Man of Sin" assume a triumphant attitude; yet, to the careful observer, the terrible chastisement of France, the loss of the Pope's temporal power, and the blasphemous proclamation of his infallibility, are all exerting a perceptible influence on the minds of the Roman Catholic people, especially on the minds of the more enlightened among them. by no less than ten removals and two deaths. These, however, we are thankful to say, have during the year been more than made up by four from another Circuit and by nine added from the congregation. The congregations have, throughout the year, been uniformly good, and have shown frequent signs of gracious and moving visitations of the Holy Spirit. The collections to the Connexional Funds are, in the aggregate, somewhat in advance of former years; so that, all things together, we may well "thank God and take courage," hoping that more fruitful times of refreshing will yet come from the presence of the Lord. FRANKLIN CENTRE.

Christ's cause on this Mission is still progressing. Another new Church has been opened, prospectively free from debt; and two sheds have been erected. One new Sabbath-school has been organized; and a deepening interest in this blessed toil evinced. Most of the societies are spiritually healthy; and, with two or three exceptions, the classes are well attended. Thirty-six persons joined the Church on trial, and five from other Circuits. After making up for removals, &c., we report a membership of 208, being an increase of 8.

Your Missionary cannot close the last report from Franklin Centre Mission, without thanking the Missionary Committee for the kind fostering care granted by it for so many years to our people, who, I am sure, will do all in their power to honorably sustain their independent position.

GEORGE ROGERS.

ORMSTOWN.

Our special religious services, held in the latter part of the winter, were means of grace precious to the Church. Believers became quickened, and dead souls aroused to life. Eleven persons, some of whom are heads of families, professed conversion, and united with the Church. Our weekly prayer meetings since, have been seasons of sweet delight and spiritual refreshing. Our Connexional Funds are all in advance of those of last year, whilst, in addition thereto, our little Society has raised for domestic and building purposes the praiseworthy sum of \$1,200. Two members have removed, two have died, one has withdrawn, and three have been dropped, so that our net increase is but three.

We have likewise a flourishing Sabbath-school in this village, which is mainly attributable to its devoted and efficient Superintendent, Col. McEachern, who has sustained the school for twenty years. Members, 59; on trial, 11; Total, 70.

EDWARD HARRIS.

LACHUTE.

The average attendance at all our appointments has been encouraging; and though we have engaged in no special services during the

year, yet the constant influences of the Divine Spirit have made the regular means successful in leading a few souls to Christ. At Lachute, the membership is nearly double what it was two years ago. The Sabbath-school at Lachute is in a very satisfactory state. All our Connexional Funds, with one exception, are in advance of former years. But though the Congregations at the surrounding appointments are good, still we have to regret that class meeting is not attended so well as could be desired. At St. Andrew's there has been a small increase of members, and could they have preaching as frequently as the necessities of the place demand, we believe Methodism would again flourish in that village. Members, 97 ; on trial, 3 ; Total, 100.

J. V. WILSON.

NORTH GORE.

Our new commodious Church in the village of Lakefield has been nearly completed, and will cost about \$1,000. Of this amount about \$1,000 have been secured. For material and ministerial assistance we are much indebted to our kind friends in Montreal. There are on this Mission four appointments, which have been regularly supplied during the year. We have a good Sabbath-school in the village of Lakefield. Our finances, on the whole, are in advance of last year, notwithstanding the claims for building purposes. Though the Mission will not likely become an independent Circuit before the Millenium, owing to the poverty of the country, and the removing disposition of our young people, still, for the good of Methodism here, we would recommend, in harmony with the earnest desire of the Quarterly Board, that an ordained minister be stationed among them for at least two or three more years. Members, 106.

JOHN RUSSELL.

NEW GLASGOW.

