DUPED BY TORONTO AGENTS.

Bulgarians Brought Here Under False Pretences, and Object to Conditions of Work

Deceived and oppressed by a Toronto employment agency who hired them to go to Montreal, passage free, but instead brought them to Renous Bridge and charged R. G. Hood \$25.00 for each of them to be repaid by the laborers out of their wages, fifteen Bulgarians appeared in Newcastle police court on Thursday to support one of their number in a suit against Mr. Hood.
Mr. J. H. Stanford of Ottawa sent by the Canadian government to look after the case, in answer to Mr. Constantine Vassiloff's appeal to the Russian consul for aid for the foreigners, was present in court, and succeeded in arranging a settlement without going to law. He saw that the men were paid in full what their contracts called for, advancing their November wages out of his own pocket. Not calculating on what was coming, he had to draw from the bank, and Col. Maltby very generously endorsed his cheque. The men were all paid off Thursday night.
The men, not knowing that they owed for their transportation, thought Hood was cheating them, when they found little or nothing due them after six week's work. The food alone displeased them, and they boarded themselves, their debt to Hood for supplies piling up much faster than they realized. Then they struck because two of their number were separated from the others at a particular job of work. After four days their supplies ran out and they hungered for them back to work.
Mr. Wassiloff, a Russian, took up their cause and it was his appeal to Russia's consul at Montreal that led to Mr. Stanford being sent down.
The men refused to go back to Renous, and against Mr. Stanford warning to have nothing to do with private employment bureaus, engaged last Saturday, through the Eastern agency, to work on the eastern end of the G. T. P. Mr. Wassiloff accompanied them to Montreal.
From the train to the 30th ult., the party parted with Mr. W. J. Black here.

BLACKVILLE HAPPENINGS.

Americans Shoot Calf Moose—Smallpox Isolated And Under Contro

BLOCKVILLE, Wednesday—Deputy Sheriff Irvine, of Newcastle, was in town yesterday on official business.
James Bean is spending to-day in Newcastle.
Rev. Robert Watson, collector for the Book and Tract Society, is in town to-day on his annual collecting trip.
Chief Game Warden John Robinson, Jr., arrived here this week to investigate a complaint that had been made to his of three United States sportsmen hunting big game in the Cain's River district without being accompanied by a registered guide. On arriving at the camp of the sportsmen, the warden found the report to be true, and was just in time to catch the party bringing in a calf moose which had been shot by one of their number. One of the sportsmen left for home the next morning, but the other two were taken to Chatham yesterday to answer to charges of hunting without a registered guide, and the killing of a calf moose.
Messrs. Robert and Walter Grady, who have been located in Maine State for some time past, returned home last night to spend the winter. Mr. Robert Grady is accompanied by his wife, a "Yankee" lady.
There are no fresh developments in the smallpox scare. The outbreak consists of only one case so far, and the man has been isolated. The camp, and several houses in the village, which had been visited by men from the camp before the disease broke out there, have been quarantined, and no anxiety is felt of any further spread of the disease.

5 KILLED AND 6 INJURED

Freight Train Smashes Into a Trolley Car.

WATERBURY, Friday—A shocking accident, in which five factory employees were killed occurred about 6.30 o'clock this morning at the west main street crossing over the Highland division tracks of the N.Y.N.H. and H. railway when an extra Hartford bound freight crashed into a trolley car containing twenty-five persons bound for the pig factories, Oakville. The car was struck with great force at right angles directly in the middle and the dead persons were all badly mangled. Six others were badly injured and had to be carried to their homes. It is not yet known whether any of the persons injured will die.

GOVERNMENT STILL AFTER MINERS.

Jury in Steve Adams' Case Fail to Agree—Eight for Acquittal.

Rathdrum, Idaho, Nov. 26—The long trial of Steve Adams, charged with the murder of Fred Tyler and incidentally involved as a witness in the Moyer-Haywood-Pettibone affair, has come to naught, the jury having disagreed and being discharged after twenty-one hours of deliberation. The fact that the body stood eight for acquittal and four for conviction, considered a victory for the defense. Clarence Darrow was Adams' leading attorney. The trial which ended on the 23rd lasted nearly a month.
Adams, who was alleged to be a tool of the officers of the Western Federation of Miners, was charged with the assassination of Fred Tyler in August, 1904.
Soon after arrest Detective McParland, the man who induced Harry Orchard to make his alleged exposure of the alleged crimes of the Western Federation's "inner ring," obtained a confession from Adams in which he told of the slaying of Tyler and of other crimes which he said he had committed at the instigation of Jack Simpkins.
He said he had done away with Fred Tyler, who was a settler in the Marble Creek district of Shoshone county, because Tyler had possession of a claim which was wanted by Jack Simpkins and because he had interfered in other ways with the desires of Simpkins.
The admission of this confession as evidence in the trial was fought by Attorney Darrow on the ground that it was forced from him under duress. The testimony was admitted, but failed to impress the jury.
Major Darrow after the verdict tried to obtain concessions of bail for Adams and immunity from arrest by Colorado authorities until the Tyler case is disposed of.
No promise was given him. Sheriff Baily of Shoshone county is here with a warrant for the arrest of Adams on the charge of murdering Ed Boule near the same place and about the time the Tyler murder occurred.
Mr. Hawley, chief counsel for the state, declared the disagreement of the jury will have no effect on the prosecution of the Tyler case again, nor will it lessen the efforts of the state to prosecute in other cases wherein Western Federations of Miners officials and prominent are defendants.

NEWCASTLE MEN WANT THEIR RIGHTS

Railway Men Refuse to Leave Home Saturday Claiming Trip is Unnecessary.

