Sizs.—The all important topic here at present is the Valley Railroad and we have reason to thank you for the stand you are taking in our behalf.

It is lamentable to hear of the many sub-

It is lamentable to hear of the many subterfuges used in this neighbourhood to rope in the unsuspecting public. Every day we hear of some new stratagem or misrepresentation by the parties now going round soliciting signers to a document the purport of which is still a mystery to many who have already signed it. It represents different objects in the different localities through which it passes. Too many have already by those means been induced to sign away as it were their birthright, and the roll now amounts to quite a large figure, but as as it were their birthright, and the roll now amounts to quite a large figure, but as Scofield's universal suffrage is not the law of the land, the majority of names on this petition ought not to have much influence in the Local Legislature.

The gentlemen living at Wilson's Point and vicinity must surely intend emigrating from such an "insignificant place," or they would reply if they have not already done so, to the insinuations of the Chatham "World."

It is to be regretted that so few news-

It is to be regretted that so few news-It is to be regretted that so few news-papers are in circulation in this part of the country, but it is to be hoped that in future every resident will sign for and uphold the paper that is working for their interests, and put less confidence in long winded editorials blowing about the pre-eminence of other Parishes who should be able to fight their les without the aid and assistan

ional Society.

Bear Bounty Act.
Incorporating the New Brunswick Pharaceutical Society.

To enable the Restigouche Salmon Club hold real estate in the Province.
Relating to the erection of wire fencing.
FREDERICTON, March 28.

The Attorney-General this morning explained at considerable length and in very moderate terms the Equity Bill. He defended the appointment of referees on the ground that necessity had arisen for this legislation, because abuses had grown up in the appointment of the referees in equity, and he detailed at length what these were, which is would appear that the referees stating that it would appear that the referees had been appointed with regard rather to the interests of the Judge than of the in-terests of the suitors and of the public, and terests of the suitors and of the public, and he dwelt on the inconvenience and injustice which arose from the sending from the city of St. John of barristers to other parts of the Province. He explained in detail all the provisions of the bill, but instanced that this section which provides that no judge shall act in a judical capacity in any case which his son, step-son, or sonin-law ttorney, solicitor or counsel, might be withdrawn.

Mr. Wetmore followed attacking the proposed mode of appointment of the reference.

posed mode of appointment of the reference on the ground that it makes these appointments political and would therefore subject the persons appointed to political influents prices. Also a full line of the

Mr. Park said he thought a grievance did exist in the manner of appointment of referees and he could see no other way of remedying it than that provided in the bill. Public Halls a specialty.

This is what a great many people are doing They don't know just what is the matter, but they have a combination of pains and aches and each month they grow worse. The only sure remedy yet found is Davis Quinine Iron and Wine, and this by rapid thorough assimilation with the blood, purifies and enriches it, and rich, strong blood flow ing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why Davis' Quinine Iron and Wine will cure Dyspepsia, Indigestion, Liver Complaint, Malaria, Intermittent Fevers, General Debility, etc.

BURTON, SUN. Co., July 17, 1883.

The First Telephone in the

United States. The first telephone in this section of the country, if not in any section of it, is thus described by a citizen of Northampton: A little more than as his mother was vigorously endeavoring to remove the subsoil from his grimy neck, Deseronto, Ontario, to manufacture Arms Shoe Manufactory at South A company has been started at fifty years ago, the employes of the Deerfield beguiled their leisure hours by kite flying. Kites large and small were sent up daily, and the strife was to see who would get the There are probably a hundred or more persons in this and neighboring towns who daily suffer from the distressing effects of kidney troubles, who do not know that Johnson's Anodyne Liniment is almost a practical information they have according to the largest was do see who would get the largest. The twine which held them was the shoe thread spun and twisted by the ladies of the village. One day to the tail of the largest kite was attached a kitten, sewed in a quired in this way. It has long canvas bag, with a netting over the been known that gas of good quality, mouth to give it air. When the kite was at its greatest height—some 200 feet or more—the mewing of the kitten could be distinctly heard by those holding the string. To the clearness of the atmosphere was attributed the hearing of the kitten's voice, and no telephonic patent was applied.