This is not an encouraging field of labor so far as present prospects of increase go, from the smallness of the Protestant settlement, which is divided between two other churches—the Presbyterian and Episcopalian. But, notwithstanding, there is much need of keeping our position here, both on account of our people and their families, as well as for the sake of others ; for there is still a larger number of unsaved than of the saved in the midst of us. And it may also be said that these Missions are surrounded by the darkness of Romanism, and are centres of life and light which, surely though slowly, are penetrating the gloom. They have been sources of rich blessings to many in the past, and may yet again prove to many more. Members, 64.

comfortably habitable, and about \$100 have been expended towards reaching that laudable object. The attendance on public religious services has been general throughout our communities, and the Protestant observance of the "rest" of the Sabbath is marked and noticeable, being in strong contrast with the customs and lower standards of a faith surrounding us. The Sabbath-school at our chief appointment, under the supervision of the Rev. William Shaw, has put out new vigor and is doing a necessary, and we hope a salutary work, in the nursery of the church; and the offerings of the people are somewhat in advance of their gifts of the past year. We should like to add unto these items only what is pleasing, but there is the counterbalance of an old complaint here in the disuse or only partial use of the economy of class-meetings by too many who once found in them their strength and joy. The complaint has weakened the Daughter of Zion, and limits the fruition of the clusters of faith and peace and zeal that once largely adorned her goodly vine. By reason of this evil some names have been removed from our lists of those whose gifts might have been well employed in the vineyard. On account of the emigration of Protestants from St. Jerome, we have been obliged to withdraw from the village, and must wait the strong hand of Providence and better times ere we return. Members, 55.

RAWDON.

Though we cannot report this Mission as in a highly prosperous state, we are thankful for some success. Most of our people are very faithful in attendance upon the means of grace. We have received several new members during the year, who continue to give evidence of deep and earnest piety. A few have been removed by death, and were enabled to triumph in their last hours. We now report—Members, 66.

POINT LEVI.

God has graciously owned our labors upon this Mission during the past year. Two years since there were no members, no congregation, no place of worship; now there is a class, a good congregation, and a beautiful gothic Church, exquisitely finished, capable of seating about 300 persons; and it is paid for with the exception of a very small debt. We have returned Church Property worth \$4,000 this year. This is one of the most interesting and important fields of labor in the entire work. It has every prospect of becoming in two or three years an independent force for God, and for Methodism forever. In liberality and Christian courtesy, the friends on this Mission are not surpassed by any in the Dominion. Members, 11; on trial, 2.

THREE RIVERS.

It has been the misfortune of this Station during the present year to suffer very much from the removal of several of our best families, both with respect to material and spiritual help. This has reduced our congregation very much, thinned our Sabbath-school, and taken away some of our best and most faithful members. But in the midst of all this the Lord has been with us; believers have been quickened; a few souls have sought and found Christ; and others are seeking the way of life. The Sabbath-school has especially been a blessing. Although our people here are few, and none of them wealthy, the most of them are devoted to Methodism, and willing to do all they can for its support. Members, 33.

MELBOURNE.

With profound gratitude to the Lord for guidance, help, and fruit, we send in this third annual report. A number have been led to Christ during the year, and special pains have been taken to build up the youth of the Church. We have found Bible-classes on a week-night to be very helpful in addition to our usual means of grace. Nearly all the accessions of former years are faithful to duty, and give pleasing evidences of having "received the adoption of sons." Many of our youth give us good ground to believe that they will be found among the useful ones of God's family. One has been an Exhorter, and has passed on to the list of candidates for the ministry. Another has charge of a Sabbath-school, and has yielded to accept an Exhorter's license. Other workers are in prospect, and I hope that they may be pressed into the service till every neglected neighborhood is cared for. During the three years the Parsonage debt has been melting away, and will soon be gone, as all but \$20 is provided for. The debt on Windsor Church lessens by \$100 a year. A vestry at Trenholmville has been built and paid for. A vestry at Melbourne is out of debt. And when I consider the growing intelligence and liberality of our people, I confidently hope that in a few years Melbourne will become

SHERBROOKE.

The work of the Mission cannot be efficiently sustained by any one man; and during the past year your Missionary has often well nigh sunk under the burden, but by the grace of God has been sustained. We greatly lack suitable persons for class-leaders, &c., and the Church is earnestly praying the Lord of the harvest to send us more laborers.

The report of our spiritual state is not an encouraging one. We have had peace in all our borders, and have been blessed with some very clear and delightful conversions to God; but have not been able to retain the number of members returned last year. We have lost 12 by removals, and have been forced to drop 40; while we have only received 20; making a decrease of 28. Our congregations are large, but we want the baptism of the Holy Ghost. Members, 117; on trial, 6. JOHN WAKEFIELD.

EATON.