The shunter train, on which are four Newcastle men, all married, and one of Campbellton, who happens to be conductor, has been leaving Campbellton for Newcastle every Tuesday, Thursday and Saturday, and Newcastle for Campbellton on Monday, Wednesday and Friday. The train has always until now stopped here on Sunday. Last Saturday, however, orders were given to take the train back to Campbellton for Sunday. Three of the Newcastle men refused to go, and remained here over Sunday. The conductor has generally been able to spend Sunday at his home in Campbellton, without taking the train with him, as the shunter has arrived at Newcastle in time for him to go north on the accommodation, and he has been able to return on the express on Monday morning in time to take out his train. It would seem that the fairest way would be for the shunter to stay here over Sunday, as otherwise four men are unnecessarily kept from their families that day.

DETERMINED BY TOSSING COPPERS

South Dakota Appointments Decided by Lot at Instance of Roosevelt.

WASHINGTON, Thursday—President Roosevelt summoned the Goddess of Chance to the White House to-day, when there was no other means to decide a grave administration question.
So satisfied was the President with the speedy and evidently satisfactory manner in which the fickle goddess settled the first problem put to her that he invited her to spend a portion of the day at the executive mansion. As she did, with remarkable results, although it was her first visit, in an official capacity, at least.
Federal patronage of the state of South Dakota was in the balance.
Senators Kittredge and Gamble, of South Dakota, were the players.
It was a good game, as only one or the other of the players could win.
There was a large number of vacant offices in the state, due to the fact that the two senators never have been able to agree upon applicants thus permitting the old office holders to retain their positions long beyond the time of their appointments.
The two senators met to-day in the President's office at the White House, to agree, if possible, upon a distribution.
When they confronted the President they found themselves as far as ever from an understanding.
President Proposes Lots.
Seeing the difficulty, the President proposed that lots be drawn for the position of bank examiner, the one in immediate dispute. The senators were willing.
Drawing a coin from his pocket, the President poised it between his thumb and forefinger, while the senators cleared a space for the piece to drop in. It was heads for Kittredge and tails for Gamble, the winner to name the bank examiner.
Into the air the coin sped, then hit the floor, bounced and settled down. Like schoolboys with their last marbles at stake, the senators and the referee stooped over the coin.
It was heads, with Kittredge the winner.
Both appearing satisfied with this method of disposing of the problem, the President suggested that all vacancies be filled after the same manner. Accordingly the names of the various offices were written upon a slip of paper.
The two senators then proceeded to the drawings, as a result of which offices were distributed as follows:
SENATOR GAMBLE—Deadwood mint assayer, Mitchell land register, Rapid City register, Pierre register, Huron register, Mitchell receiver, Chamberlain receiver, Crow Indian agents, Treasury department auditor.
SENATOR KITTREDGE—Bank examiner, U. S. district attorney for S. D., Internal revenue collector, Huron land receiver, Rapid City receiver, Pierre receiver, Aberdeen register, Chamberlain register, Brule Indian agents.
The result of the lottery will be that the President will be guided by it in designating officials to fill the vacancies. Senator Kittredge recommending for the offices which he drew and Senator Gamble for the others.
The agreement was hastily made and is binding only in the matter of nominations, each senator reserving the right to oppose the confirmation of a person nominated at the instance of the other.

OTTAWA, Thursday

To-day's functions of the opening of Parliament was marked as far as outdoor display was concerned by a continuous snowstorm but within the chamber the scene was brilliant. There was a large attendance of members of both houses, and with the ladies' brilliant costumes and the pomp and circumstance they made a fine picture. The guns on Nepean Point started to fire a salute of 19 guns on the near approach of the governor-general's equipage escorted by Dragoons in their winter costumes, and at the parliament house the governor-general's foot guards formed an escort. There was not a vacant place in the Senate, and the rule of full dress was vigorously enforced. Thus the entry of His Excellency to take his seat upon the throne, resplendent in gold uniform, formed a unique picture, to which the military uniforms of his staff added a fine touch of color. Sir Wilfrid Laurier wore his uniform of an Imperial privy councillor. The procession from the Commons finished off the scene as the members filed in at the summons of Black Rod, headed by the Speaker, who was preceded by the Sergeant-at-arms carrying the mace. Their attendance was the signal for His Excellency the Governor General to read the address from the throne in both languages.
In connection with the bill to increase the members of the Railway Commission, the name of William Whyte, general manager of the western division of the C. P. R. has been mentioned as one of the new commissioners. There is no doubt Mr. Whyte will get an offer of the position, but the salary may not be a sufficient inducement for him to accept. Mr. Pottinger, general manager of the I. C. R., has been spoken of as another possible commissioner.
Henri Bourassa, ex-M.P. for Labelle, is in town. He received many condolences from M.P.s. upon his disappearance from the House of Commons, but took them all in good part. He will probably occupy a seat in the press gallery for at least a part of the session.
A. A. Wright, M.P. for South Renfrew, will try to have a fixed hour set for the adjournment of the House of Commons each night. He thinks that 10.30 is late enough.

NEW YORK, Thursday

Murder, accident or suicide? That is what the police are working to determine in connection with the death in this city of William G. Chandler, a young artist, and son of a wealthy oilcloth manufacturer of Winthrop, Me. The body of young Chandler was found late this afternoon lying in the apartment of Mrs. William Disinger at 210 West Forty-second street. In the right temple was a bullet hole. On the floor near the young man's left hand lay a revolver. One of its chambers was empty.

What puzzles the police is this: How did the revolver happen to be on the left side of the body, when the bullet would naturally killed him in the opposite side of his head?

PORTUGAL ON VERGE OF A REVOLUTION

Moneyed Classes Side With the Masses, Who Menace Throne of King Charles.

DISCONTENT SPREADING

MADRID. All parties in Portugal have united to enforce a return to parliamentary government, and the Liberal states that a revolutionary outbreak may be expected at any time. Owing to the serious fall in the public funds and the increasing slackness of business and depression in banking, the moneyed classes side with the revolutionary party.

Senhor Villares openly declares that the struggle will end with the abdication of the overthrown King Charles.

There is a rumor abroad that the opportunity will then be taken at a great demonstration which has been arranged for a national assembly to declare itself definitely constituted and sit at Lisbon or Oporto, and act legislatively on behalf of the sovereign people.

It is further stated that the army will join the revolutionaries. The king and his government can, it is said, count only on the assistance of the municipal guard.

PARISIAN SWINDLED BY AMERICAN CROOK

"A Friend of the Vanderbilts" Victimizes Tradesmen to the Extent of \$5000.

HIS CHECKS WORTHLESS

PARIS. A plausible, well-dressed American, who modestly announced himself as being a personal friend of the Vanderbilt family, has victimized a number of Paris tradesmen to the extent of about \$5000. He ordered clothing and articles of expensive jewelry from several of the leading shops, which were sent to a fashionable Paris address, at which he was staying. The "friend of the Vanderbilts" always paid by means of checks. These were turned out to be worthless. Some of the articles he obtained have since found their way to the Mont de Pieté.

The police got to hear of the affair, and went to the house of the American in order to arrest him. They were too late, for he had left an hour previously, saying that he was called away to Italy on important business. He is believed, however, to have crossed the channel to England, and the detective department has sent his description to Scotland Yard, and are asking the London police to keep a sharp lookout for him.

VENDETTA IS ENDED BY A TRIPLE DUEL

Six Men Fight With Pistols on the Street of a Sicilian Town.

THREE ARE KILLED

ROME. Two families of Comitini, in Sicily, have fought a terrible duel with three men on each side.

There had been a vendetta between the families for generations, and finally to wipe it out they decided to fight in formal fashion.

It was arranged that Signor Conti and his two sons should fight Signor Alessi and his two brothers. The chief square of Comitini was chosen for the encounter, and it was agreed that pistols should be the weapons.

Within a few moments of the beginning of the duel Signor Conti and the two brothers of the Alessi family fell dead, and the three survivors sustained serious wounds.

A crowd of inhabitants witnessed the duel. The police force, consisting of two carabinieri, stayed away until the affair was over.

LONDON. — A man who was knocked down by a hansom cab in Essex road, Islington, yesterday, had the stump of his wooden leg broken and a large number of silver and copper coins dropped out of the limb.

ELEVEN ARE KILLED IN RIOT AT CHURCH

Sympathy of Congregation for Expelled Priest Leads to Terrible Tragedy.

BOILING WATER WEAPON

BUDAPEST. Eleven peasants, including four women, were yesterday killed by gendarmes, and twelve others were wounded, during the consecration of a new Roman Catholic church at Chernova.

A Slovak priest named Hlinka had been removed from the parish for political intrigues, and the priest of a neighboring church was appointed to perform the consecration ceremony.

As it was known that the peasants sympathized with the expelled priest, a magistrate and fifteen gendarmes accompanied the officiating priest.

When the party arrived at the new building they were received by a hostile mob of the parishioners. Stones were showered at the priest and gendarmes, and women in the crowd poured boiling water on the intruders.

The magistrate and the officer in charge of the gendarmes were thrown down, and the officer drew his revolver and fired. Gendarmes then delivered a volley among the attacking party.

The volley checked the advance of the mob, who turned and fled. The leader of the demonstration was arrested. An inquiry has been ordered by the authorities.

COLCHESTER ELECTION

TRURO, Thursday — Colchester today returned to its old love and elected Stanfield, the Conservative candidate, by 175 majority. His lead was obtained in this town and Acadia Mines.

The majority at these polls was greater by far than the majority in all the county. Prominent Liberals declare that the promises of the Conservatives to run a clean election were flagrantly cast aside by them, not only here, but in most parts of the districts. The Liberals claim to have adhered to their determination to conduct the election in strict accordance with the law. In several instances men who accepted money from Conservatives brought it into the Liberal committee rooms and placed it in the hands of Liberal agents. They propose to take action to prove that in the midst of Mr. Borden's present campaign wholesale corruption was indulged in on his behalf.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's a painful period with women, same cause. If you are nervous, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Brush your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You can find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

SUCCESSFUL AERIAL VOYAGE

CONCORD, N.H., Thursday — An aerial voyage which had the superlative features of being made in one of the biggest balloons, carrying one of the largest parties, covering the greatest distance and resulting the most successful of any ever made in New England, was sailed from Pittsfield, Mass., to Canterbury, N.H., near Concord, today.

Several times, while far above the ground, air currents were encountered which drove the huge gas bag along at top speed, the most exciting time coming just after crossing the Connecticut River into New Hampshire, when the balloon raced with an express train. For a time the two monsters raced neck and neck, but finally the balloon worked its way ahead and to its occupants it seemed they had won. That the crew of the train was aware of the race was attested by the fact that several sharp blasts were blown on the engine's whistle at intervals during the contest.

The ascension was made at Pittsfield, Mass., at 11 o'clock to-day, a party of seven people, including Pilot Leo Stevens, going up to the clouds in the mammoth balloon, All America, on a voyage to an unknown destination. It was Mr. Stevens' hope to pilot the car due west toward Boston, but as has been the case in a majority of fifteen ascensions which have been made from Pittsfield, the winds blew from the southwest.