Amid the anxieties and toils of the past three years we have been sustained by the sympathies of a kind people, and greatly cheered by the manifest tokens of the Divine presence in the salvation of souls and the upbuilding of the church of Christ in numbers and finance. During the past year we have taken under our charge a Norwegian settlement, where we preach through an Interpreter. Members, 161. E. E. SWEET.

DUDSWELL.

In making our second annual report of this Mission, we are thankful to God that we have not been left without some evidence that our labor has not been in vain.

During the year a number have been converted to God who have since joined our Church, among whom are a few very old persons. After allowing for deaths, removals, &c., we are able to report a small increase. Members on trial, 6; full, 84; Total, 90.

JOHN STEWART.

BURY.

We rejoice to be able to report an increasing interest on the Bury Mission. During the past year about twelve souls have found peace through believing, nine of whom have united with us in church fellowship, and many of our people are increasingly interested in spiritual things. In the past few weeks we have raised subscriptions to the amount of \$340 to aid us in erecting a new church at one appointment,

which we expect to complete this summer. We praise the Lord for past prosperity and for tokens of still greater good. Members, 32; on trial, 4.

WILLIAM ADAMS.

DANVILLE.

The closing of our term of service on this field of labor furnishes cause alike for humility and gratitude. We have had many tokens of God's presence and favor. Financially, we have succeeded beyond our expectation. During the three years a debt of \$1,300 has been removed from the Church in Danville. We have also secured a Parsonage in the village. In our membership we have suffered heavily from removals and the exercise of discipline. About one hundred persons have been converted during the three years, and yet we have only an increase of fourteen. Members, 140.

W. JACKSON.

NEW IRELAND.

The Lord has been pleased to encourage us with tokens of his presence and favor. A number have professed conversion to God, and many have given cheering evidence of a steady growth in grace. Most of the classes are in a state of manifest spiritual life, while a few of the members profess and we doubt not enjoy the blessing of entire sanctification, and an occasional testimony is added to the number. While we mourn in view of many fruitless services, yet on the whole we have reason to be grateful and encouraged. Members, 151.

C. A. JONES.

DURHAM.

During the first three quarters we had many refreshing seasons, and especially during the second quarter did the Lord pour out His Spirit, and many were made to rejoice. In the last quarter your Missionary has been under the afflicting hand of the All-wise God, and has only been able to preach but six times on the Circuit; yet thank God the spiritual interest has not declined, and we believe the Mission is in a healthy state. A new Church at New Durham, which we found but enclosed, has been nearly finished, and opened for Divine service. This Mission suffers financially every year, on account of some of the most liberal of our people emigrating West, so that in my opinion this will prove to be a barrier to independence. We have taken into the Church 35, but as the losses amount to 15, the increase is but 20. On trial, 8; members, 117; Total, 125.

The Missionary has cause for thankfulness to God for comparatively good health to labor. And also for increasing attendance on, and attention to divine things.

We have succeeded in clap-boarding and painting the outside of our Church, in the Basin; and also in putting up the chimneys, and arranging the heating of it, so that we have been enabled to worship in it during the winter, which has been one of unusual severity. Many of the poor people have lost their cattle in consequence of want; yet notwithstanding they have increased in their liberality. The funds are a little in advance of last year. Members, 59.

METIS.

This Mission has for some time past been laboring under serious difficulties. Last year it was left without a Minister, which was a great loss to the people in many respects. Financially, the past year has been the most trying they have experienced in a long time, owing to the failure of the crops. Notwithstanding these drawbacks our people are doing more this year to support the Gospel than they ever did before. The want of a Parsonage has been seriously felt by your Missionary. But through the perseverance of a few of our people and the Christian liberality of our friends in Quebec and Montreal, we hope to have a comfortable house for the future. We have not had any special revival during the year, but a growing desire on the part of the people to hear the "things which belong to their peace." We have a good Sabbath-school in which we are sowing the seed of the Kingdom, expecting to reap a rich harvest of spiritual fruit. Our people are mostly poor, but true to Methodism, the Gospel, and their God. Members, 21.

HATLEY AND CASSVILLE.

On this Mission there is little change to report. The Sabbath services have been regularly maintained, and two special efforts were made. These resulted in some small gains, but on account of deaths,

and that unceasing emigration by which our work here is kept feeble, we report but a small increase in membership.

On a review of the year, though there is much to depress and humble the workmen, yet they rejoice in seeing some signs of improvement in the soil, and in being able to rescue an occasional plant from the weeds of error which destroy many and threaten to choke all the good seed. On the Hatley part of this Mission, especially, Methodism presents the only exception to a state of complete religious confusion. Members, 101; increase, 2.