OTTAWA, Thursday—The total immigration into Canada from the 1st of April to the 31st October, seven months as compared with the corresponding months of last year, was 1906, 161,562; 1907, 211,859, an increase of 30,297 or 31 per cent.

WILL RESTRICT EMIGRATION.

TOKIO, Thursday—Hon. Rodolphe Lemieux, Canadian postmaster-general and commissioner of labor, who is on a mission concerning immigration, had an audience to-day, and lunched with the Empress at the palace. The usual ceremonies were observed. The Emperor was indisposed with a cold and unable to be present. Ishii, chief of the bureau of commerce of the Japanese Foreign Office, is expected on the 30th of November. After his arrival it is believed negotiations concerning emigration into America will proceed rapidly. It is understood that Viscount Hayashi, minister of foreign affairs, has assured Mr. Lemieux that the Japanese government is prepared to meet the views of Canada regarding limitation of immigration.

HELD UP STREET CAR.

SCRANTON, Pa., Wednesday — A daring robbery was committed last night when a lone highwayman held up a street car and at the point of a revolver robbed the conductor of the nickels he had taken during the day's run.

The car left the terminal of the Laurel Hill line shortly before 10 o'clock for the run to the central portion of the city and had not gone more than a block when the motorman stopped to take on a passenger. It was the highwayman, and the first thing he did was to place a revolver at the head of Conductor Arnold and order him to "shell out."

Arnold "shelled" to the extent of almost \$20. The hold-up is the second of its kind in this city within the last few weeks.

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Creolone tablets, ten cents per box. All druggists.

\$5,000 is Missing.

One other important feature has two ends, which are thus far irreconcilable. On the word of Mrs. Dissinger, young Chandler's father gave him \$5,000 only last week, following a quarrel between them at the Manhattan Hotel. Only 63 cents in money was found on the body. There was a bank book of the Garfield National Bank in the young man's clothing, however, showing that his deposit there had been withdrawn, but it contains no record of \$5,000.

The landlady of the house in which Chandler lived at 260 West Fifty-fourth street has told the police that she was not aware that the young man had ever received any such sum.

Police Hunt for Woman.
Mrs. Dissinger, her husband and a woman named Violet Marshall, occupants of the apartment where the young man was discovered dead, are in custody as inquest witnesses. The police are hunting for Mrs. Dissinger's sister Anna, who also has been living in the flat. She is said to have been out when Chandler met his death.

Doings of Chatham and Vicinity.

CHATHAM, Wednesday—The choir of St. Andrew's Church will give a concert on Monday night following St. Andrew's Day, which comes on Saturday this year.

CHATHAM, Wednesday—Mr. Spaulding, manager of the Miramichi Pulp and Paper Company, has returned home from a trip to Montreal, Boston and New York.

CHATHAM, Wednesday—Sport bids fair to boom in Chatham this winter. The Y. M. C. A. is going in for basketball.

CHATHAM, Friday—The concert held in the town hall last night in aid of the civic library was largely attended and netted a good sum for the institution.

CHATHAM, Wednesday—And still another Scott Act raid was made today, a small quantity of liquor being found by the police at the Bowser House.

CHATHAM, Friday—The Dominion Pulp Company made their first shipment since re-opening, yesterday. The mill was closed by a fire in the early spring, and its re-opening is hailed with pleasure, not only by the men who it employs, but by the community in general.

CAN'T GET MILITARY RECRUITS.

WASHINGTON, Friday—The difficulty of securing recruits for the army; the prevalence of desertion with the reasons therefor, and an unwelcome suggestion that the dreaded European system of conscription, or compulsive military service may become necessary to maintain the American army at its maximum strength...

STRONGLY ENTRENCHED.

§ Sir Wilfrid Laurier, who meets parliament this year with the support of very nearly two thirds of the House of Commons, has proved himself a leader in every way equal, if not superior, to the brilliantly successful Sir John Alexander Macdonald. Like Macdonald, Sir Wilfrid will in all probability hold his present position as long as he has the health and inclination.

MADE A MISTAKE.

The action of Colchester County in turning from Liberalism back to the Conservative Party—back to the party of aristocratic traditions and high tariff tendencies; back to the party controlled by the Canadian Pacific Railway Company and the big manufacturers—will scarcely benefit that country or the country at large. What is needed is not a return to the Conservative ranks but an ever-widening separation from that party and its worn-out principles. Colchester made a mistake.

FREE TRADE WITH-

IN THE EMPIRE.
It is to be hoped that the Franco-Canadian Convention, if its results should prove detrimental to British trade interests, will hasten a movement for absolute free trade between all the states of the British Empire. It is not fitting that countries speaking the same language, inhabited largely by people of the same blood, and owing allegiance to one sovereign should be separated by tariff walls which, however low, are always more or less hostile.

WHY TREAT THEM

DIFRENTLY?
It is not creditable to Canada that, while she immediately apologized, and made reparation, to Japan for damages sustained by Japanese subjects in the recent Anti-Asiatic riots in Vancouver, she has not made similar amends in the case of the Chinese attacked at the same time. It would appear—at least all foreigners will so regard it—that the only reason why Japan's claims were so promptly settled was the fact of Japan being able to compel recognition of the rights of her subjects in distant lands. China is not yet in a position to fight beyond the seas, but that is not sufficient reason for according her subjects less consideration than those of stronger nations.

THE RESULT IN COLCHESTER.

In the bye-election in Colchester on the 28th ult. the Conservative candidate won by 220 majority, thus replacing the county in the Conservative Column, where it stood for over thirty years previous to the last general elections, when it was captured by a Liberal. The Liberal majority in 1904 was 191; and in the seven previous elections the Conservative majority had averaged 400.

The Liberals allege corrupt practices on the part of their opponents this time, and will in all probability contest the election.

Since the close of last session, there have been six bye-elections, resulting in the return of three Liberals and three Conservatives, the latter party losing one seat and gaining two.

EXTEND THE INTERCOLONIAL.

Mr. Emmerson's motion, in favor of the Dominion government acquiring such branch lines of the Intercolonial railway as will serve as direct and profitable feeders to the traffic of said railway and also of extending the government railway to the great lakes and the industrial centres of Western Canada, is a good one in principle and should pass both houses of parliament. The longer the Intercolonial the better for the country. One of the branch lines, the N. B. Southern railway, is

already lost to the C. P. R., and the others should be taken by the government before they, too, slip into the hands of corporations so big as to indefinitely delay their final absorption by the government system. As soon as the parliament decides to take over the Caraquez railway we trust that they will see their way clear to construct the missing link between Tracadie and Newcastle.

An extension of the Intercolonial to the lakes and farther west, even to the Pacific, is urgently needed in order to allow the railway to successfully compete for through traffic, to relieve the chronic freight blockade west of Lake Superior, and to keep down the charges on the other roads.

BORN.

DIED.

At Port Arthur, Ont., Nov. 9th, Ethel Jean, daughter of Howard and Marie Dickson, aged ten months.

BLISSFIELD.

Blissfield, Nov. 29—Mr. Samuel McCurren, of Chatham, has been visiting Mr. Zac Gilks of this place with his phonograph and has furnished some nice music.

Misses Mabel Cashion and Nellie Weaver made a flying trip to Doaktown on Monday.

Mrs. J. Nolais and Miss Willa Simmons were visiting Mrs. D. Ward on Sunday.

Miss Katie Washburn and Mrs. Leo White, of Blackville have been visiting Mrs. R. Hurley of this place.

Mrs. D. Ward has gone to Blackville to spend a few days with her daughter Mrs. Nathaniel Connors.

Divorce.

Divorce is necessary where two people cannot get along together. We cannot get along with all the goods we've got, and we've resorted to a DIVORCE to get rid of them. We don't need a LAWYER to tell the story, our cut prices do that. You shall be the JUDGE!

LIVE STOCK MEETING

A programme for the convention, was informally discussed, but not definitely arranged. A number of subjects will probably be dealt with, but it is likely that the principal discussion will be on the advisability of amending the regulations governing the admission of Canada of pure bred stock. It is also proposed to take up and discuss the best means of retaining for our Canadian breeders the Canadian market for pure bred stock and it is probable that a number of specially prepared papers on this subject will be submitted. The future of our export trade in pure bred stock will also be discussed, while it is expected that considerable light will be thrown on our export trade in cattle and sheep for slaughter as also our export trade in meats and meat food products.
The fact that a majority of the live stock meetings are to be held immediately prior to the convention will render it possible for these bodies to definitely instruct their delegates as to the stand they are to take on the various subjects likely to come up for discussion. While this advantage will not be shared by a number of the horse breeders' associations, it is to be hoped that the latter will hold special executive meetings for the purpose of instructing their delegates to the convention.

OBITUARY

MRS. DAVID BARRON.

The death of Mrs. David Barron of Lower Derby took place on Monday morning, Dec. 2nd. Mrs. Barron, who had been long a widow, celebrated the ninety-fifth anniversary of her birth last May. She was, before marriage, Miss Jane Gillis, and was a native of this county. She had not been in good health for several months, and was confined to her bed for six weeks before her death. The children surviving her are—Mrs. Catherine Fitzgerald, Oshkosh, Wis., Daniel and George at home; Henry in Nevada; and Archibald, in Stillwater, Minn. The funeral will be this afternoon at 2 o'clock in the Anglican church at Millerton. Mrs. Barron's life was not only a very long but a very useful one, and her influence was productive of much good.

THOMAS MATHESON

The death of Mr. Thomas Matheson, one of Newcastle's oldest and most respected citizens, took place on the 29th ult., at his home here. Mr. Matheson was seventy-five years of age, and was born in this town, his father being the late William Matheson the well-known tailor. Deceased is survived by his wife and the following children—James in New York; Charles, Bellingham, Wash.; Thomas in Western Canada; John S., at present in Duluth, Minn.; Mrs. F. H. Gough, Blackstock, and Freeman of Newcastle.
Mrs. Wm. Witherall, Newcastle.

Mrs. Beatty, New York; and Mrs. George Oulton, St. John, are sisters of deceased; and Wm. Matheson of Calgary, Alta., is a brother. The funeral took place on Monday afternoon, and was very largely attended, many coming from the surrounding districts. The services at the house and grave were conducted by Rev. S. J. McArthur. Deceased's favorite hymns, "Safe in the arms of Jesus" and "Jesus Lover of my Soul," were sung by a choir led by Mr. John Williamson. A number of floral tributes were sent by friends. Interment in St. James' cemetery. The pall bearers were—Messrs. Donald McGrath, Chas. Crammond, sr., Benj. Reid, Wm. Wright, Chas. Morrison and W. S. Gremley. The family express their warmest appreciation of the kindness of friends and neighbors during the sickness of their husband and father.

JOSE GALLON.

After four weeks' patient suffering from typhoid fever, Miss Josie, only daughter of Mr. and Mrs. Louis Gallon, of Upper Nelson, died on the 29th. The funeral services were conducted by Rev. J. F. Rowley, assisted by Rev. J. G. A. Colquhoun, the pall bearers being Messrs. James Gallon, George Harper, Alex. McKinley, William McKinley, Gordon McKinley and John Carmahan. Miss Gallon's death has cast a gloom over the community in which she lived, as she was of a cheerful disposition.