GEORGEVILLE AND MAGOG.

By the assistance of Divine Grace your Missionary has been enabled to preach Christ to the inhabitants of this Mission for another year. Amid much opposition and many hindrances, the truth seems to be slowly prevailing. Our preaching and doctrines are received with increasing favor. Your Missionary prays that the seed sown in weakness, and watered by showers of Divine blessing, may yet bring forth abundant fruit.

During the year one aged member has died, four members have removed from the circuit, and one has been dropped. Present membership, 30; on trial, 4; Total, 34.

BOLTON.

Your Missionary gratefully acknowledges the good hand of his God with him during the past year, in the measure of spiritual prosperity with which he has been blessed. Some of our prayer-meetings have been special means of grace, where the sorrows of penitence have given place to the joys of pardon and peace. At a series of meetings held during the fall of the year, several who had strayed from the path of piety were brought again to the feet of Jesus, and others rejoiced in an evidence of sins forgiven. Two very interesting conversions took place of persons in the last stages of consumption, who, finding peace on their dying beds through believing, have since changed mortality for life. Though having added new members to our church, yet owing to the many who have removed we have but a small increase to report. Members, 105; on trial, 6.

We have reason to bless God that we have not labored in vain. A few have turned from sin to God, and have united with the Church. The prospect for a large increase in the membership on this Mission is

FRELIGHSBURG.

The labors of the year, we are thankful to say, have not been altogether in vain. The Sabbath-schools have been conducted with their usual energy and success. Two appointments have been added to the Mission, which we trust will result in strength to the Church, the highest good to the people, and glory to God in the highest.

But whilst we rejoice in the enlargement of the Mission, and general financial prosperity, we have to deplore a numerical loss of thirteen by removals and death, except one. We close our labors among a kind and affectionate people, grateful to the Giver of all good, for three years of happy toil. "Ye are in our hearts to die and live with you." Members, 92. WILLIAM SCALES.

FARNHAM.

The congregations have been good during the past year. The attention paid to the word is all that could be desired; yet of many it must be said, "They hear thy words, but they do them not." Although we have not realized all that we have prayed and labored for, we are still striving to hope for better days. The Missionary and Connexional Funds are greatly in advance of any preceding period in the history of this Mission. A Church debt, which has long been a burden, has been entirely removed. The way will now be open we trust for the erection of a Parsonage, which is very much needed. Owing to removals, deaths, and other changes, we have to report a decrease. Members, 70. RICHARD ROBINSON.

SUTTON.

Recently we have taken up an appointment in an important village. Sufficient has been collected to defray the expense of needed repairs on the Parsonage. The means of grace, public and private, are well sustained. There is an encouraging increase in all the funds. Our losses by removal and death have been made up by those who have joined our Church. We are laboring, praying, and believing for richer spiritual blessings. Members, 56. JOHN DAVIES.

IMPERFECT the most elaborate Report of the fruits of the Society's labors necessarily must be, for no pen can record the silent, but permanent good effected by the Word of God, by Missionaries and Ordinances; yet more than sufficient testimony may be gathered from these pages to awaken gratitude, inspire confidence, and stimulate to future effort. Not a section of our Missionary field but calls for help are constantly addressed to the Committee; whilst many new openings, created by adventurous communities seeking homes in hitherto unsubdued forests, and the lamentations of unblessed Indian bands yet unreached by any Christian messenger offering them the Word of Life, awaken strong desires in the Committee that the Church whose servants they are may invest them with ability to answer these calls very speedily, and thereby impart the joys of salvation to the dark and sorrowful, and spread still further the honors of the Saviour's name.

The undersigned have duly examined the Books of Account of the Wesleyan Missionary Society, and have compared the Receipts and Vouchers therewith, for the year ending the 30th of June, 1871, and find the same to be correct. We certify that the excess of Income over Expenditure for the year amounts to \$3,330.18, and that the Assets of the Society, in excess of the Liabilities, amount to \$9,378.10, the larger part of which excess is locked up in the Mount Elgin Industrial Institution, and otherwise, and not available as Cash for the necessities of the Society. We have also pleasure in testifying as to the satisfactory manner in which the Accounts and Books of the Society are kept.