PHILADELPHIA, Thursday — Declaring he suspected nearly three years ago that something was wrong in the United States Graphite Company, and for that reason withdrew, William S. Darnell, a Camden attorney, who, with fourteen other promoters, is charged with conspiring to defraud 800 stockholders of the concern, yesterday proclaimed his innocence in an interview, and said he would come to Philadelphia to-day and enter bail.

This, with the statement of the officers of the re-organized company that the losses will be nearer \$1,000,000 than \$500,000, was the chief development yesterday in the alleged graphite swindle.

Darnell, who is said to have received the greatest profit from the graphite manipulations, offered yesterday to explain his connection with the United States Graphite Company and the Pennsylvania Graphite Company. He said that officers of the United States Graphite Company, prior to his withdrawal in 1905, drew no salaries because all the "work" was done by the bookkeeper firm of Paul Morris & Co., which had charge of the stock issue. Morris was treasurer of the concern and is now in Moyamensing.

"It is true that it seems unusual that none of the officers received a salary," said Darnell yesterday, "but all the work was done by the brokers, and there really was no reason to pay the officers. That was why the brokerage concern received a commission as great as 40 per cent. on the sales of stock."

PASSENGERS OF TRAIN RESCUED FROM BOATS

Passengers in a train on the south of France line between Almarques and Algués-Mortes, in the Gard Department, had a thrilling experience on Thursday night.

Rescuers Have Hard Work in Getting Them Off on Improvised Lifeline.

The train left the station of St. Laurent-d'Algués at 8.40 P. M., and had succeeded about two miles, when the engine driver and stoker noticed that they were traveling in a running stream of water.

After traveling 400 yards the guard's van and the rear coaches were found to be getting into deep water. The train was caught between two streams, which were rapidly rising.

The whistle was heard at the station of St. Laurent, and the station master at once gained a rescue party, but it was found impossible to get within 500 yards of the train.

There was no time to lose, for the water were rising rapidly and the passengers were clambering on to the roofs of the coaches. So strong was the current that the rowing boat was carried away.

The passengers were then taken out of the flooded train into the boat, and, using the line as a guide rope, the boats were sent to land until all the passengers had been safely taken off.

There should be some means, not too costly, of bringing the perpetrators of such actions to justice.

The text of the Convention respecting the commercial relations between Canada and France, signed by British and French plenipotentiaries in Paris on the 19th of September.

This treaty appears to be very advantageous to both Canada and France, and will no doubt be ratified by the parliaments of both countries.

By the new treaty Canada gives the French Republic and all its vast dependencies except Tunisia (which state may hereafter be brought under its operation) the benefit of its intermediate tariff on 90 articles.

This arrangement, if ratified will greatly increase our trade with France, and will tend to draw us in other ways still closer to that highly civilized and influential country.

The trial of George A. Pettibone who, with President Charles H. Moyer, Secretary-Treasurer William D. Haywood, and Vincent St. John, all leading members of the Western Federation of Miners, was kidnapped by Idaho authorities in Denver, Colorado, in February, 1906, and taken to Idaho to answer to the charge of plotting the death of Ex-governor Steuenberg, began last week.

St. John was liberated early in the game. Haywood's trial began in May, 1907, and ended by his acquittal and discharge on July 28th.

The jury in the case of Steeve Adams, another member of the federation, charged with killing a man in 1904, has disagreed, necessitating a second trial.

Harry Orchard's alleged confession, implicating the union officials, will again do service at the trial of Pettibone.

Although the Bulgarian laborers to whom the advice was given have failed to heed the warning, Mr. J. H. Stanford of the Department of the Interior was right in cautioning them and all other immigrants to have nothing to do with employment agencies which charge for their services.

Crippled With Rheumatism

Mr. Derragh certainly did have a hard time of it before he was cured. Caught cold, and it settled in his kidneys.

Then a friend stepped in and said, "Why don't you try GIN PILLS?" After a great deal of persuasion, Mr. Derragh did try GIN PILLS.

How about you? Haven't you suffered enough without going all over it again this winter? Get Gin Pills now—and cure yourself at home.

Backache, "The Blues"

Both Symptoms of Organic Derangement in Women
Thousands of Sufferers Find Relief.

How often do we hear women say: "It seems as though my back would break, or I can't speak to me, I am all out of sorts." These significant remarks prove that the system requires attention.

Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some derangement of the organs. Nature requires assistance and at once, and Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all these peculiar ailments of women. It has been the standby of intelligent American women for twenty years and the best judges agree that it is the most universally successful remedy for woman's ills known to medicine.

Read the convincing testimonials of Mrs. Oakes and Mrs. MacNamee.

Mrs. J. P. Oakes of Prince of Wales Hotel, Head of St. Margaret's Bay, near Halifax, Halifax County, Nova Scotia, Canada, writes:

Dear Mrs. Pinkham:—
"After what your Vegetable Compound did for me, I am a firm believer that it is a wonderful medicine, and that any woman who is troubled with any of the ills we suffer from should try it and she will soon be convinced of its worth. Six bottles changed me from a peevish, despondent, sickly, ailing woman to a sweet-tempered, healthy one, who rarely ever has a pain now, and who before was rarely without one. As a regulator, strengthener and a tonic, I think it has no superior and I certainly endorse it."

Mrs. Anna R. MacNamee of corner Queen and Wellington Streets, Kingston, Ont., writes:

Dear Mrs. Pinkham:—
"Lydia E. Pinkham's Vegetable Compound has done all the good in the world. Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's ills."

TWO GIRLS ABDUCTED BY AGENTS OF MAFIA

Their Father's Refusal to Pay Blackmail Incites Vengeance of the Society.

CAPTURED BY YOUTHS

ROME. Two pretty daughters of one of the principal industrial magnates of Palermo, while taking a walk in the company of their mother and smaller sisters along the Via del Coll, the main promenade of the city, yesterday afternoon, were suddenly surrounded by a band of eight youths, who bore away the two girls by main force to carriages in waiting, which drove rapidly away.

The girls, whose ages are 19 and 17, respectively, are supposed to be the victims of a Mafia plot, owing to their father's refusal to pay blackmail.

Today the police surrounded a house in which the girls were imprisoned, forced an entrance, and were successful in capturing four of the band.

The hapless victims were discovered in a lower chamber, where was a table laden with fruit and sweetmeats. The girls were in a pitiful plight, having been stripped naked, bound with thought and outraged after being exhausted in their efforts to resist their villainous aggressors, who are believed to be two brothers named Bellet, whom the soldiers caught in hiding on the housetop.

While the gang was being hurried through Palermo to prison, Signor Zocchet, the father of the victims, at the head of a fierce multitude repeatedly charged to the front in an attempt to lynch the culprits.

THIRTY-SEVEN HATS WITHIN ONE YEAR

Extravagance of a Woman Her Husband's Plea for Divorce.

FORGONE IN DRESSES

PARIS. "Responsibility of humor" was the principal ground for divorce proceedings in a case which came up today in a judge's private room.

The husband's chief grievance seemed to be that his wife was inordinately extravagant in the matter of dress. The lady had ordered thirty-seven new hats in a single year, at an average of \$20 per hat, and in the same year she ran up dressmakers' bills to the extent of \$240 for twenty-five dresses.

The wife argued that there was nothing very extraordinary in this expenditure considering that her husband was in a good way of business, and she herself had brought to him at the time of her marriage a dowry of \$50,000. The husband replied that in the six years of married life his wife had spent almost the equivalent of her dowry in dress.

Finally an arrangement was come to whereby the wife promised not to exceed an expenditure of \$100 a year on toilette, and the parties went away reconciled.

THIS IS SAID TO HELP MANY.

Get from any prescription pharmacist the following:
Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home when asked to test that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

A meeting of the executive committee of the National Live Stock Association was held on Thursday, November 7, at the office of the Live Stock Commissioner, Ottawa, for the calling of the next convention of that body. The meeting was attended by the President, Hon. John Dryden, Toronto; Vice-President Mr. Robert Ness, Howick; Messrs. G. A. Giguault, Quebec; Arthur Johnston, Greenwood, Ont., and J. G. Rutherford, liver stock commissioner. Owing to illness the secretary, Mr. Westervelt, was unable to be present. The Hon. Sydney Fisher attended the meeting during the early part of the day.

Arrangements were made for the holding of the next convention at Ottawa, on February 5, 6 and 7 next. These dates were selected so as to permit the breeders from Western Canada and also from the Maritime Provinces to attend the meeting of the cattle, sheep and swine associations, most of which will be held at the end of January and during the first few days in February, as also the Horse Show and meetings of the Horse Breeders' Association which are arranged for the week following.

FACED WITH SERIOUS CHARGE

Phileas Arsenault Sent up for Trial by Justice Maltby.

Mr. Phileas Arsenault, arrested on the 20th by I. C. R. detectives, was arraigned before Justice Maltby here Wednesday, charged with abstracting a cheque for \$47.97 and some cash from an I. C. R. cash bag at Chatham Jct., on October 30th. In the police court here, detective Williams saw a heavy gold ring on Arsenault's finger, and it was found that the ring had on its inside the initials "A. D. to E. T." It appears that this ring belonged to Mr. Turville of Sandy Bay, Gloucester Co., and was taken from his trunk at St. Moise some time ago. Another charge will be brought against Arsenault on this ground. On the first charge he was sent up for trial.

TEMPERANCE SUNDAY.

Pointed Remarks on the Scott Act Question By Some of The Pastors.

Sunday, Nov. 24th, being Temperance Sunday, Rev. H. A. Brown, in the Baptist church, devoted his attention to the subject of temperance. He spoke of the evidences of liquor drinking in Newcastle, and declared that the churches could if they would, put an end to such things. There was need of co-operative action among the Christian people. The churches had been too tolerant of the drinking of the poor.

In his sermon in the Methodist church the same night Rev. Mr. Rice said, in referring to the recent decision of the Supreme Court re liquor appeals:—"Now is the time for action. Let there be no more third offences. Make them first. Put the liquor dealers of the town in the place where they rightly belong. They are criminals. There is more temperance sentiment in Newcastle than we are aware of. But it is a giant asleep. A good man will be sensitive to the evil in the community in which he lives. If ignorant and vicious men do ill, it is worse for educated and honest men to do nothing."

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it causes a ringing sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

VALUABLE MEDICAL PRESCRIPTION

Recommended by a Well-known Toronto Doctor, Whose Love for Humanity is Greater than His Prejudice Against Proprietary Medicines.

The following very valuable prescription, by an eminent and successful physician, will be appreciated by many who are suffering from la grippe, cold, cough, pneumonia, or any throat, lung or stomach trouble, or run-down system, as it is a certain cure, and will save many a doctor's bill. It is almost a certain preventive as well:—
"When you feel that you are taking cold or have chilly feeling or aching in any part of the body or head, or feel weak, tired, dizzy, unfit for work, pain in the head or back of the neck, do not neglect these dangerous symptoms, but send immediately to your druggist and get a bottle of Peppine (pronounced Si-kan), and prepare as follows:—
"Peppine, 2 teaspoonfuls.
"Sherry, whisky or water, 2 teaspoonfuls."
"Choice of the latter can be made according to the judgment and preference of the patient."
"Mix thoroughly and take regularly before each meal and at bedtime."
"This prescription has been used in thousands of cases and has been so universally successful that a number of leading physicians regularly prescribe Peppine in their practice for any of the above troubles, or any run-down, wasting or constitutional difficulty. It is the most reliable and valuable home remedy. It tones up the entire system, giving a feeling of refreshment and vigor, adding many years to the life of those who use it."
"Years ago I was almost a physical wreck and was suffering with lung troubles. Friends and medical men thought I would never get better. I tried to get well myself. Losing faith in my physician, I bought another one who recommended Peppine. I tried it and the effect it had, I seemed to get a new lease on life. I am able to attend to my business again. There are no symptoms of consumption about me now."
—St. John, N.B.

"I had been suffering from La Grippe. My lungs were weak and I had a cough, but Peppine cured me."
—MRS. H. BEAN, Cupasid, Ont.

SYNOPSIS OF CANADIAN NORTH-WEST.

Homestead Regulations.

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situated. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

- (1). At least six months' residence upon and cultivation of the land in each year for three years.
- (2). A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.
- (3). If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or) mother.
- (4). The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.
- (5). A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Stanfield's Underwear

(Chapter 4)

Spinning the Yarn

The Stanfield mills are monuments to the value of good machinery. The wonderful spinning machines do an incredible amount of work, and do it better than even the best spinning wheels can do.

As the Maritime farmers send their best wool to the Stanfield mills, it is washed—carefully sorted—and shrunk. It then goes to the combing machines, which comb out all short lengths, weak strands, and leave only the toughest, springiest wool.

This goes to the Spinning Machines, where 18 machines do the work of 7546 women with spinning wheels.

It is by using such improvements that Stanfield's Unshrinkable Underwear can be so good and yet cost so little.

The pure Nova Scotia wool—the best in the world for Underwear—insures warmth, comfort and wear. The Stanfield process of taking the shrink out of the wool, before the garments are woven, makes absolutely unshrinkable underwear.

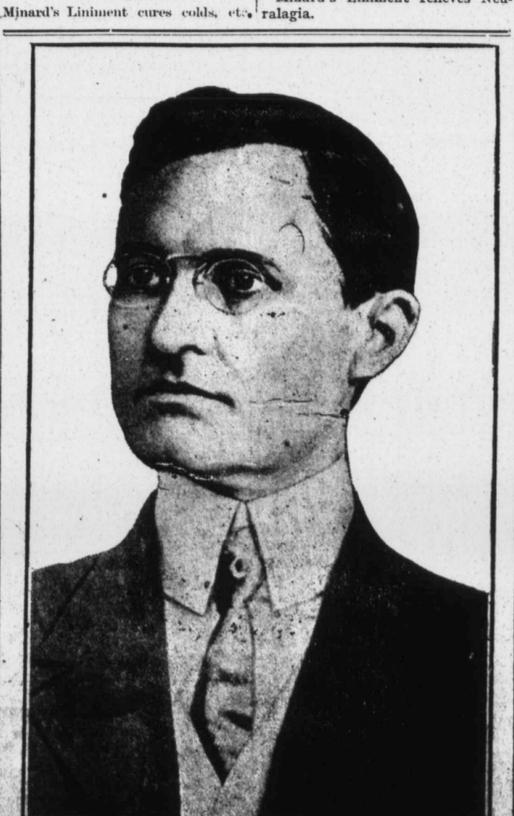

The Stanfield way of combing, knitting, cutting and sewing (which will be described later) insures the completed garments being satisfactory in every way.

Stanfield's Underwear is made right here in Canada. There is no duty to pay on it. It is made by Canadians, who know what Canadians need in the way of protection for Canadian winters.

It is made in all sizes for men and women—from 22 to 70 inches.

RED label means light weight—BLUE label means medium weight—BLACK label means heavy weight. Your dealer has all sizes and weights, or can easily get them for you.

OCCASIONALLY TRUTHFUL.

Occasionally the Moncton Times speaks the truth. It says "it was the conservative government that gave life to the Canadian Pacific." Yes, and who was it gave to the Canadian Pacific Railway Company 25,000,000 acres of land for nothing? The Conservatives. Who was it gave the Canadian Pacific Railway Company \$25,000,000 of cash as a bonus for nothing? The Conservatives. Who was it gave the Canadian Pacific Railway Company all the road already built by the Dominion at a cost of many millions of the hard earned money of the people for nothing? The Conservatives. Who was it agreed to complete that portion of the road already under contract and give it to the Canadian Pacific Railway Company for nothing? The Conservatives. Who was it agreed that no other road should be built parallel to the Canadian Pacific Railway Company for years, thus ensuring to the Conservatives who controlled it a monopoly at the expense of the Northwest settler? The Conservatives. Who was it inserted in the Canadian Pacific charter a clause exempting the company from the payment of taxes for all time to come, at the expense of the settlers in the Northwest? The Conservatives. Who is it now finding fault with the Liberal Government because the Canadian Pacific Railway Company is exempt from the payment of taxes? The Conservative press, in its crass ignorance of Canadian history, or its vicious attempt to place on the shoulders of the Lib. Government the results of its own astinine policy. The time has passed when the people will believe one side of a story until the other has been told. There has been such flagrant misrepresentation in the Tory press, of which the foregoing is a fair sample, that the injury resulting is greatly minimized. When one reflects that the bottom dropped out of the scandals which were brought up in the House, one by one, and that the Conservative press pinned its faith to them jointly and severally, it is not remarkable that the recent Liberal endorsements are not even alluded to by the opponents of the government.
